Is it the constant practice of the *aquatic* to forsake the neighbourhood of the water colder months?—*White, Natural History of Selbourne*, let. 2d.

Aquatile. adj. [Lat. *aquaticus*.] Inhabiting

water. *Obsolete*.

We behold many millions of the *aquatile* or water

frog in ditches.—*Sir T. Browne, Vulgar Errors*

Aqua-vitæ. [Lat. = water of life.] Strong

potable spirits; in Ireland, whisky (a word

of the same meaning); in England, more

especially brandy.

I will rather trust a Fleming with my butter,

an Irishman with my *aqua-vitæ* bottle, or a thief to

walk with my snubbing gelding, than a my wife with

herself. *Shakespeare, Merry Wives of Windsor*, ii. 2.

Aqueduct. s. [Lat. *aqua-ductus*.] Structure

for leading water from one place to another.

Among the remains of old Rome, the grandeur of

the commonwealth shews itself chiefly in temples,

highways, *aqueducts*, walls, and bridges of the city.

Addison.

Neither the rills of water are convey'd

In curious *aqueducts*, by nature laid

To carry all the honour. *Sir R. Blackmore*.

Aquosity. s. Wateriness. *Obsolete*.

The *aquosity*,

Terrily and sulphureally

Shall run together again.

B. Jonson.

Aqueous. adj. Watery.

The vehement fire requisite to its fusion, forced away all the *aqueous* and fugitive moisture.—*Ray, Wisdom of God manifested in the Works of the Creation*.

The alimentary juice taken into the lacteals, if I

may so say, of animals or vegetation, consists of oil.

aquous, and saline particles. — *Bishop Berkeley, Siris*, § 38.

Áquiline, *adj.* [Lat. *aquilinus*, from *aquila* = eagle.] Resembling an eagle; hooked (applied to the nose).

Those ends were answer'd once; when mortals liv'd
Of stronger wing, of *aquiline* ascent
In theory sublime. *Young, Night Thoughts*, ix.
His nose was *aquiline*, his eyes were blue,
Ruddy his lips, and fresh and fair his hue.

Dryden, Palamon and Arcite.
Gryps signifies some kind of eagle or vulture;
from whence the epithet 'grypsus' for an hooked or
aquiline nose. — *Sir T. Browne.*

Áquilon, *s.* [Fr.; from Lat. *aquilo*, -onis.]
North wind.

Blow, villain, till thy spher'd bias check
Outwell the colick of puff'd *Aquilon*.
Shakespeare, Troilus and Cressida, iv. 3.

Aquósity, *s.* [Fr. *aqueosité*.] Wateriness.
Obsolete.

Tasting holdeth with *aqueosity* (*aquosity*)
and humidity; for without humidity, a man cannot
taste my thing. — *Tim's Store-house*. (Ord MS.)

Árabesque, *adj.* After the Arab fashion;
(chiefly applied to architectural ornamentation).

Having read that the Moors built one part of this
palace, I concluded I was admiring something as
old as the Mahometan kings of Seville; but upon
closer examination was not a little surprised to find
towers, castles, and other animal castles of Castle
and Lion, interwoven with the *arabesque* foliage. —
Skeinburne, Travels through Spain, let. 31.

Árabesque, *s.* Arabic language. *Rare.*
The Arabic, or *Arabesque*, as it is called, is still
the current language. — *Guthrie, Geography, Egypt*.

Árabism, *s.* Arabic idiom.

This part of Arabic being most applicable to his
dwelling among the sons of the East, and best
corresponding with these frequent *Arabisms*, dis-
cernible both in the language and discourses of Job;
and his friends. *Care, Apparatus*, xvii. (Ord
MS.)

Árable, *adj.* [Fr. *arable*; Lat. *arabilis*.]
Fit for the plough; fit for tillage; pro-
ductive of corn.

His eyes he open'd, and beheld a field,
Part arable, and tith; whereon were sheaves
New reapt; the other part sheep-walks and folds.
Milton, Paradise Lost, xi. 436.

'Tis good for *arable*, a globe that asks
Tough toms of oxen, and laborious tasks.

Dryden.

Having but very little *arable* land, they are forced
to fetch all their corn from foreign countries. — *Ad-
dison.*

Araise, *v. a.* Raise. *Obsolete.*

I have seen a medicine,
That's able to brent the life into a stone,
Quicken a rock, and make you dance canny
With sprightly fire and motion; whose simple touch
Is powerful to *araise* King Peppin.

Shakespeare, All's well that ends well, ii. 1.

Áraneous, *adj.* [Lat. *aranea* = spider.] Resem-
bling a cobweb.

The curious *araneous* membrane of the eye con-
stringing and dilating it, and so varieth its focus.
Berham.

Arátion, [Lat. *aratio*.] Act, or practice, of
ploughing.

It would suffice to teach these four parts of agri-
culture: first, *aratio*, and all things belonging to
it. — *Coclyg.*

Árbalíst, *s.* [see *Arblast*.] Crossbow.

It is reported by William Brito, that the *arabalis-
t*, or *arblast*, was first shewed to the French
by our King Richard the first, who was shortly
after slain by a quarrel thereof. — *Caunden.*

The Danish little-axe, gisarme, and *arblast* had
always been the terror of the foe. — *Sir P. Pulgrave,
History of England and of Normandy*, l. 92.

Árbalístér, *s.* Crossbow-man.

When Richard was at the siege of this castle,
[Chinluz] an *arblastier* standing on the wall, and
seeing his time, charged his steel bow with a square
arrow, or quarrel, making first prayer to God that
he would direct the shot, and deliver the innocency
of the besieged from oppression. — *Speed, History of
England*, p. 491.

Árbiter, *s.* [Lat.]

1. Judge appointed by the parties, to whose
determination they voluntarily submit.

He would put himself into the king's hands, and
make him *arbitrator* of the peace. — *Bacon.*

2. One who has the power of decision or
regulation; judge.

Next him, high *arbitrator*,

Chance governs all. *Milton, Paradise Lost*, ii. 900.

His Majesty, in this great conjuncture, seems to be
generally allowed for the sole *arbitrator* of the affairs
of Christendom. — *Sir W. Temple.*

Árbitrable, *adj.*

1. Determinable.

The value of moneys or other commodities is
arbitrable according to the sovereign authority and
use of several kingdoms and countries. — *Bishop
Hall, Cases of Conscience*, dec. 1, case 1.

2. Arbitrary; depending upon the will.

The ordinary revenue of a parsonage is, in law,
called the glebe; in tythe, a set part of our goods
rendered to God; in other offerings bestowed upon
God by the people, either in such *arbitrable* pro-
portion as their own devotion moveth them, or as
the laws or customs of particular places do require
them. — *Spekman.*

Árbitrarily, *adv.* With no other rule than
the will; despotically; absolutely.

He governed *arbitrarily*, he was expelled; and
came to the deserved end of all tyrants. — *Dryden.*
Tickled has ignorantly and *arbitrarily* altered
'comperto' to 'comperiens'. — *T. Warton, Notes on
Milton's smaller Poems.*

I may here notice that, in modern philosophy, it
has been very *arbitrarily*, in fact very abusively,
perverted from both its primary and secondary
meaning among the ancients. — *Sir W. Hamilton,
Logic*, l. 197.

The whole organisation of one species has been
compared with that of another, and this with a
third, and so on, in order to ascertain in what
organ, or system of organs, the greatest number of
animals would be found to present the same condi-
tion; so that they might not be *arbitrarily* but
naturally associated together. — *Orin, Lectures on
Comparative Anatomy*, introd. lect.

Árbitrariness, *s.*

1. Despotism; tyranny.

He that by hardness of nature, and *arbitrariness*
of commands, uses his children like servants, is
what they mean by a tyrant. — *Sir W. Temple.*

2. Choice.

All things in the world are very different one
from another, and have all manner of variety, and
all the marks of will and *arbitrariness* and chance-
ableness, (and more of necessity,) in them. — *Clarke,
Demonstration of the Being and Attributes of God*,
p. 47.

Árbitrários, *adj.* *Rare.*

1. Arbitrary; depending on the will.

These are standing and irremovable truths, such
as have no precarious existence, or *arbitrariness* de-
pendance upon any will or understanding whatso-
ever. — *Norris.*

2. Despotie.

The most specious devices of *arbitrariness* su-
perstition. — *Dr. H. More, Conjecturae Cabbalisticæ*,
p. 240.

An exprobration of their misery, and a tyrannical
and *arbitrarious* insatiation over their calamitous
condition. — *Huttwald, Sarcophagi of Souls*, p. 25.

Árbitráriosly, *adv.* Arbitrarily; accord-
ing to mere will and pleasure. *Rare.*

When words are imposed *arbitrarily*, dis-
torted from their common use, the mind must be
led into misapprehension. — *Glanville, Synopsis Scientifica.*

Árbitrário, *adj.*

1. Despotie; absolute; bound by no law;
following the will without restraint: (ap-
plied to both persons and things).

In vain the Tyrian queen resigns her life,
For the chaste glory of a virtuous wife,
If flying birds may false rumours rehearse,
And blast her name with *arbitrário* verse. *Walsh.*
Their royal tyrants shall with blindness hide
Their little lacks of *arbitrário* pride,
Nor hear to see their vassals' toil. *Prior.*
The administrative incapacity of King Otto's go-
vernment disgusted the three protecting powers as
much as their *arbitrário* conduct irritated the
Greeks. — *Finkel, History of the Greek Revolution*,
b. v. ch. iv.

2. Depending on no rule; capricious.

It may be perceived, with what insecurity we
ascribe effects depending on the natural period of
time, unto *arbitrário* calculations, and such as vary
at pleasure. — *Sir T. Browne, Vulgar Errors.*

3. Holden at will or pleasure.

Those improprized livings, which have now no
settled endowment, and are therefore called not
vicarages, but perpetual or sometimes *arbitrário*
curacies. — *H. Wharton, Specimen of Burnet's Kir-
cones*, p. 67.

4. Voluntary, or left to our choice.

Indifferent things are left *arbitrário* to us. — *Bishop
Hall, Remains*, p. 277.
Th' Eternal, when he did the world create,
And other agents did necessitate;
So what he order'd they by nature do;
Thus light things mount, and heavy downward go.
Man only boasts an *arbitrário* state. *Dryden.*

Árbitrate, *v. a.* [Lat. *arbitratus*, part. from
arbitror = determine.]

1. Decide; determine.

This might have been prevented, and made whole,
With very easy arguments of love,
Which now the manage of two kingdoms must
With fearful bloody issue *arbitrate*.

Shakespeare, King John, i. 1.

He doth use much to *arbitrate* quarrels. — *B.*

Jonson, Cynthia's Revels.
Things must be compared to, and *arbitrated* by,
her [wisdom's] standard, or else they will contain
something of monstrous enormity. — *Barrow, Works*,
l. 6.

2. Judge of.

Yet where an equal poise of hope and fear
Does *arbitrate* th' event, my nature is
That I incline to hope, rather than fear.

Milton, Comus, 410.

Árbitrate, *v. n.* Give judgement.

It did *arbitrate* upon the several reports of sense,
not like a drowsy judge, only hearing, but also di-
recting their verdict. — *South.*

Árbitración, *s.* Determination of a cause
by a judge mutually agreed on by the
parties contending; decision.

It is acted with such circumstances of external
concurrence that it is out of the notice and *arbitra-
tion* of all observers. — *South, Sermons*, viii. 25.

Árbitrator, *s.*

1. Extraordinary judge between party and
party, chosen by their mutual consent.

Be a good soldier, or upright trustee;
An *arbitrator* from corruption free. *Dryden.*

2. Governor; president.

Though heaven be shat,
And heaven's high *arbitrator* sit secure
In his own strength, this place may be expos'd.
Milton, Paradise Lost, ii. 358.

3. One who has the power of prescribing to
others without limit or control.

Another Benben or Kamilius will make the
confederates masters of their own terms, and *arbitra-
tors* of a peace. — *Addison, Present State of the
Dore.*

4. Determiner; he that puts an end to any
affair.

But now the *arbitrator* of despairs,
Just death, kind umpire of man's miseries,
With sweet enlargement doth dismiss me hence.
Shakespeare, Henry VI. Part I. l. ii. 3.

The end crowns all;

And that old common *arbitrator*, time,

Will one day end it. *Id., Troilus and Cressida*, iv. 5.

Árbítrement, *s.*

1. Decision; determination.

I know the knight is incensed against you, even
to a mortal *arbitrement*; but nothing of the cir-
cumstance more. — *Shakespeare, Twelfth Night*, iii. 4.
Aid was granted, and the quarrel brought to the
arbitrement of the sword. — *Sir J. Heywood.*

2. Compromise.

Likewise persons think they may accommodate
points of religion by noble ways, and wily recom-
mendations; as if they would make an *arbitrement*
between God and man. — *Bacon.*

Árbítrez, *s.*

1. Female witness. *Latinism.*

Overhead the moon
Sits *arbitres*. *Milton, Paradise Lost*, l. 785.

2. Female judge.

I shall likewise assay those wily *arbitreses*, who
in most men leave, as was heard, the side adhering of
truth and falsehood between the sense and the soul,
with what locality they will use me in conveying
this truth to my understanding. — *Milton, Reason of
Church Government*, ii. 3.

The best of the Roman historians calls the victory
the first *arbitres* of the cause. — *Archbishop San-
craft, Modern Politics*, § 5: 1657.

Árbílast, *s.* [l. Lat. *arabalista* = crossbow.
— the final form of *arbalist* and *arabalis-
t*.] Crossbow. The thing, rather
than the word, *obsolete.*

The warder was ready with his *arblast*. — *Sir W.
Scott, The Tutanam.*

Árborator, *s.* Cultivator of trees. *Rare.*

The course and nature of the sap not being as yet
universally agreed on, leads our *arborators* into
many errors and mistakes. — *Evelyn.*

Árboreous, *adj.* [Lat. *arboræus*.]

1. Belonging to trees; constituting a tree.

A grain of mustard becomes *arboræus*. — *Sir T.
Browne.*

2. In *botany*. Appertaining to, or with the
character of, trees.

They speak properly, who make it an *arborous*

ARBORESCENT } ARBO

excrecence, or rather a superfluous brood of a viscous and superfluous hump, which the tree itself cannot assimilate.—*Sir T. Browne, Vulgar Errors.*
Arboreous: being a tree, as distinguished from frutescent or shrubby.—*London, Encyclopædia of Plants*, p. 1093.

Arboresecent. adj. Growing like a tree.

Nomius supposes the tall rosea (*arboresecent* hill-hocks) that bears the broad flower for the best.—*Eclyp.*

Arboret. s. [Lat. *arborum* = collection of trees, from *arbor* = tree.]

1. Plantation. *Rare.*

Now hid, now seen,
 Among thick woven arborels and flow'rs,
 Imborder'd on each bank.

Milton, Paradise Lost, ix. 430.

2. Small tree, or shrub. (Such at least is what I infer from the context and the use of the feminine pronoun *her*. The same sense is given in previous editions to the extract from Milton: but he can scarcely be supposed to have derived his word otherwise than from *arborum*. Spenser, on the contrary, may have had an actual or possible *arborescent* in his head.)

No *arborescent* with painted blossoms dressed,
 And smiling sweet, but there it might be found,
 To bud not fair, and her sweet smells throw all
 around.

Spenser, Faerie Queene.

Arboreal. adj. Relating to trees. *Rare.*

If the historian points happily at some of those
 mores in the royal oak, he makes good what he pro-
 mised in the entrance of the forest, that he would
 endeavour to make a constant grain of reason and
 impartiality to pass through the whole bulk of
 that *arboreal* discourse.—*Hume, Letters*, iv. 23.

Arboricultural. adj. Relating to arboricul-
 ture.

Two considerations may be drawn from the pre-
 ceding history: the first respecting the introduction
 of foreign trees and shrubs; and the second regard-
 ing *arboricultural* literature. *London, Arboretum
 et Fruticetum Britannicum*, p. 120.

Arboriculture. s. [Lat. *arbor* = tree, *cultu-
 ra* = cultivation.] Art of cultivating
 trees.

The art of *arboriculture* may be traced to the pro-
 gress of agriculture, because as population increased
 it would become necessary to clear away the natural
 woods to grow corn. After this was done I
 vainly extend, a scarcity of wood would be found, and
 then recourse would be had to artificial plantations,
 or *arboriculture*. *Beaude, Dictionary of Science,
 Literature, and Art*, p. 71.

Arboriculturist. s. One employed in arbori-
 culture.

On comparing the common elm, the father of our
 orchards, with the cultivated apple, the greater soft-
 ness of the wood of the latter will be found not less
 striking to every *arboriculturist*.—*London, Encyclopæ-
 dia of Agriculture*, p. 646.

Arborist. s. One who makes trees his study.
Rare.

The nature of the mulberry, which the *arborists*
 observe to be long in the budding his buds; but
 the cold seasons being past, he sheds them all out
 in a night.—*Hume, Lord Forest*.

Arboreous. adj. Belonging to a tree. *Rare.*
 From under shady *arboreous* roof
 Seen as they forth were come to open sight
 Of day-spring, and the sun.

Milton, Paradise Lost, v. 137.

Arbour. s. [? Lat. *arbor* = tree, — the doubt
 here suggested arises out of the possibility
 of the true origin being *herberge* = inn, or
 resting-place.] Bower; place covered with
 green branches of trees.

Whether to wind
 The woodland round this *arbour*, or direct
 The claspings ivy where to climb.

Milton, Paradise Lost, ix. 214.

For noon-day's heat are closer *arbours* made,
 And for fresh evening air the open glade. *Dryden.*

Arbate. s. Strawberry tree (*Arbutus Uedo*).
 Rough arbate slips into a limbo bough
 Arm off ingrafted; and good apples grow
 Out of a plain tree stock.

May, Translation from Virgil.

Arbatean. adj. Made of arbute.
Arbatean harrows, and the mystic van. *Eclyp.*
 'Arbatea erant et mystica vanus Jacobi.'
 (Virgil, Georg. i. 104.)

The translation is over-literal, and can
 scarcely be called English.

120

ARCH

Arch. s. [Lat. *arcus* = bow.]

1. Segment of a circle, or of any curved line.

The Arabians also rendered several of the pro-
 cesses of trigonometry much more commodious, by
 using the sine of an arc instead of the chord; an
 improvement which Albategnius appears to claim
 for himself; and by employing also the tangents of
 arcs, or, as they called them, upright shadows.—
Whewell, History of Scientific Ideas, ii. 14.

2. Arch.

Lead some vain church with old theatrik state,
 Turn *arch* of triumph to a garden gate. *Pope.*

Arcade. s. Continued arch; walk arched
 over; (improperly) small arch within a
 building.

Or call the winds through long *arcades* to roar,
 Proud to catch cold at a Venetian door. *Pope.*

A few steps of the road left remain; and, on the
 opposite side, is a small *arcade* or receptacle for holy
 water. — *T. Walton, History of the Parish of Ad-
 dington*, p. 3.

He had probably, after the fashion of his craft,
 plied for customers under the *arcades* of the Royal
 Exchange, had subtil merchants with profound
 bows, and had heeded to be allowed the honour of
 keeping their rash.—*Maccubly, History of England*,
 ch. xvi.

Arcadian. adj. Relating to Arcadia; (much
 used in poetry for pastoral or rural).

Charm'd with Arcadian pipe,
 Whose sound the rural life in all its joy

And cleanness, such as Arcadian song
 Transmits from ancient uncorrupted times.

Thomson, Autumn, 210.

Árcano. adj. Secret; mysterious.

It was a doctrine of those ancient sages, that soul
 was the place of forms, as may be seen in the twelfth
 book of the *arcane* part of divine wisdom, according
 to the Egyptians. — *Bishop Beckley, Series*, 284.

Arcanum. s. pl. *arcana*. [Lat.] Secret.

By the assistance of this *arcanum*, I, though
 otherwise 'impar,' have ventured upon so daring
 an attempt. — *Swift, Tale of a Tub*, § 5.

In some mysterious jargons, certain *arcana*
 are joined for levity sake. — *Id.*, § 4.

Scamillus appears from the very commencement
 of his reign as a wise legislator, versed in all the
arcana of political science. — *Sir G. C. Lewis, En-
 quiry into the Credibility of the early Roman His-
 tory*, i. 132.

Arch. adj. [from A.S. *earc* = bad.] See
 Archness.

Daggett thanked for my visit to his
 winter, and, in a
 quiet with so *arch* a leer, that I promised the duke
 I would ask all my acquaintance to be at his play. —
Tait

Arch. n. a. Build arches; cover with an arch.

Gates of monarchs
 Are *arch'd* so high that visits may go through.

Shakespeare, Cymbeline, iii. 3.

The ground river which makes her bed at her feet,
 is *arch'd* over with such a curious pile of stones
 that, considering the rapid course of the deep stream
 that roars under it, it may well have place among
 the wonders of the world. — *Hume*.

The herries of the mountain-ash,
 Arching the torrent's foam and flash,
 Waved gladly into sight.

F. Taylor

Philip Van Aerdelde, The Lay of Elcin

Arch. s. [from Lat. *arcus* = bow.]

1. Part of a circle.

The mind perceives that an *arch* of a circle is less
 than the whole circle, as clearly as it does the idea
 of a circle. *Locke.*

2. In Architecture. Curved structure open
 below and closed above, sustained by the
 pressure of its component parts, used for
 bridges and other works.

Ne'er through an *arch* so hurried the blown tide,
 As the recomforted through the gates.

Shakespeare, Coriolanus, v. 4.

The royal squadron marches,
 Ereft triumphal *arches*.

Dryden, Albion.

3. Sky, or vault of heaven.

Half nature given them eyes
 To see this vaulted *arch*, and the red cap
 Of sea and land? *Shakespeare, Cymbeline*, i. 7.

Arch. s. Chief. *Obsolete.*

The noble duke, my master,
 My worthy *arch* and patron, comes to-night.

Shakespeare, King Lear, ii. 1.

Arch. adj. [from Gr. *ἀρχος* = chief.] Chief;

of the first class.
 The tyrannous and bloody act is done;
 The most *arch* deed of piteous massacre
 That ever yet this land was guilty of.

Shakespeare, Richard III., iv. 3.

ARCH

Archángel. s. One of the highest order of
 angels.

This form had not yet lost
 All her original brightness, nor appear'd
 Less than *archangel* ruin'd, and the excess
 Of glory obscur'd. *Milton, Paradise Lost*, i. 501.

The sure th' *archangel's* trump I hear,
 Nature's great passing bell, the only call
 Of God's that will be heard by all.

Norris.

Archangeló. adj. Belonging to archangels.

He could, and th' *archangelic* pow'r prepar'd
 For swift descent; with him the cohort bright
 Of watchful cherubim.

Milton, Paradise Lost, xi. 120.

Archapóstle. s. Chief apostle.

That the highest titles would have been given to
 St. Peter, such as *arch-apostle*, supreme of the
 apostles, or the like. — *Trapp, Popery truly stated*,
 pl. 1.

Archárchitect. s. Supreme architect.

I'll never believe that the *arch-architect*
 With all these fires the heavenly arches deckt
 Only for show. *Sylvestre, De Barlas.*

Archbeácon. s. Chief place of prospect, or
 of signal.

You shall win the top of the Cornish *archbeacon*
 Hainbarrow, which may for prospect compare with
 Ram in Palestine. *Carew, Survey of Cornwall.*

Archbishop. s. Bishop of the first class
 who superintends the conduct of other
 bishops, his suffragans.

Cranmer is rewarded with welcome,
 Installed lord *archbishop* of Canterbury.

Shakespeare, Henry VIII., iii. 2.

The *archbishop* was the known architect of this
 new fabric. — *Lord Clarendon.*

Archbishopric. s. State, or jurisdiction, of
 an archbishop.

And merely to revenge him on the emperor,
 For not bestowing on him, at his asking,
 The *archbishopric* of Toledo, this is purposed.

Shakespeare, Henry VIII., ii. 1.

This excellent man, from the time of his pro-
 motion to the *archbishopric*, underwent the envy
 and malice of men who never in nothing else.—
Lord Clarendon.

Archbócher. s. Chief mender. *Ironical.*
 That, once a body, now but air,
 Archbócher of a psalm or prayer.

Bishop Corbet, To the Ghost of Robert Wintour.

Archbuilder. s. Chief builder.

These excellent *archbuilders* of the spiritual
 temple of the church, I mean the Prophets and
 Apostles. — *Harnet, Translation of Brax's Sermons*,
 p. 9.

Archchancellor. s. Highest officer in the
 (German) Chancery.

Count Arnsperg held the title of President of the
 Regency until King Otto's minority, when it was
 changed to that of *archchancellor*. — *Kühnig, His-
 tory of the Greek Revolution*, b. v. ch. iv.

Archconspirator. s. Principal conspirator.

Scervin, the grand adversary and *archconspirator*
 against Chyeston. — *Mannedell, Journey*, p. 13.

Archeritic. s. Chief critic.

About two months past, he was promoted, for his
 singular great merits, to a more shining dignity,
 even to be the *archeritic* of the sacred muses. —
Translation of Horace, p. 187: 1020.

Archdeácon. s. Bishop's vicar or vice-
 gerent.

Last negligence might foist in abuses, an *arch-
 deacon* was appointed to take account of their doings.
Cæsar.

Archdeáconry. s.

1. Office or jurisdiction of an archdeacon.

It is with subjection to the metropolitan of Can-
 tisbury, and hath once only *archdeaconry*. — *Carew,
 Survey of Cornwall.*

Doctor Dennis Granville, who had quitted the
 richest library, the richest *archdeaconry*, and one
 of the richest livings in England, rather than take
 the oath, gave mortal offence by asking leave to
 read prayers to the exiles of his own communion. —
Maccubly, History of England, ch. 22.

2. Place of residence of an archdeacon.

The Roman antiquities in this city [Barcelona]
 are, 1. A mosaic pavement. 2. Many vaults and
 cellars of Roman construction. 3. The *archdeaconry*,
 over the palace of the prætor or Roman governor. —
Seibersdorf, Travels through Spain, lre. 1.

Archdiácono. s. Principal theologian.

Georgius Wicelius, one of their own *archdiácones*,
 exclaims against it, and all such rash monas-
 tical vows. *Barlow, Anatomy of Melancholy*, p. 57.

Archdiácal. adj. Belonging to an archdeacon.

It would be difficult to enumerate all the different
 quarterings and armorial bearings of the *archdiácal*
 family. — *Guthrie.*

Archduchess. *s.* Title given to the sister or daughter of an archduke of Austria, or to the wife of the archduke of Tuscany.

My lord of Bristol, coming from Germany to Brussels, notwithstanding that at his arrival (either the news was fresh that he had relieved Frankland as he passed; yet he was not a whit the less welcome, but valued the more by the archduchess herself and Spinola, with all the rest.—*Howell, Letters*, i. 3.

Archduke. *s.* Title given to certain sovereign princes, as of Austria and Tuscany.

Philip archduke of Austria, during his voyage from the Netherlands towards Spain, was wonderfully driven into Weymouth.—*Carew, Survey of Cornwall*.

Archdukedom. *s.* Territory of an archduke.

Austria is but an archdukedom.—*Guthrie*.

Arch-enemy. *s.* Chief enemy.

To whom the arch-enemy,
And thence in heaven call'd Satan,
Milton, Paradise Lost, i. 81.
This arch-enemy and deceiver was busy in sowing
tars, which too soon became fruitful.
Hallwell, Metamorphoses, p. 42.

Yonder's the head of that arch-enemy,
That sought to be encompass'd with your crown.
Shakespeare, Henry VI. Part III., ii. 2.

Archfelon. *s.* Chief, or type, of felons.

Which when the arch-felon saw,
Due entrance he disclaim'd.
Milton, Paradise Lost, iv. 170.

Archfiend. *s.* Chief of fiends.

Thus answer'd the arch-fiend, now undisguis'd.
Milton, Paradise Regain'd, i. 337.

Archflamen. *s.* Chief flamen.

In lesser figures are represented the Satrapæ or Persian nobility, who with their arms stand on one side of those majestic figures; and on the other, the magi, or arch-flamens, some of which hold lamps, others censers or perfuming pots, in their hands.—*Sir T. Herbert, Travels*, p. 143.

The Roman Gentiles had their altars and sacrifices, their archflamens and vestal nuns.—*Howell, Letters*, ii. 11.

Hail to thy returning festival, old Bishop Valentine! Great is thy name in the rubric, that venerable arch-flamen of Hymen! Immortal God between who and what manner of person art thou?—*C. Lamb, Essays of Elia, Valentine's Day*.

Archflamenship. *s.* Office of archflamen.

Melissanus, who now sways the great archflamenship, is mightily devoted to her.—*Howell, Fœtal Forest*, 204. (Oril MS.)

Archflatterer. *s.* Principal, or typical, flatterer.

The arch-flatterer, with whom all the petty flatterers have intelligence, is a man's self.—*Bacon, Essays, Of Love*.

If he be a cunning flatterer, he will follow the arch-flatterer, which is a man's self.—*Bacon, Essays, Of Princes*.

Archfounder. *s.* Original founder.

Him whom they feign to be the archfounder of prebats, St. Peter.—*Milton, Reason of Church Government*, i. 11.

Archgovernor. *s.* Chief governor.

The arch-governor of Athens took me by the hand, and placed me; and there, I say, I saw Socrates abused most grossly.—*Brewer, Lingua*, ii. 3.

Archheresy. *s.* Greatest heresy.

He accounts it blasphemy to speak against any thing in present vogue, how vain or ridiculous soever, and arch-heresy to approve of my thing, though ever so good and wise, that is laid by.—*Bulwer, Characters*.

Archheretic. *s.* Chief heretic.

This spirit appeared early in opposition to the apostolical doctrine; and Christ, who is both God and man, was soon denied to be man as God. Simon Magus, the arch-heretic, first began; and many after followed him.—*Bishop Pearson, Exposition of the Creed*, art. iii.

Philip of France, on peril of a curse,
Let go the hand of that arch-heretic.
Shakespeare, King John, iii. 1.

Archhypocrite. *s.* Preeminent, or typical, hypocrite.

Alexius, the Grecian emperor, that arch-hypocrite and grand enemy of this war.—*Fuller, History of the Holy War*, p. 61.

Archmagician. *s.* Chief magician.

Lying wonders wrought by that archmagician, Apollonius.—*Spencer, Discourse concerning Prodiges*, p. 230.

Archmock. *s.* [like many of these terms, two words rather than a compound.] Preeminent mockery.

O 'tis the spite of hell, the fiend's arch-mock,
Vol. I.

To lip a wanton in a secure couch,
And to suppose her chaste.
Shakespeare, Othello, iv. 1.

Archpâstor. *s.* Chief shepherd.

The Scripture speaketh of one arch-pâstor and great shepherd of the sheep, exclusively to any other.—*Barrow, On the Pope's Supremacy*.

Archphilosopher. *s.* Chief philosopher.

It is no improbable opinion, therefore, which the arch-philosopher was of, that the chiefest person in every household was always as it were a king.—*Hooker*.

Archpillar. *s.* Main pillar.

That which is the true archpillar and foundation of human society, namely, the purity and exercise of true religion.—*Hartman, Translation of Iku's Sermons*, p. 294.

Archpoet. *s.* Principal poet.

He was then saluted by common consent with the title of 'archpoet,' or arch-poet, in the style of those days; in ours, poet laureat.—*Pope, Of the Poet Laureat*.

Archpolitician. *s.* Transcendent politician.

He was indeed an arch-politician.—*Bacon*.

Archpontiff. *s.* Chief pontiff.

As to the kings of the world, all of whom (except one), this archpontiff of the rights of man, with all the plenitude and with more than the boldness of the papal deposing power in its meridian fervor of the twelfth century, puts into one sweeping clause of ban and anathema, and proclaims usurpers by circles of longitude and latitude over the whole globe, it behoves them to consider how they admit into their territories these apostolical missionaries, who are to tell their subjects they are not lawful kings.—*Burke, Reflections on the French Revolution*.

Archprélate. *s.* Chief prelate.

May we not wonder, that a man of St. Basil's authority and quality, an arch-prélate in the house of God, should have his name far and wide called in question?—*Hooker*.

Archpresbyter. *s.* Chief presbyter.

As simple deacons are in subjection to presbyters, according to the canon law; so are also presbyters and arch-presbyters in subjection to these arch-deacons.—*Ayliffe, Pœregrin Juris Canonici*.

Archpresbytery. *s.* Supreme, or sovereign, presbytery.

'The government of the kirk we despised' not, but their imposing of that government upon us; not presbytery, but arch-presbytery, classical, provincial, and diocesan presbytery, claiming to itself a lordly power and superintendency, both over flocks and pastors, over persons and congregations no way their own.—*Milton, Edwenaclasta*, § xii.

Archpriest. *s.* Chief priest.

The word deacons was extended to an ecclesiastical dignity, which included the arch-priests.—*Ayliffe, Pœregrin Juris Canonici*.

This in the seventh century in England the ecclesiastical machinery consisted of episcopal churches, served by a body of clerks or monks, sometimes united under the same rule, and a smaller number of whom had the necessary orders of priests, deacons, and the like; probably also churches served by a number of presbyters, under the guidance of an archpresbyter or archpriest, bearing some resemblance to our later collegiate foundations; and numerous parish-churches established on the sites of the ancient fives in the marks, or erected by the liberality of kings, bishops, and other landowners on their own manorial estates.—*Kemble, The Saxons in England*, ii. ch. ix.

Archprimate. *s.* Primate over other primates.

One arch-primate or protestant pope.—*Milton, Reason of Church Government*, i. 6.

Archprophet. *s.* Chief prophet.

The arch-prophet, or St. John Baptist.—*T. Watson, History of English Poetry*, iii. 60.

Archprotestant. *s.* Principal, or distinguished, protestant.

These sayings of these arch-protestants and master ministers of Germany.—*Shapton, Fortress of the Faith*, p. 9.

Archpublican. *s.* Preeminent, or typical, publican.

Restitution is a duty no less necessary than rarely practised among Christians. The arch-publican Zachæus knew that with this he must begin his conversion.—*Bishop Hall, Cases of Conscience*, i. 7.

Archrebel. *s.* Principal rebel.

Dillon, Muskerry, and other arch-rebels.—*Milton, Articles of Peace between the Earl of Ormond and the Irish*.

Archtraitor. *s.* Typical, or transcendent, traitor.

It must needs be then a torment insufferable, unspeakable, and incomprehensible, which He hath set himself to prepare: But for whom? for the devil and his angels, that is, for the archtraitor, the chief

R

rebel (that stands out against Him.—*Hakewell*

Apology, &c. In this poem [Chaucer's Tale of the Nun's Priest] the fox is compared to the three archtraitors, John Iscariot, Virgil's Sinon, and Gaius who betrayed the Christian army under Charlemagne to the Saracens.—*T. Watson, History of English Poetry*, i. 420.

Archtreasurer. *s.* Highest treasurer.

The Rector of Hanover claims the post of arch-treasurer.—*Guthrie*.

Archtyrant. *n. s.* Principal tyrant.

As every wicked man is a tyrant, according to the philosopher's position; and every tyrant is a devil among men; so the devil is the arch-tyrant of the creatures; he makes all his subjects errand vassals, yea, chained slaves.—*Bishop Hall, Remains*, p. 25.

Archvillain. *s.* Typical villain.

In all his dressings, characts, titles, foras,
Be an arch-villain.
Shakespeare, Measure for Measure, v. 1.
He that's now I'll oppose you,
I know for an arch-villain.
Massinger, Parliament of Love.

Archvillainy. *s.* Typical villainy.

All their arch-villainies, and all their doubles,
Which are more than a hundred have ever thought on.
Beaumont and Fletcher, Woman's Prize, iii. 4.

Archwife. *s.* Wife of vigorous character; virago.

You archwives, standeth ay at defiance
Sin ye be strong, as is a great anathema,
No anathema that, that men do you offence,
And scolden wives, fable as in bataille,
Beth ever as is a tierce you in Inde;
Ay clappeth as a will, I you counsel.
Chaucer, Clerk's Tale, ad fin.

Archvie. *adj.* Of the old fashion; suggestive of antiquity; antiquated.

The head-dress of the female at Bernay is peculiar, and so very archaic, that our chambermaid at the inn appeared to deserve a sketch, full as much as any monumental edifice.—*Lieut. Turner, Tour in Normandy*, ii. 124.

Theocritus gave a new character to his own delicate sentiments of love, by expressing them in the archaic simplicity of dialect.—*Knight, Analytical Inquiry into the Principles of Taste*, 100. (Oril MS.)

Ambrosia contained moreover its memorials of his presence; namely, a temple of Venus, and a heroism, with a small archaic wooden image of Amos.—*Sir G. C. Lewis, On the Credibility of early Roman History*, i. 312.

Archaism. *s.* Archaic phrase or mode of expression.

Either coming to or often very near to, [the authorized translation,] saying where by the archaisme, or circumlocution, occasionally to recede.—*W. Slater, Preface to the Psalms of David in four Languages*, sign. A 5; 1613.

I shall never use archaisms like Milton.—*Watts*.

Arched. *part. adj.* In the form of an arch.
see how thine eye would emulate the diamond:
thou hast the right arch'd bent of the brow.—*Shakespeare, Merry Wives of Windsor*, iii. 3.

Let the arch'd knife
Well sharpen'd now assail the spreading shades
Of vegetables.
Philips.

Archeologist. *s.* One engaged in Archeology.

The archeologist, not less than the historian, has reason to lament that no remains from the past survive to teach us the local distribution of an Anglo-Saxon town.—*Kemble, The Saxons in England*, ii. ch. vii.

Archeology. *s.* [Fr. *archéologie*; from *ἀρχαῖος* = ancient, *λόγος* = discourse.] Scientific study of antiquities.

My addition to the archeology of St. Josephus, who is yet a very good director in this matter, hath stop't my more curious pursuit of the best proof of ancient measures.—*Poocke, Commentary on Hosea*, sign. a; 1855.

He [Plot.] appears, from a critical philosophy, to have carried his uncommon credulity, and a peculiar propensity to the marvellous, into our British, Roman, and Saxon archeology.—*T. Watson, History of the Parish of Kiddingington*, pref. p. vi.

Archer. *s.* One who shoots with a bow; one who carries a bow in battle.

Fight, gentlemen of England! fight, bold yeomen!
Draw, archers, draw your arrows to the head.
Shakespeare, Richard III., v. 3.

This Cupid is no longer an archer, his glory shall be ours, for we are the only love-gods.—*Shakespeare, Much Ado about Nothing*, ii. 1.

Thou frequent bring'st the smitten deer;
For seldom, archers say, thy arrows err.
Prior.

A nation of hardy archers, and sparrow-men, with small risk to its liberties, connive at some illegal acts on the part of a prince whose general administration was good, and whose throne was not

121

defended by a single company of regular soldiers.—*Macaulay, History of England*, ch. i.

Archeress. *s.* Female who shoots with a bow.

The swiftest and the keenest shaft that is
In all my quiver
I do select; to thee I recommend it,
O archeress eternal!

Panshave, Translation of Guarini's Pastor Fido, p. 143.

Archery. *s.* Use of the bow; art of an archer.

Among the English artillery, *archery* challengeth
the preeminence, as peculiar to our nation.—*Crauden*.

Flower of this purple dye,
Hit with Cupid's archery,
Sink in apple of his eye!

Shakespeare, Midsummer Night's Dream, iii. 2.

Blest sorcerers shall leave their quire,
And turn loose soldiers upon thee,
To exercise their archery.

Crashaw, Steps to the Temple.

O'er, Well shod, Van Ryk,
But yet not quite the bull's eye.

Van Ruck, By the muns,
He's shod the bull he had his horns of,
What wilt Dame Oda say to thee? Ha!

Van Ryk, Come, come!
If that's our archery, Frans Fleisch for thee.

H. Taylor, Philip Van Artevelde, Part I. ii. 4.

Archétypal. *adj.* Of the nature of an archetype; being a puttery from which copies are made.

Through contemplation's optics I have seen
Him who is fairer than the sons of men;
The source of good, the light archétypal. *Norris*.

Nothing in the world can be more beautiful and
lovely than that which hath the most exact sym-
metry and conformity with the archétypal copy of
divine loveliness and beauty.—*Hallivell, Excellence
of Moral Virtue*, p. 112.

Archetype. *s.* [Fr. *archétype*; Lat. *archetypum*.] Original of which any resemblance is made; type; prototypic idea.

Our souls, though they might have perceived
images themselves by shape sense; yet it seems
inevitable, how they should apprehend their
archetype. *Ghazali, Scrupus Scientie*.

As a man, a tree, are the outward objects of our
perception, and the outward archetypes or patters
of our ideas; so our sensations of hunger, cold, are
also inward archetypes or patters of our ideas.
But the notions or pictures of these things, as they
are in the mind, are the ideas.—*Watts, Logic*.

Then it was that the House of Commons, the
archetype of all the representative assemblies which
now meet, either in the old or in the new world,
held its first sittings.—*Macaulay, History of Eng-
land*, ch. i.

Archiatér. *s.* Chief physician. *Rare*.

I wanted not the advice and help of the *archiatér*,
the king's doctor; who, albeit he was doubtless a
very skilful physician, yet did he little good, so ma-
lignant was my distemper.—*Sir T. Herbert, Travels*,
p. 233.

Archical. *adj.* [Gr. *ἀρχικός*.] Chief; primary. *Rare*.

When the British life leads us astray from the
government of reason, and we cast away that *ἀρχικός*
αἴτιον, that principality and archical rule, where-
with God hath invested us, over all our corporeal
passions and affections; then the order of the crea-
tion is inverted, and the beast governs the man.—
Hallivell, Excellence of Moral Virtue, p. 48.

Archidiaconal. *adj.* Appertaining to an archdeacon.

I can now hold my place canonically, which I held
before but dispensatively, and whilst I can exercise
an archidiaconal authority unimpeded thereto.—*Sir
H. Wotton, Reliquie Wottoniana*, p. 328.

Archiepiscopacy. *s.* State and dignity of an archbishop.

I did not dream, at that time, of extirpation and
abolition of any more than his [Laud's] archiepiscopacy.—*Sir E. Dering, Speeches*, p. 5.

Archiepiscopal. *adj.* Appertaining to an archbishop.

Matthew Parker, thus irrefrably settled in the
archiepiscopal see, with three other bishops, in the
same month of December, solemnly consecrated Ed-
mund Grindall and Edwin Sands.—*Bishop Hall,
Honours of the married Clergy*, i. 17.

Archiepiscopate. *s.* Archbishopric.

Down to the time of the Danish wars, there were
only seventeen in all; and only four in the northern
archiepiscopate.—*C. H. Pearson, The early and
middle Ages of England*, ch. vii.

Archil. *s.* [?] Iſchen used in dyeing, chiefly
the *Rocella tinctoria*.

The Dutch have long possessed the preparation of
archil as a secret; but at present it is extensively

manufactured in Glasgow and sold under the name
of cudbear.—*Encyclopædia Metropolitana*.

Archimandrite. *s.* Superior of a Greek monastery.

At the head of a procession of *archimandrites* and
monks he passed slowly through the streets, and
sat down, as it were, to bealage the palace.—*Milman,
History of Latin Christianity*, b. ii.

Archipelago. *s.* [?] Sea interspersed with
numerous islands, especially the *Ægean*;
group of islands.

Santorin is one of the southernmost islands in
the *Archipelago*, and was formerly called *Calista*,
and afterwards *Thera*.—*Guthrie, Geography*.

Architect. *s.*

1. Professor of the art of architecture; con-
structor, or contriver, of a building.

The *architect's* glory consists in the design and
idea of the work; his ambition should be to
make the form triumph over the matter.—*Sir H.
Wotton*.

The hasty multitude
Admiring entered, and the work some praise,
And some the *architect*, his mind was known
In heaven, by many a tower'd structure high
Where seceder'd angels held their residence,
And sat as princes. *Milton, Paradise Lost*, l. 730.

2. Contriver or constructor, in general.

An irreligious Moor,
Chief *architect* and plotter of these woes.
Shakespeare, Titus Andronicus, v. 3.

Architective. *adj.* Adapted to the work of
architecture. *Rare*.

How could the bodies of many of them, par-
ticularly the last mentioned, be furnished with
architective materials?—*Berham, Physico-Theology*.

Architectonic. *adj.* According to the prin-
ciples of an architect; capable of building
or forming anything.

To say that some more fine part of either or all
the hypostatical principle, is the architect of this
elaborate structure, is to give occasion to demand,
what proportion of the *trita prima* afforded this
architectonic spirit, and what agent made so skilful
and happy a mixture.—*Boyle*.

This, indeed, is no small addition to Grecian
poetical celebrity, as it stood in the days of *Sedon*,
Alkæus, *Sappho*, and *Sthenichus*; but we must re-
member that the epical structure of the *Odyssey*, so
ancient and long acquired to the Hellenic world,
implies a reach of *architectonic* talent quite equal
to that exhibited in the most symmetrical drama of
Sophokles.—*Græce, History of Greece*, ch. lxvii.

Architectonical. *s.* That which is architec-
tonic.

Those inferior and ministerial arts, which are
subjected unto others, as to their *architectonicals*.
—*Fotherley, Athanasius*, p. 184.

Architectonical. *adj.* Same as Archi-
tectonic.

Geometrical and *architectonical* artists look
narrowly upon the description of the ark, the fabric
of the temple, and the holy city in the *Apocalypse*.—
Sir T. Browne, Miscellaneous Tracts, p. 6.

Architeotor. *s.* Architect. *Obsolete*.

They think to overcome us with numbers too,
laying claim to all merchants, pilots, seamen, *archi-
tectours*, masons, &c.—*Gayton, Notes on Don
Quixote*, iv. 11.

Architectress. *s.* Female architect.

If Nature herself, the first *architectress*, had (to
use an expression of *Vitruvius*) windowed your
brow.—*Sir H. Wotton, Reliquie Wottoniana*.

Architectural. *adj.* Relating to architec-
ture.

Plot's, though a neat engraving, and in the most
finished manner of that excellent *architectural*
sculptor, *Michael Burghers*, is by no means a faithful
and exact representation.—*T. Warton, History of
the Parish of Kildington*, p. 16.

Architecture. *s.* Art, or science, of building.

Our fathers next in *architecture* skill'd,
Cities for use and forts for safety build:
Then palaces and lofty domes arose,
These for devotion and for pleasure throve.

Sir R. Blackmore.

The formation of the first earth being a piece of
divine *architecture*, ascribed to a particular pro-
vidence.—*T. Burnet, Theory of the Earth*.

Architrave. *s.* [Gr. *ἀρχή* = chief, Lat. *trabs* =
beam.] Lowest of three members of an
entablature, and resting immediately on
the columns.

The materials laid over this pillar were of wood;
through the lightness whereof the *architrave* could
not suffer, nor the column itself, being so substan-
tial.—*Sir H. Wotton, Elements of Architecture*.

Westward a pompous frontispiece appear'd,
On Dorick pillars of white marble rear'd,

Crown'd with an *architrave* of antique mold,
And sculpture rising on the roughen'd gold. *Pope*.

Archives. *s.* [Lat. *archiva*.] Records; mu-
niments; (generally in the plural).

Though we think our words vanish with the
breath that utters them, yet they become records in
God's court, and are laid up in his *archives*, as wit-
nesses either for or against us.—*Dr. H. More, Dis-
cussant of the Tongue*.

I shall now only look a little into the *Mosaic
archives*, to observe what they furnish us with upon
this subject.—*Woodward*.

The real criminal was not named; nor, till the
archives of the House of Stuart were explored, was
it known to the public that Falkland had perished
by the hand of all the hundred villains of Marl-
borough.—*Macaulay, History of England*, ch. xx.

In the singular.

This I transcribed out of the Greek manuscript,
which we have extant in the *archives* of our publick
library. *Gregory, Posthumus*, p. 240: 1630.

It may be found in the same *archives*, where the
famous original contract between magnanimous
people so much insisted on, in the vindictum of
the rights of mankind, is deposited.—*Warburton,
Alliance between Church and State*, p. 90.

Boecio himself calls his master Leontius an in-
exhaustible *archive* of Grecian tales and fables.—*T.
Warton, History of English Poetry*, ii. 70.

With *archies* as plural.

The Christians were able to make good what they
asserted by appealing to these records kept in the
Roman *archivi*.—*Dr. H. More, On Godliness*, d. vii.
ch. xii. § 2. (T.)

Archivist. *s.* One who is employed on
archives.

The twelve eldest are sent solemnly to fetch the
Constitution itself, the printed Book of the Law,
Archidiaconus, an Old-Consentit appointed
Archidiacon, he and the Ancient Twelve, amid blare
of military pomp and clangour, enter, bearing the
divine Book; and President and all Legislative
Senators, laying their hand on the same, successi-
vely take the oath, with cheers and heart-efusion,
universal three-times-three. In this manner they
begin their session.—*Curlye, French Revolution*, pt.
ii. b. v. ch. ii.

Archlike. *adj.* [from *arch*, Lat. *arcus*.] Built
like an arch.

An *archlike* strong foundation.

Young, Night Thoughts, vii.

Archly. *adv.* In an arch manner.

John, when his master's step he heard,
Soon in the dressing-room appeared;
Archly he looked, and silly leered. *Somerville, Poems*.

Archness. *s.* [The *arch* which lies at the root
of this form is from the A.S. *earg* = bad,
as opposed to the derivatives of *ἀρχος* and
arcus.] *Archness* implies humour with a
touch of malignant pleasure; hence, the
element suggested by the original meaning
of the word. Wickedness and roguish-
ness convey the same notions.] Attribute
suggested by *Arch*.

He [Fontaine] generally took his subjects from
Boecio, *Poggins*, and *Aristotle*; but adorned them
with so many natural strokes, with such quaintness
in his reflections, and such a dryness and *archness*
of humour, as cannot fail to excite laughter.—*J.
Warton, Essay on the Writings and Genius of Pope*,
ii. 183.

Archon. *s.* [Gr.] Chief magistrate among
the Athenians.

We might establish a *logos*, a lord *archon*, a re-
gent.—*Holingshroke, On Parties*, let. 8.

Archway. *s.* Passage under an arch; arch
itself.

The white-flower'd elder-thicket from the field
Glean thro' the Gothic *archways* in the wall.
Tennyson, Godiva.

Archwise. *adv.* In the form of an arch.

The court of arches, so called *ab arcuata ecclesia*,
or from flow church, by reason of the steeple or
cloclether thereof, raised at the top with stone pillars
in fashion of a bow bent *archwise*.—*Ayliffe, Pari-
son Juris Canonici*.

Archy. *adj.* Having an arched form. *Rare*.

Beneath the black and *archy* brows shined forth
the bright lamps of her eyes.—*Parthenia Serna*,
prologue: 1633.

Arctie. *s.* [Gr. *ἄρκτος* = the constellation
Ursa, or the Bear.] Lying within, or per-
taining to, the Arctic circle.

Ever during snows, perpetual shades
Of darkness, would congeal their livid blood,
Did not the *arctic* tract spontaneous yield

A cheering purple berry big with wine,

J. Philips, *Cider*, ii.

Arcaute. *adj.* Bent in the form of an arch. Sounds that move in oblique and *arcuate* lines, must needs encounter and disturb the one the other. — Bacon, *Natural History*.

In the gullet, where it perforates the midriff, the carious fibres are infected and *arcuate*. — Ray, *Wisdom of God manifested in the Works of the Creation*.

Arcaubalist. *s.* [see Arblast.] Crossbow; engine to shoot stones. *Rare*.

It is an historical fact, that Richard was killed by the French from the shot of an *arcaubalist*, a machine which he often worked skilfully with his own hands. — T. Warburton, *History of English Poetry*, i. 184.

Arcaubalister. *s.* Crossbow-man. *Rare*.

King John was captiv'd by a very good *arcaubalister*, who said, that he would soon dispatch the cruel tyrant. God forbid, vile varlet, quoth the earl, that we should procure the death of the holy one of God. — Camden, *Reinaine*.

Ardency. *s.*

1. Ardour; eagerness; warmth of affection. Accepted our prayers shall be, if qualified with humility, and ardency, and perseverance, so far as concerns the end immediate to them. — Hammond, *Practical Catechism*.

The ineffable happiness of our dear Redeemer must needs bring an increase to ours, commensurate to the ardency of our love for him. — Boyle.

2. Heat.

By how much heat any one receives externally from the ardency of the sun, his internal heat is proportionably abated. — Sir P. Herbert, *Travels*, p. 27.

Ardent. *adj.*

1. Hot; burning; fiery.

Chymists observe, that vegetables, as lavender, rue, marjoram, &c., distilled before fermentation, yield oils without any burning spirits; but, after fermentation, yield *ardent* spirits without oils; which shews, that their oil is by fermentation converted into spirits. — Sir F. Newton, *Opticks*.

2. Fierce; vehement; having the appearance or quality of fire.

A knight of swarthy face,
High on a coal-black steed pursued the chace;
With flashing flames his *ardent* eyes were filled.

Dryden.

Within three days, therefore, Monmouth, the most *ardent* and restless man in the whole party, brought into the Upper House a bill substantially the same with that which had so strangely miscarried in the Lower. — Macaulay, *History of England*, ch. xx.

3. Passionate; (applied to desire).

Another nymph with fatal power may rise,
To damp the sinking beams of Cælin's eyes;
With haughty pride may hear her charms confest,
And swear the ardent vows that I have blest.

Prior.

Ardently. *adv.* Eagerly; affectionately.

With true zeal may our hearts be most *ardently* inflamed to our religion. — Bishop Sprat, *Sermons*.

Ardour. *s.* [Lat. *ardor* -- burning.]

1. Heat.

Joy, like a ray of the sun, reflects with a greater *ardour* and quickness, when it rebounds upon us from the heart of his friend. — South.

That grand universal fire, which shall happen at the day of judgement, may, by its violent *ardour*, vitrify and turn to one lump of crystal the whole body of the earth: Nor am I the first that fell upon this conceit. — Howell, *Letters*, i. 1.

Applied to love, desire, or courage.

The soldiers shout around with generous rage;
He grails'd their *ardour*, only pleas'd to see
His host.

Dryden.

Unmov'd the mind of Ithacus remained
And the vain *ardours* of our love restrain'd. — Pope.
At length William forc'd himself to resume that correspondence; but his first letter was the letter of a heartbroken man. Even his martial *ardour* had been tamed by misery. 'I tell you in confidence,' he wrote, 'that I feel myself to be no longer fit for military command. Yet I will try to do my duty; and I hope that God will strengthen me.' So despondingly did he look forward to the most brilliant and successful of his many campaigns. — Macaulay, *History of England*, ch. xxi.

2. Object which is ardent or bright.

Nor delay'd the winged saint,
After his charge receiv'd; but from among
Thousand celestial *ardours*, where he stood
Viel'd with his gorgeous wings, upspringing light,
Flew through the midst of heaven.

Milton, *Paradise Lost*, v. 247.

Arduity. *s.* Height; difficulty. *Rare*.

I hope the *arduity* will not be unconquerable, nor the defence of them be wholly wav'd. — Waterhouse, *Apology for Learning*, p. 93: 1633.

Arduous. *adj.* [Lat. *arduus* -- high.]

1. Lofly; hard to climb.

High on Parnassus' top her sons she show'd,
And pointed out those *arduous* paths they trod.

Pope.

2. Difficult.

It was a means to bring him up in the school of arts and policy, and so to fit him for that great and *arduous* employment that God designed him to. — South.

Arduousness. *s.* Attribute suggested by Arduous.

He began with uttering ambiguous generalities about the vast extent of the empire and the *arduousness* of the task of governing it. — Merivale, *History of the Romans under the Empire*, ch. xlii.

A-Re, or Alamire. Lowest note but one in Guido's scale of music.

Ganuit I am, the ground of all accord,

A re, to plead Hortensius's passion:

B mi, Bianca take him for thy lord,

C faut, that loves with all affection.

Shakespeare, *Taming of the Shrew*, iii. 1.

Area. *s.* [Lat.]

1. Surface contained between any lines or boundaries.

The area of a triangle is found by knowing the height and the base. — Wallis, *Logic*.

2. Any open surface (as the floor of a room, the open part of a church, the vacant part or stage of an amphitheatre); enclosed place (as lists, a bowling-green, a grass-plot).

Let us conceive a floor or area of goodly length, with the breadth scarcely more than half the length. — Wallis, *Logic*.

The Alban lake is of an oval figure, and, by reason of the high mountains that encompass it, looks like the area of some vast amphitheatre. — Addison.

In areas vary'd with mosaic art,

Some whirl the disk, and some the jav'lin dart.

Pope.

Aréad, Aréde, or Aréed. *r. a.* [A.S. *arēdan* -- see Rede.] Advise; direct; declare; show. *Obsolete*.

Knights and ladies gentle deeds,
Whose praises having slept in silence long,
Me, all too meane, the sacred muse *arēads*

To blazon brand. — Spenser, *Faerie Queene*, i. 1, 1.

But what adventure, or what high intent,
Hath brought you hither into Fairy land?

Aréad, Prince Arthur, crowne of martiall band.

Spenser, *Faerie Queene*, i. 1, 6.

But mark what I *arēde* thee now: avant,
Fly thither whence thou fled'st! If from this hour
Within these hollow'd limits thou appear,
Back to the infernal pit I drag thee chain'd.

Milton, *Paradise Lost*, iv. 902.

A *rele*, good gentle swaine.

If in the dale below, or on yond plaine

Or is the village seat in a grove?

W. Browne, *Britannia's Pastorals*, i. 2.

In the following passage, it seems to be employed for *read*.

I will overlook

Her hardly open'd book,

Which to *arēde* is easie, to understand divine.

John Hall, *Poems*, p. 61.

Aréca. *s.* [? Indian.] Nut of the areca palm; tree itself.

A third article of export which the Dutch curried with marked attention was the fruit of the *aréca* palm, the nuts of which were shipped in large quantities to India, &c. — Sir J. E. Tennant, *Ceylon*, pt. vi. ch. ii.

Aréek. *adv.* [A.S. *on réec*.] In a reeking condition.

A messenger comes all *aréek*

Mordant to Madrid to seek.

Swift.

Arrefaction. *s.* [Lat. *arrefactio*, -onis -- making dry.] State of growing dry; act of drying.

From them, and their motions, principally proceed *arrefaction*, and most of the effects of nature. — Bacon.

Aréty. *r. a.* Dry; exhaust of moisture.

Heat drieth bodies that do easily expire, as parchement, leaves, roots, clay, &c., and so doth time or age *aréty*, as in the same bodies, &c. — Bacon, *Natural History*.

Aréna. *s.* [Lat.; originally a space for contests covered with arena -- sand.]

1. Space for combatants, or other exhibitions, in a theatre.

The place where the gladiators fought (in the amphitheatre) was called *aréna*, because it was covered with sand and sawdust, to prevent the gladiators from sliding, and to absorb the blood; and

the persons who fought, *arenarii*. But *arena* is also put for the whole amphitheatre, or the show, also for the seat of war; or for one's peculiar province. — Adams, *Roman Antiquities*.

Live in the secret of thy chamber or closet, as though the doors were thrown upon thee, and all the eyes of the world beheld thee; as though thou wert in the arena of a publick theatre, exposed to the view of men and angels. — Ray, *On the Disposition of the World*, ch. xii.

In the centre of the edifice, the arena, or stage, was strewn with the reddest sand, and successively assumed the most different forms. — Gibbon, *Decline and Fall of the Roman Empire*, i. 390. (Ord MS.)

2. Metaphorically, and generally. Any field for a contest or struggle.

When Pyrrhus sailed from Sicily after his unsuccessful attempt upon that island, he looked back on its shores and exclaimed, 'What an arena we have for the Carthagenians and the Romans!' — Sir G. C. Lewis, *Enquiry into the Credibility of the early Roman History*, i. 67.

The concealment of authorship by newspaper writers exempts them from many of the feelings which disturb the judgment of rival politicians, contending in the open arena of public life. — Sir G. C. Lewis, *On the Influence of Authority in Matters of Opinion*, ch. ix.

Arenaceous. *adj.* Sandy; having the qualities of sand.

Fishes whose eggs or spawn is *arenaceous*. — Sir T. Browne, *Vulgar Errors*, iv. 10.

A piece of the stone of the same mines, of a yellowish brown colour, an *arenaceous* friable substance, and with some white spar mixed with it. — Woodward, *On Fossils*.

Argal. *s.* [?] Hard lees sticking to the sides of wine-vessels, commonly called tartar; generally a crude supertartrate of potash.

I know you have arsenick,

Vitriol, sal-tartre, *argale*, alkaly.

R. Johnson, *Alchymist*.

The brightest colours, dyed with this material, are made by over-dyeing the same; and then by discharging part of it by lye-hyline it is *argal*. — Sir H. P. Phillips, in *Bishop Sprat's History of the Royal Society*, p. 208.

Argent. *adj.* [Lat. *argentum* -- silver.] Colour of silver; white. *Heraltic and rhetorical*.

Rinable flings

As swift as they light'ning kiln'd new,

His *argent* eagle with her silver wings

In field of azure, fair Erinia knew.

Fairfax.

In an *argent* field, the seal of war

Was drawn triumphant on his iron car.

Dryden.

With that she tore her robe apart, and half

The polish'd *argent* of her breast to sight

Laid bare. Thence she pointed with a laugh,

Showing the usnick's tale.

Tennyson, *A Dream of Fair Women*.

Those *argent* fields more likely habitats,

Translated saluts or midday spirits hold,

Between'th angelical and human kind.

Milton, *Paradise Lost*, iii. 440.

Or ask of yonder *argent* fields above

Why Jove's satellites are less than Jove.

Pope.

Argent-horned. *adj.* Silver-horned.

Bright as the *argent*-horned moose.

Loveless, *Lucania*, p. 151.

Argentine. *adj.* Of, or after the manner of, silver. *Rare*.

Celestial Dian, goddess *argentine*,

I will obey thee.

Shakespeare, *Pericles*, v. 2.

Argentry. *s.* Materials of silver; plate. *Rare*.

Having preserved Count Mansfeld's troops from dishonour, by paying his own *argentry* and jewels, he passed this way. — Howell, *Letters*, i. 2.

No medals of rich stuff of Tyrian dye,

No costly bowls of trosted *argentry*.

Howarth, *Poem to King Charles I.*

Argil. *s.* [Fr. *argille*, Lat. *argilla*.] Potter's clay; fat soft kind of earth of which vessels are made.

Potter's clay is not pure *argill*. — Kirwan, *Minerals*, p. 61.

Argill is that part of clay to which this owes its property of feeling soft and unctuous, and of hardening in fire; it is difficultly soluble in acids, and scarcely ever effervesces with them. When combined with the vitriolick acid, it forms alum. — Ibid. p. 6.

Argillaceous. *adj.* Clayey; partaking of the nature of argil; consisting of argil, or potter's clay.

Clayey loam denotes a compound soil, moderately cohesive, in which the *argillaceous* ingredient predominates. — Kirwan, *Minerals*, p. 9.

Argillous. *adj.* Consisting of clay; clayish; containing clay. *Rare*.

Albuquerque derives this redness from the

and argillous earth at the bottom.—*Sir T. Browne, Vulgar Errors.*

Argosy. *s.* [from *Argo*, the mythologic vessel which first made a commercial voyage.] Large vessel for merchandise. *Rhetorical.*

Your mind is tossing on the ocean;
There where your *argosies*, with portly sail,
Like signiors and rich burghers on the flood,
Do overpeer the petty traffickers.

Shakespeare, Merchant of Venice, l. 1.
They might perhaps find stuff enough, I will not
say to lade an *argosy*, but to overladen any man's
wit in the world to rely unto.—*Sir E. Sandys, State of Religion.*

Mine *argosies* from Alexandria,
Laden with spice and silks, now under sail,
Are speedily gliding down by Candy shore
To Malta, through our Mediterranean sea.
Marlowe, Jew of Malta.

Argue. *v. n.* [Lat. *arguo*.]

1. Reason; offer reasons.

I know your majesty has always lov'd her
No clear in heart, not to doing her what
A woman of less piece might ask by law;
Scholars allow'd freely to *argue* for her.

Shakespeare, Henry VIII. ii. 2.
An idea of motion, not passing on, would perplex
any one who should *argue* from such an idea.—*Locke.*

If the world's age and death be *argued* well
By the sun's fall, which now towards earth doth
bend,

Then we might fear that virtue, since she fell
So low as woman, should be near her end. *Donne.*

2. Dispute; (with the particles *with* or *against* before the opponent, and *against* before the thing opposed.)

Why do Christians of several persuasions so
strenuously *argue* against the salvability of each other?
—*Dr. H. More, Decay of Christian Piety.*

He that by often *arguing* against his own sense
imposes falsehoods on others, is not far from be-
lieving himself.—*Locke.*

I do not see how they can *argue* with any one,
without setting down strict boundaries.—*Ibid.*

Argue. *v. a.*

1. Persuade by argument.

It is a sort of poetical logic which I would make
use of, to *argue* you into a predication of this play:—
Congreve, Old Bachelor, dedication.

2. Suggest; prove.

So many laws *argue* so many sins
Among them: how can God with such reside?

Milton, Paradise Lost, xii. 283.
It *argues* dissembler of the mind as well as of the
body when a man is continually tossing from one
side to the other.—*North.*

This *argues* a virtue and disposition in those sides
of the rays, which answers to that virtue and dispo-
sition of the crystal.—*Sir I. Newton, Opticks.*

With of.

I have plodded guilty to all thoughts and expres-
sions of mine, which can be truly *argued* of disem-
plicity, profaneness, or immorality, and retract them.
—*Jerome, Biblia.*

The accidents are not the same, which would have
argued him of a servile copying and total barren-
ness of invention; yet the *seas* were the same.—*Ibid.*

3. Imply.

What's he that thus boldly enters in?
His habit *argues* him a Christian.
Tragedy of Solomon and Perseda.

Arguer. *s.* Reasoner; disputer; contro-
vertist.

Men are ashamed to be proselytes to a weak
arguer, as thinking they must part with their popu-
larity as well as their sin.—*Dr. H. More, Decay of Christian Piety.*

Neither good Christians nor good *arguers*.—
Bishop Atterbury.

I am by the law of my nature a reasoner. A per-
son who should suppose I want by that word, an
arguer, would not only not understand me, but
would understand the contrary of my meaning. I
can take no interest whatever in hearing or saying
any thing merely as a fact—merely as having hap-
pened. It must refer to something within me be-
fore I can regard it with any curiosity or care.—
Coleridge, Table Talk.

Arguing. *verbal abstr.* Argument; reasoning.

Public *arguing* off serves not only to exasperate
the minds, but to whet the wits of heretics.—*Dr. H. More, Decay of Christian Piety.*

Those heart risings and internal *arguing*s against
the reception of those joyful tidings.—*Smith, Por-
traiture of Old Age*, p. 22.

He had, to his sufficient memory and incompa-
rable invention, a clear discerning judgement; and
that not only in scholastic affairs and points of
learning, which the *arguing*s, and besides them the
disposition of his writings, manifest beyond dis-
pute, but in the concerns of public nature both of
church and state.—*Bishop Fell, Life of Hammond*,
§ 1.

Argument. *s.* [see extract under Argu-
mentation.]

1. Reasoning for or against anything.

We sometimes see, on our theatres, vice rewarded,
at least unpunished; yet it ought not to be an *argu-
ment* against the art.—*Dryden.*

When any thing is proved by *as* good *arguments*
as that thing is capable of, supposing it were; we
ought not in reason to make any doubt of the exist-
ence of that thing.—*Archbishop Tillotson.*

Our author's two great and only *arguments* to
prove, that heirs are lords over their brethren.—
Locke.

In the persuasion of a truth, it is lawful to use
such *arguments* whose strength is wholly made pre-
vailing by the weakness of him that is to be per-
suaded. Such *arguments* are not hominens, that is,
proportionable to the doctrines, customs, usages,
belief, and credulity of the man. The reasons are
these, because ignorant persons are not capable of
such *arguments* as may demonstrate the question,
and he that goes about to draw a child to him, may
pull him by the long sleeve of his coat, and need not
to hire a yoke of oxen.—*Jeremy Taylor, Doctor
Dabintinus*, l. 75. (Ord MS.)

Sometimes with a before the thing to be
proved, but generally for.

The best moral *argument* to patience, in my
opinion, is the advantage of patience itself.—*Arch-
bishop Tillotson.*

This, before that revelation had enlightened the
world, was the very best *argument* for a future state.
—*Bishop Atterbury.*

2. Subject of any discourse or writing.

That she that's but now was your best object,
The *argument* of your praise, hitherto of your age,
Most best, most dearest.

Shakespeare, King Lear, l. 1.
I may assert eternal providence,
And justify the ways of God to men.

Milton, Paradise Lost, l. 21.
Said task! yet *argument*

Not less, but more heroic than the wrath
Of stern Achilles. *Ibid.* ix. 13.

A much longer discourse my *argument* requires;
your merciful dispositions a much shorter. *Bishop
Sprat, Sermons.*

3. Contents of any work summed up by way
of abstract.

The *argument* of the work, that is, its principal
action, the economy and disposition of it, are the
things which distinguish copies from originals.—
Dryden.

4. Controversy.

This day, in *argument* upon a case,
Some words there grew 'twixt Somerset and me.

Shakespeare, Henry VI. Part. 1. ii. 5.
An *argument* that fell out last night, where each
of us fell in praise of our country mistresses.—
Shakespeare, Cynthia, l. 5.

If the idea be not agreed on between the speaker
and hearer, the *argument* is not about things, but
names.—*Locke.*

Argument. *v. n.* [an old English verb.]

Reason; discourse. *Rare.*

But yet they *argument* a faste
Upon the pope and his estate.
Gower, Confessio Amantis, Prologue, p. 16.

Argumental. *adj.* Belonging to argument;
reasoning.

Afflicted sense thou kindly dost set free,
Oppress'd with *argumental* tyranny,
And routed reason finds a safe retreat in thee.

Pope.

Argumentation. *s.* Reasoning; act of rea-
soning.

Argumentation is derived from *argumentari*,
which means 'argumentis uti'; *argument*, again, *argu-
mentum*—what is assumed in order to argue
something—is properly the middle notion in a rea-
soning, that through which the conclusion is estab-
lished, and by the Latin rhetoricus it was often
'judiciale inventum ad faciendum idem.' It is defined,
however, applied as extensive with *argumentation*.
—*Sir W. Hamilton, Logic*, i. 276.

Argumentation is that operation of the mind,
whereby we infer one proposition from two or more
propositions premised. Or it is the drawing a con-
clusion, which before was unknown, or doubtful,
from some propositions more known and evident;
so when we have judged that matter cannot think,
and that the mind of man doth think, we conclude
that therefore the mind of man is not matter.—
Watts, Logic.

Can dialogues in verse be defended? I cannot but
think that a great philosophical poet ought always
to teach the reader himself as from himself. A
poet does not admit *argumentation*, though it does
admit development of thought.—*Coleridge, Table
Talk.*

I suppose it is no ill topic of *argumentation*, to
show the prevalence of contempt, by the contrary
influences of respect.—*South.*

The whole course of his *argumentation* comes to
nothing.—*Addison.*

Argumentative. *adj.* Consisting of argu-
ment; containing argument; disputatious.

This omission, considering the bounds within
which the *argumentative* part of my discourse was
confined, I could not avoid.—*Bishop Atterbury,
Preface to his Sermons.*

With of.

Another thing *argumentative* of providence is that
papyrus plumes growing upon the tops of some
seeds, whereby they are wafted with wind and dis-
seminated far and wide.—*Ray, Wisdom of God
manifested in the Works of the Creation.*

Argumentatively. *adv.* In an argumen-
tative manner.

Nor do they oppose things of this nature *argu-
mentatively* so much as oratoriously.—*Jeremy Tay-
lor, Apostolical Homilies*, p. 115.

Chaucer has in reality clouded the question both
historically and *argumentatively*, in his disputes
against the Romantics.—*Waterland, Christianity
evincuted*, p. 60.

Argumentator. *s.* [Lat.] One who in-
dulges in argument.

Over-athetick *argumentator*.—*Cudworth*, 886.

This much was rightly urged by the athetick
argumentator, that no corporeal deity could be ab-
solutely in its own nature incorruptible, nor other-
wise than by accident only immortal, because of its
divisibility. *Ibid.* 888. (Ord MS.)

Argumentize. *v. n.* Debate; reason.

Must it needs follow that all the unmixed and
argumentizing philosophy, all arts and sciences,
must be brought from Canaan?—*Mansyngham,
Diogenes*, p. 34.

Argumentizer. *s.* One who debates or rea-
sons.

This *argumentizer* should, to have made this story
more probable, have cited this proclamation.—
Brady, Introduction to Old English History, p. 241:
1681.

Argutatio. *s.* Over-refinement in argu-
ment. *Rare.*

Vindicate Thy holy name, and blessed deity, from
all their devilish and frivolous *argutations*.—*Bishop
Hall, Argument of Godliness*, § 8. (Ord MS.)

Argute. *adj.* Acute; shrewd; subtle.

There would be many whose vocation was not that
of the active preacher, or the restless missionary, of
the *argute* schoolman.—*Milman, History of Latin
Christianity*, ch. 1.

Arguteness. *s.* Wittiness; acuteness.

The arguments of the Grecian [Plutarch] drawn
from reason, work themselves into your under-
standing, and make a deep and lasting impression
in your mind; those of the Roman [Seneca] drawn
from wit, flash immediately on your imagination,
but leave no durable effect: so this tickles you by
starts with his *arguteness*, that pleases you for
continuance with his propriety.—*Dryden, Life of
Plutarch.*

Arianize. *s.* Heresy or sect of Arius.

The Arianism is but a system of the old Arianism,
ill digested and worse put together, with a mixture
of some Heathenism and Judaism. For Maximus's
father was no heathen, his mother a Jewess, and his
tutor was Sergius the monk, a Nestorian; which
sect was a branch of Arianism. These, crudely
mixed, made up the farrago of the Arianism. But the
prevailing part was Arianism.—*Lestie, Truth of
Christianity*, p. 120.

What will the Romantics say of the whole Church
in a manner, both eastern and western, when it was
overspread with Arianism?—*Trapp, Popery truly
stated*, pt. 1.

Arianize. *v. n.* Admit or follow the tenets
of Arianism.

These some were the Christians, that lived after
the downfall of the Arianizing Vandals and the
expiring of their power.—*Worthington, Miscel-
laneous*, p. 29.

Arid. *adj.* [Lat. *aridus*=dry; Fr. *aride*.]

Dry; parched up.

My complexion is become adust, and my body *arid*,
by visiting lands.—*Arbuthnot and Pope.*

His harden'd fingers deck the gaudy spring,
Without him Summer were an *arid* waste.

Thomson.

For the rivers which intersect the land run mostly
in beds too deep to be made available for watering
the soil, which consequently is, and always has been,
remarkably *arid*.—*Buckle, History of Civilization
in England*, vol. ii. ch. 1.

Aridity. *s.*

1. Dryness.
Salt taken in great quantities will reduce an ani-
mal body to the great extremity of *aridity*, or dry-
ness.—*Arbuthnot On the Nature and Choice of
Aliments.*

Of the eagerness with which he sought the sealed

well, and his delight in sprinkling its freshness over the aridity of the profusion, the following letter affords an memorable instance.—*Thomson, The Lives of Twelve Eminent Judges, Lord Stowell.*

He was ordered to read aloud all the objectionable parts at full length in all their logical aridity.—*Milman, History of Latin Christianity, v. viii. ch. v.*

2. State of anything withered up.

Strike my soul with lively apprehensions of thy excellencies, to bear up my spirit under the greatest aridities and dejections, with the delightful prospect of thy glories.—*Norris.*

Aries. s. [Lat.] In *Astronomy*. The Ram, as a sign of the zodiac.

At last from Aries rolls the bounteous sun.

And the bright Bull receives him. *Thomson.*

Aristation. s.

1. Contending after the manner of rams.

Now those heterogeneous atoms, by themselves, hit so exactly into their proper residence, in the midst of such tumultuary notions, and aridities of other parties.—*Glanville, Synopsis Scientifica.*

2. Act of battering with an engine called a ram.

The strength of the percussion, wherein ordinance do exceed all aridities and ancient inventions.—*Baron.*

Aright. adv. [A.S. on righte—on right.] Rightly; in a right direction.

How him I lov'd, and love with all my might;

So thought I lov'd him, and think I thought aright.

Spenser.

A generation that set not their heart aright.—*Pope, Ixviii. 8.*

The doing of courtesies aright is the mixing of the respects for his own sake and for mine.—*B. Jonson, Diacuerice.*

In such cases, the knowledge which we acquire, by means of experience, is of a clear and precise nature; and the passions and feelings and interests, which make the lessons of experience in practical matters so difficult to read aright, no longer disturb and confuse us.—*Whewell, History of Scientific Ideas, ch. iv.*

Ariolation, or Mariolation. s. [Lat. *hariosus*—soothsayer.] Soothsaying; vaticination.

The priests of elder time deluded their apprehensions with *ariolation*, soothsaying, and such oblique idolatries.—*Sir T. Browne, Vulgar Errors.*

Arise. v. n. [A.S. *arisan.*]

1. Mount upward; (as the sun).

He rose, and, looking up, beheld the skies

With purple blushing, and the day arise. *Dryden.*

As from sleep, or from rest.

So Eudora arose up, and said unto them, Ye have transgressed the law.—*1 Eudra, ix. 7.*

How long wilt thou sleep, O sluggard; when wilt thou arise out of thy sleep?—*Proverbs, vi. 9.*

2. Come into view; come on the stage; (as from obscurity).

Another Mary then arose,

And did righteous laws impose. *C. Wesley.*

There shall arise false Christs and false prophets.

—*Matthew, xxiv. 24.*

As from death.

Thy dead men shall live, together with my dead

body shall they arise: awake and sing, ye that dwell in dust.—*Isaiah, xxvi. 19.*

3. Proceed, or have its original.

They which were scattered abroad upon the per-

secution that arose about Stephen, travelled as far as Phoenicia.—*Acts, xli. 19.*

I know not what mischief may arise.—*Dryden.*

4. Commence hostility; act as an insurgent.

And when he arose against me, I caught him by

his beard, and smote him.—*1 Samuel, xvii. 35.*

Aristarchy. s. System of criticism, or body of critics, after the manner of Aristarchus.

Rare.

The ground on which I would build his chief praise, to some of the *aristarchy* and sour censures of these days, requires first an apology.—*Harrington, Brief View of the Church of England, p. 153.*

Aristocracy. s. [Gr. *ἀριστος*—best, *κρατος*—govern.] Form of government in which the supreme power is vested in the nobles; body of aristocrats.

Their pure forms of commonwealths, monarchies, aristocracies, democracies, are most famous in contemplation: but in practice they are temperate, and usually mixt.—*Burton, Anatomy of Misconduct, p. 37.*

This art—has sometimes made use of a monarchy, sometimes of an aristocracy, sometimes of a democracy.—*Bishop Wren, Monarchy asserted, p. 179.*

The aristocracy of Venice hath admitted so many abuses through the degeneracy of the nobles, that the period of its duration seems to approach.—*Swift.*

The aristocracy of France anticipated with intrepid gaiety a bloody but a glorious day, followed by a large distribution of the crosses of the new order. William himself was perfectly aware of his danger, and prepared to meet it with calm but manly fortitude.—*Macaulay, History of England, ch. xx.*

Aristocrat. s. Favourer of aristocracy.

What his friends call aristocrats and despots.—*Burke.*

Aristocratic. adj. Relating to aristocracy; including a form of government by the nobles.

Though with the temper'd monarchy here mix'd

Aristocratic away, the people still,

Platitud' by this or that, as interest leav'd,

No full perfection knew.—*Thomson, Liberty, pt. iv.*

Subdivisions in government are only admissible in favour of the dignity of inferior princes and high nobility; or for the support of an aristocratic confederacy under some head; or for the conservation of the franchises of the people in some privileged province.—*Burke, Works, iii. 264.*

And you're gain' to Lady Hms, and Hm, and Hms, ain't you (the names of these aristocratic places of resort were quite inaudible)?—*Thackeray, The Newcomes, ii. 40.*

Aristocráticoal. adj. Same as Aristocratic.

Ockham distinguishes, that the papacy, or ecclesiastical monarchy, may be changed in an extraordinary manner, for some time, into an aristocratic form of government.—*Ayliffe, Parergon Juris Canonici.*

The wergild and oath of an earlorman were in proportion to this lofty position: at first no doubt, he ranked only with the general class of nobles in this respect, and the Kentish law does not distinguish him from them; but at a later period, when the aristocratic hierarchy had somewhat better developed itself, we find him ranked on the same level with the bishop, and above the ordinary nobles.—*Kemble, The Saxons in England, v. ii. ch. iv.*

In general the least mischievous of the aristocratic captains were those who completely abandoned to others the direction of the vessels, and thought only of making money and spending it.—*Macaulay, History of England, ch. iii.*

Every trace of his magnificence has long disappeared; and no aristocratical mansion is to be found in that once aristocratical quarter.—*Ibid. ch. iii.*

Aristocratism. s. Assumption of aristocratic habits.

Let 'Dandellary visits,' with rigour of authority

be made to this end. To search for arms; for horses,

—*Aristocratism* rules in its carriage, while Patriotism cannot trail its cannon. To search generally for

munitions of war, 'in the houses of persons suspect,'

—and even, if it seems proper, to seize and imprison

the suspect persons themselves!—*Carlyle, French Revolution, pt. iii. b. c. ch. ii.*

Aristotelian. adj. Founded on the opinions of Aristotle.

The historian has here the very same advantages over the moral philosopher, that the experimental naturalist has over the Aristotelian in physics.—*Warburton, Enquiry into the Causes of Prodiges and Miracles, pt. ii.*

This is just the Aristotelian hypothesis of sensible species, which modern philosophers have been at great pains to refute.—*Reid, Inquiry into the human Mind.*

Aristotelian. s. Follower of the philosophy of Aristotle.

The *Aristotelians* were of opinion, that superfluity

of riches might cause a tumult in a commonwealth.

Sir Miles Sandys, Essays, p. 210.

Some of Plato's followers, in particular, when they talk of the world of ideas, entertain us with subtleties and beings no less extravagant and chimerical. Many *Aristotelians* have likewise spoken as unintelligibly of their substantial forms.—*Addison, Spectator, no. 66.*

Aristotélic. adj. Belonging to, or originating in, Aristotle.

As in the Socratic way of dispute you agree to everything which your opponent advances, in the *Aristotélic* you are still denying and contradicting some part or other of what he says. Socrates conquers you by stratagem, Aristotle by force. The one takes the town by sap, the other sword in hand.

Addison, Spectator, no. 239. (Ord M.)

The *Aristotélic* or Arabian philosophy continued to be communicated from Spain and Africa to the rest of Europe, chiefly by means of the Jews.—*T. Warton, History of English Poetry, l. 463.*

Aristometric. s. [Gr.] Science of numbers; art of computation.

On fair ground I could best forty of them;

But now 'tis odds beyond arithmetic.—*Shakespeare, Coriolanus, iii. 1.*

The Christian religion, according to the Apostle's arithmetic, hath but these three parts of it; sobriety, justice, religion.—*Jeremy Taylor.*

Arithmétiqueal. adj. According to the rules or method of arithmetic.

The principles of bodies may be infinitely small, not only beyond all naked or assisted sense, but beyond all arithmetic operation or conception.—*Greece.*

The squares of the diameters of these rivers, made by any prismatic colour, were in arithmetic progression, as in the fifth observation.—*Sir I. Newton.*

Arithmetic progression might easily demonstrate how fast mankind would increase, overpassing as miraculous, though indeed natural, that example of the Israelites, who were multiplied in two hundred and fifteen years from seventy unto six hundred thousand able men.—*Sir W. Raleigh, Essays.*

Arithmetically. adv. In an arithmetical manner; according to the principles of arithmetic.

Though the fifth part of a sextes being a simple fraction, and arithmetically regular, it is yet no proper part of that measure. *A rathnot, Tables of ancient Coins, Weights, and Measures.*

Arithmetician. s. Master of the art of numbers.

A man had need be a good arithmetician to understand this author's works. His description runs on like a multiplication table. *Addison.*

The arable land and pasture land were not supposed by the best political arithmeticians of that age to amount to much more than half the area of the kingdom.—*Murray, History of England, ch. iii.*

Ark. s. [Lat. *arca*.—introduced during the A.S. period:

—*Barrowman, Cradman: ed. Thorpe, p. 82.*

1. Vessel to swim upon the water: (usually applied to that in which Noah was preserved from the universal deluge).

Make thee an ark of gopher wood; rooms shalt thou make in the ark, and shalt pitch it within and without with pitch. *Genesis, vi. 14.*

The one just man alive, by his command,

Shall build a wondrous ark, as thou beheld'st,

To save himself and household, from amidst

A world devote to universal wreck. *Milton, Paradise Lost, l. 818.*

And when she could not longer hide him, she took for him an ark of bulrushes, and daubed it with slime and with pitch, and put the child therein.—*Exodus, ii. 3.*

2. Repository of the covenant of God with the Jews.

This coffer was of shittim wood, covered with plates or leaves of gold, being two cubits and a half in length, a cubit and a half wide, and a cubit and a half high. It had two rings of gold on each side, through which the staves were put for carrying it. Upon the top of it was a kind of gold crown all around it, and two cherubims were fastened to the cover. It contained the two tables of stone, written by the hand of God. *Culmet.*

3. Chest, coffer, or bin: (so used formerly; and still common, in this sense, in our northern counties).

The one, the margarite or pearl; the other, the cabinet or casket to keep this jewel.—*Bishop King, Vita Pauleana, p. 6.*

Bearing that precious relike in an arko

Of gold. *Spenser, Faerie Queen, iv. 5. 16.*

Arked. adj. Enclosed in an ark.

When arked, Noah and seven with him,

The cupied world's remains,

Had led the instrumental means

Of landing them again. *Warner, Albion's England, i. 3.*

Arm. s. [from A.S. *earn.*]

1. Limb which reaches from the hand to the shoulder.

If I have lift up my hand against the fatherless, when I saw my help in the gate, then let mine arm fall from my shoulder blade, and mine arm be broken from the bone.—*Job, xxxi. 22.*

Like helpless friends who view from shore

The halving ship, and hear the tempest roar,

So stood they with their arms across. *Dryden.*

2. Bough of a tree.

The trees spread out their arms to shade her face,

But she on elbow leav'd. *Sir P. Sidney.*

Where the tall oak his spreading arms entwines,

And with the beech a mutual simile combines. *Gag.*

3. Inlet of water from the sea.

Full in the centre of the sacred wood,

An arm ariseth of the Stygian flood. *Dryden, Virgil's Æneid.*

We have yet seen but an arm of this sea of beauty.

—*Norris.*

4. Power; might: (in this sense is used the secular arm, &c.).

Cursed be the man that trusteth in man, and

maketh flesh his arm, and whose heart departeth from the Lord.—*Jeremiah*, xvii. 5.
O God, thy arm was here!
And not to us, but to thy arm alone,
Ascribe we all. —*Shakespeare*, *Henry V.* iv. 8.

Arm. s. (in the singular number.) Weapon. See Arms.

Arm. r. a. [from Lat. *armo*, from *arma* = weapons.]

1. Furnish with armour or weapons; fit up.
And when Abram heard that his brother was taken captive, he armed his trained servants, born in his own house, three hundred and eighteen, and pursued them unto Dan.—*Genesis*, xiv. 14.
You must arm your hook with the line in the inside of it.—*J. Wolton*, *Angler*.

2. Provide against.
His servant arm'd against such coverture
Reported unto all, that he was sure
A noble gentleman of high regard. —*Spenser*.

Arm. r. n. Take arms; be fitted with arms.
Think we king Harry strong;
And princes, look you strongly arm to meet him.
—*Shakespeare*, *Henry V.* ii. 4.

Armada, or (less correctly) **Armado. s.** [Span. *armada*.] Naval armament.

I could report more actions yet of weight
Out of this orb, as here of eighty-eight,
Against the proud Armada, still'd by Spain
The invincible, that cover'd all the main.

B. Jonson, *Masques at Court*.
Armada following armada closely displayed their
projects for effecting a territorial conquest.—*Sir P. Paflagra*, *History of England and of Normandy*, i. 553.

Every one believed the whole armada to be almost
utterly ruined, and after a thanksgiving and a libation
to Poseidon, the fleet returned to its former
station at Artemision, to complete the victory which
the gods had begun.—*Bishop Thirlwall*, *History of Greece*, ch. xv. p. 279.

So by a roaring tempest on the flood,
A whole armada of convicted sail
Is scatter'd and disjoint'd from fellowship.

Shakespeare, *King John*, iii. 4.
In all the mid-earth sons was left no road
Wherein the pagan his held hand untwines,
Spread was the huge armada wide and broad,
From Venice, Genes, and towms which them con-
fines.

At length resolv'd to assert the watery ball,
He in himself did whole armada bring;
His aged senium might their master call,
And those for general, were he not their king.
—*Dryden*.

Armadillo. s. [Sp. *armadillo*.] A singular
scaly quadruped belonging to the Order
Edentata.

A small but very distinct family, intermediate
between the sloths and ant-eaters. The sloths ap-
pear to be a purely herbivorous family, and to be
even incapacitated by other details of their organi-
sation for the capture or destruction of a living
prey; whilst the ant-eaters are not only deprived
of canine, but likewise of molar teeth, consequently
are without teeth of any description, and thus form
the only family of the order Edentata that literally
answers to the name and definition. The ant-eaters
differ from the other two families by the want of
clawed, and the *armadillos* by the peculiar nature
of their external covering. Instead of hair, the
armadillos are covered with a species of hard bony
crest, very similar in form and appearance to the
plate-armour of the middle ages, from which indeed
these animals have acquired the name of *armadillos*—
a name of Spanish origin which has been adopted
by English writers.—*English Cyclopædia*, *Natural History*, v. Armadillo.

Armament. s. [Lat. *armamentum*.] Force
equipped for war, military or naval.

No small were her armaments, and her councils
thus divided.—*Dryden*, *On Troy*.
He possessed neither such courage, nor such vigour
and activity of mind, as to undertake in person the
conduct of the armament.—*Robertson*.

Roofs exposed, but to no purpose. It was
necessary for him to submit, and to proceed with
his twenty men of war to the Mediterranean, while
his superiors, with the rest of the armament, re-
turned to the Channel.—*Macaulay*, *History of Eng-land*, ch. 22.

Armature. s.
1. Armour; something to defend the body
from hurt.

Others should be armed with hard shells; others
with prickles; the rest that have no such armature,
should be endowed with great swiftness and per-
cility.—*Ray*, *Wisdom of God manifested in the Works of the Creation*.

2. Offensive weapons.
The double armature is a more destructive engine
than the tumultuary weapon.—*Dr. H. More*, *Decay of Christian Piety*.

Armful. s. What the arm can hold.

'Tis not the wealth of Plutus, nor the gold
Lockt in the heart of earth can buy away
This armful from me; this had I best a ransom
To have ransom'd the great Augustus Caesar.
—*Ben Jonson* and *Fletcher*, *Philaster*, iv. 1.
He comes so lazily on in a simile, with his arm-
full of weeds, and deems himself in the dull ex-
pression so like a dough-kneaded thing.—*Milton*,
Apology for Scurrilousness.
Let that happy soul hold fast
Her heavenly armful. —*Cranham*, *Poems*, p. 59.

Armhole. s. Cavity under the shoulder.
Tickling is most in the sole of the feet, and under
the armholes, and on the sides. The cause is the
thinness of the skin in those parts, joined with the
ravenous of being touched there.—*Bacon*, *Natural History*.

Armiger. s. [Lat.] In *Heraldry*. Esquire;
one with a right to armorial bearings;
badge.

Their arms were encreased with armigers two,
With a red ribbon Sutton's, and Figg's with a blue.
—*Dr. Byrom*.

Armil. adj. [Lat. *armilla* = bracelet.] In
Astronomy. Kind of sundial.

M. Lohr, an Italian mathematician, has unde-
taken one of the problems of this kind, that of the
armil, with Dupole and Petit's law for his basis, in
a memoir read to the Institute of France, in 1825,
and since published in Florence.—*Whewell*, *History of the Inductive Sciences*, b. x. ch. i. § 5.

Armillary. adj. Of the nature of an armil.
When the circles of the mundane sphere are sup-
posed to be described on the convex surface of a
sphere which is hollow within, and, after this, you
imagine all parts of the sphere's surface to be cut
away, except those parts on which such circles are
described; then that sphere is called an *armillary*
sphere, because it appears in the form of several
circular rings, or bracelets, put together in a due
position.—*Harris*, *Description of the Globes*.

Armipotent. adj. [Lat. *arma* = arms, *potens*,
-alis = powerful, presiding over.] Power-
ful in, or presiding over, arms.

The manifold linguist, and the armipotent soldier.
—*Shakespeare*, *All's well that ends well*, iv. 3.
For if our God the Lord armipotent,
Those armed angels in our aid down sent,
That were at Babylon in his prophet sent,
That wilt come down with them. —*Fairfax*.
Beneath the lowering brow, and on a bent,
The temple stood of Mars armipotent. —*Dryden*.

Armistice. s. [Lat. *armisticium*; from
arma arms, *sisto* stop or stay.] Tem-
porary cessation of arms.

Many reasons of prudence might incline the king
of England to think this *armistice* more desirable
than a continuance of the war.—*Lord Lyttelton*.

Armless. adj. [from *arm* = limb.] Without
an arm.

On a wall this king his eye cast,
And saw an hand armless that wrote full fast.
—*Chaucer*, *Monk's Tale*.

Armless. adj. [from *arm*; from Lat. *arma* =
weapons.] Without weapons or arms.

Truth laughs at death,
And terrifies the killer more than killed:
Integrity this *armless* seeks her foes,
And never needs the target, nor the sword,
Nor even sword's shafts.

—*Beaumont and Fletcher*, *Queen of Corinth*, iv. 3.
Next, we reave thy sword,
And give thee *armless* to thy enemies.
—*Beaumont and Fletcher*, *Knight of Malta*, v. 2.
They of the religion are now lawless and arm-
less.—*Howell*, *Instructions for Foreign Travel*, p. 16.

The king of Morocco, and others with an army—
suddenly invaded Spain, lying *armless* and open;
and so conquered it.—*Howell*, *Letters*, i. 3.

Armlet. s. Bracelet.
And, when she takes thy hand, and doth seem
kind,
Doth search what rings and armlets she can find.

—*Shakespeare*.
Every nymph of the flood her tresses rending,
Throws off her armlet of pearl in the main. —*Dryden*.

Armorial. adj. Appertaining to the arms,
or escutcheon, of a family.

These five cinquefs, or these 25 round spots, which
in arms do signify numbers, as some writers have
observed, have not been only imprinted upon their
altars, but being (as it is probable) from thence de-
rived, have been accounted a symbolical device and
made *armorial*.—*Potter*, *Interpretation of the Num-ber 666*, p. 176.

The walls of the principal apartments were finely
sculptured with fruit, foliage, and *armorial* bearings,
and were hung with embroidered satin.—*Macaulay*,
History of England, ch. iii.

Thus her heart rejoices greatly,
Till a gateway she discovers
With armorial bearings stately,
And beneath the gate she turns.
—*Tennyson*, *The Lord of Burleigh*.

Armour. s.

1. Defensive arms.

Your friends are up and buckle on their armour.
—*Shakespeare*, *Richard III.* v. 3.
That they might not go naked among their ene-
mies, the only armour that Christ allows them is
prudence and innocence.—*South*.

In the plural. Rare.
We'll want no mistress,
Good swords, and good strong armour!
—*Beaumont and Fletcher*, *Knight of Malta*, ii. 5.

2. Armorial bearings.

On the same benches on which sat the goldsmiths,
drapers, and grocers, who had been returned to
parliament by the commercial towns, sat also
members who, in any other country, would have
been called noblemen, hereditary lords of manors,
entitled to hold courts and to wear coat armour, and
able to trace back an honourable descent through
many generations.—*Macaulay*, *History of England*,
ch. i.

Armourbearer. s. One who carries the
armour of another.

His armour-bearer first, and next he kill'd
His chariotster.
—*Dryden*.
Arnold of Brescia was a hearer of Abélard, a pupil
in his revolutionary theology or revolutionary phi-
losophy, and inspired himself to a complete revolu-
tion in civil affairs: he was called, as has been seen,
the armour-bearer of the giant Abélard.—*Millman*,
History of Latin Christianity, b. viii. ch. vi.

Armourer. s.

1. One who makes armour, or weapons.

Now thrive the armourers, and honour's thought
Rejoins solely in the breast of every man.
—*Shakespeare*, *Henry V.* ii. chorus.
The armourers make their steel more tough and
pliant, by aspersion of water and juice of herbs.—*Bacon*.

The whole division that to Mars pertains,
All kinds of death that dwell in steel for pains,
Were there: The butcher, armourer, and smith,
Who forges sharp'n'd fustian, or the scythe.

—*Dryden*.
When *armourers* temper in the ford
The keen-edg'd pole-ax, or the shining sword,
The red-hot metal hisses in the lake. —*Pope*.

One who dresses another in armour.
The armourers, accomplishing the knights,
With busy hammers closing rivets up,
Give dreadful note of preparation.

The morning he was to join battle with Harold
his *armourer* put on his buckpiece before and his
breastplate behind.—*Camden*.

Armoury. s.

1. Place in which arms are deposited for use;
magazine.

The sword
Of Michael, from the armoury of God,
Was gin's him temper'd so, that neither keen,
Nor soft, might resist that edge.

—*Milton*, *Paradise Lost*, iv. 321.
Let a man consider these virtues, with the con-
trary sins, and then, as out of a full armoury, or
magazine, let him furnish his conscience with texts
of scripture. —*South*.

2. Armour; arms of defence. Rare.

Nigh at hand
Celestial armoury, shields, helms, and spears,
Hunk high, with diamond flaming, and with gold.

—*Milton*, *Paradise Lost*, iv. 553.
The great majority of such weapons found in a
fossil state, called 'ichthyodonta', show by their
basal structure that they come from Plagiostomous
fishes, and exemplify in a remarkable manner the effi-
ciency, beauty, and variety of the ancient armoury
of that order. In some, the marginal serrations
were themselves denticulate (Edgests). Certain rays
(Trysan) have spines with both margins serrate.
—*Owen*, *Anatomy of Vertebrates*, p. 194.

3. Armorial bearings. Rare.

Well worthy be you of that *armoury*,
Wherein you have great glory won this day.

—*Spenser*, *Fuery Queen*.
Your great-grandfather, Henry the Seventh, (whether
more valiant, or fortunate, I know not,) being
almost at once an exile and a conqueror, united by
the marriage of Elizabeth of York, the white rose
and the red, the *armories* of two very powerful families.—*Sir H. Wotton*, *Panegyric to King Charles I.*

4. Heraldry. Rare.

She sat there all in white,
Colour fitting her delight;
—*Virgins* no
Ought to go,
For white in *armory* is placed
To be the colour that is chaste. —*R. Green*, *Poems*.

Armpit. s. Cavity under the shoulder, at the junction of the arm and chest.

The handles to these gougues are made so long, that the handle may reach under the *armpit* of the workman.—*Maons*.

Others hold their plate under the left *armpit*, the best situation for keeping it warm.—*Swift*.

Arms. s. pl.

1. Weapons of offence, or armour of defence.

Those *arms* which Mars before
Had giv'n the vanquish'd, now the victor bore.

Pope.

Is the singular.

We are sending an army of rifles against an army of muskets, though the Russian musket is, we believe, a superior and powerful arm.—*Leader Newspaper*, March 4, 1854.

2. State of hostility; war in general; action; act of taking arms.

Sir Edward Courtney and the haughty prelate,
With many more confid'rate, are in *arms*.

Shakespeare, Richard III., iv. 4.

Arms and the man I sing.

Him Paris follow'd to the dire alarms,

Both breathing slaughter, both resolv'd in *arms*.

Pope.

And was and rocks and skies rebound,

To *arms*, to *arms*, to *arms*!

Id.

3. Armorial bearings; heraldic cognizance.

As this surcoat was worn over the armour upon grand occasions, it was here that the growing taste for splendour and ornamentation developed itself with the greatest rapidity, cloths of gold, or silver, ermine, miniver, ermines, or other rich furs, were employed in its manufacture. The arms were borne upon this surcoat, whence the derivation of the term of coat of arms.—*Porter, History of the Knights of Malta*, ch. ii.

Army. s.

1. Collection of men for the purposes of war on land.

Number itself importeth not much in *armies*, where the people are of weak courage.—*Bacon*.

The meanest soldier, that has fought often in an army, has a truer knowledge of war, than he that has writ many volumes, but never was in any battle.—*South*.

The Tuscan leaders and their *army* sing,

Which follow'd great Eneas to the war.

Dryden.

2. Great number.

The fool hath painted in his memory an *army* of good words.—*Shakespeare, Merchant of Venice*, iii. 5.

Armylist. s. List of officers of the army.

There are women, and handsome women too, who have this fortune in life. They fall in love with the utmost generosity: they ride and walk with half the *army-list*, though they draw near to forty, and yet the Miss O'Grady's are Miss O'Grady's still. *Thackeray, Vanity Fair*, ch. xlii.

Arnatto, or Arnatto. s. [? Caribbean.] Drug prepared from the fruit of a West-Indian tree, the Bixa Orellana Willd.

Arnatto is mixed up by the Spanish Americans with their chocolate, to which it gives, in their opinion, an elegant tincture and great medicinal virtue. They suppose that it strengthens the stomach, stops fluxes, and abates febrile symptoms; but its principal consumption is among painters and dyers. It is sometimes used by the Dutch farmers to give a richness of colour to their butter.—*Guthrie, Geography*.

Arnatto dyeth of itself an orange-colour, is used with pot-ashes upon silk, linen, and cottons, but not upon cloth, as being not apt to penetrate into a thick substance.—*Sir W. Petty, in Bishop Sprat's History of the Royal Society*, p. 200.

Aroint. adv. [?] Begone; away. *Obsolete*.

Saint Withold footed thrice the wold,

He met the night-mare, and her nine fold,

Bid her alight,

And her truth plight,

And aroint thee, with, aroint thee!

Shakespeare, King Lear, iii. 4. song.

Aroma. s. [Gr. *aroma*; Fr. *arôme*.] Delicate and fragrant scent, like that of the volatile oils or essential ether; spicy odour.

Sillery is universally allowed to be the best of the still wines. It is dry, of a light amber colour, and has a considerable body and a charming *aroma*.—*McCluck, Commercial Dictionary*.

Metaphorically. Flavour of any kind.

Copyright spoils the native *aroma* of the popular tale.—*Sir F. Palgrave, History of England and of Normandy*, i. 406.

Aromatic. adj. Possessing aroma.

1. Spicy.

Amidst whole heaps of spices lights a ball,

And now their odours arm'd against them fly;

Some preclusively by shatter'd porcelain fall,
And some by *aromatic* splinters die. *Dryden*.

2. **Fragrant; strong-scented.**

Or julek effluvia darting through the brain,
Die of a rose in *aromatic* pain. *Pope*.

And as delicious goodour letters are passed through an oven at quantative, sprinkled with *aromatic* vinegar, and then aromatised clean—namely a lady whose reputation would be doubtful otherwise and liable to give infection, passes through the whole some ordinal of the Royal presence, and issues from it free from all taint.—*Thackeray, Vanity Fair*, ch. xlviii.

Aromatic. adj. Same as Aromatic.

All things that are hot and *aromatic* do preserve liquors or powders.—*Bacon*.

Volatile oils refresh the animal spirits, but likewise are endued with all the bad qualities of such substances, producing all the effects of an oily and *aromatic* acrimony.—*Arbuthnot*.

Aromatic. s. Spices, oils, &c., possessing an aroma.

They were furnished for exchange of their *aromatics*, and other proper commodities.—*Sir W. Raleigh*.

Aromatize. v. a. Impregnate with an aroma; render fragrant.

Drink the first cup at supper hot, and half an hour before supper something hot and *aromatized*. *Bacon*.

Like converted Jews no man imputeth this unsavoury odour, as though *aromatized* by their conversion.—*Sir P. Browne, Vulgar Errors*.

Aromatizer. s. That which gives aroma.

Of other strewings, and *aromatizers*, to enrich our sallets, we have already spoken.—*Evelyn*.

Around. adv. In a circle; on every side.

Where Atlas turns the howling heav'n's around,
And his broad shoulders with their lights are crown'd.

Dryden.

And all above was sky, and ocean all around. *Id.*

Around. prep. About; encircling.

From young Iulus head

A lambent flame arose, which gently spread

Around his brows, and on his temples fed. *Dryden*.

Arouse. v. a. Wake from sleep; raise up; excite.

And now loud howling wolves *arouse* the jades,
That drag the trophy night.

Shakespeare, Henry VI. Part II., iv. 1.

But absent, went fantastick woe around
Rage in each thought, by restless musing fed,
Chill the warm cheek, and blast the bloom of life.

Thomson.

Arow. adv. [on row]. In a row; in order; one after the other. *Obsolete*.

Then some green gowns are by the lasses worn

In chastest plays, till home they walk *arow*.

Sir P. Sidney.

But with a pace more sober and more slow,
And twenty, rank in rank, they rode *arow*.

Dryden.

My master and his man are both broke loose,

Beaten the muskadeer, and bound the doctor.

Shakespeare, Comedy of Errors, v. 1.

Three days *arow*, to pass the open street.

Mirror for Magistrates, p. 321.

Arpeggio. s. [Italian.] In Music. Notes of a chord, struck in quick succession, so as to imitate the sound of a harp: (in the example it is used of a harp accompaniment).

The funeral song... was sung in recitative over his grave by a *recitante*, or rhapsodist, who occasionally sustained his voice with *arpeggio* swept over the strings of the harp.—*Walker, Historical Memoir of the Irish Harp*, p. 17.

Arquebuse. s. (used adjectively in extract.) [Fr.—originally meaning the shot of an arquebuse; used in its present sense in consequence of being applied to wounds made by that weapon.] Distilled water, for application to a bruise or wound.

You will find a letter from my sister to thank you for the *arquebuse* water, which you sent her.—*Lord Chesterfield*.

Arquebuse. s. [Fr. *arquebuse*; from *L. lat. arcubagia* = musket-stock with a bow fixed to it.] Kind of gun; carbine.

A *hargneuse*, or ordnance, will be farther heard from the mouth of the piece, than backwards or on the side.—*Bacon*.

Give him then an *arquebuse*

And a soldier's dress.

D. F. MacCarthy, Translation of Calderon's

Devotion of the Cross.

Stout Hassan hath a journey to'en,

With fifty vessels in his train;

Each armed as well becomes a man.

With arquebuss and atagani. Byron, The Giaour.

Arquebustier. s. Soldier armed with an arquebuse.

He compassed them in with fifteen thousand *arquebustiers*, whom he had brought with him will appointed.—*Knutley, History of the Turks*.

Arra. s. [Lat. *arrha*.] Earnest money. *Obsolete*.

By his spirit's hate God grafted us into his Christ, as the branches are into the true vine, by whose sap, even his said spirit, we have not only our *arra* and earnest penny of his assured covenant, but also are set so sure into eternal life, that it is impossible for sin, Satan, flesh, or whatsoever, to rattle us.—*Anderson, On the Hymn Benedictus*, p. 4. l. 1573.

Arrack. s. [Indiam.] Name given in the East Indies to all kinds of ardent spirits.

I send this to be better known for choice of china, tea, *arrack*, and other Indian goods.—*Spectator*. Many persons drink a spirituous liquor, *arak*, which the Tartar mountaineers distil from plums, shoes, dog-berris, elderberries, and wild-grapes.—*Pallas, Travels in the Crimea*.

To effect their object, the Dutch conceived the plan of purchasing *arrack*, for without account, sending it to Surat and Cochin, and there exchanging it for cloth with which to undersell the Moors.—*Sir J. E. Tennant, Travels*, pt. vi. ch. ii.

Arraign. v. a. [Fr. *arraigner*.] Put in form for trial; accuse.

Prepare you, lords:

Summon a session, that we may *arraign*

Our most disloyal lady; for as she hath

Been publicly accused, so shall she have

A just and open trial.

Shakespeare, Winter's Tale, ii. 3.

Reverse of nature! shall such captives then

Arraign the originals of Maro's poem?

Lord Bacon.

He that thinks a man to the ground, will quickly endeavour to lay him there: for while he despises him, he *arraigns* and condemns him in his heart.—*South*.

With for.

My own equities I shall never answer; and if your lordship has any, they will not *arraign* you for want of knowledge.—*Dryden, Dedication to the Æneid*.

One clergyman, who took the opposite side, and spoke harshly of Calvin, was *arraigned* for his presumption by the University of Cambridge, and escaped punishment only by expressing his firm belief in the tenets of reprobation and final perseverance, and his sorrow for the offence which he had given to pious men by reflecting on the great French reformer.—*Maccubay, History of England*, ch. i.

Arraigner. s. One who arraigns.

It [the third Council of Constantinople] deals far less in grave argument than in contemptuous crimination. The ordinary name for the arraigners is the *arraigners* of Christianity. It assumes boldly that the worship of images was the ancient, immortal, unquestionable usage of the Church, recognised and practised by all the fathers, and sanctioned by the six General Councils: that the refusal to worship images is a new and rebellious heresy. Every quotation from the fathers which makes against images is rejected as a palpable forgery, so proved, as it is asserted, by its accordance with the universal tradition and practice of the Church.—*Milman, History of Latin Christianity*, b. iv. ch. vii.

Arraignment. s. Act of arraigning; accusation; charge.

The night thou [O blessed Saviour] hadst spent in watching, in prayer, in agony, in thy conveyance from the garden to Jerusalem: from Anna to Caiaphas, from Caiaphas to Pilate; in thy restless answers, in buffetings, and stripes: the day in *arraignment*, in haling from place to place, in scourging, in stripping, in robing and disrobing, in bleeding, in tugging under thy cross, in wounding and distention, in pain and passion.—*Bishop Hall, Contemplations, The Crucifixion*.

In the sixth suture, which seems only an *arraignment* of the whole sex, there is a latent admonition to avoid ill women.—*Dryden*.

But this secret *arraignment* of the king did not content the unquiet prelate.—*Milman, History of Latin Christianity*, vol. iii. ch. vii.

Arraiment. s. [See Array.] Clothing; dress. *Obsolete*.

For their taste they must have weekly fish, herbs, and fruits, brought well-nigh from all places in Italy: for their clothing, the softest *arraiments* [that] can be had.—*Sheldon, Miracles of Antichrist*, p. 174.

Sheep clothed in soft *arraiment*, purchased without their providence or pain.—*Quarles, Judgment and Mercy, The Slothful Man*.

Arrand. s. Same as Errand. *Obsolete*.

Such may be said to go out upon such an *arrand*.—*Howell, Instructions for Foreign Travel*, p. 187.

At sudden sight of heaven's bright messenger,
In milder part she straight composed her;
And when he briefly to her heedful thought
Had done the merest *arrang*, that he brought,
She thus reply'd.

Sylvestre, Du Bartas, 432. (Ord MS.)

Arränge. v. a. [Fr. *arranger*.] Put in proper order.

I chanced this day
To see two knights in travel on my way,
(A sorry sight!) *arrang'd* in battle new.

Spenser, Faerie Queen, p. 14.

Arränge. r. n. Come to a system of cooperation, agreement, or compromise: (with *with*).

We cannot *arrange* with our enemy in the present conjuncture, without abandoning the interest of mankind.—*Burke, Two Letters, p. 14.*

Arrangement. s. Act of putting in proper order; state of being put in order.

Nor think thou seest a wild disorder there;
Through this illustrious chaos to the sight,
Arrangement met and chuseth order reign.

Young, Night Thoughts, i.

The representatives acquired in this *arrangement*, on receiving from Kaleroy the assurance that his Majesty's person should be treated with the greatest respect.—*Finlay, History of the Greek Revolution, b. v. ch. iv.*

Arranger. s. One who arranges.

None of the list-makers, the assemblers of the mob, the directors and *arrangers*, have been convicted.—*Burke, Reflections on the Executions in 1780.*

Errant. adj. [?—see Errant.] Thorough: (in a bad sense).

He [the devil] makes all his subjects *errant* vassals, yea, chained slaves. *Bishop Hall, Romances, p. 23.*

A villain fool grows forty times an *erranter* not than before.—*Sir Roger L'Estrange.*

Country folks, who looked and looked at me, as at the *errantest* coward that ever showed his shoulders to the enemy.—*Sir P. Sidney.*

'Tis pointed satire, and the shafts of wit
For such a prize are the only weapons fit;
Nor needs there art, or genius here to use,
Where indignation can create a muse:
Should parts and nature fail, yet very spite
Would make the *errantest* Wild or Witlier write.

Oldham, Satires on the Jesuits.

In 1501, John Ross started in the pulpit that the advisers of the king were all traitors, and that the king himself was likewise a traitor. He was also a rebel and a rapine, . . . He avoided open persecution, and spoke them fair; but his deeds did not correspond to his words; and, so great was his dissimulation, that he was the most *errant* hypocrite then living in Scotland.—*Buckle, History of Civilization in England, vol. ii. ch. iv.*

I'll example you with thievery:

The sun's a thief, and with his great attraction
Robs the vast sea; the moon's an *errant* thief,
And her pale fire she snatches from the sun;
The sun's a thief, whose liquid surge resolves
The moon into salt tears.

Shakespeare, Timon of Athens, iv. 3.

Errantly. adv. In an errant manner.

Funeral tears are as *errantly* shed out as mourning clothes.—*Sir Roger L'Estrange.*

Three more!

That is a heavy falling-off, my friends,
And *errantly* ill-timed.

H. Taylor, Philip Van Artevelde, Part II. v. 3.

Arras. s. [from Arras, a town in Artois, where hangings are woven.] Tapestry; hangings woven with images.

He's going to his mother's closet;

Behind the arras I'll convey myself;

To hear the process. *Shakespeare, Hamlet, iii. 3.*

And the invading crows from force scared.

Now on my head the birds their relics leave,

And spiders in my mouth their arras weave.

Oldham, Satires on the Jesuits.

Their web is black, and black the arras is,

And send the general aspect.

Rogers, Italy, p. 70.

For some were hung with arras green and blue,

Showing a jolly summer-morn,

Where with puff'd cheek the belted hunter blew

His wreathed bugle-born.

Longman, The Palace of Art.

I have of yore made many a wretchedling meet

In corners, behind *arrases*, on stairs.

Bainmont and Fletcher, Woman Hater, iii. 4.

Array. s. [Fr. *array*; from L. Lat. *arria*, from German *reihe* = row.]

1. Order: (chiefly of war.)

Wert thou sought to deeds,

That might require the array of war, thy skill

Of conduct would be such that all the world

Could not sustain thy prowess.

Milton, Paradise Regained, iii. 16.

A general acts his army in *array*
In vain, unless he fight and win the day.

Sir J. Denham.

For what can more affect us than the greatest glory that ever was visible upon earth, and, at the same time, the greatest terror?—a God descending at the head of an array of angels, and a burning world under his feet.—*T. Burnet, Theory of the Earth.*

Now these men were elected by common counsel for the general weal, throughout all the provinces and counties, and the several counties, in full folk-moot, as the sheriffs of the provinces and counties ought also to be elected; so that in every county there was one heretoch elected to lead the array of his county, according to the precept of our lord the king, to the honour and advantage of the crown of the realm aforesaid, whenever need should be in the realm.—*Kenble, The Saxons in England, b. ii. ch. iv.*

Louis might have had a sufficient token of his own debility when he marshalled, or rather endeavoured to marshal, his army against the Bretons. A starved array, the larger number of the nobles and troops, who ought to have obeyed his summons, refused.—*Sir Francis Palgrave, History of England and of Normandy, i. 220.*

What was that mighty array which Elizabeth reviewed at Tilbury.—*Maccanlay, History of England, v. i.*

2. Dress.

A rich throne, as bright as sunny day,

On which there sat most brave embellished

With royal robes, and gorgeous array.

A maiden queen. *Spenser, Faerie Queen.*

That women adorn themselves in modest apparel, with shame-freedom and sobriety; not with lordly hair or gold, or pearls, or costly array.—*1 Timothy, ii. 9.*

In this remembrance, Emily ere day

Arose, and dress'd herself in rich array. *Dryden.*

3. In Law.

Challengers are of two kinds; first, to the array, when exception is taken to the whole number impanelled; and secondly, to the polls, when individual jurymen are objected to.—*A. Foulques, jur., How we are governed, let, xvii.*

Array. r. a.

1. Put in order of battle; put in order generally.

His lance was for him *arraid*.

Guicci, Confessio Amantis, b. 8.

The day of trial came; and the very men who had most loudly and sincerely professed this extravagant loyalty were, in almost every county in England, *arrayed* in arms against the throne.—*Maccanlay, History of England, ch. i.*

2. Deck; dress; adorn the person.

One vest *array'd* the corps, and one they spread
O'er his closed eyes, and wrap'd around his head.

Dryden.

With *with*.

Deck thyself now with majesty and excellency,
and *array* thyself with glory and beauty.—*Job, xl. 10.*

With *in*.

Now went forth the morn,

Such as in highest heaven, *array'd* in gold

Empyreal. *Milton, Paradise Lost, vi. 12.*

Arreâr. [see Arriere.] adv. Behind. *Obsolete.*

To leave with speed Atlanta swift *arreâr*,

Through forests wild and unfrequented land,

To chase the lion, bear, or rugged bear.

Spenser, Faerie Queen.

Arreârage. s. Remainder of an account, or a sum of money remaining in the hands of an accountant; any money unpaid at the due time; arrears. *Rare.*

Page set forth the king of England's title to his debts and pension from the French king; with all *arreârages*.—*Sir J. Heywood.*

He'll grant the tribute, will send the *arreârages*.

Shakespeare, Cymbeline, ii. 4.

The old *arreârages* under which that crown had long groined, being decayed, he hath brought laurels to uphold and maintain herself.—*Howell, Vocal Forest.*

Arreâr. s. That which remains behind unpaid, though due.

His loan is giv'n; his knight has gained the day,

But lost the prize; the *arreâr* is yet to pay.

Dryden.

It will comfort our grand-children, when they see a few rags hung up in Westminster-hall which cost a hundred millions, whereas they are paying the *arreâr*, and boasting, as beggars do, that their grandfathers were rich.—*Swift.*

Some officers, to whom large *arreâr* were due, after vainly importuning the government during many years, had died for want of a morsel of bread.—*Maccanlay, History of England, ch. ii.*

In the singular.

All this time, the ways and means for the year were under consideration. The Parliament was

able to grant some relief to the country. The land-tax was reduced from four shillings in the pound to three. But nine expensive campaigns had left a heavy *arreâr* behind them.—*Maccanlay, History of England, ch. xliii.*

The bills of the little household, which had been settled weekly, first fell into *arreâr*.—*Thackeray, Vanity Fair, ch. xiv.*

If a tenant run away in *arreâr* of some rent, the land remains; that cannot be carried away or lost.—*Larkin.*

The first comes sometimes in the *arreâr*.—*Howell, Instructions for Foreign Travel, p. 74.*

Arreât. v. a. Raise or lift up. *Rare.*

Arctynge my sight towards the sodake,

The signes xij for to beholde asarre.

Skellon, Poems, p. 9.

Arreât. adj. Erect; (figuratively) attentive. *Obsolete.*

God speaks not to the idle and unconcerned hearer, but to the vigilant and *arreât*.—*Bishop Smalridge, Sermons, p. 9.*

Eager for the event,

Around the beldame all *arreât* they hang,

Each trembling heart with grateful terrors quell'd.

Akenaide, Pleasures of Imagination, i.

Arreât. v. a. Make *arreât*. *Obsolete.*

He was also the first in the kingdoms who began to improve the Spanish accomplishments of braying, and having large ears perpetually exposed and *arreât*, he carried his art to such a perfection that it was a point of great difficulty to distinguish, either by the view or the sound, between the original and the copy.—*Swift, Tale of a Tub, sect. xi. (Ord MS.)*

Arreâtory. s. Beam, or post, standing upright. *Rare.*

The *arreâtory*, or beam, of his cross.—*Bishop Hall, Works, ii. 278: 1661.*

Arreât. v. a. Let for a rent. *Obsolete.*

The acquisitions of the victor were absolute and universal: he gained the interest and property of the very soil of the country subdued, which the victor might, at his pleasure, give, sell, or *arreât*.—*Sir M. Hale, History of the Common Law of England, (Ord MS.)*

Arreption. s. Snatching up. *Rare.*

This *arreption* was sudden, yet Bisha sees both the chariot and the horses, and the ascent.—*Bishop Hall, Baptes of Bishop, (Ord MS.)*

Arreptions. adj. Etymologically, snatched up; seized: (in the following passage, apparently, *rapt* as in a trance; Johnson renders it *mad*). *Rare.*

Mock oracles, and odd *arreptions* frantick extravagancies.—*Howell, Letters, iv. 43.*

Arrest. s.

1. In Law. Stop, or stay: (as a man apprehended for debt is said to be arrested. To plead in *arrest* of judgement, is to show cause why judgement should be stayed, though the verdict of the twelve be passed. To plead in *arrest* of taking the inquest upon the former issue, is to show cause why an inquest should not be taken.)

If I could speak so wisely under an *arrest*, I would send for my creditors; yet I had as lief have the fopery of freedom as the morality of imprisonment.—*Shakespeare, Measure for Measure, i. 3.*

2. Any caption; seizure of the person.

To the rich man, who had promised himself ease for many years, it was a sad *arrest*, that his soul was surprised the first night.—*Jeremy Taylor.*

3. Stop.

The stop and *arrest* of the air sheweth that the air hath little appetite of ascending.—*Bacon.*

4. Simply a decree: (this word, although used by some of our old writers, has never obtained favour.)

He makes it evident to me by the *arrests* of state, and the determinations of the Sorbonne in matters of religion.—*Lord Claremoun, Tracts, 285. (Ord MS.)*

Arrest. v. a. [N.F. *arrest*; Fr. *arrêter* = stop.]

1. Seize by a mandate from a court or officer of justice; seize anything by law; seize; lay hands on; detain by power.

Good tidings, my lord Hastings, for the which

I do *arrest* thee, traitor, of high treason.

Shakespeare, Henry IV. Part II. iv. 2.

There's one yonder *arrested*, and carried to prison,

was worth five thousand of you all.—*Shakespeare, Measure for Measure, i. 2.*

He hath enjoyed nothing of Ford's but twenty pounds of money, which must be paid to Master

Arrest; his horses are *arrested* for it.—*Shakespeare, Merry Wives of Windsor*, v. 5.
But when as Morpheus had with leaden mace
Arrested all that goodly company.

Spenser, Faerie Queen, i. 4, 44.
Age itself, which, of all things in the world, will
not be baffled or defied, shall begin to *arrest*, seize,
and remind us of our mortality.—*South*.

They were asked whether they would pray for
King James VII. They refused to do so except
under the condition that he was one of the elect. A
file of musketeers was drawn out. The prisoners
kneel down: they were blindfolded; and, within an
hour after they had been *arrested*, their blood was
lapped up by the dogs.—*Macaulay, History of Eng-
land*, ch. iv.

2. Check; hinder; obstruct; stop.

This defect of the English justice was the main
impediment that did *arrest* and stop the course of
the conquest.—*Sir J. Davies*.

As often as my dogs with better speed
Arrest her flight, is she to death decreed.—*Dryden*.
Nor could her virtues, nor repeated vows
Of thousand lovers, the relentless hand
Of death *arrest*.—*Philips*.

To manifest the cogitative power, we have *ar-
rested* the fluidity of new milk, and turned it into a
curdled substance.—*Boyle*.

Ascribing the causes of things to secret proprie-
ties hath *arrested* and laid asleep all true enquiry.
—*Bacon*.

Arrestment. s. Arrest.

The first effect is *arrestment* of the functions of
the spinal chord.—*Christison, Treatise on Poisons*,
pt. i. ch. § 2.

Arride. v. a. [Lat. *arrideo*.] Smile on; please the fancy of anyone. *Pedantic*, *obsolete*.

A pretty air; in general, I like it well; but in par-
ticular, your long die-wode did *arride* me most.—
B. Jonson, Cynthia's Revels.
E. 'Fore heavens, his humour *arrides* me exceed-
ingly.

C. Arrides you?

E. Ay, please me, (a pox on't.) I am so haunted
at the court, and at my lodging, with your refined
choise spirits, that it makes me sham of another
gair, another sheaf, I know not how! I cannot
frame me to your harsh vulgar phrase, 'tis against
my genius!—*B. Jonson, Every Man out of his Humour*.

I have had more care to suite the capacities of
the vulgar, than to observe those criticisms which
arride the learned.—*Waller, Translation of the
Psalms*, pref. p. 1: 1632.

But, above all, that conceit *arrided* us most at
that time, and still tickles our midriff, to remember,
where, allusively to the flight of Astræa—'ultima
Celestium terras reliquit'—we pronounced—in refer-
ence to the stockings still—that Mobydy, taking
her final leave of mortals, had last blush was visible
in her ascent to the heavens by the track of the
glowing meteor. This might be called the crowning
conceit; and was extremely tolerable writing in those
days.—*G. Lamb, Last Essays of Elia: Westmagore
thirty-five years ago*.

Arriere. s. and adj. [Fr.] Last body of an army; rear. *Rare*.

The horsemen might issue forth without distur-
bance of the foot, and the avant-gard without shuf-
fling with the battail or *arriere*.—*Sir J. Hayward*.

For the following see Ban.

This sea being of too limited a surface to yield
convenient supply to so vast a region labouring uni-
versally under this calamity, nature seems distressed
and reduced to her last shifts; and, when her com-
mon methods fail, summons (as it were) her *arriere
band* to prevent, for ought we know, some sort of
dissolution.—*Sir H. Shere, Discovery of the Meli-
terrean Sea*, p. 24.

Thus vice the standard rear'd; her *arriere band*
Corruption call'd, and land she gave the word.
—*Thomson, Castle of Indolence*, ii. 30.

Charles summoned his army for the purpose of
expelling the enemy; carefully scanty was the re-
inforced *arriere ban*. Hugh the Abbot had the gout,
and sent his esquire.—*Sir F. Pulgrave, History of
England and of Normandy*, i. 594.

Arrival. s. Act of coming to any place.

How are we changed since we first saw the
queen?

She, like the sun, does still the same appear,
Bright as she was at her *arrival* here.—*Waller*.
The unravelling is the *arrival* of Ulysses upon his
own island.—*Bruner, View of Epick Poetry*.

Arrivance. s. *Obsolete*.

1. Company coming.

Every minute is expectancy
Of more *arrivance*.—*Shakespeare, Othello*, ii. 1.

2. Arrival.

Our reason is that of Aristotle, drawn from the
increment and generation of this animal, that is, its
sudden *arrivance* into growth and maturity, and
the small time of its remainder in the womb.—*Sir
T. Browne, Vulgar Errors*, p. 123. (Ord. 118.)

Vol. I.

Arrive. v. n. [Fr. *arriver*; Lat. *ad ripam* = come on shore.]

1. Reach a point; attain to.

With an or upon.

At length *arriving* on the banks of Nile,
Wearied with length of ways and worn with toil,
She laid her down.—*Dryden*.

When we were *arrived* upon the verge of his es-
tate, we stopped at a little inn, to rest ourselves and
our horses.—*Sir P. Sidney*.

With at.

The bounds of all body we have no difficulty to
arrive at; but when the mind is there, it finds no-
thing to hinder its progress.—*Locke*.

It is the highest wisdom by desisting the world
to *arrive* at heaven; they are blessed who converse
with God.—*Jeremy Taylor*.

The virtuous may know in speculation, what they
could never *arrive* at by practice, and avoid the
snares of the crafty.—*Addison*.

With to.

Happy! to whom this glorious death *arrives*,
More to be valued than a thousand lives.—*Waller*.
In the age of that poet, [Eschylus] the Greek
language was *arrived* to its full perfection.—*Dryden*,
Preface to Troilus and Cressida.

Whether he that hath these notions of repent-
ance is ever like to *arrive* to the truth of repent-
ance, He alone knows, who knows whether He will
give such an one another heart or no.—*South, Ser-
mons*, vol. 120.

2. Come.

The time at length *arrived* when the effect of all
these causes became visible, in the important change
which is commonly described as the work of 'Thes-
seus, by which the national unity was consolidated,
and many of the germs were fixed, out of which the
institutions to which Athens owed her greatness
finally unfolded themselves.—*Bishop Thirlwall, His-
tory of Greece*, ch. xi.

Arrive. v. a. Come alongside of; reach. *Rare*.

Ere we could *arrive* the point proposed.
—*Shakespeare, Julius Cæsar*, i. 2.

I phorne with indefatigable pains
Over the vast abrupt, ere he *arrives*.
The lady is!—*Milton, Paradise Lost*, ii. 408.
Last a word was *arrive* him.—*Milton, Treatise of
Civil Power*.

Arrive. s. Arrival. *Obsolete*.

How should I joy of thy *arrive* to hear!
—*Shakespeare, Richard III*, i. 3.
Id. Epistle of Brulante to Mary.
At whose *arrive* the shores with people throng.

Id. Miserie of Queen Margaret, 110.

Arrrogance. s. Act of taking much upon one's self; pride consisting in exorbitant claims.

Stanley, notwithstanding she's your wife,
And loves not me, be you, good lord, assur'd,
I hate not you for her proud *arrogance*.

Pride and *arrogance*, and their evil way, and the
froward mouth do I hate.—*Proverbs*, viii. 13.

Humility it expresses by the stooping and bemi-
ng of the head: *arrogance*, when it is lifted, or, as
we say, tossed up.—*Dryden, Translation of Da-
vidson*.

At every great crisis of his political and of his
military life he was ultimately drunk with *ar-
rogance* and sunk in dejection.—*Macaulay, History of
England*, ch. xxi.

Arrogancy. s. Same as Arrogance. *Rare*.

Discussing of matter dubious, and on any con-
trovertible truths, we cannot without *arrogancy*
entreat a credulity.—*Sir T. Browne, Vulgar Er-
rors*.

Arrogant. adj. Exorbitant; haughty.

French's right unto that country which he claims,
or the signery therein, must be vain and *arrogant*.
—*Spencer, View of the State of Ireland*.

An *arrogant* way of treating with other princes
and states is natural to popular governments.—*Sir
H. Temple*.

His [Lord (Harvard's)] temper was sour, *ar-
rogant*, and impatient of opposition.—*Macaulay, His-
tory of England*, ch. i.

Arrogantly. adv. In an arrogant manner.

Not enterprising to run afore, and so, by their
rashness, become the greatest hinderers of such
things, as they more *arrogantly* than justly would
seem (by their own private authority) most hotly
to set forward.—*King Edward VI. Injunctions*.

Our post may
Himself admire the fortune of his play;
And *arrogantly*, as his fellows do,
Think he writes well, because he pleases you.

—*Dryden*.
Another, warin'd
With high ambition, and conceit of prowess
Inherent, *arrogantly* thus proud'd;
What if this sword, full often drench'd in blood,
Should now cleave sheer the execrable head
Of Churchill?—*J. Philips, Blenheim*.

Arrogate. v. a. [Lat. *arrogatus*, part. of *arrogare*.] Prefer a claim in a spirit of pride.

The popes *arrogated* unto themselves, that the
empire was held of them in lousage.—*Sir Walter
Raleigh*.

Who, not content
With fair equality, fraternal state,
Will *arrogate* dominion and mastery?

Over his brethren.—*Milton, Paradise Lost*, xii. 23.
Rome never *arrogated* to herself any infallibility,
but what she pretended to be founded upon Christ's
promise.—*Archbishop Tillotson*.

'For my own part,' said he, 'I rejected the pro-
vince offered me as an appendage to my pretorship;
whereas Pompey *arrogated* many provinces to him-
self, and some he bestowed upon his friends.'—
*Lainghorne, Translation of Plutarch's Lives: Cato
the Younger*.

In the mean time let us not presume to *arrogate*
the office of pronouncing judgement upon even the
least of those who have sinned for their account; but it
is not less our duty than to their advantage to profit
by past experience, and to trace out in causes and
effects the profound dispensations of God.—*Adams-
son, The Slave in its Relations with the Church*,
ch. vii.

He *arrogated* to himself the field of deciding dog-
matically what was orthodox doctrine and what was
heresy, of drawing up and imposing confessions of
faith, and of giving religious instruction to his peo-
ple.—*Marquess, History of England*, ch. i.

Opposed to deprecate.

I intend to describe this battle fully, not to depre-
cate anything from any nation, or to *arrogate* to the
other.—*Sir J. Hayward*.

Arrogation. s. Claiming in a proud unjust manner. *Rare*.

Where selfishness is extinguished, all manner of *ar-
rogation* must of necessity be extinct.—*Dr. H. More*,
Song of the Soul, Notes, p. 372.

Arrogative. adj. Presumptuous. *Rare*.

Mortification, not of the body, (for that is suffi-
ciently insisted upon,) but of the more spiritual *ar-
rogative* life of the soul, that should ascribing that
to ourselves that is God's, for all is God's.—*Dr. H.
More, Song of the Soul*, Notes, p. 371.

Arrow. s. [A.S. *arwe*; O.E. *arwe*.] Weapon which is shot from a bow.

I swear to thee by Cupid's strongest bow,
By his best arrow with the golden head,

—*Shakespeare, Midsummer Night's Dream*, i. 1.
Here were boys so desperately resolved, as to pull
arrows out of their flesh, and deliver them to be
shot again by the archers on their side.—*Sir J. Hay-
ward*.

Arrow-root. s. [see last extract.] Farina from the root of Maranta arundinacea and its congeners.

Maranta indica, as its specific name implies, fur-
nishes West-Indian *arrow-root*. The Caracena
angustifolia of Roxburgh supplies much of the East-
Indian *arrow-root*; and some has lately been
brought from the Sandwich Islands, which is the
production of the Tacca pinnatifida.—*Thomson*,
Dispensatory, p. 185.

What love, what fidelity, what constancy is there
equal to that of a nurse with small wages? They
suckle pillows, and under *arrow-root*, they get up
at nights; they bear complaints and querulousness;
they see the sun shining out of doors and don't
want to go abroad; they sleep on arm-chairs, and
eat their meals in solitude; they pass busy, long
evenings doing nothing, watching the embers, and
the patient's drink simmering in the jug; they read
the weekly paper the whole week through; and
Law's Serious Call, or the Whole Duty of Man suf-
fers them for literature for the year.—*Thackeray*,
Lucy Fair.

The name *arrow-root* was originally applied to
this plant from the fact of its brittle substance being
employed by the native Indians as an application to
the poisoned wounds inflicted by their arrows.—
Bulley, Manual of Botany, p. 663.

Arrowy. adj. Consisting of arrows; formed like an arrow.

See! the storm begins to lower,
Haste, the loom of hell prepare;
Iron sheet of *arrowy* shower,
Hurdes in the darkened air.

—*Gray, The Fatal Sisters*.
The lambent homage of his *arrowy* tongue.
—*Cooper, Task*, vi.

Arsenal. s. [Ital. *arsenale*.] Magazine of military stores and implements.

[*Arsenal*. It. *arsana*, *arsena*, *arsana*, a dock-
yard, place of naval stores and outfit, dock. Sp.
atarazana, *atarazanal*, a dock, covered shed over a
rope-walk. From the Arabic *dār cunah*, place of
work. (Dirz.) O. Fr. *arsene*; Arab. *arsenah*,
stiller, magazine. (Roquefort.)—*Webster, Dic-
tionary of English Etymology*.]

I would have a room for the old Roman instru-
ments of war, where you might see all the ancient
military furniture, as it might have been in an
arsenal of old Rome.—*Addison*.

They sailed back, but found him on his guard, and some actions took place in which they were finally worsted; yet not before they had put the tyrant in such jeopardy, that he was forced to take the precaution of shutting up the wives and children of the other citizens in the *arsenal*, and threatening to set it on fire if any attempt was made in favour of the insurgents.—*Bishop Thirlwall, History of Greece*, ch. xiii.

Arsenic. *s.* [Gr. *ἀρσενικόν* = male, masculine, powerful, virile, after the manner of a man.] Metal so called.

Arsenic is a very deadly poison: held to the fire, it emits fumes, but liquidates very little.—*Woodward, On Fossils*.

It is by no means uncommon to find a word which is used to express general characters subsequently become the name of a specific substance in which such characters are predominant; and we shall find that some important anomalies in nomenclature may be thus explained. The term *arsenic*, from which the word *Arsenic* is derived, was an ancient epithet applied to those natural substances which possessed strong and acrimonious properties, and as the poisonous quality of *arsenic* was found to be remarkably powerful, the term was especially applied to Orpiment, the form in which this metal most usually occurred.—*Dr. Paris, Pharmacologia, Historical Introduction*, i. 65, 68.

Arsenical. *adj.* Containing or consisting of arsenic; of the nature of arsenic.

An hereditary consumption, or one engendered by arsenical fumes under ground, is incurable of cure.—*Harvey, Diseases of Consumptions*.

There are *arsenical*, or other like noxious minerals lodged underneath.—*Woodward*.

Arsenious. *adj.* With an excess of arsenic. *Arsenious* acid, and the salts of lead, bismuth, copper, and mercury, if introduced into the animal organism, except in the smallest doses, destroy life. These facts have long been known, as insulated truths of the lowest order of generalization; but it was reserved for Lavoisier, by an apt employment of the first two of our methods of experimental inquiry, to connect these truths together by a higher induction, pointing out what property, common to all these deleterious substances, is the really operating cause of their fatal effect.—*Mill, System of Logic*, b. iii. ch. ix. § 1.

Arsen. *s.* [L. *arsis*, *arsis*, -onis = burning.] Crime of willfully burning.

For the practice of clipping, pernicious as it was, did not excite in the common mind a detestation resembling that with which men regard murder, arson, robbery, even theft. The injury done by the whole body of clippers to the whole society was indeed immense, but each particular act of clipping was a trifle.—*Maccarty, History of England*, ch. xxi.

Art. *s.* [from Lat. *ars*, *art-is*.]

1. Skill: (the result of habit regulated by rules, as opposed to science which is determined by laws, and its opposed to natural skill, the result of no training at all).

Art is properly an habitual knowledge of certain rules and maxims, by which a man is governed and directed in his actions.—*South*.

Best with each grade of nature and of art. *Pope*.

Ev'n clasp'd Dryden wanted, or farc'd, The last and greatest art, the art to blot.

It (i.e. Logic's) 'most appropriate office, however, is that of instituting an analysis of the process of the mind in reasoning; and in this point of view it is, as has been stated, strictly a science; which, considered in reference to the practical rules above mentioned, may be called the art of reasoning.—*R. Wately, Logic*.

It was a point long keenly mooted by the old logicians, whether logic were a science or an art, or neither or both. The Greek Aristotelians, and many philosophers since the revival of letters, deny it to be either science or art. In more modern times, however, many Aristotelians, all the Ramists, and a majority of the Cartesianists maintained it to be an art: but a considerable party were found who declared it as both art and science.—*Sir W. Hamilton, Logic*, i. 9.

Theorists, by an observation of particulars, and by generalizing upon them, attempt to construct a system of scientific propositions with respect to a certain subject; upon which system a set of rules intended for the guidance of practice may be founded. These rules form an art. Many scientific investigations have been conducted, and scientific treatises composed, by persons unpractised in the corresponding art; thus, Aristotle composed a treatise on rhetoric, though not himself an orator and practical rhetorician. Clerk's work on naval tactics is another instance of a scientific treatise by an unprofessional writer. In other cases, scientific inquiries and treatises are due to practitioners, as on medical and physiological subjects.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. iii. p. 42.

2. Exercise of any art, especially a liberal one, personified.

Meanwhile J. J. went steadily on with his work, no day pass'd without a line; and fame was not very far off, though this he heeded but little; and Art, his sole mistress, rewarded him for his steady and fond pursuit of her.—*Thackeray, The Newcomes*, ii. 110.

3. Cunning; artfulness; artifice.

More matter with less art. *Shakespeare, Hamlet*, ii. 2.

Truly, I have heard

Of such a chamber.

More than heard have I;

For I have seen it.

Thou hast an entering art. How got'st thou in?

M. Sir, by the golden key.

J. T. Taylor, St. Clement's Eve, iii. 6.

Art. *s.* [from Lat. *artifex*.] Contriver. *Art* and part, when a person is both the contriver of a crime and takes part in the execution, but commonly in the negative, neither *art* nor *part*. From the Lat. *artifex* see *artifice*, neither contriver nor partner.—*Webster, Dictionary of English Etymology*.

Arted. *adj.* Skilled. *Obsolete*.

Those that are thoroughly arted in navigation do as well know the coast as the ocean.—*Felltham, Resolves*.

It hath been counted ill for great ones to sing, or play, like an arted musician. Philip asked Alexander if he were not ashamed that he sang so artfully.—*Sylvester, Du Bartas*, 88. (Ord MS.)

Artérial. *adj.* Relating to, or contained in, an artery.

As this mixture of blood and chyle passeth through the arterial tube, it is pressed by two contrary forces; that of the heart driving it forward against the sides of the tube, and the elastic force of the air, pressing it on the opposite side of those air-bladders; along the surface of which this arterial tube creeps.—*Arbuthnot*.

Adding that after it [the blood] has thus been transferred from the arterial vein (that is the pulmonary artery) to the venous artery (that is, the pulmonary vein) it is then diffused from the left ventricle of the heart throughout the arteries (or blood-vessels) of the whole body.—*Craik, History of English Literature*, ii. 133.

There are two oxides of iron, a protoxide and a peroxide. In the arterial blood the iron is in the form of peroxide: In the venous blood we have no direct evidence which of the oxides is present, but the considerations to be presently stated lead to the conclusion that it is the protoxide. As arterial and venous blood are in a perpetual state of alternate conversion into one another, the question arises, in what circumstances the protoxide of iron is capable of being converted into the peroxide, and vice versa.—*Mill, System of Logic*, b. iii. ch. iii.

Artery. *s.* [Lat. *arteria*; Gr. *ἀρτηρία*.]

1. Duct which conveys the blood from the heart to the capillaries: (the opposite of veins, which convey it from the capillaries to the heart).

Besides, another motive power doth rise Out of the heart, from whose pure blood do spring The vital spirits, which, born in arteries, Continual motion to all parts do bring.

Sir J. Deane, Immortality of the Soul, § 23. The arteries are elastic tubes, endowed with a contractile force, by which they drive the blood forward; it being hindered from going backward by the valves of the heart.—*Arbuthnot*.

2. Trachea or windpipe: (*τρωχία ἀρτηρία* = rough artery).

In's hollow artery doth music play.

Poems of Walter de Maup, edited by T. Wright, p. 282.

In ead' musica nidi arteria.—*Original*.

And in his hollow pipes did music finely lay.

Translation of the same, p. 272.

Artful. *adj.* Performed with art; cunning; skillful.

The last of these was certainly the most easy, but, for the same reason, the least artful.—*Dryden*.

O still the same, Ulysses, she rejoins'd,

In useful craft successfully refin'd.

Artful in speech, in action, and in mind. *Pope*.

Artfully. *adv.* With art; skillfully; cunningly.

The rest in rank; Honoria chief in place,

Was artfully contriv'd to set her face,

To front the thicket, and behold the chase. *Dryden*.

Vice is the natural growth of our corruption. How irresistibly must it prevail, when the seeds of it are artfully sown, and industriously cultivated?—*Reynolds*.

Artfulness. *s.* Attribute suggested by

Artful; skill; cunning.

Consider with how much artfulness his bulk and

situation is contrived, to have just matter to draw round him these many bodies.—*Chryse*.

Arthritic. *adj.* [Gr. *ἀρθριτικός*, from *ἄρθρον* = joint.] Gouty.

Frequent changes produce all the arthritic diseases.—*Arbuthnot*.

Arthritical. *adj.*

1. Same as Arthritic.

I have forgotten whether I told you in my last a pretty late experiment in arthritical pains.—*Sir H. Wollam, Reliquia Wollamiana*, p. 435.

2. Relating to joints.

Serpents, worms, and leeches, though some want bones, and all extended articulations, yet have they arthritical analogies; and by the motion of fibrous and muscular parts, are able to make progression.—*Sir T. Browne, Vulgar Errors*.

Artic. or **Artique.** *adj.* Incorrect for Artic.

But they would have winters like those beyond the Arctic circle, for the sun would be 80 degrees from them.—*Sir T. Browne*.

To you, who live in chill degree, As nuns inform, of fifty-three, And do not much for cold alone, By bringing thither fifty-one, Methinks all climes should be alike, From trojick e'en to pole artique. *Dryden, Epistles*, 7.

Artichoke. *s.* [Ital. *articoceo*.] Vegetable so called (Cynara Scolymus).

No herbs have curled leaves but cabbage and cabbage lettuce; none have double leaves, one belonging to the stalk, another to the fruit or seed, but the artichoke.—*Bacon*.

Artichokes contain a rich, nutritious, stimulating juice.—*Arbuthnot, On the Nature and Choice of Aliments*.

Article. *s.* [Lat. *articulus* = joint.]

1. In Grammar. The article in Grammar is not often defined. It is generally stated that such and such words are articles. What makes an article is rarely stated. According to the views of the present writer, exhibited more fully in his *English Language* and elsewhere, the first essential for an article is, that it should be a word which cannot be used by itself, but must always be joined-on to another word. On the other hand, it must be capable of being separated, or isolated. It must have an independent existence as a word. This separates *an* and *the* from the *-s* in *father's*, the *-ed* in *moved*, and other ordinary inflections. It must be definitely deducible from some other word, itself capable of an independent existence. *A* in this way—*an*, whilst *an* = *one*. *The*, in like manner, is deducible from the root of *this* and *that*. The word from which it is thus deducible must be a pronoun. In such expressions as *I have written a letter* the original possessive power of *have* is lost. Yet *have* is no article. See *Have*.

It must be demonstrative or numerical. In *this is my hat*, we cannot use *my* by itself and say *this hat is my*. Yet *my* is no article. It must express something connected with the definitude, the indefinitude, or the number of the noun with which it is connected. Thus *the* means some object, or objects, specially; *a* means some particular though undefined object. If this definition be recognized, *no* and *every* are articles; their construction being that of *the* and *a*. See *No* and *Every*. In the singular number *any* (q.v.) is, if no true article, subarticular. To the question *which will you have?* we answer *any*, only when we mean to take more than one. If we ask *which one will you take?* the answer is, *not any*, but *any one*. Hence, the construction is that of *every*. For the full exposition, however, of the doctrine here laid down, the reader is referred to further remarks under *Have*, *Every*, *My*, and *No*.

[It is not usual to look upon the word 'no' as an *article*; though some grammarians have done so. It is still more uncommon to make an *article* of 'every.' There is good reason, however, for doing it. All the four words under notice agree in having no separate and independent existence. Whenever they occur they occur in union with a noun or a pronoun. Thus we say, *a man, the man, and no man*. We can say *every one is ready*; but we cannot say *every* is ready. *Articles* take their name from the circumstance of their being united or joined to some other word. In many languages they are actually combined. Thus (in Danish) *board* is a table, whilst *board* is the table (table-the).—*Dr. R. Latham, Elementary English Grammar*, § 90.]

2. Single clause of an account; particular part of any complex thing.

Laws touching matters of order are changeable by the power of the church; *articles* concerning doctrine not so.—*Hooker*.

Have the summary of all our griefs.
When time shall serve to show in *articles*.

Shakespeare, Henry IV. Part II. iv. 1.
Many believe the *article* of remission of sins, but believe it without the condition of repentance. We believe the *article* otherwise than God intended it.

Jerome Taylor, Rule and Exercise of Holy Living.
All the precepts, promises, and threatenings of the gospel will rise up in judgment against us; and the *articles* of our faith will be as many *articles* of accusation; and the great weight of our charge will be this, That we did not obey the gospel which we professed to believe; that we made profession of the Christian faith, but lived like heathens.—*Archbishop Tillotson*.

You have small reason to repine upon that *article* of life.—*Swift*.

And thus we are, at last, returned to our old *article* of advice; that main preliminary of self-study and inward converse, which we should have found so much wanting in the authors of our time.—*Lord Shaftesbury, Characteristics*.

At most, in the immeasurable tide of French speech (which ceases not day after day, and only ebbs towards the short hours of night), may this of the royal sickness emerge from time to time as an *article* of news.—*Carlyle, French Revolution*, b. i. ch. i.

Happily the progress of this great evil was speedily stopped by the Revolution, and by that *article* of the Bill of Rights which condemns all cruel and unusual punishments.—*Macaulay, History of England*, ch. iv.

3. Term; stipulation.

I enquire these conditions; let us have *articles* betwixt us.—*Shakespeare, Cymbeline*, i. 5.

It would have gall'd his surly nature,
Which easily endured not *article*,
Tying him to ought.—*Shakespeare, Coriolanus*, ii. 3.

4. Point of time; exact time.

If Cansfield had not, in that *article* of time, given them that brisk charge, by which other troops were ready, the king himself had been in danger.—*Lord Clarendon*.

5. Special commodity.

Very few of the *articles* which form at the present day the staple exports of Ceylon appear in the commercial reports of the Dutch governors.—*Sir J. E. Tennent, Ceylon*, pl. vi. ch. ii.

6. In Journalism. Contribution in a periodical.

'Tis strange the mind, that very fiery particle,
Should let itself be snuffed out by an *article*.

One of the latest instances of skill in putting things which I remember to have struck me, came upon me, where abundance of such skill is to be found—in a leading *article* of the 'Times.' The writer of that *article* was endeavouring to show that the work of the country clergy is exceedingly light.—*Reverend of a Country Parson*, ch. i.

'By certain humble contributions of mine to the press,' answered Bayham, majestically. 'Mr. Warrington, the claret happens to stand with you; and exercise does it good, sir.' 'Yes, the *articles*, trifling as they may appear, have attracted notice.'—*Thackeray, The Newcomes*, ii. 41.

Articles in reviews generally appear with the names of the authors, in France, Germany, and the other continental countries. In England and the United States, reviews are almost always anonymous; but the secrecy of authorship is not so strictly maintained as in newspapers. In either case, an *article* appearing in a review possesses whatever authority it may derive from the previous character of the periodical work in which it is published.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. ix.

Article. v. n. Stipulate; make terms.

Such in love's warfare is my case,
I must not *article* or grace.

Having put love at last to show his face. *Donna*.
He had not infringed the least title of what was *articled*, that they aimed at one mark, and their ends were concentric.—*Howell, Vocal Forest*.

If it be said, God chose the successor, that is manifestly not so in the story of Jephtha, where he

articled with the people, and they made him judge over them.—*Locke*.

They detected them to the archbishop, by *articling* against them for their doctrine.—*Strype, Life of Archbishop Cranmer*, b. i. ch. 23.

Article. v. a. Draw up in particular articles; bind by articles.

He, whose life seems fair, yet if all his errors and follies were *articled* against him, the man would seem vicious and miserable.—*Jerome Taylor, Rule and Exercise of Holy Living*.

Articular. adj. In the manner of, or appertaining to, a joint.

The long bones of most reptiles retain a layer of ossifying cartilage beneath the terminal *articular* cartilage; and growth continues at their extremities while life endures.—*Owen, Lectures on Comparative Anatomy*, lect. i.

Articulata. In Zoology. Same as Annulose.

From this point upwards, through the various families of molluscs, *articulata*, and vertebrata inhabiting the water, we trace a more complex visual apparatus, and a generally increasing distance through which the correspondence extends.—*Herbert Spencer, Principles of Psychology*, pt. iii. ch. vii.

Articulate. adj.

1. Distinct; definite; in detail under separate heads: (applied to sounds).

In speaking under water, when the voice is reduced to an extreme ebbity, yet the *articulate* sounds, the words are not confounded. *Bacon*.

The first, at least, of these I thought dony'd
To beasts; when God, on their creation day,
Created mute to all *articulate* sound.

Milton, Paradise Lost, ix. 555.

Applied generally.

Antiquity expressed numbers by the fingers on either hand. On the left, they accounted their digits and *articulate* numbers unto an hundred; on the right hand hundreds of thousands.—*Sir T. Browne, Vulgar Errors*.

Wherever *articulate* contemporary declarations have been preserved, ethnological is not less certain than other sorts of history.—*Sir G. C. Lewis, Enquiry into the Credibility of the early Roman History*, i. 222.

What is Logic? Answer.—Logic is the Science of the Laws of Thought, as Thought. This definition, however, cannot be understood without an *articulate* explanation of its several parts.—*Sir W. Hamilton, Logic*, i. 4.

2. Branched out into articles. Rare.

Henry's instructions were extremely curious and *articulate*; and, in them, more articles touching inquisition than negotiation: requiring an answer in distinct articles to his questions.—*Bacon*.

3. Belonging to the joints.

The causes internal of these *articulate* pains move upon one hinge of Hippocrates, which he calleth humours.—*Widdaker, Blood of the Grape*, p. 75.

4. In Zoology. Belonging to the Articulata.

And since we were led from the infusoria to the polyp, because the ciliated larvae of these resembled the mounds, and from the polyp to the nematode, because these in their larval state were polypes, so we have now the same indication, from a transitory step in development, of the right track in passing from the annulata to the epizoic; and the succeeding steps will lead us to place these parasites on a higher grade of *articulate* structure: and not with the coelozoic, where Cuvier and Lamarck left them.—*Owen, Lectures on Comparative Anatomy*, lect. xii.

Articulato. v. a.

1. Draw up articles; make terms; treat. Rare.

These things, indeed, you have *articulated*,
Præsum'd all market crosses, read in churches,
To fix the garment of rebellion
With some fine colour.

Shakespeare, Henry IV. Part I. v. 1.
We will write

To Rome of our success. You, Titus Lartius,
Must to Corioli back: send us to Rome
The best with whom we may *articulate*.
For their own good and ours. *Id., Coriolanus*, i. 9.

2. Form words; utter distinct syllables; speak as a human being.

The doctinalist knows not by what art he directs his tongue, in *articulating* sounds into voices.—*Glaucilla, Scæpiæ Scientifiæ*.

Parisian anatomists, in their anatomy of apes, tell us that the uncles of the tongue, which do most serve to *articulate* a word, were wholly like those of man.—*Ray, Wisdom of God manifested in the Works of the Creation*.

3. Joint.

If we consider, on the part of the bones, first, the shape, and take notice that it is situated on the wrong part of the back; that it is *articulated* to the inferior per arthrodium.—*Smith, Portrait of Old Ape*, p. 30.

Articulated. part. adj. Jointed.

They would derive themselves with a little *articulated* air.—*Locke*.

As regards the development of the skull, properly so called, the ordinary course is pursued with very little deviation in the Dermopterous fishes; but is arrested at more or less early embryonic stages; yet at each of these, even the earliest, development proceeds in a special direction, to stamp the species with its own distinctive and peculiar character: in the Branchiostoma by the *articulated* cartilages of the head arch and its numerous filaments; and in the proper Myxinioids and Lampreys by the formation of the complex system of internal and labial cartilages; or by the modification of the palatine, maxillary, and hyoid rudiments, in relation to the suctorial function of the mouth. *Owen, Lectures on Comparative Anatomy*, lect. iv.

Articulately. adv.

1. In the way or form of distinct articles.

The letter of my Lords of the council with your Majesty, touching the affairs of Ireland, written largely and *articulately*, will much facilitate our labours here. *Bacon, to the King*, April 19, 1617.

The table hath ordered that the informer shall attend one of the clerks of the council, and set down *articulately* what he can speak. *Overseer*, vi. 141. (Orl MS.)

In pursuance of this plan, I at once commence by giving you, as a first proportion or paragraph, the following: I may notice, however, by way of parenthesis, that as we may have sometimes occasion to refer *articulately* to these proportions, it would be proper for you to distinguish them by sign and number.—*Sir W. Hamilton, Logic*, i. 5.

2. In an *articulate* voice.

The secret purpose of our heart, no less *articulately* spoken to God, who needs not our words to discern our meaning.—*Dr. H. More, Deity of Christ*, ch. vi.

Articulateness. s. Attribute suggested by Articulate.

The disturbed air hinders the *articulateness* of a discourse from coming to the ears, though it may convey something of the business and length of it.—*Translation of Plutarch's Morals*, c. 393. (Orl MS.)

Articulation. s.

1. Junction or joint of bones.

With relation to the motion of the bones in their *articulations*, there is a twofold ligament prepared for the immobility and inflexibility of the heads, an oily one, and a unguiscent one, supplied by certain glands subsistent in the *articulations*. *Rap*.
His conceivings are kinder than his utterance, and his happiest impressions had the appearance of effort. He has been accused of trying to be witty, when in truth he was but struggling to give his poor thoughts *articulation*.—*C. Lamb, Preface to his Works*.

2. Act of forming words.

I conceive that an extreme small, or an extreme great sound, cannot be *articulate*, but that the *articulation* requireth a mediocrity of sound. *Bacon*.
By *articulation*, I mean a peculiar motion and flexure of some parts belonging to the mouth, between the throat and lips. *Ibid.*

Artifice. s.

1. Trick; fraud; stratagem.

It needs no legends, no service in an unknown tongue; none of all these laborious *artifices* of ignorance; none of all these tricks and coverings.—*South*.

In private those who were conscious of guilt employed numerous *artifices* for the purpose of averting enquiry.—*Macaulay, History of England*, ch. xxi.

2. Art of making.

Strabo affirmeth, the Britons were so simple, that though they abounded in milk, they had not the *artifice* of cheese.—*Sir T. Browne, Vulgar Errors*, p. 312. (Orl MS.)

3. Artistic skill.

His (Congreve's) plots are constructed without much *artifice*.—*Craik, History of English Literature*, ii. 257.

Artificer. s. One by whom anything is made; artist; manufacturer; contriver.

The lights, doors, and stairs, rather directed to the use of the guest, than to the eye of the *artificer*.—*Sir P. Sidney*.

Let you alone, cunning *artificer*.—*B. Jonson*.
The great *artificer* would be more than ordinarily exact in drawing his own picture.—*South*.

In the practices of *artificers*, and the manufactures of several kinds, the end being proposed, we find our ways.—*Locke*.

He soon awar,
Each perturbation smooth'd with outward calm,
Artificer of fraud! and was the first
That practis'd falsehood under saintly show.

Milton, Paradise Lost, iv. 119.

Th' *artificer* of lies
Renews th' assault, and his lust bat'ry tries.

Hydion.

Artificial. *adj.*

1. Made by art; not natural.

Basilius used the artificial day of torches to lighten the sports their inventions could contrive.—*Sir P. Sidney.*

The curtains closely drawn the light to screen,

As if he had contrived to be unseen;

Thus covered to an artificial night, — *Dryden.*

There is no natural motion perpetual; yet it doth not hinder but that it is possible to contrive such an artificial revolution. — *Bishop Wilkins.*

These seem to be the more artificial, as those of a single person the more natural governments.—*Sir W. Temple.*

A broad and rapid stream may be introduced into the ditches, and the artificial island may be encompassed, like Athens, by land or water. — *Gibbon, Decline and Fall of the Roman Empire, ch. lxvii.*

Fictions; not genuine.

Why, I can smile, and murmur while I smile,
And cry, Content, to that which grieves my heart,
And wet my cheeks with artificial tears.

— *Shakspeare, Henry VI. Part III. iii. 2.*

The resolution which we cannot reconcile to public good has been supported by an obsequious party, and then with usual methods confirmed by an artificial majority. — *Swift.*

3. Skilled in stratagem. *Rare.*

The great trust his majesty reposed in him, infinitely above and contrary to his desire, was in itself liable to envy; and how insupportable that envy must be, upon this new relation, he could not but foresee; together with the jealousies, which artificial men would be able to insinuate into his majesty. — *Confutation of Cleverland's Life, li. 72.*

4. As opposed to Natural in the way of classification.

The didactic, or plan of the system, may aim at a natural or at an artificial system. But no classes can be absolutely artificial, for if they were, no assertions could be made concerning them. An artificial system is one in which the smaller groups (the genera) are natural; and in which the wider divisions (classes, orders) are constructed by the peremptory application of selected characters (selected, however, so as not to break up the smaller groups). A natural system is one which attempts to make all the divisions natural, the widest as well as the narrowest; and therefore applies no characters peremptorily. Natural groups are best described, not by any definition which marks their boundaries, but by a type which marks their center. The type of any natural group is an example which possesses in a marked degree all the leading characters of the class. — *Huxley, Natural Organism revolutum, axioms 84-102.*

Artificial. s. Production of art. *Rare.*

There ought to be added to this work many and various indices, besides the alphabetical ones; as namely, one of all the artificials mentioned in the whole work. — *Sir W. Petty, Advice to S. Hurdish, p. 10.*

Artificiality. s. Appearance, or result, of art; artificial character.

Trees in lodges partake of their artificiality. — *Shelton.*

A man not with logic-spectacles; but with an eye. Unlucky without Deceit, moral code or theory of any fixed sort yet not without a strong living soul in him, and sincerity there; a reality, not an artificiality, not a sham! — *Carlyle, French Revolution, pt. i. li. iv. ch. iv.*

Artificially. adv.

1. In an artificial manner.

It is covered on all sides with earth, crumbled into powder, as if it had been artificially sifted. — *Addison.*

2. Artfully; craftily. *Rare.*

How cunningly he made his faultiness less, how artificially he set out the torments of his own conscience. — *Sir P. Sidney.*

So artificially did this young Italian behave herself, that she deceived even the eldest and most jealous persons, both in the court and country. — *Bishop Burnet, History of his own Time, s. b. iii.*

3. With art; (in a good sense).

Should any one be cast upon a desolate island, and find there a palace artificially contrived, and curiously adorned. — *Ray.*

The subject may be rapidly and somewhat rudely sketched out; and the matter not always very artificially disposed, or set forth to the most advantage. — *Crash, History of English Literature, li. 254.*

Artificialness. s. Attribute suggested by Artificial; artificial character.

I should rather have concluded it well done, had Alexander himself not disproved it, who was better able to judge of its artificialness than his horse. — *Christian Religion's Appeal to the Bar of Reason, p. 6. (Ord MS.)*

Artifice. s. Give the appearance of art to anything. *Rare.*

If I was a philosopher, says Montaigne, I would naturalise art, instead of artificializing nature. The expression is odd; but the sense is good. — *Lord Bolingbroke, To Pope.*

Artillerist. s. One who applies himself to the construction or improvement of artillery.

Exactly a month ago we published a letter from Mr. Whitworth, in which that eminent artillerist assured us that his guns were capable of doing much more than they had hitherto done. — *Times Newspaper, Nov. 15, 1862.*

Artillery. s. [Fr. *artillerie*.]1. Weapons of war. *Rhetorical.*

And Jonathan gave his artillery unto his lad, and said unto him, Go, carry them unto the city. — *1 Samuel, xx. 30.*

2. Cannon; great ordnance.

Have I not heard great ordnance in the field?

And Hew's'n artillery thunder in the skies? — *Shakspeare, Taming of the Shrew, li. 2.*

I'll to the tower with all the haste I can,

To view the artillery and munition.

— *Id., Henry VI. Part I. i. 1.*

'Upon one wing the artillery was drawn, being sixteen pieces, every piece having pioneers to plain the ways. — *Sir J. Hume.*

He that views a fort to take it,

Plants his artillery 'gainst the weakest place.

— *Sir J. Denham.*

[We find in Middle Latin the term *ars*, and the derivative *artificium*, applied in general to the implement with which anything is done, and specially to the implements of war, on the same principle that the Gr. *τεχνον*, the equivalent of the Lat. *ars*, gave rise to the word *machine*, a *machina*, and on which the word *engine* is derived from the Lat. *ingenium*, a contrivance. . . From *ars* seems to have been formed the Fr. verb *artiller*, in the general sense of exercising a handicraft, or performing skilled work, subsequently applied to the manufacturing or supplying with munitions of war. In testimony of the more general sense we find *artilleria*, and thence the Fr. *atelier*, a workshop. — *Wedgwood, Dictionary of English Etymology.*]

Artisan. s.

1. Artist; professor of an art.

What are the most judicious artificers, but the mimicks of nature? — *Sir H. Wotton, Elements of Architecture.*

Best and happiest artisan,
Best of painters, if you can,
With your many colour'd art,
Draw the mistress of my heart.

— *Guardian.*

Fine and feathery artisan,
Best of plumbers, if you can
With your art so far presume,
Make for me a prince's plume.

— *Moore, Trepoony Postbag.*

2. Skilled workman.

I, who had none but generals to oppose me, must have an artisan for my antagonist. — *Addison.*

He divided the people into three classes, nobles, husbandmen, *artisans*; and to the first of these he reserved all the offices of the state, with the privilege of ordering the affairs of religion, and of interpreting the laws, human and divine. — *Bishop Warburton, History of Greece, ch. xi.*

Artist. s.

Professor of an art.

How to build ships, and dreadful ordnance cast,
Instruct the artists, and reward their haste.

— *Waller.*

Rich with the spoils of many a conquer'd land,
All arts and artists Theseus could command,
Who sold for hire, or wrought for better fame:
The master painters and the carvers came.

— *Dryden.*

When I made this, an artist undertook to imitate it; but using another way, fell much short. — *Sir J. Newton, Opticks.*

The truest nicety is required in the mode of doing this; but we speak only of the great artists in the profession. — *Lamb, Essays of Elia, Stage Illusion.*

Especially of one of the fine arts, most especially painting.

I would just as soon be yonder artist, who is painting up 'Foker's Entire' over the public-house at the corner. — *Thackeray, The Newcomes, li. 117.*

I ventured to rally him—fluting him in a better mood—upon a representation of the artist evangelist, which the old man, whose affairs were beginning to flourish, had caused to be set up in a sidewalk sort of frame over his really handsome shop. — *Lamb, Essays of Elia: Poor Relations.*

2. Skillful man: (not a novice).

If any one think himself an artist at this, let him number up the parts of his child's toady. — *Locke.*

The native historians of Rome, from Fabius Pictor, down to Claudius Quadrignus and Valerius Antias, did not hold a high rank as artists. — *Sir G. Lewis, Enquiry into the Credibility of the early Roman History, p. 40.*

Artistic. adj. After the manner of an artist.

He [Dyer] sees, too, with an artistic eye—while

at the same time, his pictures are full of the moral inspiration which alone makes descriptive poetry. — *Crash, History of English Literature, li. 269.*

Artless. adj.

1. Unskillful; wanting, or showing absence of, art.

She maintains a train of prating pettifoggers, jangling swimmers, smooth-tongued bawds, artless empiricks, hungry parasites. — *Brown, Lingua, fil. 6.*

Had it been a practice of the Saxons to set up these assemblages of artless and massy pillars, more specimens would have remained. — *T. Walton, History of the Parish of Kiddington.*

With of.

The high-shod plowman, should he quit the land,
Careless of stars, and of the moving sand.

— *Dryden.*

2. Simple-minded.

Meanwhile the little artless Rosy warbled on her pretty ditties. — *Thackeray, The Newcomes, li. 38.*

Artlessly. adv. In an artless, simple, manner; naturally; innocently.

Nature and truth, though never so low or vulgar, are yet pleasing when openly and artlessly represented. — *Pope.*

Artlessness. s. Attribute suggested by Artless; absence of Art in the sense of Artifice; simplicity.

Nothing that I can say can give any notion of his cloquence and manner. . . of the hold which he soon got on his audience. . . of the variety of his stores of information—or, finally, of the artlessness of his habits, or the modesty and temper with which he listened to, and answered arguments, contradictory to his own. — *Note by J. T. C. at end of Coleridge's Table Talk.*

Artisan. s. Artist; adept. *Rare.*

The pith of all sciences, which maketh the artisans differ from the ignorant, is in the middle propositions. — *Bacon, Advancement of Learning, b. ii.*

Arum. s. [Lat.] Plant of the order Aroides: (cuckoo-pint is the *Arum maculatum*).

The tubers of the *arums* abound in starch, and, in the South Sea islands and elsewhere, are largely used as esculents. — *Perrin, Treatise on Food and Diet.*

Arúspices. s. [Lat. *aruspez*.] Soothsayers.

The second sort of ministers mentioned by Cicero were not priests, but augurs and *aruspices*, designed to be the interpreters of the mind of the gods. — *Bishop Storr, On the Priesthood, ch. v.*

They [the Romans] had colleges for augurs and *aruspices*, who used to make their predictions sometimes by fire, sometimes by flying of fowls, &c. — *Hoevel, Letters, iii. 23.*

Arúspex. s. Art of prognosticating by inspecting the entrails of the sacrifice.

A flam more senseless than the roguery

Of old *aruspex* and augury.

— *Butler, Hudibras, li. 3.*

As. s. [Lat.] Roman pound, consisting of twelve equal parts or ounces. See *Acc.*

Where twelve divide the *as*, and every one

Hath part withouten domination.

— *Lykes prefixed to Kyngston's Chaucer.*

The *as*, or Roman pound, was commonly used to express any integral sum. — *Sir W. Blackstone.*

As. conj. [A.S. *eall*—all, *æwa*—so.] In this

word the import turns upon the latter element, i. e. *so*. This implies likeness, both when standing alone and in composition; as in *such*, &c. From this follow the cognate notions of Equality, or perfect likeness in degree; of Proportion, or likeness in the way of ratio; of Concordance, or agreement in general. This may be for either time or place. More remote is the notion of Consequence. Even here the notion of relation (i. e. in the way of Effect and Cause) is visible.]

1. In the same manner as something else.

a. Agreement in manner in general.

When thou dost hear I am as I have been,

Approach me, and thou shalt be as thou wast.

— *Shakspeare, Henry IV. Part II. v. 5.*

I live as I did, I think as I do, I love you as I did;

but all these are to no purpose: the world will not live, think, or love as I do. — *Swift.*

Who then is Paul, and who is Apollon, but ministers by whom ye believed, even as the Lord gave to every man. — *1 Corinthians, iii. 5.*

Their figure being printed,

As just before, I think, I hinted,

Alas infortun'd can try the case.

The republick is shut up in the great duke's dominions, who at present is very much incensed against it. The occasion is as follows. — *Addison, Tracels in Italy.*

b. In degree.

Well hast thou spoke, the blue-eyed maid replies,
Thou good old man, benevolent as wise.
Pope, Homer's Odyssey.

c. In proportion.

As every engine of artificial motion, as it consists of more parts, is in more dangers of delinquency and disorder, so every effect, as it requires the agency of greater numbers, is more likely to fail. Yet what pleasure is granted to man, beyond the gross gratification of sense, common with him and other animals, that does not demand the help of others, and the help of greater numbers, as the pleasure is sublimated and enlarged?—*Johnson, Sermons*, p. 220. (Ord MS.)

d. In character. Under particular consideration as; so far as.

Besides that law which concerneth men as men, and that which belongeth unto men as they are men, linked with others in some society; there is a third which touches all several bodies politic, so far forth as one of them have publick concerns with another.—*Hooker, Ecclesiastical Polity.*

The objections that are raised against it as a tragedy, are as follow.—*Gay, Preface to the What d'ye call it?*

When this vicious disposition had been effectually repressed by the terrible chastisement of the Cypriote, there remained, as Scripture shows us, a proud and deep misanthropy, which too clearly proves that, in this region of the earth, at least, man, as such, knew nothing of duty or of love to man.—*Glendon, The State in its Relations with the Church*, ch. ii.

Long accustomed to regard the Pope as the successor of the chief of the apostles, as the bearer of the keys of earth and heaven, they had learned to regard him as the Head, the Antichrist, the Man of Sin.—*Macaulay, History of England*, ch. i.

e. In time. When, or while.

At either end, it whistled as it flew,
And as the lambs were green, so drapp'd the dew;
Infected as it fell with sweat of sanguine hue.
Dryden.

These haughty words Alecto's rage provoke,
And frighted Turnus trembled as she spoke.
So the pure limpid stream, when foul with stains
Of rushing torrents, and descending rains,
Works itself clear, as it runs below.
Addison, Cato.

Civilisation, just as it began to rise, was met by this blow, and sunk down once more.—*Macaulay, History of England*, ch. i.

2. As it were; as if: (in some sort).

As for the daughters of king Edward IV. they thought king Richard had said enough for them; and took them to be but as of the king's party, because they were in his power, and at his disposal.—*Bacon, History of the Reign of Henry VII.*

The squire began higher to approach,
And wind his horn under the castle-wall,
Till with the noise it shook as it would fall.
Spenser, Faerie Queene.

They all contended to creep into his humour, and to do that, as of themselves, which they conceived he desired they should do. *Sir J. Maynard.*

Contented in a nest of snow
He lies, as he his bliss did know,
And to the world no more would go.
So hot the sun, so high the tumult rose,
As all the Jordan and Argoles ran
Had been contracted in that narrow space.
Dryden.

Can misery no place of safety know,
The noise pursue us wheresoe'er I go,
As fate would only me.
Id., Aurengzebe.

But some others of a different stamp are beginning to view the connection of Church and State with an eye of indifference, or even of suspicion. These are men dutiful to the State, but more affectionately and intimately cleaving to the Church; men who, though unwilling to regard the two as in any sense having opposite interests, are nevertheless wearied, perhaps exasperated, at the injustice which has been done of late years, or rather during recent generations, by the temporal to the spiritual body.—*Glendon, The State in its Relations with the Church*, ch. i.

3. Inasmuch as.

He that commanded the injury to be done is first bound; then he that did it; and they also are obliged who did so assist, as without them the thing could not have been done.—*Jeremy Taylor.*

As the ensuing essay relates to matters of opinion, it will be necessary for me, as the outset, without entering upon disputed questions of mental philosophy, to explain briefly what portion of the subjects of belief is understood to be included under this appellation, and what is the meaning of the generally received distinction between matters of opinion and matters of fact.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. i.

4. For example.

A simple idea is one uniform idea, as, sweet, bitter.—*Watts.*

5. Its use in comparisons is somewhat lax. Its proper antecedent is so; but so, itself,

is little more than as, or rather (as has already been stated) as is, in respect to its etymology, nothing more than so preceded by the prefix *all*, meaning *altogether*, or *only*. Etymologically, then, as is merely an intrusive *so*. Hence we may reasonably expect in the syntax of *as* and *so* in conjunction, the phenomena of substitution and omission, i. e. *as* in the place of *so*, and *so* omitted altogether.

Sempronius is as brave a man as Cato. *Addison.*

Here we might also say *so brave*; and, if the statement were negative, this is what would most likely be said—i. e. 'Sempronius is not so brave as Cato.'

[As follows adjectives or adverbs of the positive degree, preceded by 'so'—i. e. so kind as to come here.' Then follows adjectives and adverbs of the comparative degree—'This is sharper than that. I see better to-day than yesterday.'—*Dr. R. O. Latham, Elementary English Grammar*, § 232, 233.]

With the first *as* omitted.

Bright as the sun, and like the morning fair.

Granville.

Here we might say either *so bright as*, or *as bright as*.

6. Answering to *such* (*such* is only *so* in composition, i. e. *so like* = *such*, *so with*, and follows, to a great extent, the rules of *so*).

Is it not every man's interest, that there should be such a governor of the world as declares our happiness, as would govern us for our advantage.—*Archbishop Tillotson.*

7. In a conditional sense: (having *so* to answer it).

As far as they carry light and conviction to any other man's understanding, so far, I hope, my labour may be of use to him. *Locke.*

With *so* understood.

As in my speculations I have endeavoured to extinguish passion and prejudice, I am still desirous of doing some good in this particular.—*Spectator.*

8. That.

The cunningest mariners were so conquered by the storm, as they thought it best with stricken sails to yield to be governed by it. *Sir P. Sidney.*

He had such a dexterous proclivity, as his teachers were fain to restrain his forwardness.—*Sir H. Wotton.*

The relations are so uncertain, as they require a great deal of examination.—*Bacon.*

In the following the construction belongs rather to the second word of the combination than to *as*. Still the examples are given as they stand in Johnson.

With *for*. In respect to.

As for the rest of those who have written against me, they deserve not the least notice.—*Dryden, Fables, Preface.*

With *if*.

Answering their questions, as if it were a matter that needed it.—*Locke.*

With *to*.

I pray thee, speak to me as to thy thoughts, As thou dost ruminate; and give thy worst of thoughts.

The worst of words. *Shakespeare, Othello*, iii. 3.

They pretend, in general, to great refinements, as to what regards Christianity. *Addison, Travels in Italy.*

I was mistaken as to the day, placing that accident about thirty-six hours sooner than it happened. *Swift.*

As to speculative questions of science and philosophy, every person ought, as far as his leisure and opportunities for reading and reflection will permit, to attempt to form for himself an independent judgment.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. v.

With *how*. Colloquial.

As how, dear Syphax? *Addison, Cato.*

With *yet*.

Though that war continued nine years, and this hath as yet lasted but six, yet there hath been much more action in the present war. *Addison.*

With *though*. As if nevertheless.

For instance, persons who have not cultivated the science of music are often slow to believe that the harmonies of its great masters are more than a display of skill, or than literally a composition, which falls in with the fancy of particular persons, and is taken up by others as a fashion: as though its laws were conventional, and proficiency in it a mere successful application of general talent to a medium of

exhibition accidentally chosen, and as if the satisfaction it affords were felt and spontaneously but upon rule, the mere appropriation of those who were possessing instances of conformity to principles which they had themselves arbitrarily pronounced: that is, they do not believe in the existence of truths or laws about the beauty of sounds in the nature of things, external to particular minds, affecting various persons variously, and mastered by them in various degrees, as the case may be.—*Newman, Development*, &c. ch. i. § 1.

Many constructions of *as* are ambiguous. They indicate likeness of manner in general. What special number is meant is often doubtful.

The *as*, for instance, in the following, means in proportion *as*. But this we know only from the context. We might write *where* instead.

It very commonly happens, as it does in this instance, that the variations of an effect are correspondent, or analogous, to those of its cause; as the moon moves further towards the east, the high water point does the same; but this is not an indispensable condition; as may be seen in the same example, for along with that high-water point, there is at the same instant another high-water point diametrically opposite to it, and which, therefore, of necessity, moves towards the west as the moon, followed by the nearer of the tide waves, advances towards the east; and yet both these motions are equally effects of the moon's motion.—*Mill, System of Logic*, p. 400.

The same remark applies more or less to the extracts under 1. c. In the one from Addison we are quite free to make the last line say that the water stream grows clear in proportion to its running. In the one from Dryden, the *flight* of the arrow is the cause of the *whistling*; and the amount of the latter would be in proportion to the rate of the former. In the other two the notion of proportion is at its minimum.

As, pron. Who; which. (Such an expression as 'The man as goes to market,' is, doubtless, a colloquial vulgarism. Yet the word *as* is, logically, a pronoun. So it is in the following extract from a classical writer.)

Whether thou from that deluge of debauchery, sin, and wickedness, as is ever ready to cover and overwhelm them.—*Lord Charnish, Tracts*, 377. (Ord MS.)

Asafoetida. s. Insipissated juice of the Fernia Asafoetida.

Nigh Whormoot are Duzzen, Lastun-de, and other towns, where is not the best *asafoetida* through all the orient: The tree exceeds not our birch in height; but the leaves resemble rose-leaves, the root the radish; though the savour be so offensive to most, the sap is so good, that in meat, no sauce, no vessel plagues some of the Gujarati painters save what relishes of it.—*Sir T. Herbert, Travels*, p. 118.

Asbestiform. adj. With the character of Asbestos.

But besides these, there are numerous veins of *asbestiform* minerals, of serpentine, and of soft clayey matter, and some strings of smalt.—*Ansted, The Channel Islands*, p. 264.

Asbestine. adj. Having the qualities of, or made of, asbestos.

A good man, like an *asbestine* garment, as well as a tobacco-pipe when foul, is cleansed by burning. *Pittman, Lectures*, ch. 37.

Asbestos. s. [Gr. *ἀσβεστός* = incapable of being extinguished or destroyed.] Fibrous mineral, capable of being woven into an incombustible cloth.

Large quantities of actinolite occur in many parts of Sark, especially on the east side; and an important vein of serpentine and steatite, with *asbestos* and tulle, has been traced crossing the central part near Port du Moulier.—*Ansted, The Channel Islands*, p. 264.

Ascend. v. n. [Lat. *ascendo*.]

1. Move upwards; mount; rise.

Then to the heaven of heavens he shall ascend
With victory, triumphing through the air
Over his foes and thine.
Milton, Paradise Lost, xii. 351.

2. Proceed from one degree of good to another.

By these steps we shall ascend to more just ideas of the glory of Jesus Christ, who is intimately

uniting to God, and is one with him.—*Watts, Improvement of the Mind.*

Ascend. v. a. Climb up anything.
Vespasian triumphantly did ascend the imperial throne.—*Barrow, Works*, i. 315.
They ascend the mountains, they descend the valleys.—*Delany, Revelation examined with Candour.*

Ascendence. s. Same as Ascendency.
Men did not make themselves; and if fear had too much ascendence on the mind, the man was rather to be pitied than abhorred.—*Pidding, Adventures of Joseph Andreeva*, ch. ix.

Ascendency. s. Influence; power.
Custom has some ascendancy over understanding and what at one time seemed decent, appears disagreeable afterwards.—*Watts.*
Instead of prating about Protestant ascendancies, Protestant parliaments ought, in my opinion, to think at last of becoming patriot parliaments.—*Burke, Letter to R. Burke, Esq.*

The colleagues of Walpole had, after his retreat, admitted some of the chiefs of the Opposition into the government, and soon found themselves compelled to submit to the ascendancy of one of their new allies.—*Macaulay, Essays, Walpole's Letters to Sir Horace Mann.*

Towards the end of the sixth century, the Anglo-Saxon power was firmly established in Britain, and a number of petty kingdoms were struggling for ascendancy.—*H. Poirson, The early and middle Ages of England*, ch. viii.

Ascendent. s.
1. Ascendency; influence: (originally an astronomical term).

He was initiated, in order to gain instruction in sciences that were there in their highest ascendant.—*Sir W. Temple.*

By the ascendancy he had in his understanding, and the dexterity of his nature, he could persuade him very much.—*Lord Chatham.*

Has giv'n thee an ascendant o'er my mind.
Tragedy, Jonson's Satire, x.

When they have got an ascendant over them, they should use it with moderation, and not make themselves scarecrows.—*Locke.*

Murthorough had not, when Popery was in the ascendant, crossed himself, shivered himself, done penance, taken the communion in one kind, and as soon as a turn of fortune came, unfastened back again, and proclaimed to all the world that, when he knelt at the confessional and received the host, he was merely laughing at the king and the priests.—*Macaulay, History of England*, ch. xx.

2. One who has influence or superiority.

There is not a single particular in the Francis-street declamations which has not, to your and to my certain knowledge, been taught by the jealous ascendants, sometimes by doctrine, sometimes by example, always by provocation.—*Burke, Second Letter to Sir H. Langrish.*

3. Kinsman in the ascending degree: (the opposite to a descendant).

The most nefarious kind of bastards are incestuous bastards, which are begotten between ascendants and descendants in filiation; and between collaterals, as far as the divine prohibition.—*Ayliffe, Parergon Juris Canonici.*

Ascendent. adj.

1. Superior; predominant; overpowering.

Christ outdoes Moses before he displaces him; and shows an ascendant spirit above him.—*South.*
Thus I pass from the descendant to the ascendant duty.—*Sir E. Sandys, Essays*, p. 150.

Without some power of persuading or confuting, of defending himself against accusations, or in case of need, accusing others, no man could possibly hold an ascendant position.—*Grote, History of Greece*, bk. ii. ch. lviii.

2. In *Astronomy*. Above the horizon.

Let him study the constellation of Pegasus, which is about that time ascendant.—*Sir T. Browne, Vulgar Errors.*

Ascending. part. adj. In *Genealogy*. Proceeding upwards; direct.

The only incest was in the ascending, not collateral, branch: as when parents and children married, this was accounted incest.—*Browne, Notes on the Odyssey.*

Ascension. s.

1. Act of ascending or rising (frequently applied to the visible elevation of our Saviour to heaven); ascent.

Then rising from his grave, Spill'd principles, and pow'rs, triumph'd In open show; and with ascension bright, Captivity led captive through the air.
Milton, Paradise Lost, x. 185.

2. Thing rising or mounting.

Men err in the theory of incubation, conceiving

the brain doth only suffer from vaporous ascensions from the stomach.—*Sir T. Browne, Vulgar Errors.*

Ascensive. adj. In a state of ascent. *Rare.*
The cold augments when the days begin to encrease, though the sun then ascends, and returning from the winter tropic.—*Sir T. Browne, Vulgar Errors.*

Ascént. s. [Lat. *ascensus*.]

1. Rise; act of rising; act of mounting.
To him with swift ascent he up return'd, Into his blissful home ransum'd.
In glory, as of old. *Milton, Paradise Lost*, x. 226.

The temple, and the several degrees of ascent, whereby men did climb up to the same, as if it had been a scale, be all poetical and fabulous.—*Bacon.*

It was a rock Conspicuous far: winding with one ascent Accessible from earth, one entrance high.
Milton, Paradise Lost, iv. 544.

Used metaphorically.

And still less do the advances of other sciences consist in going at once upon the highest generality, and filling in afterwards all the intermediate steps between that and the special instances. On the contrary, as we have seen, the *ascensus* from particular to general are all successive; and each step of this *ascensus* requires time, and labour, and a patient examination of actual facts and objects.—*Mill, System of Logic.*

2. Eminence, or high place.

No hand like Italy erects the sight, By such a vast ascent, or swells to such a height.
Abraham.

A wide flat cannot be pleasant in the Elysian fields, unless it be diversified with depressed valleys and swelling ascents.—*Bentley.*

Ascensive. adj. In the way of an ascent; up-hill. *Rare.*

When the handsome courtesan Theodora vanted to Socrates, how much she was to be esteemed before him, because she would gain many proselytes from him, but he none at all from her; he replied, it was no wonder; for she led men down the easy and descending road of vice, while he compelled them to take the thorny and ascending paths of virtue.—*Fitzham, Reader's*, 8. (Oud MS.)

Ascertain. v. a.

1. Make certain; fix; establish.

The divine law both *ascendit* the truth, and supplieth unto us the want of other laws.—*Hooker.*
Of a small time, which none *ascertain* may.
Spenser, Epithymia, v. 504.

Money differs from uncoined silver in this, that the quantity of silver in each piece is ascertained by the stamp.—*Locke.*

2. Make confident; take away doubt: (with *of*).

Right judgment of myself may give me the other certainty, that is, *ascertain* me that I am in the number of God's children.—*Hammond, Practical Catechism.*

This makes us act with a repose of mind and wonderful tranquillity, because it *ascertain* us of the goodness of our work.—*Dryden, Translation of Infirmary.*

Ascertainable. adj. Capable of being ascertained.

From these discordant accounts no satisfactory result can be obtained. None is founded on any ascertainable contemporary evidence.—*Sir G. C. Lewis, Enquiry into the Credibility of the early Roman History*, i. 277.

Ascertainment. s. Discovery; establishment.

For want of *ascertainment* how far a writer may express his good wishes for his country, innocent intentions may be charged with crimes.—*Swift, To Lord Middleton.*

True, we cannot transcend consciousness: but we can proceed in the *ascertainment* of internal truths, as we proceed in the *ascertainment* of external ones—we can make a particular mode of perception the guarantee of all other modes.—*H. Spencer, Principles of Psychology*, pt. i. ch. i. § 1.

Ascético. adj. [Gr. *ἀσκήτικός*, from *ἀσκήω* = exercise.] Given to the exercise and habits of devotion and mortification.

None lived such healthful and long lives as monks and hermits, who had sequestered themselves from the pleasures and pleasures of the world to a constant *ascetic* rule of the severest abstinence and devotion.—*South, Sermons*, li. 31.

Ascético. s. One who exercises devotion and mortification.

I am far from commending those *ascetics*, that, out of a pretence of keeping themselves untroubled from the world, take up their quarters in deserts.—*Norris.*

He that preaches to man should understand what is in man; and that skill can scarce be attained by an *ascetic* in his solitude.—*Bishop Atterbury.*

It is impossible to conceive a contrast more strong or more irreconcilable than the cohabitation Gregory, in his cloister palace, in his cloister of stern *ascetics*, with all but severe imprisonment within conventual walls, completely monastic in manners, habits, views, in corporate spirit, in celibacy, in rigid seclusion from the rest of mankind, in the conscientious determination to enslave, if possible, all Christendom to its inviolable unity of faith and to the least possible latitude of discipline; and the gay and yet youthful Frederick, with his mingled assemblage of knights and ladies, of Christians, Jews, and Mohammedans, of poets and men of science, met, as it were, to enjoy and minister to enjoyment; to cultivate the pure intellect; where, if not the restraints of religion, at least the awful authority of churchmen, was examined with freedom, sometimes ridiculed with sportive wit.—*Milman, History of Latin Christianity*, b. x. ch. iii.

In the following it is either an adjective or a substantive:

Well! as thou wilt, *ascetic* as thou art, One question more, and then in peace depart.
Byron, Corina.

Asceticism. s. State of an ascetic.

Such societies we have seen, whose religious doctrines are so little serviceable to civil society, that they can prosper only on the ruin and destruction of it. Such are those which preach up the sanctity of celibacy; *asceticism*; the sinfulness of defensive war, capital punishments, and even civil magistracy itself.—*Bishop Warburton, Alliance between Church and State*, p. 57.

Ascites. s. [Gr. *ἀσκήω* = cask, cavity.] Abdominal dropsy.

There are two kinds of dropsy, the *anasarca*, called also leucophlegmy, when the extravasated matter swims in the cells of the membrane adiposa; and the *ascites*, when the water possesses the cavity of the abdomen.—*Sharp, Surgery.*

Ascitic. adj. Relating to, or formed by, *Ascites*.

The circumscription of an *ascitic* tumour requires a practised hand and a skilful touch.—*Copper, Surgery.*

Ascitical. adj. Same as *Ascitic*.

When it is part of another tumour, it is hydroptic, either *anasarcous* or *ascitical*.—*Wise, Surgery.*

Ascitious. adj. [Lat. *adscititius* adopted.] Not inherent; not original; supplemental; additional; adventitious.

Homer has been reckoned an *ascitious* name, from some accident of his life.—*Pope.*

Ascribable. adj. Capable of being ascribed.

The greater part have been forward to reject it, upon a mistaken persuasion, that these phenomena are the effects of nature's abhorrence of a vacuum, which seem to be more fitly *ascribable* to the weight and spring of the air.—*Boyle.*

No such imputations are countenanced in the discussion which Plato devotes to the doctrine: indeed, if the vindication which he sets forth against himself on behalf of Protagoras, be really *ascribable* to that sophist, it would give an exaggerated importance to the distinction between good and evil, into which the distinction between Truth and Falsehood is considered by the Platonic Protagoras as resolvable.—*Grote, History of Greece*, pt. ii. ch. lxvii.

Ascribe. v. a. [Lat. *ascribo*; from *ad* = to, *scribo* = write.] Carry to account of.

a. Attribute as a cause.

The cause of his banishment is unknown, because he was unwilling to provoke the emperor, by *ascribing* it to any other reason than what was pretended.—*Dryden.*

To this we may justly *ascribe* those jealousies, and enmities, which render mankind uneasy to one another.—*Hogers.*

The common people indeed were, if possible, more eager than the public functionaries to bring the traitors to justice. This eagerness may perhaps be in part *ascribed* to the great rewards promised by the royal proclamation.—*Macaulay, History of England*, ch. xxi.

A few years later, the rapid decomposition of Cromwell's own corpse was *ascribed* by many to a deadly potion administered in his medicine.—*Macaulay, History of England*, ch. iv.

b. As a quality.

He which shall affirm such a one is a true Christian, a true gentleman, &c. is conceived to *ascribe* truthness of being unto all these.—*Bishop Hall, Works*, ii. 434: 1661.

These perfections must be somewhere, and therefore may much better be *ascribed* to God, in whom we suppose all other perfections to meet, than to any thing else.—*Archbishop Tillotson.*

Ascribe is not then to our severity, but to your own sine, that we refuse to admit the Abbot of St. Polys, whom ye call Archbishop of Zara. It would be a just offence to all Christian people if we should seem thus to sanction your iniquity in the seizure of Zara, by granting the pall of an archbishop in that

city to a prelate of your nomination.—*Milman, History of Latin Christianity*, b. 12. ch. vii.

Ascription. s. Act of ascribing; thing ascribed.

By this description his [Anaxagoras's] mens must needs be God. Yes, and so is it likewise by his ascription too. For he ascribeth unto this mens the very making of the world.—*Fotherby, Athanasius*, p. 231.

Though the heathen templed and adored this drunken god, [Bacchus], yet one would take their ascriptions to him to be matter of dishonour and mock; as his troop of mad women; his chariot drawn with the lynx and tiger.—*Felltham, Benvise*, p. 84.

Although a woman, praised for her complexion, be bound in modesty to calumny those passions; yet if the fire have given her a good colour, it is not thought pride to refrain contradicting, because the effect being natural to the fire, and requiring no excellent predispositions in the object, to refer those ascriptions to their cause is held to justify the not rejecting them.—*Boyle, Against Customary Swearing*, p. 78.

Ascription. adj. Capable of being, or liable to be, ascribed; ascribed.

An ascriptional and supernumerary god.—*Parinson, Sermon*, p. 82.

Ash. s. [A.S. *æsc*.] Popular name of the Fraxinus excelsior.

1. Tree so called.

The ash for nought unfit.

The mountain stir'd its bushy crown,
And, as tradition teaches,

Young ashes pirated down,
Coquetting with young beeches;
And leafy-vine and ivy-wreath
Ran forward to his hymning,
And from the valleys underneath
Came little copses climbing.

Tennyson, Amphion.

2. Wood of the ash.

Let me twine
Mine arms about that body, where against
My rammed oak an hundred blows hath broke,
And scard the moon with splinters.

Shakespeare, Coriolanus, iv. 3.

Ash. s. See Ashes.

Ashame. v. a. Make ashamed. See Shame.
It should humble, *ashame*, and grieve us.—*Barrow, Works*, ii. 417.

Ashamed. adj. Touched with shame; generally with of before the cause of shame if a noun, and to if a verb.

Profess publicly the doctrine of Jesus Christ, not being ashamed of the word of God, or of any practices rejoined by it.—*Jeremy Taylor, Rule and Exercises of Holy Living*.

One would have thought she would have stir'd;
but strown
With modesty, and was *asham'd* to move. *Dryden*
This I have shadow'd, that you may not be ashamed
of that hero, whose protection you undertake.—*Id.*

Ashbud. s. Bud of the ash.

Love, unperceived,
A more ideal artist he than all,
Once, drew your pearl from you, made those eyes
blackier than darkest juncos, and that hair
More black than *ashbuds* in the front of March.

Tennyson, The Gardener's Daughter.

Ashcoloured. adj. Coloured between brown and grey, like the bark of an ashen branch.
Clay, *ash-coloured*, was part of a stratum which lay above the strata of stone.—*Woodward, On Fossils*.

Ashelf. adv. On a shelf; (shelf meaning *hidden-rock*).

I will declare and make plain unto you by a familiar similitude, that we put not any more and run *ashelf* on such idolatry and very manifest sorcery.—*Harmer, Translation of Beza's Sermons*, p. 231.

Ashen. adj. Made of ash wood.

At once he said, and threw
His *ashen* spear; which quiver'd as it flew.

Dryden.

Ashes. s. Remains of anything burnt.

Some relics would be left of it, as when *ashes* remain of burnt bodies.—*Sir K. Digby, Treatise on the Nature of Bodies*.

This late disunion, grown between the pears,
Burns under fier'd *ashes* of forg'd love,
And will at last break out into a flame.

Shakespeare, Henry VI, Part I, iii. 1.

Ashes contain a very fertile salt, and are the best manure for cold lands, if kept dry, that the rain doth not wash away their salt.—*Mortimer, Husbandry*.

a. Of the body: (used in poetry for the car-

case, from the ancient practice of burning the dead).

Poor key-cold figure of a holy king!
Pale *ashes* of the house of Lancaster!
Thou bloodless remnant of that royal blood!

Shakespeare, Richard III. i. 2.

To great Lærtius I bequeath
A task of grief, his ornaments of death;
Lest, when thou follow his royal *ashes* claim,
The Grecian matrons taint my spotless name.

Pope, Homer's Odyssey.

b. Like many other words which are naturally the names of a collection of objects rather than of any of the individual objects of which the collection is made, *ashes* is generally found in the plural number. In the singular, it is most properly used to denote some particular kind or variety of *ash*, as *cinder-ash* in opposition to *tobacco-ash*.

In addition to the three essential constituents above-mentioned, most of these materials contain small and variable proportions of sulphur, nitrogen, and inorganic matter, the latter constituting, when the substance is burned, what we call ash. When these substances are heated to redness they undergo decomposition, a considerable quantity of inflammable gases and vapour being evolved, whilst a residue consisting of carbon, or carbon and ash, remains behind in a solid form.—*Cro. Dictionary of Arts, Manufactures, and Mines: Coal*.

Ashlar. s. [see second extract.] Freestones as they come out of the quarry, of different lengths, breadths, and thickness.

Was it wise to quit the bosky verdure of Brienne, and thy new *ashlar* children there, and what it held, for this? Soft were those shades and lawns; sweet the hymns of postleets, the blandishments of high-rouged Graces.—*Carlyle, French Revolution*, pt. i. b. iii. ch. vii.

[If any inquisitive foreigner should happen to learn that our most superb public edifices—St. Paul's, or York Cathedral, for example—are *ashlar-work*; that is, constructed (as here defined) of stones as they come from the quarry, what an elevated opinion he must form of English architecture! No one, so far as we know, has attempted an etymology of this word, which seems to be confined to the British island: we believe it to be Celtic. The Gaelic is, *clach shreath-thae* (pronounced *shred*), i. e. stone laid in rows— from *shreath*, a row.—*Garnett, Philosophical Essays*, p. 31.]

Ashore. adv. [on shore.] On shore; to the shore.

The poor Englishman riding in the road, having all that he brought thither *ashore*, would have been undone. *Sir W. Raleigh*.

We may as bootless spend our vain command
Upon the enraged soldiers in their spoil,
As send presents to the Levantine
To *buy ashore*. *Shakespeare, Henry V. iii. 3.*

May thy billows rowl *ashore*. *Milton, Comus*, 932.
The beryl, and the golden reed,
Mow'd in a Chini creek, *ashore* I went,
And all the following night in Chini spent.

Addison, Ovid.

Ashub. s. Tub to receive ashes.

Or though thou choose an *ash-ub* for thy bed.
Quarles, Feast for Worms, p. 40.

Ashy. adj.

1. Ash-coloured; pale; inclining to a whitish grey.

On have I seen a timely parted ghost
Of *ashy* semblance, numere, pale, and bloodless.
Shakespeare, Henry VI. Part II. iii. 2.

2. Turned into ashes.

Thine self-begotten hint
In the Arabian woods embod,
That no second knows nor third,
And lay ere while a holoast,
From out her *ashy* womb now teem'd,
Revives, reflowerishes, then vigorous most,
When most unactive deem'd.

Milton, Samson Agonistes, 1639.

Ashy-pale. adj. [two words.] Pale as ashes.

Still is he sullen, still he low'rs and frets,
'Twixt crimson shame and anger, *ashy-pale*!
Shakespeare, Venus and Adonis.

Aside. adv. [on side.]

1. To one side: (out of the perpendicular direction).

The *Adonis* rush'd in, and *Arctis* stood agast;
The flames were blown *aside*, yet shone they bright,
Fann'd by the wind, and gave a ruffled light.

Dryden.

2. To another part: (out of the true direction).

He had no brother; which though it be a comfortable thing for kings to have, yet it draweth the subjects' eyes a little *aside*.—*Bacon*.

Without laying *askie* that dauntless valour which had been the terror of every land from the Elbe to the Pyrenees, the Normans rapidly acquired all, and more than all, the knowledge and refinement which they found in this country where they settled.—*Macaulay, History of England*, ch. i.

3. From the company: (as, to speak *aside*).
He took him *aside* from the multitude.—*Mark*, vii. 33.

Asinine. adj. [Lat. *asininus*, from *asinus* = ass.] Belonging to an ass.

You shall have more ado to drive our dullest and latest youth, our stocks and stiffs, from the indolence of such a happy nurture, than we have now to hale and draw our choicest and hopefulest wits to that *asinine* fast of now-tithes and brambles.—*Milton, Tractate on Education*.

This one act
Of his, to let his wife out to be courted,
And at a price, proclaims his *asinine* nature
So loud, as I am weary of my title to him.

Id. Jonson, The Devil is an Ass, i. 6.

'Tis the most *asinine* employ on earth,
To tear them tell of parentage and birth,
And echo conversations dull and dry,
Embellish'd with 'He said,' and 'So said I.'

Corper, Conversation, 260.

They petitioned his majesty in the most lowly manner, to communicate their *asinine* miseries, if not to cure and end them.—*Translation of Beuchamp*, p. 242; 1624.

But to that most rational objection, the sticklers for the scheme of taxation returned this *asinine* answer. They said that the British government had a right to tax the colonists; and that it ought not to be withheld by paltry considerations of expediency from enforcing its sovereign right against its refractory subjects.—*Ashton, Province of Jurisprudence defined*.

Ask. [A.S. *æscan*.]

1. Petition; beg.

When thou dost ask me blessing, I'll kneel down,
And ask of thee forgiveness.

Shakespeare, King Lear, v. 3.

We have nothing else to ask, but that
Which you deny already.

Shakespeare, Coriolanus, v. 3.

In long journeys, ask your master leave to give aid
To the horses.—*Saunders*.

With for.

My son, hast thou sinned? do so no more, but ask
pardon for thy former sins.—*Execestriensis*, xxi. 1.
If he ask for bread, will ye give him a stone?—*Matthew*, vii. 9.

2. Demand; claim: (ask a price for goods).

Ask me never so much dowry and gift, and I will
give according as ye shall say unto me: but give me
the dowry to wife.—*Genesis*, xxvii. 12.

He saw his friends, who, whelm'd beneath the
waves,
Their funeral honours claim'd, and ask'd their quiet
graves.

Dryden, Virgil's Æneid.

3. Question.

O inhabitant of Aroer, stand by the way and spy,
ask him that lieth, and her that escapeth, and say,
what is done?—*J. Reminisc*, xlviii. 19.

4. Enquire: (with after).

He said, wherefore is it that thou dost ask after
my name? And he blessed him there.—*Genesis*,
xxiii. 29.

With for.

Stand ye in the ways, and see, and ask for the old
paths, where is the good way, and walk therein, and
ye shall find rest for your souls.—*Jeremiah*, vi. 16.

With of.

For ask now of the days that are past, which were
before thee, since the day that God created man
upon the earth, and ask from the one side of heaven
unto the other, whether there hath been any such
thing as this great thing is, or hath been heard like
it.—*Deuteronomy*, iv. 33.

5. Require.

As it is a great point of art, when our matter
requires, to enlarge and veritate all suit: so to take
it in and contract it, is no less praise when the argu-
ment doth ask it.—*B. Jonson*.

The administration passes into different hands at
the end of two months, which contributes to dis-
patch: but any experience of state asks a much longer
time to conduct any design to its maturity.—*Addison*.

As physically necessary.

A lump of ore in the bottom of a mine will be
stirred by two men's strength; which, if you bring
it to the top of the earth, will ask six men to stir it.
—*Bacon*.

Askance. adv. Asquint; sideways; obliquely.

Zephania, keeping a countenance *askance*, as he
understood him not, told him, it became her evil.—*Sir P. Sidney*.

His wannish eyes upon them bent *askance*,
And when he saw their labours well succeed,
He wept for rage, and thunders'd dire misadventure.
Fairfax.

valent is *asper*. Yet the English rendering is not *asperate* but *aspicate*, as if the difference were formed by the insertion of the aspirate *h*. Phonetically, however, this is not the case. The true aspirates of *p, t, k*, are the *ph* in *haphazard*, the *th* in *nuthook*, and the *kh* in *inkhorn*. Whence the confusion? In Latin the Greek *α* was spelt by *ph*; the Greek *θ* by *th*; the Greek *χ* by *ch*. Hence, the presence of an *h*, though nonexistent, was simulated. See *Aspirate*.

A breathing is an *aspirate*; the power of the Greek *δσπν* is *aspirate*.—*Dr. R. G. Latham, English Language*, pt. iii. ch. v.

Aspergilline. s. [Fr.] Implement for sprinkling holy water.

For the chapel they received two crucifixes of silver gilt, weighing nine ounces; an holy-water-stop and *aspergilline* of silver parcel-gilt, weighing more than eighteen ounces.—*T. Watton, Life of Sir T. Pope*, p. 129.

Asperity. s. [Fr. *aspérité*; Lat. *asperitas*, from *asper* = rough.]

1. Unevenness; roughness.

a. Of surface.

Sometimes the pores and *asperities* of dry bodies are so incommensurate to the particles of the liquor, that they glide over the surface.—*Boyle*.

b. Of sound. Harshness of pronunciation.

We cannot suppose that he is entirely free from those dissimulations and *asperities*, which still adhered to the general character and state of our nation.—*T. Watton, History of English Poetry*, iii. 62.

c. Of temper. Moroseness; sourness; crabbedness.

The clarity of the one, like kindly exhalations, will descend in showers of blessings; but the rigour and *asperity* of the other, in a severe doom upon ourselves.—*Dr. H. More, Government of the Tongue*. Avoid all unseasonableness and *asperity* of carriage; do nothing that may argue a peevish or froward spirit.—*Boydell*.

The orators of the opposition declaimed against him with great animation and *asperity*.—*Macaulay, History of England*, v. 30.

2. Sharpness.

The *asperity* of tartarous salts, and the fiery acrimony of alkaline salts, irritating and wounding the nerves, produce unseemly passions, and anxieties in the soul.—*Bishop Becket, Sermon*, § 86.

Asperly, or Asprely. adv. Roughly; sharply. *Obsolete*.

Swimming into the ships, [they] enforced their enemies to strike on land, and there assaulted them so *asprely*, that the captain of the Romans might easily take them.—*Sir F. Elgot, The Governour*, fol. 56 b.

Asperous. adj. Uneven. *Obsolete*.

Black and white are the most *asperous* and unequal of colours; so like, that it is hard to distinguish them; black is the most rough.—*Boyle*.

They [caves of hermits] are all built in the rocks, and have a craggy and *asperous* ascent to them.—*Sir P. Rynd, Present State of the Greek and Armenian Churches*, p. 243.

Aspergo. v. a. [Lat. *aspersus*, part. of *aspergo* = sprinkle.]

1. Sprinkle over.

Your scorn makes me appear more abject to myself, Than all diseases I have tasted yet Had power to *asperge* upon me.

Here he used to hunt; and at the fall of a deer, where he would be sure to be present, embrow his hands in the blood of it, and throw it *aspergo* and sprinkle the attendants.—*Heath, Plagellum*, p. 159.

2. Bespatter with censure or calumny.

In the business of Ireland, besides the opportunity to *asperge* the king, they were safe enough.—*Lord Clarendon*.

Curb that impetuous tongue, nor rashly vain, And singly mad, *asperge* the sovereign reign. *Pope*.

Unjustly poets we *asperge*, Truth shines the brighter and in verse. *Swift*.

And here I solemnly protest I have no intention to vilify or *asperge* any one; for 'everything is copied from the book of Nature, and warre a character or action produced which I have not taken from my own observations and experience, yet I have used the utmost care to obscure the persons, by such different circumstances, degrees, and colours, that it will be impossible to guess at them with any degree of certainty; and if it ever happens otherwise, it is only where the failure characterized in so minute, that it is a foible which the party himself may laugh at as well as any other.—*Fiddling, Adventures of Joseph Andrews*, produce.

VOL. I.

Aspersion. s.

1. Sprinkling.

If thou dost break her virgin knot before All sanctimonious ceremonies, No sweet *aspersion* shall the heav'ns let fall, To make this contract grow.

It exhibits a mixture of new conceits and old; whereas the institution gives the new unmixed, otherwise than with some little *aspersion* of the old, for taste's sake.—*Bacon*.

2. Calumny; censure.

Not casting any *aspersion* on their religion, but ready to maintain my own.—*Bishop Hall, Spectation of his Life*.

The same *aspirations* of the king, and the same grounds of a rebellion.—*Dryden*.

And if, at present, every candid critic would be ashamed to cast wholesale *aspirations* on the entire body of professional teachers, much more is such censure unbecoming in reference to the ancient sophists, who were distinguished from each other by stronger individual peculiarities.—*Grate, History of Greece*, pt. ii. ch. lxvii.

Asphalte. s. [Lat. *asphaltum*.] Variety, or imitation, of bitumen.

Minto Square, Great Clive Street, Warren Street, Hastings Street, Ochelary Place, Plassy Square, Assaye Terrace ('Gardens' was a felicitous word not applied to such houses with *asphaltum* terraces in front, so early as 1827)—who does not know those respectable abodes of the retired Indian aristocracy, and the quarter which Mr. Venham calls the Black Hole, in a word?—*Thackeray, Family Tree*, ch. ix.

Asphaltic. adj. Gummy; bituminous.

And with *asphaltic* slime, bread as the gates, Deep to the roots of hell the gather'd beav' They fasten'd. *Milton, Paradise Lost* x. 298.

Asphaltus. s. Kind of pitch.

Many a row Of starry lamps and blazing cressets, fed With *asphaltus* and *asphaltus*, yielded light As from a sky. *Milton, Paradise Lost*, i. 727.

Asphodel. s. *Asphodelus luteus*: (a plant sacred to Proserpine).

By those happy souls who dwell In yellow meads of *asphodel*. *Pope*.

Others in Elysian valleys dwell, Resting weary limbs at foot of *asphodel*. *Taunson, The Lotus-Eaters*.

Aspic. s. [?] In *Cookery*. Side dish so called.

Aspic, or clear savoury jelly.—*Miss Aclon, Cookery*.

Aspick. s. Name of an African serpent (Coluber Aspis).

Why did I 'scape th' venom'd *aspick's* rage, And all the fiery monsters of the desert, To see this day? *Addison*.

Aspirant. s. Candidate.

I require then in our young *aspirant* to the name and honours of an English senator, that his mind be early and thoroughly saturated with the principles of virtue and religion.—*Bishop Hall*.

In a low state of morals as to sexual intercourse, in an order recruited from all classes of society, and filled by men of tried and untried religion; in an order crowded by *aspirants* after its wealth, power, comparative ease, privileges, immunities, public estimation; in an order superior to, or dictating public opinion (if public opinion made itself heard); in a permanent order, in which the degeneracy of one age would go on increasing in the next, till it produced some stern reaction; in an order comparatively idle, without social duties or intellectual pursuits; in an order not secluded in the desert, but officially brought into the closest and most confidential relations as instructors and advisers of the other sex, it was impossible to maintain real celibacy, and the practical alternative lay between secret marriages, concubines without the form of marriage, or a looser and more corrupting intercourse between the sexes.—*Milman, History of Latin Christianity*, b. vii. ch. i.

Aspirate. v. a. [Lat. *aspiratus*, from *aspiro* = breathe.] Pronounce with aspiration: (as *horse, house, hope*).

Evil, saith Clemens, if it be *aspirated* Hevia, signifies, in the Hebrew tongue, a female serpent: where the good man calls the Chaldean tongue the Hebrew; for in the Hebrew I do not find such a word for a serpent.—*Lightfoot, Miscellanies*, p. 169.

Aspirate. adj. Uttered with aspiration.

For their being previous, you may call them, if you please, *peraspirate*; but yet they are not *aspirate*, i. e. with such an aspiration as *h*.—*Holder, Elements of Speech*.

Aspirate. s. Mark to denote an aspirated sound; sound itself. See *Asperate*.

We must correct then twenty authors who have

T

it in the compound *ἀσπῆς* and *ἀσπῆρας*; and not, as the *aspirate* would require it, *ἀσπῆς* and *ἀσπῆρας*.—*Bentley, To Dr. Mead*.

[The Lat. *aspirare* is also used for the strong breathing caused by pronouncing the letter *h*, thence called the *aspirate*, a term etymologically unconnected with the spiritual *aspiro* of the Latin grammarians.—*Wolgast, Dictionary of English Etymology*.]

Aspiration. s.

1. Breathing after; ardent wish: (used generally of a wish for spiritual blessings).

A soul inspired with the warmest *aspirations* after celestial beatitude, keeps its powers attentive.—*Watts*.

2. Act of aspiring to, or desiring, something high and great.

'Tis he: I ken the manner of his gait;

He rises on his toe; that spirit of his In *aspiration* lifts him from the earth.

Shakespeare, Troilus and Cressida, iv. 3.

3. Pronunciation of a vowel with a strong emission of breath.

It is only a natural *aspiration*, i. e. a more forcible impulse of the breath from the lungs.—*Holder, Elements of Speech*.

Aspire. v. n.

1. Desire with eagerness; pant after something higher: (with *to*).

Most excellent lady, no expectation in others, nor hope in himself, could *aspire* to a higher mark, than to be thought worthy to be praised by you.—*Sir P. Sidney*.

His father's grave counsellors, by whose means he had *aspired* to the kingdom, he cruelly tortured.—*Knollys*.

Hence springs that universal strong desire, Which all men have of immortality; Not some few spirits unto this thought *aspire*, But all men's minds in this united be.

Sir J. Davies.

Horace did not *aspire* to epic lays:

Nor lofty Maro stoop to lyric lays. *Lord Bacon*.

Then a helpless, hopeless, homely swain,

I sought not freedom, nor *aspired* to gain. *Dryden*.

Aspiring to be gods, if angels fell,

Aspiring to be angels, men rebel. *Pope*.

While English warriors, leaving behind them the devastated provinces of France, entered Valladolid in triumph, and moved north to the gates of Florence, English poets depicted in vivid tints all the wide variety of human manners and fortunes, and English thinkers *aspired* to know, or dared to doubt, where *hitherto* had been content to wonder and believe. *Macaulay, History of England*, ch. i.

With *after*.

Those are raised above sense, and *aspire* after immortality, who believe the perpetual duration of their souls. *Archbishop Tillotson*.

There is none of us but who would be thought, throughout the whole course of his life, to *aspire* after immortality.—*Bishop Atterbury*.

2. Rise; tower; point upwards.

Whose atoms do the one down, sideways, bear, And th' other make in pyramids *aspire*.

Sir J. Davies, Immortality of the Soul, § 4.

Aspire. v. a. *Aspire to; attempt. Rare.*

Who dare *aspire* this journey with a stail, Hath weight will force him lewdly back again.

Lucan, Poem, l. 184.

That gallant spirit hath *aspired* the clouds.

Shakespeare, Romeo and Juliet, iii. 1.

Aspirement. s. Act of *aspiring. Rare.*

The only means [light] by which each mortal eye Sends usse needs to the wide firmament: That to the longing soul shines presently High contemplation and deep wonderment:

By which *aspirement* she her wings displays.

Brerke, Lucretia, 3. 6.

Aspirer. s. One who ambitiously strives to be greater than he is.

They were'd To win the mount of God: and on his throne, To set the ovier of his state, the proud *Aspirer*: but their thoughts prov'd fond and vain.

Milton, Paradise Lost.

I find not that he did set up for advancement, during Henry the Eighth's time, though a vast *aspirer* and provident storer.—*Naunton, Fragmenta Regalia*, Leicester.

Aspiring. verbal abs. Aspiration; desire of something great.

The ambitious and *aspirings* of the worldling.—*Hammond, Sermons*.

With *to*.

Having quite lost not only all inclination and *aspirings* to knowledge and virtue, lay likewise all courage and bravery of mind to recover their ancient freedom and honour.—*Huvellet, Letters*, ii. 57.

Aspiring. part. adj. Ambitious.

When, at length, many *aspiring* nobles had per-

137

ASPORTATION } ASPO ASSAULT

ished on the field of battle or by the hands of the executioner, when many illustrious houses had disappeared for ever from history, when those great families which remained had been exhausted and sobered by calamities, it was universally acknowledged that the claims of all the contending Plantagenets were united in the house of Tudor.—*Macaulay, History of England*, ch. 1.

Asportation. *s.* [Lat. *asportatio*, -onis, from *porto* = carry.] Carriage; act of carrying or conveying.

A bare removal from the place where the thief found the goods, is a sufficient asportation or carrying away. —*Sir W. Blackstone*.

Aspre. *adj.* See *Asper*.

Wind pure and aspre strokes I have seen them give and receive to-day.—*History of Oliver of Castile*.

Asquint. *adv.* Obliquely; not in the straight line of vision.

A single guide may direct the way better than five hundred, who have contrary views, or look asquint, or shut their eyes.—*Swift*.

Used figuratively.

There he answered not, but looked as if he were asquint at it.—*see, Book of Martyrs, Life of Rogers*.

If Herod the Great had been *ακατακτάτος*, or eaten up of swarms, and by the judgement of God too; but it to be thought that this judgement looked asquint upon all the rest of this king's enormities, and cast a full eye only on the massacre of the children?—*Gregory, Pastoralia*, p. 105: 1650.

Ass. *s.* [A.S. *asse*.] Animal so called (Equus Asinus).

You have among you many a purchase'd slave, Which, like your *asses*, and your dogs and mules, You use in alight and in slavish part, Because you bought them.

Shakespeare, Merchant of Venice, iv. 1.

Metaphorically. Dull fellow; dolt.

I do begin to perceive that I am made an *ass*.

Shakespeare, Merry Wives of Windsor, v. 5.

That such a crafty mother Should yield the world this *ass*!—a woman that Bears all down with her brain; and yet her son Cannot take two from twenty for his heart, And leave eighteen.

Id., Cymbeline, ii. 1.

Assagay. *s.* [?] Dart, or javelin, chiefly used by the Caffres.

Denote the Saracen and Hungarian invasion by darker-ensanguined tints, by crossed *assagays*, scimitars, or arrows.—*Sir F. Palgrave, History of England and of Normandy*, i. 420.

Assail. *v. a.* [Fr. *assailler*; from Lat. *ad* = to, on, *salio* = leap, meaning spring upon anyone.] Attack in a hostile manner; assault; fall upon; invade.

No when he saw his flat v'rine arts to fall, With greedy force he 'gan the fort v' assail.

Spenser, Faerie Queen

My gracious lord, here in the parliament, Let us assail the family of York.

Shakespeare, Henry VI. Part III., i. 1.

How have I fear'd your fate! but fear'd it most, When love assail'd you on the Libyan coast.

Dryden.

All books he reads, and all he reads assails, From Dryden's *Poems* down to D-y's *Tales*. *Pope*.

In vain Thucydides with reproach assails: For who can move when fair Belinda fails? *Id.* They assailed him with keen invective; they assailed him with still keener irony; but they found that neither invective nor irony could move him to anything but an unforced smile and a goodhumoured curse; and they at length threw down the lash, acknowledging that it was impossible to make him feel.—*Macaulay, History of England*, ch. xx.

Assailable. *adj.* Capable of being assailed.

Junque and his Fleance lives.—

But in them nature's ray's not eternae.—

There's comfort yet, they are assailable.

Shakespeare, Macbeth, iii. 2.

Assailant. *s.* One who assails.

The same was so well encountered by the defendants, that the obstinacy of the assailants did but increase the loss.—*Sir J. Hayward*.

I'll put myself in poor and mean attire, And with a kind of urber smirch my face, The like do you; so shall we pass along, And never stir assailants.

Shakespeare, As you like it, i. 3.

It might seem almost a simultaneous rising; though the active assailants were few, the feelings of the whole people were with them.—*Miltona, History of Latin Christianity*, b. x. ch. ii.

This second conflict was long and bloody. The assailants again forced an entrance into the village. They were again driven out with immense slaughter, and showed little inclination to return to the charge.—*Macaulay, History of England*, ch. xx.

Nor did the Church grudge this extensive power to our princes. By them she had been called into

ASSA

existence, nursed through a feeble infancy, guarded from Papists on one side and from Puritans on the other, protected against Parliaments which bore her no good will, and avenged on literary assailants whom she found it hard to answer.—*Macaulay, History of England*, ch. 1.

Assailant. *adj.* Attacking; invading.

And as evening dragon came, Assailant on the perched roosts Of tame villanick fowl.

Milton, Samson Agonistes, 1602.

Assailor. *s.* One who assails.

Palladius heated, so pursued our assailors, that one of them slew him.—*Sir P. Sidney*.

Assailing. *part. adj.* Attacking.

She will not stay the siege of loving terms, Nor bide th' encounter of assailing eyes.

Shakespeare, Romeo and Juliet, i. 1.

Assailment. *s.* Attack. Rare.

His most frequent assailment was the head-ache.

—*Johnson, Life of Pope*.

Assart. *s.* [Fr. *essart*.] In Law. Clearance of wood; disforestment.

Freedom from assart is an exemption from a fine or penalty for so doing.—*Burn, History of West-sussex and Chichester*, Glossary.

[*Assart*. A cleared piece in a wood. Fr. *essart*, Mid. Lat. *essartum*, *assartum*, *assartum*, *assartum*. *Essarta* vulgo dicitur: quando foresta, nemora, vel demeta quadratim succeduntur, quibus succedunt et relictis *crucibus*, terra subvertitur et excolitur. (Lili. Semeh. in Duc.) Et quicquid in toto territorio lausimmo diruptum et exstirpatum est quod vulgo dicitur *essare*. (Chart. A. D. 1096, in Duc.) From *ex-essartum*, grubbed up. (Diez.) Lat. *essare*, *essare*, to hoe, to weed.—*Webster, Dictionary of English Etymology*.

Assart. *v. a.* In Law. Commit an act of assart; clear; disforest.

The king granted to him free chase and free warren in all those his lands, &c. and also power to assart his lands.—*Ashmole, Antiquities of Berkshire*, ii. 425.

Assassin. *s.* [see last quotation.] Murderer.

The Syrian king, who, to surprise One man, assassin like, had levy'd war, War unprovoked.—*Milton, Paradise Lost*, xi. 219.

Here hir'd assassins for their gain invade, And treacherous poisoners urge their fatal trade.

Creech.

When she hears of a murder, she enlarges more on the guilt of the suffering person than of the assassin.—*Addison*.

Crested brandish'd the revenging sword, Slew the dire pair, and gave to funeral flame The vile assassin and adultress dame.

Pope.

Useful, we grant, it serves what life requires, But dreadful too, the dark assassin hires. *Id.* th, who was deemed worthy, by his strength and shrewdness, to be initiated into the assassin service, was invited to the table and conversation of the grand-master, or grand-prior; he was then intoxicated with hemlock (*hushish*), and carried into the garden, which on awakening, he believed to be Paradise. Everything around him, the hours in particular, contributed to confirm his delusion.

To this day, Constantinople and Cairo show what an incredible charm opium with hemlock exerts on the drowsy indolence of the Turk and the fiery imagination of the Arab; and explains the fury with which those youths sought the enjoyment of these rich pastiles (*hushish*), and the confidence produced in them, that they are able to undertake any thing or every thing. From the use of these pastiles, they were called *hushishis* (herb-eaters), which, in the mouths of Greeks and Crusaders, has been transformed into the word assassin; and as synonymous with murder, has immortalized the history of the order in all the languages of Europe.—*Translation of Van Harner's History of the Assassins*.

Assassin. *v. a.* Murder. Rare.

Can God be as well pleased with him that assassin his parents as with him that obeys them?—*Bishop Stillfleet, Sermons*, p. 502.

Assassination. *s.* Act of assassinating. Rare.

This spiritual assassinating, this deepest die of blood being most eternally designed on souls.—*Hammond, Sermons*.

Assassinate. *s.*

1. Crime of an assassin; assassination; murder. Rare.

For which his temper'd zeal, see Providence Flying in here, and arms him with defiance Against the assassin who upon his life By a foul witch. —*B. Jonson, Mankind at Court*.

Were not all assassinations and popular insurrections wrongfully chastised, if the munificence of the offenders indemnified them from punishment?—*Pope*.

2. Same as Assassinate. Rare.

In the very moment as the knight withdrew from the duke this assassin gave him, with a back blow, a deep wound into his left side.—*Sir H. Wotton*.

ASSA

The old king is just murdered, and the person that did it is unknown.—Let the soldiers seize him for one of the assassins, and let me alone to accuse him afterwards.—*Dryden*.

Religion puts on black; and loyalty Blushes and mourns to see bright majesty Butcher'd by such assassins; nay both 'Gainst God, 'gainst law, allegiance, and their oath.

Cleveland.

Assassinate. *v. a.* Murder by violence; destroy; treat after the manner of an assassin.

Help, neighbours, my house is broken open by force, and I am ravished, and like to be assassinated.—*Dryden*.

What could provoke thy madness To assassinate so great, so brave a man? *Philips*.

The incorporating Of these same outward things into that part, Which we call mortal, leaves some certain forces That stop the organs, and, as Plato says, Assassinate our knowledge. —*B. Jonson, Volpone*.

As for the custom that some parents and guardians have, of forcing marriages, it will be better to say nothing of such a savage inhumanity, but only thus, that the law which gives not all freedom of divorce to any creature indwelt with reason so assassinated, is next in cruelty.—*Milton, Doctrine and Discipline of Divorce*, i. 12. (Ord MS.).

Assassinate. *v. n.* Commit murder.

You who those ways fear'd of late, Where now no thieves assassinate, O. Sandys, Paraphrase of Sacred Songs, Judges v.

Assassination. *s.* Act of assassinating; murder by violence.

'T were well It were done quickly, if th' assassination Could trammel up the consequence.

Shakespeare, Macbeth, i. 7.

The Duke finish'd his course by a wicked assassination.—*Lord Clarendon*.

Assassinate. *adj.* After the manner of an assassin. Rare.

Let him ask the Jesuits about him, whether it be not their known doctrine, and also practice, not by fair and due process of justice to punish kings and magistrates, which we disavow not, but to smother them in the basest and most assassinous manner, if their church-interest so require.—*Milton, On Cromwell's Letter*, 561. (Ord MS.).

Assassinate. *s.* [Lat. *assatio*, -onis, from *asso* = roast.] Roasting. Rare.

The egg expiring less in the elixation or boiling; whereas, in the *assatio* or roasting, it will sometimes abate a drachm.—*Sir T. Browne, Vulgar Errors*.

Assation. *s.* A concoction of the inward moisture by heat.—*Burton, Anatomy of Melancholy*, p. 21.

Assault. *s.* [Fr.]

1. Attack; hostile onset; invasion.

Her spirit had been invincible against all assaults of affection.—*Shakespeare, Much Ado about Nothing*, ii. 3.

Theories built upon narrow foundations, are very hard to be supported against the assaults of opposition.—*Locke*.

Themselves at discord fell, And cruel combat join'd in middle space, With horrible assault, and fury fell.

Spenser, Faerie Queen.

Not to be shok thyself, but all assaults Baffling, like thy hear cliffs the loud sea wave.

Thomson.

2. Storm of a fortified place: (opposed to *sup* or *siege*).

Jason took at least a thousand men, and suddenly made an assault upon the city.—*2 Maccabees*, v. 5.

After some days' siege, he resolved to try the fortune of an assault: he succeeded therein so far, that he had taken the principal tower and fort.—*Bacon*.

With upon.

After some unhappy assaults upon the prerogative by the parliament, which produced its dissolution, there followed a compromise.—*Lord Clarendon*.

3. In Law.

A soldier, therefore, by knocking down his colonel, incurred only the ordinary penalty of assault and battery, and by refusing to obey orders, by sleeping on guard, or by deserting his colours, incurred no legal penalty at all.—*Macaulay, History of England*, ch. iii.

Assault.—A violent injury offered to a man's person, being of a higher nature than battery, for it may be committed by offering a blow or pronouncing a threatening speech. Thus, in case a person threatens to beat another, or lies in wait to do it, if the other is hindered in his business and receives loss, it will be an assault for which an action may be brought and damages recovered. Not only striking, but pushing, thrusting, throwing stones or even drink in the face of a person, are deemed assaults.—*Complete Dictionary of Arts and Sciences*.

Assault. *v. a.* Attack; invade; fall upon with violence.

The king granted the Jews to gather themselves together, and to stand for their life, to destroy all the power that would assault them.—*Ezther*, viii. 11.

Before the gates the cries of babes new-born, Whom fate had from their tender mothers torn, Assault his ears.—*Dryden*.

Now cursed steel, and more accursed gold, Owe mischief birth, and made that mischief bold; And double death did wretched man invade, By steel assaulted, and by gold betrayed.—*Id.*

Assaultable, *adj.* Capable of being assaulted. *Rare*.

A breach, he it made never so assaultable, having many hands to defend it with any valour, lightly is never entered.—*Sir Roger Williams, Actions of the Love Conscience*, p. 100.

Assaulter, *s.* One who assaults.

Neither liking their eloquence, nor fearing their might, we esteemed few words in a just defence, able to resist many unjust assaulters.—*Sir P. Sidney*.

Assay, *s.* [Fr. *essai*; from L. Lat. *exagium*, from *exigo* = work out, try, test.]

1. Examination; trial; first entrance upon anything; taste for trial; trial by danger or distress; difficulty; hardship.

But for to look at all assays To him, that wold'nt reason weeke, After the comin worldes specke, Is to wonder of thilke werre, In which none wote who hath the werre.—*Gower, Confessio Amantis*.

This cannot be By any assay of reason. 'Tis a pargant, To keep us in false gaze. *Shakespeare, Othello*, i. 3. For well he wot, that so glorious bias Would tempt his gust to take thereof assay.—*Spenser, Faerie Queen*.

She heard with patience all unto the end, And strove to muster sorrowful assay.—*Id.* The men he prest but late, To hard assays unfit, unsure at need, Yet arm'd to point in well attempted plate.—*Fairfax*.

Be sure to find, What I foretel thee, many a hard assay Of dangers, and adversities, and pains, Ere thou of Israel's sceptre gett hold.—*Milton, Paradise Regained*, iv. 477.

2. Tested value. She saw bedrowed all with rich array Of pearls and precious stones of great assay.—*Spenser*.

Assay, *v. a.* Make trial of; make experiment of; apply to: (as the touchstone in assaying metals.)

One that to bounty never cast his mind, No thought of honour ever did assay His inner breast.—*Spenser*.

Gray and Bryan obtained leave of the general a little to assay them; and so with some horsemen charged their house.—*Sir J. Heyward*.

What unweild behaviour hath this drunkard pickt out of my conversation, that he dares in this manner assay me?—*Shakespeare, Merry Wives of Windsor*, ii. 1.

Whom thus allictid, when sad Eve beheld, Desolate where she sat, approaching nigh, Soft words to his fierce passion shew assay'd.—*Milton, Paradise Lost*, x. 865.

Assay, *v. n.* Try; endeavour. David kirked his sword upon his armour, and he assayed to go, for he had not proved it.—*1 Samuel*, xvii. 30.

Assayer, *s.* One who assays. The smelters come up to the assayers within one in twenty.—*Woodward, On Fossils*.

Assocle, *s.* [Lat. *assecle*.] Attendant; dependent; follower. *Rare*.

It mattereth not with the pope and his assocles, of what life and conversation their saints be.—*Sheldon, Miracles of Antichrist*, p. 325: 1016.

Assurance, *s.* Assurance. *Obsolete*.

What may be thought of those assurances which they give, in the parish Church, to all such as die in the same, with the copious furniture of their sacraments, and their own merits.—*Sheldon, Miracles of Antichrist*, p. 320.

Assurance, *s.* Assurance free from doubt. *Obsolete*.

How far thou reaches this assurance? So far as to exclude all fears, all doubting and hesitation?—*Bishop Hall, Remains*, p. 298.

Assure, *v. a.* Give assurance; make secure. *Obsolete*.

Their gifts and grants are thereby made effectual, both to bar themselves from revocation, and to assure the right they have given.—*Hooker, Ecclesiastical Polity*, v. 28.

It is not helped but by being assured of pardon.—*Id.*, vi. 367.

The war was thither to be transferred, not only for religion's sake, and to assure the passage thither from the incurious of the Maltese, but in revenge of the old and late injuries by them done.—*Knots*, 1018 G. (Ord MS.)

Assuetion, *s.* [Lat. *assuetio*, -onis, from *assueo* = follow up, obtain.] Acquisition; act of obtaining. *Obsolete*.

By the canon law, a person after he has been in full possession of a second benefice, cannot return again to his first; because it is immediately void by his assuetion of a second.—*Sylvestre, Parergon Juris Canonici*.

Assémbiage, *s.*

1. Collection; number of individuals brought together.

All that we amass together in our thoughts is positive, and the assémbiage of a great number of positive ideas of space or duration.—*Locke*.

2. Association.

O Hartford, fitted or to shine in courts With unaffected grace, or walk the plains, With innocence or meditation join'd In soft assémbiage, listen to my song.—*Thomson*.

Assémbiance, *s.* *Rare*.

1. Semblance; representation; appearance.

Will you tell me, Master Shallow, how to choose a man? Care I for the limb, the thews, the stature, bulk, and big assémbiance of a man! Give me the spirit, Master Shallow.—*Shakespeare, Henry IV. Part II.* iii. 2.

2. Assembling.

He chaunt to come, where happily he spild A rout of many people far away; To whom his course he hastily applide, To weat the cause of their assémbiance wide.—*Spenser, Faerie Queen*, v. 4, 21.

Assémbly, *v. a.* Bring together into one place; collect.

And he shall set up an ensign for the nations, and shall assémbly the outcasts of Israel, and gather together the dispersed of Judah.—*Isaiah*, xl. 12. He wonders for what end you have assémbled Such troops of citizens to come to him.—*Shakespeare, Richard III.* iii. 7.

Secure under the Mosaic sceptre, the three patriarchs of Alexandria, Antioch, and Jerusalem assémbled a numerous synod.—*Gibbon, Decline and Fall of the Roman Empire*, ch. xvii.

Assémbly, *v. n.* [Fr. *assembler*.] Meet together.

These men assémbled, and found Daniel praying.—*Daniel*, vi. 11.

[The origin of Lat. *simul*, together, at once, is probably the radical *sum*, very widely spread in the sense of same, self. From *simul*, *insimul*, were formed It. *insieme*, Fr. *ensemble*, together; *assimuler*, to draw together, *assimuler*, to meet or flock together; whence E. *assemble*. In the Teutonic branch of language we have Goth. *summa*, the same; *summa*, *summa*, A.S. *sumod*, together, i. e. to the same place; *summa*, together; *summa*, *summa*; Sw. *summa*, *summa*, Dan. *summa*, *summa*, G. *summa*, to collect, to assemble. In O.E. *assemble* was often used in the special sense of joining in battle.

By Carlmeu assémbled that; There was hard fighting as I hardie say.—*(Wyntoun in Jam.)*

‘Thun bathe the fyrst rowis rycht thare At that assémbly weenest war’.—*(Id.)*

And in old Italian we find *assembliato* in the same sense. ‘La varuita era fornita. Non poteo a sio patro daro successo. Non poteo essere a la *assembliata*.’ In the Latin translation, ‘conclitum interesse nequibat.’ (Hist. Rom. Frang. in Muratori.)—*Wedgwood, Dictionary of English Etymology*.]

Assémbler, *s.* One who forms, or calls together, an assembly.

For your confession of faith, which you say shall be published by your assémbler, if that be to be used in the service of God, then must there be some new direction for it put into the directory.—*Hammond to Chynel, Works*, i. 193.

None of the list-makers, the assémbles of the mob, the directors and arrangers, have been convicted.—*Burke, Reflections on the Executions in 1780*.

Assémbly, *verbal abs.* Meeting together.

Let all rude and riotous assémbles, all clamorous sports and boisterous exercises, all unbecoming liberties, both of the hand and tongue, be banished from this day of rest and holiness.—*Bishop Fleetwood, Charge*.

Assémbly, *s.*

1. Company met together.

They had heard by fame, Of this so noble and so fair assémbly, This night to meet here.—*Shakespeare, Henry VIII.* i. 4.

It is, I perceive, an usual prayer of many preachers well-affected to your assémbly, that God would now (after 1,000 years universal practice of the whole

church of Christ upon earth) show you the pattern in this mount; as if, after so long and perfect inquiries, there could be any new discoveries of the form that was, or should be.—*Bishop Hall, Remains*, p. 394.

The policy which the parliamentary assemblies of Europe ought to have adopted was to take their stand firmly on their constitutional right to give or withhold money, and resolutely to refuse funds for the support of armies, till ample securities had been provided against despotism.—*Macaulay, History of England*, ch. i.

2. Assembling; collection.

From Murano to Venice herself, or to any of the little assémbly of islands about her.—*Hosell, Letters*, i. 1.

3. Meeting for the purpose of pleasure.

Her girls had more milliner's furniture than they had ever enjoyed before. They appeared perseveringly at the Windsor and Southampton assémbles; they penetrated to Cowes for the regatta and regatta-gardes there; and their carriage, with the horses taken from the plough, was at work perpetually, until it began almost to be believed that the four sisters had had fortunes left them by their aunt, whose name the family never mentioned in public but with the most tender gratitude and regard.—*Thackeray, Vanity Fair*, ch. xxix.

Assémbly-room, *s.* [Two words, rather than a true compound.] Room for assémbles.

No sooner did the reputation of the poem begin to spread, than she heard it repeated in all places of concourse; nor could she enter the assémbly-rooms, or cross the walks, without being saluted with some lines from *The Bastard*.—*Johnson, Life of Savage*.

Assént, *s.* [Lat. *assensus*.] Act of agreeing to anything; consent; acceptance; agreement.

To urge any thing upon the church, requiring thereunto that religious assént of Christian belief wherewith the words of the holy prophets are received, and not to show it in scripture: this did the fathers evermore think unlawful, impious, and execrable.—*Hooker*.

The evidence of God's own testimony, added into the natural assént of reason, concerning the certainty of them, doth not a little comfort and confirm the same.—*Id.*

Without the king's assént or knowledge,

You wrought to be a legate.—*Shakespeare, Henry VIII.* iii. 2.

All the arguments on both sides must be laid in balance, and upon the whole, the understanding determine its assént.—*Locke*.

When her assént she lightly dash inelide,

To either part she's of opinion light;

But when she doth by principles deduce

A certain truth, she hath true judgement's sight.—*Sir J. Aker, Importunity of the Soul*, § 25.

Knicht's speech, retouched and made more efficacious, soon appeared in print without a license. Tens of thousands of copies were circulated by the post, or dropped in the streets; and such was the strength of national prejudice that too many persons read this rivalry with assént and admiration.—*Macaulay, History of England*, ch. xx.

He alone was entitled to evocate the estates of the realm; he could at his pleasure dissolve them; and his assént was necessary to all their legislative acts.—*Id.*, ch. i.

With to.

Faith is the assént to any proposition not thus made out by the deduction of reason, but upon the credit of the proposer.—*Locke*.

With with.

For fals maintaining a maketh crickets, and assémbly with sicke falsheid bringeth into offence, and Christ wote not assémbly with these; for they may not be sold.—*Wycliffe, Three Treatises*, p. 24.

Assént, *v. n.* Concede; yield, or agree, to.

And the Jews also assented, saying that those things were so.—*Acts*, xxiv. 9.

Asséntation, *s.* [Lat. *assentatio*, -onis, from *assentor* = agree to, flatter.] Compliance with the opinion of another out of flattery or dissimulation.

A prince whom, without asséntation, I may be bold to call the sweetest and the fairest blossom that ever budded, either out of the white or the red rosey.—*Lord Northampton, Proceedings against Garnet*, sign. 13 d 3.

Words, smooth and sweeter-sounded, are to be used rather than rough or harsh; as more for worship, asséntation for flattery.—*Instructions for Oratory*, p. 25: Oxford, 1693.

Asséntator, *s.* [Lat.] Flatterer; follower. *Obsolete*.

Other there be which, in a more longest term may be called asséntators or followers, which do await diligently what is the form of the speech and gesture of their master, and also their manners and fashion of garments.—*Sir T. Elyot, The Governour*, fol. 188, b.

Assentatorily, adv. After the manner of an assentator; with flattery, compliance, and adulation. *Obsolete.*

Because I have no purpose: Valilie or assentatorilie to represent this greatness; as in water, which shows things bigger than they are, but neither as by an instrument of art, helping the sense to take a true magnitude and dimension.—*(Of the true Greatness of the Kingdom of Britain, 194. (Ord MS.)*

Assenter, s. One who consents; assistant; favourer.

The good man, by that delusive spell, is rendered a ridiculous spectator, and seemingly an assenter to their misadventures [wicked acts].—*Sir T. Herbert, Travels, p. 337.*

She is not an assenter (though thousands be) to that rabbinical rule cited in Drusius from Rabbi Maurien: Let a man clothe himself (saith he) beneath his ability, his children according to it, and his wife above it!—*Whitlock, Manners of the English, p. 353.*

Assentment, s. Consent. *Rare.*

Their arguments are but precarious, and subvert upon the charity of our assentments.—*Sir T. Browne, Vulgar Errors.*

Assert, v. a. [Fr. *asserer*; Lat. *asserto*.]

1. Maintain; defend, either by words or actions; affirm; declare positive.

Your forefathers have asserted the party which they chose till death, and died for its defence.—*Dryden.*

Thut to the height of this great argument I may assert Eternal Providence, And vindicate the ways of God to men.

Milton, Paradise Lost, l. 25.

2. Claim; vindicate a title to.

Nor can the groveling mind, In the dark dungeon of the limbo confin'd, Assert the native skies or its own heav'nly kind.

Dryden.

3. Rescue; free. *Latinism.*

The people of Israel, being lately oppressed in Egypt, were asserted by God into a state of liberty.—*Bishop Patrick, Commentary on Numbers, xxiii. 22.*

Assertion, s. Act of asserting; thing asserted; statement; allegation; affirmation.

If any affirm the earth doth move, and will not believe with us it standeth still, because he hath probable reasons for it, and I no infallible sense or reason against it, I will not quarrel with his assertion.—*Sir T. Browne, Vulgar Errors.*

Assertive, adj. Positive; dogmatical; peremptory. *Rare.*

He was not so fond of the principles he undertook to illustrate as to boast their certainty; proposing them not in a confident and assertive form, but as probabilities and hypotheses.—*Glanville.*

Assertively, adv. Affirmatively. *Rare.*

Read it interrogatively, and it is as strong for Soto and the Dominicans, as if it be read assertively, for Catherine and the Jesuits.—*Bishop Doctol, Letters, p. 403.*

Asserter, s. One who asserts; maintainer; vindicator; supporter; affirmer.

Among th' assertors of free reason's claim, Our nation's not the least in worth or fame.

Dryden, Epistles, ii.

Faithful assertor of thy country's cause, Britain with tears shall bathe thy glorious wound.

Prior.

It is an usual piece of art to undermine the authority of fundamental truths, by pretending to show how weak the proofs are, which their assertors employ in defence of them.—*Bishop Atterbury.*

Assertory, adj. Affirming; supporting.

We have not to do here with a promissory oath, the obligation whereof is for another inquisition: it is the assertory oath that is now under our hand, which the great God by whom we swear hath ordained to be an end of controversies.—*Bishop Hall, Cases of Conscience, l. ii. C.*

His other heap of arguments are only assertory not promatory.—*Jeremy Taylor, Artificial Happiness, p. 129.*

As this participle Amen, used in the beginning of a speech is assertory of the un doubted truth of it, so when it is subjoined and used at the end of it [it] is promatory, and signifies our earnest desire to have our prayers heard and our petitions granted.—*Bishop Hopkins, Expositions of the Decalogue and the Lord's Prayer, p. 208.*

Asservile, v. a. Render servile. *Obsolete.*

I think my fortune will set me at liberty, who am weary of asserviving myself to every man's charity.—*Bacon, v. 210. (Ord MS.)*

Assess, v. a. [Fr. *assesser*.] Rate; fix the value of taxes, damages, or law costs.

Before the receipt of them in this office, they were assessed by the affidavit from the time of the inquisition found.—*Bacon.*

Assess, s. Assessment.

Taking off assesses, levies, and free-quarterings, might appear plausible alius.—*King Charles I. in the Princes Petition, ch. viii.*

Assessory, adj. Pertaining to assessors.

One of the assessors of the jury upon their oaths at the assessory court, I have inserted.—*Curcio, Survey of Cornwall.*

Assessment, s. Sum levied on certain property; act of assessing.

They were not ashamed, after they had taken away and sold all my goods and personal estate, to come to me for assessments and monthly payments for that estate which they had taken.—*Bishop Hall, Specialties of his Life, p. 31.*

What greater immunity and happiness can there be to a people, than to be liable to no laws but what they make themselves? To be subject to no contribution, assessment, or any pecuniary levy whatsoever, but what they vote and voluntarily yield unto themselves?—*Howell.*

Assessor, s. [from Lat. *assessor*, from *sedeo* = sit.] One who sits by another.

a. As assistant, or adviser, to a judge.

Minus, the strict inquirer, appears; And lives and crimes, with his assessors, hears. Round in his run the blended balls he rolls, Absolves the just, and dooms the guilty souls.

Dryden.

The statutes are as extraordinary as if they had been drawn up by Don Quixote himself, or his assessors, the curia and the barler.—*T. Warton, History of English Poetry, l. 336.*

b. As next in dignity.

To his Son,

The assessor of his throne, he thus began.

Milton, Paradise Lost, vi. 678.

Twice stronger than his sire, who sat above, Assessor to the throne of thundering Jove.

Dryden.

Assessor, s. [from *assess*.] One appointed to ascertain and fix the value of taxes, &c.

The assessors of taxes may be elected of the meaner sort of the people.—*Sir W. Raleigh, Arts of Empire, p. 63.*

Assets, s. [L. Lat. *at* = to, *sat* or *satis* = enough.]

1. In Law. Property of a deceased person chargeable with his liabilities and legacies.

For I am dead, and, more unlucky still, My legal assets will not pay your bill.

Epigram by George Selwyn.

2. In Commerce. Entire property of a trader or company of traders.

The term assets is used to designate the stock in trade, and the entire property of all sorts, belonging to a merchant or to a trading association.—*McCulloch, Commercial Dictionary.*

[*Assets*. In local language, are funds for the satisfaction of certain demands. Commonly derived from Fr. *asset*, but in OE. it was commonly written *aseth*.

'And if it suffice not to aseth.' (P. Plowman, p. 24.)

'And Pilat, willing to make aseth to the people, left to them Barabbas.'—*Wyclif, Mark xvi.*

'And though on heapes that lie him by Yet never shall make his riches aseth into his freedoms.'—(R. R.)

'Make asetho (makyn asetho = R.), satisfacto.—Pr. Pin. 'Now then, rise and go forth and speking do asetho to thy servauntis' (Wicliffe); 'satisfac servis tuis' (Vulgate). 'Therefore I swore to the hews of Idd that the wickedness of his hews shall not be done aseth before with slain sacrificis and gifts.' (Wicliffe) In the Vulgate *expetier*.—*Wedgwood, Dictionary of English Etymology.*

Asser, v. a. [Lat. *assevero*.] Same as *asseverate*.

Aschmus, though otherwise a severe and a very austere man, yet is so sweetened and mollified with the concert of this music [the harmony of heaven], that he not only assevereth it, but also endeavourth, with great pains and labour, to set out the true musical proportion of it; as Macrobius before did.—*Rutherby, Atheismaster, p. 317.*

Asser, v. a. [Lat. *assevero*.] Same as *asseverate*.

Aschmus, though otherwise a severe and a very austere man, yet is so sweetened and mollified with the concert of this music [the harmony of heaven], that he not only assevereth it, but also endeavourth, with great pains and labour, to set out the true musical proportion of it; as Macrobius before did.—*Rutherby, Atheismaster, p. 317.*

Asser, v. a. Affirm with solemnity.

It is impossible to calculate the good that such a work would have done if half which is asseverated (no matter how earnestly) had only been proved.—*Blunt, Essays contributed to the Quarterly Review, essay v.*

Asservation, s. Solemn affirmation (as upon oath).

That which you are persuaded of, ye have it no otherwise than by your own probable collection; and therefore such bold asseverations as in him were admirable, should, in your mouths, but argue rashness.—*Hooker.*

The repetition gives a greater emphasis to the words, and agrees better with the vehemence of the speaker in making his asseveration.—*Broune, Notes on the Oligarchy.*

While Wharton had been making his report to the Commons, Leeds had been haranguing the Lords. He denied with the most solemn asseverations that he had taken any money for himself. But he acknowledged, and indeed almost boasted, that he had abetted Leeds in getting money from the company, and seemed to think that this was a service which any man in power might be reasonably expected to render to a friend.—*Macaulay, History of England, ch. xxi.*

Asshead, s. One slow of apprehension; blockhead.

I can see none agree with my lords here in thys opynion, unless they be blynde Assheads and Assheads, as thys olde dotynge foole was.—*Bale, Yet a Course at the Romyne Pyre, fol. 80. b.*

Will you help an asshead, and a concomb, and a knave, a thin-faced knave, a gull.—*Shakespeare, Twelfth Night, v. 1.*

Assiduate, adj. Diligent; with assiduity. *Rare.*

My long and assiduate course of suffering has taken me from an opinion of suffering.—*King Charles I. in the Princes Petition, ch. viii.*

It is much better to have but one physician, provided that he be assiduate and careful.—*Time's Store House, 777. 2. (Ord MS.)*

Hunting is nothing else but a lively image of warre, and an assiduate meditation thereof.—*Ibid. 102. 2.*

Assiduity, s. Diligence; closeness of application.

I have, with much pains and assiduity, qualified myself for a nomenclator.—*Addison.*

Can he, who has undertaken this, want conviction of the necessity of his utmost vigour and assiduity to acquit himself of it?—*Rogers.*

Assiduous, adj. [Lat. *assiduus*.] * Constant in application.

And if by prayer Incessant I could hope to change the will Of Him who all things can, I would not cease To weary Him with my assiduous cries.

Milton, Paradise Lost, xl. 307.

The most assiduous tale-tellers, and bitterest revellers, are often half-witted people.—*Dr. H. More, Government of the Tongue.*

In summer, you see the hen giveth herself greater freedoms, and quitting her care for above two hours together; but in winter, when the rigour of the season would chill the principles of life, and destroy the young one, she grows more assiduous in her attendance, and stays away but half the time.—*Addison.*

Each still renews her little labour, Nor justles her assiduous neighbour.

Prior.

Assiduously, adv. Diligently; continually.

The trade that obliges artificers to be assiduously conversant with their materials is that of glassmen.—*Boyle.*

The habitable earth may have been perpetually the drier, seeing it is assiduously drained and exhausted by the seas.—*Bentley.*

Assiduousness, s. Attribute suggested by Assiduous; diligence.

Persons that will have the patience to understand, and press with art and assiduousness.—*Letter dated 1637, Sidney State Papers, li. 608.*

Assiège, a. [Fr. *assiéger*.] Besiege. *Obsolete.*

On the other side the assigned castle's ward Their steadfast stands did nightly maintain.

Spenser.

Assign, v. a. [Fr. *assigner*.] Mark out; appoint; appropriate.

And it came to pass, when Josh observed the city, that he assigned Uriah unto a place where he knew that valiant men were.—*2 Samuel, xi. 16.*

Promising unto the king by intercession three hundred and thirty score talents of silver; and of another revenue, eighty talents. Besides this, he promised to assign an hundred and fifty more, if he might have leave to set him up a place for exercise, &c.—*2 Maccabees, iv. 8. 9.*

The two armies were assigned to the leading of two generals, both of them rather courtiers assured to the state, than martial men.—*Bacon.*

While yet we live, scarce one short hour perhaps, Between us two let there be peace; both joining. As join'd in injuries, our enmity Against a foe by doom express assign'd us. That cruel serpent. *Milton, Paradise Lost, x. 123.*

True quality is neglected, virtue is oppress'd, and vice triumphant. The last day will assign to every one a station suitable to his character.—*Addison.*

Assign, s. One to whom any property is, or may be, assigned. See Assignee.

Severus likes not these unseason'd lines Of rude asurdities, time's foul abuse, To all posterities, and their assigns.

Parrot, Springs for Woodcocks, ep. 13. Without interruption or claim of heirs, execut'ry and assigns.—*Warton, Life of Sir T. Pope, p. 162.*

Assignable, adj.

1. Capable of being assigned or marked out, or fixed with regard to quantity or value.

Aristotle held that it streamed by conatural result and emanation from God; so that there was no instant assignable of God's eternal existence, in which the world did not also co-exist.—*South.*

As the number of terms may increase beyond any assignable number; so may the excess decrease below any assignable quantity.—*Wallis, Correction of Hobbes, § 6.*

In one hour, and in the self-same assembly, without any assigned or assignable cause, to be precipitated from the highest authority to the most marked neglect, possibly into the greatest peril of life and reputation, is a situation full of danger, and destitute of honour.—*Burke, Thoughts on the present Discontent.*

If, therefore, we require that a historical account should rest on the testimony of known and assignable witnesses, whose credibility can be scrutinized and judged, we shall find ourselves compelled to withhold our belief from the history of Rome down to the landing of Pyrrhus in Italy, in the year 473 from the building of the city, or 241 a.c.—*Sir G. R. Lewis, Enquiry into the Credibility of the early Roman History, l. 25.*

2. Capable of being transferred as a property.

The only advantage that can result to a nation from public debts, is the increase of circulation by multiplying the cash of the kingdom, and creating a new species of currency, assignable at any time, and in any quantity always therefore ready to be employed in any beneficial undertaking, by means of this its transferable quality.—*Sir W. Blackstone, Commentaries, l. 323. (Ord. 818.)*

Assignat, s. Paper money issued by the French government during the first revolution.

The mortgage of our assignats draws near its end. *Burke, Works, vii. 340.*

In the war with Holland, he saw nothing but gold to seize on, and assignats to sell at par.—*Ibid. p. 351.*

There are some seven prisons in Paris, full of aristocrats with conspiracies;—may not even Bieffre and Salpêtrière shall escape, with their forgers of assignats; and there are seventy times seven hundred patriot hearts in a state of frenzy.—*Carlyle, French Revolution, pt. iii. l. i. ch. iv.*

Assignment, s.

1. Appointment to meet.

The lovers expected the return of this stated hour with as much impatience as if it had been a real assignation.—*Spectator.*

Or when a whore, in her vocation, keeps punctual to an assignation. *Swift.* They return home as much raised in their spirits, and elevated in their very countenances, as the most jolly good fellows do from their merry assignations.—*Goldsmith, Winter Evening Conference, pt. i.*

More delightful and more profitable than either coffee-house, club, or tavern assignations.—*Id. pt. ii.*

Four glances beget eyes, eyes sighs, sighs wishes, wishes words, and words a letter, which flies on wings of light—heed'd Mercuries.

Who do such things because they know no better; And then, God knows what mischief may arise; When love links two young people in one fetter; Vile assignations and adulterous beds, Elopements, broken vows, and hearts, and heads. *Byron, Beppo, xvi.*

2. Making over a thing to another.

By assignments of yearly pensions out of their revenues.—*Sir E. Sandys, State of Religion.* He had obtained an assignment of 50,000 crowns to be levied in Portugal.—*Bacon, Report of Lupus's Treason.*

This manor was in the possession of Reginald Fitzherbert, who, dying in 1285, by an assignment made it over to his wife Joan.—*Ashmole, Antiquities of Berkshire, ii. 276.*

3. Designation; marking out.

In all these places this title is attributed unto Christ absolutely and universally, without any kind of restriction or limitation, without any assignment of any particular in respect of which he is the first or last.—*Bishop Pearson, Exposition of the Creed, art. ii.*

I am happy to find this assignment of Stonehenge, which I cursorily hazarded in my first volume of the History of English Poetry, ascertained by an authentic historian as Turgot!—*T. Warton, Roxley Enquiry, p. 65.*

The assignment of particular names to denote particular objects, that is, the institution of nouns substantive, would, probably, be one of the first steps towards the formation of language.—*A. Smith, Dissertation on the Origin of Language.*

Assigned, part. adj. Fixed: (in regard to quantity, or value, or proprietorship).

There is no such intrinsic, natural, settled value in any thing, as to make any assigned quantity of it constantly worth any assigned quantity of another.—*Locke.*

Assigné, s. One to whom anything is assigned.

Assigns the same to another; by law, where the law makes an assignee without any appointment of the person instituted; as an executor is assignee in law to the testator, and an administrator to an intestate. But when there is an assignee by deed, the assignee in law is not allowed.—*Complete Dictionary of Arts and Sciences.*

Assigner, s. One who assigns.

The Gospel is at once the assigner of our tasks, and the magazine of our strength.—*Dr. H. More, Essay of Christian Piety.*

Assignment, s.

1. Appropriation of one thing to another thing or to a person.

The only thing which maketh any place public, is the public assignment thereof unto such duties.—*Hooker.*

This institution, which assigns it to a person, whom we have no rule to know, is just as good as an assignment to nobody at all.—*Locke.*

2. Designation; act of marking out; appointment.

By this your assignment Popery will extend itself very far indeed.—*Bishop Montagu, Appeal to Conscience, p. 119.*

All chancery-clerks, commissaries, archdeacons, officials, and all other exercising ecclesiastical jurisdiction, shall appoint such meet places for the keeping of the courts, by the assignment or appointment of the bishop of the diocese, as shall be convenient for the entertainment of those that are to make their appearance there.—*Ecclesiastical Constitutions and Canons, 125.*

Assimilable, adj. Capable of being assimilated, or converted to the same nature with something else. *Rare.*

The spirits of many will find but naked habitations: meeting no assimilable wherein to rest their natures.—*Sir T. Browne, Vulgar Errors.*

Assimilate, v. n. Become like something else; harmonize.

He stands aloof from all, maintains his state, And scorns like Scotchmen to assimilate. *Churchill, The Rosciad.*

Assimilate, v. a.

1. Bring to a likeness or resemblance.

A ferine and nervous kind of life would easily assimilate at least the next generation to barbarism and ferocity.—*Sir M. Hale.*

They are not over patient of mixture; but such whom they cannot assimilate soon find it their interest to remove.—*Swift.*

2. In Physiology. Turn to its own nature by digestion.

Tasting concoct, digest, assimilate, And corporeal to incorporeal turn. *Milton, Paradise Lost, v. 512.*

Hence also animals and vegetables may assimilate their nourishment: moist nourishment easily changing its texture, till it becomes like the dense earth.—*Sir J. Newton.*

3. Liken.

We read in Xenophon that Socrates considered such a bargain as nothing less than servitude, rubbing the teacher of all free choice as to persons or proceeding; and thus he assimilated the relation between teacher and pupil to that between two lovers or two intimate friends, which was thoroughly dishonoured, robbed of its charm and reciprocity, and prevented from bringing about its legitimate reward of attachment and devotion, by the intervention of payment of money.—*Grote, History of Greece, pt. ii. ch. lxvii.*

Assimilation, s. [Lat. *assimilatio*, -onis, from *similis*—like.] Act of converting anything to the nature or substance of another; state of being assimilated, or becoming like something else.

It furthers the very act of assimilation of nourishment, by some outward elements that make the parts more apt to assimilate.—*Bacon, Natural History.*

A nourishment in a large acceptance, but not in propriety, coarsening the body, not repairing it by assimilation, but preserving it by ventilation. *Sir T. Browne, Vulgar Errors.*

With to.

What shall he gain by this but that advantage, which he promiseth to himself, of your good, in your assimilation to other churches.—*Bishop Hall, Remains, p. 315.*

With with.

It is as well the instinct as duty of our nature, to aspire to an assimilation with God; even the most

laudable and generous ambition.—*Dr. H. More, Essay of Christian Piety.*

Assimilative, adj. Having the power of turning to its own nature by digestion.

Neither ought it to seem more strange, that the same ventricle in the brain should be capable of all these three functions, than that the same bone or sinew, and every part and particle thereof, should have in it (in regard of the nourishment it receives and the excrement it drives forth) an attractive, a retentive, an assimilative, and an expulsive virtue.—*Halewell, Apology, p. 5.*

Assist, v. n. [Fr. *assister*; from Lat. *assistere*—stand by.] Help.

Assist her in the Lord, as becometh saints, and assist her in whatsoever business she hath need.—*Romans, xvi. 2.*

Assistance with method will assist one in tracing human affairs. *Watts, Logic.*

Assist, v. n. Help; contribute; lend a hand.

Almighty God, who in thy wise providence hast constituted several ranks and qualities of men, that they might mutually assist to the support of each other; teach me to be content with the station, wherein thou hast been pleased to place me.—*Nelson, Congregation to the Fasts and Festivals of the Church of England, St. James.*

With in.

She no sooner yielded to adultery, but she agreed to assist in the murder of her husband.—*Broome, On the Olympe.*

Assistance, s. Help; furtherance.

The council of Trent commands recourse, not only to the prayers of the saints, but to their aid and assistance: What doth this aid and assistance signify? *Bishop Stillingfleet.*

You have abundant assistance for this knowledge, in excellent books.—*Archbishop Wake, Preparation for Death.*

Let us entreat this necessary assistance, that by his grace he would lead us.—*Rogers.*

Assistance, adj. Helping; lending aid.

Some perchance did adhere to the duke, and were assisted in him openly, or at least under hand.—*Sir M. Hale, History of the Common Law of England.*

For the performance of this work, a vital or directive principle seemeth to be assistant to the corporal. *Grew.*

Assistant, s. Person engaged in an affair, not as principal, but as auxiliary or ministerial; attendant.

Some young towards noblemen or gentlemen were usually sent as assistants or attendants, according to the quality of the persons.—*Bacon.*

The pale assistants on each other star'd, With gaping mouths for issuing words prepar'd. *Byron, Id.*

A messenger of the press went thither with several assistants, and found Anderson's wife and mother twisted as sentinels at the door.—*Macaulay, History of England, ch. xx.*

Assistantly, adv. So as to assist.

He hath helped up assistantly His servant Israel. *Magnificent, Sternhold's Psalms; 1598.*

Assisting, part. adj. Helping.

It is necessary and assisting to all our other intellectual faculties.—*Locke.*

Assistless, adj. Destitute of assistance.**Rare.**

Stupid he stares, and all assistless stands. *Pope, Homer's Iliad.*

Assize, s. [Fr. *assise*; from Lat. *assessio*—sitting.]

1. Court, place, or time, where and when the writs and processes of assize are taken.

The law was never executed by any justice of assize, but the people left to their own laws.—*Sir J. Davis, On Ireland.*

At each assize and term we try A thousand rascals of as deep a dye. *Dryden, Juvenal's Satires.*

The Assize Courts, Central Criminal Court, and Court of the Queen's Bench, have power to try for all treasons, felonies, and misdemeanours, committed or renewed for trial within their jurisdiction.—*J. Foulsham, jun., How we are governed, let. xvi.*

He sometimes made it his residence during part of the year. At all events, he was often attracted thither by business and pleasure, by assizes, quarter sessions, elections, matters of militia, festivals, and races.—*Macaulay, History of England, ch. iii.*

Henry II. accordingly introduced the grand assize as a substitute, at the option of the litigants.—*C. H. Pearson, The early and middle Ages of England, ch. xxxiii.*

2. Any court of justice.

The judging God shall close the book of fate, And throw the last assize keep. For those who wake, and those who sleep. *Dryden.*

But kept upright in such a wise,
That jute broke nought th' assise
Of love, which is all the chief,
To kepe a regno out of mischeife.

Gower, *Confessio Amantis*.

For this prologue is no assise
That it to wisdom all belongeth.

Ibid. *Prologue*.

3. Name given to certain statutes and writs.

By an ordinance in 27 Hen. II. called the *assise* of arms, it was provided, that every man's armour should descend to his heir.—*Sir W. Blackstone*.

Their code of law was the *assise* of Jerusalem.—*Milman, History of Latin Christianity*, ch. vii. b. i.

4. Measure; rating. See *Size*.

On high hill's top I saw a stately frame,
A hundred cubits high by just assise,
With hundred pillars.

Spenser.

Assise. *v. a.* Fix rate of anything; measure; appoint.

That thou therof might ben advised,
Thou shalt have day and time assised.

Gower, *Confessio Amantis*, *Tale of Florent*.

Asslike. *adj.* Like an ass.

I had much rather, whene truly I may do it, show
their mistaking of Plato, under whose lion's skin
they would make an ass-like braying against poetry,
than go about to overthrow his authority.—*Sir P. Sidney, Defence of Poetry*.

They are sleepy, with savanaria, dull, slow, cold,
blackish, ass-like.—*Burton, Anatomy of Melancholy*, p. 101.

Assober. *v. a.* Keep sober. *Obsolete*.

And thus I rede, thou *assober*
Thyne herte, in hope of such a grace.

Gower, *Confessio Amantis*, b. vi.

Associate. *v. a.* Unite; join; connect with; accompany.

Language and fashion *associate* also affections.—*Sir E. Knight, State of Religion*.

Some obnoxious parties imperceptibly *associate* themselves to it.—*Bayle*.

If Hamlet, a king of the Huns, has any concern in this name [the Hamlet], the best way is to reconcile matters, and *associate* both dynasties in Huns-Awer, or Hamlet.—*T. Warton, Notes on Milton's smaller Poems*.

As a patron of genius and learning he [Montaigne] mixes with his two illustrious friends, Dorset and Spenser. His munificence fully equalled theirs; and, though he was inferior to them in delicacy of taste, he succeeded in *associating* his name inseparably with some names which will last as long as our language.—*Macaulay, History of England*, ch. xx.

Associate. *v. n.* Keep company; (with whom).

Associates with the midnight shadows. *Thomson*.
They appear in a manner no way accessory to those with whom they must *associate*.—*Burke*.

Associate. *adj.* Confederate; joined in interest or purpose.

While I descend through darkness,
To my *associate* power, them to acquaint
With these successes.

Milton, *Paradise Lost*, x. 393.

Associate. *s.*

1. One joined with another; partner; companion: (implying some kind of equality).

They persuade the king, now in old age, to make Plautus his *associate* in government with him.—*Sir P. Sidney*.

He was accompanied with a noble gentleman, no unsuitable *associate*.—*Sir H. Wotton*.

Sole Eve, *associate* sole, to me beyond
Compare, above all living creatures dear.

Milton, *Paradise Lost*, ix. 227.

But my *associates* now my stay deplore.

Impatient. *Pope, Homer's Odyssey*.

2. Confederate (in a good or neutral sense); accomplice (in an ill sense).

Their defender, and his *associates*, have since no
projected to the world a form such as themselves
like.—*Hooker*.

Association. *s.* [Lat. *associatio*, -onis, from *socius* = companion.]

1. Union; conjunction; society.

The church being a society, hath the self-same original grounds, which other politic societies have: the natural inclination which all men have unto sociable life, and consent to some certain bond of *association*; which bond is the law that appointeth what kind of order they shall be associated in.—*Hooker*.

2. Confederacy; union for particular purposes; partnership; assembly of persons; club.

This could not be done but with mighty opposition: against which, to strengthen themselves, they secretly entered into a league of *association*.—*Hooker*.

Self-denial is a kind of holy *association* with

God; and, by making you his partner, interests you in all his happiness. *Boyle*.

The power of serving and obliging the rulers of corporations, of winning over the popular leaders of political clubs, associations, and neighbourhoods.—*Burke, Speech on the Duration of Parliament*.

The opinion of the great majority of the House of Commons was that the Indian trade could be advantageously carried on only by means of a joint stock and a monopoly. It might therefore have been expected that the resolution which destroyed the monopoly of the Old Company would have been immediately followed by a law granting a monopoly to the New Company. No such law, however, was passed. The Old Company, though not strong enough to defend its own privileges, was able, with the help of its Tory friends, to prevent the rival association from obtaining similar privileges.—*Macaulay, History of England*, ch. xx.

3. Apposition; union of matter.

The changes of corporeal things are to be placed only in the various separations, and new associations and motions of these permanent particles.—*Sir I. Newton*.

4. In *Mental Philosophy*. Connection: (applied to ideas).

Association of ideas is of great importance, and may be of excellent use.—*Watts*.

It takes no account, at least in the department of pure logic, of memory and imagination, or of the blind laws of association, but confines its attention to connection regulated by the laws of intelligence.—*Sir W. Hamilton, Logic*, lect. i. 3.

Hamlet remained in Scotland till the age of twenty, when he settled in London; and, though he was abroad for about three years, he abandoned his own country, and became socially and intellectually, a native of England. Hence, the early associations of his mind were formed in the midst of a deductive nation; the later associations, in the midst of an inductive one.—*Backe, History of Civilization in England*, vol. ii. ch. v.

Associative. *adj.* In the way of association.

It is really amazing how very few people are capable of perceiving the force of banter and irony, which proceeds, no doubt, from neglecting to cultivate the *associative* faculty, by which we readily call up a variety of images that bear an obscure relation to each other.—*Adams*, no. 55. (Ord. M.)

Associator. *s.* Confederate.

I will briefly take notice of some few particulars wherein our late *associators* and conspirators have made a third copy of the League.—*Dryden, History of the League*.

Assoi. *v. a.* [from Fr. *assoiler*; from Lat. *absolvere*.] *Obsolete*.

1. Solve.

Upon which subject [that Episcopacy is of divine right; a most learned Heidelberg doctor wrote a whole book, uttering therein very many arguments both from scripture and antiquity; and *assolving* the objections to the contrary.—*Bishop Morton, Episcopacy asserted*, p. 157.

To *assail* this seeming difficulty, it may be proper to observe in the entrance, how, or upon what occasion, these words are brought in.—*Waterland, Scripture vindicated*, iii. 63.

2. Release; set free; acquit; pardon; absolve by confession.

If we live in an age of indecision, we think ourselves well *assailed* if we be warmer than their ice.—*Jeremy Taylor, Great Exemplar*, p. 68.

But first thou must a season fast and pray,
Till from her bands the spright *assailed* is.

And have her strength recovered from frail infirmities.—*Spenser, Faerie Queene*, i. 10. 52.

She soundly slept, and careful thoughts did quite *assail*.

Ibid. iii. 1. 58.

The king . . . soon after, under the broad seal, *assailed* him from all irregularities and scandals.—*Bishop Hacket, Life of Archbishop Williams*, abridged, p. 18.

To some bishop we will weft,
Of all the sins that we have done,
To be *assail'd* at his hand.

Bishop Percy, Reliques of English Poetry, l. 172.

Assoi. *v. a.* [from Fr. *souiller* = soil.]
Stain; soil.

White'er he be, [who]
Can with unthankfulness *assail* me, let him
Dig out mine eyes, and sing my name in verse,
In ballad verse, at every drinking house,
And no man be so charitable to lend me
A dog to guide my steps.

Beaumont and Fletcher, Queen of Corinth, iii. 1.

Assolument. *s.* Acquittal. *Rare*.

I endeavored to perform it, having my obedience ever ready for my excuse to men, and my willingness to perform my duty for the *assolument* of myself before God.—*Jeremy Taylor, Gunpowder Sermon*, c. d. (Ord. M.)

Assorted. *part. adj.* [Fr. *assortier*.] Put in lots; arranged.

To be found in the well *assorted* warehouses of dissenting congregations.—*Burke*.

Assortment. *s.* Act of classing or ranging; mass or quantity properly selected and ranged.

It is not much more distinct and intelligible, and of better direction for the *assortment* and certainty of structure, to say that 'amor' is a transitive action, and 'mummi' the patient or object?—*H. Johnson, Novels Nottinghamshire*, p. 8.

When the greater part of objects had thus been arranged under their proper classes and *assortments*, distinguished by such general names, it was impossible that the greater part of that almost infinite number of individuals, comprehending under each particular *assortment* or species, could have any peculiar or proper names of their own, distinct from the general name of the species.—*A. Smith, Dissertation on the Origin of Languages*.

In such heterogeneous *assortments*, the most innocent person will lose the effect of his innocence.—*Burke, Works*, ii. 431.

Assot. *v. a.* Infatuate; besot. *Obsolete*.

But whence they sprung, or how they were begot,
Uneth is to assure, uneth to wene,
That mongrous error which doth some *assot*.

Spenser.

Assuage. *v. a.* [Fr. *assouager*; from Lat. *adsuavis*, from *suavis* = sweet.] Mitigate; soften; allay; appease; pacify.

Refreshing winds the summer's heats *assuage*,
And kindly warmth disarms the winter's rage.

Adams.

Yet is his hate, his rancour ne'er the less,
Since nought *assuageth* malice when 'tis told.

Fairfax.

This was necessary for the securing the people from their fears, capable of being *assuaged* by no other means.—*Lord Clarendon*.

Shall I't *assuage*
Their brutal rage,
The royal stem destroy?

Dryden, *Albion and Albanus*.

Assuage. *v. n.* Abate; mitigate.

God made a wind to pass over the earth, and the waters *assuaged*.—*Genesis*, viii. 1.

Assuagement. *s.* Mitigation; abatement of evil.

Tell me, when shall these weary woes have end,
Or shall their ruthless torment never cease?
But all my days in pining languor spend,
Without hope of *assuagement* or release.

Spenser, *Sonnets*.

Assuasive. *adj.* [Lat.—see *Persuade*, *Persuasive*.] Softening; mitigating.

If in the breast tumultuous joys arise,
Musick her soft *assuasive* voice applies.

Pope, *Ode on St. Cecilia's Day*.

In pleasing visions and *assuasive* dreams,
O soothe my soul, and teach me how to lose thee.

Johnson, *Irene*.

O, tell how rapturous the joy, to melt
To melody's *assuasive* voice.

T. Warton, *Pleasures of Melancholy*, 171.

Assubjugate. *v. a.* [Lat. *subjugo*; from *sub* = under, *jugum* = yoke.] Subject to. *Rare*.

This thrice worthy and right valiant lord
Must not so stifle his palm, nobly acquit'd;
Nor, by my will, *assubjugate* his merit,
By going to Achilles.

Shakespeare, *Troilus and Cressida*, ii. 3.

Assuetudination. *s.* [Lat. *assuetudo*, -onis = making accustomed to anything.] State of being accustomed to anything. *Obsolete*.

Right and left, as parts intervene unto the motive faculty, are differentiated by degrees from use and *assuetudination*, or according whereunto the one grows stronger.—*Sir T. Brown, Vulgar Errone*.

Assuetude. *s.* Accustomance; custom; habit.

We see that *assuetude* of things hurtful doth make them lose the force to hurt.—*Bacon, Natural History*.

Assume. *v. a.* [Lat. *assumo*.]

1. Take.

This when the various God had urg'd in vain,
He straight *assum'd* his native form again.

Pope.

2. Take upon one's self.

With ravish'd ears,
The monarch hears,
Assumes the God,
Affects to nod,
And seems to shake the spheres.

Dryden.

3. Suppose something granted without proof. In every hypothesis, something is allowed to be *assumed*.—*Boyle*.

4. Apply to one's own use; appropriate. His Majesty might well *assume* the complaint and expression of King David.—*Lord Clarendon*.

Assessment. *s.* [Lat. *assumentum*; from *ad* = to, *sum* = sew, stitch.] Thing affixed.

This *assessment* or addition Dr. Marshall says he never could find anywhere but in this Anglo-Saxon translation. — *Lewis, History of English Bible*, p. 9.

Assumer. *s.* One who assumes; arrogant person; one who claims more than is due.

Can man be wise in any course in which he is not safe too? But can these high *assumers* and pretenders to reason prove themselves so? — *South*.

Assuming. *part. adj.* Arrogant; haughty.

His haughty looks, and his *assuming* air,
The son of Isis could no longer bear. — *Dryden*.
This makes him over-forward in impudence, *assuming* in conversation, and peremptory in answers. — *Cutler*.

Assuming. *verbal abs.* Presumption.

The vain *assumings*
Of some, quite worthless of her [Poetry's] sovereign
wraths. — *B. Jonson, Poetaster*.

Assumpsit. *s.* [Lat., third person singular perfect of *assumo* = take up.] In Law. Action for the recovery of damages sustained by reason of the breach or non-performance of a promise, express or implied.

Upon no terms but an *assumpsit*. — *B. Jonson, Alchemist*, i. 2.

Assumpt. *v. a.* Take up. *Obsolete*.

The souls of such their worthies as were departed from human conversation, and were *assumpt* into the number of their gods. — *Sheldon, Miracles of Antichrist*, p. 115.

Assumpt. *s.* That which is assumed, or supposed to be granted without proof. *Rare*.

The sun of all your *assumps*, collected by yourself, is this. — *Chillingworth, Religion of Protestants*, p. 60.

Assumption. *s.*

1. Act of taking anything to one's self.
The personal descent of God himself and his *assumption* of our flesh to his divinity, more familiarly to illustrate his pleasure to us, was an enforcement beyond all methods of wisdom. — *Hammond, On Fundamentals*.

2. Supposition, or act of supposing anything without further proof; thing supposed postulate.

These by way of *assumption*, under the two general propositions, are intrinsically and mutually good or bad. — *Norris*.

Hold, says the Stoick, your *assumption's* wrong; I grant, true freedom you have well dole'd.

Dryden, Juvenal's Satires, x.
For the *assumption*, that Christ did such miracles and supernatural works to confirm what he said, we need only repeat the message sent by him to John the Baptist. — *South*.

The *assumption* of a final cause in the structure of each part of animals and plants is as inevitable as the *assumption* of an efficient cause for every event. The maxim that in organised bodies nothing is in vain, is as necessarily true as the maxim that nothing happens by chance. — *Whewell, Novum Organon renovatum*, section 105.

The *assumption* of the universal influence of the law of causation is at the bottom of all the arguments that the partisans of this doctrine have to begin with. — *Herbert Spencer, Principles of Psychology*.

3. Minor premise of a syllogism.

Still more objectionable are the correlative terms, Proposition and *Assumption*, as synonymous for the major and minor premises. — *Sir W. Hamilton, Logic*.

4. Taking up of any person into heaven: (especially used of the Blessed Virgin).

Upon the feast of the *assumption* of the Blessed Virgin, the pope and cardinals keep the vespers. — *Bishop Butler*.
Adam, after a certain period of years, would have been rewarded with an *assumption* to eternal felicity. — *Archbishop Wake*.

5. Act of taking, simply.

To the nutrition of the body there are two essential conditions required, *assumption* and retention. — *Howell, Letters*, i. v. 6.

6. Adoption; application.

It is evident that the prose psalms of our liturgy were chiefly consulted and copied, by the perpetual *assumptions* of their words and combinations; many of the stanzas are literally nothing more than the prose verses put into rhyme. — *T. Warton, History of English Poetry*, iii. 175.

Assumptive. *adj.* In the way of assumption; assumed.

Certainly, writing under an *assumptive* character

is a fine improvement in this way. — *Wycherley, Plain Dealer*, preface. (Ord MS.)

Assurance. *s.*

1. Certain expectation; confidence; trust; freedom from doubt; spirit; intrepidity.

Though hope be, indeed, lower and lesser thing than *assurance*, yet, as to all the purposes of a pious life, it may prove more useful. — *South*.

What man is he, that boasts of fleshly might,
And vain *assurance* of mortality,
Which all so soon as it doth come to flight
Against spiritual foes yields by and by.

Spenser, Faerie Queen.
Conversation, when they come into the world, will add to their knowledge and *assurance*. — *Locke*.

Proof from the authority of man's judgment is not able to work that *assurance* which doth grow by a stronger proof. — *Hobbes*.

Men whose consideration will relieve our modesty, and give us courage and *assurance* in the duties of our profession. — *Rogers*.

2. Confidence; want of modesty; exemption from awe or fear.

My behaviour, ill governed, gave you the first comfort; my affection, ill hid, hath given you this last *assurance*. — *Sir P. Sidney*.

This was an unfortunate expedient: for the hostess was soon undressed in the opinion she had entertained of Adams, whom Trulliber abused in the grossest terms, especially when he heard he had had the *assurance* to pretend to be his near relation. — *Pieling, Adventures of Joseph Andrews*.

3. Ground of confidence; security.

As the conquest was but slight and superficial, so the pope's donation to the Irish submissions were but weak and feeble *assurances*. — *Sir J. Davies, On Ireland*.

None of woman born
Shall harin Macbeth. —
Then live, Macbeth, what need I fear of thee?
But yet I'll make *assurance* doubly sure,
And take a bond of fate: Thou shalt not live.

Shakespeare, Macbeth, iv. 1.
An *assurance* being passed through for a competent fine, hath come back again by reason of some oversight. — *Bacon*.

But, when Pharoah sent Moses *assurances* of his safety, he readily dismissed him. — *Langhorne, Translation of Habakuk's Lives, Antiquy*.

Not only were the intentions of the Court strictly concealed, but *assurances* which quieted the mind of the moderate Presbyterian were given by the king in a most solemn manner. — *Macaulay, History of England*, ch. v.

The French agent used, in private conversation, expressions plainly implying that the government which he represented was prepared to recognise William and Mary; but no formal *assurance* could be obtained from him. — *Macaulay, History of England*, ch. xx.

But we have so little *assurance* that they are any thing more than arbitrary combinations, invented by writers who transferred the form of institutions which existed in the historical period to the mythical ones, that the attempt is scarcely worth making. — *Bishop Thirlwall, History of Greece*, ch. xi.

4. Testimony of credit; conviction.

I am a gentleman of blood and breeding,
And from some knowledge and *assurance* of you,
Offer this office. — *Shakespeare, King Lear*, iii. 1.

We have as great *assurance* that there is a God, as we could expect to have, supposing that he were. — *Archbishop Tillotson*.

Such an *assurance* of things as will make men careful to avoid a lesser danger, ought to awaken men to avoid a greater. — *Id.*

The doubt would rest, I dare not solve.
In the same circle we revolve,
Assurances only breeds resolve.

Tennyson, The Two Voices.

5. Security to make good a loss.

He said, Sir, you should procure him better *assurance* than Randolph: he would not take his bond and yours; he liked not the security. — *Shakespeare, Henry IV. Part II*, i. 2.

And for your more *assurance* you shall have
What obligation you yourself will crave.

Sir J. Harrington, Epigrams.
He [Monsieur Chevalier] would have a uniformity in all countries of the laws and customs of *assurances* and especially of marine *assurances*, uniformity of weights and measures, uniformity of coins. — *Times, Leading Article for August 21, 1861*.

Assure. *v. a.* [Lat. *assecurus*.]

1. Give confidence by a firm promise.

So when he had *assured* them with many words, that he would restore them without hurt, according to the agreement, they let him go for the saving of their brethren. — *2 Maccabees*, xii.
And hereby we know, that we are of the truth, and shall *assure* our hearts before him. — *1 John*, iii. 19.

O thou, who future things must represent
As present, heavenly instructor, I revive
At this last sight; *assured* that man shall live
With all the creatures, and their seed preserve.

Milton, Paradise Lost, xi. 672.

2. Secure to another; make safe.

No irrevocable authority cannot be reflected on without the most awful reverence, even by those whose piety *assures* its favour to them. — *Rogers*.
The sea-faring man will, in a storm, cast over some of his goods, to save and *assure* the rest. — *Bacon, Speech in Parliament*, 30 Ellis.

With of.

But what on earth can long abide in state?
Or who can him *assure* of happy day? — *Spenser*.
And for that dowry, I'll *assure* her of
Her widowhood, be it that she survives me,
In all my lands and houses whatsoever,
Let specialties be therefore drawn between us.

Shakespeare, Taming of the Shrew, ii. 1.

3. Affiance; betroth.

This diviner had claim to me, called me Drumio,
Swore I was *assured* to her. — *Shakespeare, Comedy of Errors*, iii. 2.

Assured. *part. adj.*

1. Certain; indubitable; not doubted.

It is an *assured* experience, that flint abate about the bottom of a tree makes it steeper. — *Bacon, Natural History*.

He committed the protection of his son *Assures* to two of his high kinsmen and *assured* friends. — *Knutson, History of the Turks*.

No kingdom or empire upon earth, were it never so flourishing or great, was ever yet so *assured*, but that in the revolution of time, after the manner of other worldlings, it hath as a sickly body become subject unto many strange innovations and changes, and at length come to nothing. — *Knutson, History of the Turks*, ch. 75, B. (Ord MS.)

2. Convinced.

As when by night the glass
Of Galileo, less *assured*, observed
Innum'd' hounds and regions in the moon;
Or pilot, from amidst the Cyclades
Delos or Samos first appearing, kens
A cloudy spot. — *Milton, Paradise Lost*, v. 202.

3. Affianced.

Young princes, close your hands —
And your lips too; for, I am well *assured*
That I did so, when I was first *assured*.

Shakespeare, King John, ii. 2.

4. Immodest; viciously confident.

The alarm was thus given to Anderson. He concealed the instruments of his calling, came forth with an *assured* air, and bade defiance to the censor, the censor, the Secretary, and little Hook-nose himself. — *Macaulay, History of England*, ch. xx.

Assuredly. *adv.* Certainly; indubitably.

They promise'd me eternal happiness,
And brought me farlands, Griffith, which I feel
I am not worthy yet to wear: I shall *assuredly*.

Shakespeare, Henry VIII, iv. 2.

God is absolutely good, and so, *assuredly*, the cause of all that is good; but of anything that is evil he is no cause at all. — *Sir W. Raleigh, History of the World*.

Assuredly he will stop our liberty till we restore him his worship. — *South*.

Assuredness. *s.* Attribute suggested by Assured; state of being assured; certainty.

That which by Brocardus hath been delivered touching the holy land in particular, is by Columella in his books of husbandry with no less *assuredness* averred, touching the earth in general. — *Hackett, Zoology*, v. 132.

I being very mad with anger, the Lord Bruce should thirst after my life with a kind of *assuredness*. — *Sir E. Sackville, Guardian*, no. 133.

Asterisk. *s.* [Gr. *astereios* = little star.]

Mark in printing or writing, in form of a little star.

He also published the translation of the Septuagint by itself, having first compared it with the Hebrew, and noted by *asterisks* what was defective, and by obelisks what was redundant. — *Grew*.

We know nothing beyond the *asterisks* with which the published fragments ends. — *Sir F. Polgrave, History of England and of Normandy*, i. 423.

Asterism. *s.* [Gr. *astereios*.]

1. Constellation.

Poetry had filled the skies with *asterisms*, and histories belonging to them; and then astrology divides the figured virtues and influences of each. — *Beatty, Sermons*.

2. Asterisk, or mark. *Catachrestic, rare*.

Dwell particularly on passages with an *asterism*; for the observations which follow such a note will give you a clear light. — *Dryden, Translation of Eufrasio's Art of Painting*.

Astern. *adv.* [on stern.] In Navigation. In the hinder part of the ship; behind the ship.

The galley gives her side, and turns her prow,
While those *astern* descending down the steep,
Thro' gaping waves behold the boiling deep. — *Dryden*.

Asteroid. *s.* [Gr. *asteroion* = like, or in the form of, a star.]

1. Falling star.

Streams of *asteroids* were seen again, and the Northern renewed their dreadful ravages.—*Sir E. Polgrave, History of England and of Normandy*, i. 305.

2. Planets of the class represented by Juno, Ceres, Vesta, and Pallas.

An *asteroid* is a body resembling fixed stars; but two new planets (Ceres and Vesta) have a circumstance in common with those bodies.—*Ross, Cyclopaedia*, v. *Asteroids*.

Astert. *v. u.* Start; terrify; startle; fright.

Rare.
We deem of death, as doom of ill desert;
But know we look what it us brings until,
He would we daily, once it to expect;
No danger there the shepherd can assert,
Spenser, Shepherd's Calendar.

Asthma. *s.* [Gr. *asthma*.] Dilease of the chest so called.

An *asthma* is the inflation of the membranes of the lungs, and of the membranes covering the muscles of the thorax.—*Sir J. Floyer, Preternatural State of the Animal Humours*.

Asthmatic. *adj.* Troubled with asthma.

After drinking our horses are most *asthmatic*; and, for avoiding the watering of them, we wet their hay.—*Sir J. Floyer, Preternatural State of the Animal Humours*.

Asthmatic. *s.* Person troubled with asthma.
Asthmatic cannot bear the air of hot rooms, and cities where there is a great deal of bad hum.—*Arbuthnot, Effects of Air on Human Bodies*.

Asthmatical. *adj.* Same as *Asthmatic*.

In *asthmatic* persons, though the lungs be very much stuffed with tangle phlegm, yet the patient may live some months, if not some years.—*Boyle*.

As stipulate. *v. n.* [Lat. *astipulor*.] Agree; concur in. *Rare.*

All, but an hateful Epicurus, have *astipulated* to this truth.—*Bishop Hall, Twentieth World*, ii. § 1.
Several of Hippocrates' aphorisms, which alone are left in credit with these men, do *astipulate* the same.—*Robinson, Endura*, p. 20.

As stipulation. *s.* [Lat. *as stipulation*, -onis; see *Stipulate*.] Agreement; concurrence. *Rare.*

As for that glorious show of antiquity wherewith C. E. hopes to bear his readers' eyes, craning himself therein with the *as stipulation* of our reverend Jew; I need not return any other answer than of his Beatific Rhinoceros.—*Bishop Hall, Honour of married Clergy*, ii. 8.

Astir. *adj.* [on stir.] On the move.
For the Nautica Youth, the Angers Youth, all Britany was *astir*.—*Catlye, French Revolution*, pt. i. b. iv. ch. ii.

Astomatous. *adj.* [Gr. *a* = not, *stoma*, *stomatoc* = mouth.] In Biology. Mouthless.

The more free and locomotive the organism, the more capacious the internal receptacle for the ters to be assimilated, the characteristic differences of form fading away in the passage from the pendant parasites and the polypus to the *astomatous* polypastrin, the sponges, and plants proper.—*Queen, Lectures on Comparative Anatomy*, introd. lxx.

Astomous. *adj.* [derived, improperly, from the nominative case instead of the root.] Same as *Astomatous*.

But no proof has been given that the Frustule and other *astomous* polypastrin, which separate oxygen in excess, do not effect this by reducing the carbonic acid of the atmosphere, and fixing the carbon, in order to produce their fats and hydrates.—*Queen, Lectures on Comparative Anatomy*, introd. lxx.

Astōne, or Astōny. *v. a.* [Fr. *estonner*.] Terrify; confound with fear or amazement. *Rare.*

No wonder is though that she be *astoned*,
To see so great a guest come in that place,
She never was to more such guests wined,
For which she looked with a full pale face.

Chaucer, Clerk's Tale, ii. 21.
The trembling fowl dismay'd with dreadful sight
Of death, the which them almost overtook,
Do hide themselves from her [the fowl's] *astonying* looks.
Spenser, Faerie Queene, v. 2. 54.

Many were *astoned* at thee.—*Isaiah*, lii. 11.
Nehemiah's king was *astoned*, and rose up in haste.—*Isaiah*, lii. 21.
He recoiled *astoned*, and with the helmet fell off,
He remaining baredheaded.—*Sir P. Sidney, Arcadia*, i. 23.

The Sultan, with his horseman's nose, gave him such a blow upon the head as might have killed a bull, so the Emperor, therewith *astoned*, fell down from his horse.—*Knollys*, 87, B. (Ord MS.)

Adam, soon as he heard
The fatal trespass done by Eve, amaz'd,
Astonish stood and blank.
Milton, Paradise Lost, ix. 800.

Astoniedness. *s.* State of being astonished.

Obsolete.

Astoniedness or dizziness of the mind, not perceiving what is done.—*Barret*, in v. *Brainwashing*.

Astonish. *v. a.* Confound with some sudden passion (as with fear or wonder); amaze; surprise; stun.

It is the part of men to fear and tremble.
When the most nightly gods, by tokens, send
Such dreadful heralds to *astunish* us.
Shakespeare, Julius Caesar, i. 3.
Astunish'd at the voice, he stood amaz'd,
And all around with inward horror gaz'd.
Addison.

Astonishing. *part. adj.* Creating astonishingment.

What *astunishing* apprehensions of that life would it produce.—*Butler, The Saint's Rest*, ch. xiv.
A genius universal as his theme,
Astunishing as chance.
Thomson.

Indeed, the power which a plant exercises of holding a leaf erect during an entire day, without pause and without fatigue, is an effort of *astunishing* vigour, and is one of many proofs, that a principle of compensation is at work, so that the same energy which, in the animal world, is weakened by being directed to many objects, is, in the vegetable world, strengthened by being concentrated on a few.—*Huckle, History of Civilization in England*, vol. ii. ch. v.

Astonishingly. *adv.* In an astonishing manner.

Events *astunishingly* happy.—*Bishop Fleetwood, Sermons before Queen Anne*.
We crossed a large tract of land *astunishingly* fruitful.—*Steuernheime, Travels in Spain*, let. 13.

Astonishment. *s.* Amazement; confusion of mind from fear or wonder; cause or matter of astonishment.

We found, with no less wonder to us than *astunishment* to themselves, that they were the two valiant and famous brothers.—*Sir P. Sidney*.

Some impostors and counterfeiters have been able to writhe and cast their bodies into strange forms and motions; yea, and others to bring themselves into trances and *astunishments*.—*Bacon, Discourse to Sir H. Neville*.

Thou shalt become an *astunishment*, a proverb, and a by-word among all nations, whether the Lord shall lend thee.—*Isaiah*, xlviii. 37.

She esteemed this as much above his wisdom, as *astunishment* is beyond bare admiration.—*South*.

Astound. *v. a.* *Astound*; confound with fear or wonder; stun.

These thoughts may startle well, but not *astound* the virtuous mind, that ever waits attended by a strong sliding champion, conscience.
Milton, Comus, 210.

Astounding. *part. adj.* Like that which astounds.

The third is your soldier's face, a menacing and *astounding* face, that looks broad and big.—*B. Jonson, Cynthia's Revels*.

Astragal. *s.* [Lat. *astragalus*.] In Architecture. Small moulding with semicircular profile, used to separate the shaft from the capital of a column.

We see none of that ordinary confusion which is the result of quarter rounds of the *astragal*, and I know not how many other intermingled particulars.—*Spectator*.

Astral. *adj.* [Lat. *astrum* = star.] Starry; belonging to the stars.

Some *astral* forms I must invoke by pray'r,
From'd out of purest atoms of the air;
Not in their natures simply good or ill;
But most subservient to bad spirits' will.
Dryden.
Some *astral* condescendence or hidden harmony of spirits.—*Dr. H. More, Notes upon Psychozoia*, p. 301.

But the salt, sulphur, and mercury of Paracelsus were not, he tells his disciples, the visible bodies which we call by those names, but certain invisible, *astral*, or sidereal elements. The *astral* salt is the basis of the solidity and incombustible parts in bodies; the *astral* sulphur is the source of combustion and vegetation; the *astral* mercury is the origin of fluidity and volatility. And again, these three elements are analogous to the three elements of man, body, spirit, and soul.—*Whewell, History of Scientific Ideas*.

Astray. *adv.* After the manner of one who strays; out of the right way.

May seen the wain was very evil led,
When such an one had guiding of the way,
That knew not whether right he went, or else *astray*.
Spenser.
You run *astray*, for whilst we talk of Ireland, you

rip up the original of Scotland.—*Spenser, View of the State of Ireland*.
Like one that had been led *astray*
Through the heaven's wide pathless way.
Milton, Il Penseroso, 60.

Astrean. *adj.* [see *Astral*.] Belonging to the stars. *Rare.*

Every star in Heaven is a peculiar world of itself, which is colonized and replenished with *astrean* inhabitants, as the earth, sea, and air are with elementary.—*Howell*, B. 3. v. (Ord MS.)

Astrict. *v. a.* [Lat. *astriatus*, particip. of *astringo*.] Bind tightly; constrain. *Rare.*

The solid parts were to be relaxed or *astriated*, as they let the humours pass either in too small or too great quantities.—*Arbuthnot, On the Nature and Choice of Aliments*.

The mind is *astriated* to think in certain forms.—*Sir W. Hamilton, Discussions*, p. 591.

Astrict. *adj.* Compendious. *Rare.*
An epitaph is a superscription, or an *astrietary* pithy diagram.—*Weever, Funeral Monuments*.

Astriction. *s.* Act or power of contracting or binding up anything.

Astriction is in a substance that hath a virtual cold; and it worketh partly by the same means that cold doth.—*Bacon*.

This virtue requirith an *astriation*, but such an *astriation* as is not grateful to the body; for a pleasing *astriation* doth rather bind in the nerves than expel them; and therefore such *astriation* is found in things of a harsh taste.—*Id.*

Of marriage he is the author and the witness; yet hence will not follow any divine *astriation* more than what is subordinate to the glory of God, and the main good of either party.—*Milton, Doctrine and Discipline of Divorce*, ch. xiii. (Ord MS.)

Lenitive substances are proper for dry *astriation* constitutions, who are subject to *astriation* of the belly and the yelw.—*Arbuthnot, On the Nature and Choice of Ali*.

Astrictive. *adj.* Styptic; of a binding quality.

Bloodstone [is] a stone growing in Ethiopia and Arabia; of nature *astrietary*, stopping any issue of blood.—*Bullock, Exposition of hard Words*.

Astride. *adv.* With the legs wide apart.

To lay their native arms aside,
Their nobility, and ride *astride*.—*Butler, Hudibras*.
I saw a place where the Rhone is so straitened between two rocks, that a man may stand *astride* upon both at once.—*Boyle*.

Astringe. *v. a.* [Lat. *astringo*.] Press by contraction; cause to draw together. *Rare.*

Tears are caused by a contraction of the spirits of the brain; which contraction, by consequence, *astrieth* the moisture of the brain, and thereby sendeth tears into the eyes.—*Bacon*.

Astringency. *s.* Power of contracting the parts of the body.

Astringency prohibiteth dissolution; as, in medicines, *astriagents* inhibit putrefaction; and, by *astrienging*, some small quantity of oil of vitriol will keep fresh water long from putrefying.—*Bacon, Natural History*.

Acid, acrid, austere, and bitter substances, by their *astrienging*, create horror, that is, stimulate the fibres.—*Arbuthnot, On the Nature and Choice of Aliments*.

Astringent. *adj.* Binding; contracting; (opposed to *laxative*).

Astringent medicines are binding, which act by the asperity of their particles, whereby they corrugate the membranes, and make them draw up closer.—*Quincy*.

The myrobolan hath parts of contrary natures, for it is sweet and yet *astriengent*.—*Bacon*.
The juice is very *astriengent*, and therefore of slow motion.—*Bacon, Natural History*.

What diminisheth sensible perspiration encreaseth the insensable; for that reason a strengthening and *astriengent* diet often condueth to this purpose.—*Arbuthnot, On the Nature and Choice of Aliments*.

Astringent. *s.* Astringent medicine.
In medicine, *astriengents* inhibit putrefaction.—*Bacon, Natural History*.

Astrolabe. *s.* Instrument used for taking the altitude of the sun or stars at sea (now superseded by Hadley's quadrant); armillary sphere.

She sent for him, and he came;
With him his *astrolabe* he came,
With points and circles mercurious,
Which was of fine gold precious.

Greene, Constance Amante, b. vi.
I w'd Tycho now, struck with this ray, which alone
More bright if the moon than others beam at noon,
Hed take his *astrolabe*, and seek out here
What new star 'twas did gild our hemisphere.
Dryden, Death of Lord Hastings, ver. 46.

Although Chaucer had already set the example of writing on scientific subjects in the mother tongue by his treatise on the *Astrology*—the oldest work in English now known to exist on any branch of science—this department of study was but very little cultivated in England during the present period. The shortlist of English scientific works during the fifteenth century does not contain a single name remembered, or deserving of being remembered, in the history of science. The dream of astrology and alchemy still captivated and bewildered almost all who turned their attention either to mathematical or natural philosophy. — *Craik, History of English Literature*, i. 367.

Astrólogo. s. [Lat. *astrologus*; Gr. *αστρολογος*; one who observes the stars.]

1. One who, supposing the influence of the stars to have a causal power, professes to foretell or discover events depending on those influences.

Not unlike that which *astrologers* call a conjunction of planets, of no very benign aspect the one to the other. — *Sir H. Wotton*.

A happy genius is the gift of nature; it depends on the influence of the stars, say the *astrologers*; on the organs of the body, say the naturalists; it is the particular gift of heaven, say the divines, both Christians and heathens. — *Brady*.

Astrologers, that future lives foretell. Pope.
I never heard a liver satire against lawyers (than that of *astrologers*, when they pretend, by rules of art, to tell when a suit will end, and whether to the advantage of the plaintiff or defendant. — *Swift*.

2. **Astronomer. Obsolete.**

A worthy *astronomer*, by perspective glasses, hath found in the stars many things unknown to the ancients. — *Sir W. Raleigh*.

Astrologian. s. Same as *Astrologer. Obsolete.*

The twelve houses of heaven, in the form which *astrologians* use. — *Clarendon*.
The stars, they say, cannot dispose,
No more than can the *astrologian*.
Butler, *Hudibras*.

Astrologie. adj. Professing astrology; relating to astrology.

No *astrologick* wizard homar gains,
Who has not oft been lannish'd or in chains. — *Dryden*.

Astrological. adj. Same as *Astronomie*.

Astrological prayers seem to me to be built on as good reason as the predictions. — *Bishop Stillingfleet*.
The poetical fables are more ancient than the *astrological* influences, that were not known to the Greeks till after Alexander the Great. — *Boswell*.

Some seem a little *astrological*, as when they want us from plays of malign influence. — *Sir H. Wotton*.

Expressions, such as 'disastrous, ill-starred, exorbitant, lord of the ascendant,' and hence 'ascendancy, influence, a sphere of action,' and the like, in *astrology* opinions have affected language, though the doctrine is no longer a recognized science. — *Whewell, Novum Organum renovatum*, b. iv. aph. i. § 3.

Astrologically. adv. In an astrological manner; with an astrological meaning.

Plutarch interprets *astrologically* that tale of Mars and Venus. — *Barlow, Anatomy of Melancholy*, p. 352.

Some are *astrologically* well disposed, who are morally highly vicious. — *Sir T. Browne, Christian Morals*, ii. 7.

Astrólogy. s. Practice of foretelling things by the knowledge of the stars; art of an astrologer in the first sense of the word.

I know the learned think of the art of *astrólogy*, that the stars do not force the actions or wills of men. — *Swift*.

Astrólogy also supplied a number of words founded upon fanciful opinions: but this study having been expelled from the list of sciences, such words now survive only so far as they have found a place in common language. Thus men were termed 'mercurial, martial, jovial,' or 'saturnine,' according to their characters were supposed to be determined by the influence of the planets Mercury, Mars, Jupiter, or Saturn. — *Whewell, Novum Organum renovatum*, b. iv. aph. i. § 3.

Astrónomer. s. One who studies the celestial motions, and the rules by which they are governed.

The motions of fictions under kings ought to be like the motions in the *astrónomers* speak of, in the inferior orbes. — *Barrow*.

Astrónomers no longer doubt of the motion of the planets about the sun. — *Locke*.
The old and new *astrónomers* in vain attempt the heavenly motions to explain.

Sir R. Blackmore.

Astronómico. adj. Belonging to astronomy.

Can he not pass an *astronómico* line?
Or dreads the sun th' imaginary sign,
That he should ne'er advance to either pole?

Sir R. Blackmore.

Astronómico. adj. Same as *Astronomie*.

Our forefathers marking certain mutations to happen in the sun's progress through the zodiac, they registered and set them down in their *astronómico* annals. — *Sir T. Browne, Vulgar Errors*.

Tycho Brahe greatly improved the methods of *astronómico* observation by giving steadiness to the frame of his instruments, (which were large quadrants,) and accuracy to the divisions of the limb. But the application of the telescope to the *astronómico* quadrant and the fixation of the center of the field by a cross of the wires placed in the focus, was an immense improvement of the instrument, since it substituted a precise visual ray, pointing to the star, instead of the coarse coincidence of sights. — *Whewell, Novum Organum renovatum*, b. iii. ch. ii. § 2.

Astronómico. adv. In an astronomical manner.

Lunges *astronómicamente* framed under certain constellations to preserve from several inconveniences. — *Bishop Hall, Cases of Conscience*, iii. 1.

This was the figure of the heavens when they were first formed, the same being *astronómicamente* calculated and erected according to Tycho's tables. — *Gregory, Ptolemaia*, p. 213; 1650.

Astrónomize. v. n. Assume the habits and studies of an Astronomer; study astronomy.

The old ascetic Christians found a paradise in a desert, and with little converse on earth held a conversation in heaven; thus they *astrónomized* in caves; and, though they beheld not the stars, had the glory of heaven before them. — *Sir T. Browne, Christian Morals*, ii. 9.

Astrónomy. s. Study of the heavenly bodies.

Je craft is illote
Astrónomy. — *Lagomani, MS. Coll. Coll. A. ix.*
Je craft is illote *Astrónomy*. — *Thal. MS. Coll. Ohio, C. 331. Sir F. Maitland, ii. 205.*
To this must be added the understanding of the globes, and the principles of geometry and *astrónomy*. — *Cochran*.

In the History of *Astrónomy*, I have described the method of observation of celestial angles employed by the Greeks. They determined the lines in which the heavenly bodies were seen, by means either of shadows, or of sights; and measured the angles between such lines by arcs or rules properly applied to them. The Armilla, Astrolobe, Dioptra, and Ptolemaic instrument of the ancients, were some of the instruments thus constructed. — *Whewell, Novum Organum renovatum*, b. iii. ch. ii. § 2.

Astro-theology. s. Divinity founded on the observation of the celestial bodies.

That the diurnal and annual revolutions are the motions of the terrestrial globe, and of the sun, I show in the preface of my *Astro-theology*. — *Derham, Physico-Theology*.

Astún. v. n. Sim. *Obsolete.*

The winds *astún*, with sounds' rebounds from shore,
The soldiers' ears. — *Milton, For Magnificence*, p. 363.

He fell rebounding; breathless and *astún*,
His trunk extended lay. — *Southern, Rural Games*, ii.

Astúte. adj. [Lat. *astu* craft.] Cunning; penetrating; sly.

We term those most *astute*, which are most versatile. — *Sir M. Stodrig, Essays*, p. 168.

A fine river, by following which the *astute* engineer led his railway to this seeming impracticable spot. — *Reverend, The Canal and the River*, ch. i.

A great part of the celestial decorations and popularities of Sir Pitt's 'races' would have been traced to the compass of that *astute* little lady of Curzon Street. — *Thackeray, Vanity Fair*.

Asúnder. adv. [on sunder.] Apart; separately; not together.

Two indignant foes, the further that they are drawn out, the further they go *asúnder*. — *Spenser, View of the State of Ireland*.

Some thinks the planets' spheres not much *asúnder*.

What tells us then their distance is so far?
Sir J. Davies, Immortality of the Soul,
Giveth hope to find

His wish, and best advantage, as *asúnder*.
Milton, Paradise Lost, ix. 257.

The fall'n angel, curious of our state,
Seeks his advantage to be near us worse;
Which, when *asúnder*, will not prove too hard.

For both together are each other's guard. — *Dryden*.

None but *asúnder* by the likes of men,
Like adamant and steel they meet again.

Dryden, Fables.

All this metallic matter, both that which continued *asúnder*, and in single corpuscles, and that

which was amassed and converted into molten, subsided. — *Woodward, Essay toward a Natural History of the Earth*.

Aswoón. adv. [on swoon.] In a swoon. *Obsolete*.

And with this word she fell to ground
Aswoón, and there she lay *aswoón*.
Gower, Confessio Amantis, iv.

Asylum. s. [Lat.; from Greek *α-σύν* = not, *σύν* = with.] Place out of which he that has fled to it may not be taken; sanctuary; refuge; place of retreat and security.

So sacred was the church to some, that it had the right of an *asylum* or sanctuary. — *Ashley, Purveyance of the Commons*.

The opponents of the government began to despair of the destiny of their country; and many looked to the American wilderness as the only *asylum* in which they could enjoy civil and spiritual freedom. — *Manning, History of England*, ch. i.

And his last great enterprise, in some respects the most important of all, was to fit out, at an incredible cost, that famous Armada with which he hoped to visit that famous England, and to nip the heresy of Europe in its bud, by depriving the Protestants of their principal support, and of the only *asylum* where they were sure to find safe and honourable refuge. — *Buckle, History of Civilization in England*, ch. i.

Asymmetra. adj. Not symmetrical. *Rare*.

Long before this time the church had become *asymmetra*. — *Dr. H. More, Against Idolatry*, ch. viii.

Asymmetrical. adj. Not agreeing; inharmonious.

Asymmetrical or unsuitable, that is, such as we see not how to reconcile with other things evidently and confessedly true. — *Boyle, in Norris on Reason and Faith*, ch. iii.

No one imagines the Mammuthian belong to an *asymmetrical* type, because they are *asymmetrical* in their adult shape, and yet there is no stronger evidence for the very common assertion that the typical form of the molluscs is spiral or *asymmetrical*. — *Huxley, Philosophical Transactions*, vol. ii. 1.

Asymmetry. s. Contrariety to, or want of, symmetry; disproportion. *Rare*.

The *asymmetry* of the brain, as well as the deformities of the legs or feet, may be rectified in time. — *Greig*.

Asymptote. s. [Gr. *ἀσύν-ωτερος* = not falling together.] In *Geometry*. Non-coincident: (of which word it is the exact Greek equivalent; *α-σύν* = cum or con, root of *πύσις* = endis, fall).

The everlasting approximation and impossible course of *asymptotes*. — *Bishop St. Ward, Apology for the Mysteries of the Gospel*, p. 26; 1673.

Asymptote. adj. Non-coincident.

Asymptote lines, though they may approach still nearer till they are less than the least assignable distance, yet, being still produced infinitely, will never meet. — *Greig*.

Asyndeton. s. [Gr. *ἀσύνδετον* = not bound together.] In *Rhetoric*. Omission of a copulative conjunction in a sentence. (as in 'veni, vidi, vici,' where *et* is left out).

Asyndeton is a figure, which keeps the parts of our speech together without help of any conjunctions. — *Wace*, that they are usually, conjoin the feeble mind, support the weak, be patient toward all men. — *1 Thess.*, v. 13. — *Heal the sick, chase the demons, raise the dead, cast out devils.* — *St. Matt.*, x. 8. When matters require brevity, this figure is chiefly to be used, or when we signify the quick dispatch of a deed. — *Boycham, Garden of Eloquence*, sign. i. iv.

At. prep. In actual or approximate contact with anything.

a. In space.
This custom continued among many, to say their prayers at fountains. — *Bishop Stillingfleet*.

b. In time.
We thought it at the very first a sign of cold affection. — *Hooker*.

How frequent to desert him, and at last
To heap ingratitude on worst desert.

Milton, Samson Agonistes, 273.

At the same time that the storm beats upon the whole species, we are falling foul upon one another.

— *Addison*.

We made no efforts at all where we could have most weakened the common enemy, and, at the same time, enriched ourselves. — *Swift*.

c. In the way of effect from a cause.

Such sanctity hath Heaven given his land,
They presently amend. — *Shakespeare, Macbeth*, iv. 3.

O, sir, who'll hear of your approach,
If that young Arthur be not gone already,
He's at this news he dies.

Shakespeare, King John, iii. 4.
145

Much of the sight was Adam in his heart
Dimmy'd. *Milton, Paradise Lost*, xi. 440.
High o'er their heads a wondrous rock is plac'd,
That promises a fall, and shakes at every blast.
Dryden.

d. As a condition.

Consider any man as his personal powers, they
are not great; for, at greatest, they must still be
limited. *South.*

We bring into the world with us a poor, needy,
uncertain life, short at the longest, and unquiet at
the best. *Sir W. Temple.*

It bringeth the transience of a realm into a few
hands: for the usurper belug at certainties, and others
at uncertainties, at the end of the game most of the
money will be in the box. *Bacon.*

Hence walk'd the herd at large in spacious field.
Milton, Paradise Lost, iii. 430.

The rest, for whom no lot is yet decreed,
May run in pastures, and at pleasure feed.
Dryden, Virgil's Georgics.

Deserted, at his utmost need,
By those his former bounty fed.
Dryden, Ode on St. Cecilia's Day.

What hinder'd either in their native soil,
At ease to reap the harvest of their toil.
Dryden, Fables.

Wise men are sometimes over-borne, when they
are taken at a disadvantage. *Collier, Of Confidence.*

These have been the maxims they have been
guided by: take these from them, and they are per-
fectly at a loss, their compass and pole-star then
are gone, and their understanding is perfectly at a
nonplus. *Locke.*

One man manages four horses at once, and leaps
from the back of another at full speed. *Pope, Essay on Homer's Battles.*

They will not let me be at quiet in my bed, but
pursue me to my very dreams. *Swift.*

e. With be. Colloquial.

We find some arrived to that sottishness, as to
own roundly that they would be at. *South.*

How d'ye find yourself? says the doctor to his
patient. A little while after he said it again, with a
Pray how d'ye find your body? *Sir R. L'Estrange.*

But she who well enough knew what,
Before he spoke, he would be at,
Pretended not to apprehend. *Butler, Hudibras.*

He who makes pleasure the vehicle of health, is a
doctor at it in good earnest. *Collier, Of Friendship.*

The creature's at his dirty work again. *Pope.*

f. As a price.

Rest in this tomb, rais'd at thy husband's cost.
Dryden.

Tom has been at the charge of a penny upon this
occasion. *Addison.*

Those may be of use to confirm by authority, what
they will not be at the trouble to deduce by reason-
ing. *Arbuthnot.*

g. With once. Altogether; suddenly.

One warns you by degrees, the other sets you on
fire all at once, and never interrupts his heat. *Dryden, Fables.*

Not with less ruin than the Bajan mole,
At once comes tumbling down.
Dryden, Virgil's Æneid.

h. With all, preceded by a negative. In any respect.

Nothing more true than what you once let fall,
Most women have no characters at all. *Pope.*

i. From.

The worst authors might endeavour to please us,
and in that endeavour deserve something at our
hands. *Pope.*

j. With a view to something as an object.

Suffens has comb'd and powdered at the ladies
for thirty years together. *Addison, Spectator*, no.
311. (Ord MS.)

Ataraxia. s. [Gr. ἀταραξία = non-disturbance.]

Exemption from vexation; tranquillity. *Rare.*

The sceptics affected an indifferent equipoindous
neutrality, as the only means to their ataraxia,
and freedom from passionate disturbances. *Glanville, Scopia Scientificæ.*

Ataxy. s. [Gr. ἀταξία = non-arrangement.]

Disturbance; confusion. *Rare.*

They (the fallen angels) being all embodied spirits,
that is, vitally united to matter, they must, of neces-
sity be capable both of pain and pleasure, the sense
of which is more or less acute and vigorous accord-
ing to either the tenacity or grossness of their bodies;
and by consequence they are liable and obnoxious
to harm and injury from those of their own society;
which, considering the inebriety of their
natures and dispositions, (each one's particular lusts
being the grand rule and measure of his actions),
would certainly breed an infinite ataxy and con-
fusion amongst them, and at last the ruin and de-
struction of their kingdom, if not prevented by
some external restraint and discipline. *Hallwell,*

Metapemproza, p. 18.

Three ways of church-government I have heard of,
and no more; the Episcopal, the Presbyterian, and
that new-born bastard Independency. *Non datur*

quantum.' The last of these is nothing but a con-
founding ataxy, rent upon rent, and a schism of
schisms, until all church community be torn into
atoms. *Sir E. Dering, Speeches*, p. 141.

Atheism. s. Disbelief in the existence of a God.

God never wrought miracles to convince atheism,
because his ordinary works convince it. *Bacon.*

It is the common interest of mankind, to punish
all those who would seduce men to atheism. *Arch-
bishop Tillotson.*

Atheist. s. [Gr. ἀθεός = not, θεός = God.] One who denies the existence of God.

To these, that sober race of men, whose lives
Religious titled them the sons of God,
Shall yield up all their virtue, all their fame,
Jealously to the trains, and to the smiles
Of these fair atheists.

Milton, Paradise Lost, xi. 621.

Though he were really a speculative atheist, yet if
he would but proceed rationally, he could not how-
ever be a practical atheist, nor live without God in
this world. *South.*

Atheist, use thine eyes,
Think, if thou canst, that matter blindly hur'd
Without a guide, should frame this wondrous world.

Cyclo.

No atheist, as such, can be a true friend, an affec-
tionate relation, or a loyal subject. *Beaulty.*

Halifax, good natured to the last, would not dis-
turb the felicity of the wedding day. He gave strict
orders that his interment should be private, pre-
pared himself for the great change by devoutness
which astonished those who had called him an
atheist, and died with the serenity of a philosopher
and of a Christian. *Maccaulay, History of England*,
ch. xxi.

Atheist. adj. Atheistic; denying God.

Nor stood unmindful Abdul to amuse
The atheist crew. *Milton, Paradise Lost*, vi. 369.

Atheistic. adj. Given to atheism.

This argument demonstrated the existence of a
Deity, and convinced all atheistic gossayers. *Bay,*

*Wisdom of God manifested in the Works of the
Creation.*

Atheistical. adj. Same as Atheistic.

Men are atheistical, because they are first vicious;
and question the truth of Christianity, because they
hate the practice. *South.*

Atheistically. adv. In an atheistic manner.

Is it not curious, that a divine, hearing a great
sinner talk atheistically, and scoff profanely at reli-
gion, should, instead of vindicating the truth,
tacitly approve the scoff? *South.*

I entreat such as are atheistically inclined to con-
sider those things. *Archbishop Tillotson.*

Atheisticalness. s. Attribute suggested by

Atheistical.

Lord, purge out of all hearts profaneness and
atheisticalness. *Hammond, On Fundamentals.*

Atheize. v. n. Talk or argue like an un-

believer.

All manner of atheists whatsoever, and those of
them who most pretend to reason and philosophy,
may in some sense be justly styled both enthusiasts
and fanatics. Forasmuch as they are not led,
or carried into this way of atheizing by any clear
dictates of their reason or understanding, but only by
an *ὀρεσις ἀλογος*, a certain blind and irrational im-
petus. *Cudworth, Intellectual System*, p. 134.

Atheling. s. One of noble or royal descent:

(a proper, rather than a common, name).

[In the former editions *Adeling*; in many
other works *Ætheling*; in some *Ætheling*.
However, the general adjunct to that
Edgar, whom the Norman Conquest threw
out of his succession to the English Crown,
is *Atheling*. The root is *æþel*, or *edel* =
noble. The termination *-ing* is more im-
portant. In A.S. it is as truly patronymic
as *-icus* in Greek. In the Bible transla-
tion the son of Elisha is called *Elisling*.
In the Anglo-Saxon Chronicle occur such
genealogies as the following:—'Ida was
Eopping, Eoppa Esing, Esa Inging, Inga
Angenwiting, Angenwit Alocing, Aloc
Beonocing, Beonoc Branding, Brand Bæl-
degging, Bældag Wodenung, Woden Fri-
ðowulfing, Friðowulf Finning, Finn God-
wulfing, Godwulf Genting.'—Ida was the
son of Eoppa, Eoppa of Esa, Esa of Inga,
Inga of Angenwit, Angenwit of Aloc,
Aloc of Beonoc, Beonoc of Brand, Brand
of Bældag, Bældag of Woden, Woden of

Friðowulf, Friðowulf of Finn, Finn of
Godwulf, Godwulf of Geat.—In Greek
this would be 'Ἰδὰ ἀπὸ Βοκκείδης, Βοκκὰ
Ἰσείδης, Ἡσὺ Ἰγγείδης, Ἰγγὰ Ἀγγωνείδης,
&c. In like manner, Edgar *Atheling*
means *Edgar of the family of the nobles*.

The plurals of these forms in *-ing* have
commanded attention from their promi-
nence in the Anglo-Saxon charters, as the
names of places. Through the *Codex
Diplomaticus* we learn that the following
districts (along with many others), of which
the names now end in the simple singular
syllable *ing*, originally ended in the plural
form *-ing-as*. Thus

Barking in Essex	was Bercingas.
Becking " Essex	" Boringas.
Ditchling " Sussex	" Dieclingas.
Docking " Norfolk	" Doecingas.
Malling " Kent	" Mallingas.
Reading " Berks	" Rendingas.
Tarring " Sussex	" Terringas.

In a few cases, however, the *as*, in the form
s, is retained at the present time, e. g.

Barlings in Lincolnshire.	
Boulings " Suffolk.	
Hastings " Sussex.	
Lillings " Yorkshire.	

Atheologian. s. One who is the opposite to a theologian.

They of your society [Jesuits], as they took their
original from a soldier, so they are the only *atheolo-
gians*, whose heads entertain no other object but the
tumult of realms; whose doctrine is nothing but
confusion and bloodshed. *Sir J. Hayward, Answer to
Doleman*, ch. ix.

Atheology. s. Atheistic theology.

Several of our learned members have written
many profound treatises on anarchy; but a brief,
complete body of *atheology* seemed yet wanting till
this irrefragable discourse appeared. *Swift, On
Collins's Discourse*, (Ord MS.)

Atheous. adj. Atheistic; godless. *Rare.*

Thy Father, who is holy, wise, and pure,
Suffers the hypocrite or atheous priest
To tread his sacred courts.

Milton, Paradise Regained, i. 440.

A whole year was humil little enough for the wife
to mourn for her husband departed; and so is still
amongst the very Christians, though atheous Pagans.
Hishop Hall, Cases of Conscience, iv. 7.

Atheroma. s. [Gr.] In Pathology. Spec-

ies of wen; curdy tumour.

If the matter forming them resembles milk curds,
the tumour is called *atheroma*; if it be like honey,
melicris; and if composed of fat, or a sucty sub-
stance, steatoma. *Sharp.*

Atheromatous. adj. Having the qualities of an atheroma.

Feeling the matter fluctuating, I thought it *athe-
romatous*. *Wiseeman, Surgery.*

Athirst. adj. [on thirst.] Thirsty; in want of drink.

When thou art *athirst*, go unto the vessels, and
drink of that which the young men have drawn.
Ruth, ii. 9.

When saw we thee as hungred, or *athirst*?—
Matthew, xxv. 44.

With scanty measure thou supply their food;
And when *athirst* restrain them from the drop. *Dryden.*

Athlete. s. [Gr. ἀθλητής = wrestler.] One trained to games of agility and strength.

David's combat compared with that of Diogenes,
the Athenian athlete. *Idolary, Life of David.*

Having opposed to him a vigorous athlete. *A. Smith, Theory of Moral Sentiments.*

Weak Truth leaning on her crutch,
Wnn, wasted Truth in her utmost need,
Thy kindly intellect shall feed,
Until she be an athlete bold,
And weary with a finger's touch
Those writhed limbs of lightning speed.

Tennyson.

If Charles had sworn that should those Kings not
accede to the treaty, he would return into captivity.
The Pope replied that the imprisonment having been
from the first unjust, Charles was not bound to re-
turn to it: his services being imperiously demanded
as a vessel and special athlete for the defence of the
Church, he was bound to fulfil that higher duty. *Milman, History of Latin Christianity*, b. xi. ch. v.

Athletic. adj.

1. Belonging to an athlete.

The *athletic* diet was of pulse, alphon, maza,
barley, and water; whereby they were advantaged

sometimes to an exquisite state of health.—*Sir T. Browne, Miscellaneous Tracts*, p. 17.

For the judiciary combats, as also for common athletic exercises, they [the Goths] formed an amphitheatrical circus of rude masonry.—*T. Warton, History of English Poetry*, i. diss. 1.

2. Strong of body; vigorous; lusty; robust. Seldom shall one see in rich families that athletic soundness and vigour of constitution, which is seen in cottages, where nature is cook, and necessity caterer.—*South*.

Seldom distinguishes a man of honour from one of those athletic brutes, whom undeservedly we call heroes.—*Dryden*.

Such are the history of John the Great, who, by his brave and heroic actions against men of large and athletic bodies, obtained the glorious appellation of the giant-killer; that of an Earl of Warwick, whose Christian name was Guy; the lives of Argulus and Partholus, and above all, the history of those seven worthy personages, the champions of Christendom.—*Flelding, Adventures of Joseph Andrews*, b. i. ch. i.

To keep as far from the carriage road as possible was therefore the wish of every pedestrian. The mild and timid gave the wall. The bold and athletic took it.—*Macaulay, History of England*, ch. lii.

- Athwart. adv.** In a manner vexatious and perplexing; crossly; wrongly.

All athwart, there came A post from Wales laden with heavy news.

The baby beats the nurse, and quite athwart Goes all decorum.

Shakespeare, Measure for Measure, i. 4.

- Athwart. prep.** [see Thwart.] Across; transverse to anything.

Themistocles made Xerxes post out of Grecia, by giving oft a purpose to break his bridge athwart the Hellespont.—*Bacon, Essays*.

Exercisable shape!

That dar'st, though grim and terrible, advance Thy miscreanted front athwart my way.

Milton, Paradise Lost, ii. 681.

In the confusion, the colours were either struck or shot away; but she was moored athwart one of the batteries in such a situation that the British made no attempt to board her; and a boat was despatched to the prison, to inform him of her situation.—*Southey, Life of Nelson*.

The swimming vapour slopes athwart the glen, Puts forth an arm, and creeps from pine to pine, And lingers, slowly drawn.

Tennyson, Elaine.

- Attil. adv.**

1. In the manner of a tilter.

To run attil at men, and wild Their naked tools in open field. *Butler, Hudibras*.

2. In the posture of a barrel raised or tilted behind, to make it run out.

Speak; if not, this stand Of royal blood shall be abroach, attil and run Even to the leas of honour.

Beaumont and Fletcher, Philaster, v. 1.

- Atiptoe. adv.** On tiptoe.

Does Louvet (of Paulins) stand a-tiptoe!—*Carlyle, French Revolution*, i. b. iv. ch. iv.

- Atlas. s.** See extract.

Atlas, in anatomy, the name of the first vertebra of the neck, or that which supports the head. It has its name from an allusion to a celebrated mountain in Africa, of so stupendous a height, that it seems to support the heavens; and from the fable, in which *Atlas*, king of that country, is said to bear the heavens on his shoulders.

Atlas, in architecture, is a name given to those wide or half figures of men, sometimes used instead of columns or pilasters to support any member in architecture; they are sometimes called telamones.

Atlas, in matters of literature, denotes a book of universal geography, containing maps of all the known parts of the world.—*Complete Dictionary of Arts and Sciences*.

- Atmological. adj.** Pertaining to Atmology.

Leaving, therefore, the application of thermotical and atmological principles in particular cases, let us consider, for a moment, the general views to which they have led philosophers.—*Whewell, History of the Inductive Sciences*, b. x. ch. iii. § 4.

- Atmologist. s.** One who studies atmology.

But besides these collections of principles which regard heat by itself, the relations of heat and moisture give rise to another extensive collection of laws and principles, which I shall treat of in connexion with

Thermistics, and shall term *atmology*, borrowing the term from the Greek word (*atmos*), which signifies vapour.—*Whewell, History of the Inductive Sciences*, b. x. introd.

- Atmosphere. s.** [Gr. *atmos* = vapour, *sphaîra* = sphere.] See first extract.

The exterior part of this our habitable world is the air, or *atmosphere*; a light, thin, fluid, or springy body, that encompasses the solid earth on all sides. *Locke*.

Immense the whole excited *atmosphere* Impetuous rushes o'er the sounding world.

Thomson.

- Atmosphéric. adj.** Same as Atmosphérical.

Quarantine cannot keep out an *atmosphéric* disease; but it can, and does always, increase the predisposing causes of its reception.—*Coleridge, Table Talk*.

- Atmosphérical. adj.**

1. Consisting of the atmosphere; belonging to the atmosphere.

We did not mention the weight of the incumbent *atmosphérical* cylinder as a part of the weight resisted.—*Boyle*.

2. Dependent upon the atmosphere.

If I lived in Ireland, I fear the wet climate would endanger more than my life, my humour and health; I am so *atmosphérical* a creature.—*Pope, To Swift*, 18, 205. (Ord MS.)

- Atom. s.** [Gr. *átomos*; from *á* = not, *tomé* = cutting.] Such a small particle as cannot be physically divided.

Imnumerable minute bodies are called *atoms*, because, by reason of their perfect solidity, they were really indivisible. *Ray*.

See plastic nature working to this end, The single atoms each to other tend, Attract, attracted to, the next in place, Form'd and impell'd its neighbour to embrace.

Pope.

- Atoméd. adj.** Small as atoms.

And *atoméd* mists turn instantly to hail. *Dryden, Elvics*, i. (Ord MS.)

- Atómie. adj.** Relating to atoms; consisting of atoms.

The struggles by which philosophers attained a right general conception of plane, of circular, of elliptical polarization, were some of the most difficult steps in the modern discoveries of optics. A conception of the *atómie* constitution of bodies, such as shall include what we know, and assume nothing more, is even now a matter of conflict among chemists.—*Whewell, History of Scientific Ideas*.

But the moment we avail ourselves of it for practical purposes, we find that in its action it is warped by other laws, such as those concerning the friction of air, and the different density of the bodies on which we operate, arising from their chemical composition, or, as some suppose, from their *atómie* arrangement.—*Darke, History of Civilization in England*, vol. i. ch. i.

- Atómical. adj.** Same as Atómie.

Vitrified and pellucid bodies are clearer in their continuities than in powders and *atómical* divisions. *Sir T. Browne, Vulgar Errors*.

A vacuum [is] another principal doctrine of the *atómical* philosophy. *Baillie, Scenarios*.

- Atomism. s.** Doctrine of atoms.

Atomism is also inconvertible; for this supposes atoms, minimum, extended but indivisible.—*Sir W. Hamilton, Metaphysics*, ii. app. 527.

- Atomist. s.** One who holds the atomical philosophy, or doctrine of atoms.

The *atomists*, who define motion to be a passage from one place to another, what do they more than put one synonymous word for another?—*Locke*.

Now can judicious *atomists* conceive, Chance to the sun could his just impulse give.

Sir R. Blackmore.

- Atomlike. adj.** Resembling atoms.

They all would vanish, and not dare appear, Who *atom-like*, when their sun shined clear, Danc'd in his beams.

W. Browne, Britannia's Pastorals, ii. 1.

- Átomy. s.** Same as Atom. *Obsolete*.

1. Atom.

Drawn with a team of little *átomys*, Athwart men's noses, as they be asleep.

Shakespeare, Romeo and Juliet, i. 4.

It is as easy to count *átomys*, as to resolve the propositions of a lover.—*Shakespeare, As you like it*, iii. 2.

Musicians think our souls are harmonies, Physicians hold that they complexities be: Epicures make them swarms of *átomys*, Which do by chance into our bodies flee.

Sir J. Davies, Immortality of the Soul, § 7.

2. Catchrestic for Anatomy.

You starved blood-hound!—Thou *átomy*, thou!—*Shakespeare, Henry IV. Part II.* v. 4.

- Atóne. v. n.** [at one.]

1. Be as one; be at union; agree; accord. *Obsolete*.

He and Aufidius can no more *atone*, Than violentest contrariety.

Shakespeare, Coriolanus, iv. 4.

2. Stand as an equivalent for something; (particularly used of expiatory sacrifices).

Yet such their virtues, that their loss alone, For Rome and all our legions did atone.

Dryden, Juvenal's Satires, vii.

The good intention of a man of weight and worth or a real friend, seldom *atones* for the unkindness produced by his grave representations.—*Locke*.

Let thy sublime meridian course

For Mary's setting rays *atone*;

Our lustre with redoubled force

Must now proceed from thee alone. *Prior*.

His virgin sword *Aegyptus*' veins imbrued; The murder fell, and blood *atoned* for blood.

Pope.

- Atóne. v. a.**

1. Reduce to concord; appease. *Obsolete*.

If my contention arose, he knew none fitter to be their judge to *atone* and take up their quarrels but himself.—*Brommood*.

If he had been cool enough to tell us that, there had been some hope to *atone* you; but he seems so implacably enraged.—*B. Jonson, Episcene*.

If the duke shall once but permit himself to be *atoned* and won by our united applications, not only our afflicted brethren, but we ourselves, shall reap the noble and abounding harvest and reward of this laborious undertaking.—*Milton, Letters of State*.

I have been *atoning* two most warring neighbours;

They had no money, therefore I made even.

Beaumont and Fletcher, Spanish Curate, iii. 4.

Endeavour is the child of hope; and we attempt not to *atone* one whom we conclude implacable.—*Dr. H. More, Deity of Christ the Pity*, p. 162.

The sweating mace shakes his head, but he With unnumbered prayers *atones* the deity.

Dryden, Juvenal's Satires, vi.

2. Expiate; answer for.

Should you your boasters cease their haughty strife, Or each *atone* his guilty love with life.

Pope.

- Atóne. adv.** At one; together; at once. *Obsolete*.

So bene they both *atone*, and down uprose Their beavers bright each other for to greet.

Spenser, Faerie Queene, ii. l. 29.

All his senses wern'd bereft *atone*.

Ibid. 32.

And home they bringen in a royal throne, Crowned as king; and his queen *atone* Was Lady Flora.

Spenser, Shepherd's Calendar, May.

- Atónement. s.**

1. Agreement; concord; reconciliation. *Obsolete*.

He desires to make *atónement* Between the Duke of Gloucester and your brothers.

Shakespeare, Richard III. i. 3.

A fair moderation and civil *atónement* may be mediated between ladies' countenances and their consciences, by the intercession of judicious and religious persons.—*Jeremy Taylor, Artificial Happiness*, p. 136.

Offer in one hand the powerful olive Of concord, or if that can be denied,

By powerful intercession in the other Carry the Herman rod, and force *atónement*.

Beaumont and Fletcher, Fair Maid of the Inn, v. i.

2. Expiation; expiatory sacrifice; equivalent; (with *for*).

And the Levites were purified, and Aaron made an *atónement* for them to cleanse them.—*Numbers*, vii. 21.

Surely it is not a sufficient *atónement* for the writers, that they profess loyalty to the government, and sprinkle some arguments in favour of the dissenters, and under the shelter of popular politics and religion, undermine the foundations of all piety and virtue.—*Swift*.

Great as *Snayver's* offences were, he had made great *atónement* for them. He had stood up manfully against Popery and despotism: he had, in the very presence chamber, positively refused to draw warrants in contravention of Acts of Parliament: he had resigned his lucrative office rather than appear in Westminster Hall as the champion of the dispensing power: he had been the leading counsel for the seven Bishops; and he had, on the day of their trial, done his duty ably, honestly, and fearlessly.—*Macaulay, History of England*, ch. xv.

- Atóp. adv.** [on top.] On the top; at the top.

Atop whereof, but far more rich, appeared The work as of a kingly intemperance.

Milton, Paradise Lost, iii. 504.

What is extracted by water from coffee is the oil, which often swims atop of the decoction.—*Arbuthnot, On the Nature and Choice of Aliments*.

147

Atrabiliarian. *adj.* [Fr. *atrabiliare*; from Lat. *ater* = black, *bilis* = bile.] Melancholy; replete with black choler. *Rare.*

The atrabiliarian constitution, or a black, viscous, pitchy, consistence of the fluids, makes all secretions difficult and stymie. — *Arbuthnot, On the Nature and Choice of Aliments.*

Atrabiliarius. *adj.* Same as Atrabiliarian. *Rare.*

The blood, deprived of its due proportion of serum, or finer and more volatile parts, is atrabiliarius; whereby it is rendered gross, black, unctuous, and earthy. — *Quincy.*

From this black and stymie state of the blood, they are atrabiliarius. — *Arbuthnot, Effects of Air on human Bodies.*

Atrabililar. *adj.* Melancholic. *Rhetorical.*

But now, if Mirabeau is the greatest, who of these six hundred may be the meanest? Shall we say, that misvous, slight, ineffectual-looking man, under thirty, in spectacles; his eyes (were the glasses off) troubled, careful; with upturned face, smiling dimly the uncertain future times; complexion of a multiple atrabililar colour, the final shade of which may be the pale sea-green. That greenish-coloured (verdâtre) individual is an Advocate of Arms; his name is Maximilien Robespierre. — *Carlyle, French Revolution*, pt. i. b. iv. ch. iv.

Atrabilious. *adj.* Same as Atrabililar.

The exceedingly numerous varieties of this temperament, which the ancients called *atrabilius* or melancholic, and the diversity of circumstances which may produce it, such as hereditary disease, long continued anxiety, excess of study, &c., lead us to the opinion that the melancholic temperament is less to be regarded as a natural and primitive constitution, than as a morbid affection, either hereditary or acquired. — *Rees's Cyclopædia, Man.*

Atramental. *adj.* [Lat. *atramentum* = ink.]

Inky; black. Rare.
If we enquire in what part of vitriol this atramental and denigrating condition lodgeth, it will seem especially to lie in the more fixed salt thereof. — *Sir T. Browne, Vulgar Errors.*

Atramentous. *adj.* Inky; black. *Rare.*

I am not satisfied that those black and atramentous spots, which seem to represent them, are ocular. — *Brown.*

Whenever provoked by anger or labour, an atramentous quality, of most malignant nature, was seen to distil from his lips. — *Swift, Battle of the Books.*

Atred. *adj.* [Lat. *ater* = black.] Tinged with a black colour. *Rare.*

It cannot express any other humour than yellow choler, or atred, or a mixture of both. — *Whitaker, Wood of the Grays*, p. 76.

Atrôcious. *adj.* [Fr. *atroce*; from Lat. *atrox* = horrid.] Wicked in a high degree; enormous; horribly criminal; grievous.

An advocate is necessary, and therefore audience ought not to be denied him in defending causes, unless it be an atrocious offence. — *Ayliffe, Paragon Juris Canonici.*

He would be second against the great atrocities and frightful distempers, such as melancholy, luxury, and insolence. — *Cheyne, Essay on Regimen*. (Orit MS.)

He would not refuse absolution to those who confessed and lamented their sins; but they must be purified as by fire, lest by too great facility of pardon, the atrocious and violent crimes of which they had been guilty to the apostolic see should be regarded as a light sin, or as no sin at all. — *Milman, History of Latin Christianity*, b. vii. ch. ii.

Atrôciously. *adv.* In an atrocious manner; with great wickedness.

As to my publishing your letters, I hold myself fully justified by the injury you have done me by abusing me infamously and atrociously. — *Louth, To Warburton*, letter 2.

Atrôciousness. *s.* Attribute suggested by Atrocious.

The atrociousness of the crime made all men look with an evil eye upon the claim of any privilege, which might prevent the severest justice. — *Burke, Abridgment of English History*, li. 6.

Atrôcity. *s.* Horrible wickedness; excess of wickedness.

I never recall it to mind without a deep astonishment of the very horror and atrocity of the fact in a Christian court. — *Sir H. Watton.*

They desired justice might be done upon offenders, as the atrocity of their crimes deserved. — *Lord Clarendon.*

They described and exaggerated the atrocities which had disgraced the insurrection of Ulster. — *Macaulay, History of England.*

Atrophy. *s.* [Gr. *â* = not, *τροφή* = nutrition.] Want of nourishment; disease in which what is taken at the mouth cannot contribute to the support of the body.

Marasmus, and wide-wasting pestilence.

Milton, Paradise Lost, xl. 683.
As if (according to the fable) the arm should resolve to work for the belly no longer, but for itself, a folly quickly punishing itself with atrophy and consumption. — *Widdlock, Manners of the English*, p. 374: 1054.

The mouth of the lacteals may be shut up by a viscid mucus, in which case the chyle passeth by stool, and the person falleth into an atrophy. — *Arbuthnot, On the Nature and Choice of Aliments.*

Attâch. *v. a.* [see Attack.]

1. Arrest; take, or apprehend, by commandment or writ.

Attâch the guard, which on his state did wait, Attâch'd that traitor false, and bound him strait. — *Speencer.*

The tower was chosen, that if Clifford should accuse great ones, they might, without suspicion or noise, be presently attâched. — *Bacon, History of the Reign of Henry VII.*

Bohemia greets you, Desires you to attâch his son, who has His dignity and duty both cast off. — *Shakespeare, Winter's Tale*, v. 1.

With of. Obsolete.

You, lord archbishop, and you, lord Mowbray, Of capital treason I attâch you both. — *Shakespeare, Henry IV. Part II.* v. 2.

Fix to one's interest; win; gain over.

Songs, earlands, flow'rs, And charming symphonies attâch'd the heart Of Adam. — *Milton, Paradise Lost*, xi. 536.

We shall take it for granted that proper means have been used to form the manners and attâch the mind to virtue. — *Goldsmit, Essays*, 13.

The great and rich depend on those whom their power or their wealth attâches to them. — *Rosier, Louis VI. of France*, the young Prince William, and Fulke of Anjou, were the enemies whom no defect could intimidate, and no peace attâch. — *C. H. Pearson, The early and middle Ages of England*, ch. xxi.

Attâché. *s.* [Fr.] One attached to an embassy.

Besides George Gaunt and I were intimate in early life: he was my junior when we were attâché at Pumpernickel together. — *Thackeray, Vanity Fair*.

Attâchement. *s.*

1. Adherence fidelity.

Cromwell had to determine whether he would put to hazard the attâchement of his party, the attâchement of his army, his own greatness, nay his own life, in an attempt, which would probably have been vain, to save a prince whom no engagement could bind. — *Macaulay, History of England*, ch. i.

The rapidity with which Manfred after his first successes overran the whole of the two Sicilies, implies, if not a profound and ardent attâchement to the house of Swabia, at least an obstinate aversion to the Papal sovereignty. — *Milman, History of Latin Christianity*, b. xi. ch. ii.

2. Attention; regard; (with to). *Rare.*

The Romans burnt this last fleet, which is another mark of their small attâchement to the sea. — *Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

3. Affection; engagement of affection.

She really seems to have been a very charming young woman, modest, generous, affectionate, intelligent, and sprightly, with a little turn for equestrian, which was yet perfectly compatible with warm and disinterested attâchement, and a little turn for satire, which yet seldom passed the bounds of good-nature. — *Macaulay, Essays, Sir William Temple.*

Attâck. *v. a.* [Fr. *attaquer* = assail.] Assault; (opposed to defend).

The front, the rear Attack, while Yvo thunders in the center. — *Philips.*

Those that attack generally get the victory, though with disadvantage of ground. — *Cane, Campaigns.*

[To attack - attack. These words, though now distinct, are both derived from the It. *attaccare*, to fasten, to hane, apparently to tack or fasten with a small nail or point. Venet. *lacare*; Piedm. *taché*, to fasten. Hence in Fr. the double form, *attaquer*, to tie, to fasten, to stick, to attack, and *attaquer*, properly to fasten on, to begin a quarrel. *Stoffacher* is also used in the same sense; *Stoffacher* à, to captivate, grapple, fight with. — *Coker.* It. *attaccar* in chiodo, to fasten a nail; in guerra, to commence war; in battaglia, to engage in battle; in fuoco, to set on fire; *attaccar* il fuoco, to catch fire; di parole, to quarrel. — *Wedgwood, Dictionary of English Etymology.*]

Attâck. *s.* Assault.

Hector opposes, and continues the attack in which Sarpedon makes the first breach in the wall. — *Pope, Homer's Iliad.*

If apprais'd of the severe attack, The country be shut up. — *Thomson.*

I own 'twas wrong, when thousands call me back, To make that hopeless, ill-advis'd attack. — *Young.*

Attâcker. *s.* One who attacks.

To so much reason the attackers pretend to answer.

— *Elphinstone, Principles of English Language*, li. 468.

Attâin. *v. a.* [from Lat. *tango* = touch.]

1. Overtake; come up with; reach. *Rare.*
The earl hoping to have overtaken the Scottish king, and to have given him battle; but not attâining him in time, set down before the castle of Aton. — *Bacon, Canaan he now attâins; I see his tents Pitch'd above Sichem.*

Milton, Paradise Lost, xii. 135.
So the first precedent, if it be good, is seldom attâined by imitation. — *Bacon.*

2. Gain; procure; obtain.

Is he wise who hopes to attâin the end without the means, nay by means that are quite contrary to it? — *Archbishop Tillotson.*

One who in such an age is determined to attâin civil greatness, must renounce all thought of consistency. — *Macaulay, History of England*, ch. lii.

Attâin. *v. a.* Chuchrestic for Attâint = affect by attâinder.

The Scythians do determine the memory of a horse, who seeing his master shine, become the reverer of his murder, never ceasing till (with his bridle) he had instantly beaten out the brains of the murderer. The dog of Hecuba is also remembered, because he attâined the children of Gæteus, for the murder committed on the person of his master. — *Tines's Short-house*, p. 152. (Orit MS.)

Attâin. *v. n.* [from Lat. *tango* = touch.]

Reach; (with to or unto).
Milk will soon separate itself into a cream, and a more serous liquor, which, after twelve days, attâins to the highest degree of acidity. — *Arbuthnot, On the Nature and Choice of Aliments.*

Such knowledge is too wonderful for me; it is high; I cannot attâin unto it. — *Psalm*, cxxxix. 6.

To have knowledge in most objects of contemplation, is what the mind of one man can hardly attâin unto. — *Locke.*

Attâin. *s.* [from Lat. *tango* = touch.] Thing attâined. *Obsolete.*

Crowns and diadems, the most splendid terrene attâins, are akin to that which to-day is in the field, and to-morrow is cut down. — *Glanville, Scæpis Scientifica.*

Attâinable. *adj.* [from Lat. *tango* = touch.] Capable of being attâined.

He wilfully neglects the obtaining unspeakable good, which he is persuaded is certain and attâinable. — *Archbishop Tillotson.*

Noun was proposed that appeared certainly attâinable, or of value enough. — *Rogers.*

Attâinableness. *s.* Attribute suggested by Attâinable.

Persons often become enamoured of outward beauty, without any particular knowledge of its possessor, or its attâinableness by them. — *Cheyne.*

Attâinder. *s.* In Law. Act by which an Attâint is effected; taint.

The ends in calling a parliament were chiefly to have the attâinders of all his party reversed; and, on the other side, to attâint by parliament his enemies. — *Bacon.*

Such partisans were to be considered in heresy, schism, and rebellion, to lose all ecclesiastical rank, dignity, or bishopric, and to forfeit their estates. The descendants of one branch were declared incapable to the fourth generation, of entering into holy orders. Such was the attâinder for their spiritual treason. — *Milman, History of Latin Christianity*, b. xi. ch. vii.

Attâintment. *s.*

1. That which is attâined.

We dispute with men that count it a great attâintment to be able to talk much, and little to the purpose. — *Glanville.*

Our attâintments are mean, compared with the perfection of the universe. — *Grew.*

The triple and sevenfold division ran throughout, and connected, assimilated, almost identified the mundane and supermundane church. As there were three degrees of attâintment, light, purity, knowledge (or the divine vision), so there were three orders of the earthly hierarchy, bishops, priests, and deacons; three sacraments, baptism, the eucharist, the holy chrism; three classes, the baptised, the communicants, the monks. — *Milman, History of Latin Christianity*, b. xiv. ch. ii.

2. Act or power of attâining.

The Scripture must be sufficient to imprint in us the character of all things necessary for the attâintment of eternal life. — *Hooker.*

Education in extent more large, of time shorter and of attâintment more certain. — *Milman.*

Government is an art above the attâintment of an ordinary genius. — *South.*

If the same actions be the instruments, both of acquiring faith and procuring this happiness, they would nevertheless fall in the attâintment of this last end, if they proceeded from a desire of the first. — *Adam.*

The great care of God for our salvation must ap-

pear in the concern he expressed for our attainment of it.—*Rogers*.

Attain. *v. a.* [from Lat. *tango* = touch.] Affect by Attainder.

[*Attainder*.—*Attain*. Fr. *Attaindre* (O. Fr. *attein*der—*Rapin*), to reach or attain unto, hit or strike in reaching, to overtake, bring to pass, also to attain or convict, also to accuse or charge with.—*Cotgr*. The institution of a judicial accusation is compared to the pursuit of an enemy; the proceedings are called a suit, Fr. *poursuite en jugement*, and the agency of the plaintiff is expressed by the verb *prosequi*, to pursue. In following out the metaphor the conduct of the suit to a successful issue in the conviction of the accused is expressed by the verb *attingere*, Fr. *attein*dre, which signifies the apprehension of the object of a chase.

Quem fugientem dictus Raimundus attingit. Hence the French *atteinte* d'une cause, the gain of a suit; *atteindre* le mefait, to fix the charge of a crime upon one, to prove a crime. (Carp.) *Alains* du fct, convicted of the fact, caught by it, having it brought home to one. (Roques).—*Wadsworth, Dictionary of English Etymology*.]

Then almost all awry;

I must offend before I be attained.
Shakespeare, Henry VI. Part II. li. 4.
Were it not an endless trouble, that no traitor or felon should be attained, but a parliament must be called.—*Spenser*.

The king was compelled to submit to the cruel humiliation of passing an act which attained the instruments of his revenge, and which took from him the power of pardoning them.—*Maccarty, History of England*, ch. i.

Its first postulate was the absolute exclusion of John, as attained for murder during the reign of his brother Richard, and incapable thereby of inheriting the crown; and for the murder of his nephew, of which he had been found guilty in the court of the King of France.—*Milman, History of Latin Christianity*, b. ix. ch. v.

Attain. *v. a.* [from Lat. *tingo* = dye.—The confusion and ambiguity exhibited in the notice of Allow and other words occurs here. The disgrace that ensues upon being overtaken by justice is a stain upon the character of the person thus attained. But a stain is a dye. Again, any discolouration, or shade, may be treated as a stain. In the following passage the word seems to mean *overcast*, in which the notion is that of change of colour or aspect, rather than that of touching, reaching, or overtaking.] Overcloud. *Rare*.

His warlike shield
Was all of diamond, perfect, pure, and clean,
For so exceeding shone its glistering ray
That Phœbus golden face it did attain,
As when a cloud his beams doth overlay.

Spenser, Faerie Queen.

Attain. *adj.* [from Lat. *tango* = touch.] Attainted. *Rare*.

Nor need I to shew how suitable our law is to the law of nature, in providing that an idiot, idiot, alien, adjured, perjured, or attained, unlawful, or in premature being of any inquest or jury; especially, in case of life and death.—*Sauter, Rights of the Kingdom*, p. 178.

Attain. *s.* [from Lat. *tango* = touch.] In Law. Writ so called (now abolished).

He threatened them with an attain of jury.—*Bishop Burnet, History of his own Times*, an. 1685.
A writ of attain to enquire, whether a jury of twelve men gave a false verdict.—*Sir W. Blackstone*.

Attain. *s.* [from Lat. *tingo* = dye.] Taint; stain. *Rare*.

No man hath a virtue that he has not a glimpse of; nor any man an attain, but he carries some stain of it.—*Shakespeare, Troilus and Cressida*, l. 2.

Nor doth he dedicate one jot of colour
Unto the weary and all-watched night;
But freshly looks, and overbeats attain
With cheerful semblance.

Shakespeare, Henry V. iv. chorus.

Attainment. *s.* In Law. State of being attained. *Rare*.

This manner and castle was made over by Hen. VIII. to that great man, [Cardinal Wolsey] upon whose attainment, that sacrilegious prince re-berished it to the crown.—*Aschmole, Antiquities of Berkshire*, l. 45.

Attainure. *s.* Legal censure; reproach; imputation.

Hisne's knavery will be the duchess's wreck,
And her attainure will be Humphrey's fall.
Shakespeare, Henry VI. Part II. li. 2.

Attask. *v. a.* Task; tax. *Rare*.

Under pardon,
You are much more attack'd for want of wisdom,
Than praise'd for harmful mildness.

Shakespeare, King Lear, i. 4.

Attaste. *v. a.* Taste. *Rare*.

For gentlemen (they said) was taught so fit,
As to attaste by bold attempts the cup
Of conquest's wine whereof I thought to sup.
Mirror for Magistrates, p. 207.

Attemper. *v. a.* [Lat. *ad* = to, *temper* = regulate, adjust, suit, modify, qualify.]

1. Mix in just proportions; regulate; fit; temper.

She to her guests doth bounteous banquet dight,
Attemper'd, goodly, well for health and for delight.
Spenser.

With to.

The hramble bush, where birds of every kinde
To the waters' full their thirst attemper right.

Spenser, Shepherd's Calendar, June.
These lower powers are worn, and wearied out, by the toilsome exercise of dragging about and unmanaging such a load of flesh; whereas, being so castigated, they are duly attemper'd to the more easy body of air again.—*Glauville, Precisance of Souls*, ch. xiv.

Phœbus! let arts of gods and heroes old,
Attemper'd to the lyre, your voice employ.

Pope.
Nevertheless its hearth is warm, its ladder well replenish'd: the innumerable Swiss of Heaven, with a kind of natural loyalty, gather round it; will prove, by pamphleteering, miskeetering, that it is a truth; or if not an unmix'd (uncertainly, impossible) truth, then better, a wholesomely attemper'd one (as wind is to the storm lamb), and works well.—*Curlye, French Revolution*, pt. l. b. iii. ch. i.

2. Mingle; weaken by the mixture of something else; dilute; make mild.

Therefore attemper thy courage;
Foolhard doth none advantage.

Gower, Confessio Amantis, li.
Nobility attemper sovereignty, and draws the eyes of the people somewhat aside from the him royal.—*Bacon*.

Attemper'd muns arise,
Sweet-beam'd, and shedding off thro' field clouds
A pleasing calm.
Thomson, Seasons, Autumn.
Those smiling eyes attemper'd every ray,
Shone sweetly lambent with celestial day.

Attéperance. *s.* Same as Temperance. *Obsolete*.

The felawes of abstinence ben attéperance, that holdeth the meane in alle things; also shame, that escheweth all dishonour.—*Chaucer, Parson's Tale*.

By this virtue, attéperance, the creature reasonable keepeth hym from to much drinke.—*Institution of a Christian Man*.

Attéperate. *adj.* Proportion, suit, or accommodate, to something. *Rare*.

Hope must be proportioned and attéperate to the promise; if it exceed that temper and proportion, it becomes a timour and tympany of hope.—*Hawmond, Practical Catechism*.

Attéperly. *adv.* In a temperate manner. *Obsolete*.

Governe thy also of your dieto
Attéperly, and namely in this late.

Chaucer, Shipman's Tale.

Attépt. *v. a.* [N. Fr. *tempter*; Fr. *tenter*; from Lat. *tento* = strive.]

1. Attack; invade; venture upon.

He flattering his displeasure,
Tript me behind, got praises of the king,
For him attempting who was self-subdu'd.
Shakespeare, King Lear, li. 2.

2. Tempt. *Obsolete*.

Why then will ye, fond daine, attempted beo
Unto a stranger's love, so lightly plac'd,
The gifts of gold or any worldly glee?

Spenser, Faerie Queen, v. 11. 63.

Attépt. *v. n.* Make an attack; try; strive; endeavour.

I have nevertheless attempted to send unto you,
for the renewing of brotherhood and friendship.—*Macabees*, xii. 17.

With upon. *Obsolete*.

I have been so hardy to attempt upon a name,
which among some is yet very sacred.—*Glauville, Scipias Scientifica*.

Hence his monster with woman's head above, and fishy extreme below, answers the shape of the ancient Syrius that attempted upon Clymæ.—*Sir T. Browne, Vulgar Errors*.

Attépt. *s.* Attack; essay; endeavour.

Alack! I am afraid, they have awak'd,
And 'tis not done; th' attempt, and not the deed,
Confounds us.

He would have cry'd it; but hoping that he dreamt,
Amusement ty'd his tongue, and stopp'd th' attempt.
Dryden.

I subjoin the following attempt towards a natural history of fossils.—*Woodward, On Fossils*.

With upon.

If we be always prepared to receive an enemy, we shall long live in peace and quietness, without any attempt upon us.—*Bacon*.

Attemptable. *adj.* Liable to attempts or attacks; capable of being attempted.

The gentleman vouching his to be more fair, virtuous, wise, and less attemptable than the rarest of our ladies.—*Shakespeare, Cymbeline*, l. 5.

Attépt. *s.* One who makes an attempt.

You are no factors for glory or treasure, but disinterested attempters for the universal good.—*Glauville, Scipias Scientifica*.

Atténdo. *v. a.* [Fr. *attendre*; from Lat. *atendo*, from *ad* = to, *tendo* = stretch.]

1. Be on the stretch, or look-out, for anything; regard; fix the mind upon; heed; observe. *Rare*.

The diligent pilot in a dangerous tempest doth not attend the unskillful words of a passenger.—*Sir P. Sidney*.

2. Expect; wait for; stay for. *Obsolete*.

So dreadful a tempest, as all the people attended therein the very end of the world, and judgment-day.—*Sir W. Raleigh, History of the World*.
Thy interpreter, full of despatch, bloody as the hunter, attends thee at the orchard end.—*Shakespeare, Twelfth Night*, iii. 3.

To him who hath a prospect of the state that attends all men after this, the measures of good and evil are changed.—*Locke*.

Rich Crossin's fate;
Whom Solon wisely counsel'd to attend
The name of happy, till he knew his end.
Three days I promis'd to attend my doom.
Dryden.

3. Wait on; accompany.

His companion, youthful Valentine,
Attends the emperor in his royal court.

Shakespeare, Two Gentlemen of Verona, i. 3.
The fifth had charge sick persons to attend.

Spenser.
He was at present strong enough to have stopp'd or attended Waller in his western expedition.—*Lord Clarendon*.

England is so idly king'd,
Her sceptre so fantastically borne,
That fear attends her not.

Shakespeare, Henry T. ii. 1.
My prayers and wishes always shall attend
The friends of Rome.

Addison, Cato.

With with.
The duke made that unfortunate descent upon Rhé, which was afterwards attended with many unprosperous attempts.—*Lord Clarendon*.

A vehement, burning, fixed, pungent pain in the stomach, attended with a fever.—*Arbuthnot, On the Nature and Choice of Aliments*.

Atténdo. *r. n.*

1. Yield attention.

But, thy relation now! for I attend,
Pleas'd with thy words.
Milton, Paradise Lost, viii. 257.

With to.

Since man cannot at the same time attend to two objects, if you employ your spirit upon a book or a bodily labour, you have no room left for sensual temptation.—*Jeremy Taylor*.

With upon.

Every one may attend upon his own affairs.—*2 Macabees*, xi. 23.

2. Stay; delay. *Obsolete*.

... This first true cause, and last good end,
She cannot here so well and truly see;
For this perfection she must yet attend,
Till to her Maker she exposed be.

Sir J. Daines, Immortality of the Soul.
Plant anemones after the first rains, if you will have flowers very forward; but it is surer to attend till October. *Kerlyn*.

3. Wait; be within reach or call.

The charge thereof unto a covetous spite,
Commanded was, who thereby did attend,
And warily awaited.

Spenser, Faerie Queen.
If any minister refused to admit a lecturer recommended by him, he was required to attend upon the committee.—*Lord Clarendon*.

Atténdance. *s.*

1. Act of waiting on, or serving, another.

For he, of whom these things are spoken, pertaineth to another tribe, of which no man gave attendance at the altar.—*Hebrews*, vii. 13.

The other, after many years' attendance upon the duke, was now one of the bedchamber to the prince.—*Lord Clarendon*.

Dance attendance. Attend to order; obey the caprices of anyone.

I dance attendance here;
—I think the duke will not be spoke withal.

Shakespeare, Richard III. iii. 7.
Twang out, my fiddle! shake the twigs!
And make her dance attendance

Blow, flute, and stir the stiff-set springs,
And scirrhous roots and tendons.
Tennyson, Amphion.

2. Presence for any purpose.

The ladies of the town began to take her conduct into consideration. It was the chief topic of discourse at their tea-tables, and was very severely censured by the most fastidious; especially by Lady Anne, a lady whose discreet and stately carriage, together with a constant attendance at church three times a day, had utterly defeated many malicious attacks on her own reputation. — *Fiddling, Adventures of Joseph Andrews.*

On the second of January Sumners brought up the report. The attendance of Tories was scanty; for, as no important discussion was expected, many country gentlemen had left town, and were keeping a merry Christmas by the blazing chimneys of their manor houses. The number of zealous Whigs was strong. *Mansley, History of England, ch. xv.*

3. Service.

Why might not you, my lord, receive attendance
From those that she calls servants?
Shakespeare, King Lear, li. 4.

4. Persons waiting; train.

Attendance more shall need, nor train; where none
Are to behold the judgement, but the judgment.
Those two. *Milton, Paradise Lost, x. 80.*

5. Attention; regard.

Give attendance to reading, to exhortation, to doctrine. — *1 Timothy, iv. 13.*

6. Expectation. Obsolete.

That which causeth bitterness in death, is the
misappointing attendance and expectation thereof ere
it come. — *Hooker.*

ATTENDANCE. s. Obsolete.

1. Same as Attendance, 4.

Of honour, another part is attendance; and there-
fore, in the visions of the glory of God, angels are
spoken of as his attendants. . . . It sheweth what
honour is fit for prelates, and what attendance. —
Hooker, Ecclesiastical Polity, vii. § 20. (Ord MS.)

2. Relation.

A further sort of demonstration is to name lands
by the attendance they have to other lands more
notorious, or as 'paved of my manner of D, belong-
ing to such a college lying upon Thames bank.' —
Bacon, Maxims of the Law, x. v. (Ord MS.)

ATTENDANT. adj.

1. Accompanying.

Other suits, perhaps
With their attendant means, thou wilt deservy.
Milton, Paradise Lost, viii. 184.
Superior to her waiting nymphs,
As lobster to attendant shrimps.
Lady M. W. Montague.

2. Dependent; (with upon).

We find rape, robbery, and murder, and mustard
almost wholly attendant upon cultivation. — *Pro-
fessor Buckman, Report of British Association for
the Advancement of Science, 1861.*

ATTENDANT. s.

1. One who attends in service, belongs to the train, or waits the pleasure, of anyone.

I will be returned forthwith; disanks your atten-
dant there; look it be done. — *Shakespeare, Othello,*
iv. 3.

When some gracious monarch dies,
Soft whispers first and mournful murmurs rise
Among the sad attendants. — *Dryden.*

I endeavour that my reader may not wait long for
my meaning; to give an attendant quick dispatch is
a civility. — *T. Burnet, Theory of the Earth.*

2. One present for any purpose.

He was a constant attendant at all meetings re-
lating to clarity, without contributing. — *Swift.*

3. That which is united with another, as a concomitant or consequent.

Govern well thy appetite, lest sin
Surprise thee, and her black attendant, death.
Milton, Paradise Lost, vii. 546.

They secure themselves first from doing nothing,
and then from doing ill: the one being so close an
attendant on the other, that it is scarce possible to
sever them. — *Dr. H. More, Decay of Christian Piety.*

He had an unlimited sense of fame, the attendant
of noble spirits, which prompted him to engage in
travels. — *Pope.*

It is hard to take into view all the attendants or
consequents that will be concerned in a question. —
Watts.

ATTENDER. s. One who, or that which, is attendant.

The pygmies were there,
Like lords to appear,
With such their attenders,
As you thought offenders. — *B. Jonson.*

The most curious attenders of such things as these.
— *J. Spenser, Discourse concerning Prodigia, p. 297.*

ATTENDMENT. s. That which attends; at-
tendance. Rare.

For rejecting the consolations of life, he passed

his days in tears, and the uncomfortable attendments
of hell. — *Sir T. Browne, Vulgar Errors, p. 372.*
(Ord MS.)

ATTENT. adj. Intent; attentive; heedful;
regardful. Obsolete.

Now mine eyes shall be open, and mine ears attend
unto the prayer that is made in this place. — *2 Chro-
nicles, vii. 15.*

What can then be less in me than desire
To see thee, and approach thee, whom I know
Devil'd the Son of God, to hear of old
Thy wisdom, and behold thy glorious deeds? — *Milton, Paradise Regained, l. 383.*

Read your chapter in your prayers; little inter-
ruptions will make your prayers less tedious, and
yourself more attend upon them. — *Jeremy Taylor, Guide to Devotion.*

Being denied communication by their ear, their
eyes are more vigilant, attend, and heedful. — *Hollier.*
To want of judging abilities, we may add their
want of leisure to apply their minds to such a serious
and attend consideration. — *South.*

ATTENTATE. s. [Fr. attentat.] Attempt. Ob-
solete.

The very furthest notions, wholly affrighted at no
dreadable an attentate, here testified, that this dis-
aster was in common to them, communicating like-
wise in our sighs and tears. — *Time's Store-house,*
p. 154. (Ord MS.)

ATTENTION. s.

1. Act of attending or heeding; act of bend-
ing the mind upon anything.

They say the tongues of dying men
Enforce attention like deep harmony. — *Shakespeare, Richard II. l. 1.*

He perceived nothing but silence, and signs of at-
tention to what he would further say. — *Bacon.*
But him the gentle music by the land
Soon rais'd, and his attention thus recall'd. — *Milton, Paradise Lost, xi. 421.*

By attention the ideas that offer themselves are
taken notice of, and, as it were, registered in the
memory. — *Locke.*

Attention is a very necessary thing; truth doth
not always strike the soul at first sight. — *Watts.*

He took a prominent part in debate: but, though
his eloquence and knowledge always seemed to him
the attention of his hearers, he was never again,
even when the Tory party was in power, admitted
to the smallest share in the direction of affairs. —
Mansley, History of England, ch. xxi.

2. Service; care.

It was believed that, in ancient times, Mars
ravished a virgin, and that the offspring of the in-
trigue were no other than Romulus and Remus,
both of whom it was intended to put to death; but
they were fortunately saved by the attentions of a
she-wolf and a woodpecker; the wolf giving them
milk, and the woodpecker protecting them from in-
sects. — *Buckle, History of Civilization in England,*
ch. xiii.

ATTENTIVE. adj. Heedful; regardful; full of
attention.

Being moved with these and the like your effec-
tual discourses, wherein we gave most attentive
ear, till they entered even unto our souls. — *Hooker.*
I'm never merry when I hear sweet music. —
The reason is, your spirits are attentive.

Shakespeare, Merchant of Venice, v. 1.
I saw most of them attentive to three sirens, dis-
tinguished by the names of Sloth, Ignorance, and
Pleasure. — *Tidder.*

A critic is a man who, on all occasions, is more
attentive to what is wanting than what is present. —
Adison.

Music's force can tame the furious beast;
Can make the wolf, or fawning boar, restrain
His rage; the lion drop his crested mane,
Attentive to the song. — *Prior.*

Whom have we here? A listener? God forbid!
And yet he seems attentive.

H. Taylor, Philip Van Artevelde, Part II. li. 2.

ATTENTIVELY. adv. In an attentive manner;
heedfully; carefully.

If a man look sharply and attentively, he shall see
Fortune; for though she be blind, she is not invis-
ible. — *Bacon.*

The cause of cold is a quick spirit in a cold body:
as will appear to any that shall attentively consider
of nature. — *Id.*

But indeed his fears were frivolous, for the fellow
. . . had listened attentively to the discourse between
him and the young woman; for whose departure he
patiently waited. — *Fiddling, Adventures of Joseph Andrews.*

I shall hope to show him, that a sincere believer
in no more than the general principle of Tiehku
will, upon looking attentively at the nature and
necessities of the State, and its capabilities in re-
spect of religion, be led on, by regular and progres-
sive inferences, to the full adoption of the principle
which demands the continued union of the Church
with the constitution of the country. — *Gladstone, The State in its Relations with the Church, ch. i.*

ATTENTIVENESS. s. Attribute suggested by
Attentive; heedfulness; attention.

The lawyers are not so much to be blamed in the
attentiveness of their private gains, as many fond
clients by procuring their own pains. — *Night,*
Trials of Truth, p. 29: 1380.

At the relation of the queen's death, bravely con-
fessed and lamented by the king, how attentiveness
wounded his daughter. — *Shakespeare, Winter's Tale,*
v. 2.

Your humble, hearty, and zealous saying Amen,
shews your attentiveness to the publick prayers, and
that you are neither asleep nor inadvertent when they
are made. — *L. Addison, Christian's Sacrifice, p. 130.*

ATTENUATE. v. a. [Lat. attenuo, from tenuis
= thin.]

1. Make thin, slender, or weak; waste.

The finer part belonging to the juice of grapes,
being attenuated and subtilized, was changed into
an ardent spirit. — *Boyle.*

It is of the nature of acids to dissolve or attenuate,
and of alkalies to precipitate or incrassate. — *Sir I. Newton, Opticks.*

We may reject and reject till we attenuate history
into sapless incongruities. — *Sir P. Palgrave, History of England and of Normandy, l. 533.*

Sometimes he meditates — as of a thing apart from
him — upon his poor aching head, and that dull pain
which, dozing or waking, lay in it all the past night
like a log, or palpable substance of pain, not to be
removed without opening the very skull, as it seemed,
to take it thence. Or he pities his long, clammy,
attenuated fingers. He commiserates himself all
over; and his bed is a very discipline of humanity,
and tender heart. — *C. Lamb, Last Essays of Elia, The Convalescent.*

2. Lessen in point of number.

I come now to the Mahometans; the modernest
of all religions, and the most mischievous and de-
structive to the church of Christ; for this fatal sect
hath justified her out of divers large regions in Africa,
in Tartary, and other places, and attenuated their
number in Asia. — *Howell, Letters, li. 10.*

ATTENUATE. adj. Made thin or slender.

Vivification ever consisteth in spirits attenuate,
which the cold doth congeal and coagulate. — *Bacon.*

ATTENUATION. s. Act of making anything
thin or slender; lessening; state of being
made thin or less.

Chiming with a hammer upon the outside of a
bell, the sound will be according to the inward
concave of the bell; whereas the clision or attenu-
ation of the air can be only between the hammer
and the outside of the bell. — *Bacon.*

I am ground even to an attenuation. — *Donne, In-
volutions, p. 517.*

ATTOR. v. a. [Fr. à terre = on the earth;
from Lat. ad terram.] Bind to the earth;
place upon the earth. Obsolete, rare.

Judith, the while, trills rivers from her eyes,
Attors her knees, tends toward th' arch'd skies
Her harmless hands: then thus with voice devout
Her very soul to God she poureth out.
Bethune's Recue, iv. p. 405. (Ord MS.)

ATTORATE. v. a. Convert into land. Obsolete.

Another great instance of change made in the
superficies of the earth by attention is in our own
country, the great level of the fens running through
Holland in Lincolnshire, the Isle of Ely in Cam-
bridgeshire, and Marshland in Norfolk, which that
it was sometime part of the sea, and altered by
land brought down by floods from the upper grounds,
seems to me evident, in that it is near the sea, and
in that there is thereabout a concurrence of many
great rivers, which in flood times, by the abundance
of mud and silt they bring down, these subsiding
have by degrees raised it up. — *Ray, Three Discourses concerning the Chaos, Deluge, and Dissolution of the World, ch. v.*

Varenus rationally conjectures, that all China, or
a great part of it, was originally raised up and al-
tered, having been anciently covered with the sea.
Id. ibid. (Ord MS.)

ATTERRATION. s. Conversion into land. Ob-
solete.

This equality is still constantly maintained, not-
withstanding all inundations of land, and alterations
of sea; because one of these doth always nearly
balance the other, according to the vulgar proverb,
'what the sea loses in one place, it gains in another.'
— *Ray, Wisdom of God manifested in the Works of the Creation, ch. lii.*

Of the first sort of change by attoration, or making
the sea dry land, we have an eminent instance in the
Dutch Netherlands, which have undoubtedly hereto-
fore, in time long past, been sea. — *Ray, Three Dis-
courses concerning the Chaos, Deluge, and Dissolution of the World, ch. v. (Ord MS.)*

ATTEST. v. a. [Lat. attestor, from testis =
witness.] Confirm by evidence; bear wit-
ness to.

Many particular facts are recorded in holy writ,
attested by particular pagan authors. — *Adison.*
The sacred streams, which heaven's imperial state
Attests in oaths, and fears to violate. — *Dryden.*

A trace of ten years was concluded : and the followers of Jesus and Mahomet, who swore on the Gospel and Koran, attested the word of God as the guardian of truth and avenger of perjury.—*Gibbon, Decline and Fall of the Roman Empire*, ch. xvii.
Among the few facts which we are able to collect with regard to the state of Attica in the earliest times, there are two which seem to be so well attested, or so clearly deduced from authentic accounts, that they may be safely admitted.—*Bishop Thirlwall, History of Greece*, ch. xi.

This to attest,
Behold what is here, the hand and seal of death !
F. Taylor, *St. Clement's Key*, v. 5.

Attest. s. Witness; testimony; attestation.
Obsolete.

The attest of eyes and ears.
Shakespeare, Troilus and Cressida, v. 2.
With the voice divine
Nigh thunderstruck, th' exalted man, to whom
Such high attest was giv'n, a while survey'd
With wonder. *Milton, Paradise Regained*, l. 35.

Attestate. s. Attestation. **Rare.**
Let it be as an attestation of my acknowledgments to you.—*Lord, Discovery of the Sect of the Danians, dedicated to Sir M. Abbot*, 1630.

Attestation. s. Testimony; evidence.
There remains a second kind of preperitiveness, of those who can make no relation without an attestation of its certainty.—*Dr. H. More, Government of the Tongue*.
The next coal-pit, mine, quarry, or chalk-pit, will give attestation to what I write; these are so obvious that I need not seek for a compurgator.—*Hudward, Essay towards a natural History of the Earth*.
We may derive a probability from the attestation of wise and honest men by word or writing, or the concurring witness of multitudes who have seen and known what they relate.—*Watts*.
All are equally destitute of credible attestation.—*Sir G. C. Lewis, Enquiry into the Credibility of the early Roman History*, l. 516.
He frequently adverts to the imperfections of the external attestation for the early period.—*Id.*, ib. i. 11.

Attestor, or Attestor. s. Witness.
The Romans of old, though as apt to swallow such prodigious stories as any, yet used to chew them first by a serious examination of the credit of the attestors, and truth of the relations.—*J. Spenser, Discourse concerning Prodiges*, p. 307.
This arch-attestor for the publick good
By that one deed enrols all his blood.
Dryden, Abdomon and Achitophel.

Attic. adj. Belonging to Athens, the capital of Attica; pure; classical; elegant.

What next repeat shall feast us, light and choice,
Of attic taste. *Milton, Sonnets*, x. 10.
The choice histories, heroic poems, and attic tragedies of statelike and most reverent argument, with all the famous political orations, offer themselves.—*Milton, Tractate on Education*.
Dionysius Halicarnassensis, though he was born in a Doric country, yet lived in another; and in the age of Augustus, when the attic idiom had been famous for three years.—*Bentley, Dissertation upon Phalaris*, p. 390.
Casiodorus affirms—that it is done in an attic or elegant stile; wherein many things are spoken subtly indeed, but not so warily as they should have been.—*Hammer, View of Ecclesiastical Antiquity*, p. 95.
Far be it from me to insinuate so unseemlylike a thing, as if we had the same use for good English, that a Greek had for his attic elegance.—*Bishop Warburton, Preface to Shakespeare*.
I call Erasmus a wonderful man, not only on account of the variety and classical purity of his works, but of that penetration, that strong and acute sense, which enabled him to pierce through the absurdities of the times, and expose them with such poignant ridicule and attic elegance.—*Dr. Warton, Essay on Pope*, l. 188.
The comedies of Aristophanes are universally esteemed to be the standard of attic writing, in its greatest purity; if any man would wish to know the language as it was spoken by Pericles, he must seek it in the scenes of Aristophanes.—*Cumberland, Observer*, no. 78. (Ord MS.)
In front of these came Addison. In him Humour in holiday and mildly trim, Suddinity and attic taste combined.
To polish, furnish, and delight the mind.
Cowper, Told Talk, l. 614.

Attic. s. [see first extract.] Upper story of a house.

[The word 'attic' is found also in French, as a term of architecture, in the form *attique*; but with a meaning somewhat different from that which it has in English. I do not believe that a satisfactory etymology for this word can be found out, with the material we possess, from any of the European languages; but the close resemblance it bears to the Sanskrit word *attaka* (in its modern pronunciation *attak*) leaves little doubt, in my opinion, that the word *attic* may have been borrowed from the Hindous in a direct way, especially if we consider that

the word, in its architectural sense, is not to be found in the oldest English dictionaries. *Attaka* is, in Sanskrit, a pleonastic form of *atta*, and both meant a room on the top of the house. . . . The highest room of an Indian house being that on the flat roof, and that of a European building being that under the roof, the difference of the respective meanings of *attaka* and *attic* would be merely an apparent one. Through what channel this word has come into the English language, I am unable to say, at least for the present. *Goldschmidt, Transactions of the Philological Society*, 1851.]
They stare not on the stars from out their attics,
Nor deal (thank God for that!) in mathematics.
Byron, Beppo, 78.

The wild wind rang from park and plain,
And round the attics rumbled,
Till all the tables danced again,
And half the chimneys tumbled.
Tennyson, The Goose.

Attical. adj. Same as **Attic. Rare.**
If this be not the common attical reception of it, yet it will seem agreeable to the penning of the New Testament; in which, whoever will observe, may find words and phrases, which perhaps the attic purity, perhaps grammar, will not approve of.—*Hammond, Sermons*, 12.

Atticism. s. Example, or imitation, of the attic style; elegant or concise manner of expression.

They made sport, and I laughed; they mispronounced, and I misliked; and to make up the atticism, they were out, and I hissed.—*Milton, Apology for Socrates*.
Let us hear the second apology for the atticism of Phalaris.—*Bentley, Dissertation upon Phalaris*, p. 516.

The one thing to mix atticism in one style, and another thing strictly to write attic.—*Boyle, Acquaint Bentley*, p. 34.
There is an elegant atticism which occurs, Luke xiii. 9: 'If it bear fruit; well.'—*Nicome, Historical View of the English Biblical Translations*, p. 270.

Atticism. v. n. Make use of atticism.
If any will still excuse the tyrant for atticism in those circumstances, it is hard to deny them the glory of being the faithfullest of his vassals.—*Bentley, Dissertation upon Phalaris*, p. 517.

Attire. v. a. Dress; habit; array.
Let it likewise your gentle breast inspire
With sweet infusion, and put you in mind
Of that proud maid, whom now those leaves attire,
Proud Daphne. *Spenser*.
My Nan shall be the queen of all the fairies;
Finely attired in a robe of white.
Shakespeare, Merry Wives of Windsor, iv. 4.
With the linen mitre shall he be attired.—*Lectures*, xvi. 4.

Now the sappy boughs
Attire themselves with blooms. *J. Phillips*.
Attire. s. [N. Fr. *attour* = hood, female head-dress.] Clothes; dress; habit.
Mid his fourte knives
And hire hors and hire atyr.
And at lat dunn bi-housele.
Layamon, MSS. Cott. Otho. C. xiii.
It is no more discrece to Scripture to have left things free to be ordered by the church, than for Nature to have left it to the wit of man to devise his own attire.—*Hooker*.
After that the Roman attire grew to be in account and the gown to be in use among them.—*Sir J. Davies, On Ireland*.
Thy sumptuous buildings, and thy wife's attire,
Hath cost a mass of publick treasury.
Shakespeare, Henry VI. Part II. i. 3.
And in this coarse attire, which I now wear,
With God and with the Muses I confer. *Donne*.
When Irish Nature, with her best attire,
Cloaths the gay spring, the season of desire. *Waller*.
I pass their form, and ev'ry charming grace,
But their attire, like liveries of a kind,
All rich and rare, is fresh within my mind. *Dryden*.

Attiring. verbal abs. Attire.
This small wind, which so sweet is,
See how it the leaves doth kiss,
Each true in his best attiring;
Sense of love to love inspiring.
Sir P. Sidney, Astrophel and Stella.
In the attiring and ornament of their bodies, the duke had a fine and unaffected politeness.—*Sir H. Wotton, Reliquia Wottoniana*, p. 371.

Attitude. s. [Fr.] Posture.
Bernini would have taken his opinion upon the beauty and attitude of a figure.—*Prior, Dedication*.
They were famous originals that gave rise to statues, with the same air, posture, and attitude.—*Addison*.
It is certain that no poet has given more graceful and attractive images of beauty than Milton, in his various portraits of Eve, each in a new situation and attitude.—*T. Warton, Notes on Milton's smaller Poems*.
A low conversation ensued, but the attitude of Kaleray indicated dissent.—*Finlay, History of the Greek Revolution*, b. v. ch. iv.
The effect of those intrigues was that England,

though she occasionally took a menacing attitude, remained inactive till the continental war, having lasted near seven years, was terminated by the treaty of Nimeguen.—*Macaulay, History of England*, ch. 11.

Attitudinize. v. n. Put oneself in an attitude, or theatrical posture.

We will say no more of these travels (Lord Broughton's in Albania, &c.), except that they were written before it was the fashion to attitudinize on voyage.—*Times*, Dec. 27, 1858.

Attolent. adj. [Lat. *attolens, -entis*.] Raising or lifting up.

I shall further take notice of the exquisite libration of the attolent and deprimment muscles.—*Derham, Physico-Theology*.

Attorn. v. n. Acknowledge a new possessor of property, and accept tenancy under him.
Obsolete, rare.

If one bought an estate with any lease for life or years standing out thereon, and the lessee or tenant refused to attorn to the purchaser and to become his tenant, the grant or purchase was in most cases void.—*Sir W. Blackstone*.

Attorney. s. [N. Fr. *attorné*; L. Lat. *attornatus* = put in the place, or turn, of anyone.] One who acts for another.

z. In Law.
I am a subject,
And challenge law; attorneys are deny'd me,
And therefore personally I lay my claim
To mine inheritance. *Shakespeare, Richard II. ii. 3*.
The king's attorney, on the contrary,
Urg'd on examinations, proofs, confessions.
Id., Henry VIII. ii. 1.
Despairing quacks with curses fled the place,
And vile attorneys, now an useless race. *Pope*.
It would indeed be too gross, too fulsome, and too absurd as a request for any one to come to his prime and say, Sir, I will not be quiet unless your majesty will make me treasurer, or chancellor, chief justice, or secretary of state, attorney-general, or the like.—*South, Sermons*, vi. 67.

An attorney is one who is put in place, or turn, of another, to manage his affairs. Attorneys are now formed into a regular society. Once admitted and sworn, an attorney may practise in any court except the Court of Chancery, in which he must be admitted a solicitor thereto.—*A. Fonblanque, jun.*
How we are governed, letter xvi.

b. In general. Rare.
I will attend my husband : it is my office;
And will have no attorney but myself;
And therefore let me have him home;
Shakespeare, Comedy of Errors, v. 1.
I, by attorney, bless thee from thy mother.
Id., Richard III. v. 3.

Attorney. v. a. Perform by proxy; employ as proxy. **Rare.**
Their encounters, though not personal, have been royally attended with interchange of gifts.—*Shakespeare, Winter's Tale*, i. 1.
As I was then
Advertising and holy to your business,
Not changing heart with habit, I am still
Attorneyed to your service.
Id., Measure for Measure, v. 1.

Attorneyship. s. Office of an attorney; proxy; vicarious agency.
Marriage is a matter of more worth,
Than to be dealt in by attorneyship.
Shakespeare, Henry VI. Part I. v. 5.

Attract. v. a. [Lat. *attrahere*, part. of *atraho* = draw to.] Draw to something; allure; invite.

A man should scarce persuade the affections of the headstone, or that jet and amber attracteth straws and light bodies. *Sir T. Browne, Vulgar Errors*.
Adorn'd

She was indeed, and lovely, to attract
Thy love; not thy subjection.
Milton, Paradise Lost, x. 151.

Shew the care of approving all actions so as may most effectually attract all to this profession.
Hammond.

The single atoms each to other tend,
Attract, attracted to, the next in place
Form'd and impell'd its neighbour to embrace. *Pope*.

Deign to be lov'd, and ev'ry heart subdue
What nymph could e'er attract such crowds as you!
Id.

Attract. s. Attraction; power of drawing. **Rare.**

Feel darts and charms, attracts and flames,
And woo and contract in their names.
Butler, Hudibras.

He accounts it a dead thing that hath no more
attract than a carcass.—*Atterree, Forty Sermons*.

Attractability. s. Power of attraction; capability of being attracted.

There is a strong propensity, which dances through

every atom, and attracts the minutest particle to some peculiar object, search this universe, from its base to its summit, from fire to air, from water to earth, from all below the moon to all above the celestial spheres, and thus that not a corporeal constituent of that natural attractiveness.—*Sir W. Jones, Translation of Shiva and Perhad, Asiatic Researches*, iv, 178.

Attraction. *s.* [Lat. *tracto* = handle.] Frequent handling. *Rare.*

They are fearful lest the frequent attraction of them [the elements of the crucifix] should make us less to value the great earnest of our redemption and immortality.—*Jeremy Taylor, Great Exemplar*, part 3, § xv, p. 341. (Oral MS.)

Attractor. *s.* See **Attractor**.

Attractional. *adj.* Having the power to draw to it. *Obsolete.*

Some stones are endued with an electrical or attractional virtue.—*Ray, Wisdom of God manifested in the Works of the Creation*.

Attraction. *s.* Power of drawing anything.

a. In general.

Setting the attraction of my good parts aside, I leave no other charms.—*Shakespeare, Merry Wives of Windsor*, ii, 2.

b. In Physics.

The drawing of amber and jet, and other electric bodies and the attraction in gold of the spirit of quicksilver at distance; and the attraction of lead at distance; and that of fire to naphtha; and that of some herbs to water, though at distance; and divers others, we shall handle. *Bacon*.

Leadstones and touched needles, laid long in quicksilver, have not omitted their attraction.—*Sir T. Browne, Vulgar Errors*.

Attraction may be performed by impulse, or some other means; I use that word, to signify any force by which bodies tend towards one another.—*Sir I. Newton, Opticks*.

To Berzelius is usually ascribed also the credit of introducing the word 'affinity' among chemists; but I do not find that the word is often used by him in this sense; perhaps not at all. But however this may be, the term is, on many accounts, well worthy to be preserved, as I shall endeavour to show. . . . The term attraction, having been recommended by Newton as a fit word to designate the force which produces chemical combination, continued in great favour in England, where the Newtonian philosophy was looked upon as applicable to every branch of science. In France, on the contrary, where Descartes still retained triumph, attraction, the watch-word of the empiric, was a sound never uttered but with dislike and suspicion. In 1718 (in the notice of Godfrey's Tables) the Secretary of the Academy, after pointing out some of the peculiar circumstances of chemical combinations, says, 'Sympathies and attractions would suit well here, if there were such things.' . . . And at a later period, in 1731, having to write the eulogy of Godfrey after his death, he says, 'He gave, in 1718, a singular system, and a Table of Affinities, or relations of the different substances in chemistry. These affinities gave immensity to some persons, who feared that they were attractions in disguise, and all the more dangerous in consequence of the seductive forms which clever people have contrived to give them. It was found, however, that this simile would be got over.' . . . This is the earliest published instance, so far as I am aware, in which the word 'affinity' is distinctly used for the cause of chemical composition; and taking into account the circumstances, the word appears to have been adopted in France in order to avoid the word attraction, which had the taint of Newtonianism.—*Whewell, History of Science*, ii, 164.

The idea of chemical affinity, as applied in elementary composition, involves peculiar conceptions. It is not properly expressed by assuming the qualities of bodies to resemble those of the elements, or to depend on the figure of the elements, or on their attractions. . . . Attraction takes place between bodies, affinities between the particles of a body. The former may be compared to the alliances of states, the latter to the ties of family.—*Ibid.*

Attractive. *adj.* With a tendency, or with the power, to attract anything; inviting; alluring; enticing.

Happy is Hermia, whosoever she lies; For she hath blessed and attractive eyes.—*Shakespeare, Midsummer Night's Dream*, ii, 3.

I please'd, and with attractive graces won, The most adverse, thee chieflly.—*Milton, Paradise Lost*, ii, 762.

Be centre to the world; and other stars, By his attractive virtue, and their own, Incited, dance about him various round.—*Ibid.*, viii, 122.

Some the round earth's cohesion to secure, For that hard task employ unweaken'd power; Remark, say they, the globe, with wonder own Its nature, like the fam'd attractive star.—*Sir E. Blackmore*.

Bodies act by the attractions of gravity, magnetism, and electricity; and these instances make it

not improbable but there may be more attractive powers than these.—*Sir I. Newton*.

Just so, if I say that the attractive spirit or the attractive cord, as Linus calls it, or the attractive force, as some philosophers of the day, is an immaterial principle superadded to matter, whereby the attractions in nature are performed; no notion or meaning can possibly be joined with those words.

To this head also belong the natural sympathy and antipathy of plants; the Bond of Light or Law (vinculum juris) used in the definition of obligation by civilians; the principle of evil of the Manichæans. *Translation from the Logic of Wolff*, from Sir W. Hamilton, *Logic*, i, 180.

New and beautiful truths, conveyed in the charmed and most attractive language, could produce no effect upon men, whose minds were thus hardened and enshrouded.—*Buckle, History of Civilization in England*, vol. ii, ch. i.

Attractive. *s.* That which draws or incites; allurements; (attractive is used in a good or indifferent sense, allurements generally in a bad one). *Obsolete.*

The twenty and attractive, which should take the king's eye in Anne of Cleve, not appearing.—*Lord Herbert of Cherbury, History of Henry VIII.*, p. 455.

She applied to her advantage all the attractiveness of sweet incense and perfumes.—*Jeremy Taylor, Artificial Handsomehood*, p. 10.

When the lady of the house, diverted either by the attractiveness of his discourse or some other occasion, delayed the clients of her charity in alms, or that other most commendable one in surgery, he in his friendly way would chide her out of the room.—*Bishop Fell, Life of Hammond*, § 2.

The condition of a servant slaves him off to a distance; but the gospel speaks nothing but attractiveness and invitation.—*South, Sermons*.

Attractively. *adv.* In an attractive manner.

And their gold cars attractively retain With what at Sinai Abraham's God had told.—*Dryden, Jona*, 1678. (Oral MS.)

Attractiveness. *s.* Attribute suggested by Attractive.

Upon the observing the attractiveness of hot iron, it was queried, whether the same thing might not be done with a wood coal.—*Bishop Sprat, History of the Royal Society*, iv, 268.

There were then the same incentives of desire on the one side, the same attractiveness in riches.—*South, Sermons*, vi, 233.

Attractor, or Attracter. *s.* That which, or one who, attracts.

If the straw be in oil, amber draweth them not; oil makes the straw to follow; so that they cannot rise into the attractor.—*Sir T. Browne, Vulgar Errors*.

They are true attractors of love.—*Whitlock, Maxims of the English*, p. 333.

Attrahent. *s.* [Lat. *attrahens*, -entis, pres. part. of *atraho* = draw to.] That which draws. *Rare.*

Our eyes will inform us of the motion of the steel to its attrahent.—*Glaucowle, Scrupa Scientifica*.

Attrap. *v. a.* Invest with trappings; clothe; dress. *Rare.*

For all his armour was like salvage weed With woody moss beclad, and all his steel With caken leaves attrap'd.—*Spenser, Faerie Queen*, iv, 4, 30.

Attributable. *adj.* Capable of being, or liable to be, ascribed or attributed.

Much of the origination of the Americans seem to be attributable to the migrations of the Seres.—*Sir M. Hale, Origination of Mankind*.

But the object is visible positively in some men, and only negatively in others. The first offend you by habits and modes of thinking and acting directly attributable to their private education; in the others, you only regret that the freshness and facility of the established and national mode of bringing up is not added to their good qualities.—*Coleridge, Table Talk*, p. 221.

One writer discovered a more curious, but less disputable ground of satisfaction in the reflection that Nelson, as may be inferred from his name, was of Danish descent, and his actions, therefore, the Danes argued, were attributable to Danish valour.—*Southey, Life of Nelson*, p. 139.

To this, and to the influence of his relations, the decision may have been partly attributable.—*C. H. Pearson, The early and middle Ages of England*, ch. xxxiii.

Dr. John Hunter has advanced the opinion that hybernation, although a result of cold, is not its immediate consequence, but is attributable to that deprivation of food and of other essentials which extreme cold occasions, and against the recurrence of which nature makes timely provision by the suspension of her functions.—*Sir J. E. Tenison, Ceylon*, pt. ii, ch. iv.

Attribute. *v. a.* Impute; ascribe.

Right true; but faulty men use oftentimes

To attribute their folly unto fate.

Spenser, Faerie Queen, v, 4, 28.

To their very bare judgement somewhat a reasonable man would attribute, notwithstanding the common infidelities which are incident unto our nature.—*Hobbes*.

We attribute nothing to God that hath any repugnancy or contradiction in it. Power and wisdom have no repugnancy in them.—*Archbishop Tillotson*. I have observed a Christian determine contrary to appearances, by the caution and conduct of a general, which were attributed to his intrigueries.—*Sir W. Temple*.

The imperfection of telescopes is attributed to spherical glasses; and mathematicians have proceeded to figure them by the conical sections.—*Sir I. Newton, Opticks*.

Attribute. *s.* [Lat. *attributum*, part. of *attribuo* = give, or attach, to anything.] That which is attributed to another; quality; property; character.

a. In general.

Power, light, virtue, wisdom, and goodness, being all but attributes of our simple essence, and of one God, we in all admire, and in part discern.—*Sir W. Raleigh*.

They must have these three attributes; they must be men of courage, fearing God, and having civility.—*Bacon*.

His scripture shows the force of temporal power. The attribute to awe and majesty: But mercy is above the scepter's sway. It is an attribute to God himself.—*Shakespeare, Merchant of Venice*, iv, 1.

It takes From our achievements, though perform'd it height, The pith and marrow of our attribute.—*Ibid.*, Hamlet, i, 1.

Your vain poets after did mistake, When they attributed a tale to me.—*Dryden*. All the perfections of things are called his attributes, for he cannot be without them.—*Watts, Logic*.

The sculptor, to distinguish him, gave him, what the nihilists call his proper attributes, a spear and a shield.—*Adams*.

b. In Logic. Quality, quantity, or relation of a substance; (to which substance it is the correlative).

Logicians have endeavoured to define Substance and Attribute; but their definitions are not so much attempts to draw a distinction between the things themselves, as instructions what difference it is customary to make in the grammatical structure of the sentence, according as we are speaking of substances or of attributes. . . . An attribute, say the school logicians, must be the attribute of something; colour, for example, must be the colour of something; goodness must be the goodness of something; and if the something should come to exist, or should cease to be connected with the attribute, the existence of the attribute would be at an end. A substance, on the contrary, is self-existent; in speaking about it, we need not put of after its name. A stone is not the stone of anything; the moon is not the moon of anything, but simply the moon. Unless, indeed, the name which we choose to give to the substance be a relative name; if so, it must be followed either by of, or by some other particle, implying, as that proposition does, a reference to something else; but then the other characteristic peculiarity of an attribute would fail: the something might be destroyed, and the substance might still subsist. . . . This is the nearest approach to a solution of the difficulty, that will be found in the numerous treatises on logic. It will scarcely be thought to be a satisfactory one. If an attribute is distinguished from a substance by being the attribute of something, it seems highly necessary to understand what is meant by of; a particle which needs explanation too much itself to be placed in front of the explanation of anything else. And as for the self-existence of substances, it is very true that a substance may be conceived to exist without any other substance, but so also may an attribute without any other attribute; and we may no more imagine a substance without attributes than we can imagine attributes without a substance. . . . From what has already been said of substance, what is to be said of attribute is easily deducible. For if we know not, and cannot know, anything of bodies but the sensations which they excite in us or others, those sensations must be all that we mean, at bottom, when by their attributes; and the distinction which we verbally make between the properties of things and the sensations we receive from them must originate in the convenience of discourse rather than in the nature of what is denoted by the terms. Attributes are usually distributed under the three heads of quality, quantity, and relation.—*J. S. Mill, System of Logic*, bk. i, ch. iii, § 6-9.

Attribution. *s.* General aggregate of qualities ascribed; designation; commendation.

If speaking truth, In this fine age, were not thought flattery, Such attribution should the Douglas have, As not a soldier of this season's stamp Should go so general current through the world.—*Shakespeare, Henry IV. Part I*, iv, 1.

We suffer him to persuade us we are as gods, and

never suspect these glorious attributions may be no more than flattery.—*Dr. H. More, Decay of Christian Piety.*

Honour considered, according to the acknowledgement or attribution of it in the persons honouring.—*Bishop Wilkins, Principles and Duties of Natural Religion*, li. 6.

The attribution of prophetic language to birds was common among the orientals.—*T. Warton, History of English Poetry*, i. disc. 1.

The attribution of every false utility to logic has arisen from the erroneous opinions held in regard to the object of the science.—*Sir W. Hamilton, Logic*, i. 34.

Of contradictory attributions we can only affirm one of a thing; and if one be explicitly affirmed, the other is implicitly denied. A either is or is not. A either is or is not B.—*Ibid.* i. 34.

Among the deaths in our obituary for this month, I observe with concern, 'At his cottage on the Bath Road, Captain Jackson.' The name and attribution are common enough; but a feeling like reproach persuades me, that this could have been no other than my dear old friend, who some five-and-twenty years ago rented a tenement, which he was pleased to identify with the appellation here used, about a mile from Westbury Green.—*Lamb, Last Essays of Elia, Captain Jackson.*

Attributive. *adj.* Chiefly in *Logic*. Of the nature of an attribute.

When a term applied to some object is such as to imply in its signification some 'attributo' belonging to that object, such a term is called by some of the early logical writers 'comulative'; but would perhaps be more conveniently called 'attributive.' It 'comnotes,' i.e., 'notes along with' the object (or implied) something considered as inherent therein; as 'The capital of France'; 'The founder of Rome'; 'The founder of Rome,' is, by that appellation, 'attributed' to the person to whom it is applied.—*Whately, Logic*, b. ii. ch. v. § 1.

Archbishop Whately, who in the more recent editions of his 'Elements of Logic' has aided in reviving the important distinction treated in the text, proposes the term 'Attributive' as a substitute for 'Comulative.' The expression is, in itself, appropriate; but, as it has not the advantage of being connected with any verb, of so markedly distinctive a character as 'to comnote,' it is not, I think, fitted to supply the place of the word comulative in scientific use.—*Mills, System of Logic*, li. i. ch. iii. § 6, note.

Attributive. *s.* Chiefly in *Grammar*. Term applied to words denoting an attribute; especially adjectives.

In abstract nouns [such as whiteness from white, goodness from good], as also in the infinitive modes of verbs, the attributive is converted into a substantive.—*Harris, Three Treatises*, i. 1.

The attributive infinitive treated, that is to say, verbs, participles, and adjectives, may be called *attributives* of the first order.—*Ibid.*

Attrite. *adj.* [Lat. *attritus*, part. from *at-tero*—wear down.]

1. Ground; worn by rubbing. *Rare.*

Or by collision of two bodies grind
The air attrite to fire.—*Milton, Paradise Lost*, x. 1073.

2. Worn in spirit; penitent. See under *Attrition*, 2.

By virtue of the keys, the sinner is instantly of *attrite* made contrite, and thereupon as soon as he hath made his confession, he presently receiveth his absolution; after which some sorry penance is imposed, &c.—*Archbishop Usher, Religion of the ancient Irish and Scots*, li. v.

Suppose a man to have lived in a course of wickedness for fifty or sixty years; and, being now upon his death-bed, to be *attrite* for his sins, that is, heartily to grieve for them, &c.—*Bishop Bull, Works*, i. 18.

Attrition. *s.*

1. Act of wearing things, by rubbing one against another; state of being worn.

This vapour, ascending incessantly out of the alyes, and pervading the strata of gravel, and the rest, decays the houses and vegetables lodged in those strata; this fluid, by its continual attrition, fretting the said bodies.—*Houward.*

The change of the aliment is effected by attrition of the inward stomach, and dissolvent liquor, assisted with heat.—*Arbutnot, On the Nature and Choice of Aliments.*

'Amnia de lite,' opposing wit to wit, wealth to wealth, strength to strength, fortunes to fortunes, friends to friends, as it were, fight we turn our broadsides, or [as] two millstones with continual attrition, we fire ourselves, or break another's backs, and both are ruined and consumed in the end.—*Burton, Anatomy of Melancholy*, p. 432.

Some exclamations shut up in the bowels of the earth, which either by their own nature, or by their violent motion and agitation, or attrition upon rocks, do rather heat, and so impart it to the waters.—*Hoswell, Letters*, li. 6.

2. Grief for sin, arising only from the fear of punishment; lowest degree of repentance.

Vol. I.

Nor is it necessary to this absolution, that they should be contrite, or heartily sorry; for *attrition*, with auricular confession, shall pass in stead of contrition; that is, in effect, if they be but sorry for the penance, though they be not sorry for the sin.—*Wallis, Sermons*, p. 43.

They [Papists] equivocate with us in the term of contrition, and make a distinction thereof into perfect and imperfect. The former of these is contrition properly; the latter they call *attrition*, which however in itself it be not true contrition, yet when the priest, with his power of forgiving sins, interpose himself in the business, they tell us that 'attrition by virtue of the keys is made contrition.'—*Archbishop Usher, Answer to a Jesuit's Challenge*, p. 105.

Where are those pandars of sin, the Romish casuists, that teach the least measure of sorrow, even mere *attrition*, is enough for a penitent!—*Bishop Hall, Remains*, p. 161.

Attune. *v. a.* Put in tune; make tuneful; make musical.

Breathing the snail of field and grove, attune
The trembling leaves.—*Milton, Paradise Lost*, iv. 265.

With to.

This is what Epictetus calls 'to attune or harmonize one's mind to the things which happen.'—*Harriot, Three Treatises*, Axioms, iii.

Attune'd to happy union of soul.

Thoussou, Seasons, Summer.

Attune. *adv.* In twain; assume. *Obsolete.*

Such sailing rogues as these,
Like rats, oft bite the holy cords attune
Which are too intricate to unloose.—*Shakespeare, King Lear*, ii. 2.

Attween. *adv.* or *prep.* Betwixt; between; in the middle of two things. *Obsolete* or *rhetorical.*

Her loose long yellow locks, like golden wire,
Sprinkled with pearl, and perling flowers attween,
Do, like a golden mantle, her attire.—*Spenser, Epithalamium.*

She saw me fight, she heard me call,
When forth there slept a fœman tall,
Orinna.

Attween me and the castle wall. *Tranyson.*

Attwixt. *prep.* In the middle of two things. *Obsolete.*

But with outrageous strokes did him restrain,
And with his body barr'd the way attwixt them twain.

Spenser, Faerie Queene.

Atwó. *adv.* Into two. *Obsolete.*

And eke an axe to smite the cord atwó.

Chaucer, Miller's Tale.

Auburn. *adj.* [?] Brown with a shade of red; of a rich chestnut colour; (generally applied to hair or feathers).

[Auburn. Written also auburn. . . .] Perhaps from the reddish brown colour of a young wild duck. O. Fr. *hul-brun*, *aubrun*; Sp. *halbrete*, *albrun*; *aubrun*, a wild duck in its first year, or when moulting; a teal or pochard, the last of which is conspicuous for a bright chestnut head and neck. Fr. *abreun*, to hunt the young wild duck or the old one when she moults. From *halbrete*, *albrete*; G. *halbrun*, the Phœnix anathemes. (Adelung.) It must be remembered that sporting occupied a much more important place in the thoughts of our ancestors than with ourselves, and they were proportionally better acquainted with the habits of chase. It is certain that the aspect of the bird was sufficiently familiar with the French to give rise to the metaphor *halbrete*, honey-looking, drooping as a youthful duck, or a meek hawk. (Coker.)—*Webster, Dictionary of English Etymology*. See *Brentious*.

Her hair is auburn, mine is perfect yellow.

Shakespeare, Two Gentlemen of Verona, iv. 1.

The first [sign] is to have his hair auburn, a colour between white and red, [or] between white and saffron colour, as he afterwards says, and that passing from age to age, they ever become more golden.—*Trial of John's Wit*, p. 234: 15th.

He's white hair'd.

Not wanton white, but such a manly colour,

Next to an auburn.

Ben Jonson, and Fletcher, Two Noble Kinsmen, iv. 2.

His auburn locks on either shoulder flow'd.

Which to the funeral of his friend he yow'd. Dryden.

Lo, how the arable with barley grain

Stands thick, cerulean'd; these, as modern use

Ornatus, infus'd an auburn drunk compass;

Wholesome, of deathless flame. J. Phillips, Cider

Auction. *s.* [Lat. *actio*, -onis -increase.]

1. Manner of sale in which one person bids

after another, and the article is sold to the

highest bidder.

After reading Lucian's 'Auction of Lives,' with the wit of which I was not a little diverted, in the midst of a train of thought I insensibly fell asleep, when fancy presented to me the following vision. No thought there was a general auction proclaimed.—*Student*, li. 93.

2. Things so sold.

Ask you why Phryne the whole auction buys:
Phryne foresees a general evince. Pope.

Auctioneer. *adj.* Belonging to an auction. And much more honest, to be laid, and stand, With auctioneer hammer in thy hand, Provoking to give more, and knocking thrice For the old household stuff, or picture's price. Dryden, Jernall's Satires.

Auctioneer. *s.* One who manages an auction. There was a general auction proclaimed, a large room chosen, and an aerial auctioneer presented himself to sell furniture for the mind of every sort.—*Student*, li. 93.

You, Sir, may flatter yourself, you shall sit a state auctioneer, with your hammer in your hand, and knock down to each eddy as it bids.—*Darke, On Concubinage with America.*

Audacious. *adj.* [Lat. *audax*.] Bold; impudent; daring.

Swift is thy audacious wickedness,

Thy lewd, pestiferous, and dissensions pranks.

Shakespeare, Henry VI. Part I. iii. 1.

The father-king trod the way to his son to undergo such an audacious journey in the pursuance of his love.—*Bishop Hacket, Life of Archbishop Williams*, p. 114: 124.

They have got nothing, and audacious ale,

And talk likely rants!—

Ben Jonson, and Fletcher, Woman's Prize, li. 5.

She that shall be my wife must be accomplished with courtesy and audacious ornaments.—*J. Johnson, Epitaph.*

Till I love, no longer patient, took his time

To avenge with thunder their audacious crime.

Dryden.

Her sparkling eyes with manly vicious shame;

Big was her voice, audacious was her tone:—

The maid becomes a youth.

Dryden, Iphis and Inulph, from Ovid.

Young students, by a constant habit of dispute,

grow impudent and audacious, proud and disdainful.—*Watts.*

'I would ask a strange question,' he [Latimer]

said, in an audacious sermon at Paul's Cross, 'who

is the most diligent prelate and bishop in all England,'

&c.—*Froide, History of England*, ch. ii.

But the gains were immediate; the day of tribulation

was uncertain; and the individuals of the

public were as greedy and as audacious as ever, when

the vengeance, long threatened and long delayed,

suddenly overtook the proud and most powerful

among them.—*Marsden, History of England*, ch. xxi.

Audaciously. *adv.* Boldly; impudently.

An unwell shall that see;

Yet fear not him, but speak audaciously.

Shakespeare, Lear's Lear's last, v. 2.

After his conscience has worn off these restrictions,

and becomes hardened and steeled with custom

in sinning, [he] may lash on furiously and

audaciously, with an high hand, and bare face,

against the gradings of conscience, the terrors of

God, and the shame of the world; till at last he

ends a wretched course in irrevocable perdition;

unless God in mercy steps in, and by a potent

over-riding hand of conviction rebukes the rage of

his corruption, and says, thus far it shall come, and

no further.—*South, Sermons*, li. 189.

Audaciousness. *s.* Attribute suggested by

Audacious; impudence.

In the slave of Paris, they were grown to that

audaciousness as to persuade the people there, that

the thunders of the pope's excommunications had so

blasted the heretics, that their faces were all green

all black and gray no devils, their eyes and looks

glowed, &c.—*Sir E. Stanley, State of Religion.*

He laid the audaciousness to throw himself at

my feet, talk of the stillness of the evening, and

then ran into dedications of my person.—*Talfer*,
no. 33.

It was impossible for popery at once to arrive at

this height of audaciousness.—*Young, Historical*

Dissertation on idolatrous Corruptions in Religion,
ii. 229.

Audacity. *s.* Spirit; boldness; confidence.

Learn, raw-boned rascals! who would e'er suppose,

They had such courage and audacity!

Shakespeare, Henry VI. Part I. i. 2.

Great efforts come of industry and perseverance:

for audacity hath almost blind and made the weaker

sort of minds.—*Bacon, Natural History.*

For want of that freedom and audacity, necessary

in commerce with men, his personal modesty over-

threw all his public actions.—*Talfer.*

They still stood at bay, in a mood so savage that

the boldest and mightiest oppressor could not

dread the audacity of their despair.—*Marsden, History of England*, ch. iv.

Audible. *adj.* [Lat. *audibilis*, from *audio*—

hear.] Capable of being, or liable to be,

heard.

Ever, who unseen,
Yet all had heard, with audible lament
Discovered soon the place of her retire.
Milton, Paradise Lost, xi. 268.

One leaning over a wall twenty-five fathom deep, and speaking softly, the water returned an audible echo.—*Bacon*.

The ancient kingdom of the Stuarts was reduced, for the first time, to profound submission. Of that independence, so manfully defended against the mightiest and ablest of the Plantagenets, no vestige was left. The English parliament made laws for Scotland. English judges held assizes in Scotland. Even that stubborn church, which has held its own against so many governments, scarce dared to utter an audible murmur.—*Macaulay, History of England*, ch. i.

They poised themselves on their shining purple wings, as they made the first lodgment in the wood, enlivening the work with an undisturbed hum of delight which was audible to a considerable distance. *Sir J. E. Trautvet, Cydonia*, pt. ii. ch. vi.

Audible. s. Anything capable of being, or liable to be, heard; sound. *Rare*.

Visible works upon a looking-glass, and audibles upon the places of echo, which resemble in some sort the cavern of the ear.—*Bacon, Natural History*.

Every sense doth not operate upon fancy with the same force. The concepts of visibles are clearer and stronger than those of audibles.—*Gray*.

The small doth not once dream of audibles; The hearing never knew the verbiage paint Of spring's gay nuptials.

Dr. More, Song of the Soul, Part II. li. 2, 4.

Audibly. adv. In such a manner as to be heard; in an audible manner.

And last, the sum of all, my Father's voice, Audibly heard from heaven, pronounced me his.

Milton, Paradise Regained, i. 284.

Those he meets on the way he blest with audibly, and with those he overtakes or that overtake him he begins good discourses.—*G. Herbert, Country Parson*, ch. xvi.

The last word he spoke was, Amen, to the commendatory prayer, which he repeated twice distinctly and audibly after his usual manner.—*Nelson, Life of Bishop Hall*, p. 474.

Audience. s.

1. Act of hearing, or attending to, anything.

Now I breathe again

Aloft the flood, and can give audience

To any tongue, speak it of what it will.

Shakespeare, King John, iv. 2.

Thus far his bold discourse, without control,

Had audience.

Milton, Paradise Lost, v. 804.

His look

Drew audience, and attention still as night,

Or summer's noon-tide air.

Ibid. li. 308.

2. Liberty, or opportunity, of speaking with, or before, anyone; hearing.

Were it reason to give men audience, pleading for the overthrow of that which their own deed hath ratified?—*Hooker*.

According to the fair play of the world, Let me have audience: I am sent to speak, My holy lord of Milan, from the king.

Shakespeare, King John, v. 2.

He never gave spontaneously, but it was painful to him to refuse. The consequence was that his bounty generally went, not to those who deserved it best, nor even to those whom he liked best, but to the most shameless and importunate suitor who could obtain an audience.—*Macaulay, History of England*, ch. ii.

3. Auditory; persons collected to hear.

Or, if the star of evening, and the moon, Hasten to thy audience, night with her will bring Silence.

Milton, Paradise Lost, vi. 105.

The hall was filled with an audience of the greatest audience for quality and politeness.—*Aldison*.

It proclaims the triumphs of goodness in a proper audience, even before the whole race of mankind.—*Bishop Atterbury*.

The king, he told his audience, had formerly been possessed by a devil, and that devil being put out, seven worse ones had come in its place.—*Buckle, History of Civilization in England*, vol. ii. ch. iii.

4. Reception of one who delivers a solemn message.

In this high temple, on a chair of state,

The seat of audience, old Latinus sat.

Dryden.

Audient. s. Hearer. *Obsolete*.

The audients of her sad story felt great motions

both of pity and admiration for her misfortune.—*Shelton, Translation of Don Quixote*, iv. 2.

Audit. s. Final account.

If they, which are accustomed to weigh all things, shall here sit down to receive our audit, the sum, which truth amounteth to, will appear to be but this.—*Hooker*.

He took my father grossly, full of bread, With all his crimes broad blown and flush as May; And how his audit stands, who knows save heaven?

Shakespeare, Hamlet, iii. 3.

I can make my audit up, that all

From me do back receive the low't of all,

And leave me but the brain.

Shakespeare, Coriolanus, i. 1.

Audit. v. a. Take an account finally.

When we reckon up and audit the expenses of the doctor's knee.—*Bishop Hall, Life of Hammond*.
Montague marked this great office [the auditorship of the exchequer] for his own. He could not, indeed, take it while he continued to be in charge of the public purse. For it would have been indecent, and perhaps illegal, that he should audit his own accounts.—*Macaulay, History of England*, ch. xxiv.

Audit. v. n. Act as auditor.

I love exact dealing, and let Iteous audit; he knows how the money was disbursed.—*Arbutnot*.

Audit-house. s. Place in cathedrals and other public buildings for the audit.

The church of Canterbury (till within this two or three years) had the morning-prayers at seven or eight of the clock in the morning; the sermon at ten in the audit-house; and then the rest of the communion-service, and the communion, in the choir.—*Sir G. W. Heler, Account of the Churches of the primitive Christians*, p. 115.

Auditor. s.

1. Hearer.

Dear cousin, you that were last day so high in the pulpit against lovers, are you now become so mean an auditor?—*Sir P. Sidney*.

What a play to'w'rd? I'll be an auditor;

An actor too, perhaps.

Shakespeare, Midsummer-Night's Dream, iii. 1.

This first doctrine, though admitted by many of his auditors, is expressly against the Epicureans.—*Bentley*.

Indeed he [Bishop Latimer] condescended to people's capacity; and many men unjustly count these low in learning who, indeed, do but stoop to their auditors.—*Pelzer, Holy State*.

Credulous auditors, or age so weak,

Are fittest auditors for such to see.

Corpus, Conversation, 226.

2. In *Ecclesiastical Law*. See extract.

The archbishop's usage was to commit the discussing of causes to persons learned in the law, styled his auditors.—*Aglitz, Parergon Juris Cancell.*

3. Person employed to examine, or audit, a final account.

If you suspect my husbandry, or falsehood, Call me before th' exactest auditors,

And set me on the proof.

Shakespeare, Timon of Athens, ii. 2.

4. In the *State*. King's officer, whose duty it is to make a yearly examination of the accounts of all accountable under-officers.

On the Tuesday the new auditor was sworn in.—*Macaulay, History of England*, ch. xxvii.

Auditorship. s. Office of auditor.

At the accession of George the First [he] was made earl of Halifax, knight of the Garter, and first commissioner of the treasury, with a grant to his nephew of the reversion of the auditorship of the exchequer.—*Johnson, Life of Halifax*.

While his thoughts were thus employed, he learned that the auditorship of the exchequer had suddenly become vacant. The auditorship was held for life. *Macaulay, History of England*, ch. xxiv.

Auditory. adj. Having the power of hearing.

Is not hearing performed by the vibrations of some medium, excited in the auditory nerves by the tremours of the air, and propagated through the capillaments of those nerves?—*Sir I. Newton*.

Auditory. s.

1. Audience; collection of persons assembled to hear.

Demades never troubled his head to bring his auditory to their wits by dry reason.—*Sir E. L. F. F. F.*

Met in the church, I look upon you as an auditory fit to be waited on, as you are by both universities.—*South*.

Several of this auditory were, perhaps, entire strangers to the person whose death we now lament. *Bishop Atterbury*.

His kind and honest heart was overcome by so many tender recollections that, in the midst of his discourse, he paused and burst into tears, while a loud moan of sorrow rose from the whole auditory.—*Macaulay, History of England*, ch. xx.

The same difference of feeling, I think, attends us between entering an empty and a crowded church. In the latter it is a chance but some prevent human frailty—an act of inattention on the part of some of the auditors—or a trait of affectation, or worse, vain-glory on that of the preacher—puts us by our best thoughts, disarranging the plan and the occasion.—*Lamb, Last Essays of Elia, Miscellaneous* in II.—*shire*.

Place where lectures are to be heard.

His petition [to read lectures] was granted with a provision, that he should write one hundred verses on the glory of the university, and not suffer Ovid's Art of Love, and the Elegies of Propertius, to be studied in his auditory.—*T. Warton, History of English Poetry*, ii. 130.

Addressress. s. Woman who hears; female hearer.

Yet went she not, as not with such discourse Delighted, or not capable her ear Of what was high: such pleasure she reserv'd. Adam relating, she sole addressee.

Milton, Paradise Lost, viii. 51.

Aug. s. [See Oaf.] Fool, or silly fellow.

A meer changeling, a very monster, an awful imperfect.—*Barton, Anatomy of Melancholy*, p. 524.

Auger. s. [A.S. *nagfar*.—in this word, as in *Adder*, *Eft*, and some others, the *n*, which really belonged to the root as its initial, has been removed to the article: an *auger* = a *nagfar*.] Carpenter's tool to bore holes with.

Your franchisees, whereon you stood, confin'd Into an *auger's* bore. *Shakespeare, Coriolanus*, iv. 6.

Auger-hole. s. Hole made by boring with an auger; proverbially, narrow space.

What should be spoken here, Where our fate, hid within an *auger-hole*, May rush and seize us? *Shakespeare, Macbeth*, ii. 3.

Aught. pronoun. [A.S. *auht*: see *Whit*.] Anything.

If I can do it, By *auht* that I can speak in his disgrace, She shall not long continue love to him.

Shakespeare, Two Gentlemen of Verona, iii. 2.

They may, for *auht* I know, obtain such substances as may induce the chymists to entertain other thoughts.—*Boyle*.

But go, my son, and see if *auht* be wanting

Among thy father's friends. *Addison, Cato*.

Augment. v. a. [Lat. *augmentum*.] Increase;

make bigger or more.

Some curious weeds her cunning hand did know, That could *augment* his harvest. *Shakespeare, Titus Andronicus*, i. 1.

Rivers have streams added to them in their passage, which enlarge and *augment* them.—*Sir M. Hale, History of the Common Law of England*.

Augment. v. n. Increase; grow bigger.

But as his heat with running did *augment*;

Much more his sight increased his hot desire.

Sir P. Sidney.

The winds redouble, and the rains *augment*;

The waves on heaps are dash'd. *Dryden, Virgil*.

Augment. s.

1. Increase; quantity gained.

You shall find this *augment* of the tree to be without the diminution of one drachm of the earth.—*I Walton, Angler*.

2. In *Grammar*. Prefix used in Greek as a sign of certain past tenses, i.e. the imperfect, the aorists, and the pluperfect.

Among these unexplained forms Professor Muller seems to reckon the Greek *augment*.—*Edinburgh Review*, January 1862, p. 87.

Augmentable. adj. Capable of augmentation.

Our elixirs be *augmentable* infinitely.—*Isidore, Theatrum Chymicum*, p. 182; 1652.

Augmentation. s. Act of increasing; state of increase; addition.

Those who would be zealous against regular troops after a peace, will promote an *augmentation* of those on foot.—*Addison*.

What modification of matter can make one embryo capable of so prodigiously vast *augmentation*, while another is confined to the minuteness of an insect.—*Bentley*.

By being glorified, it does not mean that he doth receive any *augmentation* of glory at our hands; but his name we glorify, when we testify our acknowledgment of his glory.—*Hooker*.

The name 'Organon' was applied to the works of Aristotle which treated of Logic, that is, of the method of establishing and proving knowledge, and of refuting error, by means of Syllogisms. Francis Bacon, holding that this method was insufficient and futile for the *augmentations* of real and useful knowledge, published his 'Novum Organon,' in which he proposed for that purpose methods from which he promised a better success.—*Whewell, Novum Organon renovatum*, preface.

Augmentative. s. In *Grammar*. Opposite to Diminutive.

[The nearest approach to an *augmentative* in the German languages is to be found in certain words in art or ard; as, drunk-ard, stink-ard, lagg-ard, coward, and bragg-ard. In *ois-ard* (wretched) superiority of size is made the distinctive character of the male, as opposed to the female, impostor; and *ex-male*, like *gander*, is a word where the masculine form is fuller than the feminine; the general rule being that words like *doek-ness*, *poor-ness*, &c. are derived from *duke*, *poor*, &c. The *doekers*, however, in *Witcham* were chiefly women.—*Dr. R. U. Latham, English Language*.]

Augmentative. *adj.* Having the quality of augmenting.

Some of them [terminations of verbal nouns] being augmentative, some diminutive. — *Instructions for Oratory*, p. 32.

Augmentatively. *adv.* In a manner which augments.

If a horse be left as a legacy with its furniture, which in truth has no furniture, in this case a legacy of the horse is due, because the furniture (as we say) is not put faintly and by way of limitation, but augmentatively, and by way of accessory. — *Ayliffe, Parergon Juris Canonici*, 330. (Ord MS.)

Augmenter. *s.* One who augments.

The Egyptians, who were the world's seminaries for arts, ascribe all to learning, as to its patroness and augmentor. — *Waterhouse, Apology for Learning*, p. 177: 1655.

Perhaps I may at last have reason to say, after one of the augmenters of Furdler, that my book is more learned than its author. — *Johnson, Plan of an English Dictionary*.

Augur. *s.* [Lat., from *avis* = bird.] One who pretends to predict by omens: (especially by the flight, feeding, &c., of birds).

Caelus, the sacred seer, who had in view things present and the past, and things to come foreknown: — *Dryden, Fables*.

As I and mine consult thy augur,
Grant the glad omen; let thy fav'rite rise
Propitious, ever smiling from the right. — *Prior*.

Augur. *v. n.* Be a sign.

It augurs ill [i. e. is a bad sign] for an undertaker like the present to find such dissension at local quarters, and such confusion among the minor actors, as have here been exhibited. — *Belsham, History of England*.

Augur. *v. a.* Foretell.

I did augur all this to him before-hand. — *B. Jonson, Poetaster*.

Augural. *adj.* Pertaining to augury.

In the building of cities, the founders thereof did usually consult with their god in the augural observations. — *Grotius, English Exposition of the Roman Antiquities*, s. b. l. (Ord MS.)

All the language of the birds,
Will thou hear by me safe mastered —
Both the sweet prophetic warble
And their harsher augural rattle.

D. F. MacCorky, from Calderon's

The augural staff of Romulus was said to have been preserved unhurt during the Gallic conurbation. — *Sir G. C. Lewis, Enquiry into the Credibility of the early Roman History*.

Augurate. *v. n.* Judge by augury. *Rare.*

I have just now from Bath got sight of the remarks. I augured truly the improvement they would receive this way. — *Bishop Warburton, To Horne*, lett. 102.

Auguration. *s.* Practice of augury, or of foretelling by events and prodigies. *Rare.*

Claudius Ptolemy underwent the like success, when he continued the tripudial augurations. — *Sir T. Brown, Vulgar Errors*.

Augurer. *s.* Same with Augur. *Rare.*

These apparent prodigies,
And the persuasion of his augurers,
May hold him from the capital to-day.

Shakespeare, Julius Caesar, act. 1.

What say the augurers? —

They would not have you to stir forth to-day;
Fucking the retrails of an offering forth,
They would not find a heart within the breast.

Ibid., act. 2.

Augural. *adj.* Relating to augury.

On this foundation were built the conclusions of soothsayers in their augural and tripudial divinations. — *Sir T. Brown, Vulgar Errors*.

Auguring. *part. adj.* Employed on conjectures, surmises, or the real or imaginary interpretation of signs.

The people love me, and the sea is mine,
My power's a present, and my auguring hope
Says it will come to the full.

Shakespeare, Antony and Cleopatra, act. 1.

My auguring mind assures the same success.

Dryden.

Augurize. *v. n.* Assume the business of an augur.

As to the original tradition of the art of auguring, he thinks the story of Tages so ridiculous, as it deserves not a refutation. — *Christian Religion's Appeal to the Bar of Reason*, p. 27. (Ord MS.)

Augurous. *adj.* Prescient; foreboding. *Rare.*

So fear'd
The fair-maid horses, that they flew back, and
their chariots turn'd,
Presencing in their augurous howls the labours that
they mourn'd. — *Chapman, Homer's Iliad*.

Augury. *s.*

1. Act of prognosticating by omens or prodigies.

Thy face and thy behaviour,
Which, if my augury deceive me not,
Witness good breeding.

Shakespeare, Two Gentlemen of Verona, iv. 1.

The winds are chang'd, your friends from danger free,

Or I renounce my skill in augury.

Dryden, Virgil's Æneid.

She knew by augury divine,

Venus would fail in the design. — *Swift*.

2. Omen or prediction.

What if this death, which is for him design'd,
Had been your doom (far be that augury)?

And you, not Aurengzebe, condemn'd to die?

Dryden.

The power's we both invade,
To you, and yours, and mine, propitious be,
And firm our purpose with an augury.

Id.

August. *s.* [Lat. *Augustus*, the emperor from whom the month originally called *Sextilis*, i. e. the sixth from March with which the Roman year began, was named.] Name of the eighth month from January inclusive.

La Saunpe died on the 17th August, 1557, and was succeeded by John Paribot de la Valette, who, during the last year of his predecessor's rule, had filled the post of lieutenant of the grand-master, holding at the same time the office of prior of St. Gilles. — *Porter, History of the Knights of Malta*, vol. ii. ch. xvi.

August. *adj.* [Lat. *augustus*.] Invested with grandeur and dignity; solemn.

There is nothing so contemptible but antiquity can render it august and excellent. — *Chauville, Savana Scientifica*.

The Trojan chief appear'd in open sight,
August in visage, and serenely bright;

His nod his goddess, with her hands divine,
Had form'd his curling locks, and made his temples shine.

Dryden.

It seemed impossible that a day should ever come
when the ties which bound her to the children of
her august martyr would be sundered, and when
the loyalty in which she gloried would cease to be
a pleasant and profitable duty. — *Murray, History of England*, ch. iv.

And Freedom rear'd in that august sunrise
Her beautiful hold brow,
When rites and forms before his burning eyes
Melted like snow. — *Traynor, The Poet*.

Augustan. *adj.* Like that which appertained to Augustus: (especially applied to an age in which literature was encouraged).

The skill with which this is narrated takes us back to the times of the authors that we have known from the first glimmer of our literary aspirations; to Virgil, to Horace, to Tibullus, to Silius and Juvenal, to all the poets and producers of the *Augustan* era.

It shows that the writer was no mere pedant; and that his learning was warmed with the genuine feeling of antiquity. We read and attach ourselves to the picture. — *Blackwell, Introduction to the Classics*.

Augustean. *adj.* Same as Augustan.

I question whether, in Charles the Second's reign, English did not come to its full perfection; and whether it has not had its *Augustan* age, as well as the Latin. — *Preface to Walford*, (Ord MS.)

Augustness. *s.* Attribute suggested by August; elevation of look; dignity; loftiness of mien or aspect.

He was charmed at the augustness of such an amily. — *Lord Shaftesbury, in Walpole's Royal and Noble Authors*.

Auk. *s.* Sea-bird of the genus *Alca*.

The great auk is a bird observed by seamen never to wander beyond soundings. — *Pennant, Zoology*.

Aulárian. *s.* [Lat. *aula* = hall.] Member of a hall: (so called, at Oxford, by way of distinction from the *collegians*, or members of colleges).

Dr. Adams [Principal of Magdalen Hall] made a little speech, and entertained the vice-chancellor and aulárians with a glass of wine. — *Life of A. Wood*, p. 383.

Enamelled. *adj.* Enamelled. *Obsolete.*

All hard with golden bends, which were retail'd
With curious anticks, and full fair enamell'd.

Spenser, Faerie Queen, ii. 3, 27.

Aumby. *s.* See extract.

[When *aumby* is used with reference to the distribution of alms, doubtless, two distinct words are confounded, *aumby* and *aumory*, or *aumby*, from Fr. *armoire*, Lat. *armaria*; *aumaria* a cupboard — as an *aumby*, or receptacle for broken victuals,

would occupy an important place in the office where the daily dole of charity was dispensed, the association seems to have led to the use of *aumby* or *aumby*, as if it were a contraction for *aumory*, from which, as far as the sound is concerned, it might very well have arisen. And, *vice versa*, *aumory* was sometimes used in the sense of *armarium*, *armarium*, a cupboard. — *Wegwood, Dictionary of English Etymology*.]

Aunt. *s.* [Lat. *amita*.] Father's or mother's sister: (correlative to *nephew* or *niece*).

Who meets us here? my niece Plantagenet,
Led in the hand of her kind aunt of Gloster.

Shakespeare, Richard III., iv. 1.

She went to plain work, and to purling brooks,
Old fashion'd habits, dull aunts, and croaking monks.

Pop.

Aureat. *adj.* [Lat. *aurum* = gold.] Golden; figuratively, excellent. *Obsolete.*

My words might be unkind and playne,
Of aureat poems they want clamyng.

Shelton, Poems, p. 281.

Aurêla. *s.* [Lat.] In Entomology. Pupa or chrysalis.

The solitary maggot, found in the dry heads of tassel, is sometimes changed into the *aurêla* of a butterfly, sometimes into a fly-cane. — *Ray, Wisdom of God apparent in the Works of the Creation*.

Aurêla. *s.* [Lat.] See extract.

[*Aurêla*, though adopted at an early day into the language, and a word familiar to our old divines, is not in any of our dictionaries. Let us, however, suppose it there, and it is evident that the following citation from "me should accompany it: "Because in their translation, in the Vulgate edition of the Roman Church, they [the Roman Catholics] find in Exodus xix. 24, that word *Aurêla*, "Facies coronam auream." Then shall make a lesser crown of gold, — out of this diminutive and mistaken word they have established a doctrine that, besides those coronae aureae, those coronae of gold, which are communicated to all the saints from the crown of Christ, some saints have made to themselves and produced out of their own extraordinary merits certain *aurêla*, certain lesser crowns of their own. . . . And the *aurêla* they ascribe only to three sorts of persons, to virgins, to martyrs, to doctors." Let me here observe, as a curious phenomenon of French scholarship, and an evidence that such a quotation as this would not be superfluous, that DuRoi, in his really valuable book, "Géographie Chrétienne," p. 100, makes *aurêla* a diminutive of "aura," a breath, thus *aurêla* being so called, as he informs us, from its airy way character; not to say that he is otherwise curiously astray in what the *aurêla* in christian art is, and what are its relations to the "nimbus." — *Dumas, Scènes, 73; and Truch, On some Deficiencies in English Dictionaries*.]

Auricle. *s.* [Lat. *auricula* = little ear.] In Anatomy. Two appendages of the heart,

covering its two ventricles: (so called from the resemblance they bear to the external ear).

Blood should be ready to join with the chyle before it reaches the right *auricle* of the heart. — *Ray, Wisdom of God, manifested in the Works of the Creation*.

Auricula. *s.* [Lat.] Well-known flower (Primula Auricula).

Auricula, enriched with shining mail
Over all their velvet coats.

Thomson, Seasons, Spring.

Auricular. *adj.* Within the sense, or reach, of hearing: bold in the ear (as by *auricular* confession); obtained by hearsay.

You shall hear us rather, and by an *auricular* assurance have your satisfaction. — *Shakespeare, King Lear*, i. 2.

By hearing is meant in this place not *auricular* hearing, but practical: that is, obedience to God's commandment. — *Alde, Entrance of God's House*, p. 51.

One eye-witness is of more validity than ten *auricular*. — *Harell, Instructions for Foreign Travel*, p. 11.

Requiring such as shall be satisfied with a general confession, not to be afflicted with them that do use, to their further satisfying, the *auricular* and secret confession to the priest. — *Communion Service in King Edward VI.'s Time*.

In the following passage it may mean either *traditional* or *secret*:

The alchymists call in many varieties out of astrology, *auricular* traditions, and feigned testimonies. — *Bacon*.

Auricularly. *adv.* In a secret manner.

These will soon confess, and that not *auricularly*, but in a loud and audible voice. — *Dr. H. More, 100 years of Christian Piety*.

Auriferous. *adj.* [Lat. *aurum* = gold, *fero* = bear.] Gold-bearing; producing gold.

155

Rocks rich in gems, and mountains high with mines,
Whence many a bursting stream auriferous plays.
Thomson.

Aurist. s. [Lat. *auris* = ear.] One who professes to cure disorders of the ear.

Thus, in England, the medical profession is divided into physicians, surgeons, apothecaries, accoucheurs, oculists, aurists, dentists: the legal profession is divided into barristers practising in the common law courts, those practising in the courts of equity, conveyancers, special pleaders, attorneys and solicitors. — *Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. v.

Aurora (borealis). [Lat. *Aurora* = goddess of the morning, *borealis* = northern.] Northern light: (meteoric phenomenon having some resemblance to the dawn).

A great number of physicians have supposed that a certain connexion exists between the great apparitions of celestial meteors and the *aurora borealis*: but the concurrence of the two phenomena has rarely been observed under such decided circumstances as to justify us in admitting it as a demonstrable fact. — *A. Vago, Popular Astronomy*, ii. 311.

Auscultation. s. [Lat. *auscultatio*, -onis.] 1. In general. Harkening or listening to. *Rare*.

You shall hear what deserves attentive auscultation. — *Hicks, Translation of Lucian*.

2. In *Medicine*. Detection of the condition of certain internal organs by means of listening to the sounds given out during their action, especially those of the lungs and heart.

Auscultation is of two kinds, mediate and immediate; mediate when we use the stethoscope, immediate when we apply the ear at once to the chest. — *Dr. Marshall Hall, On Diagnosis*.

Auspex. s. [Lat.] Diviner by birds; diviner in general.

It makes the *auspex* watch the birds in their several postures. — *Cateswell, Light of Nature*, 110. (Orl MS.)

Auspicate. v. a. *Rare*.

1. Foreshow; be a favourable anticipatory sign of anything.

Long may'st thou live, and see me thus appear,
As omens a comet from my sphere
Unto thy reign, as that did *auspicate*
So inspire glory to Augustus' state.
— *B. Jonson, Part of King James's Entertainment*.

2. Begin a business; initiate, or inaugurate, anything.

The day of the week which King James observed to *auspicate* his great affairs. — *Bishop Hacket, Life of Archbishop Wren*, p. 173; 1865.

One of the very first acts, by which it [the government] *auspicated* its entrance into full on. — *Barker, Thoughts on a Republic: Part*.

My first introduction to E., which afterwards ripened into an acquaintance a little on this side of intimacy, was over a counter in the Leamington Spa Library, then newly entered upon by a branch of his family. E., when nothing misbecame — to *auspicate*, I suppose, the filial concern, and set it agoing with a lustre. — *C. Lamb, Last Essays of Elia, Elia's Miscellany*.

Auspice. s.

1. Omen drawn from birds.

The neglecting any of their *auspices*, or the chirping of their chickens, was esteemed a sacrilegious crime which required more expiation than murder. — *Bishop Story, On the Priesthood*, ch. v.

2. Protection; favour shown.

Great father Mars, and greater Jove,
By whose high *auspice* Rome hath stood
So long. — *B. Jonson*.

3. Influence; good derived to others from the piety of their patron.

It [the animal] was so great,
Yet by the *auspice* of Elizabeth.
— *B. Jonson, Marques at Court*.

But so may he live long, that town to sway,
Which by his *auspice* they will nodder make,
As he will hatch their ashes by his stay. — *Dryden*.

Auspicious. adj. Having omens of success; propitious; lucky.

You are now, with happy and *auspicious* beginnings, forming a model of a christian charity. — *Bishop Hurd*.

a. Applied to persons.

Auspicious chief! thy race in times to come,
Shall spread the conquests of imperial Rome.

Fortune play upon thy prosperous helm,
As thy *auspicious* mistress! — *Dryden*.
Shakespeare, All's well that ends well, iii. 2.

b. Applied to things.

I'll deliver all;
And promise you calm seas, *auspicious* gales,
And sail, so expeditions, that shall catch
Your royal feet far off. — *Shakespeare, Tempest*, v. 1.
A pure, an active, an *auspicious* flame,
And bright as heav'n from whence the blessing came.
— *Lord Roscommon*.

Two battles your *auspicious* cause has won;
Thy sword can perfect what it has begun. — *Dryden*.
Events naturally seemed to him *auspicious*, not in proportion as they increased the prosperity and glory of the nation, but in proportion as they tended to hasten the hour of his own return. — *Macaulay, History of England*, ch. vii.

Auspiciously. ad. In an auspicious manner; happily; prosperously; with prosperous omens.

I looked for ruin; and increase of honour
Meets me *auspiciously*. — *Shadleton, Witch*, iv. 1.

Austere. adj. [Lat. *austerus* = harsh.]

1. Severe; harsh; rigid.

When men represent the Divine nature as an *austere* and rigorous master, always lifting up his hand to take vengeance; such conceptions must unavoidably raise terror. — *Rogers*.

Austere Saturnus, say
From whence this wrath? or who controuls thy sway? — *Pope*.

He had, at an age when the passions are most impetuous, and when levity is most pardonable, spent some months in Scotland, a king in name, but in fact a slave prisoner in the hands of *austere* Puritans. — *Macaulay, History of England*, ch. vi.

2. Sour of taste; harsh.

Th' *austere* and pond'rous juices they subline,
Make them ascend the porous soil, and climb
The orange-tree, the citron, and the lime.
— *Sir R. Blackmore*.

Austere wines, diluted with water, cool more than water alone, and at the same time do not relax. — *Arbutnot, On the Nature and Choice of Aliments*.

Austere, ad. In an austere manner; severely; rigidly.

Hypocrites *austere*ly talk
Of purity, and place, and innocence.

I am not so *austere*ly scrupulous as to deny the lawfulness of these abundant provisions, upon just occasions. — *Bishop Hall, Occasional Meditations*, lxxi.

Austere, s. Attribute suggested by *Austere*.

My unsocial name, th' *austere*ness of my life,
May vouch against you.
— *Shakespeare, Measure for Measure*, ii. 4.

If an indifferent and unworldly object could draw this *austere*ness into a smile, he hardly could resist the proper motives thereof. — *Sir T. Browne, Vulgar Errors*.

Austerity. s. Severity; mortified life; strictness; harshness.

Now, Marcus Cato, our new consul's spy,
What is your sour *austerity* sent to explore? — *R. Jonson*.

What was that snaky-headed Gorgon shield
That wise Minerva wore, unconquer'd virgin,
Wherewith she freed her loins from congaud stone,
That rigid locks of clime *austerity*.
And noble grace, that dash'd brute violence
With sudden adoration and blank awe? — *Milton, Comus*, 450.

This prince kept the government, and yet lived in this convent with all the rigour and *austerity* of a capuchin. — *Adrian*.

But Advent was drawing on. Celestine would not pass that holy season in pomp and secular business. He had contrived a cell within the royal palace, from whence he could not see the sky. He had determined to seclude himself in all his wonted solitude and unworldly *austerity*, like a hermit, says the Cardinal-Pope, which hides its head from the fowler, and thinks that it is unseen. — *Milman, History of Latin Christianity*, b. xi. ch. vi.

Mary, too, who had been disgusted by the hypocrisy and *austerity* of the Pharisees of the Commonwealth began to be still more disgusted by the open profligacy of the court and of the cavaliers. — *Macaulay, History of England*, ch. vi.

Austral. adj. [Lat. *auster* = south wind.] Southern.

Like bulls, before the miking Mars is past,
Advance before their time to some mild *austral* blast.
— *R. Greene, Poems*.

Australize. v. n. Tend towards the south.

Steel and good iron discover a verticity, or polar faculty; whereby they do septentrinate at one extreme, and *australize* at another. — *Sir T. Browne, Vulgar Errors*.

Autarchy. s. [accnt doubtful; meaning doubtful also. — In the previous editions the meaning given to the word is *self-sufficiency*. On the other hand, the spelling is with *th* = the Greek χ . But the Greek for suffice, or be sufficient, is $\alpha\upsilon\tau\alpha\rho\iota\alpha$; with α rather than χ . Meanwhile $\alpha\upsilon\tau\omega$ (with the γ) = rule or govern. What is meant? This can only be learned by inference; unless, indeed, there are means of knowing historically what the author actually intended. Johnson's interpretation is evidently that which he considers the author himself supplies. If so, the spelling is wrong. But the conjunction which the author uses is *and*, not *or*. Hence we infer that he meant something different from self-sufficiency, i. e. *self-government*. If so, he has escaped a tautology, and the spelling is right. What was really meant is a matter for the reader to determine for himself. The editor thinks that he *does* use a tautology, and that he spells his word *autarchy* inaccurately. To a writer who thought like a Greek scholar and meant to say self-government, the word *autonomy* would probably have presented itself.] *Rare*.

It may as well boast an *autarchie* and self-sufficiency. — *Valentine, Four Sermons*, p. 10; 1635.

Authentic. adj. [Gr. $\alpha\upsilon\theta\epsilon\iota\tau\iota\kappa\acute{o}\varsigma$ = real, genuine.] Genuine; not fictitious.
Thou art wont his great *authentick* will
Interpret through highest heav'n to bring.
— *Milton, Paradise Lost*, iii. 656.
She joy'd th' *authentick* news to hear,
Of what she guess'd before, with jealous fear.
— *Cowley*.
But censure's to be understood
The *authentick* mark of the elect,
The publick stamp heav'n sets on all that's great and good.
— *Swift*.
You are a gentleman of excellent breeding, admirable discourse, of great admittance, *authentick* in your place and person. — *Shakespeare, Merry Wives of Windsor*, ii. 2.
These are the most *authentick* rebels, next Tyburn, I ever heard of.
— *Beaumont and Fletcher, Woman's Prize*, i. 3.
Some of the *authentick* analysts report, that the old glands (now the French) and the Britons understood one another. — *Howell, Letters*, ii. 35.
Don Faer! why let's the most *authentick* dealer
In these commodities; the superintendent
To all the quainter traffickers in town.
— *B. Jonson, Alchemist*.
Herodotus, much more *authentick*, fathers the chief upon Cleopas. — *Blount, Voyage to the Levant*, p. 83.
Origen, a most *authentick* author in this point. — *Brevint, Saul and Samuel at Endor*, p. 77.
The *authentick* history, with which I now present the public, is an instance of the great goal that book is likely to do, and of the prevalence of example which I have just observed. — *Fielding, Adventures of Joseph Andrews*.

Approved by authority; having the sanction of authority.

The Roman was the only *authentick* language for judicial matters in Germany, till the reign of Rudolph the First, about the year 1274; in England, till Edward the Third, in France, till Francis the First. — *Snyder, Discourses on Government*, sect. vii. (Orl MS.)

Authentic. adj. Same as *Authentic*.

Rare.

Of statutes made before time of memory, we have no *authentick* records, but only transcripts. — *Sir M. Hale*.

Any other nutriment, that by the judgement of the most *authentick* physicians where I travel, shall be thought dangerous. — *B. Jonson, Every Man out of his Humour*.

Authentically. ad. After an authentic manner.

This point is dubious, and not yet *authentically* decided. — *Sir T. Browne, Vulgar Errors*.

Conscience never commands or forbids anything *authentically*, but there is some law of God which commands or forbids it first. — *South*.

Authenticness. s. Attribute suggested by *Authentic*. *Rare*.

They did not at all rely upon the *authenticness* thereof. — *Harrow, Works*, i. 357.

The instrument of Dr. Parker's consecration; with some attentions of the *authenticness* of it. — *Bishop Burnet, History of the Reformation*, ii. Records, p. 383.

Nothing can be more pleasant than to see virtuous about a cabinet of models, descending upon the

AUTH

value, rarity, and *authenticity* of the several pieces. — Addison, *Dialogue on the Usefulness of antient Medals*.

Authentic. v. a. Make authentic.

Bishop Kennet's 'Parochial Antiquities,' however elaborate or exact, replete with research, and *authenticated* by curious evidences, are restricted to a few places and a short period. — T. Warton, *History of the Parish of Kiddingington*, preface, p. vi.

We are surprised to find verses of so modern a cast as the following at such an early period, which in this *authentic* age we should judge to be a forgery, was not their genuineness *authenticated*, and their antiquity confirmed, by the venerable types of Caxton, &c. — T. Warton, *History of English Poetry*, ii. 50.

Wanting the requisite knowledge himself, he is willing to pay a certain sum for *authenticating* the quality of the article which he buys. — Sir G. C. Lewis, *On the Influence of Authority in Matters of Opinion*, ch. v.

Authentication. s. Act by which a thing is authenticated; value arising out of authenticity confirmed.

Academies, and bodies of a similar kind, are thus enabled to confer on works an *authentication*. — Sir G. C. Lewis, *On the Influence of Authority in Matters of Opinion*, ch. v.

Authenticity. s. Authority; genuineness; quality of being authentic.

There is a simplicity which is almost incredible; but yet it never shocks us. We compare the narrative with the account of the times when it was composed; and are left satisfied with the *authenticity* of its leading anecdotes. — Mitman, *History of Latin Christianity*, i. 3.

Authenticity. adv. After an authentic manner. Rare.

The doctrine and discipline of our church are *authentically* contained in the fore-said books, canons, and constitutions. — Bishop Barlow, *Remains*, p. 63.

Authenticness. s. Same with Authenticity. Rare.

Could any the least suspicion have been raised among them concerning the *authenticness* of the fundamental records of the Jewish commonwealth? — Bishop Stillingfleet, *Origines Sacre*, ii. 1.

They would receive no books as the writings of inspired men, but such of whose *authenticness* they had rational grounds. — Bishop Norton, *Episcopacy asserted*, p. xxvi.

Author. s. [Lat. auctor.]

1. First beginner or mover of anything; he to whom anything owes its origin; efficient, or producing, agent.

That law, the *author* and observer whereof is one only God, to be blessed for ever. — Hooker.

The *author* of that which causeth another thing to be, is *author* of that thing also which thereby is caused. — Hooker.

I'll never
Be such a gauding to obey instinct; but stand
As if a man were *author* of himself,
And knew no other kin.

Shakespeare, *Coriolanus*, v. 3.

That which is the strength of their unity, shall prove the immediate *author* of their variance. — Shakespeare, *Antony and Cleopatra*, ii. 6.

Thou art my father, thou my *author*, thou
My being gav'st me; whom should I obey
but thee?

But Faustus came from Pious, Pious drew
His birth from Saturn, if records be true.
Thus king Latins, in the third degree,
Had Saturn *author* of his family.

From his loins
New *authors* of discretion spring; from him
Two branches that in hosting long contend
For sovereign sway.

2. First writer of anything; (distinct from the translator or compiler).

To stand upon every point in particulars, belongeth to the first *author* of the story. — 2 Maccabees, ii. 30.

An *author* has the choice of his own thoughts and words, which a translator has not. — Dryden.

3. Writer in general.

Yet their own *authors* faithfully affirm,
That the land Salike lies in Germany.

Shakespeare, *Henry V.* i. 2.

Author. v. a. Occasion; effect. Rare.

Oh, execrable slaughter,
What hand hath *author'd* it?

Beaumont and Fletcher, *Bloody Brother*.
Do you two think much,
That he thus wisely, and with need, consents
To what I *author* for your country's good? *Ibid.*

Authoress. s.

1. Female author; (in the sense of cause).

O Amarilla, *authoress* of my flame!
Sir E. Fanshawe, *Pastor Fido*, p. 14.
Albeit his [Adam's] loss, without God's mercy, was

AUTH

absolutely irrecoverable; yet we never and he twitted her as *authoress* of his fall. — Follham, *Sermon on St. Luke*, xiv. 20.

2. Female writer.

This woman was *authoress* of scandalous books. — Bishop Warburton, *Notes on Pope's Iliad*.

The *authoress* wrote off the direct descriptions of her daughter's worldly behaviour to the *authoress* of the 'Washerwoman of Fenchurch Common' at the Cape; and her house in Brighton being about this time unoccupied, returned to that watering-place, her absence being not very much deplored by her children. — Thackeray, *Vanity Fair*.

Authoritative. adj. Having real or apparent authority.

As the original word for Almighty is not put only for the Lord of Hosts, but often also for the Lord Shaddai; so we must not restrain the signification to the power *authoritative*, but extend it also to that power which is properly operative and executive. — Bishop Pearson, *Explication of the Creed*, art. 1.

The *authoritative* manner of the our, and the insipid mind of the other. — Swift, *Examiner*.

It is of perilous consequence, that foreigners should have *authoritative* influence upon the subjects of any prince. — Barrow, *On the Pope's Supremacy*.

Tempering the rigour of an *authoritative* character with the affability of a companion. — T. Warton, *Life of Rutherford*, p. 84.

The consent of the nation was avowed, even on the *authoritative* language of a statute, as essential to the legitimacy of a sovereign's title; and Sir Thomas More, on examination by the Solicitor-General, declared as his opinion that Parliament had power to depose kings if so pleased. — Froude, *History of England*, ch. ii.

Anselm was compelled to publish an *authoritative* edition of his 'Monologium,' because so many copies of it were already in circulation, from notes of lectures or imperfect transcripts. — G. H. Pearson, *The early and middle Ages of England*, ch. xxxv.

The condition and growth of Attic comedy before this period seems to have been unknown even to Aristotle, who intimates that the archon did not begin to grant a chorus for comedy, or to number it among the *authoritative* solemnities of the festival, until long after the practice had been established for tragedy. — Grote, *History of Greece*, pt. ii. ch. lxvii.

Authoritatively. adv. In an authoritative manner; with either the show or the reality of authority.

The authority of the church stands thus: to determine controversies of faith only ministerially, as the ordinary dispensers of the Word, as servants of Christ, and ministers of the Gospel; not absolutely and *authoritatively*, as lords of our faith and infallible interpreters of scripture. — Leslie, *Of Private Judgment*, &c. p. 20.

It is a matter of prudence, that our essays of this kind be rather perfective than destructive: that is, that we do not take upon us *authoritatively* to quash and controul other discourse. — Goodman, *Winter Evening Conference*, pt. 1.

He resumes the chair, and thus *authoritatively* dictates to us. — Boyle, *Against Bentley*, p. 74.

No law foreign binds in England, till it be received, and *authoritatively* engrafted, into the law of England. — Sir M. Hale.

No man can forgive them [sins] absolutely, *authoritatively*, by primer and original power. — Bishop Mountain, *Appeal to Caesar*, p. 317.

This church doth *authoritatively* teach; secondly, judge; thirdly, command; fourthly, punish those who disobey. — Bishop Barlow, *Remains*, p. 598.

The indiscriminate collation of degrees has justly taken away that respect which they originally claimed as stamps by which the literary value of men so distinguished was *authoritatively* denoted. — Johnson, *Journey to the Western Islands of Scotland*.

Persons who have formed habits of independent thought and examination likewise generally subject themselves to the same reproach—inasmuch as they often attach an undue weight to a claim of reasoning which they have gone through in their own minds, as compared with the opinions of persons who appear to be entitled by their experience to pronounce *authoritatively* on the subject. — Sir G. C. Lewis, *On the Influence of Authority in Matters of Opinion*, ch. v.

Authority. s.

1. Legal power, dignity, rule, influence, support, justification, countenance.

Idle old man,
That still would manage those *authorities*
That he hath given away!

Shakespeare, *King Lear*, i. 3.
I know, my lord,
If law, *authority*, and power deny not
It will go hard with poor Antonio.

Ibid., *Merchant of Venice*, iii. 2.
But I suffer not a woman to teach, nor to usurp *authority* over the man, but to be in silence. — 1 Timothy, ii. 12.

Adam's sovereignty, that by virtue of being proprietor of the whole world, he had any *authority*

AUTH {AUTHENTICATE

AUTHORIZE

over men, could not have been inherited by any of his children. — Locke.

It is the hard condition of *authority*, that when the multitude are well, they applaud themselves; when ill, they repine against their government. — Bishop Hall, (Ord 318).

Power arising from strength is always in those that are governed, who are many; but *authority* arising from opinion, is in those that govern, who are few. — Sir W. Temple.

The woods are littered to give rules than cities, where those that call themselves civil and rational go out of their way, by the *authority* of example. — Locke.

Do'st thou expect th' *authority* of their voices,
Whose silent wills condemn thee? — B. Jonson.

2. Persons in authority. (In the extract, the word Authority, used twice, has a different meaning according to the context. It is only the second instance which means person in authority. The first gives us the meaning of 3.)

It is difficult now to give from Roman *authorities* only a complete list of towns: many names which we find in the itineraria, and similar documents, being merely post-stations, or points where subordinate provincial *authorities* were located; but the names of fifty-six towns have been already quoted from Ptolemy, and even tradition may be of some service to us on this subject. — Kemble, *The Saxons in England*, ii. ch. vii.

3. Testimony; credibility; weight of evidence or opinion.

Something I have heard of this, which I would be glad to find by so sweet an *authority* confirmed. — Sir P. Sidney.

We urge *authorities* in things that need not, and introduce the testimony of ancient writers, to confirm things evidently believed. — Sir T. Browne, *Vulgar Errors*.

Having been so hardly as to undertake a charge against the philosophy of the schools, I was liable to have been overborne by a torrent of *authorities*. — Glanville, *Sceptra Scientifica*.

They consider the main consent of all the churches in the whole world, witnessing the sacred *authority* of scriptures, ever since the first publication thereof, even till this present day and hour. — Hooker.

4. One who is referred or appealed to.

Sandoval, whom Philip III. appointed historiographer, and who is the principal *authority* for the reign of Charles V., was at first a Benedictine monk, afterwards became Bishop of Tuy, and later still, was raised to the see of Baneghem. — Burke, *History of Civilization in England*, vol. ii. ch. iii.

What can be more pleasant than the way in which the retired statesman peeps out in his essays, penned by the latter in his delightful retreat at Stene? They scent of Nincomen and the Hagwe. Scarcely an *authority* is quoted under an ambassador. — Lamb, *Last Essays of Elia, The Great Style in Writing*.

Authorization. s. Establishment by authority.

Employ learned and unprejudiced men to prepare things for your deliberation and *authorization*. — Waterhouse, *Apology for Learning*, p. 191: 1653.

The obligation of laws arises not from their matter, but from their admission and reception, and *authorization* in this kingdom. — Sir M. Hale.

It is the bloody *authorization* of the state-maxim amongst the Ottomans for the murder of a king's brothers, sons, and father. — Macaulay, *History of England*, ii.

Authenticate. v. a.

1. Give authority to any person.

Making herself an impudent suitor, *authorizing* herself very much, with making us see, that all favour and power depended upon her. — Sir P. Sidney.

Deaf to complaints they wait upon the ill,
Till some safe crisis *authorize* their skill. — Dryden.

This *authorized*, the mediators speedily concluded a treaty. — Macaulay, *History of England*, ch. xxi.

2. Make anything legal.

Yoursell first made that title which I claim,
First bid me love, and *authorize'd* my flame.

Dryden.

I have nothing farther to desire,

But Sancho's leave to *authorize* our marriage. *Ibid.*

To have countenance in him irregularity and disobedience to that light which he had, would have been, to have *authorized* disorder, confusion, and wickedness in his creatures. — Locke.

3. Establish anything by authority.

Lawful it is to devise any ceremony, and to *authorize* any kind of regimen, no special commandment being thereby violated. — Hooker.

These forms are best which have been longest received, and *authorized* in a nation by custom and use. — Sir W. Temple.

The report of the commission was taken into immediate consideration by the estates. They resolved, without one dissentient voice, that the order signed by William did not *authorize* the slaughter of Glencoe. — Macaulay, *History of England*, ch. xxi.

4. Justify; attach credit, or authority, to anything.

Although their intention be sincere, yet doth it notoriously strengthen vulgar error, and authorize opinions injurious unto truth.—*Sir T. Browne, Vulgar Errors.*

In a person in converse with the multitude, he shall authorize any nonsense, and make incoherent stuff, seasoned with twang and tautology, pass for rhetoric.—*South.*

All virtue lies in a power of denying our own desires, where reason does not authorize them.—*Locke.*

Authorless. *adj.* Without an author or authority. *Rare.*

As I am not ignorant, so ought I to be sensible of the false aspersions some authorless tongues have laid upon me.—*Sir R. Neville, Guardian*, no. 133.

Authorship. *s.* Condition of an author.

The gentleman, whose merit lies toward authorship, are unwilling to make the least abatement on the foot of ceremonial.—*Lord Shaftesbury.*

Autobiographical. *adj.* Pertaining to Autobiography.

M. Amulius Senarius . . . likewise composed an autobiographical work in three books, which Cicero commends, but says that it found no readers, although it was more instructive to a Roman than Xenophon's *Cyropædia*, which was generally read.—*Sir G. C. Lewis, Enquiry into the Credibility of early Roman History*, ch. ii. § 11.

Autobiography. *s.* [Gr. *αὐτός* = self, *βίος* = life, *γραφία* = writing.] Life of a person written by himself.

The vivid style and descriptive power of Geraldus Cambrensis reminds us, in his *autobiography*, of Montaigne; in his geographicals, of Herodotus; and in his narratives, of Livy.—*C. H. Pearson, The early and middle Ages of England*, ch. xxxv.

In the preface of this work he (Telesius) gives a short account of the train of reflection by which he was led to put himself in opposition to the Aristotelian philosophy. This kind of *autobiography* occurs not unfrequently in the writings of theoretical reformers; and shows how lively they felt the novelty of their undertaking.—*Whewell, Philosophy of Language*, ch. xiii.

A correspondence began with the Abbot of St. Gilles. Abbot's history of his calamities, that most unkind and unscrupulous *autobiography*, reawakened the soft but indelibly remembrance of the Abbot of the Paraclete. Those famous letters were written, in which Heloise dwells with such tenderness and passionate truth on her yet unextinguished affection.—*Mitman, History of Latin Christianity*, v. viii. ch. v.

Autocracy. *s.* [Gr. *αὐτοκρατία*; from *αὐτός* = self, *κράτος* = power.] Independent power; supremacy.

It [the Divine Will] moves not by the external impulse or inclination of objects, but determines itself by an absolute autocracy.—*South, Sermons*, viii. 285.

At least from the days of Hildebrand, the mind of Europe had become familiarised with the assertion of those claims, which in their latent significance amounted to an absolute irresponsible autocracy.—*Mitman, History of Latin Christianity*, i. ix. ch. i.

Autocrat. *s.* Absolute ruler.

Our ancestors therefore were not a little surprised to learn that a young barbarian [Peter the Great of Russia], who had, at seventeen years of age, become the autocrat of the immense region stretching from the confines of Sweden to those of China, and whose education had been inferior to that of an English farmer or shopman, had planned gigantic improvements, had learned enough of some languages of Western Europe to enable him to communicate with civilized men, had begun to surround himself with able adventurers from various parts of the world, &c. &c.—*Macaulay, History of England*, ch. xxiii.

Autocratic. *adj.* Belonging to independent power; absolutely supreme.

But money, stock, riches by credit, transferable and convertible as will, are under no such obligations; and, unhappily, it is from the selfish autocratic possession of such property, that our landholders have learnt their present theory of trading with that which was never meant to be an object of commerce.—*Coleridge, Table Talk.*

Frederick must appear before us in the course of our history in the full development of all these shades of character; but besides all this, Frederick's views of the temporal sovereignty were as imperious and autocratic as those of the haughtiest churchman of the spiritual supremacy.—*Mitman, History of Latin Christianity*, b. x. ch. iii.

Autocratical. *adj.* Same as Autocratic.

The Father, Son, and Holy Ghost, in respect of the same divinity, have the same autocratical power, dominion, and authority.—*Bishop Pearson, Exposition of the Creed*, art. vii.

Autogénéal. *adj.* [Gr. *αὐτογενής*; from *αὐτός* = self, *γενέω* = beget, the termination -al being Latin.] Self-begotten. *Rare.*

God often lets things fall out preternatural, that we might admire him supernatural, and leave the events of all things to that Power which is autogénéal and supreme.—*Waterhouse, Apology for Learning*, p. 129; 1053.

Autograph. *s.* [Fr. *autographe*; Gr. *αὐτός* = self, *γραφία* = write.] Particular handwriting of a person; original writing, and not a copy; signature.

Who can demonstrate amongst varieties of text which was the autograph?—*Richworth, Dialogues*, p. 579; Paris, 1610.

The ancient reading of the Greek, sometimes corrupted in the autograph, is to be recovered by help of these transcripts. *Newmond, Works*, vol. iv. *Preface to the Psalms*, 1683.

It is the author's autograph; and the work is dedicated to Humphry, duke of Gloucester.—*T. Warren, History of English Poetry*, ch. 45.

Autograph. *adj.* Written as an original, rather than as a copy or from dictation.

It appears from the autograph letters of the Regent, preserved in the French archives, and which were sent to the various provincial governments, he found it quite impossible to obtain means of paying or maintaining the troops even for the next month, and that, according to these starving necessities, he was obliged, as had formerly been done, to make a reduction to their miserable pay.—*Deacon, Translation of Schlosser's History of the Eighteenth Century*, p. 217.

Autographal. *adj.* Same as Autograph.

Rare.

The autographal subscription of the Convention of 1771 to the same Articles is still extant.—*Benet, Essay on the Thirtieth Article*, p. 378; 1715.

Autography. *s.* [Gr. *αὐτογραφία*; from *αὐτός* = self, *γραφία* = write.] Particular person's own writing; original of a treatise (in opposition to a copy).

Persons unknown, but, in the anonymous autography of their requisition, denouncing themselves the gentlemen of this theatre.—*Dr. Knorr, Narratives*, &c. 1758.

Autology. *s.* [Gr. *αὐτολογία*; *αὐτός* = self, *λόγος* = speech.] Speaking of one's self; knowledge of one's self. *Rare.*

The physician must needs be a learned man, for he knows himself inward and outward, being well versed in autology, in that lesson *Nescitulus*. *Howell*, iii. 8. (Ond MS.)

Automatal. *adj.* The same as Automantic. *Rare.*

The whole universe is as it were the automatal leap of that great and true Apollo.—*Annotations on Glanville's Lax Orundatix*, p. 129; 1682.

Automatic. *adj.* Belonging to an automaton; having the power of moving itself.

The motions of the spermatozoa are, however, only comparable to the automatic movements of the cilia; and the relation they bear to ciliated epithelium cells is rendered abundantly manifest by the revolutions of the microscope to modern observers.—*R. Jones, Onitax*, ii.

Automaton. *s.* pl. *automata*. [Gr. *αὐτόματος*; -that which acts of its own accord.] Really, or apparently, self-moving machine.

For it is greater to understand the art, whereby the Almighty generates the motions of the great automaton, than to have learned the intrigues of policy. *Glanville, Scæpia Scientifica*.

The particular circumstances for which the automata of this kind are most eminent, may be reduced to four.—*Bishop Wilkins.*

Automatous. *adj.* Having in itself the power of motion.

Clocks, or automaton organs, whereby we distinguish of time, have no mention in ancient writers.—*Sir T. Browne, Vulgar Errors.*

Autonomous. *adj.* Under self-government. See Autonomy.

Autonomy. *s.* [Gr. *αὐτονομία*; from *αὐτός* = self, *νόμος* = law.] Right of self-government; retention of national laws or constitution.

There was nothing in the Treaty of Adrianople that really interfered with the autonomy of the Christians, who would have remained autonomous had it not been for the interpretation which the Czar put upon a certain article in it.—*Dr. E. G. Latham, Nationalities of Europe*, vol. i. ch. xxiii.

Autopsy. *s.* [Gr. *αὐτοψία*; from *αὐτός*, self, *ὥς* = vision.]

1. Ocular demonstration; seeing a thing one's self.

In those that have forked tails, autopsy convinces us that it hath this use.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. In Medicine. Post-mortem examination. The autopsy revealed nothing.—*Dr. Latham, Clinical Lectures.*

Autoptical. *adj.* Perceived by one's own eyes. Evincing by autoptical experience.—*Boyle*, b. iii. ch. iii. § 22.

Autoptically. *adv.* By means of one's own eyes.

Were this true, it would autoptically silence that dispute.—*Sir T. Browne.* was the account of Aristotle; but the telescope hath autoptically confuted it; and he who is not Pyrrhonian enough to the disbelief of his senses may see that it is no exhalation.—*Glanville, Scæpia Scientifica.*

Autoschediastical. *adj.* [Gr. *αὐτός* = self, *σχέδιον* = appertaining to that which is *σχίζω* = near, or at hand.] Hasty; slight; extemporary. *Rare.*

You no much over-value my autoschediastical and indigested exhortations of St. Peter's primary over the rest of the apostles, as if I had sent you some rare stuff which you had not (and much better) of your own.—*Dean Martin, Letters*, p. 21.

Autumn. *s.* [Lat. *autumnus*.] Season of the year between summer and winter, beginning astronomically at the equinox and ending at the solstice; crop of the season.

For I will heard her, though she chide us loud As thunder, when the clouds in autumn crack.

Shakespeare, Twelfth of the Street, i. 2. I would not be over-confident, but I have passed a spring or autumn.—*Wiccanus, Surgery.*

The starving bread, Void of sufficient sustenance, will yield A slender autumn.—*J. Philips.* Autumn nodding o'er the yellow plain, Comes jovial on.—*Thomson, Seasons, Autumn.*

Autumnal. *adj.* Belonging to autumn; produced in autumn.

No spring, or summer's beauty, hath such grace, As I have seen in one autumnal face.—*Dennis.* Thou shalt not long Rule in the clouds; like an autumnal star, Or light'ning, thou shalt fall.

Milton, Paradise Regained, v. 609. Bunt now up your autumnal flowers, to prevent sudden frosts, which will prostrate all.—*Erasmus, Kolofon.*

Not the fair fruit that on your branches glows, With that ripe red th' autumnal sun bestows.—*Pope.*

The French general seems to have thought that the bridge and the fort might easily be defended, till the autumnal rains, and the pestilence which ordinarily accompanied them, should compel the enemy to retire.—*Macaulay, History of England*, ch. xvii.

Autumny. *s.* Season of autumn. *Rare.*

Thy furnace recks Not steams of wine, and can aloof describe The drunken draughts of sweet autumny.

Auxesis. *s.* [Gr. *αὐξήσις* = increase.] In Rhetoric. Substitution of a more grave and magnificent word for the ordinary one. *Rare.*

By this figure, *auxesis*, the orator doth make a low dwarf a tall fellow; of a little cottage, a great castle; of pebble stones, pearls; and of 'hills, mighty oaks.—*Leachman, Garden of Eloquence*, § 10, N. 10.

Auxetic. *adj.* Amplifying; increasing. *Rare.*

This auxetic power of the preposition is observable in the Epistle to Philemon, ver. 10.—*Dr. Hatchinson, Sermons at Oxford*, p. 8; 1710.

Auxiliar. *adj.* [Lat. *auxiliarius*; from *auxilium* = help.] Assistant; helping; confederate.

The giant brood, That fought at Thebes and Ilium on each side, Mix'd with auxiliar gods.

Milton, Paradise Lost, i. 679. Behold auxiliar kings their powers combine, And one capitulate, and one resign.

Johnson, Imitation of the Tenth Satire of Juvenal.

Auxiliary. *s.* Helper; assistant; confederate.

In the strength of that power, he might, without the auxiliaries of any further influence, have determined his will to a full choice of God.—*South.* There are, indeed, a sort of underlying auxiliaries to the difficulty of a work, called commentators and critics.—*Pope.*

During several generations our ancestors had achieved nothing considerable by hand against foreign enemies. We had indeed occasionally furnished to our allies small bands of auxiliaries who had well maintained the honour of the nation. But from the day on which the two brave Talbots, father and son, had perished in the vain attempt to reconquer Guienne, till the Revolution, there had been on the Continent no campaign in which Englishmen had borne a principal part. — *Macaulay, History of England*, ch. xxi.

Auxiliary. adj.

1. Same as Auxiliar; assistant.

Their tractate are little auxiliary unto ours, nor afford us any light to demonstrate this truth. — *Sir T. Browne, Vulgar Errors*.

There is not the smallest capillary vein but it is present with, and auxiliary to it, according to its use. — *Sir M. Hale, Origination of Mankind*.

Nor from his patrimonial heav'n above
Is Jove content to pour his vengeance down;

To him with his brother of the seas he craves,
To help him with auxiliary waves. — *Dryden*.

In almost all languages, some of the commonest nouns and verbs have many irregularities; such are the common auxiliary verbs 'to be' and 'to have,' 'to do' and 'to be done,' &c. — *Watts*.

2. In Grammar. Performing the work of certain Latin, Greek, and other inflections. [The auxiliary verbs may be classified upon a variety of principles. The following, however, are all that need here be applied.]

According to their inflectional or non-inflectional powers. — Inflectional auxiliaries are those that may supersede or be superseded by an inflection. Thus — *I am struck* — the Latin *ferior*, and the Greek *τρομαζω*. These auxiliaries are in the same relation to verbs that propositions are to nouns. The chief inflectional auxiliaries are:

1. *Have*; equivalent to an inflection in the way of tense, *I have bitten* = *am-mordit*.
2. *Shall*; ditto, *I shall call* = *voc-abo*.
3. *Will*; ditto, *I will call* = *vor-abo*.
4. *May*; equivalent to an inflection in the way of mood, *I am come* that *I may see* = *venio ut vid-eam*.
5. *Be*; equivalent to an inflection in the way of voice, *to be beaten* = *verberari, verbaui*.
6. *Am, art, is, are*; ditto. Also equivalent to an inflection in the way of tense, *I am moving* = *mor-o*.
7. *Was, were*; ditto, *I was beaten* = *tr-ebat*; *I was moving* = *move-bam*.

According to their non-auxiliary significations. — The power of the word *have* in the combination *I have a horse*, is clear enough. It means possession. The power of the same words in the combination *I have been*, is not so clear; nevertheless it is a power which has grown out of the idea of possession. This shows that the power of a verb as an auxiliary may be a modification of its original power; i. e. of the power it has in non-auxiliary constructions. Sometimes the difference is very little; the word *let*, in *let us go*, has its natural sense of permission unimpaired. Sometimes it is all but lost. *Can* and *may* exist chiefly as auxiliaries.

1. Auxiliary derived from the idea of possession — *have*.
2. Auxiliary derived from the idea of existence — *be, is, was*.
3. Auxiliary derived from the idea of future destination, dependent upon circumstances external to the agent — *shall*.
4. Auxiliary derived from the idea of future destination, dependent upon the volition of the agent — *will*. *Shall* is simply predictive, *will* is predictive and promissive as well.
5. Auxiliary derived from the idea of power, dependent upon circumstances external to the agent — *may*.
6. Auxiliary derived from the idea of power, dependent upon circumstances internal to the agent — *can*. *May* is simply permissive; *can* is potential. In respect to the idea of power residing in the agent being the cause which determines a contingent, *can* is in the same relation to *may* as *will* is to *shall*.
7. Auxiliary derived from the idea of sufferance — *let*.
8. Auxiliary derived from the idea of necessity — *must*.
9. Auxiliary derived from the idea of action — *do*.

In respect to their mode of construction, auxiliary verbs combine with others in three ways.

1. With participles. (a) With the present or active participle, *I am speaking*. (b) With the past, or passive, participle, *I am beaten, I have beaten*.
2. With infinitives. (a) With the objective infinitive, *I can speak*. (b) With the gerundial infinitive, *I have to speak*.
3. With both infinitives and participles, *I shall have done, I mean to have done*. — *Dr. E. G. Latham, English Language*.

Auxiliary. adj. Assisting; helping

The purchasing of manures both auxiliary and exsiccatory. — *Sir E. Sandys, State of Religion*.

Auxiliary. s. Help; aid.

There were no such auxiliaries within the walls, where . . . the beleagued were reduced to the direst extremities. — *Walton, History of Philip II.*

Avail. v. a. [Lat. valeo = be of worth.]

1. Profit; turn to profit; make use of; (with of).

Then shall they seek t' avail themselves of names,
Places and titles. — *Milton, Paradise Lost*, xii. 515.

Both of them avail themselves of those licenses which Apollo has equally bestowed on them. — *Dryden*.

2. Promote; prosper; assist.

Mean time he voyag'd to explore the will
Of Jove on high Dodona's holy hill,
What means might best his safe return avail. — *Pope*.

Avail. v. n. Be of use; be of advantage.

Nor can my strength avail, unless by thee
Endu'd with force, I gain the victory. — *Dryden*.

When real merit is wanting, it avails nothing to have been encouraged by the great. — *Pope, Preface to his Works*.

Little, however, could all that avail in shaping his public conduct. — *Huckle, History of Civilization in England*, vol. ii. ch. ii.

Avail. s. Profit; account; mean towards an end; advantage; benefit.

For all that said did come were sure to fail;
Yet would he further none but for avail. — *Spenser*.

I charge thee,
As heav'n shall work in me for thine avail,

To tell me truly. — *Shakespeare, All's well that ends well*, i. 3.

Truth, light upon this way, is of no more avail to us than error. — *Locke*.

But, meanwhile, these general causes, which I have indicated, were undermining the nation to habits of loyalty and of superstition, which grew to a height fatal to the spirit of liberty. That being the case, the institutions were of no avail. — *Huckle, History of Civilization in England*, vol. ii. ch. ii.

Available. adj. Capable of being turned to avail or account; profitable; advantageous; valid.

All things subject to action, the will does so far incline unto, as reason judges them more available to our bliss. — *Hobbes*.

Laws human are available by consent. — *Id.*

Drake put one of his men to death, having no authority nor commission available. — *Sir W. Raleigh*.
Mighty is the efficacy of such intercessions to avert judgments; how much more available then may they be to secure the continuance of blessings? — *Bishop Atterbury*.

But the garrison of Tangier and the regiments in the pay of the Batavian federation, which, as they were available for the defence of England against a foreign or domestic enemy, might be said to be, in some sort, part of the English army, amounted to, at least, five thousand men. — *Macaulay, History of England*, ch. xi.

The resources of England were not yet so available for maritime as for military service. — *Southey, Naval History of England*, ch. v.

None of these writers who have handled their subject in form, regarded it precisely in the aspect most requisite and available for present circumstances; namely, that which shows that governments are, by dutiful necessity, combatant of religious truth and falsehood, and bound to the maintenance and propagation of the former. — *Gliddone, The State in its Relations with the Church*, ch. i.

The hospitals at the moment were surcharged with sick, and the available strength of the British was reduced to a handful of European convalescents, and about four hundred Malays and gun-lascars, under an incompetent and inexperienced commander. — *Sir J. E. Tennant, Ceylon*, pt. vi. ch. iii.

Availability. s. Attribute suggested by Available; power of promoting the end for which it is used.

We differ from that supposition of the efficacy, or availability, or suitability of these to the end. — *Sir M. Hale*.

Avallanche. s. [Fr.] Mass of snow in mountainous countries loosened and rolled down.

Mont Blanc is the monarch of mountains,
They crowned him long ago,
On a throne of rocks, in a robe of clouds,
With a diadem of snow.

Around his waist are forests braced,
The avalanche in his hand:
But ere it fall, that thundering hail
Must pause at my command. — *Byron, Manfred*, i. l.

Avale. v. a. [Lat. ad = to, vallis = valley.]

Let fall; depress; make abject; sink. — *Obsoleto*.

By that th' exalted Phœbus 'gan avail
His werry wain, and now the frosty night
Her mantle black thro' heav'n 'gan overhale. — *Spenser, Faerie Queen*.

He did chase and arole the sovereignty into more servitude towards that see. — *Sir H. Wotton*.

Avale. v. n. Sink; descend, or come down.

Obsoleto.
But when his interrob 'gins to arole,
Huge heaps of mud he leaves. — *Spenser, Faerie Queen*.

They thither march: but when they came in sight,
And from their sweaty couriers did arole,
They found the gates fast barred long ere night. — *Ibid.* ii. 9, 10.

Avant. adv. Front of an army. Obsolete.

Shall no man know by his clere,
Which is avant, and which arriere. — *Chaucer, Confessio Amantis*, ii.

Avant-guard. s. [Fr. avant-garde = vanguard.] Van; first body of an army.

The foremen might issue forth without disturbance of the foot, and the avant-guard without shuffling with the battall or arriere. — *Sir J. Maynard*.

Avare. s. [Lat. avarius, from avarus = covetous.] Covetousness; insatiable desire.

There grows
In my most ill-composed affection, such
A stumbling-piece, that were I king,
I should cut off the noses for their lands. — *Shakespeare, Macbeth*, iv. 3.

This avare of praise in times to come,
Those long inscriptions crowded on the tomb. — *Dryden*.

Avareicious. adj. Covetous; insatiably desirous.

Luxurious, avareicious, false, deceitful.
This speech has been condemned as avareicious; and Erasmus judges it to be spoken artfully. — *Browne, On the Utopians*.

Avareiciously. adv. Covetously.

Each is contented with his own possessions, nor avareiciously endeavours to heap up more than is necessary for his own subsistence. — *Goldsmith, Essays*, 10.

Avareous. adj. Covetous. Rare.

Men male well make a likely hock;
Between hym which is avareous
Of gold, and him that is jealous
Of love. — *Chaucer, Confessio Amantis*, v.

The laggies
That the ere avareous helde and hys heyes. — *Vision of Piers Plowman*.

Avast. adv. [P] In Navigation. Enough; stop; cease. Colloquial, when not technical.

Avast halting; don't you know me, mother Parlett? — *Cumberland, Comedy of the Walltoons*.

Avancement. s. Old word for Advancement.

All they must be done for the avancement of holye church. — *Bale, Yet a Course at the Runyngs Race*, fol. 3d h.

Avant. v. a. [see Vaunt.] Boast; vaunt. Obsolete.

Let now the papists avant themselves! — *Accobishop Cravencr, A sater to Gardiner*, p. 333.

They rejoice and avant themselves, if they vanquish and oppress their enemy by craft and deceit. — *Robinson, Translation of More's Utopia*, ii. 10.

Avant. v. n. Come before another in a vaunting manner. Obsolete.

To whom avauanting in great bravery,
As penocks that his painted plumes with frank.
He smote his coarser in the troubling flank. — *Spenser, Faerie Queen*, ii. 3, 6.

Avant. s. Same as Avauance. Rare.

If he gave aught, he durst make avant.
Chaucer, Prologue to Canterbury Tales, 227.

Avant interj. [Lat. ab = from, ante = before; see Avant.] Begone from before me: (word of abhorrence).

O, be it bold, and blushes not at death;
Avant, thou hateful villain, get thee gone! — *Shakespeare, King John*, iv. 3.

Mistress! dismiss that rascal from your throne.
Avant! — is Aristarchus yet unknown? — *Pope, Dunciad*.

Avant. s. Word itself as used for the name of the act implied by the interjection.

After this process
To give her the avant! it is a pity
Would move a monster. — *Shakespeare, Henry VIII.* ii. 2.

Avauance. s. Bousting. Rare.

The vice, rleped avauance,
With pride hath take his acquaintance. — *Chaucer, Confessio Amantis*, i.

Avauintry. s. Same as Avauance. Rare.

The worshippe of his name,
Through pride of his avauintrie,
He tourneth into viliannie. — *Chaucer, Confessio Amantis*, i.

Avè. s. (dissyllable.) [Lat. ave = hail.] First part of the salutation used by the Romanists to the Virgin Mary; abbreviation of Ave Maria or Ave Mary.

Nine hundred paternosters every day,
And thrice nine hundred aves she was wont to say. — *Spenser, Faerie Queen*, i. 3, 12.

All his mind is bent on holiness,
To number *his* *avenues* on his beads.

Shakespeare, Henry VI. Part II. l. 1. 3.
There was before, in the Roman church, a lesser
set of 50 *avenues* and 5 paters, which they call beads.—
Brevint, Sent and Samuel of Endor, p. 169.

Another Vial a stout, sturdy, patrole, called the
Eve of St. Christopher—seeing Ash Wednesday in a
condition little better than he should be—'e'en whipt
him over his shoulders, pick-a-back fashion, and old
Mortification went floating home singing—

On the bat's back do I fly,
and a number of old smatches besides, between drunk
and sober; but very few *avenues* or boultainties (you
may believe me) were among them.—*Louth, Ecce
of Elia, Rejoicings upon the New Year's coming of
Age.*

He delighted in rare animals, and still more in
dwarfs. When neither strange beasts nor little men
could dispel the black thoughts which gathered in
his mind, he repeated *avenues* and credos; he walked in
processions; sometimes he starved himself; some-
times he whipt himself. At length a complication
of maladies completed the ruin of all his facul-
ties.—*Macaulay, History of England, ch. xxi.*

AVÉL. r. a. [Lat. *avello* = tear or pluck
away.] Pull away. *Obsolete.*

The beaver in chase makes some division of parts
yet are not these parts *avelled* to be termed testicles.
—*Sir T. Browne, Vulgar Errors.*

AVENER, or AVENOR. s. [Lat. *avena* = oat.]
Provider of oats for the royal stables.
Rare, obsolete.

The *avener* shall suffer no lackeys, boys, women
or others, to be about the stables, that are not of the
prince's ordinary grooms.—*Birch, Life of Henry,
Prince of Wales, App. p. 480.*

AVÉNGE. v. a. [Fr. *venger*.]

1. Revenge.
I will *avenge* the blood of Jezreel upon the house
of *Aveng*.—*Hosea, l. 4.*

2. Punish.
Till Jove, no longer patient, took his time
T' *avenge* with thunder your audacious crime.
Deities.

AVÉNGE. s. Revenge; vengeance. *Obsolete.*
And if to that *avenge* by you desired
This lunde may helpe, or siewer night supply,
It shall not f if when so ye shall it need.
Spenser, Faerie Queen, iv. 6. 8.

AVÉNGEANCE. s. Retribution; vengeance.
Rare.

This neglected, fear
Signal *avengeance*, such as overlook
A miser. *A. Phillips.*

AVÉNGEMENT. s. Vengeance; revenge.
That he might work th' *avengement* for his shame,
On those two evillies which had bred him blame.
Spenser.

All those great battles which thou hast
Through strife and bloodshed, and *avengement*
Now praised, hereafter thou shalt repent.
Id.

AVÉNGER. s. One who avenges or punishes.
That no man go beyond and defraud his brother,
because that the Lord is the *avenger* of all such.—
1 Thessalonians, iv. 6.

Ere this he had return'd, with fury driv'n
By his *avenger*.—*Id., Paradise Lost, s. 231.*
But just divine to hungry sinners
And ev'ry death its own *avenger* breeds. *Pope.*

AVÉNGERESS. s. Female avenger. *Obsolete.*
There that cruel queen *avengeress*
Heaps on her new waves of woe wretchedness.
Spenser, Faerie Queen.

AVENS. s. [see *Awn*.] Popular name of the
Geum urianum (called also *herb bennet*).
The root [of the common *avenue*] is employed for
flavouring and preserving the Augsburg beer.—
Hoblyn, Dictionary of Terms used in Medicine.

AVÉNE. s. [Fr.] Way by which any place
may be entered; approach.

a. In general.
Good guards were set up at all the *avenues* of the
city, to keep all people from going out. — *Lord Car-
leton.*

b. Used specially. Approach bordered by
rows of trees.

The entrance to the Peradenia garden is through
a noble *avenue* of India-rubber trees, &c.—*Sir J. E.
Tennent, Ceylon, pt. vii. ch. v.*

c. Used metaphorically. Means of access
general.

Truth is a strong hold, and diligence is lay-
ing siege to it: so that it must observe all the *avenues*
and passages to it.—*South.*

On every side were expanding new *avenues* of i-
gnity, new trains of thought: new models of com-
pulsion were offered themselves: all trod silently
to impair the reverence for the ruling authorities.
—*Milman, History of Latin Christianity, b. xiv. ch.*

AVÉR. v. a. [Lat. *ad verum* = to the truth.

— Though this word is marked, in respect
to its part of speech, as a verb active or
transitive, the construction is not always
evident. This is because it governs a pro-
position, or collection of words, rather than
any single word. To *utter a truth* is one
thing; to state that such or such a pro-
position constitutes a *truth* (i. e. that it is
true) is another. In the former case the
single word *truth* is the name of the object;
in the latter the object is expressed by the
whole proposition. This is the case with the
first and second of the following ex-
tracts, wherein the whole sentences, *though
the power of God, &c., and I had killed
the bird, &c.,* are the many-worded names
of the object; the object itself being ex-
pressed by a proposition. In the third
the construction is different; inasmuch,
as between the verb and the proposition
the word *that* is inserted. Originally this
was, purely and simply, the demonstrative
pronoun in the objective case, in the singular
number, and in the neuter gender.

It told us that there was something
averred. What this was, was explained
by the sentence which followed. This pro-
nominal character of the word *that* is
made clearer by the following example in
dialogue:

A. What did he aver?

B. That he was there.

A. Did he aver that?

B. Yes. He averred not only *that* he
was there, but also, *that* he saw him there.

Pronoun, however, as the word *that* is,
in respect to its origin, it is often treated as a
conjunction. This is because its function
is to join propositions. In the following
pair, (1) *I aver* (2) *he was there*, there are
two statements, which, as they stand at
present, may or may not be connected.
Whether they be so or not is often inferred
from the context; in which case *that* is
said to be omitted. When *that*, however, is
inserted, the connection is beyond doubt.

I aver that he was there.

Such are the reasons for calling *aver* an
Active or Transitive verb, even when no
noun in the objective case follows it. For
a fuller notice see *That*.]

Declare positively, peremptorily.

We may aver, though the power of God be in-
finite, the capacities of matter are within limits.—
Bentley.

Nor dim nor red, like God's own head,
The glorious sun upris'd,
Then all *averred* I had killed the bird
Which brought the fog and mist.
'Twas right, said they, those birds to slay
That bring the fog and mist.

Coleridge, Ancient Mariner.
They afterwards *averred* that they had been
tempted to surrender with the understanding that
the Papal banners were to be displayed on the walls
of Palestine; but that the Papal honour once satis-
fied, perhaps the fortifications dismantled, the city
was to be returned to its lords.—*Milman, History of
Latin Christianity, b. xi. ch. vii.*

Average. s. and adj. [see extract.]

[*Avrili*, or *Averia*, was applied to cattle in general,
as the principal possession in early times.

'Hoc placitum dilationem non recipit propter
averia, i. e. animalia muta, so diu detineantur in-
clusa.'—*Regium Majestatem.*

'Si come ius laus a uni homo mes derbita a cam-
peter, on mes beaus a arer la terre, et il occiet mes
avens.'—*Littleton.*

We then have *averia carrucae*, beasts of the plough;
and the word *avens* finally came to be confined to
the signification of cart-horses.

Average was the duty work done for the lord with
the *avens*, or draught cattle, of the tenant. 'Sciend-
um est quod in antiquoque *avertipium* estivo
fiert debet inter Haklay et juliam Augusti.' (Spel-
man in Duc.) *Average*, from the G. *haferet*, is a
totally different word from the foregoing. The pri-

mitive meaning of *haferet* seems to be sea-damage,
damage suffered on the conveyance of goods by sea,
from the Scandinavian *haf*, *har*, the open sea, point-
ing to the shores of the Baltic, where so many of our
nautical terms took their rise, for the origin of the
word. This in Fr. became *averie*, decay of wares or
merchandise, leakage of wines, also the charges of
the carriage or measuring thereof.—*Coigr.*; *averie*,
damage suffered by a vessel or goods from the de-
quarture to the return into port. (Diet. Etym.)
Marvander averies, damaged goods. But when
goods were thrown overboard for the safety of the
vessel, it was an obvious equity to divide the loss
amongst those who profited by the sacrifice. Hence
haferet was applied to the money paid by those who
receive their goods safe, to indemnify those whose
goods have been thrown overboard in a storm.—
(Küttner.) It *Averia*, calculation and distribu-
tion of the loss arising from goods thrown over-
board.—*Altieri*; an equal distribution of the loss
among the shippers. Hence, finally, in the modern
sense of the term, an *average* is an equal distribu-
tion of whatever inequalities there may be among all
the individuals of a series, and then the value of the in-
dividuals so compensated. The origin of *average* in the
latter sense became much obscured when by the pre-
lative of insurance the nautical *average* came to signify
a contribution made by independent insurers to com-
pensate for losses at sea, instead of a contribution by
those who received their goods safe, to make good
the loss of those whose wares were thrown overboard
for the general safety.—*Walgreen, Dictionary of
English Etymology.*

1. In Navigation. See extract.

A certain contribution that merchants prop-
tionally make towards the losses of such as have their
goods cast overboard for the safety of the ship in a
tempest; and this contribution seems so called, be-
cause it is so proportioned, after the rate of every
man's *average* of goods carried.—*Cogell.*

2. Used metaphorically. Mean proportion.

In order to do this, we make as many trials as
possible, preserving A invariable. The results of
these different trials will naturally be different, since
the indeterminate modifying causes are different in
each; if, then, we do not find these results to be
progressive, but on the contrary to oscillate about a
certain point, one experiment giving a result a little
greater, another a little less, one result tending a
little more in one direction, another a little more in
the contrary direction; while the *average*, or middle
point, does not vary, but different sets of experi-
ments (taken in as great a variety of circumstances
as possible) yield the same mean, provided only they
be sufficiently numerous; then that mean, or *average*
result, is the part, in each experiment, which is due
to the cause A, and is the effect which would have
been obtained if A could have acted alone; the
variable remainder is the effect of chance, that is, of
causes the co-existence of which with the cause A
was merely casual. The test of the sufficiency of the
induction in this case is, when any increase of the
number of trials from which the *average* is struck,
does not materially alter the *average*.—*Mill, System
of Logic, b. iii. ch. xvii. § 4.*

The case to which I refer, is that of the proportion
kept up in the births of the sexes: a proportion
which if it were to be greatly disturbed in any
country, even for a single generation, would throw
society into the most serious confusion, and would
infinitely cause a great increase in the views of the
people. Now, it has always been suspected that, on
an *average*, the male and female births are tolerably
equal; but, until very recently, no one could tell
whether or not they are precisely equal, or if un-
equal, on which side there is an excess.—*Burke,
History of Civilization in England, vol. i. ch. iv.*

It may be that, owing to some physical causes still
unknown, the *average* capacity of the brain is, if we
compare long periods of time, becoming gradually
greater; and that therefore the mind, which acts
through the brain, is, even independently of educa-
tion, increasing in aptitude and in the general com-
petence of its views.—*Ibid.*

AVÉREMENT. s. Positive declaration.

To avoid the oath, for *avérement* of the continuance
of some *avérent*, which is sworn, the party will sue a
parson.—*Barn.*

Thus much of the civil and canon lawyers' *avé-
ment* of an elder brother's rights to his father's
fortune.—*The Younger Brother's Apology, p. 22.*

Your lordship's *avément* was excused by an *avé-
ment* that you were indisposed.—*Bishop Nicholas
to Bishop Hoadley, p. 10.*

That it is the province of the jury, in informations
and indictments for libels, to try nothing more than
the fact of the composing and of the publishing
avéments and invidios, is a doctrine held at
present by all the Judges of the King's Bench.—
*Burke, On the Powers of Juris in Prosecutions for
Libels.*

AVÉRRÉCATÉ. v. a. [Lat. *averruncare*.] Root
up; root out; take up by the root. *Rare.*

Sure some mischief will come of it,

Unless by providential will,

Or force, we *averruncate* it. *DuRoi, Hudibras.*

AVÉRRÉCATÉ. s. Rooting up of anything.
Rare.

Whether *aversion* of epidemic diseases, by telems, be feasible and lawful.—*Robinson, Embury*, p. 82: 1858.

Avérte. *v. a.* Turn away from with a feeling of distaste, dislike, or repugnance. *Rare.*

Hatred proceeds from an opinion that the person we *averte* is evil, and, if not generally so, yet at least in particular to us.—*Plutarch, Morals*, l. 420. (Ord. M.S.)

Avérstion. *s.* Turning away from anything; disinclination; distaste. *Rare.*

Hatred is the passion of defiance, and there is a kind of *aversion* and hostility included in its essence.—*South.*

Folly is freakish and humorous, impertinent and obstreperous, inconstant and inconsistent, peevish and exception; and consequently fastidious to society, and productive of *aversion* and disrespect.—*Barrow, Works*, l. 4.

With from.

There was a stiff *aversion* in my lord of Essex from applying himself to the earl of Leicester.—*Sir H. Wotton.*

They are not all affected with it; nay, on the contrary, find an *aversion* of their spirits from it.—*Bishop Hall, Works*, li. 558.

Which impressions or dispositions either produce in the heart a positive inclination to, or at least extinguish its former *aversion* from, the sin suggested to it.—*South, Sermons*, vi. 261.

With to.

There is such a general *aversion* in human nature to contempt, that there is scarce any thing more exasperating. I will not deny, but the excess of the *aversion* may be levelled against pride. *Dr. H. More, Government of the Tongue.*

With towards.

A natural and secret hatred and *aversion* towards society, in any man, hath somewhat of the savage beast. *Bacon.*

With of.

There is in man's nature an *aversion* or abhorrence of disgrace.—*Barrow, Exposition on the Creed.*

God hath always declared his delight in the felicity, and his *aversion* of the misery and destruction of his creatures.—*Hallivell, Novels of South*, p. 32.

Avérse. *adj.* Muligin; unfavourable; disinclined.

Their courage languish'd as their hopes decay'd,
And Pallas, now *avérse*, refus'd her aid.
Hast thou not seen her beam ever stray
With the first tumults of a real?
Hast thou not seen her, and now bless'd his way,
By turns *avérse*, and joyful to obey?
P.

With from.

Laws politik are never framed as they should be, unless presuming the will of man to be lawfully obstinate, rebellious, and *avérse* from all obedience, unto the sacred laws of his nature.—*Hooker.*

They believed all who objected against their undertaking to be *avérse* from peace.—*Lord Clarendon.* These eares alone her virgin breast employ,
Arcton from Venus and the nuptial joy. *Pope.*

With to.

He had, from the beginning of the war, been very *avérse* to any advice of the privy council.—*Lord Clarendon.*

Diodorus tells us of one Charondas, who was *avérse* to all innovation, especially when it was to proceed from particular persons.—*Sicoff.*

Edward, by his heralds, renounced his allegiance; he would no longer be the man, the vassal, of a king who violated all treaties sworn to by their common ancestors. But the barons and the churchmen of England were now *avérse* to foreign wars; their subsidies, their aids, their masters, were slow, reluctant, almost refused.—*Milman, History of Latin Christianity*, b. 2. ch. viii.

There was yet one last expedient which, as the king flattered himself, might save him from the misery of being another House of Commons. To the House of Lords he was less *avérse*.—*Macaulay, History of England*, ch. i.

Avérse. *adv.*

1. Unfavourably.

My black-winged fate
Hovers *avérse* over that fond hope.
Benjamin and Fletcher, Martial Maid, u. 2.

2. With a turn in an unexpected direction; obliquely; backwardly.

Not only they want those parts of secretion, but it is emitted *avérse*, or backward, by both sexes.—*Sir T. Browne, Vulgar Errors.*

Avérse. *s.* Attribute suggested by *Avérse*; unwillingness; disinclination; distaste.

Not avoiding his company, or doing any thing of *avérse*, move in the very act of punishment.
G. Herbert, Country Parson, ch. xxv.

Subject we must be, whether we will or no; but if willingly, then is our service perfect freedom; if unwillingly, then is our service perfect freedom; if un-

VOL. I.

willingly, then is our *avérse* everlasting misery.—*Bishop Pearson, Exposition of the Creed*, art. vi. The corruption of man is in nothing more manifest, than in his *avérse* to entertain any friendship or familiarity with God.—*Bishop Atterbury.*

With from.

Is it not commonly sloth rather than activity, an *avérse* from this rather than an inclination to any other employment, which diverteth us from our prayers?—*Harvie, Works*, l. 61.

Applauding himself for his forwardness to all due reformation, and his *avérse* from all such kind of sacrifice.—*Milton, Riconoclastes*, ch. xiv.

With to.

Many impotencies, or rather *avérse* to good, are charged upon a natural account, which indeed are the effects only of habitual sin.—*South, Sermons*, vi. 428.

Some men have an *avérse* to it [dancing], and these it seldom becomes.—*Felltham, Resolves*, r. 70. b. 2.

Avérson. *s.*

1. Hatred; dislike; detestation: (such as turns away from the object).

What if with like *avérson* I reject
Riches and realms?

Milton, Paradise Regained, li. 47. The *avérson* of God's face is confusion; the least bending of his brow is perdition.—*Bishop Hall, Resolves*, p. 24.

With from.

They had an inward *avérson* from it, and were resolved to prevent it by all possible means.—*Lord Clarendon.*

With men these considerations are equally causes of despotism, disinclination or *avérson* from others; but with God, so many reasons of our greater tenderness towards others.—*Bishop Spral.*

The same misanthropy to vice, and *avérson* from goodness, will be a reason for rejecting any proof whatsoever.—*Bishop Atterbury.*

With to.

2. A freeholder is bred with an *avérson* to subjection.—*Addison.*

Such was his *avérson* to toil, and such his ignorance of affairs, that the very clerks who attended him when he sat in council could not refrain from sneering at his frivolous remarks, and at his childish impatience.—*Macaulay, History of England*, ch. i.

In the preceding extract it is just possible that the *to* before *toil* may be the sign of the infinitive mood; in the following the construction is slightly ambiguous; since *to* may refer to *object* as well as *avérson*.

His passion for ceremonies, his reverence for holidays, vigils, and sacred places, his ill concealed dislike of the marriage of ecclesiastics, the ardent and not altogether disinterested zeal with which he asserted the claims of the clergy to the reverence of the laity, would have made him an object of *avérson* to the Puritans, even if he had used only legal and gentle means for the attainment of his ends.—*Macaulay, History of England*, ch. i.

With towards.

His *avérson* towards the house of York was so predominant, as it found place not only in his counsels but in his bed.—*Bacon.*

With for.

The Genoese would rather throw themselves under the government of the Genoese, than submit to a state for which they have so great *avérson*.—*Addison.*

This *avérson* of the people for the late proceedings of the commons might be improved to good use.—*Sicoff.*

2. Object of aversion.

They took great pleasure in compounding lawsuits among their neighbors; for which they were the *avérson* of the gentlemen of the long robe.—*Arbuthnot, History of John Bull.*

Self-love and reason to one end aspire;
Pain their *avérson*, pleasure their desire. *Pope.*

3. Simply, conversion or change; trope.

This addition of the words 'you and the rest,' is a familiar figurative speech, called apostrophe, which is an *avérson* of speech from one thing or person to another.—*Bishop Morlon, Episcopacy asserted*, p. 101.

[The derivatives of *avérto* are special instances of a principle which demands attention. The elements of *avérto* are *verto* = turn, and *a* = from. Meanwhile, no two notions are more opposite than those suggested by the words *to* and *from*. Yet we have seen that *avérson* is followed not only by *from* and *for*, but by *to* and *towards*.

The rule that prepositions in composition, when followed by a noun, require

that noun to be in the case which those prepositions would govern, if they stood separate from the verb and as independent parts of speech (whether good or bad for languages like the Latin and Greek), has no place in English; since in English there is but one case for a preposition to govern.

Again, in an English sentence, the preposition which enters into composition, and which (so doing) forms a compound, may belong to a language different from that which contains the independent preposition. In the words before us, *a*, though the equivalent to *from*, is by no means the same word. Hence, even if the rule just given held good, it would be no rule at all to a person who knew nothing of Latin. *Arcton*, though made up of elements equivalent to those which give *turn-from*, is by no means made up of the same. If it were, such an expression as *avérson* to would be a contradiction in terms, and a turning *from* to *toil* (the actual translating of *avérson* to) would be an impossible expression. Yet it exists.

The solution of this apparent paradox lies in the fact of *avérson* being a relation; and, in the expression of relations, we use the word *to*. An *avérson* to *toil* is a feeling hostile *to*, or *towards*, *toil*; an indisposition *for* *toil*.

When we see *avérson* followed by *to*, *towards*, or *for*, we must remember that it means not only turning *from*, but *repugnance*, *dislike*, *hostility*, &c. The same applies to other words.

Further notices of this tendency for the general import of a term to overrule its etymological element will appear in the sequel. See Unconnected as followed by *with*.]

Avérte. *v. a.* [Lat. *avérto* = turn away from.] Turn aside; turn off.

I beseech you

To *avérte* your liking a more worthy way.
Than on a wretch. *Shakespeare, King Lear*, i. 1.

At this, for the last time, she lifts her hand,
Arcton her eyes, and half unwilling drops the brand. *Byron.*

Whereupon all utility was built, their hearts were utterly *avérte* from it. *Hooker.*

Even cut themselves off from the opportunities of proselyting others, by *avérting* them from their company.—*Dr. H. More, Government of the Tongue.*

O Lord! *avérte* whatsoever evil our swelling may threaten unto his church.—*Hooker.*

Diversity of conjectures made many, whose conceits *avérte* from themselves the fortune of that war, to become embroiled and seditious. *Knox.*

These affections earnestly fix our minds on God, and forcibly *avérte* from us those things which are displeasing to him, and contrary to religion. *Bishop Spots.*

They threaten'd lands they wild destruction throw.

Till ardent prayer *avérte* the public woe. *Prior.*

Avérte. *s.* That which averts.

In *avértes* and purveys meet together, as tending in all the same purpose, to divert this rebellious humour (melancholy), and turn it another way. *Barlow, Anatomy of Melancholy*, p. 233.

Arcton must be used to the liver and spleen.—*Ibid.*, p. 255.

Avérting. *part. adj.* Turning away from.

Cold, and *avérting* from our neighbour's good. *Thomson.*

Aviary. *s.* [Lat. *aviarium* = place for *aves*, i.e. birds.] Place to keep birds in.

In *aviaries* of wire, to keep birds of all sorts, the Italians bestow vast expense; including great soup of ground, variety of bushes, trees of great height, running waters, and sometimes a stove annexed, to temper the air in winter. *Sir H. Wotton, Elements of Architecture.*

Look now to your *aviary*; for now the birds grow sick of their fathers.—*Reynolds, Rob and Co.*

Vapourary is still so famous, that it's reckoned for one of those notables which foreign nations record.—*Addison.*

The library, the museum, the *aviary*, and the botanical garden of Sir Thomas Browne, were thus all by Fellows of the Royal Society well worthy of a

long pilgrimage.—*Macaulay, History of England*, ch. iii.

The sumptuous palace to which the populace of London gave the name of Dunstons House, the stately pavilions, the fountains, the deer park, and the orangery of Euston, the more than Italian luxury of Han, with its busts, fountains, and aviaries, were among the many signs which indicated what was the shortest road to boundless wealth.—*Ibid.*

Avidiously. *adv.* Eagerly; greedily. **S**
Avidity. *Obsolete.*

Nothing is more *avidly* to be desired than is the sweet peace of God. —*Bale, On the Revelation*, sign. D, viii.

Avidly we drynke the wyne of other landes, we bye up their fruites and spices.—*Leland, New Year's Gift*, sign. K, 3, b.

Avidity. *s.* [Fr. *avidité*; from Lat. *aviditas*, from *avidus* = greedy.] Greediness; eagerness; appetite; insatiable desire.

In all which we may see an infinite *avidity*; and such as cannot be satisfied with any finite object. —*Fisherby, Atheism*, p. 199.

The ambassadors of the Pope were received with courtesy, his gifts with *avidity*. —*Milman, History of Latin Christianity*, b. iv. ch. xl.

How those largesses had been bestowed, none knew better than some of the austere patriots who hurried so loudly against the *avidity* of Montague.—*Macaulay, History of England*, ch. xl.

Avile. *v. a.* [Lat. *vilis* = vile.] Depreciate; hold cheap. *Rare.*

Being deprest awhile,
Want makes us know the price of what we *avile*.
—*B. Jonson, Masques at Court*.

Much less to debase and *avile* the excellent gifts of God. —*Bishop Bell, Letters*, life, dv. p. 314.

Avise. *v. n.* Consider. *Obsolete.*

They stay'd not to *avise* who first should bee,
But all spur'd after, first as they made fly,
To rescue her from shameful villany.

—*Spenser, Faerie Queene*, il. 1, 18.

Avise. *s.* Advice; intelligence. *Rare.*

All the lords
Have him in that esteem for his relations,
Coronets, avises, correspondences
With this ambassador and that agent.

—*B. Jonson, Magnetic Lady*, i. 7.

Avisement. *s.* Advisement; counsel. *Obsolete.*

I think there never
Marriage was manag'd with a more *avisement*.
—*B. Jonson, Tale of a Tub*, il. 1

Aviso. *s.* [Spanish.] Same as **Avise.** *Rare.*

I had yours of the tenth current; and besides your *aviso*, I must thank you for those rich flourishes wherewith your letter was embroidered every where. —*Howell, Letters*, il. 68.

Avise. *v. a.* *Obsolete.*

1. Advise; counsel.
With that the husbandman 'gan him *avise*,
That it for him was fittest exercise. —*Spenser*.

2. Consider; examine.
As they 'gan his library to view,
And antique registers for to *avise*. —*Ibid.*

Avocate. *v. a.* [Lat. *avocatus*, part. of *avoco* = call off, call away.] Call off from business; call away. *Rare.*

Seeing now all proceedings in England inhibited, the cause *avocated* to Rome, Campegius inhibited, &c.—*Lord Herbert of Cherbury, History of Henry VIII.*, p. 230.

Avocating. *part. adj.* Calling off from anything. *Rare.*

Their divesture of mortality dispenses them from those laborious and *avocating* duties to distressed Christians, and their secular relations, which are here requisite.—*Boyle*.

Avocation. *s.*

1. Act of calling aside.
The bustle of business, the *avocations* of our senses, and the din of a clamorous world, are impediments.—*Glanville*.

Stir up that remembrance which his many *avocations* of business have caused him to lay aside.—*Dryden*.

God does frequently inject into the soul blessed impulses to duty, and powerful *avocations* from sin.—*South*.

2. Business which calls, or call which summons, away; employment. See **Vocation**.

It is a subject that we may make some progress in its contemplation within the time, that in the ordinary time of life, and with the permission of necessary *avocations*, a man may employ in such a contemplation.—*Sir M. Hale, Origination of Mankind*.

By the secular cares and *avocations* which accompany marriage, the clergy have been furnished with skill in common life.—*Bishop Atterbury*.

I was now a little in heart, as the nature of my morning *avocations* had brought me into some sort of familiarity with the raw material; and I was surprised to find how eloquent I was becoming on the state of the India market—when, presently, he dashed my incipient vanity to the earth at once, by inquiring whether I had ever made any calculation as to the value of the rental of all the retail shops in London.—*Lamb, Essays of Elia, The Old and the New Schoolmaster*.

In most parts of Spain, the climate renders it impossible for the labourer to work the whole of the day; and this forced idleness encourages among the people an irregularity and instability of purpose, which unites them choose the wandering *avocations* of a shepherd, rather than the more fixed pursuits of agriculture.—*Buckle, History of Civilization in England*, vol. ii. ch. i.

Avocative. *s.* That which calls off from; dehortation; dissuasion. *Rare.*

Setting this apart, all other incentives to virtue, and *avocatives* from vice, seem very blunt and faint. —*Barrow, Expositions on the Creed*.

Avocatory. *adj.* Calling off anything. *Rare.*

The emperor communicated to the diet certain mandates, on pain of the ban of the empire with *avocatory* letters annexed, against the king of Great Britain, elector of Hanover, and the other princes acting in concert with the king of Prussia.—*Nimble, History of England*, b. iii. ch. iv. § 22. (Ord. MN.)

Avocet. *s.* Name of a Gallatorial bird: (Recurvirostru Avocetta).

The *avocet* is certainly a singular looking bird, both in reference to its look as well as its feet, but it is also as handsome as it is singular. The beak is curved upwards, is slender, pointed and flexible, having very much the appearance of a piece of elastic whalebone, and is to the bird, I have no doubt, a delicate organ of touch; while the semi-palmated feet seem only intended to support the bird on soft muds, as it never attempts to paddle or swim when out of its depth, but allows itself to float along motionless. This bird is, apparently, much rarer now than formerly. —*Yarrell, British Birds*.

Avoid. *v. a.* [from Lat. *vito*.] Shun; decline; escape.

The fashion of the world is to *avoid* cost, and you encounter it.—*Shakespeare, Much Ado about Nothing*. The wisdom of phrasing God, by doing what he commands, and avoiding what he forbids.—*Archbishop Tillotson*.

Avoid. *v. a.* [from N.Fr. *vuider*; from Lat. *vacuus* = empty.]

1. Evacuate; quit; keep clear of. *Rare.*

What have you to do here, fellow? pray you, *avoid* the house.—*Shakespeare, Coriolanus*, v. 3.

If any rebel should be required of the prince confederate, the prince confederate should command him to *avoid* the country.—*Bacon*.

He desired to speak with some few of us: whereupon six of us only stayed, and the rest *avoided* the room.—*Ibid.*

2. Emit; throw out; void. *Rare.*

A load contains not those urinary parts which are found in other animals to *avoid* that serious excretion.—*Sir T. Browne, Vulgar Errors*.

3. Vacate; annul.

How can these grants of the king's be *avoided* without wronging of those lords which had those lands and lordships given them?—*Spenser*.

Many who had followed the king in the war, and so made themselves liable to those penalties which the parliament had prepared for them, and subjected them to, had made many feign'd conveyances, with such limitations and so absolutely (that no trust might be discovered by those who had power to *avoid* it) that they were indeed too absolute to be *avoided* by themselves; and their estates became so much out of their own disposal, that they could neither apply them to the payment of their just debts, or to the provision for their children.—*Lord Clarendon, Life*, ii. 307.

Avoid. *v. n.* [from N.Fr. *vuider* = empty.]

1. Become void or vacant.

Bishopricks are not included under benefices: so that if a person takes a bishoprick, it does not *avoid* by force of that law of pluralities, but by the ancient common law. —*Ayliffe, Parergon Juris Canonici*.

2. Retire; keep clear of. *Rare.*

And Saul cast the javelin; for he said, I will smite David even to the wall with it; and David *avoided* out of his presence thence.—*1 Samuel*, xviii. 11.

Avoidable. *adj.* [from Lat. *vito* = shun.] Capable of being avoided, shunned, or escaped.

Want of exactness in such nice experiments is scarce *avoidable*.—*Boyle*.

To take several things for granted is hardly *avoidable* to any one, whose task it is to show the falsehood or improbability of any truth.—*Locke*.

Avoidable. *adj.* [from N.Fr. *vuider* = empty.] Liable to be vacated or annulled; voidable.

The charters were not *avoidable* for the king's homage; and if there could have been any such pretence, that alone would not *avoid* them.—*Sir M. Hale*.

Avoidance. *s.* [from Lat. *vito* = shun.] Act of avoiding.

Both of them [light and darkness] are mentioned with an intention of drawing in an exhortation to that purity which we should affect, and the *avoidance* of all the state and works of darkness which we should shun.—*Bishop Hall, Remains*, p. 37.

It is appointed to give us vigour in the pursuit of what is good, or in the *avoidance* of what is hurtful.—*Watts*.

Avoidance. *s.* [from N.Fr. *vuider* = empty.]

1. Course by which anything is carried off or avoided. *Obsolete.*

For *avoidances* and drainings of water, where there is too much, we shall speak of.—*Bacon*.

2. Act by which anything is avoided or annulled.

Avoidance of an ecclesiastical benefice, is 1. by death, which is the act of God. 2. by resignation, which is the act of the incumbent. 3. by reason, or the acceptance of a benefice incompatible, which also is the act of the incumbent. 4. by deprivation, which is the act of the ordinary. 5. by the act of the law: as in case of simony; not subscribing the articles or declaration; or not reading the articles or the common prayer.—*Burns, Ecclesiastical Law*.

A *generosity* was soon framed by which Philip and his queen were brought within these degrees. The obsequious clergy of France, with the Archbishop of Rheims at their head, pronounced at once the *avoidance* of the marriage. The humiliating things were brought to Inglaterra; she understood but imperfectly, and could scarcely speak a word of French. She cried out.—*Wicked, wicked France!* —*Kom. Komi!* —*Milman, History of Latin Christianity*, b. ix. ch. iv.

Avoider. *s.* That which, or one who, avoids or shuns anything.

Good sir, stand away; you were wont to be a curious *avoider* of woman's company.—*Beaumont and Fletcher, Honest Man's Fortune*, iv. 1.

Avoidless. *adj.* Inevitable; incapable of being avoided. *Rare.*

She too, when ripen'd years she shall attain,
Must, of *avoidless* right, be yours again.

—*Depden, Translation of Ovid's Metamorphoses*. 1. That *avoidless* ruin in which the whole empire would be involved.—*Dennis, Letters*.

Avoidupois. *s.* and *adj.* [Fr. = have the weight.] Of full weight: (specially applied to measures).

Probably the Romans left their ounces in Britain, which is now our *avoidupois* ounce: for our Troy ounce we had elsewhere.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures*.

Two of them [harvest mice] in a scale weighed down just one copper half-penny, which is about the third of an ounce *avoidupois*; so that I suppose that they are the smallest quadrupeds in this island.—*White, Natural History of Selbourne*, let. 4.

Avolation. *s.* [Lat. *avolutio*, = onis.] Act of flying away; flight; escape. *Rare.*

These airy vegetables are made by the reflex of plantal emissives, whose *avolation* was prevented by the condensed enclosure.—*Glanville, Scopsis Scientifica*.

Strawners, or the fungous parcels about candles, only emit a pluvial air, hindering the *avolation* of the faviolous particles.—*Sir T. Browne, Vulgar Errors*.

Avouch. *v. a.* Affirm; maintain; declare peremptorily. See **Avow**.

They boldly *avouched* that themselves only had the truth, which they would at all times defend.—*Hooker*.

Wretched though I seem,
I can produce a champion that will prove
What is *avouched* here.

—*Shakespeare, King Lear*, v. 1.

Such antiquities could have been *avouched* for the Irish.—*Spenser, View of the State of Ireland*.

You will think you made no offence, if the Duke *avouch* the justice of your dealing.—*Shakespeare, Measure for Measure*, iv. 2.

A great public document, addressed to the whole Christian world by him who aspired to be the first ecclesiastic, we might be disposed to question its authenticity, if it were not *avouched* by the full evidence in its favour and its agreement with all the events of the period.—*Milman, History of Latin Christianity*, b. iv. ch. vii.

Avouch. *s.* Declaration; evidence; testimony. *Rare.*

I might not thus believe,
Without the sensible and true *avouch*
Of mine own eyes. —*Shakespeare, Hamlet*, i. 1.

Avouches. *s.* One who avouches.

This testimony did become an earnest *avoucher* thereof.—*Barrow, Sermons*, ii. 23.

Avow. v. a. [from Lat. *advoco* = call to.] Declare openly and without disguise; proclaim.

[To *avow* = *avouch*. Under the feudal system, when the right of a tenant was impugned he had to call upon his lord to come forwards and defend his right. This in the Latin of the time was called *advocare*, Fr. *avoucher à garantie*, to *vouch* or call to warrant. Then as the calling on an individual as lord of the fee to defend the right of the tenant involved the admission of all the duties implied in feudal tenure, it was an act justly looked after by the lord, and *advocare*, or the equivalent Fr. *avouer*, to *avow*, came to signify the admission by a tenant of a certain person as feudal superior. . . . Finally, with some grammatical confusion, Lat. *advocare*, and Fr. *avow* or *avouch*, came to be used in the sense of performing the part of the *vouch*er or person called on to defend the right impugned. —Wedgwood, *Dictionary of English Etymology*.]

His cruel stupor came when that was done,
Her wicked ways with wretched knife did end;
In death avowing th' innocence of her son.

Spenser, *Faerie Queene*.
He that delivers them mentions his doing it upon his own particular knowledge, or the relation of some credible person, avowing it upon his own experience. —Boyle.

Left to myself I must avow, I strove,
From publick shame to screen my secret love.

Dryden.
Such assertions proceed from principles which cannot be avowed by those who are for preserving church and state. —Swift.
Then blas'd his smother'd flame, avow'd and bold.

Thomson.
Be it avowed, when all is said,
She trod the path the many tread;
She loved too soon in life.

H. Tupper, *Philip Van Artevelde, The Lay of Kien*.

Avow. s. [from Lat. *voco* = vow.] Determination; vow. *Obsolete*.

But here I will make mine avow,
To do her as ill a turn. *Marriage of Sir Gavaine*.

Avowable. adj. [from Lat. *advoco* = call to.] Capable of being, or liable to be, openly declared.

The proceedings may be apt, and ingenious, and candid, and avowable; for that gives satisfaction and acquiescence. —Dunne, *Devotions*, p. 203.

Avowal. s. [from Lat. *advoco* = call to.] Justification declaration; open declaration.

He frankly confessed, that many abominable and detestable practices prevailed in the court of Rome; and by this sincere avowal, he gave occasion of much triumph to the Lutherans. —Hume, *History of England*, Henry VIII.

Avowed. part. adj. [from Lat. *advoco* = call to.] Declared; without disguise.

I was thine open, thine avowed enemy. *Manservant*.

Avowedly. adv. In an open manner.

Wilnot could not avowedly have excepted against the other. —Lord Clarendon.

Avower. s. [from Lat. *advoco* = call to.] One who avows or justifies.

Virgil makes Aeneas a bold avower of his own virtues. —Dryden.

Avulse. v. a. Pluck away. *Rare*.

Who scatter wealth, as though the radiant crop
Glittered on every beach; and every bough
Like that the Titan gather'd, once avuls'd,
Were by a splendid successor supplied,
Instant, spontaneous. *Shenstone*.

Avulsion. s. [Lat. *avulsio*, -onis; from *vulso*, part of *vell* = war off.] Act of pulling one thing from another.

Spare not the little offsprings, if they grow
Redundant; but the thronging clusters thin
By kind avulsion. *J. Phillips*.

The pressure of any ambient fluid can be no insupportable cause of the cohesion of matter; though such a pressure may hinder the avulsion of two polished superficies one from another, in a line perpendicular to them. —Locke.

Avylessness. s. Notice; fact of being made aware of anything. *Obsolete*.

I was in purpose to take a wife,
And for to have wedded without avylessness
A full fayre mayde.

Payne and Sorrows of evil Marriage: 15th cent.

Awat. v. a.

1. Expect; wait for.

Even as the wretch condemn'd to lose his life,
Awaits the falling of the murder's knife. *Fairfax*.
Betwixt the rocky pillars Gabriel sat,
Chief of th' angelic guards, awaiting night.

Milton, *Paradise Lost*, iv. 850.
Fifty thousand pounds a year, to which in strictness of law he had no right, awaited his acceptance, if he would only move to a greater distance from the country which, while he was near it, could never be at rest. —Macaulay, *History of England*, ch. xxiii.

2. Attend; be in store for.

To shew thee what reward
Awaits the good; the rest, what punishment.

Milton, *Paradise Lost*, xl. 710.
Unless his wrath be appeased, an eternity of torments awaits the objects of his displeasure. *Boyle*.

Awat. s. Ambush. See Wait. *Rare*.

And lest mishap the most bliss after may;
For thousand perils lie in close awat
About us daily, to work our decay. *Spenser*.

Awake. v. a. [from A.S. *awacian*, with *awacode* in the past tense.]

1. Rouse out of sleep.

Take heed how you impawn our person,
How you awake our sleeping sword of war.

Shakespeare, *Henry V.* l. 2.
Our friend Lazarus slept; but I so that I may awake him out of sleep. —John, xi. 11.

2. Rouse from any state resembling sleep.

Hark, hark, the horrid sound
His rais'd up his head:
Awake'd from the dead,
And unaz'd he stares round.

Dryden, *Alexander's Feast*.

3. Put into new action.

The spark of noble courage now awake,
And strive your excellent self to excel.

Spenser, *Faerie Queene*.

Awake. v. n. [from A.S. *awacan*, with *awoc* in the past tense.] Break from sleep; cease to sleep.

Alack, I am afraid they have awak'd;
And 'tis not done. *Shakespeare, Macbeth*, ii. 2.
I awak'd up last of all, as one that gathereth after the grape-gatherers. —Ezekiel, xlvi. 16.

Awake. adj. Not being asleep; not sleeping.

Inattention is like to work better upon sleeping men than men awake. *Bacon*.
Cares shall not keep him on the throne awake,
Nor break the golden slumbers he would take.

Dryden.

Awaken. v. a. and v. n. Same as Awake.

The fair
Repairs her smiles, awakens ev'ry grace,
And calls forth all the wonders of her face. *Pope*.

Awake, Argamir, Hervor the only daughter
Of thee and South doth awaken thee. *Hicks*.
The book ends abruptly with his awakening in a fright. —Pope, *Note in Temple of Fame*.

Awakener. s. That which, or one who, awakens.

Eternal flames become their first awakeners; and men began to be wise when it is too late. —Bishop Stillingfleet, *Sermons*, p. 23.

Awakening. verbal abs. Act of awaking.

Supposing the inhabitants of a country quite sunk in sloth, or even fast asleep, whether upon the gradual awakening and exertion, first of the sensitive and locomotive faculties, next of reason and reflexion, then of justice and piety, the momentum of such country or state, would not, in proportion thereto, become still more and more considerable. —Bishop Berkeley, *Quarist*, 161.

Awanting. verbal abs. Wanting.

There is no joy without the clan Donald,
No battle when they are awanting.

The Book of the Dean of Lismore, p. 95.

Award. v. a. Adjudge; give anything by a judicial sentence.

[*Award*. The primitive sense of *award* is shown in the It. *guardare*, Fr. *regarder*, to look. Hence Prov. Fr. *rewarder* (answering in form to E. *award*), to inspect goods, and, incidentally, to pronounce them; good and marketable; *awardleur*, an inspector. (Heurt.) An *award* is accordingly in the first place the taking a matter into consideration and pronouncing judgment upon it, but in later times the designation has been transferred exclusively to the consequent judgment. In like manner in O.E. the verb *to look* is very often found in the sense of consideration, deliberation, determination, *award*, decision. —Wedgwood, *Dictionary of English Etymology*.]

A pound of that same merchant's flesh is thine;
The court awards it, and the law doth give it.

Shakespeare, *Merchant of Venice*, iv. 1.

It advances that grand business, and according to which their eternity hereafter will be awarded. —Dr. H. More, *Tracy of Christian Piety*.

A church which allows salvation to none without it, nor awards damnation to almost any within it. —South.

Satisfaction for every affront cannot be awarded by stated laws. —Voltaire, *On Duelling*.

When you have pleaded, we shall award the sheriff to impound a jury. —Treatise of Stephen Colledge: 1681. (Ord MS.).

This is the name which every man
Awards to McWilliam from Clor Scith;
An ardent, white-toothed, ready youth,
One who for aught he did nor mourned.

The Book of the Dean of Lismore, p. 14.

Award. v. n. Judge; determine.

Th' unwise award to lodge it in the tow'rs,
An offering sacred. *Pope, Homer's Odyssey*.

Award. s. Judgement; sentence; determination.

Near hear th' award, and happy may it prove
To her, and him who best deserves her love. *Dryden*.

* Affection bribes the judgment, and we cannot expect an equitable award, where the judge is made a party. —Glasseville.

To urge the foe,
Prompted by blind revenge and wild despair,
Were to refuse the awards of Providence.

Addison, *Cato*.

As the war became more imminent, more inevitable, both before and after the rejection of the award in favour of the king by the acknowledged arbitrator, Louis IX., the Pope adhered with impetuous fidelity to the king. —Milman, *History of Latin Christianity*, b. xi. ch. iii.

Yet a perfectly dispassionate enquirer may perhaps think it by no means clear that the award of execution was illegal. —Macaulay, *History of England*, ch. xv.

Actions involving mere questions of account are often referred to some competent person, whose award is made a rule of courts and acted on. —A. Poullanque, *Just*, *How we are governed*, let. 16.

Awärder. s. Judge.

The just awärder of vengeance upon those miscreant wretches. —Barrow, *Sermons*, i. 2.
The high awärder of immortal fame.

Thomson, *Liberty*, ii.

He had the Prefect in his pay; he lavished gifts upon the nobles; he established his partisan Ptolemy, the Count of Tusculum, in all the old possessions and rights of that house, so long the tyrant, at one time the awärder, of the Papal tiara, gave him his natural daughter in marriage, and so established a formidable enemy to the Pope and a powerful adherent of the Emperor, within the neighbourhood, within the city itself. —Milman, *History of Latin Christianity*, b. viii. ch. xi.

Awäre. adverbial adj. On the guard; excited to caution; vigilant; in a state of alarm; attentive.

Ere I was aware, I had left myself nothing but the name of a king. —Sir P. Sidney.

Ere sorrow was aware, they made his thoughts bear away something else besides his own sorrow. —Keats.

Temptations of prosperity insinuate themselves; so that we are but little aware of them, and less able to withstand them. *Bishop Atterbury*.

But Antigonus was a rare of his designs against himself, and of his intrigues with Cleopatra. —Bishop Threlkell, *History of Greece*, ch. liii.

Yet I think that the methods of discovery which I have to recommend, though gathered from a wider survey of scientific history, both as to subjects and as to time, than (so far as I am aware) has been elsewhere attempted, are quite as definite and practical as any others which have been proposed; with the great additional advantage of being the methods by which all great discoveries in science have really been made. —Whetzel, *Novum Organum renovatum*, preface.

Awäre. v. a. Caution. *Rare*.

Now gan the humid vapour shed the ground
With pearly dew, and th' æthereal gloomy shade
Did dim the brightness of the welkin slands
That every bird and beast appeared made
To shroud themselves, while sleep their senses did invade. *Spenser, Faerie Queene*, iii. 10, 46.

Awäy. adv. [on way.]

1. In a state of absence.

a. Not in any particular place.

They could make
Love to your dream, although your face were awäy.

It is impossible to know properties that are so annexed to it, that any of them being awäy, that essence is not there. —Locke.

b. From any place or person.

I have a pain upon my forehead here. —
Faith, that's with watching; 'twill away again.

Shakespeare, *Othello*, iii. 3.

When the fowls came down upon the carcases,
Abraham drove them awäy again. *Genesis*, xv. 11.

Would you youth and beauty stay,
Love hath wings, and will awäy. *Waller*.

Summer suns roll unperceived awäy. *Pope*.

Awäy with. Take away.

Awäy with this man, and release unto us Barabbas. —St. Luke, xxiii. 18.

If you dare think of deservng our alarms,
Awäy with your sheephooks, and take to your arms.

Dryden.

2. Let us go; begone.

Awäy, old man! give me thy hand; awäy!

King Lear hath lost, he and his daughter ta'en;
Give me thy hand. *Come on.*

Shakespeare, *King Lear*, v. 2.

AWAYWARD} A W A Y

*Away, and glister like the god of war,
When he intendeth to become the field.*
Shakespeare, King John, v. 1.
I'll to the woods among the happier brutes:
Come, let's away; hark, the shrill horn resounds.
Smith, Phœdra and Hippolytus.
Away, you flatterer!
Nor charge his generous meaning.
Bowe, Jane Shore.

3. Out of one's own hands.

It concerns every man, who will not trifle away his soul, and fool himself into irrecoverable misery, to inquire into these matters.—*Archbishop Tillotson.*

It is often used with a verb, and signifies to make away with anything by the act which the verb implies.
He played his life away. *Pope*

4. On the way; on the road.

Sir Valentine, whither away so fast?
Shakespeare, Two Gentlemen of Verona, iii. 1.
Away with, preceded by can and a negative.
Endure; tolerate; put up with.
She never could away with me. Never, never: she would always say, she could not abide minster Shallow.—*Shakespeare, Henry IV. Part II. iii. 2.*
The calling of assemblies, I cannot away with.—*Isaiah, i. 15.*

Awayward. adv. Older form for A way, in the sense of turning aside from a place or person. *Rare.*

But he, that kyng, with eyen wrothe,
His chere [face] awayward on me raste.
Chaucer, Confessio Amantis, l.

Awe. v. a. Strike with reverence or fear; keep in subjection.

If you will work on any man, you must either know his nature and fashions, or so lead him; or his ends, and so persuade him; or his weaknesses and disadvantages, and so awe him; or those that have interest in him, and so govern him.—*Bacon.*
Why then was this forbid? Why, but to awe!
Why but to keep you low and ignorant,
His worshippers? *Milton, Paradise Lost, ix. 708.*
Heav'n that hath plac'd this island to give law,
To balance Europe, and her states to awe. *Voltaire.*
The rods and axes of princes, and their deputies, may awe many into obedience, but the fane of their goodness, justice, and other virtues, will work on more.—*Bishop Atterbury.*

Awe. s. [A. S. *æwe* = terror.] Reverential fear; reverence.

They'll be brought up filly, without awe of parents, without precepts of masters, and without fear of offence.—*Spenser, Vision of the State of Ireland.*

• This thought fixed up on him who is only to be feared, God: and yet with a filial fear, awe at the same time both fears and loves. It was awe without amazement, and dread without distraction.—*Saunders.*

What is the proper awe and fear which is due from man to God?—*Roos.*

At which words he turned about, and began to enquire again after his lord's goodness, for would it probably have been sufficient excuse for his wife that she split them in his defence, had not some awe of the company, especially of the Italian traveller, who was a person of great dignity, withheld his rage.—*Fichtelberg, Adventures of Joseph Andrews.*

• There the common sense of most shall hold a fearful realm in awe.

And the kindly earth shall slumber, lapt in universal law.

It called his soul to think that the kingdom which he ruled was of far less account in the world than many states which possessed smaller natural advantages; and he listened eagerly to foreign ministers when they urged him to assert the dignity of his rank, to place himself at the head of a great confederacy, to become the protector of injured nations, and to tame the pride of that power which held the Continent in awe.—*Macleay, History of England, ch. iv.*

[**Awe.** Fear, dread, reverence, and then transferred to the cause of fear, assuming the signification of anger, discipline, chastisement.

But her beseechment (Una's) full of kindly awe And high discipline, whereas his sovereign dame So rudely handled by her foe he saw,
With gaping jaws full ready at him came.

A. M. *æga, ægna, fear, dread.* *ægel, ægryl, terrible; æga, to be an object of wonder or fear; æger ægryl, I am amazed, I am terrified; æga, terror; ægna, to terrify; ægnar-mat, threats; æg, æga, wonder, æga-þun, ægaþun, to wonder at, to be angry; lann, awe, chastisement, correction, awe, fear discipline. 'At slæpe under eina æga'—to stand in awe of one; 'At holdu I stræng æga'—to keep a strict hand over; Isl. *ægi, discipline. Þrott ægi, fear; æga to fear; inn-ægi, ægjan, to threaten, terrify. Gæd, ægh, fear, astonishment, awe.—Wagwood, Dictionary of English Etymology.]**

Awe-commanding. adj. [two words rather than a compound.] Striking with awe.

A W H I

Her lion port, her awe-commanding face,
Attended sweet to virgin grace. *Gray, The Bard.*

Aweary. adj. Weary; tired.

I am aweary; give me leave awhile.
Shakespeare, Romeo and Juliet, ii. 5.
Are you aweary of that title?—*Wycherley, Love in a Wood.*

She only said 'My life is dreary,
My life is dreary,' she said:
She said 'I am aweary, aweary,
And I would that I were dead.'

Tranquy, Mariana in the moated Grange.

Awestruck. part. adj. Impressed with awe.

I was awe-struck.
Milton, Comus, 301.]
The Palais Royal has become a place of awe-struck interjections, silent shakings of the head.—*Curley, French Revolution, bk. i. b. v. ch. iv.*

Later writers have protected the Pope by miracle from an attempted assassination, and bowed the awe-struck church before the feet of Martin. But Olympeus was hastily summoned from Rome to reject an invasion of Sicily by the Saracens, and died of fatigue in that island. *Mitman, History of Latin Christianity, b. iv. ch. vi.*

Awful. adj.

1. Striking with awe, or filling with reverence.

So awful, that with honour thou may'st love
Thy name: who sees, when thou art seen, least wise.
Milton, Paradise Lost, viii. 377.

I approach thee thus, and gaze
Insatiate; I thus single; nor have fear'd
Thy awful brow, more awful thus retir'd,
Fairer resemblance of thy Maker fair!

Ibid. ix. 537.

2. Worshipful; in authority; invested with dignity. *Obsolete.*

Know then, that some of us are gentlemen,
Such as the fury of ungenerous youth
Thrust from the company of awful men.

Shakespeare, Two Gentlemen of Verona, iv. 1.

3. Struck with awe; timorous; scrupulous. *Rare.*

To pay their awful duty to our presence,
Shakespeare, King Richard II. iii. 3.
It is not nature and strict reason, but a weak and awful reverence for antiquity, and the voice of fallible men. *Watts.*

Awful-eyed. adj. [two words rather than a compound.] Having eyes exciting awe.

Pure and undidled temperance, manly and awful-eyed fortitude.—*Dr. H. More, Song of the Soul, notes, p. 473.*

Awfully. adv. In an awful, or reverential, manner.

It will concern a man, to treat this great principle awfully and warily, by still observing what it commands, but especially what it forbids.—*South.*

All men will be ready most awfully to dread Him, unto whom they see princes themselves humbly to stoop and bow.—*Barrow, Works, i. 38.*

The lion awfully forbids the prey.

Dryden, Hind and Panther, 304.
How shall I then attempt to sing of Him,
Who, Light Himself, in mercenated light
Invested deep, dwells awfully retir'd
From mortal's eye, or angel's purer ken?

Thomson, Seasons, Summer, 177.

Awfulness. s.

1. Attribute suggested by Awful.

These objects naturally raise seriousness; and night brightens the awfulness of the place, and pours out her supernumerary horrors upon every thing.—*Adrian.*

2. State of being struck with awe. *Rare.*

An help to prayer, producing in us reverence and awfulness to the divine majesty of God.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Awhape. v. a. Strike; confound; terrify. *Obsolete.*

[**Awhape.** To dismay; properly, to take away the breath with astonishment, to stand in breathless astonishment. *W. Cheever, a god; lish, awape, breath; Goth, awapjan, lish, lish, to choke, to suffocate; Goth, awapjan, lish, lish, to be choked; Sw, quaf, choking, oppressive.—Wagwood, Dictionary of English Etymology.]*

Ah! my dear gossip, answer'd then the ape,
Deeply do you and words my wits awape,
Both for because your grief doth great appear,
And eke because myself am touch'd near.

Spenser, Mother Hubbard's Tale.

Awhols. adv. On wheels. *Rare.*

And will they not cry then, the world runs awhols.
—*H. Jonson, Mucius, Vision of Delight.*

Awhile. adv. See While.

Awhit. adv. [see White.] Jot; tittle.

Did he [God] find our sins laid upon the blessed Son of his love, of his nature? He spares him not awhit.—*Bishop Hall, Remains, p. 181.*

A W N

Awk. adj. [Provincial German, *awech*.] Awkward. *Obsolete.*

Surely Plutarke is wonderful in confuting the beauties of the Epicures, and the awt opinions of the Stoicks.—*Trevelness of Christian Religion, 348.* (Ord M8.)

Awkly. adv. Awkwardly. *Obsolete.*

They quitted their hands of this undertaking awkly.—*Christian Religion's Appeal, p. 35, Lib. 1.* (Ord M8.)

Awkness. s. Same as Awkwardness. *Obsolete.*

Come, my child, I see thou fearest thou shalt never get anything; but look not at thine own awkwardness, look at the Lord's case.—*Rogers, Naaman the Syrian, p. 278.* (T.)

The skillful can work much upon little, and by his cunning overcome the awkwardness of his stuff.—*Trevelness of Christian Religion, 593.* (Ord M8.)

Awkward. adj. Unhandy; ungainly;

clumsy; inelegant; perverse; untoward.
And twice by awkward wind from England's bank
Drove back again.

Shakespeare, King Henry VI. Part II. iii. 2.

A kind and constant friend
To all that regularly offend
But was implacable and awkward,
To all that interlop'd and hawk'd.

Butler, Hudibras.
Their own language is worthy their care; and they are judged of by their handsome or awkward way of expressing themselves in it.—*Locke.*

An awkward shame, or fear of ill usage, has a share in this conduct.—*Swift.*

Slow to resolve, but in performance quick;
So true, that he was awkward at a trick. *Dryden.*
It scolded the awkward signal of the rejected
To find how very badly she selected.

Byron, Don Juan, xi. 56.

Awkwardly. adv. In an awkward manner.

Demetrius nothing from the waist upwards, and swearing he never knew man go more awkwardly to work. *Sir P. Sidney.*

When any thing is done awkwardly, the common saying will pass upon them, that it was suitable to their breeding.—*Locke.*

If any pretty creature is void of genius, and would perform her part but awkwardly, I must nevertheless insist upon her working.—*Addison.*

She still renews the ancient scene:
Awkwardly gay, and oddly merry;

Her scarf made pink, her head-knot cherry. *Prior.*
If a man be taught to hold his pen awkwardly, yet writes sufficiently well, it is not worth while to teach him the accurate methods of handling that instrument. *Watts, Improvement of the Mind.*

Awkwardness. s. Attribute suggested by Awkward.

One may observe awkwardness in the Italians, which easily discovers their aims not to be natural.—*Addison.*

All his airs of behaviour have a certain awkwardness in them; but these awkward airs are worn away in company.—*Watts, Improvement of the Mind.*

Awl. s. [A. S. *ele*.] Pointed instrument for boring holes.

He which was minded to make himself a perpetual servant, should, for a visible token thereof, have also his ear bored through with an awl.—*Hooker.*

You may likewise prick many holes with an awl, about a joint that will lie in the earth.—*Mortimer, Husbandry.*

Awless. adj. Wanting respectful fear.

Against whose fury, and th' unmatch'd force,
The awless lion could not wage the belt.

Shakespeare, King John, i. 1.

The tiger now hath seiz'd the gentle hind;
Insulting tyranny begins to jet
Upon the innocent and awless throne.

Id., Richard III. ii. 4.

He claims the bull with awless insolence,
And having seiz'd his horns, accosts the prince.

Dryden.
Awne, or Aume. s. [Ger. *awm*.] German measure of capacity for liquids, especially the Rhenish wines, containing 41 English wine-gallons.

Your floating argosies, your awmes of wine.

Oldham.

Awne. s. [? Lat. *avena* = oat. The style of the Avena is awnlike. The Icelandic *ogv* is a collateral form.] Bristle-like elongation of the midrib of a bract, forming the beard in corn and other grasses.

The awns in this grass (*Setaria pennisata*, rather-grass) are inordinately long, waving in the wind like delicate fringed streamers.—*Hall, Botany.*

Awning. *s.* [see extract].

1. Cover spread over a boat or vessel, to keep off the weather.

It should be observed that many of our sea terms are of Low German origin. Awning is rightly traced by the Rev. J. Davies to the P. D. *hewening*, from *hewen*, a place where one is sheltered from wind and rain, shelter, as in the lee of a building or bush. Compare Dan. *awna*, *awen*; and with respect to the loss of the initial *h*, which is very unusual in a Teutonic derivation, E. *average*, Dan. *havert*.—*Walden*, *Dictionary of English Etymology*.

Our ship became sulphurous no decks, no awnings, nor invention possible, being able to refresh us.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 7.

2. Covering, in general, to defend those who sit under it from the rays of the sun.

Round the parapet-wall at top are placed rows of square pillars, meant either for ornament according to some traditional mode of decoration, or to fix awnings to, that such as sit there for the benefit of the sea-breeze may be sheltered from the rays of the sun.—*Swinhoe, Travels through Spain*, pt. 28.

Awork. *adv.* [on work.] At, or on, work.

So after Pyrrhus' pause,
Aroused vengeance sets him new awork.

Shakespeare, Hamlet, li. 2.
By perswading the condition, it sets us awork to the performance of it, and that by living well.—*Hammond*.

Aworkeing. *adv.* In action.

Long they thus travelled, yet never met
Adventure which might then aworkeing set.
Spenser, Mother Lubber's Tale.

Awry. *adv.*

1. Not in a straight direction; obliquely.

But her sad eyes still fast'ned on the ground,
Are governed with goodly modesty;
Thou suffers not one look to glower awry,
Which may let in a little thought unad.

Spenser.
Like perspectives which rightly gaze'd upon,
Show nothing but confusion; ey'd awry,
Distinguish form. *Shakespeare, Richard II.* li. 2.
A violent cross wind, from either coast,
Blows them transverse; ten thousand leagues awry,
Into the desart air. *Milton, Paradise Lost*, iii. 488.

- a. Asquint: (applied to vision).

You know the king
With jealous eyes has look'd awry
On his son's actions. *Sir J. Denham, Sophy*.

- b. Unevenly.

Not tyrants fierce, that unrepenting die,
Nor Cynthia when her mantle's pin'd awry,
E'er felt such rage. *Pope*.

2. Not according to right reason; perversely.

All awry, and which wile it to the most wry
course of all, wit awry; rather to feign reason why
it should be amiss, than how it should be amended.
—*Sir P. Sidney*.

Much of the soul they talk, but all awry,
And in themselves seek virtue, and to lose themselves
All glory arraigne. *Milton, Paradise Lost*, iv. 313.

Az. *v.* a. [A.S. *æscian*.] Older form of A.Sk.

Therefore in thy concrete assage
To æs God mercy, and keep his commandments.

Flyke, Scourer.
Here of all my synnes I æs God mercy. *Ibid*.
Then for as much as it is Fortunes gyve,
To graunt no manne all thyng that he will æs.

Thomas More to them that scke Fortune. (Ord MS.)

Az. *s.* [A.S. *æar*.] Instrument consisting of a metal head, with a sharp edge, fixed on a helve or handle, to cut with.

As when a man goeth into a wood with his neighbour
to hew wood, and his hand fetcheth a stroke
with the æz.—*Deuteronomy*, xix. 5.

Abimelech took an æz in his hand.—*Judges*, ix. 48.
There stood a forest on the mountain's brow,
Which overlook'd the shaded plains below:
No sounding æs presumed these trees to bite,
Covert with the world; a verdant sight. *Dryden*.

His temper was very different when he woke the
next morning, when the courage which he had drawn
from wine and company had evaporated, when he
was alone with the iron gates and stone walls, and
when the thought of the block, the æz, and the
awful rose in his mind.—*Macaulay, History of England*, ch. xvii.

Azhead. *s.* [perhaps two words rather than a compound.] Head, or iron part, of the ax.

As one was felling a beam, the azhead fell into the
water.—*3 Kings*, vi. 5.

If an azhead be supposed to float upon water,
which is specifically much lighter than it; it had
been supernatural at that time as well as in the
days of Balaam.—*Bentley, Sermons*, p. 181.

Azila. *s.* [Lat. *axilla* = armpit.] In Botany.

Angle formed by the union of the upper

surface of the leaf and the stem, or by the
divergence of a branch.

The part where two branches diverge is called the
axil; or, in old botanical language, the *ala*.—*Lindey*,
Introduction to Botany, li. l. ch. ii.

Axillary. *adj.* Belonging to the armpit;
by demonstration; established principle, to
be granted without new proof.

The axillary artery is distributed into the head;
below the cubit, it divideth into two parts.—*Sir T. Browne*.

Axiom. *s.* [Gr. *ἀξίωμα*; from *ἀξίω* = admit
as a principle.] Proposition evident at
first sight, that cannot be made plainer
by demonstration; established principle, to
be granted without new proof.

Axioms, or principles more general, are such as
this, that the greater good is to be chosen before the
lesser.—*Hooker*.

The axioms of that law, whereby natural agents
are guided, have their use in the moral.—*Id.*

Their affirmations are no axioms; we esteem
them as things unaided, and account them but in
list of nothing.—*Sir T. Browne*.

When monks or friars were the only men of letters,
and monastic schools the only field on which intel-
lect encountered intellect, the huge tomes of Aquinas,
and the more summary axioms of Peter Lombard,
might absorb almost the whole active mind of
Christendom. *Milman, History of Latin Christianity*, li. xiv. ch. x.

The idea of space is exhibited for scientific purposes,
by the definitions and axioms of geometry; such,
for instance, as these:—the definition of a right
angle, and of a circle; the definition of parallel
lines, and the axioms concerning them;—the axiom
that two straight lines cannot inclose a space. These
definitions are necessary, not arbitrary; and the
axioms are needed as well as the definitions, in order
to express the necessary conditions which the idea
of space imposes. The definitions and axioms of
elementary geometry do not completely exhibit the
idea of space. In proceeding to the higher geometry,
we may introduce other additional and independent
axioms; such as that of Archimedes, that a curve
line which joins two points is less than any broken
line joining the same points and including the curve
line.—*Whewell, Novum Organum renovatum*, 26, 27.

Axiomatic. *adj.* Relating to an axiom.

After the decline of the Aristotelian philosophy,
many controversies arose touching the truth and, still
more, touching the axiomatic character of the law.
Sir W. Hamilton, Logic, i. 84.

In order to acquire any exact and solid knowledge,
the student must possess with perfect precision the
ideas appropriate to that part of knowledge; and
this precision is tested by the student's perceiving the
axiomatic evidence of the axioms belonging to
each fundamental idea.—*Whewell, Novum Organum renovatum*, 17.

Axiomático. *adj.* Same as Axiomatic.

Hippocrates did well to front his axiomatic
experiments (the book of Aphorisms) with the grand
miseries in the practice of most able physicians.
—*W. Kilbuck, Manners of the English*, p. 100.

That a conjectural critic should often be mistaken,
cannot be wonderful either to others or himself,
if it be considered that in his heart there is no
system, no principle and axiomatic truth, that
regulates subordinate position. *Johnson, Preface to Shakespeare*, (Ord MS.)

Axis. *s.* Species of Indian deer (*Cervus*
Axis).

In the glades and park-like openings, the spotted
axis troops in herds as numerous as the fallow-deer
in England. . . . And in journeys we found the flesh
of the axis and the mungie a sorry substitute for
that of the pen-fowl, the jungle-cock, and flamingo.
—*Sir J. E. Tennant, Ceylon*, pt. ii. ch. li.

Axis. *s.* [Lat. *axis* = axle.]

1. Line, real or imaginary, that passes through anything, on which it may revolve.

But since they say our earth, from morn to morn,
On its own axis is oblig'd to turn;
That swift rotation must disperse in air
All things which on the rapid orb appear.

Sir R. Blackmore.

On their own axes are the planets run,
And make at once their circle round the sun
So two concentric motions met the soul,
And one regards itself, and one the whole. *Pope*.

The moon resembles the earth in being a solid,
opaque, nearly spherical substance, appearing to
contain, or to have contained, active volcanoes; re-
ceiving heat and light from the sun, in about the
same quantity as our earth; revolving on its axis;
composed of materials which gravitate, and obeying
all the various laws resulting from that property.
—*Mill, System of Logic, On Analogy*.

2. In Optics. Ray passing through the centre of the eye.

But, by that ingenious instrument of Professor
Wheatstone's invention—the pseudoscope—the last
two are made to contradict each other. The mus-
cular actions, by which the usual axes are adjusted.

being the more marked and accompanied by the
stronger sensations, give the preponderating evi-
dence, and the result is, that, when looked at through
the pseudoscope, convex objects seem concave, and
concave ones convex.—*Herbert Spencer, Elements of Psychology*, pt. iii. ch. xiv.

Axle. *s.* Cylinder which passes through the
middle of the wheel, and on which it re-
tates.

And the skilled car of day
His glowing axle doth ally
In the steep Atlantic stream. *Milton, Comus*, 90.

Axletree. *s.* Same as Axle.

Venerable Nestor
Should with a bound of air, strong as the axletree
On which heav'n rides, knit all the Grecian wars
To his experience'd tongue.

Shakespeare, Troilus and Cressida, i. 3.
The fly sat upon the axletree of the chariot-wheel,
and said, What a dust do I raise!—*Iacon*.

He saw a great sorow appear
Thou his bright throne, or burning axletree, could
bear. *Milton, Ode on the Morning of Christ's Nativity*, 84.

ay. [A.S. *gea* = yea.—As a part of speech
this word belongs to the same group as *yes*
and *no*; these being words of a class by
themselves, and according to the principles
of the present writer, by no means
adverbs, though often called so. It is
submitted to the reader that the best test
for ascertaining what part of speech a given
word is to be considered, is to ask what
place it takes in the construction of a pro-
position. Now the adverbs only enter into
propositions in conjunction with some other
term; being for this reason called by the logi-
cians *symplocative*, i.e. words which
can only form a term in which anything is
predicated by being joined with something
else. We can say *the fire burns brightly*,
but not *the fire brightly*, &c.

Now *yes* and *no* constitute not only terms
but something more, i.e. whole proposi-
tions; being equivalent to *it is so*, and *it is*
not so. Yet they are not independent pro-
positions. They never stand alone. They
are answers to either questions or com-
mands. As such they imply a proposition
to which they correspond. This is their
characteristic. They can form propositions,
but only when there is another to match
them. For the difference between them and
the conjunctions see Conjunction.]

1. Yes.

Return you thither?—
Ay, madam, with the sweetest wine of speed.
Shakespeare, All's well that ends well, iii. 2.
What say'st thou? Will thou be of our consort?
Say ay; and be the captain of us all.

Id., Two Gentlemen of Verona, iv. 1.

2. Even; yes, certainly, and more than that.

Remember it, and let it make thee rest fall'n;
Ay, and ally this thy abortive pride.

Shakespeare, Henry VI. Part II. iv. i.

ay. *s.* Word itself, by which, in Parliament,
consent, when given by acclamation, is ex-
pressed.

Another was the late Speaker Trevor, who had,
from the chair, put the question whether he was, or
was not, a rogue, and had been forced to pronounce
that the *ay* had it. *Macaulay, History of England*, v. 10.

In the Commons members must be present and
signify their wishes by saying 'aye' or 'no.' If the
'noes' are in the majority, the bill or amendment is
lost; if the 'ayes' prevail, the bill proceeds, or the
amendment stands part of it. *A. Foulsham, jun.,*
How are governed, pt. 7.

The Noes were a hundred and seventy, and the
Ayes only a hundred and sixty one. Another attack
was made a few days later with no better success.
The Noes were a hundred and eighty five, the
Ayes only a hundred and seventy five.—*Macaulay, History of England*, ch. 22.

ay! interj. Ah (noting complaint).

Ay me! I fondly dream! *Milton, Lycidas*, 54.

Aye. *adv.* [see Ever.] Always; for ever.

Rhetorical.

Alas, my needs we shall never meet;
Aye, aye, for aye,
Not so, Gammer, we might it find,
If we knew where it lay.

Gammer Gurton's Needle, l. 5. (Ord MS.)

And now in darksome dungeon, wretched thrall,
Remediless for aye he doth him hold.

Spenser, *Faerie Queen*.

Rather prepare to die,
Or on Diana's altar to protest,
For aye, austerity and single life.

Shakespeare, Midsummer-Night's Dream, i. 1.
The soul, though made in time, survives for aye:
And, though it hath beginning, sees no end.

Sir J. Davies, On the Immortality of the Soul.
And hears the muses, in a ring,
Aye round about Jove's altars sing.

The astonish'd mariners aye ply the pump;
No stay, nor rest, till the wide breach is clos'd.

A. Philips.

This brute is much like a dog, greedy aye for
stolen flesh.—*The Book of the Dean of Lismore*, p. 108.

Aye-aye. s. [see extract.] Cheiromys
madagascariensis.

Soumerai had both a male and female, which, on
board ship, were fed on cooked rice, and lived only two
months. He obtained them from the West Coast of
Madagascar, which he affirmed to be the part of the
island they inhabit. The natives of the East Coast
declared that his specimens were the first they had
seen; and their cry of astonishment, *aye-aye*, on be-
holding the odd-looking quadruped, suggested the
name which Soumerai gave to it. . . . But, after his
close examination of the skin of the *aye-aye* pre-
sented to the Royal Museum by Soumerai, concludes
that it is more closely allied to the genus of squirrels
than to any other, &c.—*Owen, Monograph on the
Aye-aye*.

Aymes. s. The words *Ay me!* united, and
used materially. *Obsolete*.

Aymes, and hearty heigh-hoes,
Are sallets fit for soldiers!

Benmont and Fletcher, *Nonduca*, i. 2.

Cupid is the hero of heigh-hoes, [and] admiral of
ay-mees.—*Heywood, Love's Mistress*.

Sonnets from the melting lover's brain,
Aymes and elegies.

The Woman Hater, iii. 1: 1607.

Áyry. s. Same as *Éyry*.

I should discourse on the brancher, the haggard,
and then treat of their several *ayries*.—*L. Walton*,
Angler.

Ázimuth. s. See extract.

Ázimuth is the angular distance of a celestial
object from the north or south point of the horizon
(according as it is the north or south pole which is
elevated), when the object is referred to the horizon
by a vertical circle; or it is the angle comprised be-
tween two vertical planes, one passing through the
elevated pole, the other through the object.—*Sir J.*
Herschel, Outlines of Astronomy, art. 103.

The pilots now their *ázimuth* attend,
On which all courses, duly form'd, depend:
The compass plac'd to catch the rising day;
The quadrant's shadows studious they survey;

Along the arch the gradual index slides,
While Phoebus down the vernal-circle glides.

W. Falconer, *The Shipwreck*, i.

We have borrowed from the Arabians various us-
tronomical terms, as *Zenith*, *Nadir*, *Ázimuth*, *Alma-*
cantar. And these words, which among the Arabians
probably belonged to the first class of appropriated
scientific terms, are for us examples of the second
class, invented scientific terms; although they differ
from most that we have mentioned, in not containing
an etymology corresponding to their meaning in any
language with which European cultivators of science
are generally familiar. Indeed, the distinction of
our two classes, though convenient, is in a great
measure, casual. Thus most of the words we for-
merly mentioned, as *parallax*, *horizon*, *eclipse*,
though appropriated technical terms among the
Greeks, are to us invented technical terms.—*Whe-*
well, Novum Organum renovatum.

Azôte. s. [Gr. *á* = not, *zōo* = live; that which
will not sustain life.] Nitrogen.

The Cruciferæ and Fungi contain an unusual pro-
portion of *azote*; the Labiatae are the chief sources
of essential oils, the Solanaceæ are very commonly
narcotic, &c.—*Herbert Spencer, First Principles*.

Azotized. adj. Nitrogenized.

The temperature of our body is kept up by sub-
stances which contain no nitrogen, and are called
non-azotized; the incessant decay in our organism
is repaired by what are known as *azotized* sub-
stances, in which nitrogen is always found. In the
former case, the carbon of non-azotized food com-
bines with the oxygen we take in, and gives rise to
that infernal combustion by which our animal heat
is renewed. In the latter case, nitrogen having
little affinity for oxygen, the nitrogenous or *azotized*
food is, as it were, guarded against combustion; and
being thus preserved, is able to perform its duty of
repairing the tissues, and supplying those losses
which the human organism constantly suffers in the
wear and tear of daily life.—*Buckle, History of Civil-*
ization in England, ch. 1.

The extreme rapidity of the putrefaction of azo-
tized substances, compared with the gradual decay
of non-azotized bodies (such as wood and the like),
by the action of oxygen alone, he explains from the
general law that substances are much more easily
decomposed by the action of two different affinities
upon two of their elements, than by the action of
only one.—*Herbert Spencer, First Principles*.

Ázure. adj. [Fr. *azur*; Ital. *azzurro*.] Blue;
faint blue.

Like panels round of marble clear,
Where *ázur'd* veins would mix appear.

Sir P. Sidney.

The blue of the first order, though very faint and
little, may be the colour of some substance; and the
ázure colour of the skies, seems to be this order.—
Sir I. Newton.

Thus replies

Minerva, graceful with her *ázure* eyes. *Pope*.

His *ázure* turbulent domain
Your empire owns.

Thomson,

Mortal! to thy bidding bowed,
From thy mansion in the cloud,
Which the breath of twilight builds,
And the summer's sunset glids,
With the *ázure* and vermillion,
Which is mixed for my pavilion. *Byron, Manfred*.

Ázured. part. adj. *Ázure*.

I have bedimm'd

The noon-tide sun, called forth the mutinous winds,
And 'twixt the green sea and the *ázur'd* vault
Set roaring war. *Shakespeare, Tempest*, v. 1.

The proceeding and power of God, covering, from
his heaven and *ázured* throne, his poor children,
exposed otherwise unto all injuries of weather,
storms, and tempests.—*Harmar, Translation of*
Beza's Sermons, p. 371.

Come, serene looks
Clear as the crystal brooks,
Or the pure *ázur'd* heaven.

Sir H. Wotton, Reliquie Wottonianæ.

No clear appeared upon the *ázured* sky:
A veil of storms had shadow'd Phoebus,
And in a sable mantle of disgrace,
Sate he that in y-clopest heaven's bright eye,

As though that he

Perplexed for Clytia, meant to leave his place,
And wrapt in sorrows did resolve to die.

Greene, Poems.

Ázurine. adj. Sky-blue. *Rare*.

Among the stones of this mine, that is best which
is of a blew or *ázurine* colour, like unto a sapphire,
and is commonly called *Lapis lazuli*.—*Eden, Martyr*,
335.

Gobi which is founde in the mountains lyeth in
order of veins between quarry and quarry joyned
with the sayde *ázurine* stone, and mixte therein.—
Ibid. (Ord MS.)

Ázurn. adj. *Ázure*. *Rare*.

The *ázurn* sheen

Of turkis blue, and emerald green.

Milton, Comus, 883.

Ázygous. adj. [Gr. *á* = not, *ζῦγον* = yoke.]
In *Anatomy*. Unpaired.

The shape, size, and number of the median *azy-*
gous dorsal and anal fins, depend on the develop-
ment and grouping of the necessary and extraordinary
spines; the true vertebral, neural, and neural spines
give scarcely more indication of the nature or exis-
tence of those fins, than the neural spines in the
porpoise or fin-whales do of their not less essentially
though more histologically dermal dorsal fin.—*Owen*,
Lectures on Comparative Anatomy, lect. iii.

Azyme. s. [Gr. *á* = not, *ζῆμα* = leaven.]
Unleavened bread.

We have shunned the obscenity of the Pagans in
their *azyms*, tunick, &c.—*The Translators of the*
Bible to the Reader.

B.

B

B. The second letter of the English al-
phabet.

B from a *battledore*. To be unable to dis-
tinguish a B from a *battledore* is to be
without discernment or learning. *Obso-*
lete.

You shall not need to buy a book. No, scorn to
distinguish a B from a *battledore*.—*Decker, Gull's*
Hornbook, p. 23.

For in this age of critics are such stores
That of a B will make a *battledore*.

To the gentlemen readers that understand a B from
a *battledore*.—*Ibid.*

Baa. imitative sound, or interj. Bleat of a
sheep or lamb.

Therefore thou art a sheep.—

Such another proof would make me cry *baa*.

Shakespeare, Two Gentlemen of Verona, i. 1.

Baa. v. n. Bleat like a sheep or lamb.

Or like a lamb, whose dam away is wet,
He treble *baas* for help, but none can get.

Sir P. Sidney.

He is a lamb indeed, that *baas* like a bear.

Shakespeare, Coriolanus, ii. 1.

B A B B

Babble. v. n. [Fr. *babiller* = prattle.] Talk
inarticulately, idly, or irrationally.

His nose was as sharp as a pen and he *babbed* of
green fields.—*Shakespeare, Henry V.* ii. 3.

The lad stretch'd out,
And *babbed* for the golden seal, that hung
From Allan's watch, and sparkled by the fire.

Tennyson, Dora.

Applied to inanimate objects.

And pore upon the brook that *babbles* by. *Gray*.

Bábble. v. a. Utter by babbling.

Others [of the old philosophers] have gone yet
farther, and *babbed* something of eternal life.—
Harmar, Translation of Beza's Sermons, p. 108:
1587.

John had conned over a catalogue of hard words;
these he used to *babble* indifferently in all companies.
—*Arbuthnot*.

Bábble. s. Idle talk; senseless prattle.

This *babble* shall not henceforth trouble me;
Here is a coil with protestation!

Shakespeare, Two Gentlemen of Verona, i. 2.

This is mere moral *babble*, no more,

With volleys of eternal *babble*.

And clamour more unanswerable.

Butler, Hudibras.

B A B B

The *babble*, impertinence, and folly, I have taken
notice of in disputes.—*Glanville*.

Bábblement. s. Senseless prate; empty
words. *Obsolete*.

Deluded all this while with ragged notions and
bábblements, while they expected worthy and de-
lightful knowledge.—*Milton*.

Bábbler. s. Idle talker.

We hold our time too precious to be spent
With such a *bábbler*. *Shakespeare, King John*, v. 2.

The apostle had no sooner proposed it to the
masters at Athens, but he himself was ridiculed as a
bábbler.—*Rogers*.

Great *báblers*, or talkers, are not fit for trust.—
Sir R. U. Knapton.

In those despatches he sometimes alluded, not
angrily, but with calm disdain, to the censures
thrown upon his conduct by shallow *báblers*, who,
never having seen any military operation more im-
portant than the relieving of the guard at Whitehall,
imagined that the easiest thing in the world was to
gain great victories in any situation and amidst any
odds, and by sturdy patriots who were convinced
that one English carrier or threshier, who had not
yet learned how to load a gun or port a pike, was a
match for any six musketeers of King Lewis's house-
hold.—*Macaulay, History of England*, ch. xiv.

B A B B

Bab what he whisp'rd, under heaven
None else could understand;
I found him raptulously given,
A babbling in the land.

Tennyson, The Talking Oak.
For government is a thing that governs, that
guides, and, if need be, compels. Visible in France
there is not such a thing. Invisible, intangible, in
the other land, there is: in Philosophie saloons, in
the ill-decorated galleries, in the tongue of the babbling,
in the pen of the pamphleteer.—*Carlyle, French Revo-*
lution, pt. 1. b. ii. ch. iv.

Babbling, verbal abs. Anything uttered by
babbling.

O Timothy, keep that which is committed to thy
trust, avoiding profane babblings, and oppositions of
science falsely so called.—*1 Timothy, vi. 20.*

Babbling, part. adj. Prating.

There is more danger in a reserved and silent
friend, than in a noisy babbling enemy.—*Sir R.*
L. Estrange.

a. Applied to inanimate objects.

Thou, Greek in soul if not in creed,
Must pore when babbling waters flow,
And watch unfolding rows below.

Byron, Bride of Abydos.
Her song the linewhite swelleth,
The clear-voiced mavis dwelleth,
The fledgling throats lipeth,
The slumberous wave outwelleth,
The babbling rannal crispeth,
The hollow croc replieth
Where Claribel low-lieth.

Tennyson, Claribel.

b. With the special idea of betraying a secret.
The babbling echo mocks the hounds,
Replaying shrilly to the well tun'd horns,
As if a double hunt were heard at once.

Shakespeare, Titus Andronicus, ii. 3.
And had I pow'r to give that knowledge birth,
In all the speeches of the babbling earth. *Prior.*
The babbling echo had deserv'd his face;
She, who in other's words her silence breaks.

Addison.

Babe, s. [Fr. *poupée*; Lat. *pupa* = doll.]

1. Infant; child of either sex.

Those that do teach your babes
Do it with gentle means and easy tasks;
He might have chid me so: for, in good faith,
I am a child to chiding. *Shakespeare, Othello, iv. 2.*
The babe had all that infant care begets,
And early knew his mother in her smiles. *Dryden.*

2. Doll. See Baby.

But all as a poor pedlar did he wend,
Bearing a truss of trifles at his back,
As bells, and babes, and glasses, in his pack.
Spenser, Shepherd's Calendar, May, (T.)

Babel, s. Confusion, like that of the Tower
of Babel.

I heard a hundred cries, The devil, the devil;
Then roaring, and then tumbling; all the clankers
Are a babe babel, or another beldam.

Beaumont and Fletcher, Little Thief.
That babel of strange heathen languages.—*Ham-*
mond, Sermons, p. 688.

The whole band of sectaries joined against the
church, the king, and the nobility for twenty years.
—*Swift, Roman Catholic Reasons for repelling the*
Sacramental Test.

We have seen what a lofty babel has been raised by
this grand architect of mischiefs and confusion, the
devil.—*Smith, Sermons, viii. 124.*

Babel, or **Babile**, n. n. Speak after the
fashion of the builders of Babel. *Obsolete.*

That pregnant relique of the new world's ambi-
tion, Babel by name; so called from the event of
that, because their language was confounded.
For so the Hebrews imitate by the word *babel*; a
word which, in their mother-tongue, we yet retain
from our Saxon ancestors, as they from Akenziz;
for when we hear a man speak confusedly we say he
bables.—*Gregory, Posthumus, p. 138.*

Baberlipped, adj. [see extract.] Thick-
lipped. *Obsolete.*

[From *ba*, the sound made by the collision of the lips,
are formed, Prov. G. *bappe*, the chops or mouth;
Fr. *babines*, the large lip of a beast; Sp. *babo*, the
lip of a horse, a person with large lips, and for a like
reason the OE. *berlipped*, having large lips.—*Wed-*
gwood, Dictionary of English Etymology.]
He was byelowered and berlipped, with two
blory eyes.—*Piers Plowman, p. 97. (R.)*

Babery, s. Finery to please a babe. *Obso-*
lete.

So have I seen trim books in velvet dight,
With golden leaves and painted babery
Of seely boys, please unacquainted sirs.

Sir P. Sidney.

Baboon, s. Same as Baboon. *Obsolete.*
I am neither your Minotaur, nor your Centaur, nor
your Balyr, nor your hyacinth, nor your baboon.—*B.*
Jonson, Cynthia's Revels, l. 1.

Babish, adj. Childish. *Rare.*

If he be banful, and will soon blush, they call him
a babish and ill brought up thing.—*Ascham.*

B A C C

Babative, adj. Talkative. *Rare.*

In community of life he was very joind; neither
to bablate with flattery, nor to wlaust with moro-

sitie.—*Philotimus, (H.)*

Babatrice, s. [?] Basilisk (?) *Rare.*

O! you cockatrices and babatrices
That in the woods dwell. *Loerius, (H.)*

Babile, s. Same as Babble. *Obsolete.*

Meanwhile, my Moll, think thou said honorable
To be my fool, and I to be thy babe.

Sir J. Harrington, Epigrams, ii. 96.

Babblish, adv. In a babbling manner.

Rare.

Is this the reverence due to the Scriptures, thus
* babblishly to abuse them?—*Archbishop Whately, De-*
ference, p. 232. (R.)

Baboon, s. [Fr. *babouin*; Dutch, *bavarian*.]

Ape of the genus *Cynopcephalus*.
You had looked through the grate like a genniny
of baboons.—*Shakespeare, Merry Wives of Windsor,*
ii. 2.

He cast every human feature out of his coun-
tenance, and became a baboon.—*Addison.*
A few years earlier his short neck, his legs uneven,
the vulgar said, as those of a badger, his forehead
low as that of a baboon, his purple cheeks, and his
monstrous length of chin, had been familiar to all
who frequented the courts of law.—*Macaulay, His-*
tory of England, ch. iv.

Baby, s. Same as Babe.

1. Child; infant.

The baby beats the nurse, and quite athwart
Goes all decorum.
Shakespeare, Measure for Measure, i. 4.

The child might have singular plums, rather than
make the poor baby cry.—*Locke.*

2. Small image in imitation of a child, which

girls play with; doll. *Obsolete.*
The archduke saw that Perkin would prove a run-
agate; and it was the part of children to fall out
about babies.—*Byron.*

Since no image can represent the great Creator,
never think to honour him by his foolish puppets,
and babies of dirt and clay.—*Bishop Stillingfleet.*

Baby in the eye. See Pupil.

Or those babies in your eyes,
In their crystal numerics. *Herrick.*

Baby, adj. After the manner of a baby.

In such indexes, although small pricks
To their subsequent volumes, there is seen
The baby figure of the giant mass
Of things to come at large.

Shakespeare, Troilus and Cressida, i. 13.

What is this,
That rises like the issue of a king,
And wears upon his baby brow the round
And top of sovereignty? *Id., Macbeth, iv. 1.*

Thy dark eyes open'd not,
Nor first reveal'd themselves to English air,
For there is nothing here,

Which, from the outward to the inward brought,
Moulded thy baby thought. *Tennyson, Eleanore.*

I pity kings, whom worship waits upon
Obscure from the cradle to the throne;
Before whose infant eyes the flatterer bows,
And binds a wreath about their baby brows.

Cooper, Table Talk, l. 124.

Baby, v. a. Treat as a baby; make a baby of.
Obsolete.

At best it 'woulth' babies us with endless toys,
And keeps us children till we drop to dust.
Young, Night Thoughts, vi.

Babylout, s. Baby (in the sense of doll)
made-up of clouts. *Obsolete.*

And drawing near the bed to put her daughter's
arms and higher part of the body to within sheets,
receiving it not to be her daughter but only a baby-
clout to delude her.—*Two Lancashire Locres.*

Babyhouse, s. Doll's house; miniature
house, &c. a toy.

I had an entire set of silver dishes and plates, and
other necessaries, which in proportion to those of
the queen were not much bigger than what I have
seen in a London toyshop, for the furniture of a baby-
house.—*Swift, Gulliver's Travels, pt. ii. ch. iii.*
(Ord M.)

Babyish, adj. After the manner of a baby.
Humbleness of spirit, babyish submission.—
Confutation of N. Shuteau, sien. G. 4. b. 1546.

He was then so weak, so inflatuate, and babyish,
that not only wise men, learned men, and strong
men, did set him light, but also young maydes,
children, &c.—*Bale, On the Revocation, sien. Dd. 7. b.*

Bacchanal, adj. [Lat. *Bacchanalis* = belong-
ing to Bacchus.] Same as Bacchanalian.

Your solemn and bacchanal feasts, that you ob-
serve yearly.—*Crovelly, Deliberate Answer, fol. 20:*
1597.

Bacchanal, s. Riotous person.

Living voluptuons like a bacchanal.
Marston, Scourge of Villany, iii. 9.

B A C H

{BABBING
BACCHANALIS

Ba, my brave emperor, shall we dance now the
Egyptian bacchanals, and celebrate our drink?—
Shakespeare, Antony and Cleopatra, ii. 7.

What wild fury was there in the heathen baccha-
nals, which we have not seen equalled?—*Dr. H.*
More, Decy of Christian Piety, li. 7.

Both extremes were banish'd from their walls,
Carthusian fasts, and salsome bacchanals. *Pope.*

"T was thus till luxury seduc'd the mind
To joys less innocent, as less refined;
Then genius clau'd a bacchanal, he crown'd
The brimming goblet, seiz'd the thyrsus, bound
His brows with ivy, rushed into the field
Of wild imagination, and there reed'd.
The victim of his own lascivious fires,
And, dizzy with delight, propp'd the sacred vine.

Cooper, Table Talk, l. 962.

Bacchanalian, adj. After the manner of a
bacchanal, i. e. drunken and riotous.

If the one represents a religious or a bacchanalian
subject, its companion represents another of the
same kind—*A. Smith, Of the Imitative Arts.*

West-country lads, who drank ale, smoked to-
bacco, pined and sang bacchanalian catches the
whole evening.—*Graves, Recollections of Shenstone,*
p. 13.

M. Champeillon, indeed, saw a vision of an annu-
tory or bacchanalian song, laughing under the
reverable veil of one (hieroglyphics); but it is plain
that this must have been an illusion.—*Cruik, History*
of English Literature, l. 33.

Bacchant, s. One in a state of bacchic
frenzy.

They attend every festival, and, placed in a rostrum,
sing during the feast; and then, descending into
the saloon, dance a kind of pantomime ballets. . . .
They appear in a state of intoxication, and are the
bacchantes in a dramatic.—*Rees, Cyclopædia, v. Alue.*

Bacchante, s. [Italian, *baccante*.] Priestess,
or like a priestess, of Bacchus.

Men peer from windows,—not women, lest they
be pressed. Sight of such; *Bacchantes*, in these
ultimate Formalised Aera! Bronze Henri looks on
from his Pont-Neuf; the Monarchie Louvre, Medi-
cenn Tuileries see a day like none heretofore seen.—
Carlyle, French Revolution, pt. 1. b. vii. ch. v.

Bacchic, adj. After the fashion of the rites
of Bacchus.

The bacchic orgies were celebrated on the tops of
hills and desolate wild places.—*Stukeley, Paleo-*
graphia Sacra, p. 39.

Bacchical, adj. Same as Bacchic.

They [the Grecian sophists] raised up a kind of
bacchical enthusiasm, and transported their hearers
with some honey words, &c. & effeminate phrases
and accents, and a kind of singing tones.—*Spencer,*
Faust of Vulgar Prophecies, p. 78.

Baccolis, s. See Pikelet.

Bachelor, s. [N.Fr. *bachelier*; Lat. *bac-*
calureus.]

1. Knight of the lowest order.

King Richard II. in the first year of his reign is
said to have constituted certain persons to be of
counsel to him: 1. Earls; 2. Barons; 3. Bachelors;
and 4. *Bacheliers*. And in the instrument of his
deposition the Lower House of Parliament are called
also the *bachelors* and commoners of the land. But
by *bachelors* in those two places it to be understood,
I think, not the commons in general but knights;
and to this very day simple knights are styled
knights bachelors.—*Holt, History of English Councils*
and of Convocations, p. 354.

2. One who takes his first degrees at the
university in any profession.

Being a boy, new bachelor of arts, I chanced to
speak against the pope.—*Ascham.*

I appear before your honour, in behalf of Martinus
Scriblerus, bachelor of physic.—*Martinus Scrib-*
lerus.

3. Unmarried man.

Such separation as may well be said
Becomes a virtuous bachelor and a maid.
Shakespeare, Midsummer Night's Dream, ii. 3.

The haunting of desolate places, or resort to cour-
teous, are no more punished in married men than
in bachelors.—*Byron.*

A true painter naturally delights in the liberty
which belongs to the bachelor's estate.—*Dryden.*
Let sinful bachelors their woe deplore,
Full well they merit all they feel, and more. *Pope.*

4. Spinster. *Obsolete.*

We do not trust your uncle; he would keep you
A bachelor still, by keeping of your portion:
And keep you not alone without a husband,
But in sickness. *B. Jonson, Magnetick Lady.*

Bachelorship, s. Condition of a bachelor.

Her mother, living yet, can testify,
She was the first fruit of my bachelorship.
Shakespeare, Henry VI. Part I. v. 4.

The third year of my bachelorship should, at once,
both make an end of my maintenance, and, in respect
167

of standing, give me a capacity of further preferment in the house.—*Bishop Hall, Remains, Life, p. 8.*
It must disappoint every reader's expectation, that when at the usual time Swift claimed the *backsliding* of Arts he was found by the examiners too debarred for regular submission, and obtained his degree at last by special favour; a term used in that university to denote want of merit.—*Johnson, Life of Swift, (Ox. MS.)*

Back, s. [A.S. *bac, bæc.*]

1. Hind part of the body.

Part following enter, part remain without, And mount on others' backs, in hopes to share.

Dryden.

Those who, by their ancestors, have been set free from a constant drudgery to their backs and their bellies, should bestow some time on their heads.—*Lock.*

Turn the back. Go away.

His back was no sooner turned, but they returned to their former rebellion.—*Sir J. Davies.*

Turn the back on one. Forsake him, or neglect him.

At the hour of death, all friendships of the world left him adieu, and the whole creation turns its back upon him.—*South.*

2. Side of the hand which presents the nails and knuckles: (opposed to *palm* and *hollow*).

methought love pitying me, when he saw this, Gave me your hand, the backs and palms to kiss.

Donne.

3. Rear: (opposed to *ran*).

He might conclude, that Walter would be upon the king's back, as his majesty was upon his.—*Lord Clarendon.*

4. Place behind; part behind anything.

Trees set upon the backs of chimneys do ripen fruit sooner.—*Bacon, Natural and Experimental History.*

5. Thick edge of a knife or sword: (opposed to the *cutting* edge).

The budding-knife differs from the grafting-knife in having the point or the sharp edge of the blade rounded off in the same manner as is the back or blunt edge of the grafting and pruning knives.—*London, Encyclopedia of Gardening, 211.*

Back and edge. Completely. *Obsolete.*

By the influence of a white powder, which has wrought so powerfully on their tender pulses, they have engaged themselves ours back and edge.—*Lady Alington, iii. li. 1.*

Back, s. [see extract.]

A second meaning of *back* is a brewer's vat, or large open tub for containing beer. The word is widely spread in the sense of a wide open vessel. Bret. *bac*, a boat; Pr. *bac*, a flat wide ferry boat; Du. *back*, a trough, bowl, manger, cistern, basin of a fountain, flat-bottomed boat, body of a wagon, pit at the theatre; Dan. *bakke*, a tray. Of this the It. *bacina* is the diminutive, whence E. *bagin*, *bason*; It. *bacinetto*, a helmet, or basin-shaped helmet.—*Wadsworth, Dictionary of English Etymology.*

Back, s. See *Butt*. *Obsolete.*

The other face had wings—like a *backe* or flinder-mouse.—*Knight, Trial of Truth, fol. 9. b. 1590.*

Back, v. a.

1. Mount on the back of a horse.

That roan shall be my throne. Well I will back him straight.

Shakespeare, Henry IV. Part I. ii. 8.

2. Break a horse; train him to bear upon his back.

Direct us how to back the winecol horse; Favour his flight, and moderate his course.

Lord Roscommon.

3. Place upon the back.

As I slept, methought, Great Jupiter, upon his eagle back'd, Appear'd to me.

Shakespeare, Cymbeline, v. 3.

4. Maintain; strengthen; support; defend; second.

You are straight enough in the shoulders, you care not who sees your back; call you that backing of your friends? a plague upon such backing! give me them that will face me.

Shakespeare, Henry IV. Part I. ii. 8.
A great malice, back'd with a great interest, can have no advantage of a man, but from his expectations of something without himself. *South.*

How shall we treat this bold aspiring nun? Success still follows him, and backs his crimes.

Addison.

The patrons of the ternary number of principles, and those that would have five elements, endeavour to back their experiments with a specious reason.—*Bayle.*

Religious, and favouring this or t'other side, They waver back their wishes. Dryden. She came—Waltz came—and with her certain acts despatches, and as true gazettes; . . .

Meiner's four volumes upon womankind, Like Lapland witches to ensure a wind, Brunk's heaviest tome for ballast, and to back it, Of Heyne, such as should not sink the pocket.

Byron, The Waltz.

5. Colloquial: as, 'to back (i.e. put back) a horse or cart.'

Back, v. n. Retire backward.

Back, ye kilted friends! The hand of death is on me; but not yours.

Byron, Manfred.

Back, adv.

1. To the place from which one came.

Back you shall not to the house unless You undertake that with me.

He sent many to seek the ship Arco, threatening that if they brought not back Medea, they should suffer in her stead.—*Sir W. Raleigh, History of the World.*

Back to thy native island might'st thou sail, And leave half-heard the melancholy tale.

Pope.

2. Backward.

I've been surprised in an unguarded hour, But must not now go back. Addison. I thought to promote thee unto great honour; but lo, the Lord hath kept thee back from honour.—*Numb. xiv. 11.*

But at night I would roam abroad and play With the mermaids in and out of the rocks, Dressing their hair with the white sea-flower; And holding them back by their flowing locks.

Tennyson, The Mermaid.

Constrain the glebe, keep back the hurtful word.

Sir R. Blackmore.

3. Towards things past.

I had always a curiosity to look back unto the sorrows of things, and to view in my mind the beginning and progress of a rising world.

T. Burnet, Theory of the Earth.

4. In return.

The lady's mad; yet if 'twere . . . She would not sway her house, command her followers, Take and give back affairs, and their despatch, With such a smooth, discreet, and stable bearing.

Shakespeare, Twelfth Night, iv. 3.

5. Again; second time.

This Caesar found, and that ungrateful age, With losing him, went back to blood and rage.

Wallr.

The epistles being written from ladies forsaken by their lovers, many thoughts came back upon us in divers letters.—*Dryden.*

Backarach, or Backarach, s. [Bacharach.]

Kind of German wine from the parts about Bacharach on the Rhine.

With backarach and aquavitae.

Butler, Hudibras.

I'll go afore and have the bonfire made, My fireworks, and flamparagons, and good backarach, With a peck of little fishes to drink it.

In healths to-day.—*E. Johnson, Popper's Bush, v. 2.*

Backbite, v. a. Censure or reproach the absent.

Most untruly and maliciously do these evil tongues backbite and slander the sacred ashes of that personage.—*Spenser.*

I will use him well; a friend I th' court is better than a penny in purse. Use his own well, Davy, for they are arrant knaves, and will backbite.—*Shakespeare, Henry IV. Part II. i. 1.*

Backbiter, s. One who backbites; privy calumniator; censurer of the absent.

No body is bound to look upon his backbiter, or his underminer, his betrayer, or his oppressor, as his friend.—*South.*

Backbiting, verbal abs. Act, habit, or practice of a Backbiter.

Last there be debates, envyings, wraths, strifes, backbitings, whisperings.—*2 Corinthians, xii. 20.*

Vouchsafe it to maintain Against vile Zoilus' backbitings vain.

Spenser, Sonnet to Lord Buckhurst.

Backbone, s. [two words rather than a compound.]

1. Bone of the back; vertebral column.

The backbone should be divided into many vertebrae for commodious bending, and not to be one entire rigid bow.—*Ray.*

2. Watershed of a district.

Drum Albyn or the backbone of Scotland.—*Chalmers, Caldonia.*

Backdoor, s. [two words rather than a compound.] Door behind the house; privy passage.

The procession durst not return by the way it came; but, after the devotion of the monks, passed out at a backdoor of the convent.—*Addison.*

Popery, which is so far shut out as not to re-enter

openly, is stealing in by the backdoor of atheism.—*Bishop Atterbury.*

Backed, adj. Having a back.

Sharp-headed, barrel-belly'd, broadly back'd.

Dryden.

Backer, adv. More back. *Obsolete, rare.*

With that anon I went me backer more.

Chaucer, (H.)

Backfaller, s. Renegade. *Obsolete.*

Onias with manylike backfallers from God fled into Egypt.—*Joys, Exposition of Daniel, ch. xi. (B.)*

Backfriend, s. Enemy in secret. *Rare.*

Set the restless importunities of talebearers and backfriends against fair words and professions.—*Sir R. B. R.*

Far is our church, from intruding upon the civil power, as some who are backfriends to both would maliciously insinuate.—*South.*

Backgammon, s. [*back* = board or table, *gammon* = game.] Game played with tables and dice.

Therefore she disliked the mixture of chance in backgammon, where it was not played for money. She called it foolish, and those people idlers, who were taken with a lucky hit under such circumstances.—*Loeb, Essays of Elia, Mrs. Butler's Opinions on Whist.*

Background, s. [perhaps two words rather than a compound.] Ground at the back; parts dimly seen; that part which is behind, and subordinate to, the principal figures, in a picture.

But this object had shrunk into the background; even among the religious, the ruminating passion, by being diverted to less holy purposes, was well nigh extinguished; it had begun even to revolt more than stir popular feeling. *Milman, History of Latin Christianity, b. xi. ch. vii.*

Backhouse, s. [two words rather than a compound.] Buildings behind the chief part of the house.

Their backhouses, of more necessity than cleanly service, as kitchens, stables, are climbed up untidy steps. *Curran.*

Backpiece, s. Piece of armour which covers the back.

The morning that he was to join battle, his armourer put on his backpiece before, and his breastplate behind.—*Caedon.*

Backroom, s. Room behind.

If you have a fair prospect backwards of gardens, it may be convenient to make backrooms the larger. *Mason, Sketches at Kenilworth.*

Backset, part. Pressed upon from behind.

Obsolete.

He suffered the Israelites to be driven to the brink of the sea, backset with Pharaoh's whole power.—*Andison, Exposition upon Benedictus, fol. 71. b. 1573.*

Backsettler, s. [two words rather than a compound.] One settled in the back, remote, or outlying districts of a country.

The words 'extirpation,' 'eradication,' were often in the mouths of the English *back settlers* of Leinster and Munster.—*Macaulay's Essays, Sir William Temple.*

Backside, s. [two words rather than a compound.]

1. Hind part of anything.

If the quicksilver were rubbed from the backside of the spectrum, the glass would cause the same rings of colours, but more faint; the phenomena depend not upon the quicksilver, unless so far as it increases the reflection of the backside of the glass.—*Sir I. Newton.*

2. Hind part of an animal.

A pair ant carries a grain of corn, climbing up a wall with her head downwards and her backside upwards.—*Addison.*

Into the clouds the devil lately got, And by the moisture doubling thence the rot, A medicine took to make him purge and cast, Which in short time began to work so fast, That he fell to 't, and from his backside flew, A rout of rascals, a rude rabble crew Of base plebeians. *Dryden, iv. 1210. (Ox. MS.)*

3. Yard or ground behind a house.

The wash of pastures, fields, commons, roads, streets, or backside, are of great advantage to all sorts of land.—*Mortimer.*

No innkeeper, alhouse keeper, victualer, or tippler, shall admit or suffer any person or persons in his house or backside to eat, drink, or play cards.—*Archbishop Grindal, Remains, p. 138. (H.)*

Backslide, v. n. Fall off; apostatize; relapse.

Hast thou seen that which backsliding Israel hath

BACK

done? She is gone up upon every high mountain, and under every green tree.—*Jeremiah*, iii. 6.

Backslider. *s.* Apostate.

The backslider in heart shall be filled with his own ways.—*Proverbs*, xiv. 14.

backsliding. *verbal abs.* Act of a backslider.

Their transgressions are many and their backslidings are increased.—*Killingbeck, Sermons*, p. 334. (God, who knows our infirmities, will accept our sincere endeavours, though attended with imperfections and backslidings, provided we condemn ourselves for them, and strive to amend.—*Bishop Wilson, On the Sacrament*.)

backsliding. *part. adj.* After the manner of a backslider.

They were no drinkers, but, one from professional habits, and another from custom derived from his father, smoked tobacco. The devil could not have devised a more subtle trap to re-take a backsliding penitent. The transition from gulping down draughts of liquid fire to puffing out innocuous blasts of dry smoke, was so like cheating him.—*Lamb, Essays of Elia, Confessions of a Drunkard*.

backstairs. *s.* Private stairs in the house.

I condemn the practice which hath lately crept into the court at the backstairs, that some pricked for sheriffs get out of the bill.—*Bacon*.

Used in the singular as an adjective.

He like a backstair minister at court, who, whilst the reputed favorites are scuffling in the back-chamber, is pulling the rough in the closet.—*Sir T. Parnborough, Relapse*, ii. 1.

backstair. *s.* Support; something to fall back upon. *Obsolete*.

Little squith outward warme except there be a sure stay and a stedfast backstair at home.—*Hall, Henry VIII.* (II.)

Backsword. *s.* Sword with one sharp edge.

Ball drenched and old Lewis either at backsword, single fanchion, or cudgel-play.—*Arbuthnot*.

Used as an adjective.

A pair of tongs, but out of joint;

A backsword poker without point. *Swift*.

Backward. *adv.* [back, *weard*—in the direction of.]

1. Contrary to forward.

a. In space.

They went backward, and their faces were backward.—*Genesis*, ix. 23.

Then darting fire from her malignant eyes, She cast him backward as he strove to rise.—*Dryden*.

The monstrous sight Struck them with horror backward; but far worse, Urd then behind. *Milton, Paradise Lost*, vi. 862. That the White ministers had sold us to the Dutch; that the Tory ministers had sold us to the French; that the war had been carried on only to fill the pockets of Marlborough; that the peace had been concluded only to facilitate the return of the Pretender; these imputations and many others, hitherto unfounded, or grossly exaggerated, were uttered backward and forward by the political discontents of the last century.—*Macaulay, Essays, Lord Mahon's War of the Succession in Spain*.

b. In time.

Thou'st many an hour of summer suns By many pleasant ways, Like *Shew-kim's backward* runs

The shadow of my days. *Tennyson, Will Waterproof's Lyrical Monologue*. They have spread one of the worst languages in the world, if we look upon it some regions backward.—*Locke*.

2. From a better to a worse state; perversely; from the wrong end.

I never yet saw man, But she would spell him backward: if fair-fue'd, Kne'd swear the gentleman should be her sister; If black, why, nature, drawing of an antick, Made a foul bird: if tall, a lance ill-headed; If low, an ague very vile cut. *Shakespeare, Much Ado about Nothing*, iii. 1. The work went backward; and the more he strove T' advance the suit, the farther from her love. *Dryden*.

Backward. *adj.* In the background; slow; dull; hesitating; unwilling.

Our mutability makes the friends of our nation backward to engage with us in alliances.—*Addison*. We are strangely backward to lay hold of this safe, this only method of cure.—*Bishop Atterbury*.

Still hovering round the fair at fifty-four, Gilt to love, unable to give o'er:

A fleshly that just flutters on the wing, Awake to lust, but not alive to sting, Briak where he cannot, backward where he o'ers.

The teasing ghost of the departed man.

It often falls out that the backward learner makes amends another way.—*South*.

Vol. I.

BAD

His director therefore ought in my humble opinion, to have employed his lordship in publishing a book, wherein he should have affirmed by the most solemn asseverations, that all things were safe and well; for the world has contracted so strong a habit of believing him backward, that I am confident nine parts in ten of those who have read or heard of his introduction have slept in greater security ever since.—*Swift, Preface to the Bishop of Sarum's Introduction*, viii. 129. (Ord. M.S.)

The younger and backward each student is, the more unfit he will be for abstract speculations.—*Whately, Elements of Rhetoric*, introd.

Backward. *s.* Past state. *Rhetorical*.

What seest thou else In the dark backward or nymn of tir *Shakespeare, Tempest*, i. 2.

Backwardly. *adv.*

1. With the back forward; adversely.

Like Numid lions by the hunters chas'd, Though they do fly, yet backwardly do go, With proud aspect, disdainng greater luste. *Sir P. Sidney*.

2. Perversely.

I was the first man That e'er receiv'd gift from him And down he think so backwardly of me, That I'll requite it but. *Shakespeare, Timon of Athens*, iii. 3.

Backwardness. *s.* Attribute suggested by Backward; dullness; unwillingness; sluggishness.

The thing by which we are apt to excuse our backwardness to good works, is the ill success that hath been observed to attend well designing charities. *Bishop Atterbury*.

Indeed, I am afraid, you will find a backwardness in the trade, to engage in a book which the clergy would be certain to cry down.—*Fiddling, Advertisers of Joseph Andrews*.

Backwards. *adv.* [see Afterwards.] Same as Backward.

In leaping with weights, the arms are first cast backward, and then forward, with so much the greater force; for the hands go backward before they take their rise.—*Bacon*.

To prove the possibility of a thing, there is no argument equal to that which looks backward; for what has been done or suffered, may certainly be done or suffered again. *South*.

Backwoodsman. *s.* Occupant of the back woods.

The project of transmitting the chasses of American citizens and converting sailors into backwoodsmen is not too monstrous for speculators to conceive and desire. *Edinb. Review*, p. 114. (II.)

Of all men, saying Syria the unslayer, Who passes for in life and death most lucky, Of the great names which in our hearts start,

The General Boon, backwoodsman of Kentucky, Was happiest amongst mortals any where. *Eyran, Don Juan*, viii. 61.

Backwounding. *part. adj.* Doing injury from behind.

Back-wounding calumny

The whitest virtue strikes. *Shakespeare, Measure for Measure*, iii. 2.

Bacon. *s.* [Fr. *bacon*.]

1. Flesh of a hog salted and dried.

High o'er the hearth a clove of bacon hung, Good old Plutarch seiz'd it with a prong, Then cut a slice. *Dryden*.

Used either as an adjective or an element

in a compound.

Philip was gross alike in all his appetites; *bacon* fat was the favorite food with which he jorged himself to illness.—*Fronds, History of England*, ch. xxxiii.

2. Hog.

A young *bacon*, or a fine little smooth horse-eat.—*Spanish Tragedy*.

'Yes, yes, I have seen you often at fair: why, we have defied before now, nunc, I warrant you; yes, yes,' cries he, 'I remember thy face very well, but won't mention a— I dare tell you have seen it tho' I have never sold thee a bit of such *bacon* as is now in the sty.'—*Fiddling, Adventures of Joseph Andrews*.

Save one's bacon. Preserve one's self from being hurt.

What frightens you thus? my good son! says the priest:

You murder'd, are sorry, and have been confest. O father! my sorrow will scarce save my *bacon*: For 'twas not that I murder'd, but that I was taken. *Prior*.

But here I say the Turks were much mistaken, Who, hating hogs, yet wish'd to save their *bacon*. *Eyran, Don Juan*, vii. 42.

Bad. *adj.*

1. Vicious: (opposite of good).

Most men have politicks enough to make, through

Z

BADG

(BACKSLIDER BADGER)

violence, the best scheme of government a bad one.—*Pope*.

And one bad act, with many deeds well done, May at cover. *Milton, Paradise Lost*, xi. 256.

Thus will the latter, as the former, word Still tend from bad to worse. *Ibid.* xii. 108.

2. Unfortunate.

The sun his annual course obliquely made, Good days contracted, and enlarg'd the bad. *Dryden*.

3. Hurtful; unwholesome; mischievous; pernicious: (with for).

Reading was bad for his eyes, writing made his head ache.—*Addison*.

Badder. *adj.* Comparative of Bad. *Obsolete*. But, as it is, it may be better, and, were it *badder*, it is not the worst.—*Ltly, Epigrams*, i.

Baddest. *adj.* Superlative of Bad. *Obsolete, rare*.

The *baddest* amongst the cardinals is chosen Pope.—*Sir E. Saunders, State of Religion*.

Badge. *s.* [Fr. *boyer*—jewel, ring, ornament, mark.] Mark, sign, or cognizance; token.

But on his breast a bloody cross he bore, The dear resemblance of his dying lord; For whose sweet sake that glorious badge he wore. *Spenser*.

There appears much joy in him, even so much, that joy could not show itself modest enough, without a badge of bitterness.—*Shakespeare, Much Ado about Nothing*, i. 1.

Sweet mercy is nobility's true badge.

Id., Titus Andronicus, i. 2.

Let him not bear the badge of a wreck, *Dryden*.

The outward splendor of his office is the badge and token of that secret character which he inwardly bears.—*Bishop Atterbury*.

When he joined them, they observed that he had not the gold key which is the badge of the Lord Chamberlain, and asked where it was.—*Macaulay, History of England*, ch. xlii.

The ties of party superseded the ties of neighborhood and of blood. The members of the leading families would scarcely speak to each other, or bow to each other. The women appeared at the theatres bearing the badge of their political sect.—*Macaulay, Essays, Lord Mahon's War of the Succession in Spain*.

Badge. *v. a.* Mark as with a badge.

You royal father's murderer. — O! by whom?

Those of his chamber, as it seem'd, had done 't; Their hands and faces were all *badg'd* with blood, So were their daggers. *Shakespeare, Macbeth*, ii. 3.

Badgious. *adj.* Without a badge.

Whiles his light looks their fearful light can take, To get some *badg'd* has been upon his back. *Bishop Hall, Satires*, iv. 3.

Badger. *s.* Corn-dealer. See last extract

the next word.

Badger. *s.* [see extract] Plantigrade quadruped so called (Moles *Taxus*).

That a brock, or *badger*, hath legs of one side shorter than the other, is received not only by theorists and unexperienced believers, but most who behold them daily. *Sir T. Browne, Vulgar Errors*.

And as that beast hath legs (which shepherds fear, Yelow'd *badgers*, which our hounds doth tear), One hour, the other short, that when he runs Upon the plains he lolls, but when he wons On craggy rocks or steepy hills, he se

Note runs more swift nor easier than he. *W. Browne, Britannia's Pastorals*, i. 4.

We are not *badgers*, For our legs are one as long as the other. *Lytle, Mydas*, i. 2.

The wild bull with his white mane was still to be found wandering in a few of the southern forests. The *badger* made his dark and tortuous hole on the side of every hill where the cypresswood grew thick.

The wild cat were frequently heard by night walking round the borders of the forests of Whitlodge and Newstead.—*Macaulay, History of England*, ch. iii.

[This word is used in two senses, apparently distinct, viz. in that of a corn-dealer, or carrier, one who bought up corn in the market for the purpose of selling it in other places; and secondly, as the name of the quadruped so called. Now we have in Fr. *badger*, a corn-dealer . . . the diminutive of which . . . would be *baigreen*, the actual designation of the quadruped *badger* in the same language, which would thus signify a little corn-dealer, in allusion doubtless to some of the habits of that animal, with which the spirit of cultivation has made us little familiar. . . . But further, there can be little doubt that *K. badger*, whether in the sense of a corn-dealer or of the quadruped, is directly descended from the Fr. *badger*, the corrupt pronunciation of which in analogy with *soldier*, *adger*, *adger*, would be *badger*; and though the omission of the *i* in such a case is a somewhat unfamiliar change, yet many instances may be given of synonymous differing only in the preservation (or insertion as the case may be) or

omission of an *l* after an initial *b* or *p*.—*Widg-wood, Dictionary of English Etymology.*

Badger, v. a. [Vex. Colloquial.]

That a child would be born to you in a place like this? said the doctor. 'Bah, bah, sir, what does it signify? A little more elbow-room is all we want here. We are quite snug; we don't get *badgered* here; there's no knocker here, sir, to be hammered at by creditors and bring a man's heart into his mouth.'—*Dickens, Little Dorrit.*

Beefsteaks, sausages, and pie's fry, though they were taken three times a day, were not disgraceful in her line of life; but that little tumblebrel of brandy, taken after much pressing and in the openness of good fellowship, went surely against the grain with her. 'When one has to be *badgered* like this, one wants a drop of something more than ordinary,' she said at last. —*J. Trollope, Orley Farm.*

Badger-legged, adj. Having legs of unequal length, as the badger is vulgarly supposed to have. (See extracts from Sir T. Browne, W. Browne, and Lyly under Badger.)

His body crooked all over, long-bellied, *badger-legged*, and his complexion swarthy. —*Sir R. L'Estrange.*

Badinage, s. [Fr.] Trifling.

When you find your antagonist beginning to grow warm, put an end to the dispute by some gentle *badinage*. —*Lord Chesterfield.*

Badinerie, s. [Fr.] Same as Badinage. (*Obsolete.*)

The fund of sensible discourse is limited; that of just and *badinerie* is infinite. —*Shirton.*

Badineur, s. [Fr.] Trifler. (*Obsolete.*)

When you write rebuke him for it, as a divine, if you like it, or as a *badineur*, if you think that more effectual. —*Pope, To Swift, vi. 288.* (Ord MS.)

Badly, adv. In a bad manner.

How goes the day with us? O tell me, Hubert.—*Bully, I fear. How fares your majesty?*

Shakespeare, King John, v. 3.

Badness, s. Attribute suggested by Bad; want of good qualities, either natural or moral; depravity.

It was not your brother's evil disposition made him seek his death; but a provoking merit, set a work by a reprovable *badness* in himself. —*Shakespeare, King Lear, iii. 3.*

There is one convenience in this city, which makes some amends for the *badness* of the pavement.—*Addison, Travels in Italy.*

I did not see how the *badness* of the weather could be the king's fault. —*Id.*

Badme, v. a. [N.Fr. *befler*; Fr. *bafouer* = ridicule, jeer.]

1. Mock; set up as an object of contempt.

The oracle told the heralds say that the Scots should *badfed* him; which is a great reproach amongst the Scots, and is used when a man is openly jeered, and they make of him an image painted, reversed with the heels upwards, with his name, wondering, crying, and blowing out on him with horns in the most despicable manner they can, in token that he is called the company of all good creatures. —*Bishop Hall, (Wedge.)*

First he his beard did shave and fairly shent, Then from him reft his shield and it reversed, And blotted out his arms with fish-head ident, And himself *badfed* and his arms underent, And brake his sword in twain and all his armour spent. —*Spenser, Faerie Queene.*

2. Elude; make ineffectual; confound; foil.

They made a shift to think themselves guiltless, in spite of all their sins; to break the precept, and at the same time to *badfe* the curse. —*South.*

When the mind has brought itself to close thinking, it may go on roundly. Every mistake problem, every indignant question will not *badfe*, discourage, or break it. —*Locke.*

A foreign potentate troubles at a war with the English nation, ready to employ against him such revenues as shall *badfe* his designs upon their country. —*Addison.*

For freedom's battle once begun, Requeath'd by blessing sire to son, Though *badfed* off is ever won. —*Byron, The Gleaner.*

The only effectual caution for the protection of the furniture is incessant vigilance: the constant watching of every article, and its daily removal from place to place, in order to *badfe* their assaults. —*Sir R. Tennant, Ceylon, pt. ii. ch. vi.*

I am convinced that the most effectual mode of eliciting truth, is quite different from that by which an honest, simple-minded witness is most easily *badfed* and confuted. —*R. Whately, Elements of Rhetoric, pt. i. ch. ii. § 3.*

Attempts to murder or to rob may be, and constantly are, successfully resisted; *badfed* sometimes by the party attacked, sometimes by the officers of justice. —*Buckle, History of Civilization in England, vol. i. ch. i.*

Badme, v. n. Play false. *Rare.*

Do we not palpably *badfe*, when, in respect to God, we pretend to deny ourselves, yea, upon urgent occasion, allow him nothing? —*Burrow, Works, i. 437.*

Badme, s. Defeat; evasion; escape. *Rare.*

It is the skill of the disputant that keeps off a *badfe*. —*South.*

The authors having misused of their aims, are fain to retreat with frustration and a *badfe*. —*Id.*

Badmer, s. One who baffles.

Experience, that great *badmer* of speculation, assures us the thing is too possible, and brings, in all cases, matter of fact to confute our suppositions. —*Dr. H. More, Government of the Tongue.*

Badming, part. adj. Causing disappointment.

Of the squadron of sun-birds only one could get into action; the rest were prevented, by *badming* currents, from weathering the eastern end of the shoal. —*Southey, Life of Nelson, i. p. 123.*

Bag, s. [A.S. *beag*.]

1. Sack, or pouch, to put anything in: (as money, corn).

Caisin, away for England; haste before, And, ere our coming, see thou slake the *bags* Of leeching abbots; their imprisonment angels Set thou at liberty. —*Shakespeare, King John, iii. 3.*
What is it that opens thy mouth in promises? Is it that thy *bags* and thy barns are full? —*South.*
Once, we caudies, beneath the patriot's cloak, From the crack'd *bag* the dropping guinea spoke. —*Pope.*

Live on, God love us, as if the seedman, nipt Upon the treading harvest, should not dip His hand into the *bag*. —*Keats, Ode on the Grasshopper.*

Were the disbursements of 1625 forgotten, the thirty thousand pounds of seed service money disbursed in one year, the numerous bribes, direct and indirect, Seymour's salt-petre contract, Leach's *bags* of gold? —*Macaulay, History of England, ch. xliii.*

Give the bag, Cheat; deceive. Colloquial.

You shall have those purses which belong to your craft; you shall be light-footed to travel farre, light-witted upon every small occasion to *give* your master the *bag*. —*Gervase, Quip for a Courtier.*

2. Ornamental purse of silk tied to men's hair.

We saw a young fellow riding towards us full gallop, with a lob wig and black silken *bag* tied to it. —*Addison.*

3. That part of animals in which some particular juices are contained.

No more—no more—oh! never more on me The freshness of the heart can fall like dew, Which out of all the lovely things we see Extracts emotions beautiful and new, Divided in our bosoms like the *bag* of the bee. —*Byron, Don Juan, i. 214.*

The swelling poison of the several sects Which, wanting vent, the nation's health infects, Shall burst its *bag*. —*Dryden.*

Sing on, sing on, for I can ne'er be cloy'd: So many thy cows their burden'd *bags* distend. —*Id.*

Bag, v. a.

1. Put into a bag. *Colloquial.*

Hops ought not to be *bagged* up hot. —*Mortimer.*

2. Muffle; swell. *Rare.*

How doth an unwelcome dropsy *bagge* up the eyes, and misshape the face and body, with unpleasant and unkindly tumours! —*Bishop Hall, Works, ii. 408.*

Bag, v. a. Cut pause: (which are not said to be reaped or mown, but *bagged*). Probably *provincial*.

They cannot mow it with a scythe, but they cut it with such a hook as they do *bagge* pause with. —*Aubrey, Wilt. MS. (II.)*

Bag, v. n.

1. Swell like a full bag.

The skin seemed much contracted, yet it *bagged*, and had a porridge full of matter in it. —*Wiseman.*

2. Conceive a child. *Obsolete.*

Then Venus shortly *bagged* and Ere long was Cupid bred. —*Warner, Allion's England, vi. 148.*

Bagatelle, s. [Fr.] Trifle; thing of no importance.

Traps of hair rings and cypher'd seals; Rich trifles, serious *bagatelles*. —*Prior.*

Baggage, s. [from Fr. *bagage*.]

1. Furniture and utensils of an army.

The army was an hundred and seventy thousand footmen, and twelve thousand horsemen, beside the *baggage*. —*Judith, vii. 2.*

Riches are the *baggage* of virtue; they cannot be spread, nor left behind, but they hinder the march. —*Aurean.*

They were probably always in readiness, and carried among the *baggage* of the army. —*Addison, Travels in Italy.*

2. Goods of any kind to be carried away.

An usual practice it is of Satan, to cast heaps of worldly *baggage* in our way, that, whilst we desire to heap up gold or dust, we may be brought at the length to cast away that spiritual bias. —*Hooker, Sermon II, upon Pride, Works, 547.*

After we had supped, Mrs. Arnold politely offered to send a couple of her footmen for my son's *baggage*. —*Gobineth, Vicar of Wakefield, ch. 22.*

Our way now lay over the mountains, which aimed to be passed by climbing them directly, but by traversing, so that as we went forward we saw our *baggage* following below in a direction exactly contrary. —*Dr. Johnson, To Mrs. Thrale, Sept. 4, 1770.* (Ord MS.)

Bag and baggage, Everything.

Dolabella designed, when his affairs grew desperate in Egypt, to pack up *bag and baggage*, and sail for Italy. —*Arbutnot.*

Baggage, s. [from Ital. *bagascia*.] Worthless woman.

A spark of indignation did rise in her, not to suffer such a *baggage* to win away any thing of hers. —*Sir P. Sidney.*

When this *baggage* meets with a man who has vanity to credit relations, she turns him to account. —*Spectator.*

Baggager, s. One who looks after the baggage; camp-follower. *Rare.*

The whole camp fled amain, the victuals and *baggagers* forsaking their camps and running all away for very fear. —*Sir W. Raleigh, History of the World, b. iii. ch. § 3.* (Rich.)

Bagged, part. adj. Loaded as with a bag. *Rare.*

Like a *bagged* with his honey'd venom, He brings it to your liver. —*Dryden, Don Sebastian.*

Bagging, part. adj. Hanging as bags; full as bags. (*Obsolete, rare.*)

Two kids that in the valley stray'd, I found by chance, and to my odd convey'd: They drun two *bagging* udders every day. —*Dryden.*

Baggio, s. [Ital. *bagno* = bath.] House for bathing; brothel.

I have known two instances of malignant fevers produced by the hot air of a *baggio*. —*Arbutnot, Effects of Air on Human Bodies.*

Bagpipe, s. Kind of wind instrument.

No tanners nor shirts, with some loud *bagpipes* instead of drum and fife. —*Sir P. Sidney.*
Some men there are have not a gaping pig; Some that are mad if they behold a cat; And others, when the *bagpipe* sings 't' 'em now, Cannot contain their urine. —*Shakespeare, Merchant of Venice, iv. 1.*

He heard a *bagpipe*, and saw a general animated with the sound. —*Addison, Freeholder.*

Bagpiper, s. One who plays on a bagpipe.

Some that will evermore play thro' their eyes, And laugh like parrots, at a *bagpiper*. —*Shakespeare, Merchant of Venice, i. 1.*

Bagwig, s. Kind of wig.

The ringlet periwig of the Restoration soon supplanted into the tasteless fashion of the empereur, Marlborough wigs, which were in turn succeeded by the endless barbarisms of perukes, *bag-wigs*, tow-wigs, cannon-wigs, and lob-wigs, which, for more than a century and a quarter, caricatured the countenances of English gentlemen. —*Agnes Strickland, Lives of the Queens of England, Catharine de Braganza.*

Baigne, v. a. [Fr. *baigner*.] Drench; soak. See Bain. (*Obsolete.*)

The women farrow not to *baigne* them, unless they plend their heads, with a worse perfume than Jemtrich found in the dungeon. —*Carew, Scurry of Cornwall.*

Bail, s. See extract.

Bail is also used in the sense of post or bar. The *bails* were the advanced posts set up outside the solid defenses of a town. Fr. *baille*, barrier, advanced gate of a city, palisade, barricade. (Bouva-
nence part.) It is probably the same word as *paling* or *pale*. Fr. *baillie*, finger-post, post, stake up a river to mark the passage. *Baile*, *barrière* (Heart); *baile*, post, retranscendement; *revenir à sa baile*, to return to one's post, at the game of pique in the corner or crick. Hence, the *bails* at cricket, properly the wickets themselves, but now the little stumps at the top. —*Wagwood, Dictionary of English Etymology.*

Bail, s. [from Lat. *bajulus*.] Freeing or setting at liberty, under security taken for his appearance, of one arrested or imprisoned; security; surety.

[The Lat. *bajulus*, a carrier, was applied in later times to a nurse, viz. as carrying the child about. *Mid. Lat. bajula*, *it. balia*. Next it was applied to the tutor or governor of the children, probably in the first instance to the foster-father. . . . When the child under the care of the *Bajulus* was of royal

rank, the tutor became a man of great consequence, and the *jeune Bacara* was one of the chief officers of state at Constantinople. The name was also applied to the tutor of a woman or a minor. Thus the husband became the *Bajulus uxoris*, and the name was gradually extended to any one who took care of the rights or person of another. In this sense it is to be understood the ordinary E. expression of giving *bail* the person who gives bail being supposed to have the custody of him whom he baile. From *bajulus* was formed *baile*, *baliva*, (*bajulatus*); Fr. *baill*, *bailli*, *baillif*, *baillif*. The *baillifs* persons who constitute themselves tutors of the person charged, and engage to produce him when required.

'Tutores vel bajuli respondeant pro pupillis.' - (Custici Barchinenses in Duc.)
Et le roi l'a recue en son honneur et le due son baron comme baill d'elie. (Chron. Flandre, in Duc.)
'Et mitto illum (filium) et cum eo meum terram et meum honorem et meos viros qui Deus nihil dedit in bajulia de Deo et de suis sanctis, &c.' (Testament. Regis Aragon. A.D. 1069, in Duc.)

The *Fr. bailleur*, to lend over, from *bajulare*, in the sense of making one a *bail* or keeper of the thing handed over, giving it into his *bail* or control. Finally, every one to whom power was intrusted to execute not on his own behalf was called a *baillif*, *bajulatus* or *balivatus*, from the *baillif* of the empire (as we find in the case of Henry of Flanders); Princes, barons et milites exercentur in imperii baillivum elegerunt to the humble baillif in husbandry who has the care of a farm, or the officer who executes the writs of a sheriff. - (Wegwood, Dictionary of English Etymology.)

Worry'd with debts, and past all hopes of bail,
The impy'd wretch lies rotting in a jail.

Lord Roscommon.
'Nay,' says the justice, 'if he is a gentleman, and you are sure he is innocent, I don't desire to commit him, not I. I will commit the woman by herself, and take your bail for the gentleman; both in the book clerk, and see how it is to take *bail*; come - make me the matrons for the woman as fast as you run.' - (Fielding, *Adventures of Joseph Andrews*.)

They bid their damages at the enormous amount of forty thousand pounds, and Nelson was obliged to keep close on board his own ship, lest he should be arrested for a sum for which it would have been impossible to find *bail*. - (Southey, *Life of Nelson*, p. 35.)

Bail, *v. a.*

1. Give bail for another.

Let me be their bail,
They shall be ready at your highness' will,
To answer their suspicion with their lives.
Then shall not *bail* them.

Bail, *v. a.*

2. Admit to bail.

When they had *bailed* the twelve bishops, who were in the Tower, the house of commons, in great indignation, caused them immediately to be re-committed to the Tower. - (Lord Clarendon.)

Bailable, *adj.* Admitting of bail.

They are not *bailable*. - (R. Johnson, *School of Nature*.)
It was declared a *bailable* offence, heinous as it was. The popular indignation knew no bounds. The criminal was a wealthy man, a man of high connections. It was these that carried him through. - (Johnson, *History of England*.)

Bailee, *s.* One to whom anything is made over as a bail or trust. See Bailment.

Bailiff, *s.* [See Bail, from *bajulus*.]

1. Subordinate officer.

Lanuvium is under the caution of Rome, governed by a *bailiff* every three years from the senate of Rome. - (Johnson.)

2. Officer whose business it is to execute arrests.

It many times happeneth, that, by the under-sheriffs and their *bailiffs*, the owner hath incurred the forfeiture, before he cometh to the knowledge of the process that runneth against him. - (Bacon.)
A *bailiff*, by mistake, seized you for a debtor, and kept you the whole evening in a sponging-house. - (Swift.)

Swift as a bird the *bailiff* leaves behind. Pope.

3. Under-steward of a manor.

That was the last drop in the cup of woe,
I once was near him, when his *bailiff* brought
A Pharist pike. - (T. Haydon, *Walking to the Mail*.)

Bailiwick, *s.* Area, or district, under the jurisdiction of a bailiff.

A proper officer is to walk up and down his *bailiwick*. - (Spenser.)
There issued writs to the sheriffs, to return the names of the several land-owners in their several *bailiwicks*. - (Sir M. Hale.)

Bailment, *s.* See extract.

Bailment, from the French *bailleur*, to deliver, is a delivery of goods in trust, upon a contract expressed or implied, that the trust shall be faithfully executed on the part of the *bailee*. - (Sir W. Blackstone, *Commentaries*, b. ii. ch. xxx. (Rich.))

Bailly, *s.* Bailiff. *Obsolete*.

He seide also to his disciples, Ther was a man that hadde a *bagly*. And this was deuoted to him, as he hadde wasted his goods. And he cheside him, and seide to him, What leuere I this thing of thee? Ychile rekenyng of this *bagly*, for thou myght not now be layst. - (Wycliffe, *St. Luke*, xvi. 1, 2.)

Bain, *s.* Bath. *Obsolete*.

And so Sir Laurence made fair Elaine for to gather herbs for him to make him a *baine*. - (King Arthur.)

Bathed him in the *baine*

Of his son's blood before the altar slain.

Mirror for Magistrates.

Our *baines* at Bath with Virgil's to compare,
For their effects, I dare almost be hold.

Halewell, *Apology*, p. 134.

To lie sweating so long in the *baine*. - (Ibid., p. 345.)

Bain, *v. a.* Bathe. See Baigne. *Obsolete*.

Fighting against hope and fighting by some joy and pleasure, wherein he *bained* himself with great content of mind. - (Pamphlet, *Palace of Pleasure*.)
To *baine* themselves in my distilling flood.

Lodge, *Wounds of Civil War*.

Bairn, *s.* [Generally considered a Norse

rather than a Teutonic word; it is, however, Old-Saxon; the form being *burn*-child.] Child. *Provincial, Scotch*.

Think, like good Christians, on your *bairns* and wives. - (Dryden.)

Bait, *v. a.* [?]

1. Put food upon a hook, or in a trap, to tempt fish or other animals.

Why, I am sure, if he faileth, thou wilt not take his *bait*: what's the good for? To tempt fish withal. - (Shakespeare, *Measure for Measure*, iii. 1.)

Many sorts of fishes feed upon *bait*, as is well known to anglers, who *bait* their hooks with them. - (Bacon.)

Used metaphorically.

Oh, cunning enemy, that to catch a snail
With saints dost *bait* thy hook! most dangerous
Is that tempter that doth lead us on
To sin in loving virtue.

Shakespeare, *Measure for Measure*, ii. 2.

How are the sex improv'd in man's nets?

What new-found snares they *bait* for human hearts!

Gray.

2. Give meat to one's self or horses, on the road.

What so strange,
But wanting rest, will also want of night?
The sun, that measures heaven all day long,
At night doth *bait* his steeds the ocean waves among. - (Spenser, *Eclogues*.)

Bait, *v. a.* [Fr. *battre* = beat down.] Attack

with violence; harass by the help of others.

Who seeming sorely chafed at his land,
As chained bear, whom cruel dogs do bait,
With idle force did fain the air to withstand. - (Spenser, *Fairy Queen*.)
I will not yield
To kiss the ground before young Achilles' feet,
And to be *baited* with the rabble's hiss. - (Shakespeare, *Macbeth*, v. 7.)

In November the Parliament met; and before the end of that month the new Secretary of State had been so manfully *baited* by the Exchequer of the Forces and the Secretary at War that he was thoroughly sick of his situation. - (Mansel, *Essays*, *Earl of Chatham*.)

Bait, *v. n.* Stop at any place for refreshment.

In all our journey, from London to his house, we did not so much as *bait* at a wain inn. - (Addison, *Spectator*.)

Bait, *s.*

1. Food set to allure fish, or other animals, to a snare.

The pleasant'st angling is to see the fish
Cut with her golden ears the silver stream,
And greedily catch the treacherous *bait*. - (Shakespeare, *Much Ado about Nothing*, iii. 1.)

2. Temptation; enticement; allurements.

And that same glorious beauty's idle boast,
Is but a *bait* such wretches to beguile. - (Spenser.)
Tuketh therewith the souls of men, as with the *bait*. - (Hooker.)
Sweet words I grant, *bait*s and allurements sweet,
But greatest hopes with greatest crosses meet. - (Pope.)

Fruit, like that

Which grew in paradise, the *bait* of Eve

Used by the tempter. - (Milton, *Paradise Lost*, x. 551.)

Secure from foolish pride's seductive state,
And specious flattery's more pernicious *bait*. - (Lord Roscommon.)

Her head was bare,

But for her native ornament of hair,

Which in a simple knot was ty'd above;

Sweet negligence! unheeded *bait* of love! - (Dryden.)

z 2

3. Refreshment on a journey.

If you grow dry before you end your business,
Pray take a *bait* here: I've a fresh hoghead for you. - (R. Johnson, *Scornful Lady*.)

The men of the world enjoy the good things of the life as their ultimate happiness, beyond which they look no further; but good men use them as a viaticum or *bait*, as a present support and refreshment in their pursuit of a far greater happiness. - (Bishop Hall, ii. 630.)

Baize, *s.* [Fr. *baye*, pl. *bayes*.]

Norwich at that time was the seat of the chief woollen manufactures; such as *crapes*, *baizes*, *serges* and the like. - (Pencourt, *Travels in England*.)

Báke, *v. a.* [A.S. *bacian*.]

1. Heat anything in a close place: (generally in an oven).

He will take thereof, and warm himself; yea he killeth it, and *baketh* bread. - (Isaiah, xlv. 15.)

2. Harden with heat.

The work of the fire is a kind of *baking*; and whatsoever the fire *baketh*, time doth in some degree dissolve. - (Bacon.)

With vehement suns
When dusty summer bakes the crumbling clods,
How pleasant is it, beneath the twisted arch,
To ply the sweet *barrow*. - (J. Phillips, *Cider*, ii.)

The sun with flaming arrows pierc'd the flood,
And, darting to the bottom, *bak'd* the mud. - (Dryden.)

Báke, *v. n.* Work as a baker.

I keep his house, and I wash, wring, brew, *bake*, sew, dress meat, and make the bed, and do all myself. - (Shakespeare, *Merry Wives of Windsor*, i. 4.)

Bake-meats, *s.* Meats cooked in the oven.

In the uppermost basket there was all manner of *bake-meats* for Pharaoh. - (Genesis, xi. 17.)

Bákehouse, *s.* Place for baking bread.

I have marked a willingness in the Italian artisans, to distribute the kitchen, pentry, and *bakehouse* under ground. - (Sir H. Wotton.)

Báker, *s.* One who bakes.

In life and health, every man must proceed upon trust, there being no knowing the intention of the cook or *baker*. - (South.)

Bákery, *s.*

1. Place for baking or leakers.

I cannot find out any other funds they have but the butchery and the *bákery*, which they farm at so much a year to the last lubber. - (Smollett, *Travels*, ii. 21. (10th MS.))

2. Products, or results, of baking.

For the famous *whiffed* it came, Daniel saw before his feet to be made and call'd him of bread *bákery*, his body, therefore, a real hand underneath. - (Jog, *Exposition of David*, ch. xiv. (Rich.))

Báking, *verb. abs.* Art of a baker; process by which anything is baked.

The difference of prices of bread proceeded from their delay in bread, and perhaps something in their manner of *baking*. - (Aristotle.)

Báker, *s.* Female baker. *Obsolete*.

Here pectrix, a kempter,
Here pectrix, a webster,
Here pectrix, a sewer,
Here pectrix, a *báker*. - (Nonsensical of 15th century.)

Bálançe, *s.* [Fr. *balance*; Lat. *bilanx*, from *bis* = twice, *lanx* = plate, dish.]

1. Pair of scales.

A balance of power, either without or within a state, is best conceived by considering what the nature of a *balance* is. It supposes three things: first, the part which is held, together with the hand that holds it; and then the two scales, with what ever is weighed therein. - (Swift.)

● For when on ground the balanced *balance* lies,
The empty pair is lifted up the higher.

Sir J. Dyer, *Immutability of the Soul*.

2. Act of comparing, or weighing, either

materially or mentally, two things.

I have in equal *balances* justly weighed,
What wrong our arms may do, what wrongs we suffer.

Griefs heavier than our offences.

Shakespeare, *Henry IV, Part II*, iv. 1.

Comfort arises not from doing being miserable, but from this inference upon the *balance*, that we suffer only the lot of nature. - (Sir R. L'Estrange.)

Upon a fair *balance* of the advantages on either side, it will appear, that the rules of the gospel are more powerful means of conviction than such measures. - (Bishop Atterbury.)

3. Surplus weight; that quantity by which, of two things weighed, or sums reckoned, one exceeds the other.

Care being taken, that the exportation exceed in value the importation; and then the *balance* of trade must of necessity be returned in coin or bullion. - (Bacon, *Advice to Vintners*.)

4. Equipoise.

Love, hope, and joy, fair pleasure's smiling train;
Hate, fear, and grief, the family of pain;
These mix'd with art, and to due bounds confin'd,
Make and maintain the balance of the mind. *Pope*.
The consequence was, that the order and balance
of the country were destroyed, the minds of men
became habituated to the most daring speculations,
while their acts were controlled by the most oppres-
sive despotism; and they felt themselves possessed
of capacities which their rulers would not allow them
to employ.—*Buckle, History of Civilization in Eng-
land*, vol. i. ch. vii.

But in France the admiration for royalty had be-
come so great, that this balance was disturbed; the
inquiries of men not daring to settle on politics,
were fixed on religion, and gave rise to the singular
phenomenon of a rich and powerful literature, in
which unanimous hostility to the church was un-
accompanied by a single voice against the enormous
abuses of the state. *Ibid.*

Surely, if to these doubts which he had added the
whole monarchy of Spain, the balance of power
would have been seriously endangered. — *Moranday*,
Essays, Lord Mahon's War of the Succession in
Spain.

5. Wheel in a watch which regulates the
beats, and produces equible motion.

It is but supposing that all watches, whilst the
balance beats, think; and it is sufficiently proved,
that my watch thought all last night.—*Lodge*.

6. One of the twelve signs of the zodiac,
commonly called *Libra*.

Or wilt thou warn our summers with thy rays,
And sented near the Balance poise the days.
Dryden.

Balānce. *v. a.*1. Weigh in a balance, either real or figura-
tive; compare by the balance; regulate the
weight in a balance; keep in a state of just
proportion.

If men would but balance the good and the evil
of things, they would not venture soul and body for
dirty interest.—*Sir R. L. Estlin*.

Heav'n that hath plac'd this island to give law,
To balance Europe, and her states to awe. *Waller*.

The evil of having regular soldiers, and the evil of
not having them, Sauters set forth and compared in
a little treatise, which was once widely renowned as
the *Balancing Letter*, and which was admitted even
by the malcontents, and which was admitted even
by the malcontents. — *Moranday, History of England*, ch.
xxiii.

2. Counterpoise; weigh equal to; be equi-
pollent; counteract.

The attraction of the glass is balanced, and rendered
ineffectual by the contrary attraction of the
liquor.—*Sir J. Newton*.

No great, indeed, is the effect of a skillful inter-
position of short, pointed, forcible sentences, that
even a considerable violation of some of the fore-
going rules may be, by this means, in a great degree,
concealed; and vigour may thus be communicated (if
vigour of thought be not wanting) to a style charac-
terized even with tautology. This is the case with
much of the language of Dr. Johnson, who is cer-
tainly on the whole an energetic writer; though he
would have been much more so, had not an over-
attention to the响 and majestic sound of
his sentences, and a delight in balancing one clause
against another, led him so frequently into a faulty
redundancy.—*R. Whately, Elements of Rhetoric*,
ch. ii. § 8.

The forces were so evenly balanced that a very
slight accident might have turned the scale.—*Moranday*,
History of England, ch. xix.

3. Pay that which is wanting to make the
two parts of an account equal.

To balance the account of Menclieu's day. *Pope*.

Though I am very well satisfied, that it is not in
my power to balance accounts with my Maker, I am
resolved, however, to turn all my endeavours that
way.—*Addison, Spectator*.

Balānce. *v. n.* Hesitate; fluctuate between
equal motives. *Obsolete*.

Were the satisfaction of lust, and the joys of
heaven, offered to any one's present possession, he
would not balance, or err in the determination of
his choice.—*Lodge*.

Since there is nothing that can offend, I see not
why you should balance a moment about printing
it.—*Bishop Atterbury*, To *Pope*.

In the following extract it seems to
mean 'work as an accountant at balancing
books.'

(Oh! who would cast and balance at a desk,
Perch'd like a crow upon a three-legged stool?)
Tennyson, Antley Court.

Balāncing. *verbal abs.* Equilibrium; poise.
Dost thou know the balancings of the clouds?—
Job, xxxiii. 18.

The strange balancings of parties for the safety of
the whole.—*Dr. Kierner, Sermons*, p. 50: 1880.

Balcōne. *s.* [Italian.] See *Balcony*.

To look upon a woman, that passeth by, vetted;
or to look up, if any be at a window, or in a *balcone*,
is the cause of death [in the East] unto many.—
*Merie Canadian, Of Credulity and Incredulity in
Things natural, civil, and divine*, p. 281.

Balcōnied. *part. adj.* Having balconies.

The house was double-balcōnied in front.—*Roger
North*.

Balcōny. *s.* [Fr. *balcon*; Ital. *balcone*.]

Frame before the window of a room.

[From the Persian *bala khānch*, upper chamber. An
open chamber over the gate in the Persian cara-
vanserais is still called by that name, according to
Rich. The term was then applied to the projecting
platform from which such a chamber looked down
upon the outside. As this *balcony* over the gateway
is precisely the position of the *barbican* in a castle
wall, it is probable that the latter name, in Mid. Lat.
barbicanus, is only another corruption of the same
word which gives us *balcony*. If we compare the
various modes of writing the word from whence our
balcony is derived, and especially the two, *belfridum*,
bertfredum, we shall find nothing startling in the
conversion of *bala khānch* into *barbicanus* by per-
sons by whom the elements of the word were not
understood. A barbican was a defence before a gate,
originally, doubtless, a mere projecting window from
which the entrance could be defended, or the persons
approaching submitted to inspection, the
word being probably brought from the East by the
Crusaders. *Balcony* is a much later introduction,
and has accordingly better preserved the true form
of the original. — *Wedgwood, Dictionary of English
Etymology*.]
Houses of two stories have, many of them, very
large upper rooms, which have many double doors
in the sides of them, like those in our balconies, to
open and let in fresh air.—*Terry, Voyage to East
India*, p. 190: 1655.

The minds to the doors and the balconies run,
And cried 'Lack-a-day! he's a proper young man.'
Swift, Tom Finch. (Rich.)

At eve a dry cicala sung,
There came a sound as of the sea;
Backward the ladies blind she flung,
And leant upon the balcony.

Tennyson, Mariana in the South.

Pronounced as the original Italian.
Then pleasure came, who, liking not the fashion,
Began to make balconies, terraces,
Till she had weaken'd all by alteration. *G. Herbert*.

When dirty waters from balconies drop,
And dextrous dunces twirl the sprinkling mop.

In the balcony that o'erhangs the stage
I've seen one miss two pretences engage.
Fielding, Tom Thumb.

Then rest thee here, my gondolier,
Tush, tush, for up I go,
To climb yon light balcony's height
While thou keep'st watch below.

Moore.

Bald. *adj.*1. Wanting hair; despoiled of hair by time
or sickness.

Neither shall men make themselves bald for them.
Jeremiah, xvi. 6.

I find it remarked by Marchetti, that the cause of
baldness in men is the dryness of the brain, and its
shrinking from the skull; he having observed, that in
bald persons, under the *bald* part, there was a
vacuity between the skull and the brain. — *Ray*.

He should imitate Cæsar, who, because his head
was bald, covered that defect with laurels. — *Ad-
dison*.

2. Without natural, or usual, covering.

Under an oak, whose boughs were moss'd with
age,
And high top bald with dry antiquity.

Shakespeare, As you like it, iv. 3.

He is set at the upper end of the table; but they
stand bald before him.—*Shakespeare, Coriolanus*,
iv. 5.

3. Unadorned; inelegant; mean; naked;
without dignity; without value; bare.

Hobbes, in the preface to his own bald translation
of the *Dei*, begins thus: 'The name of Hobbes is here
to be seen.'

What should the people do with these bald tri-
bunes?

On whom depending, their obedience falls
To the greater bench.

Shakespeare, Coriolanus, iii. 1.

Baldachin. *s.* [Ital. *baldachino*.] In *Ar-
chitecture*. Canopy supported by col-
umns, and serving as a covering to an
altar.

No *baldachino*, no cloth of state, was there; the
king being absent.—*Sir T. Herbert, Travels*, p. 158.

Balderdash. *s.* [Welsh, *balldordus* = im-
perfect utterance.]

1. Lull and mixed language.

They would no more live under the yoke of the
sea, or have their heads washed with his bubbly
spume or barber's balderdash.—*Nash, London Stage*,
p. 8: 1650.

2. Mixture of liquors.

It is against my freehold, my inheritance,
To drink such balderdash, or bunny clabber!

B. Jonson, New Inn, i. 2.
Mine is such a drench of balderdash.—*Beaumont
and Fletcher, Woman's Prize*.

Balderdash. *v. a.* Mix or adulterate any
liquor. *Rare*.

When monarchy began to bleed,
And treason had a blue new name;
When Thames was balderdash'd with Tweed,
And pulpits did like beacons flame.

The Geneva Ballad: 1671.

Can wine or brandy receive any sanction by being
balderdash'd with two or three sorts of simple
waters? *Mandeville, On Hypochondriac Disorders*,
p. 279: 1730.

Baldness. *s.* Attribute suggested by Bald.

1. Want of hair; loss of hair.

The *baldness*, thinness, and deformity of their
hair is usually supplied by borders and combs. —
Bishop Taylor, Artificial Manufactures, p. 48.

Which happen'd on the skin to light,
And there corrupting to a wound,
Spreads leprosy and baldness round.

Swift.

2. Meanness of writing; inelegance.

Borde has all the *baldness* of allusion and lar-
gely of verbiage belonging to Skelton, without his
strokes of satire and severity. — *T. Warton, His-
tory of English Poetry*, iii. 74.

Baldpate. *s.* Head shorn of hair.

Come hither, goodman baldpate; do you know
me? — *Shakespeare, Measure for Measure*, v. 1.

Baldpate. *adj.* Shorn of hair.

Nor with Dulartus brittle up the floods,
Nor perriwig with snow the baldpate woods.

Naime and Dryden, Art of Poetry.

Baldpated. *part. adj.* Same as Baldpate.

Yon baldpated, lying rascal, you must be hooded,
must you. — *Shakespeare, Measure for Measure*,
v. 1.

Baldric. *s.*

1. Shoulder-belt; belt in general.

Althwart his breast a baldric brayn he wore,
That shinn'd like twinkling stars, with storms most
precious rare. *Spenser, Faerie Queene*.

A radiant baldric o'er his shoulders ty'd,
Sustain'd the sword that glitter'd at his side. *Pope*.
He saw their terror—from his baldric drew
His bugle—brief the blast—but shrilly blew
'Tis answer'd—'Well ye speak, my valiant crew!'
Byron, The Corsair.

2. Zodiac. *Rhetorical*.

That like the twins of Jove they seem'd in signal,
Which deck the baldric of the heavens bright.

Spenser.

Bale. *s.* [Fr.]1. Bundle or parcel of goods packed up for
carriage.

One hired an ass in the dog-days, to carry certain
bales of goods to such a town. — *Sir R. L. Estlin*.

It is part of the bales in which bobas are
brought over from China. — *Woodward*.

Saw the heavens fill with commerce, argosies of
magic sails,
Ploots of the purple twilight, dropping down with
costly bales.

Tennyson, Locksley Hall.

2. Pair of dice. *Obsolete*.

It is a false die of the same bale, but not the same
cut.—*Sir T. Overbury, Characters*.

For exercise of arms a bale of dice.—*B. Jonson*,
New Inn.

Bale. *s.* [A.S. *bæl*.] Misery; calamity; mis-
chief; poison.

She look'd about, and seeing one in mail,
Armed to point, sought back to turn again;
For light she hated as the deadly bale.

Spenser, Faerie Queene, i. 1, 18.

Bale. *v. a.* Make into bales.

When finished, these goods are baled up.—*Gold-
smith, Citizen of the World*. (Rich.)

Bale. *v. a.* [?] Lade out water.

As they bale the seas o'erflow.—*E. G. Latham*,
Translation of Frithiof's Saga.

Baleful. *adj.*1. Full of bale, misery, or grief; sorrowful;
sad; woful.

Ah! luckless babe, born under cruel star,
And in dead parents' baleful ashes bred.

Spenser, Faerie Queene.

BALE

Round he throws his *baful* eyes,
That witness'd huge affliction and dismay,
Mix'd with odourate pride and steelfast hate.

Milton, Paradise Lost, l. 69.

2. Full of mischief; destructive; poisonous. See Bale.

But when he saw his threat'ning was but vain,
He turn'd about, and warch'd his *baful* looks
again.

Spenser, Faerie Queene, l. 10.

Bolling chaler chinks,
By sight of these our *baful* enemies.

Shakespeare, Henry VI. Part I. v. 4.

Happy Ierne, whose most wholesome air
Poisons envenom'd spiders, and forbids
The *baful* toad and viper from her shore.

J. Philips, Cider, ii.

- Balefulness.** *s.* Attribute suggested by Baleful.

But that their bliss he turned to *balefulness*.

Spenser, Faerie Queene, li. 12.

- Balfery.** *s.* [Fr. *balafre*.] Scar. Obsolete.

Their rounded simps made all the fowls (of the waves) slide away on each side, so as not to make the least confusion or *balfery*.—*Transactions of the Royal Society, i. 101.* (Ord MS.)

- Baling.** *verbal abs.* Act of one who bales (water).

We had six fowls water in the holde, and having freed our ship thereof with *baling*, the wind shifted to the north-west and became duller.—*Hackluyt, Voyages, vol. ii. pt. ii. p. 163.* (Rich.)

- Balister.** *s.* [Fr. *baliste*; Lat. *ballista*.] Cross-bow. *Rare.*

A spindle full of raw thread, to make a false string for the king's *balister* or crossbow.—*Blount, Tenures, p. 92.*

- Balk.** *s.* [A.S. *baele*.]

[To *balk* is to pass over in plowing, to leave a thing unaccomplished, to disappoint, skip over. . . . A *balk*, then, is the separation between one division of a thing and another, the partition over which you must skip in passing from one division to the other, and specially a ridge of green sward left by design between different enclosures in a common field. (Halliwell.) Level, *balks*, the division between the stalks in a cow-house. See *balks*, to partition off. . . . To *balk* in a ploughed field, the term is applied to a brown beam. See *balk*, Don, *balks*, *Picard, language*; and in French, for the like sense, to a course of bricks, *bauche*; *bauche*, to rough-hew, to hew into the form of a beam. The *balks* are the beams of which the roof is composed. . . . A hay-loft is provincially termed the *balks* (Halliwell), because situated among the rafters. Hence also probably the Ital. *balko*, or *palea*, a scaffold; a loft-like erection supported upon beams.—*Wedgwood, Dictionary of English Etymology.*]

1. Ridge of land in a ploughed field left unploughed.

Dots and marks, which of ancient time were laid for the division of mowes and *balks* in the fields, to bring the owners to their right. *Houlters, li. 235.*

The mud steele about doth heavily lie,
Not sparing wight, nor leaving any *balks*,
But making way for death at huge to walke.

Spenser, Faerie Queene, vi. li. 16.

2. Break; check; disappointment.

There cannot be a greater *balk* to the tempter, nor a more effectual defeat to all his temptations.—*South, Sermons, vi. 311.*

- Balk.** *v. a.*

1. Check; disappoint; frustrate; elude;

leave untouched.

He [St. John] *balked* not one of Herod's sins, but reproved him of all the evils that he had done.—*Bishop Hall, Works, li. 116.*

They were somewhat perplexed by copying the French ambassador, with the king's coach and other attending him; which made them *balk* the beaten road, and touch post-hackneys to leaky hedges.—*Sir H. Watton, Reliquie Wolfenbutae, p. 213.*

By grisly Pluto he doth swear,
He rent his clothes, and tore his hair;
And as he ranneth here and there,

An acorn cup he greeteth;
Which soon he taketh by the stalk,
About his head he lets it walk,

Nor doth he any creature *balk*,
But lays on all he meeteth. *Dryden, Nymphidia.*

Another thing in the grammar schools I saw no use of, unless it be to *balk* young lads in learning languages.—*Locke.*

Every one has a desire to keep up the vigour of his faculties, and not to *balk* his understanding by what is too hard for it.—*Id.*

But one may *balk* this good intent,
And take things otherwise than meant. *Prior.*

The prices must have been high: for a people so rich would not *balk* their fancy.—*Arbuthnot.*

Balk'd of his prey, the yelling monster flies,
And tithes the city with his hideous cries. *Pope.*

Is there a variance? enter but his door,
Balk'd are the courts, and contest is no more. *Id.*

BALL

All forth-as as a fawer'd child
Balk'd of its wish; or never still—
A woman piqued—who has her will.

Byron, Mazeppa.

Who can believe that we could so *balk* the substance, and name that only, which in equanimity is but an appendix thereto?—*Mede, Apology of the latter Times.*

Or with new weights of guilt still press them down.
Shame, faith, religion, honour, loyalty,
Nature itself, whatever checks there be
To loose and uncontrolled impiety.
He all extirp in you; own no remorse
But that you've *balked* a sin, have been no worse,
Or too much pity shown.

Oltham, Satire against the Jesuits.

2. Heap (as on a ridge).

Ten thousand bold Scots, three and twenty knights,
Balk'd in their own blood, did Sir Walter see
On Holmedon's plains.

Shakespeare, Henry IV. Part I. l. 1.

- Balk.** *v. n.*

1. Turn aside.

When as the ape him heard so much to talk
Of labour, that did from his liking *balk*,
He would have stipt the collar handsomely.

Spenser, Mother Hubbard's Tale, v. 268.

2. Deal in cross purposes; speak differently from the intention. *Rare.*

But to occasion him to further talk,
To feed her knave with his pleasing style,
Her list in stillyl terms with him to *balk*,
And thus reply'd. *Spenser, Faerie Queene, li. 2. 12.*

- Balkers.** *s.* [?] Men who stand on a cliff, or high place on the shore, and give a sign to the men in the fishing-boats, which way the passage or shoal of herrings is.

The pilchards are pursued by a bigger fish, called a plisher, who leapteth above water, and leaveth them to the *balker*. *Carew, Survey of Cornwall.*

- Balkish.** *adj.* Full of balks or hindrances. *Rare.*

I was reclaimed from my resolution, reckoning it far better that my pen should *balk* in such kind that crag and *balkish* way. *Holushed, Characters, Ireland, Epistle Indicatory by Stanghurst. (Rich.)*

- Ball.** *s.* [Fr. *ballé*.]

1. Anything made in a round form, or approaching to round.

Worms with many feet round themselves into balls under logs of timber, but not in the timber.—*Bacon.*

Nor arms they wear, nor swords and bucklers wield,
But a whirl from leathern strings huge *balls* of lead.

Dryden.

Like a *ball* of snow tumbling down a hill, he gathered strength as he passed. *Hovell.*

Such of those corpuscles as happened to combine into one mass, formed the metallic and mineral *balls* or nodules, which we find. *Woodward.*

- a. For play, either with the hand or foot, or with a racket.

Balls to the stars, and thrills to fortune's reign,
Turn'd from themselves, infected with their eyes,
Where death is fear'd and life is held with pain.

Sir P. Sidney.

Those I have seen play at *ball*, grow extraneously earnest who should have the *ball*.—*Id.*

- b. For use in balloting, or in casting lots,

Let lots decide it.
For every number'd captive put a *ball*
Into an urn; these only black be there,
The rest, all white, are safe.

Dryden.

- c. For shooting.

Purwell, Zuleika! Sweet retire:
Yet stay within—here finer safe,
At thee his race will only chase,
Stir not—lest ever to thee perchance
Some erring blade or *ball* should glance.

Byron, The Bride of Abydos, li. 23.

2. Globe.

Julius and Anthony, those lords of all,
Law at her feet present the conquer'd *ball*.

Graville.

Ye gods, what justice rules the *ball*!
Freedom and acts together fall.

Pope.

Borne as an ensign of sovereignty.

Hear the tragedy of a young man, that by right ought to hold the *ball* of a kingdom; but, by fortune, is made himself a *ball*, tossed from misery to misery, from place to place. *Bacon.*

3. Part of the body approaching to roundness: (as the lower and swelling part of the thumb, the apple of the eye).

To make a steen countenance, let your brow bend so, that it may almost touch the *ball* of the eye.—*Peacham.*

- Ball.** *s.* [Fr. *bal*; from L. Lat. *ballare*.]

Entertainment of dancing.

BALL {BALFULNESS BALLARAG

Here Love his golden shafts employs, here lights
The constant lamp, and waves his purple wings,
Reigns here and revels; not in the thought smile
Of harlots, loveless, joyless, unendur'd,
Casual fruition; nor in court-amour,
Mix'd dance, or wanton mask, or midnight ball.

Milton, Paradise Lost, iv. 763.

If golden scenes hang not on the walls,
To light the costly suppers and the *balls*. *Dryden.*
He would make no extraordinary figure at a *ball*;
but I can assure the ladies, for their consolation,
that he has writ better verses on the sex than any man.—*Swift.*

No trace was left of that celebrated gallery which had witnessed so many *balls* and pageants, in which so many maids of honour had listened too easily to the vows and flatteries of gallants, and in which so many bags of gold had changed masters at the hazard table.—*Macaulay, History of England, ch. xxiii.*

- Ballad.** *s.* [Fr. *balade*.] Song.

Ballad once signified a solemn and sacred song, as well as trivial, when Solomon's Song was called the *ballad of ballads*; but now it is applied to nothing but trifling verse.—*Watts.*

And I have not *ballads* made on you all, and sung to filthy tunes, may a cup of sack be my poison.—*Shakespeare, Henry IV. Part I. li. 2.*

Like the sweet *ballad*, this amusing lay
Too long detains the lover on his way. *Gay.*

- Used as an adjective.

The familiarity which doctor Miller assigns to the *ballad* style.—*T. Warton, Enquiry concerning Rowley, p. 46.*

By each of the royal [French] family, and the principal nobility of the court, a psalm [of Clement Marot's version] was chosen, and fitted to the *ballad* tune which each liked best.—*T. Warton, History of English Poetry, iii. 103.*

The great collection of *ballad* literature is proved by Walter Longchamp's equipment of minstrels, as a modern minister might subsidize the press.—*C. H. Pearson, The early and middle Ages of England, ch. xxv.*

- Ballad.** *v. a.* Make or sing ballads. *Rare.*

Will catch at us like strumpets, and wait'd rhimers
Ballad us out of time.

Shakespeare, Antony and Cleopatra, v. 2.

These envious libellers *ballad* against them.

Donne

- Ballad-like.** *adj.* Like a ballad.

It [Hobbes's translation of the Odyssey] is as much too *ballad-like* as the later versions are too epic; but still, on the whole, it leaves a much truer impression of the original.—*Coleridge, The Friend, note to edition of 1819.*

- Ballad-maker.** *s.* One who writes a ballad.

Such a deal of wonder is broken out within this hour, that *ballad-makers* cannot be able to express it.—*Shakespeare, Winter's Tale, v. 2.*

- Ballad-monger.** *s.* Trader in ballads; singer of ballads.

I had rather be a kitten, and cry mew,
Than one of these same metre *ballad-mongers*.

Shakespeare, Henry IV. Part I. li. 1.

- Ballad-singer.** *s.* One whose employment is to sing ballads in the streets.

No sooner can he raise his tuneful song,
But bobs and bows round about him throng.
No *ballad-singer*, plac'd above the crowd,
Sings with a note so shrilling, sweet and loud.

Gay.

- Ballader.** *s.* Maker or singer of ballads. *Rare.*

Poor verbal quips, outworn by serving-men, tapsters, and milkmaids; even laid aside by *balladers*.—*Sir T. Overbury, Characters, sign. G. 4.*

- Ballading.** *part. adj.* After the manner of a writer or singer of ballads. *Rare.*

A whining *ballading* lover. *B. Jonson, Masques.*

- Balladry.** *s.* Subject or style of ballads. *Rare.*

Stay, till the abortive and extemporal din
Of *balladry* were understood a sin.

B. Jonson, Masques.

To see this butterfly,
This windy bubble, tank my *balladry*!

Marston, Scourge of Villany, li. 6.
To bring the gravity and seriousness of that sort of music [Italian] into vogue and reputation among our countrymen, whose humour it is time now should begin to lose the levity and *balladry* of our neighbours.—*Purcell, Anthems, preface.*

- Ballarag.** *v. a.* [?] Bully; threaten; chide; scold. *Colloquial, vulgar.*

On Minden's plains, ye meek Mounseers!
Remember Kingsley's grandiers,
You vainly thought to *ballarag* us
With your fine squadron off Cape Lagos.

T. Warton, Newman's Verses.

Ballast. *s.* [*? boat-last* = boat-load; *? bag-last* = back-load.]

1. Anything put at the bottom of the ship to keep it steady to the centre of gravity.

There must be middle counsellors to keep things steady, for, without that ballast, the ship will roll too much. *Bacon*.

As for the event of a submarine vessel, this may be easily contrived, if there be some great weight at the bottom of the ship, being part of its ballast; which, by some cord within, may be loosened from it. *Bishop of H. Rine*.

As when empty barks on billows float,
With saunty ballast sailors trim the boat;
So here bear gravel stores, whose piling weight
Steers through the whistling winds their steady flight. *Dryden*.

That Pessimum has in his hand three darts,
Such shivers, chills, ballast-stones, that yield you none. *Byron, Mephistopheles*, 20.

2. That which renders anything steady.

Those men have not ballast enough of humility and fear. *Hannond, Sermons*, p. 612.

Why should he sink where nothing seem'd to press?

His lining little, and his ballast less. *Swift*.

Ballast. *v. a.*

1. Put weight at the bottom of a ship, to keep her steady.

If it's be so ballasted, as to be of equal weight with the like magnitude of water, it will be moveable. *Bishop Wicliffe*.

2. Keep anything steady.

That man that would be hoisting sail in these days of scripture, had need be well ballast and well tackled. *Bishop Hall, Works of Consolation*.

This clarity must ballast the heart. *Hannond, Sermons*, p. 612.

Whilst thus to ballast love, I thought,
I saw, I had love's plumes overhaught. *Dante*.

Now you have given me virtue for my guide,
And with true honour ballasted my pride. *Dryden*.

Ballasting. *verbal abs.* Ballast.

Then had my prize
Been less; and so more equal ballasting
To thee, Pessimus. *Shakespeare, Cymbeline*, iii. 6.

Ballat. *v. a.* Sing in, or as, a ballad.

I make but repetition
Of what is ordinary and known to all.
And ballad, and would be paid to the stage
But that vice many times finds such loud friends,
That preachers are clam'd silent. *Webster, Vittoria Corombona*.

Ballatry. *s.* Jig; song. *Rare*.

The ballatry and the want of every municipal officer. *Milton, Areopagitica*.

Ballot. *s.* [*Fr. ballet*; pronounced as a French word in the extract from Goldsmith.] Dance in which some story is represented.

The title of ballet was [also] often applied to poems of considerable length. *T. Warton, History of English Poetry*, iii. 423.

Hither the affected city dame advancing,
Who sighs for operas, and darts on dancing,
Taught by our art her raptures to pause on,
Quits the ballet and calls for Nanny Dawson. *Goldsmith, She Stoops to Conquer*, epilogue.

Ballot-master. *s.* Superintendent, or arranger, of a ballot.

He danced without theatrical pretence,
Not like a ballet-master in the van
Of his drilled nymphs, but like a gentleman. *Byron, Don Juan*, xiv. 38.

Balliards. *s.* Same as Billiards. *Obsolete*.

With dice, with cards, with balliards, far unlit,
With shuttlecocks missewing mainly wit. *Spenser*.

Balloón. *s.* [*Ital. ballone*.]

1. Air-balloon (*adjectival* in extract).

They would be obliged to run away a course as dark and dubious as a balloon journey. *Silas Marner*, ch. ii.

2. Windball; game so called.

Football, ballown, quintance, &c., which are the common recreations of the country folks. *Burton, Anatomy of Melancholy*, p. 266.

Ballot. *s.* [*Fr. ballotte*.] Closed ticket placed secretly in a box or urn, and stating the way in which a vote is given; voting by vote thus given, secret voting.

It is said that the ballot (that is secret voting by placing a written paper in a box) was of great protection to electors. *A. Paulding, Jan., How we are governed*, let. 6.

Ballot. *v. a.* Choose by ballot.

None of the competitors arriving to a sufficient number of balls, they fell to ballot some others. *Sir H. Wotton, Reliquie Wottonianae*, p. 262.

Ballot. *v. n.* Vote by ballot.
(giving their votes by balloting, they lie under no awe. *Swift*.)

Ballot-box. *s.* Box in which the votes by ballot are taken.

Some held no way so orthodox
To try it as the ballot-box,
And like the nation's patriots,
To find, or make, the truth by votes. *Batter, The El. phant in the Moon*. (Rich.)

Ballotant. *s.* Voter by ballot. *Rare*.

Which done immediately before the ballot, and so the letter unknown to the ballotants, they can use no fraud or juggling. *Harrington, Oceana*, p. 113. (Rich.)

Ballotation. *s.* Act of voting by ballot.

Rare.
The election of the duke of Venice is one of the most intricate and curious forms in the world, consisting of ten several ballotations. *Sir H. Wotton, Reliquie Wottonianae*, p. 260.

Ballotin. *s.* Carrier of the ballot-box; taker of the votes by ballot. *Rare*.

Whereupon eight ballotins, or pages, take eight of the boxes, and go four on the one, and four on the other side of the house; and every magistrate and senator holds no a little pellet of linen, as the box presses, between his finger and his thumb, that men may see he has but one, and then puts it in the same. *Harrington, Oceana*, p. 716. (Rich.)

Balloting. *verbal abs.* Process of voting by ballot.

The greatest of the parliament men hated this decision of rotation and balloting, as being against their power. *Wood, Athene Oxonienses*. (Rich.)

Balloting-box. *s.* [two words rather than a compound.] Ballot-box.

This game had a balloting-box, and balloted how things should be carried by way of tumultuous; which being not used or known in England before, upon this account the room every evening was very full. *Wood, Athene Oxonienses*. (Rich.)

Ballroom. *s.* Room for ball.

I would not hear of ball-room scuffles,
Nor wint new whims upon the milles.
Lady M. W. Montague.

To one and all the lovely stranger came,
And every ball-room echoes with her name.
Byron, The Waltz.

Balm. *s.* [*Fr. baume*, from *balsum*, from Lat. *balsamum* = balsam.]

1. Sap, or juice, of *Amyris gileadensis*.

It trickles through the bleeding veins
Of happy shrubs, in Idumean plains. *Dryden*.

2. Valuable or fragrant ointment.

This place is fill'd, thy sceptre waving from thee;
Thy balm wash'd off where with thou wast anointed.
Shakespeare, Henry VI. Part III., iii. 1.

3. Anything which soothes or mitigates pain.

You were conducted to a gentle bath.
And balm apply'd. *Shakespeare, Coriolanus*, i. 6.
But, gentle love, this transport calm,
Thy lot shall yet be link'd with mine:
I swear it by our prophet's shrine.
And be that thought thy sorrow's balm.
Byron, The Bride of Abydos.

4. Plant of the genus *Melissa*.

Sage, balm, ground-ivy, for tea; . . . lavender,
mint, balm, and rosemary, for perfumes. *London, Encyclopædia of Plants*, p. 1679.

Balm. *v. a.* *Rare*.

1. Anoint with balm.
Bala his foul head with warm distilled waters,
And burn sweet wood. *Shakespeare, Twelfth of the Shrew*, i. indist.

2. Soothe; mitigate; assuage.
Oppress nature sleeps:
This rest might yet have balm'd thy senses.
Shakespeare, King Lear, iii. 6.

Balm-cricket, or **Barm-cricket**. *s.* [*? Ger. barm* = tree, *cricket*.] Species of insect.

Wild words wander here and there;
God's great gift of speech abused
Makes thy memory confused—
But let them rave.
The balm-cricket carols clear
In the green that folds thy grave.
Let them rave. *Tennyson*.

Balm. *s.* One who balm or anoints.

Rare.
Blood must be my body's only balmer,
No other balm will there be given;
Whilst my soul, like a quiet palmer,
Travelleth towards the land of heaven.
Sir W. Raleigh, The Pilgrimage.

Balmify. *v. a.* Render balsmy. *Rare*.

The fluids have been entirely sweetened and balmified. *Cherney, English Malady*, p. 306.

Balm. *adj.*

1. Having the qualities of balm.
Soft on the flow'ry herb I found me laid,
In balmy sweet; which with his beams the sun
Soon dry'd. *Milton, Paradise Lost*, vii. 255.

2. Producing balm.

Let India boast her groves, nor envy we
The weeping amber, and the balm tree. *Pope*.

3. Soothing; soft; mild.

Come, Desdemona, 'tis the soldier's life
To have their balmy slumbers wak'd with strife. *Shakespeare, Othello*, ii. 3.

And I would be the necklave,
And all day long to fall and rise
Upon her balmy bosom,
With her laughter or her sighs,
And I would be so light, so light,
I scarce should be mischep'd at night. *Tennyson, The Miller's Daughter*.

In crystal vapour everywhere
Blue isles of heaven laugh'd between,
And, far in forest-deeps unseen,
The luminous hidden gather'd green
From draughts of balmy air. *Id., Sir Lancelot and Queen Guinevere*.

The balmy moon of blessed Israel
Flooded all the deep-blue gloom with beams divine;
All night the splinter'd crass that wall the dell
With spires of silver shine. *Id., A Dream of Fair Women*.

4. Fragrant; odoriferous.

Those rich perfumes which, from the happy shore,
The winds upon their balmy wings convey'd,
Whose gently sweetness first the world betray'd.
Dryden.

First Eurus to the rising morn is sent
The regions of the balmy continent. *Id.*

5. Mitigating; assuasive.

Oh, balmy breath, that doth almost persuade
Justice to break her sword. *Shakespeare, Othello*, v. 2.

Balneal. *adj.* [*Lat. balneum*.] Belonging to a bath. *Rare*.

The fermenting gentle temper of generative heat that goes to the production of the said minerals, both inart and actually communicates this balneal virtue and medicinal heat to these waters. *Hawd, Letters*, i. vi. 35.

Balneary. *s.* Bathing-room. *Rare*.

The balnearia, and bathing-places, lay exaseth into the summer setting. *Sir T. Browne, Vulgar Errors*.

Balneation. *s.* Act of bathing. *Rare*.

As the head may be disturbed by the skin, it may the same way be relieved, as is observable in balneations, and fomentations of that part. *Sir T. Browne, Vulgar Errors*.

Balneum. *s.* [*Lat.*] See Bath and Cucurbitate.

I am unwilling to affront this atheist so much as to suppose him to believe, that the first organized body might possibly be effected in some fluid portion of matter, while its heterogeneous parts were united and conformed together by a storm, or hurricane, or earthquake. To be sure, he will rather have the primitive man to be produced by a large process, a kind of digesting *bala*, &c., where all the heavier less may have time to subside, and a due equilibrium be maintained, not disturbed by any such rude and violent shocks, that would rattle and break all the little stamina of the embryo, if it were a matter before. *Beath, p. 8*, *ed. 1833*.

Balsam. *s.* [*Lat. balsamum*.]

1. Semi-fluid vegetable secretion, thicker than oil and softer than salve, used in Surgery as an unctuous application, and as a lenitive generally. In Chemistry the presence of benzoic acid is considered necessary to constitute a true balsam.

The luminous spirit lodged in the native balsam of pines and firs is of a nature so warm and benign as to calm in that heating, to cheer but not inebriate. *Bishop Berkeley*.

Christ's blood our balsam; if that cure us here,
Him, when our judge, we shall not find severe. *Sir J. Deane*.

The balsams of Peru and Tolu contain compounds which belong to the series of amaryllid. *Pharmac. Elements of Chemistry*, edited by Liebig and Tremp.

2. Plant of the genus *Impatiens*.

The juice of the balsam prepared with alum is used by the Japanese to dye their much red. *London, Encyclopædia of Plants*, p. 185.

Balsam. *v. a.* Render balsamic, or mild.

Rare.
The gifts of our young and flourishing are now very sweet, when they are balsamized with discretion. *Bishop Hacket, Life of Archbishop Williams*, p. 1. p. 31.

• Better it were that a man's desires or passions should band each against other, than that all of them should with joint force band against the spirit or conscience.—*Dr. Jackson, Works*, li. 533.

Should banded unions persecute
Opinion, and induce a time
When single thought is civil crime,
And individual freedom nauts. *Tennyson.*

Band. *v. a.* [from *ban.*] Banish. *Rare, obsolete.*

Sweet love such lewdness bands from his fair company. *Spenser, Faerie Queen*, lii. 2, 41.

Bändige. *s.* [Fr.] Binding; that which is bound over anything.

Zen too had a place among the rest, with a bandage over her eyes; though one would not have expected to have seen her represented in snow.—*Addison.*

Cords were fastened by hooks to my bandages, which the workmen had girt round my neck.—*Swift, Gulliver's Travels.*

Bandbox. *s.*

1. Slight box used for bands and other things of small weight.

My friends are surprised to find two bandboxes among my books, till I let them see that they are lined with deep erudition.—*Addison.*

With empty bandbox she delights to range,
And feigns a distant errand from the 'Change. *Gay, Trivia.*

This was the occasion on which fair dames, who came on pillions, sent their bandboxes before them.—*Silas Marner*, ch. 2.

2. Used as an interjection for 'Nonsense!'

Well! but you must allow her some beauty—yes, you must allow her some beauty.—*Bandbox!* She's all a made-up thing, man!—*Gulliver's Travels*, to Conquer, li.

Bandolet. *s.* [Fr.] Any little band, flat moulding, or fillet.

The longer he wore the diadem, the bandolet still became more tight and irksome.—*Earl of Orrery, Remarks on the Life and Writings of Swift*, p. 89.

Bandol. *s.* One who unites with others. *Rare.*

Yorke and his bandol proudly pressed in
To challenge the crown by title of right,
Beginning with law and ending with might. *Mirror for Magistrates*, p. 352

Bandicoot. *s.* [?] Rat-like marsupial animal (Perameles) indigenous to Australia. (The name was first applied to the *Mus giganteus* of India. In the following extract the word is used in both senses; the latter giving the true bandicoot.)

At page 140 of the former edition I imagined that the brown rat was the same as *bandicoote* of the East Indies. My good and intelligent friend, Dr. Patrick Russell, . . . convinces me of my mistake. . . . It is generally agreed that the *bandicote* is, at least, five times the weight of the brown rat. . . . A more satisfactory account of the *bandicoot* may be expected within a year.—*Pennant, History of Quadrupeds*, ii. 180, ed. 3: 17183.

Bandit. *s.* [Ital. *bandito.*] Man outlawed; brigand; robber.

No savage fierce, *bandite*, or mountaineer,
Will dare to soil her virgin purity. *Milton, Comus*, 426.

Just as much fidelity might be expected from them in a common cause, as there is amongst a troop of honest murdering and ravishing *bandits*.—*Dryden, Postscript to History of the League.*

No *bandit* here, no tyrant mad with pride,
No emperor's lieutenant, rests self-satisfied. *Pope.*
With his house torn down or burnt over his head,
His cattle driven away, his savings stolen from him,
And all his domestic sanctities violated, it is not wonderful that the peasant himself had become a *bandit*, and hastened to indemnify himself at the expense of others for his own losses. *Kemble, State Papers, &c., Historical Introduction*, p. xv.

Banditti. *s. pl.* [Italian.] Men outlawed; robbers.

A troop of *banditti*—that is, ruffians, robbers, and murderers.—*Dehany, Life of David*, i. 12.

It was the Nemesis that followed him, and caused such a career to end in a puddle of blood, that sent a horde of treacherous *banditti* to end a man who had saved Caesar.—*Kemble, State Papers, &c., Historical Introduction*, p. 12.

In the singular. *Rare.*

There we find the holy man wandering like an exile or *bandito* to the wilderness of Engelst.—*Archbishop Sincere, Sermons*, p. 123.

Used adjectively, or as the first element in a compound.

A Roman sworder, and *banditto* slave,
Mangled sweet Tully. *Shakespeare, Henry VI. Part II.* iv. 1.

Banditti saints disturbing distant lands.

Thomson, Liberty, pt. iv.

Bandog. *s.* Kind of large dog; mastiff.

The time of night when Troy was set on fire,
The time when screech-owls cry, and *bandogs* howl. *Shakespeare, Henry VI. Part II.* i. 4.

Or privy, or port, if any blu,
We have great *bandogs* will tear their skin. *Spenser.*

Bandoleers. *s.* [Fr. *bandoulières.*] Small wooden cases covered with leather, each containing powder sufficient for a charge.

There we see one, whose head within few years
Did bear a mitre, now wear *bandoliers*. *Jordan, Divinity and Morality in Poetry*, 3, h.

Bandon. *s.* Disposal; license. See *Ban.*

Obsolete.

For both the wise folk and unwise
Were wholly to her *bandon* brought. *Chaucer, Roman of the Rose*, v. 1103.

Bandoro. *s.* [Romaine *πανόριον.*] Musical stringed instrument, resembling a lute, introduced into this country about the beginning of Queen Elizabeth's reign.

If he will follow Plato's counsel, he will lay aside
fiddles, many stringed virginals, psalteries and harps,
preferring before all other the lute and *bandore*.—*Putarch's Morals*, 5, 303. (Ord MS.)

Bandstring. *s.* String or tassel appendent to the band or neckcloth. *Rare.*

The long hair, the loose cuffs, the large *band-strings*, and other fine things, with which some of these so rigid yet very spruce and lady-like preachers think fit to gratify as their own persons, so their kind hearers and spectators.—*Jeremy Taylor, Artificial Handicrafts*, p. 170.

Bandy. *s.* Club turned round at bottom for striking a ball at play; game itself.

The shooting stars,
Which in an eye-bright evening seem'd to fall,
Are nothing but the balls they lose at *bandy*. *Brewer, Lianna*, ii. 6.

Your lordship is jealous, lest your name should be used, and be brought to the *bandy*.—*Bishop Hacket, Life of Archbishop Williams*, pt. i. p. 43.

Bandy. *v. a.*

1. Beat to and fro, or from one to another.

They do continually, from one hand to another, *bandy* the service like a tennis ball. *Spenser.*
And like a ball *bandy'd* twice pile and wit,
Rather than yield, both sides the prize will quit. *Sir J. Ingham.*

What, from the tropics, can the earth repel?
What vigorous arm, what reverberous blow,
Buries the mighty globe still to and fro? *Sir R. Blackmore.*

2. Exchange; give and take reciprocally.

Do you *bandy* looks with me, you rascal?
Shakespeare, King Lear, i. 4.

To grudge my pleasures, to cut off my train,
To *bandy* last words.—*Thid.* ii. 4.

While the commanders were still *bandying* passionate words, he withdrew from the council unobserved, called to him a slave named Nicomachus, who had the charge of his children, and been brought from the East, and spoke the Persian language.—*Bishop Thirlwall, History of Greece*, ch. xv.

3. Agitate; toss about.

This hath been so *bandied* amongst us, that one can hardly miss looks of this kind.—*Locke.*

Ever since men have been united into governments, the endeavors after universal monarchy have been *bandied* among them.—*Swift.*

Let not obvious and known truth, or some of the most plain and certain propositions, be *bandied* about in a disputation. *Watts.*

Bandy. *v. n.* Contend, as at the game of *bandy*, in which each strives to drive the ball his own way.

Could set up grandee against grandee,
To squander time away, and *bandy*;
Made birds and commoners lay sieges
To one another's privileges. *Bulter, Hudibras.*

Bandyng. *part. adj.* Conflicting.

After all the *bandying* attempts of revolution, it is as much a question as ever.—*Glaucette.*

Bandyng. *verbal abs.* Act of one who *bandies*.

I choose rather to refer the reader to the *bandying* of this controversy in the many writers about it.—*Bishop Stillington, Origines Sacre*, b. iii. ch. iv. § xv. (Ord MS.)

Bandyleg. *s.* [generally a compound, as *bandy-leg*; often two words, as *bandy leg*.]

Crooked leg.
He tells aloud your greatest failing,
Nor makes a scruple to expose
Your *bandyleg*, or crooked nose. *Swift.*

Bandylegged. *adj.* Having crooked legs.

The Ethiopians had a one-eyed *bandylegged* prince; such a person would have made but an odd figure.—*Collier.*

Bane. *s.* [A.S. *ban* = killer.] That which destroys; mischief; ruin; poison.

Become, or else let me. "Th' bane to draw
The same air with thee. *B. Jonson.*

All good to me becomes
Bane; and in heav'n much worse would be my state. *Milton, Paradise Lost*, ix. 122.

Thus am I doubly arm'd; my death and life,
My bane and antidote are both before me. *Addison.*

Insolvency must be repaid, or it will be the bane of the Christian religion.—*Hooker.*

I will not be afraid of death and bane,
Till Hircan forest come to Dunsinane. *Shakespeare, Macbeth*, v. 3.

So entertained those odorous sweets the fiend,
Who came their bane. *Milton, Paradise Lost*, iv. 107.

The Scipio's worth, these thunderbolts of war,
The double bane of Carthage? *Dryden.*

False religion is, in its nature, the greatest bane and destruction to government in the world.—*South.*

Bane. *v. a.* Destroy with some bane: (in the following extract with ratsbane.)

What if my house be troubled with a rat,
And I be pleas'd to give ten thousand ducats
To have it ban'd? *Shakespeare, Merchant of Venice*, iv. 1.

Bane. *v. n.* Act as a bane; prove hurtful.

If a shepherd knew not which grass will bane, or which not, how is he fit to be a shepherd?—*G. Herbert, Country Parson*, ch. v.

Banberry. *s.* Plant *Actæa spicata*.

Actæa spicata, *banberry*. The berries are poisonous, and with alum yield a black dye.—*Loudon, Encyclopædia of Plants*, p. 400.

Baneful. *adj.* Destructive.

The silver eagle too is sent before,
Which I do hope will prove to them as *baneful*,
As thou conceiv'st it to the commonwealth. *B. Jonson.*

The nightly wolf is *baneful* to the fold. *Dryden.*

Bang. *v. a.*

1. Beat; thump.

He shall gather them as sheaves into the floor,
there to be thrashed and *bang'd*, as they do not dream of.—*Shakespeare, The Merchant of Venice*, p. 312: 1622.

One receiving from them some affronts, met with them impudently, and *bang'd* them to good purpose. *Hoult.*

He having got some iron out of the earth, not it into his servants' hands to fence with, and *bang* one another.—*Locke.*

Formerly I was to be *bang'd*, because I was too strong, and now, because I am too weak to resist; I am to be brought down, when too rich, and oppressed when too poor.—*Arbuthnot.*

2. Sound like that of a thump or blow.

The mail and paces renew'd their strife.
The palace *bang'd*, and *bang'd* and clack'd,
And all the long-pent stream of life
Dash'd downward in a cataract. *Tennyson, The Day-Dream.*

3. Handle roughly; treat with violence, in general.

The desperate tempest hath so *bang'd* the Turks,
That their disengagement halts. *Shakespeare, Othello*, ii. 1.

You should accost her with jests fire-new from the mint; you should have *bang'd* the youth into dumbness.—*Id., Twelfth Night*, iii. 2.

Bang. *s.* Blow; thump; stroke; sound of such. *Vulgar.*

Noble general,
If by my means they inherit aught but *bangs*,
The mercy of the main-yard light upon us. *Brannant and Fletcher, Double Marriage.*

With many a stiff thwack, many a *bang*,
Hard crutcher and old iron ruck. *Bulter, Hudibras.*
I heard several *bangs* or bullets, as I thought,
given to the eagle that held the ring of my box in his beak.—*Swift, Gulliver's Travels.*

The steps of a fine belov'd carriage were let down with a *bang*.—*Thackeray, The Newcomes*, ii. 58.

Bang. *s.* See extract.

A decoction, or the dried leaves, of hemp is eminently narcotic, and forms the basis of the well-known intoxicating Turkish drug called *bang* or *Huschisch*.—*Loudon, Encyclopædia of Plants*, p. 1083.

Bangle. *v. a.* [?] Waste by little and little; squander carelessly. *Colloquial.*

Between hope and fear—between falling in, falling out, &c. we *bangle* away our best days, before our times.—*Barton, Anatomy of Melancholy*, p. 107.

If we *bangle* away the leaves of peace left us by Christ, it is a sign of our want of regard for him.—*Dr. L. Moore, Whole Duty of Man.*

Banias. s. Hindoo of the trading east.

In a more general sense, the appellation of *banians* comprehends all the idolaters of India, as contrasted with the Mahomedans; but in a more restricted and peculiar sense it is appropriated to one of the four principal castes. *Rees, Cyclopaedia.*

The *banians* (as crafty, the proverb goes, as the devil) by a moderate outside, and excess in superstition, make many simple men lose themselves, when by a heedless admiration of their plain dealing, or rather hypocrisy, they entangle themselves by crediting their sagacious words in way of trade or complicity; balls pleasingly swallowed, when one considers their moral temperance. *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 45.

Medals of Justinus and Justinianus, found in the custody of a *banian*, in the remote parts of India. — *Sir T. Herbert, Travels*, p. 210.

Banish. v. a. [see Ban.] Condemn to leave his own country; drive away.

Oh, fare thee well!
Those evils thou repent'st from thyself
Have banish'd me from Scotland.

Shakespeare, Macbeth, iv. 3.

Banish business, banish sorrow.

Conway.

It is for wicked men only to dread God, and to endeavour to banish the thoughts of him out of their minds. — *Archbishop Tillotson.*

Successful all her soft embraces prove.

To banish from his breast his country's love. *Pope.*
Sir Thomas Dyke, member for Grinstead, and Lord Norris, son of the Earl of Abington, talked of moving an address requesting the King to banish for ever from the Court and the Council that evil adviser who had misled his Majesty's royal uncles, and betrayed the liberties of the people, and had abjured the Protestant religion. — *Murray, History of England*, ch. xxiii.

Banisher. s. One who banishes.

In mere spite,

To be full quit of those my banishers,
Stand I before thee here.

Shakespeare, Coriolanus, iv. 5.

Banishment. s. State of being banished.

Now go we in content
To liberty, and not to banishment.

Shakespeare, As you like it, I. 3.

Round the wide world to banishment we roam,
Forced from our pleasing fields and native home.

Dryden.

Till very recently, the little knot of personal friends who had followed William from his native land to his place of splendid banishment had been firmly united. — *Murray, History of England*, ch. xxiii.

Bank. s. [A.S. *banc*.]

1. Any heap piled up.

They came and besieged him in Abel of Beth-maleach, and they cast up a bank against the city, and it stood in the trench. — *2 Samuel*, xx. 15.

We see the sun, when it is at the brightest, there may be perhaps a bank of clouds in the north or west, or remote regions; but near his body few or none. — *Charges of Lord Bacon*, p. 4.

2. Earth rising on each side of a water.

Have you not made an universal shout,
That Tyber trembled underneath her banks?

Shakespeare, Julius Caesar, i. 1.

A brook whose stream so great, so good,
Was loved, was honour'd as a flood:

Whose banks the Muses dwelt upon. *Crashaw.*

'Tis happy when our streams of knowledge flow,
To fill their banks, but not to overflow.

Sir J. Denham.

O early lost! what tears the river shed,
When the sad pomp along his banks was led! *Pope.*

3. Seat, or bench, of rowers.

Placed on their banks, the lusty Trojans sweep
Neptune's smooth face, and cleave the yielding deep.

Wallor.

Meantime the king with gifts a vessel stores,
Supplies the banks with twenty chosen oars.

Dryden.

That banks of oars were not in the same plain,
But raised above one another, is evident from descriptions of ancient ships. — *Arminho.*

4. Place where money is laid up to be called for occasionally.

Let it be no bank, or common stock, but every man be master of his own money. Not that I altogether dislike banks, but they will hardly be brooked. — *Bacon, Essays.*

This mass of treasure you should now reduce;
But you your store have hoarded in some bank.

Sir J. Denham.

Their pardons and indulgences, and giving men a share in saints' merits, out of the common bank and treasury of the church, which the pope has the sole custody of. — *Bacon.*

An alarmist who should now talk such language as was common five generations ago, who should call for the entire disbanding of the land force of the realm, and who should gravely predict that the wars of Inkerman and Delhi would depose the

Queen, dissolve the Parliament, and plunder the bank, would be regarded as fit only for a cell in St. Luke's. — *Macaulay, History of England*, ch. xxiii.

Bank. v. a. Enclose with banks.

Amid the cliffs
And burning sands, that bank the shrubby vales.

Thomson.

Bank. v. n. Keep an account with a banker.

Many members of the mercantile community would willingly bank if the necessary facilities existed. — *Parley, Resources of Turkey*, ch. vii.

Bank-stock. s. [two words rather than a compound.] Capital of a bank on which a dividend is paid.

As the appearance of an easy fortune is necessary towards making one, I don't know but it might be of advantage sometimes to throw into one's discourse certain exclamations about bank-stock. — *Steele, Spectator*, no. 360.

The discount upon tallies is moderated; the bank-stock rises, as to the actions in most companies. — *Darwin, Essays on Trade*, i. 38. (Orel M.S.)

Banker. s. One who banks; who keeps or manages a bank. (In Lincolnshire, and perhaps elsewhere, the term was applied to the labourers who worked on the embankments connected with the drainage of the fens. Since the railways have been introduced, it has given way to Navigator.)

Whole droves of lenders crowd the banker's doors,
To call in money.

Dryden.

By powerful charms of gold and silver led,
The Lombard bankers and the 'Change to waste. *Id.*

Banking. verbal abs. Laying up of money in a bank; business of a banker.

As banking brings no treasure into the kingdom like trade, private wealth must sink as the bank riseth. — *Bishop Berkeley, Quercus.*

Banknote. s. Promissory note issued by a banker, and payable on demand.

The capital of the bank was to be six millions, all trading strictly prohibited, and every banknote was to be made payable in cash on demand. — *Farinau, Translation of Schlosser's History of the Eighteenth Century*, p. 225.

Bankrupt. adj. Declared to be in debt beyond the power of payment.

The king's grown bankrupt like a broken man.

Shakespeare, Richard II. ii. 1.

Sir, if you spend word for word with me,
I shall make your wit bankrupt.

Id., Two Gentlemen of Verona, ii. 4.

The beggared, the bankrupt, society not only proved able to meet all its obligations, but, while meeting those obligations, grew richer and richer so fast that the growth could almost be discerned by the eye. — *Macaulay, History of England*, ch. xix.

Bankrupt. s. One who is declared in debt beyond the power of payment.

And so gath'ring up a great army of valiant capitains of all nations, some *banqueroutes*, &c. — *Hall, Henry VII.* anno 11. (Rich.)

Perkin gathered together a power, neither in number nor in hardiness contemptible; but, in their fortunes, to be feared; being bankrupts; and many of them felons. *Bacon.*

It is with wicked men as with a bankrupt; when his creditors are loud and clamorous, and speak big, he giveth them many good words. — *Calamy.*

In vain at court the bankrupt pleads his cause;

His thankless country leaves him to her laws. *Pope.*

Bankrupt. v. a. Break; disable one from satisfying his creditors.

He, according to his noble nature,
Will not be known to want, though he do want,
And will be bankrupted so want the sooner.

Beaumont and Fletcher, Taxes of Candy.

We cast off the care of all future thrift, because we are already bankrupt. — *Hammond.*

Used metaphorically.

Thiney hits

Make rich the ribs, but bankrupt quite the wits.
Shakespeare, Love's Labour's lost, i. 1.

Bankruptcy. s. State of a man broken, or bankrupt; act of declaring one's self bankrupt.

The courts of bankruptcy and insolvency administer the law for the protection of unfortunate traders, and persons unable to pay their debts, and for securing to their creditors an equal distribution of their possessions, called the estate. No one who is not a trader can be made a bankrupt. — *A. F. B. blague, Jun., How we are governed*, let. xvi.

Banner. s.

1. Flag; standard; military ensign.

Lift ye up a banner upon the high mountain. — *Isaiah*, xlii. 2.

From France there comes a power, who alive by
Have secret spies in some of our best ports,
And are at point to show their open banners.

Shakespeare, King Lear, iii. 1.

All in a moment through the air we were seen
Ten thousand banners rise into the air,
With orient colours waving.

Milton, Paradise Lost, i. 542.

He said no more;

But left his sister and his quest to find.
And waved his royal banner in the wind. *Dryden.*

First with such motives, you do well to join
With Cato's fow, and follow Caesar's banners.

Adams.

Hail, spirit-stirring Waltz! beneath whose banners
A modern hero fought for medish numbers.

Egmont, The Waltz.

2. Streamer borne at the end of a lance or elsewhere.

Hark to the tramp and the drum,
And the mournful sound of the barbarous horn,
And the flap of the banners that flit as they're borne,
And the neigh of the steel, and the multitude's hum,
And the clash, and the shout, 'They come, they come,'
Byron, Siege of Corinth.

Bannered. part. adj. Displaying banners.

The gates wide open stood,

That with extended wings a banner'd host,
Under spread ensigns mark'd long, might pass through
With horse and chariot's rank'd in loose array.

Milton, Paradise Lost, ii. 885.

The banner'd bastion mussy proof.

T. Warton, ode xvi.

Banneret. s.

1. Knight of the feudal times, privileged to carry a banner in the field and at tilts and tournaments.

A gentleman told Henry, that Sir Richard Croftes, made *banneret* at Stoke, was a wise man; the king answered, he doubted not that, but marvelled how a fool could know. *Camden.*

The influence of these decisive measures excited unbounded indignation at Besh, which was speedily turned into a warlike fury when it was heard that a Magyar embassy had been arrested in Croatia by orders of the Ban; that four of the frontier regiments had been directed by the same authority into the district of Trutzgoda to disarm some tribes in the Magyar interest; and, in fine, that 50,000 *banerets*, perfectly armed and equipped, were ready to penetrate into Croatia, to lend a hand to an equal number of Croats whom he was raising to support the Emperor's cause. *Sir A. Alison, History of Europe*, ch. lix.

2. Little banner or streamer.

The surfs and the *banerets* about thee did manifoldly dissuade me from believing thee a vessel of too great a burden. — *Shakespeare, All's well that ends well*, ii. 3.

Bannerless. adj. Without a banner.

Not one of you but rude to fame or death,
Followed by squires and knights, and hand bands
Of steed and plumed retainers; yet your heir
Rides forth alone and bannerless.

J. H. Jesse, The Last of the Romans, iii. 5.

Bannerol. s. [Fr. *banderolle*.] Little flag or streamer.

King Oswald had a *bannerol* of gold and purple set over his tomb. — *Camden.*

Banning. part. adj. Addicted to imprecations.

Fell *banning* hag, witchantrass, hold thy tongue.

Shakespeare, Henry VI. Part I. v. 3.

Banning. verbal abs. Act or habit of imprecation.

Furthermore, who is there that is not afraid of all maledictions and cursed execrations; and especially when the names of the infernal fiends or unholy souls are used in such *bannings*. — *Holland, Plinie*, b. xxvii. ch. ii. (Rich.)

Bannition. s. Act of expulsion.

You will take order, when he comes out of the castle, to send him out of the university town by *bannition*. — *Archbishop Laud, To the Vice-Chancellor at Oxford, Remains*, ii. 191.

Send me up the form of a *bannition*. — *Ibid.* p. 193.

Banns. s. Public notice of an intended marriage. See Ban.

Before any can be canonically married, except by a license from the bishop's court, *banns* are directed to be published in the church; and this proclamation should be made on three several solemn days, in all the churches of that place where the parties willing to contract marriage, dwell. — *Hook, Church Dictionary.*

On Tuesday morning, which happened to be a holiday, she went to church, where, to her surprise, Mr. Adams published the *banns* again with as much a voice as before. — *Fielding, Adventures of Joseph Andrews.*

Banquet. s. [Fr. *banquet*.] Feast; entertainment of meat and drink.

If a fasting day come, he hath on that day a banquet to make.—*Hooker*.

In his commendations I am fed;
It is a banquet to me. *Shakespeare, Macbeth, i. 4.*
You cannot have a perfect palace, except you have two sides; a side for the banquet, and a side for the household; the one for feasts and triumphs, and the other for dwelling.—*Bacon*.
Shall the companions make a banquet of him? Shall they part him among the merchants?—*Job, xli. 6.*

At that tasted fruit,
The sun, as from Thyestean banquet, turn'd
His course intended. *Milton, Paradise Lost, x. 687.*

That darts prefer the toils of Hercules,
To dalliance, banquet, and amiable ease. *Dryden*.
Oh! easy and pleasant way to glory! From our bed to our glass; from our glass to our board; from our dinner to our pipe; from our pipe to a visit; from a visit to a supper; from a supper to a play; from a play to a banquet; from a banquet to our bed! *Bishop Hall, Works, ii. 327.*

Then bring me wine, the banquet bring;
Man was not form'd to live alone:
I'll be that light, accompanying thing,
That smiles with all, and weeps with none.
It was not thus in days more dear,
It never would have been, had thou
Hast died, and left me lonely here.

Byron, Occasional Pieces.
He might part with the fee-simple of a forest extending over a hundred square miles in consideration of a tribute of a brace of hawks to be delivered annually to his falconer, or of a napkin of fine linen to be laid on the royal table at the coronation banquet.—*Macaulay, History of England, ch. xxiii.*

Banquet. v. a. Treat anyone with feasts.

Visit his countrymen and banquet them.
Shakespeare, Taming of the Shrew, i. 1.
They were banqueted by the way, and the nearer they approached, the more increased the nobility. *Sir J. Hayward.*

Banquet. v. n.

1. Feast; fire daintily.

The mind shall banquet though the body pine;
Fat pumpekins make lean palates, and dainty lilies
Make rich the ribs, but bankrupt quite the wits.
Shakespeare, Love's Labour's Lost, i. 1.

So long as his innocence in his repast, he feasts
And banquet upon bread and water.—*South*.
I purposed to unbind the evening hours,
And banquet private in the women's bowers. *Prior*.

2. Give a feast to others.

If you know
That I do fawn on men, and lend them hard,
And after scandal them, or if you know
That I profess myself in banquetting
To all the rout; then hold me dangerous.
Shakespeare, Julius Caesar, i. 2.

Banquet-hall. s. Hall in which banquets are held.

The Abominable, that uninvited came
Into the fair Peleian banquet-hall,
And cast the golden fruit upon the board,
And bred this change. *Tennyson, Enone.*

Banquet-house. s. Same as Banqueting-house.

At the walk's end behold, how rais'd on high
A banquet-house whitens the southern sky. *Dryden*.

Banquetant. part. s. One who banquets. *Obsolete*.

Are there not here
Other great banquetants? *Chapman, Translation of Homer's Odyssey, xx. (Rich.)*

Banquetor. s. Feaster; one who lives deliciously.

Great banquetors do seldom great exploits. *Cotgrave*.

Banqueting. verbal abs. Act of feasting.

For the time past of our life may suffer us to have wrought the will of the Gentiles, when we walked in lasciviousness, lusts, excess of wine, revellings, banquetings, and abominable idolatries.—*1 Peter, v. 4.*

Banqueting-house. s. House where banquets are kept.

In a banquetting-house, among certain pleasant trees, the table was set near to an excellent water-work.—*Sir P. Sidney*.

How they, who wanted such infinite masses of treasure in such vain buildings, banquetings, and spectacles, could be said to be wise.—*Hakewill, Apology, p. 441.*

Shun all jovial entertainments, banquetings, and merry meetings (as they are called), if they may deserve that name, which seldom fail to bring so sad an account after them.—*South, Sermons, vi. 378.*
Thousands still living had seen the great usurper, who, strong in the power of the sword, had triumphed over both royalty and freedom. The Tories were reminded that his soldiers had guarded the scaffold before the banquetting-house. The Whigs were reminded that those same soldiers had taken the mace from the table of the House of Commons.—*Macaulay, History of England, ch. xiii.*

Bantam. s. Small variety of domestic fowl: (introduced either directly or indirectly from Bantam).

The Bantam, or dwarf cock, is a diminutive but very spirited breed; its legs are furnished with long feathers, which reach to the ground behind. It is very courageous, and will fight with one stronger than itself.—*Ravick*.

In the following extract it is either used *adjectively*, and the result is two words, the accent being *bántam cocks*; or *bintam-cock* is the pronunciation, and there is a true compound.

Keeps *bántam* cocks and feeds his turkeys.
T. Warton, Progress of Discontent. (Ord MS.)

Bánter. v. a. Play upon; rally; turn to ridicule; ridicule.

The magistrate took it that he *bánter* red him, and bade an officer take him into custody.—*Sir R. L'Estrange*.

He [Jeffreys] was constantly surrounded on such occasions by huffians selected, for the most part, from among the polite pottingers who practised before him. These men *bánter*ed and abused each other for his entertainment. He joined in their ribald talk, sang catches with them, and when his head grew hot, hugged and kissed them in an ecstasy of drunken fondness.—*Macaulay, History of England, ch. iv.*

That same song
He told me; for I *bánter*'d him, and swore
They said he lived still up within himself,
A tongue-tied Poet in the feverous days,
That acting the how much before the how,
Cry like the daughters of the horse-leech, 'Give,
Cram us with all, but count not me the herd!
Tennyson, The Golden Earl.

So home we went, and all the living way
With solemn gibe did Eustace bauld us.
Id., The Gardener's Daughter.

Bánter. s. Ridicule; railery.

This humour, let it look never so silly, as it passes many times for frolic and *bánter*, is one of the most pernicious enemies in human life.—*Sir R. L'Estrange*.

Metaphysicks are so necessary to a distinct conception, solid judgement, and just reasoning on many subjects, that those who ridicule it will be supposed to make their wit and *bánter* a refuge and excuse for their own laziness.—*Watts*.

Bánter. s. One who banters; droll.

What opinion have these religious *bánters* of the divine power? or what have they to say for this mockery and contempt?—*Sir R. L'Estrange*.

Thoughtless atheists and illiterate drunkards call themselves free thinkers; and quakers, *bánters*, s. bífers, swearers, and twenty new-born insects more, are, in their several species, the modern men of wit. *Tatler, no. 12.*

His dress, his gait, his accent, the manner in which he gazed at the shops, stumbled into the gutters, ran against the porters, and stood under the waterspouts, marked him out as an excellent subject for the operations of swindlers and *bánters*.—*Macaulay, History of England, ch. iii.*

Bántering. part. adj. After the manner of a banterer.

His low romances, and his *bántering* wit. *Tate*.

Bántering. verbal abs. Habit of one who banterers; act of bantering.

If this *bántering*, as they call it, be so despicable a thing, whence comes it to pass that they have such a perpetual itch towards it themselves.—*Swift, Tale of a Tub, Author's Apology*.

Bántling. s. Little child.

If the object of their love
Chance by Lucina's aid to prove,
They seldom let the *bántling* roar
In basket at a neighbour's door. *Prior*.
It's a rickety sort of *bántling*, I'm told,
That'll die of old age when it's seven years old.

Rejected Addresses.

Banyán. s. Ficus indica: (an immense rooting-branched sacred tree of India).

As we descend the hills, the *banyan* and a variety of figs make their appearance.—*Sir E. Tennent, Ceylon, pt. i. ch. iii.*

The Brahman has their kalpa tree in Paradise, and the *banyan* in the vicinity of their temples; and the Buddhists, in conformity with the immemorial practice, selected as their sacred tree the peppal, which is closely allied to the *banyan*, yet sufficiently distinguished from it to be the emblem of a new and peculiar worship.—*Ibid, pt. iii. ch. iii.*

Banyán. s. (used adjectively.) Fast-day.

Our Monday's milk porridge, blue and tasteless, and the pease soup of Saturday, coarse and choking, were enriched for him with a slice of extraordinary bread and butter, from the hot loaf of the Temple. The Wednesday's mow of millet, somewhat less repugnant—we had three *banyan* for four meat days in

the week)—was endeared to his palate with a lump of double-refined, and a snack of ginger (to make it go down the more glibly) or the fragrant cinnamon.—*Lamb, Essays of Elia, Christ's Hospital two and thirty years ago*.

Báptism. s. [Lat. *baptisma*; Gr. *βάπτισμα*.]

1. Ceremony of admission into the Christian Church.

Báptism is given by water, and that prescript form of words which the church of Christ doth use.—*Hooker*.

To his great *báptism* flocked
With awe the regions round; and with them came
From Nazareth the son of Joseph down'd,
Unmark'd, unknown. *Milton, Paradise Regained, l. 21.*

2. In Scripture *metaphorically*. Sufferings.

I have a *báptism* to be baptized with, and how am I straitened till it be accomplished!—*Luke, xii. 50.*

Báptismal. adj. Of or pertaining to báptism.

When we undertake the *báptismal* vow, and enter on their new life, it would be apt to discourage us. *Hammond*.

Báptist. s.

1. Title of John, the forerunner of Christ.

In those days came John the *Báptist*, preaching in the wilderness of Judea.—*Matthew, iii. 1.*
Him the *Báptist* soon
Deserv'd, divinely warn'd, and witness bore
As to his worthier. *Milton, Paradise Regained, l. 23.*

2. Same as Anabaptist, which see.

Thus, of the three judges on each bench, the first may be a Presbyterian; the second a freewill *Báptist*; the third a Churchman.—*Swift, Letter concerning the Sacramental Test*.

Báptistery. s. Place where the sacrament of báptism is administered.

The *báptist*rick, or places of water for báptism, in those other times, were not, as most our founts are, within the church, but without, and often in places very remote from it.—*Macle, Churches, p. 42.*

In several ancient Western churches, I have seen the *báptistery* by itself, a distance from the churches; as at Pisa and Spalato; but I never saw it in the Eastern. *Sir G. Wheeler, Account of the Churches of the primitive Christians, p. 35.*

The great church, *báptistery*, and leaning tower, are well worth seeing. *Addison*.

Báptistical. adj. Relating to Báptism. *Rare*

This *báptistical* profession, which he ignorantly laughed at, is attested by fathers, by councils, by liturgies. *Archbishop Bramhall, Schism guarded, p. 205.*

Báptization. s. Báptism. *Obsolete*.

The *báptization* or washing at such a time was threshold.—*Goodspeed, On Civil and Ecclesiastical Rites, and by the ancient Hebrews, p. 256. (Ord MS.)*

Báptize. v. a. Christen; administer the sacrament of báptism.

Them who shall believe,
Báptizing in the profound stream. *Milton, Paradise Lost, xii. 42.*

Let us reflect that we are Christians; that we are called by the name of the Son of God, and *báptized* into an irremovable unity with sin, the world, and the devil.—*Rogers*.

In fact, the colonists left behind them no mark that *báptized* men had set foot on Darien, except a few Anglo-Saxon curses, which, having been uttered more frequently and with greater energy than any other words in our language, had caught the ear and been retained in the memory of the native population of the isthmus.—*Macaulay, History of England, ch. xxiv.*

Báptizer. s. One who baptizes.

On the part of the *báptizer*, báptism was a form of reception to instruction; and, on the part of the persons coming to báptism, it was an acknowledgment of the truth of the pretensions of the person who *báptized*.—*Boon, Cyclopædia, voc. Báptism*.

Bar. s. [Fr. *barre*.]

1. Piece of wood or iron laid across a timber wall to keep the boards together.

And he made the middle *bar* to shoot through the boards from the one end to the other.—*Eschus, xxvii. 33.*

2. Bolt; piece of iron or wood fastened to a door, and entering into the post or wall to hold the door close.

The fish gate did the sons of Hamanah build,
Who also laid the beams thereof, and set up the doors thereof, the locks thereof, and the *bars* thereof.—*Nehemiah, iii. 3.*

3. Rail fastened across an opening to prevent escape or entrance.

Stone walls do not a prison make,
Nor iron *bars* a cage. *Locke*

What can it matter, Margaret,
What songs below the wailing stars
The lion-heart, Plantagenet,
Sang looking thro' his prison bars?

4. Any obstacle which hinders or obstructs; obstruction.

I break up for it my dearest place, and set bars
and doors, and said, Hither shalt thou come, and
no farther.—*Job*, xxviii. 10.
And had his heir survived him in due course,
What limit, England, hadst thou found? what
bar!

What world could have resisted?
Danist, Civil Wars of York and Lancaster.
Hard, thou know'st it, to exclude
Spiritual substance with corporeal bar.

Must I new bars to my own joy create,
Refuse myself, what I had forc'd from fate?

A still salt pool, lock'd in with bars of sand;
Left on the shore; that heeds no night.

5. Anything used for prevention or exclusion.
Least examination should hinder and let your proceedings, behold for a bar against that impediment, one opinion newly added.—*Hooker*.

Which Salique land the French unjustly gloze
To be the realm of France, and Pharoond
The founder of this law and female bar.

6. In a Law court. Place set apart for the barristers; place for the criminal.

The great duke
Came to the bar, where, to his accusations,
He pleaded still Not guilty.

Some niche the bar with subtly defend,
Or on the bench the kindly laws intone.—*Dryden*.
He had been taken back from the bar to the
Tower, not by virtue of the Speaker's warrant, of
which the force was spent, but by virtue of their
order which had remanded him.—*Maccanlay, History of England*, ch. xxiii.

7. Counter in a tavern.

I was under some apprehension that they would
appeal to me; and therefore hid down my penny
at the bar, and made the best of my way.—*Addison*.

8. In Law. Peremptory exception against a demand or plea brought by the defendant in an action, that destroys the action of the plaintiff for ever.

Bastardy is laid in bar of some thing that is principally commenced.—*Ayliffe, Pargerson Juris Consuetud.*

1. Body of barristers.

He betrayed, however, no sign of fear or of shame,
and faced the storm of invective which burst upon
him from bar, bench, and witness box, with the in-
candescence of despair.—*Maccanlay, History of England*,
ch. iv.

- Bar. v. a. [A.S. *beorgun* = shut in, enclose, keep, protect.]

1. Fasten; shut.

My duty cannot suffer
To obey in all your daughter's hard commands;
Though their injunction be to bar my doors,
And let this tyrannous night take hold upon you.

When you bar the window shuttle, of your lady's
bed-chamber at night, leave open the sashes to let
in air.—*Shelley*.

What is that which I should turn to, lighting upon
days like these?

Every door is barr'd with gold, and opens but to
golden keys.

Be wise; not easily forgiven
Are those who set time wide the doors, that bar
The secret bridal chambers of the heart.

Let in the day.—*Id., The Gleaner's Daughter.*
With up.

O, that is stranger made,
Which was before barr'd up with ribs of iron.

2. Shut out; exclude; except; prohibit; obstruct.

When law can do no right,
Let it be lawful, that law bar no wrong.

The houses of the country were all scattered, and
yet not so far off as that it barr'd mutual succour.—*Sir P. Sidney*.

Doth it not seem a thing very probable, that God
doth purposely add, Do after my judgments; as
giving thereby to understand, that his meaning in
the former sentence was but to bar shulduld in
such things as were repugnant to his ordinances,
laws, and statutes?—*Hooker*.

Give my voice on Richard's side,
To bar my master's helm in true descent!
God knows I will not.—*Shakespeare, Richard III.*, li. 2.

If he is qualified, why is he barr'd the profit, when
he only performs the conditions?—*Collier, Essay on
Pride*.

For though the law of arms doth bar
The use of venian's shot in war.—*Butler, Hudibras*.
What is a greater pedant than a mere man of the
town? Bar him the playhouses, and you strike him
dumb.—*Addison*.

Well, we shall see your hearing.—
Nay, but I bar to-night; you shall not gage me
till what we do to-night.

Shakespeare, Merchant of Venice, li. 2.
But huff and belt me never know these cares,
No time, nor trick of law, their action bars.

Their cause they to an easier issue put.—*Dryden*.
If a bishop be a party to a suit, and excommuni-
cates his adversary, such excommunication shall
not disable or bar his adversary.—*Ayliffe, Pargerson
Juris Canonici*.

From such delays as conduce to the finding out of
truth, a criminal cause ought not to be barr'd.—*Id.*
With from.

Hath he set bounds between their love and me?
I am their mother; who shall bar me from them?

Shakespeare, Richard III. iv. 1.
Our hope of Italy not only lost,
But shut from every shore, and barr'd from every
coast.—*Dryden*.

God hath abridged it, by barring us from some
things of themselves indifferent.—*Hooker*.
It was thought sufficient not only to exclude them
from that benefit, but to bar them from their money.

Lord Clarendon.

3. Hamper with natural impediments.

The haven of Dublin is barr'd to that degree, as
very much to obstruct the trade of the city.—*Sir W.
Temple, On the Trade in Ireland, Works*, i. 120.
(Ord MS.)

Barb. s. See Barbary.

They have a peculiar cast of barbs, able to main-
tain (their) renown, which the Moors carefully
preserve, never employing them in low and base
offices, but keep them only for the saddle and mili-
tary service.—*L. Addison, Description of West Bar-
bary*, p. 37.

Why comes he not; his steeds are fleet,
Nor shrink they from the summer heat;
Why sends not the bridegroom his promised gift:
Is his heart more cold, or his barb less swift?

Byron, The Giaour.
Already, however, there was among our nobility
and gentry a passion for the amusements of the
turf. The importance of improving our study by an
infusion of new blood was strongly felt; and will
be view a considerable number of barbs had lately
been brought into the country.—*Maccanlay, History
of England*, ch. iii.

Barb. s. [Lat. barba = beard.]

1. Anything which grows in the situation of a beard.

• The barbel, so called by reason of the barb or
wattle at his mouth, under his claps.—*E. Walton,
Complete Angler*.

2. Point that stands backward in an arrow or
fish-hook, to prevent its coming out.

Nor less the Spartan hero'd, before he found
The shining barb appear above the wound.

Pope, Homer's Iliad.

3. Armour for horses.

Their horses were unarm'd, without any barbs;
for seldom many braided barbs, few regarded to put
them on.—*Sir J. Haywood*.

- Barb. v. a. Slave; dress out the beard;
pare close to the surface.

The stooping scytheman, that doth barb the
field,
Thou nank'st wink-sure; in night all creatures sleep.

Martens, Maccanlay.

- Barbarian. s. In the eyes of the Greeks,
and to some extent in those of the Romans
also, one not of their own stock: hence,
from the Greek and Roman point of view,
it meant an uncivilized, or savage, per-
son; hence, a cruel, or inhuman, one. In
the following extracts, for both this word
and its congeners, the meanings are re-
ducible to two heads: (1) the original one
of foreign to Greece or Rome, (2) inhu-
man; the two meanings running into each
other.

I would they were barbarians, as they are,
Though in Rome litter'd, not Romans, as they are
not.

Though eniv'd by the porch of the Capitol—Begone;
Put not your worthy rage into your tongue.

Shakespeare, Coriolanus, iii. 1.
Proud Greece all nations else barbarians held,
Boasting her learning all the world expell'd.

Sir J. Denham.
There were not different gods among the Greeks
and barbarians.—*Bishop Stillingfleet*.

Thou fell barbarian!

A. Philips.
In the days of the Tudors, a ship from England,
seeking a north-east passage to the land of silk and
spice, had discovered the White Sea. The barbarians
who dwell on the shores of that dreary gulf had
never before seen such a portent as a vessel of a
hundred and sixty tons burden.—*Maccanlay, His-
tory of England*, ch. xxiii.

- Barbarian. adj. 1. Belonging to barbarians: (i.e. a word with
all the meanings of Barbarian the sub-
stantive used adjectively).

Some felt the silent stroke of mould'ring age,
Barbarian blindness.

Pope.
His [the czar Peter's] stately form, his intellectual
forehead, his piercing black eyes, his Tartar nose and
mouth, his gracious smile, his frown black with all the
stormy rage and hate of a barbarian tyrant, and above
all a strange nervous convulsion which sometimes
transformed his countenance during a few moments
into an object on which it was impossible to look with-
out terror, the immense quantities of meat which he
devoured, the pints of brandy which he swallowed,
and which, it was said, he had carefully distilled
with his own hands, the food which joggled at his
feet, the monkey which grinned at the back of his
chair, were, during some weeks, popular topics of
conversation.—*Maccanlay, History of England*, ch.
xxiii.

2. Rude and foreign, from the Roman point
of view: (opposed to Roman).

The Franks alone of barbarian nations had from
the first been converted to orthodoxy, and adhered to
it with unshaken fidelity.—*Milman, History of Latin
Christianity*, li. iv. ch. ix.

- Barbaric. adj. Foreign; far-fetched; un-
civilized; savage.

The gorgeous East, with richest hand,
Showers on her kings barbs pearl and gold.

Milton, Paradise Lost, li. 4.
Astrology speaks great things, and is fair to make
use of appellations from Greek and barbaric sys-
tems.—*Sir T. Browne, Christian Mystics*, ch. 7.

Better I find ye esteem it to imitate the old and
elegant humanity of Greece, than the barbaric
pride of a Hunnish and Norwegian state-mans.—
Milton, Ascham.

The pure Roman language was corrupted by bar-
baric, or Gothic, invaders.—*T. Warton, Notes on
Milton's smaller Poems*.

Barbarism. s.

1. Form of speech contrary to the purity and
exactness of language.

The language is as near approaching to it as our
modern barbarism will allow; which is all that can
be expected from any now extant.—*Dryden, Ju-
li's Seditio*, dedication.

2. Ignorance of arts; want of learning.

I have for barbarism spoke not
Than for that angel knowledge you can say.

Shakespeare, Love's Labour's Lost, i. 1.
The genius of Raphael having succeeded by the
times of barbarism and ignorance, the knowledge of
painting is now arrived to perfection.—*Dryden,
Translation of DeGrecy's Art of Painting*, pre-
face.

The reproaches of barbarism sometimes cast upon
them may be reduced to two charges, that books were
few and costly before printing was discovered, and
that the facts of the mind and the relations of God
to man were studied to the disengagement of experi-
mental science.—*C. H. Pearson, The early and
middle Ages of England*, ch. xxv.

In truth a large part of the country beyond Trent
was, down to the thirteenth century, in a state of
barbarism. Physical and moral causes had con-
curred to prevent civilisation from spreading to that
region.—*Maccanlay, History of England*, ch. iii.

This narrow strip of land became the seat of
Egyptian civilization; a civilization which, though
grossly exaggerated, forms a striking contrast to
the barbarism of the other nations of Africa, none
of which have been able to work out their own pro-
gress, or emerge, in any degree, from the ignorance
to which the penury of nature has doomed them.
Beckley, History of Civilization in England.

3. Brutality; savageness of manners; inciv-
ility.

Moderation ought to be had in temperance and
measuring the Irish, to bring them from their field
of licentious barbarism, into the love of wisdom
and civility.—*Spencer, View of the State of Ireland*.

Divers great monarchies have risen from barba-
rism to civility, and fallen again to ruin.—*Sir J. Den-
ham, On Ireland*.

These appear to have chiefly inhabited the
northern and western coasts of Ceylon, and the
Yakkos the interior, and notwithstanding their
alleged barbarism, both had organized some form of
government, however rude.—*Sir J. E. Tennant, Cey-
lon*, pt. iii. ch. ii.

Barbary. s.

1. Savageness; incivility; cruelty; inhu-
manity.

And they did treat him with all the endence, reproach, and barbarity imaginable.—*Lord Clarendon*.
Millions of Roman Catholics, who knew nothing of our institutions or of our fictions, had heard that a persecution of sinners barbarity had reared in our island against the professors of the true faith, that many pious men had suffered martyrdom, and that Titus Oates had been the chief murderer.—*Macaulay, History of England*, ch. iv.

2. Barbarism, in the sense of impurity of speech or style. *Obsolete*.

Next Petrarch followed, and in him we see
What rhyme improv'd in all its height, can be;
At best a pleasing sound, and sweet barbarity.

Dryden.
Latin expresses that in one word, which either the
barbarity or unworthiness of modern tongues cannot
supply to us:—*Id*.

Affected refinements, which ended by degrees in
many barbarities, before the Goths had invaded
Italy.—*Swift*.

BARBARIZE. *v. a.* Bring to a state of barbarism; render savage.

The Cross must now against the Cross be sped,
(Blush, all ye heavens, at this!) and they, who are
under the King of Peace all marshalled,
Be barbarized by a mutual war.

Beaumont, Psyche, xv. 10.
The hideous changes which have barbarized
France.—*Haghe, Thoughts on the French Revolution*.

BARBARIZE. *v. n.* Commit a 'barbarism, or impurity of speech.

Besides the ill habit which they got of barbarizing,
against the Latin and Greek idiom, with their
untutored anglicisms.—*Milton, Tractate on Education*.

BARBARISING. *part. adj.* Having a tendency to render anything barbarous.

They have appealed directly to the argument of
the greater number of voices; . . . and they have
done the utmost in their power to raise at the sacred
principle in politics of a representation of interests,
and to introduce the mad and barbarizing scheme
of a delegation of individuals.—*Coleridge, Table Talk*.

BARBAROUS. *adj.* [Lat. *barbarus*; Gr. *βάρβαρος*.]

1. Stranger to civility; savage; uncivilized; rude.

What need I say more to you? What ear is so
barbarous but hath heard of Amphibus?—*Sir P. Sidney*.

A barbarous country must be broken by war, before
it is capable of government; and when subdued,
if it be not well planted, it will effusively return to
barbarism.—*Sir J. Dacier, On Ireland*.

The clothiers of Wilt and Yorkshire were weak
enough to imagine that they should be ruined by the
competition of a half barbarous island, an island
where there was far less capital than in England,
where there was far less security for life and property
than in England, and where there was far less industry
and energy among the labouring classes than
in England.—*Macaulay, History of England*, ch. xiii.

2. Cruel; inhuman.

By their barbarous usage, he died within a few
days, to the grief of all that knew him.—*Lord Clarendon*.

But martyrdom was often but a relief from more
barbarous atrocity.—*Froude, History of England*, ch. xxiii.

3. Foreign; far-fetched; gorgeous; or adapted to a barbaric taste.

To watch this monarch, with strong Arcite, came
Emetius, King of Inde, a mighty name,
On a bay courier, proudly to behold,
The trappings of his horse embossed with barbarous
gold.—*Dryden, Palamon and Arcite*.

BARBAROUSLY. *adv.*

1. Ignorantly; in a manner contrary to the rules of speech; rudely.

How barbarously we yet speak and write, your
lordship knows, and I am inefficiently sensible in my
own English.—*Dryden, Dedication of Troilus and Cressida*.

We barbarously call them liest,
While swelling colliers break their owner's rest.

Stepney.

2. Cruelly; inhumanly.

But yet you barbarously murder'd him. *Dryden*.
She wishes it may prosper; but her mother used
one of her nieces very barbarously. *Spectator*.
The English law touching forgery became, at a
later period, barbarously severe; but, in 1808, it was
absurdly lax.—*Macaulay, History of England*, ch. xlii.

BARBAROUSNESS. *s.*

1. Incivility of manners.
Excellence of fluency and poetry are shown to be
little more, but the one fiddling, and the other rhim-
bling; and are indeed very worthy of the ignorance of
180

the friars, and the barbarousness of the Goths.—*Sir W. Temple*.

2. Impurity of language.

It is much degenerated, as touching the pureness
of speech; being overgrown with barbarousness.—*Breconwood*.

3. Cruelty.

The barbarousness of the trial, and the persuasions
of the clergy, prevailed to antiquate it.—*Sir M. Hale, History of the Common Law of England*.

BARBARY. *s.* Same as Barb (horse).

They are ill built,
Pin-luttok'd, like your dainty barbaries,
And weak i' the pasterus.

Beaumont and Fletcher, Wildgoose Chase.

BARBATED. *part. adj.* Furnished with barbs.

I cannot lay so much stress on a plate and descrip-
tion, given by Plot, of a dart uncommonly barbated.
—*P. Walton, History of the Parish of Kiddington*, p. 63.

BARBECUE. *v. a.* Term used in the West
Indies for dressing a hog by splitting it
to the backbone, and laying it upon a
gridiron, above a fire, which also sur-
rounds it. See Hog, under Go the whole
hog.

Oldfield, with more than happy throat endu'd,
Cries, Send me, gods, a whole hog barbued. *Pope*.
Barbuee your whole hogs to your palate,
steep them in shalots, stuff them out with plantations
of the rank and guilty garb; you cannot poison them,
or make them stronger than they are.—*Lamb, Es-
says of Elia, A Dissertation upon Roast Pig*.

BARBED. *part. adj.*

1. Furnished with barbs (as armour).

Which on thy royal party granted once,
His glittering armour he will command to rust,
His barbed steeds to stables, and his heart
To faithful service of your majesty.

Shakespeare, Richard II. iii. 3.

If thy sword can win him,
Or force his legions, with thy barbed horse,
But to forsake their ground.

Beaumont and Fletcher, Prothartes.

A warrior train
That like a deluge pour'd upon the plain;
On barbed steeds they rode in proud array,
Thick as the eddies of the bees in May.

Dryden, Fables.

2. Furnished with barbs or points.

Caust thou all his [the Leviathan's] skin with
barbed irons, or his head with fish spears.—*Job*,
xli. 7.

This day will pour down,
If I conjecture aught, no drizzling shower,
But rattling storm of arrows barb'd with fire.
Milton, Paradise Lost, vii. 640.

The twanging bows

Send showers of shafts, that on their barbed points

Alleviate rain-bow.

A. Philips.

A shower of these diminutive vermin will some-
times drop from a branch, if unluckily shaken,
and disperse themselves over the body, each fasten-
ing on the neck, the ears, the eyelids, and inserting
a barbed proboscis.—*Sir E. Tennent, Ceylon*, pt. ii.
ch. vii.

BARBEL. *s.* [Fr. *barbeau*; from *barbe* = beard,
or, in the present case, wattles: see ex-
tract.] Freshwater fish (*Barbus vulgaris*)
usually found in the deep and still parts of
rivers.

The barbel, so called by reason of the barb or
wattles at his mouth, under his chaps.—*L. Walton, Complete Angler*.

The flesh of the barbel is very coarse and un-
savory; the fish, consequently, is held in little esti-
mation.—*Macaulay, Treasury of Natural History*.

BARBER. *s.* [Fr. *barbier*; from Lat. *barba* =
beard.] One whose occupation is to shave
off beards.

His chamber being stived with friends or suitors,
he gave his legs, arms, and breast to his servants
to dress; his head and face to his barber; his eyes
to his letters, and his ears to petitioners.—*Sir H.
Walton*.

Thy beard's rous looks,

No worthy match for valour to assail,

But by the barber's razor best subdu'd.

Milton, Samson Agonistes, 1185.

What system, Dick, has right averr'd

The cause why woman has no beard?

In points like these, we must agree,
(Our barber knows as much as we.

Prior.

BARBER. *v. a.* Dress out.

Our courteous Anthony,

Whom ne'er the word of No woman heard speak,

Being barber'd ten times o'er, goes to the feast.

Shakespeare, Antony and Cleopatra, ii. 2.

BARBER-CHIRURGEOUS. *s.* [two words rather
than a compound.] One who joined

the practice of surgery to the barber's
trade, as did all surgeons formerly; now a
term of contempt for a low practitioner.
Obsolete.

He put himself into a barber-chirurgian's hands,
who, by mult applications, rarefied the tumour.—
Wiseeman, Surgery.

BARBER-MONGER. *s.* Man decked out by his
barber. *Rare*.

Draw, you rogue; for though it be night, the moon
shines; I'll make a sop of the moonshine of you;
you whoreson, cunningly, barber-monger, draw.—
Shakespeare, King Lear, ii. 2.

BARBER-SURGEON. *s.* Same as Barber-
chirurgian.

I could stamp
Their foreheads with those deep and public brands,
That the whole company of barber-surgeons
Should not take off, with all their arts and bladders.
R. Jonson, Poetaster, To the Reader.

BARBER-SURGERY. *s.* Trade of a barber-
surgeon.

Now he comes to the position, which I set down
wide; and, like an able taxman, splits it into four,
that he may the better come at with his barber-
surgery.—*Milton, Colasterion*.

BARBURY. *s.* See BERRY.

Barbury is a plant that bears a fruit very useful
in leprosy; that which bears its fruit without
stones is counted best.—*Mortimer*.

BARBICAN. *s.* [Fr. *barbacane*; Span. *barbaca*;
Ital. *barbacane*; Sax. *banbarcan, bun-
bycan*.] Watchtower; embrasure; out-
work or fort at the entrance of a bridge.

Within the barbican a porter sat,

Day and night duly keeping watch and ward;

Nor night, nor word made pass out of the gate,
But in good order, and with the regiment.

Spenser, Faerie Queen, ii. 9. 22.

BARD. *s.* [from Lat. *barda*—poet.] Poet.

There is amongst the Irish a kind of people called
bards, which are to them instead of poets; whose
profession is to set forth the praises or dispraises of
men in their poems or rhime; the which are held in
high regard and estimation among them.—*Spencer, View of the State of Ireland*.

At this time in Ireland the bard, by common ac-
ceptation, is counted a rhymer, and distin-
guished from the poet.—*Sir J. Ware, On Spenser's View of the State of Ireland*.

And many bards that to the trembling chort

Can tune their timely voices charmingly.

Spenser, Faerie Queen.

The bard who first adorn'd our native tongue,

Turn'd to his British lyre this ancient song,

Which Homer taught without a bluish rearse.

Dryden.

BARD. *s.* [from L.Lat. *barda* = housings.]

Horse-trapping.

When immediately on the other parte came
the foremost righte knights, their basses and
bardes of their horse, grene satyn embroidered
with freshe devises, of braunle branches, of the
gyld, curiously wroughte, wonderd over all.—*Dall, Henry VIII.* anno 1. (Rich.)

BARDED. *part. adj.* Caparisoned with a
bard (horse-trapping).

So many cries and vociferates that it were long to
rehearse: it was a great beauty to behold the banners
and standards waving in the wynde, and horses
barbed, and knights and squyeres richly armed.—
Lord Berners, Translation of Froissart, vol. i.
ch. xli. (Rich.)

BARDIC. *adj.* Relating to the bards or poets.

So late as the eleventh century, the practice con-
tinued among the Welsh bards, of reviving instruc-
tions in the bardic profession from Ireland.—*J. Walton, History of English Poetry*, i. diss. 1.

BARDISH. *adj.* Written or asserted by the
bards.

I found so intolerable antichronisms, incredible
reports, and bardish impostures, as well from igno-
rance, as assumed liberty of invention, in some of
our ancient writers.—*Selden, Note preface to Drayton's Polyolbion*.

BARDING. *s.* Small, weak, timid, humble,
or imperfect poet.

Try to approve (applaud we will exempt),
Nor crush the barding in this hard attempt.

Cunningham, Prologue to Love and Fame. (Rich.)

BARDSHIP. *s.* Rhetorical formation after the
manner of *Lordship*, meaning not only a
bard, or poet, but one who, as such, bore
the title or denomination.

Write but like Wordsworth, live beside a lake,
And keep your bushy locks a year from Blake;

BARD

Then print your book, once more return to town,
And boys shall hunt your *bardship* up and down.
Byron, Lines from Horace.

Bardwise. *adj.* In the fashion, or after the manner, of a bard (trapping).

The king's spare horse trapped *bardo-wise*, with harness braided with bullion golden curiously wrought by goldsmith. — *Hall, Henry VIII.* anno 1. (Rich.)

Bare. *adj.* [A.S. *bar* and *bar*.]

1. Naked; without covering.

The trees are *bare* and naked, which use both to clothe and house the kern. — *Spenser, View of the State of Ireland.*

How many flies in hottest summer's day
Do seize upon some beast whose flesh is *bare*.

Id., Faerie Queen, vi. 11, 48

Then stretch'd her arms to embrace the body *bare*;
Her clasping hands enclose but empty air.

Dryden.

In the old Roman statues, these two parts were always *bare*, and exposed to view, as much as our hands and face. — *Addison.*

2. Uncovered in respect.

Though the lords used to be covered whilst the commons were *bare*, yet the commons would not be *bare* before the Scottish commissioners; and so none were covered. — *Lord Clarendon.*

3. Unadorned; plain; simple; without ornament.

Yet was their manners then but *bare* and plain;
For th' antique world excess and pride did hate.

Spenser.

4. Detected; no longer concealed.

These false pretences and varnished colours failing,
Bare in thy guilt, how foul thou must appear!

Milton, Samson Agonistes, 901.

5. Poor; indigent; wanting plenty.

Were it for the glory of God, that the clergy should be left as *bare* as the apostles, when they had neither staff nor scrip, God would, I hope, endue them with the self-same affliction. — *Hooker, Ecclesiastical Polity*, preface.

Even to a *bare* treasury, my success has been contrary to that of Mr. Cowley. — *Dryden.*

With of before the thing wanted or taken away.

Tempt not the brave and needy to despair;
For, tho' your violence should leave them *bare*
Of gold and silver, swords and darts remain.

Dryden, Juvenal's Satires.

Making a law to reduce interest will not miss the price of land; it will only leave the country *bare* of money. — *Locke.*

6. Mere; unaccompanied with usual recommendation.

It was a *bare* petition of a state
To one whom they had punish'd.

Shakespeare, Cymbeline, v. 1.

Nor are men prevail'd upon by *bare* words, only through a defect of knowledge; but carried, with these puffs of wind, contrary to knowledge. — *South.*

7. Threadbare; much worn.

You have an exchequer of words, and no other treasure for your followers: for it appears, by their *bare* lives, that they live by your *bare* words. — *Shakespeare, Two Gentlemen of Verona*, ii. 4.

8. Not united with anything else.

A desire to draw all things in the determination of *bare* and naked Scripture, hath caused much pains to be taken in abating the credit of man. — *Hooker.*

That which offendeth us, is the great discrepancy which they offer into our custom of *bare* reading the word of God. — *Id.*

Bare. *v. a.* Strip; make bare or naked.

There is a fabulous narration, that an herb groweth in the likeness of a lamb, and feedeth upon the grass, in such sort as it will *bare* the grass round about. — *Bacon, Natural and Experimental History.*

Baring her breast, yet bleeding with the wound. — *Dryden.*

He *bared* an ancient oak of all her boughs,
For virtue when I point the pen,
Bare the mean heart that lurks beneath a star;
Can there be wanting to defend her cause
Lights of the church, or guardians of the laws?

Pope.

Barebone. *s.* Lean, so that the bones appear.

Here comes lean Jack, here comes *barebone*; how long is it ago, Jack, since thou sawest thy own knoe? — *Shakespeare, Henry IV. Part I.* ii. 4.

Bareboned. *part. adj.* Having the bones bare.

But now that fair fresh mirror, dim and old,
Shows me a *bare-boned* death by time outworn.

Shakespeare, Rape of Lucrece.

BARE

Bared. *part. adj.* Naked; exposed; uncovered; open.

The turtle on the *bared* branch

Laments the wound that death did launch.

Spenser, Pastoral, November.

Palma where she stood
Some-what apart, her clear and *bared* limbs
O'ertwisted with the brzen-headed spear
Upon her pearly shoulder leaning cold.

Tennyson, Enone.

Barefaced. *adj.*

1. With the face naked; open.

Your French crowns have no hair at all, and then you will play *barefaced*. — *Shakespeare, Mulemmer Night's Dream*, 1. 2.

This design of God, which was *barefaced* in the days of this law, is now in the gospel interwoven secretly into every virtue. — *Jeremy Taylor, Sermon II.* 470. (Ord MS.)

And on the *barefaced* King of Terrors stare,
As free from all effects as from the cause of fear.

Oltham, Poem to Mr. Charles Morcott.
It [Christianity] did not peep in dark corners, it did not grow by clandestine whispers, it craved no blind faith of men; but with a *barefaced* confidence it openly proclaimed itself appealing to the common sense of men, and provoking the world to examine it. — *Barrow*, ii. 418. (Ord MS.)

2. Shameless.

The animosities increased, and the parties appeared *barefaced* against each other. — *Lord Clarendon.*

It is most certain, that *barefaced* lawdery is the poorest pretence to wit imaginable. — *Dryden.*

Barefacedly. *adv.* In a barefaced manner; openly; shamefully; without disguise.

Though only some profligate wretches own it too *barefacedly*, yet, perhaps, we should hear more, did not fear the people's tongues. — *Locke.*

Barefoot. *adj.* With the feet bare; having no shoes.

Going to find a *barefoot* brother out,
One of our order, to associate me,
Here in this city, visiting the sick.

Shakespeare, Romeo and Juliet, v. 2.

Walking naked and *barefoot*. — *Isaiah*, xx. 2.

In the following passages it is, to a great extent, *adverbial*.

She must have a husband;
I must dance *barefoot* on her wedding day.

Shakespeare, Taming of the Shrew, ii. 1.

Ambitious love hath so in me offended,
That *barefoot* plod I the cold ground upon
With sainted clove.

Id., All's well that ends well, iii. 4, letter.

Envoys describe this holy man, with his Alenities about him, standing *barefoot*, bowing to the earth. — *Addison.*

Barefooted. *adj.* Being without shoes.

He himself with a rope about his neck, *barefooted*, came to offer himself to the discretion of Leonatus. — *Sir P. Sidney.*

Bareknawn. *part. pref.* Eaten bare.

Know my name is lost;
By treason's tooth *bareknawn* and cankerbit.

Shakespeare, King Lear, v. 3.

Bareheaded. *adj.* Uncovered in respect.

He *bareheaded*, lower than his proud steed's neck,
Bespoke them thus. — *Shakespeare, Richard II.* v. 2.

The victor knight had laid his helm aside,
Bareheaded, popularly low he bow'd.

Dryden, Fables.

On being first brought before the court, Ridley stood *bareheaded*. — *Froude, History of England*, ch. xxxiii.

Bareheadedness. *s.* State of being bareheaded.

Bareheadedness was in Corinth, as also in all Greece and Rome, a token of honour and superiority; and covering the head, a token of subjection. — *Bishop Hall, Reuerie*, p. 237.

Barelegged. *part. adj.* Having the legs bare.

He riseth out of his bed in his shirt, *barefoot* and *barelegged*, to see whether it be so; with a dark lantern searching every corner. — *Burton, Anatomy of Melancholy*, p. 116.

Barely. *adv.* Nakedly; poorly, indigently, slenderly; without decoration; merely, only, without anything more.

The external administration of his word is as well by reading *barely* the Scripture, as by explaining the same. — *Hooker.*

The Duke of Lancaster is dead;
And living too, for now his son is duke —

Barely in title, not in revenue.

Shakespeare, Richard II. ii. 1.

He *barely* naid the street, promis'd the wine;
But his kind wife gave me the very sign.

Dunne.

Where the balance of trade *barely* pays, for commodities with commodities, there money must be sent, or else the debts cannot be paid. — *Locke.*

BARG

{ BARDWISE
BARGAINER

Barenecked. *adj.* Exposed.

All things are naked unto him, *πάρα τετραχλησμένα*, all things are *bare-neck'd* unto him, 'tis in the original, being a metaphor taken from the mode in the Eastern country, where they go *bare-neck'd*. — *Hicely, Sermons*, p. 76.

Bareness. *s.* Attribute suggested by Bare.

1. Nakedness.

So you serve us
Till we serve you; but when you have our rows,
You barely leave our thorns to prick ourselves,
And mock us with our *bareness*.

Shakespeare, All's well that ends well, iv. 2.

2. Leanness.

For their poverty, I know not where they had that; and for their *bareness*, they never learned that of me. — *Shakespeare, Henry IV. Part I.* iv. 2.

3. Poverty.

Were it stripped of its privileges, and made as like the primitive church for its *bareness* as its purity, it could legally want all such privileges. — *South.*

Barepicked. *part. pref.* Picked to the bone.

Now, for the *bare-picked* bone of majesty
Doth dogged war bristle his angry crest,
And snarlth in the gentle eyes of peace.

Shakespeare, King John, iv. 3.

Bareribbed. *part. pref.* Lean; having the ribs bare.

' In his forehead sits'
A *bare-ribbed* death. — *Shakespeare, King John*, v. 2.

Bartal. *adj.* Full of bars or obstructions.

Id.

Bargain. *s.* [N. Fr. *barguigner* = barter, huggle.]

1. Contract or agreement concerning the sale of something; thing bought or sold; purchase; thing purchased.

What is marriage but a very *bargain*? wherein is sought alliance, or portion, or reputation, with some desire of issue; not the faithful nuptial union of man and wife. — *Bacon.*

No more can be due to me,
Than at the *bargain* made was meant.

Donne.

Bargain and sale. See extract.

Bargain and sale is a contract or agreement made for manors, lands, &c. also the transferring the property of them from the bargainer to the bargainee. — *Cowell.*

2. Stipulation; interested dealing.

There was a difference between courtships received from their master and the duke; for that the duke's might have ends of utility and *bargain*; whereas their master's could not. — *Bacon.*

When Charles the Fifth went to Algiers to suppress pirates, the cause was more confident than the event was prosperous; his navy was beat in pieces, and his design ended in dishonour, and his life almost lost by the *bargain*. — *Jeremy Taylor, Sermons*, ii. 160. (Ord MS.)

3. Unexpected reply. See Sell. *Obsolete.*

As to *bargains*, few of them seem to be excellent, because they all terminate into one single point. — *Swift.*

No maid at court is less ashamed,
How'er for selling *bargains* famed.

Id.

4. Event; upshot. *Vulgar.*

I am sorry for thy misfortune; however, we must make the best of a bad *bargain*. — *Arbuthnot, History of John Bull.*

In, or into, the bargain. To hoot. *Vulgar.*

So the old man, with his son, had to walk home, and lost his ass in the *bargain*. — *The Warbl.*

(Give me but my price for the other two, and you shall even have that into the *bargain*. — *Sir R. L'Estrange.*

He who is at the charge of a tutor at home, may give his son a more genteel carriage, with greater learning into the *bargain*, than any at school can do. — *Locke.*

Bargain. *v. n.* Make a contract for the sale or purchase of anything.

The thrifty state will *bargain* ere they fight.

Dryden.

With for.

So worthless peasants *bargain* for their wives,
As market-men for oxen, sheep, or horse.

Shakespeare, Henry VI. Part I. v. 5.

For those that are like to be in plenty, they may be *bargained* for upon the ground. — *Bacon.*

It is possible the great duke may *bargain* for the republic of Lucca, by the help of his great treasure. — *Addison, Travels in Italy.*

Bargained. *s.* One who accepts a bargain.

If money be paid by one of the bargainees, this is sufficient. — *Clayton, Reports of Pleas at Assize at York*, p. 145: 1651.

Bargainer. s. Person who proffers or makes a bargain.

See, if money is paid by one of the bargainers, if that be not good also.—*Clayton, Reports of Pleas at Assize at York*, p. 145.

Bargaining. verbal abs. Act, or process, of making a bargain.

It is adjusted, however, not by any accurate measure, but by the higgling and bargaining of the market.—*Smith, Wealth of Nations*, b. i. ch. v.

Barge. s. [L. Lat. *barga*.]

1. Boat for pleasure.

The barge she sat in, like a burnish'd throne,
Burnt on the water.
Shakespeare, Antony and Cleopatra, li. 2.

Placed in the gilded barge,
Proud with the burden of so sweet a charge,
With painted cars the youths begin to sweep
Neptune's smooth face.
Waller.

2. Sea-commander's boat.

It was consulted when I had taken my barge, and gone ashore, that my ship should have set sail and left me.—*Sir W. Raleigh.*

3. Boat for burden.

By the margin, willow-vell'd,
Slide the heavy barges trail'd
By slow horses; and unhail'd
The shallow hilteth silken sail'd
Skimming down to Camelot.
Tennyson, The Lady of Shalott.

Bargeman. s. Manager of a barge.

He knew that others, like sly bargemen, looked that way when their stroke was bent another way.
—*Lord Northampton, Proceedings against Garnet*, sign. N.

And backward yode, as bargemen wont to fare,
Synna r, Rie rie Quen, vii. 7. 35.

Bargemaster. s. Owner of a common barge which carries goods for hire.

There is in law an implied contract with a common carrier, or bargemaster, to be answerable for the goods he carries.—*Sir W. Blackstone.*

Barger. s. Manager of a barge. *Rare.*

Many wayfarers make themselves glad, by putting the inhabitants in mind of this privilege; who again, like the Campellians in the North, and the London barges, forswore not to barge them.—*Carew, Survey of Cornwall.*

Barilla. s. [Span. *barilla*.] Impure carbonate of soda.

The sea-weed on the rocks round Clonsay is largely used in the manufacture of *barilla*, and supplies employment to an important section of the population. The fungus is stripped from the rocks at low water, and collected into large masses, which, when the tide rises, are floated away on rafts to some convenient spot, whence at the next turn of the tide they are brought out of the reach of the waves, and scattered over the sands to dry. When dry, the whole is burnt, and the ashes melted in a small kiln. The produce in this stage is the *barilla* of commerce.
—*Analyst, The Channel Islands*, pt. i. ch. vii.

Barium. s. [see extract under Barytes.] Metal so called; metallic base of baryta.

Sulphuret of barium may be formed by passing sulphurated hydrogen gas over red-hot baryta in a porcelain tube, or by fusing a mixture of sulphur and baryta in a crucible.—*Hooper, Medical Dictionary.*

Bark. s. Noise made by a dog.

'Tis sweet to hear the watch-dog's honest bark
Buy deep-mouth'd welcome as we draw near home;
'Tis sweet to know there is an eye will mark
Our coming, and look lighter when we come.
Byron, Don Juan, l. 123.

Bark. s. [Ger. *bark*.]

1. Rind, or covering, of a tree.

Trees last according to the strength and quantity of their sap and juice; being well mounted by their bark against the injuries of the air.—*Bacon, Natural and Experimental History.*

Wandering in the dark
Physicians for the tree have found the bark.
Dryden.

For ah! the Dryad-days were brief
Whereof the poets talk,
When that, which breathes within the leaf,
Could slip its bark and walk.

Tennyson, The Talking Oak.

2. In *Medicine*. Cinchona, or Peruvian bark.

It was first introduced under the name of *Jesuit's bark*, from South America, but was generally opposed by the Faculty. Sydenham was one of the first who employed it in intermittent fever.—*Swan, Life of Sydenham.*

Bark. s. [L. Lat. *barca*.] Sea-going vessel in general; properly, a small ship with a mizen gaff-top-sail instead of a square-sail.

The Duke of Parma must have flown, if he would have come into England; for he could neither get bark nor bariner to put to sea.—*Bacon, On the War with Spain.*

It was that fatal and perfidious bark,
Built in the eclipse, and rig'd with curses dark,
That sunk so low that sacred head of thine.
Milton, Lycidas, 100.

Who to a woman trusts his peace of mind,
Trusts a frail bark with a tempestuous wind.
Granville.

Bark. v. a.

1. Strip trees of their bark.

The severest penalties ought to be put upon barking any tree that is not felled.—*Sir W. Temple.*
These trees, after they are barked, and cut into shape, are tumbled down from the mountains into the stream.—*Addison.*

2. Enclose; cover (as the bark covers a tree); incrust.

Anchorites that barge'd themselves up in hollow trees, and immured themselves in hollow walls.—*House, Devotions*, p. 43.

The juice of cursed hemlock—doth possess
And curd, like egger droppings into milk,
The thin and wholesome blood: so did it mine,
And a most instant tetter bark'd about,
Most hazel-like, with vile and loathsome crust,
All my smooth body.
Shakespeare, Hamlet, i. 5.

Bark. v. n. [A.S. *barcan*.]

1. Make the noise which a dog makes when he threatens or pursues.

Scut before my throne
Into this breathing world, scarce half made up,
And that so lamely and unfashionably,
That dogs bark at me.
Shakespeare, Richard III., i. 1.

2. Clamour at; pursue with reproaches.

Vile is the vengeance on the ashes cold;
And envy base, to bark at sleeping fame.
Spenser, Faerie Queen.

Bark-bared. part. pref. Stripped of the bark.

Excorticated and bark-bared trees may be preserved, by nipping up a shoot from the foot, or below the stripped place, cutting the body of the tree sloping off a little above the shoot, and it will heal, and be covered with bark.—*Mortimer.*

Barkeeper. s. One who attends at the bar of a tavern.

The pretty barkeeper of the Mitre.—*Stouten*, li. 224.

Barke. s. One who barks or clamours.

The other Spanish barke, racing and foaming,
was almost out of his wits.—*For, Book of Martyrs, Life of Archbishop Cramer.*
What hath he done more than a base cur?—barked and made a noise? But they are rather enemies of my fame than me, these barkers.—*B. Jonson.*

Barking. part. adj. Making the noise of one that barks.

A touch, a kiss! the charm was swept,
There rose a noise of striking clocks,
And feet that run, and doors that clapt,
And barking dogs, and crowing cocks.
Tennyson, The Revival.

Barking. verbal abs. Act of a Barker.

You dare patronize
The envious barking of your saucy tongue
Against my lord.
Shakespeare, Henry VI. Part I., iii. 4.

Barkingly. adv. In the manner of one who barks.

While from the pulpit barkingly he rings
Bold blasphemies against the King of Kings,
Sylvestre, Du Bartas, 91. (Ord MS.)

Barkless. adj. Without bark.

The trees all barkless unclad are left,
Like people strip'd of things that they did wear.
Dryden, Moors, 1283. (Ord MS.)

Barky. adj. Consisting of bark: containing bark; covered with bark.

Ivy so enclaves the barky fingers of the elm.
Shakespeare, Midsummer Night's Dream, iv. 1.

Barley. s. [?] Hordeum vulgare: (a kind of corn extensively used in malting, and in the fattening of cattle, hogs, and poultry).

Barley is excellent, moistening, and expectorating; barley was chosen by Hippocrates as a proper food in inflammatory distempers.—*Arbuthnot, On the Nature and Choice of Aliments.*

Only rappers, rapping early
In among the bearded barley
Hear a song that echoes clearly
From the river winding clearly.
Tennyson, The Lady of Shalott.

Barley-sugar. s. [Saccharum perlatum.] See extract.

Barley-sugar is a syrup from the refuse of sugar-candy, hardened in cylindrical moulds.—*London, Encyclopedia of Plants*, p. 75.

Barleybrake. s. [?] the Scotch form of the last syllable is *brack*.] Kind of rural play.

Hy neighbours prais'd she went abroad thereby,
At barleybrake her sweet swift feet to try.
Sir P. Sidney.

Barleycorn. s. Grain of barley; lowest denomination in measure of length.

The Eastern people determined their digit by the breadth of barley-corn, six making a digit, and twenty-four a hand's breadth; a small matter over or under.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Barm. s. [from A.S. *beorma* = yeast.] Yeast.

Are you not ho
That sometimes makes the drunk to bear no harm,
Midnight night-wanderers, laughing at their barm?
Shakespeare, Midsummer-Night's Dream, ii. 1.

Try the force of imagination, upon staying the working of beer when the barm is put into it.—*Bacon.*

Barm. s. [from A.S. *bearm* = bosom.] Bosom; breast. *Obsolete.*

And in her barm this little child she led.
Chaucer, The Clerk's Tale, 3428.

A barm-clothecke as white as morwe milk.
Id., The Miller's Tale, 3237.

Barm-cricket. s. See Balm-cricket.

Barmaid. s. Female who attends at the bar of a tavern.

Well! having stoop'd to conquer with success,
And gained a husband without aid from dress,
Still, as a barmaid, I could wish it too,
As I have conquered him to conquer you;
Ain't, let me say, for all your resolution,
That pretty barmaids have done execution.

Goldsmith, She stoops to conquer, epilogue.
Bitter barmaid, waiting fast
See that cheeks are on my laid;
What! the flower of life is past;
It is long before you wed.

Tennyson, The Vision of Sin.

Barmy. adj. Containing barm; yeasty.

Their jovial nights in frolics and in play
They pass, to drive the tedious hours away
And their cold stomachs with crown'd goblets cheer,
Of windy cider, and of barmy beer.
Dryden.

Barn. s. [A.S. *beren*.] Place or house for laying up any sort of grain, hay, or straw.

In vain the barns expect their promised load,
Nor barns at home, nor reeks are heap'd abroad.
Dryden.

I took notice of the make of barns here: having laid a frame of wood, they place, at the four corners, four blocks, in such a shape as neither mice nor vermin can creep up.—*Addison.*

Barn. c. a. Lay up in a barn.

The aged man that cowers up his gold,
Is plagued with cramps, and gouts, and painful fits;
And useless barns the harvest of his wits.
Shakespeare, Rape of Lucrece.

Barn-door. s. [two words rather than a compound.] Door of a barn.

While the cock, with lively din,
Scatters the rear of darkness thin;
And to the stack, or the barn-door,
Stoutly struts his daunces before.
Milton, L'Allegro, 58.

Used in the following extract *adjectively*.

Did the distracted Court, with Garde-du-Sein, Barin, Triumvirate and Company, imagine that they could scatter six hundred National Deputies, big with a National Constitution, like as much barndoor poultry, big with next to nothing,—by the white or black rod of a Supreme Usurper? Barndoor poultry fly cackling: but National Deputies turn round, lion-faced; and, with upturned right-hand, sweep an Oath that mark the four corners of France tremble.—*Carlyle, French Revolution*, pt. i. b. v. ch. ii.

Barnacle. s. [Lat. *bernicula*.]

1. Kind of shellfish (Lepas and Balanus) found adhering to the sides and bottoms of ships, and to timber living in the sea.

Those weeds or branches like nets were entangled and drawn along by the barnacles, which in these long voyages usually lived upon the sides of ships, and exceedingly pester and retarded their way in sailing.—*Nir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 383.

The common barnacle approximates its scuta by a strong transverse adductor muscle; its body or visceral mass is moved towards the aperture of the shell, which is thereby at the same time widened, by longitudinal muscular fibres, and is retracted by slender fibres attached to its base.—*Owen, Lectures on Comparative Anatomy*, l. c. xiii.

2. Goose-like sea-bird (Hernicula leucopsis), once fabled to be developed from the Lepas anatifera.

It is beyond even an atheist's credulity and impudence, to affirm that the first men might grow upon trees, as the story goes about barnacles; or might be the lice of some vast prodigious animals, whose species is now extinct.—*Bentley.*
And from the most refined of saints
As naturally grow micromerits,
As barnacles turn Roland goose
In th' islands of the Orades.
Butler, Hudibras.

Bárnacle. *s.* See *Binoele*.

Barometer. *s.* [Gr. *βάρος* = weight, *μέτρον* = measure.] Machine for measuring the weight of the atmosphere and its variations, in order chiefly to determine the changes of the weather.

The measuring the heights of mountains, and finding the elevation of places above the level of the sea, hath been much promoted by barometrical experiments, founded upon that essential property of the air, its gravity or pressure. As the column of mercury in the barometer is counterpoised by a column of air of equal weight, so whatever causes make the air heavier or lighter, the pressure of it will be thereby increased or lessened, and of consequence the mercury will rise or fall. *Harris*.

(Gravity is another property of air, whereby it counterpoises a column of mercury from twenty-seven inches and one half to thirty and one half, the gravity of the atmosphere varying one tenth, which are its utmost limits; so that the exact specific gravity of the air can be determined when the barometer stands at thirty inches, with a moderate heat of the weather. — *Arbuthnot, On the Effects of Air on human Bodies*.)

Barométric. *adj.* Relating to the Barometer.

The mean barometric column measures the pressure of the whole atmosphere. — *Ansted, The Channel Islands*, p. 181.

Barométrical. *adj.* Same as Barometric. It is very accurate in making barometrical and thermometrical instruments. — *Derham, Physico-Theory*.

Baron. *s.* [L. *Lat. baro, -onis*; Fr. *baron*.]

1. Lowest degree of nobility in England.

The title of *baron* is the oldest in point of antiquity, although the lowest in point of rank, of any of the nobility. — *A. Poublanque, jun., How we are governed*, let. 4.

2. Member of the House of Commons elected for one of the cinque ports.

They that hear

The cloth of state above, see four *barons*
Of the cinque ports. — *Shakespeare, Henry VIII.* iv. 1.

Baronage. *s.* Body of barons and peers.

His charters of the liberties of England, and of the forest, were hardly, and with difficulty, gained by his *baronage* at Staines, A.D. 1215. — *Sir M. Hale*.

Nor were they the baser courtiers whom we feared and hated Becket. The nobles might tremble from the example of the Clare, with whose powerful house almost all the Norman *baronage* was allied, lest every royal grant should be called in question. — *Milman, History of Latin Christianity*, h. vii. ch. viii.

Baronet. *s.* Lowest degree of hereditary honour.

King Edward III. being greatly bearded and crossed by the lords of the clergy, was advised to direct out his writs to certain gentlemen of the best ability and trust, entitling them therein barons to serve and sit as barons in the next parliament. By which means he had so many barons in his parliament, as were able to weigh down the clergy and their friends; the which barons, they say, were not afterwards lords, but only *baronets*, as sundry of them do yet retain the name. — *Spenser, View of the State of Ireland*.

If therefore a reform bill, disfranchising many of the smallest constituent bodies and giving additional members to many of the largest constituent bodies, had become law soon after the Revolution, there can be little doubt that a decided majority of the House of Commons would have consisted of rustic *baronets* and squires, high Churchmen, high Tories, and half Jacobites. — *Macaulay, History of England*, ch. xix.

Baronetcy. *s.* Rank of Baronet.

The other five had among them two seats in the House of Lords, two seats in the House of Commons, three seats in the Privy Council, a *baronetcy*, a blue ribbon, a red ribbon, about a hundred thousand pounds a year, and not ten pages that are worth reading. — *Macaulay, Essays, Walpole's Letters*.

Baronial. *adj.* Relating to a baron or to a barony.

The savage pomp and the capricious heroism of the *baronial* manners were replete with incident, adventure and enterprise. — *T. Warton, History of English Poetry*, li. 402.

If he had exempted these lands from the policy to which he subjected other *baronial* possessions, it would have exceedingly diminished the strength of his kingdom. — *Lord Lyttelton, History of Henry II.* introd.

Barony. *s.*

1. Honour, or lordship, which gives title to a baron.

If my young lord, your son, have not the day,
Upon mine honour, for a silken point
I'll give my *barony*. — *Shakespeare, Henry IV. Part II.* l. 1.

In England the *baronies* by tenure might belong to the same class if the lands upon which they depended had not been granted to the crown. — *Hallam, View of the State of Europe during the middle Ages*, ch. ii. pt. ii.

2. Division of an Irish county answering to an English hundred.

Every parish should be forced to keep a petty schoolmaster, adjoining into the parish church, to be the more in view, which should bring up their children in the first elements of letters; and that, in every county or *barony*, they should keep another able schoolmaster, which should instruct them in grammar and the principles of sciences. — *Spenser, View of the State of Ireland*.

Whatever the regular troops spared was devoured by bands of marauders who overrun almost every *barony* in the island. — *Macaulay, History of England*, ch. xii.

Baroscope. *s.* [Gr. *βάρος* = weight, *σκοπία* = spy, view, estimate.] Instrument to show the weight of the atmosphere.

If there was always a calm, the equilibrium could only be changed by the contents; where the winds are not variable, the alterations of the *baroscope* are very small. — *Arbuthnot*.

Baroscopic. *adj.* Connected with the baroscope.

I did, as you remember, some years ago, publicly express and desire that some inquisitive men would make *baroscopic* observations in several parts of England. — *Boyle, Works*, li. 110. (Rich.)

Barrack. *s.* [Fr. *baraque*.] Buildings to lodge soldiers.

He [Bishop Hall] lived to see his cathedral converted into a *barrack*, and his palace into an nunnery. — *T. Warton, History of English Poetry*, iv. 2. Most of the quarry men are Bretons, and live in wooden *bar racks*. — *Ansted, The Channel Islands*, pt. i. ch. vi.

Barrack-master. *s.* He who has the superintendence of soldiers' lodgings.

The subject of the girl's letter was, that a young lady of good fortune was courted by an Irishman, who pretended to be *barrack-master* general of Ireland. — *Swift, Letters*, cccvii.

Barraconda. *s.* [?] Kind of fish.

In the formidable *Barraconda* (Sphyraena) the loss or fracture of the lance-shaped teeth, in the conflict with a struggling prey, is repaired by an interrupted succession of new pulps and teeth. — *Owen, Anatomy of Vertebrata*.

Barrage. *s.* In Marine Engineering. Formation of a bar.

It was the conviction that this would be the case that caused the works of the *barrage* to be abandoned. — *Edinburgh Review*, January, 1856, p. 213.

Barrotor. *s.* [see Barter.] Wrangler, and encourager of lawsuits.

I am such a person, whom ye know have been a common *barrotor* and thence by a long space of years. — *Sir T. Elgot, The Governor*, fol. 133 b.

Will it not reflect as much on thy character, Nie, to turn *barrotor* in thy old days, a stirrer up of quarrels amongst thy neighbours? — *Arbuthnot, History of John Bull*.

Bartrary. *s.* Practice or crime of a barrator; foul practice in law.

'Tis arrant *bartrary* that bears
Point blank an action 'gainst our laws. — *Butler, Hudibras*.

Barrel. *s.* [Fr. *baril*.]

1. Cylindrical wooden vessel, bulging in the middle, formed of staves and bound with hoops.

It hath been observed by one of the ancients, that an empty *barrel*, knocked upon with the finger, giveth a diapason to the sound of the like *barrel* full. — *Bacon*.

Several colleges, instead of limiting their rents to a certain sum, prevailed with their tenants to pay the price of so many *barrels* of corn, as the market wout. — *Swift*.

The Electoral Prince was the only candidate whose success would alarm nobody; would not make it necessary for any power to raise another regiment, to man another frigate, to have in store another *barrel* of gunpowder. He was therefore the favourite candidate of prudent and peaceable men in every country. — *Macaulay, History of England*, ch. xxiii.

2. Anything hollow: (as, the barrel of a gun).

Take the *barrel* of a long gun perfectly bored, set it upright with the breech upon the ground, and take a bullet exactly fit for it; then if you suck at the mouth of the *barrel* ever so gently, the bullet will come up so farreth, that it will hazard the striking out your teeth. — *Sir K. Digby*.

3. Cylinder: (frequently a cylinder about which anything is wound).

Your string and how must be accommodated to your drill; if too weak, it will not carry about the *barrel*. — *Mason*.

Barrel. *v. a.* Put anything in a barrel for preservation.

I would have their beef beforehand *barrelled*, which may be used as is needed. — *Spenser, View of the State of Ireland*.

Barrel up earth, and sow some seed in it, and put it in the bottom of a pond. — *Bacon*.

That perverse man, that *barrelled* himself in a tub. — *Dante, Inferno*, p. 48.

Barren. *adj.* [N.F. *br-haigne, baraigne*.]

1. Without the quality of producing its kind; not prolific: (applied to animals).

They hail'd him father to a line of kings;

Upon my head they placed a fruitless crown,

And put a *barren* scepter in my gripe,
No son of mine succeeding. — *Shakespeare, Macbeth*, iii. 1.

There shall not be male or female *barren* among you, or among your cattle. — *Isidore, View of the State of Ireland*, vii. 14.

2. Unfruitful; not fertile; sterile.

The situation of this city is pleasant, but the water is unfruitful, and the ground *barren*. — *2 Kings*, ii. 19.

Tobias is far from exalting the nature of his country; he confesses it to be *barren*. — *Pope*.

3. Not copious; scanty.

Some schemes will appear *barren* of hints and matter, but prove to be fruitful. — *Swift*.

4. Unmeaning; uninvincible; dull.

There be of them that will make themselves laugh, to set on some quantity of *barren* spectators to laugh too. — *Shakespeare, Hamlet*, iii. 2.

Barrenness. *s.*

1. Want of offspring; want of the power of procreation.

I pray'd for children, and thought *barrenness*

In wedlock a reproach. — *Milton, Samson Agonistes*, 322.

No more be mentioned then of violence
Against ourselves; and wilful *barrenness*,
That cuts us off from hope. — *Id., Paradise Lost*, x. 1011.

2. Unfruitfulness; sterility; infertility.

Within the self-same limit, lands have diverse degrees of value, through the diversity of their fertility or *barrenness*. — *Bacon*.

3. Want of invention; want of the power of producing anything new.

The adventures of Ulysses are imitated in the *Aeneid*; though the accidents are not the same, which would have proved him of a total *barrenness* of invention. — *Dryden*.

4. Want of matter; scantiness.

The impertinency of our adversaries hath constrained us longer to dwell than the *barrenness* of so poor a cause could have seemed either to require or to admit. — *Hooker*.

5. In Theology. Aridity; want of emotion or sensibility.

The greatest spirits sometimes are fervent, and sometimes feel a *barrenness* of devotion. — *Jeremy Taylor*.

Barriçada. *s.* [Fr. *barriade*.]

1. Fortification made in haste, of trees, earth, wagons, or anything else, to keep off an attack.

On their side, the insurgents made the most vigorous efforts, by running up and strengthening the *barriçadas*, to prepare for the defence, and the clubs as well as assembly sat in permanence. — *Sir A. Alison, History of Europe*, ch. liv.

2. Any stop; bar; obstruction.

There must be such a *barriçada* as would greatly annoy, or absolutely stop, the currents of the atmosphere. — *Derham*.

Barriçada. *v. a.* Stop up; confine; hinder.

Now all the pavement sounds with trampling feet,
And the mixt hurry *barriçadas* the street;

Entangled here, the waggon's lengthen'd team. — *Gay*.

A new volcano continually discharging that matter, which being till then *barriçada* up, and imprisoned in the bowels of the earth, was the occasion of very great and frequent calamities. — *Woodward*.

Steele's *barriçada* guards the solitary coast,
And Winter *barriçadas* the realms of frost.

Johnson, *Imitation of the tenth Satire of Juvenal*.

Barriçading. *verbal abs.* Barriçada-making, barring-out.

Barriçading never not: fly fast, ye bodyguards;
rabid insurrection, like the hellhound chase, up-roaring at your heels! — *Carlyle, French Revolution*, pt. i. b. vii. ch. x.

Barriçada. *s.* [Sp. *barriçada*.] Fortification; bar; anything fixed to hinder entrance.

The access was by a neck of land, between the sea on one part, and the harbour water, or inner sea, on

the other; fortified clean over with a strong rampier and barricado.—*Bacon*.

Barricade. *v. a.* Fortify; bar; stop up.

Past we found, fast shut
The dismal gates, and barricado'd strong!
Milton, Paradise Lost, viii, 240.

He had not time to barricado the doors; so that the enemy entered.—*Lord Clarendon*.

The truth of causes we find so obliterated, that it seems almost barricaded from any intellectual approach.—*Harvey*.

Barrier. *s.* [Fr. *barrière*.]

1. Barricade; entrenchment.

Safe in the love of heav'n, an ocean flows
Around our ruin, a barrier from the foes. *Pope*.

2. Fortification, or strong place, on the frontiers of a country.

The Queen is guarantee of the Dutch, having possession of the barrier, and the revenues thereof, before a peace.—*Meift*.

3. Bar to mark the limits of any place; by the rails or lists, within which jousts and tournaments were performed.

For jousts, and tournaments, and barriers, the glories of them are chiefly in the chariots, wherein the champions make their entries.—*Bacon*.

Prisoners to the pillar bound,
At either barrier plac'd; nor captives made,
He freed, or arm'd anew. *Dryden*.

4. Boundary; limit; obstruction.

How instinct varies in the grovelling swine,
Compar'd, half reasoning elephant! with thine:
'Twixt him and reason what a nice barrier!
For ever separate, yet for ever near. *Pope*.

The tyranny which, on every favourable moment, was breaking through all barriers would have ricted without control, if, when the people were poor and disarmed, the nobility had not been brave and free.—*Hallam, View of the State of Europe during the middle Ages*, ch. ii, pt. 2.

Barriater. *s.* Person qualified to plead causes by being called to the bar.

When time . . .
Hath made a lawyer . . . he throws,
Like nets, or linetwines, wheresoe'er he goes,
His title of *barriater* on every wench,
And woe in language of the Pleas and Bench.

Donne, Poems, p. 123.
Any person may bring and defend his own action in person, but almost all the business is carried on by counsel and attorneys, selected by the parties to act for them. The former are of two classes, serjeants-at-law and *barriaters*. The privilege of calling persons to the bar to act as *barriaters* in England is exclusively held by four ancient societies, viz., that of Lincoln's Inn, the Middle and Inner Temples, and Gray's Inn.—*A. Poultraque, jun., How we are governed*, letter 16.

The average income of a temporal peer was estimated, by the best informed persons, at about three thousand a year, the average income of a baronet at nine hundred a year, the average income of a member of the House of Commons at less than eight hundred a year. A thousand a year was thought a large revenue for a *barriater*.—*Macaulay, History of England*, ch. iii.

Barrow. *s.* [Fr. *barrot*, *barreau*; from L. Lat. *barrotum*.] Any kind of carriage moved by the hand.

I have I lived to be carried in a basket, like a barrow of butcher's offal, and thrown into the Thames?—*Shakespeare, Merry Wives of Windsor*, iii, 5.

No barrow's wheel
Shall mark thy stooping with a mity trace. *Gay*.

Barrow. *s.* [A.S. *bearyng*, *beary*.] Hog.

I may 'gentle' though this barrow grunt at the word.—*Milton, Colastrobium*.

Barrow. *s.* [A.S. *beurn*.] Sepulchral mound: (a common translation of the Latin *tumulus*).

Near Woodley's-lane the Roman road penetrates the center of a barrow, one of a numerous group.—*T. Warton, History of the Parish of Kiddingington*, p. 68.

Of these, the most remarkable are the dasobas, piles of brickwork of dimensions so extraordinary that they suggest comparison with the pyramids of Memphis, the barrow of Halyattes, or the mounds in the valleys of the Tigris and Euphrates.—*Sir J. E. Tennant, Ceylon*, pt. iii, ch. iv.

Their flocks are grazing on the mound
Of him who felt the Danish's arrow:
That mighty heap of gather'd ground
Which Ammon's son ran proudly round,
By nations raised, by monarchs crown'd,
Is now a lone and nameless barrow.

Ryron, The Bride of Abydos, n. 4.

Bars. See Base and Prison-bars.

Barso. See Bass, for which it is the better form, as the name of a fish.

Barter. *v. n.* [Fr. *barrater* = trick in traffic.] Traffic by exchanging one commodity

for another: (in opposition to purchasing with money).

As if they scorn'd to trade and barter,
By giving or by taking quarter. *Heller, Hadibran*.
A man has not every thing growing upon his soil,
and therefore is willing to barter with his neighbour.—*Collier*.

Barter. *v. a.* Give anything in exchange for something else.

For him was I exchange'd and ransom'd:
But with a baser man of arms by far,
Once, in contempt, they would have barter'd me.
Shakespeare, Henry VI, Part I, i, 3.
Mine eyes like wintry streams overflow:
What wretch with me would barter woe?
My bird I relent: one note could give
A charm, to bid thy lover live.

The spoils of their industry form one of the chief resources of the uncivilized Veddas, who collect the wax in their upland forests, to be bartered for arrow-points and clothes in the lowlands. *Sir J. E. Tennant, Ceylon*, pt. ii, ch. vi.

Sometimes with away before the thing given.

If they will barter away their time, methinks they should at least have some case in exchange.—*Dr. H. More, Decay of Christian Piety*.

He also bartered away plums that would have rotted in a week, for nuts that would last good for his eating a whole year.—*Locke*.

Barter. *s.*
1. Act or practice of trafficking by exchange of commodities.

From England they may be furnished with such things as they may want, and, in exchange or barter, send other things, with which they may abound.—*Bacon*.

2. Thing given in exchange.

He who corrupteth English with foreign words, is as wise as India that change plate for china; for which the laudable traffic of old clothes is much the fairest barter. *Fulton*.

Barterer. *s.* One who traffics by exchange of commodities.

What this disparaging *barterer*, in all the affectation of self-important opulence, calls a *barter*, was one of the best and pleasantest rooms in a very commodious house.—*W. H. Blackfield, Memoirs*, p. 257.

Bartery. *s.* Same as Barter. *Rare*.

It is a received opinion, that in most ancient ages, there was only bartery or exchange of commodities amongst most nations.—*Canden, Remains*.

Baryta. *s.* Oxide of barium.

Carbonate of baryta is insidious and insipid, but it is nevertheless poisonous. . . . It produces slight inflammation of the stomach, but acts chiefly on the brain, spine, and voluntary muscles; and in this case the antidote is diluted sulphuric acid.—*Thomson, London Dispensatory*.

Sulphate of baryta is really two-and-two-membered. Dr. Dalton's diagram makes it two-and-one-membered.—*Whewell, History of Scientific Ideas*, b. vii, ch. iii.

Barytes. *s.* [Fr. *baryte*.] Same as Baryta: (being the older name).

The English and French names of this earth are derived from the Greek *barys* heavy, on account of the high specific gravity of the ponderous spar or native sulphate of baryta, which is the commonest form in which this earth appears.—*Rees, Cyclopaedia*, in voc.

Barytic. *adj.* Appertaining to, or constituted by, Baryta.

Barytes, like the other alkaline earths, combines with all the known acids, and the barytic salts thus produced are for the most part readily crystallizable; and are distinguished by the strong mutual affinity of their elements; sulphuric acid in particular is dissolved by it from every other combination. . . . The fluid that remains after the deposition of the crystals of barytes retains 1-20th of the earth in permanent solution, and is called *barytic water*; improperly, *barytic lime water*.—*Rees, Cyclopaedia*, in voc.

Barytone. *s.* [Gr. *βάρυτονος*, from *βαρύς* = heavy, *τόνος* = tension, tone.] Bass voice.

I recommend one Mr. Mason, a barytone voice, for the vacancy of a singer in your cathedral.—*Arbuthnot, To Swift*, May 8, 1723. (Ord MS.)

Basal. *adj.* Pertaining to the base.

The basal ossification, representing at its posterior end the body of the atlas and the basi-occipital, expands as it advances along the base of the skull in the situation of the sphenoids, constituting the floor of the cerebral chamber, supporting the medulla oblongata, the hypophysis, the crura and lobes of the cerebrum, and terminating a little in advance of the olfactory lobes by a broad transverse margin, bounding a triangular space left between it and the converging palatine arches, which space is filled by cartilage representing the vomer.—*Owen, Lectures on Comparative Anatomy*, lect. iv.

Basalt. *s.* Argilla basaltica: (compnet opaque rock of a greyish or raven-black colour).

This is the most northern basalt I am acquainted with.—*Pennant*.

Basalt, calcined and pulverized, gives mortar the property of hardening under water. One part of it and two of slackened lime form the mortar of the great dykes of Holland. *Manual of Mineralogy*.

We feel assured that the rock of Maffia, and that of the Giant's Causeway, called *basalt*, is volcanic, because it agrees in its columnar structure and mineral composition with streams of lava which we know to have flowed from the craters of volcanoes.—*Sir C. Lyell, Manual of Elementary Geology*, p. 6.

The opinion once entertained that basalt was the prevailing mineral in basalt, or even in the most argillaceous trap-rocks, must be abandoned. Although its presence gives to these rocks their distinctive character as contrasted with trachytes, still the principal element in their composition is felspar.—*Id.*, p. 470.

Basaltic. *adj.* Of basalt.

We had in view a fine series of genuine basaltic columns.—*Pennant*.

It was owing to the exertions and sacrifices of the English people that, from the basaltic pillars of Ulster to the lakes of Kerry, the Saxon settlers were trampling on the children of the soil.—*Macaulay, History of England*, ch. xiii.

Base. *s.* [Lat. *basis*.]

1. Bottom of anything: (commonly used for the lower part of a building or column).

What if it tempt thee toward the flood, my lord?
Or to the dreadful summit of the cliff,
That beetles o'er his base into the sea,

Shakespeare, Hamlet, i, 4.

King Arthur's sword, Excalibur,
Wrought by the lonely maiden of the lake,
Nine years she wrought it, sitting in the deeps,
Upon the hidden bases of the hills.

Trangman, Morte d'Arthur.
A man should study other things: not to covet,
not to fear, not to repent him; to make his base such, as no tempest shall shake him.—*B. Jonson, Disgrace*.

Firm Doric pillars crown your solid base,
The fair Corinthian frowns the higher space,
And all below is strength, and all above is grace.
Dryden.

2. Pedestal of a statue.

Men of weak abilities in great place, are like little statues set on great bases, made the less by their advancement.—*Bacon*.

Mercury was patron of flocks, and the ancients placed a ram at the base of his images.—*Bronne*.

3. In Chemistry. Substance with which an acid is combined in a salt; alkali.

The compound radicals are capable of uniting with each other; they form with oxygen and sulphur, acids and bases.—*Turner, Chemistry*.

4. In Architecture. Assemblage of mouldings constituting the lower part of a column, of a pier, or of a pedestal; projection on the lower part of an inner wall, where it meets the floor.

In the Grecian remains of the Ionic order the lower torus, astragal, or fillet of the base rests immediately on the upper step of the building; but in those of the Corinthian order, a square plinth is added to the base.—*Rees, Cyclopaedia*, in voc.

In the better sort of work the plinth is tapered into a groove in the floor, by which means the diminution of breadth created by the shrinking war causes any aperture or chasm between its under edge and the floor, and the upper edge of the plinth is related upon the base.—*Goult, Cyclopaedia of Architecture*, p. 330.

5. In Fortification.

Base, in fortification, denotes the external side of the polygon; or that imaginary line which is drawn from the flanked angle of a bastion to that which is opposite to it.—*Rees, Cyclopaedia*, in voc.

6. In Geometry.

Base of a figure, in geometry, denotes the lowest part of its perimeter, in which sense the base stands opposed to the vertex, which denotes the highest part. [The] base of a triangle is properly the lowest side, or that which lies parallel to the horizon. In a right-angled triangle the base is properly that side which is opposite to the right angle, i.e. the hypotenuse. Base of a solid figure is its lowest side, or that whereon it stands. Base of a conic section is a right line on the hyperbola and parabola, formed by the common intersection of the secant plane and the base of the cone.—*Rees, Cyclopaedia*, in voc.

Base. *s.* [In the first of the following quotations, prison-base certainly is prison-bars; and it is probable that in all the others there is the same connection with bar, barrier = a starting-place.]

1. Kind of game. See Prison-bars.

Whereas the mountain nymphs, and those that do frequent
The fountains, fields, and groves, with wondrous
inverment,

There are others, who have not altogether so much of this foolish *basifidularia*, and who ask every one's opinion. — *Dryden*.

He will be at first, indeed, repressed to a greater degree than another, by emotions of *basifidulosa*; but it will be more speedily and more completely subdued; the very system pursued, since it forbids all thought of self, striking at the root of the evil. — *R. Whateley, Elements of Rhetoric*, pt. iv.

Basil. *s.* Kind of potherb (*Ocimum Basilicum* and *O. minimum*).

Kents was quite right; anyone who is really fond of nature must be very far gone indeed, when he or she, like poor Isabella with her pot of basil, forgets the blue above the trees. — *Reveries of a Country Parson*, p. 353.

Of basil two species are cultivated as culinary aromatics. — *London, Encyclopaedia of Gardening*, 1804.

Basil. *v. a.* [see Bezel.] Grind the edge of a tool to an angle. *Rare*.

These chisels are not ground to such a *basil* as the joiners' chisels on one of the sides, but are *basil*ed away on both the flat sides; so that the edges join between both the sides in the middle of the tool. — *Johnson*.

Basilio. *adj.* [Gr. *basilikos* — king.] Belonging to the Vena basilica: (so called from its importance).

On him you first shew'd your poetick strain,
And prais'd his opening the *basilio* vein.

The Medal of John Bayne, 1692.

These aneurisms, following always upon bleeding the *basilio* vein, must be aneurisms of the humeral artery. — *Sharp*.

Basilica. *s.* [Fr. *basilique*; Gr. *basilikos*.] Large hall, having two ranges of pillars, and two aisles or wings with galleries over them: (used for judicial and commercial purposes by the Romans, and subsequently for Christian worship).

The rival bishop, Felix, died before his face; but Felix and his party would not altogether abandon the co-equal dignity assigned him by the decree of Constantine, and confirmed by the council of Nicaea. He returned; and, at the head of a body of faithful ecclesiastics, celebrated due worship in the *basilica* of Julius, beyond the Tiber. — *Milman, History of Latin Christianity*, b. i. ch. ii.

Basilican. *adj.* Same as Basilic.

I will attend with patience how England will thrive,
Now that she is let blood in the *basilican* vein. — *Hoswell, Letters*, iii. 24.

Basilicon. *s.* [Gr. *basilikos*.] Kind of ointment: (called also *tetrapharmacum*).

I made incision into the cavity, and put a pledget of *basilicon* over it. — *Wagenaar, Surgery*.

I have of late made use of a new silver, made up of two parts of dialpinia and one of *basilicon*, which I have experienced to be very effectual for healing and drying. — *Ray, Correspondence*, p. 294.

Basiliak. *s.* [Lat. *basiliscus*; Gr. *basilikos*, diminutive of *basileus* — king.]

1. Serpent, called also a cockatrice, fabled to drive away all others by his hissing, and to kill by his glance.

Make me not sighted like the *basiliak*;
I've look'd on thousands who have sped the better
By my regard, but kill'd none so.

Shakespeare, Winter's Tale, i. 2.

The *basiliak* was a serpent not above three palms long, and differed from other serpents by advancing his head, and some white marks or coronary spots upon the crown. — *Sir T. Browne, Vulgar Errors*.

So soon kills not the *basiliak* with sight;
The viper's tooth is not so venomous;
The adder's tongue nor half so dangerous.
As they that bear the shadow of delight,
Who chain blind youths in trammels of their hair,
Till waste brings woe, and sorrow hastes despair. — *Greene*.

2. Species of cannon or ordnance.

We practise to make swifter motions than any you have; and to make them stronger and more violent than yours are: exceeding your greatest cannons and *basilisks*. — *Bacon*.

Basin, less correctly **Báson**. *s.* [Fr. *basin* *musc.*, *basine* *fem.*]

1. Small pond; basinlike enclosure.

On the twenty-first, two regiments which garrisoned Waterford consented to march out after a faint show of resistance: a few hours later the fort of Duncannon, which, towering on a rocky promontory, commanded the entrance of the harbour, surrendered; and William was master of the whole of that secure and spacious *basin* which is formed by the united waters of the Suir, the Nore, and the Barrow. — *Macaulay, History of England*, ch. xvi.

On one side of the walk you see this hollow *basin*, with its several little plantations lying conveniently under the eye of the beholder. — *Spectator*.

The jutting land two ample bays divides;
The spacious *basins* arching rocks enclose,
A sure defence from every storm that blows. — *Pope*.

2. Small concave utensil.

Let one attend him with a silver *basin*,
Full of rosewater, and bestrewed with flowers.

Shakespeare, Taming of the Shrew, i. Induction.
We have little wells for infusions, where the waters take the virtue quicker and better than in vessels and *basins*. — *Bacon*.

We behold a piece of silver in a *basin*, when water is put upon it, which we could not discover before, as under the verge thereof. — *Sir T. Browne, Vulgar Errors*.

Basined. *adj.* Enclosed in a small hollow place like a basin.

Thy *basin'd* rivers, and imprison'd seas,
Young, Night Thoughts, ix.

Basin. *s.* [Lat.]

1. Foundation of anything (as of a column or building).

It must follow, that paradise, being raised to this height, must have the compass of the whole earth for a *basin* and foundation. — *Sir W. Raleigh*.
Ascend my chariot, guide the rapid wheels
That shake heaven's *basin*. — *Milton, Paradise Lost*, vi. 711.

In altar wise a statue pile they rear;
The *basin* bread below, and top advanced in air.

Dryden.

Even he (Gustavus Adolphus), cut off from his natural *basin* of operations, his magnanimity and resources, had been compelled to draw upon the means of the country in which he operated, for the subsistence of his troops. — *Kemble, State Papers, &c., Historical Introduction*, p. iii.

2. Lowest of the three principal parts of a column, which are the *basin*, *shaft*, and *capital*.

Observing an English inscription upon the *basin*, we read it over several times. — *Addison*.

3. That on which anything is raised.

Such seems thy gentle height, made only proud
To be the *basin* of that pompous load,
Than which a nobler weight no mountain bears. — *Sir J. Denham*.

4. Pedestal.

How many times shall Caesar bleed in sport,
That now on Pompey's *basin* lies along
No worthier than the dust.

Shakespeare, Julius Caesar, iii. 1.

5. Groundwork, or first principle, of anything.

Build me thy fortunes upon the *basin* of valour.

Shakespeare, Twelfth Night, iii. 2.
The friendships of the world are oft
Confederacies in vice, or leagues of pleasure;
Ours less severest virtue for its *basin*.

Addison.
And thus much at least is clear: there can be no doubt that it teaches, or rather involves, as a *basin* and pre-condition of all its particular arguments, the great doctrine that the state is a person, having a conscience, consistent of matter of religion, and bound by all constitutional and natural means to advance it. — *Glavin, The State in its Relations with the Church*, ch. i.

[Cicero] abounds indeed with excellent practical remarks; though the best of them are scattered up and down his works with much irregularity: but his precepts, though of great weight, as being the result of experience, are not often traced up by him to first principles; and we are frequently left to guess, not only on what *basin* his rules are grounded, but in what cases they are applicable. — *R. Whateley, Elements of Rhetoric*, introd.

The bellman had forced the king, much against his will, to part with Lord Carteret, who had now become Earl Granville. They proceeded, after this victory, to form the Government on that *basin* called by the cant name of 'the broad bottom.' Lyttelton had a seat at the Treasury, and several other friends of Pitt were provided for. — *Macaulay, Reviews, Life of the Earl of Chatham*.

Bask. *v. a.* [? see Bask.] Warm by laying out in the heat.

Then lies him down the luller flend,
And stretch'd out all the chimney's length,
Basks at the fire his hairy strength.

Milton, L'Allegro, 110.

He was *basking* himself in the gleam of the sun.

Sir R. L'Estrange.
To *bask* thy naked body in the sun.

Dryden.

Bask. *v. n.* Lie in the warmth.

About him, and above, and round the wood,
The birds that hunt the borders of his food,
That bath'd within, or bask'd upon his side,
To tuneful songs their narrow throats apply'd.

Dryden.

Unfurl'd, in covers let her freely run,
To range thy courts, and bask before the sun.

Tickell.

Basket. *s.* [either from the Latin *bascula*, which was (like *barde* and *druidae*) a word

introduced into the Latin itself from the Celtic, or direct from the Welsh *basged*: 'Barbas de Pletis vomit bascada Britannia.')

1. Vessel made of twigs, rushes, splinters, or some other slender bodies, interwoven.

Here is a *basket*; he may creep in, and throw foul linen upon him, as if going to lugging. — *Shakespeare, Merry Wives of Windsor*, iii. 3.

Thus while I sung, my sorrow I deceiv'd,
And bending oars into *baskets* weav'd. — *Dryden*.
Four Pegs was forc'd to go hawking and poddling;
now and then carrying a *basket* of fish to the market.

Arbuthnot.

2. Sword or stick with a basket-hilt.

How I damme, but I'll fight you both, one after the other, with *baskets*. — *Goldsmith, She stoops to conquer*.

3. Back part of the outside of a coach.

In my time the follies of the town crept slowly among us; but now they travel faster than the stage-coach. Its follies come down, not only as inside passengers, but in the very *basket*. — *Goldsmith, She stoops to conquer*.

Basket. *v. a.* Place in a basket.

I have, since I sent you the last packet, been delivered of two or three other brats, and as the year proceeds, shall probably add to the number; all that come shall be *basketed* in time, and conveyed to your door. — *Cropper, Correspondence*, p. 259. (Ord MS.)

Basket-hilt. *s.* Hilt of a weapon so made as to contain the whole hand, and defend it from being wounded.

His puissant sword unto his side,
Near his undaunted heart was ty'd:
With *basket-hilt*, that would hold broth,
And serve for fight and dinner both.

Barter, Hudibras.

Their beef they often in their murrins stew'd,
And in their *basket-hilts* their beverage brow'd.

King.

Basket-hilted. *adj.* Weapon having a basket-hilt.

Quin declared it was not safe to sit down to a turtle-feast in one of the city-halls, without a *basket-hilted* knife and fork. — *T. Warton, History of English Poetry*, 2. 253. n.

Basketwork. *s.* Work like that of baskets.

Like her no nymph can willing oars lend
In *basket-work*, which painted streaks commend.

Dryden.

Báson. *s.* See Basin.

Bass. *s.* [incorrect form of Bast.] Bark. Having woollen yarn, *bass* wool, or such like to bind them with. — *Mortimer, Husbandry*.

Bass. *s.* [A.S. *bærs*; consequently *Barse* is the better form.] Name given to various species of the perch (*Perca*).

Excellent pike, and perch, here [at Keswick] called *bass*. — *Gray, Letter to Dr. Warton*.
Bass is common, but not very good. — *Austen, The Chatterbox*, p. 215.

Bass. *v. a.* Sound in a deep tone. *Rare*.

The thunder,
That deep and dreadful organ-pipe, pronounced
The name of Prosper: it did *bass* my tympanum.

Shakespeare, Tempest, iii. 3.

Bass. *adj.* In Music, Grave; deep. See Base.

Bass. *s.* Common, though incorrect, form for Bass.

Bass-relief. *s.* Sculpture in which the figures are in every part attached to the surface.

Great embossed silver tables tell you, in *bass-relief*, his victories at sea. — *Gray, Letter to West*.
The *bass-reliefs* at the back of the great altar, representing passages in the life and actions of our Saviour, are wonderful samples of sculpture. — *Memirs of Richard Cumberland*, ii. 154.

Bass-viol. Same as Base-viol.

On the sweep of the arch lies one of the Muses, playing on a *bass-viol*. — *Dryden*.

Bassa. *s.* Same as Bashaw.

By the flight of Ciran and the *bassa* of Trebizond, the Persians kept the field. — *Sir T. Herbert, Relation of some Years Travels into Africa and the Great Asia*, p. 287.

Basset. *s.* [Fr. *bassette*.] Game at cards invented at Venice.

Gamesters would no more blaspheme; and lady Datchcock's *basset* hand would be broke. — *Dennis*.
But of what marble must that heart be formed,
To gaze on *basset* and remain unwarm'd.

Pope, Lady M. W. Montague, Town Eclogues.

Another is for setting up an assembly for *basset*, where none shall be admitted to punt that have not taken the oath. — *Addison, Freeholder*, no. 8.

One O'Neal, a Roman Catholic lady, in St. James's street, had a ball and a *basset* on that day. — *Bishop Atterbury, To Bishop Trevelyan*, let. 123.

BASS

Bassinette. *s.* [Fr.] Kind of cradle.
At this moment, who is busy with Mrs. Lanadale, getting up the lace hangings for the two *bassinets*, and wondering if pink or blue should be used for the rosettes and linings.—*Wickliffe Lane*, p. 363.

Basso-relievo. *s.* [Ital.] Same as Bass-relief.

The splendid icing of an immense historick plum-cake was embossed with a delicious *basso-relievo* of the destruction of Troy.—*T. Warton, History of English Poetry*, iii. 302.

Bassoón. *s.* [Fr. *basson*.] Wind instrument serving for the bass in concerts.

The wedding guest now beat his breast,
For he heard the loud *bassoon*.
Cadiz, Ancient Mariner.

Bast. *s.* [Ger. *bast*.] Inner bark of the lime tree (*Tilia europæa*).

One of the most important uses of the lime tree, in the North of Europe, is that of supplying material for ropes and bad masts. *London, Encyclopædia of Trees and Shrubs*.

Bastard. *s.* [N.F. *bastard*.]

1. One born out of wedlock.
Him to the Lydian king Lycimachus hare,
And sent her honest *bastard* to the war. *Dryden*.
2. Anything spurious or false.

Words that are but rooted in
Your tongue, though but *bastards*, and syllables
Of no allowance, to your lesson's truth.
Shakespeare, Coriolanus, iii. 2.

3. Kind of sweet wine.

Score a pint of *bastard*. . . .
Then, your brown *bastard* is your only drink.
Shakespeare, Henry IV. Part I. ii. 4.
I was drunk with *bastard*.
Whose nature is to turn things like itself,
Heady and numerous.
Beaumont and Fletcher, Tamer tamed.

Bastard. *adj.*

1. Begotten out of wedlock; illegitimate.
Peace is a very apology, let alone, insensible, a getter of more *bastard* children than war's a destroyer of men.—*Shakespeare, Coriolanus*, iv. 5.
2. Spurious; not genuine; supposititious; false; adulterate.

You may partly hope that your father got you not, that you are not the Jew's daughter. 'Tis that were a kind of *bastard* hope indeed. *Shakespeare, Merchant of Venice*, iii. 5.

Men who, under the disguise of publick good, pursue their own designs of power, and such *bastard* honors as attend them.—*Sir W. Temple*.

In France, the offspring of a gentleman by a plebeian mother were reputed noble for the purposes of inheritance and of exemption from tribute. But they could not be received into any order of chivalry, though capable of simple knighthood; nor were they considered as any better than a *bastard* class deeply tainted with the stigmata of their maternal extraction. *Holtius, View of the State of Europe during the middle Ages*, ch. iii. pt. ii.

Bastard. *v. a.* Convict of being a bastard; stigmatized with bastardy.

She lived to see her brother beheaded, and her two sons deposed from the crown, *bastarded* in their blood, and cruelly murdered. *Bozon*.

Bastardize. *v. a.* Convict of being, or reduce to the condition of, a bastard.

The Lord never suffereth the ground articles and points of true religion to be abolished in his church, though they be in divers sorts, both within and without, dispersed and *bastardized*.—*Harmer, Translation of Beza's Synopsis*, p. 142.

The *Apostle* *bastardized* those that suffer not.—*Wilson, Reader*, ii. 57.

Thirdly, it was said that, in a case where the parents were both honest and ignorant that their marriage was illegal, the issue was not *bastardized*.—*C. H. Pearson, The early and middle Ages of England*, ch. xxviii.

Bastardizing. *verbal abs.* Being begot as a bastard.

I should have been what I am, had the maidenliest star in the firmament twinkled on my *bastardizing*. *Shakespeare, King Lear*, i. 2.

Bastardly. *adj.* Spurious; illegitimate.

A fictive simulation, and a *bastardly* kind of adoption.—*Jeremy Taylor, Artificial Happinessness*, p. 96.

So became he [Lod] the father of an accursed *bastardly* brood.—*Guliver, Spiritual Watch*, p. 54.

Bastardy. *adv.* In the manner of a bastard; spuriously.

Good seed degenerates, and oft obeys
The soil's disease and into cockle strays;
Let the mind's thoughts but be transplanted so
Into the body, and *bastardly* they grow. *Donne*.

BAST

Bastardy. *s.* Unlawful state of birth, which disables the bastard from succeeding to an inheritance.

Once she slandered me with *bastardy*;
But whether I be true begot or no,
That still I lay upon my mother's head.
Shakespeare, King John, i. 1.

In respect of the evil consequences, the wife's adultery is worse, as bringing *bastardy* into a family.—*Jeremy Taylor*.

No more of *bastardy* in heirs of crowns. *Pope*.

Baste. *v. a.* [from N.F. *baston* - stick.] Beat with a stick. *Colloquial*.

Quoth she, I grant it is in vain
For one that's *basted* to feel pain;
Because the pricks his lances cure
Contribute nothing to the cure. *Rutler, Hudibras*.

Baste. *v. a.* [?] Drip butter, or anything else, upon meat as it turns upon the spit; moisten it.

Sir, I think the meat wants what I have, *basting*.
—*Shakespeare, Comedy of Errors*, ii. 2.
The fuk of roasted mutton, falling on the birds,
will serve to *baste* them, and so save time and butter.
—*Swift*.

You desire now to be *basted* with words well steeped in vinegar and salt; but I will be more charitable unto you, and leave but speeches to black mouths.—*Sir J. Haywood, Answer to Bolman*, K. ij.

Baste. *v. a.* [from Fr. *baster* - stitch.] Sew slightly.

The body of your discourse is sometime guarded with fragments, and the guards are but slightly *basted* on neither.—*Shakespeare, Much Ado about Nothing*, i. 1.

Baster. *s.* Blow with a stick or other weapon. *Obsolete, colloquial*.

Jack took up the poker, and gave me such a *baster* upon my head, that it was two months before I perfectly recovered.—*Dr. Wagstaffe, Miscellaneous Works*, p. 48; 1725.

Bastile. *s.* [Fr. *bastille*.] Fortification of a castle; castle itself.

Thus fortune forces her children to confound,
Which on her wiles their *bastiles* bravely bound.
Mirror for Magistrates, p. 167.

Near which there stands
A *bastile* built to imprison hums.
Rutler, Hudibras, ii. 1156.

This feeling sprang up, in spite of the police and *bastilles*, and took the deeper root, because no man dared to utter a murmur of discontent.—*Dr. Wilson, Translation of Schlosser's History of the Eighteenth Century*, p. 214.

Bastimento. *s.* [Span.] Rampart.

Then the *bastimento* never
Had our fond dishonor seen,
Nor the sea the sad receiver
Of this gallant train had been.
Gloucester, Hovier's Ghost, st. 7.

Bastinado. *s.* [Span.]

1. Act of beating with a cudgel; blow given with a cudgel.

But this courtesy was worse than a *bastinado* to Zuluane; so with careful eyes she bade him defend himself. *Sir P. Sidney*.
And all those harsh and rousing sounds
Of *bastinadoes*, cuts and wounds.
Batter, Hudibras.

2. Eastern punishment of beating an offender on the soles of his feet.

The man was condemned to receive a *bastinado* of one thousand blows. . . . The *bastinado*, in Egypt, was inflicted on both sexes, as with the Jews. *Sir G. Wilkinson, Manners and Customs of the ancient Egyptians*, ch. viii.

Bastinado. *v. a.* Beat; treat with the *bastinado*.

Here be words, Horace, alse to *bastinado*: a man's ears.—*B. Jonson, Poetaster*, v. 3.

Nick seized the longer end of the cudgel, and with it began to *bastinado* old Lewis, who had shuck into a corner, waiting the event of a squabble.
Arbuthnot.

Basting. *verbal abs.* Act of beating with a stick.

I am not apt upon a wound,
Or trivial *bastings*, to despond.
Batter, Hudibras, iii. 590.

Bastings heavy, dry, olduse,
Only dunness can produce;
While a little gentle jerking
Sets the spirits all a-working. *Swift*.

Bastion. *s.* [Fr.] Mass of earth, usually faced with sods, sometimes with brick or stone, standing out from a rampart, of which it is a principal part.

Toward; but how? ay there's the question;
Fierce the assault, unarm'd the *bastion*. *Prior*.

B 2

BATE

{ BASSINETTE
BATE

The very man who in hissed would have trembled at the very aspect of a doctor, shall go with intrepidity to attack a *bastard*, or deliberately nose himself up in his garters.—*Goldsmith, Citizen of the World*.

Bastions and ravelins were everywhere rising, constructed on principles unknown to Parma and Spina.—*Moran, History of England*, ch. iii.

Baston. *s.* [Fr.] Same as Baston. *Obol*.
We came close to the shore, and offered to land; but straightways we saw divers of the people with *bastons* in their hands, as it were, forbidding us to land. *Bacon, New Atlantis*.

Bat. *s.* [A.S. *bat*.] Chub.

The while he spake, lo, Judas, coat of the twelve, came, and with him a great company with swords and *battas*. *Wycliffe, St. Matthew*, xvi. 47.

A handsome *bat* he held
On which he leaped, as one far in old.

Spenser, Faerie Queen.
They were fried in arm-chairs, and their bones
broken with *bats*. *Hakewill*.

For playing *cricket* with. (*Batter*, *Batting*, *Batsman*, and the verb *Bate* are derivatives.)

Though the word is not common in writing, it is in speech, particularly among cricketers, at Westminster, Eton, and all England; as, he *bats* well.—*Encyclopædia Metropolitana*, in voce.

Bat. *s.* [ordinary form of *Back*, as the name of a animal.] Chelopteron animal belonging to the genus *Vespertilio*.
On a *bat's* back do I fly
After sunset merrily.

Shakespeare, Tempest, v. 1. song.
Bats they became who eagles were before;
And this they got by their desire to learn.
Sir J. Davies.

Some animals are placed in the middle betwixt two kinds, as *bats*, which have something of birds and beasts.—*Locke*.

Where swallows in the winter season keep,
And how the drowsy *bat* and dormouse sleep. *Gay*.

Batch. *s.* Quantity of anything made at once, so as to have the same qualities.

Except he were of the same meal and *batch*.—*B. Jonson*.

If a new *batch* of lords appears.—*Lady M. W. Montague*.

The joiner puts the boards into ovens after the *batch* is drawn, or lays them in a warm stable.—*Mortimer, Hushbury*.

These make us stand, in fact, upon the watch;
For late there have appeared three emms rough;
What nation or what kingdom here the *batch*
I know not, but the eye all of savage stuff.

Byron, Morgante Maggiore, 24.

Bachelor. See Bachelor.

Bate. *v. a.* [see *Abate*.]

1. Lessen anything; retrace.

Shall I bend low, and in a bondman's key,
With *bated* breath, and whispering loudness,
Say this? *Shakespeare, Merchant of Venice*, i. 3.
Nor curious at the sight will I forbear
My piteous low, nor *bate* my piteous cheer.
Dryden.

2. Sink the price.

When the landholder's rent falls, he must either *bate* the labourer's wages, or not employ or not pay him.—*Locke*.

3. Lessen a demand.

Bate me some, and I will pay you some, and as most debtors do, promise you infinitely. *Shakespeare, Henry IV. Part II. epilogue*.

4. Cut off; take away.

Bate but the last, and 'tis what I would say.
Dryden, Spanish Friar.

Bate. *v. n.* Rare.

1. Grow less.

Bardolph, am not I fallen away vilely since this last election? Do I not *bate*? do I not dwindle? Why, my skin laughs about me like an old lady's loose gown.—*Shakespeare, Henry IV. Part I. iii. 3*.

2. Remit.

As one who on his journey *bates* at noon,
The heat on speed: so here th' archangel jaud's.
Milton, Paradise Lost, xii. 1.

With *of*.

Abate thy speed, and I will *bate* of mine. *Dryden*.

Bate. *v. n.* [?] Clap the wings; wake an offer of flying; flutter. *Rare*.

All plums'd like *cricketers*, that with the wind
Bated, like eagles having lately bath'd;
Glittering in golden coats, like images.
Shakespeare, Henry IV. Part I. iv. 1.

Bate. *s.* [A.S. *bate*.] Strife. *Rare*.

I thought to rule, but to obey to none;
And therefore fell I with my king all *bate*.
Mirror for Magistrates, p. 317.

He plays at quots well . . . and breeds no *bate* by telling of discreet stories.—*Shakespeare, Henry IV. Part II. ii. 4*

Bate-breeding. *part. pref.* Breeding strife.
This sour informer, this *bate-breeding* spy.
Shakespeare, Venus and Adonis.

Bateful. *adj.* Contentious. *Rare.*
He knew her haunt, and haunted in the same,
And taught his sleep her sleep in food to thwart;
Which soon as it did *bateful* question frame,
He might on knees confess his guilty part.
Sir P. Sidney.

Bateless. *adj.* Not to be abated or subdued.
Rare.
Haply that issue of Chaste unhappily set
This *bateless* edge on his keen appetite.
Shakespeare, Rape of Lucrece.

Batement. *s.* Diminution. *Technical.*
To abate is to waste a piece of stuff; instead
of asking how much was cut off, carpenters ask what
batement that piece of stuff had. *Mozon, Mechanical*
Reveries.

Batfowler. *s.* One who practises batfowling.
The birds of passage would in a dark night im-
mediately make for a light-house, and they try them-
selves by flying with violence against it, as is well
known to *bat-fowlers*. *Harrington, Essays, i. 1.*

Batfowling. *s.* Birdcatching in the night
when the birds are at roost, by lighting
torches or straw and then beating the
bushes, upon which the birds fly to the
flames and are caught with nets or other-
wise.

You would lift the moon out of her sphere, if she
would continue in it five weeks without changing.—
We should so, and then go a *batfowling*.—*Shake-
spear, Tempest, i. 1.*

Bodies lighted at night by fire must have a
brighter lustre than by day; as sacking of cities,
batfowling.—*Peacham.*

Batfal. *adj.* Fertile. See *Battel*. *Obsolete.*
The *batfal* pastures fenced, and most with quick-
set mound. *Dryden, Polydion, iii.*
The *batfal* meads on Severn's either side.
Ibid, iiv.

Bath. *s.* [A.S. *bað*.]

1. Place or opportunity for bathing in.

Why may not the cold *bath*, into which they
plunged themselves, have had some share in their
cure? *Addison, Spectator.*
Come, my friends,
'Tis not too late to seek a newer world.
Push off, and sitting wide in order suite
The sounding firework; for my purpose holds
To sail beyond the sunset, and the baths
Of all the western stars, until I die.
Tranquon, Ulysses.

2. State induced by outward heat applied to
the body for the mitigation of pain or
any other purpose.

In the height of this *bath*, when I was more than
half stewed in grease like a Dutch dish, to be thrown
into the Thames!—*Shakespeare, Merry Wives of*
 Windsor, iii. 5.

Sleep, the birth of each day's life, sore labour's
bath.

Balm of hurt minds. *Id., Macbeth, ii. 2.*

3. In *Chemistry*. Apparatus for modifying
the heat, by interposing sand, water, or any
other substance, between the fire and the
vessel to be heated.

We see that the water of things distilled in water,
which they call the *bath*, differs not much from
the water of things distilled by fire.—*Bacon, Natural*
and Experimental History.

4. Hebrew measure containing the tenth part
of a homer, or seven gallons and four pints,
as a measure for things liquid; and three
pecks and three pints, as a measure for
things dry.

Ten acres of vineyard shall yield one *bath*, and the
seed of an homer shall yield an ephah.—*Isaiah, v. 10.*

Bathe. *v. a.* [A.S. *badian*.]

1. Wash as in a bath.

Others, on silver lakes and rivers, *bathed*
Their downy breast.

Chancing to *bathe* himself in the river Cydnus,
through the excessive coldness of these waters, he
fell sick, near unto death, for three days.—*South.*

O rock upon thy towery top
All throats that gurgle sweet!

All starchy culmination drop!

Balm-dews to *bathe* thy feet!

Tranquon, The Talking Oak, 87.

Latimer died first in the flame blazed up about
him he *bathed* his hands in it, and stroked his face.
—*Froude, History of England, ch. xxxiii.*

2. *Supple*, or soften, by the outward applica-
tion of warm liquors.

Bathe them, and keep their bodies soluble the
while by clysters and lenitive boluses.—*Wiseman,*
Surgery.

'Till *bathe* your wounds in tears. *Dryden.*

3. Wash anything.

Phœnician Dido stood
Fresh from her wound, her bosom *bath'd* in blood.
Dryden.

Murs could in mutual blood the centaurs *bathe*,
And Jove himself give way to Chthia's wrath. *Id.*

4. Surround one's self with anything, as with
the water of a bath.

A salamander is this princely beast:
Dressed with a crown,
Given him by Cupid as a gorgeous crest
'Gainst fortune's frown,
Content he lies and *bathes* him in the flame,
And goes
Not forth,
For why, he cannot live without the same.
R. Greene, Poems.

Bathe. *v. n.* Be in the water, or in any re-
semblance of a bath; take a bath.
Except they mean to *bathe* in reeking wounds,
I cannot tell. *Shakespeare, Macbeth, i. 2.*

To *bathe* in fiery floods, or to reside
In thrilling regions of thick ribbed ice.
Id., Measure for Measure, iii. 1.

The gallants dancing by the river side,
They *bathe* in summer, and in winter slide. *Waller.*
But *bathe*, and, in imperial robes array'd,
Pay due devotions. *Pope, Homer's Odyssey.*

Bather. *s.* One who bathes.

A similar subject is treated in the same manner
on some of the Greek vases; the water being poured
over the *bather*, who kneels or is seated in the
ground.—*Sir J. G. Wilkinson, Manners and Customs*
of the ancient Egyptians, ch. ix.

Bathing. *verbal abs.* Act of bathing.

Their *bathings* and unanctings before their fests.
—*Hakewell, Apology, p. 390.*

The ground close to the shore is generally rocky,
although at intervals there are small coves, with
sands adapted for bathing.—*Ansted, The Channel*
Islands, pt. i. ch. ii.

Bathos. *s.* [Gr. *βαθος* = depth.] Descent
from elevated to mean thoughts; the pro-
found (ironically, in contradistinction to the
sublime).

The taste of the *bathos* is implanted by nature
itself in the soul of man; till, perverted by custom
or example, he is taught, or rather compelled, to
relish the sublime.—*Archibald and Pope, Martinus*
Scrivenerus, septi Bæthos, § 2.

The Latins, as they came between the Greeks and
us, make use of the word *altitude*, which implies
equally height and depth. Wherefore, considering,
with no small grief, how many promising geniuses
of this age are wandering (as I may say) in the dark
without a guide, I have undertaken this arduous but
necessary task, to lead them as it were by the hand,
and step by step the gentle down-hill way to the
bathos; the bottom, the end, the central-point, the
non plus ultra of rascallous poetry. *Ibid.* (Orel MS.)
It is with the *bathos* as with small beer, which is
indeed vague and insipid, if left at large and let
abroad; but being by our rules confined and well
stopt, nothing grows so frothy, fresh, and bounding.
—*Ibid.*

It is affirmed by Quintilian, that the same grins
which made Germanicus so great a general, would,
with equal application, have made him an excellent
heroic poet. In like manner, reasoning from the
affinity there appears between arts and sciences, I
doubt not but an active catcher of butterflies, a care-
ful and fanciful pattern-drawer, an industrious col-
lector of shells, a laborious and tuneful lace-piper;
or a diligent breeder of tame rabbits, might severally
excel in their respective parts of the *bathos*.—*Ibid.*

Bating. *prep.* Except; same as *Abating*.

The king, your brother, could not choose an ad-
vocate.

Whom I would sooner hear on any subject,
Bating that only one, his love, than you. *Rosce.*

If we consider children, we have little reason to
think that they bring many ideas with them, *bating*,
perhaps, some faint ideas of hunger and thirst.—
Locke.

Batlet. *s.* Little bat; square piece of wood,
with a handle, used in beating linen when
taken out of the buck.

[*Batlet*.—Rightly explained in the glossaries as an
instrument with which washers beat their coarse
clothes. I have heard women speak of their '*batlet-
tub*.' Round Stratford the former is now more
commonly called 'a dolly' or 'a maiden.'—*Wise,*
Glossary of Warwickshire Provincialisms used by
Shakespeare.]

I remember the kissing of her *batlet*, and the
cow's dugs that her pretty chapt hands had milked.
—*Shakespeare, As you like it, ii. 4.*

Baton. [Fr.] Truncheon or marshal's staff;
badge of military honour.

Give me a *baton*; 'tis twenty times more court-
like, and less trouble. And yet you wear a sword.—
Beaumont and Fletcher, Elder Brother.

I send this dispatch by my aide-de-camp, Captain
Freemantle, whom I beg leave to recommend to your
Lordship's protection: he will have the honour of
laying at the feet of his Royal Highness the Prince
Regent, the colours of the 4th battalion of the 100th
regiment, and Marshal Jourdan's *baton* of a marshal
of France, taken by the 87th regiment.—*Lord Wil-*
lington, Gazette Extraordinary, July 8, 1815.

Batton. *s.* [Ital. *ballottone*.] Staff or club.

That does not make a man the worse,
Although his shoulders with *batton*
Be claw'd and cudgell'd to some tune.
Butler, Hudibras.

Batrachian. *s.* [Gr. *βάτραχος* = frog.] Rep-
tile of the frog kind.

The *batrachian* frog has more animal matter in its
bones than the ophidian or saurian reptiles, and
thereby, as in other respects, more resembles the
fish.—*Owen, Lectures on Comparative Anatomy,*
ch. ii.

The transition, indeed, from fishes to those lowest
amphibian or *batrachian* forms is so close and
gradual, that whilst some true reptiles have passed
for fishes, the higher fishes have been classed with
amphibian, and even at the present day, a true fish-
like protoporus or lepidoporus—has been described,
and by some naturalists is still regarded as a reptile.
—*Ibid.*, introd. lect.

Battable. *adj.* Capable of cultivation. See
Battel. *Obsolete.*

Masaniusa made many inward parts of Barlary
and Numidia, before his time incult and heerd,
fruitful and *battable*. *Barton, Anatomy of Melan-*
choly, To the Reader.

Battailant. *s.* [Fr. *batailleur* = combat.] Com-
batant. *Obsolete.*

He thought...that those *battailants*, that fought
so eagerly in the room, had slain him.—*Shelton,*
Translation of Don Quixote, b. i. pt. i. ch. iii.

Battailous. *adj.* Having the appearance of
a battle; warlike; with a military appear-
ance. *Rare.*

He started up, and did himself prepare
In sun-bright arms and *battailous* array. *Fairfax.*
The French came foremost, *battailous* and bold. *Id.*

A fiery region stretch'd
In *battailous* aspect, and warier view
Bristled with upright beams innumerable
Of rigid spears and helmets throng'd.
Milton, Paradise Lost, vi. 30

Battaglia. *s.* [Ital. *bataglia*.] *Obsolete.*

1. Order of battle.

The heavens 'gainst Siseria fought, the stars
Mov'd in *battalia* to those wars.

G. Sandys, Divine Songs, p. 5.
Both armies being drawn out in *battalia*, that of
the king's, trusting to their numbers, began the
charge with great fury, but without any order.—
Swift, Reign of King Henry I.

Next morning the king put his army into *battalia*.
—*Lord Clarendon.*

2. Main body of an army in array.

Why, our *battalia* troubles that account.
Shakespeare, King Richard III. v. 7.
In three *battalias* does the king dispose
His strength, which all in ready order stand,
And to each other's rescue near at hand.
May, Reign of King Edward III.

Battailon. *s.* [Fr. *bataillon*.] Division of
an army; troop; body of forces: (now
confined to infantry, and the number un-
certain, but generally from 500 to 800
men; some regiments consisting of one
battailon, others of two, three, or more).

When sorrows come, they come not single spies,
But in *battalions*. *Shakespeare, Hamlet, iv. 3.*

In this *battailon* there were two officers, called
Thersites and Pandarus.—*Tatler.*

The pier'd *battalions* dimmited fall
In heaps on heaps. *Pope.*

It was therefore impossible for William, now that
the country was threatened by no foreign and no
domestic enemy, to keep up even a single *battailon*
without the sanction of the estates of the realm;
and it might well be doubted whether such a sanction
would be given.—*Macaulay, History of England,*
ch. xxiii.

Battel. *v. a.* Render fertile. *Obsolete.*

Asken was a marvellous improvement to *battle*
barren land, by reason of the fixed salt which they
contain.—*Ray, Proverbs.*

Battel. *v. n.* Grow fat, or get flesh. *Ob-*
solete.

The best adverbium was, of *bad*, to let her
Sleep out her fill without encumberment:
For sleep, they said, would make her *battill* better.
Sponser, Faerie Queen, vi. 8, 38.

bätel. *adj.* [see Batten.] Fruitful; fertile. *Obsolete.*

In the church of God sometimes it cometh to pass, as in over *battle* grounds, the fertile disposition whereof is good; yet because it exceedeth due proportion, it bringeth forth abundantly, through too much richness, things less profitable; whereby that, which principally it should yield, being rather prevented in place or defrauded of nourishment faileth. — *Hosker*, v. 3.

bätels. *s.* [?] Account of the expenses of a student at Oxford. *Rare.*

Bring my kinsman's *bätels* with you, and you shall have money to discharge them. — *Letters*, *Cherry to Heerne*, l. 119.

bäteling. *part. adj.* Nutritive; fattening. *Obsolete.*

Whose *bätling* pastures fatten all my flocks. — *Greene, Friar Bacon*.

bäteller. *s.* Student of a certain class at Oxford.

Though in the meanest condition of those that were wholly maintained [in the University of Oxford] by their parents, a *bäteller*, or semi-commoner, he was admitted to the conversation and friendship of the gentlemen-commoners. — *Life of Bishop Kennell*, p. 4.

bätten. *s.* [?]

1. Baving; gabion.

These camps (shallow pits for potatoes) are tapped at the end; some *bätten* or a quantity of loose straw being thrust close in the opened end, as a lany or safeguard. — *Marshall, Rural Economy* (Ord MS.).

2. Piece of wood of any length, from two to six inches broad, and from five eighths of an inch to two inches thick. *Technical.*

Bättes are used in the boarding of floors and upon walls, in order to the batts on which the plaster is laid. — *Gault, Encyclopædia of Architecture*.

3. In *Navigation*: (chiefly used in the plural, with *Batten* and *Battening* as derivatives). See *Extract*.

Bättes. Long narrow strips of wood nailed to the caimies of a vessel's hatches, in order to secure the tarpaulins, which are placed over the hatches when required. This is called *bättening* down the hatches. — *Young, Nautical Dictionary*, v. 1.

bätten. *v. n.* [Ger. *batten* - thrive.] Grow fat; live in indulgence.

Follow your function, and *batten* on cold bits. — *Shakespeare, Cymbeline*, iv. 3.

The lazy glutton safe at home will keep, Indulge his sloth, and *batten* on his sleep. — *Dryden*. As at full length the pamper'd monarch lay, *Bätting* in ease, and slumbering life away. — *Garth*.

But then wilt never move from hence,
The sphere thy fate allot;
Thy latter days, increased with pence,
Go down among the pots:
Thou *bättest* by the strewy gheum
In haunts of lunny drinkers,
Obl boxes, laden with the steam
Of thirty thousand dinners. — *Tennyson, Lyric Monologue*.

bätten. *v. a.* Fatten, or make fat; feed plentifully. *Rare, rhetorical.*

Bätting our flocks with the fresh dews of night. — *Milton, Lycidas*, 28.

bättening. *part. adj.*

1. Nutritive; fattening.

The meadows here, with *bättening* ooze enrich'd,
Give *spring* to the grass; three culms high
The jointed herbage shoots. — *A. Philips*.

2. Feeding; growing fat.

While paddling ducks the standing lake desire,
Or *bättening* hogs roll in the sinking mire. — *Gay, Pastorals*.

bätter. *v. a.* [Fr. *battre*.]

1. Beat; beat down; shutter: (frequently used of walls thrown down by artillery, or of the violence of engines of war).

These haughty words of hers
Have *bätter'd* my like railing cannon shot,
And made me almost yield upon my knees. — *Shakespeare, Henry VI. Part I. iii. 3*.

Britannia there, the fort in vain
Had *bätter'd* been with golden rain:
Thunder itself had fail'd to pass. — *Wallis*.

Be, then, the naval stores the nation's care,
Now ships to build, and *bätter'd* to repair. — *Dryden*.

'So now, my lads, for glory!' — Here he turn'd
And drill'd away in the most classic Russian,
Until each high, heroic boom burned
For cash and conquest, as if from a cushion
A preacher had held forth (who noli spum'd)
All earthly goods save (thine) and bade thee push on.

To slay the Pawns who resisted, *bättering*
The armies of the Christian Bussapa Catherine. — *Byron, Don Juan*, vii. 64.

It will often happen that some general principle of no very paradoxical character may be proposed in the outset (just as business break around at a safe distance, and advance gradually till near enough to *bätter*); and when that is established, an unexpected and unlooked-for application of it may be proved irresistibly. — *R. Whately, Elements of Rhetoric*, pt. I, ch. iii. § 5.

And clattering flints *bätter'd* with ringing hoofs:

And I saw crowds in column'd sanctuaries!

And forms that pass'd at windows and on roofs

Of marble palaces. — *Tennyson, A Dream of Fair Women*, 5.

The vessels which the recent liberality of Parliament had enabled the government to build, and which had never been out of harbour, had been made of such wretched timber that they were more unfit to go to sea than the old hulks which had been *bättered* thirty years before by Dutch and Spanish bombards. — *Macaulay, History of England*, vi. 11.

2. Wear with beating.

Crowds in the castle mounted up the street,
Bätting the pavement with their coursers' feet. — *Dryden*.

If you have a silver saucepan for the kitchen use, let me advise you to *bätter* it well; this will show constant good house-keeping. — *Sweet, Directives to Servants, The Cook*.

bätter. *s.* [?] Mixture of several ingredients beaten together with some liquor.

One would have all things little, hence has try'd
Turkey poultis fresh from the egg in *bätter* try'd. — *King*.

bättered. *part. adj.* Worn out by hard work; knocked about.

The *bättered* veteran strumpet here,
Pretend at least to bring a modest care. — *Southern*.
I am a poor old *bättered* fellow, and I would willingly end my days in peace. — *Arbuthnot, History of John Bull*.

As the same dame, experienc'd in her trade,
By names of toasts retails each *bätter'd* jade. — *Pope*.
But weary! what stripplings, what tearing off of historic robes and private vaunties! what denunciations to the bar, before the surly ferryman will admit you to set a foot within his *bättered* lighter. — *Lamb, Essays of Elia, To the Shade of Elliston*.

bätterer. *s.* Person or thing that batters.

This is a violent *bätterer* of our souls, and causeth melancholy and dotage. — *Barton, Anatomy of Melancholy*, p. 120.

Nor are these masters such *bätterers* or demolishers of stately and elegant buildings. — *Jeremy Taylor, Artificial Happiness*, p. 185.

bättering. *part. adj.* After the manner of that which batters; used to batter: (the construction is often that of a compound).

To appoint *bättering* rams against the gates, to cast a mound, and to build a fort. — *Ezkiel*, xxi. 22.
The Zealand was a fine ship; but the Zealand and all the others were bent, and their brass *bättering* cannon sunk with the hulks in such shoal water that, when the fleet returned from Revel, they found the Danes with craft over the wrecks, employed in getting the guns up again. — *Southey, Life of Nelson*, p. 157.

In the evening the whole Court, with Dauphin and Dauphiness, assist at the Chapel: priests are in haste with cleaning their 'Trayers of Forty Hours,' and the burning bellows blow. Almost frightful! For the very heaven blackens; *bättering* rain-torrents dash, with thunder; almost drowning the ocean's voice; and electric fire-flashes make the very flambeaux on the altar pale. — *Carlyle, French Revolution*, pt. i. b. i. ch. iv.

bättery. *s.*

1. Act of battering.

Strong was thy mule, and cruel *bättery* bend,
'Gainst fort of reason, it to overthrow. — *Spenser, Faerie Queen*.

Earthly minds, like mud walls, resist the strongest *bätteries*. — *Locke*.

And in myself, myself suspected treason,
Knowing who watch'd to win me for his prey;
And in so fit and dangerous a way;
When youth and beauty were so great a way;
And when he *bätter'd* me to one might lay,
Who girt so strongly every way about,
Well might I fear I could not long hold out. — *Dryden, Legend of Mithda*, p. 533. (Ord MS.).

2. Engines which a town is battered, placed in order for action; line of cannon.

Where is best place to make our *bättery* next? — I think at the north gate. — *Shakespeare, Henry VI. Part I. i. 4*.

It plants this reasoning and that argument, this consequence and that distinction, like so many intellectual *bättery*, till at length it forces a way and passage into the obstinate hero's truth. — *Southey*.

A dreadful fire the floating *bättery* makes,
O'erturn the mountain, and the forest shakes. — *Sir R. Blackmore*.

This coast terminates at a small *battery* or rock-fortress, standing out about a furlong from the land with which it connects by a causeway. — *Anted, The Channel Islands*, pt. I, ch. ii.

Batteries were meanwhile constructed by the Austrians along the nearest points of the Lagunes, which opened a fire on the city. — *Sir A. Alison, History of Europe*, ch. iii.

A *battery* was planted with some small guns taken from the ships. The command of the fort was most unwisely given to Elphinstone, who had already proved himself much more disposed to argue with his commanders than to fight the enemy. — *Macaulay, History of England*, ch. v.

3. In *Law*. Violent striking of any man.

Why does he suffer this rude knave now to knock him about the scene with a dirty shovel, and will not tell him of his action of *battery*? — *Shakespeare, Hamlet*, v. 1.

Sir, quoth the lawyer, not to flatter ye,

You have as good and fair a *battery*

As heart can wish, and need not shame

The proudest man alive to claim. — *Bulter, Hudibras*.

The government appears to have had no hold on such a man, except the hold which master bakers and master tailors have on their journeymen. He and his officers were, in the eye of the law, on a level. If he swore at them he might be fined for an oath. If he struck them he might be prosecuted for assault and *battery*. In truth, the regular army was under less restraint than the militia. — *Macaulay, History of England*, ch. viii.

4. In *Electricity*. Apparatus for accumulating and discharging electricity.

The quantity of nervous matter supplied to the *battery* of the tympanum is less than in the Torped, but more substantial matter enters into their composition. — *Dover, Anatomy of Vertebrata*.

bätish. *adj.* Resembling a bat.

To be out late in a *bätish* humour. — *Gentleman instructed*.

She clasp'd his limbs, by limps labour thr'd,

With *bätish* limbs. — *Vernon, Ovid's Metamorphoses*.

bätish. *s.* [Fr. *bataille*.]

1. Fight; encounter between opposite armies.

The English army that divided was
Into two parts, is now join'd in one;
And means to give you *battle* presently. — *Shakespeare, Henry VI. Part I. v. 2*.

The *battle* done, and they within our power,
She'll never see his garden. — *Id., King Lear*, v. 1.

The race is not to the swift, nor the battle to the strong. — *Ecclesiastes*, ix. 11.

So they join'd *battle*, and the heathen being discomfited fled into the plain. — *1 Maccabees*, iv. 11.

It was idle to repent the names of great *battles* won, in the middle ages, by men who did not make war their chief calling; those *battles* proved only that one militia might beat another, and not that a militia could beat a regular army. — *Macaulay, History of England*, ch. xiii.

2. Body of forces, or division of an army. *Obsolete.*

The king divided his army into three *battles*; whereof the vanguard only, with wings, came to fight. — *Bacon*.

3. Main body of an army: (as distinct from the *van* and *rear*). *Obsolete.*

Angus led the avant-guard, himself followed with the *battle* a good distance behind, and after came the *arrier*. — *Sir J. Hayward*.

bätish. *v. n.* Join battle; contend in fight.

They have also a famous new work, called John Eckins' postill, which *bäteth* for the holy father's primacy here. — *Bale, Yet a Course at the Boynshie Fair*, fol. 57.

'Tis ours by craft and by surprise to gain:
'Tis yours to meet in arms and *battle* in the plain. — *Prior*.

We received accounts of ladies *bätting* it on both sides. — *Adrian*.

I own, he hath an action done,
His virtues *bätting* with his place. — *Swift*.

I think that were I certain of success,
I hardly could compose another line;
So long I've *bätted* either mine or less,
That no defeat can drive me from the Nine. — *Byron, Don Juan*, xiv. 12.

battle-array. *s.* [two words rather than a compound.] Array or order of battle.

Two parties of fine women, placed in the opposite side boxes, seemed drawn up in *battle-array* one against another. — *Addison*.

bätle-axe. *s.* Ancient military weapon.

Certain timbers, as they were working, found spear heads, *bätle-axes*, and swords of copper, wrapped in linen cloths. — *Carver*.

bätled. *part. adj.* Furnished with battle-mements.

Leaving the olive-gardens far below,
Leaving the promise of my bridal bow,
The valleys of grape-loaded vines that glow
Beneath the *bätled* tower. — *Tennyson, A Dream of Fair Women*, 55.

BATTLEDOOR } B A T T

Battle-door, s. [Sp. *batador* = washing-but or beetle.] Instrument consisting of a handle and flat board, used in play to strike a ball or shuttlecock.

Play-things, which are above their skill, as toys, rices, *battle-doors*, and the like, which are to be used with labour, should indeed be procured then.—*Locke*.

Battlement, s. [Fr. *bâtiment* = building.] 1. In military Architecture. Wall raised round the top of a castle or other fortification, with embrasures, or interstices, to look through and annoy an enemy.

Nor hadst farewell to him,
Till he mesam'd him from the wye to the chape,
And fixed his head upon our battlements.
Shakespeare, Macbeth, l. 2.

Through this we pass
Up to the highest battlement, from whence
The Trojans threw their darts. *Sir J. Denham.*
Their standard planted on the battlement,
Despair and death among the soldiers sent. *Dryden.*

No, I shan't envy him whose'er he be,
That stands upon the battlements of state:
I'd rather be secure than great. *Norria.*
The weighty mallet deals resounding blows,
Till the proud battlements her towers inclose. *Gay.*

2. In domestic Architecture. Low wall carried round a flat roof, for safety or for ornament.

Thou shalt make a battlement for thy roof, that
thou bring not blood upon thy house, if any man
fall from thence.—*Deuteronomy, xxi. 8.*

Battlemented, part. adj. Furnished with battlements.

So broad (the wall of Babylon) that six chariots
could well drive together at the top, and so battlemented
that they could not fall.—*Sir T. Herbert, Travels, p. 228.*

Battling, verbal abs. Conflict; encounter; battle.

The livid Fury spread—
She blaz'd in ovens, swell'd the growling winds
With wild surmises, *battlings*, sounds of war.
Thomson, Liberty, iv.

After all this *battling* in the world of ideas, all this
struggling with the shadowy and changing forms of
intellectual perplexity, how do we secure to our-
selves the fruits of our warfare, and assure ourselves
that we have really pushed forwards the frontier of
the empire of Science? *Whewell, Novum Organum
rearratum, b. ii. ch. l. aph. 1.*

Battologist, s. One who repeats the same thing in speaking or writing. *Rare.*

Should a truly dull *battologist*, that is of Ausonius's
character, 'quam puer, quam idiota loquuntur
Attici?' that an hour by the glass speaketh nothing;
should such a one, I say, and a deserving eminent
preacher, chance sermons, people would not only
come thicker, but return satisfied.—*Whitlock, Memoirs
of the English, p. 204.*

Battologize, v. a. Repeat needlessly the same thing. *Rare.*

After the eastern mode, they wagged their bodies,
bowing their heads, and *battologizing* the names
'Alloah whodday' and 'Mahomet' very often.—*Sir T. Herbert, Relation of some Years Travels into
Africa and the Great Asia, p. 191.*

After they have *battologized* 'Tia y-lala,' or 'Hil-
lula,' i.e. praises, they iterate another [prayer].—*Ibid, p. 324.*

Battology, s. [Gr. *βαττολογία* = do as Battus did, who is reported to have made long hymns full of tautologies.] Often repeating one and the same thing. *Rare.*

That heathenish *battology* of mult. plying words.—*Milton, Animadversions upon a Defence of the Humble Remonstrance.*

Batty, adj. Belonging to a bat (the animal).

Till o'er their brows death counterfeiting sleep,
With leaden legs and *batty* wings doth creep.
Shakespeare, Midsummer Night's Dream, iii. 2.

Baubée, s. [Fr. *bas-billon* = base bullion.] Word used in Scotland and the northern counties for a halfpenny.

The billon coin worth six pennies Scottish, and called 'bas-piece,' from the first questionable shape in which it appeared, being of what the French called 'bas-billon,' or the worst kind of billon, was now (in the reign of James VI.) struck in copper, and termed by the Scottish pronunciation, *baubée*.—*Pinkerton, Essay on Medals, l. 109.*

Though in the drawers of my japan bureau
To lady Gripsall I the Cæsars show,
'Tis equal to her ladyship or me.
A copper *Oblo*, or a Scotch *baubée*.
Bramston, Man of Taste.

B A W D

Bauble, s. [L. Lat. *banbellum* = jewel, or anything valuable, but not necessary.] Gewgaw; trifling piece of finery; thing of more show than use; trifle.

The kynes fools
Sate by the fire upon a *bauble*,
As he that with his *hale* plaid.

She haunts me in every place. I was on the sea
bank with some Venetians, and thither comes the
bauble, and falls upon my neck.—*Shakespeare, Othello, iv. 1.*

It is a paltry cap,
A custard-coffin, a *bauble*, a silken pie.
I love thee well, in that thou lik'st it not.

Id., Titus of the Shrew, iv. 3.
If, in our contest, we do not intermingle useful
notions, we shall trifle toys and *baubles*.—*Dr. H. More, Government of the Tongue.*
This shall be wit to fight the fry away.
Who draw their little *baubles*, when they play.

Here is a contradiction deserves a bell and a *bauble*.
—*Bishop Bramhall, Sermon quoted, p. 373: 1163.*
Our author, then, to please you in your way,
Presents you now a *bauble* of a play,
In giugling rhyme. *Granville.*

A prince, the moment he is crown'd,
Inherits every virtue round,
As emblems of the sovereign power;
Like other *baubles* of the Tower. *Swift.*
The soul sinks into a kind of sleepy idleness, and
is diverted by toys, *baubles*, which can only be pleas-
ing to the most superficial curiosity.—*Goldsmit, Essays, 13.*

Walpole is constantly showing us things, not of
very great value indeed, yet things which we are
pleased to see, and which we can see nowhere else.
They are *baubles*; but they are made curiosities
either by his grotesque workmanship or by some
association belonging to them.—*Murray, Essays,
Walpole's Letters to Sir Horace Mann.*

Baibling, part. adj. Trifling, contemptible. *Obsolete.*

A *baibling* vessel was he captain of,
For shallow draught and bulk unprizable;
With which such sentimental grapple did he make
With the most noble bottom of our fleet,
That very envy, and the tongue of loss,
Cried fano and honour on him. *Shakespeare, Twelfth Night, v. 1.*

Bavaroy, s. [Fr. *bavarois*.] Kind of cloak or surtout of Bavarian make. *Obsolete.*

Let the hood *bavaroy* the top embrace,
Or his deep cloak be *battered* o'er with lace. *Gay.*
Bavin, s. [?] Stick like those bound up in
fagots; piece of waste wood.

For mangled to the life in clouts,
Th' have pick'd from dunnghills thereabouts,
He's mounted on a *bav* *barin*,
A croupy malignant baker gave him.

The truculent make billet, *bavin*, and coal.—*Mortimer.*

[*Bavin*. There are several definitions given of this
word in the dictionaries; but in Warwickshire I
have found it more generally to mean the scraps and
scraps of the fagot, in distinction to the faged
itself, and which so easily kindle, thus explaining
the passage in the first part of King Henry IV., Act
iii. scene 2, 'rash *bavin* wits, soon kindled and soon
burnt.' Used also by Sily, in Mother Bonbie,
*Wise, Glossary of Warwickshire Provincialisms
used by Shakespeare.*]

Used as an adjective.

He rambled up and down
With shallow jesters and rash *bavin* wits,
Soon kindled, and soon burnt.

Shakespeare, Henry IV. Part I. iii. 2.

Used as a verb.

Kid or *bavin* them, and pitch them upon their
ends to prevent them from rotting. *Evelyn, Sylva, 534.*

Bawcock, s. [?] Familiar word, meaning the same as 'fine fellow.'

Why, how now, my *bawcock*? how dost thou,
chuck? *Shakespeare, Twelfth Night, iii. 4.*

Bawd, s. [?] Procurer, or procuress; one who introduces men and women to each other, for the promotion of debauchery.

He (Pandarus) is named *Troilus* *bawd*;
Of that name he is sure,
Whiles the world shall dure. *Skelton, Poems, p. 236.*

If your worship will take order for the drabs and
the knaves, you need not to fear the *bawls*.—*Shakespeare, Measure for Measure, ii. 1.*

Our author calls colouring 'leua sororis,' the *bawd*
of her sister design; she dresses her up, she paints
her, she procures for the design; and makes lovers
for her.—*Dryden.*

Bawd, v. a. Foul, dirty. *Rare.*

Her rhime was scurled with tallow
Grewed upon dyrt.
That *bawled* her skyrt. *Skelton, Poems, p. 124.*

B A W N

Bawd, v. n. Procure; provide gallants with strumpets. *Obsolete.*

Loupppe is agent for the king's hunt, and *bawds*, at
the same time, for the whole court.—*Spectator, no. 204.*

And in four months a *bawd*'d haridan;
Now nothing's left, but wither'd, pale, and shrunk,
To *bawd* for others, and to share with punk. *Swift.*

Bawd-born, part. pref. Descended of a *bawd*.
Bawd is he, doubtless; and of antiquity too; *bawd*-
born.—*Shakespeare, Measure for Measure, ii. 1.*

Bawling, verbal abs. Action of a *bawd*.

The old arts of begging, stealing, and *bawling*.—*Alfred, Sidney, Discourses on Government, 1st. (Ord. MS.)*

Bawdrick, s. Same as Baldrick.

Fresh garlands, too, the virgins' temples crown'd;
The youths gilt swords wore at their thighs, with
silver *bawdricks* bound.

Chapman, Homer's Iliad.

Bawdry, s.

1. Practice of a *bawd*.
Cheating and *bawdry* go together in the world.
Sir R. L. Estrange.

2. Obscenity in language.
Rhymed in rules of stichic rimbaldy,
Teaching experimental *bawdry*. *Bishop Hall, Satires, l. 9.*

'P'ry thee say on: he's for a jig, or a tale of *bawdry*,
or he sleeps.—*Shakespeare, Hamlet, ii. 2.*

I have no sail; no *bawdry* he doth mean;
For witty, in his language, is obscene. *R. Jonson.*
It is most certain, that *bawdied* *bawdry* is the
poorest pretence to wit imaginable.—*Dryden.*

Bawdy, adj.

1. Dirty. *Obsolete.*
His overcast slapper is not worth a mite
As in effect to him, so make I go;
It is also *bawdy*, and to-tore away;
Woe is thy lord so slutish, I thee prege,
And is of power better cloth to beys?

Chaucer, Chaucer's Prologue,
And in a tawny tabard of twelve winter ago,
All torn and *bawdy*.
Langlande, Vision of Piers Plouman.

2. Obscene; unchaste: (generally applied to language).

The *bawdy* wind that kisses all it meets,
Is hush'd within the hollow mite of earth,
And will not hear't. *Shakespeare, Othello, iv. 2.*

Only they,
That come to hear a merry *bawdy* play,
Will be *bawdy*. *Id., Twelfth Night, v. 1.*

Not one poor *bawdy* jill shall durst appear;
For now the *bawd*'d veteran strumpets here
Pretend at least to bring a modest ear. *Southern.*

Bawdyhouse, s. House kept by a *bawd*.

Has the pope lately shut up the *bawdy-houses*, or
does he continue to lay a tax upon sin? *Dennis.*

Bawl, v. n. [?]

1. Cry with great vehemence (whether for joy or pain).

But this is not by crying pearl to looks;
That *bawl* for freedom in their senseless mood,
And still revolt, when truth would set them free.

Milton, Sonnets, xii. 8.
Through the thick shades th' eternal scribblers
bawls.

And shrouks the status as their pedestals. *Dryden.*
I have a race of orderly elderly people, who *can*
bawl when I am deaf, and tread softly when I am
only dilly and would sleep.—*Swift.*

The Irish dragons were *bawl*; the Irish foot worse.
It was said that their ordinary way of fighting was
to discharge their pieces once, and then to run
away *bawling* 'Quarter' and 'Murder'.—*Macaulay, History of England, ch. xvi.*

2. Cry as a frward child.

My husband took him in, a *bawdy* boy; it was the
business of the servants to attend him, the rowe
did *bawl* and make such a noise.—*Arbuthnot, History of John Bull.*

Bawl, v. a. Proclaim as a crier.

It grieved me, when I saw labours which had cost
so much *bawled* about by common hawkers.—*Swift.*

Bawler, s. One who *bawls*.

It had been much better for such an imprudent
and ridiculous *bawler* as this, to have been con-
demned to have cried oysters and brooms:—*Richard, Grounds, &c., of the Contempt of the Clergy, p. 60.*

Bawling, verbal abs. Act of one who *bawls*.

If they were never suffered to have what they cried
for, they would never, with *bawling* and peevishness,
contend for mastery.—*Locke.*

Bawling, part. adj. Shouting; noisy.

Certain Turkish minstrels, to do them honor and
to get a largesse, with their barbarous *bawling*
instruments played them up many a homely fit of
mirth. *Kwiles, (Ord. MS.)*

Bawn, s. [?] Originally, an earthwork

strengthened with stakes surrounding a

castle or house in Ireland; subsequently, a place near the house, enclosed with mud or stone walls, to keep the cattle from being stolen in the night.

These round hills and square houses, which you see so strongly trenchured and throwed up, were (they say) at first ordained for the same purpose, that people might assemble themselves therein, and therefore 'necessarily they were called folk-motes'; that is, a place of people, to meet, or talk of any thing that concerned any difference between parties and townships. — *Spenser, View of the State of Ireland.*

Bawson. s. [?] **Budger.**

Why scorn you me?
Because I am a herdsman, and feed swine! —
I am a lord of other gear! this line
Smooth bawson's cub, the young girl of a gray.

B. Jonson, Sol. Shepherd, ii. 2.
His mittens were of hazen skinne.
Drayton, Dorewell, st. 10: 1583.

Bay, adj. [from Fr. *bai*; L. Lat. *badius*.] Of a brown colour inclining to chestnut; chestnut brown.

My lord, you gave good words the other day of a bay courser I rode on. 'Tis yours because you liked it. — *Shakespeare, Timon of Athens, i. 2.*
Poor Tom! proud of heart, to ride on a bay trotting horse over four inch'd bridges. — *Shakespeare, King Lear, iii. 4.*

His colour'd grey
For beauty dappled, or the brightest bay. — *Dryden.*

Bay. s. [from A.S. *bice, byge*.] Opening into the land, where the water is shut in on all sides, except at the entrance.

A reverend Syracusan merchant,
Who put unluckily into this bay.

Shakespeare, Comedy of Errors, v. 1.
We have also some works in the midst of the sea, and some bays upon the shore for some works wherein is lodged the air and vapour of the sea. — *Bacon.*

Hail, sacred solitude! from this calm bay
I view the world's tempestuous sea. — *Lord Roscommon.*

Here in a royal bed the waters sleep,
When tir'd at sea, within this bay they creep. — *Dryden.*

On the north side of the island, the ground slopes gradually towards a succession of bays, more or less tame. — *Austen, The Channel Islands, pt. i. ch. ii.*

Then we should've through the swarm,
And rammed by the stillness of the bench
To where the bay runs up its latest hour.

Tennyson, Audley Court.

Bay. s. [from Fr. *aboi* = last extremity; from *aboi* = barking of a dog at hand, and thence signifying the condition of a stag when the hounds are almost upon him.]

1. State of anything surrounded by enemies, and therefore obliged to face them.

This ship for fifteen hours sat like a stag among hounds at the bay, and was sieged and fought with, in turn, by fifteen great ships. — *Bacon, War with Spain.*

Fair liberty, pursu'd and meant a prey
To lawless power, here turn'd and stood at bay. — *Sir J. Denham.*

Nor flight was left, nor hopes to force his way;
Embolden'd by despair, he stood at bay;
Resolv'd on death, he disdains his fears,
And bounds aloft against the pointed spears. — *Dryden.*

2. Distance beyond which no approach can be made.

All fir'd with noble emulation, strive;
And, with a storm of darts, to distance drive
The Trojan chief; who held at bay, from far
On his Vulcanian orb, sustain'd the war. — *Dryden.*

We have now, for ten years together, turned the whole force and expense of the war where the enemy was best able to hold us at bay. — *Swift.*

Bay. s. In Architecture. Division of a barn or other building.

If this law hold in Vienna ten years, I'll rent the fairest house in it after threepence a bay. — *Shakespeare, Measure for Measure, ii. 1.*

There may be kept one thousand and bushels in each bay, there being sixteen bays, each eighteen feet long, about seventeen wide, or three hundred square feet in each bay. — *Mortimer, Husbandry.*

Bay. s. [O. Fr. *baie* = berry.]

1. Trees of the genus *Laurus*: (especially *L. nobilis*, or sweet bay).

I have seen the wicked in great power, and spreading himself like a green bay tree. — *Psalms, xxxvii. 35.*

Like thunder 'gainst the bay,
Whose lightning may enslave but never stay
Upon his charmed branches.

Fletcher, Faithful Shepherdess.

2. Crown or garland made of bay-leaves, bestowed as a prize for any kind of victory or excellence.

I play'd to please myself, on rustic reed,
Nor sought for bay, the scorned shepherd's meed.
W. Browne, *Britannia's Pastors*, i. 1.
Beneath his reign shall Eusebius wear the bay. — *Pope.*

3. Used figuratively. Learning.

Strife arose betwixt them, whether they
Her beauty should extol, or she admire their bay.
Drayton, Polyolbion, xv.

Bay. v. n. [from Fr. *abbayer*.]

1. Bark (as a dog at a thief, or at the game which he pursues).

And all the while she stood upon the ground,
The wakeful dogs did never cease to bay.
Spenser, Faerie Queen.

The hounds at nearer distance hoarsely bay'd;
The hunter close pursu'd the visionary maid;
She rent the heaven with loud lament, imploring aid.
Dryden, Fables.

Horse he bays with hideous din,
Eyes that glow and fangs that grin.
Gray, The Descent of Odin.

Not less, though dogs of faction bay,
Would serve his kind in deed and word,
Certain, if knowledge bring the sword,
That knowledge takes the sword away. — *Tennyson.*

2. Encompass about; shut in.

We are at the stake,
And bay'd about with many enemies.
Shakespeare, Julius Caesar, iv. 1.

Bay. v. a. Follow with barking; bark at.

I was with Hercules and Cadmus once,
When in the wood of Crete they bay'd the boar
With hounds of Sparta.
Shakespeare, Midsummer Night's Dream, iv. 1.

He leaves his back marm'd, the French and Welch
Hogging him at the heels. — *Id., Henry IV. Part II. i. 3.*
He hath set forth the book again, with all the authorities at large in the margin, in the author's own words, and hath answered all those that bayed at it. — *Bishop Hall, Letters, dec. p. 57.*

Bay-salt. s. Salt from sea water.

To grain it, or separate it from the key, put in a peck of bay-salt. — *Bay, Correspondence, p. 101.*

Bay-window. s. Projecting window, generally consisting of two bevelled sides and a centre. See Bow-window.

It hath bay-arcades transparent as barricades. — *Shakespeare, Twelfth Night, iv. 2.*

Bayard. s. A bay horse in general; and in particular a noted blind horse in the old romances. *Obsolete.*

Who so bold as blind bayard? — *Barton, Anatomy of Melancholy, p. 382.*

Never was there any bayard more bold in his leap than this sucker's hath been lavish in his asseveration. — *Bishop Morton, Discharge, p. 76.*

This he presumes to do, being a bayard, who never had the seal to know what conversing means, but as his predecessor and the familiarity of his kitchen schooled his conceptions. — *Milton, Comedion.*

How now, what nates, what bayards have we here? — *B. Jonson, Alchemist.*

Bayardly. adj. Blind, stupid. *Obsolete.*

A blind credulity, a bayardly confidence, or an imperious insouciance. — *Jeremy Taylor, Artificial Happiness, p. 143.*

True and unalloyed religion is no cold and comfortless thing: it is not a luke-warm notionality; not a formal and bayardly round of duties; but is lively, vigorous, and sparkling. — *Goodman, Winter Evening Conference.*

Bayberry. s. See extract.

Myrica cerifera may be used for most of the purposes of the former species 'Myrica Gale'. Canles are made from the berries in North America, whence it is called there the tallow shrub, or candle-berry tree; some also make it the bayberry bush. — *Landon, Encyclopedia of Plants, p. 531.*

Bayed. adj. In Architecture. Having Bays.

The curvy birth
The large-bay'd barn doth fill. — *Drayton, Polyolbion, iii.*

Bayonet. s. [Fr. *bayonette*.] Dagger-like weapon for fixing on the end of a musket.

One of the black spots is long and slender, and resembles a dagger or bayonet. — *Woodward.*

The musketeer was generally provided with a weapon which had, during many years, been gradually coming into use, and which the English then called a dagger, but which from the time of William the Third, has been known among us by the French name of bayonet. The bayonet seems not to have been then so formidable an instrument of destruction as it has since become; for it was inserted in the muzzle of the gun; and in action much time was lost while the soldier united his bayonet in order to

fire, and fixed it again in order to charge. The dragon, when dismounted, fought as a musketeer. — *Munday, History of England, ch. lii.*

Bayonet. v. a. Wound with the point of the bayonet.

You sent troops to sabre and bayonet us into submission. — *Burke.*

Bazar. s. [Persian.] Market; covered market-place.

This noble city (Cashan) is in compass not less than York or Norwich, about four thousand families being accounted in her. The houses are fairly built — the bazzar is spacious and uniform, furnished with silks, damasks, and carpets of silk. — *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia, p. 223.*

Milliners, toyen, and jewellers came down from London, and opened a bazar under the trees. — *Munday, History of England, ch. lii.*

Bedellum. s. [Gr. *βέδαλον*.] Aromatic gum from the Levant.

This bedellum is a tree of the bigness of an olive, whereof Arabia hath great plenty, which yieldeth a certain gum, sweet to smell to, but bitter in taste, called also bedellum. The Hebrews take the loadstone for bedellum. — *Sir W. Raleigh.*

Be. Copula. See *Am.*

[As a copula this word, in the present literary language, is only used in hypothetical and secondary propositions; inasmuch as it is only used in the conjunctive mood. We say, *if I be, if thou be (or beest), if he be, &c.*, but not *I be, thou beest, he be*; though all these expressions are to be found both in the older stages of the language, and in the provincial dialects. In German also, and in other allied dialects, it is indicative, *ich bin* — I am, *du bist* — thou art.

The A.S. form was *beon*. In respect to its derivation and original meaning, it may be said that the root *b* is the *f* in the Latin *fui*, the *φ* in the Greek *φωω*, and the *bh* in the Sanskrit *bhuvati*; its meaning being, not so much simply *be, as become*. In this lies the element of that conditional power which makes it conjunctive or subjunctive, rather than indicative. Things which are *becoming* or *growing* into anything have not completed the action which they suggest, but have something else to do. In this there is an element of uncertainty or contingency.

More than this, there is an element of futurity; a fact which is illustrated by more languages than one. In A.S. *beon* = *will be*; as, *Hi ne beoð na cilde, soðlice, on domesdage ac beoð swa nicele menn swa swa hi mighton beon gif hi full, weoxan on gewunlice ylde*. = They will not be children, forsooth, on Domesday, but will be as much (so muckle) men as they might be if they were all grown (wuxen) in customary age. — *Ælfric's Homilies.*

The same root occurs in the Sarmatian tongues with the same power; as, *esmi* = I am; *bism* = I shall be, Lithuanic. *Esnu* = I am; *bushu* = I shall be, Livonian. *Jesm* = I am; *budu* = I shall be, Slavonic. *Gsem* = I am; *budu* = I shall be, Bohemian: this proving, not that there is in Anglo-Saxon a future tense (or form), but that the word *beo* has a future sense.

Be, in the present English, is conjugated thus: —

		Present.	
CONJUNCTIVE.		IMPERATIVE.	
Sing.	Plur.	Sing.	Plur.
Be	Be	Be	Be

Infra. To be.

Pres. Part. Being. Past Part. Been.

Let them show the former things which they be, that we may consider them. — *Isaiah, xli. 23.*

Therefore be sure,
Thou, when the bridegroom with his feastful friends

Passes to him at the mid hour of night.
Has't gain'd thy entrance, virgin wise and pure.
Milton, Sonnets, ix. 11
Be what thou hop'st to be, or what thou art
Resign to death, it is not worth enjoying.
Shakespeare, Henry VI. Part II. iii. 1
 Seventy senators died
 By their proscriptions, Cicero being one.
Id., Julius Caesar, iv. 3
He hath to-night been in unusual pleasure.
Id., Macbeth, ii. 1
If so be. In case.
 But if so be that he had any son,
 Tho' he's so small, he valu'd was at nought.
Dryden, Agincourt, 79.
 It importeth to make his works the better if
 so be that it be fresh, for that the fresher it is the
 better it is.—*Frampton, Joyfull never, &c. 28. (Ord*
MS.)

Be. v. n. Exist.
 To be, or not to be, that is the question.
Shakespeare, Hamlet, iii. 1.
 To be contents his natural desire,
 He asks no angel's wing, no seraph's fire,
 But thinks admitted to that equal sky,
 His faithful dog shall bear him company.
Pope, Essay on Man

Be, in composition. See Brought.
Be-all. s. All that is to be done; sum total.
 If the assassination
 Could trample up the consequence, and catch
 With his surmise, success; (that but this blow
 Might be the be-all and the end-all here,
Shakespeare, Macbeth, i. 7.

Beach. s. [?] Shore (particularly that part
 which is dashed by the waves); strand.

The fishermen that walk upon the beach,
 Appear like mice.
Shakespeare, King Lear, iv. 6.
 Deep to the rocks of hell, the gather'd beach
 They fastened, and the mole immense wrought on,
 Over the foaming deep.
Milton, Paradise Lost, x. 299.
 They find the washed amber further out upon the
 beaches and shores, where it has been longer exposed.
—Wanderer.
 A wild rocky beach, covered with boulders, being
 crowded, we reach a yawning cavern, having a some-
 what regular entry.—*Autel, The Channel Islands,*
pt. i. ch. iv.

Here about the beach I wander'd, nourishing a
 youth sublime
 With the fairy tales of science, and the long result
 of time;
Tennyson, Locksley Hall.

Beached. part. adj. Having a beach.
 Timon hath made his everlasting mansion
 Upon the beached verge of the salt flood;
 Where once a day, with his embow'd froth,
 The turbulent surge shall cover.
Shakespeare, Timon of Athens, v. 2.

Beachy. adj. Having beaches.
 The beachy girdle of the ocean,
 Too wide for Neptune's hips.
Shakespeare, Henry IV. Part II. iii. 1.

Beacon. s. [A.S. beacen.] Sign; something
 raised on an eminence, to be kindled to
 alarm the country on the approach of an
 enemy; marks or lights to direct navigators.
 His blazing eyes, like two bright shining shields,
 Did burn with wrath, and sparkled living fire;
 As two broad beacons set in open fields
 Send forth their flames.
Spenser, Faerie Queen.
 Modest doubt is called
 The beacon of the wise.
Shakespeare, Troilus and Cressida, ii. 2.
 The king seem'd to account of Perkin as a May-
 game; yet had given order for the watching of
 beacons upon the coasts, and erecting more where
 they stood too thin.—*Bacon.*
 No flaming beacons cast their blaze afar.
Gay.

Beacon. v. a. Light up as with a beacon.
 We have looked so long upon the blaze that
 Zoroaster and Calvin have beaconed up to us, that
 we are stark blind.
Milton, Areopagitica.

Beaconage. s. Money paid for the main-
 taining of beacons.
 A suit for beaconage of a beacon standing on a
 rock in the sea may be brought in the court of ad-
 miralty.
Sir W. Blackstone.

Beaconed. adj. Having, or provided with, a
 beacon.

Over the broad downs, a novel race,
 Frisk the lambs with filtering pace,
 And with eager livings ill
 The fowls that skirt the beacon'd hill.
T. Warton, ode x.

Bead. s. [A.S. bead, gebed—prayer.]
 1. Prayers.

Beware therefore, and bid thy beads,
 And do nothing in holy church,
 But that thou might by reason woeche.
Gower, Confessio Amantis, v.
 Saying over a number of beads not understood
 or intended on.—*Instructions to the Clergy: 1841.*

2. Small globes or balls of glass or pearl,
 or other substance, strung upon a thread,
 and used by the Romanists to count their
 prayers.

For that no lives of heretics I'll spare,
 But reap 'em down with less remorse and care
 Than Tarquin did the poppy-heads of old,
 Or we drop beads, by which our prayers are told.
Chatham, Address upon the Jesuits.
 Ere yet, in scorn of Peter's power,
 And number's bead, and shift,
 Bluff Harry broke into the spence,
 And turn'd the cowls adrift.
Tennyson.

3. Little balls worn about the neck for orna-
 ment.

With scarfs and fans, and double charge of brav'ry,
 With amber bracelets, beads, and all such knavery.
Shakespeare, Taming of the Shrew, iv. 3.

4. Any globular bodies.
 Thy spirit within thee hath been so at war,
 That beads of sweat have stood upon thy brow.
Shakespeare, Henry IV. Part I. ii. 3.

Several yellow lumps of amber, almost like beads,
 with one side flat, had fastened themselves to the
 bottom.—*Boyle.*
 I examined, for instance, eleven flowers of Orchis
 maculata, and could not find, under the microscope,
 the smallest bead of nectar.—*C. Darwin, Fertilisa-*
tion of Orchids, ch. i.

Bead-tree. s. See extract.
 Melia Azedarach, or bead-tree, grows to a large
 tree in the south of Spain and Italy, producing long
 loose bunches of blue flowers, succeeded by pale yellow
 berries about the size of a cherry. These berries
 consist of a pulp, enclosing a nut, which is bored
 and strung as beads by the Catholics.—*London,*
Encyclopedia of Plants, p. 352.

Beaded. part. adj. With beads.
 A bowl of wine,
 With beaded bubbles winking at the brim.
Keats.

Beadle. s. [A.S. bydel—messenger.]
 1. Officer in parishes, whose business it is to
 punish petty offenders.

A dog's obey'd in office.
 Thou rascal beadle, hold thy bloody hand!
 Why dost thou lash that whore?
Shakespeare, King Lear, iv. 6.
 They ought to be taken care of in this condition,
 either by the beadle or the magistrate.—*Specktor.*
 Their common lives, a level staiden'd park,
 The beadle's lash still flagrant on their back.
Prior.

2. Messenger or servitor belonging to a court
 or public body.

If the university would bring in some bachelors
 of art to be gown-beadles, which are well grounded,
 and towards to serve that press composures; they,
 which thrived well and did good service, might after
 be preferred to be equire-beadles; and so that press
 would ever train up able men for itself.
Archbishop Laud, Historical Account of his Chancellorship at
Oxford, p. 132.

He procured an addition of 20l. per annum to
 each of the inferior beadles; he restored the prac-
 tice of the vice-chancellor's court; and added several
 other improvements in the academical economy.—
T. Warton, Life of Bute, p. 80.

He [Kilby] was ordered to take it off, and when
 he refused, it was removed by a beadle.—*Fronte,*
History of England, ch. xxxiii.

Beadleship. s. Office of a beadle.
 There was a convocation for the election of his
 successor in the beadleship.—*A Wood, Athenæ*
Oxonienæ, ii. 272.

Beadroll. s. Catalogue of those who are to
 be mentioned at prayers; list.

The king, for the better credit of his espials abroad,
 did use to have them cursed by name amongst the
 beadroll of the king's enemies.—*Bacon, History of*
the Reign of Henry VII.

So, in the high history of that South-Saxon king,
 We, in the bead-roll here of our religions, bring
 Wise Ethelwald.
Dryden, Polipolima, xi.
 [He] left me out of the bead-roll of some rising
 paper-blottery that he called poets.
Sir J. Harrington, Brief View of the State of the Church of
England, p. 164.

Through what fiery land would the man decline
 this perpetual beadroll of uncontradicted epis-
 copacy?—*Milton, Aduertisements upon a Defence of*
the Humble Remonstrance.

Beadsman. s. Man employed in praying;
 (generally in behalf of, or for, another).

An holy hospital,
 In which seven beadsman, that had vowed all
 Their life to service of high heaven's King.
Spenser, Faerie Queen.

In thy danger
 Commend thy grievance to my holy prayer;
 For I will be thy beaksman, Valentine.
Shakespeare, Two Gentlemen of Verona, i. 1.

Beadsman. s. Woman who prays for, or
 thanks, another.

'Twas such a bounty
 And honour due to your beadsman,
 I know not how to own it, but to thank you.
B. Jonson, Sad Shepherd, ii. 6.

Beagle. s. [?] Small hound with which
 hares are hunted.

The rook were various huntings.
 The graceful jodess was array'd in green;
 About her feet were little beagles seen,
 That watch'd with upward eyes the motions of their
 queen.
Dryden, Fables.
 To plumb with well-bred beagles we repair,
 And trace the mazes of the circling hare.
Pope.

Beak. s. [Fr. bec.]
 1. Bill of a bird.

His royal bird
 Prances the immortal wing, and cloyes his beak,
 As when his rook is pleas'd.
Shakespeare, Cymbeline, v. 4.
 He saw the ravens with their horrid beaks
 Food to Elijah bringing.
Milton, Paradise Regained, ii. 267.

The mangle, lighting on the stock,
 Stood clut'ring with incessant din,
 And with her beak gave many a knock.
Swift.

2. Projecting piece at the prow of a vessel;
 piece of brass like a beak, fixed at the prow
 of an ancient galley to pierce the ships of
 the enemy; forepart of a vessel.

With boiling pitch another, near at hand,
 From friendly Sweden brought, the swans unstops,
 Which well laid over, the salt sea waves withstand,
 And shakes them from the rising beak in drops.
Dryden.

Beaked. adj. Having a beak; having the
 form of a beak.

And question'd every gust of ruffled winds,
 That blows from off each beaked promontory.
Milton, Lycidas, 94.

Beaker. s. [Germ. becher—goblet.] Large
 wine cup or glass; flagon.

And into pikes and muskets,
 Stamp'd beakers, cups and porringers.
Butler, Hudibras.
 With dulcet beverage like the beaker crown'd,
 Fair in the midst, with glided cups around.
Pope, Homer's Odyssey.
 Till all the hundred summers pass
 The beaus, that thro' the Oris shine,
 Make prisus in every even glass,
 And beaker brim'd with noble wine.
Tennyson, The Sleeping Beauty.

Beam. s. [A.S. beam—tree.] the original
 meaning of the word is still preserved in
 certain compounds, such as *horubeam*.]

1. Any large and long piece of timber; (a
beam must have more length than thickness,
 by which it is distinguish'd from a block).

But Igeus, swift,
 Springs to the walls and leaves his bow behind,
 And snatches at the beam he first can find.
Dryden, Virgil's Æneid.

2. Main piece of timber which supports the
 house.

The building of living creatures is like the build-
 ing of a timber house; the walls and other parts
 have columns and beams, but the roof is tie, or lead,
 or stone.—*Bacon.*

He leav'd, with more than human force, to move
 A weighty stone, the labour of a team,
 And rais'd from thence he reach'd the neighboring
 beam.
Dryden.

3. Part of a balance at the ends of which the
 scales are suspended.

Poise the cause in justice's equal scales,
 Whose beam stands sure, whose rightful cause pre-
 vails.
Shakespeare, Henry IV. Part II. ii. 1.
 If the length of the sides in the balance, and the
 weights at the ends be both equal, the beam will be
 in horizontal situation; but if either the weights
 alone be equal, or the distances alone, the beam will
 accordingly decline.—*Bishop Wilkins.*

So have I seen, in the Hall of Westminster, where
 Serjeant Bramble hath been retained on the right
 side, and Serjeant Puzzle on the left; the balance
 of opinion (so equal was their force) alternately in-
 cline to either scale. Now Bramble throws in an
 argument, and Puzzle's scale strikes the beam; again
 the Bramble strikes the like tilt, overpowered by the
 weight of Puzzle. Here Bramble hits, there Puzzle
 strikes; here one has you, there another has you.—
Fielding, Adventures of Joseph Andrews.

4. Main stem of the horn of a stag.
 And taught the woods to echo to the stream
 His dreadful challenge, and his clashing horn.
Sir J. Denham.

B E A M

5. Pole of a chariot: (piece of wood which runs between the horses).

Juturna heard, and, seiz'd with mortal fear,
Forc'd from the beam her brother's chariot.

Dryden.

6. Cylindrical piece of wood belonging to a loom, on which the web is gradually rolled as it is woven.

The staff of his spear was like a weaver's beam.—
1 *Samuel*, xvii. 7.

7. Ray of light emitted from some luminous body, or received by the eye.

Pile ten hills on the Tarpaeian rock,
That the precipitation might downstretch
Below the beam of sight.

Shakespeare, Coriolanus, iii. 2.

Pleasing, yet cold, like Cynthia's silver beam.
Dryden.

As heav'n's blest beam turns vinegar more sour.
Pope.

So many minds did gird their orbs with beams,
Though one did dim the fire.

Heaven flow'd upon the soul in many dreams
Of high desire.

Tennyson.

Beam, *v. n.* [A.S. *beamean*.] Emit rays or beams.

Each emanation of his fires
That beams on earth, each virtue he inspires.

Pope.

Beam, *v. a.* Shoot forth; emit.

This being admitted, that God beams this light
into man's understanding.—*South, Sermons*, i. 8.

Beam-tree, *s.* See extract.

The original Crataegus, which appears to have
been what is now called *Pyrus Aria*, the beam-tree.

—*London, Encyclopaedia of Plants*, p. 125.

Beamed, *adj.* Having beams, or horns.

It was said at the time that Elirinn was the better
chase than Allannin; that there were many great
beamed deer in it, rather than in Allannin. It was
this which used to rouse the Phin to be so often in
Elirinn; but the true Allannin Gaul they were.—
J. F. Campbell, Popular Tales of the Western High-

lands, The Lay of Owein.

Beaming, *adj.* Abounding in beams.

And beautify'd with beaming lamps above.
Dryden, Noah's Flood, (Ord MS.)

Beamless, *adj.* Yielding no ray of light.

No sun to cheer us, but a bloody globe,
That rolls above, a bald and blazing fire.

Dryden and Lee, Oedipus.

The glaz'd form,
The lip pale-quivering, and the beamless eye.

Thomson, Seasons, Summer, 1045.

Beamy, *adj.*

1. Radiant; shining; emitting beams as of the sun.

Who is there that cannot trace Thee now in thy
beamy walk through the midst of thy sanctuary,
amidst those golden candlesticks, which have long
suffered a dimness amongst us through the violence
of those that had seized them?—*Milton, Animad-*

versions upon a Defence of the Humble Remon-
strance.

Each of whose eyes, like a bright beamy shield,
Conquers, without blows, the contentions.

Beaumont and Fletcher, Martial Maid.

Ope, aged Atlas, open thou thy lip,
And from thy beamy bosom strike a light.

H. Johnson, Masques.

All-sewing sun!
Hide, hide in shameful night, thy beamy head.

Smith.

2. Having the weight or massiness of a beam of wood.

His double-biting axe, and beamy spear;
Each asking a giantlike force to rear.

Dryden, Fables.

3. Having horns or antlers; i. e. the beams of a stag.

Rouse from their desert dens the bristled rage
Of horns, and beamy stags in toils engage.

Dryden, Virgil's Georgics, iii.

Beam, *s.* [A.S. *beam*.] Legume of the genus Faba.

His allowance of oats and beams for his horse was
greater than his journey required.—*Swift.*

Beamed, *part. adj.* Fed with beams.

I led to Oberon, and make him smile,
When I a fat and beamed horse beguile.

Shakespeare, Midsummer-Night's Dream, ii. 1.

Bear, *v. a.* [A.S. *beran*.]

1. Carry.

a. As a burden.

They bear him upon the shoulder; they carry him,
and set him in his place.—*Isaiah*, xlv. 7.

And Solomon had thrice-score and ten thousand
that bore burdens.—*1 Kings*, v. 15.

As an eagle stirreth up her nest, fluttereth over
Vol. I.

B E A R

her young, spreadeth abroad her wings, taketh them,
beareth them on her wings.—*Deuteronomy*, xxvii. 11.

b. As a mark of authority or distinction.

I do commit into your hand
Th' unstained sword that you have used to bear.

Shakespeare, Henry IV. Part II. v. 2.

He may not bear so fair and so noble an image of
the divine glory, as the universe in its full system.—
Sir M. Hale.

His pious brother, sure the best
Who ever bore that name.

Dryden.

The sad spectators stiffen'd with their fears;
She sees, and sudden every limb she squares;

Then each of savage heads the fierce bears. *Gay.*

His supreme spirit of mind will bear its best re-
semblance when it represents the supreme infinite.

—*Chapman.*

c. In Heraldry.

Originally, none but the nobility had the right of
bearing arms; but King Charles V., by his charter
in 1371, permitted the Parisians 'to bear arms,'
from whose example the more eminent citizens of
other places did the like. —*Rees, Cyclopaedia*, art.
Arms.

d. As in show.

Look like the time; bear welcome in your eye,
Your hand, your tongue; look like the innocent
flower,

But be the serpent under 't.

Shakespeare, Macbeth, i. 5.

e. As in trust.

He was a thief, and had the bag, and bare what
was put therein.—*John*, xii. 6.

Bear off. Carry away.

I will respect thee as a father, if
Thou bear'st up my life off hence.

Shakespeare, Winter's Tale, i. 2.

The sun views him the earth on either way,
And here brings on, and here bears off the day.

Greene.

Give but the word, we'll snatch this duns'd up,
And bear her off.

Adrian, Cato.

My soul grows desperate;
I'll bear her off.

A. Phillips.

2. Support.

a. Keep from falling: (frequently with up).

Under colour of rooting out popery, the most
effectual means to bear up the state of religion may
be removed, and so a way be made either for pi-
gmaism or for barbarism to enter.—*Hacker.*

And Sanson took hold of the two middle pillars,
upon which the house stood, and on which it was
borne up. *Judges*, vi. 29.

A religious hope does not only bear up the mind
under her sufferings, but makes her rejoice in them.

Adrian.

Some power invisible supports his soul,
And bears it up in all its wonted greatness. *Id.*

b. Keep afloat; keep from sinking: (with up).

The waters increased, and bare up the ark, and it
was lifted up above the earth.—*Genesis*, vii. 17.

c. Support with proportionate strength.

Animals that use a great deal of labour and exor-
tise, have their solid parts more elastic and strong;
they can bear, and ought to have, stronger food. —
Abraham, On the Nature and Choice of Aliments.

Bear out. Support; maintain; justify.

I hope your warrant will bear out the deed.

Shakespeare, King John, iv. 1.

If I cannot once or twice a quarter bear out a
knife against an honest man, I have but very little
credit with your worship.—*Id., Henry IV. Part II.*

v. 1.

Changes are never without danger, unless the
prince be able to bear out his actions by power.—
Sir J. Hayward.

Quoth Sidrophel I do not doubt
To find friends that will bear me out.

Butler, Hudibras.

Company only can bear a man out in an ill thing.
—*South.*

I doubted whether that occasion could bear me
out in the confidence of giving your ladyship any
farther trouble. *Sir W. Temple.*

3. Carry in the mind (as love, hate).

How did the open multitude reveal
The wound runs love they bear him under hand!

Daniel.

They bare great faith and obedience to the kings.
—*Bacon.*

Barab, the eldest, bears a generous mind,
But to implacable revenge inclin'd.

Dryden.

The coward bore the man immortal spite. *Id.*

As for this gentleman, who is fond of her, she
bears't him an invincible hatred.—*Swift.*

That inviolable love I bear to the land of my na-
tivity, prevail'd upon me to engage in so bold an
attempt. *Id.*

Much less this dreamer, deaf and blind,
Named man, may hope some truth to find.

Tennyson.

That bears relation to the mind.

4. Endure without sinking; suffer; under-
go: (as punishment or misfortune).

It was not an enemy that reproached me, then I
could have borne it.—*Psalm*, lv. 12.

C C

B E A R

{ BEAR

{ BEAR

I have borne chastisements, I will not offend any
more.—*Job*, xxiv. 31.

That which was torn of beasts I brought not unto
thee: I bore the loss of it; of my hand didst thou
require it.—*Genesis*, xxi. 30.

5. Permit; tolerate; suffer without resent-
ment.

To reject all orders of the church which men have
established, is to think worse of the laws of men in
this respect, than either the judgement of wise men
alloweth, or the law of God itself will bear.—
Hooker.

Not the goats, nor angry Jove will bear
Thy lawless wand'ring walks in upper air.

Dryden.

6. Be capable of; admit.

Being the son of one earl of Pembroke, and
younger brother to another, who liberally supplied
his experience, beyond what his annuity from his
father could bear. —*Local Character.*

Give his thought either the same turn, if our
tongue will bear it, or, if not, vary but the dress.—
Dryden.

Do not charge your coins with more uses than they
can bear. It is the method of such as love any
science, to discover all others in it.—*Adrian, Dia-*

logues on the Usefulness of ancient Medals.

Had he not been eager to find mistakes, he would
not have strained my words to such a sense as they
will not bear. *Bishop Atholsey.*

In all criminal cases, the most favourable inter-
pretation should be put upon words that they possibly
can bear.—*Swift.*

7. Produce (as fruit).

There be some plants that bear no flowers, and yet
bear fruit: there be some that bear flowers, and no
fruit: there be some that bear neither flowers nor
fruit. —*Bacon.*

They wind'd their flight aloft; then stooping low,
Perch'd on the double tree that bears the golden
bough.

Dryden.

Say, shepherd, say, in what glad soil appears
A woodland tree that shadeth monarchs' heads!

Pope.

8. Bring forth (as a child).

The queen that bore thee,
Offspring upon her knees than on her feet,
Died every day she liv'd.

Shakespeare, Macbeth, iv. 3.

Ye know that my wife bore two sons, *Genesis*,
xlv. 27.

What could the muse herself that Orpheus bore,
The muse herself, for her enchanting song?

Milton, Lycidas, 38.

The same Eneas, whose fair Venus bore
To Gail's Anchises on th' Italian shore.

Dryden.

9. Give birth to (as being the native place of
anything).

Here dwelt the man divine whom Saviour bore,
But now self-banish'd from his native shore.

Dryden.

10. Possess (as power or honour).

When vice prevails, and impious men bear away,
The just of honour is a private station.

Adrian, Cato.

11. Gain; win: (commonly with away).

As it more concerns the Turk than Rhodes,
So may he with more facile question bear it:
For that it stands not in such warlike line.

Shakespeare, Othello, i. 3.

Because the Greek and Latin have ever borne away
the prerogative from all other tongues, they shall
serve as landmarks to make our trials by.—*Camden.*

Some think to bear it by seeking a great word,
and being peremptory; and go on, and take by sub-
stantive that which they cannot make good.—*Bacon.*

12. Maintain; keep up.

He finds the pleasure and credit of bearing a part
in the conversation, and of hearing his reasons ap-
proved. *Locke.*

13. Exhibit.

Ye Trojan dames, your testimony bear,
What I perform'd and what I suffer'd there.

Dryden.

14. Be answerable for.

If I bring him not unto thee, let me bear the
blame. *Genesis*, xliii. 9.

O more than madman! you yourselves shall bear
The guilt of blood and sacrilegious war.

Dryden.

15. Supply.

What have you under your arm? Somewhat that
will bear your charges in your pilgrimage? —*Dryden.*

16. Behave; comport oneself; act in any
character.

Some good instruction give,
How I may bear me here, *Shakespeare, Troilus*, i. 2.

Had he borne himself penitently in prison:—
Id., Measure for Measure, iv. 2.

17. Hold; restrain: (with off).

Do you suppose the state of this realm to be now
so feeble that it cannot bear off a greater blow than
this?—*Sir J. Hayward.*

18. Impel; urge; push: (with some particle
193

noting the direction of the impulse; as, down, on, back, forward).

The residue were so disordered as they could not conveniently fight or fly, and not only justled and bore down one another, but in their confused tumbling back, broke a part of the avant-guard.—*Sir J. Hayward*.

Contention, like a horse
Full of high feeding, maddly hath broke loose,
And bears down all before him.—*Shakespeare, Henry IV, Part II, i. 1.*

Their broken cars and floating planks withland
Their passage, while they labour in the land;
And obbing tides bear back upon th' uncertain sand.—*Dryden*.

Now, with a noiseless gentle course,
It keeps within the middle bed;
And it lifts aloft the head,
And bears down all before it with impetuous force.—*Id.*

Truth is borne down, attentions neglected, the testimony of sober persons despised.—*Steyl*.

The hopes of enjoying the abbey lands would soon bear down all considerations, and be an effectual incitement to their perversion.—*Id.*

19. Conduct; manage.

My hope is
So to bear through, and out, the consilship,
As spite shall not wound you, though it may me.—*R. Jonson*.

Bear in hand. Amuse with false pretences; deceive.

Your daughter, whom she bore in hand to love
With such integrity, she did confound,
Was as a scorpion to her sight.—*Shakespeare, Cymbeline, v. 5.*

His sickness, age, and impatience,
Was falsely borne in hand.—*Id., Hamlet, ii. 2.*

He repaired to Bruges, desiring of the states of Bruges, to enter peaceably into their town, with a retinue fit for his estate; and bearing them in hand that he was in communication with them of matters of great importance for their good.—*Id.*

It is no wonder that some would bear the world in hand, that the apostle's design and meaning is for presbytery, though his words are for episcopacy.—*South*.

20. Press.

Cesar doth bear me hard; but he loves Brutus.—*Shakespeare, Julius Caesar, i. 2.*

Though he bear me hard,
I yet must do him right.—*R. Jonson*.

These men bear hard upon the suspected party, pursue her close through all her windings.—*Adison*.

Bear, v. n.

1. Suffer; be patient.

Stranger, cease thy care;
Wise is the soul; but men is born to bear;
Jove weighs affairs of earth in dubious scales,
And the good suffers while the bad prevails.—*Pope*.
They bore as heroes, but they felt as men.—*Id.*
I cannot, cannot bear; 'tis past, 'tis done;
Perish this impious, this detested son!—*Dryden*.

Bear with. Endure an unpleasant thing.

They are content to bear with my absence and folly.—*Sir P. Sidney*.

Though I must be content to bear with those that say you are reverend grave men; yet they do doubtly tell you, you have good faces.—*Shakespeare, Coriolanus, i. 1.*

Tell him his pranks have been too broad to bear with.—*Id., Hamlet, iii. 4.*

Bear with me then, if lawful what I ask.—*Milton, Paradise Lost, viii. 614.*

Bear up. Stand firm without falling; not to sink; not to faint or fail.

So long as nature
Will bear up with this exercise, so long
I daily vow to use it.—*Shakespeare, Winter's Tale, iii. 2.*

Persons in distress may speak of themselves with dignity; it shows a greatness of soul, that they bear up against the storms of fortune.—*Brome*.

The consciousness of integrity, the sense of a life spent in doing good, will enable a man to bear up under any change of circumstances.—*Bishop Atterbury*.

When our commanders and soldiers were raw and unexperienced, we lost battles and towns; yet we bore up, then, as the French do now; nor was there any thing decisive in their successes.—*Swift*.

2. Be fruitful or prolific.

A fruit tree hath been blown up almost by the roots, and set up again, and the next year bear exceedingly.—*Bacon*.

Between two seasons comes th' auspicious air,
This age to blossom, and the next to bear.—*Dryden*.
Melons on beds of ice are taught to bear,
And, strangers to the sun, yet ripen here.—*Glanville*.

6. Take effect; succeed.

Having pawned a full suit of cloths, for a sum of money which, my operator assured me, was the last

he should want to bring all our matters to bear.—*Guardian*.

4. Act in any character; (the construction being reflective, with self understood).

Instruct me
How I may formally in person bear,
Like a true friar.—*Shakespeare, Measure for Measure, i. 4.*

5. Tend; be directed to any point: (with up, away, onward, &c.).

The silly drops swimming on the spirit of wine,
move restlessly to and fro, sometimes bearing up to one another, as if all were to unite into one body, and then falling off, and continuing to shift places.—*Thyle*.

Never did men more joyfully obey,
Or sooner understand the sign to fly:
With such alacrity they bore away.—*Dryden*.

Whose navy like a stiff-stretched cord did shew,
Till he bore in, and bent them into flight.—*Id.*

On this the hero fly'd an oak in sight,
The mark to guide the mariners aright:
To bear with this, the seamen stretch their oars,
Then round the rock they steer and seek the former shores.—*Id.*

In a convex mirror, we view the figures of all other things, which bear out with more life or strength than nature itself.—*Id.*

6. Drive; act as an impellent, opponent, or reciprocal power: (with upon or against).

We were encounter'd by a mighty rock,
Which being violently borne upon,
Our helpless ship was splitted in the midst.—*Shakespeare, Comedy of Errors, i. 1.*

Upon the tops of mountains, the air which bears against the resurgent quicksilver is less pressed.—*Boyle*.

The siles bearing one against the other, they could not lie so close at the bottom.—*Barnet*.

As a lion bounding in his way
With force augmented bears against his prey.—*Dryden*.

Because the operations to be performed by the teeth require a considerable strength in the instruments which move the lower jaw, nature hath provided this with strong muscles, to make it bear forcibly against the upper jaw.—*Ray*.

The weight of the body doth bear most upon the knee joints, it raising itself up, and most upon the muscles of the thighs, in coming down.—*Bishop Wilkins*.

The waves of the sea bear violently and rapidly upon some shores, the waters being pent up by the land.—*Brome*.

7. Act: (with upon).

Spinola, with his shot, did bear upon those within, who appeared upon the walls.—*Sir J. Hayward*.

Bear, s. [A.S. beara.]

1. Animal of the genus Ursæ.

Call hither to the stake my two brave bears,
Bid Salisbury and Warwick come to me.
Are these thy bears? we'll bid thy bears to death,
And mangle the boardward in their chains.—*Shakespeare, Henry VI, Part II, v. 1.*

Thou'ldst shun a bear;
But if thy flight lay toward the raging sea,
Thou'ldst meet the bear i' the mouth.—*Id., King Lear, iii. 4.*

2. Name of two constellations, the Ursæ major and the Ursæ minor.

Even then when Troy was by the Greeks o'erthrown,
The bear oppos'd to bright Orion shone.—*Creech*.

3. On the Stock Exchange. See extract.

He who sells that of which he is not possessed, is proverbially said to sell the skin before he has caught the bear. It was the practice of stock-jobbers, in the year 1730, to enter into a contract for transferring South Sea stock at a future time for a certain price; but he who contracted to sell, had frequently no stock to transfer; nor did he who bought, intend to receive any in consequence of his bargain: the seller was therefore called a bear, in allusion to the proverb; and the buyer a bull, perhaps only as a similar distinction. The contract was merely a wager, to be determined by the rise or fall of stock; if it rose, the seller paid the difference to the buyer, proportioned to the sum determined by the same computation to the seller.—*Dr. Warton, Essay on the Writings and Genius of Pope*.

Bear-baiting. s. Sport of baiting bears with dogs.

He haunts wakes, fairs, and bear-baitings.
Shakespeare, Winter's Tale, iv. 2.
Let's have a bear-baiting; ye shall see me play
The rarest for a single dog.—*Beaumont and Fletcher, Mad Lover*.

He [lord Downe] entertained the king [James I.] with the fashionable and courtly diversions of hawking and bear-baiting.—*T. Warton, Life of Sir T. Pope, p. 438*.

They spent their time (1215) in tournaments and bear-baitings, and other diversions suited to the fierce rusticity of their manners.—*Burke, Abridgement of English History, iii. 8*.

Even bear-baiting was esteemed heathenish and unchristian.—*Hume, History of England, vi. 323. (Ord MS.)*

Beár-berry, s. See extract.

Arbutus Uva-ursi, bear-berry, dyes an ash colour; tann leather; the berries are used for grout and other game, and the leaves are used in medicine.—*London, Encyclopaedia of Plants, p. 361*.

Beard, s. [A.S. beard.]

1. Hair that grows on the cheeks and chin.

Err on thy chin the springing beard began
To spread a doubtful down, and promise man.—*Price*.

a. To do anything to a man's beard is to do it in defiance, or to his face.
Rail'd at their covenant, and beard'd
Their round persons to my beard.—*Butler, Hudibras*.

b. Used to mark age or virility: (as, 'he has a long beard,' i.e. is old).

This ancient ruffian, sir, whose life I have spar'd at suit of his grey beard.—*Shakespeare, King Lear, ii. 2.*

Some thin remains of chastity appear'd
Ev'n under Jove, but Jove without a beard.—*Dryden*.
Would it not be insufferable for a professor to have his authority, of forty years standing, confirmed by general tradition and a revered beard, overturned by an upstart novelist?—*Locke*.

2. Bristles proceeding from the bracts, or seed-covers, in ears of corn.

The ploughman lost his sweat, and the green corn
Hath rotted ere its youth attain'd a beard.—*Shakespeare, Midsummer-Night's Dream, ii. 2*.
A certain farmer complained that the beards of his corn cut the reapers and thresher's fingers.—*Sir R. L. Estcourt*.

Beard, v. a. Take or pluck by the beard, in contempt or anger; oppose to the face; set at open defiance.

No man so potent breathes upon the ground,
But I will beard him.—*Shakespeare, Henry IV, Part I, v. 1.*

He, whencesoever he should swerve from duty, may I be able to beard him.—*Spenser*.

I have been beard'd by boys.—*Mare*.
The design of utterly extirpating monarchy and episcopacy, the presbyterianism began, continued, and would have ruin'd, if they had not been beard'd by that new party, with whom they could not agree about dividing the spoil.—*Steyl*.

No admiral, beard'd by these corrupt and dissolute minions of the palace, dur'd to do more than mutter something about a royal martial.—*Macaulay, History of England, etc. iii.*

Bearded, adj.

1. Having a beard.

Think every bearded fellow that's but yok'd,
May draw with you.—*Shakespeare, Othello, iv. 1.*
Oh! prophesies forb'd our fall at hand,
When bearded men in hoating castles stand.—*Dryden*.

No wonder that you bearded chiefs look down
With stern displeasure on their reverent knees.—*J. H. Jones, The last Will of the Roses, v.*

As when a field
Of Ceres ripe for harvest, waving bends
Her bearded grove of ears, which way the wind
Sways them.—*Milton, Paradise Lost, iv. 980.*

The bearded virago
Flew o'er the field, nor hurt the bearded grain.—*Dryden, Virgil's Æneid, vi.*

Only reapers reaping early
In among the bearded barley.—*Tennyson*.

As a count.

As often thro' the purple night,
Below the sherry clusters in light,
Some bearded meteor, trailing light,
Moves over still Shalott.—*Tennyson, The Lady of Shalott*.

2. Barbed or jagged.

Thou should'st have pull'd the secret from my breast,
Torn out the bearded steel to give me rest.—*Dryden*.

Beardless, adj.

1. Without a beard.

There are some ruins of Canobelin, king of Essex, and Muldrex, with a beardless image, inscribed Canobelin.—*C Camden*.

2. Young.

And, as young striplings whip the top for sport,
On the smooth pavement of an empty court,
The wooden engine flies and whirle about,
Admir'd with clamours of the beardless rout.—*Dryden*.

Beardlessness, s. Attribute suggested by Beardless.

Voltaire enumerates as proofs of distinct species, the beardlessness of the Americans, and the black nipples of the Samoisle women.—*Lawrence, Lectures, p. 247. (Ord MS.)*

BEAR

Beardog. *s.* Dog for baiting or hunting the bear.

This day a large timer was baited by three beardogs, one after another.—*Ray, Correspondence*, p. 300.

Bearer. *s.*

1. One who conveys anything from one place or person to another; one employed in carrying burthens; one who carries anything.

He should the bearers put to sudden death,
Not shirving time allowed.

Shakespeare, Hamlet, v. 2.

Forgive the bearer of unhappy news:

Your alter'd father openly pursues

Your ruin.

Dryden.

No gentleman sends a servant with a message,
Without endeavouring to put it into terms brought
down to the capacity of the bearer.—*Swift*.

a. As appured.

O majesty!

When thou dost pinch thy bearer thou dost sit

Like a rich armour worn in heat of day

That scalds with sobriety.

Shakespeare, Henry IV. Part II., iv. 4.

b. As a body to the grave.

Nay, gnath he, on his swooning bed outstretch'd,
If I mayn't carry, sure I'll never be fetch'd.
But you, though the cross doctors all stand bearers,
For one carrier put down, to make six.

Milton, Epitaph on Robert the Currier, ii. 17.

The King's body being by the bearers set down
near the place of burial. *Sir T. Herbert, The Gentle*
Cardinal.

2. That which yields fruit, or produces produce.

This way of procuring autumnal roses, in some that
are good bearers, will succeed. *Boyle*.

Reprune apiculture, saving the young shoots, for the
raw bearers commonly perish. *Ecclips*.

Beardly. *s.* Species of insect.

There be of flies, caterpillars, canker-flies, and
beardly-flies. *Bacon, Natural and Experimental*
History.

Beargarden. *s.*

1. Place in which bears are kept for sport.

Hurryme from the play-house, and the scenes
there, to the bear-garden, a, to the apes, and asses, and
tigers. *Bishop Stillingfleet*.

The prodigious of immoderations and vituperative
epithets which engrossed his vocabulary could hardly
have been rivalled in the fish-market or the bear-
garden. *Mansel, History of England*, ch. iv.

2. Any place of tumult or misrule.

After this the patriotism became hotter and hotter,
and the two parties fought until the place became a
perfect bear-garden. *Cockford's, or Life in the*
West, ch. i.

Beardherd. *s.* Man who tends bears.

Virtue is of so little reward in these costermonger
times, that true valour is termed beardherd. *Shake-*
speare, Henry IV. Part II., v. 2.

Beardhound. *s.* Hound for baiting or hunt-
ing the bear.

Few years more and the Wolf-hounds shall fall
suppressed, the Bear-hounds the February; places
shall fall, thick as autumnal leaves. *Cortely, French*
Revolution, pt. i. b. iii. ch. i.

Bearing. *verbal abs.*

1. Site or place of anything with respect to
something else.

But of this frame, the bearing and the ties,
The strong connections, nice dependencies,
Gracili ac just, has thy pervading soul
Look'd through? or can a part contain the whole?

Pope.

The astronomer who is not intimately acquainted
with pure mathematical analysis in its various as-
pects and bearings is no astronomer at all. *T. F.*
Wallaston, On the Variation of Species, ch. v.

2. Gesture; mien; behaviour.

That is Claudio; I know him by his bearing.—
Shakespeare, Much Ad. about Nothing, ii. 1.

3. In Heraldry. That which is borne in a coat
of arms.

He is very learned in pedigree: and will abate
something in the ceremony of his approaches to a
man, if he is in any doubt about the bearing of his
coat of arms. *Taller*, no 204.

4. In Navigation. Situation of any distant
object, estimated from some part of the
ship, according to her position.

The bearings of places on the ground are usually
determined by the magnetic needle; in the manage-
ment of these lies the principal part of surveying;
since the bearing and distance of a second point
from the first being found, the place of that second
is determined: on the bearings of a third point from

BEAS

two others, whose distance from each other is known,
being found, the place of the third is determined:
instrumentally two must be more data.—*Ross, Cyclo-*
pædia, in voc.

Bearing-cloth. *s.* Cloth or mantle with
which a child is covered, when carried to
church to be baptized.

Thy scarlet robes, as a child's bearing-cloth

I'll use, to carry thee out of this place.

Shakespeare, Henry VI. Part I., i. 3.

Here's a sight for thee: look thee, a bearing-cloth
for a squire's child. *Id., Winter's Tale*, iii. 3.

Bearing-rein. *s.* Rein by which the head of
a horse in harness is kept up.

In Germany, where they chew the bearing-rein,
they get the weight as well as the strength of the
horse.—*Sir F. Head, Hobbis from the Remains of*
Nassau.

Beardish. *adj.* Having the quality of a bear.

In our own language we seem to allude to this
degeneracy of human nature, when we call men,
by way of reproach, sheepish, beardish, &c.—*Harcro,*
Three Treatises, notes, p. 344.

Beardlike. *adj.* Resembling a bear; in the
manner of a bear.

They have tied me to a stake; I cannot fly.

But beardlike, I must fight the course.

Shakespeare, Macbeth, v. 7.

Bear's-breech. *s.* [See Brank and Buck-
wheat.] See extract.

Bear's-breech, *Aemulus mollis*, was formerly
known under the name of *Branca ursina*. *London,*
Encyclopædia of Plants, p. 516.

Bearskin. *s.* Cap made of the skin of the
bear, especially that worn by soldiers.

'Stand up, General's! was his brief command, as
the bearskins of the French grenadiers rose above
the crest of the hill. *Young, Life of Wellington*, ch.
xxviii.

Bearward. *s.* [bear and ward] warden or
keeper.] Keeper of bears.

We'll bait thy bears to death,

And manacle the bearward in the chains.

Shakespeare, Henry VI. Part II., v. 1.

The bearward leads him one brute, the mount-
bank leads a thousand.—*Sir R. L. Estlin*.

He that is more than a youth is not for me; and
he that is less than a man, I am not for him; there-
fore I will even take sixpence in earnest of the bear-
ward, and lead his apes into hell.—*Shakespeare,*
Much Ad. about Nothing, ii. 1.

Beast. *s.* [Lat. *bestia*.]

1. Animal distinguished from birds, insects,
fishes, and man.

The man that once did sell the lion's skin,

While the beast liv'd, was killed with hunting him.

Shakespeare, Henry VI., iv. 3.

Beasts of chase are the buck, the doe, the fox, the
marten, and the roe. *Beasts of the forest* are the
hart, the hind, the hare, the bear, and the wolf.
Beasts of warren are the hare and coney.—*Cowley,*
Long Dictionary.

2. Cattle.

Mrs. Slipshod desired the coachman to overtake
him, which he attempted, but in vain; for the faster
he drove, the faster ran the person, often crying out,
'Ay, ay, catch me if you can!' till at length the
coachman swore he would as soon attempt to dri-
ver a greyhound, and giving the person two
three hearty curses, he cried, 'Silly, silly boys, I
his horses, which the civil coach immediately obeyed.'
Fiddling, Adventures of Joseph Andronicus.

3. Irrational animal: (opposed to man; as,
'man and beast').

I have done all that may become a man;
Who dares do more, so please you. What beast wast thou
That made you break this enterprise to me?

Shakespeare, Macbeth, i. 7.

Miden's charms were there, Cerean feasts,
With bowls that turn'd enamour'd youths to beasts.
Dryden.

Beastly. *s.* Place for keeping beasts. *Ob-*
solete.

The amphitheatre was full of hollow pressures for
the convenient keeping of wild beasts and beastli-
ness. *T. Godwin, English Expedition of the Roman*
Antiquities, p. 19. (Ord MS.)

Beastish. *adj.* After the manner of a beast.
Rare.

It would be but a kind of animal or beastish
meeting.—*Milton, Duties and Discipline of Di-*
vores, ch. xiii. (Ord MS.)

Beastlike. *adj.* Resembling a beast.

A paradise of that nature [Satan's] abounding
with all beastlike bruteries.—*Bishop Mountain,*
Apoc. in Cæsar, p. 152.

After life was beastlike, and devoid of pity;

And being so, shall have like want of pity.
Shakespeare, Titus Andronicus, v. 3.

BEAT

{ BEARDLESS
{ BEAT

Beastliness. *s.* Attribute suggested by
Beastly; brutality; practice of any kind
contrary to the rules of humanity.

They held this land, and with their filthiness

Polluted this same gentle soil long time;

That their own and her land's their beastliness,

And 'gan author her blood's unkindly crime.

Spenser, Faerie Queen.

Were not this provision (matrimony) carefully
made, the world would be quite over-run with beas-
tiness and horrible confusion.—*Bishop Hall, Cases of*
Conscience, iv. 8.

Rank inundation of luxuriousness

Has tainted him with such gross beastliness.

Marston, Scourge of Villany, ii. 7.

Beastly. *adj.*

1. Brutal; contrary to the nature and dignity
of man: (used commonly as a term of re-
proach).

Would'st thou have thyself fall in the confusion of
men, and remain a beast with beasts?—*Ag. Timon*.
A beastly ambition. *Shakespeare, Timon of Athens*,
iv. 3.

You beastly knave, know you no reverence?—

Shakespeare, King Lear, ii. 2.

With lowd, prophane, and beastly phrase,

To teach the world's loose laughter or vain gaze.

R. Johnson.

It is charged upon the gentlemen of the army,
that the beastly vice of drinking to excess hath been
lately, from their example, restored among us.—
Swift.

2. Having the nature or form of beasts;
beastlike.

Beastly divinities and droves of gods.

Prior.

Beastly. *adv.* In the manner of a beast.

Every man will I beat that lyeth beastly.—

M. eddy of every man.

Beat. *v. a.* [A.S. *bentan*.]

1. Strike; knock; lay blows upon.

a. In general.

So fight I, not as one that beateth the air.—1

Capitulum, ix. 25.

He lay'd with all the madness of despair;

He roar'd, he beat his breast, he tore his hair.

Dryden.

b. Punish by so doing

'They've chose a counsel that will from them take
Their liberties; make them of no more value
Than does, that are often beat for larking.'

Shakespeare, Othello, ii. 3.

Mistress Ford, good heart, is beat a duck and
blue, that you cannot see a white spot about her.—

Id., Merry Wives of Windsor, iv. 5.

There is but one fault for which children should
be beaten; and that is obstinacy or rebellion.—*Locke*.

c. Strike an instrument of music.

Bid them come forth and hear,

Or at their chamber door I'll beat the drum

Till it cry, sleep to death.

Shakespeare, King Lear, ii. 4.

d. Break, bruise, spread; comminute by
blows.

The people gathered manna, and ground it in

mills, or beat it in a mortar.—*Numbers*, xi. 8.

They did beat the gold into thin plates, and cut it

into wires, to work it. *Exodus*, xxxix. 3.

They saw the laborious work of beating of hemp,
by making the axle-tree of the main wheel of their
even mills heavier than ordinary, and placing of pins
in them, to raise large hummers like those used for
paper and falling mills, with which they beat most
of their hemp.—*Mortimer*.

Nestor furnished the gold, and he beat it into
leaves, so that he had occasion to use his anvil and
hammer.—*Arctur*.

e. Strike bushes or ground, or make a mo-
tion to rouse game.

It is strange how long some men will lie in wait
to speak, and how many other matters they will beat
over to come near it.—*Bacon*.

When from the cave thou risest with the day
To beat the woods, and rouse the bounding prey,

Together let us beat this ample field,

Try what the open, what the covert yield. *Pope*.

f. Thresh; drive the corn out of the husk.

She gleaned in the field, and beat out that she had
gleaned.—*Ruth*, ii. 17.

g. So as to mix things by long and frequent
agitation.

By long beating the white of an egg with a lump
of alum, you may bring it into white ends.—*Boyle*.

h. Batter with engines of war.

And he beat down the tower of Peñuel, and slew
the men of the city.—*Judges*, xiii. 17.

i. Dash as water, or brush as wind.

Beyond this flood a frozen continent

Lies dark and wild; *beat* with perpetual storms
Of whirlwind and dirv hail.

With tempests *beat*, and to the winds a scorn.

While winds and storms his lofty forehead *beat*,
The common fate of all that's high or great.

As when a lion in the midnight hours,
Beat by rude blasts, and wet with wat'ry show'rs,
Descends terrifick from the mountain's brow.

j. Tread a path.
While I this unexampled task essay,
Painful eulfs, and *beat* my painful way,
(Celestial dove, divine assistance bring.

k. Make a path by marking it with tracks.
He that will know the truth of things, must leave
the common and *beaten* track.

2. Conquer; subdue; vanquish; harass;
overdo.

If Hercules and Lichas play at dice,
Which is the better man? The greater *thow*
May turn by fortune from the weaker hand:
So is Alcides *beaten* by his peace.

That bear the shapes of men, how have you run
From slaves that apes would *beat*.

I have fought with thee, so often hast thou *beat* me,
I have fought with thee, so often hast thou *beat* me.

I have discern'd the foe securely lie,
Too proud to fear a *beaten* enemy.

The common people of Lucre are freely persuaded,
that one Lucretius can *beat* five Florentines.

Perillus, king of Epirus, joining his ships to those
of the Syracusans, *beat* the Carthaginians at sea.

It is no point of wisdom for a man to *beat* his
brains, and spend his spirit about things impossible.

And as in prisons mean rogues *beat*
Hemp, for the service of the great;
So Whennu *beat* his dirty brains
To advance his minister's fame and genius.

Why any one should waste his time, and *beat* his
head about the Latin grammar, who does not intend
to be a critic.

3. Lay; press; (as standing corn by hard
weather).

Her own shall bless her;
Her foes shake like a field of *beaten* corn,
And hang their heads with sorrow.

With down.

Albeit a pardon was proclaimed, touching any
speech tending to treason, yet could not the bold-
ness *beat* down either with that severity, or
with this lightly beated.

Our warriors prosecuting the French language,
at the same time they are *beating* down their power.

Such an outlook'd for storm of ills falls on me,
It *beats* down all my strength.

4. Drive with violence: (with determinative,
as *back*, *out*, *off*).

Twice have I sally'd, and was twice *beat* back.

Whereat he inly rag'd, and, as they talk'd,
Smote him into the midriff with a stone
That *beat* out life.

He that proceeds upon other principles in his
inquiry, does at least put himself in a party, which he
will not quit, till he be *beaten* out.

He cannot *beat* it out of his head, but that it was
a cardinal who pick'd his pocket.

About the wine-press where sweet must is pon'd,
Beat off, returns us off with humming sound.

The younger part of mankind might be *beat* off
from the belief of the most important points even
of natural religion, by the impudent jests of a pro-
fane wit.

5. Move with fluttering agitation.
Thrice have I *beat* the wing, and rid with night
About the world.

Beat down. Endeavour by treaty to lessen
the price demanded; sink or lessen the
value.

Surveys rich moveables with curious eye,
Beats down the price, and threatens still to buy.

She persuaded him to trust the renegade with the
money he had brought over for their runaway; as not

questioning but he would *beat* down the terms of it.

Usury *beats* down the price of land; for the em-
ployment of money is chiefly either merchandizing
or purchasing; and usury waylays both.

Beat up. Attack suddenly; alarm.

They lay in that quiet posture, without making
the least impression upon the enemy, by *beating* up
his quarters.

Will fancies he should never have been the man
he is, had not he knocked down constables, and *beat*
up a lewd woman's quarters, when he was a young
fellow.

Beat the hoof. Walk; go on foot.

Upon the breaking out of the Rebellion in Ireland
in 1641, the mother fled with our author (Henry
Stubble) and another child towards England, and
landed at Liverpool by Lancashire, they all *beated*
it on the hoof thence to London.

Beat, v. n.

1. Move in a pulsatory manner.
I would gholly understand the formation of a soul,
and see it *beat* the first conscious pulse.

2. Dash (as a flood or storm).
Your brow, which does no fear of thunder know,
Sees rowling tempests vainly *beat* below.

With upon or against.
Pulchick eury seemeth to *beat* chiefly upon minis-
ters.

3. Knock (with at).
The men of the city beset the house round about,
and *beat* at the door, and spake to the master of the
house.

4. Move with frequent repetitions of the same
act or stroke.
Take thou this phial, being then in bed,
And this distilled liquor drink thou off:
When presently through all thy veins shall run
A cold and drowsy humor, which shall seize
Each vital spirit; for no pulse shall keep
His natural progress, but surseize to *beat*.

5. Fluctuate; be in agitation.
The tempest in my mind
Doth from my senses take all feeling else,
Save what *beats* there.

6. Try different ways; search: (with about).
I am always *beating* about in my thoughts for
something that may turn to the benefit of my dear
countrymen.

7. Act with violence: (with upon).
And the sun *beat* upon the head of Jousah, that
he fainted, and wished in himself to die.

8. Speak frequently; repeat; enforce by re-
petition: (with upon).
We are drawn on into a longer speech, by reason
of their so great earnestness, who *beat* more and more
upon these last alleged words.

9. In Narrigation. Strive against the wind.
We found it was an English ship called the Pre-
sident, which came from the East Indies, and had
been *beating* (i.e. striving against the wind) above
six weeks in the channel.

Beat, part. pass. Driven.
Like a rich vessel *beat* by storms to shore,
Twere madness should I venture out once more.

Beat, s. Stroke; manner of striking.
Albeit the base and trouble strike of a viol be
turned to an unison; yet the former will still make
a bigger sound than the latter, as making a broader
beat upon the air.

Beaten, part. adj. Trodden.
What makes you, sir, so late abroad,
Without a guide, and with no *beaten* road?

Beater, s.
1. Instrument with which anything is com-
minuted or mingled.

Beat all your mortar with a *beater* three or four
times over, before you use it; for thereby you in-
corporate the sand and lime well together.

2. Person much given to blows.
The best schoolmaster of our time was the greatest
beater.

3. One who beats for game: (with up).
All the herolal glory he aspires to, is to be re-
puted a most potent and victorious stealer of deer,
and *beater* up of parks.

Beating, adj. Having the power of making
happy, or completing fruition; blissful.
Admiring more

The riches of heaven's pavement, trodden gold,
Than aught, divine or holy else, enjoy'd
In vision *beatific*.

We may contemplate upon the greatness and
strangeness of the *beatific* vision; how a created
eye should be so fortified, as to bear all those glories
that stream from the fountain of uncreated light.

There mayst thou all ideas see,
All wonders which in knowledge be,
In that fair *beatific* mirror of the Deity.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

Beatifically, adv. Same as Beatific.
It is also their felicity to have no fault; for, enjoy-
ing the *beatific* vision in the fruition of the object
of faith, they have received the full evacuation of it.

2. See extract.

The *Beatitude* is a term applied to the several sermons contained in the beginning of our Saviour's Sermon on the Mount, in which he delivers a blessing upon the meek, the poor in spirit, the peacemaker, &c.—*Evangelical Brethren*, in voc.

Beau. s. [Fr.] Man of dress; man whose great care is to deck his person.

What will not *beaux* attempt to please the fair? *Dryden*.

The water nymphs are too unkind
To vill'ny; are the land nymphs too?
And fly they all, at once combin'd
To shame a general and a *beau*? *Prior*.

You will become the delight of nine ladies in ten,
And the envy of ninety-nine *beaux* in a hundred. — *Swift*.

Is he not more worthy of affection than a dirty country clown, the born of a family as old as the flood, or an idle worthless rake, or a little puny head of quality? And yet those who must condemn ourselves to, in order to avoid the censure of the world; to shun the contempt of others, we must ally ourselves to those we despise; we must prefer birth, title, and fortune to real merit. — *Fiddling, Adventures of Joseph Andrews*.

Clarina, meantime, wears a *beau*,
Who decks her in golden array;
She's the finest at every show,
And flaunts at the Park and the play.
Whist I am here left in the lurch;
Forgot and seceded from view,
Unless when some bumpkin at church
Stares widely over the pew.

Lady M. W. Montague.

What though I have skill to ensure,
Where snarls in bright tresses abound;
What though, at St. James's at prayers,
Beau ogle devoutly round.

Id.

Her love was sound, I do aver,
By twenty *beaux* and more.

The King himself has followed her
When she has walked before.

Goldsmith.

'Twas his ambition to be seen of men;
His virtues were his pride; and that one vice
Made all his virtues revenges of no price;
He wore them as due trimmings for a show,
A praying, synagogue-frequenting *beau*.

Corper, Truth, 53.

Beau-monde. s. [Fr.] Gay world; fashionable part of the world.

She courted the *beau-monde* to-night,
L'ensemble her supreme delight. *Prior*.

His whole dress and appearance exactly resembled that of our modern *beau monde*. *Stoddard*, i. 301.

I was reflecting this morning upon the spirit and humour of the public diversions five-and-twenty years ago, and the state of the present time, and lamented to myself that though in those days they neglected their morality, they kept up their good sense; but that the *beau-monde* at present is only grown more childish, not more innocent, than the former. — *Sir R. Steele, Spectator*, no. 11. (Ord MS.)

Beauish. adj. Befitting a *beau*; foppish.

He was led into it by a natural, *beauish*, trifling fancy of his own. — *Stephens, Abridgement of Bishop Hacket's Life of Archbishop Williams*, preface.

Beauteous. adj. Fair; elegant in form; pleasing to the sight; beautiful.

I am, Polixena, help thee to a wife,
With wealth enough, and youth, and *beauteous*;
Brought up as best becomes a gentleman.

Shakespeare, Timon of Athens, i. 2.

Alas! not hoping to subdue
I only to the light aspir'd!

To keep the *beauteous* fair in view
Was all the glory I desir'd. *Prior*.

There *beauteous* Emma flourish'd fair
Beneath her mother's eye.

Whose only wish on earth was now
To see her blessed and die.

Mallet, Edwin and Emma.

Beauteously. adv. In a *beauteous* manner; in a manner pleasing to the sight; beautifully.

Look upon pleasures not upon that idle that is next the sun, or where they look *beauteously*; that is, as they come towards you to be enjoyed. *Jeremy Taylor*.

Beauteousness. s. Attribute suggested by *Beauteous*; state or quality of being *beauteous*; beauty.

From less virtue, and less *beauteousness*.

The gentles fram'd them gods and goddesses.

Doune, Poems, p. 84.

Beautifier. s. One who, or that which, beautifies or embellishes.

Semiramis, the founder of Babylon, according to Justin and Strabo; but the engraver only and *beautifier* of it, according to Herodotus. — *Costard, Astronomy of the Ancients*, ii. 108.

Beautiful. adj. Fair; having the qualities that constitute beauty.

He stole away and took by strong hand all the *beautiful* women in his time. *Sir W. Raleigh*.

The most important part of painting is to know what is most *beautiful* in nature, and most proper for that art; that which is the most *beautiful* is the most noble subject; so, in poetry, tragedy is more *beautiful* than comedy, because the persons are greater, whom the poet instructs, and consequently the instructions of more benefit to mankind. — *Dryden*.

Beautiful looks are ruin'd by fickle minds.

And summer seas are turn'd by sudden winds. *Prior*.

He spoke of beauty: that the dull
Saw no divinity in grass.

Life in dead stones, or spirit in air;
Then looking as I were in a glass.

He smother'd his chin and sleek'd his hair.

And said the earth was *beautiful*. *Tennyson*.

Beautifully. adv. In a *beautiful* manner.

No longer shall the bodices apply lac'd,
From thy full bosom to thy slender waist.

That air and harmony of shape express,
Fine by degrees, and *beautifully* less. *Prior*.

Beautifulness. s. Attribute suggested by *Beautiful*; beauty; excellence of form.

Rare.

Above ten miles from Guadalupé towards the south lies the island of Galarda, lying thirty miles in circuit and playne. It was so named for the *beauteousness* thereof. *Riba, Martine*, 138. (Ord MS.)

The innate *beauteousness* and *beauteousness* of virtue.

— *Halliday, Sailing of South*, p. 115.

Beautifully. r. a. Adorn; embellish; deck; grace; add beauty to.

Never was sorrow more sweetly set forth, their faces seeming rather to *beautify* their sorrow, than their sorrow to cloud the beauty of their faces. — *Sir J. Hayward*.

Sufficeth not that we are brought to Rome,
To *beautify* thy triumphs and return.

Captive to thee and to thy Roman yoke?

Shakespeare, Titus Andronicus, i. 2.

These were not created to *beautify* the earth alone,

but for the use of man and beast. *Sir W. Raleigh*.

How all conspire to grace
Th' extended earth and *beautify* her face.

Sir R. Blackmore.

There is clarity and justice; and the one serves to lighten and *beautify* the other. *Bishop Atterbury*.

Beautify. r. u. Grow *beautiful*; advance in beauty.

It must be a prospect pleasing to God himself, to see his creation for ever *beautifying* in his eyes, and drawing nearer to him, by greater degrees of resemblance. — *Addison*.

Beautifying. verbal abs. Method or act of rendering *beautiful*.

All that either soberly please themselves, or civilly appear less unpleasing to others, by the help of my *beautifying*. — *Jeremy Taylor, Artificial Handsomeness*, p. 67.

Beautiless. adj. Without beauty.

The only unmanly, undesirable, formless, *beautiless*, reprobate in the mass. — *Hammond, Sermons*.

Beauty. s.

1. That assemblage of graces, or proportion of parts, which pleases the eye.

Your *beauty* was the cause of that effect.

Your *beauty* that did haunt me in my sleep.

If I thought that, I tell thee, homicide.

These nails should rend that *beauty* from my cheeks.

Shakespeare, Richard III, i. 2.

Beauty consists of a certain composition of colour and figure, causing delight in the beholder. — *Locke*.

Beauty is best in a body that hath rather dignity of presence than *beauty* of aspect. The *beautiful* prove accomplished, but not of great spirit, and study for the most part rather behaviour than virtue. — *Bacon*.

The best part of *beauty* is that which a picture cannot express. *Id.*

Of the *beauty* of the eye I shall say little, leaving that to poets and orators; that it is a very pleasant and lovely object to behold, if we consider the figure, colours, splendour of it, is the least I can say. — *Roy*.

He view'd their twining branches with delight.

And prais'd the *beauty* of the pleasing sight. *Pope*.

2. Particular grace, feature, or ornament.

The ancient pieces are *beautiful*, because they resemble the *beauties* of nature; and nature will ever be *beautiful*, which resembles those *beauties* of antiquity. — *Dryden*.

Wherever you place a patch you destroy a *beauty*.

— *Addison*.

3. Anything more eminently excellent than the rest of that with which it is united.

This gave me an occasion of looking backward on,

some *beauties* of my author in his former books. — *Dryden*.

With incredible pains have I endeavoured to copy the several *beauties* of the ancient and modern his torians. — *Arbuthnot*.

4. **Beautiful person.**

'Remember that Pellean conqueror,

A youth, how all the *beauties* of the east

He slightly view'd and slightly overpass'd.

Milton, Paradise Regain'd, ii. 193.

A man who hath lived all his life in such a parish as this is a rare judge of *beauty*! Ridiculous!

Beauty, indeed, a country which a *beauty*! I shall be sick whenever I hear *beauty* mentioned again.

And so this wench is to stock the parish with *beauties*, I hope. But, sir, our poor is numerous enough already; I will have no more vagabonds settled here. 'Shadwin,' says Adams, 'your ladyship is offended with me, I protest with any reason.

This couple were desirous to consummate long ago, and I dissuaded them from it: nay, I may venture to say, I believe I was the sole cause of their delayance

say, 'Well,' says she, 'and you did very wisely and honestly too, notwithstanding she is the greatest *beauty* in the parish.' — *Fiddling, Adventures of Joseph Andrews*.

What can thy ends, malicious *beauty*, be?

Can he, who kill'd thy brother, live for thee? *Dryden*.

Like an ill-judging *beauty*, his colours he spread,

And beplastered with rouge his own natural red.

Goldsmith, Retaliation.

And I have shew'd many a group

Of *beauties*, that were born

In tangles of head and hoop

Or wide the patch was worn. *Tennyson*.

Beauty. r. a. Make *beautiful*. *Rare*.

The harlot's cheek, *beautified* with plastering art,

Is not more ugly to the thing she helps it.

Than is my deed to my most unattractive word.

Shakespeare, Hamlet, iii. 1.

Beauty-spot. s. Spot placed to direct the eye to something else, or to heighten some beauty; foil; patch.

The silliness of swine makes them the *beauty-spot* of the animal creation. *Grice*.

Beaver. s. [A.S. *beofer*.]

1. Castor Fiber.

The *beaver*, being hunted, bethel off his stones,

knowing that for them only his life is sought. — *Hakewell*.

They placed this invention upon the *beaver*, for the sagacity and wisdom of that animal; indeed from its artifice in building. — *Sir T. Browne, Vulgar Errors*.

2. Hat: (so called from being made of the fur of the *Beaver*; perhaps, in some cases, from *Beaver*, from *barrière*).

You see a smart rhetorician turning his hat, moulding it into different cocks, examining the lining and the button during his harangue; a deaf man would think he was clapping a *beaver*, when he is talking of the fate of a nation. — *Addison*.

The broker here his spacious *beaver* wears,

Upon his brow set jealousies and cares. *Gay*.

Beaver. s. [Fr. *barrière*.] Part of a helmet covering the lower part of the face: (as distinguished from the *visor*).

His dreadful hideous head

Close enclined on the *beaver*, seem'd to throw,

From flaming mouth, bright sparks. *Spenser*.

Big Mars seems lurking in their *beaver's* host,

And faintly through a rusty *beaver's* peep. *Shakespeare, Henry V*, iv. 2.

He was slain upon a course at tilt, the splinters of the staff going in at his *beaver*. — *Bacon*.

Beaver. s. See *Bever*.

Beavered. adj. Covered with a *beaver*; wearing a *beaver*.

His *beaver'd* brow a larchen garland bears,

Dropping with infants' blood and mothers' tears.

Pope.

Bebeast. r. a. Make a beast of. *Rare*.

I dare say: 'there is not an atheist in the world who hath in his life *bebeasted* himself by setting his desires only on transitory and perishable goods, that would not on his death-bed count it the best bargain he ever made, to change souls with one of those whose diligence in providing for a future happiness hath often in his bestly sensuality impudently derided.' — *Bishop Reynolds, On the Passions*, cli. xi. (Ord MS.)

Beblod. part. adj. Made bloody. *Rare*.

The open war, with wounds all *beblod*.

Chaucer, Knight's Tale, 2004.

The feast

All was turn'd into blood:

The dish forthwith, the cuppe and all,

Belied they worn over all.

Guicer, Confession Amantia, ii.

Beblod. r. a. Make bloody. *Rare*.

You will not admit, I trow, that he was so *be-*

becloud v. a. With the blood of your sacrament-god.—
Shedden, Miracles of Antichrist, p. 80.

beblot v. a. Cover with blots. *Rare*.

Touching the letter, thou art wise enough,
I wot thou wilt it deignelle enclite,
As make it with those arguments tough,
No scribble-like, or craftily thou it write,
Behold it with thy toris like a lit.
Chaucer, Troilus and Criseyde, ii. 1027

beblabber v. a. Swell with weeping. *Rare*.

A very beautiful lady did call him from a certain
window, her eyes all beblabbered with tears.—
Shilou, Translation of Don Quixote, l. 3, 13.

becarfee s. [Ital.] Fig-pecker: (Sylvia
hortensis, a bird of passage which resembles
a nightingale, and feeds on figs and grapes).

The robin-redbreast, till of late, had rest,
And children spared held a martin's nest;
Till becarfee said so devious cheer,
To one that was, or would have been, a peer. *Pope*.

I also like to dine on becarfee. *Byron, Beppo*.

becalm v. a. Make calm.

Like a ship at hull and becalmed.—*Hammond, Sermons*, p. 655.

A man becalmed at sea, out of sight of land, in a
fair day, may look on the sun, or sea, or ship, a while
long, and perceive no motion.—*Locke*.

Soft whispering airs, and the dark's mirth song,
Then too to musing, and becalm the mind
Perplex'd with irksome thoughts, *A. Phillips*.
Banish his sorrows, and becalm his soul. *Addison*.
With easy dreams.
Perhaps prosperity becalm'd his breast;
Perhaps the wind just shifted from the east. *Pope*.

becalmed part. adj. Calmed; quieted;
kept (as a ship) at a standstill.

The moon shone clear on the becalmed flood.
Dryden.

becalming verbal abs. Calm at sea.

Other unlucky accidents oft-times happen in these
seas, as when (especially in becalming) men swim in the
bearing ocean. *Sir T. Herbert, Relation of some
Years' Travel into Africa and the Great Asia*, p. 6.
Thou art a merchant; what tell'st thou me of
cross winds, of Michaelian fogs, of ill weather, of
tedious becalmings, of piratical hazards.—*Season-
able Sermons*, p. 30.

Because conj. [by cause.] For this rea-
son that; on this account that; for this
cause that; (it makes the first part of an
illative proposition either expressly or by
implication, and is answered by *therefore*;
as, 'I fled, because I was afraid'; which is
the same with 'Because I was afraid, there-
fore I fled').

How great soever the sins of any person are,
Christ died for him, because he died for all; and he
died for these sins, because he died for all sins; only
he must reform.—*Hammond*.

Men do not successively agree in the sense of these
as of the other, because the interests, and lusts, and
passions of men, are more conversant in the one than
the other.—*Archbishop Tillotson*.

With of (= by cause of).

Infancy demands aliment, such as lengthens fibres
without breaking, because of the state of accretion.
—*Arbuthnot*.

becense v. a. Perfume with incense. *Rare*.

They are to visit their parishioners' houses with
holy water and perfume, commonly once a quarter;
and so having besprinkled and beensed the house-
man and his wife, with the rest of their household
and household stuff, they receive some devotion as
the man is of ability. *Fine's Shore House*, viii. 722.
(Ord MS.)

bechalk v. a. Overlay with chalk. *Rare*.

How much handsome must a floor appear to him
when splendidly bechalked by a capricious designer,
than when besprinkled with a watering-pot by a
slopped apprentice. *Cumtland, Memoirs*, ii. 361.
(Ord MS.)

becance v. a. Befall; happen to.

My sons, God knows what hath befallen them.
Shakespeare, Henry VI. Part III. ii. 4.
All hapless bechance to thee at Milan.
Id., Two Gentlemen of Verona, i. 1.

becarm v. a. Captivate; subdue by plea-
sure. *Rare*.

I am awak'd, and with clear eyes behold
The lethargy wherein my reason long
Hath been becharm'd.
Beaumont and Fletcher, Loves of Candy.

beck v. n. Make a sign with the head.

It becometh the king to perform the least word he
hath spoken, if he should only beck with his head.—
Book of Prayer, p. 6.

Beck v. a. Call or guide (as by motion of
head). *Obsolete*; superseded by *beckon*.

Bell, book, and candle, shall not drive me back,
When gold and silver beck me to come on.

Shakespeare, King John, iii. 3.

Oh, this false soul of Egypt, this gay charm,
Whose eye beck'd forth my wars, and call'd them
home. *Id., Antony and Cleopatra*, iv. 10.

Beck s.

1. Sign with the head; nod.

Haste thee, nymph, and bring with thee
Quips, and cranks, and wanton wiles,
Nods, and becks, and wreathed smiles.
Milton, L'Allegro, 26.

2. Nod of command.

Neither the lady kind shewed any roughness, nor
the easier any idleness; but still like a well-beyed
master, whose beck is enough for discipline.—*Sir P.
Sidney*.

Then forthwith to him takes a chosen band
Of spirits, lik'd to himself in guile,
To be at hand, and at his beck appear.

Milton, Paradise Regained, ii. 238.

The mental fur that round her wait,
At Helen's beck prepare the room of state. *Pope*.
Earth, ocean, air, night, mountains, winds, the star,
Are at thy beck and bidding, child of clay!

Before thee, at thy quest, their spirits are,
What would'st thou with us, son of mortals, say.
Byron, Manfred.

Beck s. [A.S. becc.] Small stream.

The brooks, the becks, the rills, the rivulets.
Dryden, Poliphilus, i.

Petty brooks and becks. *Id.* xxiv.
Statburn, a stony burn or beck, is a township
within this parish [Workington].—*Burn, History
of Cumberland*, p. 26.

Beckon v. n. [A.S. becanan.] Make a
sign without words.

Alexander beckoned with the hand, and have
made his defence unto the people. *Acts*, xiv. 33.

When he had raised my thoughts by those trans-
parent airs, he beckoned to me, and, by the waving
of his hand, directed me to approach. *Addison*.
Sudden you meant! you beckon from the skies,
Clouds interpose, waves roar, and winds arise. *Pope*.

Beckon v. a. Make a sign to.

With her two crooked hands she signs did make,
And beckon'd him. *Spenser, Faerie Queen*.
He beckon'd you to go away with it,
As if some impairment did desire
To you alone. *Shakespeare, Hamlet*, i. 4.

With this his distant friends he beckons near,
Provokes their duty, and prevents their fear. *Dryden*.

Beckon s. Sign with the head; sign without
words.

He that is corrupted cooperates with him that
corrupts; he runs into his arms at the first beckon.
—*Lord Bellingham, Dissolution of Parties*.

Beclip v. a. [A.S. be-clippian.] Embrace.
Obsolete.

And he took a child, and set him in the myddil of
hem, and when he hadde beclippid him, he sayde to
hem, Whoevers receyvethe one of siche children in my
name, he receyvethe me.—*Wycliffe, St. Mark*, ix. 36.
And suddenly, ere she it wiste,
Beclipt in armes he her kiste.
Gower, Confessio Amantis, i.

Becloud v. a. Dim; obscure.

Stella oft sees the very face of woe
Painted in my beclouded stormy face.
Sir P. Sidney, Astrophel and Stella.

Becloud his eyes, which soon fore'd smile clear.
Phineas Fletcher, Pseculgar Eclogues, v. 15.
Storms of tears

Become v. n. [A.S. becanan; from *be*,
cuman=come.]

1. Enter into some state or condition, by a
change from some other.

The Lord God breathed into his nostrils the breath
of life, and man became a living soul. *Genesis*, ii. 7.
And unto the Jews I became a Jew, that I might
gain the Jews. *1 Corinthians*, ix. 20.

A smaller pear, graced upon a stock that beareth
a greater pear, will become great.—*Bacon*.
My voice thou oft hast heard, and hast not fear'd,
But still rejoic'd; how is it now become
So dreadful to thee? *Milton, Paradise Lost*, x. 119.
So the best fruits, if mix'd with fairest seed,
Of future ill become the fatal seed. *Prior*.

2. Be the fate of; be the end of; be the sub-
sequent or final condition of: (with *what*
and *of*).

What is then become of so huge a multitude, as
would have covered a great part of the continent?
Sir W. Raleigh.
Perplex'd with thoughts, what would become
Of me, and all mankind?
Milton, Paradise Lost, xii. 275.

The first hints of the circulation of the blood were
taken from a common person's wondering what
became of all the blood which issued out of the
heart.—*Legend*.

What will become of me then? for when he is free,
he will infallibly accuse me.—*Dryden*.

What became of this thoughtful busy creature,
when removed from this world, has amazed the vul-
gar, and puzzled the wise.—*Rogers*.

3. Go: (with *where* alone). *Rare*.

Amuse, the day he him withdrew
So privately, that she ne wiste
Where he became: but as hym liste,
Out of the temple he goth his way.
Gower, Confessio Amantis, i.

Where is the antique glory now become,
That whylone went in women to appeare?
Spenser, Faerie Queen, iv. 1.

How fares my brother? Why is he so sad?—
I would joy, until I be resolved
Where our right valiant father is become.

Shakespeare, Henry VI. Part III. ii. 1.

You shall have sometimes fair houses so full of
glaces, that one cannot tell where to become to be out
of the sun. *Bacon*.

Become v. a. [from the root of the German
becumen=convenient. The preterite *be-
cam*, though general and old, is cata-
chrestic.] Suit; set off to advantage.

a. Applied to persons.

If I become not a cart as well as another man, a
plague on my bringing up.—*Shakespeare, Henry VI.*

Part I. ii. 4.

Sue to her sire unto humble reverence,
And bowed low, that her right wile became,
And added grace unto her excellence.

Spenser, Faerie Queen.

Why would I be a queen? Because my face
Would wear the title with a better grace;
If I become it not, yet it would be
Part of your duty then to flatter me. *Dryden*.
Whetherly was of my opinion, or rather, I of his;
for it becomes me so to speak of so excellent a poet.—
Id.

b. Applied to things.

I would I had some flowers of spring that might
Become your time of day; and yours, and yours.
Shakespeare, Winter's Tale, iv. 5.

Your discolour
Of that integrity which should have lov'd it.
Id., Coriolanus, iii. 1.

Becoming part. adj. Suiting.

Of thee, kind boy, I ask no red and white
To make up my delight
No old becoming creases,
Black eyes, or little know not what, in frowns.

Sir J. Suckling.
He utterly rejected their fables concerning their
gods, as not becoming good men, much less those
which were worshipped for gods.—*Bishop Stilling-
fleet*.

Yet some becoming modesty I may use;
I've well observ'd, nor will he now refuse. *Dryden*.

Make their pupils repeat the action, that they may
correct what is constrained in it, till it be perfected
into an habitual and becoming reason. *Locke*.

With of. *Rare*.

Their discourses are such as belong to their age,
their calling, and their breeding; such as are becom-
ing of them, and of them only.—*Dryden*.

Becoming verbal abs. That which becomes
or suits; attribute. *Rare*.

Sir, forgive me,
Since my becoming kill me, when they not
Eye well to you.

Shakespeare, Antony and Cleopatra, i. 3.

As soon as the officiate minister began to read
the collect for the King, Burnet, among whose many
good qualities self-command and a fine sense of the
becoming cannot be reckoned, rose from his knees,
sat down in his stall, and uttered some con-
tinuous noises which disturbed the devotion of the
congregation.—*Moranby, History of England*,
ch. ix.

Becomingly adv. After a becoming or
proper manner.

So truly and becomingly religious.—*Dr. H. More*

Confessio Catholica, dedication.
That she may be not only commendable for the
innocent purity of her heart, but admirable for the
elegance and decency of her hand; which used thee,
as all things, not only lawfully, but expediently,
piously, and prudently, conscientiously, and becom-
ingly.—*Jeremy Taylor, Artificial Happiness*,
p. 75.

Becomingness s. Attribute suggested by
Becoming (suiting).

There is a natural bravery, excellency, and becom-
ingness, in some actions, and there is a baseness and
illiness in others, whether we will or not.—*Halli-
well, Discourses*, p. 127.

Nor is the majesty of the divine government

BEER

greater in its extent, than the *becomingness* heretofore in its manner and form.—*Green*.

Let us live with the utmost regard to that beauty and *becomingness* of virtue, which will make the conduct of a good Christian lovely in the eyes of all that behold it.—*Delany, Christmas Sermon*.

Becripple. v. a. Make lame.

Those whom you bedward and becripple by your poisonous medicines.—*Dr. H. Mure, Mystery of Godliness*, p. 271.

Beddgel. v. a. Cudgel.

You shall see fortie or fifty stand together on the Pavenish all in a rage, and their skinnos thus beddgelled and beated every morning with a piteous cry.—*Time's Store House*, 862-3. (Ord MS.)

Bedrill. v. a. Overlay with curls.

In the bean compelled against his will to practise winning airs before the glass, or employ for whole hours all the thought withinside his noodle to bepowder and becurl the outside? *Search, Freewill, Poreknowledge, and Pate*, p. 94.

And sought to hide his froth-bedcurled head

Low in the earth.

Milton, Paraphrase on Psalm 114. (Ord MS.)

Bed. s. [A.S. bed.]

1. Something made to sleep on.

Lying not erect, but hollow, which is in the making of the bed; or with the legs gathered up, which is in the posture of the body, is the more wholesome.—*Bacon*.

On my knees I beg,
That you'll vouchsafe me, raiment, bed, and food.
Shakespeare, King Lear, ii. 4.

Rigour now is gone to bed,
And advice with scrupulous head.
Milton, Comus, 107.

Those houses then were caves, or homely sheds,
With twining mizers fence'd, and moss their beds.
Dryden.

Bring to bed. Deliver of a child.

Ten months after Florimel laywold to wed,
And was brought in a laudable manner to bed.
Prior.

2. Marriage.

George, the eldest son of this second bed, was, after the death of his father, by the singular care and affection of his mother, well brought up.—*Lord Clarendon*.

3. Plot in a garden.

Herbs will be tenderer and fairer, if you take them out of beds, when they are newly come up, and remove them into pots, with better earth.—*Bacon*.

4. Channel of a river, or any hollow.

So high as heaven'd the humid hills, so low
Down sunk a hollow bottom, broad and deep,
Capacious bed of waters.

Milton, Paradise Lost, vii. 230.

The great magazine for all kinds of treasure is supposed to be the bed of the Tiber. We may be sure, when the Romans lay under the apprehensions of seeing their city sacked by a barbarous enemy, that they would take care to bestow such of their riches that way, as could best bear the water.—*Addison*.

5. Place where anything is generated or reposed.

See hoary Albula's infected tide
O'er the warm bed of smould'ring sulphur glide.
Addison.

6. Layer; stratum; body spread over another.

I see no reason, but the surface of the land should be as regular as that of the water, in the first production of it; and the strata, or beds within, lie as even.—*T. Burnet, Theory of the Earth*.

Bed. v. a.

1. Go to bed with; place in bed; make a partner of bed.

They have married me:
I'll to the Tuscan wars, and never bed her.
Shakespeare, All's well that ends well, ii. 3.

She was publicly contracted, stated as a bride, and solemnly bedded; and, after she was laid, Maximilian's ambassador put his leg, stridged to the knee, between the espoused sheets.—*Bacon, History of the Reign of Henry VII.*

There was a doubt ripp'd up, whether Arthur was bedded with his lady.—*Ibid.*

He [Jacob] had solemnly married Rachel, and bedded her.—*Bishop Patrick, Paraphrase and Commentary on the Old Testament, Genesis*, xix. 30.

Sure Venus had never again bedded
So lovely a beau and a belle.
As when Harvey the handsome was wadded
To the beautiful Molly Legull.

Anonymous Epigram.

2. Sow or plant in earth.

Lay the turf with the grass side downward, upon which lay some of your best mould to bed your quick in, and lay your quick upon it.—*Mortimer, Husbandry*.

BEDD

3. Lay in a place of rest or security.

A snake bedd'd himself under the threshold of a country-house.—*N. B. L'Esrange*.

Bed. v. n. Cohabit.

If he be married and bed with his wife, and afterwards relapse, he may possibly fancy that she infected him.—*Bacon, Surgery*.

Bedabble. v. a. Dabble.

Never so wary, never so in woe,
Bedabbled with the dew, and torn with briars,
I can no further crawl, no further go.

Shakespeare, Midsummer Night's Dream, iii. 2.

Bedaggle. v. a. Duggle; bewire; soil clothes, by letting them reach the dirt in walking. Rare.

The faire crumie had rather die than be bedaggled with filth.—*Wetroppe, French and English Grammar*, p. 321; 1629.

Bascs fall low to the ground; they are also called in housing, from housse, bedaggled.—*Richardson, Notes on Milton*.

Bedare. v. a. Dare; defy. Rare.

The eagle . . . is emboldened
With eyes intente to bedare the sun,
Peter, David and Bethsabe.

Bedark. v. a. Darken. Rare.

When the blacke winter nighte,
Without moon or sterr light,
Bederked bath the water stroule.

Gower, Confessio Amantis, i.

Bedarken. v. a. Darken. Rare.

All these flowers in his garland were considered, when this cheery day of misfortune bedarkened him.—*Bishop Hacket, Life of Archbishop Williams*, i. 65.

Bedash. v. a. Dash; bewire by throwing dirt; bespatter; wet with throwing water. Rare.

When thy warlike father, like a child,
Told the sad story of my father's death,
That all the standers-by had wet their cheeks,
Like trees bedash'd with rain.

Shakespeare, Richard III. i. 2.

Bedaub. v. a. Besmen; soil by overspreading with any viscous substance.

A piteous case, a bloody piteous case,
Pale, pale as ashes, all bedaub'd in blood.

Shakespeare, Romeo and Juliet, iii. 2.

Used figuratively.

Parasites bedaub with false encomiums.—*Bacon, Anatomy of Melancholy*, p. 121.

Every moderate man is bedaubed with these goodly imitations of Arminianism, Popery, and what not.—*Bishop Montagu, Appeal to Caesar*, p. 130.

Bedazzle. v. a. Dazzle.

My mistaken eyes,
That have been so bedazzled by the sun,
That every thing I look on seemeth green.

Shakespeare, Twelfth of the Shrew, iv. 5.

Bedecandle. s. Candle for going to bed by.

The proprietor of the house covered over a bedecandle and a furtive tea-pot in the back drawing-room.—*Thackeray, The Newcomes*.

Bedchamber. s. Chamber appropriated to rest.

They were brought to the king, abiding them in his bed-chamber.—*Sir J. Hayward*.

He was now one of the bedchamber to the prince.—*Lord Clarendon*.

Readers who take an interest in the progress of civilization and of the useful arts will be grateful to the humble topographer who has recorded these facts, and will perhaps wish that historians of far higher pretensions had sometimes spared a few pages from military expeditions and political intrigues, for the purpose of letting us know how the parlours and bed-chambers of our ancestors looked.—*Macaulay, History of England*, ch. iii.

Bedclothes. s. Coverlets spread over a bed.

For he will be swine drunk, and in his sleep, he does little harm, save to his bedclothes about him.—*Shakespeare, All's well that ends well*, iv. 3.

Bedded. part. adj. Occurring as a bed or layer.

On each side of the firm and valuable stone is a great thickness of rotten granite and gravel; but further east, the granite is replaced by a variety of hornstone and cherry quartzite a bedded rock, extremely tough in this locality, and occasionally there occurs an exceedingly hard quartzite, passing into a conglomerate, apparently of old date, occasionally tephelitic by veins.—*Assted, The Channel Islands*, p. 271.

Bedding. s. Materials of a bed; bed.

There be no imms where meet bedding may be laid; so that his mantle serves him then for a bed.—*Spenser*.

First, with residuans care from winter keep,
Well futher'd in the stalls, thy tender sheep;
Then spread with straw the bedding of thy fold,
With fern beneath, to fend the bitter cold.—*Dryden*.

BEDI

{ BECRIPPLE
BEDIRT

Bedead. v. a. Deaden. Rare.

There are others that are bedeaded and stupefied as to their morals, and then they lose that natural shame that belongs to a man.—*Mullisch, Metaphysica*, p. 1.

Bedeck. v. a. Deck.

Thou shalt thy shape, thy love, thy wit,
And sweet none in the true use include,
Which should bedeck thy shape, thy love, thy wit.
Shakespeare, Romeo and Juliet, iii. 3.

Female it seems,
That so bedeck'd, ornate, and gay,
Comes this way.

With ornamental drops bedeck'd I stood,
And writ my victory with my enemy's blood.

Norris.

Now Ceres, in her prime,
Smiles fertile, and with ruddiest freight bedeck't.
J. Philips.

Bedehouse. s. [A.S. bedhus.] House for prayer. Obsolete, or applied only to certain individual buildings, generally ancient.

The bedehouse [in Stamford] was founded in the fourteenth century, and is a very curious and interesting building.—*Monast. Institutions of the Counties of England*.

Bedell. s. [Lat. bedellus.] Higher kind of bundle.

The academical functionaries, divided between reverence for the king and reverence for the law, were in great distress. Messengers were despatched in all haste to the Duke of Albemarle, who had succeeded Monmouth as Chancellor of the University. He was requested to represent the matter properly to the king. Meanwhile the registrar and bedells waited on Francis, and informed him that, if he would take the oaths according to law, he should instantly be admitted.—*Macaulay, History of England*, ch. vii.

Bedew. v. a. Moisten gently (as with the fall of dew).

Let all the tears that should bedew my hearse,
Be drops of halm to sanctify thy head.

Shakespeare, Henry IV. Part II. iv. 1.

The countess received a letter from him, whereunto all the while she was writing her answer, she bedew'd the paper with her tears.—*Sir H. Wotton*.

What slender youth, bedew'd with liquid odours,
Courts thee on roses, in some pleasant cave?

Milton, Translation of Horace i. 5.

Balm from a silver box distill'd around,
Shall all bedew the roots, and scent the sacred ground.

The bulbous end of the tongue is divided by a transverse curved groove into a shorter upper and a longer lower lobe, resembling the prehensile part of the elephant's proboscis; the surface is finely rugous, and bedew'd by adhesive secretion. Between the bulb and the base the glossoidal sheath is immediately surrounded by filaments, degenerating into lax elastic tissue, covered by the lingual skin, which is thrown into circular rugae or rugae in the contracted state.—*Owen, Anatomy of Vertebrates*.

Bedewy. adj. Moist with dew. Rare.

Dark night, from her bedewy wings,
Drops silence to the eyes of all.

Breuer, Lingua, v. 10.

Bedfellow. s. One who lies in the same bed.

Why doth the crown lie there upon his pillow,
Being so troubled with a bedfellow?

Shakespeare, Henry IV. Part II. iv. 4.

A man would as soon choose him for his bedfellow as his playfellow.—*Sir R. L'Esrange*.

What charming bedfellows and companions for life men choose out of such women!—*Addison*.

It was he who dressed up for me a lug that nightly sat upon my pillow—a sure bedfellow, when my aunt or my maid was far from me.—*Lamb, Essays of Elia, Witches and other Night Fears*.

Bedhangings. s. Curtains; stuff fit for curtains.

The story of the prodigal, or the German hunting in water-work, is worth a thousand of these bedhangings.—*Shakespeare, Henry IV. Part II.* iv. 4.

Bedight. v. a. Deck; adorn; dress. See Dight and Deck. Rare.

Scarer to Phœbus, more I am bedight
With his fair rays.

Dr. H. More, Song of the Soul, ii. 1, 2.

A maiden fine bedight he apt to love;
The maiden fine bedight his love retains,
And for the village he forsakes the plains.—*Gay*.

Let clouds bedim my face, break in mine eye.
Sir P. Sidney, Astrophel and Stella.

I have bedim'd
The noontide sun, call'd forth the mutton winds,
And 'twixt the green sea and the aur'd vault
Set roaring war.—*Shakespeare, Tempest*, v. 1.

Bedirt. v. a. Overlay with dirt. Rare.

How shall a sinner be ashamed to see himself before the Lord of all, naked of good works, bedirted and defiled with abominable and horrid crimes?—*Jeremy Taylor, Contemplations*, 98. (Ord MS.)

Redismal. *v. a.* Make dismal. *Rare.*

Let us see your next number not only bedismalled with broad black lines, death's heads, and cross narrow-lane but sewed with black thread!—*Student*, ii. 250.

Redizen. *v. n.* Overdo with dizenizing. See Dizen.

The name *bedizen'd* by the pedant muse,
The place of fame and glory supplies.

Heathley, Parody of Gray's Elegy.

Bedlam. *s.* [*Bethlehem* = name of a religious house in London, converted afterwards into a hospital for the mad and lunatic.]

1. Madhouse; place appointed for the cure of lunacy; madness itself.

They should have provided an hundred *bedlams* to entertain pious, zealous, and outrageous puritans, who have lost their wits and senses.—*Spelman, History of Sacrilege*, ch. vi.

Fiery wits love to see all in confusion and combustion, and think nothing eloquent or handsome but what is minted in the *bedlam* of their rage.—*Waterhouse, Apology for Learning*, p. 238: 1633.

2. Madman; lunatic; inhabitant of bedlam.

Let's follow the old out, and get the *bedlam*
To lead him where he would; his roughish madness
Allows itself to any thing.

Shakespeare, King Lear, iii. 7.

Bade stoutly withstand the forsworn *beds*, proving him forthwith to be but a *bedlam*.—*World of Wonders*, p. 243: 1608.

Bedlam. *adj.* Belonging to a madhouse; fit for a madhouse; mad.

The country gives no proof and precedent
Of *bedlam* beggars, who, with roaring voices,
Strike in their numb'd and mortify'd bare arms,
Pins, wooden pricks. *Shakespeare, King Lear*, ii. 3.

They accounted them *bedlam* fools, who did not believe that the drunkenness of the German people was the true foundation and establishment of so many famous republics as were now seen among them. *Translation of Boccaccio*, p. 51: 1624.

This which follows is plain *bedlam* stuff; this is the demoniac legion induced.—*Milton, Apology for Smectonymus*.

Life to the immortal; death to the perishing part of thee; blessing to the rational, divine; cursing to the *bedlam*, brutish part of thee.—*Hammond, Sermons*, p. 511.

Bedlamite. *s.* Occupant of bedlam; madman.

The nurse enters like a frantic *bedlamite*.

R. Johnson, New Inn, argument.

Alas! thou boast'st thy sober sense in vain;
In these poor *bedlamites* thyself survey.

Thyself less innocently mad than they. *Fitzgerald*.
Had the Egyptian prince intended the ruin of this city of wicked *bedlamites*, he could not have taken a more effectual method to do it than by such an ensnaring largess.—*Burke, Vindication of Natural Society*.

Bedmaker. *s.* Person who makes beds and cleans chambers.

I was deeply in love with my *bedmaker*, upon which I was rusticated for ever.—*Spectator*.

When the peacock vain rises, I strut a Gentleman Commoner. In graver moments, I proceed Master of Arts. Indeed I do not think I am much unlike that respectable character. I have seen your dimyered versers, and *bed-makers* in spectacles, drop a bow or a curtsy, as I pass, wisely mistaking me for something of the sort. I go about in black, which favours the notion. Only in Christ Church reverend quadrangle, I can be content to pass for nothing short of a Seraphic Doctor.—*Lamb, Essays of Elia, Oxford in the Vacation*.

Bedmate. *s.* Bedfellow; one who partakes of the same bed.

Had I no good occasion to lie long
As you, Prince Paris, nought but heav'nly business
Should rob my *bedmate* of my company.

Shakespeare, Troilus and Cressida, iv. 1.

Bedote. *v. a.* Make to doze. *Rare.*

To *bedote* this quene was their intent.
Chaucer, Legend of Wymphylite and Meleus, 180.

Bedpost. *s.* Post at the corner of a bed, which supports the canopy.

I came the next day prepared, and placed her in a clear light, her head braining to a *bedpost*, another standing behind, holding it steady.—*Wiseman, Surgeon*.

Bedpresser. *s.* Heavy lazy fellow.

This sanguine coward, this *bedpresser*, this horseback breaker, this huge hill of flesh.—*Shakespeare, Henry IV. Part I.* ii. 4.

Bedraggle. *v. a.* Draggie; soil the clothes, by suffering them, in walking, to reach the dirt.

Poor Patty Blount, no more he seen
Bedraggled in my walks so green. *Swift*.

Bedrench. *v. a.* Drench; soak; saturate with moisture.

Far off from the mind of Holingbroke
It is, such crimson tempest should *bedrench*
The fresh green lap of fair king Richard's land.
Shakespeare, Richard II. iii. 3.

Bedriddle. *v. a.* Cover with driddle. *Rare.*

And now this whelp of theirs *bedriddles* their ashes.—*Bishop Hall, Honour of married Clergy*, viii. (Ord. M8.)

Bedrid. *adj.* [A.S. *bedrida* = confined to bed.] Confined to bed by age or sickness.

Norway, uncle of young Fortinbras,
Who, impotent and *bedrid*, secretly hears
Of this, his nephew's purpose.

Shakespeare, Hamlet, i. 2.

Now, as a myriad
Of ants dured th' emperor's lov'd snuke invade;
The crawling kalleyes, sea gulls, flung chips,
Might brave our pinnares, now *bedrid* ships.

Doune, Poems, p. 145.

Hanging old men, who were *bedrid*, because
would not discover where their money was.—*Lord Clarendon*.

Infirm persons, when they come to be so weak as to be fixed to their beds, hold out many years; some have lain *bedrid* twenty years.—*Rag*.

Bedridden. *adj.* Catathrestic for *Bedrid*, which is not a participle.

While some persons accused William of breaking faith with the House of Austria, others accused him of interfering unjustly in the internal affairs of Spain. In the most inconspicuous and humorous political satire extant in our language, Arbuthnot's History of John Bull, England and Holland are typified by a clothier and a linen-draper, who take upon themselves to settle the estate of a *bedridden* old gentleman in their neighborhood.—*Maccarty, History of England*, ch. xxi.

Bedrite. *s.* Privilege of the marriage bed.

Whose vows are, that no *bedrite* shall be paid
Till Hymen's torch be lighted.

Shakespeare, Tempest, iv. 1.

Bedroom. *s.* Bedchamber.

So late as the year 1663 the gentlemen of the retinue of the Earl of Carlisle were, in the city of Moscow, thrust into a single *bedroom*, and were told that, if they did not remain together, they would be in danger of being devoured by rats.—*Maccarty, History of England*, ch. xxiii.

Bedrop. *v. a.* Let drops fall on anything; mark with spots or drops; speckle.

In cloth his black *bedropped* all with tears.

Chaucer, Knight's Tale.

Not so thick swart'd upon the soil
Bedrop with blood of Gorgon.

Milton, Paradise Lost, x. 526.

Our plenteous streams a various rare supply;
The silver'd in shi old.
The yellow carp, in scales *bedrop* with gold. *Pope*.

Bedrown. *v. a.* Drown. *Rare.*

Who hath *bedrown'd* the world with blood abroad.
Hudson, Judith, 357. (Ord. M8.)

Bedside. *s.* Side of the bed.

Last night he plaid his horrid game again.
Came to my *bed-side* at the full of midnight,
And in his hand that fatal fearful cup.

Middleton, The Witch, ii. 2.

When I was thus dress'd, I was carried to a *bed-side*.—*Talier*, no. 15.

Bedstaff. *s.* Wooden pin stuck anciently on the sides of the bedstead to keep the clothes from slipping.

Hostess, accommodate us with a *bedstaff*.—*R. Johnson, Every Man in his Humour*.

Bedstead. *s.* Frame on which the bed is placed.

Chimnies with scorn rejecting smoke;
Stools, tables, chairs, and *bedsteads* broke. *Swift*.

Bedstraw. *s.*

1. Straw laid under a bed to make it soft.

Flens loved principally of straw or mats, where there hath been a little moisture; or the chamber or *bedstraw* kept close, and not aired.—*Baron*.

2. Plant of the genus *Galium* so called.

Galium verum, petit muet, Fr., is called *bed-straw*, being one among a variety of odoriferous herbs, which were formerly used to strew beds with. *Louden, Encyclopaedia of Plants*, p. 93.

Bedswerver. *s.* One who is false to the bed; one who ranges or swerves from one bed to another.

She's a *bedswerver*, even as bad as those
That vulgar give the boldest titles to.
Shakespeare, Winter's Tale, ii. 1.

Bedtick. *s.* Ticking of a bed.

Even like to bedtick people, that began but coldly in their own defence, not employing all their means, but sparing their *bedticks*, beds of,

wool, chests, cupboards, and other moveables.—*Time's Store House*, 782. (Ord. M8.)

Bedtime. *s.* Hour of rest; sleeping-time.

What masks, what dances shall we have,
To wear away this long age of three hours,
Between our after-supper and *bedtime*?

Shakespeare, Midsummer Night's Dream, v. 1.
After evening repasts, till *bedtime* their thoughts
will be best taken up in the easy grounds of religion.
—*Milton, Tractate on Education*.

The snoring drunkard, if he does not fight
Before his *bedtime*, takes no rest that night.

Dryden.

Beduck. *v. a.* Duck; put under water. *Rare.*

The varlet saw, when to the flood he came,
How without stop or stay he deryly leapt,
And deepo himself *beducked* in the same.

Spenser, Faerie Queen, ii. 6, 42.

Beduke. *v. a.* Make a duke of. *Jocular.*

James Bridges and the Dean had long been friends;
James is *beduked*; of course their friendship ends.

Swift.

Bedung. *v. a.* Dung; mummure. *Rare.*

Leaving all but his (sciolith's) head to *bedung* that curth, which had lately shaken at his terror.—*Bishop Hall, Cases of Conscience*, ii. 2.

If they will fall a quinking and grinning intolerably, and appear in the streets, as some have done, soundly *bedunged* with chimney and filth; such may make some people believe any Roubin tends as revelations from God. *Pulter, Moderation of the Church of England*, p. 485.

Bedward. *ale.* Toward bed.

In heart
As merry, as when our nuptial-day was done,
And tapers burnt to *bedward*.

Shakespeare, Coriolanus, i. 6.

Naked bierly being boled in the wley of milke,
with the leaves of sorrell, marigold, and scabious, it
quencheth thirst, and cooleth the heat of the enflamed liver, being drunke first in the morning and
last to *bedward*. *Charrat, Herbar*, p. 60. (Ord. M8.)

Bedwarf. *v. a.* Make dwarfish; hinder in growth; stunt. *Rare.*

This shrinking, not close weaving, that hath thus
In mind and body both *bedwarfed* us. *Boone*.
Those whom *yon bedwarf* and leechlike by your
poisonous medicines. *Dr. H. More, Mystery of Gullinakee*, p. 277.

Bedwork. *s.* Work done in bed; work performed without toil of the hands.

The still and mental parts,
That do contrive how many hands shall strike,
When fitness call them on, and know, by measure
Of their obedient toil, the enemy's weight;
Why this hath not a finger's dexterity;
They call this *bedwork*, mumprey, closet war.

Shakespeare, Troilus and Cressida, i. 3.

Bedye. *v. a.* Dye; stain; colour. *Rare.*

Enye goddesse, lay that furious fit ayde,
Till I of warres and bloody Mars doe sing,
And Briton fields with Sarum blood bedye.

Spenser, Faerie Queen, ii. 11, 7.

Bece. *s.* [A.S. *bec* and *beaw*.] Insect of the genus *Apis*.

So work the honey *bees*,
Creatures that, by a ruling nature, teach
The art of order to a peopled kingdom.

Shakespeare, Henry V. i. 2.

A company of poor insects, whereof none are *bees*,
delighted with flowers and their sweetness; others
beetles, delighted with other viands.—*Locke*.

Bece-eater. *s.* Bird that eats bees (*Merops apinister*).

England seems to be the extreme region to the north of this *bece-eater*. *Naturalist's Library, Birds of Africa*.

Bece-garden. *s.* Place to set hives of bees in.

A convenient and necessary place ought to be made choice of, for your apiary, or *bece-garden*.—*Mortimer, Husbandry*.

Bece-master. *s.* One who keeps bees.

They that are *bece-masters*, and have not care enough of them, must not expect to reap any considerable advantage by them.—*Mortimer, Husbandry*.

Beech. *s.* [A.S. *bece*.] Tree of the genus *Fagus*.

Black was the forest, thick with *beech* it stood.

Dryden.

Nor is that sprightly wildness in their notes,
Which, clear and vigorous, warbles from the *beech*.
Thomson.

Beechen. *adj.* Consisting of the wood of the beech; belonging to the beech.

With diligence he'll serve us when we dine,
And in plain *beechen* vessels fill our wine.

Chapman, Translation of Juvenal's Satire xi.

Beechy. *adj.* Abounding in beech trees.

From whose vast *beechy* harks a rumour straight resounds. *Drayton, Polyolbion*, xix. 70. (Ord. M8.)

Beef. s. [*Fr. bœuf*]

1. Flesh of black cattle prepared for food.

What may you to a piece of *beef* and mustard?
Shakespeare, Taming of the Shrew, iv. 3.
 The fat of roasted *beef* falling on birds will taste them.—*Swift*.

2. Ox, bull, or cow, considered as fit for food: (in this sense it has the plural *beevies*).

These are the beasts which ye shall eat; the *beef*, the sheep, and the goat. —*Deuteronomy, xiv. 4.*
Tr. of 1578.

A pound of man's flesh, taken from a man,
 Is not so estimable, profitable neither,
 As flesh of muttons, *beefs*, or goats.

Shakespeare, Merchant of Venice, i. 3.
 There was not any captain but had credit for more victuals than we spent there; and yet they had of no fifty *beefs* among them. —*Sir W. Raleigh, Apology.*

One way, a hand select from forests drives
 A herd of *beevies*, fair oxen, and fair kine.

On hides of *beevies*, before the palace gate,
 Sad spoils of luxury! the suitors sat. —*Pope.*

A third [experiment] to try whether insects will be bred in a *beef's* bladder so close that no passage be left for any flybrows. —*Ray, Correspondence, Letter of Mr. Oldenburgh, p. 97.*

Reveal, at his touch, at once his jelly turn,
 And the huge bear is shrink into an urn.

Pope, Dunciad.

Beef. adj. Consisting of the flesh of the ox or cow.

If you are employed in marketing, do not accept of a treat of a *beef* steak and a pot of ale from the butcher. —*Swift*.

Beef-brained. adj. Nearly the same as beef-witted.

I grant that the most *beef-brained* sensualist is wise enough to see small notes in others. —*Tatler, Curio of Misprision, 29.* (Cf. MS.)

Beef-eater. s. [*Fr. buffetier* = one who guards the royal buffet.] Yeoman of the guard. *Cutcher's*.

Charles, however, had, a few months after his restoration, meant to form a small standing army. He felt that, without some better protection than that of the trainbands and *beef-eaters*, his palace and person would hardly be secure, in the vicinity of a great city swarming with warlike Fifth Monarchy men who had just been disarmed. —*Macaulay, History of England, ch. iii.*

Beef-witted. adj. Dull; stupid; heavy-headed.

That mangled, *beef-witted* lord! —*Shakespeare, Twelfth and Cressida, ii. 1.*

Beehive. s. Case, or box, in which bees are kept.

Drones suck not eagles' blood, but rob *beehives*.
Shakespeare, Henry VI., Part II., iv. 1.

I find, in the school of nature, no better emblem of this commendable possession of ourselves to public service, than the *beehive*. —*Walpole, Memoirs of the English, p. 375.*

Beehives, in different places, are of very different materials. The most usual form of them, however, is conic and well-finished; and the common materials of which they are made are twisted osiers or straw nicely matted together, and made into a sort of thick *corus*, bound round with osier bark. —*Rees, Cyclopædia.*

Beed. s. [*A.S. bygd*] Protection; refuge.

This breast, this bosom soft, shall be thy *beed*
 'Gainst storms of arrows.

Virgil, Translation of Tasso, xvi. 49.
 The flaming flowers on our gardens yield
 High sheltering woods and wa's main shield,
 But thou, beneath the random *beed*
 O' cloud or flame,
 Adorn'st the listless stidid field,
 Unseen, alone.

Ramus, To a Mountain Daisy.

Beer. s. [*A.S. bær*] Liquor made by fermenting a wort of barley, and flavouring with hops.

Here's a pot of good double *beer*, neighbour:
 drink. —*Shakespeare, Henry VI., Part II., ii. 3.*
 Put them altogether, they will serve
 Serve to beg single *beer* in.

Beaumont and Fletcher, Captain, ii. 3.
 Flow, Weiked! flow, like this insipid *beer*:
 Tho' stale, not ripe; tho' thin, yet never clear;
 So sweetly naukish, and so smoothly dull;
 Heady, not strong; and foaming, tho' not full.

Pope.

Beer-barrel. s. Barrel which holds beer.

Why, of that team, whereto he was converted,
 might they not stop a *beer-barrel*? —*Shakespeare, Hamlet, v. 1.*

Beer-drinker. s. Drinker of beer.

While the *beer-drinkers*, chiefly men in Austin jackets and smock frocks, kept their eyelids down.
 —*Silas Marner, ch. vi.*

Beerhouse. s. Old term for alehouse.

What woman (even among the drunken Al-muines) is suffered to follow her husband into the alehouse or *beerhouse*? —*Gacoinne, Delicate Duel for Drunkards, 1570.*

Beery. adj. Induced by beer; maudlin.

There was a fair proportion of kindness in Rave-loe; but it was of a *beery* and bungling sort. —*Silas Marner, ch. ix.*

Beestings, also Biosting and Beestning. s. [*A.S. byst*] First milk given by a cow after calving.

So may the first of all our fells be thine,
 And both the *beestings* of our goats and kine.
B. Jonson, Masques.
 And twice besides, her *biosting* never fail
 To store the dairy with a brimming pail. —*Drayton.*

Beeswing. s. Gauzy film, like the wing of a bee, in port wine, indicative of age.

He held it up to the light, and eyed the *beeswing* with the air of a connoisseur—which he was. —*Adventures of a private Pind.*

Beet. s. Plant of the genus Beta.

Beet roots are equally valuable as a culinary and agricultural production. —*London, Encyclopedia of Plants, p. 1081.*

Beetle. s. [from *A.S. bitola*] Insect distinguished by having hard cases or sheaths, under which it folds its wings.

The poor *beetle* that we tread upon,
 In corporal sufferance finds a pang as great,
 As when a giant dies.

Shakespeare, Measure for Measure, iii. 1.
 Others come sharp of sight, and too prevalent for that which concerned their own interest, but as blind as *beetles* in following this great and common danger. —*Kauffman, History of the Turks.*

A great there was with hoary moss overgrown,
 The claspings flies up the ruin's crevice,
 And there the bat and drowsy *beetle* sleep. —*Garth.*

The butterflies and *beetles* are such numerous tribes, that I believe, in our own native country alone, the species of each kind may amount to one hundred and fifty, or more. —*Ray.*

beetle. s. [from *A.S. bytel*] Heavy mallet, or wooden hammer, with which wedges are driven and pavements rammed.

If I do fill up with a three-man *beetle*. —*Shakespeare, Henry VI., Part II., i. 2.*

When, by the help of wedges and *beetles*, an inner is chiselled out of the trunk of some well-grown tree, yet, after all the skill of artificers to set forth such a divine block, it cannot, one moment, secure itself from being eaten by worms, or defiled by birds, or cut in pieces by axes. —*Bishop Stillingfleet.*

Beetle. r. n. Out out; hung over.

What if it tempt you toward the flood, my lord?
 Or to the dreadful summit of the cliff,
 That *beetles* o'er his base into the sea?

Shakespeare, Hamlet, i. 3.

Beetle-brow. s. Overhanging eyebrow.

He had a *beetle-brow*.
 A down-look, middle stature, with black hair.

Pastor Fido, p. 175.

He with the thick black locks, will it be? With the hump, as himself calls it, or black bear's-head, fit to be shaken as a sentinal portul? Through whose shaggy *beetle-brows*, and eagle-hen, seemed, catamorphed faces, there look natural fierceness, small-pox, inequity, leanness, and humming fire of genius; like conical fire, or volcanic salubrity through darkest confusion? It is Gabriel Honoré Riquetti de Mirabeau, the world-compeller; man, ruling deputy of Aix! According to the Baroness de Staël, he steps proudly along, though looked at askance here; and slakes his black chelyure, or lion's mane; as if prophetic of great deeds. —*Carlyle, French Revolution, pt. i, ch. iv.*

Beetle-browed. adj. Having overhanging eyebrows.

He with *beetle-browed* and bawling-eyed also,
Longfellow, Vision of Piers Plouman.

A *beetle-browed* sullen face makes a palace as smoky as an ash hut. —*Howells, Letters, ii. 25.*
 Enquire for the *beetle-browed* critic, &c. —*Swift.*

Beetleheaded. adj. Having a head like the head of a wooden beetle.

A whorson, *beetle-headed*, fly-eyed knave.
Shakespeare, Taming of the Shrew, iv. 1.

Beetlestock. s. Handle of a beetle.

To crutch, to please, to be a *beetle-stock*
 Of thy great master's will.

Spenser, Mother Hubbard's Tale.

Beetling. part. adj. Jutting out; hanging over.

High in the *beetling* cliff, his airy builds. —*Thomson.*

Beeworm. s. Larva of the bee.

There was a single *beeworm* in each cell, and pro-

vision of meat. —*Ray, Correspondence, Letter of Dr. Elder, p. 66.*

Befall. v. a. [*A.S. befeallan*] Happen to.

a. In general.
 Lion asked an envious nun, that was very sad,
 what harm had *befallen* into him, or what woe had
befallen into and her man? —*Bacon, Apophthegms.*
 No man can certainly comprehend God's love or
 hatred to any person, from what *befalls* him in this
 world. —*Archbishop Tillotson.*

b. Used of ill.
 Let me know
 The worst that may *befall* me in this case.
Shakespeare, Othello, Night's Dream, i. 1.
 Other doubt possesses me, lest harm
befall thee, severed from me.
Milton, Paradise Lost, ix. 251.
 This venerable person, who probably heard of
 Saviour's prophecy of the destruction of Jerusalem,
 drew his congregation out of those unparalleled cala-
 mities which *befall* his countrymen. —*Adelton, In-formation of the Christian Religion.*
 This disease has *befallen* them, not because they
 deserved it, but because the people love new faces. —*Id., Fanny Hill.*

With to before the person.
 Some great mischief hath *befallen*
 To that new man. —*Milton, Paradise Lost, xi. 420.*

Befall. r. n.

1. Happen; come to pass.
 But since the affairs of men are still uncertain,
 Let's reason with the worst that may *befall*.
Shakespeare, Julius Caesar, v. 1.
 I have revolved
 The discord which *befall*, and war in heaven
 Among the angelick powers.
Milton, Paradise Lost, vi. 965.

2. Recome; be the state or condition: (with of).
 Do me the favour to dilate at full
 What hath *befallen* of them, and then, till now.
Shakespeare, Comedy of Errors, i. 1.

Beft. r. a. Suit; be suitable to.

Beft is his love, and best *befts* the dark.
Shakespeare, Romeo and Juliet, ii. 1.
 Out of my sight, thou serpent! That mine best
befts thee, with him would'st; thyself as false.
Milton, Paradise Lost, x. 567.
 I will bring you where she sits,
 Clad in splendour, as *befts*
 Her duty.
Id., Arcades, 91.
 Thou, what *befts* the new lord mayor,
 Art anxiously inquisitive to know.
Drayton.
 As the seven heavens were hoarse that announced
 the fatal entrance of Haman, so the knock of the
 postmen on this day is light, airy, confident, and *be-
 fitting* one that brings good tidings. —*Laub, Essays of Elia, Valentine's Day.*

Beftam. r. a. Cover with foam.

At last the dropping vines, *beftam'd* all o'er,
 With fleecy heaviness the air upbore.
English, Translation of Ovid's Metamorphoses, iv.

Beftol. r. a. Infatuate; fool; deprive of understanding; lead into error.

Go thou, and *beftol* thyself for a
 common enemy.
Shakespeare, Julius Caesar, p. 185.
 To be so pitifully misled and *beftol*. —*Id., Hamlet, p. 567.*
 Men *beftol* themselves infinitely, when, by venting
 a few sighs, they will needs persuade themselves that
 they have repented. —*South.*
 Jerusalem thought policy the best policy, though in
 nothing more *beftol*; the nature of sin being not
 only to delude, but to infatuate. —*Id.*

Beftore. v. a. [*A.S. beforan*] Further on-ward; in front.

1. In space.
 Thou'd'st so far *beftore*,
 The swiftest wing of recompence is slow
 To overtake thee. —*Shakespeare, Macbeth, i. 4.*

2. In time.
 Heavenly born,
Beftore the hills appear'd, or fountain flow'd,
 Thou with eternal Wisdom didst converse.
Milton, Paradise Lost, vii. 7.
Beftore two months their orb with light adorn,
 If I can't allow me life, I will return. —*Drayton.*
Beftore this elaborate treatise can become of use to
 my country, two points are necessary. —*Swift.*

Beftore. prep. Onward; in front of.

1. In space.
 Their common practice was to look no further
beftore than the next line; whence it will
 follow that they can drive to no certain point. —*Drayton.*
 Who shall go
 Before them in a cloud, and pillar of fire;
 By day a pillar, by night a pillar of fire,
 To guide them in their journey, and remove
 Behind them, while the obdurate king pursues.
Milton, Paradise Lost, xii. 201.

201

a. In the presence of.

Noting authority or conquest.

Great queen of gathering clouds,
See we fall before thee!
Treadst thou we alone thee.
The Alps and Tynean sink before him.

Dryden.

Addison.

Noting respect.

We see that blessing, and the casting down of
the eyes both, are more when we come before many.
— *Bacon*.

They represent our poet belov'd a firmer and a
courter, when he drest himself in his best habit,
to appear before his patron. — *Dryden*.

b. In sight of.

Before the eyes of both our armies here,
Let us not wrangle.

Shakespeare, *Julius Caesar*, iv. 2.

c. Under the cognizance of: (noting jurisdiction).

If a suit be begun before an archdeacon, the ordinary
may license the suit to an higher court. —
Ayliffe, Purveyors Juris Canonici.

d. In the power of: (noting the right of choice).

The world was all before them, where to choose
Their place of rest, and Providence their guide.

Milton, *Paradise Lost*, xii. 646.

Give us this evening; that last morn and night,
And all the year before thee for delight. — *Dryden*.
He hath put us in the hands of our own counsel,
Life and death, prosperity and destruction are before
us. — *Archbishop Tillotson*.

e. By the impulse of something behind.

Her part, poor soul! seeming as burdened
With lesser weight, but not with lesser woe,
Was carried with more speed before the wind.

Shakespeare, *Country of Errors*, i. 1.

Hurried by fate, he cries, and turns before
A furious wind, we leave the faithful shore. — *Dryden*.

2. In time.

Particular advantages it has before all the books
which have appeared before it in this kind. — *Dryden*.

3. In order.

We should but presume, to determine which should
be the fittest till we see he hath chosen some one,
which one we may then boldly say to be the fittest,
because he hath taken it before the rest. — *Hooder*.

We think poverty to be infinitely desirable before
the torments of riches. — *Jeremy Taylor*.

Beforehand, adv.

1. In a state of anticipation, or preoccupation: (with with).

Quoth Hudibras, I am beforehand,
In that already, with your command.

Bathur, *Hudibras*.

Your soul has been beforehand with your body,
And drink so deep a draught of promise'd bliss,
She slumber's o'er the cup. — *Dryden*.

I have not room for many reflections: the last
cited author has been beforehand with me in this
proper mood. — *Addison*.

2. Previously; by way of preparation or preliminary.

His profession is to deliver precepts necessary to
eloquent speech; yet so, that they which receive
them, may be taught beforehand the skill of speak-
ing. — *Hooder*.

When the lawyers brought extravagant bills, Sir
Roger used to bargain beforehand, to cut off a
quarter of a yard in any part of the bill. — *Arch-
bishop Tillotson, History of John Bull*.

Let the speaker debate beforehand what shall be
his concluding topic; and let him premeditate thor-
oughly, not only the substance of it, but the mode
of treating it, and all but the very words. — *R.
Whately, Elements of Rhetoric*, pt. i. ch. iv.

3. Anticipantly; aforesaid.

It would be resisted by such as had beforehand
resisted the general proofs of the gospel. — *Bishop
Atterbury*.

4. In a state of accumulation, or so as that more has been received than expended.

Strawer's house is at this time rich, and much
beforehand; for it hath laid up revenue these thirty-
seven years. — *Bacon*.

5. At first; before anything is done.

What is a man's contending with insuperable diffi-
culty, but the rolling of Sisyphus's stone up the
hill, which is seen beforehand to return upon him
again. — *Sir R. L. Estlin*.

Beforetime, adv. Formerly; of old time.

Before time in Israel, when a man went to enquire
of God, thus he spoke. — *1 Samuel*, ix. 9.

Before, or Beforetime, adv. Same as Before.

Obsolete.

All thy admirable creatures made before,
Which begot's, and with, and even the adorn,
Are but empty, compar'd in every part,
To this highest masterpiece of art.

Sylvester, *De Partur*, p. 53.

And fruitfully the ground gave her increase
Which seventy year untill'd by before,
And nothing bare, but thisle, weed, and thorne.

Milton, *Judith*, l. (Ord MS.)

Beforetime, v. n. Happen to; betide. Rare.

I give consent to go along with you;
Reckless as little what betideth me.
As much I wish all good beforetime you.

Shakespeare, *Two Gentlemen of Verona*, iv. 3.

Beforefriend, v. a. Act as a friend towards any-

one.

If it will please Caesar
To be so good to Caesar as to hear me,
I shall beseech him to beforefriend himself.

Shakespeare, *Julius Caesar*, ii. 4.

Now if your plots be ripe, you are beforefriend
With opportunity. — *Sir J. Denham*.

See them embark'd,
And tell me if the winds and seas beforefriend them.

Addison.

Be thou the first true merit to beforefriend;
His praise is best who stays till all commend.

Pope.

Brother servants must beforefriend one another.

Swift.

Indeed it requir'd not the heart of a shepherd
to escape, especially as the darkness of the night
would have so much beforefriend him. — *Fiehlings,
Adventures of Joseph Andrews*.

Before, v. a. Decorate with fringes.

Having a brave lass, like another Penthosion,
for their lender, so beforefriend'd with gold, that they call'd
her Golden-foot. — *Folker, History of the Holy War*,
p. 78.

When I flatter, let my dirty leaves
Clothe spice, fine trunks, or, flatter in a row,
Beforefriend the rails of Beilham and Solo.

Pope, *Imitations of Horace*.

Beg, v. a.

1. Ask; seek by petition; seek as a beggar.

He went to Pilate, and begged the body of Jesus.
Matthew, xviii. 28.

So how they lay an alms of flattery. — *Young*.
I shall only say that your lordship will be pleas'd
to excuse it, if you find a short answer to the paper
of another man. — *Locke*, iii. 182.

They that you will be pleas'd to send me an at-
testation to Mr. Carter's merit. — *Dr. Johnson, To
Mr. Thrale*, June, 1775.

There are two things which, in speaking to this
subject, I would have been to recommend to your
serious consideration. — *Bishop Sh. Lock*, iii. 2.

Before I begin I must beg leave to say I am very
glad to see your lordship had your excellent wit and
right understanding to inquiries of this nature. —
Barrow, On the Lament Trade.

2. Take anything for granted, without evi-

dence or proof.

We have not begged any principles or suppositions,
for the proof of this; but taking that
ground, which both Moses and all antiquity pre-
sented. — *J. Barrow, Theory of the Earth*.

The remaining kind, 'petitio principii,' 'begging
the question,' takes place when one of the Premises
(whether true or false) is either plainly equivalent to
the conclusion, or depends on that for its own recep-
tion. I have said, 'one of the Premises,' because in all
correct reasoning the two Premises taken together
must imply and virtually assert the conclusion. It
is not possible, however, to draw a precise line, ge-
nerally, between this Fallacy and fair argument;
since, to one person, that might be fair reasoning,
which would be, to another, 'begging the question';
inasmuch as, to the one, the Premises might be more
evident than the Conclusion; while, by the other, it
would not be admitted, except as a consequence of
the admission of the conclusion. The most plausible
form of this Fallacy is arguing in a circle; and the
greater the circle the harder to detect. — *E. Whately,
Elements of Logic*, b. iii. § 8.

Beg, v. n. (in the second extract the verb is

perhaps transitive with leave understood,
rather than truly intransitive.) Ask for alms.

A letter due to beg I am assumed. — *Locke*, xvi. 3.

I cannot will now perhaps meet me at Richmond,
for I shall be expected to pass a few days at Lord
Archebald's; and I beg to have my thoughts set at
rest by a letter from you or my mistress. — *Dr. John-
son, To Mrs. Thrale*, Oct. 15, 1773. (Ord MS.)

Begad, interj.

'Begad, umham,' answered he, 'tis the very same
I met. 'I did not imagine,' replied the lady, 'you
had so good a taste.' 'Because I never liked you, I
warrant,' cries the beau. 'Ridiculous!' said she,
'you know you was always my version.' 'I would
never mention version,' answered the beau, 'with
that face; dear Lady Boodle, wash your face before
you mention version, I beseech you.' He then
laughed, and turned about to coquet it with Fanny.
— *Fiehlings, Adventures of Joseph Andrews*.

Begét, v. a. [A.S. begetan = obtain.]

1. Generate; procreate; become the father

of: (as children).

But first came, ye fair hours, which were begot

In Jov's sweet paradise, of day and night,
Which do the seasons of the year allot.

Spenser, *Epithalamium*.

I talk of dreams,
Which are the children of an idle brain,
Begot of nothing but vain phantasy.

Shakespeare, *Romeo and Juliet*, i. 4.

Who hath begotten me these, seeing I have lost
my children, and am absolute? — *Isaac*, xlix. 21.
'Purse be the noble Chauliun more begot. — *Dryden*.
Love is begot by fancy, bred

By ignorance, by expectation fed.

Glauville.

With on, or upon, before the mother.

Beyd upon.

His mother Martha by his father John. — *Spectator*.

2. Produce.

a. As effects.

If to have done the thing you gave in charge
Begot your impudence, be happy then,
For it is done. — *Shakespeare, Richard III*, iv. 3.
My whole intention was to begot in the minds of
men magnificent sentiments of God and his works.
— *Chapman*.

b. As accidents.

Is it a time for story, when each minute
Begot a thousand dangers? — *Sir J. Denham*.

Begotter, s. One who begets; father.

For what their process gain'd, the law declares
Is to themselves alone, and to their heirs:
No share of that goes back to the begotter,
But if the son fights well, and plunders better.

Dryden.

Men continue the race of mankind, commonly
without the intention, and often against the consent
and will of the begotter. — *Locke*.

Beggable, adj. Capable of being, or liable

to be, obtained by begging. Rare.

He finds it his best way to be always craving,
because he lights many times upon things that are
disposed of, or not to be had. — *Bathur, Characters*.

Begger, s. [Dutch, *beeggar*; connectedwith *bag* = wallet for alms.]

1. One who lives upon alms; one who has

nothing but what is given him.

He roseth up the poor out of the dust, and lifteth
up the beggar from the dunghill, to set them among
princes. — *1 Samuel*, ii. 8.

We see the whole equipage of a beggar so drawn
by Home's, as even to require a mob and dignity.
— *Bacon*.

Accustomed to the splendour and to the discipline
of French camps and garrisons, he was disgusted by
finding that, in the country to which he had been
sent, a regiment of infantry meant a mob of people
as naked, as dirty, and as disorderly as the beggars,
whom he had been accustomed to see on the Com-
mune besieging the door of a monastery or pursuing
a distance up hill. — *Marsden, History of England*,
ch. xvii.

2. One who supplicates for anything; peti-

tioner. *Harsh and contemptuous.*

What subjects will precarious kings regard?
A beggar speaks too softly to be heard. — *Dryden*.

3. One who assumes what he does not prove.

These shameful beggars of principles, who give
this precarious assent of the opinion of them,
assume to themselves to be men of reason. — *Arch-
bishop Tillotson*.

Begger, v. n.

1. Reduce to beggary; impoverish.

Whose heavy hand hath bow'd you to the grave,
And beggar'd yours for ever.

Shakespeare, *Macbeth*, iii. 1.

They shall spoil the clothiers' wool, and beggar the
present spinners. — *Granat, Bills of Mortality*.

The tailor.

With heav'n, for twopenny, clappily wipes his score,
Lifts up his eyes, and boasts to be poor more. — *Gay*.

2. Deprive.

Necessity, of matter beggar'd.
Will nothing stick our persons to arraign
In ear and ear. — *Shakespeare, Hamlet*, iv. 5.

3. Exhaust.

For her person,
It beggar'd all description; she did lie
In her pavilion, cloth of gold of tissue,
Over-plecturing Venus.

Shakespeare, *Antony and Cleopatra*, ii. 2.

4. Drive by impoverishing: (with out).

A wicked administration may propose to beggar
them out of their sturliness. — *Lord Bolingbroke,
Disertation on Parties*, iv.

Many men were rich that beggared out of the
country, which was no home for industry. — *C. H.
Pearson, The early and middle Ages of England*,
ch. xxviii.

Beggardness, s. Attribute suggested by

Beggary; state of being beggarly; mean-
ness; poverty.
They went about to hinder the journey, by railing
on the beggardness of it, and discrediting of it. —
Lord Wimbeldon, To the Duke of Buckingham,
Cubala, p. 180: 1664.

beggarly, *adj.* Mean; poor; indigent; in the condition of a beggar: (used of *persons and things*).

I ever will, though he do shun me off
To beggary divorcement, love him dearly.

Shakespeare, Othello, iv. 2.

A *beggarly* account of empty boxes.

Who that beheld such a bankrupt *beggarly* fellow
As Cromwell entering the parliament house, with a
thread-lbare torn cloak and grubby hat, could have
suspected that he should, by the murder of one king
and the banishment of another, ascend the throne?
—*South*.

The next town has the reputation of being ex-
tremely poor and *beggarly*. *Addison, Travels in*
Italy.

fraternal regions, would be the great mart for the
choicest luxuries, sugar, rum, coffee, chocolate, to-
bacco, the tea and porcelain of China, the muslin of
Bacon, the shawls of Cashmere, the diamonds of
Golconda, the pearls of Carraek, the delicious birds'
nests of Nicobar, cinnamon and pepper, ivory and
sandal wood. — *Marsden, History of England*, ch.
xxx.

Beggarly, *adv.* Meanly; despicably; indi-
gently.

Touching God himself, hath he revealed, that it is
his delight to dwell *beggarly*? and that he taketh no
pleasure to be worshipped, saving only in poor
retumes? — *Hobbes*.

Beggarmen, *s.* Man who is a beggar.

Is it a *beggar-men*?

Madman and beggar too.

Shakespeare, King Lear, iv. 1.

Beggary, *s.* Indigence; poverty in the ut-
most degree.

On he brought me into so bare a house, that it was
the picture of miserable happiness and rich *beggary*.
— *Sir P. Sidney*.

While I am a beggar, I will rail,
And say there is no sin, but to be rich;
And he that is rich, my virtue then shall be,
Tusny there is no vice, but *beggary*.

Shakespeare, King John, ii. 2.

We must become not only poor for the present,
but reduced, by further mortgages, to a state of
beggary for endless years to come. — *Steuft*.

Begit, *part. adj.* Gilded.

Six miles attending on her, attired with black-ram
bridle-eyes *begit*, white sleeves, and stammin' petti-
coats, dressed after the cleanliest country guise. — *R.
Johnson, Canterbury*.

Begin, *v. n.* [A.S. *beginnan*, or more com-
monly *ginnan*.]

1. Enter upon something new: (applied to
persons).

Begit every day to repent; and that thou shouldst
at all *begit* it; but all that is past ought to seem
little to thee, as it is so at itself. *Begit* the next
day with the same zeal, fear, and humility, as if thou
hast never begun before. — *J. Wesley, Tracts*.

2. Commence any action or state; do the
first act, or first part of an act; make the
first step from not doing to doing.

They *begun* at the ancient men which were before
the house. — *Eschscholt*, ix. 6.

I'll sing of heroes and of kings;

Begit, my muse.

Of these no more you hear him speak;

He now *begins* upon the Greek;

These rancid and show'd, shall in their turns,

Romans obscure; as in their urns.

Beginning from the rural goals, his hand

Was liberal to the powers of high command.

Depden.

Rapt into future times the bard *begun*,

A virgin shall conceive.

Pope.

3. Enter upon existence: (as, 'the world *be-
gan*': 'the practice *begun*').

I am as free as nature first made man,

Ere the base laws of servitude *be-gan*.

When wild in woods 'he noble savage ran.

Depden.

4. Have its original.

And thus the hard and stubborn race of man,

From animal rock and flint *begun*.

Sir R. Blackmore.

From Nimrod first the savage race *begun*;

A mighty hunter and his game was man.

Pope.

5. Take rise; commence.

Judgement must *begin* at the house of God. —

1 Peter, iv. 17.

The song *begun* from Jove.

Depden.

All ends in love of God, and love of man.

Pope.

6. Come into act.

Now and then a sash he stole,

And tears *begun* to flow.

Dryden.

Begin, *v. a.*

1. Do the first act of anything; pass from
not doing to doing, by the first act.

Ye nymphs of Solyon, *begin* the song.

They have been awaked, by these awful scenes,

To *begin* religion; and afterwards, their virtue has

improved itself into more refined principles, by

divine grace. — *Watts*.

My peace we will *begin*.

Shakespeare, Cymbeline, v. 5.

2. Trace from anything as the first ground.

The apostle *begins* our knowledge in the crea-
tures, which leads us to the knowledge of God.

— *Lanke*.

3. Enter upon; fall to work upon: (with
a *thing*).

Begin, *s.* Beginning. *Obsolete*.

Let no whit there disun-

The hard *beginne* that needs thee in the door.

Spenser, Faerie Queen, iii. 3, 2

Beginner, *s.*

1. He who gives the first cause, or original,
to anything.

This happy crime on crime, and grief on grief,

To loss of love adjoining loss of friend,

I meant to purge both with a third mischief,

And, in my wife's *beginner*, it is cut.

Spenser, Faerie Queen.

Socrates maketh himself, the bishop of Antioch,

the first *beginner* thereof, even under the apostles

themselves. — *Hobbes*.

2. Unexperienced attempter; one in his rudiments; young practitioner.

Palladius, behaving himself nothing like a *be-*
ginner, brought the honour to the Iberian side.

— *Sir P. Sidney*.

They are, to *beginners*, an easy and familiar in-

struction; a timely augmentation of all virtue

and knowledge in such as are entered before. —

Hobbes.

I have taken a list of several hundred words in a

sermon of a new *beginner*, which not one hearer

could possibly understand. — *Steuft*.

Beginning, *verbal abs.*

1. Original or cause.

Wherever we place the *beginning* of motion,

whether from the head or the heart, the body moves

and acts by a cause out of all its parts. — *Steuft*.

2. Entrance into act, or being.

In the *beginning* God created the heavens and the

earth. — *Genesis*, i. 1.

3. State in which anything first is.

Youth, what man's age is like to be, both show;

We may our end by our *beginning* know.

Sir J. Denham.

4. Rudiments, or first grounds or materials.

By viewing nature, nature's handmaid, art,

Makes mighty things from small *beginnings* grow:

This fishes' trail to shipping did impart,

Their tail the rudder, and their head the prow.

Depden.

The understanding is passive; and whether or not

it will leave these *beginnings* and materials of know-

ledge is not in its own power. — *Locke*.

5. First part of anything.

The causes and desires of an action, are the *be-*
ginning; the effects of these causes, and the diffi-

culties that are met with in the execution of these

designs, are the middle; and the marvellous and

resolution of these difficulties, are the end. —

Brown.

Beginningless, *adj.* Having no beginning.

Rare.

Melchisedec, in a typical or mystical way, was

beginningless, and endless in his existence. — *Bar-*
row, Sacraments, ii. 397.

To suppose one continued being of *beginningless*

and endless duration, neither self-existent and nec-

essary in itself, nor having its existence founded in

any self-existent cause, is directly absurd and con-

tradictory. — *Clark, Dissertations of the Being and*
Attributes of God, p. 13.

Begird, *v. a.* (All the following illustrations
give the participle, which from *begird* is
begirt, as bent from *build*, built from *build*,
&c. The form in *d* itself is comparatively
scarce; that in *t* commoner than we ex-

pect).

1. Bind with a girdle; encircle; surround;

encompass.

Or should she, confident,

As sitting queen ador'd on beauty's throne,

Descend, with all her winning charms *begirt*

Milton, Paradise Regained, ii. 211.

At home surrounded by a servile crowd,
Prompt to abuse, and in distraction hand;
Abroad *begirt* with men, and swords, and spears;
His very state acknowledging his fears. — *Prin*

2. Shut in with a siege; beleaguer; block in.

It was so closely *begirt* before the king's march

into the west, that the counsel humbly desired the

majesty that he would relieve it. — *Lord Clarendon*

Begirt, *v. a.* Begird. *Rare*.

Then thou shalt behold

Whether by supplication we intend

Address, and to *begirt* the Almighty throne

Beseeching or besieging. — *Milton, Paradise Lost*, v. 9.

And, Leontides, *begirt* you Pompey's house;

To seize his son-in-law; for they are they

who have, and will have, you.

— *Shakespeare, Titus Andronicus*, ii. 3.

— *Shakespeare, Titus Andronicus*, ii. 3.

— *Shakespeare, Titus Andronicus*, ii. 3.

— *Shakespeare, Titus Andronicus*, ii. 3.

— *Shakespeare, Titus Andronicus*, ii. 3.

The serpent me beguiled, and I did eat!

Milton, Paradise Lost, l. 102.

Whosoever sees a man who would have beguiled,
and imposed upon him by unking him believe a lie,
he may truly say, that is the man who would have
ruined me.—*South.*

2. Deceive; ensnare.

Is wretchedness deprived that benefit,
To end itself by death? 'Tis yet some comfort,
When misery would beguile the tyrant's rage,
And frustrate his proud will.
Shakespeare, King Lear, iv. 6.

3. Deceive pleasantly; amuse.

Sweet, leave me here awhile;
My spirits grow dull, and fain I would beguile
The tedious day with sleep.
Shakespeare, Hamlet, iii. 2.
With these sometimes she doth her time beguile;
These do by fits her phantasy possess.
Sir J. Davies.

Beguiler. s. One who beguiles.

To-day a beguiler, to-morrow beguiled. — *Woods
v. ph.*, French and English Grammar, p. 176: 1625.

Beguilty, v. a. Remder guilty. Rare.

By easy communications of publick penance for a
private pecuniary matter (that) died at once beguilty
thine own conscience with sordid bribery, and em-
bodied the adulterer to commit that sin again without
fear, from which he hath once escaped without
shame, or so much as valuable loss. — *Bishop Sanderson,
Sermons, p. 275.*

Béguin, s. [Fr. *béguin*; L. Lat. *beghina*.]

Nun of a particular order of doubtful origin.

Young wanton wenches and *bequins*, nuns and
naughty nicks. — *World of Wonders, p. 184: 1609.*

Behalf, s. [see Half.]

1. Side of anyone; favour; cause favoured: (with in).

He was in confidence with those who designed the
destruction of Stratford; against whom he had con-
tracted some prejudice, in the *behalf* of his nation.
— *Lord Clarendon.*

Were but my heart as naked to the view,
Mereus would see it bleed in his *behalf*. — *Addison.*
Never was any nation blessed with more frequent
interpositions of Divine Providence in its *behalf*.
— *Bishop Atterbury.*

Many were the services which he thus rendered;
unsolicited; and frequently the officer, in whose *be-
half* he had interested himself with the Admiralty,
did not know to whose friendly interferences he was
indebted for his good fortune. — *Southey, Life of
Nelson.*

2. Vindication; support: (with in).

He might, in his presence, defy all Arendin
knights, in the *behalf* of his mistress's beauty. — *Sir
P. Sidney.*

Last the fiend,
Or in *behalf* of man, or to invade
Vacant possession, some new trouble raise.
Milton, Paradise Lost, xi. 101.

Others believe, that by the two Fortunes we
mean prosperity or affliction; and produce in the
behalf, an ancient monument. — *Addison, Travels in
Italy.*

Behappen, v. n. Happen to; befall. Rare.

This is the greatest shame, and foulest scorn,
Which unto any knight *behappen* may,
To lose the badge that should his deeds display.
Spenser, Faerie Queen, v. 11, 52.

Behave, v. a. [A.S. *behafan*.]

1. Carry; conduct: (used with self).

We behaved not ourselves disorderly among you. —
2 *Thessalonians, ii. 7.*
Manifest signs came from heaven, unto those that
laboured thus wickedly. — 2 *Corinthians, ii. 21.*
To their wills wedded, to their cruelties slaves,
No man, like them, they think, *behave* if he dare.
Sir J. Denham.

We so live, and so act, as if we were aware of the
final issue and event of things, however we may *be-
have ourselves*. — *Bishop Atterbury.*

2. Govern; subdue; discipline. Obsolete.

But who his limbs with labours, and his mind
Behaves with cares, cannot so easily miss.

With such sober and unmodest passion
He did *behave* his merr, ere 'twas spent,
As if he had but paid an argument.
Shakespeare, Twelfth Night, iii. 5.

Behave, v. n. Conduct one's self.

The next scene that opens will present us with a
state that never changes, either happy or miserable,
according as we *behave* here. — *Bishop Sherlock,
Sermons, ii. 129. (Ord MS.)*

Behaviour, s.

1. Manner of behaving one's self (whether good or bad); manners; carriage (with respect to propriety).

Mopsa, curious in anything but her own good &
honour, followed Zellmanne. — *Sir P. Sidney.*

2. External appearance (with respect to grace).

He marked in Dora's dancing, good grace and
handsome behaviour. — *Sir P. Sidney.*

3. Gesture; manner of action (adapted to particular occasions).

Well witnessing the most submissive behaviour,
(that a thrall's heart could express. — *Sir P. Sidney.*
When we make profession of our faith, we stand;
when we acknowledge our sins, or seek unto God for
favour, we fall down; because the gesture of con-
stancy becometh us best in the one, in the other the
behaviour of humility. — *Hooker.*

One man sees how much another man is a fool,
when he dedicates his behaviour to love. — *Shake-
spear, Much Ado about Nothing, ii. 3.*
And he changed his behaviour before them, and
feigned himself mad in their hands. — 1 *Samuel,
xvi. 15.*

4. Elegance of manners; gracefulness.

The beautiful prove accomplished, but not of great
spirit; and staid, for the most part, rather *behaviour*
than virtue. — *Bacon.*

He who advises the philosopher, altogether de-
voted to the Muses, sometimes to offer sacrifice to
the altars of the Graces, thought kindness imper-
fect without *behaviour*. — *Sir H. Walton.*

5. Combat; general practice; course of life.

To him who hath a prospect of the state that
attends men after this life, depending on their *be-
haviour* here, the measures of good and evil are
changed. — *Locke.*

The phenomena of electricity and magnetism were
reduced to the same category; and the *behaviour* of
the magnetic needle was assimilated to that of a
needle subjected to the influence of artificial electric
currents. — *Alfred Spenser, Principles of Psychol-
ogy, pt. iii. ch. 1.*

Be upon one's behaviour. Be in such a state as requires great caution: (a state in which a failure in behaviour will have bad consequences).

Tyrants themselves are upon their behaviour to a
superior power. — *Sir R. E. L'Estrange, Fables.*

Behéad, v. a. Deprive of the head; kill by cutting off the head.

His *beheading* he underwent with all Christian
magnanimity. — *Lord Clarendon.*

On each side they fly,
By chains connect, and with destructive sweep,
Behold whole troops at once. — *J. Phillips.*

Mary, queen of Scots, was *beheaded* in the reign of
queen Elizabeth. — *Addison, Travels in Italy.*

Essex perished by his own hand in the Tower.
Russell, who appears to have been guilty of no
offence falling within the definition of high treason,
and Sidney, of whose guilt no legal evidence could
be produced, were *beheaded* in defiance of law and
justice. — *Macleay, History of England, ch. ii.*

Behén, v. a. Torture as with the pains of hell. Rare.

Satan, death, and Hell, were his inveterate foes,
that either drew him to perdition, or did *be-
head* him with the expectation of them. — *Keble,
Nocturnal, p. 72: 1658.*

Behémeth, s. [Hebrew.] Asiatic or African animal mentioned in the book of Job.

Ser Mammoth.

Behold now *behémeth*, which I made with thee:
he eateth grass as an ox. — *Job, xl. 15.*

Behold! in pointed mail
Behémeth rears his head. — *Thomson, Seasons.*

When the lion was strong
In the pride of his might;
It was sport for the young
To embrace him in fight:

To go forth with a pine,
For a spear 'gainst the mammoth;
And strike through the ravine,
At the foaming *behémeth*.

Byron, The Deformed Transformed.
It is of the Parliament of Paris; which starts for-
ward, like the others only with less audacity, seeing
better how it lay, in witnessing that *behémeth* of a
States-General. — *Carlyle, French Revolution, pt. i.
h. iv. ch. ii.*

Behést, s. [A.S. *beheste*: the final t is not accounted for.] Command; precept; man- date.

Her tender youth had obediently lived under her
parent's *behests*, without framing, out of her own
will, the forethought of anything. — *Sir P. Sidney.*

Such joy he had their sternness learnt to quell,
And sturdy courage tame with dreadful awe.
That his *behest* they fear'd as a proud tyrant's law.
Spenser, Faerie Queen.

I, messenger from everlasting Jove,
In his great name thus his *behest* do tell.
Faifair, Translation of Tasso.

To visit off those happy tribes,
On high *behests* his angels to and fro
Pass'd frequent. — *Milton, Paradise Lost, iii. 632.*

In heaven God ever blest, and his divine
Behests obey, worthiest to be obey'd! — *Id., vi. 181.*

Behight, v. a. [A.S. *behtan* = promise: hence the *g* has no proper place in this word.]

Obsolete.

1. Promise.

Sir Guyon, mindful of his vow *behight*,
Uprise from drowsy couch, and him address
Unto the journey which he had *behight*.
Spenser, Faerie Queen, ii. 3, 1.

2. Intrust; commit.

That most glorious house that glistereth bright, —
Wherof the keys are to thy hand *behight*
By wise Fielem. — *Spenser, Faerie Queen, i. 10, 50.*

3. Commit.

No taking courtiers count, he *behight*
Those gates to be unbar'd; and forth he went.
Spenser, Faerie Queen, ii. 11, 17.

4. Adjudge.

There it was judged by these worthy wights,
That Satyrane the first day best had done: —
The second was to Triumphe *behight*.
Spenser, Faerie Queen, iv. 5, 7.

5. Address; speak to.

Whom soon as he beheld he knew, and thus
behight. — *Spenser, Faerie Queen, v. 4, 25.*

6. Inform; assure.

In right ill array
She was, with storm and heat, I you *behight*.
Chaucer, The Plowman and the Leef.

7. Reckon; esteem.

Fair future Scudamour, that hast by sight
And foul advantage this good knight disavow'd,
A knight much better than thy self *behight*.
Spenser, Faerie Queen, iv. 1, 41.

8. Call; name. See Hight.

But now speak, old father, why of late
Dost thou *be-hight* me born of English blood
When all a færie's son do I maintain? —
Spenser, Faerie Queen, i. 10, 64.

Behind, adv. Out of sight; not yet produced to view; remaining.

We cannot be sure that they have all the parties
before us; and that there is no evidence *behind*,
and yet unseen, which may cast the probability on
the other side. — *Locke.*

Behind, prep. [A.S. *behindan*.]

1. At the back of another.

Acquaintances heated with intoxications, which he
had caused his horsemen to take *behind* them upon
their — *Knollys, History of the Turks.*

a. On the back part: (not before).

She came in the press *behind*, and touched his
armour. — *Marlowe, v. 27.*

b. Towards the back.

The Benjamites looked *behind* them. — *Judges,
xx. 40.*

c. Following another.

Her husband went with her along, weeping *be-
hind* her. — 2 *Samuel, iii. 36.*

d. Remaining after the departure of something else.

He left *behind* him, myself, and a sister, both born
in our hour. — *Shakespeare, Twelfth Night, ii. 1.*
Piety and virtue are not only detrimental for the
present, but they leave peace and contentment *be-
hind* them. — *Archbishop of Tillotson.*

e. Remaining after the death of those to whom it belonged.

What he gave me to publish was but a small part
of what he left *behind* him. — *Pope.*

f. At a distance from something going be- fore.

Such is the swiftness of your mind,
That, like the earth's, it leaves our sense *behind*.
Dryden.

2. Inferior to another; having the posterior place with regard to excellence.

After the overthrow of this first house of God, a
second was erected; but with so great odds, that
they wept, which beheld how much this latter came
behind it. — *Hooker.*

3. On the other side of something.

From light retir'd, *behind* his daughter's bed,
He, for approaching sleep, compos'd his head.
Dryden.

Behindhand, adv.

1. In arrears; in a state in which something is unpaid, or unperformed, which is due.

Your trade would suffer, if your being *behindhand*

has made the natural use so high, that your tradesman cannot live upon his labour.—*Locke*.

Controller Cadogan is dreadfully behindhand with his speeches. *Carlyle, French Revolution*, pt. iii. b. iii. ch. iii.

Government expeditions are generally behindhand, not from any want of zeal in the officials who direct them, but from the slow way in which business necessarily filters through a series of authorities.—*Cornhill Magazine*, March, 1862.

2. Not upon equal terms with regard to forwardness; (with with).

Consider, whether it is not better to be a half-year behindhand with the fashionable part of the world, than to strain beyond his circumstances.—*Spears*, *Editor*.

behindhand. adj. Slack; backward. Rare

So rarely kind, as my interpreters Of my behindhand slowness.

Shakespeare, Winter's Tale, v. 1.

behöld. v. a. [A.S. *behealdan*; see extract from Wedgwood.] View; see—look upon.

When Thesealus on horseback was behöld after off, while their horses watered, while their heads were depressed, they were perceived by the spectators to be one animal.—*Sir P. Browne, Volney Errors*.

Man looks aloft, and with erected eyes, Behöld his own hereditary skies. *Dryden*.

At this the former tale again he told, With thund'ring tone, and dreadful to behold. *Id.*

The Saviour comes by ancient bands forthold. Hear him ye deaf, and all ye blind behöld. *Pope*.

The compound [*i.e.* Behöld, explained to look steadily upon] seems here to preserve what was the original sense of the simple verb to behöld. A.S. *behealdan*, to regard, observe, take heed of, to tend, to feed, to keep, to hold. To hold a doctrine for true is to regard it as true, to look upon it as true; to hold it a creed not to regard it as such. The lat. *specere*, to keep, to hold is also found in the sense of looking, commonly expressed, as in the case of *behold*, by the compound *obscure*. "Tunc serius seruet Avariæ faciem un Caputuli." Let your slave look whether 's secretless to Venus or to Cupid, to Phœbus. The verb to look itself is frequently found in the sense of looking after, seeing to, taking notice or care of. The H. *guardare*, to look, retains the original meaning of the Fr. *garder*, to keep or hold, and the E. *ward*, keeping. The supposition then that the notion of preserving, keeping, holding is originally derived from that of looking, is supported by many analogies.—*Wedgwood, Dictionary of English Etymology*.]

behöld. v. n. Look.

Son of man, behold with thine eyes, and hear with thine ears. *Exodus*, xl. 5.

behöld! interjectional imperative. See! lo! (a word by which attention is excited, or admiration invited).

Behöld! I am with thee, and will keep thee. *Genesis*, xxii. 8.

When out of hope, behold her! and far off, Such as I saw her in my dream, morn'd, With what all earth or heaven could bestow, To make her amiable. *Milton, Paradise Lost*, viii. 481.

chölden. pari. adj. Obligated; bound in gratitude; indebted; (with to).

Horns, which such as you are fain to be behöld to your wives for.—*Shakespeare, As you like it*, iv. 1. Little are we behöld to your love, And little looked for at your helping hands.

Id., Richard II., iv. 1.

I found you next; in respect of bond both of near alliance, and particularly of communication in studies; wherein I most acknowledge myself behöld to you. *Bacon*.

I think myself mightily behöld to you for the resolution you then gave us.—*Addison*. We, who are now under the awe of justice, cannot conceive what savage creatures they would be without it; and how much behölden we are to that wise contrivance. *Bishop Atterbury*.

behölder. s. One who beholds; spectator

Who, this the face, That, like the sun, did make behölders wink? *Shakespeare, Richard II.*, iv. 1.

These heads among, Behölders rude, and shallow to discern Half what in thee is fair, one man except, Whose eyes thee? *Milton, Paradise Lost*, ix. 513.

Things of wonder give no less delight To the wise Maker's, than behölder's sight.

Sir J. Denham.

The justling chiefs in rude encounters join, Each fair behölder trembling for her knight.

Granville.

The charitable foundations in the church of Rome exceed all the demands of charity, and raise envy, rather than compassion, in the breasts of behölders.

—*Bishop Atterbury*.

The horrible sight worked upon the behölders as it

has worked since, and will work for ever.—*Freunde, History of England*, ch. xxxiii.

behölding. verbal abs. Obsolete.

1. Obligation.

Love to virtue, and not to any particular behöldings, hath expressed my testimony. *Carle, Survey of Cornwall*.

2. Seeing.

And what can bring us to this joy, but the spiritual behölding of our approaching glory? *Hadley, The Soul's Rest*, ch. xiii.

behöldingness. s. Abstraction suggested by Behölding obligation. Rare.

The king invited us to his court, says I must acknowledge a behöldingness unto him. *Sir P. Sidney*.

In this my doubt I seem'd loth to confess, In that I seem'd to shun behöldingness. *Bacon, Poems*, p. 179.

Behoöl. s. [A.S. *behefe*.] That which behoves; that which is advantageous; profit; advantage; interest; convenience.

Her Majesty may alter any thing of those laws, for her own behoof, and for the good of the people. *Spenser, View of the State of Ireland*.

No mean recompense it brings To your behoof; if I that region lost, All unrepentant thence expelled, reduce To her original darkness and your way. *Milton, Paradise Lost*, ii. 781.

Wert thou some star, which from the third roof Of shak'd Olympus, by mischance didst fall; Which careful Jove, in nature's true behoof, Took up, and in fit place did restate.

Id., Ode on the Death of a Fair Infant, vii. Because it was for the behoof of the prince, that, upon any sudden accident, it might be availed, there were no shifts or stopples made for the eves. *Rog.*

It would be of no behoof, for the settling of government, unless there were a way taught, how to know the person to whom balanced this power and dominion. *Locke*.

Behoöve. v. a. Same as Behove.

He did so prudently temper his passions, as that none of them made him wanting in the offices of life, which if behoöved or became him to perform. *Bishop Atterbury*.

But should you not the govern of the brook, Behoöve you then to pay your direct art. *Tasso, v. 8, lines*.

Behoöveful. adj. Useful; profitable; advantageous. Obsolete.

It is very behoöveful in this country of Ireland, where there are waste deserts full of grass, that the same should be eaten down. *Spenser, View of the State of Ireland*.

Laws are many times full of imperfections; and that which is supposed behoöveful to men, proveth oftentimes most pernicious.—*Hooker*.

It may be most behoöveful for princes, in matters of grace, to transact the same publicly; so it is as requisite, in matters of judgement, punishment, and censure, that the same be transacted privately. *Locke*, *2^d edition*.

Behoövefully. adv. Profitably; usefully. Rare.

Tell us of more weighty dislikes than these, and that may more behoövefully improve the reformation. *Spenser, View of the State of Ireland*.

Behoövable. adj. Profitable; expedient; useful. Rare.

All spiritual emers behoövable for our soul.—*Homilies*, ii. 227.

Behöve. s. Same as Behoof. Rare.

To further forth the fruit of my desire, My friends decid this mean for my behöve. *Gascoigne, Poems*, p. 110: 1373.

I hope that I did have In youth, that I thought sweet.

As time requires; for my behöve. *Old Ballad ascribed to Lord Vane, inserted in Howitt*, v. 1.

Behöve, or Behoöve. v. a. [used chiefly in the third person, and with the pronoun in the neuter gender, i.e. with *it*. See, for the difference between a verb with this construction and a true impersonal, List, Think, and Seem, for Melisteth, Methinks, and Meseems. In the following extracts from Wycliffe compare the two forms:

Thus it is writen, and thus it bihoöve Christ to suffer. *Wycliffe, St. Luke*, xxiv. 46: 1380.

Thus it is writen, and thus it behöve Christ to suffer. *St. Luke*, xxiv. 46: 1378.

Be fit; be meet; (with respect to duty, necessity, or convenience).

For better examination of their quality, it behoöth the very foundation and root, the highest

wellspring and fountain of them to be discovered.—*Hooker*.

It behoves him much To mind the important, yet depending, fate Of being, brighter than a thousand suns.

Young, Night Thoughts, ix.

Behöveful. adj. Same as Behoöveful. Rare.

That freedom of judgement, which was behoöveful for the study of philosophy.—*Bishop Sanderson, Sermons*, p. 396.

Madam, we have called such necessities As are behoöveful for our state to-morrow.

Shakespeare, Romeo and Juliet, iv. 3.

Behövefulness. s. Attribute suggested by Behoöveful. Rare.

Concord in societies is as harmonie in concerts, which being duly observed, maketh the musick delightful; being not observed, by garne maketh all harsh and unpleasing, as well as to the hearers, as to the singers themselves. Again, for the profitableness and behoövefulness of it, it is like the dew of Heaven, and that that cometh down upon the hill of Zion. *Gualdus, Christian Man*, &c. (Ord MS.)

Behövely. adj. Profitable. Rare.

Where's that thou wilt that I tell, It is behoövely for to hear. *Gower, Confessio Amantis*, i.

Behöwl. v. a. Howl at.

Now the hungry do howl, And the wolf behöwls the sheep; Whilst the heavy yoke of sinners, As with weary task he doth see. *Shakespeare, Measure for Measure*, Night's Dream, v. 2.

Bejåde. v. a. Bring into the condition of a jade; tire.

If you have *bejåd* on them, yet spare your- self, lest you *bejåd* the good willow, your own willow, *Antony and Cleopatra*, upon a *bejåd* of the *Howell*, *Reynolds*.

Bejåpe. v. a. Laugh at; deceive; impose upon. Obsolete.

Thou, last bejåped here duke Thoms, *Chaucer, Knight's Tale*.

I shall bejåped her a thousand time More than that fade of whose folly you rime. *Id., Troilus and Cressida*, i. 332.

Bejng. verbal abs.

1. Existence in the general sense (as opposed to non-existence): 'summu genus' i metaphysical classification, as comprising everything in existence.

Of him all things have received both their first being, and their continuance to be that which they are. *Hooker*.

Yet is not God the author of her ill, Though author of her being, and being there. *Sir J. Davies*.

There is none but he Whose being I do fear; and under him My genius is elated. *Shakespeare, Macbeth*, iii. 1. Thee, Father, first they sung, omnipotent, Immutable, immortal, infinite, Eternal king; Thee, Author of all being, Fountain of light. *Id., Paradise Lost*, iii. 372. Merciful and gracious, thou art ever as being, raising us from nothing to be an excellent creation. *Jeremy Taylor, Sermon in Devotion*.

Consider every thing as it yet in being; then examine, if it must needs have been all, or what other ways it might have been. *Locke*.

Met is it changes should control Our being, lest we rust in ease, We all are changed by still degrees, All but the basis of the soul. *Tranquon*.

2. Object existing, or in existence; entity (as opposed to non-entity).

a. Applied to persons. Ah, fair, yet false; ah, being form'd to cheat, By seeming kindness mixt with deep deceit. *Dryden*.

It is folly to seek the approbation of any being besides the Supreme; because no other being can make a right judgement of us, and because we can procure no considerable advantage from the approbation of any other being. *Addison, Spectator*.

b. Applied to things.

Knowing the colour, figure, and smell of hyssop, I can, when I see hyssop, know so much as that there is a certain being in the world endued with such distinct powers and properties. *Locke*, iii. 51. (Ord MS.)

Bejng. conj. [Gillett, in his remarks upon the Norfolk dialect, as prefixed to his rendering of the Song of Solomon, states that being in the sense of, since is very common in that county, adding that it is also found throughout the writings of Bishop Pearson, with whom it may

partake of the nature of a provincialism.]
Since.

Now, *being* death is nothing else but the privation or recession of life, and we are then properly said to die when we cease to live; *being* life consisteth in the union of the soul into the body, from whence, as from the fountain, flow motion, sensation, and whatsoever vital perfection; death can be nothing else but the solution of that vital union. — *Bishop Pearson, Exposition of the Creed*, art. iv.

Being-place. *s.* Place in which to be; state of existence. *Obsolete.*

Before this world's great frame, in which all things
Are now contain'd, found any *being* place.

Spenser, Hymn of Heavenly Love.

Bekiss. *v. a.* Overwhelm with kisses; salute.
She's sick of the young shepherd that *bekiss* her.

R. Jonson, Sad Shepherd, l. 6.

Beknave. *v. a.* Call knave.
May satire ne'er befo' ye, or *beknave* ye. *Pope.*
The judge eulks the parson a cheat;
And the lawyer *beknave*s the divine;
And the statesman, because he's so earnest,
Thinks his trade as honest as mine.
Gay, Beggar's Opera.

Beknit. *v. a.* Girdle.
And spaying forth her filthy arms *beknit* with
snakes about. *Golding, Translation of*
Ovid's Metamorphoses, iv. (Owl MS).

Beknow. *v. a.* Acknowledge; confess. *Obsolete.*

No wight that exaseth himself wilfully of his
sinne may not be delivered of his sinne, till that he
wekely *beknoweth* his sinne. — *Chaucer, Parson's*
Tale.

This messenger tormented was, till he
Muste *beknowe*, and tellen plat and plain,
Fro night to night, in what place he had lain.
Id., Man of Law's Tale.

Belabour. *v. a.* Beat; thump.
When several madhouses in men appear,
Orestes runs from fancy'd furies here;
Ajax *belabours* there an harmless ox,
And thinks that Aeneas feels the knocks.

Dryden.

He sees virgin Nell *belabour*,
With his own staff, his peaceful neighbour. *Swift.*
The strong man,
By stronger arm *belabour'd*, gives for breath.
Id., R. Bion, The Grave.

Belaced. *part. adj.* Adorned with lace.
When thou in thy leavest
And most *belaced* servitude dost strut,
Some newer fashion dost usurp; and thou
Unto its antick yoke dost not but hie.

J. Bunyan, Psyche, xvi. 10.

Belamour. *s.* [Fr. *bel amour*.] Gallant;
consort; paramour. *Obsolete.*
Lo, lo, how brave she decks her bounteous bow'r
With silken curtain and gold coverlets,
Therein to shroud her sumptuous *belamour*.
Spenser, Faerie Queene.

Belamy. *s.* [Fr. *bel ami*.] Friend; intimate.
Obsolete.

Wise Soeremus
Pour'd out his life, and last plumes play,
To the fair Curtius, his dearest *belamy*.
Spenser, Faerie Queene.

Belate. *v. a.* Retard a person, so as to make
him too late.

The action cannot waste,
Caution retard, nor promptitude decelerate,
Sooms *belate*, nor hope drive on too fast.
Sir W. Barnard, Goodfellow, ii. 2.
Fly brother, fly! more high, more high,
Or we shall *belate*;
For low and low that ship will go,
Ere the warrior's truce is dated.

Voltaire, Ancient Mariner.

Belated. *part. adj.* Beighted; out of doors
late at night.

Fairy eyes,
Whose midnight revels, by a forest side,
Or fountain, some *belated* peasant sees,
Or dreams he sees. *Milton, Paradise Lost*, l. 781.
O hear Fleditch's oozy brink
Belated, seems on watch to lie. *Swift.*

Belatedness. *s.* Attribute suggested by
belated; slowness; backwardness.

That you may see I am sometimes suspicious of
myself, and do like notice of a certain *belatedness* in
me, I am the bolder to tell you some of my medita-
tions. *Milton, Letters.*

Belawgive. *v. a.* Give a law to; legislate
for. *Obsolete, rare.*

The Holy One of Israel hath *belawgiven* his own
people with this very allowance. — *Milton, Doctrine*
and Discipline of Divorce.

Belay. *v. a.* *Obsolete.*
1. Block up; stop the passage; beleague.

The speedy horse all passages *belay*,
And spur their smoking steeds to cross their way. *Dryden.*
'Gainst such strong castles needeth greater might
Than those small forts which ye were wont *belay*.
Spenser, Sonnets, xiv.
So when Arabian thieves *belaid* us round,
And when by all alumm'd, There I found.

Id., Samuels, Hymn to God.

2. Decorate; lay over; overlay.
All in a woodman's jacket he was clad
Of Lincoln green, *belaid* with silver lace.
Spenser, Faerie Queene, vi. 2. 5

Belch. *v. n.* [A.S. *bealcian*.]

1. Eject wind from the stomach.
Full gorges *belch*, if not much rather spew,
Most falsely. *Darick, Wilkes Pilgrimage*, sign. T. 1.

2. Issue out (as by eructation).
Behold, they *belch* out with their mouth; swords
are in their lips. — *Psalm*, li. 7.
The waters boil, and *belching* from below,
Black sands us from a boiling engine throw. *Dryden.*
A triple pile of plumes his crest adorn'd,
On which with *belching* flames Chimæra burn'd. *Id.*

Belch. *v. a.* Eject from any hollow place:
(as wind from the stomach, &c.).
'Tis not a year or two shows us a man:
They are all hot stomachs, and we all hot food;
They eat us hungrily, and when they are full,
They *belch* us. *Shakespeare, Othello*, iii. 4.
The mouth of fools pourth out in the margin
belch'd foolishness. *Proverbs*, xv. 2.
The bitterness of it I now *belch* from my heart. —
Shakespeare,ymbolus, iii. 5.

humiliate in a flame,
But soon obscur'd with smoke, all heaven appear'd,
From those deep-throated engines *belch'd*.
Milton, Paradise Lost, vi. 584.
The gates that now
Stood open wide, *belching* outrageous flame
Far into chaos, since the flood pass'd through.
Id., x. 251.
Rough as their savage birds who rang'd the wood,
And, lat with acorns, *belch'd* their windy food. *Dryden.*
And human flesh, his indigested food.
Pope, Homer's Odyssey.

When I an amorous kiss design'd,
I *belch'd* an hurricane of wind. *Swift.*

Belch. *s.* Cant term for malt liquor.
A sudden reformation would follow among all
sorts of people; porters would no longer be drunk
with *belch*. *De Witt.*
When *belch* the mingled streams of wind and
blood,
And human flesh, his indigested food.

Belching. *verb. abs.* Act of eructation.
Often *belchings* [are] a token of ill digestion. —
Becker, Aberrations.

The symptoms are, a sour smell in their breath,
belchings, and distensions of the bowels. — *Arbuthnot,*
On the Nature and Choice of Aliments.

Belldam. *s.* [Fr. *belle dame* = fair, beautiful,
handsome dame.]

1. Grandmother.
The familiar examples, as of the mother, the
belldam, the aunt, the sister, the cousin, or of some
other kinswoman or friend, she old be of more force
and value. *Lucas, Duty of an Husband*, translated
by Papa about 1520.

To show the *belldam* daughters of her daughter,
Shakespeare, Rape of Lucrece.
The *belldam* and the girl, the grandire and the
boy. *Dryden, Polydora*, vi.

Used metaphorically.
Then sing of secret things that came to pass,
When *belldam* Nature in her cradle was.
Milton, Tractate Exercise

2. Old woman in general.
a. With no sense of disparagement.
When th' other *belldam*, great with chat,
(For talkative be eunys)
The other's prate and worth the while)
Thus fondly interrupt.

Watson, R. Abbot's England, b. ix. ch. xlvii.
b. In a bad sense. Hag.
Miso his wife, so handsome a *belldame*, that only
her face and her splay-foot have made her unresist
for a witch. *Sir P. Sidney, Arcadia*, l.
Why, how now, I went, you look angry? —
Have I not reason, *belldame* as you are,
Saucy and overbold? How durst you dare
To trifle and trifle with Marcell?
In riddles? *Shakespeare, Much Ado*, iii. 5.
The resty sieve wagg'd ne'er the more;
weep for was, the testy *belldam* swore. *Dryden.*

Beléguer. *v. a.* [Germ. *lager* = camp.] Besiege;
block up a place; lie before a town.
Their business, which they carry on, is the general
concernment of the Trojan camp, then *beléguer'd*
by Turnus and the Latins. — *Dryden, Translation of*
Du Fresnoy.

It was held that the Sergeant, in executing the
Speaker's warrant, would be armed with all the
powers of the law; and accordingly, on the third
day, that officer having obtained the aid of a mili-
tary number of constables and a military force,
broke into the *beléguer'd* house, and conveyed his
prisoners to the Tower. — *T. Erskine May, Consti-*
tutional History of England, p. 440.

Beléf. *v. a.* In Navigation. Place in a
vessel unsuitable to the wind: (one
vessel is said to be in the *lee* of another,
when it is so placed that the wind is inter-
cepted by the latter).

Ho, sir, had the election;
And I — of whom his eyes had seen the proof,
At Rhodes, in Cyprus, and on other grounds,
Christian and heathen, must be *beléf'd* and ruin'd
by debtor and creditor. *Shakespeare, Othello*, i. 1.

Belémnite. *s.* [Gr. *βελήμων* = dart.] Hard
part of an extinct Cephælopod so called,
found as a fossil chiefly in the cretace-
ous system, shaped like an Italian iron,
and therefore compared to a thunderbolt:
(arrow-head, finger-stone, and thunder-
stone are Johnson's synonyms).

Similar elongated processes have been also dis-
covered to extend from the shells of some *belémnites*
discovered by Dr. Mantell in the same clay, which by
the aid of this and other specimens, has been able
to throw much light on the structure of this singular
extinct form of rattle-fish. *Sir C. Lyell, Manual*
of Elementary Geology, p. 366.

Belépre. *v. a.* Infect us with a leprosy,
Rare.

You have a law, lords, that without remorse
Dooms such as are *belépre'd* with the curse
Of foul ingratitude, to death.
Beaumont and Fletcher, Laws of Conity.
Imparity, and church-revenue rushing in cor-
rupted and *belépre'd* all the clergy with a wors-
e infection than Gehazi's. — *Milton, Ecclesiastes*, ch.
xv.

Belétry. *s.* [entachrestic in respect to the *l*,
from *Fr. beffroy*.] Place where the bells
(with which the apparent etymological con-
nection is only accidental) are rung.

Fetch the leathern bucket that hangs in the *belétry*,
that is curiously painted habory, and will make a
figure. *Gay.*
Often the very *belétry* were fortified. *C. H.*
Pearson, The early and middle Ages of England,
ch. xxviii.

When cats run home and light is come,
And dew is cold upon the ground,
And the far-off stream is dumb,
And the whirring sail goes round,
And the whirring sail goes round,
Alone and warning his five wits,
The white owl in the *belétry* sits.
Trappan, The Owl.

Belégar. *s.* [Fr. *belle égard*.] Soft glance;
kind regard. *Obsolete.*

Upon her eyelids many tears sat,
Under the shadow of her even brows,
Working *belégars*, and amorous retreat.
Spenser, Faerie Queene.

Belébel. *v. a.* Traduce; libel; slander.
The pope, hearing thereof, *belébel'd* him [the
emperor]; more fully than ever before. *Feltri,*
History of the Holy War, p. 163.

Bellé. *v. a.*

1. Counterfeit; feign; mislead.
Which drest, with horses' heads that beat the
ground,
And martial brass, *bellé* the thunder's sound. *Dryden.*

The shape of man, and imitate it best.
The walk, the words, the gesture could supply.
The habit mimic, and the mien *bellé*. *Id., Fables.*

2. Conceal the true character of anything.
A dragon's fiery form *bellé* the God,
Sublime on radiant spires he rode,
When he to fair Olympia prest,
And while he sought her sunny breast:
Then round her slender waist he curl'd,
And stamp'd an image of himself, a sovereign of the
world. *Dryden, Alexander's Feast.*

3. Give the lie to; charge with falsehood;
contradict.
For heaven's sake, speak comfortable words —
Should I do so, I should lose my thoughts.
Shakespeare, Richard II., ii. 2.
Tisum Valerius by force of reneue,
And not *bellé'd* his mighty father's name.
Dryden, Virgil's Æneid.

In the dispute whate'er I said,
My heart was by my tongue *bellé'd*;
And in my looks you might have read,
How much I argu'd on your side. *Prior.*

207

The Canary *bellflower* is one of the most beautiful plants of the greenhouse, yielding its flowers in December, January, and February.—*Müller*.

Bellfounder. s. One whose trade it is to found or cast bells.

Those that make recorders know this, and likewise *bellfounders* in fitting the tune of their bells.—*Rowe*.

Bellglass. s. Glass like a bell, to place over or cover anything for the sake of protection against cold, or to prevent evaporation.

But, to prove that insects are necessary, I covered up a plant of *Orchis morio* under a *bell-glass*, before any of its pollinia had been removed, leaving three adjoining pollinia uncovered. I looked at the latter every morning, and daily found some of the pollinia removed, till all were removed with the exception of the pollinia in one flower lay down on one spike, and with the exception of these in one or two flowers at the apex of each spike, which were never removed. I then looked at the perfectly healthy plant under the *bell-glass*, and it had, of course, all its pollinia in their cells. C. Darwin, *Fertilisation of Orchids*, ch. i.

Bellibone. s. [Fr. *belle et bonne*—beautiful and good.] Woman exceeding both in beauty and goodness. *Obsolete*.

Pan may be found that ever life begot
Such a *bellibone*,
And Syrius rejoice, that ever was her lot
To bear such an one.

Spenser, Shepherd's Calendar.
Bellick, or Bellique. adj. Warlike; martial.
Rare.

The *bellique* Cesar, as Suetonius tells us, was noted for singularity in his apparel. *Fillmore, Reader*.

Archimedes, the mathematician, was so serviceable to his fellow-citizens by his machines and *bellied* instruments, that Marcellus and his forces despaired of taking the town.—*Pulling, Good Old Ways*, p. 128; 1680.

Belligerent. adj. [Lat. *belligerens*,—*entis*; from *bellum*—war, *gero*—carry on.] Carrying on war.

Five *belligents*' third volume will give you the last idea of the treaty of Münster, and open to you the several years of the *belligere* and contracting parties.—*Lord Chubb*.

Belligerent. s. One who carries on war. (Both this and the adjective are used to express a power, or nation, which is engaged not only in a regular war, but in one recognized as such, in opposition to mere *rebels* or *mutineers*.)

It would be intolerable if the law allowed private speculators, for their own exclusive profit, to endanger the neutrality of their country, or to furnish for *belligere* with an excuse for watching and practically blockading English ports. *Saturday Review*, July 4, 1870.

A *belligere* is not entitled to prevent smuggling by any means in his power, but only by means regularly prescribed. . . . Articles of contraband, or innocent use, destinations of vessels are defined and characterized, and the position of neutrals in relation to *belligere* is exactly ascertained. But the end of all this, though the code was constructed in the interests rather of *belligere* than neutrals, was to leave neutrals with a considerable margin for contraband trade. So many privileges and pleadings, so many pretenses put forth, and so many forms of protection required, that the *belligere* was constantly baffled in his endeavours to intercept of the destination of which neither others could have the slightest doubt.—*Times*, Nov. 24, 1870.

Bellman. s. One whose business it is to proclaim anything in towns, and to gain attention by ringing his bell; town-crier.

It was the owl that shriek'd, the fatal bellman
Which gives the stern'st good night.

Where Titian's glowing paint the canvas warm'd,
Now hangs the *bellman's* song, and posted here
The colour'd prints of Devon appear. *Gay*.

The *bellman* of each parish, as he goes his circuit, rings out every night, past twelve o'clock.—*Swift*.

Bellmetal. s. Metal of which bells are made: (an alloy of copper and tin).

Bellmetal has copper one thousand pounds, tin from three hundred to two hundred pounds, brass one hundred and fifty pounds.—*Darwin, Physiological and Medical Remarks*.

An English *bell-metal* analysed by Dr. Thomson, was found to consist of some copper, but tin, 56 zinc, 10 lead.—*Brande, Dictionary of Science, Literature, and Art*, p. 111.

Colours which arise on *bell-metal*, when melted and poured on the ground in open air, like the colours of water bubbles, are changed by viewing them at divers obliquities.—*Sir J. Newton, Opticks*.

Bellmouthed. adj. Shaped at the orifice like a bell.

His *bell-mouth'd* goblet makes me feel quite Danish
Or Dutch with thirst—What ho! a flask of Rhenish.
Byron, Don Juan, xiii. 72.

Bellow. v. n. [A.S. *bellan*.] 1. Make a noise as a bull.

Jupiter became a bull, and *bellow'd*: the green Neptune a man, and bleated. *Shakespeare, Winter's Tale*, iv. 3.

What bull darses *bellow*, or what sheep darses bleat Within the lion's den? *Dryden, Spanish Friar*.

2. Make any violent outcry; vociferate; clamour. *Contemptuous*.

With his strong arms
He fasten'd on my neck, and *bellow'd* out,
As he'd burst heaven. *Shakespeare, King Lear*, v. 3.

The dull fat captain, with a homely deep throat,
Would *bellow* out a laugh in a base note. *Dryden*.

This gentleman is nervousd to roar and *bellow* so terribly loud that he frightens us. *Talker*.

Metaphors may be employed, as Aristotle observes, either to elevate or degrade the subject, according to the design of the author; being drawn from similar or corresponding objects of a higher or lower character. Thus a loud and vehement speaker may be described either as *bellowing* or as thundering. And in both cases, if the metaphor is apt and suitable to the purpose designed, it is alike conducive to energy.—*R. Whately, Elements of Rhetoric*, ch.

Bellow. s. One who bellows.

Musical squakers and *bellows*.—*Richard, One-eyed man on Auster's Cont. of the Chryp*, p. 137.

Bellowing. part. adj. Making a noise as of one that bellows.

But now, the husband of a herd must be
Thy mate, and *bellowing* sons thy progeny. *Dryden*.

Fill at the last, he heard a dreadful sound,
Which through the wood loud *bellowing* did rebound. *Spenser*.

The rising rivers tell the mother ground;
And rocks the *bellowing* voice of bulwarks rebound. *Dryden*.

Bellowing. verbal abs. Loud noise; roaring.

Captain Brown's *bellowing* out his firewell in a hundred great shot, whose who not only made confusion trouble, but seemed to rend the thicker regions with their *bellowing*. *Sir Thomas More, History of some French Travels into Africa and the West Indies*, p. 11.

The beasts that bellow such loud noises,
Of whom I hear such *bellowing*.

W. Brown, *Belvidere's Pastoral*, l. 1.

Bellows. s. [Germ. *bülg*.] Instrument used to blow the fire.

Since siebs into my inward furnace turned,
For *bellows* serve to kindle more the fire. *Sir P. Sidney*.

One, with great *bellows*, gather'd filling air,
And with forc'd wind, the metal admixt. *Spenser, Faerie Queene*.

The smith prepares his hammer for the stroke,
While the huge *bellows* hiss and fire provoke. *Dryden*.

The lungs, as *bellows*, supply a force of breath; and the aspera arteria is as the nose of *bellows*, to collect and convey the breath. *Hobbes*.

In the following passage it is singular; at any rate its construction with the indefinite article is that of a pair of *bellows*.

That neither, like a *bellows*, swell'd thy face,
As if thou wert to blow the burning mass
Of melting ore. *Dryden*.

Bellringer. s. One who rings bells.

Parlours, parish-churches, and *bell-ringers*. *Role, Vol. a Course of the Rounder*, p. 21.

His grandfather, one of the king's guard, kept the best inn in Stamford; himself first of all *bell-ringers* in St. John's College in Cambridge. *Lord Halifax, Miscellaneous*, p. 170.

Bellrope. s. Rope by which the bell is rung.

I'll serve a priest in Lent first, and eat *bell-rope*.—*Bonham and Fletcher, The Chances*.

Bellwagger. s. [P.] Whoremaster. *Vulgar*.

You are a clamorous *bellwagger*; my wife cried out fire, and you cried out for engines.—*Dryden*.

Belluine. adj. [Lat. *belluinus*—after the manner of a beast, or *bellua*.] Beastly; he-lioning to a beast; savage; brutal. *Rare*.

There have been the fiercest distractions here, that ever happened upon any part of the earth; a *belluine* kind of immunity never ranged so among men.—*Lowell, Letters*, iii. 13.

If human actions were not to be judged, men would have no advantage over beasts. At this rate, the animal and *belluine* life would be the best.—*Bishop Atterbury*.

Bellwether. s. 1. Sheep which leads the flock with a bell on his neck.

The fox will serve my sheep to gather,
And drive to follow after their *bellwether*.

Spenser, Mother Hubbard's Tale.
To offer to get your living by the copulation of cattle; to be a bawd to a *bellwether*.—*Shakespeare, As you like it*, iii. 2.

The flock of sheep and *bellwether* thinking to break into another's pasture, and being to pass over another bridge, just led till both fell into the ditch. *Howell*.

"Is thus the spirit of a single mind
Makes that of multitudes take one direction,
As rolls the waters to the breaching wind.

Or runs the herd beneath the bull's protection;
Or as a little dog will lead the blind,
Or a *bellwether* form the flock's connexion
By tinkling sounds, when they go forth to victual;
Such is the sway of your great men o'er little.
Byron, Don Juan, vii. 18.

2. Lender.

To convince you that this design is not so foreign from some people's thoughts, I must let you know that an honest *bellwether* of our house had the impudence, some years ago, in Parliament time, to shake the lord bishop of Kilmore by his lawn sleeve, and tell him in a threatening manner, that he hoped to live to see the day, when there should not be one of his order in the kingdom. *Swift, Letter to the Reverend Lord Test*, (vol. MS.)

Belly. s. [A.S. *belg*.] 1. Part of the body which contains the bowels; abdomen.

The lady's members
Rebeld against the *belly*, thus accus'd it:—
That only like a calf it did remain,
Still engulphing the wind, never bearing
Like labour with the rest.

Shakespeare, Coriolanus, i. 1.
And the lord said unto the serpent, Upon thy *belly* shalt thou go, and dust shalt thou eat all the days of thy life. *Genesis*, iii. 14.

2. Part which requires food: (opposed to the *back*, or that which demands clothes).

They were content with a lean skin life, when they might fill their *bellies* by spoil, rather than by labour. *Sir J. Heyward*.

For many walk, of whom I have told you often and now tell you even now, that they are the enemies of the cross of Christ; whose end is desperation, whose god is their *belly*, and whose way is in their shame. *Philippians*, iii. 18, 19.

He that sows his grain upon *barley*, will have many a hungry *belly* before harvest. *Jeremiah*

3. Part of anything which swells out into a larger capacity.

Fortune's sweet music but in the hands of the little, which is easy to be taken—add; and after the *belly*, who is hard to grasp. *Rowe*.

An Irish harp bath in the concave, or *belly*, and above the strings, but at the end of the strings, *Ross, Natural and Experimental History*.

4. Any place in which something is enclosed.

Out of the *belly* of hell cried I, and then heard my voice. *Job*, ii. 2.

A *big belly*, a *belly* got up, are coarse terms for a pregnancy.

I shall answer that better, than you can the *getting up* of the negro's *belly*: the Moor is with child by you. *Shakespeare, Merchant of Venice*, iii. 5.

The seed is grown too late for the proper use. *Mr. Pringle's Essay*, *Causes, II. of the World*.

Belly. v. n. Swell after the manner of a belly; hang out; bulge out.

Thus by doors day wastes, seems even to rise,
For *bellying* earth, still rising up, denies
Their light a passage, and confines our eyes. *Cowley, Matins*.

The power appears, with winds suffic'd the sail,
The *bellying* canvas shrut with the gale. *Dryden*.

Land rattling shakes the mountains and the plains,
Hence *bulges* down towards and descends in rain. *Id.*

Must these disputes, forget they not to drive
Themselves with *bellying* goblets. *J. Phillips, Cole*, ii.

Belly. v. a. Fill; swell out.

It was thought meet,
Paris should do some vengeance on the Greeks:
Your breath of full consent *bellied* his sails;
The seas and winds (old wranglers) took a truce,
And did him service. *Shakespeare, Troilus and Cressida*, ii. 2.

Bellyache. s. Colic; pain in the bowels.

The *belly-ache*.
Caused by an inflammation of some part of the
Beaumont and Fletcher, *Mons. Thomas*.

If there be one who need *bemoan*
His kindred laid in earth,
The household hearts that were his own,
It is the man of mirth. *Wordsworth*

Bemoaning, verbal abs. Lamentation.
How didst thou spend that restless night in mutual
expectations and *bemoanings* of your loss.
Bishop Hall, Works, ii. 53.

Bemock, v. a. Treat with mockery.
Bemock the modest man.
Shakespeare, Coriolanus, i. 1.

Bemocked, part. adj. Mocked: (with *at*).
The elements

Of whom your swords are temper'd, may as well
Wound the loud winds, or with *bemock'd* of stabs
Kill the still-circled waters, as do foolish
Our dows that's in my plume; my fellow-ministers
Are like invulnerable. *Shakespeare, Tempest, iii. 2.*

Bemoll, v. a. Bedraggle; bemire; encumber
with dirt and mire. *Rare.*

Thou shouldst have heard in how miry a place
how she was *bemoll'd*; how he left her with all
horse upon him. *Shakespeare, Taming of the Shrew, iv. 1.*

Bemonster, v. a. Make monstrous. *Rare.*
Thou changed and self-cover'd thing, for
shame,

Bemonster not thy feature.
Shakespeare, King Lear, iv. 2.

Bemoán, v. a. Weep over; bewail; lament.
And there succed him much people: and wynnem
that weiden and *bemoorden* him. *Wycliffe, St. Luke, xliii. 27.*

Bemused, part. adj. Acted upon as by a
Muse (with the notion of muddling or confusion predominant). *Contemptuous.*

Is there a person much *bemused* in beer,
A maudlin postess, a rhyming peer? *Pope.*

Bench, s. [A.S. *henc*.]
1. Seat distinguished from a stool by its
greater length.

The seats and *benches* shone of ivory,
An hundred nymphs sat side by side about. *Spenser.*

All Rome is pleas'd when Statius will rehearse,
And louing crowds expect the promis'd verse;
His lofty numbers, with a secret gust,
They hear, and swallow with such eager lust:
But while the common suffrage crown'd his cause,
And broke the *benches* with their loud applause,
His muse had sturr'd, had not a piece unweave,
And by a player bought, supply'd her bread. *Dryden.*

2. Seat of justice; seat where judges sit.
To pluck down justice from your awful *bench*;
To trip the course of law.

Shakespeare, Henry IV, Part II, v. 2.
Cyrilack, whose grand-uncle on the royal *bench*
Of British Thrones, with no mean applause,
Pronounc'd, and in his volumes taught our laws,
Which others at their law so often wrangle.

The first law-term of the year commences on the
twenty-third of January: and accordingly, four days
before, a fresh patent was issued to Rolle, chief
justice of the Upper, and Aldous, one of the puisne
judges of the Common *bench*; and, on the day
itself, a similar patent was granted to St. John,
chief justice of the Common *bench*; and, before the
end of the month, patents were made out to Aske,
a puisne judge of the Upper *bench*, and Thorpe, a
baron of the Exchequer. *W. G. G. History of the
Commonwealth of England, b. iv. ch. iii.*

3. Persons sitting on a bench, and associated
for some particular object, especially legal,
as with magistrates and judges: (as, 'The
whole *bench* voted the same way').

In the interests of justice, as well as on grounds
of constitutional policy, this exclusion was extended
to their brethren of the Scottish *bench* in the reign
of George II., and to the judges of the courts in
Ireland in the reign of George IV. *T. Erskine May, Constitutional History of England, vol. i. ch. vi.*

Bench, v. a. Rare.
1. Furnish with benches.

'Twas *bench'd* with turf, and goodly to be seen,
The thick young grass arose in fresher green. *Dryden.*

2. Seat upon a bench.
His cupbearer, whom I from meaneer form
Have *bench'd* and rear'd to worship. *Shakespeare, Winter's Tale, i. 2.*

Béncher, s.

1. Gentleman of the Inns of Court, who has
been a reader; senior in the Inns of Court.
I was taking a walk in the gardens of Lincoln's
Inn, a favour that is indulged me by several *benchers*,
who are grown old with me. *Tatler.*
The old *bencher* had it almost sacred to them-
selves, in the forefront of the day at least. They
might not be sided or jostled. Their air and dress

asserted the parable.—*Lamb, Essays of Elia, The
Old Bencher of the Inner Temple.*

2. Alderman of a corporation. *Rare.*
This corporation [New Window] consists of a
mayor, two bailiffs, and twenty-eight other persons,
who are to be chosen out of the inhabitants of the
borough, thirteen of which are called fellows, and
ten of them aldermen or chief *benchers*. *Ashmole,
Antiquities of Berkshire, iii. 58.*

3. Judge; one who sits on the bench of
justice. *Rare.*

You are well understood to be a perfecter giver for
the table than a necessary *bencher* in the Capitol.
Shakespeare, Coriolanus, ii. 1.

Bénchership, s. Condition or dignity of
Bencher.

They were coevals, and had nothing but that and
their *benchership* in common. *Lamb, Essays of
Elia, The Old Bencher of the Inner Temple.*

Bend, v. a. [A.S. *beulan*.]

1. Make crooked; crook; infect.
The rainbow compass'd the heavens with a glo-
rious circle, and the humd of the Most High bath
bowed it. *Ezekiel, xlvi. 12.*

They bent their bows, they whirl their slings
around;
Hoops of spent arrows fall, and strow the ground;
And helms, and shields, and rattling arms resound. *Dryden.*

Bend the brow. Knit the brow; frown.
Some have been seen to bite their pen, scratch
their head, *bend* their brows, bite their lips, beat the
board, and tear their paper. *Caution.*

2. Direct to a certain point.
Octavius and Mark Antony
Came down upon us with a mighty power,
Bending their expedition toward Philippi.

Why dost thou *bend* thy eyes upon the earth,
And start so often, when thou wilt sit alone?
Id., Henry IV, Part I, ii. 3.

Your gracious eyes upon this labour *bend*. *Forster.*

To that sweet region was our voyage *bent*,
When winds and every warring element,
Disturb'd our course. *Dryden.*

Then, with a rushing sound, th' assembly *bent*,
Diverse, their steps; the rival rout ascend
The royal dome. *Pope.*

With down.
The Almighty Father from above,
From the pure empyrean where he sits
High thron'd above all height, *bent* down his eye
His own works and their works at once to view.

Milton, Paradise Lost, iii. 58.

1. Apply to a certain purpose; intend the
mind.
Men will not *bend* their wits to examine, whether
things, wherewith they have been accustomed, be
good or evil.—*Hooker.*

is within, with two right reverend fathers,
Divinely *bent* to meditation.

When he fell into the god, he was no longer able
to *bend* his mind or thoughts to any public business.
Sir W. Temple.

4. Put anything in order for use: (a meta-
phor taken from *bending* the bow).

I'm settled, and *bend* up
Each corporal agent to this terrible feat.

Shakespeare, Macbeth, i. 7.
As a fowler was *bending* his net, a blackbird asked
him what he was doing. *Sir R. L. Estlin.*

5. Incline.
But when to mischief mortals *bend* their will,
How soon they find fit instruments of ill! *Pope.*

6. Bow: (in token of submission).
Would'st thou be window'd in great Rome, and
Thy ancestor thus with plench'd arms, *bending* down
His corrigible neck? *Shakespeare, Antony and Cleopatra, iv. 12.*

Bend, v. n.
1. Be incurved.

I can fly, or I can run,
Quickly to the green earth's end,
Where the bow'd welkin slow doth *bend*. *Milton, Comus, 1015.*

That will physis the great Myrmidon,
Who broils in loud applause; and make him fall
His crest, that prouder than blue Iris *bends*.
Shakespeare, Troilus and Cressida, ii. 1.

2. Resolve; determine: (in this sense the
participle is commonly used).

Not so, for once, indulg'd they sweep the main,
Deaf to the call, or heaving, hear in vain;
But, *bent* on mischief, bear the waves before. *Dryden.*

While good, and anxious for his friend,
He still severely *bent* against himself;
Renouncing sleep, and rest, and food, and ease.

Addison.

My books command me to lay bare
The secret thou art bent on keeping. *Wordsworth.*

3. Be submissive; bow.
The sons of them that afflicted thee shall come
bending into thee. *Isaiah, lx. 15.*

Bend, s. Flexure; incurvation.
'Tis true, this god did shake;
His coward lips did from their colour fly;
And that same eye, whose bend doth awe the world,
Did lose its lustre. *Shakespeare, Julius Caesar, i. 2.*

Bend, s. Same as Band = company. *Obsolete.*
Lady Flora, on whom did attend
A fyre flock of faeries, and a fresh *bend*
Of lovely nymphs. *Spenser, Shepherd's Calendar, May.*

Bend, s. Same as Bent = inclination. *Ob-
solete.*

Farwell, poor swain; thou art not for my *bend*;
I must have quicker souls. *Fletcher, Faithful Shepherdess.*

Bénded, part. adj. In a bent position or
attitude.

On smooth the seal
And *bénded* dolphins play. *Milton, Paradise Lost, vii. 410.*

In another caricature, he appeared taking his ease
in an arm chair, with his feet on a cushion, and his
hat on his head, while the electors of Brandenburg
and Bavaria, unsevered, occupied small stools on the
right and left: the crowd of Landgraves and Saxe-
rumburg dukes stood at humble distance; and Gas-
sanga, the unworthy successor of Alva, awaited the
orders of the heretic tyrant on *bénded* knees.—*Muc-
cady, History of England, ch. xvii.*

Bénder, s.
1. One who bends.

The eugh, obedient to the *bénder's* will.
Spenser, Faerie Queene, i. 1, 3.

2. Instrument with which anything is bent.
These bows, being somewhat like the long bows
in use amongst us, were bent only by a man's im-
mediate strength, without the help of any *bénder's* or
rack, that are used to others. *Bishop Wilkins,
Mathematical Magick.*

Bénding, part. adj. With a bend, flexure,
or curve; jutting over.

Great God, shut up from the *bénding* skyes;
The mountains touch, and clouds shall rise. *G. Sandys, Psalm 144.*

There is a cliff, whose high and *bénding* head
Looks fearfully on the continued deep. *Shakespeare, King Lear, iv. 1.*

Beneath, adv.
1. In a lower place; under.

The earth which you take from *beneath* will be
barren and unfruitful.—*Mortimer.*

2. Below: (opposed to *above*).
Anything that is in heaven above, or that is in
the earth *beneath*.—*Ezekiel, xx. 4.*

Troubling I view the dread abyss *beneath*,
Hell's horrid mansions, and the realms of death. *Yalden.*

Beneath, prep. [A.S. *benæðe*.]
1. Under.

a. Lower in place: (opposed to *above*).
Their woolly fleeces, as the rits requir'd,
He laid *beneath* him, and to rest retir'd. *Dryden.*

Ases to come might Ormond's picture know;
And palms for thee *beneath* his laurels grow. *Prior.*

b. As overborne or overwhelmed by pres-
sure.

Our country sinks *beneath* the yoke;
It weeps, it bleeds, and each in w day a gash
is added to her wounds. *Shakespeare, Macbeth, iv. 3.*

And off on rocks their tender wings they tear,
And sink *beneath* the burdens which they bear. *Dryden.*

c. Lower in rank, excellence, or dignity.
We have reason to be perswaded, that there are
far more species of creatures above us than there
are *beneath*.—*Locke.*

2. Unworthy of; unbecoming; not equal to.
He will do nothing that is *beneath* his high station,
nor omit doing any thing which becomes it.—*Bishop
Atterbury.*

3. Subject to: (with *control* where we expect
under).

My own impression is that they have not done
so; and, moreover, that, if they had, our cata-
logues would have worn a very different appearance
to what they now do; for, when once the subject is
fairly looked into and analyzed, it is impossible not
to be convinced, that the prime fact aspect of the
creatures is eminently *beneath* the control of the
several conditions to which they have been long ex-
posed.—*T. V. Wollaston, On the Variation of
Species, ch. vi.*

Bénédict, s. Name of one of the characters
in Much Ado about Nothing; who begins

as a confirmed bachelor, and ends by marrying Beatrice. Hence, used sometimes as Bachelor, sometimes to denote a married man, according to the view taken of the contrast between Benedick's maxims and his actual history. The true meaning is, a late, unwilling, or unexpected convert to matrimony.

Having abandoned all his old misogyny, and his professions of single independence, he is become a *benedick*.—*James, Henry, Moxterton*.
He is no longer a *benedick*, but a quick married man; very diffident in his wife, and observant of all points of public and private morality; 'quantum mutatus!'—*Crookford's, or Life in the West*.

Benedict. *adj.* [Lat. *benedictus* = blessed; from *bene* = well, and *dictus*, part of *dicere* = call, say.] Bearing a good name; being associated with certain good qualities. *Obs.*
adulate.

It is not a small thing won in physick, if you can make rhubarb, and other medicines that are *benedict*, as strong purgers as those that are not without some malignity. — *Bacon*.

If the more benign and *benedict* medicines will not work, nor stir us at all, he can prepare us a rougher receipt, or a stranger dose. — *Archbishop Newcomb, Sermon*, p. 110.

Benediction. *s.*

1. Blessing; decretory pronouncement of happiness.

A sovereign shame so bows him; his unkindness, That strip him from his *benediction*, turn'd her To forcing enmities, gave her dear rights To his doghearted daughters.

Shakespeare, King Lear, iv. 3.

From him will raise

A mighty nation; and upon him shower His *benediction*. — *Milton, Paradise Lost*, xii. 123.

One of these persons tried to enlist Prior in Portland's faction, but with very little success. 'Excuse me,' said the poet, 'if I follow your example and my Lord's. . . . A court is like those fashionable churches into which we have looked at Paris. Those who have received the *benediction* are instantly away to the Opera House or the Wood of Boulogne. Those who have not received the *benediction* are pressing and elbowing each other to get near the altar. You and my Lord have got your blessing, and are quite right to take yourselves off with it. I have not been blessed, and must flit my way up as well as I can.' — *Maccarty, History of England*, ch. xxiv.

2. Advantage conferred by blessing.

Prosperity is the blessing of the Old Testament; adversity is the blessing of the New; which carrieth the greater *benediction*, and the clearer revelation of God's favour. — *Bacon*.

3. Acknowledgements for blessings received; thanks.

Could he less expect Than glory and *benediction*, that is thanks? — *Milton, Paradise Regained*, iii. 127.
The thought of our past years does in me breed Perpetual *benediction*. — *Colebridge*.

4. Form of instituting an abbot.

What consecration is to a bishop, that *benediction* is to an abbot; but in a different way: for a bishop is not properly such, till consecration; but an abbot being elected and confirmed, is properly such before *benediction*. — *Apollis, Parergon Juris Canonici*.

Benedictive. *adj.* Of power to draw down a blessing; giving a blessing.

His paternal prayers, and *benedictive* comprehensions. — *Bishop Gauden, Manners of Bishop Beveney*, p. 201; 1680.

Benediction. *s.* Act of conferring a benefit; benefit conferred.

One part of the *benediction* was the expression of a generous and grateful mind. — *Bishop Atterbury*.

Benefactor. *s.* [Lat. *bene* = well; *factor* = doer; from *facere* = do, in composition *facio*, whence the forms in *i*, as Benefactor, &c.] He who confers a benefit; he who contributes to some public charity: (with *of*, but oftener with *to*, before the person benefited).

From that profuse he took his hint, though he had the business not to acknowledge his *benefactor*. — *Dryden*.

I cannot but look upon the writer as my *benefactor*, if he conveys to me an improvement of my understanding. — *Addison*.

Whoever makes ill returns to his *benefactor* must needs be a common enemy to mankind. — *Swift*.
Then swell with pride, and must be titled gods, Great *benefactors* of mankind, deliverers.

Milton, Paradise Regained, iii. 81.

Benefits received and good services done shall always be generously and thankfully compensated, whether a prior bargain hath been made or not; and if it shall happen to be otherwise, and the *benefactor* obliged justly to complain of the ingratitude, the ungrateful shall in such case be obliged to give threefold satisfaction at the least. — *Maccarty, History of England*, ch. xxiv.

Benefactress. *s.* Female benefactor.

Dr. Berkeley, one of her executors, perused these letters carefully, in order to fulfil the will of his *benefactress*. — *Delany, Observations on Lord Orrery's Account of Swift*, p. 123.

She was a *benefactress* to many monasteries. — *T. Warton, History of the Parish of Kildington*, p. 30.

Bénéfice. *s.* Position of emolument: (generally in the Church).

Much to himself he thought, but little spoke, And, undepir'd, his *bénéfice* forsook. — *Dryden*.
Favoured parish clergy held as many as eight *bénéfices*. — *Freule, History of England*, ch. ii.

But Henry was easily able to secure adherents; he bought over the clergy with the vacant *bénéfices*, the nobles with grants of money, and propitiated all classes with promises of reform. — *C. H. Pearson, The early and middle Ages of England*, ch. xvi.

The Empire must acknowledge itself as a grant from the papacy, as a grant revealing for certain offices against the ecclesiastical rights and immunities; it must loudly acquiesce in the uncontrolled prerogative of the Cardinals to elect the Pope; abandon all the imperial claims on the investiture of the prelates and other clergy with their *bénéfices*; release the whole mass of Church property from all feudal demands, whether of service or of fealty; submit patiently to rebuke; admit the Pope to dictate on questions of war and peace, and all internal government where he might detect, or suppose that he detected, oppression. — *Milman, History of Latin Christianity*, h. vii. ch. i.

Bénéficed. *part. adj.* Possessed of a *bénéfice*, or church preferment.

The usual rate between the *bénéficed* man and the religious person was one moiety of the *bénéfice*. — *Apollis, Parergon Juris Canonici*.

Bénéficeless. *adj.* Having no *bénéfice*. *Rare*.

That competency of means which our *bénéfices* provisions prate of. — *Sheldon, Misconduct Antichrist*, p. 130.

Bénéfice. *s.* Practice of doing good; active goodness.

You could not extend your *bénéfice* to so many persons; yet you have lost as few days as Aurelius. — *Dryden*.

Love and charity extend our *bénéfice* to the miseries of our brethren. — *Rogers*.

Bénéficient. *adj.* Kind; doing good: (differs from *benign*, as the act from the disposition; *bénéfice* being kindness, or *benignity* exerted in action).

Such a creature could not have his origination from any less than the most wise and *bénéficient* being, the great God. — *Sir M. Hale*.
But Rhodius, then, to man *bénéficient*, Delight'st in building cities. — *Prior*.

It was computed that thousands were within the scope of the new Act. But the severity of that Act was mitigated by a *bénéficient* administration. — *Maccarty, History of England*, ch. xxiv.

Beneficial. *adj.*

1. Advantageous; conferring benefits; profitable; useful.

Are the present revolutions in circular orbits more *beneficial* than the other would be? — *Bentley*.

With *to*.

Not any thing is made to be *beneficial* to him, but all things for him, to show beneficence and grace in them. — *Hooks*.

This supposition grows the opinion to conclude to order in the world, consequently to be very *beneficial* to mankind. — *Archbishop Tillotson*.

The war, which would have been most *beneficial* to us, and destructive to the enemy, was neglected. — *Swift*.

2. Helpful; medicinal.

In the first access of such a disease, any desolation, without much acrimony, is *beneficial*. — *Arbuthnot*.

Beneficial. *s.* Benefice. *Obs.*

For that the groundwork is, and end of all, How to obtain a *beneficial*. — *Spenser, Mother Hubbard's Tale*.

Beneficially. *adv.* In a beneficial manner; advantageously; profitably; helpfully.

There is no literary or perhaps no practical useful point of knowledge, to which his literary researches could be more *beneficially* directed. — *Poore, On the Study of Antiquities*, p. 68.

Beneficialness. *s.* Attribute suggested by Beneficial; usefulness; profit; helpfulness. *Rare*.

Though the knowledge of these objects be com-

mendable for their contentment and curiosity, yet they do not commend their knowledge to us upon the account of their usefulness and *beneficialness*. — *Sir M. Hale, Originations of Monks*.

Beneficiary. *adj.* Holding something in subordination to another; having a dependent and secondary possession, without sovereign power.

The duke of Parma was tempted by no less promise than to be made a feudatory, or *beneficiary* king of England, under the seignior in chief of the Pope. — *Bacon*.

Besides the lands distributed among the nation, others were reserved to the Crown. The greater portion of these were granted out to favoured subjects under the name of *benefices*. If by no means appears that any conditions of military service were expressly annexed to these grants; but it may easily be presumed that such favours were not conferred without an expectation of some return; and we read both in law and history that *beneficiary* tenants were more closely connected with the Crown than mere feudal proprietors. — *Hutton, View of the State of Europe during the middle Ages*, ch. ii. pt. i.

Beneficiary. *s.*

1. One who is in possession of a *benefice*.

A *beneficiary* is either said to be a *beneficiary* with the cure of souls or otherwise. In the first case, if it be annexed to another *benefice*, the *beneficiary* is obliged to serve the parish-church his own proper person. — *Apollis, Parergon Juris Canonici*.

2. One benefited by another.

His *beneficiary* frequently made it their wonder, how the doctor should either know of them or their distress. — *Bishop Hall, Life of Hammond*, p. 2.

The pope's bulls given in the forms of Marcellus (about 100) for the grant of a law, contain very full terms, extended to the heirs of the *beneficiary*. — *Hutton, View of the State of Europe during the middle Ages*, ch. ii. pt. i.

Beneficiency. *s.* Kindness; benignity; graciousness. *Rare*.

They (the mercantile) discourage the inclinations of noble minds, and make *beneficiency* end into acts of obligation, whereby the grateful world should submit and leave their consolation. — *Sir T. Brown, Christiana Morale*, li. 17.

Beneficent. *adj.* Doing good; advantageous. *Rare*.

As its tendency is necessarily *beneficent*, it is the proper object of gratitude and reward. — *Adam Smith, Theory of moral Sentiments*.

Bénét. *s.*

1. Kindness; favour conferred; act of love.

When these so noble *bénets* shall prove Not well dispos'd, the mind growing ever corrupt, They turn to vicious forms. — *Shakespeare, Henry VIII*, i. 2.

Bless the Lord, O my soul, and forget not all his *bénets*. — *Psalm*, ciii. 2.

Offer'd life Neelbet not, and the *bénét* embrace By faith not void of works. — *Milton, Paradise Lost*, xii. 425.

2. Advantage; profit; use.

The creature almost his strength for the *bénét* of such as put their trust in thee. — *Windsor*, act 2.

Benefit of clergy. Arrest of judgement in criminal cases, now abolished.

Benefit of clergy is an ancient liberty of the church, when a priest, or one within orders, is arraigned of felony before a secular judge, he may pray his clergy; that is, he may be delivered to his ordinary, to purge himself of the offence objected to him; and this might be done in case of murder. The ancient law, in this point of *clergy*, is much altered, for clerks are no more delivered to their ordinaries to be purged, but now every man, though not within orders, is put to read at the bar, being found guilty, and convicted of such felony as this *benefit* is granted for; and so bound in the hand, and set free for the first time, if the ordinary's commission, or deputy, standing by, do say, 'I do not see clerics;' or otherwise suffereth death or his transgression. — *Cowell*.

They were proceeding thus with the poor girl, when somebody smoking the pipe, peeping forth from under the great coat of Adams, cried out: 'What have we here, a parson?' 'How, sirrah, says the justice, 'do you go a robbing in the dress of a clergyman? Let me tell you, your halot will not entitle you to the *benefit of the clergy*.' 'Yes,' said the witty fellow, 'he will have one *benefit of clergy*, he will be exalted above the heads of the people.' — *Faulding, Adventures of Joseph Andrews*.

Bénét. *v. a.* Do good to; advantage.

What course I mean to hold, Shall nothing *bénét* your knowledge. — *Shakespeare, Winter's Tale*, iv. 3.

He was so far from *bénétting* trade, that he did it a great injury, and brought Rome in danger of a famine. — *Arbuthnot*.

Bénét. *v. n.* Gain; advantage; make improvement.

To tell you therefore what I have *benefitted* heron, among old and renowned authors, I shall spare.—*Milton, Tractate on Education.*

Benégré. *r. a.* Make like, turn into, or invest with the character of, a negro; people with negroes. *Rare.*

And if at the coming and appearance of the humanity of Christ, the sun shall be *benégré* in darkness, as a petty light at the coming of a greater; how if you cast an eye upon the life of God. —*Herf. & Evans, p. 79; 1658.*

Surrounded with miseries, *benégré* in more than *Commerium*, and that perpetual darkness too, &c. —*Ibid, p. 163.*

If we derive the curse on Chan (Ham), or in general upon his posterity, we shall *benégré* a greater part of the earth than ever was, or so expressed. —*Sir T. Brown, Velour Kivours, p. 330. (Ord MS.)*

Benémpne. *r. a.* [A.S. *nemnan* — name.]

Rare; obsolete.

1. Name; pronouncement.

But say me, what is Almerid, he

That is so oft *benémpne*?

—*Spenser, Shepherd's Calendar, July.*

But, ere they did their utmost obsequy.

Sir Guyon, more affection to increase,

Benémpne a sacred vow, which none should ay refuse.

—*Id., Faerie Queen, li. 1, 60.*

2. Promise; give.

Much greater gifts for ever in thou shalt give me,

Than kil or russet, which I then have mp.

—*Spenser, Shepherd's Calendar, November.*

Bénéplacit. *s.* Same as Beneplaciture.

Rare.

That which is the be the cause of my salvation, which was the mercy and *bénéplacit* of God, before I was on the foundation of the world. —*Sir T. Brown, Religion Medici, 30. (Ord MS.)*

Bénéplacitum. *s.* [Lat. *bene* — well, *placere*,

part. *placitum* — please.] Will; choice.

Rare.

Hath he by his holy person told us, that either

of the other way was more suitable to his *bénéplacit* — *Glaucille, Prose of Soul, ch. iv.*

Bénét. or [Herb] **Bénét.** *s.* Plant so called

of the genus *Gum.* (See extract; in

which, however, the French, *herbe benoite*,

is omitted.)

Amos is called *Caryophyllata*, so named of the

small of roses which is in the roots, and dices called it *Succum*, *Herba benedicta*, and *Nardus* in *India*.

In High-Dutch *Benedictin* wort; in French, *Gailot*;

the *Wallens*, *Glaucille*; in English, *Amos*, and

Herbe Bénét; it is thought to be *Gum* *Phly* which

most discomport by reason he is so briefe. —*Gerarde, Herbal, p. 196; ed. 1633.*

Bénét. *r. a.*

1. Ensure; surround as with toils.

Being thus *benét* round with villains,

Ere I could mark the prodome, to my bane

They had begun the play. —*Shakespeare, Hamlet, v. 2.*

2. Made to resemble a net.

Her robe, sky colour'd silk, with curious vent of

golden-twist, *benét* over all. —*Sylvestre, De*

Indica, 495, 2. (Ord MS.)

Bénévolence. *s.*

1. Disposition to do good; kindness; charity;

good-will; kind service done.

That which we distribute to the poor, St. Paul

calls a blessing *bénévolence*. —*Orator, Tractate*

on Charity, the Prose, ed. 151, li. 1280.

If Sir John Falstaff have committed disparements

unto you, I am of the church, and will be

elad to do my *bénévolence*, to make atonements and

compensations between you. —*Shakespeare, Henry*

Wise of Windsor, 1.

Since perfect goodness in the Deity is the principle

from whence the universe was brought into

being, and by which it is preserved; and since

general *bénévolence* is the great law of the whole

moral creation; it is a question which immediately

occurs, "Why had man not been made in this principle

which appears the direct contrary to *bénévolence*?"

—*Bishop Butler, Sermon on Revival.*

Grasp the whole worlds of reason, life, and sense,

In one close system of *bénévolence*.

—*Pope, Essay on Man.*

2. Compulsory rate, assessment, or tax.

This tax, called a *bénévolence*, was devised by

Edward IV, for which he sustained much envy. It

was abolished by Richard III. —*Haron, History of the*

Reign of Henry VII.

After impositions and *bénévolences* were exhausted,

it had always been found necessary, in the most ar-

bitrary times of the Tudors, to fall back on the re-

presentatives of the people. —*Hollam, Constitutional*

History of England, ch. 1.

They sometimes bowed in a tone not easily to be

distinguished from that of command, and sometimes

horrered with small thought of repaying. But the

fact that they thought it necessary to disguise their

exactions under the names of *bénévolence* and loans

sufficiently proves that the authority of the great

constitutional rule was universally recognised. —

Morley, History of England, ch. 1.

Bénévolent. *adj.* [Lat. *benevolens*, -*lentis*;

from *bene* — well, and *volens* — wish, will.]

Kind; having good will or kind inclinations.

Thou good old man, *bénévolent* as wise. —*Pope.*

Nature all

Is blooming and *bénévolent* like —*Thomson.*

Bénévolous. *adj.* Kind; friendly. *Rare.*

A *bénévolous* inclination is implanted into every

frame and temper of our church's constitution

—*Fuller, Moderation of the Church of England, p. 303.*

Beng. *s.* [Persian, *bengh*.] Same as Bang.

The English affect stimulant nourishment — beef

and beer; the French, exultants, irritants — nitrous

oxide, alcohol, champagne; the Austrians, sedatives,

lyscyanus; the Russians, narcotics — opium,

tabacco, and *beng*. —*Coderling, Table Talk.*

Bénight. *r. a.* Involve in darkness; darken;

shroud with the shades of night. *Rare.*

Those bright stars that did adorn our hemisphere,

as these dark shades that did *bénight* it, vanish.

—*Boyle.*

A storm begins, the raging waves run high,

The clouds look heavy and *bénight* the sky. —*Garth.*

Bénighted. *part. adj.* In darkness as that

of night; overtaken by the night; delarred

from intellectual light (a stronger word, in

this sense, than *unlighted*).

Being *bénighted*, the sight of a candle I saw a good

way off directed me to a young shepherd's house. —

Sir P. Sidney.

He that has light within his own clear breast

May sit in the center, and enjoy bright day;

But he that hides a dark soul, and foul thoughts,

Bénighted walks under the mid-day sun;

Himself is his own dungeon. —*Milton, Comus, 351.*

But what so long in vain, and yet unknown

By poor mankind's *bénighted* wit, is sought,

Shall in this age to Britain first be shown. —*Dryden.*

The miserable race of men that live

Bénighted half the year, benighted with frosts,

Under the polar Bear. —*A. Phillips.*

Shall we whose souls are lighted

With wisdom from on high,

Shall we to men be *bénighted*?

The lamp of life deny.

—*Bishop Heber, Missionary Hymn.*

Bénign. *adj.* [Lat. *benignus*.]

1. Kind; generous; liberal; actually good.

See Beneficent.

This turn hath made amends! Thou hast fulfilled

Thy words, Creator! bounties and *bénign*!

—*Milton, Paradise Lost, viii, 401.*

What Heav'n bestows upon the earth, in kind

influences and *bénign* aspects, is paid it back in

sacred and adoration. —*South.*

They who delight in the suffering of inferior

creatures will not be very compassionate or *bénign*.

—*Locke.*

Diff'rent are thy names,

As thy kind hand has fouled many cities,

Or dealt *bénign* thy various gifts to men. —*Prior.*

2. Wholesome; not malignant.

These salts are of a *bénign* mild nature, in healthy

persons; but, in others, retain their original qualities,

which they discover in cachexis. —*Arbuthnot.*

Bénignant. *adj.* Kind; gracious; actually

good.

Defend my heart, *bénignant* Power,

From anxious looks and smiles;

And shield me, in my every hour,

From love's destructive wiles. —*Mah'n's Wish.*

—*English Collection of Songs, l. 3, 20.*

If what has now been stated should be merged by

the enemies of Christianity, as if its influence on the

Johnson's temperament was melancholy, of which

such direful apprehensions of fatality are often a

common effect. —*Bowdell, Life of Johnson, vi, 314.*

This wounded soldier was charmed by the *bénign*

courtesy with which he walked among their

palaces, assisted while wounds were dressed by the

hospital surgeons, and breakfasted on a porridge of

hospital broth. —*Macleay, History of England, ch. xvii.*

Bénignity. *s.*

1. Graciousness; goodness.

It is true that his mercy will forgive offenders, or

his *bénignity* co-operate to their conversions. —*Sir T. Brown.*

Although he enjoys the good that is done him, he

is unconcerned to value the *bénignity* of him that

does it. —*South.*

2. Actual kindness.

He which useth the benefit of any special *bénign*

ity, may enjoy it with good conscience. —*Hooker.*

The king was desirous to establish peace rather by

bénignity than blood. —*Sir J. Hayward.*

3. Salubrity; wholesome quality; friendliness

to vital nature.

Homes receive a quicker agglutination in sanguine

man in choleric bodies, by reason of the *bénignity*

of the serum, which sendeth out better matter for a

callos. —*Wiccon.*

This is the (9) which for the *bénignity* of the climate

inhabited the female Paradise. —*Huett, Vocal Forral,*

41. (Ord MS.)

Bénignly. *adv.* Favourably; kindly; gra-

ciously.

'Tis amaze more than love,

Which her radiant eyes do move;

If less splendour wait on thine,

Yet they so *bénignly* shine,

I would turn my dazzled sight

To behold their milder light. —*Waller.*

Oh, truly good, and truly great!

For glorious as thy rose, *bénignly* so he set. —*Prior.*

Bénison. *s.* [O.Fr. *benison* = benediction.]

Blessing; benediction.

We have no such daughter; nor shall ever see

That face of hers again; therefore, begone

Without our grace, our love, our *bénison*.

—*Shakespeare, King Lear, i. 1.*

Unmille, ye fair stars, and thou, fair moon,

That won'tst to love the traveller's *bénison*.

—*Milton, Comus, 331.*

The abbots sign'd the great cross on his front,

'Then go you with God's *bénison* and mine.'

—*Prior, Margate Maggpie, 111.*

Bénjamin. *s.* Same as Benzoin.

The odour of his sock was like to be neither much

nor *bénjamin*. —*Milton, Apology for Socrates, 111.*

Bénnet. *s.* [P. bent = culm of grass. If so,

more fitly spelt with one t.] Plant so

called of the genus *Hordium*.

This kind of wild barley, called of the Latines

Hordium sparsum, is called of Phly *Holens*; in

English, *Wall Barley*, *Way Barley*, or, after old Eng-

lish writers, *Way Beant*. —*Gerarde, Herbal, p. 55.*

ed. 1633.

Bent. *s.*

1. State of being bent; state of flexure;

curvity.

Strike gently, and hold your rod at a *bent* a little.

—*L. Walton, Graphie, 149, r.*

2. Degree of flexure.

There are divers subtle inquiries concerning the

strength required to the bending of bows; the force

they have in the discharge, according to the several

bents; and the strength required to be in the string

of them. —*Bishop Wilkins.*

3. Unrest power (as of a bent bow); ten-

sion; strain of the mental powers.

Then let thy love be stronger than thyself,

Or thy affection cannot hold the *bent*.

—*Shakespeare, Twelfth Night, ii. 4.*

We both obey,

And here give up ourselves, in the full *bent*,

To thy service freely at your best.

—*Id., Hamlet, iii. 2.*

The understanding should be brought to the

kindly parts of knowledge, that try the strength of

thought, and a full *bent* of the mind, by user able

degrees. —*Locke.*

4. Inclination; disposition towards some-

thing; determination; fixed purpose.

O who does know the *bent* of woman's fancy!

—*Spenser, Faerie Queen.*

He knew the strong bent of the country towards

the house of York. —*Reyn.*

Soon incline to admit delight,

The *bent* of nature! —*Milton, Paradise Lost, xi. 206.*

The golden me was first; when men, yet new,

No rule but uncorrupted reason knew;

6. Tendency; flexion; particular direction.

The exercising the understanding, in the several ways of reasoning, stretch the mind, suppleness to apply itself more dexterously to *bent* and turns of the matter, in all its resources. *Locke*.

Bent. *s.* [from Ger. *biegen* = rish.] Culms of pasture grasses; (these, being neither mown nor eaten, appear in autumn as dry stalks, and are really the straw of the smaller grasses).

This spear, a *bent* both stiff and strong,
And well near of two inches long;
The pile was of a horse-fly's tongue,
Whose sharpness might reversed.

Deighton, Xaphodist.

3 Then the flowers of the vines; it is a little dust, like the dust of a *bent*, which grows upon the cluster, in the first running forth. *Bacon, Essay of Gardens.*

Bent. *s.* [from Fr. *pente*.] Slope; declivity. *Rare*.

Beneath the lowering brow, and on a *bent*,
The temple-stair of Mars arduous.

Dryden.

Benting. *verb. ab.* Seeking bents, or culms.

The pigeon never knoweth woe,
Until she doth a *bunting* go.

Old Proverb.

Benting-time. *s.* Time when pigeons feed on bents before peas are ripe.

Bare *benting-time*, and moulting months, may come,
When, lagging late, they cannot reach their home.

Dryden.

Bentum. *v. a.*

1. Make torpid; take away the sensation and use of any part by cold or by some obstruction.

My sinews slacken, and an icy stiffness
Bentums my blood.

Sir J. D. Hanam.

It seizes upon the vitals, and *bentums* the senses;
And where there is no sense there can be no pain.

South.

2. Stupefy.

These accidents were her last: the creeping death
Bentums'd her senses first, then stopp'd her breath.

Dryden.

Benummed. *part. adj.* Torpid.

The same routine and active mind which put to slumber all the dull and indolent rulers of these times as well as their ministers, who were generally selected from a *benumbed* and feeble caste. *Harrison, Transactions of the Society of the Eighteenth Century*, p. 327.

Benummedness. *s.* Attribute suggested by benumbed.

Set before the eyes of all the world the *benumbedness* and hardness of such consciences. *The Apotheosis of the Prince of Opium*, sign. E. 2, 1851.
Prolonged sleep is a communicating a rape upon the body and mind, whereby the offensive qualities, by their violent assaults, force the brain to a *benumbedness* for its destruction. *Smith, Treatise of Old Age*, p. 131.

When there is a *benumbedness*, or seariness, upon the great principle of spiritual sense, as it is expressed in Exodus, xiv. 1, we come to the just feeling, no wonder then if sin and Satan infect below after below, in the most fatal manner, upon the soul. *South, Sermons*, ix. 55.

Benumming. *part. adj.* Causing benumbedness or torpor.

The *benumbing* influence of the higuisation, of a severe censorship of the press, reaching uninterruptedly from the sixteenth to the nineteenth century, and of despotic government's administered (with some remarkable exceptions) in a tedious and the spirit, has reduced Italy to a secondary intellectual position; though it has never been able to extinguish all sparks of the fire which had derived from her early cultivation. *Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. iii.

Benzoïn. *s.* Balsam procured from the Syriac Benzoïn, or Benjamin tree.

The liquor we have distilled from benzoïn is subject to frequent vicissitudes of fluidity and firmness. *Boyle*.

Benzoïn has a very agreeable fragrant odour, but scarcely any taste. It is regarded as an expectorant, and was formerly employed in asthma and other pulmonary affections, and is still used for that purpose by the Tamarit physicians. *Thomson, London Dispensatory*, p. 204.

Bepaint. *v. a.* Cover with paint.

Thou know'st the mask of night is on my face,
Bleu would a maiden bluish *bepaint* my cheek.

Shakespeare, Romeo and Juliet, ii. 2.

Bepale. *v. a.* Make pale. *Rare*.

When first those purple'd lips of thine,
Bepal'd with blushing night, did seal
Their violated faith on mine. *Carow, Poems*, p. 50.

Bepinch. *v. a.* Mark with pinches. *Rare*.

In their sales, arms, should be, all *bepinch'd*,
Ran thick the weals, red with blood. *Chapman*.

Bepiss. *v. a.* Wet with urine.

One caused, at a feast, a bagpipe to be played, which made the knight *bepiss* himself, to the great diversion of all then present, as well as confusion of himself. *Dehman*.

Bepowder. *v. a.* Dress out; powder. *Lucidicrous*.

Is he bent compelled against his will to practice winning wares before the glass, or employ for whole hours all the thought withinside his noble to *bepowder* and beaur the outside? *Search, the Free will, Fortinbrache*, &c. p. 28.

Bepraise. *v. a.* Praise greatly or hyperbolically.

Generals, who once had crowds hallooing after them, wherever they went; who were *bepraised* by newspapers and memoirs; have long sunk into merited obscurity. *Guthrie, Essays*.

Bepurpled. *part. adj.* Reverberated purple. *Rare*.

Like to leuceny, when the lawn,
With rose cheeks *bepurpled* eye, is drawn
To boast the loveliness it seems to hide.
Dodley Dugess, prefixed to Sandys's Poems.

Bequeath. *v. a.* [A.S. *beacrajan* = bequeath.] Leave by will to another.

She had never been disinherited of that goodly portion, which nature had so liberally *bequeathed* to her. *Sir P. Sidney*.

Let's choose our eaters, and talk of wills;
And yet not so - for what can we *bequeath*,
Save our dearest bodies to the ground?

Shakespeare, Richard II., iii. 2.

It was upon this fashion *bequeathed* me by will,
but a poor thousand crowns. *Id.*, *As you like it*, i. 1.

He thinks this age seems resolved to *bequeath* posterity somewhat to remember it. *Dequarville*.

For you, whom I love and value most,
But to your service I *bequeath* my ghost.

Dryden, Fables.

Bequest. *s.* Something left by will; legacy.

of the crown to himself; pretending an adoption, or *bequest*, of the kingdom into him by the Confessor. *Sir M. Hale*.

Liberty of *bequest*, which Rufus had called in question, he restored. *C. H. Pearson, The early and middle Ages of England*, ch. xxv.

Bequest. *v. a.* Effect a bequest. *Obsolete*.

Came to the top to the appointed place,
His son in all his ornaments invested,
Which the good Anon meekly doth embrace,
And into him his offices *bequested*.

Dryden, Mocks, 1666. (Oral 188.)

Beraïn. *v. a.* Rain upon; wet. *Obsolete*.

So after that he long had her complained,
His louds a wrong, and said that was to say,
And with his tears said her breast *beraïn'd*,
He ran those tears within of full dry day.

Chaucer, Troilus and Criseyde, iv. 1172.

Berattle. *v. a.* Fill with noise; make a noise at in contempt. *Rare*.

These are now the fashion, and so *berattle* the common shies, so they call them, that many wearing capers are afraid of goosequills, and dare scarce thither. *Shakespeare, Hamlet*, ii. 1.

Beray. *v. a.* Same as Bewray = betray, or expose; whence (in a bad sense) make foul; soil; defile. *Rare*.

Beraying the font and water, while the bishop was baptizing him. *Milton, of Ethic's, History of England*, vi.

It is an ill bird that *berays* its own nest. *Rog. Proverbs*.

Berbery. *s.* [Lat. *berberis*.] The ways of spelling of this word, numerous as they are, with the exception of the present, are all incorrect. Sometimes an *a* takes the place of the first *e*, giving *barbery*; sometimes the *r* is doubled, giving *barberry* or *berberry*. As the fruit is a berry, the catenachestic character of this latter mode of spelling is evident. *Etymologically* the word has nothing to do with *berries*, whatever may be the case with the shrub in Botany.]

Shrub of the genus *Berberis*.
Some never ripen to be sweet, as tamarinds, *berberies*, crabs, shoes, &c. *Bacon, Natural and Experimental History*.

The berries are so very acid that the birds seldom touch them. The *berberry*, however, is cultivated for the sake of these, which are pickled and used for garnishing dishes. Insects of various kinds are remarkably fond of the flowers of the *berberry*. *London, Encyclopædia of Plants*, p. 257.

Bere. *s.* [A.S. *bere*.] Variety of winter barley; higg; or barley-higg.

Cultivated every where to the foot of the hills with oats, or *bere*, a species of barley. *Gray, Letters*.

Bereave. *v. a.* [A.S. *beræfan*.]

1. Strip; deprive; (with of).

Madam, you have *bereft* me of all words,
Only my blood speaks to you in my veins.

Shakespeare, Merchant of Venice, iii. 2.

There was never a prince *bereaved* of his dependancies by his council, except three hath been an overweeningness in one counselor. *Shakespeare, Henry IV.*

The sacred priests with ready knives *bereave* the beasts of life. *Dryden*.

To deprive us of metals, is to make us more savages; it is to *bereave* us of all arts and sciences, of history and letters, nay of revealed religion too, that inestimable favour of heaven. *Kebley, Ser-*

mon on defuncted care!

Thou art object of love and thee *bereft*,

To exclaim me with despair,

Thine image and my tears are left.

Byron, Lines written beneath a Picture.

Without of. *Rare*.

Bereave me not
Whom I live! thy gentle looks, thy aid,
Thy counsel, in this utmost distress.

Milton, Paradise Lost, x. 918.

2. Take away from.

All your interest in these territories
Is utterly *bereft* you, all is lost.

Shakespeare, Henry VI. Part II., iii. 1.

Bereavement. *s.* Deprivation.

Thou art the shock had fallen upon him as suddenly and as unexpectedly as a thunderbolt from heaven, he bore his *bereavement* with stoical fortitude. *Id.*

South, The Trist.

Berg. *s.* [A.S. *bergh*.] Hill (generally of ice). *Iceberg* is in certain favourable spots broken off from the parent mass, and cake up the Danes from their launch before they sail away into Davis Strait and southwards. *Sir R. J. Murchison, Address to the Royal Geographical Society*, 1852.

Bérgamot. *s.* [Fr. *bergamot*.]

1. Kind of pear.

Many *bergamottes*, doyenues, bourrés, and others known familiarly in England, are very successful. *André, The Channel Islands*, p. 180.

Common *bergamot*, English *bergamot*, York *bergamot*. This is one of the oldest pears known, and supposed by pomologists to have been in England before the Roman invasion. *Munier, 3. Monnaie* conjectures it to be of Turkish origin, and to have been originally called *Sapadon* (quince pear), from the Turkish *ber* or *beg*, and *amoud*, a pear. *C. M. Ansh, Book of the Garden*.

2. Variety of citron (*Citrus Medica*).

Oil or essence of *bergamot* is a fragrant essential oil procured from the outer rind of the *bergamot* orange. There are several other species of orange used for this purpose, but the *bergamot* orange is the best of the most fragrant. There is, likewise, a small of this same name, which is only a chem tobacco with a little of the essence added into it. *Rox, Cyclopædia*, in voc.

Bérgeret. *s.* [Fr. *bergerette*.] Pastoral song. *Obsolete*.

There began anon

A lady for to sing right wondrously

A *berget* in praising the daisie.

Chaucer, The Flower and the Leaf.

Bérgmaster. *s.* Steward or judge of the Bergmote.

Bérgmaster, or *barmer*, or *bermaster* in the royal courts. The *bermaster* is to keep two great courts of law yearly, and every week a smaller one as occasion requires. *Rox, Cyclopædia*, in voc.

Bérgmote. *s.* See extract.

Bérgmote or *bermote*, a court which takes cognizance of causes and disputes between miners. Some suppose it thus called from a *bar*, at which the suitors appear; others, with more probability, derive the word from the German *berg*, a mine. By the custom of the mines no person is to sue any miner for ore sold, or for ore, or for any ground in quarries, but only in the court of *bermote*, on penalty of forfeiting the debt, and paying the charges at law. *Rox, Cyclopædia*, in voc.

Berhyme. *v. a.* Mention in rhyme or verses. *Contemptuous*.

Now is he for the numbers that Petrarch flow'd in:
Laura to his lady was but a kitchen wench;
merry, she had a better love to *berhyme* her. *Shakespeare, Romeo and Juliet*, ii. 4.

I sought no homage from the rarer that write;

I kept, like Asian monarchs, from their sight:

Poems I loved, now *berhym'd* so long.

No more than thou, great George! a birth-day song.

Pope.

Berlin. *s.* [from *Berlin*, where first made. The word is German, rather than English,

and as such it is accented *Berlin*: as English, it may be sounded *Berlin*, as it is in the following extract.] Kind of chariot.

Beware of Latin authors all!

Nor think your verses sterling,
Though with a golden pen you scrawl,
And scribble in a *berlin*.

Swift.

Bérnicle. *s.* [see Binnacle.] Same as Barnacle, and, doubtless, the more correct word.

I have procured the skin of a great bird, which he that gave me called a scarf; but I believe it will prove a *bernicle*. Ray, *Correspondence, Letter of Jeanp.* p. 33.

Berób. *r. a.* Rob; plunder; wrong anyone, by taking away something from him by stealth or violence. *Rare.*

She said: Ah dearest lord! what evil star
On you hath frowned (and pour'd) his influence bad,
That of yourself you thus *berobed* are?

Spenser, *Faerie Queen*.

Berried. *part. adj.* Hung, or provided, with berries.

Yet seemed the pressure thrice as sweet
As woodbine's fragile thorn;
Or when I feel about my feet
The *berried* briary fold.

Tennyson.

Berry. *s.* [A.S. *berig.*] Any small succulent fruit; properly, any small fruit consisting of a thin outer skin enclosing p. in which the seeds are scattered (as in gooseberries and currants).

She smote the ground, the which straight forth
dib yield
A fruitful olive tree, with *berries* spread. Spenser.
Wholesome berries thrive and ripen best,
Neighbour'd by fruit of likest quality.

Shakespeare, *Henry T. i. 1.*

Berry. *s.* Same as Barrow = tunnels. *Rare.*

This little *berry* some yeleep
An hillcock.

W. Brauna.

Bert. *s.* See Bret.

Berth. *s.* [? *bradth.*]—Mr. Wedgewood connects it with *birth*.] See extract.

Berth, berth, or birthing denotes the due distance of shiplying at anchor, or under sail. A convenient place abroad for a mess to put their chests, sleep, &c., is also called a *berth*. To take a good *berth* is to remove to some distance of my point, rock, or other thing that the sea-mon would avoid or get clear of. — *Rees, Cyclopaedia*, in voc.

Bétram. *s.* See extract.

Pellitorie of Spain is called in Greek *πέλιτρον*, by reason of his hot and fierce taste; in shops also *Pyrettrum*; in Latine, *Salmaris*; in Italian, *Pyretro*; in Spanish, *Peltre*; in French, *Pied d'Alexandre*; that is to say, *Pes Alexandrinus*, or *Alexander's foot*; in High and Low Dutch, *Bétram*; in English, *Pellitorie* of Spain; and of some, *Bétram*, after the Dutch name; and this is the right *Pyrettrum*, or *Pellitorie* of Spain; for so that which grows here in England take to be the right, is not so, as I have before noted. — *Gyraldus, Herbal*, p. 753: ed. 1533.

Béryl. *s.* [Lat. *beryllus.*] Kind of precious stone.

May thy billows roll ashore
The *beryl* and the golden ore;
May thy lofty head be crown'd
With many a tower and terrace round!

Milton, *Comus*, 332.

The *beryl* of our lapidaries is only a fine sort of corneol of a more deep bright red, sometimes with a cast of yellow, and more transparent than the common corneol. — *Woodward*.

Besaint. *r. a.* Make a saint of.

Make antiquity

A patron of lank patches, and deny
That penance is unlawful, and *besaint*
Old Jabez for shewing how to paint.

John Hall, *Poems*, p. 3.

As absurd, no doubt, is their exorcizing, securing, and *besainting* themselves in this life, upon every slight premature persuasion that they are in Christ. Hammond, *Sermons*, p. 61.

Besóáter. *r. a.* Throw loosely over. *Rare.*

Her goodly locks adown her backe did flow
Unto her waiste, with flowers *besóáted*.

Spenser, *Faerie Queen*, iv. 11, 46.

Besóörn. *v. a.* Mock at; scorn. *Rare.*

Then was he *besóórned*, that once should have
been honoured in all things. — *Chaucer, Parson's Tale*, p. 195.

Besórámbie. *r. a.* Scramble over. *Rare.*

When the maged brambles
With thousand scratches doth their skin *besórámbie*.

Sylvester, *De Barbas*, 104. (Ord MS.)

Besóráteh. *v. a.* Tear with the nails, or with anything pointed. *Rare.*

For sore he swat, and running through that same
Thick forest, was *besóráteh*, and both his feet nigh lame.

Spenser, *Faerie Queen*, iii. 5, 3.

Besóráwl. *r. a.* Scrawl over. *Rare.*

These wretched projectors of ours, that *besóráwl*
their pamphlets every day with new forms of government for our church. — *Milton, Reason of Church Government*, i. 1.

Besóreen. *v. a.* Cover with a screen; shelter; conceal. *Rare.*

What nun art thou, that thus *besóreen'd* in night,
So stumblest on my counsel!

Shakespeare, *Romeo and Juliet*, ii. 2.

Besóribble. *r. a.* Scribble over.

That power the unisecring canist hath im-
properly usurped in his court-book, and *besóribbled*
with a thousand trifling importunesses. — *Milton, Doctrine and Discipline of Divorces*, ii. 12.

Besóumber. *r. a.* Befoul; besmur. *Rare.*

Did Black *besóumber*
Statute's white suit, wif the parchment her there?
H. Jonson, *Staple of News*.
Mortimer's numbers
[The pedant] with much *besóumber* filth *besóumber*.
Marston, *Satires*, ii. 9.

Besóé. *r. n.* See to; see after; look; mind.

Obsolete.

I have sinned betraying rightfull blood. And
they saide: What to us? — *Bee* thou. — In our
authorized version, &c. thou to that. — *Wycliffe*,
St. Matthew, xxvii. 4.

Besóéech. *r. a.*

1. Entreat; supplicate; implore: (before a person).

I besóéech you, Sir, pardon me; it is only a letter
from my brother, that I have not all o'er-read. —
Shakespeare, *King Lear*, i. 2.
I, in the anguish of my heart, *besóéech* you.
To quit the dreadful purpose of your soul.

Addison.

2. Beg; ask: (before a thing).

But Eve,
Not so repul'd, with tears that ceas'd not flowing
And tresses all disorder'd, at his feet
Fell humble; and, embracing them, besóéech'd
His peace. — *Milton, Paradise Lost*, v. 909.
Before I come to them, I besóéech your patience,
whilst I speak something to ourselves here present.
— *Bishop Sprat*.

Besóéech. *s.* Request. *Obsolete.*

Good madam, hear the suit that Edith begs
With such submiss *besóéech*.
Beaumont and Fletcher, *bloody Brother*.

Besóécher. *s.* One who besóéeches; one who makes request or supplication

Let no unkind, no fair *besóécher* kill.
Shakespeare, *Sonnets*, 135.

Besóéck. *r. a.* Request; besóéech. *Rare.*

We besóéck you of merie and secur:
Have merie on our woe and our distresse.

Chaucer, *Knight's Tale*.

He arriving with the full of day,
Drew to the gate, and there with prayers wecke
And myld entreaty lookinge did for her besóéck.

Spenser, *Faerie Queen*, vi. 3, 37.

Besóém. *r. a.* Become; be fit; be decent for.

What form of speech, or behaviour, *besóémeth* us
in our prayers to Almighty God? — *Hooker*.

This oversight

Besóém thee not, in whom such virtues spring.

Fairfax.

What thoughts he had, *besóém* not me to say;
Though some surmise he went to fast and pray.

Dryden.

Besóéming. *part. adj.* Becoming: (in the sense of suitable, fit).

Venus's ancient citizens,
Cast by their grave *besóéming* ornaments.

Shakespeare, *Romeo and Juliet*, i. 1.

Besóémingly. *ade.* In a besóéming manner; fitly; becomingly; decently.

There is nothing in all the compass of nature unfit
or unworthy to have proceeded from God; nothing
which he *besóémingly*, without derogation to his
excellencies, may not own for his work. — *Barrow*,
ii. 181. (Ord MS.)

Besóémly. *adj.* Same as Besóéeming. *Rare.*

to their seats they hye with merry glee,
And in *besóémly* order sitten there.

Shenstone, *Schoolmistress*.

Besóén. *part.* Adapted; adjusted; becoming. *Obsolete.*

Then her thy crowns thy goddess and their
queens,
And decke with flowers thy altars will *besóéene*.
Spenser, *Hymns in Honour of Love*.

Forth came that ancient lord and aged queen
Armed in antique robes down to the ground,
And sad habiliments right well becom.

Spenser, *Faerie Queen*.

Besót. *r. a.*

1. Besiege; hem in; enclose (as with a siege).

Follow him that's fled;

The thicket is *besót*, he cannot scape.

Shakespeare, *Two Gentlemen of Verona*, v. 3.

Now, Caesar, let thy troops *besót* our gates,
And bar each avenue . . .

Unto shall open to himself a passage.

Addison, *Cato*.

2. Waylay; surround.

Draw forth thy weapon, we're *besót* with thieves;
Rescue thy mistress.

Shakespeare, *Taming of the Shrew*, i. 1.

The only righteous in a world perverse,
And therefore hated, therefore so *besót*.

With flies.

Milton, Paradise Lost, x. 761.

True fortitude I take to be the quiet possession of
a man's self, and an undisturbed doing his duty,
whether evil *besót* or danger lies in his way. —
Locke.

3. Embarrass; perplex; entangle without any means of escape.

Now, daughter Sylvia, you are hard *besót*.

Shakespeare, *Two Gentlemen of Verona*, ii. 4.

Thus Adam, sure *besót*, reply'd.

Milton, Paradise Lost, x. 121.

Sure, or I read her visage much amiss,
Or grief *besót* her hard.

Rare.

We live in this world *besót* with sundry uneasinesses,
distracted with different desires. — *Locke*.

4. Fall upon; harass.

But they him spake, both with greedy force
At once upon him ran, and him *besót*
With strokes of mortal steel.

Spenser, *Faerie Queen*.

5. Decorate.

Their women are valiant, and sumptuous in their
apparel and other ornaments; for they so richly
frynge and *besót* the same with perle, precious
stones, and gables, that nothing can be more excel-
lent. — *Eduin, Marriage*, 315. (Ord MS.)

Beshine. *v. a.* Shine upon. *Rare.*

He had a wylf,

That he beshin as he beshin his wylf.

[She] was as fair a creature as the sun might *beshine*.

Chaucer, *History of Beryn*.

Beshrów. *r. a.* [A.S. *bescearwian*, from *scara* = *scare*, *wian* = *surround*.] Ensnare; circumvent; deceive; wish evil to.

This double hypocrisy,

With his devout appearance,
A yser set upon his face,
Wherof, toward the world's grace,
He seemeth to be right well thewed;

And yet his herte is all *beshrówed*.

Gower, *Confessio Amantis*, i.

Beshrów thee, man, which didst lead me to this
Of that sweet way I was in to despair.

Shakespeare, *Richard II*, ii. 2.

Now much *beshrów* my manners, and my pride,
If Horon would be so my sander fiend.

Id., *Midsummer Night's Dream*, ii. 3.

Nay, smother the cock; but I *beshrów* his both.

If I believe a saint upon his bath. — *Dryden, Tabb*.

Beshút. *r. a.* Shut up. *Rare.*

They have my joy fully let,
Sith I have not they have *beshút*
From me in prison wickedly.

Chaucer, *Roman of the Rose*, 108.

Beside. *ade.* Same as Besides.

All that we feel of it begins and ends
In the small circle of our friends or friends;
To all *beside* as much an empty show,

As Eugene living, as a Caesar dead.

Pope.

Beside. *prep.*

1. At the side of another; near.

He caused me to sit down *beside* him. — *Barrow*.

Beside the house, a fruitful palm-tree grows.

Knotted since by this great funeral. — *Fairfax*.

At his right hand Victory
Sat eagle-wing'd; *beside* him hung his bow.

Milton, Paradise Lost, vi. 762.

Fair is the kingcup that in meadow blows;
Fair is the daisy that *beside* her grows.

Gay, *Pastorals*.

Now under hanging mountains,
Beside the falls of fountains,
Unborn, unknown,
He makes his home.

Pope, *Ode for St. Cecilia's day*.

2. Over and above.

Doubtless, in man there is a nature found,
Beside the senses, and above them far.

— *Nie J. Davis, On the Immortality of the Soul*.

We may be sure there were great numbers of wise
and learned men, *beside* those whose names are in
the Christian records, who took care to examine our

Parleur's history.—Addison, *Defence of the Christian Religion*.

3. Not according to, though not absolutely contrary.

To say a thing is a chance, as it relates to second causes, signifies no more than that there are some events *beside* the knowledge, purpose, expectation, and power of second causes.—*Boswell*.
Providence often disposes of things by a method *beside* and above the discoveries of man's reason.—*Id.*
It is *beside* my present business to enlarge upon this speculation.—*Locke*.

4. Out of; in a state of deviating from.

You are too wilful blame,
And, since your coming here, have done
Enough to put him quite *beside* his patience.
Shakespeare, Henry IV. Part I. iii. 1.
Of vagabonds we say,
That they are ne'er *beside* their way.
Butler, Hudibras.

Beside one's self. Out of the order of rational beings; out of one's wits.

Only be patient, till we have appeas'd
The multitude, *beside* themselves with fear.
Shakespeare, Julius Caesar, iii. 1.
Festus said with a loud voice, Paul, thou art *beside thyself*: much learning doth make thee mad.—*Acts, xxv. 24.*

Besides. adv.

1. More than that; over and above.

If Cassio do remain,
He hath a daily beauty in his life,
That makes me only; and, *besides*, the Moor
May unfold me to him; for though stand I in peril.
Shakespeare, Othello, v. 1.
That man that doth not know these things which
are of necessity for him to know, is but an ignorant
man, whatever he may know *besides*.—*Archbishop*
Tillotson.
Some wonder, that the Turk never attacks this
treasury. But, *besides* that he has attempted it
formerly with no success, it is certain the Venetians
kept too watchful an eye.—*Addison*.

2. Not in this number; out of this class; not included here.

The men said unto Lot, Hast thou here any *besides*?—*Genesis, xix. 12.*
Outlaws and robbers, who break with all the
world *besides*, must keep faith among themselves.—*Locke*.

Besides. prep. (the use of the final *s* is much less common than in the Adverb.)
Same as *Beside*.

The Stoicks did hold a necessary connexion of
causes; but they believed, that God doth not create
eternum eternum, *besides* and against nature.—*Bishop*
Brancham, Against Hobbes.

We would have omniscience and all parts of divinity
besides the holiness; yet alas, those without
these would prove but fatal nequities.—*Dr. H. More*,
Discourse of Christian Piety, p. 349.

In letters, *besides* the exercise of sensitive percep-
tion and imagination, are are lodged instincts
interdependent to their imaginative faculty.—*Sir M.*
Male.

Precepts of morality, *besides* the natural corrup-
tion of our tempers, are abstracted from ideas of
sense.—*Addison, On Virgil's Georgics*.

These may serve as landmarks, to shew what lies
in the direct way of truth, or is quite *besides* it.
Locke.

Beside themselves. Out of the order of rational beings.

They be carried *beside themselves*, to whom the
dignity of public prayer doth not discover some-
what more fitness in men of gravity than in chil-
dren.—*Hooker*.

Besiege. v. a. Belanguer; lay siege to; beset with armed forces; endeavour to win a town or fortress by surrounding it with an army, and forcing the defenders, either by violence or famine, to give admission.

And he shall *besiege* thee in all thy gates, until thy high and fenced walls come down.—*Isaiah, xlviii.*

The queen with all the northern earls and lords,
Intend here to *besiege* you in your castle.
Shakespeare, Henry VI. Part III. i. 2.

Besieger. s. One who besieges, or is employed in a siege.

There is hardly a town taken, in the common
form, where the *besiegers* have not the worse of the
barricade.—*Staff*.

Besieging. part. adj. Employed on a siege.
Still the place held out: the garrison was in numerical strength, little inferior to the *besieging* army; and it seemed not impossible that the defence might be prolonged till the equinoctial rains should a second time compel the English to retire.—*Macaulay, History of England*, ch. xvi.

Besit. v. a. Suit; become. *Rare.*

Me ill *besit*, that in devouring arms
And honour's suit and my vowed days do spend,
Unto thy bounteous bytes and pleasing charms,
With which woeke men that wish'd to attend.
Spenser, Faerie Queene, ii. 7. 10.
And that which is for ladies most *besit*,
To stint all strife, and foster friendly peace,
Was from those dames so farre and so unfitting,
As that, instead of praying them successe,
They did much more their enmity encrease.
Id., ibid. iv. 2. 19.

Beslave. v. a. Subjugate; make a slave of.

Id.
He that hath once fixed his heart upon the face of an harlot, and hath *beslaved* himself to a bewitching beauty, casts off at once all fear of God, respect to laws, shame of the world, regard of his estate, care of wife, children, friends, reputation, patrimony, body, soul.—*Bishop Hall, Works*, ii. 110.
Whom sad diseases have *beslaved* to drugs and diets.—*Quarles, Judgment and Mercy*.
It (covetousness) blinds justice, poisons charity, strangles conscience, *beslaves* the affections, betrays friendship, breaks all relations.—*Id.*

Beslaver. v. a. Cover with slaver.

Forty shillings! A fit reward of one of your rheumatic poets, that *beslaver* all the paper he comes by, and furnishes all the chancellors with waste paper, to wrap candles in.—*Return from Parnassus: 1694.* (Ord MS.)

Besimo. v. a. Soil; daub.

Our fry of writers may *besimo* his fame,
And give his action that adulterate name.
R. Johnson, Preface, Prologue.

Beslubber. v. a. Daub; smear. *Rare.*

He persuaded us to tickle our noses with spengrass, and make them bleed; and then *beslubber* our garments with it, and swear it was the blood of true men.—*Shakespeare, Henry IV. Part I. ii. k.*

Beslurry. v. a. Soil. *Rare.*

And being in this piteous case,
And all *beslurred* head and face,
Or runs he in this wildgoose chase.
Deighton, Symphonia, ii. 453. (Ord MS.)

Besmeár. v. a.

1. Beskub; overspread with something which sticks on.

He lay as in a dream of deep delight,
Besmeár with precious balm, whose virtuous might
Had heal'd his wounds.—*Spenser, Faerie Queene*.
That face of his I do remember well,
Yet when I saw it last, it was *besmeár'd*
As black as Vulp.—*Shakespeare, Twelfth Night*, v. 1.

First Moloch! horrid king! *besmeár'd* with blood
Of human sacrifice, and parents' tears.
Milton, Paradise Lost, i. 392.
Her fainting hand let fall the sword, *besmeár'd*
With blood.—*Sir J. Denham*.
Her gushing blood the pavement all *besmeár'd*.
Dryden.

2. Soil; foul.

My honour would not let ingratitude
So much *besmeár* it.
Shakespeare, Merchant of Venice, v. 1.
Then should a cruel deed of good paper escape the
misery of being *besmeár'd* by his pen.—*Bishop Hall*,
Honour of married Chery, ii. 14.
Besmirch. v. a. Smirch. *Rare.*
Perhaps he loves you no more,
And now no soul of earthly dust *besmirch*
The virtue of his will.—*Shakespeare, Hamlet*, i. 3.
Our eyes and our gilt are all *besmirch'd*
With rainy marching in the painful field.
Id., Henry V. iv. 3.

Besnow. v. a. Scatter in abundance like snow; whiten as snow. *Rare.*

The present every day gets newed,
He was with gifts all *besnow'd*,
The people was of his glad.
Gower, Confessio Amantis, vi.
Another shall
Impair thy teeth, a third thy while and small
Hand shall *besnow*.—*Chaucer, Boece*, p. 65.

Besouffed. part. adj. Fouled with soot.

Go, breakfast with Alich; there you'll see
'Sunder muddies,' to the last degree;
Ulich's her stays, her night-gown is untied,
And what she has of head-dress is aside;
She draws her woads, and waddles in her pace;
Unwashed her hands, and much *besouff'd* her face.
Jonson, Love of False, satire vi. (Ord MS.)

Bésom. s. [A.S. *besu.*] Instrument to sweep with; broom.

Bacon commended an old man that sold *bésoms*:
a proud young fellow came to him for a *bésom* upon
trust; the old man said, because of the lack and
bely, they will never ask thee again; I shall dun
thee every day.—*Bacon*.
I will sweep it with the *bésom* of destruction, with
the Lord of hosts.—*Isaiah*, xiv. 23.

Besort. v. a. Suit; fit; become. *Obsolete.*

Such men as may *besort* your age,
And know themselves and you.

Shakespeare, King Lear, i. 4.
Besort. s. Company; attendance; train. *Obsolete.*

I crave fit disposition for my wife,
With such accommodation and *besort*
As levels with her breeding.
Shakespeare, Othello, i. 3.

Besot. v. a.

1. Infatuate; stupefy; take away the senses.
Or foals *besot*d with their crimes,
That know not how to shift betimes.

Better, Hudibras.
He is *besot*d, and has lost his reason; and what
then can there be for religion to take hold of him
by?—*South*.

As long as they faithfully discharge their obli-
gations to the paramount power, they are permitted to
dispose of large revenues, to fill their palaces with
beautiful women, to *besot* themselves in the company
of their favorite revellers, and to oppress with im-
punity any subject who may incur their displeasure.
Macleod, History of England, ch. ii.

2. Make to date; (with one).

Paris, you speak
Like one *besot*d with your sweet delights.
Shakespeare, Troilus and Cressida, ii. 2.
Trust not thy beauty; but restore the prize,
Which he *besot*d us that face and eyes.
Would rend from us.
Dryden.

Besotted. part. adj. Infatuated; stupefied.

So much gluttony
Ne'er looks to heaven's amidst his gorgeous feast,
But, with *besotted* sense meretricious,
Craves, and blasphemous.—*Milton, Comus*, 776.

Besottedly. adv. In a foolish or besotted manner.

After ten or twelve years' prosperous war and
contentation with tyranny, basely and *besottedly*
to run their necks again into the yoke which they
have loosed.—*Milton, Ready and easy Way to*
establish a Free Commonwealth.

Besottedness. s. Attribute suggested by

Besotted; stupidity; infatuation.
God, when men sin outrageously and will not be
ammonished, gives over chastising them, perhaps by
pestilence, fire, sword, or famine, which may not
turn to their good; and takes up his severest punish-
ments, harshness, *besottedness* of heart, and obduracy
to their perdition.—*Milton, Of true Religion*, *Ar-*
istotle, ad fin.

Bespangle. v. a. Adorn with spangles;

besprinkle with something shining.
Not Berenice's locks first rose so bright,
The heav'n's bespangling with discover'd light.
Pope.

Bespatter. v. a.

1. Soil by throwing filth; spit or sprinkle
as with dirt or water.

Those who will not take view into their *bespatter*,
shall yet have it *bespatter* their faces.—*Dr. H. More*,
Governments of the Tongue.
His weapons are the same which women and
children use: a pen to scratch, and a squirt to *be-*
spatter.—*Swift*.

2. Asperse with reproach.

Fair Britain, in the monarch's bed,
Whom never faction could *bespatter*.—*Swift*.
If the calumniator *bespatter* and belies me, I
will endavour to convince him by my life and
manners, but not by being like himself.—*South*,
Sermons, vii. 198.

Bespawl. v. a. [?] Cover with (?) spittle. *Rare.*

This reneighbour would invest himself condi-
tionally with all the phlegm of the town, that he
might have suffered to *bespawl* his brethren.
Milton, Animadversions on a Defence of the Humble
Remonstrance.

Bespeak. v. a.

1. Order to be supplied or made; insure any-
thing beforehand, or against a future time.

If you will marry, make your love to me;
My lady is *bespeak*.—*Shakespeare, King Lear*, v. 3.
Here is the cup your worship did *bespeak*.
Id., Tempest, iv. 3.

When Baboon came to Strutt's estate, his trades-
men waited upon him to *bespeak* his custom.—
Arbuthnot.

A heavy writer was to be encouraged, and accord-
ingly many thousand copies were *bespoke*.—*Swift*.

2. Forebode; tell something beforehand.

They started fears, *bespoke* dangers, and formed
ominous prognosticks, in order to scare the allies.—
Swift.

3. Speak to; address.

With hearty words her knight she gan to cheer,
And, in her modest manner, thus *bespoke*,
Dear knight.—*Spenser, Faerie Queene*.

At length with indignation thus he broke
His awful silence, and the powers bespoke. *Dryden.*
Then staring on her with a ghastly look,
And hollow voice, he thus the queen bespoke. *71.*
Methinks, thou shouldst even behold him standing
By this, and should bespoken him as thy father, thy
Husband, thy Physician, thy Friend. — *Baxter, The*
Saint's Rest, ch. viii.

4. **Betoken**: show.

When the abbot of St. Martin was born, he had so
little of the figure of a man, that it bespoken him
rather a monster. *Locke.*

We observe power, but nothing that bespoken a
tendency towards the improper use of it. — *W. God-*
win, History of the Commonwealth of England, b. iv.

Bespeaking, *s.* One who bespoken any-
thing.

They men not with love to the bespeaking of the
work, but delight in the work itself. — *Sir H. Wat-*
son.

Bespeaking, *riched abs.* Ordering to be
supplied or made; insuring anything be-
forehand.

My preface looks as if I were afraid of my reader,
by a tedious bespeaking of him. — *Dryden.*

Bespeckle, *v. a.* Mark with speckles or
spots. *Rare.*

They in a flaring fire bespeckled her with all the
gaudy ornaments of a whore. — *Milton, Of Rifi-*
tion in England, l. 1.

Bespét, *v. a.* Same as Bespit. *Rare.*

Then was his visage, that ought to be desired to
seen of all mankind, villainously bespet. — *Chaucer,*
Parson's Tale.

To bespet one all over. — *Barnet, Abstract.*

Bespice, *v. a.* Flavour with spices.

Thou might'st bespice a cup

To give mine enemy a lasting wink.

Shakespeare, With a To, l. 2.

Bespit, *v. a.* Drib with spittle.

He schold be trayed to his brethren; and he

schold be scorned. — *St. Luke*, xviii. 32.

Bespót, *v. a.* Mark with spots.

If this be to labour, to prevent scurvyous flocks,
and with the dew of wit and their liquor to bespot
their apparel and temperate modesty — then
these are never idle. — *Bishop of Rochester, Sermon*, at
St. Paul's.

Mildew rests on the wheat, bespot; on the stalks
with a different colour from the natural. — *Johnson.*

Bespread, *part. adj.* Spread over; covered
over.

His martial bed,
With curious needles wrought, and painted flowers
bespread. — *Dryden.*

The globe is equally bespread; so that no place
wants proper inhabitants. — *Darwin.*

Besprent, *part. adj.* [A.S. *besprengan*

sprinkle over.] Besprinkled.

My head besprent with hoary frost I find.

Spenser.

The water-nymphs, not farre Lin-Toged that fre-

quent.

With brows besmeard with oze, their locks with
dew besprent. — *Beaumont, Polixenus*, l.

The chewing flocks

staid then their supper on the savory herb

Of knot-grass dew besprent. — *Milton, Comus*, 542.

The milky dews supplie'd his beard, and lent

Their kindly dew to curl his cheek;

And he, though oft with dust and sweat besprent,

Did guide and guard their wand'ring faces wheresoe'er

they went. — *Boileau, Miroir*, l. 12.

Besprinkle, *v. a.* Sprinkle over; scatter

Herodotus, imitating the father poet, whose life he

had written, hath besprinkled his work with many

tabularies. — *Sir T. Browne.*

A purple flood

Flows from the trunk, that writes in the blood;

The best besprinkles, and bedews the ground. — *Dryden.*

Bespurt, *v. a.* Throw out scattering. *Rare.*

It will be no time disserving from Christian meek-

ness, to handle such a one in a rougher accent, and I

to send home his humbleness well bespurt with

his own body-water. — *Milton, Arcades*, coming on a

Defence of the *Hebræe Remonstrance*.

Best, *adj.* [A.S. *best*.] Most good; that

which has good qualities in the highest

degree.

And he will take your fields, even the best of them,

and give them to his servants. — *1 Samuel*, viii. 1.

When the best things are not possible, the best

may be made of those that are. — *Locke.*

When he is best, he is little more than a man; and

when he is worst, he is little better than a beast. —

Shakespeare, Merchant of Venice, 5. 2.

I think it a good argument to say, the infinitely

wise God hath made it so; and therefore it is best.
But it is too much confidence of our own wisdom to
say, I think it best, and therefore God hath made it
so. — *Locke.*

An evil intention perverts the best actions, and

makes them sine. — *Addison.*

The best. Highest perfection.

My friend, said he, our sport is at the best. — *Ad-*
dison.

Do the best. Use the utmost power; make
the strongest endeavour.

I profess not talking; only this,

Let each man do his best. — *Shakespeare, Henry IV., Part I.*, l. 8. 2.

The Duke did his best to come down. — *Byron.*

He does this to the best of his power. — *Locke.*

Make the best. Carry to its greatest per-

fection; improve to the utmost; (with of).

Let there be freedom to carry their commodities

where they may make the best of them, except there

be some special cause of caution. — *Ricco.*

His father left him an hundred shillings: Al-

melcher, in order to make the best of it, had it out in

glasses. — *Addison.*

We set sail, and made the best of our way, till we

were forced, by contrary winds, to return. — *Ad-*
dison.

Best, *adjectival adv.* In the highest degree

of goodness.

He shall dwell in that place where he shall

choose in one of his gates, where it lieth him best. —

Isaiah, lxvi. 14.

It throws great light on the functions of nutrition

the phenomena of growth, and the laws of develop-

ment; and best explains several apparent a-

and exceptions in biological science. — *Rickle, His-*
tory of Civilization in England, vol. ii. ch. v.

Bestain, *v. a.* Mark with stains; spot. *Rare.*

We will not line his thin bestain'd cheek

With our pure honours. — *Shakespeare, King John*, iv. 3.

Bestead, *v. a.* [stead: place, stand in place

of; he equivalent to, he of avail.] *Obsolete.*

1. Profit.

Hence, vain it hading joys,

The bea of Folly, without father bred,

How little you bestad,

Or fill the fixed mind with all your toys. — *Milton, H. P. 100*, l. 1.

2. Treat; accommodate.

They shall pass through it hardly bestad, and

hurry. — *Isaiah*, vii. 21.

3. Dispute.

What the false evil hath thee so bestad?

Spenser, Shepherd's Calendar, August.

Bestial, *adj.* [Lat. *bestialis*; from *bestia* -

beast.]

1. Belonging to a beast, or to the class of

beasts.

His wild disorder'd walk, his haggard eyes,

Did all the bestial citizens surprise. — *Dryden.*

2. Having the qualities of beasts; brutal;

below the dignity of reason or humanity;

animal.

I have lost the immortal part of myself, and what

remains is bestial. — *Shakespeare, Othello*, l. 3.

For those, the race of Israel oft forsook

Their living strength, and unfeeling left

Their righteous altar, bowing bowly down

To bestial gods. — *Milton, Paradise Lost*, l. 137.

The times promised are not cross and carnal,

such as may court and gratify the most bestial part

of us. — *Dr. H. More, Discourse of Christian Polity.*

Look at that head of Cane by Chantry! Is that

forehead, that nose, those temples and that chin,

akin to the monkey's? No, no. To a man of

sensibility no argument could deprive the bestial

theory so convincingly as a quiet contemplation of

that fine best. — *Catalpa, Table Talk.*

Bestiality, *s.* Quality of beasts; degeneracy

from human nature.

They tickle themselves with the wanton remem-

brances of their younger bestiality. — *Bishop Hall,*
Reveries, p. 189.

What can be a greater absurdity, than to affirm

bestiality to be the essence of immaturity, and dare-

ness the centre of light? — *Aristotle and Pope,*
Martinus Scribner.

Bestian, *adj.* Bestial. *Rare.*

This bestian empire (for so it is still in the Re-

velations) delights only in sensuous, and strikes at

spirituals. — *Cutler, White Star*, p. 131.

Bestiate, *v. a.* Make like a beast; bestialize. *Rare.*

Drunkness bestiates the heart, and spoils the

brain; overflows the faculties and organs of re-

spectance and resolution. — *Junius, Sin dignified*,
p. 235: 1639.

Bestick, *v. a.* Stick over with anything;
mark anything by infixing points or spots
here and there. *Rare.*

Truth shall retire,

Bestuck with slenderer darts; and works of faith

Rarely be found. — *Milton, Paradise Lost*, xii. 523.

I have gained a mine bestuck, or, as I may say,

bedecked with the repeaches and rebuffs of this

most confuter. — *Id., Apology for Scurrilousness.*

Bestir, *v. a.* Put into vigorous action;

(with *reflective* and *personal pronouns*).

As when men want to watch

On duty, sleeping found by whom they dread,

Rouse and bestir themselves ere well awake. — *Milton,*
Paradise Lost, i. 534.

But, as a dog that turns the spit,

Bestirs himself, and pins his leg.

To climb the wheel, but all in vain,

His own weight brings him down again. — *Butler, Hudibras.*

What aileth them, that they must needs bestir

themselves to get in air, to maintain the creature's

life? — *Rap.*

With *personal pronouns* only.

She turns, on hospitable thoughts latent,

Endears her then, and from each tender soul

Whatever earth, all-bearing mother yields.

She gathers. — *Milton, Paradise Lost*, v. 337.

With *nouns*.

I am scarce in breath, my lord. — No marvel, you

have so bestirred your colour, you cowardly rascal.

— *Shakespeare, King Lear*, ii. 2.

How should we lustle forward? Give some com-

mand. — *Id., These cross ways.*

How to bestir. — *Id., These cross ways.*

B. Johnson, Pile of a Pat.

Bestness, *s.* Attribute suggested by Best.

Rare.

Generally the bestness of a thing (that we may

so call it) is best done by the necessary.

— *Bishop Marlow, Epitaph.*

Bestorm, *v. a.* Be in the condition of a

storm. *Rare.*

As, when all is smooth and prosperous without, a

man may shelter himself from the persecutions of his

conscience; so, when all is calm and serene

within, he may shelter himself from the per-

secutions of the world, but when both are

stormed, he hath no refuge to fly to. — *Dr. Scott,*
Works, ii. 255.

All is sea besides,

Sinks under us, bestorms, and then devours.

— *Young, Night Thoughts*, iv.

Bestow, *v. a.* [A.S. *stow*: place.]

1. Lay up; stow; place.

And when he came to the tower, he took them

from their hand, and bestowed them in the house. —

2 Kings, v. 24.

2. Place out; put out; allocate; give; con-

fer: (with *on* or *upon*).

All men would willingly have yielded him power;

but his nature was such as to bestow it upon

himself, before any could give it. — *So. P. Sidney.*

All the delicate times of the house of the Lord

did they bestow upon London. — *2 Chron.*, vi. 3.

A king is a very equivocal art to bestow on a

man's race and collection of men. He may be

vicious; he may be selfish; he may be proud; he

may be tyrant. The pleasure of princes is not to

deceit; and the education which is too often given to

on them is calculated to render them too prone to a

community they should be made and alone. — *W. de-*
W., *History of the Commonwealth of England*, ii. 14.

With *to*.

... Julius Cesar had, in his office, the disposition

of the six clerks' place; which he had bestowed

such persons as he thought fit. — *Lord Clarendon.*

a. As charity or bounty.

Our Saviour doth plainly witness, that there should

not be as much as a cup of cold water bestowed

for his sake, without reward. — *Hebrews.*

And though he was manifest in setting

what he was a sin, yet, in bestowing, nothing.

He was most princely. — *Shakespeare, Henry VIII.*, l. 2.

Spain to your gift alone her Indies owes;

For what the power takes not, he bestows. — *Dryden.*

You always exceed expectations; as if you were

not your own, but to bestow on wanting merit. — <

Let me hear from thee by letters,
Of thy success in love; and what news else
Betide here in absence of thy friend.
Shakespeare, Two Gentlemen of Verona, i. 1.
What's *betide*, we'll turn aside
And view the brims of Yarrow. *Wordsworth.*
With *to*.

Why wearie we the gods with plaints,
As if some evil were to her befall?
Spenser, Shepherd's Calendar, November.

With *on*.
If he were dead, what would *betide* on me?
Shakespeare, Richard III. i. 3.

Betime. *adv.* Seasonably; early.
Send succours, lords, and stop the rage *betime*.
Shakespeare, Henry VI. Part II. iii. 1.

Betimes. *adv.* Same as *Betime*.
Whiles they are weak, *betimes* with them contend;
For when they once to perfect strength do grow,
Strong wars they make. *Spenser, Faerie Queene.*
He tires *betimes*, that spurs too late *betimes*.
Shakespeare, Richard II. ii. 1.

There be some have not over early ripeness in their
years, which *betimes*; these are first, such as
have brittle wits, the edge whereof is soon turned. —
Huon.

Remember thy Creator in the days of thy youth;
that is, enter upon a religious course *betimes*. —
Archbishop Tillotson.

Short is the date, alas! of modern rhymes:
And 'tis but just to let them live *betimes*.
They whose young soul can receive this rust *betimes*,
'Tis clear, are fit for any thing but rhymes.
Byron, Hints from Horace.

He that drinks all night, and is lamed *betimes* in
the morning, may sleep the sounder next day. —
Shakespeare, Measure for Measure, iv. 3.
They rose *betimes* in the morning, and offered
sacrifice. — *1 Maccabees, iv. 52.*

Betoken. *v. a.* Signify; mark; represent;
indicate; foreshew; presignify.

We know not wherefore churches should be the
worse, if, at this time, when they are delivered into
God's own possession, ceremonies fit to *betoken* such
intent, and to accompany such actions, be usual. —
Huon.

A dewy cloud, and in the cloud a bow,
Conspicuous with three-listed colours gay,
Betokening peace from God. —
Milton, Paradise Lost, xi. 865.

The kindling azure, and the mountain's brow,
Illum'd with fluid gold, his near approach
Betok a glail. — *Thomson, Summer.*

Betony. *s.* [Lat. *betonica*.] Plant so called
(*Betonica officinalis*).

'He has many virtues as *betony*,' is a proverb
current in Spain, and some other countries, where
the *betony* is still regarded for its efficacy in curing
many complaints. — *Phillips, Floral Emblems.*

Betorn. *part. pref.* Torn. *Rare.*

Could none in Britain land,
Whose heart *betorn* out of his panting breast
With thine own hand, or work what death thou
wouldest,
Suffice to make a sacrifice 't' appease
That deadly mind and murderous thought in thee?
Scott, Tragedy of Godolphin.

Betoss. *v. a.* Overdo with tossing; disturb;
agitate; put into violent motion. *Rare.*

What said my man, when my beloved soul
Did not attend him as we rode?
Shakespeare, Romeo and Juliet, v. 3.

The entries of the miserable *betossed* squire were
so many, and so loud, as they arrived at last to his
lord's bearing. — *Stetson, Translation of Don Quixote,*
i. iii. 3.

Betráp. *v. a.* Ensnare. *Obsolete.*

This clerke, this subtillye Ovide,
And many an other desired have be
Of women, as is known full wide —
And other use, that could full well preeche
Betrapped were, for aught that they could reche.
Oech. v. Letter of Cupide, 252.

Betráy. *v. a.* [Lat. *traho*, *Fr. trahir* — give
over: see remarks under *Brought*.]

1. Give into the hands of enemies by treachery
or breach of trust; expose to evil
by revealing something intrusted: (with
to or *into*).

If ye be come to *betray* me to mine enemies
seeing there is no wrong in mine hands, the God of
our fathers look thereon, and rebuke it. — *1 Chroni-*
cles, ix. 17.

Jesus said unto them, The Son of Man shall be
betrayed into the hands of men. — *Matthew, xvii. 22.*
How (wouldst thou) again *betray* me,
Bearing my words and doings to the lords!
Milton, Samson Agonistes, 946.

2. Make liable to fall into something incon-
venient: (with *into*).

The bright genius is ready to be so forward, as
often *betrays* itself into great errors in judgement.
— *Watts.*

3. Show; discover.

Be swift to hear, but be cautious of your tongue,
lest you *betray* your ignorance. — *Watts.*

Ire, envy, and despair,
Which marr'd his borrow'd visage, and *betray'd*
Him counterfeit, if any eye beheld.

Milton, Paradise Lost, iv. 116.
The Veian and the Gabian towers shall fall,
And one promiscuous ruin cover all;
Nor, after length of years, a stone *betray*
The place where once the very ruins lay.

Addison, Travels in Italy.

Betráyal. *s.* Act of betraying.
The Jewish writer, Flavius Josephus, had been
taken prisoner by Vespasian, but had gained his
freedom by the *betráyal* of his country's cause; and
he joined the army of Titus and marched to the over-
throw of Jerusalem, and of the temple in which his
forefathers had served as high priests. — *Sharpe,*
History of Egypt, ch. xii.

Betráyer. *s.* One who betrays; traitor.
The wise man doth so say of fear, that it is a *be-*
tráyer of the forces of reasonable understanding. —
Hobbes.

You cast down your courage through fear, the *be-*
tráyer of all succours which reason can afford. — *Sir*
J. Hayward.

They are only a few *betráyers* of their country;
they are to purchase ruin, perhaps, at half price, and
vend it among us to the ruin of the publick. — *Swift.*

Betráying. *part. adj.* Treacherous.

Then love is death and drives the soul to dwell
In this *betráying* harbour, which, like hell,
Gives never back her booty, and contains
A thousand firebrands, whips, and restless pains.
Beaumont, Against abused Love, (Rich.)

Betráying. *verbal abs.* Act of one who be-
trays.

You have well heard of Theseus the gise,
In the *betráying* of faire Adriane,
That of her pite kept him from his banne. — *Chaucer,*
Legend of Fair Women, Phillis, (Rich.)

For fear is nothing else but a *betráying* of the
succours which reason offereth. — *Wisdom, xvii. 12.*

Valerius Messala writeth that he never entertained
any of his incults at supper except Marcus, and
him usually first, even after the *betráying* of Sex.
Pompeius' death. — *Plutarch, Holland, Suetonius,*
p. 72. (Rich.)

Betráymēt. *s.* Act of a betrayer. *Rare.*

And in the mean season they disclosed their
merciless conscience, confessing him to be im-
pure, whose *betráymēt* they had sought. — *Edith,*
On Matthew, ch. xxvii. (Rich.)

Betrim. *v. a.* Trim; deck; dress; grace;
adorn; embellish; beautify; decorate.
Rare.

Thy banks with plumed and twilled brims,
Which spanky April at thy best *betrim*s,
To make cold nymphs elude crows.

Shakespeare, Tempest, iv. 1.

Betroth. *v. a.*
1. Contract to anyone in order to marriage;
alliance; have as affianced by promise of
marriage.

He, in the first flower of my freshest age,
Betroth me unto the only heir
Of a most mighty king, most rich and sage.

Spenser, Faerie Queene.
To her, and her lord,
Was I *betroth*ed, ere I thine saw.

Shakespeare, Midsummer Night's Dream, iv. 1.
And what man is there that hath *betroth*ed a wife,
and hath not taken her? let him go and return into
his house. — *Deuteronomy, xx. 7.*

My soul's publick promise she
Was sold then, and *betroth*ed to Victory. — *Cauchy.*

2. Nominate to a bishopric, in order to con-
secration. *Rare.*

If any person be consecrated a bishop to that
church, wherunto he was not before *betroth*ed, he
shall not receive the habit of consecration, as not
being canonically promoted. — *Ayliffe, Paragon*
Juris Canonici.

Betrothál. *s.* Act of becoming betrothed.

It must be remembered that the canon law of the
church, like the Roman civil law, regards marriage,
in its secular aspects, simply as a pact and contract
before witnesses. A formal *betrothál*, being the
promise of a future contract, partook of its binding
character in so far that it could only be dissolved by
a special act of the church. — *C. H. Parker, The*
early and middle Ages of England, ch. xxxiii.

Betrothment. *s.* Same as *Betrothal*.

The Anglo-Saxon form of *betrothment* is no longer
extant. — *Thorpe, Translation of Lappenberg's History*
of England under the Anglo-Saxon Kings,
pt. v.

Sometimes setting out the speeches that pass be-
tween them, making as it were thereby the *be-*
trothment; otherwhiles declaring the actual duties,
one of them towards another, but specially that
some great love of the bridegroom to his spouse. —
Exposition of the Canticles, p. 6. 1583.

Betríst. *v. a.* Intrust; put into the power
of another, in confidence of fidelity. *Rare.*

He who is *betríst*ed with the cure of our souls,
should, besides of other witnesses, be both present and
active in and at our domestic contracts of matri-
mony. — *Bishop Hall, Cases of Conscience.*
Betríst him with all the good, which our own
capacity will allow us, or the solicitude encourages
us to hope for, either in this life, or that to come. —
Greco.

Whatever you would *betríst* to your memory,
let it be disposed in a proper method. — *Watts.*

Bett, or Bet. *adj.* [A.S. *bet.*] Better. *Ob-*
solete.

Bet is to die than have indigence.

Chaucer, Man of Law's Tale.
The dapper ditties, that I want devise
To feede your's favour, and the flocking fry,
Delighten much; what I the *bett* thereby?

Spenser, Shepherd's Calendar

Béttér. *adj.* More good.

He has a horse *béttér* than the Neapolitan's; a
béttér and habit of swimming than the Count Palat-
ine. — *Shakespeare, Merchant of Venice, i. 2.*
I have seen *béttér* lives in my time.

Thou stand on my shoulders that I see
Before me at this instant. — *Id., King Lear, ii. 2.*
Having a desire to depart, and be with Christ;
which is far *béttér*. — *Philippians, i. 23.*

Better cheap. See Cheap under Good
cheap.

The pearls of price which Englishmen have
sought
So farre abroad, and cost them there so deare,
Is now found out within our country here,
And *better cheap* amongst us may be bought.

Goswidge to Holladay, The French
Lidde, p. 7. 1581.

To teach us this lesson at the dearest rate, if we
will not learn it *better cheap*. — *Archbishop Saurin,*
Sermon, p. 159.

Béttér. *adjectival adv.* Well in a greater de-
gree.

Then was it *béttér* with me than now. — *Huon,*
ii. 7.

Béttér a mechanic rule were stretched or broken,
than a great vessel were omitted. — *Deplu.*

He that would know the idea of infinity, cannot
do *béttér*, than by considering to what infinity is
attained. — *Id.*

The *béttér* to understand the extent of our know-
ledge, one thing is to be observed. — *Locke.*

Béttér. *v. a.*

1. Improve; meliorate; advance; support.

... know thou that his honour would suffer during
a treaty, to *béttér* a party. — *Huon, History of the*
Reign of Henry VII.

The cause of his taking upon him our nature, was
to *béttér* the quality, and to advance the condition
thereof. — *Huon.*

He is furnished with my opinion, which is *béttér*
with his own learning. — *Shakespeare, Merchant of*
Venice, iv. 1, letter.

Heir to all his lands and goods,
Which I have *béttér'd*, rather than decreased.

Id., Tragedy of Sir

But Jonathan, to whom both hearts were known,
With well-timed zeal, and with an awful curse,
Restor'd, and *béttér'd* his soul, to suffer. — *Id.*

The church of England, the purest and best re-
formed church in the world; so well reformed, that
it will be found easier to alter than *béttér* its insti-
tutions. — *South.*

2. Surpass; exceed. *Obsolete.*

The works of nature do always aim at that which
can be *béttér'd*. — *Huon.*

He hath borne himself beyond the promise of his
age; he hath, indeed, *béttér'd* *béttér'd* expectation
than you must expect of me to do to you. — *Shakespeare,*
Much Ado about Nothing, i. 1.

What you do

Still *béttér* what is done; when you speak, sweet,
I'd have you do it ever. — *Id., Winter's Tale, v. 3.*

Béttér. *s.* Superior; one to whom prece-
dence is to be given.

They *béttér* would be hardly found, if they did
not live among men, but in a wilderness by them-
selves. — *Huon.*

The courtesy of nations allows you my *béttér*, in
that you are the first-born. — *Shakespeare, As you*
like it, i. 1.

That ye thus hospitably live,

Is mighty grateful to your *béttér*s.

And makes 'em gods themselves your debtors. Prior.
I have some gold and silver by me, and shall be
able to make a shift, when many of my *béttér*s are
starving. — *Swift.*

Decease me! (for I flatter you in saying
That ye are deers your *béttér* far) ye may
Read, or read not, what I am now essaying
To show ye what ye are in every way.

Byron, Don Juan, vii. 1.

Béttér. *s.* Advantage; superiority; (with *the*).

The Corinthians that morning, as the days before,
had the *béttér*. — *Sir P. Sidney.*

With of.

The voyage of Drake and Hawkins was unfortunate; yet, in such sort, as did not break our prescription, to have had the *better* of the Spaniards.

Better, his countryman, in an epistle to Pompey, after an express comparison, affords him the *better* of Thucydides.—*Sir T. Browne, Vulgar Errors*.

You think it
To get the *better* of me, and you shall. *Southerne*.
The gentleman had always so much the *better* of the satirist, that the persons touched did not know where to fix their resentment.—*Prior*.

With for.

If I have altered him any where for the *better*, I must at the same time acknowledge, that I could have done nothing without him.—*Dryden*.

Better. *s.* One who lays bets or wagers.

I observed a stranger among them of a gentlemanly behaviour than ordinary; but notwithstanding he was a very fair *better*, nobody would take him up.—*Addison, Spectator*.

Bettering. *verbal abs.* Act of meliorating or improving. *Rare*.

The Romans took pains to hew out a passage for these lakes to discharge themselves for the *bettering* of the air.—*Addison*.

Bettering-house. *s.* Reformatory. *Obsolete*.
It is not impossible that our earth, with its satellite the moon, the other planets in this our system, with their satellites, but especially the comets, should be all of them *bettering-houses* according to the Dutch manner of speaking, i.e. prisons, dungeons, and places of punishment. *Chambers, Philosophical Conjectures, discourse 2.* (Orel MS).

Betterment. *s.* Improvement. *Obsolete*.
In thy good days be mindful of the evil; and in evil forced to avoid, by which perchance health may be at the end of the course of sickness, nor our sickness liable to the despair of *betterment* and mitigation.—*W. Montagu, Essays*, pt. ii, p. 221: 1634.

Betterness. *s.* Attribute suggested by *better*; superiority. *Obsolete*.

One so truly beloved lady, for whom I desire for both our souls that these may be my last words, give me your consent even out of that wisdom which must needs see, that, besides your unmatchable *betterness*, which perchance you will not see, it is wider than both.—*Sir P. Sidney, Arcadia*, iv. (R).

Betting. *part. adj.* In the habit of making bets; following betting as a kind of profession.

His Lordship disliked *betting* men, and always cautioned his son against them.—*Crickford's, or Life in the West*.

Betting. *verbal abs.* Act of betting, or proposing a wager.

You'll pay me that eight shillings I won of you at *betting*. *Shakespeare, Henry V.* i. 1.

Betty. *s.* [?] Small implement for forcing open the doors of houses.

Beyond the stratagems, the audacious exploits, and the nocturnal adventures of nighty heroes, describing the powerful *betty*, or the awful jackbock. *Archibald, History of John Bull*.

Betumbled. *part. adj.* Disordered; rolled about.

From her *betumbled* couch she started,
To find some desperate instrument of death. *Shakespeare, Rape of Lucrece*.

Betwattle. *v. a.* Confound; overpower; stupefy. *Rare*.

He haun'd like a cat;
They were all stounded and affrighted,
That one, they counted so wise-moulded,
Should look so feebly and *betwattled*. *Gabriel John, p. 75*.

Between. *prep.* [A.S. *betwecnan*, *betwinnan*; from *twæ*—*twā*.] In the intermediate space. (In the following extract the notion of not only space, but space between *two* objects, as the etymology suggests, is adhered to. It is, however, often neglected. See *Either*, Comparative [degree]. &c.)

Of smell the headlong flossiness *between*,
And bound suggestions on the tainted green? *Pope*.

a. From one to another: (noting reciprocity or intercourse).

He should think himself unhappy, if things should not go *between* them, as he should not be able to acquit himself of ingratitude towards them both.—*Bacon, History of the Reign of Henry VII.*

b. Belonging to two in partnership.

I ask, whether Castor and Pollux, with only one soul *between* them, which thinks and perceives in:

one what the other is—never conscious of, are not two distinct persons?—*Locke*.

Bearing relation to two.

If there be any discord or suits *between* them and any of the family, they are compounded and appeased.—*Bacon, Nova Atlantica*.

Friendship requires, that it be *between* two at least; and there can be no friendship where there are not two friends.—*South*.

d. Noting difference, or distinction, of a from the other.

Their natural constitutions put so wide a difference *between* some men, that art would never master. *Locke*.

Children quickly distinguish *between* what is required of them, and what not. *Id.*

Betwixt. *prep.* [A.S. *betwæx*; like *between*, a derivative of *twæ*.] See *Between*.

1. In the midst of two.

Hard by, a cottage chimney smokes,
From *betwixt* two aged oaks. *Milton, L'Allegro*, 82.
'Tis thinks, like two black stones on either hand,
Our Spanish army and your Indians stand;
This only place *betwixt* the clouds. *Defta, Indian Emperor*.

If contradicting interests could be mixt,
Nature herself has cast a bar *betwixt*. *Id., Aurengzebe*.

2. From one to another reciprocally.

Five years since there was some speech of marriage
betwixt myself and her. *Shakespeare, Measure for Measure*, v. 1.

Bével. *s.* [Fr. *biveau*—instrument for measuring angles.] Instrument used by masons and joiners, one leg of which is frequently crooked, according to the sweep of an arch or vault, and may be set to any angle.

Bricklayers have also a *bével*, by which they cut the outer sides of the bricks of arches straight or circular, to such oblique angles as the arches require, and also for other uses.—*Rick, Cyclopaedia*.

Bével. *v. n.* Slope; be out of the perpendicular.

Their houses are very ill built, their walls *bével*, without one right angle in any apartment.—*Swift*.

Bével. *v. a.* Cut to a bevel angle.

These rabbits are *bével* square; but the rabbits on the grassland are *bével* downwards, that rain may the freer fall off.—*Mason*.

Bével. *adj.* Angular; crooked.

They that level
At my abuses, reckon up their own;
I may be straight though they themselves be *bével*. *Shakespeare, Sonnet 121*.

Any angle that is not square is called a *bével* angle, whether it be more obtuse, or more acute, than a right angle; but if it be one half as much as a right angle, viz. 45 degrees, the workmen calls it a mitre.—*Gwill, Encyclopedia of Architecture*.

Béver. *s.* [L. Lat. *überum*—drinking.] Collation or refreshment between meals. *Obsolete*.

What, at your *béver*, gallants?—Will't please your ladyship to drink? 'Tis of the new fountain water.—*R. Johnson, Cynthia's Revers*.

The *béver* being ended, and the table-cloths taken away. *Shallon, Tragedy of Don Quixote*, i. 11.
The French, as well men as women, besides dinner and supper, use breakfasts and *béver*. *Morgan, Hierarchy*.

The third time of taking meat was called 'mevenda'; we may English it over afternoon's *béver*.—*T. Goulton, English Explication of the Roman Antiquities*, p. 117. (Orel MS.)

Béver. *v. n.* Partake of a *béver*. *Obsolete*.
Your gallants never sap, breakfast, or *béver* with me, [appetite]. *Bacon, Lingua*, i. 1.

Béverage. *s.* Drink; any liquor to be drunk. Grains, pulses, and all sorts of fruit, either bread or *béverage*, may be made almost of all. *Sir T. Brown, Vulgar Errors*.

The course
Scarce dewy *béverage* for
The mountain sides
Provides. *Dryden, Virgil's Georgics*.

Wine we had none; nor, except on very rare occasions, spirits; but the substance of wine was there. Some thin kind of ale I remember. 'British *béverage*,' he would say. 'Push about, my boys; drink to your sweethearts, girls.'—*Lamb, Essays of Elia, Captain Jackman*.

Bévy. *s.* [Fr. *bevue*.]

1. Flock of certain birds, e.g. quails.

They say, a *bévy* of larks, even as a covey of partridges, or an eye of pheasants.—*E. K. on Spenser's Shepherd's Calendar*, April.

2. Company; assembly.

And in the midst thereof upon the floor,
A lovely *bévy* of fair ladies sat,
Courtied of many a jolly paramour. *Spenser, Faerie Queen*.

Nor rode the nymph alone,
Around a *bévy* of bright chamelets shone. *Pope*.

He began to jolly his pretty charge, and, to comfort the irksomeness, less peopled their solitude with a *bévy* of fair attendants, maids of honour, or belles of the bed-chamber, according to the approved etiquette at a court of the nineteenth century. *Lamb, Essays of Elia, Productions of modern Art*.

Bewail. *v. a.* Bemoan; lament; express sorrow for.

In this city he
Hath widow'd and unbekild many a one,
Which to this hour bewail the injury. *Shakespeare, Coriolanus*, v. 5.

I cannot but *bewail*, as in their first principles, the miseries and calamities of our children. *Addison*.

'Twere long to tell, and vain to hear,
The tale of one who seems a tear;
And there is little in that tale
Which better bosoms would *bewail*. *Byron*.

Bewailer. *s.* One who laments or bewails.
He was a great *bewailer* of the late calamitous war. *Life of Dr. Henry More*, p. 180.

Bewailing. *part. adj.* Bemoaning; lamenting.

Thy ambition,
That scarlet sin, redd'st this *bewailing* land
Of noble blackheads, my father-in-law. *Shakespeare, Henry VIII.* iii. 1.

Bewailing. *verbal abs.* Lamentation.
As if he had also leaved the sorrows and bewailings of every surviving soul.—*Sir W. Raleigh, History of the World*.

Bewake. *v. a.* Keep awake. *Rare*.
I wote that night was well *bewaked*. *Greene, Constance Anantis*, v.

Beware. *v. n.* [A.S. *bevarian*.] Regard with caution; be suspicious of danger from.

These studies alter now in our grown man;
His *better*'d mind seeks wealth and friendship; then
Looks after honours, and *beware* to act
What straightway he must labour to retract. *R. Jonson, Art of Poetry*.

Every one ought to be very careful to *beware* what he admits for a principle. *Locke*.

With of.

You must *beware* of drawing or painting clouds, winds, and thunder, towards the bottom of your piece. *Dryden*.

Warn'd by the sylph, his pious maid, beware!
This to disclose is all thy guardian can;
Beware of all, but most *beware* of man. *Pope, Rape of the Lock*.

Beweep. *v. a.* Weep over or upon; bedew with tears. *Rare*.
They did bringe women unto the funeralhs, to lamente and *beweep* the dead. *Huizing of Purgatory*, fol. 43, b. 1601.

Old foul eyes,
Beweep this cause again; I'll pluck ye out,
And cast you, with the waters that you lose,
To temper clay. *Shakespeare, King Lear*, i. 4.

Beweep. *v. n.* Weep; make lamentation. *Rare*.
I do *beweep* to many simple souls. *Shakespeare, Richard III.* i. 3.

Bewet. *v. a.* Wet; moisten; bedew; water. *Rare*.

His napkin, with his true tears all *bewet*,
Can do no service on her sorrowful cheeks. *Shakespeare, Titus Andronicus*, iii. 1.

Bewhore. *v. a.* Corrupt with regard to chastity; pronounce a whore. *Rare*.

Were yours the loss,
Had you a daughter, [and], perlings *bewhore'd*,
(For to what other end would come the thief?)
You'd play the miller then, be head, and high. *Bonmont and Fletcher, Maid in the Mill*.

Alas! Ingo, my lord, hath so *bewhore'd* her. *Shakespeare, Othello*, iv. 2.

Bewilder. *v. a.* Lose in pathless places;—
—found for want of a plain road; perplex; entangle; puzzle.

We parted thus; I homeward sped my way,
Bewild'd in the wood till dawn of day. *Dryden*.

The State, then, if she allows false opinions to overrun and *bewilder* her, and, under their influence, separates from the Church, will be guilty of an ultimate refusal of truth and light, which is the heaviest sin of man. *Glendon, The State in its Relations with the Church*, ch. 1.

James, *bewildered* by these examinations and recriminations, hesitated long.—*Metcalf, History of England*, ch. xvii.

Bewilderment. *s.* State of one who is bewildered; confusion.

Thought was arrested by utter *bewilderment*.—*Silas Marner*, ch. ii.

Imagination may paint, but words cannot, the surprise of Lafayette; or with what *bewilderment*

1. Weight lodged on one side of a bowl, which turns it from the straight line.

Madam, we'll play at bowls.

"Twill make me think the world is full of rubs,
And that my fortune runs against the bias."

Shakespeare, Richard II. iii. 1.

2. Anything which turns a man to a particular course, or gives the direction to his measures; propensity; inclination.

As for the religion of our poet, he seems to have some little bias towards the opinions of Wickliffe. — *Dequhu, Fables, preface.*

Morality influences men's lives, and gives a bias to all their actions. — *Locke.*

Wit and humour, that expose vice and folly, furnish useful directions. Railways under such regulations subvert the mind from severe considerations, without throwing it off from its proper bias. — *Adams, Preacher.*

3. A. T. A. TENDRE TO SOME SIDE, DRAWING ONE WAY; PREJUDICE.

Were I in no more danger to be misled by prejudice than I am to be biased by interest, I might give a very perfect account. — *Locke.*

Her heroes are what all know whom a must be, though one can never get them to acknowledge it, as liable to 'fall in love' best, as liable to have their affections biased by convenience or fashion, as we, on our part, believe men to be. — *Archbishop Whately, Miscellaneous Essays and Reviews.*

But it is vain to expect that men whose are influenced by anger, who are suffering distress, will reason as calmly as the historian who, biased neither by interest nor passion, reviews the events of a past age. — *Macaulay, History of England, ch. xxi.*

Bias, adv. Obliquely; wrongly. *Rare.*

Every action that hath gone before,
Whereof we have record, trial did draw
Bias and thwart, not answering the aim.

Shakespeare, Troilus and Cressida, i. 3.

Bias, adj. Thrown out of course; out of firm. *Obsolete, rare.*

Blow, villain, fill thy sidereal bias
Outswell the collar of puff'd Aquilon.

Shakespeare, Troilus and Cressida, i. 3.

Bias-drawing, verbal abs. Partiality.

In this extent moment, faith and reason,
Strain'd purely from all holy bias-drawing,
Bids thee, with most divine intensity,
From heart of every heart, great Hector, welcome.

Shakespeare, Troilus and Cressida, iv. 3.

Bib. s. [?] Fish so called (*Gadus Inseus*). See *Blinds*.

The *bib* or pont, though not abundant, is yet a well-known species, which is found on many parts of our coast, particularly those that are rocky. — *Fairbairn, British Fishes.*

Bib. s. [?] Small piece of linen put upon the breast over the clothes.

We'll have a *bib*, for spoiling of your doublet.

Ben Jonson and Fletcher, The City Heavens.

I would fain know, why it should not be as a *bib* task, to write upon a *bib* and hanging sleeves, as on the tails and pretexts. — *Adams, Dialogues on the Usefulness of such of Words.*

When I see a citizen in his *bib* and tucker, I cannot imagine it a supplee. — *Lamb, Essays of John, given before Me.*

Bib. r. n. [Lat. *bibula*.] Tipple; sip; drink frequently.

To appease a froward child, they gave him drink as often as he cried; so that he was constantly *bibbing*, and drank more in twenty-four hours than I did. — *Lacke.*

Bibber. s. Tippler; one who drinks often.

Another although his brother because he is a great *bibber*. — *Udall, On Matthew, ch. viii. (Rich.)*

Commoner as the second element of a compound with wine.

Be not amongst wine-bibbers; amongst riotous eaters of flesh. — *Proverbs, xiii. 21.*

Bibbing, part. adj. Tippling.

He playeth with *bibbing* and other Merce, as though so minded, because she would drink more wine without water. — *Camden.*

bibbing, verbal abs. Act of one who bibe.

This person [J. Winstanley] died in a manner distracted, occasioned by a deep conceit of his own parts, and by a continual *bibbing* of strong and heated liquors. — *Wood, Athenae Oxonienses, (Rich.)*

Bibble-babble. s. [imitative.] Prating; idle talk. *Colloquial.*

Malvolio, Malvolio, thy wits the heavens rector! encourage thyself to sleep, and leave thy vain *bibble-babble*. — *Shakespeare, Twelfth Night, iv. 2.*

Bible. s. [Gr. *biblia* = book;] now exclusively applied to the Old and New Testa-

ment, by way of excellence, so as to mean *the book*.]

1. Sacred volume in which are contained the revelations of God.

If we pass from the apostolic to the next ages of the church, the primitive Christians looked on their *Bibles* as their most important treasure. — *Dr. H. More, Government of the Tongue.*

We must take heed how we custom ourselves to a slight and inconstant use of the name of God, and of the phrases and expressions of the holy *Bible*, which ought not to be applied upon every slight occasion. — *Archbishop Telford.*

2. Any large book. *Obsolete.*

To tellen all, wold passen any *bible*.

That o wher is. — *Chaucer, Canon's Tale.*

Bibler. s. One conversant with the bible. *Rare.*

I receive you are no very good *bibler*. — *Supplices, (1674 MS.)*

Biblical, adj. Relating to the bible.

To make a *biblical* version faithful and exact, so that it may represent the true text of the original in the best manner, is very different from giving it a shewy and goodly appearance. — *Archbishop Newcome, Essay on the Translation of the Bible.*

Biblical learning alone, so prevalent is the sacred volume, would occupy a but his, exclusive of all attention to practical theology. — *F. Koser, Winter Evening, ii. no. 2. (1674 MS.)*

A boundless capacity to receive and retain intellectual treasure made him take to him the possessor of vaster stores of holy, classical, antiquarian, historical, *biblical*, and miscellaneous, than were ever vouchsafed, at least in our time, to a mortal being. — *Talford, Memoirs of C. Lamb.*

Bibliographer. s. One engaged on bibliography; describer of books.

(For extract see Bibliography.)

Bibliographical, adj. Appertaining to bibliography.

mistakes are not material in the arrangement of books upon the shelves; but very important *bibliographical* errors would arise from them, if in *Encyclopædia Metropolitana, in voc.*

Bibliography. s. [Gr. *biblia* = book, *graphein* = write, describe.] Study of the history, as opposed to the contents, of books; description of books in respect to their accidents, history, and value as books.

Considered as a distinct science, *bibliography* has been studied almost exclusively by the literati of France, Germany, and Italy. Great Britain, however, can boast of many learned and distinguished *bibliographers*. — *Encyclopædia Metropolitana, in voc.*

Bibliolatriy. s. [Gr. *biblia* = book, *latreia* = worship.] Excessive reverence for any book of authority on any subject; (more especially applied by Romish divines, to the exaltation of the authority of Scripture over that of the Pope.)

... an account of this exclusive reference to Scripture, that the Protestant divines laid more stress on the inspiration of the holy writings than the theologians of the church of Rome; and that the Protestants were accused of *bibliolatriy*. — *Sir T. C. Lucas, On the Influence of Authority in Scripture, ch. v.*

Bibliomancy. s. [Gr. *biblia* = book, *mantia* = prophecy.] Divination by books.

Another kind of *bibliomancy*, not very dissimilar from the Soles Sanctum of the Christians, was the Bath Kol or Daughter of the Voice among the Jews. It consisted in appealing to the very first words heard from any one when reading the Scriptures, &c. — *Encyclopædia Metropolitana, in voc.*

Bibliomania. s. [Gr. *biblia* = book, *mania* = madness.] Rage for acquiring rare books.

Mr. Gail's great scholastic work is Greek, Latin, and French editions of Xenophon and Thucydides in twenty-four quarto volumes; but, in the execution of this performance, he sunk red himself to be rather led astray by the attractions of the *bibliomania*. — *Dobson, Bibliographical Tour, ii. 141.*

Bibliomaniac. s. One who has a bibliomania.

I found, in the owner of a choice collection of books, a well-bred gentleman and a most hearty *bibliomaniac*. — *Dobson, Bibliographical Tour, i. 155.*

Bibliomaniacal, adj. With the habits, or after the fashion, of a bibliomaniac.

He is the keenest of all *bibliomaniacal* hunters; and craved in a late acquisition the spring of a tiger with the eye of a lynx. — *Dobson, Bibliographical Tour, i. 159.*

Bibliomaniac. s. Bibliomaniac. *Rare.*

I have not a black-letter book among mine, old Chaucer excepted, and am not *bibliomaniac*

enough to like black-letter. — *Lamb, Letter to Anne, worth.*

Bibliopæstic. s. [Gr. *biblia* = book, and root of *paipao* = fix, set.] Appertaining to bookbinding. *Rhetorical.*

Thouvenin and Sinner are now the morning and evening stars in the *bibliopæstic* hemisphere. — *Dobson, Bibliographical Tour, i. 417.*

Bibliopolism. s. [Gr. *biblia* = book, *polis* = sell.] Business of a biblioplist.

From *bibliography* let me, gently and naturally as it were, conduct you towards *bibliopolism*. — *Dobson, Bibliographical Tour, i. 585.*

Biblioplist. s. Bookseller.

It is easily, quickness, and intelligence be the chief requisites for a *biblioplist*, the young Frere should not in need of parental aid for the prosperity of his business. — *Dobson, Bibliographical Tour, i. 119.*

Bibliopæstic, adj. Appertaining to the business of a biblioplist.

But because the south is a warm and genial aspect it does not follow that there should be no *bibliopæstic* vegetation on the north side of the Seine. — *Dobson, Bibliographical Tour, ii. 400.*

Bibliothecal, adj. Appertaining to a library

These and a world of contrivances more serve to enlarge the *bibliothecal* store.

Ignorance, On Church Convocation, pt. vi. (Rich.)

Bibliothecary. s. Librarian. *Rare.*

Master Dr. James, the incomparably industrious and learned *bibliothecary* of Oxford, Bishop Hall, *Reverend of material College, 128.*

Bibliothèque. s. [Gr. *biblia* = book, *thèque* = repository.] Library. *Rare.*

He Almans; much commended a *bibliothèque*, or library, in York. — *Bull, Conclusion to Leland's Itinerary.*

We being present, the king asked him how many thousand volumes he had eaten together in his *bibliothèque*. He answered that, for the present, he had not more than two hundred thousand. — *Dobson, Bibliographical Tour, i. 141, 1633.*

Biblist. s. See extract.

Biblist, or bible doctores, an appellation given by some writers of the church of St. to those who profess to adhere to the holy scriptures as the sole rule of faith and practice, exclusive of all tradition and the supposed authority of the church. — *Encyclopædia Metropolitana, in voc.*

Bibulous, adj. [Lat. *bibulus*.] Endowed with the quality of drinking in moisture.

Strow'd *bibulous* above I see the sands,
The pebbly gravel next and gutter'd rocks.

Shakespeare, Sonnet, Antony.

Bice. s. [O. Fr. *bis*. — see extract; also the one from Wedgewood in Bigot.] Colour used in painting. *Obsolete.*

Take given *bice* and order it as you on your main *bice*. Yet may danger upon it with the water of deep green. — *Peasham.*

Bice we have. Barb. Lat. *bisina*, grey; a pale blue colour prepared from the lapis *azurinus* (small).

A green colour, formed by mixing the blue with ornament, bears the same name, as does a certain composition of indigo and vermillion with chalk. — *Encyclopædia Metropolitana, in voc.*

Bicipital, adj. [Lat. *bis* = twice, *caput* = head.] Belonging, in the extract at least, to theiceps muscle (*biiceps* being a word which is scarcely English, except as a scientific term in Anatomy, and denoting the muscle in front of the arm between the shoulder and elbow, projecting when the forearm is drawn up); it may, however, like *Bicipitans*, simply mean two-headed.

A piece of flesh is exchanged from the *bicipital* muscle of either party's arm. — *Sir T. Browne, Vulgar Errors.*

Bicipitous, adj. Two-headed.

While men believe *bicipitous* conformation in any species, they admit a grammation of principal parts. — *Sir T. Browne, Vulgar Errors.*

Bicker. r. n. [see extract.] Skirmish; fight without a set battle; fight off and on.

Nor is it to be considered to the benches of confederate Indians, whose mutual interest is of such high consequence, though their merchants *bicker* in the East Indies. — *Milton, Of Reformation in England, ii.*

[To *Bicker*.] *Bickering*. — To skirmish, dispute, wrangle. It is especially applied in Scotch to a fight with stones, and also signifies the constant motion of weapons and the rapid succession of strokes in a battle or trial, or the noise occasioned by successive strokes, by throwing of stones, or by any rapid motion. (Jamieson.) The origin is probably the representation of the sound of a blow with a pointed instrument by the syllable *bick*, whence the frequentative *pick* or *bicker* would represent a succession of such blows. To *bicker* in N.E. is explained

B I E R

bolks, which, by long use and custom, ought to be inevitably kept for that purpose.—*Monisties*, ii. 237.

Biësting. *s.* See **Beestings**.

Bimn. *s.* [Fr. *beaufin*.] Apple so called, dried in the oven and flattened for keeping.
(For extract see *Blackcap* = pudding.)

bind. *adj.* [Lat. *bis* = twice, *findo* = cleave.—In *bind*, &c., *bi-* has the same origin.] Partially cleft in two.

In some cases arbitrary numerical relations are introduced into the definition: thus a leaf is called *lobate* when it is divided into two parts by a notch; but if the notch go to the middle of its length, it is *bifid*; if it go near the base of the leaf, it is *bipartite*; if to the base, it is *bisect*.—*Whewell*, *Nomencl. Organ. renovatum*, p. 310.]

Bifoid. *adj.* Twofold; double.

If beauty have a soul, this is not she;
If souls guide vows, if vows are sanctimony,
If sanctimony be the gods' delight,
If there be rule in unity itself,
This is not she; O multitude of discourse!
That cease sets up with and against thyself!
Bifoid authority.

Shakespeare, Troilus and Cressida, v. 2.

Biform. *adj.* [Lat. *bi*, *formis*, from *bis* twice, *forma* = form.] Having a double form. *Rare*.

From whose monster-teeming womb the Earth
Received, what nuptial it moment, a *biform* birth.

Crocoll, Translation of Ovid's Metamorphoses, viii.

Biformed. *adj.* Compounded of two forms or bodies. *Rare*.

A *biformed* body.—*Bacon*.

Biformity. *s.* Double form; twofold shape. *Rare*.

Strange things he spake of the *biformity*
Of the *Dizians*: what mongrel sort
Of living lights; how monstrous-shap'd they be;
And how that man and beast in one consort.

De H. Murr, Song of the Sun, i. 3. 70.

Bifronted. *adj.* [Lat. *bifrons*, *-ontis*.] Having two fronts. *Rare*.

Put a nose of vicars o'er his head,
That he may look *bifronted* as he speaks.

B. Jonson, Pustaster, v. 3.

Bifurcate. *v. n.* Become two-forked.

In the polyperus and skate there are only two primary branches on each side: the first supplies the three posterior gills; the second, formed by a terminal bifurcation of the branchial trunk, supplies the anterior gill in the polyperus, and in the skate *bifurcates* to supply also the marginal, opercular, or hyoid gill.—*Owen*, *Anatomy of Vertebrates*, p. 342.

Bifurcated. *part. adj.* [En. Lat. *bifurcatus* = two-forked; from *furca* = fork.] Shooting out by division into two heads or forks.

A small white piece, *bifurcated*, or branching into two, and finely reticulated all over.—*Woodward*.

Bifurcation. *s.* Division into two heads or forks; opening into two parts.

The first entangled and far derived similitude,
It holds with men; that is, in a *bifurcation*, or division of the root into two parts.—*Sir T. Browne, Vulgar Errors*.

Big, or **Bigg**. *s.* [the word *big* has nothing to do with size, the ordinary Danish word being *bygg*.] Winter barley (*Hordeum hexastichon*).

Hordeum polystichon verum; *Heare* barley, or *barley big*.—This, which commonly hath four rows of corn in the ear, and sometimes, as we have formerly delivered, is not so usually sown with us; the ear is commonly shorter than the former, but the grain very like; so that none who knows the former, but may easily know the latter at first sight. It is sown commonly in some parts of Yorkshire, and the bishopric of Durham, &c. is called of the Grecians *πολυστικον*, and also, *εξαστικον*. Columella also calls it *Galaticum*; and Hippocrates *αγαλλε σπυρι*; our English northern people *Big* and *Bigg*;—*Gerarde*, *Herb. lib.* p. 70-71: ed. 1633.

Big. *v. a.* [A.S. *byrgan*.] Build. *Obsolete*.
Oh, Bessie Bell and Mary Gray,
They were two homie lassies;
They *byggd* a house in Aserigg Hill,
And thaecked it ower wi' rashes.

Old (North Country) Ballad.

Big. *adj.* [see *Bug* = *Drum*.]

1. Great in bulk; large.

A troubled ocean, to a man who sails in it, is, I think, the *biggest* object that he can see in motion. *Spectator*.

Both in addition and division, either of space or duration, when the idea under consideration becomes very *big*, or very small, its precise bulk becomes obscure and confused.—*Locke*.

2. Full of something, and desirous or about to

B I G N

give it vent or birth; ready to burst; teeming; pregnant.

Thy heart is *big*; get thee apart and weep.

Shakespeare, Julius Caesar, iii. 1.

Like a *big* wife at sight of buthane went,
Ready to cast, I saw, I sigh, and sweat.

Pope, Satire of Duane versified.

With *with*.

The great, th' important day,

Big with the fate of Cato and of Rome. *Addison*.

Now *big* with knowledge of approaching woes.

The prince of manners, Halliheres rose. *Pope*.

You may remember, my dear, when you went a

sergent to Gibraltar, you lost one *big* with child, you

staid abroad, you know upwards of three years.—

Fiddling, Advertiser of Joseph Andrews.

And about the cheerful sky,

Big with clouds, hangs heavily.

Shelley, Lines on the Egean Hills.

With *of*.

Big of this gentleman, our theme, dearest

As he was born. *Shakespeare, Cymbeline*, i. 1.

3. Great in air and mind; proud; swelling; tumid; haughty; surly.

How else, said he, but with a good bold face,

And with *big* words, and with a stately pose?

Spenser, Mother Holloes's Tale.

To the manner more, orunkness in the court, seen

somewhat solemn, every *big*, and dangerous of look,

talk, and answer.—*Ascham, Schoolmaster*.

If you had looked *big*, and spit at him, he'd have

run. *Shakespeare, Winter's Tale*, iv. 2.

In his prosperous season, he fell under the

reproach of being a man of big looks, and of a mean

and sly spirit.—*Lord Clarendon, History of the Great Rebellion*.

Of governments that once made such a noise, and

looked so *big* in the eyes of mankind, as being

founded upon the deepest conceits, and the strongest

forces; nothing remains of them but a name.—

South.

Thou thyself, thus insolent in state

Art but perhaps some country magnifico,

Whose power extends no further than to speak,

Big on the bench, and scanty weights to break.

Dryden.

To grant *big* Thraso valour, Thrasio sense,

Should indignation give, at least offence. *Garth*.

Big-bellied. *adj.* [probably sounded like

two words as often as like a true com-

ound, i.e. *bigbellied*. The same applies

to the seven following combinations.]

1. Having a large belly or protuberance.

Now shall thou never see the salt laced

With a *bigbellied* gillion flagon.

Bishop Hall, Satires, vi. 1.

He [William Rufus] was in stature somewhat be-

low the usual size, and *highbellied*. *Saxton, History*

of England, Reign of William I.

2. Pregnant; great with young.

When we had taught to see the sails conceive,

And grow *highbellied* with the wanton wind.

Shakespeare, Midsummer-Night's Dream, ii. 2.

Children and *bigbellied* women require antibiotics

somewhat more credulous to the rabble.—*Harvey*.

So many well-shaped inward virgins are blocked

up, and waddle up and down like *highbellied* women.

—*Addison*.

Big-boned. *adj.* [see *Big-bellied*.] Hav-

ing large bones; stout; very strong.

Seven *highboned* valiant, armed with bloody minds

and deadly bow-stems. *Sir T. Herbert, Relation*

of some Years Travels into Africa and the Great

Asia, p. 180.

Big-bon'd, and large of limbs, with sinews strong.

Dryden, Palaeus and Ariste.

The hand-uffs being found too small for the wrists

of a man so *big-bon'd* as Wilson.—*Sir W. Scott*,

Heart of Mid-Lothian, etc. iii.

Big-corned. *adj.* [see *Big-bellied*.] Hav-

ing large grains.

The strength of *big-corn'd* powder.

Dryden, Annus mirabilis, 119.

Big-tipped. *adj.* [see *Big-bellied*.] Having

large lips.

She is full and *big-tipped*, which is held a beauty

rather than a deformity, among excess, in the Austrian

family. *Harriet, Letters*, p. 3. 9. (Ord 318.)

Big-named. *part. pref.* [see *Big-bellied*.]

Having a notorious or famous name.

Go, take physick; dost upon

Some *big-named* composition;

The credulous doctor's mystick pills,

Certain hard words made into pills.

Crashaw, Poems, p. 108.

Big-sounding. *part. pref.* [see *Big-bellied*.]

Having a pompous sound.

Big-sounding sentences, and words of state.

Bishop Hall, Satires, i. 3.

Big-swoln. *part. pref.* [see *Big-bellied*.]

Turgid; ready to burst.

B I G N

{ BIER-DALK
BIGNESS

Scarce can I refrain

The execution of my *big-swoln* heart

Upon that Clifford, that cruel child-killer.

Shakespeare, Henry VI. Part III, ii. 2.

The *big-swoln* waves in the Iberian stream.

Dragoon, Polydrom, i.

Big-uddered. *adj.* [see *Big-bellied*.]

Having large udders; having dugs swelled

with milk.

Now driven before him, through the arching rock,

Came, tumbling heaps on heaps, the unnumber'd

flock.

Big-uddered ewes, and goats of female kind.

Pope, Homer's Odyssey.

Bigam. *s.* [Fr. *bigame*; Lat. *bigamus* = one

twice married, from Lat. *bis* = twice, Gr.

γῆμις = marry.] Same as Bigamist. *Ob-*

solute.

Some parts thereof teach us ordinances of some

apostle, as the law of bigamy, or St. Paul's ordain-

ing, that a *bigam* should not be a deacon or priest.—

Bishop Pearson, Life of Lancelot, p. 260.

Bigamist. *s.* One who has committed bigamy.

By the penal statutes, a clergyman that has a wife

cannot have an ecclesiastical benefice; much less

can a *bigamist* have such a benefice, according to

that law.—*Argle, Paraphrase on Juris Canonici*.

And so it shall appear plainly, that their false god

Vul can is not very hard to unmask, that he was a

mortal man, and one of the sons of the other

lawful, the prime *bigamist* and corrupter of im-

morality. *John, History of the Sepulchral*, p. 202.

Bigamy. *s.*

1. Crime of having two wives at once.

Randal determined to commence a suit against

Martin, for *bigamy* and incest.—*Arbuthnot and*

Pope.

2. In Canon Law. Marrying of two virgins

successively, one after the death of the

other, or once marrying a widow.

We have spoken of *bigamy* or twice marrying,

that they also are excluded from the ministry

who have married a widow.—*Martin, On the Mar-*

riage of Priests, sign. C. iii. 1c. 1554.

3. State of being twice married.

A beauty-woman and distressed widow . . .

Solved the put hand height of all his thoughts

To base declension and leath'd *bigamy*.

Shakespeare, Richard III, iii. 7.

The duke being in years, and without heir, though

as now unmarried, by his old wife's demise of late;

But the desarts labour hard that he so remain; per-

suading him that *bigamy* is not so acceptable an

estate to God. *Sir E. Saunders, State of Religion*.

Bigaroe, often **Bigaroon**. *s.* See extract.

Bigaroe, [from French *bigarreau*, (is) a kind of

cherry, half white, half red, viz. *bigaroe*, motley.—

Wedgwood, Dictionary of English Etymology.

Biggin. *s.* [Fr. *beguin* = cap worn by the

nuns called *beguins*; see also first extract

under *Bigot*.] Kind of cap. *Obsolete*.

Sleep now!

Yet not so sound, and half so deeply sweet,

As he, whose brow with honey *biggin* bound,

Shines out the watch of night.

Shakespeare, Henry IV. Part II, iv. 4.

A *biggin* he had got about his limbs,

For in his headpiece he felt a sore pain.

Spenser, Shepherd's Calendar, May.

Bight. *s.* [A.S. *bight*; from *beogan* = bend,

corner.] Bend in a coast-line, forming a

large bay; (such as the Bight of Benin, and

the Great Bight of South Australia).

In the northeast part there is a *bight* or bay as

though it were a harborow. Also in the sayle part,

there is a ricke a litle distance from the shore;

and over the sayle *bight*, you shall see a great

gappe in the mountayne. *Fleete, Martyr*, 320.

Within them (two great rocks) in the *bight* of a

bay is a castle called Area. *Ibid*, 322. (Ord 318.)

It's a land place, the *Bight* of Benin.

Where one comes out, there are ten go in.

And A Sophthegm.

Bightly. *adv.* Tumidly; haughtily; with a

blustering manner.

Wouldst that not rather

No new laws can be made, nor old laws altered or altered, but by parliament; where bills are prepared and presented to the two houses.—*Bacon*.

How now for mitigation of this bill, I'd be the commoner; did his majesty incline to it, or no?—*Shakespeare, Henry V. 1.1.*

It may be thought a strange proposition that the bill against Duncombe was a worse bill than the bill against Fenwick, because the bill against Fenwick struck at life, and the bill against Duncombe struck only at property. Yet this apparent paradox is a sober truth. Life is indeed more precious than property. But the power of arbitrarily taking away the lives of men is infinitely less likely to be abused than the power of arbitrarily taking away their property.—*Maccarty, History of England, ch. xxiii.*

Even then, however, the original bill could not pass so long as the Pope's name was on it, or so long as the Pope was interested in it.—*Froude, History of England, ch. xxxiii.*

4. Act of Parliament. Catachrestic.

There will be no way left for me to tell you that I remember you, and that I love you, but that one, which needs to open warrant, or secret conveyance; which no bills can preclude, nor no kings prevent.—*Bishop Atterbury, To Pope.*

5. Physician's prescription.

Like him that took the doctor's bill,
And swallow'd it instead of the pill.
Butler, Hudibras.

The medicine was prepared according to the bill.
—*Sir R. L. Esdras.*

Let them but under your superiors kill,
When doctors first have sign'd the bloody bill.
Dryden.

6. Advertisement.

And in despair, their empty pail to fill,
Set up some foreign monster in a bill.
Dryden.

7. In Law. Statement of matters to be adjudicated; indictment.

The fourth thing very maturely to be consulted by the jury, is what influence their finding the bill may have upon the kingdom.—*Swift*

Bill of exchange. Negotiable security in form of a request from one person to another, desiring him to pay a sum mentioned therein, either to the writer's order or to a third person on his account.

He comfortable sentences are bills of exchange, on the credit of which we lay our careworn, and receive provisions. *J. W. Taylor, Rules and Exercises of Holy Living.*

All that a bill of exchange can do, is to direct to whom money is due, or taken up upon credit, in a foreign country, shall be paid.—*Locke.*

At the moment of his accession he [James II.] was a doubt whether the kingdom would peacefully submit to his authority. The Exchequer, lately so powerful, might rise in arms against him. He might be in great need of French money and French troops. He was therefore, during some days, content to be a sceptical and a noncommittal. He feebly apologised for daring to call his Parliament together without the consent of the French government. He begged him for a French subsidy. He wept with joy over the French bills of exchange.—*Maccarty, History of England, ch. iv.*

Bill of fare. Enumeration of the dishes at an entertainment.

It may seem somewhat difficult to make out the bills of fare for some of the forementioned suppers. *Archibald.*

Bill of lading. Memorandum signed by the master of a ship, containing an account of the goods received on board, and a promise to deliver them safely under certain exceptions.

The charter party differs from a bill of lading, in that the first is for the entire freight or lading, and that both for going and returning; whereas the latter is only for a part of the freight, or at most only for the voyage one way. *Rees, Cyclopædia.*

Bill, and (more usually) bills, of mortality.

Account of the numbers who have died in any district.

So liv'd our sires, ere doctors learn'd to kill,
And multiply'd with theirs the weekly bill. *Dryden.*

Most who took in the weekly bills of mortality, made little other use of them, than to look at the book, how the burials increased or decreased.—*Grant.*

Bill of sale.

Advertisement. Obsolete.

He that sets up a bill of sale, and proclaims a house fair, and well-built, and well-seated, hath not deceived thee, though it be neither well-built nor well-seated; because if it be entire for thee to make a judgement, he hath not deceived thee.—*Jeremy Taylor, Doctor Dribbantium, 250. (Ord 318.)*

2. Grant or assignment of chattels personal.

It being notorious that bills of sale are frequently resorted to for the purpose of defeating just claims, they are watched with considerable jealousy. *Wharton, Law Lexicon, in voc.*

Bill, v. n. [from bill=beak.] Caress (as doves joining bills); be fond.

Doves, they say, will bill after their pecking, and their murmuring. *R. Johnson, Catiline.*
They bill, they tread; Alcyon, compressed,
Seven days sits brooding on her floating nest. *Dryden.*

Bill, v. a. Publish by advertisement. Rare.

His masterpiece was a composition that he billed about under the name of a sovereign autolite. *Sir R. L. Esdras.*

Billet, s. [from Fr. billet.]

Small paper; note. When he found this little billet, in which was only written 'Remember Cesar,' he was exceedingly fondled. *Lord Clarendon.*

I have found many plants near to me, which I will reserve for another opportunity, and will not make this more than a billet.—*Bay, Correspondence, Letter of 17th, p. 37.*

But of that information for the sake of which alone it is worth while to study remote events, we find so much in the few letters which Mr. Courtenay has published, that we would gladly purchase equally interesting billets with ten times their weight in state-papers taken at random. *Maccarty, Essays, Sir William Temple.*

Billet, s. [from Fr. billet.]

Log of wood for the fire.

Let us then calculate, when the bulk of a forest or billet is dilated and refined to the degree of fire, how vast a place it must take up. *Sir K. Digby, Treatise on the Nature of Bodies.*

Billet, v. a.

1. Direct a soldier by a ticket, or note, where he is to lodge.

Retire thee; go where thou art billeted:
Away, I say. *Shakspeare, Othello, ii. 3.*

2. Quarter soldiers; lodge in general.

Some thousands of the Irish peasants were in several parts billeted upon us.—*Milton, Eikonastichon, ch. x.*

The counties throughout the kingdom were so increased, and their altitudes poisoned, that they refused to suffer the soldiers to be billeted upon them. *Lord Clarendon.*

The peres and captains of Israel are driven unnumbered thorough the Assyrian streets, and billeted to the several places of their perpetual servitude.—*Bishop Hall, Instruction of Israel. (Ord 318.)*

They remembered him of clearing the kingdom, by billeting soldiers. *Sir W. Raleigh, History of the World.*

3. Dispose; lodge.

The violence of the storm on St. John's night threw down the battlements over the room where your Grace's manuscripts are billeted, and did no more hurt.—*Letter to Archbishop Laud, ii. 183.*

Billet, v. n. Be quartered as soldiers; lodge.

He billetes in his lodgings; hath three fellow-pupils; all very civil, studious, &c.—*Dr. Prideaux to Archbishop Usher, Peter's Letters, p. 400: 1628.*

Billet-doux, s. [Fr. billet=letter, doux=sweet.]

Love-letter. 'Twas then, belinda! if report say true,
Thy eyes first open'd on a billet-doux. *Pope.*

All this late Valentine's Day kept courting pretty May, who sat next him, shipping amoros billets-doux under the table, till the Dog Days (who are naturally of a warm constitution) began to be jealous, and to bark and rage exceedingly. *Laure, Essays of Elia, Rejoicings upon the New Year's coming of Age.*

Billiards, s. (generally plural: in the following extracts singular and adjectival.)

[Fr. billard.] Game played with ivory balls impelled with sticks upon a rectangular table. Even more and cheek, withal,
Smooth as is the billiard-ball. *R. Johnson.*

When the ball obeys the stroke of a billiard-stick it is not any action of the left, but bare passion.—*Locke.*

Billcock, s. [for the author's view of the history of this word see Pillcock, of which it is believed to be a variety.]

Kind of hat. *Collaquis.*

Billing, part. adj.

Carressing after the fashion of doves; caressing; fondling generally. Cythra faire, fair Cythra is
Exposed to her brother;
And as doe Venus' billowy birds,
So love they one another. *W. Warner, Albion's England.*

Still amorous, and fond, and billing,
Like Philip and Mary on a shilling. *Butler, Hudibras.*

Ah! have I caught you, my pretty doves? What a billing, exchanging stolen glances and broken murmurs. Ah!—*Goldsmith, She stoops to conquer.*

Billinggate, s. [from the market so called.]

Language of the fish-market; vulgar scolding.

There foam'd rebellious Logic, came'd and hoarse;
There strit, fair Rhetorick languish'd on the ground,
His blunted arms by Sophistry are borne;
And shameful Billinggate her robes adorn. *Pope, Dunciad.*

But satire is nothing but ribaldry and billingsgate.—*Adrian, Paper.*

This is only crying where first, to call those people carping who are likely to censure him for a bilker, which with his learned leaves is but in coarse figure neither, and even much better in the common billinggate of 'You are a knave yourself to say that I am one.'—*The Paraphr. An Account of the Growth of Knavery, p. 7: 1679. (Ord 318.)*

Billion, s. [Fr.]

Million of millions. In this case, however, the complexion of these terms is erroneous, as it would designate a million of millions or a billion.—*Encyclopædia Metropolitana, Arithmetic, p. 37.*

There soar on high
Ten million
Billions

Sparks from the pit to grin the sable sky.

Bilman, s. One who uses a bill or ax.

In rus'd his bilman. *Revised Addresses.*

Bilow, s. [Sw. bilja; Dan. bilje.]

Great wave.

Bilows stunk by decrees, even when the wind is down that first stirred them.—*Sir H. Wotton.*

But when loud bilows lash the sounding shore,
The hoarse rough verse should like the torrent roar.

Indeed the milky, like the ancient trident, is usually kept close to the shore, and vented out of sight of land only when the water was untroubled and the sky serene. But the qualities which made this sort of ship unfit to brave tempests and bilows made it peculiarly fit for the purpose of landing soldiers. *Maccarty, History of England, ch. xvi.*

Bilow, v. n. Move as bilows.

It is to this hour uncertain whether the squadron on the Pont-Neuf made the shadow of resistance, or did not make the shadow: enough, the blackfrowed Marseillais, and Saint-Marcen following them, do cross without let; do cross, in sure hope now of Saint-Antoine and St. rest; do bilow on, towards the Tuileries, where their errand lies.—*Carlyle, French Revolution, p. ii. li. iv. ch. vii.*

Bilow-beaten, part. prpf. Tossed by bilows.

He... sitting in his own sullied height,
Surveys and weighs the bilow-beaten fate
Of towering statists.

Jordan, Divinity and Morality in Poetry, 3, li.

Bilowing, part. adj. Rising, swelling, tossing after the manner of a bilow.

The bilowing snow, and violence of the shower,
That from the hills disperse their dreadful stall,
And o'er the vales collected ruin pour. *Prior.*

Bilowy, adj. Swelling; turgid; wavy.

And whitening down the mossy-tinctur'd stream,
Descends the bilowing foam. *Thomson, Seasons, Spring.*

Bilobate, adj. Same as Bilobed. See Bilobed.

Bilobed, adj. With two lobes.

The stigma is bilobed, and consists of almost two confluent stigmas.—*C. Darwin, Fertilisation of Orchids, ch. i.*

Bimane, s. [badly formed from Latin, bis=two, manus=hand; probably from Fr. bimanus.]

In Zoology. Order containing man: (as opposed to that of the Quadrupedia containing the apes, &c.)

Bimane, an order of the class Mammalia, formed to receive the genus Homo, man being the only animal that has two hands and no more; for all the other animals that have hands, as the monkeys, have in reality four hands, the lower pair of which are vulgarly called the feet.—*Hooper, Medical Dictionary.*

Bimanous, adj. Having two hands.

The comparison which I have drawn between the construction of the hand and foot, having shown that the latter is merely calculated for support in man, we may state that he is two-handed and two-footed, or bimanous and biped.—*Lawrence, Lectures, p. 159. (Ord 318.)*

Bin, s. [A.S. binne.]

Place where bread, corn, or wine is deposited.

As when from rooting in a bin,
All powder'd o'er from tail to chin,
A lively maggot sallies out,
You know him by his hazel snout. *Swift.*

The most convenient way of picking hops, is into a long square frame of wick, called a *bin*.—*Mortimer*.
Whether the vintage, yet unkept,
Had relish fiery new
Or, elbow-deep in sawdust, slept,
As old as Waterloo;
Or stow'd (when classic Canning died)
In misty bins and chambers,
Had eust upon its crusty side
The gloom of ten Decembers. — *Tennyson, Will Waterpoof's Lyrical Monologue.*

Binary, *adj.* [Fr. *binnaire*, from Lat. *binus*.]
Dual; double; constituted of two parts.

a. In *Astronomy*. Applied to double stars.

The relative motions of *binary* stars have proved this. When it was discovered that certain of the double stars are not optically double, but physically double, and move round each other, it was at once suspected that their revolutions might be regulated by a mutual attraction like that which regulates the revolutions of planets and satellites. The requisite measurements having been from time to time made, the periodic times of sundry *binary* stars were calculated on this assumption; and the subsequent performances of their revolutions in the predicted periods, have completely verified the assumption. — *Herbert Spencer, First Principles*, p. 175.

b. In *Chemistry*. Applied to compounds consisting of two elements; also to a theory which, by treating certain combinations as simple, looks upon certain compounds of parts, themselves compound, as binary.

In the language of Chemistry a *binary* compound is that resulting from the union of two elements. — *Hooper, Medical Dictionary*.

Of the supposed combinations of *binary* compounds with *binary* compounds, the most numerous and important class are salts. Sulphate of soda is commonly viewed as a direct combination of sulphuric acid and soda. An oxygen acid is allowed to exist in them, and they are particularly distinguished as 'oxygen-salt' salts. But an opinion was promulgated but not by Davy, that these salts might be constituted on the plan of the *binary* compounds, and their hydrated acids on the plan of a hydrate acid; a view which is supported by many analogies. — *Graham, Elements of Chemistry*, p. 161.

c. In *Botany* and *Zoology*.

The term which he has proposed, being as I have already said, to the terminology, not to the nomenclature, of Zoology. In the latter subject, the nomenclature (the names of species), the *binary* nomenclature established by Linnaeus remains, in its principle, unshaken, simple and sufficient. The *binary* method of nomenclature (names by genus and species) is the most convenient hitherto employed in classification. The number of species in every province of Natural History is so vast that we cannot distinguish them and record the distinctions without some artifice. The known species of plants, for instance, were ten thousand in the time of Linnaeus, and are now probably sixty thousand. It would be useless to endeavour to frame and employ separate names for each of the six species. . . . The artifice employed is, to name a specimen by means of two (or it might be more) steps of the successive division. Thus in Botany, each of the genera has its name, and the species are marked by the addition of some epithet to the name of the genus. In this manner about 1,700 generic names, with a moderate number of specific names, were found by Linnaeus sufficient to designate with precision all the species of vegetables known at his time. And this *binary* method of nomenclature has been found so convenient, that it has been universally adopted in every other department of the Natural History of organised beings. — *Whewell, Novum Organum renovatum*, p. 351, 367.

Binary, *s.* Constitution of two.

To make two or a *binary*, which is the first number, but not our unit one. — *Edwards, Alchemaster*, p. 367.

The union of the passive and active principle in the creation of this material heaven, is the second day's work; and the *binary* denotes the nature thereof. — *Dr. H. Moore, Conjectura Cabalistica*, p. 26.

Bind, *v. a.* [A.S. *bindan*.]

1. Used *materially*. Bring together; confine; gird; fasten by ligature.

a. Secure with hands; enchain.

Will thou play with him as with a bird; or wilt thou bind him for thy amusements. — *Job*, xli. 5.

b. Inwrap.

Who hath bound the waters in a garment? — *Proverbs*, xxx. 4.

c. Fasten together.

Thou shalt bind this line of scarlet thread in the window, which thou didst let us down by. — *Joshua*, ii. 18.

Keep my commandments, and live; and my law,

as the apple of thine eye. Bind them upon thy fingers, write them upon the table of thine heart. — *Proverbs*, vii. 3, 4.

Gather ye together first the tares, and bind them in bundles, to burn them. — *Matthew*, xiii. 20.

d. Connect closely or inseparably: (with *up*).

His life is bound up in the lad's life. — *Genesis*, xlv. 30.

e. Cover a wound with dressings and bandages: (with *up*).

When he saw him, he had compassion on him, and went to him, and bound up his wounds. — *Luke*, x. 34.

Bind a book. Put it in a cover.

Was ever book, containing such vile matter,
So fairly bound? — *Shakespeare, Romeo and Juliet*, iii. 2.

Those who could never read the grammar,
When my dear volumes touch the hammer,
May think books best, as richest bound. — *Prior*.

There is a bookbinder of the name of Leane—just now occupied, as I learn, in writing a poem upon his art—who is also talked of as an artist of respectable skill. They say, however, that he writes better than he binds. So much the worse for his little ones, if he be married. — *Dobbin, Bibliographical Tour*, ii. 149.

2. Used morally. Oblige.

a. By stipulation or oath.

If a man vow a vow, or swear an oath to bind his soul with a bond, he shall not break his word. — *Numbers*, xxx. 2.

Swear by the solemn oath that binds the gods. — *Pope*.

b. By duty, law, or kindness.

Though I am bound to every act of duty,
I am not bound to that all slaves are free to. — *Shakespeare, Othello*, iii. 3.

Duties expressly required in the plain language of Scripture, ought to bind our consciences more than those which are but dubiously inferred. — *Watts*.

The inference which they drew was that, if an English king should, without any law but his own pleasure, persecute his subjects for not worshipping idols, should fling them to the lions in the Tower, should wrap them up in pitched cloth and set them on fire to light up Saint James's Park, and should go on with these massacres till whole towns and shires were left without an inhabitant, the survivors would still be bound meekly to submit, and to be torn in pieces or roasted alive without a struggle. — *Morley, History of England*, ch. ix.

Bind to. Oblige to serve; contract with anyone.

If still thou dost retain
The same ill habits, the same follies too,
Still thou art bound to vice, and still a slave. — *Dryden*, 1 *Corinthians*, vii. 27.

Art thou bound to a wife, seek not to be loosed. — 1 *Corinthians*, vii. 27.

Bind over. Oblige to make appearance.

Sir Roger was staggered with the reports concerning this woman, and would have bound her over to the county sessions. — *Addison, Spectator*.

Let them fear death, which know him but as a punishment sent from hell, whom their conscience accuseth of a life wildly fitly and looks over secretly to condemnation. — *Bishop Hall*.

Great on the bench, great on the saddle,
That could as well bind o'er a straw-staddle. — *Baile, Hudibras*.

3. Confine; hinder; restrain: (with *in*, if the restraint be local; with *up*, if it relate to thought or act).

You will sooner, by imagination, bind a bird from sinking, than from eating or flying. — *Bacon*.

In such a dismal place,
Where joy ne'er enters, which the sun ne'er cheers,
Bound in with darkness, overspread with damps. — *Dryden*.

Though passion be the most obvious and general, yet it is not the only cause that binds up the understanding, and confines it, for the time, to one object, from which it will not be taken off. — *Locke*.

The more we are bound up to an exact narration, we want more life, and fire, to animate and inform the story. — *Fulton*.

4. Hinder the flux of the bowels; make costive.

Rhubarb hath manifestly in its parts of contrary operations: parts that purge, and parts that bind the body. — *Bacon*.

The whey of milk doth loose, the milk doth bind. — *G. Herbert*.

Bind, *v. n.*

1. Contract its own parts; grow stiff and hard.

If the land rise full of clots, and if it is a binding land, you must make it fine by harrowing of it. — *Mortimer*.

2. Be obligatory.

Those canons or imperial constitutions which

have not been received here, do not bind. — *Sir M. Hale*.

Bind, *s.* Catachrestic for Bine.

The two best sorts are the white and the grey bind; the latter is a large square hop, and more hardy. — *Mortimer*.

Sinder, *s.*

1. One who binds.

a. Slaves.

Three binders stood, and took the handfuls reapt
From boys that gather'd quickly up. — *Chapman, Homer's Iliad*.

A man, with a binder, may reap an acre of wheat in a day, if it stand well. — *Mortimer*.

b. Books.

Some few hours of my residence in the metropolis have been devoted to an examination of this seductive branch of book-commerce (book-binding). And yet I have not seen—or am I likely to see—one single binder; either Thonycroft or Simier, or Bradel, or Lesne. — *Dobbin, Bibliographical Tour*, ii. 412.

2. Fillet; shred cut to bind with.

A double cloth, of such length and breadth as might serve to encompass the fractured member, I cut from each end to the middle, into three binders. — *Hiccup, Surgery*.

The temporary binder, to which I attach the greatest importance, should now be applied firmly round the abdomen. — *Dr. B. Levi, Lectures on Midwifery*, lect. 21.

3. Astrigent.

Are their eating and their drinking surely, which keeps their bodies clear and solid. Bread is a binder; and, for that, should be given in their use. — *Beaumont and Fletcher, Scornful Lady*.

Binding, *part. adj.* Constraining; effective; holding good.

The promises and bargains for truck, between a Swiss and an Indian, in the woods of America, are binding to them, though they are perfectly in a state of nature, in reference to one another. — *Locke*.

The late Lord Lieutenant had persuaded the officers of the garrison to swear that they would not surrender Limerick till they should receive an answer to the letter in which their situation had been explained to them. The bishops thought that the oath was no longer binding. — *Macaulay, History of England*, ch. xvi.

But when these customs, which had been collected and put in writing by the king's order, appeared in the form of precise and binding laws, drawn up with legal technicality by the Chief Justice, he saw his error, wavered, and endeavoured to revoke. — *Milman, History of Latin Christianity*, b. viii.

Binding, *verbal abs.*

1. Bandage.

This beloved young woman began to take off the

2. Covering of a book.

They presented him with divers skins of parchment, exceeding fine, smooth and delicate, bound the one to the other, by a binding that was rare and excellent. — *Domin, History of the S. pagnolo*, p. 111.

It is in its second binding; but that may be as old as the time of Francis I. — *Dobbin, Bibliographical Tour*, ii. 394.

Bindweed, *s.*

1. Plants of the genera *Convolvulus* and *Calycegia*.

This beautiful plant [*Ipomoea coccinea*] is made the emblem of attachment from its entwining nature; which, like the *bind-weed* of our fields, fixes itself to the first prop within its reach. — *Phillips, Essay on English Names*.

The bindweeds (*Convolvulus arvensis* and *sepium*), the groundels, and many others, rise independent of rain or drought, sun or cloud. — *Auslitz, The Channel Islands*, p. 177.

2. Applied to the Circea lutetiana (not a twiner).

It is called of Lobel Circea lutetiana; in English Enchiridion's Nightshade, or Bindweed's Nightshade. — *Gerarde, Herball*, p. 342; ed. 1633.

Bine, *s.* [the connection with bind is probably less direct than is suggested in the extract. At any rate the connection with the Latin *vinca*—vine must be borne in mind.] See extract.

[The term *bine* or *bind* is applied to the winding or twining stem of climbing plants. Thus we speak of the hop-bine for the shoots of hops. The wood-bine designates the honeysuckle in England, while hawthorn, haw-wood, or hen-wood, is in Scotland applied to ivy. Here we see the root in the precise form of the Latin *pinna*, *pin-ti*, to twine. — *Wedgwood, Dictionary of English Etymology*.]

Bing, *s.* Same as Bin.

Like ants when they do spoil the bing of corn. — *East of Surrey*. (Rich.)

Binnaole, *s.* See Bittacle.

Binocular. *adj.* [Lat *binus* = double, in pairs, *oculus* = eye.]

1. Having two eyes.

Most animals are *binocular*, spiders for the most part, *retinocular*, and some *senocular*.—*Derham*.

2. Employing both eyes at once.

When we look at an object with a *binocular* telescope, we see it single.—*Kid, Inquiry into the human Mind*.

3. In *Physiology*. (The date of the edition from which the following extract is taken is 1843; and the part from which the extract is taken is an addition of the translator's. This, along with the date, is important; inasmuch as the passage gives us the first notices of the stereoscope, the development and confirmation of the doctrine concerning the binocular character of our vision, i. e. the fact of seeing only one object when, with two retinas (eyes), we have two pictures of the external image.)

Some important observations relative to *binocular* vision have been pointed out by Professor Whistlstone.—*Dr. R. W. Translation of Müller's Elements of Physiology*, 1255.

Binomial. *adj.* [Lat. *bis* = twice, Gr. *νόμος* = law; forming a hybrid word.]

1. In *Algebra*. See extract.

The rule which determines the method of deriving the exponents and coefficients from the exponent of the given power, and independently of any particular law which that exponent may have, is called the *binomial*, and the series thus formed, which would also result from multiplication by which the original power of evolution is continued, is called the development of the power. . . . Newton first assigned the law by which the *binomial* development was governed, but did not give any demonstration of it. . . . his time, however, the theorem has been submitted to a rigorous proof.—*Encyclopædia Metropolitana, Algebra*, p. 245.

2. Same as *Binary*, in the way of botanical and zoological classification. (The better equivalent would be *binomial*; but as more than one writer has supported what is called the *Monomial* system, or method, i. e. the system of a single principle, it has become, or is becoming, current in this somewhat doubtful sense.)

To which, however, we may reply, that the *binomial* name is demanded for two elementary reasons. First, because it is founded upon a natural truth, which, to say the least, it would be unwise to violate; and, secondly, because it is convenient, both for simplification and analysis.—*T. F. Robinson, On the Location of Species*, ch. xv.

The notion did, at any rate, arise out of an apparent defect in the *binomial* process, for the inconveniences which the system complained of are not, having felt them practically, they are not to sweep them away by remodelling the whole system afresh.—*Ibid.*, ch. vi.

Binomial. *s.* Quantity in *Algebra* consisting of two terms connected by the sign + or -.

We have hitherto considered the binomial series as representing the development only when the exponent is a positive integer, and the demonstration derived from the properties of combinations; and the continued multiplication of different *binomials* evidently proceeds on that hypothesis.—*Encyclopædia Metropolitana, Algebra*, p. 252.

Binotous. *adj.* [Lat. *binus* = double, *tonus* = tone.] Consisting of two tones.

The note of the lesser Pityrius is truly simple, but pleasing for the concomitant, being the first harpinger of spring. During the breeding season their *binotous* cry is incessant, and has caused a variety of similes.—*Montagu, Ornithological Dictionary*, (Orl MS.).

Biographer. *s.* [Gr. *bios* = life, *graphein* = write.] Writer of lives; relater, not of the history of nations, but of the actions of particular persons.

Our Grub-street *biographers* watch for the death of a great man, like so many undertakers, on purpose to make a penny of him.—*Addison, Freethinker*.

The *biographer* of Horne Tooke, after some prelude about the sword-cut of Athens, and the fuller of Arpinum, reluctantly admits that his hero was the son of a poulterer in Chesham.—*W. Cooke, History of Parly*, vol. iii. ch. viii.

He (Montesquieu) knew what no historian before him had even suspected, that, in the great march of human affairs, individual peculiarities count for nothing; and that, therefore, the historian has no busi-

ness with them, but should leave them to the *biographer*, to whose province they properly belong.—*Buckle, History of Civilization in England*, vol. i. ch. xiii.

Biographic. *adj.* Relating to Biography.

And these insipid floods of tenderness, sensibility, and so forth, rapid, like long-decanted small-beer, many a curious *biographic* tract comes to light. Forgetting or conquering the species of nansen that such a business, on the first announcement of it, may occasion, and in many of the details of it cannot be contrained, the *biographic* reader will find this well worth looking into. . . . Truly of all the wonderful illustrious persons that come to view in the *biographic* part of these six-and-twenty volumes, it is a question whether this old Laugres cutler is not the worthiest.—*Curlye, Essays, Did not*.

Biographical. *adj.* Same as Biography.

It is impossible that volubility of such prolixity, and designed to include much historical and even *biographical* matter, should everywhere sustain a proper degree of spirit, pathos, and interest.—*T. Warton, History of English Poetry*, iii. 256.

A good deal of information, which it was not possible to introduce into this preliminary part of my work, will be found in the *biographical* notes which, here and there, accompany the correspondence.—*Kemble, State Papers, &c., Historical Introduction*, p. xliii.

Biography. *s.* Personal history of individuals.

In writing the lives of men, which is called *biography*, some authors place every . . . in the . . . of time when it occurred.—*B. Alls*.

This, then, was the first great merit of Montaigne, that he effected a complete separation between *biography* and history, and taught historians to study not the peculiarities of individual character, but the general aspect of the society in which the peculiarities appeared.—*Buckle, History of Civilization in England*, vol. i. ch. xii.

Biologic. *adj.* Relating to Biology.

The interpretation of structure, as exhibited in individual organisms and successions of organisms, is aided by two subsidiary divisions of *biologic* inquiry, named Comparative Anatomy (especially comparative morphology) and Comparative Embryology.—*Herbert Spencer, First Principles, Biology*, ch. vii.

Biological. *adj.* Same as Biologic.

While, on the one hand, there is no biological or historical evidence of this great depression, or of the recent separation of the islands from the main land, or from each other; so, on the other hand, is there no geological evidence of recent subsidence.—*Austen, The Channel Islands*, p. 265.

Biology. *s.* [Gr. *bios* = life, *logos* = word, doctrine, description.] Investigation of the phenomena of life.

The word *Physiology*, by which they have most commonly been described, means the Science of Nature; and though it would be easy to explain, by reference to history, the train of thought by which the word was latterly restricted to living Nature, it is plain that the name is, etymologically speaking, loose and improper. The term *Biology*, which means exactly what we wish to express, the Science of Life, has often been used, and has of late become more and more common among our writers. I shall therefore venture to employ it, in most cases, rather than the word *Physiology*.—*Whewell, History of Scientific Ideas*, p. 170.

There is, indeed, another mode of grouping the facts of *Biology*, with which all are familiar. According as they are facts of animal or vegetable life, they may be classed under the heads of Zoology and Botany. But this division, though convenient and indeed necessary for practical purposes, is one that does not here concern us. Dealing with organic structures and functions in connexion with their causes, conditions, concomitants, and consequences, *Biology* cannot divide itself into animal-biology and vegetable-biology, since the same fundamental classes of phenomena are common to both.—*Herbert Spencer, First Principles, Biology*, ch. vii.

Bipartite. *c. a.* Divide into two; cause to fall into two divisions. *Rare*.

These are the principles of motion wherein dexterity consists, and are *bipartite* within and without the crany.—*Sir T. Browne, Vulgar Errors*, p. 189. (Orl MS.)

Bipartite. *adj.* [Lat. *bis* = twice, *partior* = divide.] Having two corresponding parts; divided into two.

That's a remarkable instance in Senecius, of a monster horn at Eumans with two hearts, and two heads; the diversity of whose appetites, perceptions, and affections, testified that he had two souls within that *bipartite* habitation.—*Glaucille, Prescience of Seneca*, ch. ii.

His (Alexander's) empire was *bipartite* into Asia and Syria.—*Gregory, Posthumus*, p. 159. (For another example see Bifid.)

Bipartition. [L. Lat. *bipartitio*, -onia.]

Act of dividing into two, or of making two corresponding parts.

Already in the Laupreys, the first stage of this *bipartition* may be seen, and the next stage in the Sharks and Rays.—*Owen, Anatomy of Vertebrates*, 376.

Biped. *adj.* Two-footed. See, for extract, Bimanous.

Biped. *s.* [Lat. *bipes*; from *bis* = twice, *pes*, *pedis* = foot.] Animal with two feet.

No serpent, or fishes oviparous, have any stones at all; neither *biped* nor quadruped oviparous have any exteriorly.—*Sir T. Browne, Vulgar Errors*.

I allude to the class Aves, characterized as accurately, as briefly, by the name of 'feathered bipeds'; bipeds, because the anterior members are exclusively organized for flight; feathered, because the body which is to soar in air must be lightly clad, and yet warmly clad, &c.—*Owen, Lectures on the Comparative Anatomy of Vertebrate Animals*, introd. lect.

Animal was by them considered a genus; and man and brute inordinate species under that genus; *biped* would not have been admitted to be a genus with reference to man, but a *prætorium* or accident only. It was requisite, according to their theory, that genus and species should be of the essence of the subject. Animal was of the essence of man; *biped* was not. And in every classification they considered some one class as the lowest or inferior species.—*Mull, System of Logic*, p. 158.

Bipennated. *adj.* [Lat. *bipennatus* = two-winged.] Having two wings.

All *bipennated* insects have joints joined to the body.—*DeMeun*.

Biquadratic. *adj.* Relating to the fourth power in algebra.

Thus a *biquadratic* equation may be formed, . . . by the point *b* shall be found, and then on the point *b*, whose distance from *A* is *b* as the eccentricity of the earth's orbit to half its axis.—*Philosophical Transactions*, liii. 525.

Birch. *s.* [A.S. *bir*.] Tree of genus *Betula*.

On the green slope
Of a romantic glade we sat in doubt and gloom,
And the fragrance of the yellow birch,
While our hearts were beating, our tears were streaming,
Was like a fountain shower.—*Wilson, Isle of Palms*.

Birchen. *adj.* Made of birch.

By this hand, I'll pry browns in, *birchen* brows.
Bounteous and *Birch*, *Lord Subject*.

His beaver'd brow a *birchen* garland bears. *Pope*.

Bird. *s.* [A.S. *bird*, or *brid* = chicken.]

General term for the feathered kind; fowl; (*foel* is colloquially used for the larger, and *bird* for the smaller, kind of feathered animals).

[A.S. *beod*, the young of birds; *carnea brid*, an eagle's young; *G. brat*, a hatch or hatch of young. We find the use of the word in this original sense as late as Shakespeare.]

He came to by as you used to say.

As that tale told of the cuckoo's bird.

With the sparrow.—*Ch. IV. v. 8, 13*.

The proper designation of the feathered creation is in *E. foel*, which in course of time was specially applied to the gallinaceous tribe as the most important kind of bird for domestic use, and was perhaps this appropriation of the word which led to the adoption of the name of the young animal as the general designation of the race. A similar transfer of meaning has taken place in . . . *Fr. poule*, a gallinaceous bird; *E. poultry*, from Lat. *pulus*, the young of an animal; *Wedgwood, Dictionary of English Etymology*.

The poor wren,
The most diminutive of birds, will build,
Her young ones in her nest, amidst the owl.

Hence men and beasts the breath of life obtain,
And birds of air and monsters of the main. *Dryden*.

There are some birds that are inhabitants of the water, whose blood is cold as fishes, and their flesh is so like in taste, that the scrupulous are allowed them on fish days. *Larke*.

Bird. *r. n.* Catch birds.

I do invite you to-morrow morning to my house, to breakfast; after we'll be *birding* together.—*Shakespeare, Merry Wives of Windsor*, iii. 3.

Birdolt. *s.*

1. Arrow, having a ball of wood at the end of it, and sometimes an iron point projecting before the ball, formerly used for shooting at birds.

To be generous and of free disposition, is to take those things for *birdshots*, that you deem common bullets.—*Shakespeare, Twelfth Night*, I. 5.

As when you descry
A ship, with all her sail contents to fly
Out of the narrow Thames with winds unapt,
Now crosseth here, now there, then this way, *rapt*,
And then hath one point reached, then alter'd all,
And to another crook'd reach doth fall

Of half a *bird's* shoot, keeping more cool
Than if she danc'd upon the seven's toil.
Hera and Leander.

2. Same as *Burbot*.

Birdcage. *s.* Enclosure made of wire or wicker with interstitial spaces, and used for the confinement of birds.

Birdcage taught him the jolly, and tops the centrifugal force. *Arbuthnot and Pope.*

Birdcatcher. *s.* One who makes it his employment to take birds.

A poor lack entered into a miserable expostulation with a *birdcatcher*, that had taken her in his net. *Sir R. L'Estrange.*

Birder. *s.* Birdcatcher. *Obsolete.*

There is made of the smooth bark of this tree or shrub (cholly) birdlime, which the *birders* and country men do care to take birds with. *Gerard*, 1155. (Ord MS.)

Birdeye, or Birdseye. *s. or adj.* View of anything below from a great height: (in which case it is seen as a portion of the earth's surface would be seen by a bird high in the air).

Viewing from the Pishch of his pulpit the free, cool, happy, flourishing, and glorious state of mine, as in a *bird's-eye* landscape of a promised land, he [Dr. Price] breaks out into the following rapture. *Burke, Reflections on the French Revolution*

Birdeyed. *adj.* Having, as it were, the eye of a bird; quick.

"Shid, 'tis the horse-start out of the brown study. — Rather the *bird-eyed* stroke, sir. — *B. Jonson, Cynthia's Revels.*

Birdgazer. *s.* Contemptuous term for August. *Rhetorical.*

As touching the *birdgazers*, he himself being a *birdgazer*, he did flatly scorn them, that is to say, even his own profession. *Tennesson of the Christian Religion*, p. 382. (Ord MS.)

Accius Navius, the great *birdgazer* of Rome, did cut another a whetstone with a razor, in the presence of king Tarquinus. *Ibid.* 401. (Ord MS.)

Birding-piece. *s.* Fowling-piece; gun to shoot birds with. *Obsolete.*

I'll creep up into the chimney. — There they always use to discharge their *birding-pieces*; away into the kiln hole. *Shakespeare, Merry Wives of Windsor*, iv. 2.

Birdlike. *adj.* Resembling a bird.

For when I see how they do mount on high,
Waving their outstretch'd wings at liberty;
Then do I think how *bird-like* in a cave
My life I lead, and grief can never surge.

Nivola, Mirror for Magistrates, p. 653.

A rich store of classical knowledge — a sense of the beautiful, almost verging on the effeminate — a facile power of melody, varying from the solemn steps of the organ to a *birdlike* flutter of airy sound — the glorious faculty of poetic hope, exerted on human prospects, and presenting its results with the vivacity of prophecy; a power of imaginative reasoning which peopled the meager ground of contemplation with thoughts . . . gorgeous as the sun at midsummer, endowed the author of 'The Ancient Mariner,' and 'Christabel.' — *Talfourd, Memoirs of C. Lamb.*

Birdlime. *s.* Glutinous substance spread upon twigs, by which the birds that light upon them are entangled.

Holly is of so viscous a juice, as they make *birdlime* of the bark of it. *Bacon, Natural and Experimental History.*

Not *birdlime*, or Idian pitch produce
A more tedious mass of clammy juice. *Dryden.*
The woodpecker, and other birds of this kind, because they prey upon flies which they catch with their tongue, have a couple of bags filled with a viscous humor, as if it were a natural *birdlime*, or liquid glue. *Grege.*

Birdlime. *adj.* Spread to ensnare: (used figuratively).

I love not those 'viscous benevolence,' those *birdlime* kindnesses which Pliny speaks of. *Howell, Letters*, i. 5, 18.

Birdman. *s.* Birdcatcher. *Obsolete.*

As a fowler was bending his net, a blackbird asked him what he was doing; why, says he, I am laying the foundations of a city; and so the *birdman* drew out of sight. *Sir R. L'Estrange.*

Birdseye. *s. or adj.* Same as *Birdeye*.

Birdseye. *s.* Flower so called; mealy primrose; birdseye primula (*Primula farinosa*). *Rare.*

In the middle of every small flower appeareth a little yellow spot, resembling the eye of a bird, which

hath moved the people in the north parts (where it aboundeth) to call it *birdseye*. *Gerard, Herbal*, p. 784: ed. 1633.

Birdfoot. *s.* Element in the name *bird's-foot* trefoil (*Ornithopus perpusillus*; the former of these words being from the Gr. *ὄρνις*, *bird*; and *ποῦς*, *foot*).

I am fully persuaded that this is no other than this *bird's-foot* trefoil. — *Rag, Correspondence, Letter of Dr. Plukenet*, p. 218.

Birdnest. *s.* Orchidaceous plant so called (*Neottia Nidus-avis*; where *nidus* = nest, *avis* = bird).

I made numerous observations on this, the *bird's-nest* orchis, but they are not worth giving, as the action and the structure of every part are almost identically the same as in *Listera ovata*. This unnatural, sickly-looking plant, has generally been supposed to be parasitic on the roots of the trees under the shade of which it lives; but, according to *Irish*, this certainly is not the case. — *C. Darwin, Fertilization of Orchids*, ch. iv.

Birdwitted. *adj.* Incapable of sustained attention; changing from one subject to another.

If a child be *bird-witted*, that is, hath not the faculty of attention, the mathematicians give a remedy thereto. *Bacon, Works*, i. 161. (Ord MS.)

Birk. *s.* Birch. *Scottish or provincial*, used in English rhetorically.

Now is done thy long day's work;
Fold thy plumes across thy breast,
Fold thine arms, turn to thy rest.
Let them rave.
Shadows of the silver birch
Sweep the green that folds thy grave.

Let the *Traveller, A Dirge*.

Birken. *v. a.* Whip, or chastise, with birch rods. *Rare.*

They ran up and down like furies, and *birked* those whom they met with, from the ramp to the crown of the head. *Christian Religion's Appeal to the Bar of Reason*, p. 91. (Ord MS.)

Birmingham. *s. and adj.* See *Brunnema*; *gem*. *Rare.*

Birmingham had not been thought of sufficient importance to return a member to Oliver's Parliament. Yet the manufacturers of Birmingham were already a busy and thriving race. They boasted that their hardware was highly esteemed, not indeed as now, at Pekin and Lima, at Bokhara and Timbuctoo, but in London, and even as far off as Ireland. They had acquired a less honorable renown as owners of bad money. In addition to their spurious coins, some Tory wit had fired on demagogues, who hypocritically affected zeal against Popery, the nickname of *Birmingham*. *Macaulay, History of England*, ch. i.

Birth. *s.* [A.S. *beorþ*.]

1. Act of coming into life.

But thou art fair, and at thy birth, dear boy,
Nature and fortune join'd to make thee great.

Shakespeare, King John, iii. 1.

In Spain, our springs like old men's children be,
Dewy'd and wither'd in their infancy;
No kindly showers fall on our barren earth,
To hatch the seasons in a timely birth. *Dryden.*

2. Extraction; lineage.

Most virtuous virgin, born of heavenly birth,
Spuous, Ecce Quen.
All truth I shall relate: nor first can I
Myself to be of Grecian birth deny.

Sir J. Denham.

3. Rank inherited by descent.

Be just in all you say, and all you do;
Whatever be your birth, you're sure to be
A peer of the first magnitude to me. *Dryden.*

4. Condition or circumstances in which any man is born.

High in his chariot then *Tibullus* came,
A foe by birth to *Troy's* unhappy name. *Dryden.*

5. Thing born; production: (used of vegetables as well as animals).

The people fear me; for they do observe
Unfather'd heirs and lightly birth of nature.

Shakespeare, Henry IV, Part II, iv. 4.

That poets are far rarer births than kings,
Your noblest father prov'd. *B. Jonson, Epigrams.*
Who of themselves
Ablot to join; and by impudent mix'd,
Produce prodigious births of body or mind.

Milton, Paradise Lost, xi. 685.

The valleys smile, and with their flow'ry face,
And wealthy births, confound the flood's embrace.

Sir R. Blackmore.

Others hatch their eggs, and tend the birth till it
is able to shift for itself. *Addison.*

6. Act of bringing forth.

That fair Syrian shepherdess,
Who, after years of barrenness,
The highly favour'd Joseph bore
To him that serv'd for her before;
And at her next birth, much like thee,
Through pangs first to felicity. *Milton, Epitaph on the Marchioness of Winchester*, 63.

Birthday. *s.*

1. Day on which anyone is born.

Orient light
Exhaling first from darkness, they beheld
Birthdays of heaven and earth.

Milton, Paradise Lost, vii. 254.

2. Anniversary of the day on which anyone was born.

This is my birthday; as this very day
Was *Cassius* born. *Shakespeare, Julius Caesar*, v. 1.

Your country dances

Whose cloaths returning *birthdays* claim. *Prior.*
The king's health being called for after this, a notable dispute arose between the Twelfth of August (a zealous old Whig gentleman) and the Twenty-third of April (a new-fangled lady of the Tory stamp), as to which of them should have the honour to propose it. August grew hot upon the matter, affirming time out of mind the prescriptive right to have him with her, till her rival had wisely supplanted her; whom she represented as little better than a kept mistress, who went about in fine clothes, while she (the legitimate birthday) had scarcely a rag. *&c.* *Lamb, Essays of Elia, Joinings upon the New Year's coming of Age.*

Birthdom. *s.* Domain, country, repose, or anything to which one is born. *Rare.*

Let us rather
Hold fast the mortal sword; and, like good men,
Bestride our downfall'n birthdom.

Shakespeare, Macbeth, iv. 3.

Birthnight. *s.* [In the first of the following examples two words, in the second a true compound.]

1. Night on which anyone is born.

'Tis angelick song in Bethlehem field,
On thy birthnight, that sung the Saviour born.

Milton, Paradise Regain'd, iv. 365.

2. Evening and night of a birthday; time at which the festivities of a birthday come to a climax: (used in the following extract *adjectively*, or as the element of a compound).
A youth more glittering than a birthnight bean.

Birthplace. *s.* Place where anyone is born.

My birthplace hate I, and my love's upon
This enemy's town. *Shakespeare, Coriolanus*, iv. 1.
A degree of stupidity below even what we have been charged with, upon the score of our birthplaces and climate. *Swift.*

Birthright. *s.* Rights and privileges to which a man is born; right of the firstborn.

Thy blood and virtue
Shares with thy birthright.

Shakespeare, All's well that ends well, i. 1.

By merit, more than birthright, Son of God,
Milton, Paradise Lost, iii. 308.

To say that liberty and property are the birthright of the English nation, but that if a prince invades them by illegal methods, we must upon a pretence resist, is to confound governments. *Johnson.*

The partition of the House of Austria devolved on the successless of treaties; the partition of Prussia on the sacrosanctness of birthright. *Macaulay, History of England*, ch. xxii.

Birthsong. *s.* Song sung at the nativity of a person. *Rare.*

An host of heavenly quirsisters do sing
A joyful birth-song to heaven's interborn king.

Pope, Essay on Criticism, p. 15: 1631.

Birthstrangled. *part. pref.* Strangled, or suffocated, in being born. *Rhetorical.*

Finger of birthstrangled babe,
Ditch delivered by a drab.

Shakespeare, Macbeth, iv. 1.

Birthwort. *s.* *Aristolochia Clematitis* (a plant once believed to be useful in obstetric medicine).

The second *aristolochis*, or *birthwort*, is taken to be the male, and hath a root as thick as a good basket or staff, growing likewise to the length of four fingers. — *Philemon Holland, Translation of Pliny*, ii. 221.

Biscuit. *s.* [Fr. *biscuit* = twice cooked; the German, in like manner, being *zweiback*, and the Danish *trebak* = two bakings.]

1. Kind of hard dry bread, made to be carried to sea: (baked for long voyages four times).
The biscuit also in the ships, especially in the

With animals not belonging to the dog-kind, it has no place.]

1. Female of the canine kind: (wolf, fox, &c.)

At his feet a *bitch* wolf suck did yield

To two young babes. *Spenser.*

I have been credibly inform'd, that a *bitch* will nurse, play with, and be fond of young foxes, as much as, and in place of her puppies. *Locke.*

2. Term of reproach for a woman.

Jim you call a doe, and her a *bitch*. *Pope.*
John had not run a needle so long, but it had been for an extravagant *bitch* of a wife. *Arbuthnot.*

Bite, *v. a.* [*A.S. bitan.*]

1. Crush or pierce with the teeth.

Alme enemy's dog,

Though he had *bit* me, should have stood that night

Against my fire. *Shakespeare, King Lear, iv. 7.*

He falls; his arms upon his body sound,

And with his bloody teeth he *bites* the ground. *Dryden.*

There was lately a young gentleman *bit* to the bone, who has now indeed recovered. *Tatler, no. 23.*

Their foul mouths have not opened their lips without a falsity; though they have showed their teeth as if they would *bite* off my nose. *Arbuthnot and Pope, Mortalians Nocturnal.*

2. Give pain by cold.

Here fed we the icy fang,

And churlish chiding of the winter's wind;

Which when it *bites* and blows upon my body,

Even till I shrink with cold, I smile. *Shakespeare, As you like it, II. 1.*

3. Hurt, or pain, with reproach.

Each poet with different talent writes;

One praises, one instructs, another *bites*. *Lucy Roscommon.*

4. Make the mouth smart with an acrid taste: (from the old usage of it, in the general sense, 'to cause to smart').

No ointment that would cleanse or *bite*.

Chomart, Camp-Sharp Teeth, Prologue, 633.

5. Cheat; trick; defraud. *Vulgar.*

As sheep and naked as an Indian lay,

An honest factor stolen away;

He pledged it to the knight; the knight had wit,

So kept the diamond, and the rascal was *bit*. *Pope.*

If you had allowed half the fine gentlemen

have conversed with you, they would have been

steeped *bit*, while they thought only to fall in love with a fair lady. *Id.*

Bite, *v. n.* Take a bait.

The winning way we'll follow;

We'll bait that man may *bite* fair. *Beaumont and Fletcher, Wild-goose Chase.*

Bite, *s.*

1. Seizure of anything with the teeth.

Does he think he can endure the everlasting burnings, or arm himself against the *bites* of the ever-dying worm? *South.*

Nor dastard's parching heat, that splits the rocks,

Are half so harmful as the evenly flock

Their venom'd *bites*, and seeds indented on the stocks. *Dryden, Virgil's Georgics.*

2. Act of a fish in taking the bait.

I have known a very good fisher angle diligently

four or six hours for a river carp, and not have a *bite*. *Wallon, Complete Angler.*

3. Cheat; trick; fraud. *Vulgar.*

Let a man be never so wise,

He may be caught with such a *bite*;

For take it in its proper light,

'Tis just what rascals call a *bite*. *Swift.*

Dear Dick! rather tell me what passion you move;

The world is in doubt whether hatred or love;

And while at good Counsel you rail with such spite,

'They slowly suspect it is all but a *bite*. *Id.*

Biter, *s.*

1. One who bites.

Great teachers are no *biter*s. *Camden.*

2. Fish apt to take the bait.

He is so bold that he will invade one of his own

kind, as if you may therefore easily believe him to be a

bold *biter*. *Wallon, Complete Angler.*

3. Trickster; deceiver.

A *biter* is one who tells you a thing you have no

reason to disbelieve in itself, and perhaps has given

you, before he bid you, no reason to disbelieve it for

his saying it; and, if you give him credit, lands in

your face, and triumphs that he has deceived you.

He is one who thinks you a fool, because you do not

think him a knave. *Spenser, no. 503.*

Biting, *part. ulf.* Piercing or cleaving like a tooth; nipping (as by cold).

I've seen the day, with my good *biting* audacity,

I would have made them skip. *Shakespeare, King Lear, v. 3.*

It may be the first water will have more of the

essence, as more fragrant; and the second more of the

taste, as more bitter, or *biting*. *Bacon.*

Full fifty years I'm pressed in rugged steel,

I have endured the *biting* winter's blast,

And the severer heats of parching summer. *Rome, Ambitious Stepmother.*

Biting, *verbal abs.*

1. Act of one who bites.

Then the *bittings* of grasshoppers and flies killed;

neither was there found any remedy for their life:

for they were worthy to be punished by such. *Wisdom, xvi. 9.*

2. Act of one who wounds with censure or reproach.

As loose as I give them as good hold upon me, they

must pardon me my *bittings*. *Donne, Progress of the Soul.*

Bitingly, *adv.* In a biting manner; jeeringly; sarcastically.

Some more *bitingly* called it the ingress or emblem

of his entry into his first bishoprick, viz. not at the

door, but the window. *Sir J. Horington, Brief View of the State of the Church of England, p. 28.*

His (Green's) weakness and deficiency the poet

Juvénal, in his satire, derideth very *bitingly*. *Biograph, Memoirs, p. 191.*

Bitingness, *s.* Atrihute suggested by

Biting. *Rare.*

As men take away saltiness and *biting* from

the sea-water by distilling, is saltiness abolished

in hot things by heat? *Philosophy, Morals, iii. 163. (Opt MS.)*

Bitless, *adj.* Not having a bit or bridle.

Here a fierce people, the Getaians lie,

Bitless Numidian horses, and quick sands dire. *Sir R. Hoare, Travels in the East, iv.*

Bittole, *s.* [Notwithstanding the extracts,

I am inclined to connect the word with

binocular, and to think that the true form

is *binocle*, a derivation which I would extend to the colloquial term *binocle* - spectacles.] In *Navigation*, Turret-shaped box

placed on deck near the helm, and containing the compasses.

Binocle or *binocle* like many other sea terms, of unknown or doubtful origin is used to denote the box in which the compass is placed for steering a ship. It is common in the navy to have two *binocles* or one double *binocle*. *Encyclopædia Metropolitana, in v.*

In Legend's French and Flemish dictionary, *binocle* is explained a little lodge (dwelling) near the main mast for the pilot and steersman. *Webster's, Dictionary of English Etymology.*

Bitter, *adj.* [*A.S. biter.*]

1. Having a taste like that of wormwood.

Bitter things are apt rather to kill

pure faction. *Bacon, Natural and Experimental History.*

When a man in a fever should, from sugar,

have a *bitter* taste, which at mouth

a sweet one; yet the idea of *bitter*, in that man's

mind, would be as distinct from the idea of sweet, as if he had tasted only milk. *Locke.*

2. Sharp; cruel; severe; reproachful; satirical.

Friends, now first sworn,

Unseparable, shall within this hour,

On a dissolution of a dot, break out

To *bitter* enmity. *Shakespeare, Cymbeline, iv. 1.*

And, in the breath of *bitter* words, let's smother

My damned soul. *Id., Richard III. iv. 1.*

Husbands, love your wives, and be not *bitter*

against them. *Colossians, iii. 19.*

The word of God, instead of a *bitter*, teaches us a charitable zeal. *Bishop Sprat.*

Calumnious; miserable; painful; inclement.

I will make it as the mourning of an only son, and the end thereof as a *bitter* day. *Bacon, viii. 10.*

You fear that lord will me,

And dare be bold to weep for Buckingham,

His noble friends and fellows, whom to leave

is only *bitter* to him, only dying.

Go with me, like good angels, to my end. *Shakespeare, Henry VIII. ii. 1.*

A dire induction am I witness to;

And will to France, hoping the consequence

Will prove as *bitter*, black, and tragical. *Id., Richard III. iv. 3.*

And shun the *bitter* consequence: for know,

The day thou shalt thereof, my sole command

Transgress, inevitably thou shalt die. *Id., Paradise Lost, viii. 329.*

Tell him, that if I hear any *bitter* tale,

'Tis to behold his vengeance for my son. *Dryden.*

The fowl the borders fly

And shun the *bitter* blast, and wheel about the sky. *Id.*

3. Unpleasant; hurtful in general.

Bitter is an equivocal word; there is *bitter* worm-

wood, there are *bitter* words, there are *bitter* enemies, and a *bitter* cold morning. *Watts, Logick.*

He stood silent a moment, and soon began to stamp about the room and deplore his loss with the

bitterest agony. *Fledding, Adventures of Joseph Andrews.*

Queensberry was the head of the Protestant Episcopalians of Scotland, a class compared with whom the *bitterest* English Tories might be called Whigs. *Macaulay, History of England, ch. ix.*

So *bitter* was the English humour, that the Liberal party in the council were inclined to take part in the war, if they would but have the Pope for an enemy. *Brande, History of England, p. 33.*

Bitter, *s.* Anything bitter.

A little *bitter* mingled in our cup leaves no relish of the sweet. *Locke.*

In Pharmacy. See extracts.

The pharmacopœia division of *bitters* adopted by Mr. Giry is into pure, aromatic, astringent, and sweet. The pure *bitters* are aluminous (worm-

wood), &c. The aromatic *bitters* are antimonial flowers (chamomile), &c.; the astringent *bitters* are constituted of the various barks; while only one sweet *bitter* is enumerated as a drug, viz. the dill-emmer canles (dill-sweet stalks). *Encyclopædia Metropolitana, in v.*

It (quassia) is devoid of all irritant, stimulant, or astringent properties; and has been therefore sometimes taken as a type of the simple or pure *bitter*. *Id., p. 1965.*

In the plural. Name of a common kind of liqueur, or cordial, made by adding some vegetable bitter to the spirit.

The principal consumption of angelica root and seeds is by refiners and compounders in the preparation of gin and the liqueur called *bitters*. *Dr. Ferrius, Elements of Materia Medica and Therapeutics, p. 1790.*

Bitterful, *adj.* Full of bitterness. *Obsolete.*

Small cause have I to be merrie or glad

Remembering this *bitterful* day. *Laurel of Marie Magdalen, 53.*

Bitterly, *adv.*

1. In a bitter manner; sorrowfully; calamitously.

The milder man shall cry there *bitterly*. *Zephaniah, i. 13.*

I so lively meted with my tears,

That my poor mistress, moved therewithal,

Wept *bitterly*. *Shakespeare, Two Gentlemen of Verona, iv. 3.*

Bitterly last than paid, and still art paying

That rascal score. *Milton, Sonnet, 19, stanza, 62.*

He well knew how *bitterly* William had been mortified, and was astonished to see him present himself to the public eye with a serene and cheerful aspect.

Macaulay, History of England, ch. xxv.

And true hearts are rich in the time

We *bitterly* need 'em. *G. Massé, v. Poems.*

2. Sharply; severely.

His behaviour is not to censure *bitterly* the errors

of their zeal. *Bishop Sprat.*

Could it be doubted that he would be brought up to be the slave of the Jesuits and the Hieronims, and that he would be, if possible, more *bitterly* prejudiced than any preceding Stuart against the laws of England? *Macaulay, History of England, ch. x.*

Bittern, *s.* [see *Bittern*.] *Botaurus stellaris* (a grallatorial bird, now becoming scarce in this country, remarkable for its booming cry).

The poor fish have enemies enough, besides such a monstrous fiend, as offers the commoner, as I the *bittern*. *Wallon, Complete Angler, 2.*

It is commonly reported with us of the heron or *bittern*, that they have but one wide cut, &c. *Dr. Corneille, Letters of Mr. Johnson, p. 194.*

So that scarce

The *bittern* knows his time, with full equipment,

To shake the sounding marsh. *Thomas, 8, 8, 8.*

Bittern, *s.* Very bitter liquor, which drains off in making of common salt, and is used in the preparation of Epsom salts.

Epsom salt is freed from the chloride of magnesium with which it is mixed in the residue of sea-water after its common salt has been taken out: the magnesium chloride remains in what is called the mother liquor, or residuary solution, which, on account of its excessive bitter taste, is known as our salt-works by the name of *bittern*. *Brande, Manual of Chemistry, i. 13.*

Bitterness, *s.*

1. Bitter taste.

The idea of whiteness, or *bitterness*, is in the mind, exactly answering that power which is in anybody to produce it there. *Locke.*

2. Malice; grudge; hatred; implacability.

The *bitterness* and animosity between the commanders was such, that a great part of the army was

marched. *Lord Clarendon.*

3. Sharpness; severity of temper.

And, what an if

His sorrows have so overwhelmed his wits,

His wit be thus thence alienated,

His fits, his frenzy, and his *bitterness*! *Shakespeare, Titus Andronicus, iv. 4.*

Pierpoint and Crew appeared now to have contracted more *bitterness* and sourness than formerly

and were more reserved towards the king's commissioners.—*Lord Clarendon*.

4. **Saïre; piquancy; keenness of reproach.**
Some think their wits have been asleep, except they dart out somewhat piquant, and to the quick: men ought to find the difference between saltiness and bitterness.—*Bacon*.

5. **Sorrow; vexation; affliction.**
There appears much joy in him, even so much that joy could not show itself modest enough, without a badge of bitterness.—*Shakespeare, Much Ado about Nothing*, i. 1.

They shall mourn for him as one mourneth for his only son, and shall be in bitterness for him, as one that is in bitterness for his first-born.—*Zachariah*, xli. 10.

Most pursue the pleasures, as they call them, of their natures, which begin to sin, are carried on with danger, and end in bitterness.—*Archbishop Wake, Preparation for Death*.

I sat, in bitterness of soul, deplor'd My absent daughter. *Pope, Homer's Odysses*.
The Pope lost all self-command; he gave vent to the full bitterness of Romain, of papal hatred to the Lombards and to the agency of his terror, in a monologue so unmeasured in its language, so unregal, it might be said unchristian, in its spirit, as hardly to be equalled in the pontifical diplomacy.—*Milton, History of Latin Christianity*, b. iv. ch. xii.

BITTERSWEET. s.

1. Kind of apple which has a compound taste of sweet and bitter.

When I express the taste of an apple which we call the *bittersweet*, none can mistake what I mean.—*Watts*.

2. Woolly nightshade (*Solanum Dulcamara*, of the specific name of which plant the word under notice is either the original or a translation).

The late herbalists have named this plant Dulcamara, Amaranthoides, and Amaranthoides, as it is in Greek *αμαρανθωειδης*; in English we call it *Bittersweet*, and Woolly nightshade.—*Gerarde, Herball*, p. 329; ed. 1637.

In the following extract it probably means the apple. It may, however, simply mean a mixture of sweet and bitter.

It is but a *bittersweet* at best, and the fine colours of the serpent do by no means make amends for the smart and poison of his sting.—*South*.

- Bitour. s.** [L. Lat. *botaurus*.] See But-ture and Bittern. *Rare*.

Then to the water's brink she laid her head;
And, as a *bitour* bumps within a reed,
To thee alone, O lake, she said, I tell. *Dryden*.

- Bitume. s.** Same as Bitumen. *Rare*.

Mix with these
Black pitch, quick sulphur, silver spume,
Sulphur, bellows, and black bitume. *Mg*.

- Bitumed. adj.** Smeared with pitch. *Rare*.

Sir, we have a chest beneath the benches, candied and bitumed ready.—*Shakespeare, Twelfth Night*, iii. 1.

- Bitumen. s.** [Lat.] Name given to a number of mineral substances which burn with flame in the open air; some so hard as to be used for coats, others so glutinous as to serve for mortar.

It is reported that *bitumen*, mingled with lime and put under water, will make as it were an artificial brick, the substance becoming so hard.—*Bacon*.

The fabric we've d' work of rising round,
With sulphur and bitumen cast between. *Dryden*.
Bitumen is a body that readily takes fire, yields smoke, and is soluble in water.—*Woodward*.

- Bituminiferous. adj.** Producing Bitumen.

A *bituminiferous* deposit which occurs amongst the coal measures in the neighbourhood of Edinburgh was used as coal, and called 'Rochem Cannel Coal.' But a lawsuit arose upon the question whether this, which geologically was not 'the coal,' should be regarded in law as coal. The opinions of chemists and geologists, as well as of lawyers, were discrepant, and a direct decision of the case was needed.—*Wheatell, Northern Organon renovated*.

- Bituminous. adj.** Having the nature and qualities of bitumen; containing bitumen.

Naphtha, which was the *bituminous* mortar used in the walls of Babylon, grows to an entire and very hard matter, like a stone.—*Bacon*.

The fruitage fair to sight, like that which grew
Near that bituminous lake, where Sodom flum'd.
Milton, Paradise Lost, l. 561.

- Bivalve. adj.** [Lat. *bis* = twice, *valve* = folding-doors, valves.] Having two valves or shutters; (a term used of fish that have two shells, as oysters; and of plants whose seed-pods have two sutures, and open their

whole length to discharge their seed, as' peas).

In the cavity lies loose the shell of some sort of *bivalve*, larger than could be introduced in at those holes.—*Woodward*.

Girgiches certainly have no more claim to a mantle than have the *bivalve* entomothruca.—*C. Darwin, Monograph of the Cirripedia*, introd.

- Bivious. adj.** [Lat. *bivius*; from *bis* = twice, *viv* = way.] Leading different ways.

In *bivious* theories, and Janus-faced doctrines, let virtuous considerations state the determination.—*Sir T. Browne, Christian Morals*, ii. 3.

- Bivouac. s.** [Fr.; from Germ. *beiwache* = by-watch.] Temporary encampment.

On the far Eastern Borderland of Saint-Antoine, the Chasseurs Normande arrive, dusty, thirsty, after a hard day's ride; but can find no billet-maître, no course in this city of confusion; cannot get, to be sure, cannot so much as discover where he is; Normande must enter *bivouac* there, in its midst at least one—some patriot will treat it to a cup of liquor with advice.—*Carlyle, French Revolution*, pt. i. v. i. ch. iv.

- Bizarre. adj.** [Fr.] Fantastic.

Aristo pleases, but not by his monstrous and improbable pictures, by his *bizarre* mixture of the serious and comic styles; by the want of coherence in his stories, or by the continual interruptions of his narrative.—*Hume's Essays*, i. 9, 236. (Orel MS.)

- Blab. v. a.** Tell what ought to be kept secret (usually implying thoughtlessness rather than treachery, but may be used in either sense); *more rarely*, simply tell.

That delightful enemy of her thoughts,
That blab'd the in with such pleasing eloquence,
Is torn from forth that pretty hollow cave. *Shakespeare, Twelfth Night*, s. iii. 1.

Nature has made man's breast no a treasure,
To publish what he does within doors;
Nor what dark secret he is in, to blab.
Unless his own cash folly blab it. *Butler, Hudibras*.

It is unlawful to give any kind of religious worship to a creature; but the very indices of the fathers cannot escape the index expurgatorius, for blabbing so great a truth. *Bishop Stillingfleet*.
Nor whisper to the tattling reeds
The blackest of all fowls' deeds;
Nor blab it on the bawdy cocks. *Swift*.

- Blab. v. n.** Tattle; tell tales.

Your uncle I'll be;
When my tongue blabs, they let mine eyes and see. *Shakespeare, Twelfth Night*, i. 2.

- Blab. s.** Telltale; thoughtless babbler; heedless betrayer of secrets.

The secret non-babbling many confessions; for open blabbing from a blab, *Bacon*.
Be seen blab, and tattle's what she hears,
Want to be secret else her greater slips.
Then virtue's glory which in her remains. *Robert Greene, Poems*.

To have revealed
Secrets of men, the secrets of a friend,
Orn of all, to be excluded
All from hisin and avoided as a blab. *Milton, Sonnet Against a Puritan*, 491.

Whoever shows me a very inquisitive body, I'll show him a blab, and one that shall make me pray as public is a proclamation.—*Sir R. T. Eschwege*.

I should have gone about showing my letters, under the charge of secrecy, to every blab of my acquaintance.—*Swift*.

- Blabber. v. n.** Same as Blab, from which seems to be a more disparaging term.

Now you may see, how easy it is to speak right, and not to blabber like him, in any society. *Black, Ape, French and English Grammar*, p. 125; 1824.

- Blabbing. part. adj.** With the habit of a blab.

The gaudy, blabbing, and rumor-creating,
Is kept in the bosom of the sea. *Shakespeare, Henry VI. Part II*, iv. 1.

Thy does he do, and none left out,
Ere the blabbing ends in secret,
The new moon on the Indian steep,
From her cabin'd loophole peep. *Milton, Comus*, 137.

- Black. adj.** [See Black.]

1. Of the colour of night.

In the twilight in the evening, in the black and dark night.—*Proverbs*, vii. 2.

Aristotle has problems which enquire why the sun makes men black, and the fire; why it whitens wax, yet blacks the skin?—*Sir T. Browne*.

I would not believe him if he brought twenty other lines as witnesses, and if he tied till he was black in the face.—*Thackeray, The Newcomes*, ii. 151.

2. Dark; obscure; mysterious.

The heaven was black with clouds and wind, and there was a great rain.—*1 Kings*, xviii. 43.

3. Cloudy of countenance; sullen.

She hath aimed me of half my train;
Look'd black upon me. *Shakespeare, King Lear*, ii. 1.

4. Horrible; wicked; atrocious.

Either my country never must be freed,
Or I conspire to be black as death. *Dryden*.

Perhaps some still blacker treason might have been contrived; for men who have once engaged in a wicked and perilous enterprise are no longer their own masters, and are often impelled, by a fatality which is part of the first misadventure, to crimes such as they would at first have shuddered to contemplate.—*Moranby, History of England*, ch. ix.

- Dismal; mournful.

A dire induction me I witness to;
And will to France, hoping the consequence
Will prove as bitter, black, and true. *Shakespeare, Richard III*, iv. 4.

To be unable to say *Black's the white of any one's eye*, means to be unable to find a flaw in his character, the expression being colloquial and vulgar.

Horrible that I am a whore and a thief, you can't say *Black's the white of my eye*.—*South, Expedition of Humphrey Creak*.

Sir, I walked my way up to London with half-a-crown in my pocket, and I am now worth a couple of hundred thousand pounds, and he that can say *Black's the white of my eye*.—*Thackeray, Gilbert Gurney*, vol. i. ch. i.

- Black. s.**

1. Black colour.

For the production of black, the corporees must be less than any of those which exhibit colours.—*Sir I. Newton*.

Black and blue. Colour of a bruise; stripe.

Misses Ford, good heart, is beaten black and blue, that you cannot see a white spot about her.—*Shakespeare, Merry Wives of Windsor*, iv. 5.

2. Mourning.

We never but think ourselves, or consult of moderate diet but in black and mourning, when our talk is of imperious high and insupportable diseases.—*Hobbs, Gentle Reader*, s. 200, p. 21.

How like a silent stream shined with night,
And gliding softly with our windy sighs,
Moves the whole frame of this solemnity!
Tears, sighs, and blacks, filling the simile. *Quintus and Fidd, Fatal Dervy*.

Rise, wretched widow; rise; nor, unhelp'd,
Permit my chest to pass the Stygian ford:
But rise, prepared in black, to mourn thy perished lord. *Dryden*.

3. Blackamoor.

Thus, from several known instances of ferocity in black tribes, we are not authorized to conclude that blacks are universally, or generally, ferocious; and, in fact, many instances may be brought forward on the other side.—*R. W. Kelly, Elements of Ethnology*.

What ails us who are sound,
That we should mimic this raw to d the world,
Which charts its all in its course black or white. *T. S. Arthur, Walking to the Sea*.

4. That part of the eye which is black; round opening in the middle of the iris.

It suffices that it be in every part of the air, which is as big as the black or sight of the eye. *Sir K. Digby*.

5. Stain.

Dolling her white lawn of chastity
With ugly blacks of lust, *Keats, It's lost by Lust*.

- Black. v. a.** Make black; blacken.

Blackening over the paper with ink, not only the ink would be quickly dried up, but the paper, that it could not burn before, was quickly set on fire.—*Boyle*.

Then in his fury black'd the raven's eye,
And bid him prate in his white plumes no more. *Addison*.

- Black-cattle. s.** [Two words rather than a compound.] Oxen, bulls, and cows.

Other part of the grazier's business is what we call *black-cattle*, and produces hides, tallow, and beef, for exportation.—*Swift*.

- Black-jack. s.** [Two words rather than a compound.] Vessel for holding drink; (originally made of leather). See Jack.

He runs to the black-jack, fills his flaggon, spreads the table, and serves up his dinner.—*Milton, Comus*.

I drink my porter out of an earthen black-jack.—*Shelton*, ii. 258.

- Black-lead. s.** Plumbago.

You must first get your black-lead sharpened finely, and put just into quills, for your rule and first draught.—*Pencilman*.

- Black-mail. s.** Certain rate of money, corn, cattle, or other consideration, paid to men allied with robbers, to be by them protected from such as usually rob or steal.

The towns that could no longer pay the *black-mail* demanded from them were burned.—*C. H. Pearson, The early and middle ages of England*, ch. xxviii.

The summit of a high peak overlooking the road is occupied by the ruins of a castle formerly held by the Kurdish chiefs, who levied *black-mail* on travellers, and carried their depredations into the plains.—*Layard, Nineveh and Babylon*, ch. 1.

Black-Monday. s. Easter-Monday. See *extract*.

In the 31th of Edw. III. the 11th of April, and the morning after Easter-day, king Edward, with his host, lay before the city of Paris, which day was full dark of mist and hail, and so bitter cold, that many men died on their horses' backs with the cold. Wherefore, unto this day, it hath been called the *Black-Monday*.—*Stowe, History of England*.

It was not for nothing that my nose felt a bleeding! on *Black-Monday* last.—*Shakespeare, Merchant of Venice*, ii. 5.

Black-peopled. adj. Having people of a black colour.

The admiring queen, wing'd with thy fame,
From her *black-peopled* vespers came.
—*G. Scudery, Christ's Passion*, p. 25.

Black-pudding. s. Kind of food made of blood and barley.

Through they were lin'd with many a piece
Of ammunition bread and cheese,
And fat *black-pudding*, proper food
For warriors that delight in blood.
—*Butler, Hudibras*.

Black-rod. s. [so called from his livery of office, a *black rod*.] Chief gentleman-usher to the king.

His duty is to bear the rod before the king at the feast of St. George, at Windsor; he has also the keeping of the chapter-house door, when a chapter of the orders of the order is sitting; and in time of parliament attends the house of peers. His badge is a *black rod*, with a lion in gold at top. This rod has the authority of a law. At top his custody all peers questioned for any crime are first committed.—*Rox, Cyclopaedia*, in *voc*.

Black-visaged. adj. Having a black appearance.

Hurry ruin from our *black-visaged* shows;
We shall afflict their eyes.
—*Maryland, Aulonia and Melinda, Prologue*.

Black-moor. s. Man by nature of a black complexion; negro.

They are no more afraid of a *black-moor* or a lion, than of a mouse or a cat. —*Locke*.
A *black-moor* in a fit of jealousy kills his inmate in white wine.—*Lamb, Essays of Elia, On the Tragedies of Shakespeare*.

Blackball. v. a. Vote against anything by putting a black ball in a balloting-box; more especially, exclude a candidate from a club or association by so voting.

Formerly, indeed, the ruin of an innocent woman was thought wickedness enough to entitle you to a seat in the society of fashion; but now, unless that woman be the wife of your friend, or the daughter of your benefactor, your virtue is scouted, and you are *blackballed* for want of a due qualification.—*Melton, Secrets worth knowing*, l. 2.

If you do not tell me who she is directly, you shall never get into White's. I will *black-ball* you regularly.—*B. Disraeli the younger, The young Duke*, li. ii. ch. ii.

Blackballing. verbal abs. Exclusion by votes indicated by black balloting balls.

Your story of the *blackballing* amused me. As Quakers they did right. —*Lamb, Letter to B. Barlow*.

Blackberry. s. Fruit of the common bramble (*Rubus fruticosus*).

The policy of these crafty sneering muskats, that stale old mouse-eaten cheese Nestor, and that same dædal Cyllus, is not proved worth a *blackberry*.—*Shakespeare, Troilus and Cressida*, v. 4.

They said he sung the children in the wood;
How *blackberries* they pluck'd in deserts wild,
And farthest at the glittering fountains still'd. —*Gay*.

Blackbird. s. Song-bird so called (*Turdus Merula*).

Of singing birds, they have linnets, goldfinches, *blackbirds*, thrushes, and divers others. —*Carew*.
A schoolboy ran into't, and thought
The crib was down, the *blackbird* caught. —*Swift*.
The *blackbird* amid leafy trees,
The lark above the hill,
Let loose their carols when they please.
Are quiet when they will. —*Wardsworth*.

Blackbrowed. adj. Having black eyebrows; gloomy; dismal; threatening.

Come, gentle night; come, loving, *black-browed* night. —*Shakespeare, Romeo and Juliet*, iii. 2.
Thus when a *black-browed* east begins to rise,
While foam at first on the curl'd ocean fries,
232

Then roars the main, the billows mount the skies.
—*Dryden*.

Blackcap. s. Warbler so called (*Sylvia atricapilla*).

Some specimens of the eggs of the *blackcap* resemble those of the garden warbler. The male *blackcap* is inferior to the female only in the quality of his song.—*Jarrell, British Birds*.

Kind of pudding.

The Norfolk *huff* answers for this dish far better than any other kind of apple, but the winter quencing, and some few firm sorts besides, can be used for it with fair success. These, for variety, may be served without being divided, and filled with orange marmalade. The *black-cap* served hot, as a second-course dish, are excellent.—*E. Arden, Modern Cookery*, ch. ix.

Blackcock. s. Heathcock, or black grouse (*Tetrao Tetrix*, black game common in the North of England and in Scotland).

After dinner, we went out with guns, to try if we could find any *blackcock*. —*Roswell, Journal of a Tour to the Hebrides*.

Blacken. v. a.

1. Make of a black colour.

Bless'd by aspiring winds, he finds the strand
Blacken'd by crowds. —*Prior*.

2. Darken; cloud.

That little cloud that appear'd at first to Elijah's servant no bigger than a man's hand, but presently after grew, and spread, and blacken'd the face of the whole heaven. —*South*.

3. Defame; make infamous.

Let us *blacken* him, but let us *blacken* him, what we can, said that miservant Harrison, of the blessed king, up at the working and drawing up his charge against his approaching trial. —*South*.

Blacken. v. n. Grow black or dark.

The forest shook around,
Air blacken'd, roll'd the thunder, ground the ground. —*Dryden*.

Came a vapour from the margin, *blackening* over
Heath and hill,
Cramming all the blast before it, in its breast a
thunder-bolt. —*Tennyson, Locksley Hall*.

Blackeyed. adj. Having black eyes.

I must resign
My *black-eyed* mind, to please the powers divine.
—*Dryden, Hamlet's Ghost*.

Blackfaced. adj. Having a dark or black face.

This *black-faced* night, desire's vain course.
—*Shakespeare, Twelfth Night*.

Blackfish. s. Fish so called (*Centrolophus morio*).

The *blackfish* has now been taken of various sizes, from thirteen to thirty-two inches.—*Jarrell, British Fishes*.

Blackguard. s. Body of the character described in extracts 1 and 2; member of such a body; low-lived, low-minded fellow.

[The word has been formed from those mean and dirty dependants, in great houses, who were selected to carry coals to the kitchen, halls, &c. To this wretched retinue, who attended the processions, and rode in the carts with the pots and kettles, which, with every other article of furniture, were then moved from palace to palace, the people, in derision, gave the name of *black guards*, a term since become sufficiently familiar, and never properly explained.—*Gifford, Notes on the Journal*, li. 163, vii. 258.]

The word is well explained in a proclamation of the Board of Green Cloth in 1682, cited in X. and Q. Jan. 7, 1824. "Whereas of late a sort of vicious idle and masterless boys and rascals, commonly called the *Black-guard*, with divers other lewd and loose fellows, vagabonds, vagrants, and wandering men and women, do follow the Court to the great dishonour of the same—We do strictly charge all those so called the *Black-guard* as aforesaid, with all other loose idle masterless men, boys, rascals and wanderers, who have intruded themselves into his Majesty's court and stables, that within the space of 24 hours they depart." —*Wedgwood, Dictionary of English Etymology*.]

One of the *black guard* had his hand in my vestry, and was groping of me as rudely as the Christmas cut-purse.—*B. Johnson, Memoirs of Swift*.

A lamentable case, that the devil's *black-guard* should be God's soldiers.—*Feller, History of the Holy War*, p. 14.

Before quitting Spain, he had emphasised in the strong language which he was apt to employ both in praise and censure, that the troops which he commanded were the greatest *blackguards* on the face of the earth, and that they required a hand of iron to keep them in order.—*G. D. Young, Life of Wellington*, ch. xvi.

Blackguard. adj. Mean; contemptible.

Let a *black-guard* boy be always about the house, to send on your errands, and go to market for you on rainy days.—*Swift*.

Blackguardism. s. Character or state of a blackguard.

Would it have been wiser or more high-minded, or in any sense better, for him to have thrown himself, like Greville and Nash and the rest of that crew, upon the town, and like them wasted his time in pamphleteering and blackguardism?—*Craik, History of English Literature*, i. 480.

Blackhaired. adj. Having black hair.

Don Carlos is *black-haired*, and of Spanish hue.—*Howell, Letters*, iii. 6. (Ord MS.)

Blacking. verbal abs. or s. Material for cleaning shoes.

He read an article the king attacking,
And a long eulogy of 'patent blacking'.
—*Byron, Don Juan*, xvi. 26.

Blackish. adj. Somewhat black.

As the stream of brooks they pass away; which are *blackish* by reason of the ice, and wherein the snow is hid. —*Jub*, vi. 16.

The autumn, when he is in perfect season, hath a kind of dappled or waved colour, like a panther, on his sides, inclining to a greenish and sky-colour, his belly being milk-white, and his back almost black or *blackish*. —*L. Walton, Complete Angler*.

Blackleg. s. [see *leg*, in its sporting sense.] Gambling cheat.

Pool'd, pillaged, dunn'd, he wanders his term away,
And, unexpell'd perhaps, retires M.A.;
Master of arts! as hells and chills proclaim,
Where scarce a *blackleg* bears a brighter name!

—*Byron, Hints from Horace*.
The moment that was to dissolve the spell which had combined and enchanted so many thousands of human beings arrive! —*Southey*, in *his*, *Blackleg*, dispersed in all directions. —*Th. Moore*, in *the*, *The young Duke*, li. ii. ch. vi.

Blackletter. s. Old English character, introduced into England about the middle of the fourteenth century.

William Bullokar published a Brief grammar for English. Printed at London by Edward Blount, 1586. It is in the *black-letter*, but with many novelties in the type, and affectations of spelling. —*H. Arden, History of English Poetry*, iii. 317. (Ord MS.)

The following formation is evidently colloquial.

Strike out those words which are now obsolete, and I will venture to say that I will replace every one of them by words still in use of Chamber himself, or Cover his disciple. I don't want this myself: I rather like to use the significant terms which Chamber masterfully offered as substitutes for admissibility in our language; but surely so very slight a change.

The text
left out, for the purpose of restoring so great a part to its ancient and most deserved popularity. —*Cobridge, Table Talk*.

Blackly. adv.

1. Darkly in colour.

Lastly stood War, in glittering arms yel'd,
With visage grim, stern looks, and *blackly* hurl'd.
—*Southey, Introduction to Mirrour for Magistrates*.

2. Atrociously.

Deeds so *blackly* grim and horrid.
—*Pittman, Remorse*, li. 31.

Blackmoor. s. Same as Blackamoor. *Rare*.

The land of Chus makes no part of Africa; nor is it the habitation of *blackmoors*; but the country of Arabia. —*Sir T. Browne, Vulgar Errors*.

More to West
The realm of Boeotus to the *Black-moor* sea.
—*Milton, Paradise Regained*, iv. 72.

Blackmouthed. adj. Using foul language; scurrilous.

He will readily grant, that if the devil rise not, then his preaching is vain, and that fact is as certain; then Christian religion is all artifice and illusion; or whatever else the *black-mouthed* athletes charged it with. —*Kalberch, Sermons*, p. 17.

Blackness. s. Attribute suggested by Black.

1. In the way of colour. Darkness.

Blackness is only a disposition to absorb, or still, without reflection, most of the rays of every sort that fall on the bodies. —*Locke*.
Staid up as in a crumbling tomb, girl round
With *blackness* as a solid wall,
For oft she seem'd to hear the dully sound
Of human footsteps fall.
—*Tennyson, The Palace of Art*.

2. Atrociousness; wickedness.

The tales of our nursery—the reading of our youth—the ill-looking man that was hired by the quire to dispatch the children in the wood—the grim ruffians who smothered the babes in the Tower—rise up and crowd in upon us such eye-scenery portraits of the man of blood, that our pen is absolutely forestalled; we commence poets when we should play the part of strictest historians, and the very blackness of horror which the deed calls up, serves as a cloud to screen the deed.—*Lamb, Essays of Elia, On the danger of confounding moral with personal deformity*.

Blacksmith. s. Smith who works in iron.

The blacksmith may forge what he pleases.—

Honell.

Shut up the doors with bars and bolts; it will be impossible for the blacksmith to make them so fast, but a cat and a whoremaster will find a way through them.—*Spectator.*

Blackthorn. s. Low tree or shrub so called; sloethorn (*Prunus communis*).

Love shall, in that tempestuous shower,
Her brightest blossoms, like the blackthorn show;
Weak friendship prospers by the power
Of fortune's sun: I'll in her winter grow.

Hobington, Cleland, p. 98.

It is difficult to penetrate a thick fence of blackthorn.—*Phillips, Floral Emblems.*

Blackwort. s. Bilberry (*Vaccinium Myrtillus* and *V. uliginosum*).

Vaccinia or worts differ from violets. Of these worts there be divers sorts found out by the later writers; (1.) *Vaccinia nigra*, blacke worts or wortheberries; (2.) *Vaccinia rubra*, red worts or wortheberries.—*Gerarde, Herball, p. 1415*; ed. 1633.

Bladder. s. [A.S. *bledðre*.] Vessel in animals or vegetables for the reception of any secreted gas or fluid: (when found alone it generally means urinary bladder).

That huge great body which the giant bore,
Was vanquish'd quite, and of that monstrous mass
Was nothing left but like an empty bladder was.

Spenser, Faerie Queen, vi. 1.

A bladder but moderately filled with air, and strongly tied, being held near the fire, grew exceedingly torpid and hard; but being brought nearer to the fire, it suddenly broke, with so loud a noise as made us for a while after almost deaf.—*Boyle.*

The bladder should be made of a membranous substance, and extremely dilatible for receiving and containing the urine, till an opportunity of emptying it.—*Boyle.*

I think it fit to communicate, that being this last autumn at Bristol, in August, the tide brought in floating some of the vesiculiferous sea-weed. The bladders were some filled with air, some with slimy water, and in some I found a round (as I suppose) seed, finely dispersed in a tenacious matter.—*Id., Correspondence, Letter of Mr. Waller, p. 197.*

Bladdered. part. adj. Swollen like a bladder. They affect greatness in all they write, but it is a bladdered greatness, like that of the vain man whom *Seneca* describes, an ill habit of body, full of humours, and swelled with vapours.—*Dryden, Dedication of the Enid.*

Bladdernut. s. Seedvessel of the *Staphylea pinnata*, thence called the bladdernut tree; also applied to the seedvessels of other plants.

It is called in English St. Anthony's nuts, wilde Pistacia, or *Bladder-cuts*. It hath the pleasant whitish flowers of *Bryonia*, or *Laboriosa*, both in smell and shape, which turn into small covered bladders of winter cherries, called *Alkekengi*, but of a more greenish colour.—*Gerarde, Herball, p. 1437*; ed. 1633.

Bladderwort. s. Aquatic plant so called (*Utricularia vulgaris*).

In the eastern counties of England the bladderwort is not uncommon, and in many other localities, although it must be considered as rather rare.—*Mrs. Lansdowne, Wild Flowers worth Notice, p. 104.*

Blade. s. [A.S. *blad*.]

1. Spire of grass before it grows to seed; green shoots of corn which rise from the seed; leaf.

There is hardly found a plant that yieldeth a real juice in the blade or ear, except it be the tree that leaveth sumachs dracotics.—*Boon.*

Seed in the feeding flock takes time 't' invade
The rising bulk of the luxuriant blade.—*Dryden.*

If we were able to dive into her secret recesses, we should find that the sweetest blade of grass, or most contemptible weed has its particular use.—*Swift.*

2. Sharp or striking part of a weapon or instrument, distinct from the handle.

He sought all round about, his thirsty blade
To bathe in blood of faithless enemy.

Spenser, Faerie Queen.

She knew the virtue of her blade, nor would
Pollute her sabre with ignoble blood.—*Dryden.*

It is not the polish of the blade that is to be considered, or the grace with which it is brandished, but the keenness of the edge, and the weight of the stroke.—*R. Whately, Elements of Rhetoric.*

Every smith, every carpenter, every cutler, was at constant work on galls and blades.—*Macaulay, History of England, ch. xii.*

The sword of the genuine Bronze period, as it has been discovered in almost all parts of Europe, is a short two-edged weapon, with a raised back, very short hilt, and beautifully formed blade, besetting at the hilt and towards the point. It has no guard, but the hilt is either nailed to the blade with rivets,

or a tongue of metal, cast with the blade itself, is formed into a hilt by a piece of wood laid on it, thickened with a bit of leather or bone. Hilt and blades are often adorned with the most tasteful figures, and here and there these figures appear to be the stamp, as it were, of different nations. The most remarkable circumstance is the shortness of the hilt. The blade also measures on an average from twenty-two to twenty-three inches.—*Kenble, Introduction to Hore Periods, p. 48.*

3. Brisk man, either fierce or gny. Con-
temptuous.

Sure I am, however at this time they might turn
edger, they had been formerly true blades for his holiness [the pope].—*Faller, History of the Holy War, p. 234.*

You'll find yourself mistaken, Sir, if you'll take
upon you to judge of these blades by their scars,
looks, and outward appearance. Sir R. L'Estrange.

There lived Mr. Sutton, pipemaker by trade,
Who hearing this Figg was thought such a stout
blade.

Resolved to put-in for a share of his fame.
And so sent to challenge the champion of Thame.

Byss.

Bladebone. s. Broad, flat, triangular bone, to which the arm or fore leg is attached; scapula.

He fell most furiously on the broiled relics of a
shoulder of mutton, commonly called a bladebone.—*Pope.*

Bladed. part. adj. Having blades or spires.

Her silver visage in the watery glass,
Decking with liquid pearl the bladed grass.

Shakespeare, Midsummer-Night's Dream, i. 1.

As where the lightning runs along the ground,
Nor bladed grass, nor bearded corn succeeds,
But scales of scurf and putrefaction breeds.

Dryden.

Blady. adj. Consisting of blades. Rare.

But musing at the lust in the watery marsh,
Where though the blady grass was wholesome and
hard.

These wreaths away she casts which bounteous Wal-
tham gave.

With laurel, flags, and reed, to make her wondrous
hays.—*Dryden, Polydoron, six. 73. (Ord. M.)*

Blain. s. [A.S. *blegen*.] Pustule; botch; blister.

It shall become small dust in all the land of Egypt,
and shall be a loath breaking forth with blains upon
man and beast.—*Exodus, iv. 2.*

Riches, blains.

Sow all the Athenian weapons.

Shakespeare, Timon of Athens, iv. 1.

Botches and blains must all his flesh imbue.

And all his people. *Milton, Paradise Lost, xii. 180.*

Whence I hear a rival tumult,
I feel my body all inflamed.

Which breaking out in boils and blains,
With yellow filth my linen stains.

Swift.

Blake. adj. [see Black.] Pale. Rare.

Toward Aurora a-morrow as I can wake,
A felle-fall full early took his flight

To face my study sang with her father's Blake.
W. Lushington, Percy Society, x. 156.

Blamable. adj. Culpable; faulty.

Virtue is placed between two extremes, which are
on both sides equally blamable.—*Dryden.*

Blamableness. s. Attribute suggested by Blamable; fault; state of being liable to blame; culpability; faultiness. Rare.

Scripture mentions it sometimes from use
that at other, without the least blamableness.—*Whitlock, Manners of the English, p. 265.*

If he had not freedom of will to determine him-
self towards good and evil, as he pleased, he must
then be under a fatal necessity of doing whatsoever
he should happen to do; and then as he could give
no proof of his temper and inclination, so there
could be no such thing as acceptance of grace to God when
he did well, nor blamableness when he did otherwise.

Goodman, Winter Evening Conference, iii.

Blamably. adv. Culpably; in a manner liable to censure.

A process may be carried on against a person, that
is maliciously or blamably acted, even to a definitive
sentence.—*Argyll, Pueri non Juris Civiles.*

Blame. v. a. [N.Fr. *blamer*; itself derived from *blasphemer*.]

1. Censure; charge with a fault: (it generally implies a slight censure).

Our pow'r

Shall do a court'sy to our wrath, which men
May blame, but not condemn.

Shakespeare, King Lear, iii. 7.

Porphyrius, you too far did length your fate;
'Tis true, your duty to me it became.

But praising that, I must your conduct blame.

Dryden.

Each finding, like a friend,
Something to blame, and something to commend.

Pope.

With for.

The reader must not blame me for making use
here all along of the word sentiment.—*Locke.*

Clarendon persisted, and left this offensive topic
only to pass to a topic still more offensive. He ac-
cused the unfortunate king of passionateness. Why
retreat from Salisbury? Why not try the event of a
battle? Could people be blamed for submitting to
the invader when they saw their sovereign run away
at the head of his army?—*Macaulay, History of England, ch. ix.*

With of.

Tuorous he blam'd of inconsiderate rashness, for
that he would busy himself in matters not belonging
to his vocation.—*Kantles, History of the Turks.*

To blame. Without excuse.

You were to blame, I must be plain with you,
To part so slightly with your wife's first gift.

Shakespeare, Merchant of Venice, v. 1.

I do not ask whether they were mistaken; but
whether they were to blame in the manner.—*Bishop*

Stillingfleet.

Now we should hold them much to blame,
If they went back before they came.

Prior.

2. Blamish; bring reproach upon.

When he saw his fair Priscilla by,
He deeply sigh'd, and groan'd inwardly,
To think of this ill state in which she stood;
To wish she for his sake had weep'd
Now brought in self, and blam'd her idle blood.

Spenser, Faerie Queen, vi. 3, 11.

Blame. s.

1. Imputation of a fault.

In arms, the praise of success is shared among
many; yet the blame of misadventures is charged
upon one.—*Sir J. Heywood.*

They lay the blame on the poor little ones, some-
times passionately enough, to divert it from them-
selves.—*Locke.*

Fall in blame. Become blamable.

Blame.—To fall in blame, set in blame,

'Forty men sholden nothing idle,
That might fall in blame of pride,'

(Gower, 'of A. v. d. i. p. 115.)

'So might thou lightly fall in blame,' (Ibid. p. 223.)

With this we may compare the French 'tomber en
faute.'—*Wedgwood, Dictionary of English Etymo-
logy.*

2. Crime; that which produces or deserves
censure.

Who would not judge us to be discharged of all
blame, which are yet first to have no great fault, even
by their very word and testimony, in whose eyes no
fault of ours hath ever hitherto been accustomed to
seem small.—*Hooker.*

I unspoke mine own declaration: here allure
The faults and blames I laid upon myself,
For strangers to my nature.

Shakespeare, Macbeth, iv. 3.

3. Hurt. Obsolete.

Therewith upon his crest,
With rigour so outrageous he smit,
That a large share it how'd out of the rest,
And glancing down his shield, from blam'd him fairly
blest.

Spenser, Faerie Queen.

Blameful. adj. Criminal; guilty; meriting
blame.

Is not the cause of these fruitless deaths
As blamful as the execution.

Shakespeare, Richard III. i. 2.

Blam'twitted lord, incredible in demeanour,
If ever lady wrou'd her lord so much,
Thy mother took into her blamful bed
Some stern unwhit'ed churl.

Id., Henry VI. Part II. iii. 2.

Thy blamful lines, bespotted as with sin,
Mine eyes would cleanse, ere they to read begin.

Dryden, Epistle of Miltida to King John.

Blameless. adj. Free from blame; guilt-
less; innocent.

She found out the righteous, and preserved him
blameless unto God.—*Bishop, x. 6.*

The flames ascend on either altar clear,
While thus the blameless maid address'd her pray'r.

Dryden.

Such a lessening of our coin will deprive great
numbers of blameless men of a fifth part of their
estates.—*Locke.*

(Circumstances were discovered which seemed to
indicate that Duncane himself was not blameless,
Macaulay, History of England, ch. xxiii.

With of.

We will be blameless of this thine oath.—*Joshua,*

ii. 17.

Blamelessly. adv. In a blameless manner;
innocently; without crime.

It is the wilful opposing explicit articles, and not
the not believing them when not revealed, or not
with that conviction against which he cannot blame-
lessly, without pertinacity, hold out, that will bring
danger of ruin on any.—*Hammond.*

233

Blamelessness. *s.* Attribute suggested by Blameless; freedom from blame; innocence; exemption from censure.

Having resolved, with him in Homer, that all is chargeable on Jupiter and fate, they infer, with him, the blamelessness of the inferior agent. — *Hammond*.
A man of the primitive sort of Christians for humility, love, blamelessness, meekness. — *Baxter, Life and Times*, iii. p. 17: 1696.

Blamer. *s.* One who blames or finds fault; censurer.

In me you've hallowed a pagan muse,
And dearest would a stranger, who, mistaught,
By blame of the times they marr'd, hath sought
Virtues in corners. — *Dunne, Poems*, p. 139.

Blameworthiness. *s.* Attribute suggested by Blameworthy.

Praise and blame express what actually are; praiseworthiness and blameworthiness, what naturally ought to be the sentiments of other people with regard to our character and conduct. — *A. Smith, Theory of Moral Sentiments*, pt. iii. ch. iii.

Blameworthy. *adj.* Culpable; blamable; worthy of blame or censure.

Or cotermined such an one blame-worthiness. — *Martin, On the Marriage of Priests*, sign. Kk, iii. 65: 1554.

Although the same should be blameworthy, yet this age hath forborne to incur the danger of any such blame. — *Hooker*.

That the sending of a divorce to her husband was not blameworthy, he affirms, because the man was notoriously vicious. — *Milton, Doctrine and Discipline of Divorce*, li. 22.

At the present day, it is only blind prejudice, wilful ignorance, or base calumny, which can accuse the originators of the [Polish] constitution of the 3d of May, 1791, of having been blameworthy revolutionists. — *Edwards, The Polish Captivity*, vol. ii. ch. vii.

Blanch. *v. n.* [see Blink, *v. n.*] Evade; shift; speak soft. *Rare*.

'Ondini consiliiarum mortui' books will speak plain, when counsellors blanch. *Bacon*.

Blanch. *v. a.* [Fr. *blanchir*.]

1. Whiten; change from some other colour to white.

You can behold such sights,
And keep the natural rind of your cheeks,
When mine are blanch'd with fear.

Shakespeare, Macbeth, iii. 4.
A way of whitening wax cheaply may be of use; and we have set down the practice of tradesmen who blanch it. — *Boyle*.

And sin's black dye seems blanch'd by age to virtue.
Dryden.

The intuitive decision of a bright
And thorough-sight which set to part
Error from crime; a prodence to withhold;
The laws of marriage character'd in gold
Upon the blanch'd tablets of her heart.

Templeton, Isabel.
When ye died,
Fair cheeks were blanch'd, and brave and faithful hearts

Mournd for their warrior-lords; but if I fall,
No eye will shed one tear for me,
J. H. Jesse, The last War of the Roses, iii. 5.

2. Strip or peel such things as have husks.
Their suppers may be task'd, raisins of the sun,
and a few blanch'd almonds. — *Wiseman*.

Blanch. *v. a.* Escape; miss; blink. *Rare*.

The judges thought it dangerous to admit him and audit, to qualify treason; whereby every one might express his malice, and blanch his danger. — *Bacon, History of the Reign of Henry VII.*

You are not transported, in an action that warms the blood and is appearing holy, to blanch, or take for admitted, the point of lawfulness. — *Faller, History of the Holy War*.

I suppose you will not blanch Paris in your way. — *Sir H. Watkin, Letter to Milton*.

A man horribly cheats his own soul, who upon any pretence, or under any temptation whatsoever, forsakes or blanches the true principles of religion. — *Goodman, Winter Evening Converses*, iii.

With over. (In the following extract the word 'blanch' may mean *escape*, or it may mean *whiten*; and, as such, belong to a different verb. The word 'colourable' suggests the latter connection.)
The doctors of that church have their colourable pretences, wherewith to blanch over those errors. — *Bishop Sanderson, Sermons*, p. 242.

Blanching. *part. adj.* Becoming pale or white.

The bodies and the bones of those
That strove in other days to pass,
Are wither'd in the thorny close,
Or scatter'd blanching in the grass.

Templeton, The Day-Dream.

Blanching. *verbal abs.* Making white.

234

Continue [in November] tying up the leaves of fullgrown plants [of endive] in open dry weather to whiten; also transplant some full plants, &c., to preserve them from frost more effectually, for future blanching. — *Abercrombie, Gardeners' Journal*, p. 420.

Blancmange. *s.* [Fr. = white food. — in the extract we have both the etymological and the pronunciation spelling: the former, however, is the commoner.] Sort of flummery.

Blancmange. Good common *blancmange*, or *blanc manger*. Infuse for an hour in a pint and three quarters of new milk the very thin rind of a small, or of half a large, lemon, and eight bitter almonds blanch'd and bruised; then add two ounces of sugar, or rather more for persons who like the *blancmange* very sweet, and an ounce and a half of isinglass. — *E. Acton, Modern Cookery*, p. 447.

Used adjectively, or as the first element in a compound.

Thus a cameo and an intaglio, a plaster-cast in relief and its mould, the exterior and interior of a metal *blancmange* shape, or any other object equally similar in its opposite reliefs, is, at once, irresistibly metamorphosed by the pseudoscopy, each into its converse form. — *J. D. Morell, Introduction to Mental Philosophy*, c. ix.

Blanc. *adj.* [Lat. *blandus*.] Soft; mild; gentle.

In her face expanse
Came prologue, and apology too prompt;
Which, with *blanc* words at will, she thus address'd.

Milton, Paradise Lost, ix. 853.

An even calm
Perpetual reign'd, save what the zephyrs *blanc*
Breath'd o'er the blue expanse. — *Thomson, Seasons*.
For there was Milton like a seraph strong;
Beside him *Shakespeare* *blanc* and mild;
And there the world-worn Dante grasp'd his song,
And somewhat grimly smiled.

Templeton, The Palace of Art.
The leste sat grinning the speech with a *blanc*
impassive smile, and proceeded with the formalities
of excommunicating the imperialist party. — *C. H. Pearson, The early and middle Ages of England*, ch. xxviii.

Blanchation. *s.* Flattery. *Rare*.
One had datter'd Loughclump, Bishop of Ely, with this *blanchation*. — *Candish, Remains*.

Blanchiment. *s.* Allurement; enticement. *Obsolete*.

That they entice nor allure no man with sussions
and *blanchiments* to take the religion upon him.
Jayne, The Monks' Cook, comp. Henry VIII.,
Harvard, vol. i. App.

Blanchish'd. *part. adj.* Made with a view to blanchishment. *Rare*.

Most cruel all her wiles,
With *blanchish'd* parleys, feminine assaults,
Tongue-batteries. — *Milton, Simon, Apollonius*, 402.

Blanchishing. *part. adj.* With blanchishment; alluring. *Rare*.

And how she, *blanchishing*,
By Dunsmore drives along.

Drayton, Polyolbion, xlii.

Blanchishing. *verbal abs.* Expression of kindness; blanchishment.

Flat enemies are honest harmless things,
Because they tell us what we have to fear;
But double-hearted friends, whose *blanchishings*
Tickle our ears but sting our bosoms, are
These dangerous Serpents, whose sweet maiden face
Is only mortal treason's baneful glass.

Beaumont, Pygmalion, vi. 3.

Blanchishment. *s.* Act of fondness; expression of tenderness by gesture, words, or treatment.

The little babe up in his arms he bent,
Who, with sweet pleasure and bold *blanchishment*,
Gauz'd smile. — *Spenser, Faerie Queene*, u.

He was both well and fair spoken, and would use
strange sweetness and *blanchishment* of words, where
he desired to effect or persuade anything that he
took to heart. — *Bacon*.

His little now with *blanchishment* detains;
But I suspect the town where Juno reigns. — *Dryden*.
In order to bring those who dwell within the wide
circle of whiggish community, neither *blanchishments*
nor promises are omitted. — *Steff*.

A love still burning upward, giving light
To read those laws: an accent very low
In *blanchishment*, but a most silver flow
Of subtle-purged counsel in distress,
Right to the heart and brain, though undescried,
Winning its way with extreme gentleness
Thro' all the outworks of suspicious pride.

Templeton, Isabel.

Blanchness. *s.* Attribute suggested by *Blanc*.

Portland's manners were thought dry and haughty,

but envy was disarm'd by the *blanchness* of Albe-
marle's temper and by the affability of his deport-
ment. — *Maccanlay, History of England*, ch. xxiii.

Blank. *adj.*

1. White. *Rare*.

To the *blanc* moon
Her office they prescrib'd: to th' other five
Their planetary motions.

Milton, Paradise Lost, x. 650.

2. Without writing; unwritten; empty of all marks.

Our substitutes at home shall have *blank* charters,
Whereof, when they shall know what men are rich,
They shall subscribe them for large sums of gold.

Shakespeare, Richard II., i. 4.
Upon the debtor side, I find innumerable articles;
but, upon the creditor side, little more than *blank*
paper. — *Adison*.

3. Pale; confused; vacant.

Adam, soon as he heard
The fatal trespass done by Eve, amaz'd,
 Astonish'd stood, and *blank*, while horror chill
Ran through his veins, and all his joints relax'd.

Milton, Paradise Lost, ix. 878.
But now no face divine contentment wears;
Th' all *blank* sadness, or continual fears.

Pope.
Others, again, I have watch'd, when my thoughts
should have been better engag'd, in which I could
possibly detect nothing but a *blank* inanity. — *Lamb, Essays of Elia, A Quaker's Meeting*.

Various faces will look up at you woe with woe,
hopelessly *blank* of all interest or intelligence. —
Reveries of a Country Parson, ch. i.

The advocates supposed everybody else to have the
same *blank* outlook. — *Silas Marner*, ch. ix.

4. Without rhyme.

The lady shall say her mind freely, or the *blank*
verse shall suit for her. — *Shakespeare, Hamlet*, ii. 2.

Hammond Care's, in the Italian, is the nearest,
the most poetical, and the most satisfactory of any trans-
lation of the *Enriid*. Yet though he takes the ad-
vantage of *blank* verse, he continually allows two
lines for one in Virgil, and does not always hit his
sense. — *Dryden*.

Long have your ears been fill'd with tragic parts;
Blood and *blank* verse have harden'd all your hearts.

Addison, Prologue to the Detourner.
Our *blank* verse, where there is no rhyme to sup-
port the expression, is extremely difficult to such as
are not masters in the tongue. — *Al, Tracts in Italy*.

Blank verse is now, by one consent, allied
to 'Emendy, and rarely quits her side.

Though and Almazan rhymed in byden's days,
No sing-song hero rants in modern plays.

Dryden, Works from Dover.

Finally, Milton's *blank* verse, both for its rich
and varied music and its exquisite adaptation, we add,
in itself, almost deserve to be styled poetry without the
words. . . . Indeed, out of the drama, he is still or
only great *blank* verse writer. Compared with his,
the *blank* verse of no other of our dramatic or nar-
rative poets, unless we are to except a few of the
happiest attempts at direct imitation of his pauses
and cadences, reads like anything else but unrhymed
rhyme—rhyme spoilt by the ends being limited or
broken off. Who remembers, who can repeat, my
narrative *blank* verse but his? — *Craik, History of English Literature*, ii. 81.

Blank. *s.*

1. Void.

From this time there ensues a long *blank* in the
history of French legislation. — *Hallam, View of the
state of Europe during the middle Ages*, ch. ii.

Without passions or imagination himself, and
steering his own course through life by the mere
calculations of an egotistical selfishness, one half
of the broad map of humanity was to him [Hobbes]
nothing but a *blank*. — *Craik, History of English Literature*, ii. p. 111.

2. Void space on paper; paper from which
the writing is effaced.

I cannot write a paper full as I used to do; and
yet I will not forgive a *blank* of half an inch from
you. — *Swift*.

She has left him the *blank* of what he was;
I tell thee, enough, she has quite unman'd his dream.

Dryden.
Full powers must be sent to Loo, sealed, but with
blanks left for the names of the plenipotentiaries.
Strict secrecy must be observed; and care must be
taken that the clerks whose duty it was to draw up
the necessary documents should not entertain any
suspicion of the importance of the work which they
were performing. — *Maccanlay, History of England*,
ch. xxiv.

3. Lot by which nothing is gained, or which
has no prize marked upon it.

If you have heard your general talk of Rome,
And of his friends there, it is lots to *blanks*
My name hath touch'd your ears.

Shakespeare, Coriolanus, v. 2.
In fortune's lottery lies
A heap of *blanks*, like this, for one small prize.

Dryden.
In a lottery where there is (at the lowest com-
putation) ten thousand *blanks* to a prize, it is the most

prudent choice not to venture.—*Lady M. W. Montague, Letters*, Jan. 28, 1753.

4. Paper unwritten; anything without marks or characters.

For him, I think not on him; for his thoughts, Would they were blank, rather than with'd with me!

Shakespeare, Twelfth Night, iii. 1.

For the lack of knowledge fair, Presented with a universal blank Of nature's works, to me expand'd and read.

Milton, Paradise Lost, iii. 47.

Life may be one great blank, which, though not dotted with sin, is yet without any characters of grace or virtue.—*Boydell*.

That beam hath sink, and now thou art A blank; a blank to count and curse Through each dull tedious trifling part, Which all regret, yet all rehearse.

Baron, To Time.

5. Point to which an arrow is directed: (so called, because, to be more visible, it was marked with white). *Obsolete*.

Shakespeare,

Whose whisper o'er the world's diameter, As level as the canon to his blank, Transports its poison'd shot.

Shakespeare, Hamlet, iv. 1.

6. Aim; shot. *Obsolete*.

The harlot king

Is quite beyond my aim; out of the blank And level of my brain.

Shakespeare, Winter's Tale, ii. 3.

I have spoken for you all my best, And stood within the blank of his displeasure, For my free speech.

Id., Othello, iii. 4.

7. Object to which anything is directed. *Obsolete*.

So better, Tear, and let me still remain The true blank of thine eye.

Shakespeare, King Lear, i. 1.

Blank. *v. a.* *Obsolete*.

1. Damp; confuse; dispirit.

Each opposite, that blinks the fire of joy, Meets what I would have well, and it destroy.

Shakespeare, Hamlet, iii. 2.

Thou must stoop, and shall ere long receive Such a discount, as shall quite despoil him Of all these boasted trophies won on me, And with confusion blank his worshippers.

Milton, Samson Agonistes, 468.

If the atheist, when he dies, should find that his soul remains, how will this man be amazed and blanked! —*Archbishop Tillotson*.

2. Efface; annul.

All former purposes were blanked, the governor at a bay, and all that charge both cancelled. —*Spenser, View of the State of Ireland*.

Blanket. *s.* [*Fr. blanchette*.] Woollen cover, soft, and loosely woven, spread commonly upon a bed, over the linen sheet, for the procurement of warmth.

The addition of man must fall short on one side or other, like too scanty a blanket when you are shod; if you pull it upon your shoulders, you have your feet bare; if you thrust it down upon your feet, your shoulders are uncovered. —*Sir H. Topham*.

Himself among the storied chiefs he spies, As from the blanket high in air he flies.

Pope.

In our anxiety that our inequality should not take cold, we wrap it up in a great blanket sort of protection against the breeze and sunshine. —*Letitia, Essay of Elia*.

Wine is good for shrivel'd lips When a blanket wraps the day, When the rotten woodland drips, And the leaf is stamp'd in clay.

Keats, The Vision of St. Augustine.

That he (David, king of Scotland) raised such an army as the kingdom had never yet seen mustered; the heavy-armed troops were composed of English, Norman, and even German mercenaries; the light-armed of Gaelic clans from the Highlands and Pers from Galway (&c.) with target and brittle spears, and a single plant or blanket thrown over them. —*C. H. Pearson, The early and middle Ages of England*, ch. xxviii.

Wet blanket. Damp; to fire: (used in its primary sense, or metaphorically).

Oh, why should our dull retrospective addresses Fall damp on wet blankets o'er Denry Lane fire? Away with blue devils, away with distresses, And give this gay banquet to sparkling desires.

Rejected Addresses.

Blanket. *v. n.*

1. Cover with a blanket.

My face I'll grime with filth; Blanket my loins; tie all my hair in knots.

Shakespeare, King Lear, ii. 3.

2. Toss in a blanket, by way of penalty or contempt.

I'll send for him to my lodging, and have him blanketed when thou wilt, man. —*H. Jonson, Cynthia's Revels*.

Let 'em be engirdl'd out of doors by our grooms. We'll have our men blanket 'em i'tho hall. —*Id., Epilogue*.

Blanketing. *s.* Tossing in a blanket.

Ah! oh! ho! cry'd, what street, what lane, but knows Our purgings, pumpings, blanketings, and blows.

Pope

Blare. *v. n.* [see remarks under Bluster.] Jellow; roar.

Rufes, who had blessed the Norman banners at Hastings, was allowed to slink unharmed through the camp, with the royal trumpets blaring and the English improving upon his lead. —*C. H. Pearson, The early and middle Ages of England*, ch. xxv.

Blare. *s.* Sound of that which blares.

Royal hunt indeed! but a two-leaved antithetical game! At eleven in the morning of that royal-hunt day, 14th of November 1757, unexpected blars of trumpeting, issued at comparatively modern application of the term blaring first indistinguishable at the close of the 14th century; when Lord Chancery was a prisoner to Sir George Threlkeld, by whom he was required to prove his loyalty by surrendering his strachild (Blarney Castle) to the soldiers of the Queen. This act he always endeavored to evade, but as invariably professed his willingness to perform it. The curious traveller will seek in vain for the real stone unless he allows himself to be lowered from the northern angle of the lofty castle, when he will discover it about twenty feet from the top, with this inscription: "Come Mc Carthy foris me ferit fecit." —*Hall, Ireland, its Scenery, Character, &c.*, i. 18.

Blarney. *s.* [see extract.] Flattery. *Colloquial*.

He who has kissed the Blarney stone is assumed to do so. Although it may be associated with insincerity, the term blarney being used to characterize words that are meant either to be "honest and true." It is conjectured at the comparatively modern application of the term blarney first indistinguishable at the close of the 14th century; when Lord Chancery was a prisoner to Sir George Threlkeld, by whom he was required to prove his loyalty by surrendering his strachild (Blarney Castle) to the soldiers of the Queen. This act he always endeavored to evade, but as invariably professed his willingness to perform it. The curious traveller will seek in vain for the real stone unless he allows himself to be lowered from the northern angle of the lofty castle, when he will discover it about twenty feet from the top, with this inscription: "Come Mc Carthy foris me ferit fecit." —*Hall, Ireland, its Scenery, Character, &c.*, i. 18.

Blasphème. *v. a.* [*Fr. blasphémer*; *Lat. blasphemo*; *Gr. βλασφημέω*.] — use words of bad omen, or words supposed to have an injurious effect upon him to whom they are applied; speak injuriously.]

1. Speak in terms of impious irreverence of things holy.

Thou dost blaspheme God and the king. —*1 Kings*, xxi. 10.

The name of God is blasphemed among the Gentiles through you. —*Romans*, vi. 24.

2. Speak evil of.

The truest issue of thy throne, By his own introduction stands accus'd, And does blaspheme his breed.

Shakespeare, Macbeth, iv. 3.

Those who from our labours reap their harvest, Blaspheme their feeder, and forget their lord.

Pope.

Blasphème. *v. n.* Speak blasphemy.

Liver of blasphemous Jew;

Gall of goat, and slips of yew.

Shakespeare, Macbeth, iv. 1.

I punished them oft in every synagogue, and compelled them to blaspheme. —*Acts*, xvi. 11.

Blasphémér. *s.* One who blasphemes.

Who was before a blasphemer, and a persecutor, and injurious. —*1 Timothy*, i. 13.

Even that blasphemer himself would inwardly reverence his reproach, as he in his heart really despises him for his cowardly base silence. —*South*.

Deny the cruel blasphemer's tongue to rage.

And turn God's fury from an impious age. —*Tickell*.

Blaspheming. *v. n.* Act of blasphemy.

These desperate atheists, those Spanish renegades, and Italian blasphemers, have now so prevailed in our Christian camps, that, if any restrain them, he shall be upbraid as no soldier. —*Sir E. Sandys, State of Religion*.

Blasphemous. *adj.* (formerly accented on the second syllable.)

1. Impiously irreverent with regard to God.

O man, take heed how thou the gods dost move, To raise full wrath, which thou canst not resist; Blasphemous words the speaker vain do prove.

Sir P. Sidney, ii.

And dur'st thou to the Son of God propose, To worship thee accurst; now more accurst For this attempt, louder than that on Eve, And more blasphemous!

A man can hardly pass the streets without having his ears grated with horrid and blasphemous oaths and curses. —*Archbishop Tillotson*.

That anything that wears the name of a christian,

II 2

or but of man, should venture to own such a villainous, impudent, and blasphemous assertion in the face of the world, as this! —*South*.

LeStrange alone set up a howl of savage exultation, laughed at the weak compassion of the Trimmers, proclaimed that the blasphemous old impostor had met with a most righteous punishment, and vowed to wage war, not only to the death, but after death, with all the mock saints and martyrs. —*Munday, History of England*, ch. iii.

2. Irreverent with regard to men. *Obsolete*.

Stone, the fool, was well whipped in Bridewell, for a blasphemous speech, 'that there went sixty fools into Spain besides my lord admiral and his two sons.' —*Sir D. Carleton to Mr. Winwood, Winwood's Memoirs*, ii. 52: 1604.

Blasphemously. *adv.* Impiously; with wicked irreverence.

Where is the right use of his reason, while he would blasphemously set up to controul the commands of the Almighty? —*Swift*.

Blasphemy. *s.*

1. Evil-speaking in general.

As to the judgment of Cato the Censor, he was well punished for his blasphemy against learning; in the same kind wherein he offended: for when he was past threescore years old, he was taken with an extreme desire to go to school again, and to learn to tongue to the end to praise the Greek. —*Ah! doth* e, that his former course of the Greek learning was rather an affected gravity, than according to the inward sense of his own opinion. —*Adrian, Advertisement of Learning*, i. (Ord. 318).

According to its supposed etymology, blasphemy signifies the offence of using injurious language, as calumny, railing, &c.; and in this sense it is used in the New Testament; the word "railures" in 1 Tim. vi. being in the original "blasphémia." —*Brand's Dictionary of Science, Letters, and Art*, in voc.

2. Indignity or injury offered to God himself, either by words or writing; profane scoffing at Holy Scripture.

But that my heart's on future mischief set, I would speak blasphemy, ere laid you fly.

Shakespeare, Henry VI. Part II. v. 2.

Intrinsic goodness consists in accordance, and sin in contrariety, to the secret will of God; or else God could not be defined good, so far as his thoughts and secrets, but only superficially good, as far as he is pleased to reveal himself, which is perfect blasphemy to imagine. —*Hannum*.

To substitute a law for that direct agency, to increase in any way between the Spirit of God and the spirit of man, was impious blasphemy, a degradation of God and of his sole sovereignty. —*Milman, History of Latin Christianity*, i. c. ch. iii.

Blasphemy is a crime both in the civil and canon law, and is punishable both by the statute and common law of England. —*Black, Church Dictionary*, in voc.

Blast. *s.* [*A.S. blæst*.]

1. Gust or puff of wind.

Wellcome, then,

Thou unsubstantial air, that I embrace; The wretch that thou hast blown upon the worst, Owe nothing to thy blasts.

Shakespeare, King Lear, iv. 1.

Perhaps thy fortune hath controul the winds, Both loose or bind their blasts in secret caves. —*Fairfax*.

Three ships were hurr'd by the southern blast, And on the secret shelves with fury cast. —*Dryden*.

2. Sound made by blowing any wind instrument.

In peace there's nothing so becomes a man, As modest stillness and humility; But when the blast of war blows in our ears, Then imitate the action of the tiger.

Shakespeare, Henry V. iii. 1.

His trumpet, heard in Orkney since perhaps When God desecrated, and perhaps more more To sound at general doom. The merrilious blast Fill'd all the regions. —*Milton, Paradise Lost*, xl. 76.

The Veing contains the sulphurous Nar. Shake at the baleful blast, the sign of the war.

Dryden.

Whether there be two different goddesses called Fame, or one goddess sounding two different trumpets, it is certain, villainy has as good a title to a blast from the proper trumpet, as virtue has from the former. —*Swift*.

3. [from the verb.] Stroke of a malignant planet; infection of anything pestilential.

By the blast of God they perish. —*Job*, iv. 9.

Blast. *v. a.*

1. Strike with some sudden plague or calamity.

You nimble lightnings, dart your blinding flames Into her scornful eyes! Infect her beauty, You fensick'd fogs, drawn by the powerful sun, To fall and blast her pride.

Shakespeare, King Lear, ii. 4.

Oh! Fortius, is there not some chosen curse,
Some hidden thunder in the store of heaven,
Red with uncommenced wrath, to blast the man,
Who owes his greatness to his country's ruin?
Addison

2. Make to wither.

Upon this blasted heath you stop our way.
Shakespeare, *Macbeth*, i. 3.
And behold seven thin ears, and blasted with the
east wind, sprung up after them.—*Genesis*, xli. 6.
She that like lightning shin'd, while her face
lasted,
The oak now resembles, which lightning had blasted
Walter
To his green years your censures you would suit,
Not blast that blossom, but expect the fruit.
Dryden.

Agony unmit'd, incessant gall
Corroding every thought, and blasting all
Love's paradise.
Thomson

3. Injure; invalidate; make infamous.

He shows himself weak, if he will take my word
when he thinks I deserve no credit; or malicious, if
he knows I deserve credit and yet goes about to
blast it.—*Bishop Stillington*.

4. Cut off; hinder from coming to maturity

This commerce Jehoshaphat king of Judah en-
deavoured to renew; but his enterprise was blasted
by the destruction of vessels in the harbour.—*Ar-
buthnot*.

5. Confound; strike with terror.

Trumpeters,
With brazen din, blast you the city's ears;
Make mingle with your rattling tabourins.
Shakespeare, *Antony and Cleopatra*, iv. 3.

Blasted, *part. adj.* Tainted; made infamous.

The mention of these names produced a stir in the
Whig ranks. Trevor, Seymour, and Leves were
three Tories, and had, in different ways, greater in-
fluence than perhaps any other three Tories in the
kingdom. If they could all be driven at once from
public life with blasted characters, the Whigs would
be completely predominant both in the Parliament
and in the Cabinet.—*Macaulay, History of England*,
ch. xxi.

Blaster, *s.* One who strikes as with a blast.

Foul canker of fair virtuous action,
Vile blaster of the freshest blooms on earth!
Marston, *Scourge of Villainy, To Detraction*.

Blástment, *s.* Blast; sudden stroke of in-
fection. *Obsolete*.

In the morn, and liquid dew of youth,
Contagious blástments are most imminent.
Shakespeare, *Hamlet*, i. 3.

Blátant, *adj.* [Fr.] Bellowing as a calf.

You learn'd this language from the blátant beast.
Dryden.

Blateróus, *s.* [Lat. *blatero*, -onis.] Babbler.

Ludicrous.
I trusted T. P. with a weighty secret, conjuring
him that it should not take air and go abroad;
which was not done according to the rules and reli-
gion of friendship, but it went out of him the very
next day. I will endeavour to lose the memory of
him: I hate such blateróus.—*Howell, Letters*, ii. 75.

Bláster, *r. n.* [Lat. *blatero*: see remarks
under Blusterous.] Talk idly. *Rare*.

She rode at peace, through his only pains and
excellent endurance, however every list to bláster
against him.—*Symonds, View of the State of Ireland*.

Blátterer, *s.* One who blatters. *Rare*.

Plotinus had more insight into philosophy than a
thousand of our modern blátterers.—*Christian Re-
vigion's Appeal to the Bar of Reason*, ii. 32. (Ord MS.)

Blaze, *s.*

1. Rush of flame.

The main blaze of it is past; but a small thing
would make it flame again.—*Shakespeare, Coriolanus*,
iv. 3.

As for the blazes, if in any part of this kingdom
any such be now used at this time [Christmas], I
know no other beginning or occasion of them than
that flames of fire may have been used as expres-
sions of joy among us, as bonfires have always
been.—*Hammond, On the Festivals of the Church*.
A tiny throne is darkness in the abyss of light,
A blaze of glory that forbids the sight.
Dryden.

At sunset the argument was off Beachy Head.
Then the lights were kindled. The sea was in a
blaze for many miles. But the eyes of all the steer-
men were directed throughout the night to three
huge lanterns which flamed on the stern of the Brill.
—*Macaulay, History of England*, ch. ix.

2. Publication; wide diffusion of report.

For what is glory but the blaze of fame,
The people's praise, if always praise unmixt?
Milton, *Paradise Regained*, iii. 47.

Blaze, *s.* Mark; blazon.

The marks of the sacred ox were these: it was a
black bull with a white streak along the back, a
white mark like a half-moon on his right shoulder,
two hairs only growing on his tail, a square blaze in

his forehead, and a bunch called cantharus under
his tongue. By what art the priests made these
marks, is hard to guess.—*Cowley, Pinnacles of Egypt*,
note to stanza 16.

Blaze, *v. n.* [A.S. *blazan*: see remarks under
Blusterous.]

1. Burn with flame.

Let it be any autumn or winter month, when
the fire is blazing steadily, and the clean-swept
hearth and whist-tables speak of the spirit of Mrs.
Battle, and serious looks require 'the rigour of the
game'.—*Talford*, in his edition of *Laub's Works*,
Holland House, Lamb's Suppers.

2. Burn or shine as a blaze.

The third fair morn now blaz'd upon the main,
Then glossy smooth lay all the liquid plain. Pope.
In proportion as these causes exist, a nation is
more or less a heap of combustibles ready to catch
fire from a spark, and to blaze into a fierce conflagra-
tion.—*R. Whately, Elements of Rhetoric*.

With out.

With an avowed contempt of all decency and
order, a total disregard to every moral, and a reso-
lute denial of every religious obligation, he (Rochester)
lived worthless and careless, and blaz'd out his
youth and his health in lavish voluptuousness.—
Johnson, Life of Rochester. (Ord MS.)

Blaze, *r. a.* Publish; make known; spread
far and wide.

The noise of this fight, and issue thereof, being
blaz'd by the country people to some noisomen
thereabouts, they came thither.—*Sir P. Sidney*.

Blaze, *r. a.* Same as Blazon. *Obsolete*.

Brangodochia . . . did show his shield,
Which bore the sun made blazing in a golden field.
Spenser, *Fairie Queene*, v. 3. 14.

This, in ancient times, was called a liver; and
you should then have blaz'd it thus: he bears a
liver, sable, between two liveres, or.—*Pentham*.

Blázor, *s.* One who blazes, in the sense of
publish.

Uterers of secrets he from their debar'd,
Babblers of folly, and blázors of crime.
Spenser, *Fairie Queene*.

Blázing, *part. adj.* Shining in a blaze.

Thus you may live long an happy instrument for
your king and country; you shall not be a nutcrack
or a blazing star, but 'stella thou,' happy here, and
more happy hereafter.—*Bacon*.

Blázon, *r. n.* [Fr. *blasonner*.]

1. Explain, in proper terms, the figures on
ensigns armorial.

King Edward gave to them the coat of arms,
which I am not herald enough to blázon into En-
glish.—*Addison*.

2. Deck; embellish; adorn; display; set to
show; celebrate; set out; publish.

O thou goddess!
Thou divine nature! how thyself thou blázon'st
In these two princely boys!
Shakespeare, *Cymbeline*, iv. 2.

There many an envoy of their dwell or dwells
(The den of many a diplomatic lost lie),
Until to some conspicuous square they pass,
And blázon o'er the door their names in brass.

Of intellectual qualifications, there is one which,
it is evident, should not only not be blázoned forth,
but should in a great measure be concealed, or kept
out of sight; viz. rhetorical skill; since whatever is
attributed to the eloquence of the speaker, is so
much deducted from the strength of his cause.—*R.
Whately, Elements of Rhetoric*.

Blázon, *s.*

1. Art of drawing or explaining coats of
arms.

Proceed unto beasts that are given in arms, and
teach me what I ought to observe in their blázon.—
Peachment, On Drawing.

2. Show; divulgation; publication; celebra-
tion; proclamation of some quality.

'I am a gentleman.'—I'll be sworn that art;
Thy tongue, thy face, thy limbs, actions, and spirit,
Do give thee five-fold blázon.
Shakespeare, *Twelfth Night*, i. 5.

But this eternal blázon must not be
To ears of flesh and blood.
Id., *Hamlet*, i. 5.

Men can over their pedigrees, and obtrude the
blázon of their exploits upon the company.—*Collier*.

Blázoned, *part. adj.* Ornamented with a
blázon.

He thought himself
A mark for all, and shudder'd, lest a cry
Should break his sleep by night, and his nice eyes
Should see the raw mechanic's bloody thumbs
Sweat on his blázon'd chairs.
Tennyson, *Walking to the Mail*.

Blázony, *s.* Art or practice of blazooning.

Give certain rules or practice as to the principles
of blázony.—*Peachment, On Drawing*.

The shields of ancient warriors, and devices upon
coats or seals, bear no distant resemblance to modern
blázony.—*Hallam, View of the State of Europe*
during the middle Ages, ch. iii. pt. ii.

Bob has done more to set the public right on this
important point of blázony, than the whole College
of Heralds.—*Lamb, Essays of Elia, Newspapers*
Thirty-five Years ago.

Bleach, *v. a.* [A.S. *blæcian*.] Whiten:
(commonly by exposure to the open air).

When turtles tread, and rooks and daws;
And midwint' bleach their summer snooks,
Shakspear, *Love's Labour's Lost*, v. 2, song.

Should I not seek
The cleanness of some more temperate clime,
To purge my gloom; and, by the sun redin'd,
Bask in his beams, and bleach me in the wind?
Dryden.

Bleach, *r. n.* Grow white; grow white in
the open air.

The white sheet bleaching on the hedge.
Shakspear, *Winter's Tale*, iv. 2, song.
For there are various pinnaces eightfold,
And some are hung to bleach upon the wind.
Some plumed in waters.
Dryden.

The deadly winter seizes, shuts up sense;—
Lays him along the snows a stiffen'd corpse,
Stretch'd out, and bleaching in the northern blast.
Thomson.

Bleácher, *s.* One who bleaches.

In the price of linen we must add the wages of the
bleach-dresser, of the spinner, of the weaver, of the
flax-r, &c., together with the profits of their re-
spective employments.—*A. Smith, Wealth of Nations*,
i. 6.

Bleáchery, *s.* Place where calicoes, cot-
tons, muslins, and the like are whitened;
where the bleacher exercises his trade.

On the side of the great bleáchery are the publick
walls.—*Pennant*.

Bleáching, *part. adj.* Adapted or used for
whitening.

Chloride of lime for bleaching was first obtained
by the late Mr. Tennant of Glasgow. . . . For some
time after the true nature of chlorine was known,
bleaching powder appears to have been looked upon
as simply a combination of chlorine with lime.—
Graham, Elements of Chemistry, p. 500.

Bleak, *s.* Fish so called (*Cyprinus albur-*
nens).

On the inner surface of roach, dace, bleak, white-
bait, and other fishes, is found a silvery pigment,
which gives the lustre these scales possess. . . . The
art of forming artificial pearls [out of the pigment]
is said to have been first practised by the French.
Dr. Lister, in his journey to Paris, says that when
he was in that city, a manufacturer used in one
winter thirty lamppes of bleak. Our term *bleak*, or
bleek, according to Merret, which has reference to
the whiteness of the fish, is derived from a Northern
word which means to bleach or whiten.—*Tarrell,
History of British Fishes*.

Bleak, *adj.* [A.S. *blæc*—black; the use of
which word in English is exceptional. In
the allied languages, and to a certain extent
in our own, the adjective that denotes the
opposite to white is some form of the root
s-rt; Dan. *surt*, Ger. *swartz*, Eng. *scarth*.
The meaning of the root *bl-k* seems to have
been in the first instance loss of natural
colour, whence discolouration on the side
of either darkness or lightness. Hence,
black, Ger. *bleich*, Dan. *bleg* (pale), *bleach*
(whiten), and *bleak* are all connect'd.]

1. Pale. *Obsolete*.

Some one, for she is pale and bleache,
Some one, for she is salt of speech.
Gower, *Confessio Amantis*, v.

Observe his scattered eyes, his blak face, his pale
and shaking lips, his dry mouth, his furrow'd tongue,
his confused voice, &c. *Alcege, Sermons*, p. 140.
You look ill, methinks; have you been sick of
late?
Troth, very bleak; doth she not?
Middleton, *Witch*, iii. 2.

2. Cold; chill; cheerless.

Intreat the North
To make his bleak winds kiss my parch'd lips,
And mounfort me with cold.
Shakspear, *King John*, v. 7.

The goddess that in rural shrine
Dwell'd here with Pan, or Sylvan, by blest song
Forbidden every bleak unkindly fog
To touch the prosperous growth of this tall wood.
Milton, *Comus*, 207.

Say, will you bless the bleak Atlantic shores,
Or bid the furious Gaul be rid no more? Pope.
It was a miserable voyage. The night was bleak; the
rain fell; the wind roared; the water was rough; all

length the boat reached Lambeth; and the fugitives landed near an inn, where a coach and horses were in waiting.—*Macaulay, History of England*, ch. ix.

bleakish, *adj.* Somewhat bleak.

If any such person has been much exposed in a northerly or bleakish easterly wind, it will be very proper for him to drink down, going to bed, a large draught of warm water-gruel.—*Chayne, Essay on Health and Long Life*. (Ord M8.)

bleakly, *adv.* Coldly; in a chill situation. Near the sea-coast they bleakly vented air.

May, Translation of Lucretia's Pharsalia, ix.

bleakness, *s.* Attribute suggested by Bleak. The inhabitants of Nova Zembla go naked, without complaining of the bleakness of the air; as the armies of the northern nations keep the field all winter.—*Addison*.

If Britain mourns her bleakness, we can tell her, Thy very best of vineyards is the collar.

Byron, Don Juan, xii. 70.

bleaky, *adj.* Bleak; cold; chill. Rhetorical.

On shrubs they browse, and, on the bleakly top Of rugged hills, the thorny bramble crop. *Dryden*.

blear, *adj.* [Ger. *blurr*, with the same sense and in the same combination, i. e. with the term for eye, *blarr-oge*, *bleer-oge*.] Dim, or sore, with rheum or water; dim in general. Thus I hurt

My dazling spells into the spongy air, Of power to cheat the eye with *blear* illusion, And give it false presentations. *Milton, Comus*, 153. But then, in every species of reading, so much depends upon the eyes of the reader; if they are clear or not, to decide, or intuitive, or strained with too much attention, the optic power will fallibly bring home false reports of what it reads. *Laub, Essays of Elia, On the Danger of confounding moral with personal Defectivity*. Half blind he peered at me through his *blear* eye until he had fully satisfied his curiosity.—*Lagard, Nivarch and Babylon*, ch. i.

blear, *v. a.* [See *Blur*, *v. a.*] *Rare*.

1. Make the eyes watery, or sore with rheum. When I was young, I, like a lazy fool, Would *blear* my eyes with oil, to stay from school; Averse to pains. *Dryden*.

2. Dim the eyes.

This may stand for a pretty superficial argument, to *blear* our eyes, and lull us asleep in security.—*Sir W. Raleigh*.

blear-eyed, *adj.*

1. Having sore eyes. Crook-back'd he was, tooth-shaken and *blear-eyed*. *Suckville, Induction to Mirrour for Magistrates*. It is no more in the power of calumny to blast the dignity of an honest man, than of the *blear-eyed* owl to cast scandal on the sun. *Sir R. B. Estlin, When thou shalt see the *blear-eyed* fathers teach Their sons this harsh and mockly sort of speech*. *Dryden*.

2. Used metaphorically. Having an obscure understanding.

His understanding is *blear-eyed*, and has no right perception of anything.—*Butler, Characters*.

bleariness, *s.* State of one whose eyes are *blear*.

The delusion falling upon the edges of the eyelids, makes a *bleariness*.—*Wicman, Surgery*.

bleariness, *s.* Attribute suggested by Blear. We affirm that the *bleariness* or soreness of the eyes is a less mainly than madness.—*Laugh, Translation of Plutarch's Marcellus*, iv. 478. (Ord M8.)

bleat, *v. n.* [Imitative.] Cry as a sheep. We were as twin'd lambs, that did frisk 't the sun.

And *bleat* the one at the other. *Shakespeare, Winter's Tale*, i. 1.

What bull dares bellow, or what sheep dares *bleat*, Within the lion's den? *Dryden*.

How consecrated hive with bells was hung, And bees kept muzz, and holy anthems sung; How pipes to the rosy kneels, and sheep were taught

To *bleat* To Deum and Magnificent. *Oldham, Salve upon the Jesuits*.

Nor bird would sing, nor lamb would *bleat*, Nor any cloud would cross the vault,

But day increased from heat to heat, On stony drought and steaming salt. *Tennyson, Mariana in the South*.

bleat, *s.* Cry of a sheep or lamb. The rivers and the hills around With lowings and with dying *bleats* resound. *Dryden*.

bleating, *part. adj.* Making the cry of a sheep; uttering bleats. While on sweet grass her *bleating* charge does lie, Our happy lover feeds upon her eye. *Lord Boscawen*.

bleating, *verbal abs.* Cry of lambs or sheep; cry resembling it.

Concerning prayer, who is more against it than you, which have changed the right use of it into a bawling in the temple, and a *bleating* in the streets?—*Bale, Yet a Course at the Kingshe Fure*, fol. 85.

Why shoddest thou among the sheepfolds, to hear the *bleatings* of the flocks? *Judges*, v. 10.

I thought to pass away before, and yet alive I am; And in the fields all round I hear the *bleating* of the lamb.

How sadly, I remember, rose the morning of the year!

To die before the snowdrop came, and now the violet's here! *Tennyson*.

bleb, *s.* Air-bubble in a transparent solid, as ice or glass. See Blasterous.

Experiments -of producing cold by the dissolution of several salts; of freezing water without *blebs*; of a membranous substance separable from the body by freezing. *Hallup Spirit, History of the Royal Society*, p. 225.

Thick pieces of glass, fit for large optick glasses, are rarely to be had without *blebs*.—*Philosophical Transactions*, no. 5.

blebby, *adj.* Like a bleb; abounding in blebs. *Rare*.

It, i. e. the mineral Leryne, fuses to a *blebby* glass. —*Dana, Mineralogy*, v. *Leryne*.

blee, *s.* [A.S. *bleow*—colour.] Complexion. *Obsolete*.

Before him came a dwarf full lowe, That waited on his knee; And at his lacke five heads he bore,

All wan and pale of *blee*. *Ballad of Sir Caudine*.

bleed, *v. n.*

1. Lose blood; run with blood.

Many upon the seeing of others *bleed*, or strangled, or tortured, themselves are ready to faint, as if they *bleed*.—*Baron*.

Churchill advised the king to visit Warminster, and to inspect the troops stationed there. James assented; and his coach was at the door of the episcopal palace when his nose began to *bleed* violently.—*Macaulay, History of England*, ch. ix.

2. Die a violent death. *Rhetorical*.

The lamb thy rid dooms to *bleed* to-day; Had he thy reason, would he skip and play? *Pope*.

3. Drop as blood: (applied to anything which drops on incision, as blood from an animal).

For me the beam shall *bleed* and ambs

The curd redde, and the *bleb* glow. *Pope*.

4. Cant word for paying too liberally; or parting with money. (In the following extract the first *bleed*—undergo the operation of bloodletting.)

You need not *bleed*; but you must have medicine. - If I must have medicine, Ollipod, I fancy I shall *bleed* pretty freely. - He! he. Come that's very well, very well indeed.—*O'Keefe, The Poor Gentleman*, l. 2.

bleed, *v. a.* Let blood; take blood from.

In such cases it is worse than useless to have recourse to the lancet. To *bleed* is to endanger the life of the patient. *Marshall Hall, Theory and Practice of Medicine*.

Used metaphorically.

That from a patriot of distinguish'd note, Have *bled* and purg'd me to a simple vote. *Pope*.

bleeder, *s.* One who bleeds.

The grim phantom with his reality of a feasting-fork is not to be despised; so fleetly fit, attract with applause, kissing of the rail, taking it in like honey and butter, with which the latter submits to the scythe of the gentle *bleeder*, Turn, who wields his lancet with the apprehensive finger of a popular young ladies' surgeon.—*Laub, Essays of Elia, On the artificial Comedy of the last Century*.

bleeding, *part. adj.* Flowing with blood.

Cavensses, half raw and half larned to cinders, sometimes still *bleeding*, sometimes in a state of lonesome decay, were torn to pieces, and swallowed without salt, bread, or herbs. *Macaulay, History of England*, ch. xii.

With juice or sap.

M. Dodard's vegetable substance growing on the horsetum tree, I know not what to say to. I wish it were my luck to see it. That the same tree yielded a gum like lacca seems to me very strange, that being a *bleeding* tree, of which I never heard of any that yielded gum.—*Roy, Correspondence*, p. 177.

bleeding, *verbal abs.*

1. Flow of blood. Had thou forgotten since he wounded himself to cure thy wounds, and let out his own blood to stop thy *bleeding*?—*Barter, Saint's Rest*, ch. xiv.

2. In Medicine. Operation of letting blood. *Bleeding*, cupping, and leeching are the ordinary methods of depletion.—*Marshall Hall, Theory and Practice of Medicine*.

bleish, *v. a.* [N.Fr. *blemir* = soil.] 1. Mark with any deformity.

Likelier that my outward face might have been disquied, than that the face of so excellent a mind could have been thus *bleish'd*.—*Sir P. Sidney*.

Many are the enemies of the priesthood: they are diligent to observe wintertime my nearly or remotely *bleish* it.—*Blalop, Moberg*.

2. Defame; tarnish: (with respect to reputation).

Not that my verse would *bleish* all the fair; But yet if some be laid, 'tis wisdom to beware. *Dryden*.

Those who, by concerted defamations, endeavour to *bleish* his character, incur the complicated guilt of slander and perjury.—*Addison*.

Though false reproach seeks honour to disdain, And every false the bad though never so pure, Though lust doth seek to *bleish* chaste desire, Yet truth that brooks not falsehood's slanderous stain, Nor can the spite of envy's wrath endure, Will try true love from lust in justice' fire. *Oldham, Poems*.

bleishish, *s.*

1. Mark of deformity; scar; diminution of beauty.

As he hath caused a *bleish* in a man, so shall it be done to him again. *Leviticus*, xxiv. 20.

First shall virtue be vice, and beauty be counted a *bleish*.

Ere that I leave with song of praise her praise to solemnize. *Sir P. Sidney*.

Such a mirth as this is capable of making a beauty, as well as a *bleish*, the subject of derision.—*Addison*.

Open it so from the eyelid, that you divide not that for, in so doing, you will leave a remediless *bleish*.—*Wicman, Surgery*.

2. Reproach; soil; taint; disgrace; imputation.

Live thou, and to thy mother dead attest, That clear she died from *bleish* criminal. *Spenser, Faerie Queene*.

That you have been a earnest, should be no *bleish* or discredit at all unto you. *Hooker*.

And if we shall neglect to prepare these blessed dispositions, what others can undertake it, without some *bleish* to us, some reflection on our negligence?—*Bishop Spauld*.

This jest will be perfectly intelligible to all who remember the eternally recurring allusions to Venus and Minerva, Mars, Cupid, and Apollo, which were meant to be the ornaments, and are the *bleish*es, of Prior's composition s.—*Macaulay, History of England*, ch. xxiii.

blemishless, *adj.* Without blemish or spot. *Rare*.

A life in all so *blemishless*.—*Felltham, Lunaria*, xxviii.

blemishment, *s.* Disgrace. *Rare*.

The one seeketh the information of him, whom he impeacheth; the other worketh, as much as may be, his derision and *blemishment*.—*Bishop Morton, Discharge*, p. 163.

blench, *v. n.* [See *Blink*.] Shrink; start back; give way.

I'll tell him to the quick; if he but *blench*, I know my course. *Shakespeare, Hamlet*, ii. 2.

Hold you ever to our special drift; Though sometimes you do *blench* from this to that, As cause doth minister. *Id., Measure for Measure*, iv. 5.

Are of his own choice men, that will not totter, Nor *blench* much at a bullet. *Ben Jonson and Fletcher, Love's Pilgrimage*.

[They] were not afraid steadily to look in the face of that glaring and dazzling influence, at which the eyes of eagles have *bleached*.—*Barke, Speech on American Taxation*.

blench, *v. a.* See third *Blanch*. (In the following extract the phrase means 'abstract the view'.) *Obsolete*.

The roads besieged them, winning the even ground on the top, by carrying up great trusses of hay before them, to *blench* the defendants' sight, and dead their shot. *Crover*.

blench, *s.* Start. *Rare*.

Most true it is, that I have looked on truth Askance and strangely; but, by all above, These *blenches* gave my heart another youth. *Shakespeare, Sonnets*, 110.

blencher, *s.* At present it may mean simply one who *blenches*; its obsolete meaning, however, is more special, being that which may frighten or cause to start; scarecrow. The good husband, when he hath sown his grounds, setting up clougates, or thedes, which some call shingles, some *blencher*, or other like shew, to scare away birds.—*Sir T. Elyot, Governour*, fol. 73.

And the second time we came to New College, after we had declared your injunctions, we found all the great quadrant-court full of the leaves of June, the wind blowing them into every And there we found one Mr. Greenfield, a gentleman of Buckinghamshire, gathering up part of the same book-leaves, as he said, therewith to make him sewers, or *bladders*, to keep the deer within his wood, thereby to leave the better cry with his hounds. — *Extract from a Report on an Oxford Commission, A.D. 1535, from Crook's History of English Literature, i. 100.*

I feel the old man's masterly by much passion.

And too high rack, which makes him overshoot all his valour should direct at, and hurt those that stand by him as *blenchers*.

Bacon and Fletcher, Lucie's Pilgrimage, ii. 1.

Blend. *v. a.* [in A.S. there were two forms: *blendian* more especially active, giving as its participle *ge-blendad*; and *blendan*, not necessarily active, giving *blendt*. The two forms partly account for this difference: still there is a real confusion.]

1. Mingle together.

He had his calmer influence, and his mien Did love and majesty together *blend*. — *Dryden.*

2. Confound; spoil: (perhaps the *bad* sense here conveyed has been suggested by the likeness to Blind).

The moon should wander from her beaten way, the times and seasons of the year *blend* themselves by disorder'd and confused mixture. — *Herrick.*

Then shall the new year's joy forth freely send, into the gloaming world, his phantoms fly, And all these storms, which now his beauty *blend*, Shall turne to calms, and tynely cleare away. — *Spenser, Sonnets, 62.*

3. Pollute; spoil; corrupt. *Obsolete.*

Regard of worldly muck doth tully *blend*, And low abuse, the high heroic spirit. — *Spenser, Faerie Queen.*

Participle *Blended*.

The mission taught by the ancients is too slight or gross; for bodies mixed according to their hypothesis, would not appear such to the acute eyes of a lynx, who could discern the elements, if they were no otherwise mixed, than but *blended* but not united. — *Boyle.*

The grave, where even the great find rest, And *blended* here the oppressor and the oppress'd. — *Pope.*

The moonlight stealing o'er the scene Had *blended* with the lights of eye; And she was there, my hope my joy.

My own dear Genevieve, — *Coleridge, Love.*

May he be able also to relate that wisdom, and time had in Ireland what they had done in Scotland, and that all the races which inhabit the British isles were in length indissolubly *blended* but people! — *Macaulay, History of England, ch. xvi.*

Participle *Blent*.

'Tis beauty truly *blent*, whose red and white Nature's own sweet and cunning I hath laid on. — *Shakespeare, Twelfth Night, i. 5.*

With such an aspect, by his colours *blent*. — *Byron.*

His history became *blent* in a singular manner with the life of his neighbourhood. — *Satanstoe, ch. iii.*

Blende. *s.* [Germ. *blenden* = dazzle.] In *Mineralogy*. Native sulphuret of zinc.

Now we find, that the hydrolytes are all compounds, such as are commonly termed salts: that the hydroxides are, many of them, already called bases, as calc spar, heavy spar, iron spar, zinc spar; that the silicates, the most numerous and difficult class, I, for the most part, by simple words, many of which end

— that the other classes, or salts, classes, oxides, pyrites, glazes, and *blende*, have commonly been so termed; as red iron oxide, iron pyrites, zinc *blende*: while pure metals have usually had the adjective 'native' prefixed, as native gold, native silver. — *Whewell, Language of Science.*

Blending. *verbal abs.* *Mixing.*

But, admitting that this universal *blending*, throughout the material world, does not interfere with the gradual formation of its several groups, which therefore could be recognized, we may, perhaps, be told by the believers in the 'Méthode Monomérique' that they do not intend to ignore the arrangement which nature has so broadly laid down, but that, on the contrary, they tacitly endorse it. — *T. F. Wallaston, On the Variation of Species, ch. vi.*

Blenny. *s.* Fish of the genus *Blennius*.

The carline blenny of the *ospreys* is characterised by increasing width in most *Cyprinidae*, and by a more vascular or otherwise modified texture in the *Pharyngocentri*, *Lophobranchii*, the gobioids, *blennies*, flying-fish, garfish, and some others. — *Owen, Anatomy of Vertebrates.*

Blens. *v. a.* [A.S. *bletsian*, *blipsian*; the *t*

or *p* bring important as showing the connection with *Blithe*.]

1. Make happy; prosper; make successful. (In an extract from Spenser under *Blame*, *s. 3*, the meaning seems to be *absolve* — make free from.)

The quality of mery is not strain'd; It droppeth as the gentle rain of heaven Upon the place beneath. It is twice *blend*; It *blend*eth him that gives, and him that takes.

Shakespeare, Merchant of Venice, iv. 1.

This kingdom enjoyed the greatest calm, and the fullest measure of felicity, that any people, in any age, for so long time together, have been *blended* with.

— *Lord Clarendon.*

Happy this isle, with such a hero *blend*; What virtue dwells not in his loyal breast? — *Waller.*

In vain with folding arms the youth essay'd To stop her flight, and strain the dying shade; But she return'd no more, to *blend* his longing eyes. — *Dryden.*

2. Wish happiness to another; pronounce a blessing upon him; consecrate.

And God *blend*ed the seventh day, and sanctified it: because that in it he had rested from all his work. — *Genesis, ii. 3.*

And this is the blessing wherewith Moses the man of God *blend*ed of the children of Israel before his death. — *Deuteronomy, xxxiii. 1.*

3. Praise; glorify for benefits received; celebrate.

Tell us there is one only guide of all agents natural, and be both the creator and worker of all in all, able to be *blend*ed, adored, and honoured by all for ever. — *Hosack, Ecclesiastical Polity, i. § 3.*

But *blend*ed that great power, that hath *blend*ed With longer life than earth and heav'n can have. — *Sir J. Davies.*

Bless us! Exclamation of surprise.

Cries the stall-reader, *Bless us!* what a word on A tale-page is this! — *Milton, Sonnets, 11.*

I'm blessed, or I'll be blessed, are, by an extreme form of irony, made, in very colloquial, not to say vulgar, language, to stand for its exact opposite.

They went to the washerman's, delivered the landie, and then returned on board, when the whole crew were informed of the success of the expedition, and appeared quite satisfied that there was an end of the detested cur; all but Cole, who shook his head. "We shall see," says he; "but *I'm blessed* if I don't expect the cur back to-morrow morning." — *Maverick, South-gate, vol. ii. ch. xi.*

Blessed. *part. adj.*

1. Happy; enjoying felicity.

The days are coming, in which they shall say, *Blessed* are the barren. — *Luke, xxiii. 29.*

I had I did not an hour before this chance, I had liv'd a *blend* time: for, from this instant, There's nothing serious in mortality. — *Shakespeare, Macbeth, iii. 3.*

2. Holy and happy; happy in the favour of God.

Behold, from henceforth all generations shall call me *blessed*. — *Luke, i. 48.*

It seemed so hard at first, mother, to leave the *blend* sun, And now it seems as hard to stay, and yet I will be done.

So now I think my time is near. I trust it is. I know The *blend* music went that way my soul will have to go.

And for myself, indeed, I care not if I go to-day. But, Elsie, you must comfort her when I am gone away. — *Trangson.*

Blessed (Thistle). *s.* Plant (*Centaurea benedicta*) so called from its supposed extraordinary medicinal properties.

Blessed Thistle is called in Latin everywhere *Carduus benedictus*, and in shops by a compound word, *Cardi-benedictus*; it is most plain, that it is a species of *Atractylis*, or a kind of wild Bastard Saffron; it is called *Atractylis hirsuta*, hirsute Bastard Saffron; in Valerius Corvus nameth it *scirpus*; it is called in High Dutch *Besengede distel*, *Kardibenedict*; the later name wherof is knowne to the low countreyman; in Spanish it is called *Cardo santo*; in French, *Chardon benoist* or *benoist*; in the Isle Lemnos, *Garden acanthus*; in English, *Blessed thistle*, but more commonly by the Latin name *Carduus benedictus*. — *Gerarde, Herbal, p. 1171: ed. 1633.*

Blessedly. *adv.* Happily. *Obsolete.*

This accident of Clitophras's taking, had so *blessedly* procured their meeting. — *Sir P. Sidney.*

Happie is he that after due preparation is past through the gates of death, ere he be aware; happy is he that by the holy use of long sicknesses is taught to see the gates of death stare off, and addressed for a resolute passage; the one dies like Elijah, the other like Elisha, both *blessedly*. — *Bishop Hall, (Ord. MS.)*

Bléssedness. *s.* Attribute suggested by Blessed.

1. Happiness; felicity.

Many times have I, leaning to yonder palm, admired the *bléssedness* of it, that it could bear love without the sense of pain. — *Sir P. Sidney.*

His overthrow hap'd happiness upon him; For then, and not till then, he felt himself, And found the *bléssedness* of being little.

— *Shakespeare, Henry VIII. iv. 2.*

But on the whole their continuance was great; So that some disappointed themselves by coveting To those who had felt the unenvied state Of 'single *bléssedness*, and thought it good (Since it was not their fault, but only fate, To bear these crosses) for each waiting prude To make a Roman sort of Sabine wedding, Without the expense and the suspense of bedding. — *Byron, Don Juan, viii. 131.*

2. Sanctity; heavenly felicity; Divine favour.

Earlier happy is the rose distill'd, Than that, which, withering on the virgin thorn, Grows, lives, and dies in single *bléssedness*.

— *Shakespeare, Midsummer-Night's Dream, i. 1.*

Blessed is the man to whom the Lord will not impute sin. Coneth this *bléssedness* then upon the circumcision only, or upon the uncircumcision also? — *Romans, iv. 8, 9.*

It is such an one, as, being begun in grace, passes into glory, *bléssedness*, and immortality. — *South.*

3. Title of honour.

Emperours writing unto bishops, have not disdain'd to give them their appellation of honour; your holiness, your *bléssedness*, your amplitude, your highness, and the like. — *Hooker, Ecclesiastical Polity, b. vii. § 20. (Ord. MS.)*

Blésser. *s.* One who blesses, or gives a blessing; he who makes anything prosper.

When thou receivest praise, take it indifferently, and return it to God, the giver of the gift, or *blésser* of the action. — *Jeremy Taylor, Rule and Exercises of Holy Living.*

Bléssing. *s.* [A.S. *bletsung*.]

1. Benediction; prayer by which happiness is implored for anyone; declaration by which happiness is promised in a prophetic and authoritative manner.

He shall receive the *bléssings* from the Lord. — *Psalms, lxxix. 5.*

I had most need of *bléssing*, and many Stand in my need. — *Shakespeare, Hamlet, ii. 2.*

But that God bless thee, dear who wrought Two spirits to one equal mind.

With *bléssings* beyond hope or thought, With *bléssings* which no words can find.

— *Trangson, The Miller's Daughter.*

2. Any of the means of happiness; gift; advantage; benefit.

In that day shall Israel be the third with Egypt and with Assyria, even a *bléssing* in the midst of the land. — *Isaiah, xix. 24.*

Political jealousy is very reasonable in persons personated of the excellency of their condition, who believe that they derive from it the most valuable *bléssings* of society. — *Addison.*

A just and wise minister is a *bléssing* as extensive as the community to which he belongs; a *bléssing* which includes all other *bléssings* whatsoever, that relate to this life. — *Bishop Atterbury.*

Blight. *s.* [Ger. *bluch-fur* = blight-fur = lightning.]

1. Term applied to any supposed atmospheric cause of disease in plants; anything nipping or blasting.

Before effects were traced to their causes with the same care that they are at present, the sudden discoloration of the leaves of plants, their death, or their being covered with minute insects or small excrescences, was called by the general name of *blight*; and this *blight* was attributed to some mysterious influence in the air. — *Brande, Dictionary of Science, Literature, and Art, in voc.*

I complained to the oldest and best gardeners, who often fell into the same misfortune, and received a *blight* of the spruce. — *Sir W. Temple.*

When you come to the first of June, the first *blight* of frost shall most infallibly strip you of all your glory. — *Sir R. L. Estlin.*

2. Arrest of growth.

A constant interchange of growth and *blight*. — *Wordsworth.*

Blight. *v. a.* Cause disease in plants; blast; hinder from fertility.

This vapour bears up along with it any medium mineral streams; it then blights vegetables, *blights* corn and fruit, and is sometimes injurious even to man. — *Woodward.*

Thy soul, till now, contracted, wither'd, shrunk, Blighted by blights of earth's unwelcome air, Will blossom here; spread all her faculties To these bright aridities; every power unfold; And rise into sublimities of thought.

— *Young, Night Thoughts, ix.*

In your eye there is death,
There is frost in your breath
Which would blight the plants.

Keats, The Poet's Mind.

The standard of police is the measure of political justice. The atmosphere will blight it; it cannot live here.—*Leach, Essays of Elia, On the artificiality of the last Century.*

blighted. *part. adj.* Smitten with blight; blasted.

My country neighbours do not find it impossible to think of a lame horse they have, or their blighted corn, till they have run over in their minds all evils.—*Locke.*

blighting. *part. adj.* Producing the effects of blight.

One wound the partition would undoubtedly have inflicted, a wound on the Castilian pride. But surely the pride which a nation takes in exercising over other nations a blighting and withering domination, a domination without prudence or clemency, without justice or mercy, is not a feeling entitled to much respect.—*Murray, History of England, ch. xv.*

blin. *v. a.* [A.S. *blinnan*—stop, or leave off.] Cense; stop. *Obsolete.*

For mathematics for that spectacle had
Did the other two their end vengeance bin.
Spenser, Ruire Quene, li. 12, 30.
When in the Balance Daphne's loam bins,
The ploughman hathforth fruit for passed gain.
R. Greuce, Poems, The Palmer's Veritas, ch. xv.

blind. *adj.* [A.S. *blind*.] 1. Deprived of sight; wanting the sense of seeing; dark.

Nor sometimes forget
Those other two equal'd with me in fate,
So were I equal'd with them in renown!
Blind Plammyris, and blind Maccoides.

Milton, Paradise Lost, iii. 31.

There is a class of names called 'privative.' A privative name is equivalent in its signification to a positive and a negative name taken together; being the name of something which has once had a particular attribute, or for some other reason might have been expected to have it, but which has not. Such is the word *blind*, which is not equivalent to 'not seeing,' or 'to not capable of seeing,' for it would not, except by a poetical or rhetorical figure, be applied to stocks and stones. A thing is not usually said to be blind, unless the class to which it is most familiarly referred, or to which it is referred on the particular occasion, be chiefly composed of things which can see, as in the case of a blind man, or a blind horse; or unless it is supposed for any reason that it ought to see; as in saying of a man, that he rushed blindly into an abyss, or of philosophers or the clergy that the greater part of them are blind guides. The names called privative, therefore, combine two things: the absence of certain attributes, and the presence of others, from which the presence also of the former might naturally have been expected.—*Mit, System of Logic, l. 1.*

2. Intellectually dark; unable to judge; ignorant: (with *to*).

All authors to their own defects are blind;
Hast thou but, Janus like, a face behind,
To see the people, what spaly mouths they make;
To mark their fingers pointed at thy back? *Dryden.*

With *of*.

Blind of the future, and by race misled,
He pulls his crimes upon his people's head.

Dryden.

3. Unseen; out of the public view; private (generally with some tendency to contempt or censure); not easily discernible; hard to find; dark; obscure; unseen.

To grievous and scandalous inconveniences they make themselves subject, with whom any blind or second corner is judged a fit place of common prayer.

Hooker.

There is also blind fire under stone, which flame not out; but oil being poured upon them, they flame out.—*Bacon.*

Where else
Shall I inform my unacquainted feet
In the blind maze or this tangled wood?
Milton, Comus, 170.

So mariners mistake the promised coast,
And, with full sails, on the blind rocks are lost.

Dryden.

4. Without an outlet.

In some species of Chelonians and Gadus blind processes are continued from both the sides and ends of the air-bladder.—*Deane, Anatomy of Fishes.*
Offenders were supposed to be incarcerated behind an iron-plated door, closing up a second prison, consisting of a strong cell or two, and a blind alley some yard and a half wide, . . . supposed to be incarcerated there, because the time had outgrown the strong cells and the blind alley. In practice they had room to be considered a little too bad, though in theory they were quite as good as ever; which may be observed to be the case at the present day

with other cells that are not at all strong, and with other alleys that are stone-blind.—*Dickens, Little Dorrit, ch. vi.*

In the A.S. *blind netel*=nettle which does not sting, we have the privative sense carried further, and meaning anything which does not fulfill its apparent purpose.

blind. *v. a.* Make blind; deprive of sight; darken.

Behold, here I am: with us against me . . . whom have I oppressed? or of whose land have I recovered any bribe to blind mine eyes therewith? and I will restore it.—*1 Samuel, xii. 3.*

This my long suffering, and my day of grace,
They who neglect and scorn shall never taste;
But hard be harder'd, blind be blinded more.

Milton, Paradise Lost, iii. 198.

A blind guide is certainly a great mischief; but a guide that blinds those whom he should lead, is undoubtedly a much greater. *South.*

The state of the controversy between us he undisturbed, with all his art, to blind and confound.—*Bishop Warburton.*

These concessions were meant only to blind the Lords and the nation to the king's real designs.—*Murray, History of England, ch. ix.*

In the following passage the word seems to mean *dazzle*; in the older editions, however, it is explained *elipse*.

This'd her beauty all the rest did blind,
That she alone seem'd worthy of my love.

P. Fletcher, Piousness Beguiles, 6.

blind. *s.* 1. Something to hinder the sight; window screen.

Sometimes I saw you sit and spin;
And, in the pauses of the wind,
Sometimes I heard you sing within;
Sometimes your shadow cross'd the blind.

Keats, The Miller's Daughter.

The newspapers were not even off the blinds.—*Thackeray, The Newcomes.*

2. Something to mislead the eye or the understanding.

Hardly anything in our conversation is pure and genuine; civilly casts a blind over the duty, under some customary words. *Sir R. L. Edrington.*

These discourses set an opposition between his commands and desires; making the one a blind for the execution of the other.—*Dr. H. More, Decay of Christian Policy.*

3. Hiding-place.

So, when the watchful shepherd, from the blind,
Wounds with a random steel the careless hind.
Dryden, Virgil's Eclog, iv.

blind-born. *adj.* [two words rather than a compound.] Blind from birth; congenitally blind.

A person born with the usual endowments of the senses, is apt to attribute to the blind-born, and the deaf-mutes, such habits of thought, and such a state of mind, as his own would be, if he were to become deaf or blind, or to be left in the dark: which would be very wide of the truth.—*R. Whately, Elements of Rhetoric.*

blindfold. *v. a.* Hinder from seeing, by bandaging or covering the eyes.

When they had blindfolded him, they struck him on the face.—*Luke, xxi. 65.*

blindfold. *adj.* Having the eyes covered.

When lots are shuffled together, or a man blindfold casts a die, what reason can he have to presume that he shall draw a white stone rather than a black? *South.*

The women will look into the state of the nation with their own eyes, and be no longer led blindfold by male mislators.—*Addison, Eschschol.*

blindly. *adv.* 1. In a blind manner; implicitly; without examination.

The old king, after a long debate,
By his imperious mistress blindly led,
Has given Cydaria to Orbellian's bed.

Dryden.

How ready each for interest and party is to change opinion on those who will not, without examination, submit, and blindly swallow their nonsense? *Locke.*

The folly of James, his incapacity to read the characters of men and the signs of the times, his obstinacy, always most offensively displayed when wisdom required concession, his vacillation, always exhibited most potently in emergencies which required firmness, had made him an outcast from England and night, if his counsels were blindly followed, bring great calamities on France.—*Murray, History of England, ch. xii.*

2. Unseen.

Avizur, pride, falsehood, lie undiscovered and blindly in us, even to the age of blindness.—*Sir T. Browne, Christian Morals, l. 15.*

blindmanbuff. *s.* [three words.] Probably the more correct form for *Blindmanbuff*.

I am led up and down like a tame lion,
And I grope up and down like blind-man-buff.

Beaumont and Fletcher, Little Thief.

blindman's buff. *s.* [originally written Blindmanbuff.] Play in which one, who has his eyes covered, tries to catch any other of the players: (Buff being, probably, a quasi surname of the blindfolded player).

Discord'd in all the mask of night,
We led our clasp-doe on his flight;
At blindman's buff to grope his way,
Inward fear of night and day.

Rutler, Hudibras.

He means I shut my eyes mean; but surely he faces I play at blindman's buff with him; for he thus I never have my eyes open.—*Bishop Stillingfleet.*

And so have these individuals (verily by black-art) built the new Doubtful, ornamented Dubardou; call it an Armida-Palace, where they dwell pleasantly; Chancellor Marqueton 'playing blind-man's-buff' with the secret enchantress; or gallantly prosecuting her with dwarf wickers;—and a Most Christian King has unspeakable peace within doors, whatever he may have without.—*Carlyle, French Revolution, pt. i. l. i. ch. i.*

blindness. *s.* Attribute suggested by Blind.

1. Want of sight.

I will smite every horse of the people with blindness.—*Zachariah, xii. 1.*

2. Ignorance; intellectual darkness.

All the rest as born of savage brood,
But with these thoughts are into blindness led,
And kept from looking on the light-some day.

Spenser.

Whosoever we would proceed beyond these simple ideas, we fall presently into darkness and difficulties, and can discover nothing further but our own blindness and ignorance.—*Locke.*

blinds. *s.* [?] Fish so called: (same as Bib).

William first described his Asolus lusus under its Cornish names of bib and blinds.—*Tarrell, British Fishes.*

blindside. *s.* [frequently written as two words.] Unguarded side; side open to attack; foible; weak point.

He is too great a lover of himself; this is one of his *blindsides*; the rest of men, I fear, are not without them. *Swift.*

Indeed, if this good man had an enthusiasm, or that the vulgar call a *blindside*, it was this; he thought a schoolmaster the greatest character in the world, and himself the greatest of all schoolmasters; neither of which points he would have given up to Alexander the Great, as the head of his army.—*Fitching, Adventures of Joseph Andrews.*

blindworm. *s.* [the meaning of the element blind is uncertain; it is probably a corruption of *blind*, an rhiment of uncertain meaning in *hindworm*, a common term in the mythology of Germany and Scandinavia, meaning a vast serpent like the Python of the classical mythologies.] *Anguis fragilis*: (called also *slowworm*).

You spotted snakes, with hoarse tongue,
Thorny hedgehogs, be not seen;
News and blindworms, do no wrong;
Come not near our furry queen.

Shakespeare, Midsummer-Night's Dream, l. 3, song.

The greater slowworm, called also the *blindworm*, is commonly thought to be blind, because of the blindness of its eyes. *Grev.*

Cavilla, the blindworm, or slowworm, which are nearly two names for the same sort of animal. It is much less than the adder, and streaked with blackish lines along the body.—*Roy, Correspondence, p. 230.*

blink. *v. n.* [see last extract.] Wink, or twinkle with the eyes; see dimly, obscurely, or indistinctly, with futile efforts.

Sweet and lovely wail,
Shew me thy think, to blink through with none eye.
Shakespeare, Midsummer-Night's Dream, v. 1.

So politick, as if one eye
Upon the other were a spy;
Till to treat on the one to think
The other blind, both strive to blink.

Rutler, Hudibras.

I seem to remember a poor old grateful kind of creature, *blinking*, and looking up with his eyes in the sun—is it possible I could have stolen my purse against him? Perhaps I had no small chance.—*Leach, Essays of Elia, A Complaint of the Decay of Beggary.*

[*Blind*.] A wink, a look, a glance, a moment. A.S. *blincan*, to glitter, dazzle; G. *blicken*, to shine, to glance, to look. . . . With the nasal, Du. *blincken*, to

shine, to glitter; *G. blinzen*, to twinkle, shine, glitter, and also to wink, as the result of a sudden glitter. . . . To *blink* the question is to shut one's eyes to it, to make oneself wilfully blind to it. A horse's *blinks* are the leather plates put before his eyes to prevent his seeing. . . . To *blink* is sometimes used in the sense of blinking one, to make him feel blank, to discomfit, confound him. . . . At other times it is synonymous with *blink*, to wink the eye, shrink from a dazzling light, to shrink at something, start back. . . . In the same way we have *blink*, *quench*, and *wince*, or *winch*, the fundamental meaning of each of which is rapid vibration, and thence an involuntary start. To *blink* is the equivalent of the *Du. flinken*, *G. flinken*, to glitter; *flink*, quick, active; to *quench*, of *Du. quinken*, *micare*, *motitare* (Kil.); while *wince* or *winch* is a modification of *wink*, the vibration of the eyelids.—*Nedgewood, Dictionary of English Etymology.*

Blink. v. a. Shut one's eyes to anything; blench.

(See preceding extract.)

Blink. s.

1. (Glimpse: twinkle; slight view; glance.

The numerous *blinks* flew to and fro,
With suaver words that make a show.

Turberville, Songs and Sonnets, 1870.

This is the first *blink* that ever I had of him: I have heard fame of his wonderful works, and hold it happiness enough for me to have seen his face; and doth he take notice of my person, of my name?—*Shakespeare, Hamlet*, ii. 108.

2. Glimp of light reflected from ice.

They always knew when they were approaching the ice, long before they saw it, by a bright appearance near the horizon, which the Greenland-men called the *blink* of the ice.—*Southey, Life of Nelson*, i. 22.

Blinkard. s. Rare.

1. One who sees indistinctly.

He that hath such that the hidden cover a great part of the night; as a *blinkard*, or he that looketh squint. *Barret, Alvarie*.

Brainless *blinkards* that blow at the eole.

Shelton, Poems, p. 28.

2. That which shines indistinctly.

In some parts we see many globes and eminent stars, in others few of any remarkable greatness, and, in some, none but *blinkards* and obscure ones.—*Hakewell, Apology*, p. 237.

Blinker. s. One who blinks; piece of leather affixed one on each side of the headstall, to screen the horse's eyes and prevent his starting aside.

(See extract from Wedgwood, under Blink.)

Blinking. part. adj. (in the second extract, though preceded by the auxiliary *was*, it is adjectival in sense; meaning, not that the eye was in the act of blinking, but that it was, like the lame leg, in a permanent state of imperfection.) With obscure vision; dim-sighted.

What's here? the portrait of a *blinking* idiot.

Shakespeare, Merchant of Venice, ii. 8.

His figure such as might his soul proclaim;

One eye was *blinking*, and one leg was lame. *Pope*.

Blinky. adj. After the manner of one who blinks. *Colloquial*.

We were just within range, and one's eyes became quite *blinky*, watching for the flash from the bow.—*Russell, Correspondent of the Times for America*, June 11, 1861.

Bliss. s. [A.S. *blisse*.] Highest degree of happiness; blessedness; felicity; (generally used of the happiness of *blessed souls*).

A mighty Saviour hath witnessed of himself, I am the way; the way that leadeth us from misery into *bliss*. *Russell*.

Thou sadness did not spare
That time red-still visage; yet, mix'd
With pity, violated not their *bliss*.

Milton, Paradise Lost, x. 23.

Condition, circumstance is not the thing;

Bliss is the same in subject or in kind. *Pope*.

My God, my land, my father—these did move

Me from my *bliss* of life, that Nature gave,

Lower'd softly with a threefold chord of love

Down to a silent grave.

Travunson, A Dream of Fair Women.

Blissful. adj. Full of joy; happy in the highest degree.

Yet swimming in that sea of *blissful* joy,

He sought forgot. *Spenser, Faerie Queen*.

The two saddest ingredients in hell, are deprivation of the *blissful* vision, and confusion of face.—*Hammond*.

Reaping immortal fruits of joy and love,

Uninterrupted joy, univall'd love,

In *blissful* solitude. *Milton, Paradise Lost*, iii. 67.

So peaceful shall thou end thy *blissful* days,

And steal thyself from life by slow decays. *Pope*.

Apart from happy ghosts that gather flowers
Of *blissful* quiet, 'mid unmelting bowers.

Wordsworth, Laodamia.

Music that gentlier on the spirit lies,

Than bird's eye-calls upon thy drowsy eyes;

Music that brings sweet sleep down from the *blissful* skies.

Travunson, The Lotus Eaters.

Blissfulness. s. Happiness; fullness of joy.

God is all-sufficient, and incapable of admitting

any accession to his perfect *blissfulness*.—*Barrow*.

Sermons, viii.

Blissless. adj. Void of bliss.

For if it be so that the heavens have at all time a measure of their wrathful burnings, surely so many have come to my *blissless* lot that the rest of the world hath too small a portion to make with such a woful a lamentation.—*Sir P. Sidney, Arcadia*, iii. (Rich.)

Bliss. v. a. (In the extract the phrase seems to mean *laid about him*. The word has been derived from the French *blesser* = wound. I give it because I find it in the previous edition; not because I can explain it.)

The villain . . .

. . . with his club him all about so *bliss*,

That he which way to turne him scarcely wist.

Spenser, Faerie Queen, vi. 8, 13.

Bliss. v. a. (The following extract is given for the same reason as the preceding. Wounded here certainly makes sense, and it has been suggested as a meaning. The original, however, is *cuando me santiguaron los hombros* (pt. i. ch. xv) = when they made the sign of a cross over my shoulders. This puts *blesser* out of the question.)

They *bliss* my shoulders with their pines in such sort, as they wholly deprived me of my sight and the force of my feet together.—*Shelton, Translation of Don Quixote*, i. 3, 1.

Blister. s. [Lat. *emplastrum* = plaster.] Elevation of the cuticle caused by deposition of serous fluid immediately beneath; swelling made by the separation of a film or skin from the other parts.

In this state she callops night by night
O'er ladies' hips, who straight on kisses dream,
Which oft the angry *blab* with *blister* phrases,
Because their breaths with sweetmeats tainted are.

Shakespeare, Romeo and Juliet, i. 4.

'Upon the leaves there riseth a tumour like a

blister.—*Baron*.

I found a great *blister* drawn by the earlick, but had it cut, which run a good deal of water, but filled again by next night. *Sir W. Temple*.

Blister. v. n. Rise in blisters.

If I prove innocently, let my tongue *blister*,
And never to my red-look'd anger be
The trumpet any more.

Shakespeare, Winter's Tale, ii. 2.

Embrace thy knees with leath'ring hands,

Which *blister* when they touch thee. *Dryden*.

Blister. v. a. Raise a blister, as a remedial measure.

I *blister'd* the leas and thighs, but was too late;
He died howling.—*Wiscman, Surgery*.

Used metaphorically. Blennish.

Look, here comes one, a vent lewman of mine,
Who, filling in the flaws of her own youth,
Hath *blister'd* her report.

Shakespeare, Measure for Measure, ii. 3.

Blistering. verbal abs. Application of a blister.

Blistering, cupping, bleeding, are seldom of use but to the idle and intemperate. *Spectator*, no. 195.

Blite. s. [Lat. *blitum*.] Plants of the genus *Chenopodium*. (What the old woman meant, in the first extract, was probably a small joke on the words *blite* and *blight*.)

I have heard many old wives say to their servants 'Gather *blite* for me to put into my potting; for they are not good for the eyesight;' whence they had those words. I know not, it may be of some doctor that never went to school, for that I can find no such thing upon record, either among the older or later writers. *Gerarde, Herball*, p. 329; ed. 1633.

The *Blitum americanum spinosum* is a plant to me unknown. I am as yet doubtful of the characteristic note of the Garden *blite*.—*Ray, Correspondence*, p. 140.

Blithe. adj. [A.S. *blithe*.] Gay; airy; merry; joyous; sprightly; mirthful.

We have always one eye fixed upon the countenance of our enemies; and, according to the little or heavy aspect thereof, our eye sheweth some other suitable token either of dislike or approbation. —*Honker*.

Should he return, that troop as *blithe* and bold,
Precipitant in fear, would wing their flight. *Pope*.

Hail to thee, *blithe* spirit!

Bird thou never wert.

That from heaven, or near it,

Pourst thy full heart,

In profuse strains of unmeditated art.

Shelley, Ode to a Skylark.

Blithely. adv. In a blithe manner.

For many beyn of such a manner

That tays and rymys will *blithely* here.

Robert of Gloucester.

Blithesome. adj. Gay; cheerful.

Frosty blasts de-fice

The *blithesome* year: trees of their shrivell'd fruits

Are widow'd.

J. Phillips.

Blive. adv. [The common meaning of the word is *quickly*, at once.] Its derivation, however, is from A.S. *belifan* = stay. The sequence of ideas seems to have been: (1) stay a little; (2) all in good time; (3) quickly. It is doubtful, however, whether any of the authors usually quoted knew the word as one of common use; and it is likely it had become archaic before the time of Spenser. It was probably connected, at a very early date, with *live*, and supposed to have meant *to be alive*; with which it has nothing to do. It is the German *bleiben* = stay, and the Danish *blive* = become.] Quickly; at once.

Perdy, Sir Knight, said then th' enchaunter *blive*,
That shall I shortly purchase to your hand;
For now the best and noblest knight alive
Prince Arthur is, that womes in ferie land.

Spenser, Faerie Queen, ii. 3, 18.

Bloat. v. a. [Swed. *blöta* = soften by soaking.] Swell; make turgid with wind; (with *up*, intensive).

His rude essays

Encourage him and *bloat* him up with praise,

That he may get more bulk before he dows. *Dequä*.

The strutting jettison smooths all distinctions,
beats the mother with the daughter. I cannot but be troubled to see so many well-shaped innocent virgins *bloated up*, and waddling up and down like highland women. —*Jedism*.

Bloat. v. n. Grow turgid.

If a person of a firm constitution begins to *bloat*, from being warm grows cold, his fibres grow weak. —*Arbuthnot*.

Bloat. adj. Swelled with intemperance; turgid. *Rare*.

Let the *bloat* king tempt you again.

Shakespeare, Hamlet, iii. 1.

Bloatedness. s. Attribute suggested by Bloat; turgidness; swelling; tumour.

Lassitude, laziness, *bloatedness*, and venereal spots, are symptoms of weak fibres. —*Arbuthnot*.

Bloater. s. Herring but partially dried.

This fish [a red herring] is rendered infinitely more delicate by pouring boiling water on it before it is dressed, and having it to soak for half an hour, or more, should it be lightly dried. The fresh *Yar-mouth bloaters* do not require this. *E. Arden, Modern Cookery*, p. 81.

Bloating. verbal abs. Preparation of herring by soaking in brine, and partially drying in wood smoke.

Herrings in the sea are large and full,

But shrink in *bloating* and together pull.

Styler, Du Rariora, 577-1. (Oud MS.)

Blöbber. s. Same as *Blinbber*. *Rare*.

There swimmeth also in the sea a round slimy substance, called a *blöbber*, reputed noxious to the fish.—*Carew*.

Blöbberlip. s. Thick lip. *Rare*.

They make a wit of their insipid friend,

His *blöbberlips* and beetle brows commend.

Dryden, Juvenal's Satires, in.

Blöbberlipped. adj. Having swelled or thick lips. *Rare*.

A *blöbberlipped* shell seemeth to be a kind of mussel.—*Gree*.

His person deformed to the highest degree; that

mised, and *blöbberlipped*.—*Sir R. L' Estrange*.

Blöbtale. s. Telltale; blab. *Rare*.

These *blöbtals* could find no other news to keep their tongues in motion.—*Bishop Mackel, Life of Archbishop Williams*, ii. 67.

Block. s. [Fr. *bloc* = mass.]

1. Heavy piece of timber, rather thick than long.

You can spy a little mote in another man's eye, that cannot see a great *block* in your own.—*Archbishop Cranmer, Answer to Bishop Gardiner*.

2. Mass of matter.

Homer's apothecary consists of a group of figures, cut in the same block of marble, and rising one above another. *Adrian.*

The stone here is a soft-stone, partly fine and partly coarse-grained, moderately hard, compact, and capable of being worked in blocks of considerable size. — *André, The Channel Islands*, p. 1, ch. ii.

This was clearly a block out of which to make a baronet. — *Disraeli the younger, Contingency.*

3. Piece of wood for certain special purposes.

a. On which hats are formed.

He wears his faith but as the fashion of his hat: it ever changes with the next block. — *Shakespeare, Much Ado about Nothing*, l. 1.

b. On which criminals are beheaded.

Some guard these traitors to the block of death, Treason's true bed, and yielder up of breath.

Shakespeare, Henry IV. Part II. iv. 2.
At the instant of his death, having a long beard, after his head was upon the block, he gently drew his beard aside, and said, This hath not offended the king. — *Bacon.*

I'll drag him thence.
E'en from the body alter to the block. — *Dryden.*

c. For placing anything on, especially with the purpose of letting it keep shape.

A beautiful golden wig (the duchesse never liked me to play with her hair) was on a block close by, and on another table was a set of teeth, 'd'une blancheur éblouissante.' In this manufactory of a beauty I remained for a quarter of an hour. — *Sir E. L. Bulwer, Pelham*, ch. xiii.

4. Massy body; rude piece of matter: (in contempt).

When, by the help of wedges and beetles, an image is chiseled out of the trunk of some tree, yet, after the skill of artificers is set forth, such a divine block, it cannot one moment secure itself from being eaten by worms. — *Bishop Neillinger.*

5. Obstruction; stop.

Can he ever dream, that the suffering for rightness is a thing to be feared? — *Dr. H. More, Discourse of Christian Piety.*

Small causes are not sufficient to make a man uneasy, when great ones are not in the way; for want of a block, he will stumble at a straw. — *Swift.*

6. In Mechanics and Navigation. See extract.

Blocks in mechanics and naval architecture are pieces of wood on which sheaves or pulleys are placed, for the purpose of forming tackle, purchases, &c., in various operations in naval tactics and architectural constructions. The most usual denominations of blocks are the single, double, treble, and fourfold blocks; the number of sheaves being, accordingly, one, two, three, or four; but in some instances the number of sheaves in a block are much more considerable. Beside these various distinctions in blocks, as depending upon the number of sheaves, we have also a variety of denominations depending on their shape, purpose, and mode of application; as the bee-block, cheek block, bang-tackle block, min-shield block, ratchet block, monkey block, &c. — *Encyclopædia Metropolitana*, in voc.

7. In Printing and Engraving. See extract.

The face of the block is either carved in relief into the desired design, like an ordinary woodcut, or the figure is formed by the insertion edgewise into the wood of narrow slips of flattened copper wire. — *Use, Dictionary of Arts, Manufactures, and Mines, Calcutta-printing.*

8. Fellow remarkable for stupidity.

The country is a desert where the good Gai'd, inhibits not; born's not understood; There men become beasts and prone to all evils; In cities, blocks. — *Donne.*
What tongueless blocks were they! Would they not speak? — *Shakespeare, Richard III.*, iii. 7.

Block. v. a. Shut up; enclose, so as to hinder egress; obstruct: (with up).

Recommend it to the governor of Abington, to send some troops to block it up from infesting the great road. — *Lord Clarendon.*

In the very first months of his reign, and while that parliament was sitting which has been reproached for its parsimony, he sent a fleet to assist the French king in blocking up the port of Rochelle. — *Ballan, Constitutional History of England*, ch. viii.

Without up.

They block the castle kept by Bertram;
But now they cry, Down with the palace, fire it. — *Dryden.*

See Drouet and Guillaume, dexterous old drapery, instantly down, blocking the bridges with a furniture-wagon they had there, with whatever vapours, tumbrils, barrels, barrows their hands could hold of; till no carriage was pass. — *Carlyle, French Revolution*, pt. ii. b. iv. ch. vii.

Block-tin. s. Tin in stamped blocks.

Tin smelted at the different houses is cast into moulds containing about 3 cwt., and while in a fluid state it receives the stamp of the particular house where it is smelted; thence it is denominated block-tin. — *Manual of Mineralogy.*

Blockade. s.

1. Siege carried on for the purpose of reducing a place through famine, by cutting off communication with the surrounding country; shutting up of an enemy's port, by preventing the entry and exit of vessels.

The enemy was necessitated wholly to abandon the blockade of Olivença. — *Trotter*, iv. 51.

Subsequent intelligence arrived that the Mexican ships had put into Truxillo, and Nelson, drawing nearer to the shore, established a rigid blockade of Oaxaca. — *Young, Naval History of Great Britain*, ch. xxi.

Used figuratively.

At last, however, the author hit upon the expedient of posting himself in the hall, on a day in the evening of which there was to be an important debate in the House of Commons. This was a blockade which even the ingenuity of the wit could not evade; the author was therefore admitted. — *Theodore Hook, Gilbert Gurney*, vol. i. ch. iii.

A man must be strangely constituted who can take interest in puerile journals of the blockades laid by the Duke of A. to the hearts of the Marquis de B. and the Comtesse de C. — *Macaulay, Essays, Walpole's Letters.*

2. Obstruction in general.

Prompt at the call around the goddess roll
Broad hats and hoods and cups a sable shoal;
Thick and more thick the black blockade extends. — *Pope.*

Blockade. v. a.

1. Besiege, or shut up, by a blockade.

When he had been fourteen months thus employed, he received a vote of thanks from the city of London, for his skill and perseverance in blockading that port, so as to prevent the French from putting to sea. — *Northey, Life of Nelson.*

The southern squadron was soon joined by three or four of the French ships; and thus by the 21st of July the place was completely blockaded, while the surveying vessels attached to the blockading force, and the masters of Admiral Chad's squadron, were employed day and night in completing their examination of the labyrinth of channels which divided the almost countless islands that make up the group. — *Young, Naval History of Great Britain*, p. 330.

2. Obstruct; crowd; beset; besiege.

Huge piles of British cloth blockade the floor.
A hundred oxen at your lesser door. — *Pope.*

Blockading. part. adj. Fit for, or used for, a blockade.

(See Blockade, v. a., second extract.)

Blockhead. s.

1. Head of, or for, or like a block.

Your wit will not so soon out as another man's will; it is strongly wedged up in a blockhead. — *Shakespeare, Coriolanus*, ii. 3.

2. Stupid fellow; dull; man without parts.

We idly sit like stupid blockheads.
Our hands committed to our pockets. — *Bathur, Hadrian.*

A blockhead rubs his thoughtless skull, And thanks his stars he was not born a fool. — *Pope.*
For supposing the thing public, which it was never intended to be, every blockhead of the faction would swear Pausanias was Greek for Sir Robert, though it may as well stand for Bolingbroke. — *Walpole, Letters*, i. 12.

Was there ever such a blockhead, that can't tell the difference between jest and earnest? — *Goldsmith, She stoops to conquer*, iii.

Your house is quiet or dull, yourself a genius or a blockhead, just it may strike your friend, on the instant, to put it. — *Reverendness of a Country Parson*, ch. ii.

Blockheaded. adj. Stupid; dull.

Says a blockheaded boy, these are villainous creatures. — *Sir R. L'Estrange.*

Blockheadly. adj. Like a blockhead.

Some were cher-brother, or some blockheadly hero. — *Dryden, Amphitryon.*

Blockhouse. s. Fortress built to obstruct or block up a pass, or to defend a harbour.

This entrance is guarded with blockhouses, and that on the town's side fortified with ordnance. — *Cervus, Survey of Cornwall.*
Rochester water reacheth far within the land, and is under the protection of some block-houses. — *Sir W. Raleigh.*

In the barmek square several blockhouses which Omer Pacha had ordered to be in a state of completion. These are made of wood, and have two stories, each house being capable of containing two companies of infantry. The walls are loopholed, and of sufficient thickness to resist musket balls. The use to

which they were to be applied was the protection of working parties and small detachments during the construction of more permanent defences; and as the rebels are without cannon, or liquid fire-balls, or other scientific implements of destruction, it is possible that they may answer their purpose well enough. — *G. Arbuthnot, Herzegovina*, p. 207.

Blockish. adj. Stupid; dull.

Make a lottery.

And, by device, let blockish Ajax draw
The sort to fight with Hector.

Shakespeare, Troilus and Cressida, i. 3.
Blockish they be, and unfit for study or exercise. — *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 343.

Are all men thus blockish and earthen? — *Bishop Hall, Epistles*, i.

Adding further, in the process of that blockish epistle, &c. — *Archbishop Usher, Sermons before the House of Commons*.

Blockishly. adv. In a blockish or stupid manner.

These brave doctors fall most absurdly and blockishly in this so necessary an article. — *Harmar, Translation of Beza's Sermons*, p. 420.

Blockishness. s. Attribute suggested by Blockish; stupidity; dullness.

Their leathern gross and ridiculous blockishness, in the infinite multitude of their gods. — *Hobbes, Leviathan*, p. 302.

Being so perfectly enslaved to sense, they were more likely to have been roused out of their blockishness and stupidity by miracles, which so forcibly strike the imagination. — *Holwell, Sailing of Souls*, p. 65.

Being dull, and of incurable blockishness, he became a hater of virtue and learning. — *Whitlock, Manners of the English*, p. 110.

Blocklike. adj. Resembling a block or blockhead, in the way of stupidity.

Am I twice said-blind? twice so near the blessing I would arrive at, and blocklike never know it? — *De Witt, and Fletcher, Pilgrimage.*

Blockship. s. Vessel for the protection of harbours; (generally some large one cut down and fitted with a screw).

The Russian fleet, indeed, he ascertained to be not more powerful than rumour had represented it, or than that which the allies had brought up to encounter it. Besides some unrigged blockships, and five or six frigates, eighteen sail of the line were all that Crasnodar contained; but they were moored in two lines head and stern along the only navigable channel, which was so narrow that the leading ships, as they faced it with its broadside, completely blocked it up. — *Young, Naval History of Great Britain*, p. 592.

Bloomy. s. See Bloomyery.

Blood. s. [Fr.—the final e, which appears when a female is meant, is the French sign of the feminine gender, and shows that the word has scarcely become wholly English.] Person of a fair complexion: (opposed to brunette).

She was a fine and somewhat full-blown blonde, Desirable, distinguish'd, celebrated
For several winters in the grand, grand mode. — *Bacon, Don Juan*, xiv. 12.

Blond. adj. [See extract.] Having a blond complexion.

The look of gloomy vexation on Godfrey's blond countenance was in sad accordance. — *Silas Marner*, ch. iii.

Diez suggests that the word may be a nasalised form of *leud*, blond, Dan. *blond*, soft, weak, in the sense of a soft tint, a supposition which is apparently supported by the use of the word *blond* in Austria for a weak, pale tint. (Schmidt.) It is certain that we have in E. *blond* a nasalised form of the foregoing root. But it is probably not to this root that *blond* is to be referred, but to the Pol. *blond*, pale, wan, It. *blondo* of which the evidence exists in *blondelle*, bluish, shadings, to grow pale. See *Blac*, blue, pale; hairs, blue, straw-colored. (Diez, *Flurin*.) O. Fr. *blanc*, blue, blue; *blau*, blond, yellow, blue, white. (Rouquart.) Fr. *blai*, *blan*, fair in colour, as the skin or hair. It should be remarked that the Du. *blond* is used in the sense of the vivid colour of a bruiser as well as in that of flaxen, yellowish; *blond en blanc* *blanc*, to beat one black and blue; *blond*, colour livide (Hulme). — *Wedgwood, Dictionary of English Etymology*.

Blonde (Lace). s. Lace made of silk.

Never did man pass through such dangers. It was the fiery ordeal. St. Anthony himself was not assailed by more temptations. Now he was saved from the lustre of a blonde lace by the superior richness of a blonde lace. — *Disraeli the younger, The young Duke*, b. i. ch. i.

Blood. s. [A.S. *blod*.]

1. Fluid which circulates in the bodies of animals; life.

But flesh with the life thereof, which is the blood thereof, shall you not eat.—*Genesis*, ix. 4.
When wicked men have slain a righteous person in his own house, upon his bed, shall I not therefore now require his blood at your hand?—*2 Samuel*, iv. 11.

For one's blood. As if the blood, or life, were at stake. *Vulgar*.

A crow lay battering upon a muscle, and could not *for his blood*, break the shell to come at the fish.—*Sir K. 1. Escotage*.
While in doubtful attention Dame Victory stood; And which side to choose could not tell for her blood; But remained like an ass 'twixt two bottles of hay; Without moving ever an inch either way. *Aycon*.

Flesh and blood. Human nature; mortal man.

Flesh and blood hath not revealed it unto thee, but my father which is in heaven. *Matthew*, xvi. 17.
Bone and Skin, two millers thin,
Would starve us all or near it:
But he it known to Skin and Bone,
That flesh and blood won't bear it.

Epigram on Two Millers.

Hot, or cold, blood. Under, or free from, excitement.

Will you, great sir, that glory blot,
In cold blood, which you gain'd in hot?

Butler, Hudibras.

As for his wise majesty's disposition upon the difference between hot blood and cold blood, it affected not me, because, as I have already noted down, I never had the slightest intention of hitting only.—*Theodore Hook, Gilbert Gurney*, vol. iii. ch. 1.

2. Fluid, not of animal origin, which can be compared to blood.

He washed his garments in wine, and his clothes in the blood of grapes. *Genesis*, xlix. 11.

3. Family; kindred; descent; lineage.

According to the common law of England, in administrations, the whole blood is preferred to the half blood.—*Aspliff, Packer and Curran*.
Epithets of flattery, decreed by few of them; and not running in a blood, like the perpetual gentleness of the Ormond family.—*Dryden*.

A nation properly signifies a great number of families derived from the same blood, born in the same country, and living under the same government. *Sir W. Temple*.

The third party was a child of tender age, Joseph, son of the Elector of Bavaria. His mother, the Electress Mary Antoniette, was the only child of the Emperor Leopold by his first wife Margaret, a younger sister of the Queen of Lewis the Fourteenth. Prince Joseph was, therefore, nearer in blood to the Spanish throne than his grandfather the Emperor, or than the sons whom the Emperor had by his second wife. *Murray, History of England*, ch. xxiii.

a. Blood-royal; royal lineage.

They will almost
Give us a prince of blood, a son of Priam,
In change of him.
Shakespeare, Troilus and Cressida, iii. 3.
Louis XIV. had adopted his illegitimate children into the number of the princes of the blood, and educated them as such.—*Darwin, Translation of Schlozer's History of the Eighteenth Century*, p. 213.
Such counsel came strangely from one [Venetian] who had run the risk of being disinherited rather than take off his hat to the prince of the blood, and who had been more than once sent to prison for haranguing in conventicles.—*Macaulay, History of England*, ch. viii.

b. Good lineage generally; pedigree: (particularly of animals for racing and the like).

I am a gentleman of blood and breeding.
Shakespeare, King Lear, iii. 1.

Bit of blood. Wellbred animal.

No, all my property gone to make a farmer. I say, did you ever see such a bit of blood?—*Morton, Secret's worth knowing*, ii. 1.

4. Hot spark; man of fire.

The news put divers young bloods into such a fury, as the missionaries were not, without peril, to be outraged.—*Bacon*.
Where Calvert's hut, and Parson's black chimney-pipe
Rejoice the drabs and bloods of Drury Lane.
Goldsmith, The Author's Bedchamber.

The devil take the quarrel!—who would think of her, when I am mad about an affair of so much more consequence.—You seemed mad about her a little while ago. She's a fine mare, and a thing of shape and blood.—*Harriet!* my dear provoking Harriet! Where can she be? Have you got any intelligence of her?—*Colman, The Jealous Wife*, ii. 1.

Blood, v. a.

1. Stain with blood.

Then all approach the slain with vast surprise,
And, scarce secure, reach out their spears afar,

And blood their points to prove their partnership in war.

He was blooded up to his elbows by a couple of Moors, whom he butchered with his own imperial hands.—*Addison*.

2. Enter or inure to blood (as a hound); give a taste of blood, to provoke the desire for it; heat; exasperate.

Fairer than fairst, let none ever say,
That ye were blooded in a yielded prey.

When the faculties intellectual are in vigour, not drenched, or as it were blooded by the affections.—*Bacon, Apophthegms*.

By this means, matters grew more exasperate; the auxiliary forces of French and English were much blooded one against another.—*Id., History of the Reign of Henry VII.*

It was most important, too, that his troops should be blooded. A great battle, however it might terminate, could not but injure the prince's popularity.—*Macaulay, History of England*, ch. ix.

3. In Surgery. Let blood. Nearly obsolete; superseded by Bleed.

After this I ordered him to be blooded.—*Swan, Translation of Sydenham*.

Blood-besotted, part. pref. Besotted with blood.

O blood-besotted Neapolitan,
Outcast of Naples, England's bloody scourge!

Shakespeare, King Henry VI, Part II, v. 1.

Blood-boltered. Boltered with blood. See Bolter.

Now, I see, 'tis true;
For the blood-bolter'd Banquo smiles upon me.

Shakespeare, Macbeth, iv. 1.

Blood-consuming, part. pref. Consuming or wasting the blood.

Might blood-tears or heart-affending groans,
Or blood-consuming sighs reveal his life,
I would be blind with weeping, sick with groans,
Look pale as primrose, with blood-drinking sighs,
And all to have the noble duke alive.

Shakespeare, King Henry VI, Part II, iii. 2.

Blood-drinking, part. pref. Drinking blood.

(See preceding extract.)

Blood-frozen, part. pref. Having the blood frozen.

Yet nothingmore by his bold heartie speech
Could his blood-frozen heart unbudged be.

Shakespeare, Fierie Queen, i. 9, 25.

Blood-guiltiness, s. Guilt from shedding of blood; murder.

And were there rightful cause of difference,
Yet were not better fyres it to need,
Than with bloodguiltiness to heap offence,
And mortal vengeance join to crime atone'd?

Shakespeare, Fierie Queen, ii. 2, 30.
Deliver me from bloodguiltiness, O God.—*Psalm*, li. 11.

Blood-hot, adj. Of the same heat as blood.

A good piece of bread first to be eaten, will gain time to warm the beer blood-hot, which then he may drink safely.—*Locke*.

Blood-red, adj. Red as blood.

With blood-red eye he sturtheth here and there.
Mirour for Magistrates, p. 430.

Again! A small but blood-red blush rises into that clear cheek. It was momentary, but its deep colour indicated that it came from the heart.—*Disraeli the younger, The young Duke*, li. ch. vi.

Blood-shaken, part. pref. Having the blood put in commotion.

But when they hear thee sing
The glories of thy king,
His zeal to God, and his just awe o'er men:
They may, blood-shaken then,
Feed such a flesh-quake to possess their powers.

B. Jonson, New Ian, ad fin.

Blood-shotteness, s. A new expression suggested by Bloodshot, of which Bloodshoten is the fuller form. *Rare*.

He saw the enemies of the church's peace could vex the eyes of poor people, first to water or tears, next to bloodshotteness and fury.—*Bishop Gauden, Life of Hooker*.

Bloodflower, s. Plant of the genus *Hamantus*.

Bloodflower. This plant was originally brought from the Cape of Good Hope, and has been many years preserved in the curious gardens in Holland, where they now have many sorts; but in England it is still very rare.—*Milner*.

Bloodhorse, s. Thoroughbred horse.

The blood-horse of Arabia is become the favorite of the north of Europe, and the cults possess all the superior qualities of their parents, even in the polar circle.—*Sir H. Dwy, Samonia*.

Bloodhound, s. Hound for tracking human

beings by scent: hunter after human blood, in general.

Hear this, hear this, thou trillume of the people:
Thou venous, publick bloodhound, hear and melt.

Where are these raving bloodhounds that pursue
In a full cry, crying to swallow me?

Southey, Isabella.

A bloodhound will follow the track of the person he pursues, and all hounds the particular games they have in chase.—*A Robin Hood, On the Nature and Choice of Aliments*.

And though the villain 'scape a while, he feels
Slow vengeance, like a bloodhound, at his heels.

Swift.
The parishes were required to keep bloodhounds for the purpose of hunting the freebooters. Many old men who were living in the middle of the eighteenth century could well remember the time when those ferocious dogs were common.—*Macaulay, History of England*, ch. ix.

The Whigs called Sawyer murderer, bloodhound, lunaticum.—*Id.*, ch. xv.

Bloodily, adv. In a bloody manner; with disposition to shed blood; cruelly.

I told the purgative,
As too triumphing, how mine enemies,
To-day at Fontenoy, bloodily were butcher'd.

Shakespeare, Richard III, iii. 4.
This day the poet, bloodily inclin'd,
Has made me die, full sore against my mind.

Dryden.

Bloodiness, s.

1. Attribute suggested by Blood; state of being bloody.

It will manifest itself by its bloodiness; yet sometimes the scull is so thin as not to admit of any.—*Sharp, Surgery*.

2. Disposition to shed blood.

Boner, bishop of London, by his late bloodiness, procured an eternal stain of cruelty upon his name.—*Le Neve, Lives of Bishops*, i. 32.

This bloodiness of Saul's intention makes it easy to conjecture the fury of his resentment.—*DeLany, Life of David*, i. 8.

Bloodless, adj.

1. Without blood; dead.

At last he takes her by the bloodless hand.
Shakespeare, Rape of Lucrece.
He cheer'd my sorrows, and, for sums of gold,
The bloodless carcase of my Hector sold.

Dryden, Virgil's Eclogues.

2. Without slaughter; penecrable.

War brings ruin where it should amend;
But beauty, with a bloodless conquest, finds
A welcome sovereignty in rudest minds.

Waller.

3. Without spirit or activity.

The general's disdain'd
By him one step below: he, by the next:
That next, by him beneath; so every step,
Exemplary by the first (pace that is sick
Of his superior, grows to an envious fever
Of pale and bloodless emulation.

Shakespeare, Troilus and Cressida, i. 3.
Thou bloodless, brainless fool.
Beaumont and Fletcher, Double Marriages.

Bloodletter, verbal s. In Surgery. One who lets blood; phlebotomist.

This mischief in auricular processeth from the ignorance of the blood-letter, who, not considering the error committed in letting blood, binds up the arm carelessly.—*Wicman, Surgery*.

Bloodletting, verbal abs. Act of one who bleeds as a surgeon, or generally.

The chyle is not perfectly assimilated into blood, by its circulation through the lungs, as is known by experiments in blood-letting.—*A Robin Hood, On the Nature and Choice of Aliments*.

If the condition be decidedly inflammatory and the fever, antiphlogistic means, and even blood-letting, must be employed; moderately, however, and with great caution.—*J. P. South, Inflammation of the Parotid Gland*, p. 140.

Bloodmoney, s. Money earned by laying or supporting a capital charge: (in its worst sense, *falsely*, or as an *accomplish*).

The house you are going this night to visit is a sort of colony we have established for whatever persons amongst us are in danger of blood-money. There they sometimes lie concealed for weeks together, and are at last shipped off for the continent, or enter the new world under an alias.—*Sir E. L. Bulwer, Pelham*, ch. lxxxii.

Bloodshed, s.

1. Crime of blood, or murder.

Full many mischiefs follow cruel wrath:
Abhorred bloodshed, and unwholesome strife.
Unnearly murder, and uncharity warth.

Shakespeare, Fierie Queen.
All murders past do stand accus'd in this:
And this so sole, and so unmatchable,

Shall prove a deadly bloodshed but a jest,
Exceeded by this heinous spectacle.

A man under the transports of a vehement rage,
passes a different judgment upon murder and
bloodshed, from what he does when his revenge is
over.—*South.*

2. Slaughter; waste of life.

Of wars and bloodshed, and of dire events,
I could with greater certainty foretell.

The Bishop of Rome, respected by the barbarians,
even by the fiercest pagans, none of whom were quite
without awe of the high priesthood of the Roman
religion, and, by that respect, commended still more
strongly to the reverence of all Latin Christians;
alone followed, as it were, and permitted to main-
tain his severe dignity amid scenes of violence, con-
fusion, and bloodshed; grew rapidly up to be the most
important person in the city.—*Milman, History of
Latin Christianity*, ii. ii.

Bloodshedder. s. One who sheds blood.

He that taketh away his neighbour's living, slayeth
him; and he that defraudeth the labourer of his hire,
is a bloodshedder.—*Ecclesiasticus*, xxiv. 22.

Bloodshedding. verbal abs. Act of shedding blood.

That heavenly inheritance which is bought for us
by the bloodshedding of our Saviour, Jesus Christ.—
Boanice, ii. 234.

That we should always remember the exceeding
great love of our Master and only Saviour Jesus
Christ, thus dying for us, and the innumerable
benefits which by his precious bloodshedding he hath
obtained for us; he hath instituted and ordained
holy mysteries, as pledges of his love, and for a con-
tinual remembrance of his death, to our great and
endless comfort.—*Communion Service.*

Bloodshot. part. pref. Covered with a net- work of distended bloodvessels: (as the eyeball when inflamed).

And that the winds their howling throats would
try,
When redd'ning clouds reflect his bloodshot eye.

William Rufus himself impressed his contemporaries
in a manner which is vividly reflected in their
histories. His person was not remarkable; he was
a short, square-shouldered, fat man; with a ruddy
complexion, and light flax-like hair, his eyes blood-
shot, and of no certain colour: his forehead irregu-
larly marked.—*C. H. Pearson, The early and middle
Ages of England*, vi. xxv.

Bloodstained. part. pref. Sized (in the sense of stiffened) with blood. Rare.

Tell him if he is the blood-stained field lay slain,
Shewing the sun his teeth, grinning at the moon,
What you would do.

Beaumont and Fletcher, *Two Noble Kinsmen*.

Bloodstained. part. pref. Smeared or stained with blood.

In the hollow bank
Blood-stained with these valiant combatants.

Shakespeare, *King Henry IV. Part I.* i. 3.

The generals now their blood-stained soldier
No more dare trust within the camp so near.

Mary, *Translation of Lucan's Pharsalia*, iv.

The best of prey,
Blood-stain'd, deserves to bleed.

Thomson, *Seasons*, Spring.

Revenge impatient rose, and in a thunder down
He threw his blood-stained sword in thunder down.

Coltman, *On the Passions*.

Bloodstone. s. [translation or original of hematites, from Gr. *haima*, = blood.] Name of a dark-green mineral spotted with red.

There is a stone which they call the blood-stone
which, worn, is thought to be good for them that
bleed at the nose; which, no doubt, is by restriction,
and cooling of the spirits.—*Baron.*

The blood-stone is green, spotted with a bright
blood-red.—*Woodward, On Fossils*.

Bloodstrange. s. [Probably Bloodstange, from *stang* = pole.—the elongated recep- tacle with the small seedvessels by which it is covered, and which has suggested the name Monsetail, turns, as the seed ripens, to a reddish brown.] See extract.

Mousetail is called in Latin *Cantharidis* and
Cantharidina; in Greek *gros-gros* or *gros-gros*. My-
osurus is called in the French *mon-queue-de-souris*;
in English *Blood-strange* and *Mousetail*.—*Gervase*,
Herbals, p. 420; ed. 1533.

Bloodsucker. s. One who sucks blood; leech; gully; cruel man; murderer.

God keep the prince from all the pack of you;
A knot you are of damned bloodsuckers.

Shakespeare, *Richard III.* iii. 3.
The nobility cried out upon him that he was a
bloodsucker, a murderer, and a parricide.—*Sir J.
Hayward.*

Thou subtle bloodsucker, thou cannibal.

Graveland.

Bloodsucking. part. adj. Sucking blood.

For this I draw in many a tear,
And stop the rising of bloodsucking sighs,
Lest with my sighs or tears I blast or brown
King Edward's fruit, true heir to the English crown.

Shakespeare, *King Henry VI. Part III.* iv. 1.

Bloodsworn. part. pref. Sworn with blood.

Their blood-sworn eyes

Do break.

Mary, *Translation of Lucan's Pharsalia*, vi.

So boils the first Herod's blood-sworn breast,
Not to be slack'd but by a son of blood.

Crashaw, *Poems*, p. 54.

Bloodthirsty. adj. Desirous to shed blood.

And high advancing his blood-thirsty blade,
Struck one of those deformed heads.

Spenser, *Fairie Queen*.

The image of God the blood-thirsty have not; for
God is charity and mercy itself. Sir W. Raleigh,

History of the World.

The city of Gloucester exterminated the bloodthirsty
villains who had tried to deprive His Majesty of his
just inheritance. Macaulay, *History of England*,
ch. iv.

Bloodvessel. s. Vessel in the animal sys- tem appropriated to the conveyance of the blood; artery, vein, capillary, or heart.

The skins of the forehead were extremely tough
and thick, and had not in them any blood-vessels,
that we were able to discover.—*Addison, Spectator*.

Bloodwort. s. Kind of dock (*Rumex sau- guineus*).

Lapthorn sativum sanguineum, *Bloodwort*. This
fifth kind of dock is best known by all of the
stocke or kindred of docks. . . . The water is like-
wise red, or of a bluish colour.—*Gerarde, Herball*,
p. 390; ed. 1633.

Bloody. r. a. Make bloody.

The French and Spaniards are still at it, like two
rakes of the same loath of them pitifully bloodied.

Howell, *Letters*, iv. 38.

With my own hands, I'll bloody my own sword.

Beaumont and Fletcher, *Cholera*, r.

Bloody. adj. Stained with blood; murder- ous: (applied either to men or fiends).

False of heart, light of ear, bloody of hand.

Shakespeare, *King Lear*, iii. k.

I grant him bloody,

Luxurious, avaricious, false, deceitful.

Id., *Macbeth*, iv. 3.

Than thou canst give thee out.

Id., *Macbeth*, iv. 7.

Alas! why know you not your mother's life?

Some bloody passion strikes your very frame;

These are portents, but yet I hope

They do not point on me.—*Id., Othello*, v. 2.

The blood.

Will be rewarded; and the other's late approv'd,

Less no reward; though here that see him die

Rolling in dust and gore.

Milton, *Paradise Lost*, xi. 457.

The bloodiest vengeance which she could pursue,

Would be a trifle to my loss of you.

Dryden, *Indian Emperor*.

Proud Nimrod first the bloody chase began,

A mighty hunter, and his prey was man.

Pope, *Windsor Forest*.

Bloody. adv. Excessively. Vulgar.

The doughty bullies enter bloody drunk. Dryden.

He went home, when his wife, observing his con-
fused, said, 'Are you not sick, my dear?' He re-
plied, 'Bloodily sick'—*Swift, Account of the Encomi-
ing of Carl.*

It was bloody hot walking to-day.—*Swift*, xxi. 21 k.

(Ord MS.)

Bloody-eyed. adj. Having bloody, or cruel, eyes.

He bids them bade their charge; and bloody-eyed
Beholds his son, while he obeying died.

Lord Byron, *Myastroph*.

Bloody-faced. adj. Having a bloody face or appearance.

In a theme so bloody-faced as this,

Conjecture, expectation and surmise

Of aids uncertain, should not be admitted.

Shakespeare, *Henry IV. Part II.* i. 3.

Bloody-flux. s. Dysentery.

Cold, by retarding the motion of the blood, and
suppressing perspiration, produces coldness, sleepi-
ness, pains in the bowels, looseness, and bloody-
flux.—*Arbuthnot, On the Effects of Air on human
Bodies*.

Bloody-fluxed. part. pref. Afflicted with dysentery.

Who touched me? saith our Saviour, when the
bloody-fluxed woman fingered but the hem of his
garment.—*Bishop Hall, Remains*, p. 100.

Bloody-minded. adj. Cruel; inclined to bloodshed.

I think you'll make me mad; truth has been at

my tongue's end this half hour, and I have not
the power to bring it out, for fear of this bloody-
minded colonel.—*Dryden, Spanish Fop*.

Bloody-red. adj. Red like, or with, blood. Obsolete; superseded by Blood-red.

These flowers are supported by small pedunculi,
or flower-stalks, of a bloody-red colour, which swell
into seed vessels, having at their base an acute den-
ticle.—*Philosophical Transactions*, lvi. 81.

Bloody-sceptred. adj. Having a bloody sceptre; wearing a crown obtained wholly by blood.

O nation miserable,

With an unfilled tyrant bloody-sceptred,

When shalt thou see thy wholesome days again?

Shakespeare, *Macbeth*, iv. 3.

Bloom. s. [A.S. *blóm*.]

1. Blossom; flower.

How Nature paints her colours, how the bee

Sits on the bloom extracting liquid sweet.

Milton, *Paradise Lost*, v. 2 k.

A mullein tree was planted by

The spreading branches made a woolly show,

And full of opening blooms was every bough.

Dryden.

Haste to yonder woody hollows:

The turf with rural daisies shall be crown'd,

While opening blooms diffuse their sweets around.

Pope.

And bravely furnished all ardent to fling

The wisest shafts of truth,

To throng with stately blooms the breathing spring

Of hope and youth.

Johnson, *The Poet*.

When she was young,

Stays on her floating locks the lovely freight

Of overflowing bloom, and earliest shoots

Of orient green, giving safe pledge of fruits.

Id., *Ode to Memory*.

2. State of improving immaturity, of ripen- ing to higher perfection.

Were I no queen, did you my beauty weigh,

My youth in bloom, your age in its decay.

Stephens, *Aurengzebe*.

Well hast thou left in life's best bloom

The cup of woe for me to drain.

If rest alone be in the tomb,

I would not wish thee here again.

Byron, *Occasional Pieces*.

3. Rosy colour.

Her complexion was fair, a little injured by the
sun, but overspread with such a bloom, that the
finest ladies would have exchanged all their white
for it.—*Faulding, Adventures of Joseph Andrews*

Bloom. s. [?] In Metallurgy. See extract.

The bloom, or rough ball from the puddle furnace,
is lumps and turned about upon it, by means of a rod
of iron welded to each of them, called a pointer.—
Enc. Dictionary of Arts, Manufactures, and Mines,
p. 704.

The weight of such a lump, or bloom, is about two
cwt., being the produce of two cwt. and seven
sixteenths of pig iron, the loss of weight is, therefore,
twenty-six per cent.—*Ibid.* p. 712.

Bloom. r. a. Produce, or force into, blossom. (In the first of the following extracts, the word blossom is so nearly the synonym of bloom that the construction is *bloomed blooms*; in which case the power of bloom is scarcely active, but that of such expressions as "sleep the sleep of the righteous," the construction being adverbial rather than transitive.)

The rod of Aaron for the house of Levi was budded
and brought forth buds, and bloom of blossoms, and
yielded almonds.—*Numbers*, xvii. 8.

Rites and customs now superstitious, when the
strength of virtuous, devout, or charitable affection
bloomed there, no man could justly have condemned
as evil.—*Hooker*.

Bloom. v. n.

1. Bring or yield blossoms.

It is a common experience, that if you do not pull
off some blossoms the first time a tree *bloometh*, it
will blossom itself in death.—*Bacon, Natural
and Experimental History*.

She left the web, she left the loom,

She made three paces thro' the room,

She saw the water-lily bloom,

She saw the helmet and the plume.

Tennyson.

2. Be in a state of youth and improve- ment; flourish; show a bloom.

Beautify, frail flower that every season fades,
Blossoms in thy colours for a thousand years.

Pope, *Epidic*.

Bloomery. s. In Metallurgy. Puddling fur- nace.

The manner in which iron ore is smelted and con-
verted into woots, or puddle steel, by the natives at
the present day, is probably the very same that was

practised by them at the time of the invasion of Alexander; and it is a uniform process from the Himalaya mountains to Cape Horn. The furrows, or *blowery*, in which the ore is smelted is from four to five feet high. The blowers are usually made of wootz, which has been stripped from the anvil without ripping open the part covering the belly. *Cox, Dictionary of Arts, Manufactures, and Mines, Indian Steel.*

Bloming, part adj. Showing a bloom.

O greatly blest with every blooming grace,
With equal steps the paths of glory trace.

Pope, Homer's Odyssey.

He was never again to see the familiar faces round the turf fire, or to hear the familiar notes of the old Celtic songs. The ocean was to roll between him and the dwelling of his grey-headed parents and his blooming sweetheart.—*Macaulay, History of England, ch. xvii.*

Blomzy, adj. Full of blooms; flowery.

O nightingale, that on thy *blomzy* spray
Wardest at eve, when all the woods are still.

Milton, Sonnets.

Departing spring could only stay to send
Her *blomzy* beauties on the genial breeze,
But left the manly summer in her stead. *Dryden.*
Hear how the birds on every *blomzy* spray,
With joyous music wake the dawning day. *Pope.*

Blors, s. [? form of *blare*; see *Blow*.] Act of blowing; blast. *Obsolete.*

Out ruid, with an unmeasured roar,
Those two winds, tumbling clouds in heaps, usher
To either's *blors*. *Chapman, Homer's Iliad.*
Five [ships] again the furious billow batters,
Being hurried headlong with the south-west *blors*.

Mirror for Magistrates, p. 88.

Blóssom, s. [A.S. *blósm*.] Flower; (generally applied to flowers as precursors of the fruit).

Cold news for me;
Thus are my *blóssoms* blasted in the bud,
And caterpillars on my leaves away.

Shakespeare, Henry VI, Part II, iii. 1.
The pulling off many of the *blóssoms* of the fruit-tree, doth make the fruit fairer. *Bacon, Natural and Experimental History.*

To his green ears your verdure you would suit,
Not blast the *blóssom*, but expect the fruit. *Dryden.*
This beauty, in the *blóssom* of my youth,
When my first fire knew no abatement intense, . . .
I sued and served. *Massinger, The very Woman, iv. 3.*

Blóssom, v. n. Put forth blossoms.

This is the state of man: to-day he puts forth
The tender leaves of hope; to-morrow *blóssoms*,
And bears his blushing honours thick upon him.

Shakespeare, Henry VIII, iii. 2.

Although the *blóssoms* shall not *blóssom*, neither
shall fruit be in the vines. *Shakspeare, iii. 17.*

Blóssom, v. a. Produce as a blossom.

When I was new *blóssomed*, I did fear
Myself unworthy of Miranda's spring.

Beaumont and Fletcher, Knight of Malta.

Blóssomod, part. adj. Studded with blossom; showing blossom; in blossom.

Beside you straggling fence that skirts the way,
With *blóssomed* furze unprofitable gay,
There in his misty mansion, skilled to rule,
The village master taught his little school.

Goldsmith, The Deserted Village.

Blóssoming, verbal abs. (used in the extract either as an adjective or as the first element of a compound.) Act, or state, of that which blossoms.

The want of rain at *blóssoming* time, often occasions the dropping off of the blossoms for want of sap.—*Mortimer.*

Blóssomy, adj. Full of blossoms.

The *blóssomy* tree n' is neither drie ne dead.

Chaucer, Merchant's Tale.

Blot, v. a. [see remark at end of *Blot, s.*] 1. Make writing invisible by covering it with ink; efface; erase, in general.

Yea that are king
Have caused him, by new act of parliament,
To blot out me, and put his own son in.

Shakespeare, Henry VI, Part III, ii. 2.

Even copious Dryden wanted, or forgot,
The last and greatest art, the art to blot. *Pope.*

A man of the most understanding will find it impossible to make the best use of it, while he writes in constraint, perpetually softening, correcting, or blotting out expressions.—*Swift.*

These simple ideas, offered to the mind, the understanding can no more refuse, nor alter, nor blot out, than a mirror can refuse, alter, or obliterate, the images which the objects produce.—*Locke.*

By this principle its discoverer, the immortal Cuvier, and his successors in this application of anatomy, have been enabled to restore and reconstruct many species that have been *blotted* out of the book of life.—*Buckle, History of Civilization in England,*

2. Disgrace; disfigure; darken.

Unkitt that threaten'd unkind brow;
It *blot* thy beauty, as frost bits the meads,
Combusts thy flame.

Shakespeare, Twelfth Night, v. 2.

He sung how earth *blot* the moon's golden wane,
Whilst foolish men beat sounding brass in vain.

Cowley.

My guilt thy growing virtues did defame;
My blackness *blotted* thy mienish'd name.

Dryden, Virgil's Æneid.

3. Dry by means of blotting-paper.

He laid scarcely finished the last stroke of his signature, when the Ship-Chandler clutched the paper, hastily *blotted* it, and thrust it into his bosom.—*Sala, The Ship-Chandler.*

Blot, s.

1. Obliteration of something written; mass of black.

The dragon wouth
Of Stygian darkness spelt her thickest gloom,
And makes one *blot* of all the air.

Milton, Comus, 133.

Let flames on your unlucky papers prey,
Your wars, your loves, your praises be forgot,
And make of all an universal *blot*.

Dryden, Juvenal's Satires.

2. Spot in reputation; stain; disgrace; reproach.

A lie is a foul *blot* in a man; yet it is continually in the mouth of the untaught. *Ben Jonson, xx. 24.*
A disappointed hope, a blot of honour, a strain of conscience, an unfortunate love, will serve the turn. *Sir W. Temple.*

The country was great and glorious, and its history, though stained with many *blots*, is such as Englishmen may justly contemplate with pride. *T. Erskine May, Constitutional History of England, vol. i, ch. vi.*

3. At backstommon. When a single man lies open to be taken up.

He is too great a master of his art, to make a *blot* which may so easily be hit. *Dryden, Virgil's Æneid, dedication.*

And sily as that bubble every whit.
Who at the self-same *blot* is always hit.

Goldsmith, Imitation of Horace's Art of Poetry.

[The derivation, probably, lies with this meaning; though it is now comparatively rare. In Low German and the Norse languages *blot* = bare, naked; in High German, *blöss*. Hence, the sequence of conception seems to be: (1) exposure; (2) disgrace; (3) obliteration.]

Blotch, s. Spot or pustule upon the skin.

Spots and *blotches*, of several colours and figures, straggling over the body; some are red, others yellow, or black.—*Harris.*

I thanked 'em and strait to the wall did repair,
Where some were cursing and others at prayer;
Some dressing, some going, some out and some in;
Some naked, where *blotches* and boils might be seen.

Cotton, Journey to Ireland.

Blotch, or Blatch, v. a. Disfigure by a blotch or blotches.

If no man can like to be smatted and *blatched* in his face, let us learn much more to detest the spots and blots of the soul.—*Harmar, Translation of Beza's Sermons, p. 195.*

Stched, part. adj. Disfigured by a blotch or blotches.

I must, indeed, have had a sorry taste to be intimate with a *blatched* wretch like you.—*Marygalt, Smuggler, vol. i, ch. xvii.*

Blotter, s. One who effaces; one who disfigures.

Thou tookst the blotting of Thine image in Paradise as a bluish to Thyself; and Thou saidst to the blotter, because thou hast done it, on thy belly shalt thou creep.—*Archbishop Harpsfield, Sermon with Stuard's Sermon, p. 131: 1659.*

Blotting, verbal abs. Making spots or marks on paper.

The most accurate pencils were last *blottings*, which presumed to imitate Zeuxis' or Apelles' works.—*Jerry Taylor, Artificial Handsumness, p. 35.*

Blotting-paper, s. Paper for drying freshly written papers by imbibing the ink.

Wake up, Saul! Doh! and read that letter lying on the *blotting-paper* on the desk before thee.—*Sala, The Ship-Chandler.*

Blóughte (? Blóaty), adj. Swollen; turgid. *Obsolete.*

One dash of a penne might thus justly answer the most part of his *blóughte* volume.—*Bishop Hall Honour of the married Clergy, § 2. (Ord MS.)*

Blouse, s. [Fr.] Loose coat made of a light material.

Lelewell was a regular democrat. He wore a *blouse*

when he was at Paris, and looked like a workman.—*Stoward, The Polish Captivity, l. 270.*

Blow, s. [see extract; also remarks under 'Blustrious.']

1. Stroke; act of hostility.

A woman's tongue,
That gives not half so great a *blow* to the ear,
As will a chieftain in a farmer's fire.

Shakespeare, Twelfth Night, i. 2.
Words of great contempt commonly finding a return of equal scorn, *blows* were fastened upon the most pragmatic of the crew.—*Lord Clarendon.*

What hope of mercy from this dreadful foe,
But woman-like to fall, and fall without a *blow*.

Pope.

Come to blows. Quarrel.

So high at length the contest rose,
From words it almost came to *blows*.

Merrick, The Chameleon.

2. Sudden calamity; unexpected evil.

The virgin daughter of my people is broken with a very grievous *blow*.—*Jeremiah, xiv. 17.*
To all but thee in fits he seem'd to go,
And 'twas my ministry to deal the *blow*.

Parnell.

3. Single action; sudden event.

Every year they gain a victory, and a town; but if they are once defeated, they lose a province at a *blow*.—*Dryden.*

[*Blow*. We are in some doubt of the origin of this word. It comes very near *Gre*, *slay*, a stroke, from *slap*, to strike; *lat slap*, a blow, a stroke, *Goth, blig-gren*, Ollig. *blawian*, to strike, *Swah, blen*, to strike, to throw. On the other hand, it may be named from the livid mark produced by a blow on the body. *Dr, blaue*, blue, livid; *blauewen, blaue*, to strike; *blauet*, a beater. (Kil.) *Pl. D. blaue*, livid marks. *Fris, blaude* and *blaue*, wound and bruise. 'St quis alius ad sanguinis effusionem vel livorem vires *blau* dictum haurit.' Ad livorem et sanguinem, quod *blot* et *blau* dictum.—*Wedgwood, Dictionary of English Etymology.*]

Blow, v. n. [from A.S. *blawan*, *blaurian* = blow as the wind = Germ. *blähen*.]

1. Make a current of air.

At his sight the mountains are shaken, and at his will the south wind *bloweth*.—*Ecclusiasticus, xliii. 16.*

Fruits, for long keeping, gather before they are full ripe, and in a dry day, towards noon, and when the wind *bloweth* and south; and when the moon is in decrease. *Bacon, Natural and Experimental History.*

It *blow* a terrible tempest at sea once, and there was one seaman perishing.—*Sir R. L'Estrange.*

If it *blow* a happy fair, we must set up all our sails, though it sometimes happens, that our natural head is more powerful than our care and correctness.—*Dryden.*

Blow over. Pass away.

Storms, though they *blow over* divers times, yet tarry full at last.—*Bacon, Essays.*
But those clouds being now happily *blown over*, and our sun clearly shining out again, I have recovered the relapse. *Sir J. Denham.*

When the storm is *blown over*,
How blest is the swain,
Who begins to discover
An end of his pain.

Graville.

2. Puff; puff; be breathless; breathe.

Here's Mrs. Pope at the door, sweating and *blowing*, and looking wibbly. *Shakespeare, Merry Wives of Windsor, iii. 3.*

Each aking nerve refuse the lance to throw,
And each spent courser in the chariot *blow*. *Pope.*

3. Sound with being blown; play on a wind instrument.

The priests shall *blow* with the trumpets.—*Joshua, vi. 4.*
Nor with less dread the loud
Ethereal trumpet from on high 'gan *blow*.

Milton, Paradise Lost, vi. 59.

There let the pealing organ *blow*,
To the full-voic'd quire below.

Id., H. Peneleos, 161.

Blow up. Fly into the air by the force of gunpowder.

On the next day, some of the enemy's magazines *blew up*; and it is thought they were destroyed on purpose by some of their men.—*Zutler, no. 55.*

Blow, v. a.

1. Drive by the force of the wind.

Though you untie the winds, and let them fight
Against the churches; . . .
Though blinded corn be lodg'd, and trees *blown*
down,

Though castles topple on their warders' heads.

Shakespeare, Macbeth, iv. 1.

Fair daughter, *blow* away those rinds and clouds.
And let thy eyes shine forth in their full lustre.

Sir J. Denham.

These primitive heirs of the Christian church could not so easily *blow* off the doctrine of passive obedience.—*South.*

BLOW

I will not say 'God's ordinance
Of death is *blown* in every wind,'
For that is not a common chance
That takes away a noble mind.

Summer woods, about them *blowing*,
Made a murmur in the land.
Id., The Lord of Burleigh.

2. Kindle into flame by blowing.

I have created the smith that *bloweth* the coals.—
Isaiah, liv. 14.

A fire not *blown* shall consume him.—*Job*, xx. 28.
All the sparks of virtue which nature had kindled
in them were *blown* to give forth their uttermost
heat, that justly it may be affirmed, they inflamed
the affections of all that knew them.—*Sir P. Sidney*.

3. Form into shape by the breath, bellows, or any similar artifice.

Spherical bubbles, that boys sometimes *blow* with
water, to which soap hath given a tenacity.—*Boyle*.
Some *blow* glass, some make paper, and others
linen.—*Sharpe, History of Egypt*, ch. xiii.

4. Sound an instrument of wind music.

Blow the trumpet among the nations.—*Jeremiah*,
ii. 27.

Where the bright seraphim, in burning row,
Their loud uplifted angel trumpets *blow*.
Milton, Ode, At a solemn Music, 10.

The trumpets sleep, while cheerful horns are
blown,
And arms employ'd on birds and beasts alone.
Pope.

5. Spread by report.

But never was there man of his degree,
So much esteem'd, so well believ'd as he:
So gentle of condition was he known,
That through the court his courtesy was *blown*.
Dryden.

Blow out. Extinguish by wind or the breath; scatter with firearms.

Your breath first kindled the dead coal of war,
And brought in matter, that should feed this fire;
And now 'tis far too huge to be *blown* out.
With that same weak wind which kindled it.
Shakespeare, King John, v. 2.

Moan, dip behind some cloud, some tempest rise,
And *blow* out all the stars that light the skies.
Dryden.

'Get away, you rascal,' said a gruff, but trembling
voice, 'or I'll *blow* your brains out.'—*Sir E. L. Bulwer, Pelham*, ch. lxx.

Blow up.

a. Raise or swell with breath.

A plume of sighing and grief! it *blows* a man up
like a bladder. *Shakespeare, Henry IV. Part I.*, v. 4.
Before we had exhausted the receiver, the bladder
appeared as full as if *blown* up with a quill. *Boyle*.
An empty bladder gravitates no more than when
blown up, but somewhat less; yet descends more
easily, because with less resistance.—*Green*.

b. Inflate with pride.

Blown up with the conceit of his merit, he did not
think he had received good measure from the king.
—*Bacon*.

c. Kindle, as with bellows.

His presence soon *blows* up the unkindly fight,
And his loud guns speak thick like angry men.
Dryden.

d. Move by affluence; inspire: (the word being used in a disparaging sense).

When the mind fluids herself very much inflamed
with devotion, she is too much inclined to think
that it is *blown* up with something divine within
herself.—*Addison*.

e. Burst with gunpowder; raise into the air.

Their chief *blown* up, in air, not waves, expired,
To which his pride presumed to give the law.
Dryden.

The mob broke into the house of one respectable
mercantile who held the unpopular faith, in order to
ascertain whether he had not run a mine from his
cellars under the neighbouring parish church, for
the purpose of *blowing* up parson and congregation.
—*Macaulay, History of England*, ch. ix.

f. Soiled.

Lord Gravelton, a stout, bluff, six-foot nobleman,
with a voice like a Stentor, was *blowing* up the
waiters in the coffee-room.—*Sir E. L. Bulwer, Pelham*,
ch. lv.

Blow. v. n. [from A.S. *blowan* = bloom = Ger. *blühen*.] Bloom; blossom.

We lose the prime to mark how spring
Our tumbled plants, how *blows* the citron grove,
What drops the myrrh, and what the balmy reed.
Milton, Paradise Lost, v. 21.

Fair is the kingcup that in meadow *blows*,
Fair is the daisy that beside her grows.
Gay, Pastorals.

For thee Idumæ's spicy forests *blow*,
And seeds of gold in Ophir's mountains glow.
Pope.

BLOW

blow. v. a. Make to blow, or blossom; produce.

For these Favonius here shall *blow*
New flowers. *B. Jonson, Mask at Highgate*.

'Tis there with humid bow
Waters the odorous banks, that *blow*
Flowers of more mingled hue
Than her purified scarf can shew.
Milton, Comus, 203.

Blow. s. Assemblage of flowers in bloom.

He believed he could shew me such a *blow*
of tulips, as was not to be matched in the whole
country.—*Tatler*, no. 218.

Blowball. s. [from its round head of down, which children often endeavour to blow away at one puff.] Herb dandelion (Leontodon Taraxacum) in seed.

Her treading would not bend a blade of grass,
Or shake the downy *blow-ball* from its stalk.
B. Jonson, Sad Shepherd, i. 1.

Blower. s.

1. One who blows what produces sound.

An instrument over-winded is tuned wrong,
Blame note but the *blower*, on him it is long.
Skelton, Poems, p. 201.

2. One employed in a blowing-house.

Add his care and cost in haying wood, and in
fetching the same to the blowing-house, together
with the *blower's* two or three months' extreme and
increasing labour. *Carew, Survey of Cornwall*.

3. One who destroys by explosion: (with up).

Underminers and *blowers* up.—*Shakespeare, All's well that ends well*, i. 1.

4. Apparatus, or contrivance, for insuring a draft of air in furnaces, chimneys, and the like.

Dr. Jervis has made a great many experiments on
this *blower*, one objection to which, however, has
always been the degree of luminosity with which the
blast has been loaded. — *Lardner, Cabinet Cyclo-
pedia, Manufactures in Metal, Iron and Steel*,
ch. iii.

Blowfly. s. [?] Fleshfly; meatfly: (Musca carnaria).

The common large *blowfly*, as every one knows,
deposits its eggs on animal flesh either fresh or put-
rid. — *Rees, Cyclopaedia, Musca*.

Blowing. verbal abs. [from blow as a flower.]

See extracts.

The *blowings*, or catkins (of the chestnut tree),
be slender, long, and green. — *Gerarde, Herball*, p.
1233; ed. 1633. (Ord MS.)

The *blowings*, or aglets (of the chestnut trees),
come forth with the leaves in April, but the nuts
later. — *Ibid.*, p. 1254. (Ord MS.)

Blowing (up). verbal abs. Bursting or raising with gunpowder.

The captain, hoping by a mine to gain the city,
approached with soldiers ready to enter upon *blow-
ing* up of the mine. — *Knox, History of the Turks*.
I might perhaps to premise, that, having arrived at
about five, I went to wine at Brasenose, with a most
admirable person, called in those parts Solter Tom;
and while in his rooms, a fancy came into my head,
that the *blowing* up of Cain and Abel, who stand
check by jewel in the middle of the quadrangle, would
be excellent fun. — *Theodore Hook, Giltart Gurney*,
vol. ii. ch. ii.

Blowing-house. s. See extract.

The smelting of tin ores is effected in two different
methods. . . In the second, the tin ore is fused in a
blast furnace, called a *blowing-house*, supplied with
wood charcoal. — *Ere, Dictionary of Arts, Manu-
factures, and Mines*, &c.

Blown. part. adj.

1. Puffed out; swollen.

No *blown* ambition doth our arms helme,
But, love, dear love, and our aged father's right.
Shakespeare, King Lear, iv. 4.

2. Out of breath.

He's deadly *blown*, to be sure, your honour; and
I am afraid we are upon a wrong scent after all. —
Colum, The Indian Wife, li. 1.
Yes, this is bet' Zounds! I am quite out of breath
— Sir, I am come to — Where? I beg pardon —
but, as you perceive, I am devilishly *blown*. — *Colum*
the younger, *The Poor Gentleman*, iii. 3.

Blown upon. Made stale; rendered disrepu-
table. (The connection between the ideas of
blowing and *blasting*, or *blighting*, explains
this meaning; and it is probable that it
was the participle, in combination with *on*
or *upon*, which was first used to express
tainting. On the same principle the partici-
ple *Flyblown* is far commoner than the
simple verb *Flyblow*.)
I am wonderfully pleased when I meet with any

BLUB

{BLOW
{BLUBBER

passage in an old Greek or Latin author, that is not
blown upon, and which I have never met with in
any quotation. — *Addison*.

It will whisper an intrigue that is not yet *blown*
upon by common fame. — *Id.*

Even so late as the time of George the Second,
the keenest of all observers of life and manners,
himself a priest, remarked that, in a great house-
hold, the chaplain was the resource of a lady's maid
whose character had been *blown* upon, and who was
therefore forced to give up hopes of catching the
steep. — *Macaulay, History of England*, ch. iii.

In the following extracts the word 'blow'
really means *flyblow*, and it is only the con-
text that makes their meaning intelligible.

I would no more endure
This wooden slavery, than I would suffer
The flesh-fly *blow* my mouth.
Shakespeare, Tempest, iii. 1.

Rather on Nilus' banks
Lay me stark naked, and let the water-flies
Blow me into abhorring.
Id., Antony and Cleopatra, v. 2.

Blowpipe. s. Tube used by glassworkers, jewellers, and other artificers.

The *blowpipe* in its most simple form consists of a
tube with an extremely minute aperture at one end,
through which a current of air is propelled, and
directed upon the flame of a lamp or candle. — *Ency-
clopedia Metropolitana*, in voc.

Blowpoint. s. 'Child's play: (perhaps like Pushpin). Obsolete.

Shortly boys shall not play
At spencerout or *blowpoint*, but shall pay
Till to some courtier.
Donne.

Blowth. s. [from blow, as growth from grow, and tilth from till. — Abstracts of this kind, i. e. in th, are generally formed from adjectives, as length, strength, highth, youth, from long, strong, high, young, rather than from verbs.] Bloom, or blossom. Rare.

Ambition and covetousness being but green, and
newly grown up, the seeds and effects were as yet
but potential, and in the *blowth* and bud. — *Sir W.
Raleigh*.

Blowze. s. One (generally, perhaps always, a female) with a blowzy face.

Nor list I sound of my mistress' face,
To paint some *blowze* with a borrow'd grace.
Bishop Hall, Satire, i. 1.

Sweet *blowze*, you are a beautiful blossom sure!
Shakespeare, Titus Andronicus, iv. 2.

I had rather marry a fair one, and put it to the
hazard, than be troubled with a *blowze*. — *Barton*,
Indoors of Manichol, p. 631.

Being such a *blowze* herself, a widdy should not
mock a Jew. *Dr. Clarke, Sermons*, p. 371: 1637.

Blowze. v. a. Make blowzy.

I mean we should go there gently. You know
the church is two miles off; and I protest I don't
like to see my daughters trudging up to their paw
all *blowzed* and red with walking, and looking for a
while as if they had been winners at a stock
race. — *Goldsmit, Fear of Wakenhol*, ch. x.

It was in this manner that my eldest daughter was
browned in and thumped about, all *blowzed*, and in
spirits, and hawling for fair play, fair play, with a
voice that might deafen a ballad-singer, when, con-
fusion on confusion, who should enter the room
but our two great acquaintances from town, Lady
Barney and Miss Carolina Wilhelmina Skeggs. —
Ibid., ch. xi.

Blowzy. adj. [the spelling of this word is phonetic rather than etymological; cognate forms being with s, Dut. *blonsert*, Dan. *bløsse* = glow. Still it is Johnson's, and as the word is colloquial, if not vulgar, it stands as he left it. The z, as denoting a broader sound than s, echoes better to the sense and to the actual pronunciation.] Having the glow of rude health.

A face made *blowzy* by cold and damp. — *Silas
Marner*, ch. xi.

Blabbed. part. adj. Swelled. Rare.

My face was *blown* and *blab'd* with dropsy wan.
Mirror for Magistrates, p. 112.

Blabber. s. [see extract.]

1. Fat of the marine Mammalia, as the seal, walrus, and, more especially, the cetaceous animals of the North Seas, e.g. the whale.

Cetaceous fishes—whose whole body being circum-
passured with a copious fat *blabber*, which doth the
same thing to them that clothes do to us.—*Ray, in
Richardson*.

That highly carbonized food which in a very cold
climate is absolutely necessary to life, is not pro-
duced in so facile and spontaneous a manner. It
is not, like vegetables, thrown up by the soil; but it

consists of the fat, the blubber, and the oil, of powerful and voracious animals.—*Darke, History of Civilization in Antiquity*, p. 57.

2. Certain Actinia so called, chiefly of the genus *Medusa*.

This has given birth to a distinction of them into two classes, which is as old as Aristotle; those of the one being such as move in the open sea, called by later writers, *Urticeæ*, and referred by Linnaeus to the genus *Medusa*, and denominated by the common people *Sea Jellies* and *Sea Blubbers*; and those of the other such as are fixed to rocks, and were supposed always to remain immovably in the same place, which belong to the Actinia of Linnaeus.—*Rees, Cyclopaedia*.

3. Blubbered: (i.e. used as either an adjective or the first element in a compound).

If out of the same author I should describe the devils of Crowland (with their *blubber-tips*, fiery mouths, scaly faces, beetle-heads, sharp teeth, hoarse voices, hoarse groans, black skins, hump shoulders, big bodies, burning veins, bloody eyes, indelible tattoos, &c.), which formerly haunted those places and very much annoyed Githlacs and the monks, you would laugh at the history, and much more at my madness in relating it. *Camden, Britannia*, i. 321.

[This word seems directly formed by imitation, and is intended to represent the noise made by a mixture of air and liquid shaken together, or spluttering out together, whence the sense of bubble, froth, foam. "The water blubbers up." (Baker, Northamptonshire Gl.)

'And at his mouth a blubber stode of foam.' (Chaucer.)

Hence the modern application to the coating of fat with which the whale is enveloped, consisting of a network or frothy structure of vessels filled with oil.—*Waggoner, Dictionary of English Etymology*.

For further remarks on the combination *b* and *l*, as an imitative sound, see *Illustrations*.

Blubber, v. n. Weep in such a manner as to swell the cheeks.

Even so flows she,

Blubb'ring and weeping, weeping and *blubb'ring*.

Shakespeare, Romeo and Juliet, iii. 3.

A thief came to a boy that was *blubbery* by the side of a well, and asked what he cried for. *Sir R. L. Estcourt*.

Soon as *blunderlitch* miss'd her pleasing care,
She wept, she *blubber'd*, and she tore her hair.

Swift.

Blubbered, part. adj. Swelled with weeping; overswollen.

Fair streams represent unto me my *blubber'd* face;
let tears procure your stay.—*Sir P. Sidney*.

Then sing with him, then *blubb*! never pipe
Was so profound, in touch that *blubb'd* lip.

Dryden.

Blubbery, verbal abs. Act of one who blubbers.

He was angry and said, 'Who would have you otherwise, you foolish slut? Cease your *blubbery*... Go take a walk in the garden and don't go in till your *blubbery* is over.'—*Richardson, Pamela*, let. 2.

Bludgeon, s. [?] Short stick, with one end loaded: (used as an offensive weapon).

There was no mistaking the savage eye and mouth of Jefferys. The alarm was given. In a moment the house was surrounded by hundreds of people slinking *bludgeons* and bellowing curses.—*Murphy, History of England*.

Bands of hired ruffians armed with *bludgeons* and inflamed by drink paraded the public thoroughfares, intimidating voters, and resending their access to the polling places.—*T. Erskine May, Constitutional History of England*, i. 291.

Blue, adj. [A.S. *blæw*.]

1. Of the colour so named.

Where first that find'st unmark'd, and hearths unwept,

There pinch't the maids as *blue* as hillyberry.

Shakespeare, Merry Wives of Windsor, v. 5.
Sir Lucius looked *blue*, but he had lodged; and Lord Squin looked yellow, but some doubted.—*Diarrhi the younger, The young Duke*, b. i. ch. v.

2. Literary: (applied to women). See *Bluestocking*.

It was rather a *blue* party, but Mrs. Fletcher Green contrived to enliven it, and with her bonied words overcame the flavour of the praisic acid, which otherwise would have predominated.—*Theodore Hook, Gilbert Gurney*, vol. ii. ch. ii.

My Lord, a sweetman, but soft withal; his talk, the Jockey Club, filtered through Whit's. My Lady, a little *blue*, and very beautiful.—*Diarrhi the younger, The young Duke*, b. i. ch. ii.

Blue, s.

1. Pigment of the colour denoted by Blue the adjective.

There was scarce any other colour sensible, besides red and *blue*; only the *blues*, and principally the second *blue*, inclined a little to green.—*Sir I. Newton*.

The *blues* of vegetable origin, in common use, are indigo, litmus, and blue cakes.—*Ure, Dictionary of Arts, Manufactures, and Mines, Blue Pigments* &c.

2. Literary lady. See *Bluestocking*.
Amelia on one side of him, and the *blue* on the other.—*Theodore Hook, Gilbert Gurney*, vol. ii. ch. iv.

Blue-devils, s. Extreme lowliness of spirits. Away with *blue-devils*, away with distresses.

Rejected Addresses.
I was loitering over my breakfast the next morning, and thinking of the last night's scene, when Lord Vincent was announced. 'How fares the gallant Polham?' said he, as he entered the room. 'Why, to say the truth,' I replied, 'I am rather under the influence of *blue devils* this morning, and your visit is like a sunbeam in November.'—*Sir E. L. Bulwer, Pelham*, ch. xx.

But where is our hero? Is he forgotten? Never! But in the dumps, *blue-devils*, and so on. A little lullaby, it may be, and dull. He scarcely would amuse you at this moment. So we come forward with graceful bow—the Jack Pudding of our doctor, who is behind.—*Diarrhi the younger, The young Duke*, ch. v.

Bluebell, s. This name applies to two British plants, each blue, and each, though in a different way, resembling a bell. The one, *Campanula rotundifolia*, which flowers at the close of summer, is also called the *hare* (i.e. *heather*) *bell*, and this makes it convenient to restrict the name, as much as possible, to the second plant, though less bell-like. This last is the *Scilla nutans*, or *Agraphis non-scripta*, the common wild hyacinth, as it is sometimes called, which flowers in the spring.

Or when little girls arise,
How the merry *bluebell* rings
To the mosses underneath? *Tennyson*.
When side by side, and hand in hand, we strayed
Along the greenwood and the rivulet,
Beneath each eave a paradise, that roofed
The primrose and the *bluebell*.

J. H. Jewes, The last War of the Roses.

Bluebook, s. Book containing reports of committees, and evidence laid before them, printed by order of parliament, and bound in blue pasteboard.

I found him in an easy chair with a big *blue-book*, which he wished me to believe he was reading.—*Thackeray, Our Street*.

Bluebottle, s.

1. Flower so called (*Centaurea Cyanus*).

If you put *bluebottles*, or other blue flowers, into an ant-hill, they will be stained with red; because the ants thrust their stings, and instil into them their stinging liquor.—*Rap*.

2. Fly with a large blue abdomen.

Say, sire of insects, mighty Sol,
A fly upon the chariot-pole
Cries out, What *bluebottle* alive
Did ever with such fury drive?

Prior.

In the following extract the accent makes it two words. See *Bluestocking*.

Humming like flies around the newest blaze,
The bluest of *blue bottles* you e'er saw,

Byron, Beppo, 74.

Bluescap, s. See extract.

I have one observation more, viz. Besides what salmon are bred in our rivers, there come some years from the north (I guess, when the winds are much more westerly) great shoals of salmon, which often take in at the mouths of our rivers, especially if the north bar be open, and these have a broad blue spot on their heads, and are by our fishers therefore called *blue-caps*.—*Ray, Correspondence, Letter of Mr. Johnson*, p. 127.

Bluejacket, s. Sailor.

Perched in the centre was a smart hatchet-faced lieutenant giving orders, crying 'blue-jackets' here, and 'marines' there.—*J. Hanning, Singleton Post-boy*, ii. 3.

Bluelight, s. (used adjectively in extract.)

Generally any light of a blue colour (more commonly used of signal lights at sea; but also of stage lights indicating by their ghastly hue something connected with sulphur and its infernal suggestions, and employed to convey an impression of mystery or magic); in colloquial slang, Puritans or ultra-Evangelicals.

That fable, indeed, first set afloat by some Trevelyan journalist of the period, and which has floated nobly enough into every European ear since then, of there being an association specially organised for the destruction of government, religion, society,

civility (not to speak of titles, rents, life, and property), all over the world, which hell-serving association met at the Baron d'Holbach's, there had its *blue-light* seditious, and published Transactions legible to all—was and remains nothing but a fable.—*Carlyle, Essays, Diderot*.

Bluely, adv. With blue a colour.

Their colour's changeable variety,
First blue and white, then yellow, after red,
Then *bluely* pale, then duller still, till after dead.

Dr. H. More, Infinity of Worlds, at. 04

This squire he dropp'd his pen full soon,
While as the light burnt *bluely*. *Swift*.

Blueness, s.

1. Quality of being blue.

In a moment our liquor may be deprived of its *blueness*, and restored to it again, by the affusion of a few drops of liquors.—*Boyle, On Colours*.

2. Livid appearance: (used of a wound or bruise).

The *blueness* of a wound cleanseth away evil.—*Proverbs*, xx. 30.

Nothing but the *blueness* of our wounds to boast on.—*Felltham, Sermon on Ecclesiastes* ii. 11.

3. Indecency.

Among these multitudinous, most miscellaneous writings of his, in great part a manufactured farce of Philosopher no longer saleable, and now looking melancholy enough, are two that we can almost call poems; that have something personally poetic in them: Jacques le Fataliste, in a still bolder degree, the Neveu de Rameau. The occasional *blueness* of both; even that darkest indigo in some parts of the former, shall not altogether fright us.—*Carlyle, Essays, Diderot*, 240.

Bluetripe, s. [from the pipelike form and usual purplish colour of the tube of the corolla.] Common lilac.

They make use of all sorts of leaves indifferently for this purpose, as the willow and the thorn; and they were mightily pleased with the leaves of certain *blue-pipe* trees, or lilac, which grew in our walks.—*Ray, Correspondence, Letter of Lister*, p. 60.

Blues, s. Regiment of Royal horse-guards blue: (called also the Oxford Blues because first raised by the Earl of Oxford).

His son Aubrey, in whom closed the longest and most illustrious line of nobles that Kindred has seen, a man of loose morals, but of indolent temper and of nearly manners, was Lieut. Colonel of Blues, and Colonel of the Blues.—*Manning, History of England*, ch. vii.

Bluestocking, s. (used also adjectively.) [see extract.] Literary lady.

About the year 1781, it was much the fashion for several ladies to have evening assemblies, where the fair sex might participate in conversation with literary and ingenious men, animated by a desire to please. These societies were denominated *Bluestocking Clubs*; the origin of which title being little known, it may be worth while to relate it. One of the most eminent members of those societies, when they first commenced, was Mr. Stillingfleet, whose dress was remarkably grave, and in particular it was observed that he wore blue stockings. Such was the excellence of his conversation, that his absence was felt as so great a loss, that it used to be said, 'We can do nothing without the *blue stockings*;' and thus by degrees the title was established.—*Boswell*, viii. 80.

Mrs. Montague, founder of the *Blue-Stocking Club*, whose once famous *Essay on the Writings and Genius of Shakspeare* was published in 1740, and who survived till the year 1800.—*Craik, History of English Literature*, ii. 200.

In the following extract it is two words; the division being determined by the contrast between the two blues. That this is not unfrequent in Byron may be seen under *Bluebottle*.

Contented, when translated, means but coldly;

And hence arise the woes of sentiment.

Blue devils, and *blue stockings* and rancours

Reduced to practice, and performed like dances.

Byron, Don Juan, xiv. 79

Bluff, adj. [Dut. *blaf*=plain, level.]

1. Big; surly; blustering.

Like those whose stature did to crowns prefer,
Black-brow'd and *bluff*, like Homer's Jupyter

Dryden.

2. Not pointed; obtuse: (so a *bluff*-headed ship, in naval language, is opposed to one that is *sharp*-headed).

There is also at Cabo Corso a publick Petish, the guardian of them all; and that is the rock Tabra, a *bluff* peninsular prominence that juts out from the bottom of the cliff the castle stands on, making a sort of cover for landing, but so unsafe as frequently to expose the boats and people to danger, the sea breaking over with great force.—*Aldrich, Voyage*, p. 103.

They had some belief of a Deity, which they, upon surprisal, thus *blurt* out.—*Dr. H. More, Government of the Tongue.*

They blush if they *blurt* out, ere well aware.
A swan is white, or Queenberry is fair. *Young.*
[To *blurt*.] To blurt out suddenly with an explosive sound of the mouth. See a *blurt* of greeting, a blurt of tears. (Jannissian.) It, however, signifies, to make mouths, or *blurt* with one's mouth; chide, a blurt with one's fingers, or *blurt* with one's mouth. (Florida.)—*Wedgwood, Dictionary of English Etymology.*

Blush. *v. n.* [A.S. *ablisan*.]

1. Betray shame or confusion, by a red colour on the cheek or forehead.

I will go wash;
And when my face is fair, you shall perceive
Whether I *blush* or no. *Shakespeare, Coriolanus*, i. 3.
Blush then, but *blush* for your destructive silence,
That tears your soul.
Smith, Phædra and Hippolytus.

With *at*.

He whin'd, and roar'd away your victory,
That junes *blush'd* at him; and men of heart
Look'd wounding at each other.
Shakespeare, Coriolanus, v. 3.
You have not yet lost all your natural modesty,
but *blush* at your vices.—*Calamy, Sermons.*

2. Be of a red colour, or of any soft and bright colour.

But here the roses *blush* so rare,
Here the morning glories smile so fair,
As if neither cloud, nor wind,
But would be courteous, would be kind. *Ceasaire.*

Blush. *v. a.* Colour with a blush; make red.

Rare.
Pale and bloodless,
Being all descended to the labouring heart,
Which with the heart there robs, and ne'er re-
turneth
To *blush* and beautify the cheek again.
Shakespeare, Henry VI. Part II. iii. 2.
Old dotting Tithonus, hold Aurora fast,
And though she *blush* the day-break from her cheeks,
Conceal her still.
Beaumont and Fletcher, Wife for a Month.

Blush. *s.*

1. Colour in the cheeks raised by shame or confusion; red or purple colour.

The virgin's wish, without her fears, impart;
Erase the *blush*, and pour out all the heart. *Pope.*
Can the *blush*, by his art, restore, for a space,
to the dry and withered rose, the natural purple
and *blush*, and rouse the Almighty rise and re-
fine the body of man, after never so many altera-
tions on the earth?—*Drammatic, Cypress Grove*,
121. (Ord MS.)

2. Sudden appearance.

All purely identical propositions, obviously and
at first *blush*, appear to contain no certain instruc-
tion in them.—*Locke.*
The argument about your jointure, your letters
of credit, even your passport, I will attend to myself;
only too happy if, by this painful interference, I have
in any way contributed to soften the annoyance
which at the first *blush* you may naturally experi-
ence, but which, like everything else, take my word,
will wear off.—*Dialects the younger, Coningsby*,
ch. vi.

Blushet. *s.* [?] Young modest girl. *Ob-
solete.*

No Pecunia
Is to be seen, though mistress Bond would speak,
Or little *blushet* Wax be ne'er so easy.
B. Jonson, Staple of News.
Go to, little *blushet*, for this, man,
You'll stand forth a laugh in the shade of your fan.
Id., Entertainments.

Blushful. *adj.* Full of blushes; covered with blushes.

From his [the sun's] ardent look the turning
Spring
Averts her *blushful* face. *Thomson, Summer.*

Blushing. *verbal abs.* Showing, or exhibi-
tion, of a blush.

Shame causeth *blushing*; *blushing* is the resort
of the blood to the face; although *blushing* will be seen
in the whole breast, yet that is but in passage to the
face.—*Bacon.*

The *blushings* of those that are of most modest
looks. *Jenny Taylor, Artificial Handsomeness*,
p. 48.

Blushing. *part. adj.* Showing a blush.

I have mark'd
A thousand *blushing* apparitions
To start into her face; a thousand innocent shames,
In angel whiteness, flash away these *blushes*.
Shakespeare, Much Ado about Nothing, iv. 1.
To-day he puts forth
The tender leaves of hope; to-morrow blossoms,
And bears his *blushing* honours thick upon him.
Id., Henry VIII. iii. 2.

Along those *blushing* borders, bright with dew.

Behold the duteous son, the sire decay'd,
The modest matron, and the *blushing* maid,
Forced from their homes, a melancholy train,
To traverse chimes beyond the western main,
Where wild Oswego spreads her swamps around,
And Niagara stuns with thundering sound?
Giddings, The Traveller.

Blushless. *adj.* Without a blush; impudent;
barefaced.

Women vow'd to *blushless* iniquities. *Marton.*
Gotho did like a *blushless* statue stare.
Sir W. Dawcutt, Gaudibert.

Blushy. *adj.* With the colour of a blush.

Rare.
Blossoms of trees, that are white, are commonly
indomest; those of apples, crab, peaches, are *blushy*
and sweet.—*Bacon, Natural and Experimental
History.*
Stratonic entering, mov'd a *blushy* colour in his
face; but deserting him, he relapsed into paleness
and haughtiness.—*Harvey, Discourse of Consumptions.*

Bluster. *v. n.*

1. Roar as a storm; be violent and loud.

Can man such follies utter, and be wise;
Which *bluster* from the tempest of his mind,
As if thy breast enclow'd the eastern wind.
G. Sandys, Job, p. 23.
So shape chased shape as swift as, when to land
bluster the winds and tides the self-same way,
Crisp foam-fakes send along the level sand,
Torn from the fringe of spray.
Temngton, A Dream of Fair Women.

2. Bully; puff; swagger; be tumultuous.

Either he must sink to a downright confession, or
must huff and *bluster* till perhaps he raise a counter-
storm. *Dr. H. More, Government of the Tongue.*
There let him reign the jailor of the wind;
With horse commands his breathing subjects call,
And boast and *bluster* in his empty hall. *Dryden.*
Well—'twere well that I should *bluster*!—Hadst thou
less unworthy proved—
Would to God for I had loved thee more than ever
wife was loved. *Temngton, Locksley Hall.*

Bluster. *v. a.* Overthrow by blustering.

Do the Chaldeans and Sabæans feloniously drive
away the herds of Job; doth the devil, by a tem-
pestuous wind, *bluster* down the house, and rob him
of his children?—*Seconable Sermons*, p. 25.

Bluster. *s.*

1. Roar of storms; tempest.

The skies look grindy,
And threaten present *blusters*. In my conscience,
The heavens with that we have in hand are angry.
Shakespeare, Winter's Tale, iii. 3.
To the winds they set
Their corners; when with *bluster* v to enfold
Sea, air, and shore. *Milton, Paradise Lost*, x. 664.

2. Noise; turbulence; boisterousness; boast-
ingness.

So, by the brazen trumpet's *bluster*,
Troops of all tongues and nations muster.
Scare thy Arabian crew, and those kin,
Which in the *bluster* of thy wrath must fall
With those that have offended.
Shakespeare, Timon of Athens, v. 5.

A coward makes a great deal more *bluster* than
a man of honour.—*Sir B. L. Extrange.*

Some people's share of animal spirits is notoriously
low and defective. It has not strength to raise a
vapour, or furnish out the wind of a tolerable *bluster*.
These love to be told that huffing is no part of
valour. *Lamb, Essays of Elia, Popular Fallacies*,
That a Bully is always a Coward.

Blusterer. *s.* Swaggerer; bully; tumultuous
noisy fellow.

A *blusterer*, that the rattle knew
Of court, of city. *Shakespeare, Lover's Complaint.*
Bouffant the *bluster* was indeed a *blusterer*, and
excommunicated Philip the Fair of France.—*Dr.
H. More, Exposition of the Seven Churches*, ch. v.

Haraphia, in the 'Agonistes,' is indeed a bully
upon the received notions. Milton has made him at
once a *blusterer*, a giant, and a dastard. But Al-
mazon, in Dryden, talks of driving armies singly
before him and does it.—*Lamb, Essays of Elia*,
Popular Fallacies, That a Bully is always a Coward.

Blustering. *verbal abs.* Tumult; noise.

They endure the tempestuous *blustering* of tem-
ptations with the difficulty of their health. *Martin*,
On the Marriage of Priests, sign. Bc. ii. 153.
The rage and *blustering* of so impetuous an ad-
versary.—*South, Sermons*, vi. 290.
Virgil had the majesty of a lawful prince, and
Statius only the *blustering* of a tyrant.—*Dryden.*

Blustering. *part. adj.* Making a bluster.

So now he storms with many a sturdy scour;
So now his *blustering* blast each coast doth scour.
Spekner, Færie Queen.
My heart's too big to bear this, says a *blustering*
fellow: I'll destroy myself. Sir, says the gentleman,
here's a dagger at your service: so the humour went
off.—*Sir B. L. Extrange.*

Peleus and Telephus, in misery,
Lay their big words and *blustering* language by,
If they expect to make their audience cry.

Oldham, Imitation of Horace's Art of Poetry.
He was a *blustering*, loud-talking person; and I
recollected the phenomenon to my ideas as an em-
blem of power—somewhat like the horns in the
forehead of Michael Angelo's Moses.—*Lamb, Essays
of Elia, The Old Bencher of the Inner Temple.*

Blusterous. *adj.* Tumultuous; noisy.

Now, mild may be thy life!
For a more *blusterous* birth had never babe.
Shakespeare, Pericles, iii. 1.
The ancient heroes were illustrious
For being benign, and not *blusterous*.
Buller, Hudibras.

[As this is the last word beginning with
bl, a few remarks may be made on the
combination. It is one which supplies an
unusually great number of words formed
on the imitative or onomatopoeic principle;
the principle which associates certain ideas
with certain physical sounds, and which is
well illustrated by words like Hum, Buzz,
Whizz, Bizz, Liss, &c., where the sound
evidently, to use a well-worn illustration,
echoes to the sense.

The sound of *b* is labial, or formed
mainly by the lips. It is vocal, or sonant,
as opposed to those of *p* and *f*; which are
surd or uttered as whispers. It is explosive
(i. e. it cannot be prolonged), as opposed to
those of *f* and *v*.

In the expression of any notion
connected with the sound of *bubbles*, the initial
b is a natural element; whether it denotes
their formation or their breaking. The
extent of its application (i. e. the question
as to the number of ideas which may be
deduced from the physical sounds under
notice) is another matter. That hurried
and loose language is one of them seems
to be generally admitted. Hence few have
objected to words like Bleb, Blob, Blah,
and the derivatives which can undoubtedly
be connected with them, being treated as
words of which the origin is clearly phys-
ical.

The same origin is, perhaps, generally
allowed to certain words of a similar im-
port ending in *d*: at any rate, the notion
of a vesicle is common to the words Bleb
and Bladder; and the notion of loose talk
to the words Blab, Bletcher and Blotter in
Scotch and old English, and Plaudern, &c.,
in German.

The idea of *blowing* gives us another
physical sound, the origin of numerous
admitted onomatopoeic derivatives. The
present *vo* represents a *v*, which also,
as shown by *flue*, belonged to Latin *fla*;
where the explosive labial *b* has for its
equivalent the corresponding continuous *f*.

With a final sibilant (expressive of a
hiss) we get Blaze denoting a rush of
flame, and Blast one of wind with the
blighting effects of flame, a word evidently
connected with Bluster, and, perhaps, with
Blare.

For Blot Mr. Wedgwood thinks we
have, at the bottom, a mune for the falling
of a drop of liquid.

In Blat, as in Baa, the word is purely
imitative in the strict sense of the term;
upon which more is said in the Preliminary
Notice.

How much ground these onomatopoeias
cover is a question upon which, probably,
no two writers would agree; but it is also
a question of which we may now take
leave, as belonging to Comparative Philo-
logy in general rather than to
Lexicography.]

Bo i interi. Word used to scare or surprise the person to whom it is addressed. (A person is said to be so foolish or timid as not to be able to say *Bo* to a goose.)

I'll rather put on my flushing red nose and my flaming face, and come wrapped in a calf's skin, and cry *bo, bo!* I'll pray the scholar, I warrant thee.—*Robin Goodfellow*, in *Wily Beguiled*.

Bo-tree. *s.* [Indian.] See *extract*.

To this genus belongs the sacred *Bo-tree* of the Buddhists, *Ficus religiosa*, which is planted close to every temple, and attracts almost as much veneration as the statue of the god himself. At Anurajapora is preserved the identical tree said to have been planted 288 years before the Christian era.—*Sir F. Tennent*, *Ceylon*, pt. i. ch. iii.

Bôa. *s.* [Lat.—probably a word from the language of Dalmatia: see *Du Fresnoe* in *voce*.] Genus of serpents comprising several species, especially the *Boa constrictor*.

In most Serpents (the kidneys) are unsymmetrically situated. . . . Each renal *bôa* is so distinct that it may be regarded as a separate kidney or reule: it is reniform in Python and *Bôa*, and is principally composed, &c.—*Owen*, *Anatomy of Vertebrates*, i. 539.

Boar. *s.* [A.S. *bôr*.] Male swine; wild boar. The boar out of the wood doth waste it.—*Pealms*, lxxx. 13.

Boar-spear. *s.* Spear used in hunting the boar. And in her hand a sharp boar-spear she held, And at her back a bow and quiver gay, Stuffed with steel-headed darts.—*Spenser*, *Fæerie Queen*.

Echion threw the first, but missed his mark, And struck his boar-spear on a maple bark.—*Dryden*.

Board. *s.* [A.S. *bord*.—*Bord* is a German word; but it was taken up in the French, whence it reached England as an Anglo-Norman one. Hence, it is difficult to give the exact details of all its derivatives. As a general rule, it may be laid down that it is a word of Anglo-Saxon origin when it means *piece of wood, table*, and the like; of Anglo-Norman when the notion of *side* prevails. It is certainly Anglo-Norman when, as a verb, it can be rendered by *account*.]

1. Piece of wood of greater length and breadth than thickness.

With the saw they mudded trees in boards and planks.—*Sir W. Raleigh*.

Go now, go trust the wind's uncertain breath, Remov'd four furlongs from approaching death; Or seven at most when thickest is the board.—*Dryden*.

2. Side of a ship.

Now bade to board the rival vessels row, The billows lave the skies, and ocean grows below.—*Dryden*.

He ordered his men to arm long poles with sharp hooks, where-with they took hold of the tackling, which held the mainyard to the mast of their enemy's ship; then, rowing their own ship, they cut the tackling, and brought the mainyard by the board.—*Aethelnot*, *Tables of Ancient Coins, Weights, and Measures*.

On board. In a ship.

Our captain thought his ship in so great danger, that he confounded himself to a capuchin, who was on board.—*Addison*.

Accordingly they this year resolved to assert their right to them, and expel or rather capture our garrison: and with this view they prepared a numerous flotilla of gunboats at Havre, under the command of Captain Muskein, which took on board what was reckoned a sufficient land-force under the command of General Point; and early in the spring moved to attack the two islands.—*Young*, *Naval History of Great Britain*.

3. Table.

Soon after which, three hundred lords he slew, Of British blood, all sitting at his board.—*Spenser*, *Fæerie Queen*.

In bed he slept not, for my urging it: At board he fed not, for my urging it.—*Shakespeare*, *Comedy of Errors*, v. 1.

I'll follow thee in funeral finery; when dead, My ghost shall thee attend at board and bed.—*Sir J. Denham*.

Cleopatra made Anthony a supper, which was sumptuous and royal; howbeit there was no extraordinary service upon the board.—*Hakewill*, *Apology*.

May every and his friendly aid afford: Pau guard thy flock, and Ceres bless thy board.—*Prior*.

4. Entertainment; food; meals: (as opposed to accommodation for sleeping; 'bed and board' meaning both, though they may be separated; and the separated 'lodgings,' or 'lodging,' meaning *bed*. The distinction, however, is not kept to very closely. See *Day-Boarder and Lodging*.)

And, like their manners, cherish in their speech, Their lodging hard, their board to be abhor'd.—*Mirror for Magistrates*, p. 252.

Sometimes white lilies did their leaves afford, With wholesome poppy flowers, to mend his lonely board.—*Dryden*, *Virgil's Georgics*, iv.

5. Table at which a council or court is held; assembly seated at a table; court of jurisdiction.

I wish the king would be pleased sometimes to be present at that board; it adds majesty to it.—*Jacobs*.

Both better acquainted with affairs, than any other who sat then at that board.—*Lord Chroulton*. He was at the same time again sworn a member of the Privy Council from which he had been expelled with ignominy; and he was honoured a few days later with a still higher mark of the King's confidence, as was at the board of Regency.—*Macaulay*, *History of England*, ch. xxi.

A question arose how, for the future, the colony should be governed. The general opinion of the board was that the whole power, legislative as well as executive, should abide in the crown. *Davison*, *Translation of Schlosser's History of the Eighteenth Century*, vol. i. ch. ii.

In boards. A book is said to be in boards when its sides are of pasteboard and paper exclusively, as opposed to leather or cloth, though in reality every bound book is in boards, pasteboard being the material of which the sides are mainly made.

Bookbinding is the art of sewing together the sheets of a book, and securing them with a back and side boards.—*Ure*, *Dictionary of Arts, Manufactures, and Mines*, *voce*, *Bookbinding*.

In old libraries cloth-covered boards may, indeed, occasionally be seen; but they have the meanest aspect. . . . This new style of binding (in embossed cloth) is distinguished not more for durability, elegance, and variety, than for economy and despatch. For example, should a house in this line receive volumes upon Monday morning, they can have them all ready for publication within the incredibly short period of two days; being far sooner than they could have nicely boarded them upon the former plan.—*Thiel*, *Cloth Binding*.

Board. *v. a.*

1. Lay with boards.

Having thus boarded the whole room, the edges of some boards lie higher than the next board; therefore they peruse the whole floor; and, where they find any irregularities, plane them off.—*Bacon*, *Mechanical Exercises*.

2. Enter a ship by force: (same as *storm*, used of a city.)

I boarded the king's ship: now on the bench, Now in the waist, the deck, in every cabin, I flam'd amazement.—*Shakespeare*, *Tempest*, i. 2. He, and inclin'd the English ship to board, More on his guns relies than on his sword, From whence a fatal volley we receiv'd; It miss'd the duke, but his great heart it griev'd.—*Walter*.

Arm, arm, she cry'd, and let our Tyrians board With ours his fleet, and carry fire and sword.—*Sir J. Denham*.

As soon as a merchant ship arrived in the bay of Galway or in the Shannon, she was boarded by these robbers.—*Macaulay*, *History of England*, ch. xvii.

3. Attack; accost, or make the first address to another (*Fr. aborder quelqu'un*).

Sure, unless he knew some strain in me, that I knew not myself, he would never have boarded me in this fury.—*Shakespeare*, *Merry Wives of Windsor*, ii. 1.

They learn what associates and correspondents they had, and how far every one is engaged, and what new ones they meant afterwards to try or board.—*Bacon*, *History of the Reign of Henry VII.*

4. Supply with board: (in the sense of *entertainment*.)

Still better was the condition of the labourer in the neighbourhood of Bury Saint Edmund's. The magistrates of Suffolk met there in the spring of 1682 to fix a rate of wages, and resolved that, where the labourer was not boarded, he should have five shillings a week in winter, and six in summer.—*Macaulay*, *History of England*, ch. liii.

Board. *v. a.* In *Bookbinding*. Put in boards. (See last *extract* under *Board, s.*)

Board. *v. n.* Take meals in a house where a certain rate is paid for eating.

That we might not part, As we at first did board with thee, Now thou wouldst taste our misery.—*G. Herbert*. We are several of us, gentlemen and ladies, who board in the same house; and, after dinner, one of our company stands up, and reads your paper to us all.—*Spectator*.

Board-wages. *s.* [two words rather than a compound.] Wages allowed to servants to keep themselves in victuals.

What more than madhouse reigns, When one short sitting many hundreds drains, And not enough is left him, to supply Board-wages, or a footman's livery.—*Dryden*, *Juvenal's Satires*.

Not forgetting, as the sagacious Bunting delicately insinuated, 'the wee settlements as to wages and board-wages, more a matter of form like than anything else,—augh!'—*Sir E. B. Lister*, *Engene Aram*, i. 9.

I hate it like cold mutton and board-wages.—*High Life below Stairs*.

Boardcloth. *s.* Tablecloth. *Obsolete*.

Vitruvian thesauri decaus, gausape [board-cloth] mensum.—*Metrical Vocabulary* (p. 14th century); *Vocabularies in Library of National Antiquities*, (Wright).

Boarder. *s.* One who takes meals with another at a settled rate.

There's a boarder in the floor above me; and, to my torture, he practises music.—*Smollett*, *Expediton of Humphry Clinker*.

Boardingschool. *s.* School where the scholars live with the teacher.

A blockhead, with melodious voice, In boardingschools can have his choice.—*Swift*. From a diligent student at Cambridge we find the grammarian and future demagogue suddenly transformed into an usher at a boardingschool at Blackheath.—*Wingrove* (*Cooke*, *History of Party*, vol. iii. ch. vii).

Boarish. *adj.* Swinish; brutal; cruel.

I would not see thy cruel nails Pluck out his poor old eyes; nor thy fierce sister, In his anointed flesh stick boarish fangs.—*Shakespeare*, *King Lear*, iii. 7.

Boast. *v. n.* [see *Boisterous*.] Brag; display one's own worth, or actions, in great words; talk ostentatiously.

The spirits beneath, Whom I seduc'd, boasting I could subdue The Omnipotent.—*Milton*, *Paradise Lost*, iv. 83.

With off.

For I know the forwardness of your mind, for which I boast of you to them of Macedonia.—*1 Corinthians*, ix. 2.

My sentence is for open war, of wilks More ineffect I boast not: then let those Contrive who med, or when they need; not now.—*Milton*, *Paradise Lost*, ii. 51.

We admit, indeed, that in a country which boasts of many female writers, eminently qualified by their talents and acquirements to influence the public mind, it would be of most pernicious consequence that inaccurate history or unsound philosophy should be suffered to pass uncorrected, merely because the offender chanced to be a lady.—*Macaulay*, *Essays, Life and Writings of Addison*.

With in.

Who boast in mortal things, and wondering tell Of Babel, and the works of Memphis kings.—*Milton*, *Paradise Lost*, i. 603.

Some surgeons I have met, carrying bones about in their pockets, boasting as that which was their shame.—*Wesman*.

Boast. *v. a.* Brag off; display with ostentatious language.

For if I have boasted anything to him of you, I am not ashamed.—*2 Corinthians*, vii. 14.

Neither do the spirits damn'd Lose all their virtue, lost bad men should boast Their spacious deeds.—*Milton*, *Paradise Lost*, ii. 492.

If they vouchsafed to give God the praise of his goodness, yet they did it only in order to boast the interest they had in him.—*Bishop Atterbury*.

With off: (the adverb having the same sense as in *show off*, *set off*, &c.)

O Ferdinand, Do not smile at me, that I boast her off, For thou shalt find she will outstrip all praise, And make it halt behind her.—*Shakespeare*, *Tempest*, iv. 1.

With the personal pronoun and self. They that trust in their wealth, and boast themselves in the multitude of their riches.—*Pauline*, xli. 8.

Confound'd be all they that serve graven images, that boast themselves of idols.—*1 John*, xvi. 7. Let not him that putteth on his harness, boast himself as he that putteth it off.—*1 Kings*, xx. 11.

Boast. s.

1. Boastful expression; proud speech.

Thou that makest thy *boast* of the law, through
breaking the law dishonourst thou God.—*Romans*,
ii. 23.

The world is more apt to find fault than to com-
mend; the *boast* will probably be censured, when
the great action that occasioned it is forgotten.—
Spectator, no. 255.

2. Cause of boasting; occasion of pride;
thing boasted.

Not Tyro, nor Mycene, match her name,
Nor great Alcmena, the proud *boasts* of fame.
Pope, Homer's Odysseus.

Boaster. s. One who boasts; bragger; one
who vaunts anything ostentatiously, or
with exaggeration.

No more delays, vain *boaster*! but begin.

Boastful. adj. With the habit of a boaster;
inclined to brag.

Steed threaten'd steed, in high and *boastful* neighs
Piercing the night's dull ear.
Shakespeare, Henry V. iv. chorus.

Boastful, and rough, your first son is a 'squire;
The next a tradesman, meek, and much a liar.
Pope.

Boasting. verbal abs. Braggart; exaggerated
or ostentatious expression.

But now ye rejoice in your *boastings*. All such
rejoicing is evil.—*James*, iv. 16.

Boastingly. adv. In a boastful manner.

We look on it as a pitch of impiety, *boastingly*
to avow our sin; and it deserves to be considered,
whether this kind of confessing them, have not some
affinity with it.—*Dr. H. More, Decay of Christian*
Piety.

Boastive. adj. Presumptuous; assuming.
Rare.

Should the seditious Power,
Vain-glorious, empty his puerous urn
O'er the rough rock, how must his fellow streams
Deride the tinklings of the *boastive* rill!
Shenstone, Economy, l.

Boastless. adj. Simple; unostentatious; not
desirous to be talked of.

But to the generous, still improving mind,
That gives the hopeful heart to sing for joy,
Diffusing kind beneficence around,
Boastless, as now descends the silent dew,
To hush the long review of o'er'd life,
Is inward rapture, only he is told.
Thomson, Seasons, Summer.

Boat. s. [A.S. *bát.*] Small ship or vessel,
open or decked.

I do not think that any one nation, the Syrian
excepted, to whom the knowledge of the ark came,
did find out at once the device of either ship or
boat, in which they durst venture themselves upon
the sea.—*Sir W. Raleigh, Essays.*

Boat. v. a.

1. Place in a boat.

Gyrnaeus had no sooner *boated* himself on the
Rhine than he was eagerly searched for at his lodg-
ings.—*Bishop Hall, Invisible World, § viii. b. i.*
(Ord. MS.)

2. Cover with boats.

Our little Arno is not *boated* and swelling like the
Thames, but 'tis vastly pretty, and, I don't know
how, but being Italian, has something visionary and
poetical in its stream.—*Horace Walpole, Letters*,
i. 39.

Boat-head. s. Prow.

And as the *boat-head* wound along
The willowy hills and fields among,
They heard her singing her last song,
The Lady of Shalott.

Tennyson, The Lady of Shalott.

Boathook. s. Hooked pole for use as a
grappling in boats.

'What is that?' exclaimed the father to his son, in
Dutch. 'Mien Gott! who is to know?—but we will
see,' and the son took the *boathook*, and with it
dragged the bread-bags towards the boat, just as
they were sinking, for Snarleygow was exhausted
with his efforts. The two together dragged the
bags with their contents into the boat.—*Marryat*,
Snarleygow, vol. i. ch. xi.

Boathooking. verbal abs. Work with boat-
hooks.

Such a *washing* and *splashing* between us and the
ship; such *poking*, and *fronding*, and *squabbling*,
and *boathooking*.—*Theodore Hook, Gilbert Gurney*,
vol. iii. ch. iv.

Boating. verbal abs. Operations with boats.
(Used in the following extract either as an
adjective, or as the first element of a com-
pound.)

'But what's to be done about *Fighting major*?'
inquired another. 'He has not paid his *boating*
money, and I say he has no right to play among the
Aquatics before he has paid his money.'—*Disraeli*
the younger, Coningsby, b. i. ch. ix.

Boating. s. [Lat. *boatio, -onis.*] Roar;
noise; loud sound. *Rare.*

In Messina insurrection, the guns were heard
from thence as far as Augusta and Syracuse, about
an hundred Italian miles, in loud *boatings*.—*Der-*
ham, Physico-Theology.

Boatman. s. One who manages a boat.

Fifty or sixty *boatmen*, animated at once by hatred
of popery and by love of plunder, boarded the *boat*
just as she was about to make sail.—*Masculay, His-*
tory of England, ch. x.

Boat-racing. verbal abs. Racing with boats.

A new race of adventurous youths appeared upon
the stage. Boards, and great coats even rougher,
bullfrogs instead of poodles, clubs instead of canes,
cigars instead of perfumes, were the order of the
day. There was no end to *boat-racing*.—*Disraeli*
the younger, The young Duke, ch. x.

Boatsman. s. Same as Boatman.

Boatsmen through the crystal water show,
To wondrous passengers, the walls below. *Dryden.*

Boatswain. s. [A.S. *bútsenn.*] Officer on

board ship in charge of rigging, flags, &c.
Sometimes the menials, *boatswain* may help to
preserve the ship from sinking.—*Howell, Presen-*
tence of Parliament.

Boatwright. s. Constructor of boats.

By birth I am a *boatwright's* son of Hull.—*Wily*
Requited. (Ord. MS.)

Bob. v. a.

1. Flap; tap.

If any man hapned [while Nero played and sang]
by long sitting to sleepe, or by any other counten-
ance to shew himself to be weary, he was sodeinly
bobbed on the face by the servants of Nero, for that
purpose attending.—*Sir T. Elyot, The Governour*,
fol. iii. b.

I'll not be *bobbed* if the nose with every hobtail.—
Beaumont and Fletcher, Monsieur Thomas.
These lastest Britons, whom our fathers
Have in their own land beaten, *bobbed*, and thump'd.
Shakespeare, Richard III. v. 3.

2. Cheat; gain by fraud.

At length to marriage flat he fell,
When wedding-day was doon
To play her prancks and *bob* the fools
The shrewish wile began. *Taylorville, Poems.*
I have *bobbed* his brain more than he has beat my
bones.—*Shakespeare, Troilus and Cressida*, ii. 1.

Live Rodrigo,
He calls me to a restitution later;
Of gold and jewels, that I *bobbed* from him,
Angels to Desdemona. *Id., Othello*, v. 1.

Was ever man so paid for being curious,
Ever so *bobbed* for searching out adventures?
Beaumont and Fletcher, Chances.

Here we have been worrying one another, who
should have the body, till this cursed fox has *bobbed*
us both on't.—*Sir R. L'Estrange.*

Bob. v. n.

1. Play backward and forward; play loosely
against anything.

And sometimes lurk I in a gossip's bowl,
In very likeness of a roasted crab;
And when she drinks, against her lips I *bob*,
And on her wit I dwell as on her ale.

Shakespeare, Midsummer-Night's Dream, ii. 1.
They comb, and then they order every hair;
A birthday jewel *bobbing* at their ear. *Dryden.*

2. Angle with a bob.

These are the baits they *bob* with.—*Beaumont and*
Fletcher, Captain.

[To *Bob*.] *Bobbin*. To move quickly up and down, or
backwards and forwards, to dangle; whence *bob*, a
dangling object, a small lump, a short thick body, an
end or stump; also a quick turn, whence, to *bob*, to
cheat, in the same way that to *diddle* signifies deceiv-
ing one by rapid tricks. Gael, *babay*, a tassel, fringe,
cluster; *babana*, a tassel, short piece of thread.
From the last must be explained Fr. *bobine*, *E. bobbin*,
a ball of thread wrapped round a little piece of wood,
a little knob hanging by a piece of thread. 'Pull the
bobbin, my dear, and the latch will fly up.' (Red
Riding-hood).—*Wedgwood, History of English Ety-*
mology.]

Bob. s.

1. Anything which hangs so as to play
loosely, either directly from the person, or
as a pendant to some other ornament.

The gaudy gossip, when she's set agog,
In jewels drest, and at each ear a *bob*. *Dryden.*
Good, I've got 'em. Here they are. My cousin
Con's necklace, *bobs*, and all.—*Goldsmith, She stoops*
to conquer.

2. Bobwig.

Adieu, ye *bobs*! ye bays, give place;
Full bottoms come instead.
Shenstone, Extent of Cookery.

A cargo had been laid in which was afterwards the
subject of much mirth to the enemies of the Com-
pany, slippers innumerable, four thousand periwigs
of all kinds from plain *bobs* to those magnificent
structures which, in that age, towered high above
the foreheads and descended to the elbows of men of
fashion.—*Masculay, History of England*, ch. xiv.

3. Words repeated at the end of a stanza.

To bed, to bed, will be the *bob* of the song.—*Sir*
R. L'Estrange.

4. Peel of several courses or sets of changes
in bell-ringing.

The next shall ring a peel to shake all people,
Like a *bob-major* from a village steeple.

Not ten days hence patriot Brisson, bewitched this
day by the patriot galleries, shall find himself be-
grudged by them, on account of his limited Patriot-
ism; may pelted at while perorating, and 'hit with
two primes.' It is a distracted empty-sounding
world; of *bob-minors* and *bob-majors*, of triumph
and terror, of rise and fall!—*Carlyle, French Revolu-*
tion, pt. ii. b. vi. ch. iii.

5. Blow. *Harb.*

I am slurrily tumbled, yes, sometimes with
pinches, nips, and *bobs*. *Achan, Schoolmaster.*

6. Worm used for a bait in angling.

A *bob* in time will be a beetle; it is a short white
worm, like to and bigger than a gentie.—*I. Walton*,
Complete Angler, i. 3.

7. Snoring joke.

Let her leave her *bobs*;
I have had too many of them; and her quillets.

Beaumont and Fletcher, Tamer tamed.

Have you not sometimes observed what *dry bobs*,
and sarcastical jests, the most underling fellows will
now and then bestow upon their betters, when they
have found them faulting in this kind: 'Was not
master such a one cruelly cut last night?'—*Good-*
man, Winter Evening Conference, l.

Bobbed. adj. Bobtailed.

After exclusion [of frogs] from the spawn, in it
[the water] are all the joints articulated, and meta-
morphosed into another shape; from apodes to
quadrupedes, from tailed to *bobbed*.—*Robinson, Ex-*
haust, p. 130. 1854.

Bobbin. s. [Fr. *bobine*.] Small pin of wood,
with a notch to wind the thread about,
used in making lace.

The peremptory analysis that you call it, I believe
will be so hardy as once more to unpin your spruce
fastidious contrary, to rumple her locks, her frizzles,
and her *bobbin*, though she wince and fling her nose
perversely.—*Hilton, Aimee's adventures upon a Defence*
of the Double Remonstrance.

The things you follow, and make songs on now,
should be sent to knit, or sit down to *bobbin*, or
hobble. *Talfer.*

Bobbing. part. adj.

1. Hanging as a bob.

You may tell her,
I'm rich in jewels, rings, and *bobbing* pearls,
Buck'd from Moor's ears. *Dryden.*

2. Moving loosely.

My father and he, child, are the best companions
you ever saw; and have been singing together the
most hideous duets! *Bobbing* down, and old Sir
Simon the king. Heaven knows where Eustace
could pick them up.—*Bickerstaff, Love is a Village*,
ii. 4.

Bobbinwork. s. Work done with bobbins.

Not netted nor woven with warp and woof, but
after the manner of *bobbinwork*.—*Græve, Museum*.

Bobbish. adj. Hearty; in good spirits.
Colloquial.

Bobcherry. s. Play among children, in
which the cherry is hung so as to bob
against the mouth, and thus disappoint him
who tries to catch it.

Bobcherry teaches at once two noble virtues,
patience and constancy; the first, in adhering to
the pursuit of one end; the latter, in bearing a dis-
appointment.—*Arbuthnot and Pope.*

Bobtail. s. Cut tail; short tail.

Avanant, you curst!
Be thy mouth or black or white,
Or *bobtail* like, or trundle tail,
Tom will make him weep and wail.

Shakespeare, King Lear, iii. 2.

Bobtailed. adj. Having a cut or short
tail.

There was a *bobtailed* cur cried in a gazette, and
one that found him, brought him home to his
master.—*Sir R. L'Estrange.*

Bobwig. s. Short wig.

A young fellow riding towards us full gallop, with
a *bobwig* and a black silken bag tied to it, stoop
short at the coach to ask us how far the judges were
behind.—*Spectator*.

Boccarel. s. [?] See extract.

BOCC

I shall give what assistance I can in the business concerning hawks. In the meantime you may peruse Iatham's Falconry, whose descriptions are true, though not quite so full as you may expect. There are, besides these that are mentioned in the common books, a *boccarrell* and a *boccarret*, the which though I have often seen, yet I did not observe them so well as to describe them exactly. They are the names of the male and female. A *boccarrell* I once kept myself, which was much larger than either the hawk or falcon, and yet the common tradition is that they are a bastard hawk bred between a falcon and a falcon, how true I know not.—*Ray, Correspondence, Letter of Mr. Jacop.*

Boccarret. s. Same as Boccarrel.

Bode. v. a. [A.S. *bodian*.] Portend; be the omen of.

This *bodes* some strange eruption to our state.

You have opposed their false policy with true and great wisdom; what they *boded* would be a mischief to us, you are providing, shall be one of our principal strengths. —*Bishop Spaul, Sermons.*

If fiery red his glowing globe descends, High winds and furious tempests he portends; But if his cheeks are swain with livid blue, He *bodes* wet weather by his wat'ry hue. —*Dryden.*

Bode. v. n. Be an omen; foreshow.

Sir, give me leave to say, whatever now The omen proved, it *boded* well to you. —*Dryden.*

Bode. s. Omen. *Obsolete.*

The jealous swan, against his death that singeth; The owl eke, that of death the *bode* yringeth. —*Chaucer, Assembly of Fowls, 313.*

Bodeful. adj. Ominous.

Poor Weber almost swooned at the sound of these cracked voices, with their *bodeful* raven-note; and will never forget the effect it had on him.—*Carlyle, French Revolution, pt. i. b. iii. ch. viii.*

Bodement. s. Portent; omen; prognostic. *Rare.*

This foolish, dreaming, superstitious girl Makin all these *bodements*.

Shakespeare, Troilus and Cressida, v. 3. Macbeth shall never vanquish'd be, until Great Birnam wood to high Dunsinane hill Shall come against him.

Who can impress the forest: Idl the tree Unfix his earthbound root? Sweet *bodements*, good! —*Id., Macbeth, iv. 1.*

Bodge. r. n. Boggle; stop; fail. *Obsolete or colloquial.*

With this we charg'd again; but out, alas! We *bodg'd* again; as I have seen a swan, With bootless labour, swim against the tide. —*Shakespeare, Henry VI. Part III. i. 3.*

Bodge. s. Botch.

Because it followeth in the same place, nor will it be a *bodge* in this, I cannot omit the consequence of this disconcerting leveller.—*Whitlock, Manners of the English, p. 337.*

Bodger. s. Mender of old clothes; indifferent tailor.

The warmest burges wears a *bodger's* coat, And fashion gains less interest than a vote. —*Crooke, The Borough.*

Bodice. s. Stays; waistcoat quilted with whalebone, worn by women.

[*Bodice.* A woman's stays; formerly bodices, from fitting close to the body, as fr. *corps* from *corps*. A woman's bodice, or a pair of bodices, *corset*, *corset*. (Sherwood's Dict.)

'Thy *bodice* bolster'd out with bumbast and with langes.' (Glossaire in R.)

i. e. thy *bodice* stuffed out with cotton.—*Wadgewood, Dictionary of English Etymology.*

Her bodice half way she unbind'd, About his arms she slily cast.

The silken band, and held him fast. —*Prin.*

And Hanti was there, and Grassini, that goddess! Dark, deep-toned, large, lovely, with glorious *bodice*.

—*Leigh Hunt, The Fanny Concert.*

Her dress is of rich linclose, with very full lace ruffles, and the graceful little cape, called in modern vocabulary of costume, a *bertha*, falls over the *bodice*, which is finish'd round the bosom and at the waist with a purple band.—*Agnes Strickland, Lives of the Queens of England, Henrietta Maria.*

Bodice-maker. s. One who makes bodices. This consideration should keep ignorant nurses and *bodice-makers* from meddling.—*Locke.*

Bodied. adj. Having a body. *Obsolete:* superseded by Embodied.

Thou that in frames eternally dost bind, And art a written and a *bod'd* mind. —*Lovelace, Lucretia, p. 65.*

As the second element in either a compound or a combination.

He is deformed, crooked, old, and serr, Ill-fac'd, *woor-bodied*, shapeless everywhere;

BODI

Vicious, ungente, foolish, blunt, unkind.

Shakespeare, Comedy of Errors, iv. 2.

What! take a young and tender-bodied lady, And expose her to those dangers, and those tumults?

A sickly lady too? —*Beaumont and Fletcher, Rule a Wife and have a Wife.*

Bodiless. adj. Incorporeal; having no body.

They *bodiless* and immaterial are, And can be only lodg'd within our minds. —*Sir J. Davies.*

This is the very cologne of your brain, This *bodiless* creation ceaseth Is very cunning in. —*Shakespeare, Hamlet, iii. 4.*

These are but shadows, Phantoms *bodiless* and vain, Empty visions of the brain. —*Sieff.*

Oh that I were The viewless spirit of a lovely soul, A living voice, a breathing harmony, A *bodiless* enjoyment, born and dying With the blest tone which made me. —*Byron, Manfred, i. 1.*

Bodily. adj.

1. Corporeal.

a. Pertaining to body generally.

What resemblance could wood or stone bear to a spirit void of all sensible qualities, and *bodily* dimensions?—*South.*

They, in the hot country, require a smaller amount of azotized food, because on the whole their *bodily* exertions are less frequent, and on that account the decay of their tissues is less rapid.—*Buckle, History of Civilization in England.*

b. As opposed to the mind.

Of such as resorted to our Saviour Christ, being present on earth, there came not any unto Him with better success, for the benefit of their souls' everlasting happiness, than they whose *bodily* necessities gave occasion of seeking relief. —*Hooker.*

There are three *bodily* inhabitants of heaven; namely, Elijah, our Saviour Christ.—*Bishop Hall, Epistle of Elijah, (1st MS.)*

I would not have children much beaten for their faults, because I would not have them think *bodily* pain the greatest punishment.—*Locke.*

As clearness of the *bodily* eye doth dispose it for a quicker sight, so doth freedom from lust and passion dispose us for the most perfect acts of reason. —*Archbishop Tillotson.*

The assembly consisted of nine prelates and between thirty and forty noblemen, all Protestants. The two Secretaries of State, Middleton and Pesaunt, though not peers of England, were in attendance. The King himself presided. The traces of severe *bodily* and mental suffering were discernible in his countenance and deportment. —*Mauvel, History of England, ch. ix.*

2. Real; actual.

Whatever hath been thought on in this state, That could be brought to *bodily* act, ere Rome Had circumvented. —*Shakespeare, Coriolanus, i. 2.*

Bodily. adv. [This is a member of an inconvenient class of words.

They are compounds, rather than derivatives; inasmuch as *-ly*, though changed in form, is (like the *-ric* in Bishopric) a separate independent word. It is *like*; the German forms being *lich*, and in some dialects and stages of language *lih*. To add *-ly* to a substantive makes an adjective; as *man-ly* = *like a man*, from *man*. To add it to an adjective makes an adverb; as *gay-ly* = *in a gay manner*, from *gay*. But what if the adjective already end in *-ly*?

We can scarcely add a second identical element. We sometimes, no doubt, hear the term *gentlemanly like*; but only to condemn it. Yet few words are more needed than the adverb in *-ly* from the adjective *daily*: for we cannot well say either 'give us *daily* our *daily* bread,' or 'give us *dailyly* our *daily* bread.' We, doubtless, in practice, avoid the use of such words by circumlocutions. As an etymological fiction, though only as such, it is perhaps best, when we find the word, to treat it as a neuter of the adjective used adverbially. That such is the habit of the Latin and Greek languages we know. We also know that, as the Anglo-Saxon adjective was declined and had a neuter form, the doctrine that an adverb in syntax may be a *virtual* adjective in the way of etymology is tenable.] Corporeally; conjointly with matter.

BODY

{ BOCARRET
Body

It is his human nature, in which the godhead dwells *bodily*, that is advanced to these heights, and to this empire. —*Watts.*

Boding. part. abs. Prophetic; ominous.

No *boding* maid of skill divine Art thou, nor prophetess of good, But mother of the giant brood. —*Gray, The Descent of Odin.*

It happen'd once, a *boding* prodigy! A swarm of bees that cut the liquid sky, Upon the topmost branch in clouds alight. —*Dryden.*

Boding. verbal abs. Omen; prognostic.

Chain and lance, having committed murder, were perpetually tormented with ominous *bodings* and fearful expectations.—*Bishop Ward, Sermon, Jan. 30, 1674.*

Bodkin. s. [?]

1. Dagger: (the oldest acceptance of the word).

When he himself might his quietus make With a bare *bodkin*. —*Shakespeare, Hamlet, iii. 1.*

Out with your *bodkin*, Your pocket-dagger, your stiletto! —*Beaumont and Fletcher, Custom of the Country.*

2. Instrument with a small blade and sharp point, used to bore holes.

Each of them had *bodkins* in their hands, where-with continually they pricked him.—*Sir P. Sidney.*

The list is then sent to the sovereign, who, without looking at it, strikes a *bodkin* amongst the names, and he whose name is pierced is elected. This is called pricking for sheriffs.—*A. Fondlanque, Jus, How we are governed, let. 9.*

3. Instrument to draw a thread or riband through a loop.

Or plumb'd in lakes of bitter washes lie, Or wedg'd wide ages in a *bodkin's* eye. —*Pope.*

4. Instrument to dress the hair.

Was it for this you took such evasive care The *bodkin*, comb, and essence to prepare? For this your locks in paper-durance bound? —*Pope.*

Ride bodkin. Sit in a carriage as a third person, in the middle, on a seat suited for two only.

So down thy hill, romantic Ashbourne, glides The Derby Dilly, with its six insoures, One in each corner sits, and jolls at ease, With folded arms, propped back, and outstretched knees;

While the pressed *Bodkin*, punched and squeezed to death, Sweats in the midmost place, and scolds, and pants for breath. —*Loves of the Triangles.*

Bodkin. s. Stiff embroidered cloth, like that of Baldacca, or Bagdad. *Obsolete.*

[Cloth of *bodkin* or tissue must be embroidered.—*H. Jonson, Discorsi, s.*

Bod. r. o. Produce in some form. See Embod. *Obsolete.*

As imagination *bodies* forth The forms of things unknown, the poet's pen Turns them to shape. —*Shakespeare, Midsummer-Night's Dream, v. 1.*

Bod. s. [A.S. *bodig*.]

1. Substance.

Even a metallic *body*, and therefore much more vegetable or animal, may, by fire, be turned into water. —*Boyle.*

2. Material substance of an animal: (opposed to the immaterial soul).

All the valiant men arose, and went all night, and took the *body* of Saul, and the *bodice* of his sons, from the wall.—*1 Samuel, xxxi. 12.*

Take no thought for your life, what ye shall eat, or what ye shall drink; nor yet for your *body*, what ye shall put on.—*Matthew, vi. 25.*

By custom, practice, and patience, all difficulties and hardships, whether of *body* or of fortune, are made easy. —*Sir R. L'Estrange.*

3. Person; human being: (whence *somebody*, *nobody*, *anybody*, *everybody*).

Surely, a wise *body's* part it were not, to put out his fire, because his foolish neighbour, from whom he borrowed wherewith to kindle it, might say, were it not for me, thou wouldst freeze.—*Hooker, iv. 9.*

A deflowered maid! And by an eminent *body*, that enforce'd The law against it! —*Shakespeare, Measure for Measure, iv. 4.*

'Tis a passing shame, That I, unworthy *body* as I am, Should censure thus on lovely gentlemen. —*Id., Two Gentlemen of Verona, i. 2.*

Good may be drawn out of evil, and a *body's* life may be saved, without having any obligation to his preserver.—*Sir E. L'Estrange.*

There may be as much pleasure in carrying on

BODYCLOTHES } BODY

another *body's* intrigue as one's own.—*Sir J. Vanburgh, The Relapse*, iii. 2.
Am I not a horrid, vain, silly creature, Mr. Darnley?—A little bordering upon the baby, I must own.—And how can you love a *body* so then? but I don't think you do love me tho'—do you?—*Nickerstaff, The Hypocrite*, i. 1.

4. Reality: (opposed to representation, a scriptural sense).
A shadow of things to come; but the *body* is of Christ.—*Ephesians to the Colossians*, ii. 17.

5. Collective mass; joint power.
There is in the knowledge both of God and man this certainty, that life and death have divided between them the whole *body* of mankind.—*Hooker*, v. 549.

There were so many disaffected persons of the nobility, that there might a *body* start up for the king.—*Lord Clarendon*.

When pigmies pretend to form themselves into a *body*, it is time for us, who are men of figure, to look about us.—*Addison, Guardian*.

One large *body* went to a brook, filled their horns with water, drank a health to King James, and then dispersed.—*Maccusay, History of England*, ch. xlii.

6. Corporation; number of men united by some common tie.
I shall now mention a particular, wherein your whole *body* will be certainly against me, and the lally, almost to a man, on my side.—*Steele*.

Nothing was more common than to hear that reverend *body* charged with what is inconsistent, despised for their poverty, and hated for their riches.—*Id.*

They represented public opinion more faithfully than other electoral *bodies*, and had great weight in advancing a popular cause.—*T. Erskine May, Constitutional History of England*, vol. i. ch. vi.

7. Main part; bulk.
A church in general, locally considered, consists of three principal parts, viz. the belfry or steeple, the *body* of the church with the aisles, and the chancel.—*Boswell, Cyclopaedia*, voc. *Church*.

Although in common language, the term carriage is applied to the whole vehicle, yet among coach-makers it is more limited in its application. According to them the vehicle consists of two parts, the *body* and the carriage; the first being the receptacle for the passengers, and the second the system of framework with the wheels to which the *body* is fixed or suspended.—*Wehler, Encyclopaedia of Domestic Economy*, p. 1108.

In the *body* of the work, we have under each period of Gothic architecture, given a description in general terms of the windows prevailing at the several times.—*Gieffé, Encyclopaedia of Architecture*, p. 840.

8. Main channel of a river.
Thence sent rich merchandizes by boat to Babylon, from whence, by the *body* of Euphrates, as far as it bended westward, and, afterward, by a branch thereof.—*Sir W. Raleigh*.

9. Interior of a country: (as opposed to its coast, boundaries, and extremities).
This city has navigable rivers, that run up into the *body* of Italy; they might supply many countries with fish.—*Addison*.

10. Main portion of an army: (as distinct from the wings, van, and rear).
The van of the king's army was led by the general and Wilmot; in the *body* was the king and the prince; and the rear consisted of one thousand foot, commanded under colonel Thelwell.—*Lord Clarendon*.

Bodyclothes. *s.* Clothing for horses that are dieted.
I am informed, that several asses are kept in *bodyclothes*, and sweated every morning upon the heath.—*Addison*.

Bodycloths. *s.* Same as Bodyclothes.
Before the windows were several horses, in *bodycloths*, led to exercise upon a plain in the park, levelled as smooth as a bowling-green at Putney; and, stationed at an oriel window, in earnest attention to the scene without, were two men; the tallest of those was Lord Chester.—*Sir E. B. Butler, Pelham*, ch. lxi.

Bodyguard. *s.*
1. Company attending a king or great officer; member of such company.
It might possibly be convenient that, when the Parliament assembled, the King should repair to Westminster with a *bodyguard*.—*Maccusay, History of England*, ch. ix.

Not the king shall ye stop here under this your miserable archway; but his dead *body* only, and answer it to heaven and earth. To me, *bodyguard*; Pontilions, 'on avant!'—*Carlyle, French Revolution*, pt. ii. b. iv. ch. i.

2. Used figuratively. Retinue; attendance; following.

BOGU

It was a considerable length of time before it [the Church of England] could fancy itself secure against the Protestant separatists, without that *body-guard* of pains and penitentials with which it had been accustomed to see itself, as well as every church in Europe, surrounded.—*Bishop Porteus, Sermons*, i. 12.

Bog. *s.* [Gaelic, *bogach* and *bogluich*, from *bog* = soft.] Marsh; morass; ground too soft to bear the weight of the *body*.
Through fire and through flame, through ford and whirlpool, o'er bog and quagmire.—*Shakespeare, King Lear*, iii. 4.

A gulf profound! as that Seribonian bog, Betwixt Damians and mount Cadmus old.

He walks upon bogs and whirlpools; wheresoever he treads he sinks.—*South*.

Learn from so great a wit, a land of bogs With ditches fence'd, a heaven fat with fogs.

Bog. *v. a.* Whelm (as in a bog, mud, or mire).
'Twas time; his invention had been *boggy'd* else.—*B. Jonson, Every Man out of his Humour*.
(Of Middleton's horse three hundred were taken, and one hundred were *bogged*.—*Whitelock, Memoirs*, p. 580; 1682.

Bogbean. *s.* See Buckbean.

Boggle. *v. n.* [See Bogle.]
1. Start; fly back; fear to come forward.
You *boggle* shrewdly; every feather starts you.

We start and *boggle* at every misanthropic appearance, and cannot endure the sight of the bugbear.—*Glauville*.

Nature, that rude, and in her first essay, Stood *bogging* at the roughness of the way; Used to the road, unknown to return, Goes boldly on, and loves the path when worn.

2. Hesitate; be in doubt.
The well-shaped changeling is a man that has a rational soul, say you. Make the ears a little longer, and more pointed, and the nose a little flatter than ordinary, and then you begin to *boggle*.—*Locke*.

Observe with how demure and grave a look The rascal lays his hand upon the book; Then, with a praying face and lifted eye, Claps on his lips, and seals the perjury; If you persist his innocence to make, And *boggle* in belief, he'll straight run out (On the by the valley, each of which would make Pale athletes start, and troubling bullies quake.

3. Play fast and loose; dissemble.
When summoned to his last end, it was no time for him to *boggle* with the world.—*Hovell*.

Bogglers. *s.* One who boggles.
You have been a *bogglor* ever.

Bogbling. *part. adj.* Hesitating; stumbling.
Dull creatures, whose nice *bogbling* consciences Startle, or strain at such slight crimes as these.

Bogglish. *adj.* Doubtful; wavering. *Rare*.
What wise man or woman doth not know that nothing is more shy, touchy, and *bogglish*, nothing more violent, rash, and various, than that opinion, prejudice, passion, and superstition, of the many, or common people?—*Jeremy Taylor, Artificial Happiness*, p. 175.

Boggy. *adj.* Marshy; swampy.
That fury staid, Quench'd in a *boggy* Syria, neither sea Nor good dry land.

Their country was very narrow, low, and *boggy*, and, by great industry and expenses, defended from the sea.—*Arbuthnot*.

It is quite possible to reach this point at all seasons, at the risk of tearing clothes with brambles, and wetting feet in the damp *boggy* earth.—*Ansted, The Channel Islands*, pt. i. ch. ii.

Bogland. *adj.* Pertaining to a boggy country.
Each bring his love a *bog-land* captive home.

Bogle. *s.* See Boggy.

Bogtrotter. *s.* One who lives in a boggy country: (suid to have been formerly applied to *Scottish* or *Northern* troopers or robbers, probably the Borderers; applied since to *Irishmen*).
I am sure his muse, for all his fine flights, is but a *bog-trotter* still.—*Answer to Congreve's Animadversions on Collier*; 1695.

Bogus (bream). *s.* Fish so called. See extract.

In the *Bogus-bream* (Box vulgaris) and the flounder there is a small oval process at the commencement of the large intestine; there are two short coxa at the same part in the Box Salpa.—*Owen, Anatomy of Vertebrates*, i. 420.

BOGY

Bogy. *s.* [As the name of a bugbear, this word, with its congener Bogle, is generally derived from the British *bug* = frighten. It is more probably a Slavonic word: neither is it foreign to the German of the Continent: it has, however, much the greatest currency in the Slavonic. How far it was originally common to the three languages; how far it is an ordinary, though not a common, German word; how far it came to us from the original Britons; and, finally, how far it may be deducible from more than one source, are questions that belong to the refinements of ethnographical philology, and questions upon which the opinions of authorities will vary according to their views of old relations among the Kelts, Slaves, and Germans. The present writer, who denies that before the time of Charlemagne there were any Germans to the east of the Elbe, who believes that at one time the Slaves reached the Teutoburgerwald, who holds that in the south-west they were conterminous with the Kelts of Gaul; and, finally, who thinks that when the Germans encroached on Slavonic ground they mixed their blood, and took many Slavonic words into their language—deals with it simply as a Slavonic term. In the Slavonic languages of the Pagan period, the ordinary word for deity was *Bog*. The good deity, was *Bielebog* = white deity. The bad deity was *Czernibog* = black deity. At present *Bog* is the name for the Christian God.

It is almost certainly the same word as *Puck*; perhaps the root of *Bacchus*. This latter hypothesis, however, assumes that the ancient Thracians were either Slaves, or something akin to them. If each doctrine be true, the geographical history of the word is curious. The Macedonian conquest of India either found it in, or carried it to, the Himalayas. Nearly two thousand years later it was adopted by Shakespeare; perhaps as the name of a goblin of the Avon and the Forest of Arden. Equally curious is its history as a term, in respect to the nobility or ignobility of its application. In the Slavonic languages it is the name of the Supreme Being; in English that of a nauseous insect; for *bug* = the Latin *cimex* is a secondary sense of the term for goblin. See *Bug*; which is held to be the same word fundamentally; though it is by no means certain that they both came from the same language into our own.

In Jamieson's Scottish Dictionary the identical word is not found; though a quotation from one particular edition of Chaucer gives us *buggis*; a word which in others has *devils*, or some equivalent, instead. For this, also, see *Bug*. In Grimm's German Mythology the word, so far as I can make a negative statement, is also wanting. *Puck*, however, appears in the form *Pūki*, i. e. with the final vowel sound which makes it a dissyllable.

The omission in Jamieson is, perhaps, due to the fact of the word having been thought rather another form of *Bug*, or a proper name; the latter omission suggesting a principle which ought to exclude it from the present work. What, however, is here written is written more to stimulate and to suggest an etymology, than to trace the subject in a purely lexicographical manner.

As far as my own experience founded on

the nursery goes, the word *Bogy* is always a proper rather than a common name; often preceded by the adjective old—*Old Bogy*, just like *Old Nick*. *Bogy* means some goblin in particular; *Bug* applies to goblins in general.

And as a proper name for the Supreme Deity it is used at present in Slavonic: how generally may be seen from the following list:

Old Slavonic . . .	<i>Bog</i> .	Bulgarian . . .	<i>Bog</i> .
Russian . . .	<i>Bog</i> .	Polish . . .	<i>Bog</i> .
Serbian . . .	<i>Bog</i> .	Bohemian . . .	<i>Bzech</i> .
Slovenian . . .	<i>Bog</i> .	Lusatian . . .	<i>Bok</i> .

The reader who goes with me thus far may, perhaps, hesitate at going further, and holding that the German *bock*, English *duck* (oftener *he*, *tom*, or some other word expressing male), so often associated with *black* as a colour, and applied to the animal with which witches and wizards are supposed to be familiar (*black he-goat*, *black ram*, *black tom-cat*, &c.), originally meant the *black Bog*, or *Bogy*.

If this be the case the *black bock*, or *luck*, is the *Czerui-boog* = *Black Bog*, half translated.

Even the *broomstick* of the witches may have the same origin; since *buk* is the Slavic for a wisp or tuft, such as there is at the end of a besom.

Etymologically, the notice of *Bug* is the complement to these remarks. Ethnographically, however, or as points connected with the extent to which we have Slavic elements in both the English language and the English mythological Pantheon, Pili-rock and [Old] Scratch may be consulted.]

Frightful spectre; nursery phantom.

The child believes without mental reservation; he does not require to be convinced; and, even if, now and then, some little struggling dawn of argumentative scepticism leads him to doubt faintly, and ask how *bogy* can always manage to live in the coal-cellar among the coals; how the black dog can be on his shoulder when he sees no dog there; why little boys should not ask questions; and why the doctor should have brought baby with him under his cloak—he is easily silenced by the reply that good children always believe what is told them; and that he must believe: so he does believe.—*Sala, Dutch Pictures, Little Children*.

Bohea. s. [Chinese.] Lowest kind of black tea.

Coarse powder, consisting chiefly of lead, is part of the ladies in which *bohea* tea was brought from China.—*Woodward*.

She went from op'ra park, assembly, play,
To morning walks, and jay's three hours a-day;
To part her time 'twixt reading and *bohea*,
To muse and spill her solitary tea. *Pope*.

Why should not every member of the New Company be at liberty to export European commodities to the countries beyond the Cape, and to bring back shawls, saltpetre, and *bohea* to England?—*Macaulay, History of England*, ch. xxiii.

In the following extract it is accented on the first syllable.

As some frail cup of China's fairest mould,
The tumults of the boiling *bohea* braves,
And holds secure the coffee's sable waves. *Tickell*.

Boil. v. n. [Fr. *bouillir*.] Be agitated by, or fluctuate with, heat; be hot, fervent, or effervescent; ferment; give out bubbles.

And these were the men who were to hold England down by main force while her civil and civilised constitution was destroyed. The blood of the whole nation boiled at the thought.—*Macaulay, History of England*, ch. ix.

Boil over. Run over the vessel with heat.

This hollow was a vast cauldron filled with melted matter, which, as it *boiled over* in any part, ran down the sides of the mountain.—*Addison, Travels in Italy*.

A few soft words and a kiss, and the good man melts; see how nature works and *boils over* in him.—*Congreve*.

Keep the pot boiling. Keep anything up; persist in (as dancing, festivities, &c.).

With a whip, snip, high cum diddledy,
The cog-wheels of life have need of much oiling;
Smack, crack,—this is our jubilee;
Huzza, my lads! we'll keep the pot boiling.

Murray, Snarleygown.
Boil. v. a. Heat, by putting into boiling water; seethe.

To try whether seeds be old or new, the sense cannot inform; but if you *boil* them in water, the new seeds will sprout sooner.—*Bacon*.

The past participle *Boiled* is often used as a substantive, or as a participial adjective, with 'meat' or some word of the kind understood.

If all such mixtures then be half a crime,
Or, rather, a disease that's in my flesh;
More roast and *boiled* no epicure invites;
Thus poetry disgusts, or else delights.

Byron, Hints from Horace.

Boil. s. See Bile.

But yet thou art my flesh, my blood, my daughter,
Or, rather, a disease that's in my flesh;
Thou art a *boil* in my corrupted blood.

Shakespeare, King Lear, ii. 4.

Those *boils* did run?—Say so,—did not the general run? were not that a botchy core?—*Id., Troilus and Cressida*, ii. 1.

Boiler. s.

1. One who boils anything.

That such alterations of terrestrial matter are not impossible, seems evident from that notable practice of the *boilers* of saltpetre.—*Boyle*.

2. Vessel for boiling.

This coffee-room is much frequented; and there are generally several pots and *boilers* before the fire.—*Woodward*.

Of a steam-engine.

The third order of equilibration, not hitherto noticed, obtains in those aggregates which continually receive as much motion as they expend. The steam engine (and especially that kind which feeds its own furnace and *boiler*) supplies an example.—*Herbert Spencer, First Principles, Equilibration*.

Boiling. verbal abs.

1. Connected with neuter verb. Ebullition.

God saw it necessary by such mortifications to quench the *boilings* of a furious, overflowing appetite, and the boundless rage of an insatiable intemperance, to make the weakness of the flesh the physic and restorative of the spirit.—*South, Sermons*, ii. 10.

2. Connected with active verb. Cooking by boiling.

If you live in a rich family, *roasting* and *boiling* are below the dignity of your office, and which it becomes you to be ignorant of.—*Swift*.

Boiling. part. adj.

1. In the act or state of ebullition; in a fervid state.

That strength with which my *boiling* youth was fraught,
When in the vale of Balasor I fought. *Dryden*.

What perils youthful ardour would pursue,
That *boiling* blood would carry thee too far. *Id.*

There was, indeed, a class of enthusiasts who were little in the habit of calculating chances, and whom oppression had not tamed but maddened. But these men saw little difference between Argyle and James. Their wrath had been heated to such a temperature that what everybody else would have called *boiling* zeal seemed to them Laudian lukewarmness.—*Macaulay, History of England*, ch. v.

2. In Nautical language. See extract.

But the corporal's miseries were to be prolonged; the flood-tide of water was now spent, and the ebullition commenced flowing against the wind and sea. This created what is called *boiling* water, that is, a contest between the wind forcing the waves one way, and the tide checking them the other, which makes the waves to lose their run, and they rise, and dance, and bubble into points.—*Murray, Snarleygown*, vol. ii. ch. i.

Boilingly. adv. In a boiling manner.

Where the slumbering earthquake
Lies pillowed on fire;
And the waves of bitumen
Rise *boilingly* higher. *Byron, Manfred*, i. 1.

Boisteous. adj. Older form of Boisterous.

Alle these were dronck in a schip, in namber a CXL, non saved save a *boisteous* carl that was among hem.—*Copgrave, Chronicle of England*, A.D. 1120.

If thou serve a lord of pryde,
Be not to *boisteous* in their service,
Danne not thy soule in any ways,
For servyse is non heritage. *Carols from a MS. of the 18th century*, p. 22. (Wright.)

Boisterous. adj. [The *r* is not easily accounted for. That the older form wanted it has

been shown. Perhaps the substantive *Boister*, as a derivative from *Boist*, is to be found; *Boist* itself being another form of *Boast*. This is as much as can be said in the way of direct etymology concerning either word.] Violent; loud; stormy; turbulent; tumultuous.

By a divine instinct, men's minds mistrust
Ensuing danger; as by proof we see
The waters swell before a *boisterous* storm.
Shakespeare, Richard III. ii. 3.

Spirit of peace,
Wherefore do you so ill translate yourself
Out of the speech of peace, that bears such grace,
Into the harsh and *boist'rous* tongue of war?
Id., Henry IV. Part II. iv. 1.

His sweetness won a more regard
Unto his place, than all the *boist'rous* moods
That ignorant scoundrels practise.
God, into the hands of their deliverer,
Puts invincible might.

To quell the might of the earth, the oppressor,
The brute and *boisterous* force of violent men.
Milton, Samson Agonistes, 1270.

As when loud winds a well-grown oak would rend
Up by the roots, this way and that they bend
His reeling trunk, and with a *boist'rous* sound
Scatter his leaves, and strew them on the ground.
Waller.

Still mused I beg thee not to name Sempiternus;
Lucia, I like not that loud *boisterous* man.
Addison, Cato.

Boisterously. adv. In a boisterous manner; violently; tumultuously.

A sceptre snatch'd with an unsteady hand,
Must be as *boisterously* maintain'd as gain'd.
Shakespeare, King John, iii. 4.

Those are all remains of the universal deluge, when the water of the ocean, being *boisterously* turned out upon the earth, bore along with it all moveable bodies.—*Woodward*.

Another faculty of the intellect comes *boisterously* in, and wakes me from so pleasing a dream.—*Swift*.

Boisterousness. s. Attribute suggested by Boisterous; tumultuousness; turbulence.

The *boisterousness* of evil concupiscence.—*Dr. H. More, Conjecturae Galilaeicae*, p. 55.

The *boisterousness* of men elated by recent authority.—*Johnson, Life of Prior*.
The credit of his sister, the countenance and example of his prime, the *boisterousness* of the time, nothing adjoined, nothing reinforced, the mind of this amiable lord.—*Halsop, Royal and Noble Authors, Lord Rivers*.

Bolary. adj. [from Bole = earth.] Partaking of the nature of an earthy bole. Rare.

A weak and inanimate kind of leadstone, with a few magnetic lines, but chiefly consisting of a *bolary* and clammy substance.—*Sir T. Browne, Vulgar Errors*.

Bold. adj. [A.S. *bold*.]

1. Daring; brave; stout; courageous; magnanimous; fearless; intrepid; confident; not scrupulous; not timorous.

The wicked flee when no man pursueth; but the righteous are *bold* as a lion.—*Proverbs*, xxvii. 1.
We were *bold* in our God to speak unto you the gospel of God with much contention.—*1 Thessalonians*, ii. 2.

I have seen the councils of a noble country grow *bold*, or timorous, according to the fits of his good or ill health that naimed them.—*Sir W. Temple*.

I can be *bold* to say, that this age is adorned with some men of that judgment, that they could open new and undiscovered ways to knowledge.—*Locke*.

2. Impudent; rude.

In thy posterity he will be as thyself, and will be *bold* over thy servants. If thou be brought low, he will be against thee. *Ecclesiasticus*, vi. 11.

3. Executed with spirit, and without mean caution.

These, nervous, *bold*; those, languid and remiss.
Lord Bacon, Essays.

The cathedral church is a very *bold* work, and a master-piece of Gothic architecture.—*Addison, Travels in Italy*.

4. Licentious; showing great liberty of fiction or expression.

The figures are *bold* even to temerity.—*Cowley*.
Which no *bold* tales of gods or monsters swell,
But human passions, such as with us dwell. *Waller*.

5. Standing out to the view; in decided relief; striking to the eye.

In Art.

Catachreses and hyperboles are to be used judiciously, and placed in poetry, as heightenings and shadows in painting, to make the figure *bolder*, and cause it to stand off to sight.—*Dryden*.

In *Nature*. Abrupt; precipitous.
Her dominions have *bold* accessible coasts.—*Howell*.
Make *bold*. Make free; take freedom; venture.

I have made *bold*, I dare,
To send in to your wife: my suit to her
Is, that she will to virtuous Desdemona
Procure me some access. *Shakespeare, Othello*, iii. 1.

Making so bold,
My fears forgetting manners, to musical
Their grand commission. *Id., Hamlet*, v. 2.
And were y' as good as George a Green,
I shall make *bold* to turn ye in. *Huller, Hudibras*.
I durst not make thus bold with Ovid, lest some
famous Milbourne should arise.—*Dryden*.
Some men have the fortune to be esteemed wits,
only for seeking bold to scull at these things, which
the greatest part of mankind reverence.—*Arch-
bishop Tillotson*.

Bold. v. a. Embolden. Obsolete.

Pallas *bolds* the Greeks.
A. Hall, Translation of Iliad, iv. : 1581.

Bolden. v. a. Make bold. Obsolete; superseded by Embolden.

Quick inventors, and fair ready speakers, being
boldened with their present abilities, to say more,
and perchance better too at the sudden, for that
present, than any other can do, use less help of dil-
gence and study.—*Anthon, Schoolmaster*.
I am much too vent'rous
In tempting of your patience; but am *bolden'd*
Under your promise's pardon.
Shakespeare, Henry VIII. i. 2.

Boldface. s. Impudent saucy person.

How, now, *boldface*! cries an old trot; sirrah, we
eat our own heels, I'd have you know; what you eat,
you shall.—*Sir R. L. E. Extrange*.
If I have been a sanchico, and a *bold-face*, and
a pert, and a creature, as he calls me, have I not
reason?—*Richardson, Pamela*, let. 19.

Boldfaced. adj. Impudent.

I have seen those silliest of creatures; and seeing
their rare works, I have seen enough to confute all
the *boldfaced* atheists of this age.—*Bishop Burn-
hall, Against Hobbes*.

Boldly. adv. In a bold manner; with courage; with spirit.

Thus we may *boldly* speak, being strengthened
with the example of so reverend a prelate.—*Hooker,
Ecclesiastical Polity*, v. § 19.

I speak to subjects, and a subject speaks,
Stir'd up by heaven, thus *boldly* for his king.
Shakespeare, Richard II. iv. 1.

Boldness. s.

1. Courage; spirit; daringness; freedom; confidence; assurance; impudence.

Her horse she rid so, as might show a fearful *bold-
ness*, daring to do that which she knew not how to
do.—*Sir P. Sidney*.

Great is my *boldness* of speech toward you; great
is my playing in you. 2 *Corinthians*, vii. 3.
Our far excellentest not that *boldness* which be-
cometh saluts.—*Hooker, Ecclesiastical Polity*, v.
§ 47.

That moderation which useth to oppress *boldness*,
and to make them conquer that suffer.—*Ibid.,
Dedication*.

Wonderful is the case of *boldness* in civil business.
What first? *Boldness*. What second and third?
Boldness. And yet *boldness* is a child of ignorance
and baseness, far inferior to other parts. *Bacon*.

Boldness is the power to speak or do what we
intend, before others, without fear or disorder.—
Locke.

2. Exemption from caution and scrupulous nicety.

The *boldness* of the figures is to be hidden some-
times by the address of the poet, that they may
work their effect upon the mind.—*Dryden*.

Bole. s. [see Boll.] Body, or trunk, of a tree.

All fell upon the high-hair'd oaks, and down their
curled brows
Fell huddling to the earth; and up went all the *boles*
and boughs. *Chapman, Homer's Iliad*.

But when the smoother *bole* from knots is free,
We make a deep incision in the tree. *Dryden*.
View well this tree, the queen of all the grove;
How vast her *bole*, how wide her arms are spread;
How high above the rest she shoots her head! *Id.*

And here she came, and round me play'd,
And sang to me the while
Of those three stanzas that you made
About my 'giant *bole*.' *Tennyson, Talking Oak*.

Bole. s. [from βολός = clod, or lump, of earth.] See extracts.

Bole, in Mineralogy, appears to be a fine clay
coloured by oxide of iron. There are several varieties
of this substance which are now used as pigments:
one of these, the Lemnian earth or terra sigillata,
has also been used as a medicine by the Eastern
254

nations, from very remote antiquity. The terra
sigens so frequently used in painting belongs to this
species of mineral.—*Encyclopædia Metropolitana*.
Bola Armeniack is an astrigent earth, which takes
its name from Armenia, the country from which we
have it.—*Woodward*.

Boléro. s. [Spanish.] Kind of Spanish dance.

O say, shall dull Romalika's heavy round,
Fandango's wriggle, or boléro's bound
O'er Egypt's Almas tantalizing groups—
Columbia's caperers to the warlike whoop—
Can aught from cold Kamschatka to Cape Horn
With waltz compare, or after waltz be born?
Byron, The Waltz.

Boll. s. [Lat. bolle.] Measure so called.

Of good barley put eight *boles*, that is, about six
English quarters, in a stone trough.—*Mortimer*.

Bolled. part. adj. [I give the following details as to the history of this word.]

1. There is the Anglo-Saxon verb *belgan*,
of which the ordinary participle is *ge-bolgen*.
The preterite, however, is *beath*; a form
which makes the softening down of the *g*,
in some such hypothetical participle as
gebeathen, probable.

2. The meaning of the Anglo-Saxon is
be angry; the notion of *anger* and *swelling*
being closely allied.

3. In the early English writers we find,
amongst others, the following forms.

a. First and most important the partici-
ple in -*u*; form for form the same as
swollen, and the same in sense.

'His body was to-bollen from wrath that he boot
his lips.' (Langlande, Vision of Piers Plowman.)
The great it seyde *bole*, he stille!

Who hath for'd 'hee all this wite?
That givest me these wordes grille,
That bett her *bolle* us a bite.'

(W. Mapes, Debate of the Body and
the Soul, app. p. 233. Wright.)

'Ghe ben *bolle* with pride.' (Wycliffe, 1 Co.,
viii. 1. v. Rich.)
Drawn at a cart as he of late had be,
Distoured with bloody dint, whose feet were
bolene

With the straight cordes wherwith they him haled.'
(Surrey, Euxis, b. ii. Rich.)

'Here one man's hand leu'd on another's head -
Here one, being through'd, hears back, all *bol* and
red.' (Shakespeare, Rape of Lucrece.)

b. The derived neuter verb *bolnen* -
swell.

'And thus I live loveless like a linden doe
That all my body *bolneth* for bitter of my soyl.'
(Langlande, Vision of Piers Plowman.)

c. The derived substantive *bolning*, *bol-
ning*, *bolnyng*.

'Lest perauenture, stryngynge, enuyes, sturle-
nesses, disconcomys, and detracounes, priuy
species of discord, *bolnyngis* bi pride, debates
ben among ghen.' (Wycliffe, Galatians, xii. Rich.)

d. Lastly comes the familiar quotation
from the Old Testament concerning the
flax:

'And the flax and the barley was smitten: for
the barley was in the ear, and the flax was *bolled*.'
(Exodus, ix. 31.)

The Scotch gives us a similar series of
forms; concerning which it must be re-
marked that it is only the oldest (those
from Henryson, a writer of the fifteenth
century) which furnish the analogues of
the earlier English ones, i. e. the ones
without -*d*.

'Alecte is the *bolnyng* of the hert;
Mogers is the wikkid word outwert;
The spliche is operatioun
That maketh final execution
Of deely syn.' (Henryson.)

Of the later ones, too, it is only the oldest
that give us the *l*, the sound of that letter
being softened down into *au*.

The wyndin welleris the so continually;
The huge walls *bolgynny* about lofe.'
(Gawain Douglas, Traik of Eneid.)

'For joy the birdes with *bolneth* throats
Against his visage shine,
Takes up their kindlie music notes
In woods and garden's grein.' (Hume.)

'And will and willoun was she, and her breast
With woe was *bowden* and just like to brist.'
(Rosa.)

All from Jamieson.

Putting all this together the conclusion
I have come to is:

1. That a word so common in the old
English is not likely to have been wholly
wanting in the Anglo-Saxon; the word
being assumed to be English. It was as-
suredly not Anglo-Norman; nor was it,
apparently, introduced from either Ger-
many or Scandinavia. On its connection
with the Latin *bull* a remark will soon
be made.

2. That its Anglo-Saxon original was
belgan.

3. That the sense of this word in the
classical Anglo-Saxon (where, as has been
stated it meant *be angry*) was secondary;
instances of its meaning simply *swell* being
wanting, unknown to the present writer,
or current in some dialect other than that
of the classical Anglo-Saxon.

4. That out of some such participle as
gebeathen we have got the Old English
boln; just as we have got *swoln*, from
swollen, *swoll*, *swell*.

I now submit that it is possible that, the
n being lost (as in *broke* for *broken*, and,
occasionally, *swoll* for *swoln*, or *swollen*),
the remainder *bol-* took the guise of a
radical verb.

Such is one view. But it is more likely
that a verb was deduced from the noun
Boll, and that the participial adjective
was evolved.

Hence *bolled* = with a *boll*; a word which
takes the guise of a participle, not because
there is such a verb as *Boll* (which, if it
occurred in a late writer, I should treat as
a secondary form from *bolled*), but simply
because its form is participial. Upon this,
however, more is to be found in the Pre-
liminary Remarks.

Nevertheless the etymological necessity
for a form like *bol*, a form which stands to
boln as *swell* stands to *swoln*, must be re-
cognized. That *swell* gives, as participles,
both *swelled* and *swollen* is true; but the
analogue to *swelled* would be *bolled*. Neither
is there the other analogue, from *swell*, to
bol; there being, at present, no known in-
stance of *swol*. The nearest is the German
geschwulst, with which compare *Bolster*.

Of *Boll*, the substantive, recent exam-
ples, doubtless, exist. In Old English, how-
ever, it is generally used as the second
element in a compound. Its commonest
complement is *throat*. In a vocabulary
published by Mr. Wright, and referred by
him to the eleventh century, we find '*Gur-
gulo, prot-bolla*.' Again,

'And by the *throat-bolle* he caught Alein.'
(Chaucer, Wedg.)

'A captain- which with a leaden sword would
cut his own *throt-bolle*.' (Hall in Richardson,
Wedg.)

'After that one of them toke his brother from
under the bedstede, and hyle his face downe to the
grounde with his one hande, and with the other
hande cut his throte *bolle* a sonder with a dagger.'
(Hastell, Pastime of the People, Edward V., p.
292. Dibdin.)

The *larynx*, or Adam's apple, rather than
the windpipe, is here meant.

For *Cromboll*, see that word.

Bole = trunk of a tree is probably the
same word. Trunks, however, of trees
are characterized by being straight or wa-
vering, rather than swelling. They *swell*,
however, as they rise out of the ground,
and they *swell* where they give off the
branches. Thirdly, their roots, by dis-
placing the earth in which they stand, throw
up a swelling round their standing place.

On the principle of the part standing for the whole, any one of these facts may give us a reason why *bolt* = trunk.

If so, the better spelling would be *Boll*: the final *-e* suggesting either that the word was an Anglo-Saxon dissyllable, which it was not; or an Anglo-Norman one, which, also, it was not. To spell it without the *e* would only be to return to the old orthography. As it is, nothing is gained, even on the score of convenience. If the *e* final distinguishes *bolt* = trunk from *boll* = head of flax, it assimilates it to a much more different word *bolt* = earth.

The word is probably obsolete, being displaced by *trunk*. As a provincialism it may be current: but, as employed by recent writers, it is used rhetorically; i. e. either as an archaism, or as a rare form.

Mr. Wedgwood connects *bolt* = trunk of tree and *boll* = head of flax, making them words of the same origin with *Boil*, *Bubble*, and the Latin *Bulla*.

There is nothing in this incompatible with the view just exhibited. The real difference lies in the fact of Mr. Wedgwood's being the ultimate, the one submitted to the reader the immediate, origin of the word. *Bolster* he connects somewhat less closely than I do.

Bolled is sometimes applied to barley; but not, I believe, to oats or wheat. Yet the barley is not *bolled* like the flax. Hence, the word may simply mean strong, or well-grown. Two facts may suggest this application to that particular kind of corn.

1. The measuring of barley by the *boll*.
2. The name *biggy* applied to the same kind of grain.

Probably, the word is used without any clear notion as to whether *Boll* = Lat. *audax*, or *Bolled* = Lat. *capitatus*, he meant.

Belly is probably connected with this root. At any rate the similar relation of *swallow* = throat (perhaps originally the larynx) to *swell* deserves consideration.

Bolt in both its senses may also have a similar connection. This, however, assumes that the conception of the resistance which accompanies protrusion, and which in so doing would cause a swelling where the parts before gave way to the object behind, lies at the bottom of the word. The immediate origin of the two terms is different; nor is this anything more than the suggestion of a link which would connect a large family of words.]

(For examples see extracts given above.)

Bolster. *s.* [A.S. *bolstra*.—see remarks on *Bolt*.]

1. Something laid on the bed to raise and support the head; commonly a bag filled with down or feathers.

Don't you think, Stingo, our lady could accommodate the gentlemen by the three-side, with chairs and a *bolster*.—*Goldsmith, She stoops to conquer*, l. 2.

Perhaps some cold bank is her *bolster*: now, Or yainst the rugged bark of some broad elm Leans her uppillow'd head, fraught with sad fears. —*Milton, Comus*, 333.

This arm shall be a *bolster* for thy head; I'll fetch clean straw to make a soldier's bed. —*Gay*.

2. *Pad*.

Up goes her hand, and off she slips The *bolsters* that supply her hips. —*Swift*.

3. Compress for wounds. *Obsolete*.

The bandage is the girl, which hath a *bolster* in the middle, and the ends tacked firmly together. —*Wieman, Surgery*.

Bolster. *v. a.*

1. Support the head with a *bolster*; support; hold up; maintain: (often in a *bad* sense;

implying fictitious or improper, rather than real or legitimate, support).

We may be made wiser by the public persuasions grafted in men's minds, so they be used to further the truth, not to bolster error. —*Hooker, Ecclesiastical Polity*, lib. 5, 4.

It was the way of many to *bolster* up their crazy, dotting consciences with confidences. —*South*.

2. Hold the sides of a wound together with a compress.

The practice of *bolstering* the cheeks forward, does little service to the wound, and is very uneasy to the patient. —*Sharrp*.

Bolstered. *part. adj.* Swelled out.

Three pair of stays *bolstered* below the left shoulder. —*Tatler*, no. 245.

Bolsterer. *s.* Supporter; maintainer.

That which is commonly reported of great robberies, may fitly serve to satisfy the *bolsterers* of such lewdness. —*Bishop Bancroft, Dangerous Positions*, iv. 12.

Bolstering. *verbal abn.* Prop; support.

Crooked and unequal bodies are made to meet, without a miracle, by some iron bodies, or some benign *bolstering*. —*Jeremy Taylor, Artificial Hand-someness*, p. 60.

Let the lawyer forbear to set his tongue to sale for the *bolstering* out of unjust causes. —*Hakewill*.

He let the passion or the sentiment do its own work without prop or *bolstering*. —*Lamb, Essays of Elia, On some of the old Actors*.

Bolt. *s.* [from Dutch, *boud* — though this word, on the strength of its difference of meaning and its immediate derivation, is separated from *Bolt* = sift, the ultimate origin of the two may be the same. In Latin we have both *capitula* as the name of an engine for projectiles, and *pulture* = bolt, sift. See, also, notice under *Bolled*.]

1. Arrow; dart shot from a crossbow.

Yet mark'd I where the *bolt* of Cupid fell; It fell upon a little western flower; Before milk-white, now purple with love's wound. —*Shakespeare, Midsummer-Night's Dream*, ii. 2.

The hunted *bolt* against the nymph he drew; But, with the sharp, transfus'd Apollo's breast. —*Dryden*.

Popular belief said that Sir Walter Rieu, aiming at a deer with a *bolt* given him by the king himself, had struck an oak; the arrow had glanced back and killed William. —*C. H. Pearson, The early and middle Ages of England*, ch. xiv.

His decision having been already given, once for all, with a resolution not to reconsider it, or to be open to conviction from any fresh arguments, his re-declarations of it are no more to be reckoned repeated acts of judgment, than new impressions from a stereotype plate are to be regarded as new editions. In short, according to the proverbial phrase, 'His *bolt* is shot.' —*R. Whately, Elements of Rhetoric*.

Bolt upright. Upright as an arrow.

Brush iron, native or from the mine, consisteth of long straws, about the thickness of a small knitting needle, *bolt upright*, like the bristles of a stiff brush. —*Grew*.

As I stood *bolt upright* upon one end, one of the ladies burst out. —*Addison*.

Lathum had nothing to give. He threw off his cloak, stood *bolt upright* in his shroud, and the friends took their places on either side the stake. —*Froude, History of England*, ch. xxxiii.

2. Lightning; thunderbolt.

Sing'd with the flames, and with the *bolts* transfus'd. —*Dryden*.

With native earth your blood the monsters mix'd. —*Dryden*.

As the *bolt* hurst on high From the black cloud that bound it, Flashed the soul of that eye From the long lashes round it. —*Byron, Bride of Abydos*.

3. Bar of a door; bar of a trapdoor.

'Tis not in thee, to oppose the *bolt* Against my coming in. —*Shakespeare, King Lear*, ii. 4.

After reading this short, pithy paragraph, I felt that sort of gratitude to the writer, which a culprit may be supposed to feel for an executioner who puts him speedily out of pain; there was no tedious process of strangulation in this — no roasting before a slow fire — the *bolt* was drawn and the spine of my vanity broken without any lingering preparation. —*Theodore Hook, Gilbert Garney*, vol. i. ch. iii.

4. In Naval Architecture. See extract.

Bolts, in naval architecture, are cylindrical pieces of copper or iron, pointed at one end but plain at the other, for the convenience of driving. These *bolts* vary in length from two feet and under to fifteen feet, and in diameter from three quarters to five quarters of an inch or more; they receive particular denominations from the parts of the vessel in

which they are driven. The total weight of copper *bolts* in an English seventy-four-gun ship is estimated at about thirty tons, and of iron *bolts* for the upper works at not less than forty tons. —*Encyclopædia Metropolitana*, in voc.

5. Iron to fasten the legs of a prisoner.

Away with him to prison; lay *bolts* enough upon him. —*Shakespeare, Measure for Measure*, v. 1.

6. Sudden spring.

The dis-rehabilitated his exertions, and the extra weight of *bolts* being now removed, he was at last able to withdraw his appendage, and probably feeling that there was now no chance of a quiet night's rest in his present quarters, he made a *bolt* out of the room down the stairs, and into the street. —*Marryat, Snarkyggon*, vol. i. ch. xi.

Bolt. *v. a.*

1. Shut, or fasten, with a bolt.

Then he called his servant that ministered unto him, and said, I'll now this woman out from me, and *bolt* the door after her. —*2 Samuel*, xiii. 17.

2. Blurt out, or throw out precipitantly.

I hate when vice can *bolt* her arguments. And virtue has no tongue to check her pride. —*Milton, Comus*, 700.

3. Fasten (as a bolt or pin); pin; keep to-gether.

That I could reach the axle where the pins are, Which *bolt* this frame, that I might pull them out. —*B. Jonson*.

4. Fetter; shackle.

It is great To do that thing that ends all other deeds, Which shackles accidents, and *bolts* up change. —*Shakespeare, Antony and Cleopatra*, ii. 2.

5. Swallow at a gulp. See *Bolled*.

Snarkyggon's appetite had been very much sharpened by his morning's walk: it rose with the smell of the herring, so he ran on his hind legs, snatched the herring out of *Snarkyggon's* hand, bolted forward by the long gangway, and would soon have *bolted* the herring, had not *Snarkyggon* halted after him and overtaken him just as he had laid it down on the deck, preparatory to commencing his meal. —*Marryat, Snarkyggon*, vol. i. ch. i.

Bolt. *v. n.*

1. Spring out with speed and suddenness;

start out with the quickness of an arrow. —*Merrey, A fair virgin and lovely; her garments green and orient; a crown of gold upon her head; the tears of compassion bolting at her eyes; pity and ruth sitting in her face.* —*Dr. J. White, Sermon*, p. 72: 1615.

This *Puck* seems but a dreaming dolt, Still walking like a roused colt, And off out of a lush cloth *bolt*.

Of purpose to deceive us. —*Drayton, Nymphidia*.

They crested a fort, and from thence they *bolted* like brands of the forest, scattered into the forest, scattered into the woods and fastnesses, and sometimes back to their den. —*Devereux*.

As the house was all in a flame, out *bolted* a mouse from the ruins, to save herself. —*Sir R. L. Estlin*.

I have reflected on those men who, from time to time, have shot themselves into the world. I have seen many successions of them; some *bolting* out upon the stage with vast applause, and others hissed off. —*Dryden*.

The birds to foreign seats repair'd, And beasts that *bolted* out and saw the forest bar'd. —*Id.*

Used colloquially, and almost as a slang term, with special reference to flying from either justice or the pursuit of some offended party.

'I suppose,' said I, 'that *Daily* has got into some infernal scrape, and has been forced to *bolt*.' —*Theodore Hook, Gilbert Garney*, vol. ii. ch. iii.

'Positively stumped,' said *Daily*; 'don't speak loud. I thought of course you had heard of it. *Hinkinsop* has *bolted*.' —*Id.*, vol. iii. ch. ii.

'And what shall you do then?' 'Bolt.' —*Dickens, Martin Chuzzlewit*.

2. Start falsely, or swerve, in a race.

All his career, since his arrival in England, fitted across his mind. Doncaster, dear Doncaster, where he had first seen her, tremed only with delightful reminiscences to a man whose favourite had *bolted*. —*Disraeli the younger, The young Duke*, b. i. ch. xvi.

Bolt. *v. a.* [from L.Lat. *pulto*.—though this word, on the strength of its difference of meaning and its immediate derivation, is separated from the one which precedes, the ultimate origin of the two may be the same. See notice under *Bolled*.]

1. Sift; separate the parts of anything with a sieve.

He now had *bolted* all the flour. —*Spenser, Faerie Queene*.

I cannot *bolt* this matter to the bran,
As Bradwardin and holy Austin can. Dryden.

2. Examine by sifting; try out; lay open.
It would be well *bolted* out, whether great refractions may not be made upon reflections, as upon direct beams.—*Bacon*.
The judge, or jury, or parties, or the council, or attorneys, propounding questions, beats and *bolls* out the truth much better than when the witness delivers only a formal series.—*Sir M. Hale*.
Time and nature will *bolt* out the truth of things, through all disguises.—*Sir E. L'Estrange*.
3. Purify; purge.

The fanned snow
That's *bolted* by the northern blast twice o'er.
Shakespeare, Winter's Tale, iv. 3.

Bolt. s. [from *bolt* = sift.] Sieve.
Where he the French petticoats,
And girdles, and hangers?—Here, I'll trunk;
And the *bolls* of lawn. *B. Jonson, Alchemist*.

Bolter. s. Sieve to separate meal from bran or husks, finer from coarser parts.
Dowls, filthy dowls: I have given them away to bakers' wives, and they have made *bolters* of them.—*Shakespeare, Henry IV, Part I*, iii. 3.
With a good strong chopping-knife mince the two capons, bones and all, as small as ordinary mince meat; put them into a large nest *bolter*.—*Bacon, Natural and Experimental History*.
When superciliously he sifts
Through coarsest *bolter* others' gifts.
Butler, Hudibras.

Bolter. s. [?] Kind of net. *Local*.
These hakes, and divers others of the fore cited, are taken with thralls, and some of them with the *bolter*, which is a speller of a bigger size.—*Carver, Survey of Cornwall*.

Bolter. v. a. [This word forms the second element in *blood-bolted*, a term already noticed, and which can only be interpreted by allowing it to stand for some image allied to those created by such epithets as *blood-besmeared*, *blood-sized* (in the sense of *stiffened*), or the like. As a compound of *boltered*, that word retaining its natural meaning, it is impossible. The only thing that can be said to be *blood-bolted*, i.e. sifted or refined through blood, is a very different object from the murdered Banquo. Sugar, refined by bullock's blood may, perhaps, be said to be *blood-bolted*; few things else.

This statement may be tried by the obvious test of putting some word which will give an unequivocal and undoubted meaning in the place of each element. For *blood*, write some prefix, which followed by *bolter*, will give a sense e.g. *cloth*, *baize*. *Cloth-boltered*, or *baize-boltered*, means *boltered* through *cloth* or *baize*; *cloth* or *baize* being the *bolter*. *Canvass-boltered* = *boltered* through *canvass*.

Again, for *boltered* write *sifted* (or *sifted*), *strained* (or *strained*), or *filtered*, and the sense is *sifted* (or *sifted*), *strained* (or *strained*), or *filtered* through *blood*. The etymological rule is exactly that of the words in question, especially *sift* and *strainer*, which stand to *sift* and *strain* precisely as *bolter* does to *bolt*, and with meaning closely allied.

Warburton, and all Malone's predecessors, had, according to Malone's note, explained the term as meaning that Banquo was covered with blood which had gone out from his body as from a sieve; an explanation with which he was reasonably dissatisfied.

His researches led him to seek the meaning among the provincialisms of Shakespeare's native county; and he gives the result in the following words. 'I ordered,' says my informant, 'a harness-collar to be made with a linen lining, but blacked, to give the appearance of leather. The saddler made the lining as he was di-

rected, but did not black it, saying it would *bolter* the horse. Being asked what he meant by *bolter*, he replied, *dirty*, *besmeared*; and that it was a common word in his country. This conversation passed within eight miles of Stratford on Avon.'

Steevens adopting this view confirms it. He gives the name of his authority, a Mr. Homer. He adds that the hair matted with the blood of a broken head was said to be *boltered*; also, that the pronunciation of the word was *boltered*.

Unfortunately this is a pronunciation addressed to the eye only. How are we to know whether the *a* was sounded as in *malt*, or as in *callous*? The orthography of the literary language is in favour of the former sound; but here we deal with a provincialism. The sound may have been that of the *a* in *callous*; for we must remember that, if it were such, there is no other way of saying so than in the necessarily ambiguous words of our commentators.

Lastly, he gives the following extract from the famous translator Philemon Holland; to which he might have added that though Fuller, our authority, especially states that he could not give his birthplace, he as especially declares that he practised as a physician in Coventry.

'Moreover, Arabia doth glory even yet in their ladanum. The goats, they say, use to crop the sprouts and sprigs of this plant which beareth musklike, which being so full of this odoriferous and sweet liquor, that they smell again, and doth drop and distill the said moisture, which the shrewd and unhappy beast catcheth among the sing long hairs of his beard. Now, by reason that dust getteth among it, *hallereth* [domemr in orig.] and dulleth into knots and balls, and so is converted into a certain substance in the sunne'. (Pliny, Natural History, b. xii. ch. xvii. p. 370; ed. 1635.)

Now, I submit that all this is not so much explaining *blood-boltered* as giving reasons for considering the word to have been *blood-boltered*. The text, however, stood and stands; and though the explanations founded on the word *bolter* are objected to, the question whether that word is not at the bottom of the compound is neither expressly asserted nor expressly denied. It is clear, however, that the more we explain the Shakespearean *boltered* by the Warwickshire *boltered*, the less we connect it with *bolt* in the sense given to it by the miller.

We now come to a writer who has noticed the term within the last twelve months. Mr. Wise, in his work on Stratford on Avon, gives in an appendix a list of Shakespearean words, provincial in Warwickshire. In this list neither *bolter* nor *bolter* occurs. In the body of the work, however, he notices *bolter*, the term in question. He quotes it as a Northamptonshire word given by Miss Baker, in her Glossary of Northamptonshire words, to Warwickshire; stating that it applies to snow *balling* in horses' feet. This suggests a new etymon, and in my mind the true one. What may be the case in other districts, and with other words, I know not; but in Lincolnshire, and doubtless elsewhere, it is common to say *shaller* for *shallow*.

I believe, then, the Warwickshire word to have originated in *ball*, and to have meant *bailed*, *clogged*, or *matted*.

Whether the text should be altered, and whether actors should say *boltered* (pronounced *baftered*), are other questions. I scarcely believe that Shakespeare himself wrote otherwise than as the common text

makes him write. The word is sonorous, and conveys an image which, though no two readers exactly agree as to what it is, is still, when realized according to the reader's view, a definite image. What Shakespeare really meant is an insoluble point of biography.

An object *matted*, *clogged*, *sized*, or *stiffened* with blood was visible to the poet's eye. The provincialism was, probably, in his mind; but so was the word *bolter* with its ordinary meaning.

All that a lexicographer can say is that the word is not a grammatical derivative from *bolt* or *bolter*.

I conclude with a remark on the spelling. It would be convenient if *bolt* = *sift* were spelt differently from *bolt* = *arrow*, &c.; and it is a fact that *bolle* is a common way of spelling it. Still, as it stands, it is spelt phonetically right.

Again, the oldest spelling was with a simple *u*, as may be seen in the following gloss from Alexander de Neckham:

'K de furine vent la flour,
bolting-clot
Par la bolenge le pestour,
bolting-ye
Per bolenger est ceveré
bol
La flour, e le furie demore.'
(Vocabularies, p. 155. Wright.)

But the pronunciation in *u* has long been lost.

The word then is left as it is. To recur to *bolle* would be to run the risk of having the vowel sounded like the *ow* in *howl*.

(For example see extract under *Blood-boltered*.)

Bolthead. s. Long straight-necked glass vessel for chemical distillations; matrass, or receiver.

This spirit abounds in salt, which may be separated, by putting the liquor into a *bolthead*, with a long narrow neck.—*Boyle*.

Bolting. verbal abs. [from *bolt* = sift.] Process, or net, by which anything is bolted.

In the *bolting* and *sifting* of fourteen years of power and favour, all that came out could not be pure meal. *Sir H. Wotton*.

Boltinghouse. s. [from *bolt* = sift.] Place where meal is sifted.

The jade is returned as white and as powdered, as if she had been at work in a *bolting-house*. *Bonnie, Letters*.

Boltinghutch. s. [from *bolt* = sift.] Bin or tub for the bolted meal.

That *bolting-hutch* of headlins, that swain parcel of dropsies.—*Shakespeare, Henry IV, Part I*, ii. 4.

This passing fine sophistical *bolting-hutch*. *Milton, Animadversions upon a Defence of the Humble Remonstrance*.

Boltingtub. s. [from *bolt* = sift.] Tub to sift meal in.

The larders have been search'd,
The bake-houses and *bolting-tub*, the ovens.
B. Jonson, Magnetic Lady.

Bolus. s. [Gr. βολος = lump.] Form of medicine, in which the ingredients are made up into a soft mass, larger than a pill, to be swallowed at once; electuary.

Keep their bodies soluble the while by clysters, lenitive *boluses* of castia and manna, with syrup of violets. *Winneman, Surgery*.

By roots we are well assur'd,
That love, alas! can ne'er be cur'd;
A complicated heap of ills,
Despising *boluses* and pills. *Swift*.

Bomb. s. [Lat. bomba.] *Obsolete*: superseded by *Boom*.

1. Loud noise; stroke upon a bell.
An upper chamber being thought weak, was supported by a pillar of iron, of the bigness of one's arm in the midst; which, if you had struck, would make a little flat noise in the room, but a great *bomb* in the chamber beneath.—*Bacon*.
2. Hollow iron ball, or shell, filled with gunpowder, and so constructed as to burst on reaching its destination.

The loud cannon misive iron pours,
And in the slaughtering *bomb* Gradivus roars.

Rose.

Bomb. v. n. Sound; emit a noise. *Obsolete.*
But tympanites (which we call the drum),
A wind, *bombe* in her belly; must be unlearned.

B. Jonson, *Magnificent Lady*.

Bomb. v. a. Full upon with bombs; bombard. *Obsolete.*

Our King thus trembles at Namur,
Whilst Villeroi, who ne'er afraid is,
To Brussels marches on secure,
To *bomb* the monks, and scare the ladies. *Prior.*

Bombage. s. [Ital. *bombagia*.] Cotton. *Obsolete.*

In these Indies they pass not for these cordes
that may be made of the fruite of cecus, by reason
of the great plenty that they have of the *bombage*
or cotton of the gossampine trees. — *Eden, Martyr*,
193. (Ord. MS.)

Bombard. s. [L. Lat. *bombarda*.] *Obsolete.*

1. Great gun; cannon.

They planted in divers places twelve great *bombards*, wherewith they threw huge stones into the air, which, falling down into the city, might break down the houses. — *Kaullen*.

2. Barrel, or large vessel, for holding liquor.

The poor cattle yonder are passing away the time
with a cheat loaf, and a *bombard* of broken beer. —
B. Jonson, Masques.

That swollen parcel of droppies, that huge *bombard*
of sack. — *Shakespeare, Henry IV. Part I. ii. 3*.

Bombard. v. a. Attack with bombs.

A medal is struck on the Russian failing in their
attempts on Duxick, when they endeavoured to
clow up a fort and *bombard* the town. — *Addison*.
The attack did indeed come in 1841, when C'm
while in a state of profound quiet, was *bombarded*
by the Austrians, and afterwards given to them as
a reward by the Emperor Nicolas — in whom it did
not belong. As if to prove themselves grateful, the
Austrians *bombarded* it again in 1848. — *Edwards*,
Polish Captivity, vol. ii. ch. ii.

Bombardical. adj. Bombastic. *Rare.*

A persecutor of his enemies, a most perfect jewel
of the blessed tree, with other such *bombardical*
titles. — *Huwell, Letters*, 3, 22. (Ord. MS.)

Bombardier. s. Engineer whose employment it is to shoot bombs.

The *bombardier* tosses his ball sometimes into the
mist of a city, with a design to fill all around him
with terror and combustion. *Tatler*.

Bombardment. s. Attack made upon any city, by throwing bombs into it.

Genoa is not yet secure from a *bombardment*
though it is not so exposed as formerly. — *Addison*,
Travels in Italy.

Bombasin. s. [Fr. *bombasin*; Lat. *bombycinus* - silkens.] Slight silkens stuff for mourning; (cotton also was formerly called bombasin, as it is still by the French). See Bombast.

The materials [of Persian paper] are not ruses or
skins, but *bombasin* or cotton-wood, coarse, and re-
quiring much toil to perfect. — *Sir T. Herbert*,
Relation of some Years' Travels into Africa and the Great Asia, p. 298.

The pawnbroker tells me, that he has several
suits of rich brocade, from ladies of quality, lately
pawned with him, to enable them [during the present
mourning] to buy crapes and *bombasins*. —
The Student, ii. 234.

Bombast. s. written also corruptly *Bum-
bast*. [Ital. *bombagia* = cotton; Gr. *bómboz* =
raw silk.] Stuff of soft loose texture
used formerly to swell the garment, and
thence used to signify bulk or show without
solidity.

a. In general, and materially.

Here comes low Jack, here comes bar-bone.
How now, my awn of creature of *bombast*!

Shakespeare, Henry IV. Part I. ii. 3.

b. In Rhetoric. Fustian; big words without
meaning.

Not pedants' motley tongue, soldiers' *bombast*,
Mountebanks' drug-conceal, nor the terms of law,
Are strong enough preparatives to draw
Me to hear this. *Donne, Poems*, p. 130.
One falls while following elegance too fast;
Another soars, inflated with *bombast*.

Byron, Hints from Horace.
He [Boileau] was well acquainted with the great
Greek writers; and, though unable fully to ap-
preciate their creative genius, admired the majesty
simplicity of their manner, and had learned from
them to despise *bombast* and tinsel. — *Macaulay*,
Essays, Life and Writings of Addison.

In the following extract, the word is
either *substantive* or *adjective*; the con-
struction being equivocal, and, as such,
ambiguous.

Are all the fleets of herolek poetry to be con-
cluded *bombast*, unnatural, and mere madness, be-
cause they are not affected with their excellencies?
— *Dryden*.

Bombast. adj. High-sounding; of great
sound without meaning. *Obsolete*; super-
seded by Bombastick.

He, as having his own pride and purpose,
Evades them with a *bombast* circumstance,
Horridly stuff'd with epithets of war.

Shakespeare, Othello, I. i.

Bombast. s. [In German, where *baum* =
tree, and *bast* = bark, *bombast* has been
treated etymologically as a compound of
these two words. It is probable that the
writer of the extract looked upon this as
the derivation.] Raw cotton.

Cotton is no less admirable. The tree is slender
but strait, a yard high and like a beaver. At the
top it divides itself into several branches, each of
which is charged with many bolls that contain the
bombast; the shape thereof is round and equal to a
walnut. — *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 363.

Bombast. v. a. Inflate; puff up. *Obsolete.*

Then strives he to *bombast* his feeble lines
With far-fetched phrase. *Bishop Hall, Satires*, l. 1.
Albeit they, no doubt, thought the entertainment
was noble, we thought never any strangers were
bombasted with such a triumph. — *Sir T. Herbert*,
Relation of some Years' Travels into Africa and the Great Asia, p. 113.

Bombasted. part. adj. Inflated. *Obsolete*
superseded by Bombastic.

For Leontineus Gorgias, that *bombasted* sophister,
the greatness of his learning was rather in the
people's false opinion and ascription than in his
own true possession. — *Editha, Athanasius*, p. 100.

Bombastic. adj. Of great sound with little
meaning; ranting.

Bombastic phrases, *satiricisms*, *absurdities*, and a
thousand monsters of a scholastic brood, were set
on foot. — *Lord Shaftesbury*.

The vulgar requires a perspicuous, but by no means
a dry and unadorned style; on the contrary, they
have a taste rather for the over-loud, lawdy, and
bombastic; nor are the ornaments of style by any
means necessarily inconsistent with perspicuity. —
R. Whately, Elements of Rhetoric, pt. i. ch. i. § 2.

Bombastry. s. Swelling words without
much meaning; fustian. *Obsolete*; super-
seded by Bombast.

Bombastry and lawfulness, by nature lofty and
high, soar highest of all. — *Sir T. Herbert, Tale of a Tub*,
Intro.

Bombchest. s. See extract.

Bombchest, a kind of chest formerly in use, filled
with bombs, or simply gunpowder, it was placed
under the ground and fired by means of a sursise
fastened to one end. — *Rees, Cyclopaedia*, in voce.

Bombilation. s. [Lat. *bombilo* = hum like a
bee.] Sound; noise; report. *Obsolete.*

How to imitate the vicissitude, or silence the *bombilation*
of guns, a due is said to be by *borax* and butter
mixt in a due proportion, which will almost take off,
the report, and also the force of the charge. — *Sir T. Herbert*,
Travels, Volney, Egypt.

Bombing. part. adj. Sounding like a bomb.

What over-charged piece of melancholy
Is this, breaks in between my wishes thus.
With *bombing* sighs! *B. Jonson, Masques*.

Bombketch. s. [see Ketch.] Vessel
for firing bombs, formerly ketch-rigged. (As
bombvessels are at present bark-rigged,
the thing rather than the word is *obsolete*.)

Our ships will then attack, their fire being sup-
ported by that of the gun and mortar bombs and
bombketches. — *Order for the Siege of Gibraltar*,
quoted in *Sayer's History of Gibraltar*, p. 371.

Bombproof. adj. Capable of resisting bomb-
shells.

He reported that Bomarsund could not, indeed,
be attacked by ships; and that he had certain intelli-
gence that the roads of the forts were *bombproof*;
but that it must fall at once if attacked on the land-
ward side. — *Longe, Naval History of England*.

Bombproof. s. Place proof against, or able
to resist, bombshells.

Turning into this passage, we entered a lofty *bomb-
proof*, which was the bedroom of the commanding
officer. — *W. Russell, Correspondent of the Times*
from America, June 11, 1901.

L L

Bombvessel. s. Kind of ship, strongly
built, to bear the shock of a mortar.

Nor could an ordinary fleet, with *bomb-vessels*,
hope to succeed against a place that has in its ar-
senal galleys and men of war. — *Addison, Travels in Italy*.

Of the squadron of gun-brigs only one could get
into action; the rest were prevented by leading
cannons, from weathering the eastern end of the
shoal; and only two of the *bomb-vessels* could reach
their station on the middle-ground, and open their
mortars on the arsenal, firing over both fleets. —
Southey, Life of Nelson.

Bon-lace. s. [two words rather than a
compound. ? *bon* of *flax*, and *lace*. The
? suggests that the ordinary derivation from
bone, of which the hobbins are made, though
not adopted by the Editor is not condemned.
If he be wrong, *bone* is the better, as well
as the commoner, spelling.] Flaxen lace.

She cuts embroidery at a thread, weaves *bone-lace*,
and quilts laces. — *Beaumont and Fletcher, Stormy*
Leads.

The things you follow, and make songs on now,
should be sent to knit, or sit down to hobbins or
bon-lace. — *Tatler*.

We destroy the symmetry of the human figure,
and foolishly contrive to call off the eye from great
and real beauties, to childish gewgaw ribands and
bon-lace. — *Spectator*.

Bonâ fide. [Lat. = in good faith.] Really;
truly; without deceit or fraud.

When a man performs any action which he be-
lieves at the time to be just and lawful, he is said to
have acted *bonâ fide*. — *Oxford English Dictionary*, in voce.
Is it *bonâ fide* for your interest or your honour to
sacrifice your domestic tranquillity, and to live in a
perpetual disagreement with your people, merely to
preserve such a chain of beaus as North, Harrington,
Weymouth, Gower, Ellis, Ouslow, Rieby, Jerry
Dyson, and Sandwich? — *Letters of Junius*, let. 38.

There is a respect for property, incalculable and
protected by the laws, which should never be de-
graded from; and, whatever may have been the ag-
gressions on the part of Mr. Vanslyperken, or of the
dog, still a tail is a tail, and, whether amny or not,
is *bonâ fide* a part of the living body; and this ag-
gression must inevitably run under the head of the
cutting and maiming art. — *Murray, Shakespeare*,
vol. iii. ch. ii.

Bona-roba. s. [Ital. *buona roba* = fine gown.]
Showy wanton. *Obsolete.*

We knew where the *bona-robas* were. — *Shake-
spear, Henry IV. Part II. iii. 2*.

Here comes the lady:

A *bommeing* *bona-roba*. *B. Jonson, New Inn*.

Bonaire. adj. [Fr. *bon air* = good air, in the
sense of mien. notwithstanding the spell-
ing of the examples the form in *-ai* is
considered the true one, on the strength of
its undoubtedly naturalized derivative De-
bonaire.] Complaisant; yielding; obe-
dient. *Obsolete*.

I, X. take thee X. to my wedded *bonshande*, to
have and to hold, fro this day forward, for better,
for worse, for richer, for poorer, in sickness, and heale,
to be *bonaire* and bonam, &c. — *Schoenberg Manual*,
fol. xxxviii. b. 1360.

He telleth a tale of the Patriarche of Constanti-
nople, that he should be *bonaire* and bonam to the
Bishop of Rome; and yet at that time when he
imagined this grant was made the citie of Con-
stantinople was not builded. — *Bishop Jewell, De-
fence of an Apology for the Church of England*,
p. 228. (Rich.)

Bonâsus. s. [Lat. *bonatus*; the account of
which in Pliny is as follows: 'Tradunt in
Pæonia feram quæ *bonatus* vocatur,
equinâ jubâ, cætera tauro similem, cornibus
ita in se flexis ut non sint utilis pugnae,'
&c. *II. A. viii. 16*. The doubling of the
s is recent and incorrect. In Nennich
the word is given in both the English and
the French vocabularies, and that with a
single s, i. e. as *bonatus* and *bonase*; and
the spelling in the Encyclopaedia is the
same.

About forty years ago an American
bison, which thoroughly verified the char-
acter given below in the second extract,
was brought over to England. Its name
was placarded on shows and advertized on
showbills, and was evidently what would
now be called a sensation name. It was cer-
tainly pronounced as if spelt with double

s. and, I believe, was written accordingly. It never took root, and is now superseded by either *bison* or *buffalo*. It only supplied a nickname for coarse, big, vulgar individuals, as suggested by the next entry. At present it is not the current acknowledged name of any animal; and the fact of its not being such is the groundwork of the observations which follow.

Few, in common language, call either the European or the American bison by the name of *bonassus* or *bonassus*. Yet it would be convenient if it were restored. With animals of the size and importance of a bovine ruminant it would be useful for every species to have a popular name. Now, by confining the word to the American species in question, *bison* is left free for some other application; and the animal to which it applies is the all but extinct bovine, oxlike, and bisonlike ruminant of a single forest in Lithuania. For this there is no generally recognized English name.

1. The *bonassus* and *bison* were connected, perhaps confounded, by Pliny, just as they are now. In Scythia there were few animals of this kind, but Germany produced 'insignia huius ferorum genera, iubatos *bisontra*, excellentique et vi et velocitate uras, quibus imperitum vulgus bubulorum [buffaloes] nomen imponit.' -- *H. N.* viii. 15. The buffalo, then as now, was in the same category.

2. That the American *bonassus* is not the *bonassus* of Pannonia need scarcely be remarked. Of the two species however, supposing them to have been different, it is the European which has the best claim to the name of *bison*.

3. Without investigating the difference between the Lithuanian animal and the uras, we may state that the term *bison*, in its German form, was applied to both.

In an Anglo-Saxon vocabulary we find:

'Uras, wisment.'

Again, Albertus Magnus (see note to the Delphin editions of Pliny) writes:

'Bovus, quom Germanice *ur* vocamus.'

Professor Owen, too, in his History of the Fossil Vertebrata, quotes *wisment*, from the Nibelungenlied, as the name of one of the wild animals killed in the parts about Xanten on the Lower Rhine by the hero of the poem.

4. The word was probably German before it was Latin; the German form being in *-nt* or *-nd*, rather than in *-on*.

Such are the reasons for keeping it for a European animal, so far as the nomenclature of the zoologists and current practice will allow. Its suggested and possible equivalents are objectionable.

Uras is Latin; and subject to the inconvenience of its plural, whether *urases* or *uri*, being for some time uncertain.

Aurochs, the German name, and one which has a fair chance of being naturalized, has, also, its etymological inconveniences. The *au* is an uncertain combination. Those who know German will sound it as the *ow* in *howl*: those who do not as the *aw* in *bawl*. The *ch*, as a German sound, is strange to an Englishman. The *-ochs* = *ox*; a fact which, while it suggests *aurozen* as the plural, makes *auroches* a very awkward form. Lastly, as a matter of fact, I have already seen instances of the use of *auroch* as a singular form, the

s of the root being evidently taken for the sign of the plural.

To a word so fraught with grammatical dangers *bison* may fairly, while the question is open, be preferred; especially as by so doing we avoid the confusion between a generic and a specific name, and at the same time reinstate an old word, *vizon*.

I think that *bison* was originally German rather than Latin, and, also, German rather than Slavonic, partly on account of the fuller form in *-nt*, or *-nd*, and partly because the Slavonic is *snbr* or *zubr*. The Lithuanic is not given in any Lithuanic dictionary.

But, word for word, *zubr* is *zebra*, a remark which, though not belonging to a dictionary, is, to such naturalists as use the all-important instrument of etymology in determining the original countries of widely diffused animals, sufficiently suggestive to be excused. I add that in Africa, the probable cradle of most of our domesticated animals, the *horse*, in one language at least, that of Abyssinia, is *feras*, *ferazzer*, and *ferat* -- the German *pferd* and English (slang) *prad*: also that *mule* is *buggloo* -- *buffalo*, word for word, though not animal for animal.]

Animal of the ox family so called.

The *bison* is thought by Gesner to be the *bonassus* of Aristarch. *Rox.* *Cyclopædia*, in voce.

The *bison* is a fierce and treacherous-looking animal; and all those which we have seen exhibited under the title of *bonassus* had a most disgusting and sinister look. -- *Naturalist's Library*, *the american*.

Bonassus. v. n. [see preceding.] Show off; affect the lion; lionize; in a coarse way.

Know all men by these presents (cards and cake) that Mr. and Mrs. Bull intend to *bonassus* it at home. -- *Remark*, signed D. G., on O'Keefe's *Pontiac*, in Mrs. Inchbald's *British Theatre*.

Bonbon. s. [Fr.] Kind of sweetmeat.

Lady Fitz-pompey called twice a-week at Crest House with a supply of pine-apples or *bonbons*, and the Rev. Dr. Cornet bowed in adoration. His Grace, charmed with the *bonbons* of his mitre, and the kisses of his ruminus, which were even sweeter than the sugar-plums, contrasted this life of early excitement with what now appeared the gloom and the restraint of Castle Dore. *Diary of the young Mr. The young Duke*, b. i. ch. i.

Bonchief. s. [see Mischief; of which the word is the opposite.] Advantage; good fortune. *Obsolete*.

If I consent to do after your will for *bonchief* or mischief that may befall unto me in this life, I were worthy to be cursed. -- *Thorpe*, *Examination in Fox*: 1407.

Bonchrétien. s. [Fr.] Variety of pear so called.

The winter *bonchrétien* is undoubtedly one of the very best winter pears. -- *Lindley*, *Guide to the Orchard and Kitchen-garden*.

Bond. s. [A.S. *band*.]

1. Material link, cord, chain, or ligament, which connects any two objects; union; connection; cause of union.

And upon hisse eers weren upenel and the *bond* of his tunge was unbonden, and he spak rightly. -- *Wycliffe*, *M. Mark*, vii. 35.

There left me, and my man, both bound together; Till gnawing with my teeth my *bonds* in sunder, I gain'd my freedom.

Shakespeare, *Comedy of Errors*, v. 1.

O blessed *bond* of board and bed!

Id., *as you like it*, v. 4. song.

Love cools, brothers divide, and the *bond* is cracked between son and father. -- *Id.*, *King Lear*, i. 2. Let any one send his contemplation to the extremities of the universe, and see what conceivable hoops, what *bond* he can imagine to hold this mass of matter in so close a pressure together. -- *Locke*.

2. Writing of obligation to pay a sum or perform a contract; obligation; law by which any man is obliged.

Unhappy that I am! I cannot leave My heart into my mouth: I love your majesty According to my *bond*, no more nor less. *Shakespeare*, *King Lear*, i. 1.

Go with me to a notary, seal me there Your single *bond*.

Shakespeare, *Merchant of Venice*, i. 3. What if I never consent to make you mine? My father's promise ties me not to time; And *bonds* without a date, they may, are void.

Dryden. Take which you please, it dissolves the *bonds* of government and obedience. -- *Locke*.

In *bond*. In a bonding warehouse. See Bonding.

Bond. adj. Captive; in a servile state.

Whether we be Jews or Gentiles, whether we be *bond* or free. -- 1 *Corinthians*, xii. 13.

Bondage. s.

1. Captivity; imprisonment; state of restraint.

You only have overthrown me, and in my *bondage* consists my glory. -- *Sir P. Sidney*.

Say, gentle princess, would you not suppose Your *bondage* happy, to be made a queen? -- To be a queen in *bondage*, is more vile Than is a slave in base servility.

Shakespeare, *Henry VI. Part I.* v. 3.

We make a choir, as doth the prison'd bird, And sing our *bondage* freely. -- *Id.*, *Cymbeline*, iii. 3. The king, when he desired you for my guard, Resolv'd he would not make my *bondage* hard. *Dryden*.

2. Obligation; tie of duty.

If she has a struggle for honour, she is in a *bondage* to love; which gives the story its turn that way. -- *Pope*.

He must resolve by no means to be enslaved, and brought under the *bondage* of observing oaths, which ought to vanish when they stand in competition with eating and drinking, or taking money. -- *Smith*.

Bonder. s. One who deposits goods in a bonding warehouse. See Bonding.

Bondfolk. s. Bond men, women, and children, collectively.

And furtherover, ther as the lawe sayth, that temporel goods of *bondfolk* ben the gooden of hir lord. -- *Chaucer*, *The Parson's Tale*.

Bonding. verbal abs. In Commerce. See extract.

[The] warehousing or *bonding* system is a system under which certain warehouses are appointed, under the charge of the officers of the customs, in which goods may be deposited without being chargeable for duty until they are cleared off for consumption. Notwithstanding the obvious advantages of the warehousing system, however, it is only partially known in foreign countries, and in our own dates no further back than 1804, previous to which all duties on imported goods had to be either paid at the moment of their importation, or a bond was required for security for future payment. When particular security has been given by the importer, and they are disposed of so that the original *bond* is no longer interested in them, the officers may admit fresh security by the new proprietor, and cancel the original deed. -- *Waterton*, *Cyclopædia of Commerce*, *Warehousing*.

Bondmaid, or Bondmaiden. s. Woman slave.

Good sister, wrong me not, nor wrong yourself, To make a *bondmaid* and a slave of me.

Shakespeare, *Taming of the Shrew*, ii. 1.

For Sinā is a mountain in Arabia, where in the Chaldees' language hath the name of the *bondmaid* Agar, and bordereth upon the mountain of Sin. -- *Cutell*, *Galatians*, ch. iv.

Bondman. s. Man slave.

Amongst the Romans, in making of a *bondman* free, was it not wondered wherefore so great a slave should be made? the master to present his slave in some court, to take him by the hand, and not only to say, in the hearing of the publick magistrate, I will that this man become free; but, after those solemn words uttered, to strike him on the cheek, to turn him round, the hair of his head to be shaven off, the magistrate to touch him thrice with a rod: in the end, a cap and a white garment given him *free*.

O freedom! first delight of human kind; Not that which *bondmen* from their masters find.

Dryden.

He bore, in truth, a lively resemblance to those Roman senators who, while they hated the name of king, guarded the privileges of their order with inflexible pride against the encroachments of the multitude, and governed their *bondmen* and *bondwomen* by means of the stocks and the scourge. -- *Maccarty*, *History of England*, ch. v.

Bondservant. s. Slave; servant without the liberty of quitting his master.

And if thy brother, that dwelleth by thee, be waxen poor, and be sold unto thee, thou shalt not compel him to serve as a *bondservant*. -- *Leviticus*, xiv. 30.

Bonibel. *s.* [Fr. *bonne* = good, *belle* = handsome.] Fair, or handsome, girl. *Obsolete*; perhaps originally provincial or rhetorical.

I saw the bonny, well-bone;
Hey, ho, bonibel!

Spenser, Shepherd's Calendar, August.
Trust her not, you bonnibel;
She will forth leavings tell.

B. Jonson, Entertainments.

Bonnilass. *s.* [two words rather than a compound.] Beautiful maid. *Obsolete.*

As the bonnilass pass'd by,
She ray'd at me with glaucous eye.

Spenser, Shepherd's Calendar, August.
Homely spoken for a fair maid or bonnilass,
— *E. K., On Spenser's Pastoral.*

Bonny. *adj.* [Fr. *bon, bonne*.] ? Provincial or rhetorical.

1. Handsome; beautiful.

Match to match I have encounter'd him,
And made a prey for curion kites and crows,
E'en of the bonny beast he lov'd so well.

Shakespeare, Henry VI., Part II., v. 2.
Thus wail'd the louts in melancholy strain,
Till bonny Susan sped across the plain. *Gay.*

2. Gay; merry; frolicsome; cheerful; blithe.

Then such soft say,
But let them go,
And be you blithe and bonny.

Shakespeare, Much Ado about Nothing, ii. 3, song.

Bonny. *s.* [?] In *Mineralogy*. See extract.

Bonny is a distinct bed of ore which has no communication with any vein. It is distinguished from a spiral in shape, the *bonny* being round, and the spiral flat. — *Encyclopædia Metropolitana, in voce.*

Bonus. *s.* [Lat.] In Commerce. See extract.

Bonus, commonly used to express an extra dividend or allowance to the shareholders of a joint-stock company, out of its accumulated profits. — *Waterston, Cyclopædia of Commerce, in voce.*

Bony. *adj.*

1. Consisting of bones; full of bones.

Or think this ragged bony name to be
My misnomer's name. — *Bacon, Poems, p. 20.*
At the end of this hole is a mummie, fastened in a round bony kind, and stretched like the head of a drum; and, therefore, by anatomists, called tympanum. — *Ray.*

2. Strong; having large bones.

Burbling for blood, bony, and faint, and grim,
Ascending wolves in raging troops descend. *Thomson, Seasons, Winter, 334.*

Bonzes. *s.* [?] Name given by Europeans to the priests of Japan, Tonquin, and China.

This temple was of more than ordinary structure, and the bonzes numerous. — *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia, p. 374.*

Booby. *s.*

1. Dull, heavy, stupid fellow; lubber.

But one exception to this fact we find,
That booby Pizarro only was unkind,
An ill-bred boatman, rough as waves and wind.

Prior.
Young master next must rise to fill him wi
And starve himself. — *The Booby di*

A poor contemptible booby that would but deserve correction. — *Giddings, She stops to conquer.*
You remember how, at school, you used to wonder whether the difference between the clever boy and the booby would be in after-life the same great gulf as it was then. — *Recreations of a Country Parson, etc.*

In the following extract the word is *adjectival*.

He lured his fingers, and to cool them he applied them in his booby fashion to his mouth. — *Lamb, Essays of Elia, Dissertation upon Roast Pig.*

2. Nalatorial bird so called (*Sula fusca*).

Some boobies perched upon the yard arm of our ship, and suffered our men to take them; an animal so very simple as becomes a proverb. — *Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia, p. 11.*

One night, when the mariners were disconcerted about our distance from Barimdown, a bird, by the seamen usually called a booby (*Pelecanus fuscus*), lighted upon a man sleeping on the quarter-deck. — *Ray, Correspondence, Letter of Dr. Tuen, p. 111.*

At length they caught two boobies and a noddy, and then they left off eating the dead booby.

Byron, Don Juan, li. 82.

Book. *s.* [A.S. *bōc*.]

1. Volume in which we read or write.

See a book of prayer in his hand;
True ornaments to know a holy man.

Shakespeare, Richard III., li. 7.

the sentence of the law for sins,
Such as by God's book are adjudg'd to death.

Shakespeare, Henry VI., Part II., li. 3.
In th' ill that had the books, they were found as fresh as if they had been but newly written; being written in parchment, and covered over with watch candles & wax. — *Bacon.*

Books are a sort of dumb teachers; they cannot answer arduous questions, or explain present doubts; this is properly the work of a living instructor. — *Watts.*

2. Division of a literary work.

The first book we divide into sections; whereof the first is these chapters just. — *T. Burnet, Theory of the Earth.*

3. Register in which a trader keeps an account of his transactions.

This life

Is nobler than attending for a bauble;
Pleader than rustling in myrtle for silk;
Such gain the cap of him that makes them fine,
Yet keeps his book uncorros'd.

Shakespeare, Cymbeline, li. 3.
The good old way among the country of England, to maintain their pre-eminence over the lower rank, was by their beauty, munificence, and hospitality; and it is a very unhappy circumstance, if, at present, by themselves or their agents, the luxury of the country is supported by the credit of the trader. This is what my correspondent pretends to prove out of his own book, and those of his whole neighbourhood. — *Trotter, p. 180.*

What if at a later period, with a brain for calculation which none can rival, I invariably succeeded in that in which the greatest men in the country fail! Am I to be branded because I have made half a million by a good book? What if I have kept a gambling house? — *Disraeli the gambler, Henrietta Temple, vol. i. ch. xv.*

In books. In favour.

I was so much in his books, that, at his decease, he left me the lamp by which he used to write his invocations. — *Addison.*

Without book. By memory.

Sermons read they abhor in the church; but sermons without book, sermons which spend their life in their birth, and may have public audience but once, they approve. — *Hooke.*

Book. *p. a.* Register in a book.

I beseech your grace, let it be book'd with the rest of this day's deeds; or I will have it in a particular beaded rise, with mine own picture on the top of it. Coleville kissing my foot. *Shakespeare, Henry VI., Part II., li. 3.*

He made wilful murder black treason; he caused the marchers to seek their men, for whom they should make answer. — *Sir J. Barrie, On Inch.*
A robust, healthy-looking female, a nursing mother, with a baby and a boy of eight or nine years old, were crammed into the coach at Milford, booked all the way to London. *Theodore Hook, Gilbert Gurney, vol. ii. ch. v.*

Book-collector. *s.* Collector of books.

Francis Junius appears to have purchased it at the Hague in 1553, at the sale of the books of his deceased friend James Fitzroy, or Vitius (van Vliet), also an eminent philologist and book-collector. — *Craig, History of English Literature, i. 101.*

Book-learned. *part. pref.* (notwithstanding the extract from Dryden, the *prose* pronunciation of the word is, probably,

book-learn'd, the final *-ed* being sounded. At any rate, we talk of *learn'd*, not of *learn'd*, men.) Versed in books or literature; (opposed to skilled in the knowledge of human nature from contact with society).

What'er these book-learn'd blockheads say,
Solon's the veriest fool in all the play. *Dryden.*
He will quote passages out of Plato and Pindar, at his own table, to some book-learned companion, without blushing. — *Swift.*

Book-learning. *s.* [Often two words rather than a compound.] Acquaintance with books. See *Book-learned*.

They might talk of book-learning what they would; but he never saw more unity fellows than great clerks. — *Sir P. Sidney.*

Neither does it so much require book-learning and scholarship, as good natural sense, to distinguish true and false, and to discern what is well proved, and what is not. — *T. Burnet, Theory of the Earth.*

Book-oath. *s.* Oath made on the book.

Vulgar.

I put thee now to thy book-oath; deny it if thou canst. — *Shakespeare, Henry VI., Part II., li. 1.*

Book-vender. *s.* Seller of books.

Nor were the stationers or book-venders, as the publishers of books were first designated, at a fault in the mysteries of conveyancing. — *Disraeli the elder, Calamities of Authors.*

Book-worship. *s.* Bibliolatry; (at least in

the following extract; it may, of course, be used generally).

In grave writers one has often read
What in excuse of book-worship is said;
It is not ink and letter that we own
To be divine, but scripture words alone;
We have the rule which the Apostles made
And no occasion for immediate aid.

Byron, Letters, &

Bookcase. *s.* [book and case.] Remark, in this word, the fact of a true doubling of the consonant; the *k*-sound being indicated by *c*. This is because the second element in the compound begins with the sound with which the first ends. It is only in such cases that we have, in English, true doublings. In words like *pitied*, *merry*, &c., there is a mere orthographical expedient; the consonant being doubled in order to show that the vowel which precedes it is short.] Case for holding books.

If I do, will you let me conceal myself behind that bookcase, and say I'm not here. — *Mrs. Inchbold, Wives as they were and Maids as they are, iv. 3.*

Bookbinder. *s.* One whose trade it is to bind books.

Some [manuscripts] they sold to the grossiers and soap-sellers, and some they sent over sea to the bookbinders. — *Bale, Preface to Leland's Journey.*

Bookbinding. *verbal abs.* Art, or business, of binding books.

It was not till more than a hundred years after the invention of printing that a single printing press had been introduced into the Russian empire; and that printing press had speedily perished in a fire which was supposed to have been kindled by the priests. Even in the seventeenth century the library of a prelate of the first dignity consisted of a few manuscripts. These manuscripts too were in long rolls; for the art of bookbinding was unknown. — *Macaulay, History of England, ch. xxiii.*

Book-debt. *s.* See extract.

Book-debt is an expression employed to designate an obligation for the price of goods sold and delivered, when it is supported by no better evidence than the books of the seller. — *Waterston, Cyclopædia of Commerce, in voce.*

Book-fair. *s.* Fair for books.

(For example see extract under *Book-trade*.)

Bookful. *adj.* Full of notions gleaned from books; crowded with undigested knowledge.

The bookful blockhead, ignorantly read,
With loads of learned lumber in his head,
With his own tongue still edifies his ears,
And always listening to himself appears. *Pope.*

Bookhouse. *s.* Oldest term for Library; *Obsolete.*

This be is dau Michells of Northam, writte in Englis of his own hand, and is in the becham of Saynt Austine's of Canterbury under the letters C. C. — *Heading of the MS. of the Apocalypse of Isart: 310.*

Bookish. *adj.* Given to books; acquainted only with books.

I'll make him yield the crown,
Whose bookish rule hath pull'd fair England down. *Shakespeare, Henry VI., Part II., li. 1.*

A boy, or a child, I wonder? A pretty one, a very pretty one. Sure some scape: though I am not bookish, yet I can read waiting-gentlewoman in the scape. — *Id., Winter's Tale, li. 3.*

Xenophote follows her name-sake; being married to a bookish man, who has no knowledge of the world. — *Spectator.*

This bookish disease, let it make me as much poor as it will, it shall never make me the less just. — *Dr. H. More, Preface to his Philosophical Poems.*

Bookishly. *adv.* In a bookish manner; after the manner of a bookman.

While she [Christina, Queen of Sweden] was more bookishly given, she lent it in her thoughts to institute an order of *Parhamus*. — *Thurlow, State Papers, ii. 101.*

Bookishness. *s.* Much application to books; over-studiousness.

Do you not see, say they, how threadbare, slighted, contempted, and almost starved their scholars' bookishness keeps them? — *Whitlock, Manners of the English, p. 180.*

Bookkeeper. *s.* One who keeps books of account; (used, however, more generally and of a greater variety of occupations than bookkeeping in the strict mercantile sense. A bookkeeper at a coach-office

could scarcely be said to be engaged in bookkeeping—each word retaining its ordinary meaning).

Here, brother, you shall be the *book-keeper*;
This is the argument of that they show.

Kyd, Spanish Tragedy.
John at last agreed to this regulation; that Py's footmen might sit with his *book-keeper*, journeyman, and apprentice.—*John Hall*, ch. v. pt. ii. (3rd MS.).

Discourteously treated by nature, Rimmel (who was third clerk and *book-keeper* in the ship-chandler's counting-house) had fallen back on art as a help to the deficient graces of his person.—*Sala, The Ship-Chandler*.

Bookkeeping. *s.* Art of keeping accounts.

Bookkeeping is the art of keeping books of account, whether in public offices, manufacturing establishments, or mercantile counting-houses; but the name is generally applied to the books of merchants, or account of the complexity of their transactions. It was accordingly among merchants, and in particular among those of Venice, Genoa, and Pisa, and other trading towns of modern Italy, that *bookkeeping* was first reduced to a system, and the remarkable refinement of double entry was adopted.—*Encyclopædia Britannica*.

Bookland. *s.* [A.S. *bocland*.] Charter-land, held by deed under certain rents and services.

In this tenth part of the lands so baronised in his favour, he annihilated the royal rights, regnum or imperium; and as the lands receiving this privilege were secured by charter, the Chronicle can justly say that the king hooked them in the honour of God. A second thing he did, inasmuch as he gave a tenth part of his own private estates of *bookland* to various thanes or clerical establishments.—*Kemble, The Saxons in England*, b. ii. ch. x.

Bookless. *adj.* Not given to books; unbookish; disdaining the use of books; wanting books.

Why with the cit,
Or bookless churl, with each humble name,
Each earthly nature, doth it them to reside?

Shenstone, Economy, i.
See how mean, how low,
The bookless, sauntering youth, proud of the seat
That diminishes his cap, his flourish'd belt
And rusty complex giugling by his side.

Bookmaker. *s.* One who makes books; (implying that he is a *compiler*, or *manufacturer*, rather than an originator).

He finds his best compositions attributed to some miserable *bookmakers*.—*Goldsmith, Essays*.

Bookmaking. *verbal abs.* Business or habit of a bookmaker.

He (Adam Smith) had *bookmaking* so much in his thoughts, and was so chary of what might be turned to account in that way, that he once said to Sir Joshua Reynolds, that he made it a rule, when in company, never to talk of what he understood.—*Boswell, Life of Johnson*, iv. 23.

I applied to my communicative friend Dick Ivy, who gave me to understand, that most of them were, or had been, under-tappers, or journeyman, to more creditable authors, for whom they translated, collated, and compiled, in the business of *book-making*; and that all of them had, at different times, laboured in the service of our landlord.—*Smollett, Expedition of Humphry Clinker*.

Bookman. *s.* Man whose profession is the study of books; man of bookish, literary, or contemplative habits (as opposed to a man of action).

This civil war of wits were much better us'd
On Navarre and his bookmen; for here 'tis us'd.

Shakespeare, Love's Labour's Lost, ii. 1.
The things we talk of all this while, how like saviour they may look to a *bookman's* business, yet are snail of themselves as kings and princes have found their states concerned in.—*Gregory, Pastime*, p. 329.

'But those *bookmen* are not often heroes,' remarked Elvador laughing.—*Sir E. L. Bulwer, Eugene Aram*, i. 3.

Bookmate. *s.* Schoolfellow.

This Arrnado is a Spaniard that keeps here in court,
A phantasm, a monarch, and one that makes sport
To the Prince and his *bookmates*.

Shakespeare, Love's Labour's Lost, ii. 1.

Bookroom. *s.* Room for books; library.

I came to see if you had any of the last novels in your *book-room*.—*Culman the younger, John Hall*, iii. 1.

Bookseller. *s.* One whose business it is to sell books.

He went to the *bookseller*, and told him in anger, he had sold a book in which there was false divinity.—*L. Walton*.

This document, it is said, was found by a Whig

bookseller one morning under his shop door.—*Munday, History of England*, ch. ix.

Bookstall. *s.* Stall for the sale of books.

The Oxford edition of Diodati's Italian Bible is freely offered for sale in every *book-stall* in Tuscany, the police wisely and liberally winking at the open infraction of its regulations.—*Foreign Quarterly Review*.

I have been toiling and moiling lately, for a purpose, among dusty old *bookstall* treasures, and assiduously collecting as many interred, dog-eared, once half-bound volumes as I could find of the British Essayists of the eighteenth century.—*Sala, Secret of Mahy Magrebin*, Bq.

Booktrade. *s.* Trade in books.

The modern *book-trade* dates from the discovery of the art of printing. The principal localities of the *book-trade* are London, Edinburgh, Dublin, Oxford, Cambridge, and Glasgow. The trade is likewise facilitated by two great *book-fairs* which are held annually at Easter and Michaelmas.—*Waterston, Cyclopædia of Commerce*, Bq.

Bookworm. *s.*

1. Worm, or mite, which eats holes in books, chiefly when damp.

My lion, like a moth or *bookworm*, feeds upon nothing but paper, and I shall beg of them to diet him with wholesome and substantial food.—*Guardian*.

2. Student too closely given to books; reader without judgement.

Among those venerable galleries and solitary series of the university, I wanted but a black gown and a salary, to be as good as a *bookworm* as any there.—*Pope, Letters*.

To say truth, I am so myself. Your uncle is a very good man, but he does not make his house pleasant; and I have, lately, been very much afraid that he should convert you into a new *bookworm*; after all, my dear Henry, you are quite clever enough to trust to your own ability.—*Sir E. L. Bulwer, Pelham*, ch. xxxviii.

Boom. *s.* [Dutch, *boom* = tree, beam.]

1. Long pole or spar used in extending various sails in a ship.

The Victory had not yet returned a single gun; fifty of her men had been by this time killed or wounded, and her main-top-mast, with all her studding-sails and her *boom*, shot away.—*Southey, Life of Nelson*.

2. Bar of wood laid across a harbour to keep off the enemy.

As his heriack well struck envy dumb,
Who took the Dutchman, and who cut the *boom*,
Dryden.

Boom. *v. a.* Keep off, as with a boom.

This made them wholly engage as pro aris et focis, with all the skill and interest they had, to *boom* off this fleship, and save their friend (Stephen College).—*R. North, Examen into the Veracity of Kennett's History of England*, (Rich.).

Boom. *v. n.* Make a hollow, drowsy, or droning sound.

Again! again! again!

And the tempest did not slack,

Till a feeble cheer that bade them slack.

To our cheering sent us back.

Their shots along the deep slowly *boom*.

Campbell, Battle of the Baltic.

At eve the beetle *boometh*

At noon the wild-bee humeth

About the moss'd headstone.

Tennyson, Claribel.
The Gardes Françaises like it not, but have to persevere. All day it continues, sneaking and rallying: the sun is sinking, and Saint-Antoine has not yielded. The city lies hither and thither: alas, the sound of that unmet-volleying *boom* into the far dining-rooms of the Champs d'Antin; after the tone of the dinner-gossip there.—*Carlyle, French Revolution*, pt. i. b. iv. ch. iii.

In the following extract it governs it, and is so far a verb active; a view favoured by the similar construction of *chant* in the preceding line. Yet, in other respects, the verb is neuter. Hence the construction may be that of *go* in 'he goes it.'

Philomel chants it whilst it bleeds,

The litten *booms* it in the reeds.

Cotton, Night Quatrains. (Rich.)

Boomerang. *s.* [Australian.] See extract.

The *boomerang* is a puzzle, and even mathematicians cannot comprehend the law of its actions.

It is a piece of curved hard wood, in the form nearly of a parabola; it is from thirty to forty inches long, about three inches broad, pointed at both ends, the concave part a quarter of an inch thick, and the convex quite sharp. The mode of using it is singular as the weapon. Ask a black to throw it so that it may fall at his feet, and away goes the *boomerang* for forty yards before him, skimming along the surface at three or four feet from the ground, when

it will suddenly rise into the air for fifty or sixty feet, describing a curve, and finally drop at the feet of the thrower.—*G. Butler Karp, Gold Columns of Australia*, p. 126.

Booming. *verbal abs.* Sound of that which booms.

The volleying rear, and loud

Loze *booming* of each peal on peal, o'ercome

The ear far more than thunder.

Through the whole evening the distant *booming* of cannon was heard every minute from the battlements of the Tower.—*Munday, History of England*, ch. ix.

Booms. *s.* In Navigation. Space in a ship's waist set apart for the boats and spare spars.

The men were standing here and there about the fore-cabin and near the *booms* in silence and speaking in low whispers, and Vanslyperken's eye was often directed towards them, for he had not forgotten the report of the corporal, that they were in a state of mutiny.—*Morgan, Surrogate*, vol. iii. ch. v.

Boon. *s.* [certainly from A.S. *bēn*, in the Northumbrian dialect *boēn*.] Prayer; petition; request.

In that morning fell a mist,

And when our Englishmen it wist,

It changed all their cheer;

Our king unto God made his *boon*

And God sent him full comfort soon,

The weader wex full cheer.

Poems of Laurence Minot.

Boon. *s.* [probably from the A.S. *bēn*, as above.—These words are entered separately, because it is not quite certain that, in all the cases where the one under notice is found in modern authors, it is from the same origin as the preceding. It may be from *bon*, *bonus*, or *bonus*; and, in such expressions as *given* or *granted* as a *boon*, this origin suits best. In combination with *obtain*, *gain*, and the like, it is transitional in meaning. Between the two there are numerous intermediate imports.] Benefit; gift; free gift; gain.

Vouchsafe me for my need but one fair look.

A smaller *boon* than this I cannot beg,

And less than this, I'm sure, you cannot give.

Shakespeare, Two Gentlemen of Verona, v. 4.
That courtier, who obtained a *boon* of the emperor, that he might every morning whisper him in the ear, and say nothing, asked no improbable suit for himself.—*Bacon*.

What rhetoric didst then use,

To gain this mighty *boon*? she pities not!

You may not be aware of it yourself most reverend Alabam, but you deny their freedom to the Catholics upon the same principle that Sarah your wife refuses to give the receipt for a luncheon or a gooseberry dumpling; she values her receipts, not because they secure her a certain flavour, but because they remind her that her neighbours want it.—a feeling laughable in a priestess, shameful in a priest; venial when it withholds the blessings of a ham, tyrannical and execrable when it narrows the *boons* of religious freedom.—*Sidney Smith, Peter Plymley's Letters*, let. 2.

Is this the duty of rulers? Are men in such stations to give all that may be asked, and only to give because of the asking without regarding whether it be a *boon* or a bane?—*Lord Brougham, Historical Sketches of the Statesmen of the Reign of George III.*

Lord North.
Such *boon* from me,
From me heaven's queen, Paris, to thee king-born,
A shepherd all thy life yet king-born,
Should come most welcome.

Tennyson, Enone.

Boon. *s.* [?] See extract.

The operations next performed upon the flax will be understood by attending to the structure of the stem. In it two principal parts are to be distinguished; the woody heart or *boom*, and the hurl (covered outwardly with a fine cuticle, which encloses the former like a tube encasing of parallel lines . . . The breakers is performed by an instrument called a *brake*. In order to give the wood, or *boom*, such a degree of brittleness as to make it part readily from the hurl, whereby the execution of this process is rendered easy, the flax should be well dried in the sun, or what is more suitable to the late period of the year, in a stove. Such is often attached to the bakers' ovens in Germany, and other flax-growing countries.—*Ure, Dictionary of Arts, Manufactures, and Mines*, voc. *Flax*.

Boon. *adj.* [Fr. *bon*.]

1. Gay; merry.

Satiate at length,

And heighten'd as with wine, jocund and *boon*,

Thus to herself she pleasantly began.

Milton, Paradise Lost, l. 722.

I know the infirmity of our family; we play the
boon companion, and throw our money away in our
cups.—*Arbutnot*.

At twelve of the clock every day they dined to-
gether at a cook's house within the tower, and some-
times had Jennings, a boon blade, among them.—
Life of Antony Wood, p. 265.

2. Kind; bouctons.

Flowers, worthy of Paradise, which not nice Art
In leeks and curious knots, but Nature *boon*
Pour'd forth profuse on hill, and dale, and plain.

Milton, Paradise Lost, iv. 242.

Boon, *adj.* or *part. adj.* [from *boven*.—As
in the preceding entries, the origin of this
term in its later applications (for these see
Boond, *catachrestic*, which is really this
participle with a -d affixed, though often
connected with *Bind*) is easily deduced
from one word, whereas its earliest appli-
cations indicate another; the transition-
al meanings being doubtful or equivocal.
Boon in the older writers signifies *ready*,
or *willing* and *ready*, and its origin is *boven*,
the past participle of *bow* = bend, so that it
is equivalent to *bent on*, *bent for*. Wycliffe
gives:

'And Jesus bowide away fro the people that
was set in the place.' (John, ch. v.)

Piers Plowman the following:

'And so loweth forth by a brook "heth buxon
of spele,"

Till ye finden a ford "your fadres honoureth."

Robert of Brunne:

'be erle wit it some, en hem was no defaute,
be barons were all *boone*, to make the king assaute.'

Layamon:

'Furth hil gonno *bowen* in to Britaine
And hil full sone to Arthure come.'
'Hro *bogen* in of France into Burguine...
Howel of Britaine *bek* to than kinges.'

The A.S. participle would be *gebogan*.

Reasons for not connecting this word with
the Icelandic *boinn* will be found under
Busk. For another form see *Bowin*.]
Ready. *Obsolete*.

And heil hem all heu *boon*, beggeres and othere,
To wenden with hem to Westmynster.
Piers Plowman, (Rich.)

Boor, *s.* [A.S. *gebur* = peasant.] Plough-
man; country fellow; lout; clown.

The two sense of a calamity is called grumbling;
and if a man does but make a face upon the *boor*, he
is presently a male-content.—*Sir R. L. Estrange*.
He may live as well as a *boor* of Holland, whose
cures of growing still richer waste his life.—*Sir W.*
Temple.

To one well-born, th' affront is worse and more,
When he's abus'd and buffed by a *boor*. *Dryden*.

Boorish, *adj.* After the manner of a boor;
clownish; rustic; untaught; uncivilized.

Therefore, you clown, abandon, which is, in
the vulgar, leave the society, which, in the *boorish*, is
company of this female. *Shakespeare, As you like it*,
v. 1.

A gross and boorish opinion.—*Milton, Doctrine
and Discipline of Divorce*, i. 9.

No lasty neather thither drove his kine,
No boorish hougher fed his rooting swine.

W. Browne, Britannia's Pastorals, ii. 1.

Boorishly, *adv.* In a boorish manner;
after a clownish manner.

A healthful body, with such limbs I'd bear,
As should be graceful, well-proportioned, just,
And neither weak nor boorishly robust.

Pontus, Translation from Martial, b. x. epigr. 47.

Boorishness, *s.* Attribute suggested by
Boorish; clownishness; rusticity; coarseness
of manners.

No doubt, in preaching your sermons, you are
somewhat annoyed by the rustic *boorishness* and
want of thought. Various lumpskins will forget to
close the doors after them, when they enter the
church too late, as they do infrequently do.—*Rever-
end of a Country Parson*, ch. 1.

boot, *v. a.* [A.S. *botan* = pay the price of.]
Avail; profit; do good; enrich; benefit.

It shall not *boot* them, who derogue from read-
ing, to excuse it, when they see no other remedy; as
if their intent were only to deny that aliens and
strangers from the family of God are won, or that
belief doth use to be wrought at the first in them,
without sermons.—*Hooker*.

For what I have, I need not to repeat;
And what I want, it *boots* not to complain.

Shakespeare, Richard II. iii. 4.

And I will *boot* thee with what gift beside,
That modesty can beg.

Shakespeare, Antony and Cleopatra, ii. 5.

What *boots* it us these wars to have begun?
Faust.

What *boots* the regal circle on his head,
That long behind he trails his pompous robe?

Pope.

What *boots* it to recall the scene of strife,
The feast of cultures and the waste of life?

Byron, Lara.

Boot, *s.* Profit; gain; advantage; some-
thing given, or thrown in, to mend the
exchange.

My gravity,
Wherein, let no man hear me, I take pride,
Could I, with *boot*, change for an idle plume,
Which the air beats for vain.

Shakespeare, Measure for Measure, ii. 4.
Is it any boot to bid a man hold fast our once
recovered liberty?—*Bishop Hall, Romulus*, p. 28.

To *boot*. Over and above; into the bargain.

Canst thou, O partial sleep, give thy repose
To the wet sorrows, in an hour so rude;
And, in the calmest and the stillest night,
With all appliances and means to *boot*,
Deny it to a king?

Shakespeare, Henry IV. Part II. iii. 1.
Man is God's image; but a poor man is
Christ's stamp to *boot*; both images regard.

G. Herbert.

He might have his mind and manners turned, and
be instructed to *boot* in several sciences.—*Locke*.

Boot, *s.* Same as *Booty*. *Obsolete*.

Their chiefest *boot* is th' adversary's head;
They end not war till th' enemy be dead.

Mirror for Magistrates, p. 275.

Make *boot* upon the summer's velvet buds.
To the wet sorrows, in an hour so rude;

The cry wherof entering the hollow cave
Eftsoones brought forth the villaine, as they meant,
With hope of her some wishful *boot* to have.

Spranger, Pierre Quen, v. 9, 10.
In that accursed forest,
Set on by villains that make *boot* of all men,
The peers of France are pilage there, they shot at us.

Beaumont and Fletcher, Lovers Progress.

boot, *s.* [Fr. *botte*.]

1. Covering for the leg, used by horsemen.

That my leg is too long;—
No; that it is too little.

I'll wear a *boot*, to make it somewhat rounder.
Shakespeare, Two Gentlemen of Verona, v. 2.

Shew'd him his room, where he must lodge that
night.

Pull'd off his *boots*, and took away the light.

Milton, On the University Carrier.

Bishop Wilkins says, he does not question but it
will be as usual for a man to call for his wines, when
he is going a journey, as it is now to call for his *boots*.

—*Addison, Guardian*.
Traveller bid her 'hold her impertinent tongue';
and asked her, 'if persons used to travel without
horses?' adding, 'he supposed the gentleman had
none, by his having no *boots* on.'—*Faulding, Adven-
tures of Joseph Andrews*.

2. Kind of rack for the leg, formerly used in
Scotland for torturing criminals.

He was put to the torture, which, in Scotland,
they call the *boots*; for they put a pair of iron *boots*
close on the leg, and drive wedges between these and
the leg. *Bishop Barret, History of his own Times*,
iii. 1666.

The unhappy man was arrested, carried to Edin-
burgh, and brought before the Privy Council. The
general notion was, that he was a knave and a
coward, and that the first sight of the *boots* and
thunder-revs would bring out all the guilty secrets
with which he had been entrusted. But Fyene had
a far heavier spirit than these highborn plotters with
whom it was his ill-fortune to have been connected.

—*Macaulay, History of England*, ch. xvi.

3. Space beneath the coachman's seat, formed
into a box for the reception of luggage.

The horses, being young, took some affrightment,
and running away so furiously, that one of them
tore all his belly open upon the corner of a beer-
cart: my nephew, who in this mean while adventur-
ed to leap out, of the coach, seemeth to have
lung on one of the pins of the *boot*.—*Sir H. Wotton*,
Reliquie Wottonianae, p. 417.

Boot, *v. a.* Put on boots, as preparatory for
a journey on horseback; make ready for
riding.

Boot, *boot*, master Shallow: I know the young
king is sick for me: let us take any man's horses.—
—*Shakespeare, Henry IV. Part II.* v. 3.

The ill man rides through all confidently; he is
content and *booted* for it. —*B. Jonson, Discoveries*.

Boot-sole, *s.* Sole of boot. See *Bradawl*.

Boot-top, *s.* [both *ts* sounded.] Upper part
of a long boot, representing the inner leath-
er, which was formerly turned over.

At the name of the person thus introduced to me,

a thousand recollections crowded upon my mind,
the contemporary and rival of Napoleon—the au-
crat of the great world of fashion and cravats—who
had introduced, by a single example, starch im-
maculato, and had fed the pampered appetite of
his *boot-tops* on champagne.—*Sir E. L. Bulwer*,
Pelham.

Booteatcher, *s.* [The process, not yet obso-
lete, by which before the invention of boot-
jacks one person drew off the boots of
another, was as follows. The wearer being
seated, placed one foot between the legs of
the *catcher*, generally a stout lad, whose back
was turned towards him, in such a manner
that the instep of the boot came in contact
with the point at which the lower extremities
bifurcate from the trunk, the toe being
pointed upwards. The heel was then firmly
taken hold off by this same *catcher*, who,
being gradually protruded from behind by
the other leg of the wearer, drew off the boot,
partly by moving forwards, and partly by
rising up. The operation was then repeated
for the other foot.

The exact details of the changes by
which Bootjack and Jack Boots grew out
of the original elements *boot* and *catcher*
I am unable to give: the similarity of the
sounds *jack* and *catch* had, doubtless, much
to do in determining the form Bootjack; so
had the term Jack Boot as applied to the
boot itself.] Servant at an inn whose busi-
ness it was to pull off the boots of the
guests.

The ostler and the boot-catcher ought to partake
—*Swift*.

Lack-a-daisy, no man, what can we do? There's
none else. I John ostler, and boot-catcher, all gone
into '— There's such an uproar as never was.—
Columbo the 1st, *The Jealous Wife*, iv. 2.

Booted, *part. adj.* In boots; in a horse-
man's habit.

A *booted* judge shall sit to try his cause,
Not by the statute, but by martial laws. *Dryden*.

Booth, *s.* [Danish, *bude*.] Temporary house
constructed with boards, or boughs, or
canvass.

The clothiers found means to have all the quest
made of the northern men, such as had their *booths*
in the fair. *Cooper*.

Much mischief will be done at Bartholomew fair,
by the fall of a *booth*. *Swift*.

know and his employer had a quarrel as
regularly as the Saturday. On a fair
day or a market day the *booths*, the *booths*,
the *booths*, the *booths*, were numerous; and it was
well if a *booth* was overturned and no head broken.
Macaulay, History of England, ch. xxi.

Bootjack, *s.* Contrivance for drawing off
boots. See *Booteatcher*.

Gold carriages, ten-pinned *boot-jacks*, and every
other necessary of life, could be afforded with seven
thousand pounds a year.—*Theodore Hook, Gilfil
Gibney*, vol. ii. ch. iv.

Bootless, *adj.* Useless; unprofitable; un-
availing; without advantage.

Troubling for age, his course long drawn,
His *bootless* sweat he girded him about;

And ran amidst his foes ready to dye. *Earl of Surrey*.

When those accursed messengers of hell
Came to their wicked man, and 'gan to tell
Their *bootless* pains, and ill succeeding night.

Spenser.

God did not suffer him, being desirous of the
light of wisdom, with *bootless* expense of travel, to
wander in darkness. —*Hooker*.

Bootless speed,
When cowardly pursues, and valour flies.

Shakespeare, Midsummer Night's Dream, ii. 2.
Let him alone;

I'll follow him no more with *bootless* prayers:
He seeks my life. *Id.*, *Merchant of Venice*, iii. 3.

And, as innumerable scholars busied themselves
in collecting evidence respecting ceremonies institu-
ted in celebration of certain events, and then
appended to the evidence in order to prove the
events, Voltaire makes a reflection which now seems
very obvious, but which those learned men had
entirely overlooked. He notices, that their labour is
bootless, because the date of the evidence is, with
extremely few exceptions, much later than the date
of the event to which it refers.—*Buckle, History of
Civilization in England*, vol. i. ch. xii.

In the following extract the construction
is *adverbial*.

BOOT

At last I feel it is the flame of love,
I strive but, bootless to express the pain;
It cools, it dries, it hopes, it fears, it frets,
And stretch passions throughout every vein.

Greene, Poem.

Bootlessly. *adv.* Uselessly; to no purpose.
Good nymph, no more; why dost thou bootlessly
Stay thus tormenting both thyself and me?
Sir E. Rieuhaue, Translation of Guarini's
Pastor Fido, p. 133.

Bootmaker. *s.* One who makes boots.

Sir, I do not wish to go into the question of the
eleven yards of pavement from the Swan Inn to the
bootmaker's.—Theodore Hook, Gilbert Durney, vol.
II, ch. II.

Boots (of an inn). *s.* Same as Bootcatcher.

Your honour will remember the waiter.—Jack
Boots, your honour.—Your honour won't forget Jack
Boots. Jack Boots, too,—scoundrels, sancy, impertinent,
insolent.—O'Keefe, Poutainlean, ii. 1.

Travelling, indeed! nothing but extortion I de-
clare. Such a gang of them! First, in comes the
bill; then, remember the waiter, John ostler, sir,
—the chambermaid, wa'am,—don't forget poor
boots,—I'm the porter,—poshoy, your honour. So
that your hand goes constantly moving up and
down, up and down, like the great lump of wood at
the Chelsea Waterworks.—Morton, Secrets worth
knowing, i. 1.

'Well, what do you know, Maltraverses?'—I heard
boots at the Christchurch say that an Eton fellow was
drowned, and that he had seen a person who was
there.—Bring home here, said Sedgwick.—Disraeli
the younger, Coningsby, h. i. ch. ix.

Boottree. *s.* [The element tree, as in Alex-
tandre, Saddletree, &c., means simply wood =
the Latin *lignum*, rather than *arbor*. For
the use of the simple word in this sense
see Tree.] Contrivance on which boots
are drawn, for the purpose of stretching or
cleaning them.

I found him with his shirt-sleeves tucked up, busy
on a boot-tree, which he was rasping down with a
rough file, and said he was 'adapting.'—Marryat,
Peter Simple.

Booty. *s.* [Danish, *bytte*.] Plunder; pillage;
spoils gained from the enemy; things
gotten by robbery.

If I had a mind to be honest, I see, Fortune would
not suffer me; she drops booties in my mouth.—
Shakespeare, Winter's Tale, iv. 3.

One way a hand select from forage drives
A herd of heaves, fair oxen, and fair kine, . . .
Their booty.

His conscience is the hue and cry that pursues
him; and when he reckons that he has gotten a
booty, he has only caught a Tartar.—Sir Roger
L'Estrange.

For, should you to extortion be inclin'd,
Your err I might will little booty find.

Now, therefore, when the news spread from altar
to altar, and from cabin to cabin, that the strangers
were to be driven out, and that their houses and
lands were to be given as a booty to the children of
the soil, a predatory war commenced.—Macaulay,
History of England, ch. xii.

Play, &c., booty. *Play, &c., collusively, or
with intent to lose.*

We understand what we ought to do; but when
we deliberate, we play booty against ourselves: our
consciences direct us one way, our corruptions hurry
us another.—Sir E. Rieuhaue.

I have set this argument in the best light, that
the ladies may not think that I write booty.
Dryden.

One thing alone remained to be lost—what he
called his honour, which was already on the scent to
play booty. Disraeli the younger, The young Duke.

Booze. *v. n.* Drink hard or deep; tape.

You know I wasn't in the craft when the thing
came on board, but Joe Garry was, and it was our
night when we were boozing over a stiff glass at the
new ship there.—Captain Marryat, Starbuck, vol.
I, ch. v.

Bopeep. *s.* Act of looking out, and drawing
back as if frightened, or with the purpose of
frightening some one.

Then they for sudden joy did weep,
And I for sorrow sung
That such a king should play bopeep,
And go the fools among.

Shakespeare, King Lear, I. 4. song.

Bovers.

That serve instead of peaceful barriers,
To part th' engagements of their warriors,
Where both from side to side may skip,
And only encounter at bopeep. Butler, Hudibras.

There the devil plays at bopeep, puts out his
horns to do mischief, then shrinks them back for
safety.—Dryden.

Such fleeing, leering, jarring fool's bopeeps;
Such halloo, teehoes, weehoes, wild colts' play;
Such whoops, whoopers and hallowes, huld and koope;
Such rangings, ragings, revellings, roysters' ray,

BORD

With so foul mouth, and knave at every catch,
'Tis some knave's nest did surely Martin hatch.
Whip for an Ape.

Borrachio. *s.* [Span. *borrachio*=bottle, com-
monly of a pig's skin, with the hair in-
ward, dressed with resin and pitch to keep
wine or liquor sweet.] Bottle, or cask.

Dead wine, that stinks of the borrachio.

Dryden, Persecution, v.
made haste, (says the text) and took two hundred
loaves, and two bottles, (that is, two skins of borra-
chio,) of wine.—Delany, Life of David, i. ix.

How you stink of wine! Dye think my niece will
ever endure such a borrachio? you're an absolute
borrachio.—Gauguin.

You're right, Brash, there's no washing the black-
moor white. Mr. Sterling will never get rid of
Blackfriars—always taste of the borrachio.—Colman
and Garrick, The Clandestine Marriage, ii. 1.

Borago. *s.* [Lat. *borago*.]—the old rhyme,
'I borage bring courage,' is either the ori-
ginal or the translation of one of those
strange etymologies in which works on
Botany abound; where *bor-ago* is said to
be quasi *car-ago*.] Plant of the genus *Bor-*
ago; especially the *Borago officinalis*.

It so be that the weak spirit of phisians you men-
tioned, that turned the borago flowers red, were not
heated, it seems to evince that their spirit is stronger
than the rest. Ray, Correspondence, Letter of Dr.
Halse.

Borago may be sown [in the middle and latter
end of July] to obtain a plentiful supply of its
young leaves in Autumn. Abercrombie, Gardeners'
Journal, July.

Spelt in the following extract as it is
often sounded.

The composition of this ancient beverage [cool
tankard] is of great variety. The basis is home-
brewed ale, spiced, and seasoning herbs. To a quart
of good ale add a glass of white wine and another
of brandy, some lemon juice and the rind pared
very thin, a little well-toasted bread, a sprig or two
of borage or balm, and a little nutmeg grated.
Some use cider instead of ale.—Webster, Encyclo-
pædia of Domestic Economy.

Borax. *s.* [Lat.] Biborate of soda.

To solder gold they always use the coarser to
solder the finer. They dip a thin plate of gold in
borax, and laying it in the chink to be soldered,
they then melt it with the flame of the lamp. Ray,
Correspondence, Wiltshir, let. 1.

Nauss regrets nothing more than that he is not
rich enough to strew the arena with *borax* and cin-
nabar, as Nero used to do.—Sir E. L. Bulwer, Last
Days of Pompeii, v. 2.

Bordel. *s.* Brothel; bawdyhouse. *Obsolete.*

Making even his own house a stew, a bordel, and a
school of lewdness, to instil vice into the unwary
ears of his poor children. South.

Bordeller. *s.* Keeper of a brothel. *Obsolete.*

Thus out of his barge he bent,
And to the bordeler her sold.

Gower, Confessio Amantis, viii.

Bordello. *s.* [Ital.] Same as Bordel, of
which it is the fuller form. The form in
which it becomes English is Brothel.

From the bordelto it might come as well,
The spital, or pethatch. R. Johnson.

Börder. *s.* [A.S. *bord*.]

1. Outer part or edge of anything.

They have baking glasses, bordered with broad
borders of crystal, and great counterfeits previous
stones. Bayly.

The light must strike on the middle, and extend
its greatest clearness on the principal figures; dis-
minishing by degrees, as it comes nearer and nearer
to the borders. Dryden.

All with a border of rich fruit-trees crown'd,
Whose loaded branches hide the lofty mound:
Such various ways the spacious alleys lend,
My doubtful muse knows not what path to tread.

Waller.

It was just before Valentine's day three years
since. He wrought, unseen and unsuspected, a
wondrous work. We need not say it was on the
thinnest gilt paper with borders full, not of common
hearts and heartless allegory, but all the prettiest
stories of love from Ovid, and older poets than Ovid.
—Lamb, Essays of Elia, Valentine's Day.

2. March of edge of a country; confine.

If a prince keep his residence on the border of his
dominions, the remote parts will rebel; but if he
make the centre his seat, he shall easily keep them
in obedience.—Spenser.

Those outlaws, as I may call them, who robbed
upon the borders.—Bishop Patrick, Commentaries
and Paraphrases on the Old Testament, Genesis,
xvii. 34.

BORD

{ BOOTLESSLY
{ BORDERING

O young Lochinvar is come out of the west,
Through all the wide border; his steeds are the best,
Sir W. Scott, Marmion, Lady Elron's Song.

3. Properly the continuous bed which en-
clopes a garden of any kind, but sometimes
applied to the detached beds which form
the parterre or flower-garden.

There he arriving round about dach fly
From bed to bed, from one to other border,
And takes survey, with curious busy eye.

Of every flower and herb there set in order. Spenser.

The place was covered with a wonderful profusion
of flowers, that without being disposed into regular
borders and parterres, grew promiscuously.—Tatter,
no. 161.

Nor perhaps would any but an experienced sci-
entific eye be aware of the difficulties to be encountered
in the disposal of a few shaped borders interspersed
with turf; the merely consists in arranging the dif-
ferent parts so as to form a connected glow of
colour, to effect which it will be necessary to place
the borders in such a manner that, when viewed
from the windows of the house, or from the prin-
cipal entrance into the garden, one border shall not
intercept the beauties of another.—Floral's Manual.

Börder. *v. n.*

1. Be on the boundary; touch something else
at the side or edge: (with *on* or *upon*).

It bordered upon the province of Croatia, which,
in time past, had continual wars with the Turks'
garrisons.—Kneller.

Virtue and honour had their temples bordering on
each other, and are sometimes both on the same
coin.—Addison.

2. Approach nearly to: (with *upon*).

All wit, which borders upon profaneuess, and
makes bold with those things to which the greatest
reverence is due, deserves to be branded with folly.
—Archbishop Tillotson.

Börder. *v. a.*

1. Adorn with a border of ornaments.

Rivulets bordered with the softest grass enamelled
with various flowers.—T. Warton, History of Eng-
lish Poetry, i. 372.

Thro' mountain clefts the dale
Was seen far inland, and the yellow down
Border'd with palm, and many a winding vale
And meadow, set with slender caligule.

Tennyson, The Lotus-eaters.

2. Reach; touch; be contiguous to.

Shiba and Ramnah are those parts of Arabia,
which border the sea called the Persian gulf.—
Sir W. Raleigh.

3. Put limit to.

That nature, which contains its origin,
Cannot be border'd certain in itself.
Shakespeare, King Lear, iv. 3.

Border-land. *s.* [two words rather than a
compound.] Land forming a border or
frontier, or a doubtful intermediate district.

Passing over the indefinite border-land between
the animal and vegetal kingdoms, we may roughly
class plants as organisms which, while they exhibit
that species of motion implied in growth, are not
only devoid of locomotive power, but with some un-
important exceptions are devoid of the power of
moving their parts in relation to each other. Her-
bert Spencer, First Principles.

Börderer. *s.*

1. One who dwells on the borders, extreme
parts, or confines; one who dwells next to
any place.

They of those marches, gracious sovereign!
Shall be a wall sufficient to defend
Our inland from the pilfering borderers.

Shakespeare, Henry V. i. 2.

An ordinary horse will carry two sacks of sand;
and, of such, the borderers on the sea do bestow
sixty at least in every acre; but most husbands
double that number.—Purvis.

The easiest to be drawn
To our society, and to aid the war;
The rather for their want, being next borderers
On Italy; and that they should with horse.

R. Johnson.

The king of Scots in person, with Perkin in his
company, entered with a great army, though it
chiefly consisted of borderers, being raised some-
what suddenly.—Bacon.

Volga's stream
Sends opposite, in shaggy armour clad,
Her borderers: on mutual slaughter bent,
They rend their countries. A. Plinys.

2. One who approaches near to another;
neighbour.

The poet is the nearest borderer upon the orator,
and expresseth all his virtues, though he be tied
more to numbers.—R. Johnson, Diogenes.

Bördering. *s.* [Probably bordering, sug-
gesting the word *borderage*. Nothing to

do with either *drag* or *rage*.] Incursion on the borders of a country. *Rare*.

Who [Constantine] . . .
Long time in peace his realm established,
Yet oft annoy'd with sordid *borderings*
Of neighbour *Scots*, and foreign scutillings
With which the world did in those days abound.
Spenser, Faerie Queen, ii. 10, 63.

Bore, v. a. [A.S. *borian*.]

1. Pierce so as to form a hole; drill; scoop.
I'll believe as soon
This whole earth may be *bor'd*; and that the moon
May through the centre creep.

Shakespeare, Midsummer Night's Dream, iii. 2.
Mulberries will be fairer, if you bore the trunk of
the tree through, and thrust into the places *bored*,
wedges of sawn oak trees. *Bacon*.
Love may blindfold the eyes, but has *bored* them
out. *Fletcher, History of the Holy War*, p. 80.

Take the barrel of a long gun perfectly flat, and
set it upright, and take a bullet exactly fit for it;
and then if you suck at the mouth of the barrel
never so gently, the bullet will come up so forcibly
that it will hazard the striking out your teeth. *Sir
K. Digby*.

But Cypri, and the graver sort, thought fit
The Greeks suspected present to commit
To sons or flames; at least, to search and bore
The sides, and what that space contains I explore.

A man may make an instrument to bore a hole
an inch wide, or half an inch, not to bore a hole of a
foot. *Richard Wilkin*.

Even in days which Dodwell could well re-
member, such heretics as himself would have been
thought fortunate if they escaped with life, their
heads shaved, their ears clipped, their noses slit,
their tongues *bored* through with red-hot iron, and
their eyes knocked out with brickbats. *Moxley, History of England*, ch. xiv.

But there are other stones *bored* with a hole, to
which antiquaries have ventured to give a different
destination. *Kenble, Horse Breeds*, introd. p. 41.

2. Make a narrow and difficult passage
through anything generally.

Consider, reader, what fatigues I've known,
What riots seen, what bustling crowds I *bor'd*,
How oft I cross'd where carts and coaches roar'd.
Gay.

3. Annoy; pester.

'I will tell him to come,' said Buckhurst. 'Oh!
no, no; don't tell him to come,' said Millbank.
'Don't bore him.' *Disraeli the younger, Contingency*,
b. i. ch. x.

Bore, v. n. Press, or push, forward towards
a certain point.

Those milk mops,
That through the window *bore* bare at men's eyes,
Are and within the lent of jolly wit.

Shakespeare, Timon of Athens, iv. 3.
Nor southward to the raining regions run;
But *boring* to the west, and hovering there,
With gaping mouths they draw prolific air.
Dryden.

Bore, s.

1. Hole made by boring.

Into hollow cuniculi long and round,
Thick ram'd, at th' other *bore* with touch of fire
Dilated, and infuriate.

Milton, Paradise Lost, vi. 485.
2. Instrument with which a hole is bored.
So shall that hole be fit for the file, or square
bore. *Mason*.

3. Size of any hole made by boring.

We took a cylindrical pipe of glass, whose *bore*
was about a quarter of an inch in diameter. *Boyle*.
Our careful monarch stands in person by;
This new-erect cannot's firmness to explore;
The strength of blue-cord'd powder loves to try,
And ball and cartridge *bores* for every *bore*.

Dryden.
It will best appear in the *bore*s of wind in-
struments; therefore cause pipes to be made with a
single double, and so on, to a sextuple *bore*; and
mark what tone every one giveth. *Bacon*.

4. That which annoys or pesters.

a. Applied to persons.

I could not tell how to rid myself better of the
troublesome *bore* than by getting him into the dis-
course of hunting. *Return from Parnassus*, (Ord
MS.)

This remarkably freedom from *bore*s was produced
in Lamb's circle by the authoritative texture of
its commanding minds; in Lord Holland's, by the
more direct and more genial influence of the hostess,
which checked that tenacity of subject and opinion
which sometimes broke the charm of Lamb's parties;
by a due in the form of a delicate. *Talfourd, Memoirs of C. Lamb*.

b. Applied to things.

'Ah! that's a *bore*,' said his companion. 'It's dif-
ficult to turn to with a new thing when you are not
in the habit of it.' *Disraeli the younger, Contingency*,
b. viii. ch. i.

Think of the dromy *bore*s with their dull hum.—
think of the chivalric garrulism with their horses
to sell, and their bills to discount.—think of Wil-
lis, think of Crookford, think of White's, think of
Brooks's—and you may form a very faint idea how
the young Duke had to talk, and eat, and flirt, and
cut, and pet, and patronise!—*Id., The young Duke*,
b. i. ch. x.

Sudden influx of the tide into a river or
narrow strait.

The violence and elevation with which the *bore*
rushes along some rivers is almost incredible. At
the mouth of the Severn the flood comes up in one
head about ten feet in height; but in the great riv-
ers of America, and particularly in the Amazon,
it becomes a rolling mountain of water, which is said
to attain the height of 180 feet. *Murray, Encyclo-
pædia of Geography*.

The victorious truth wave shall ride, like the *bore*,
victorious over all the rest. *Barker, Thoughts on a
Regicide Peace*.

Boreal, adj. [Lat. *borealis*.] Northern.
Cretic's ample fields diminish to our eye;
Before the *boreal* blasts the vessels fly. *Pope*.

Borecole, s. [?] *broccoli*.] Curly kind of
cabbage or colewort: (called also *Scotch
kale*).

Prick out some young seedlings of brussels and
borecole. *Abercrombie, Gardener's Journal*, April.

Boredom, s. Realm, or domain, of bores;
condition of one who is bored.

The House had just broke up, and the political
members had just entered, and in clusters, some
standing, and some yawning, some stretching their
arms, and some stretching their legs, presented
symptoms of an escape from *boredom*. *Disraeli
the younger, The young Duke*.

Bores, s. [?] Irish dance said to have been
brought from Biscay.

Dick could neatly dance a jig,
But Tom was best at *b*. *Swift*.

From hence came all these monstrous stories
That to his days all beasts danc'd *bore*.

Id., Ovidiana, no. ii.

Borel, s. [see *Borel, adj.*] Dress.

This is to say, if I be any, sir shew me,
I will remain at my *borel* for to shew me.

Chenier, Wife of Bath's Tale, prologue, 230.

Borel, adj. [Fr. *bourrelle*—yellowish or
brownish wool produced by a rough breed
of sheep, and used in the twelfth and thirteenth
centuries for the clothing of the
peasantry.] Rinde (opposed to *literate*);
lay (opposed to *clerical*). *Obsolete*.

'Thus I which am a *bourrel* clerke,
Purpose to write a booke,

Gower, Confessio Amantis, prologue, fol. 1.

For, sire and dame, trusteth me right wel,
Our orisons ben more effectuel,
And more we see of Christes secret things,
Than *borel* folk, although that they be kings.

Id., Sommeur's Tale, 7351.

Had they themselves but light to see the ropes,
And suaves of hell for which their feet are drest,
Because they pil and pole, because they wrest,
Because they cover more than *borel* men.

Goswain, Fables of War.

How be I am that rude and *borel*,
Yet nearer ways I know.

Spenser, Shepherd's Calendar, July.

Borer, s. That which bores.

1. Instrument for making holes.

The master-bricklayer must try all the founda-
tions, with a *borer*, such as well-diggers use, to try
the ground. *Mason*.

2. Cartilaginous parasitic fish so called
(*Myxine glutinosa*).

On this part of our coast it is called *hag*, and also
bore, because, as others say, it first pierces a small
aperture in the skin, and afterwards buries its head
in the abdomen or body. It is most usually found
in the body of the cod, or some other equally rapacious
fish. *Tarrell, British Fishes*.

Boring, verbal abs. Act of one who bores.

It should be remembered, that if an inference is
thence drawn of the uselessness of being thus pro-
vided with *bores*, we must admit, by parity of
reasoning, that it would be no inconvenience to a
carpenter, or any other mechanic, to have no names
for the several operations of sawing, planing, *boring*,
&c., in which he is habitually engaged, or for the tools
with which he performs them. *R. Whateley, Elements of Rhetoric*, introd.

Born, part. [from *bear* in the sense of *gesto*—
carry during pregnancy; whence, as a
secondary sense, *bring forth*.—observe that
this word is spelt without a final *e*, born,
not borne; and rhymes with *horn*.] Come
into life.

When we are *born*, we cry, that we are come
To this great stage of fools.

Shakespeare, King Lear, iv. 6.

With of.

Be bloody, bold, and resolute, laugh to scorn
The power of man; for none of woman born
Shall harm Macbeth. *Shakespeare, Macbeth*, iv. 1.

With to.

I was *born* to a good estate, although it now
turneth to little account. *Swift, Story of an In-
jured Lady*.

With into.

All that are *born* into the world, are surrounded
with bodies, that perpetually and diversely affect
them. *Locke*.

Borne, part. [from *bear* in the sense of *gero*—
carry.—observe that this word is spelt
with a final *e*, borne, not born; and rhymes
with *horn*, *horn*, &c.] Carried.

A fellow of infinite jest, of most excellent fancy:
he hath *borne* me on his back a thousand times. *Shakespeare, Hamlet*, v. 1.

Used figuratively.

a. Defrayed in the way of expense.

What penny hath Rome *borne*,
What men provided, what munition sent,
To underprop this action?

Shakespeare, King John, v. 2.

Their charge was always *borne* by the queen; and
daily paid out of the exchequer. *Bacon*.

b. Effectively supported through anything:
(with out).

The great men were enabled to oppress their infe-
riors; and their followers were *borne* out and con-
tinued in wicked actions. *Sir J. Davies*.

c. Carried wildly and from the right course:
(with away).

Upon some occasions, Clodius may be bold and
insolent, *borne away* by his passion. *Swift*.

Boron, s. [derived from the root *bor-* in
borax; the *-on* having the same import as
in *carbon*; i.e. indicating a group charac-
terized by certain negative, rather than
positive, qualities, but one which does not
contain the metals indicated by the termi-
nation *-um*, nor yet the elementary sub-
stances in *-ine* or *-en*, as *iodine* and *oxygen*.]
In Chemistry. Elementary substance so
called.

Boron . . . was formerly known in the amorphous
state. . . . Wöhler and Deville have lately dis-
tinguished it in two distinct crystalline states, in one of
which it bears a close resemblance to diamond, and
in the other to graphite. . . . Diamond and *boron* form
transparent crystals, having a honey-yellow or garnet-
red colour. . . . In lustre and refractive power
it is scarcely inferior to the diamond; and is one of the
hardest bodies known, inasmuch as it scratches
corundum and even the diamond itself. *Graham,
Elements of Chemistry*, ii. 609.

Borough, s. [A.S. *burg, burig, burh*.] Town
with a corporation.

Fox returned to England in August, 1788, and, al-
though it was not till 1791 that he took his seat in the House of
Commons for Middlesex, for which *borough* he had
been elected in his absence. *W. Cooke, History of
Party*, vol. iii. ch. ix.

With either an *adjectival* construction, or
used as the *first element of a compound*.

A *borough*, as I here use it, and as the old laws still
use, is not a *borough* town, that is, a franchised
town; but a main pledge of a hundred free persons,
therefore called a *free borough*, or, as you say, *franchi-
plegium*. For *burgh*, in old Saxon, signifieth a pledge
or surety; and yet it is so used with us in some
speeches, as Chaucer saith, 'St. John to borrow';
that is, for assurance and warranty. *Spenser, View
of the State of Ireland*.

A large proportion of the *borough* members were
the nominees of peers and great landowners; or
were mainly returned through the political interest
of these magnates. *T. Erskine May, Constitutional
History of England*, vol. i. ch. vi.

Boroughmonger, s. One who traffics in the
parliamentary representation of boroughs.

These were called rotten boroughs, and these who
owned and supported them *boroughmongers*. *J.
Foulquier, Junr., How we are governed*, lch. 5.

Boroughmongering, verbal abs. Traffic in
the patronage of parliamentary boroughs.

We owe the English peerage to three sources: the
spoliation of the church; the open and flagrant sale
of its honours by the elder Stuarfs; and the *borough-
mongering* of our own times. *Disraeli the younger,
Contingency*.

Borrow, v. a. [A.S. *borgian*.]

1. Take something from another on credit

(opposed to *lend*); ask of another the use of something for a time.

He borrowed a box of the ear of the Englishman, and swore he would pay him again when he was able. — *Shakespeare, Merchant of Venice*, l. 2.

We have borrowed money for the king's tribute, and that upon our lands and vineyards. — *Nehemiah*, v. 4.

Then he said, Go borrow three vessels abroad, of all thy neighbours. — *2 Kings*, iv. 3.

Where darkness and surprise made conquest cheap!

Where virtue borrowed the arms of chance, And struck a random blow! — *Dryden*.

They may borrow something of instruction, even from their past guilt. — *Dr. H. More, Discourse of Christian Piety*.

I was cumbered in the translation of Virgil, from whom I have borrowed only two months. — *Dryden*.

These verbal signs they sometimes borrow from others, and sometimes make themselves; as one may observe among the new names children give to things. — *Locke*.

Some persons of bright parts have narrow remembrance; for having riches of their own, they are not sollicitous to borrow. — *Watts*.

Borrow. s. Obsolete.

1. Thing borrowed.

Yet of your royal presence I'll adventure

The borrow of a week. — *Shakespeare, Winter's Tale*, l. 2.

2. Plodge; surety.

This was the first source of shepherd's sorrow,

That now will be quit with hate nor borrow. — *Spenser, Shepherd's Calendar*, May.

Borrowed. part. adj. Used as one's own though belonging to another; fictitious.

'Unkind and cruel to deceive your son,

In borrow'd shapes, and his embrace to shun. — *Dryden*.

Borrower. s. One who borrows, or takes upon trust (opposed to lender); one who takes what is another's, and uses it as his own.

His talk is of nothing but of his poverty, for fear belike that I should have proved a young borrower. — *Sir P. Sidney*.

Neither a borrower nor a lender be; For loan oft loses both itself and friend,

And borrowing dulls the edge of husbandry. — *Shakespeare, Hamlet*, l. 3.

Go not my horse the letter,

I must become a borrower of the night

For a dark hour or twain. — *Shakespeare, Macbeth*, iii. 1.

But you invert the covenants of thy trust,

And harshly deal, like an ill borrower,

With that which you receive'd on other terms. — *Milton, Comus*, 681.

Some say that I am a great borrower; however,

none of my creditors have challenged me for it. — *Pope*.

Observe who have been the greatest borrowers of all ages. Alcibiades. Fabius — Sir Richard Steele — our late incomparable Brinsley — what a family likeness in all four! What a careless, even deportment hath your borrower! what rogues! what a beautiful reliance on Providence doth he manifest.

taking no more thought than lies! What contenting for money, — accounting it yours and mine equally! no better than dress! — *Lamb, Essays of Elia, The two Races of Men*.

Borrowing. verbal abs. Act of borrowing; thing borrowed.

Loan oft loses both itself and friend,

And borrowing dulls the edge of husbandry. — *Shakespeare, Hamlet*, l. 3.

Borrowing, if it be not bettered by the borrower, among good authors is accounted plagiarism. — *Milton, Epicothetica*.

Yet are not these thefts, but borrowings; not impious falsities, but elegant flowers of speech. — *Jeremy Taylor, Artificial Happiness*, p. 165.

It is still more strange that several neighbouring nations should have thought this most unmeaning of all names worth borrowing. — *Macaulay, History of England*, ch. xv.

Boroughholder. s. [A.S. *burgas*, *georgas*, or *burhas*, and *ealdor* — borough's elder, or alderman: nothing to do with either *burse* or *holder*.] See extract.

Tenue tythings make an hundred; and five made a lath or wapentake; of which tenure, each one was bound for another; and the eldest or best of them, when they called the tythingman or boroughholder, that is, the eldest pledge, became surety for all the rest. — *Spenser, View of the State of Ireland*.

Bosage. s. [Fr. *bosage*.]

1. Wood, or woodlands.

We bent our course thither, where we saw the appearance of land; and the next day, we might plainly discern that it was a land flat to our sight,

and full of bosage, which made it show the more dark. — *Bacon*.

2. Representation of woods.

Cheerful paintings in feasting and banquetting rooms; graver stories in galleries; landscapes and bosage, and such wild works, in open terraces, or summer-houses. — *Sir H. Wotton*.

On the other hand, what a day, not of laughter, was that, when he threatened, for here's sake, to lay merciless hands on the Palais-Royal Garden! The flower-parties shall be given up; the Chestnut Avenue shall fall; time-honoured bosages, under which the Opera Hamadryads were wont to wander, not inexorable to men. — *Cuclyle, French Revolution*, pt. I. b. l. ch. vi.

She lock'd her lips: she left me where I stood:

'Glorious to God, she sung, and just afar;

Thridding the sombre bosage of the wood,

Toward the morning-star. — *Longfellow, A Dream of Fair Women*.

Bosh. s. [Fr. *chauche* — outline. — in Norfolk, to cut a bosh is to make a figure.]

Form. Rare or provincial.

A man who has learned but the bosh of an argument, that has only seen the shadow of a syllogism, and but barely heard talk of rhetoric and poetry, may by the use of this science, and a little modern effluvia, battle one of real learning, silence genius itself, and put the most exalted merit out of countenance. — *Student*, ii. 287.

Bosh. interj. and subst. (or substantive used interjectionally, like Nonsense, and some other words.) [Turkish.] Empty; vain; loose: (with special application to talk.) Colloquial.

Bosky. adj. Woody.

And with each end of thy blue bow dost crown

My bosky acres, and my meads level'd down. — *Shakespeare, Tempest*, iv. 1.

I know each lane, and every alley green,

Hedge, or lusty dell, of this wild wood,

And every bosky bourn from side to side. — *Milton, Comus*, 311.

Bosom. s. [A.S. *bosme*, *bosom*.]

1. Breast.

Lay comforts to your bosom; and bestow

Your needful counsel to our business. — *Shakespeare, King Lear*, ii. 1.

a. As the seat of the passions.

Anger re-eth in the bosom of fools. — *Ecclesiastes*, vii. 9.

From jealousy's tormenting strife

Far ever be the bosom freed. — *Prior*.

Unfortunate Tallard! O, who can name

The pangs of rage, of sorrow, and of shame,

That with mix'd tumult in thy bosom swell'd,

When first thou saw'st thy bravest troops repell'd? — *Addison*.

Here arming bosoms wear a visage gay,

And stilled groans frequent the bill and play. — *Young*.

Exasperated, not overawed, the sectaries threw off what little respect they had hitherto paid to the hierarchy. They had learned, in the earlier controversies of the Reformation, the use, or, more truly, the abuse, of that powerful lever of human bosoms, the press. — *Hallam, Constitutional History of England*, ch. iv.

b. As the seat of tenderness.

Their soul was poured out into their mother's bosom. — *Lamentations*, ii. 12.

c. As the receptacle of secrets.

If I covered my transgressions as Adam, by hiding

my iniquity in my bosom. — *Job*, xxxi. 33.

2. Enclosure; compass; embrace; retreat; asylum.

'Tis no laws thus received by a whole church, they which live within the bosom of that church must not think it a matter indifferent, either to yield, or not to yield, obedience. — *Hooker*.

But their affections being very little concoliated by this coercion, there remained a large party within the bosom of the established church prone to watch for and amplify the errors of their spiritual rulers. — *Hallam, Constitutional History of England*, ch. i.

3. Folds of the dress that cover the breast.

Put now thy hand into thy bosom; and he put his hand into his bosom; and when he took it out, behold his hand was leprous as snow. — *Exodus*, iv. 6.

4. With the construction of either an adjective or the first element of a compound. Near; close; intimate; denr: (commonly with friend).

No more that thine of Cawdor shall deceive

Our bosom interest. — *Shakespeare, Macbeth*, i. 2.

This Antonio,

Being the bosom lover of my lord,

Must needs be like my lord. — *Merchant of Venice*, iii. 4.

Those domestic traitors, bosoms thieves,

Whom custom hath call'd wives; the rudiest helps

To betray the heady husbands, rob the easy. — *B. Jonson*.

He sent for his bosom friends, with whom he had just confidently consulted, and showed the paper to them; the contents whereof he could not conceive. — *Lord Charendon*.

The fourth privilege of friendship is that which is here specified in the text, a communication of secrets. A bosom secret, and a bosom friend, are usually put together. — *South, Sermons*, ii. 61.

Have your bosom Have your will. Rare.

If you can pace your wisdom

In that good path that I could wish it go,

You shall have your bosom on this wretch. — *Shakespeare, Measure for Measure*, iv. 3.

Bosom. v. a. Enclose in the bosom; contain; find place for; keep concealed. Rhetorical.

Bosom up my counsel;

You'll find it wholesome. — *Shakespeare, Henry VIII*, l. 1.

I do not think my sister so in week,

Or so unprincipled in virtue's book,

And the sweet peace that goodness bosoms ever. — *Milton, Comus*, 369.

Its course was free and regular;

Since bosom'd not a lover's star. — *Byron, Manfred*.

Bosomed. part. adj. Enclosed; concealed; treasured.

The groves, the fountains, and the flow'rs,

That open now their choicest bosom'd smells,

Reserv'd for night, and kept for thee in store. — *Milton, Paradise Lost*, v. 126.

Boson. s. Same as Boatswain. Obsolete.

The barks upon the willows ride,

The master will not stay;

The merry boson from his side

His whistle takes to cheek and chide

The lingering lad's delay. — *Dryden*.

Boss. s. [Fr. *bosse*.]

1. Part rising in the midst of anything.

He runneth upon him, even on his neck, upon the

thick boss of his bucklers. — *Job*, xv. 20.

The weapons of attack in the bronze period seem to have been swords, daggers, spears, javelins, arrows, and battle-axes; those of defence were most probably shields adorned and strengthened with bronze plates and bosses, coats of mail made of a kind of bronze scales sewn on the leather or linen,

and a bronze helmet adorned with a plume of feathers or some other suitable ornament. It is natural to suppose that the shield was originally formed of leather or wood, yet traces of either are very rarely found, whilst the plates and bosses that were fastened upon these materials are to be found here and there in different collections. — *Kendall, Horse Armour*, p. 51.

2. Stud; ornament raised above the rest of the work.

What similes beauty, strength, youth, fortune,

embroidered furniture, or gaudy bosses? — *Sir R. L'Estrange*.

This ivory, intended for the bosom of a bride,

was laid up for a prince, and a woman of Caria or Macedonia dyed it. — *Pope*.

Bossed. part. adj. Provided with bosses.

Fine linen, Turkey cushions boss'd with pearl.

— *Shakespeare, Taming of the Shrew*, ii. 1.

Bossive. adj. Shaped like a boss; crooked; humpbacked; rickety. Obsolete.

Wives do worse than miswary, that in their full

time of a fool with a bossive birth. — *Osborne, Advice to his Son*, p. 70: 1058.

Bossy. adj. Bossed; hosslike; raised.

Nor did there want

Cornice or freeze, with boss sculptures graven.

— *Milton, Paradise Lost*, i. 716.

The watry juices of the bossy root [the turnip]. — *Dyer, Beece*.

Behold this shield all bossy bright;

These ridges shining twin. — *Rejected Addresses, Imitation of Scott*.

Botanic. adj. [Gr. *botanikos*, from *botanē* — plant.] Appertaining to Botany.

Some observations concerning plants, &c. of his own; some from his companions in those botanic studies. — *Worthington, To Harlib*, ep. 10.

And to botanick land the flowers of health.

— *Thomson, Liberty*, ii.

They read botanic treatises,

And work on gardening thro' thine,

And methods of transplanting trees,

To look as if they grew there. — *Thomson, Amphion*.

Botanic. s. One who is skilled in plants. Obsolete, rare.

That there is such an herb, which for some kind of resplendency may be called achampsis, is by all botanicks or herbarists I have seen acknowledged. — *Morie Cammison, Of Credulity and Incredulity in Things natural, civil, and divine*, p. 60.

Botanical. adj. Same as Botanic.

The botanical artist meets every where with vegetables. — *Sir T. Browne, Tracts*, p. 6.

Some botanical critics tell us, the poets have not rightly followed the traditions of antiquity, in meta-

morphosing the sisters of Phæton into poplars.—*Addison*.

It has repeatedly occurred in the progress of natural history, that good systems did not take root, or produce any lasting effect among naturalists, because they were not accompanied by a corresponding nomenclature. In this way, as we have already noticed, the excellent botanical system of Cæsalpinus was without immediate effect upon the science.—*W'arwell*.

Botánicas. *s.* Science of Botany. *Obsolete, rare.*

I should nothing more willingly than serve you in anything in my power; though thus doing I should serve myself, by improving my little skill in *botánicas*, by the addition of so many new and nondescript species which you have pleased to communicate the knowledge and sight of to me.—*Ray, Correspondence*, p. 313.

Botanist. *s.* One who studies Botany; one who studies the various species of plants.

The negligent lictious matter, taken notice of by that diligent *botanist*, was only a collection of corals.—*Woodward*.

Then spring the living herbs, beyond the power Of *botanist* to number up their tribes.

Thomson, Seasons.

Botany. *s.* Science of plants; that part of natural history which relates to vegetables.

The way in which the idea of likeness has been applied, so as to lead to the construction of a science, is best seen in *Botany*: for, in the classification of Animals, we are inevitably guided by a consideration of the function of parts; that is, by an idea of purpose, and not of likeness merely; and in Mineralogy, the attempts at classification (as the Principles of Natural History have been hitherto very imperfectly successful. But in *Botany* we have an example of a branch of knowledge in which systematic classification has been effected with great beauty and advantage.—*Howell, History of Scientific Ideas*, b. viii. ch. ii.

Botargo. *s.* [Span. *botarga*.] Kind of sun-sage made of the blood, milts, and roes of the mullet.

Sir W. Pen came out in his shirt into his leads, and there we stayed talking and singing and eating *botargo* and bread and butter, till twelve at night, it being moonshine; and so to bed very nearly fuddled.—*Pyys, Diary*, June 4, 1661.

Botch. *s.* [Dutch, *butse*.]

1. Swelling or eruptive discoloration of the skin.

Time, which rots all, and makes of *botches* poz, And, plodding on, must make a calf an ox, Hath made a lawyer. *Donne*.

Botches and blains must all his flesh inlame, And all his people. *Milton, Paradise Lost*, xii. 180. It proves far more incommodious, which, if it were propelled in boils, *botches*, or ulcers, as in the scurvy, would rather conduce to health. *Harepy*.

2. Part ill finished in any work, so as to appear worse than the rest; supplemental or adventitious part clumsily added. See Patch.

With him, To leave no rubs nor *botches* in the work, Fleunce, his son . . . must embrace the file Of that dark hour. *Shakespeare, Macbeth*, iii. 1. If both these words are not notorious *botches*, I am deceived, though the French translator thinks otherwise.—*Dryden*.

A comma ne'er could claim A place in any British name; Yet, making here a perfect *botch*, Thine own poor vowel from his notch. *Swift*. The Queen has lately lost a part Of her entirely English heart; For want of which, by way of *botch*, She pieced it up again with Scotch. *Id.*

Botch. *n. a.*

1. Mend or patch clothes clumsily; mend anything awkwardly; put together unsuitably or unskillfully; make up of unsuitable pieces.

For treason *botch'd* in rhyme will be thy bane; Rhyme is the rock on which thou art to wreck. *Dryden*.

Often, perhaps generally, with *up*.

Go with me to my house, And hear thou there, how many fruitless pranks This ruffian hath *botch'd up*, that thou there mightest May smile at this. *Shakespeare, Twelfth Night*, iv. 1. Her speech is nothing.

Yet the unshaped use of it doth move The hearers to collection; they aim at it, And *botch* the words up fit to their own thoughts. *Id., Hamlet*, iv. 3.

To *botch up* what th' had torn and rent, Religion and the government. *Butler, Hudibras*. However, considering the heat of the climate, I did not doubt but if I could find out any clay, I might *botch up* some such pot as might, being dried

in the sun, be hard and strong enough to bear handling, and to hold any thing that was dry, and required to be kept so.—*DeJoue, Life and Adventures of Robinson Crusoe*.

But when I would find rhyme for Rochester, And look in English, French, and Scotch for 't; At last, I'm fairly forced to *botch* for 't. *Swift*.

2. Mark with botches.

Young Hyacinth, *botch'd* with stains too foul to name, In cradle hero renews his youthful frame. *Garth*.

Botched. *part. adj.* Clumsily remedied; patched; unsuitably put together.

His 'juvenile soul' was quite otherwise employed; minister after minister must consult his own several judgment, his own whim, above all his own case; and so the whole business, now when we look on it, comes out one of the most *botched*, piebald, inconsistent, lamentable, and even ludicrous objects in the history of state-craft.—*Carlyle, Essays*. *Diderot*.

Botcher. *s.* Mender of old clothes; one who stands in the same relation to a tailor as a cobbler to a shoemaker; bad mender in general.

No man will put his scum to a *botcher* or [ore] he binds him promise to a tailor.—*Sir T. Egton, The Governour*, fol. 62.

He was a *botcher's* apprentice in Paris, from whence he was whipt for getting the sheriff's fool with child.—*Shakespeare, All's well that ends well*, iv. 3.

Botchers left old clothes in the lurch, And fell to turn and patch the church.

Butler, Hudibras.

Botchers of nature! your eternal stain This judgment is. *Perritham*, 14.

Botcherly. *adj.* Clumsy; patched.

Publishing some *botcherly* mangle-mangle of collections out of other.—*Hartlib*.

Botchery. *s.* Clumsy addition; patchwork.

If we speak of *botchery*, were it a comely thing to see a great lord or a king wear sleeves of two patches, one half of worsted, the other of velvet.—*World of Wonders*, p. 23: 1698.

Botching. *verbal abs.* Requiring, mending, or emending awkwardly, and after the fashion of a botcher.

Our professor, besides his *botching* in the words, has sullied even the sense. *Beattie, Letters*, p. 213. My business was never to try if I could not make jackets out of the great watch-casings that I had by me, and with such other materials as I had, so I set to work a tailoring, or rather, indeed, a *botching*, for I made most pitiable work of it.—*DeJoue, Life and Adventures of Robinson Crusoe*.

Botchy. *adj.* Marked with botches.

And those boils did run?—Say so,—did not the general run then? were not that a *botchy* cure?—*Shakespeare, Troilus and Cressida*, ii. 1.

Bot. *s.* [A.S. *bot*.] Advantage; equivalent; gain. *Obsolete*.

In kings court it is no *bot* Ogniss Sir Penny for to nod a. So mekil is he of myght;

He is so witty and so strong, That he he never so mekil wrong, He will mak it right. *Ballad of Sir Penny*.

Mary is so fayr and softe, And here some so full of *bot*, Over all this world he is a *bot*.

Songs and Carols from a MS. of the 15th Century, p. 24. (Wright.)

Both. *pron.* The combination *bu twá* = both two is found in Anglo-Saxon.

Upon the strength of this, the word has, not unreasonably, been dealt with as a composition consisting of those two elements. Nevertheless, there is an objection, which has been pointed out by Mr. Garnett, viz. the existence of the German *beide*. Notwithstanding this, it is almost certain that, in some shape or other, the *th* is, in reality, the *t* in *two*.

The word, though often treated as an adjective, is really a pronoun. It is this, whether we view it logically or in respect to its construction. Logically, it expresses the attribute of Quantity rather than Quality in the limited sense of the term; and, though it may not be a numeral exactly after the manner of *two*, *three*, and the like, it is still more of a numeral than ought else. It applies to two objects; but not as *two* applies. *Two* denotes more than one and less than three, as compared with

one and three; to which two numbers it has a definite relation, and in this relation it is considered. *Both* applies to two objects considered only as members of a pair, and without any reference to either one or three as separate numbers. It applies to objects which, having been separated, may be taken together as one; and it means that the two are actually so taken.

The construction of this word is exactly that of *these* or *those*, except that, as may be seen by the next entry, *both* is an adverb as well as a pronoun.

Both, in respect to number, is not only a dual, but a natural dual. It cannot be singular, and in languages where there is a dual at all, it is just the word which would give that number rather than the plural. Hence, there are cases where the dual number, wanting in other words, may be found in this one only, or in this word only and *two*. Such is the case with the Latin; where *ambo* and *duo* give the only instances of a dual number. This leads us to an analysis of the word, so that we ask whether some part of it may not be a sign of number, rather than a part of the original word, or in other words, whether it may not be inflectional rather than radical.

For *both*, as it now stands, our answer is already to some extent given. The *th* is no part of the root. The A.S. *bá* tells us this; so that, even if the objection founded on the form *beide* be valid, all that it denies is that the element *th* does not originate in the numeral *two*. That it is a superadded element of some sort or other it admits.

Assuming, however, that it really does represent *two*, can we call it the sign of a dual number? In Anglo-Saxon the pronouns of the first and second persons, when applied to two individuals, were *wit* and *git*. They are, generally, like *vai* and *apai* in Greek, treated as duals; but, at the same time, they are as generally admitted to be compounds of *we* and *ye* + *two*. As they cannot be got from *I* and *thou*, they must be looked on as duals formed from plurals, and, as such, curious and suggestive forms.

Whether such decided compounds as these should be treated as inflections is another question. That all inflection has its remote origin in composition is a reasonable and current doctrine in Philology. Abbreviations, however, of *we two* and *ye two* are scarcely dual numbers in the ordinary sense of the term. They are rather to be compared with the *nos otros* (*we others*) of the Spanish and certain allied forms of speech.

Subject, however, to this objection, *both* may be called as good a dual as the extinct, though Anglo-Saxon, forms *wit* and *git*; except that it was derived from a plural.

Having thus disposed of the *th* we come to the simpler form *bá*. But, even here, the question repeats itself. Of even this elementary form, of *bá* itself, we may ask whether it was not dual rather than radical; in other words, whether the *a* was not a sign of number rather than a part of the original root.

The *á* was sounded as the *aw* in *baw*, i.e. as *o*; and this sound appears equally in the Greek and Latin, *ἀμω* and *ὄω*, *ambo* and *duo*; in each of which the final *o* has a fair claim to be treated as the sign of the dual number, rather than as the original vowel of the root.

In the first place, *δύω* or *duo*, like *τρία* or *tres*, is one of those numerals which are declined. Secondly, the vowel *ω* is the ordinary sign of the dual number, not only in substantives like *λόγω*, &c., but in pronouns like *σύ, τὸ, αὐ, ὅ, τοῖ*. All this looks as if the Greek *ω* (*o*), the Latin *o*, and the Anglo-Saxon *á*, were inflectional rather than radical.

The fact, however, of the words being natural duals, and as such incapable of taking a singular, and not likely to take a plural, form, traverses this view; or rather reduces the question as to what the final vowel really is to a mere matter of names; since the radical vowel and the inflectional termination may have been identical. Be this as it may, we shall do well to remember that the *o* in *both*, is the *á* in the A.S. *bá*, the *ω* in *ἄνω* and *ὀμβω*, and the *ω* (*o*) and *o* in *δύω, δύο*, and *duo*; and that *ω* is the sign of the dual in many Greek words where its inflectional character is undoubted.

The *b* is the *b* in the Latin *ambo*, and the Greek *ἄμφω*. Such, at least, is the broad and practical view of its relations. As, however, it is not impossible that it may represent the *m* of those words, this second view is suggested as a refinement.

Presuming that the Lithuanian and Slavonic forms are, respectively, *abbi-dewi* and *oba-dwa* = the A.S. *bá-twa*, and the Italian *ambe-due*, I draw attention to the relation, in Greek, between *ἄμφω* = *both*, pronoun, and *ἄμφι* = *around, about*, the adverb or preposition. In *sense* they are decidedly connected; the sequence of ideas in (1) *around, about, roundabout*, (2) *on each hand*, (3) *comprehension*, and (4) *both*, being one which few will deny.

ἄμφι, also, is apparently the older form.

ἄμφι, however, is no simple word, but the root *ἄμ* + the affix *φι*, which is, itself, the *-pi* in *ἄνσις, ἄνσις*, and a few other words; and in Greek the recognized equivalent of the Latin *-bi-*, in plural datives like *lupidi-bus*, &c.

If this be true, the *b*, itself, united as it is, is scarcely radical.

Returning to our own language, we find that in Anglo-Saxon the preposition or adverb which corresponded with the Greek *ἄμφι* was *yμβe*, a compound of *um* and *be*. Of these two elements, the former, though belonging to a class of words which are usually remarkable for their persistence, is obsolete; though common in the allied languages, and not wholly unknown in the penultimate stage of our own. In the old northern English it was common; a single work (the Northumbrian Psalter) giving *umbe* = *around*; *umbestonde* = *formerly*; *umbechile* = *at times*; *umbestand* = *surround*; *unbrygeden* = *surrounded*; *umgang* = *circuit*; *umgie* = *surround*; *umgo* = *to round*; *umgripe* = *embrace*; *umklip* = *embrace*; *umlap* = *lap round*; *umlock* = *clasp*; *umset* = *surround*; *umshadow* = *overshadow*; *umstanding* = *circumstance*; *umtipped* = *dressed*: all of which are to be found in Mr. Herbert Coleridge's Glossarial Index.

The details, however, of the relations between the Anglo-Saxon *yμβe* and the word *both* are uncertain, and the drift of the present notice is to show that the original form of the word was, probably, *yμβetwá*; a triple compound, containing the same elements as the Italian *ambe-due*,

the Slavonic *oba-dwa*, and the Lithuanian *abbi-dewi*.

In the first of the following extracts we have the addition of *two* as a separate word. This is not uncommon in the older English. If the preceding view be accurate, it gives us a pleonastic expression; or, (*bá* + *two*) + *two*; i.e. the element *two* twice over.

And whenne the blind hit the blinde,
In dike be fallen bothe two. *Debate of the Body and Soul, in Poems attributed to W. Warton, app. p. 335. (Wright.)*
Moses and the prophets, Christ and his apostles, were in their times all preachers of God's truth; some by word, some by writing, some by both. — *Hooker, Ecclesiastical Polity, v. § 19.*

Which of them shall I take?
Both? one? or neither? neither can be enjoy'd,
If *both* remain alive. *Shakespeare, King Lear, v. 1.*
Two lovers cannot share a single bed;
As therefore *both* are equal in degree,
The lot of *both* be left to destiny. *Dryden.*
A Venus and a Helen have been seen,
Both perjur'd wives, the goddess and the queen. *Granville.*

Both, ad. In being used not only as a pronoun, but as some other part of speech, *both* agrees with three other words, all of which (like *both* itself) convey the notion of a natural dual. These three words are *either, whether, and neither*.

In this lies the excuse for the length of the forthcoming remarks; remarks which go beyond the particular word under notice, and which, saving criticism elsewhere, explain the nature of the others.

The class to which these words belong, as Parts of Speech, is by no means universally admitted. That they are something else as well as pronouns is beyond doubt. It has been doubted, however, whether they are adverbs or conjunctions. The natural duality of their import is at the bottom of this uncertainty.

Whenever any one of the words under notice occurs, there are two terms in either the clause which precedes or the clause which follows it, i.e. in either the subject or the predicate of the proposition.

Now two terms in the same part of a proposition, provided they are connected by a true conjunction, give with few and unimportant exceptions two propositions; and wherever there are two propositions, the word that connects them is either a relative pronoun or a conjunction; as,

The man is coming to-day
who

Was here yesterday;

or—

The day is warm

because

The sun shines;

where *because* is a conjunction rather than an adverb.

In sentences like

The sun and moon shine,

or—

The sun shines and warms us,

the principle is the same; though the details are different. Though there is but a single sentence, there are, in reality, two propositions, i.e.

The sun shines

and

The moon shines,

or—

The sun shines

and

The sun warms us.

The compendium by which these are thrown into the ordinary form of an

apparently single proposition is easily analyzed.

Whenever we use *both* we use *and*; and whenever we use *either* or *whether* we use *or* after it. After *neither* we use *nor*, which is merely *or* with a negative element prefixed. *And* is what is called a copulative, or what is called a disjunctive, conjunction; each being a conjunction of the most decided character. Are not, then, *both, either, whether, and neither*, as Parts of Speech, in the same category? The Latin language favours this view. There (where '*both* hope and reason,' and '*either* Cæsar or nothing,' are rendered by '*et spes et ratio*,' and '*aut Cæsar aut nullus*'), the original word is repeated; implying that the place of *both* and *either* may be legitimately filled by a conjunction.

For all this *both* and *either* are adverbs; and so in the Latin (notwithstanding the identity of form), as translated in the only way possible for an Englishman to translate them, *ære et aut*.

And and *or* may be used without *both* and *either*. *Either, whether, and both*, however, cannot be used without *or* and *and*. Hence, it is clear that it is not these words which convey either the copula denoted by *and*, or the disjunction denoted by *or*. They are superadditions by which the copula or disjunction is strengthened or defined, but they are not the copulative nor the disjunctive itself. They convey the *mode* of the union or the disjunction; and doing this are adverbs rather than true conjunctions.

We might, if we chose, call them conjunctive adverbs; but, as they form but a small class, it is scarcely worth while introducing a new term.

The class, indeed, is in reality smaller than it appears to be; inasmuch as *either, whether, and neither* may be considered as one and the same word, used, with a slight modification, affirmatively, interrogatively, or negatively. Hence, the only adverbs under notice are the complements, or supplements, to *and* and *both*: the strengtheners or definers of the copula and the disjunctive. Yet even here there is a difference.

Either, ending in *-er*, belongs to a large class; a class containing comparative degrees like *wiser*, and adverbs of place like *upper* and *under*, along with other words of a less definite character. The notion at the bottom of these forms, as it has reasonably been argued by Bopp and others after him, is that of *one* in *two*; as conveyed in expressions like '*this is better than that*,' '*the upper and under sides*.'

In *either, whether, and neither*, the dual element is evident. In expressions like '*either go or stay*,' '*whether you will or not*,' and '*neither this nor that*,' the notion is that of an *alternative*. The dual element, here, is clear enough. There are two objects or acts under consideration. But as these are separated, and as a choice by which one is taken and one left is made, there are unity and duality combined. There are two things to choose from; only one to choose.

In *both* the case is different. The objects or acts are two; but there is no choice, no separation, no disjunction. There is, doubtless, a notion of unity, inasmuch as the two are treated as one, but this is a unity effected by comprehension, and not one resulting from separation.

Hence the words, though to a great extent words of the same import, are formed upon different principles, and terminate differently.

For further details concerning the import of these words see *Either*, *Whether*, *Each*, and *Any*; the latter word more especially to explain such exceptionable phrases as *on either side* = on each side = on both sides. The explanation of this lies in the fact of the notion of an alternative always being combined with the notion of indifference. As it is a matter of indifference which of two alternatives is taken, *both* are liable to be chosen. Hence, *either* may = *both*. But it does this indirectly and by implication; whereas *both* is direct, positive, and explicit.

When the word is a pronoun, and when it is an adverb, is often a matter of doubt. In such a sentence as 'you and I are both cold and wet,' nothing but a knowledge of the external circumstances can tell us to what *both* applies. If we heard the words *spoken*, the emphasis would help us; but in writing the import is ambiguous, the distribution (so to say) of the word *both* being equivocal. The rule that it is to be taken with the word which it immediately precedes is wholly inadequate.

As far as it goes the following rules are absolute; but it will not go far.

1. Where there are two nouns, each in the singular number, and but one verb, *both* is a pronoun, and is in apposition with them. 'The sun and moon are both heavenly bodies;' 'he and I are both going abroad,' &c.

2. Where there are two verbs, and only one noun, that noun being singular, *both* is an adverb; and may be periphrastically rendered by *in the way of a pair, brace, couple, or two objects taken together*. 'The sun both shines and warms;' 'he is both cold and hungry,' &c.

The principle of this is clear; and it is, evidently, comprehensive enough to make the foregoing rules unexceptionable. A word like *both* cannot apply to either a noun or a verb in the singular number.

The following extracts are given as they stand in the previous editions; yet the examples which they supply are by no means of the definite and decided kind just indicated. In the first and second there is a confusion between the members of two classes and the classes themselves. The Jews and Greeks, the quick and the dead, are not to be counted by *twos*, but by millions; so that it is not to them that *both* applies. The real dualism consists in the two classes which they respectively constituted. But this is not expressed; and the sentences are by no means easy to parse.

In the third extract *both* applies to two propositions of different structure; and the result is a very doubtful piece of English.

In the last, *both* is sufficiently adverbial, yet in a language where *morning* and *evening* were in (say) the ablative case (in which, as signifying parts of time, they might easily be), and *both* were declined, it is easy to see how this last word might agree with them.

A great multitude *both* of the Jews and also of the Greeks believed.—*Acts*, xiv. 1.

Power to judge *both* quick and dead.

Milton, Paradise Lost, xii. 400.

Both the boy was worthy to be praised, and Stinichon has often made me long to hear, like him, a sweet song. Dryden.

Böther. v. a. [Gaelic, *both* = perturbation.] Perplex and confound by senseless loquacity; tease by constant solicitation; make a stunning noise.

[Again, the verb to *both* is seldom used by ourselves except in the comic or familiar style; but in Irish, from which we originally adopted it, it is a perfectly serious word, and occurs repeatedly in the Scriptures in the sense of 'mente afflict' or 'conturbare'.—*Garnett, Philological Essays*, p. 161.]

With the din of which tube my head you so *both*, That I scarce can distinguish my right ear from t'other. Swift.

'I suppose you have raised money, Captain Armine,' said Mr. Sharpe. 'In every way,' said Captain Armine. 'Of course,' said Mr. Sharpe, 'at your time of life one naturally does. And I suppose you are *both*ered for this 1,500,?'—*Diarrict the younger, Hericricta Temple*.

Dunsey *both*ered me for the money, and I let him have it.—*Silva Marper*, ch. ix.

Bötryoid. adj. [Gr. *corpuſcing*, from *Bötrpov* = cluster of grapes.] Having the form of a bunch of grapes.

The outside is thick set with *botryoid* efflorescences, or small knobs, yellow, bluish, and purple; all of a shining metallic hue.—*Hoodward*.

Böts. s. [Gaelic, *botuig* = maggot.] Immature gaddies in their larval state, which they pass within the intestines of some animal: (especially, when thus named, in the horse).

Pens and beans are as dank here as a dog, and that is the next way to give poor jades the *böts*.—*Shakespeare, Henry IV. Part I. ii. 1*.

The appearance of the coat and unthriftness of the aspect after a run at grass, generally declare *böts* to be present in the body. Unthriftness persons are always desirous to possess some medicine which will destroy *böts*.—*Mayhew, The Illustrated Horse Doctor*, p. 137.

Bötel. s. [from Fr. *botel*.—As this is a word not often found in print, I have availed myself of the circumstance and spelt it as it here stands; partly for the sake of indicating the difference, and partly for the sake of indicating the derivation: in respect to which it should be added that the Gaelic gives the word *botteal*. Respecting the complication thus suggested, see Preliminary Remarks.] Bundle of grass, hay, or straw.

Metinks I have a great desire to a *bottle* of hay; good hay, sweet hay, hath no fellow.—*Shakespeare, Midsummer Night's Dream*, iv. 1.

But I should wither in one day, and pass To a lock of hay, that am a bottle of grass. Donne.

But remained like an ass twist two bottles of hay, Without moving even an inch either way. Byron.

A bottle of straw and a bottle of hay To carry old (N. or M.) quite weary.

Popular Rhyme, Eastern Counties.

It occurs in the name of an inn in the reign of Charles II.

My wife abroad with her maid Jane and Tom all the afternoon, being gone forth to eat some pasties at the 'Bottle of Hay,' in John Street, as you go to Islington.—*Pepps, Diary*, Aug. 7, 1667.

Bötle. s. [from Fr. *botteille*.]

1. Small narrow-mouthed vessel of glass or other material, for holding liquor.

The shepherd's homely curds, His cold thin drink out of his leather *bottle*, Is far beyond a prince's delicates.

Shakespeare, Henry VI. Part III. ii. 5.

Many have a manner, after other men's speech, to shake their heads. A great fellow would say, it was as men shake a *bottle*, to see if there was any wit in their heads or no.—*Bacon*.

Then if thy ale in glass thou would'st confine, Let thy clean *bottle* be entirely dry. King.

He threw into the enemy's ships earthen bottles filled with serpents, which put the crew in disorder.—*Arbuthnot, Tables of Ancient Coins, Weights, and Measures*.

The very women of Elmerick mingled in the combat, stood firmly under the hottest fire, and flung stones and broken bottles at the enemy.—*Macaulay, History of England*, ch. xvi.

2. Quantity of wine usually put into a bottle; quart.

Sir, you shall stay, and take t'other *bottle*.—*Speculator*, no. 402.

Full Robert, the lord of the Cairn and the Scur, Unmated at the *bottle*, unconquered in war,

He drank his poor godship as deep as the sea, No tide of the Baltic was drunker than he. Burns, *The Whistle*.

Bötle (of hay). s. Same as *Bötel*.

Bötle. v. a. Enclose in bottles.

When wine is to be *bottled off*, wash your bottles immediately before you begin; but be sure not to drain them.—*Swift*.

Bötle-ale. s. and adj. [two words rather than a compound.] What we now call *bottled ale*.

The Myrmidons are no *bottle-ale* houses. *Shakespeare, Twelfth Night*, ii. 3.

Selling cheese and prunes, And retail'd *bottle-ale*.

Beaumont and Fletcher, Captain, ii. 2.

Bötle-companion. s. [two words rather than a compound.] Companion at drinking-bouts.

'Am, who is a very good *bottle-companion*, has been the diversion of his friends.—*Addison*.

Bötle-confuror. s. [two words rather than a compound.] One who apparently gets either more out of a bottle than was put into it, or something into it which would not pass through the neck.

'Great joy to London now!' says some great fool, When London had a grand illumination, Which to that *bottle-confuror*, John Bull, Is of all dreams the first illumination. Byron, *Don Juan*, vii. 41.

Böttled. part. adj.

1. Put in bottles. See *Bottle-ale*.

2. Having a belly protuberant, like a bottle. Why strow'st thou sugar on that *bottled* spider? *Shakespeare, Richard III.* 1. 3.

Böttlehead. s. Whale so called (Hyperodon bonforiensis). See *Bottlenosed*.

Böttleholder. s. One who administers refreshment to a combatant; bucker; sercoud; (especially in a prize-fight).

An old bruiser makes a good *bottle-holder*. *Smollett, Adventures of Ferdinand and Conant*.

Böttlenosed. adj. With a nose full and swollen about the wings and end.

This last appellation was applied by Dale to the animal described by him under the name of *Bötte-head*; and Cuvier . . . conjoined the *Bötte-head* to the Hyperodon; in this following Hunter, who expressly says that his several *Bötte-nosed* whale is the same as that described by Dale.—*Naturalist's Library, Whales*, by R. Hamilton.

Böttlescrew. s. Corkscrew. Rare.

A good butler always larks off the point of his *bottlescrew* in two days, by trying which is least, the point of the screw, or the neck of the bottle. Swift.

Böttling. verbal abs. Operation of putting liquor into bottles: (with especial reference to wine and other liquors in bulk, or in casks).

Around the common room I puff'd my daily pipe's perfume; Rode for a stomach, and inspected, At annual *bottlings*, corks selected.

T. Warton, *Progress of Discontent*.

What with arrangements about Lord Monmouth's boroughs, and the lucky *bottling* of some claret which the Duke had imported on Mr. Richy's recommendation, this distinguished gentleman contrived to pay almost hourly visits at Apsley House, and so bullied Tadpole and Taper that they scarcely dared address him.—*Diarrict the younger, Conscience*, b. ii. ch. ii.

Böttom. s. [from A.S. *botm*.]

1. Lowest part of anything; foundation: basis; ground under water; limit.

The wall of the temple was rent in twain from the top to the *böttom*.—*Matthew*, xxvii. 51.

Behold he spreadeth his light upon it, and covereth the *böttom* of the sea.—*Job*, xxvi. 30.

But there's no *böttom*, none.

In my volubiousness. *Shakespeare, Macbeth*, iv. 3.

I will fetch off these justices: I do see the *böttom* of Justice Shallow: how subject we old men are to lying.—*Id., Henry IV. Part II.* iii. 2.

Shallow brooks that flow'd so clear, The *böttom* did the top appear. Dryden.

He wrote many things which are not published in his name; and was at the *böttom* of many excellent counsels, in which he did not appear.—*Addison*.

On this supposition my reasonings proceed, and cannot be affected by objections which are far from being built on the same *böttom*.—*Bishop Atterbury*. Of these officers he was convicted, though justice was satisfied by his being placed at the *böttom* of the list of post-captains, and declaredly incapable of ser-

ing in the navy for the future.—*Yongo, Naval History of England*, vol. i. ch. xl.

His proposals and arguments should with freedom be examined to the bottom, that, if there be any mistake in them, nobody may be misled by his reputation.—*Locke*.

Worthless men and women, to the very bottom of whose hearts he saw, and whom he knew to be destitute of affection for him and undeserving of his confidence, could easily wheedle him out of titles, places, dominions, states, secrets, and pardons.—*Macaulay, History of England*, ch. i.

2. Dale; valley; low ground.

He stood among the myrtle trees that were in the bottom.—*Zachariah*, i. 8.

In the parishes stands a sheep-cote. West of this place: down in the neighbour bottom.

On both the shores of that fruitful bottom, are still to be seen the marks of ancient edifices.—*Addison, Travels in Italy*.

Equal convexity could never be seen: the inhabitants of such an earth could have only the prospect of a little circular plain, which would appear to have an acclivity on all sides; so that every man would fancy himself the lowest, and that he always dwelt and moved in a bottom.—*Bentley*.

The people live together in glens or bottoms, where they are sheltered from the cold and storms of winter; but there is a margin of plain ground spread along the sea-side, which is well-inhabited, and improved by the arts of husbandry.—*Smollett, Expedition of Humphrey Clinker*.

As for Newgate, it lies mostly in a bottom, on the banks of the Tyne, and makes an appearance still more disagreeable than that of Durham.—*Ibid.*

3. Ship; vessel for navigation; whence more generally, mercantile or other adventure or chance.

A hawking vessel was he captain of, With which, such careful argyle did he make With the most noble bottom of our fleet.

Shakespeare, Twelfth Night, v. 1.

I thank my fortune for it, My ventures are not in one bottom trusted;

Nor to one place. *Ibid.*, Merchant of Venice, i. 1.

We have memory, not of one ship that ever returned; and but of thirteen persons only, at several times, that chose to return in our bottoms.—*Ba*

He's a foolish seaman, That, when his ship is sinking, will not Under his hopes into another bottom.

Sir J. Denham. He spreads his canvass, with his pole he steers, The freight of flitting ghosts in his thin bottom bears.

He began to say, that himself and the prince were too much to venture in one bottom.—*Lovel, Charwellton*.

We are embarked with them on the same bottom; and must be partakers of their happiness or misery.—*Spartacus*, no. 273.

At bottom. In reality.

Conversation is reduced to party-disputes and illiberal altercation; social commerce to formal visits and card-playing. If you pick up a diverting original by accident, it may be dangerous to amuse yourself with his oddities: he is generally a tartar at bottom; a sharper, a spy, or a lunatic.—*Smollett, Expedition of Humphrey Clinker*.

On one's own bottom. Independent; independently: (the metaphor being taken either from bottom as applied to ships, or from the proverb 'Every tub must rest on its own bottom'.)

He puts to sea upon his own bottom; holds the stern himself; and now, if ever, we may expect new discoveries.—*Norris*.

Act from himself, on his own bottom stand, I hate even Garrick thus at second hand.

Churchill, The Rosciad. The votes given to the qualified candidate stand upon their own bottom, firm and untouched, and can alone have effect.—*Letters of Junius*, let. 10.

Bottom. s. [from Welsh, botwm.] Bull of thread wound up; cocoon.

This whole argument will be like bottoms of thread, close wound up.—*Bacon*.

Silk-worms finish their bottoms in about fifteen days.—*Mortimer*.

Each Christmas they accounts did clear, And wound their bottom round the year. *Prior*.

Bottom. v. a. [from bottom = lowest part.]

1. Build, ground, or rest, on anything as a support, base, or foundation: (with upon).

They may have something of obscurity as being bottom'd upon, and fetched from the true nature of the things.—*Sir M. Hale*.

Pride has a very strong foundation in the mind; it is bottom'd upon self-love.—*Collier*.

The grounds upon which we bottom our reasoning, are but airy; something is left out, which should go into the reckoning.—*Locke*.

Action is supposed to be bottomed upon principle.—*Bishop Atterbury*.

2. Support.

No such appearance of incongruity can bottom a good exception against this or any such matter.—*Barrow*, ii. 408. (Ord MS.)

Bottom. v. a. [from bottom = bull of thread.]

Wind upon something; twist thread round something: (with on).

Therefore, as you mind your love for him, Let it should revel, and be good to none, You must provide to bottom it on me.

Shakespeare, Twelfth Night, iii. 2.

Bottom. v. n. Rest upon, as its ultimate support.

Find out upon what foundation any proposition, advanced, bottoms; and observe the intermediate ideas, by which it is joined to that foundation upon which it is erected.—*Locke*.

Bottomed. adj. [Last element of a compound rather than a separate word.] Having a bottom; having a basis.

There being prepared a number of flat-bottomed boats, to transport the land-forces, under the wing and protection of the great navy.—*Barrow*.

At no period had the parliamentary influence of the house of Hauteville been so extensive, so decided, and so well bottomed, as when our hero became its chief. *Darcel, the younger, The young Duke*, b. i. ch. v.

Bottomless. adj. Without a bottom; fathomless.

Wickedness may well be compared in a bottomless pit, into which it is easier, to keep one's self from falling, than, being fallen, to give one's self any stay from falling infinitely.—*Sir P. Sidney*.

Is not my sorrow deep, having no bottom? Then be my passions bottomless with them.

Shakespeare, Titus Andronicus, iii. 1.

Hurl'd headlong, flaming from the ethereal sky, To bottomless perdition.

Milton, Paradise Lost, i. 47.

Bottomlessly. adv. As that which has no bottom; as an abyss.

Woe is it that is so bottomlessly ill, as to love vice because it is vice?—*Philonthus, Reader*, 10. (Ord MS.)

Bottomry. s. Mortgage by which the keel, or bottom, of a ship (i.e. the ship itself) is pledged as security for repayment of a loan.

A scrivener who lived at Wapping, and whose trade was to furnish the seafaring men there with money, had some time before, at high interest, lent a sum on bottomry.—*Macaulay, History of England*, ch. x.

Construction adjectival.

In bottomry contracts it is stipulated that, if the ship be lost in the course of the voyage, the lender shall lose his whole money; but if the ship arrive in safety at her destination, the lender is then entitled to get back his principal, and the interest agreed upon, however much that interest may exceed the legal rate.—*M'Culloch, Dictionary of Commerce*.

Charter parties, bottomry bonds, and policies of insurance, against wreck, crowded their counting-room.—*Sala, The Ship-Channeler*.

Bottomry. s. [Fr.] Lady's apartment.

Weber and Campan have pictured her, there within the royal tapestries, in bright boudoirs, baths, privies, and the Grand and Little Toilette; with a whole brilliant world waiting obsequious on her place: fair young daughter of Time, what thine has Time in store for thee!—*Carlyle, French Revolution*, pt. i. h. ii. ch. i.

They sung to him in cosy boudoirs.—*Thackeray, Vanity Fair*.

Bottomry. s. [?] Provisions; meat and drink.

Chaulte.

They knock'd hypocrisy of the pate, and made room for a hundred-man that brought bouge for a country lad or two, that faint'd, he said, with fasting for the fine sight seven o'clock in the morning.—*B. Jonson, Masques at Court*.

'Bouge of Court' is the title of a satirical poem of Skelton's, exhibiting the manner of life of the courtiers of the time, i.e. the reign of Henry VIII.

Bough. s. [A.S. bog.] Arm or large shoot of a tree, bigger than a branch: (a distinction not always observed).

A vine labourer, finding a bough broken, took a branch of the same bough, and tied it about the place broken.—*Sir P. Sidney*.

Their lord and putrefied lord did him proclaim, And at his feet their laurel boughs did throw.

Spenser, Faerie Queen.

As the dove's flight did guide *Æneas*, now May thine conduct me to the golden bough.

Sir J. Denham.

'Twas all her joy the ripening fruits to lend, And was the boughs with happy buncies bend.

Pope.

Meanwhile, fifteen hundred grenadiers, each wearing in his hat a green bough, were mustered on the Leinster bank of the Shannon. Many of them doubtless remembered that on that day year they had, at the command of King William, put green boughs in their hats on the banks of the Boyne.—*Macaulay, History of England*, ch. xvii.

But then, whereas I carved her name, That oft had heard his vows, Declare when last Olivia came,

To sport beneath thy boughs.

Tennyson, Talking Oak.

Boughpot. s. Pot, or vase, for boughs intended for ornament. See Bowpot.

Take care my house be homelike, And the new stools set out, and boughs and rushes And flowers for the windows and the Turkey carpet.—

Why would you venture so fondly on the strawings, There's nightly matter in them, I assure you, And in the spreading of a bough-pot.

De Witt and Fletcher, Cornucopia, iv. 3.

Bought. s. [See last extract.] Obsolete.

1. Twist; link; knot; flexure.

His long bough tail wound up in hundred folds,— Whose wretched boughs whenever he nod'd, And tickle entangled knots, now down danc'd.

Spenser, Faerie Queen.

The flexure of the joints is not the same in elephants as in other quadrupeds, but never into those of a man; the bought of the fore-legs not directly backward, but laterally, and somewhat inward.—*Sir T. Browne, Vulgar Errors*.

2. That part of a sling which contains the stone.

The souls of thine enemies, then shall I sling out of the midst of a sling. [In the margin in the midst of the bought of a sling.]—*Saunders*, xxv. 20.

[The boughts of a rope are the separate folds when coiled in a circle, from A.S. *bogian*, to bow or bend; and as the coils come round and round in similar circles, a *bought*, with a slight difference of spelling, is applied to the turns of things that succeed one another at certain intervals, as a *bought* of hair or foot weather. So it *colts*, a turn or time, an occasion, from *colgere*, to turn.—*Widdowson, Dictionary of English Etymology*.]

Bougie. s. [Fr.] Cylinder for opening or dilating the urethra, rectum, or oesophagus, in cases of stricture or obstruction.

When the bougies are to be hollow, a number of iron wire, properly bent, with a ring at one end, is introduced into the axis of the silk tissue. Some bougies are made with a hollow axis of tin foil rolled into a slender tube. Bougies are also made entirely of catgut.—*Ere, Dictionary of Arts, Manufactures, and Mines*, in voce.

Boulder. s. [Swedish, banta-sten.] Used by geologists, as either an adjective or the first element of a compound, to indicate the strata in which certain boulders are found, or the date of the same; in which case they talk of the boulder period.

In Woodward, from whom Johnson gets boulder-stone, the word is spelt with *v*. In Boulder walls, however, or walls built of flints or pebbles laid in a strong mortar, the spelling is with *u*.

This word, which modern Geology has made common, is now generally, I believe, universally, spelt in this latter manner. It is also sounded *bote-d-r*.

Boulder clay and Boulder period are pairs of words; Boulderstone a true compound.]

Fragment of rock, which has partially lost its angularity by abrasion after removal from its original site.

A wild rocky beach covered with boulders being crossed, we reach a yawning cavern, having a somewhat regular entry.—*Audley, The Channel Islands*, pt. i. ch. iv.

In cases where tusks alone have been found unaccompanied by molar teeth, such specific determinations may be uncertain; but, if any one specimen be correctly named, the occurrence of the mammoth and reindeer in the Scotch boulder clay, as both the animals are known to have been contemporaneous with man, favours the idea which I have already expressed, that the close of the glacial period in the Grampians may have coincided in time with the existence of man in those parts of Europe where the climate was less severe.—*Sir C. Lyell, Antiquity of Man*, ch. xii.

atheistical arguments and obscene jests.—*Macaulay, Essays, Comic Dramatists of the Restoration.*

Boundless. *adj.* Without bounds; unlimited; unconfined; immeasurable; illimitable.

Beyond the infinite and boundless reach
Of mercy, if thou didst this deed of death,
Art thou damn'd, Hubert.

Shakespeare, King John, iv. 3.
Hence boundless power dwells in a will confin'd.

Man seems as boundless in his desires as God is in
his being; and therefore nothing but God himself
can satisfy him.—*South.*

Though we make duration boundless as it is, we
cannot extend it beyond all being. God fills eternity,
and it is hard to find a reason why any one should
doubt that he fills immensity.—*Locke.*

Some guide the course of want'ring orbs on high,
Or roll the planets through the boundless sky. *Pope.*

To love, and know, in man
Is boundless appetite, and boundless power;
And then demonstrate boundless objects too.

Young, Night Thoughts, vii.
But a far more deductive bait than his [the soldier's]
misericord stipend was the prospect of boundless
license. If the government allowed him less
than sufficed for his wants, it was not extreme to
mark the means by which he supplied the deficiency.—*Macaulay, History of England, ch. xii.*

Boundlessness. *s.* Attribute suggested by
Boundless; exemption from limits.

God has corrected the boundlessness of his voluptuous
desires, by stinting his strength, and contracting
his capacities.—*South.*

Boundteous. *adj.* Liberal; kind; generous;
munificent; beneficent.

Every one,
According to the gift, with boundteous nature
Hath in him clos'd. *Shakespeare, Merchant, iii. 1.*

Her soul abhorring avarice,
Boundteous; but almost boundteous to a vice, *Dryden.*
But the full day dwelt on her brows, and sunn'd
Her violet-eyes, and all her Hebe-bloom,
And doubled his own warmth against her lips,
And on the boundteous wave of such a breast
As in a pencil drew.

Pennington, Gardener's Daughter.
Thy boundteous forehead was not fann'd
With breezes from our osken elades,
But thou wert nurs'd in some delicious land
Of lavish lights, and floating shades.

Id., Eleanor.
I wonder'd at the boundteous hours,
The slow result of winter showers:
You scarce could see the grass for flowers.

Id., The Tost Voice.
Boundteously. *adv.* In a boundteous manner;
liberally; generously; largely.

He boundteously bestow'd mieny'd good
On me. *Dryden.*

Boundtiful. *adj.* Liberal; generous; munificent.

As boundtiful as mines of India.
Shakespeare, Henry IV. Part I. iii. 1.

If you will be rich you must live frugal; if you will
be popular, you must be boundtiful.—*Jeremy Taylor.*
I am oblig'd to return my thanks to unity, who,
without considering the man, have been boundtiful
to the poet.—*Dryden.*

God, the boundtiful author of our being. *Locke.*

With of before the thing given, and to be fore
the person receiving.

Our king stores nothing, to give them the share
of that felicity, of which he is so boundtiful to his
kingdom.—*Dryden.*

Boundtifully. *adv.* In a boundtiful manner;
liberally; largely.

And now thy alms is given,
And thy poor starv'ling boundtifully fed. *Donne.*

It is admir'd, that it never raineth in Egypt;
the river boundtifully requiting it in its inundation.—*Sir T. Browne, Vulgar Errors.*

Boundfulness. *s.* Attribute suggested by
Boundtiful; generosity.

Enriched to all boundfulness.—2 *Corinthians, ix. 11.*

Boundthead. *s.* [the two elements of this
compound belong to different languages:
the first being French, see Bounty; the
second Anglo-Saxon, i.e. *head*—state or
condition, a word wholly different from
head—a part of the body.] Goodness;
virtue. *Obsolete.*

This goodly frame of temperance,
Formerly ground'd, and flat settled
On firm foundation of true boundthead.

Spenser, Faerie Queen.

Boundthead. *s.* Same as Boundthead.
Obsolete.

How shall frail pen, with fear disparag'd,
Conceive such sovereign glory, and great boundthead?
Spenser, Faerie Queen.

Bounty. *s.* [Fr. *bonté*.]

1. Generosity; liberality; munificence.

We do not so far magnify her exceeding bounty,
as to affirm, that she bringeth into the world the
sons of men, adorned with gorgeous attire.—*Hooker, iii. § 4.*

If you knew to whom you shew this honour,
I know you would be prouder of the work,
Than customary bounty can enforce you.

Shakespeare, Merchant of Venice, iii. 4.
Such moderation with thy bounty join,
That thou may'st nothing give, that is not thine.

Sir J. Denham.
Those godlike men, to wanting virtue kind,
Bounty well plac'd prefer'd, and well design'd,
To all their titles. *Dryden.*

It seems distinguish'd from charity, as
a present from an alms; being used when
persons not absolutely necessitous receive
gifts, or when gifts are given by great
persons.

Tell a miser of bounty to a friend, or mercy to the
poor, and he will not understand it. *South.*

Her majesty did not see this assembly so proper
to exuberant charity and compassion; though I question
not but her royal bounty will extend itself to them.
—*Addison.*

In the following extract it means a de-
finite grant.

Her majesty's privy purse, 60,000*l.*; salaries of
her majesty's household and retired allowances,
131,000*l.*; expenses of the household, 172,500*l.*; royal
bounty and special services, 13,300*l.*; pensions, 1,500*l.*;
and miscellaneous, 8,000*l.*.—*A. Foulque, jun.,*
How we are governed, let. 11.

2. Goodness. *Obsolete.*

Let not her fault your sweet affections marre,
No blot the bounty of all womankind
Among thousands good, one wanton dame to find.

Spenser, Faerie Queen, iii. 1. 43.

3. Premium paid by government for the en-
couragement of commercial or industrial
enterprise.

Let bounties be increased as far as the public purse
can support them. Still they have a limit, and
when every reasonable expense is incurred, it will
be found, in fact, that the spur of the press is wanted
to give operation to the bounty.—*Justice, let. 74.*

Bouquet. *s.* [Fr.]

1. Nosegay; bunch of flowers artistically
grouped. See Basket.

May-baskets; if basket be not there the French
bouquet, now become English.—*T. Warton, Notes*
on Milton.

The splendour of her sweeping train almost re-
quired a pace to support it; also held a bouquet
which might have served for the centre-piece of a
dinner-table. *Diary of the younger, Henrietta Tem-
ple, vol. i. ch. vi.*

The garlands, even those of the smallest cottages,
are generally decorated with plants and flowers of
these and other kinds; and bouquets are collected
and sold for a few pence in the market, that night
with a little more taste in arrangement command a
large price at Covent Garden.—*Audley, The Channel*
Islands, p. 499.

She ordered him on her errands, accepted his
bouquets and compliments.—*Thackeray, Vanity Fair.*

2. Ornament composed of precious stones.

Ha, ha! very well, my dear! I shall be as fine
as a little queen, indeed. I had a bouquet to
come home to-morrow, made up of diamonds and
rubies, and emeralds, and topazes, and amethysts—
jewels of all colours, green, red, blue, yellow, inter-
mixed—the prettiest thing you ever saw in your life.
—*Colman and Garrick, The Clandestine Marriage, i. 2.*

Bourd. *s.* [Fr. *bourde*.] Jest. *Obsolete.*

And first Lucilius composed one satire in the
which he wrade by the vices of certain
princes and citizens of Rome, and that with many
bourdes, so that with his merry speech he mixt with
revels, he convert all them of the city that disor-
derly lived.—*Prologue of James Lockier to Bar-
clay's translation of the Xerxes satyres: 1570.*

They all agreed; so, turning all to game
And pleasant bord, they past forth on their way.

Spenser, Faerie Queen, iv. k. 13.
Grimmery, Borrell, for thy company.
For all thy jests, and all thy merry bourdes.

Dryden, Shepherds Garland, p. 53.

Bourd. *v. n.* Jest. *Obsolete.*

Brethren, quoth he, take kepe what I shal say;
My wit is great, though that I bourde and play.

Chaucer, Pardoner's Tale.

Bourg. *s.* [Fr.] Village; town; municipality;
(in the following extract it conveys the

notion of a small political or social sphere).
Rhetorical.

They take the rustic murmur of their *bourg*
For the great wave that echoes round the world.
Trantrum, Idylls of the King.

Bourgeon. *v. n.* [N. Fr. *bourgeonner*.] Sprout;
shoot into branches; put forth buds.

And tools to prune the trees, before the pride
Of hasting prime did make them *bourgeon* round.

Spenser, Faerie Queen, vii. 4. 43.
I fear, I shall begin to grow in love
With my dear wife, and my most prosperous parts,
They do so spring and *bourgeon*.

R. Jonson, Volpone, ii. 1.
Long may the dew of heaven distil upon them, to
make them *bourgeon* and propagate. *Howell.*

O that I had the fruitful heads of Hydras,
That one night *bourgeon* where another fell!

Still would I give thee work!
Heaven send it happy dew!
Earth, lend it sap and now!
Gaily to *bourgeon* and boldly to blow.

Sir W. Scott, Lady of the Lake.

Bourgeoning. *verbal abs.* Budding.

Hoc genus, hec pulchritudo, a *bourgeoning*.—*Nomi-
nale* (15th century); *Vocabularies in Library of*
National Antiquities, p. 229, col. 2. (Wright.)

Bourn. *s.* [from Fr. *borne*.] Bound; limit.
Obsolete.

Bourn, bound of land, tilth, vineyard, none.
Shakespeare, Tempest, ii. 1.
That undiscover'd country, from whose *bourn*
No traveller returns. *Id., Hamlet, iii. 1.*

Bourn. *s.* Same as Bourn = rivulet.

And ere the sun had climb'd the eastern hills,
To glid the wint'ring *bourns* and pretty rills.

W. Browne, Britannia's Pastorals, p. 75.
I know each lane, and every alley green,
Dimple, or lushy dell of this wild wood,
And every bosky *bourn* from side to side.

Milton, Comus, 81.

Bourse. *s.* [Fr.] Exchange.

The people of the capital had been annoyed by the
seething way in which foreigners spoke of the principal
residence of our sovereigns, and often said that
it was a pity that the great fire had not spared the
old porch of St. Paul's and the stately *bourse* of
Gresham's *Bourse*, and taken in exchange that ugly
old labyrinth of dingy brick and plastered timber.—*Macaulay, History of England, ch. xxi.*

Indeed his saloons to-day, during the half-hour of
gathering which precedes dinner, offered in the
various groups, the anxious countenances, the in-
quiring voices, and the mysterious whispers, rather
the character of an Exchange or *Bourse* than the
tone of a festive society.—*Diary of the younger,*
Canning, li. ii. ch. iv.

Bouse. *v. a.* [Dutch, *buysen*.] Drink hard.
Obsolete.

To restore and well flesh them, [lawks.] they
commonly gave them hog's flesh, with oil, butter,
and honey; and a decoction of camfony to *bouse*.—*Sir T. Browne, Tracts, p. 115.*

Bousing. *part. adj.* Drinking hard.

As he rode, he somewhat still did eat,
And in his hand did bear a *bousing* can,
Of which he sipp'd. *Spenser, Faerie Queen, i. 4. 22.*

A fife of *bousing* cautions there.
Clerchud, Poems, &c., p. 17.

Bousy. *adj.* Inclined to drinking.

With a long legend of romantic things,
Which in his eyes the *bousy* poet sings. *Dryden.*

The guests upon the day appointed came,
Each *bousy* farmer with his snoring dame. *King.*

Bout. *s.* [see Bought.]

1. Bought, in the sense of coal.

Ever against eating coals,
Lap me in soft Lydian airs,
Married to immortal verse;
Such as the melting soul may pierce,
In notes, with many a winding bout
Of linked sweetness long draw out.

Milton, L'Allegro, 125.

2. Turn; as much of an action as is per-
formed at one time, without interruption;
single part of any action carried on by
successive intervals.

The play began: Pas durst not Cosma chace;
But did intend next *bout* with her to meet.

Sir P. Sidney.
Ladies, that have their toes
Unplagu'd with corns, will have a *bout* with you.

Shakespeare, Romeo and Juliet, i. 5.
When in your motion you are hid,
As make your bouts more violent to that end,
He calls for drink. *Id., Hamlet, iv. 7.*

If he chance to 'scape this dismal *bout*,
The former legions are hotted out. *Dryden.*
A wessel seized a boat; the bat begg'd for life.
Says the wessel, I give no quarter to birds: says the
bat, I am a mouse; look on my body. So she got off
for that *bout*.—*Sir R. L. Estrange.*

The first *bout* they had was so even and handsome,
That to make a fair bargain was worth a king's
ransom!
And Sutton such bangs to his rival imparted,
As had made any fibres but Fate's to have smarte;
So after that *bout* they went on to another,
But the matter must end in some fashion or other.

Byron.

Boutade. *s.* [Fr.] Whim; start of fancy;
act of caprice.

His [Lord Peter's] first *boutade* was to kick both
his wives one morning out of doors, and his own
too. — *Swift, Tale of a Tub.*

I did a little mistrust that it was but a *boutade*
of desire and good spirit, when he promised himself
strength for Friday. — *Bacon, King James, Feb. 1511.*
(Ord MS.)

Boutefeu. *s.* [Fr.] Incendiary; one who
kindles feuds and discontents. *Obsolete*, if
ever naturalized.

Animated by a base fellow, called John a Chunder,
a very *boutefeu*, who bore much sway among the
vulgar, they entered into open rebellion. — *Bacon.*

Nor could ever any order be obtained impartially
to punish the known *boutefeu* and open incendia-
ries. — *King Charles.*

Besides the herd of *boutefeu*

We set on work within the house.

Butler, *Hudibras.*

Boutisale. *s.* [the spelling suggests a French
origin: the sense, however, seems to be
that of the definition.] Sale at a cheap rate
(as *booty*, or plunder, is commonly sold);
or sale where things are bought so cheap
as to rob the seller. *Obsolete.*

To speak nothing of the great *boutisale* of colleges
and chantries. — *Sir J. Hayward.*

Bouze. *r. n.* Same as *Booze*.

Though his *bouze* his belly fill. — *Sir T. Herbert.*
Relation of some Years' Travels into Africa and
the Great Asia, p. 381.

Bovine. *adj.* [Lat. *bovinus* = appertaining
to an ox, from *bos, bovis*.] Having the char-
acter (in Zoology the characteristics) of
the ox family.

We may now commence our survey of the Bovine,
or *bovin* family, the most important group of rumi-
nant animals, represented by the domestic oxen. —
Swenson, Natural History and Classification of
Quadrupeds, § 277.

The muzzle [of the gun or Catobleps] is very
beak; the nostrils *bovine*, and provided internally
with a triangular valve which opens and closes at
pleasure. — *Ibid, § 285.*

Fossil muzzles of the ruminant type and *bovine*
character have hitherto been found, with unequiv-
ocal evidence, to the writer's knowledge, only in
larks or lervices of pliocene and pleistocene age. —
Thorn, Paleontology, p. 370.

Bow. *r. a.* (*ow* sounded as in *how*.) [A.S.
bragan, bugan.]

1. Band, or inflect.

Pow thy heavens, O Lord, and come down. —
Psalm, cxliv. 5.

a. In token of respect or submission.

They came to meet him, and bowed themselves to
the ground before him. — *2 Kings, ii. 15.*

Is it to bow down his head as a tribute, and to
spread sackcloth and ashes under him? Will thou
call this a feat, and an acceptable day to the Lord?
Isaiah, liii. 5.

In our dread night our city saw, and sigh'd,
Bowed to the dust, the Druid's tower of pride;
In our short hour behold the blazing fane,
Apollo sink, and Shakespeare cease to reign.

Byron, *Occasional Pieces.*

b. In condescension.

Let it not grieve thee to bow down thine ear to the
poor, and give him a friendly answer. — *Ecclesiasti-*
cus, iv. 8.

Mortal! to thy bidding bowed
From my mansion in the cloud.

Though thy guest may be forbidden,
On a sunbeam I have ridden:
To thine aspiration bowed,
Mortal! be thy wish avowed.

Byron, *Manfred, i. 1.*

2. Depress; crush.

Are you so gospell'd,
To pray for this good man, and for his issue,
Whose heavy hand hath bow'd you to the grave,
And begg'd your souls for ever?

Shakespeare, *Macbeth, iii. 1.*

Now wasting years my former strength embow'd,
And added woes may bow me to the ground. — *Pope.*

Bow. *v. n.* (*ow* sounded as in *how*.) Bend;
make a reverence; sink under pressure.

The everlasting mountains were scattered: the
perpetual hills did bow: his ways are everlasting. —
Isaiah, liii. 6.

Rather let my head
Stoop to the block, than these knees bow to any
Savo to the God of heav'n, and to my king.
Shakespeare, Henry VI. Part II. iv. 1.
This is the great idol to which the world bows; to
this we pay our devoted homage. — *Dr. H. More,*
Devty of Christian Piety.
Admired, adored by all the circling crowd,
For whoso'er she turn'd her face, they bow'd.

Dryden.

I am the spirit of the place,
Could make the mountain bow,
And quiver to its cavern'd base,
And wint with me wouldst thou?

Byron, *Manfred, i. 1.*

She bow'd upon her hands,
And the boy's cry came to her from the field,
More and more distant. She bow'd down her head,
Remembering the day when first she came,
And all the things that had been. She bow'd down
And wept in secret; and the reapers reap'd,
And the sun fell, and all the land was dark.

Tennyson, *Idyll.*

Bow. *s.* (*ow* always sounded as in *how*.)
Act of reverence or submission, by bending
the neck or trunk.

Some clergy too she would allow,
Nor quarrel'd at their awkward bow.

Swift.

Bow. *s.* (*ow* always sounded as in *flow*.)
[A.S. *bow.*]

1. Instrument, or weapon, curved and strung,
for shooting arrows.

Tale, I pray thee, thy weapons, thy quiver and thy
bow, and go out to the field, and take me some veni-
son. — *Gilgamesh, xxvii. 3.*

The white faith of history cannot show,
That e'er the musket yet could beat the bow.

Alec, *Henry VII.*

2. Rainbow.

I do set my bow in the cloud, and it shall be for a
token of a covenant between me and the earth. —
Genesis, ix. 13.

3. Instrument by means of which sound is
produced from the violin, &c.

Their instruments were various in their kind;
Some for the bow, and some for breathing wind:
The sawtry, pipe, and lute, and harp, and band,
And the soft lute trembling beneath the touching
hand.

Dryden, *Fables.*

Bow. *r. a.* [? from *bow* make in the shape
of a bow, rather than simply bend.] Curve;
sublime.

Some bow the vines, which bury'd in the plain,
Their tops in distant arches rise again.
The hand less not been made obedient to disci-
pline, who at first it was most tender and most easy
to be bowed. — *Larch.*

Bow. *s.* (*ow* sounded sometimes as in *how*,
sometimes as in *flow*.)

1. Yoke.

As the ox hath his bow, sir, the horse his curb,
and the falcon his bells, so man hath his desire. —
Shakespeare, As you like it, iii. 3.

2. Forepart of a ship.

He stood so motionless at the helm, that you
might have imagined him to have been frozen there
as he stood, were it not that his eyes occasionally
wandered from the compass on the binnacle to the
bow of the vessel. — *Maryat, Nantegow, vol. i.*
c. i.

Bow. *s.* (perhaps corruptly for Bought;
with the *ow*, however, sounded as in *flow*.)

Doubling of a string in a slipknot.

Make a knot, and let the second knot be with a
bow. — *Wiseman.*

Bow-bent. *part. pref.* Bent as a bow;
humpbacked; bent with age.

A silly old, bow-bent with crooked age,
That far exceeds all wisdom could presage.

Milton, *Vacation Exercise, 60.*

Bow-hand. *s.* Hand that holds the bow, i. e.
the left hand.

Surely he shoots wide on the bow-hand, and very
far from the mark. — *Spencer, View of the State of*
Ireland.

Bow-window. *s.* [the notion that the proper
spelling of the first element in this word is
bay, or *baye*, or that the present word is
no true compound of *bow*, but a mistake
for *bay*, is widely diffused, especially among
schoolmasters and examiners. The two
words are different, both in origin and im-
port. See Bow-windowed.] Projecting
window of a semicircular or curvilinear
form; i. e. like a bow.

Then there was Lady Wallinger; he could at least
speak with freedom to her. He resolved to tell her

all. He looked in for a moment at a club to take up
the Court Guide and find her direction. A few
men were standing in a bow-window. — *Disraeli the*
younger, Coningsby, b. viii. ch. iv.
Mr. Ormally asked him to dinner, and occasionally
mourned over his fate in the bow-window of White's.
— *Ibid, b. ix. ch. vi.*

Bow-windowed. *part. adj.* Furnished with a
Bow-window. (The following extracts
are from the same edition of the same
work, two different windows being denoted.)

At this moment we were under the bank of a beau-
tiful garden, upon which opened a spacious bow-
windowed dinner-room, flanked by an extensive con-
servatory. Within the circle of the window was
placed a table, whereon stood bottles and decanters,
rising, as it were, from amidst a cornucopia of the
choicest fruits. — *Thodore Hook, Gilbert Gurney,*
vol. i. ch. iii.

The front of the fair handmaiden was not rigid,
and my little meal was served — for here there was
no coffee-room — in the bay-windowed drawing-room,
which, from its size, the darkness of the weather,
and the wetting I had got in the boat, appeared even
at that time of year chilly. — *Ibid, vol. iii. ch. v.*

Bowable. *adj.* Flexible of disposition. *Rare.*

An in like manner dew understanding of the prior
which is contained in the prose of the response, is
crux viride lignum, et cetera, whence it is proved
thence that: 'thou which bowed the Lord make the
patron (that is to wit, Christ) for to be us redi and
bowable.' — *Bishop Peacock, Repressor, pt. ii. ch.*
xviii.

If she be a virgin, she is pliable or bowable. — *Wod-*
roephe, French and English Grammar, p. 323; 1023.

Bowel. *s.* [N.Fr. *boel*; from L. *Lat. botelli*.]

(Generally used in the plural. In Medicine,
however, it is often necessary to use the
singular form, e.g. in prolapsus ani, where
the *bowel* is said to come down.)

1. Intestines; vessels and organs within the
body.

He smote him therewith in the fifth rib, and shed
out his bowels. — *2 Samuel, ix. 10.*

2. Inner parts of anything.

Had we not quarrel'd else to leave, but that
Thou art we would laugh'd, we would muster all
From twelve to seventy; and pouring war
Into the bowels of ungrateful Rome,
Like a bold flood appear.

His soldiers spying his unbidden spirit,
A Talbot! Talbot! cried out amain,
And rush'd into the bowels of the battle.

— *Henry VI. Part I. iii. 1.*

As he saw drops of water distilling from the rock,
by following the veins, he has made himself two or
three fountains in the bowels of the mountain. —
Addison.

3. Seat of pity or kindness; tenderness;
compassion.

His bowels did yearn upon his brother. — *Grimm,*
xlii. 30.

He had no other consideration of money, than for
the support of his lustre; and whilst he could do
that, he cared not for money; having no bowels in
the point of running in debt, or borrowing all he
could. — *Lord Clarendon.*

'Ym perceive,' said the squire, turning to us,
'our landlord is a Christian of bowels.' — *Smollett,*
Expeditio of Humphry Clinker.

If he has bowels, they must melt at the contri-
tion so severely characterized of a contrite sinner. —
Land, Letter to Mr. Moran.

Bowel-gazer. *s.* One who predicted future
events from the inspection of the entrails
of animals sacrificed. See *Birdgazer*.
Rhetorical, expressive of contempt.

Seven sayth in his booke of Questions, that the
bowel-gazers were invented for nothing else but to
hold the people in awe. — *Tractatus of Christian*
Religion, § 2. (Ord MS.)

Bowelless. *adj.* Without tenderness or
compassion: (the bowels being anciently
thought to be the seat of pity).

Miserable men commiserate not themselves; bowel-
less into others, and merciless into their own bowels.
Sir T. Browne, Christian Morals, i. 7.

Bower. *s.* [from A.S. *bir*.]

1. Chamber; private retirement.

Goe to my love, where she is careless laid,
Yet in her winter's bowers not well awake.

Shakespeare, *Antony and Cleopatra, i. 1.*

The giant self-dismayed with that word,
Where he with his Buena dalliance found,
In haste came rushing forth from inner bowers.

Id., *Faerie Queen, l. 5, 6.*

2. Cottage.

Courteous oft-times in simple bowers
Is found as great as in the stately towers.
Sir J. Harrington, Translation of Ariosto, xiv. 62.

3. Any abode or residence; retreat.

Wasting the country with sword and with fire,
Overturning towns, high castles, and towers,
Like Mars, god of war, enflamed with ire,
I forced the Frenchmen to abandon their bowers.

Mirrors for Magistrates, p. 282.

But, O sail virgin, that thy power
Might raise Museums from his bower!

Milton, Il Penseroso, 103.

4. Canopy.

Refresh'd, they wait them to the bower of state,
Where, circled with his peers, Atreus sat.

Pope, Homer's Iliad.

Place covered with the branches of trees
or plants; shady recess; arbour.

Where honeysuckles, ripen'd by the sun,
Forbidden the sun to enter.

Shakespeare, Much Ado about Nothing, iii. 1.

Hand in hand alone they pass'd
On to their blissful bower: . . . the roof
Of thick-set covert was yew-wood shade,
Laurel and myrtle, and what higher grew
Of firm and fragrant leaf.

Milton, Paradise Lost, iv. 680.

I only begged a little woodbine bower,
Where I might sit and weep, while all around
The lilies and the bluebells hung their heads
In seeming sympathy. . . . From the fane
Silent he led her as from Eden's bowers
The sire of men his lovely partner led,
Less lovely and less innocent than she.

Mason, English Garden, 3.

Bower. s. (*ow* sounded as in *how*.) [from *bow* = bend.]

1. Muscle which bends, as opposed to that which straightens, the joints. *Obsolete*; superseded by *Flexor*.

His rawbone arm, whose mighty brawn'd bowers
Were wont to rive steel plates, and helmets new,
Were cleft consum'd; and all his vital powers
Decay'd.

Spenser, Faerie Queene, l. 8, 47.

2. One who bows in token of respect.

Those bowers to all, those setters-up of cruci-
fies, &c.—*Icon Althine*, p. 41: 1640.

Bower. v. a. [from A.S. *būr*.] Lodge. *Obsolete*; superseded by *Embower*.

Thou didst bower the spirit
In mortal paradise of such sweet flesh.

Shakespeare, Romeo and Juliet, iii. 2.

Bower. v. n. [from A.S. *būr*.] Lodge. *Obsolete*.

Amonged them all grows not a fayer flower
Than is the blossom of roselly courtesie;
Which though it on a lowly stalk doth bower,
Yet brancheth forth in brave nobilitie,
And spreads itself through all civillie.

Spenser, Faerie Queene, vi. 1, 4.

Bower. s. Same as *Bower-anchor*, of which it is an abbreviation.

The other anchors are called by the name of the
first, second, and third. . . . Usually, when they sail
in any straits, or are near a port, they carry two
of them at the bow; in which respect they are called
by the name of the first and second bowers. —*Rees*,
Cyclopaedia, in voce.

Bower-anchor. s. [two words rather than a compound. — Dutch, *borg-anker*, from *borg* = bow.] Second anchor in point of size.

He sticks by the Washington formula; and by
that he will stick; — and hence by it, as by sure
bower-anchor hangs and springs the tight war-slip,
which, after all chances of wildest weather and water,
is found still hanging. — *Carlyle, French Revolution*,
pt. i. b. iv. ch. iv.

Bower-maid. s. *Etymologically*, the equivalent of the modern chambermaid; in *import*, however, that of handmaid or lady's-maid. *Rare*.

Abra (bower-mayde) tenens speculum esse specu-
larium et heram. *Metrical Vocabulary*
(14th century); *Vocabularium in Library of*
National Antiquities. (Wright)

Bower-thane. s. [two words rather than a compound.] Chamberlain. *Obsolete*.

The chamberlain, or *bower-thane* (*būr-theyne*,
cubicularius), was also the royal treasurer. — *Thorpe*,
Translation of Leysenburgh's History of England
under the Anglo-Saxon Kings, pt. v.

Bowered. adj. Supplied with bowers, recesses, or alcoves.

The conversation which animated each of these
memorable circles approximated, in essence, much
more nearly than might be surmised from the dif-
ference in station of the principal talkers, and the
contrast in physical appliances; that of the *bowered*
counsellors of Holland House having more of earnest-
ness and depth, and that of the Temple attic more
of airy grace than would be predicted by a super-
ficial observer. — *Talford, Memoirs of C. Lamb*.

Bowery. adj. Formed as a bower; acting as a bower; provided with bowers; embowering; covering with shade.

Landships how gay the bowery grotto yields.

Which thought creates, and lavish fancy builds.

Snatch'd through the verdant maze the hurried eye

Of covert close, where scarce a speck of day

Falls on the lengthen'd gloom, protectet the spring.

It was a brilliant spectacle to see them defling

through the playing-fields—those bowery meads;

the river sparkle in the sun; the castled heights

of Windsor, their glorious landscape; behind them

the pinnacles of their college. *Diocletian the younger*,

Contingency, l. i. ch. xl.

Above, thro' many a bowery turn,

A walk with many-colour'd shells

Wander'd enchain'd.

Tennyson, Recollections of the Arabian Nights.

Bowhouse. s. Quiver. See *House*.

Bowling. verbal abs.

1. Act of one who bows: (*ow* pronounced as in *how*).

The outward *bowings* is the body of the action;
the disposition of the scale is the scale of it; therein
lies the difference from the counterfeited stooping
of wicked men and spirits. — *Bishop Hall, Christ*
among the Gergesees. (Ord. M.)

2. Handling of the fiddle-bow: (*ow* pronounced as in *floor*).

And gentlest Coralli, whose *bowing* seems made
For a hand with a jewel.

Leigh Hunt, The Fancy Concert.

Bowl. s. [from Fr. *bol*.]

1. Vessel to hold liquids, wide rather than deep: (distinguished from a *cup*, which is deep rather than wide).

If a piece of iron be fastened on the side of a bowl
of water, a lodestone, in a boat of cork, will make
unto it. — *Sir P. Browne, Vulgar Errors*.

The sacred priests, with ready knives, bereave
The beasts of life, and in full bowls receive
The streaming blood.

Some of the Savan aristocracy had mansions richly
furnished, and sideboards gorgeous with silver bowls
and chalice. All this wealth disappeared. One
house, in which there had been three thousand
pounds' worth of plate, was left without a spoon. —
Macaulay, History of England, ch. xi.

Used figuratively for festivity.

While the bright *Sau*, I exalt the soul,
With sparkling plenty crowns the bowl,
And wit and social mirth inspires.

Fulton, To Lord Gower.

2. Hollow, or concave, part of anything.

If you are allowed a large silver spoon for the
kitchen, let half the bowl of it be worn out with
continual scraping. — *Swift*.

3. Basin or fountain.

But the main matter is so to convey the water, as
it never stay either in the bowl or in the cistern. —
Bacon.

Bowl. s. [from Fr. *boule*.]

1. Wooden ball used in playing at bowls.

Like to a bowl upon a subtle ground,
I've tumbled past the throne.

Shakespeare, Coriolanus, v. 2.

How finely dost thou time and seasons spin!

And make a twist checker'd with night and day!

Which as it lengthens, winds, and winds us in,
As bowls go on, but turning all the way.

G. Herbert.

Like him who would bade a bowl upon a precipice,
either my praise falls back, or slays not on the top,
but rolls over. — *Dryden*.

Though that piece of wood, which is now a bowl,
may be made square, yet, if roundness be taken away,
it is no longer a bowl. — *Watts, Logic*.

2. In the plural. Game so called.

Will you take a turn in the garden, and view some
of my improvements before dinner? Or will
you amuse yourselves on the green with a game
at bowls and a cool tankard? my servants will at-
tend you. — *Colman and Garrick, The Clandestine*
Marriage, iii. 1.

A young *Levite*—such was the phrase then in use
— might be had for his board, a small garret, and ten
pounds a year, and might not only perform his own
professional functions, might not only be the most
patient of butts and of listeners, might not only be
always ready in fine weather for bowls, and in rainy
weather for shovelford, but might also save the ex-
pense of a gardener, or of a groom. — *Macaulay, His-*
tory of England, ch. lili.

Bowl. v. a.

1. Roll as a bowl.

Break all the spokes and felloes of her wheel,
And bowl the round nave down the hill of heaven.

Shakespeare, Hamlet, ii. 2.

2. Assail with anything rolled.

Alas! I had rather be set quick 't' the earth,

And bowl'd to death with turpiss.

Shakespeare, Merry Wives of Windsor, iii. 4.

3. Get rid of anything by playing at bowls, or by bowling: (the object being rolled, pushed, or shoved off, like the bowl itself).

At the Groom-porter's battered bullock play,

Some dukes at Marybone bowl time away.

Pope, Dunciad.

A blind alley some yard and a half wide, which
formed the mysterious termination of the very
limited skittle-ground in which the Marshfield
dancers bowl'd away their troubles. — *Dickens, Little*
Dorrit, ch. vi.

Bowl. v. n. Play at bowls.

Challenge her to bowl.

Shakespeare, Lord's Labour's lost, iv. 1.

Bowleg. s. Leg curved like a bow.

Who fears to set straight, or hide, the unhandsome
wardens of bow-legs? — *Jeremy Taylor, Artificial*
Humbleness, p. 60.

Bow-legged. adj. Having crooked legs.

He was undersized and ill-made, shambling in his
gait and bow-legged, but, nevertheless, broadshoul-
dered, and bigboned, with the head of a man of six
feet on the trunk of a dwarf—a seventy-four cut
down. — *Murray, The King's Own*.

Bowler. s. One who bowls; player at bowls.

Sisyphus has left rolling the stone, and is grown a
master-bowler. — *B. Jonson, Masques*.

Who can reasonably think it to be a commendable
calling, for any man to be a protest bowler, or crick-
et, or gamster, and nothing else? — *Bishop Sanderson*,
Sermons, p. 217.

And, pray, who married my lady Manslaughter
t'other day, the great fortune? — Why, Nick Marra-
bour, a professed pickpocket and a good bowler; but
he makes a handsome figure, and rides in his coach
that he used to ride behind. — *Farquhar, The Beaux*
Stratagem.

Bowline, Bowling, or Bólin. s. In *Navi-*
gation. Rope fastened near the middle or the
perpendicular side of a square sail by
three or four subordinate ropes called
bridles, and leading towards the bow,
whence its name: (used to enable the ship
to keep near the wind when unfavourable).

Shack the *bolins* there; thou wilt not,
Wilt thou? Blow, and split thyself.

Shakespeare, Pericles, iii. 1.

As if a gentleman of Northamptonshire, Warwick-
shire, or the Midland, should fetch all the illu-
strations to his country-neighbours from shipping, and
tell them of the main-sheet and the *bolins*. — *B.*
Jonson, Discoveries.

Four mariners manned the hauling line, one was
placed at each side rope fastened to the hull's arms,
and the corporal, as soon as he had lifted the body
of smallbones over the harbour cannon, led direc-
tions to attend the *bolins*, and not allow him to be
dragged on too fast. — *Murray, Sailing-gloss*, vol.
i. ch. ix.

On a bowline. A vessel is said to stand on
a bowline when she is close-hauled.

You might get five knots out of her, on a *bolins*,
in a very stiff breeze. — *Hannay, Singleton Footway*,
ii. 1.

Bowling. verbal abs. Art or act of throwing,
or rolling, or of playing at bowls.

This wise game of *bowling* doth make the fathers
surpass their children in ash toys and most deli-
cate distickles. As first for the postures, 1. handle
your bowle; 2. advance your bowle; 3. charge your
bowle; 4. swing your bowle; 5. discharge your bowle;
6. play your bowle; in which last posture of playing
your bowle you shall perceive many varieties and
divisions, as wringing of the neck, lifting up of the
shoulder, clapping of the hands, bending down of one
side, running after the bowle, making long duffful
scrapes and hops, &c. — *John Taylor, Wit and Mirth*,
sig. D, 8, l. 1623.

Many other sports and recreations there be much
in use, as ringing, *bowling*, shooting. — *Barton, Ana-*
logy of Melancholy, p. 264.

Who can reasonably deny the lawfulness of many
disports and recreations, as *bowling* or shooting? —
Bishop Sanderson, Sermons, p. 217.

Bowling-green. s. Level piece of ground,
kept smooth for bowlers.

A bowl equally poised, and thrown upon a plain
bowling-green, will run necessarily in a direct line. —
Bentley.

Bowling-ground. s. Same as *Bowling-*
green.

That (for six of the nine acres) is counted the
sublimest *bowling-ground* in all Tartary. — *B. Jonson*,
Masques.

Bowman. s. Archer; one who shoots with a
bow.

The whole city shall flee, for the noise of the horse-men and bowmen. — *Jeremiah*, iv. 20.
Hoop seems to be a sort of fixture at Grandval, not bowmen therefore lutt; and is shot at for his lodging. — *Curlye, Essays, Diaperol*.

Bowen. *part.* [best, though *obsolete*, form of the catachrestic Bound, and the participial Boan.] Bent on anything; prepared.

The kinglye outgoes to no gunn rown,
And seyden theye wolden fare first,
To bedden hour now are we bowen,
For verliche caro factum est.

Songs and Carols from a MS. of the 15th Century, p. 54. (Wright.)

Bownet. *s.* See extract.

[A *bownet*, or woe, [sic] an engine for catching fish, chiefly lobsters and crabs, made of two round wicker baskets, pointed at the end, one of which is thrust into the other; at the mouth is a little rim, four or five inches broad, somewhat bent inwards. It is also used for catching sparrows. — *Rees, Cyclopaedia*, voc. *Net*.

Bowpot. *s.* See Boughpot.

And I smell at the beautiful, beautiful *bowpot* he brings me, winter and summer, from his country house at Haverstock-hill. *Sala, The late Mr. D.*

Bowshot. *s.* Space traversed by an arrow in its flight from the bow.

She went, and sat her down over against him, a good way off, as it were a *bow-shot*. — *Genesis*, xxi. 10.
About a *bow-shot* hence to the southward, upon the plain or lower ground, is a high column in perfection. — *Sir T. Herbert, Relation of some Years Travels into Africa and the Great Asia*, p. 18.

I touch he were not, then a *bow-shot*, and made haste, yet by that time he was come, the thing was no longer to be seen. — *Boyle*.

A *bow-shot* from her bowyer-caves,
He rode between the barley sheaves,
The sun came dazling thro' the leaves,
And thence upon the laurel groves
Of bold Sir Lancelot.

Tennyson, The Lady of Shalott

Bowsprit. *s.* Sloping mast running out at the head of a ship.

Sometimes I'd divide,
And turn in many places, on the bowsprit,
The yards and bowsprit, would I flame distinctly.

Shakespeare, Tempest, i. 2.

At half-past three the foremast went in three pieces, and the bowsprit was found to be sprung in three places. — *Southey, Life of Nelson*, vol. i. p. 207.

This [debating] is the talent which has made judges without law, and diplomats without French, which has sent to the Admiralty men who did not know the stern of a ship from her bowsprit, and to the India Board men who did not know the difference between a rupee and a pagoda. — *Macaulay, Essays, Sir William Temple*.

Bowssen. *v. a.* [?] Drench; soak. *Obsolete*.

The water fell into a close walled plot; upon this wall the frantic person set, and from thence tumbled headlong into the pond; where a strong fellow tossed him up and down, until the patient, by forcing his strength, had somewhat forged his fury; but if there appeared small amendment, he was *bowssened* again and again, while there remained in him any hope of life or recovery. — *Carew, Survey of Cornwall*.

Bowstring. *s.* String by which the bow is kept bent.

He hath twice or thrice cut Cupid's *bowstring*, and the little hangman dare not shoot at him. — *Shakespeare, Much Ado about Nothing*, iii. 2.

Sound will be conveyed to the ear, by striking upon a *bowstring*, if the horn of the bow be held to the ear. — *Bacon*.

Used as a means of strangulation in the Ottoman empire.

The thoroughbred disciples of Filmer, indeed, maintained that there was no difference whatever between the policy of our country and that of Turkey, and that, if the king did not, he could not, the contents of all the tills in Lombard Street, and sent *bowstrings* to Somerset and Halifax, this was only because His Majesty was too gracious to use the whole power which he derived from heaven. — *Macaulay, History of England*, ch. ix.

Bowyer. *s.*

1. One who uses the bow.

Call for vengeance from the *bowyer* king. *Dryden*.

2. One who makes bows.

Good bows and shafts shall be better known, to the commodity of shooters; and good shooting may, perchance, be more occupied, to the profit of all *bowyers* and fletchers. — *Ascham, Trophimus*.

The surname Archer belongs to the North of England. . . . There were other surnames connected with the practice, such as Fletcher, *Bowyer*, *Bow-maker*, &c. &c. Allusion made to some of these titles in *Rowley's* old play, 'Match at Midnight': 'His mind runs sure upon a Fletcher, or a *bowyer*, however, I'll inform against both.' — *A. Home, Ancient Traces*, &c., p. 109.

Box. *s.* [Danish, *bask*.] Blow, generally on the head, given with the fist.

For the *box* of the ear that the prince gave you, he gave it like a rude prince. — *Shakespeare, Henry IV. Part II.* i. 2.

If one should take my hand perforce, and give another a *box* on the ear with it, the law punisheth the other. — *Archbishop Bramhall, Against Hobbes*.

There may happen convulsions of the brain from a *box* on the ear. — *Watson, Nerve*.

Olphis, the fisherman, received a *box* on the ear from Thestylis. — *Addison, Spectator*, no. 233.

He represented to him very warmly that no gentleman could take a *box* on the ear. Sir John answered, with great calmness, 'I know that; but this was not a *box* on the ear, it was only a slap of the face.' — *Lady M. W. Montague*, let. June 22.

Box. *v. n.* Fight with the fist; spar; hit and guard with the fore extremities in general.

A *boxer* is like a cat; he boxes with his fore-feet, as a cat doth her kittens. — *Greene*.

Box. *r. a.*

1. Strike with the fist; effect anything by boxing.

Let this boy get up ever so often, the other is obliged to *box* him again as often as he requires it. — *Mason, Tracela over England*, p. 304.

2. Bring on any state, condition, or result by boxing.

The ass very fairly looked on, till they had *boxed* themselves a-weary, and then left them fairly in the lurch. — *Sir R. F. Extradige*.

Box. *s.* [A.S. *box*.]

1. Same as Box-tree.

The glory of Lebanon shall come unto thee, the fir-tree, the pine-tree, and the *box* together, to beautify the place of my sanctuary. — *Isaiah*, lx. 13.

2. Dwarf variety (*Buxus sempervirens* suffruticosa) used for garden edgings.

My very heart faints and my whole soul grieves
At the most rich smell of the rotting leaves,
And the breath

Of the fading edges of *box* beneath,
And the year's last rose. *Tennyson*.

Box. *s.* [A.S. *box*.]

1. Case made of wood, or other matter, to hold anything: (distinguished from *chest*, as the less from the greater).

A *box*, though but in an ivory *box*, will, through the *box*, send forth his endearing virtue to a beloved nigger. — *Sir P. Sidney, Arcadia*, b. ii.

About his shewes
A beggarly account of empty *boxes*.

Shakespeare, Romeo and Juliet, v. 1.
The lion's head is to open a most wide voracious mouth, which shall take in letters and papers. There will be under it a *box*, of which the key will be kept in my custody, to receive such papers as are dropped into it. — *Sir R. Steele, Guardian*, no. 34.

This *box* of India's glowing gems unlocks,
And all Arabia breathes from yonder *box*. *Pope*.

One precious *box* the Tuscan minister was able to save from the marauders. It contained nine volumes of memoirs, written in the hand of James himself. — *Macaulay, History of England*, ch. x.

2. Chest for money for any particular purpose: (such as the poorbox).

So many more, so every one was used,
That to give largely to the *box* refused. *Spenser*.

In Christmas-box, a small present made at Christmas-time, it means the money itself; i.e. the money intended for the *box*.

I wouldn't do it for five hundred a year, and Christmas-boxes once a month. — *Sala, The Ship-Chandler*.

3. Dicebox.

Accordingly, I drew forth my only ten-pound note, last resident of my purse, and began my career. A most assiduous friend, whose face I had never seen before, brought me a new edition of brandy and water, which I drank, and then took the *box*, and played with small and varying success; but the heat and excitement very soon produced a sensible alteration in my deportment. — *Theodore Hook, Gilbert Gurney*, vol. i. ch. vi.

4. Small enclosure or compartment.

a. In a theatre, in which seats are placed for spectators.

Wanton dames come dignified into God's house, as it were into the *box* of the playhouse. — *Bishop Hall, Remains*, p. 247.

'Tis left to you, the *boxes* and the pit
Are sovereign judges of this sort of wit. *Dryden*.

See glances in balls, front *boxes*, and the ring,
A vain, unquiet, glittering, wretched thing. *Pope*.

The second act began, and in the middle of the second scene of it, several parties removed themselves from the lower *boxes*, evidently tired with

what was going on. — *Theodore Hook, Gilbert Gurney*, vol. i. ch. ii.

b. In the common room of a tavern, or house of refreshment.

Live long, nor feel in head or chest
Our clungful equinoxes,
Till mellow death, like some late guest,
Shall call thee from the *box*. *Tennyson*.

Will Waterproof's Lytical Monologue.

In the wrong *box*. Mistaken.

Now about Mr Right. I'm a good-tempered body; but I should very much like to see Mr. Right walk into my circulating library, news-agent's, and general stationery warehouse, in Broadarrow Court, Leary-lane, and make me an offer of marriage. He'd soon find himself in the wrong *box* with Sarah Jane D., I warrant. — *Sala, The late Mr. D.*

5. Snug residence.

Make me snug and easy for life—let me keep a brace of hunters—a *cozy box*—a bit of land to it, and a girl after my own love, and I'll say quite with you. — *Sir R. L. Haltere, Pelham*, ch. lxxvii.

Box. *v. a.* Enclose as in a box.

Box'd in a chair, the beau impatient sits,
While spouts run clattering o'er the roof for fits. *Swift, City Shower*.

Box up. Put in a box.

a. Save (as in a money-box).

But toiling saved, and saving never ceased
Till he had *box'd up* twelve scores pounds at least. *Crabbe, The Borough*.

b. Confine (as in a close compartment).

'Well, I've no notion of being *boxed up* here,' observed Coble, 'they can't be so many as we are, even if they were stowed away in the *box*, like pilchards in a cask.' — *Murray, Shark yew*, vol. iii. ch. x.

Box the compass.

Box the compass, in sea-language, is to repeat the opposite points of the compass alternately. Thus: N, S, & N, by E, S, by W; NNE, SSW, &c. — *Rees, Cyclopaedia*, in voce.

Box. *s.* [see second extract.] Coach-box.

Your honour may depend upon me. Where would you like to sit? In or out? Back to the horses, or the front? Get you the *box*, if you like. Where's your great coat, sir? I'll brush it for you. — *Disraeli the younger, The young Duke*.

[The *box* of a coach is commonly explained as if it had formerly been an actual box, containing the implements for keeping the coach in order. It is more probably from the *box*, back, signifying in the first instance a buck or he-goat, being applied in general to a trestle or support upon which anything rests, and to a coach-box in particular. See *Crib*, *Cable*. In like manner the Pol. *box*, a buck, is applied to a coach-box, while the plural *boxes* is used in the sense of a sawing-block, trestle, painter's cawl, &c. — *Wedgwood, Dictionary of English Etymology*.]

Box-coat. *s.* [two words rather than a compound.] Overcoat used in travelling outside a coach: (first worn by the driver, whose seat is on the box).

I shall believe in it . . . when I shall see the traveller for many rich tradesman part with his admir'd *box-coat*, to spread it over the defenceless shoulders of the poor woman, who is passing to her parish on the roof of the same stage-coach with him, divided in the rain. — *Lamb, Essays of Elia, Modern Galantry*.

Boxen. *adj.*

1. Made of box.

The young gentlemen learned, before all other things, to design upon tablets of *boxen* wood. — *Dryden, Translation of Du Fresnoy's Art of Painting*.

As larks and larks stood around,
To hear my *boxen* huntboy sound. *Gay, Pastoral*.

2. Resembling box in colour, i.e. pale: (generally either a translation of the Latin *buxus*, or suggested by it; the comparison of a pale complexion to the wood of the boxtree being common in Latin and rare in English).

Her faded cheeks are chang'd to *boxen* hue,
And in her eyes the tears are ever new. *Dryden*.

Boxer. *s.* One who boxes, i.e. fights with his fist.

Castor a horseman, Pollux though
A *boxer* was. I wist:
The one was fam'd for iron heel,
The other for leaden fist.

Ballad of St. George for England.

Of him, as a combatant, we may say what Aristotle did of the old philosophers, when he compared them to unskillful *boxers*, who hit round about, and not straight forward, and fight with little effect, though they may by chance sometimes deal a hard blow. — *Lord Brougham, Statement of the Time of George III.*

Further off was the beautiful gymnasium for wrestlers and *boxers*, with its porticoes of a stadium

in length, where the citizens used to meet in public assembly.—*Sharpe, History of Egypt*, ch. xi.
Boxing, verbal *abs.* Art or practice of fighting with the fist.

The fighting with a man's shadow consists in brandishing two sticks, loaded with plumes of lead; this gives a man all the pleasure of boxing, without the blows.—*Spectator*, no. 115.

The traveller, addressing himself to Miss Graves, desired her not to be frightened; for here had been only a little boxing, which he said to their dispraise the English were accustomed to.—*Fiddling, Adventures of Joseph Andrews*.

But so few are the deeds worth mentioning in the fulling state, that we are pleased even to be told that, in the one hundred and twenty-eighth olympiad, Straton of Alexandria conquered in the Olympic games, and was crowned in the same day for wrestling, and for panceration, or wrestling and boxing joined.—*Sharpe, History of Egypt*, ch. ix.

Boxing-day, *s.* Day after Christmas-day, on which Christmas-boxes are applied for.
Colloquial.

Boxing-glove, *s.* Muffler, i.e. muffled, or padded, glove for sparring.

'Well, erred Dartmore, to two strapping youths, with their coats off, 'which was the conqueror?' 'Oh, it is not yet decided,' was the answer; and forthwith the bigger one hit the lesser a blow with his boxing-glove, heavy enough to have felled Ulysses, who, if I recollect aright, was rather 'a game blood' in such encounters.—*Sir E. L. Bulwer, Pelham*, ch. xlviii.

Boxing-match, *s.* [two words rather than a compound.] Pugilistic contest.

He hath had six duels, and four and twenty boxing matches, in defence of his majesty's title.—*Spectator*, no. 222.

Well, sir, it is now more than three years ago since I first met with one Tom Thornton; it was at a boxing match.—*Sir E. L. Bulwer, Pelham*, ch. lxxviii.

Fights compared with which a boxing match is a trifling and humane spectacle were among the favourite diversions of a large part of the town.—*Macaulay, History of England*, ch. iii.

Boxkeeper, *s.* One who keeps the boxes in a theatre.

I could not answer, but I looked my happiness, and in less than three minutes, having, with the concurrence of a lion, called the box-keeper to open the door, found myself seated close beside her, whom of all women I most loved and most admired.—*Theodore Hook, Gilbert Gurney*.

Box-money, *s.* See extract.

Box-money at hazard is that which is paid the box-keeper, or him who furnishes the box and dice. Betters have the advantage over casters, as they have no box-money to pay, which, at long run, would lessen the most fortunate player. Hence, some gamblers will never cast, to save the expense of box-money.—*Rees, Cyclopaedia*, in voce.

Box-tree, *s.* Low evergreen tree (*Buxus sempervirens*).

I will set in the desert the fir tree, and the pine, and the box tree together.—*Isaiah*, xli. 19.

Get you all three into the box-tree.—*Shakespeare, Twelfth Night*, ii. 3.

Boxwood, *s.*

1. Wood of the box-tree (*Buxus sempervirens*).

Boxwood is very apt to split in drying; and, to prevent this, the French turners put the wood designed for their finest works into a dark cellar. The boxwood used by the cabinet-makers and turners in France is chiefly that of the root. . . . The principal use of boxwood, however, at present, is for wood-engraving.—*Landon, Arborescent et Fruticetum Britannicum*, iii. 1335.

2. Dwarf variety of the box-tree used for edgings in gardens.

Is there not a gap left in the boxwood edging?—*Recreations of a Country Parson*, ch. i.

Boy, *s.* [German, *bube*; Provincial, *bue*, *buah*.]

1. Male child.

The streets of the city shall be full of boys and girls playing.—*Zechariah*, viii. 5.

2. One in the state of adolescence; older than an infant, yet not arrived at puberty or manhood.

Perhaps thy childishness will move him more Than can our reasons.—*Shakespeare, Coriolanus*, v. 3.

Sometimes forgotten things, long cast behind, Rush forward in the brain, and come to mind. The nurse's legends are for truths received. And the man dreams but what the boy believed.—*Dryden*.

3. Word of contempt for young men, as noting their immaturity.

Men of worth and parts will not easily admit the familiarity of boys, who yet need the care of a tutor.—*Locke*.

Used as either an adjective or the first element of a compound.

The pale boy senator yet tingling stands, And holds his breeches close with both his hands.—*Pope*.

Boy, *v. a.* Treat as a boy. *Rare*.

Shall he brought drunken forth, and I shall see Some squeaking Cleopatra buy my greatness.—*Shakespeare, Antony and Cleopatra*, v. 2.

I am tainted; The dearest twin to life, my credit's murder'd, Baffled, and bog'd.—*Beaumont and Fletcher, Knight of Malta*.

Boyblind, *adj.* [? *purblind*.] Undiscerning, like a boy. *Rare*.

Put case he could be so boy-blind and foolish.—*Beaumont and Fletcher, Loc's Pilgrimage*.

Boynood, *s.* State of a boy; period of life between childhood and puberty.

If you should look at him, in his boynood, through the magnifying end of a perspective, and, in his manhood, through the other, it would be impossible to spy any difference: the same air, the same strut.—*Swift*.

He had been fed in his boynood with Whig speculations on government.—*Macaulay, Essays, Walpole's Letters*.

Used metaphorically.

Then, in the boynood of the year, Sir Launcelot and Queen Guinevere Rode thro' the courts of the deer, With blissful trills ringing clear.—*Tennyson, Sir Launcelot and Queen Guinevere*.

Boynish, *adj.*

1. Belonging to a boy.

I ran it through, e'en from my boyish days, To the very moment that he bade me tell it.—*Shakespeare, Othello*, i. 3.

Look at the letter of an intelligent youth to one of his companions. . . . and you will see a picture of the youth himself. Boynish indeed in looks and in stature: in dress and in demeanour; but lively, unfettered, natural, giving a fair promise for manhood, and, in short, what a boy should be.—*R. Whately, Elements of Rhetoric*, introd. § 5.

A parentless orphan he had struggled upward into the actual reigning monarch of his hereditary Sicily; . . . he had crossed the Alps a boynish adventurer, and won, so much through his own valour and daring that he might well ascribe to himself his conquest, the kingdom of Germany, the imperial crown.—*Milman, History of Latin Christianity*, h. x. ch. iii.

He had, at the age when the mind and the body are in their highest perfection, and when the first effervescence of boynish passions should have subsided, been revealed from his wanderings to wear a crown.—*Macaulay, History of England*, ch. ii.

2. Childish; trilling.

This unbird's sweetness, and boynish troops, The king both smile at, and is well prepar'd To whip this dartsish war, these pensive arms.—*Shakespeare, King John*, v. 2.

Young men take up some English poet for their model, and imitate him, without knowing wherein he is defective, where he is boynish and trilling.—*Dryden*.

Boynism, *s.*

1. Puerility; childishness.

He had complained he was farther off from possession, by being so near, and a thousand such boynisms, which Chaucer rejected as below the dignity of the subject.—*Dryden, Fables*, preface.

2. State of a boy.

The real boynism of the brothers, which yet should have been forgotten by the poet, is to be taken into the account.—*T. Warton, Notes on Milton's smaller Poems*.

Boynid, *adj.* [probably coined after the analogy of *bedrid*; and falsely, as that word (which see) has nothing to do with either *bed* or *ride*.] See extract.

Wherever he goes this uneasy shadow attends him. A boy is at his board, and in his path, and in all his movements. He is boynid, sick of perpetual boy.—*Lamb, Essays of Elia, The Old and the New Schoolmaster*.

Boys-play, *s.* [two words rather than a compound.] Amusement of a boy: (as opposed to the earnest business of a man).

Away, this is no boy's-play!—*Beaumont and Fletcher, Bonduca*.

Boyst, *s.* Box. *Obsolete*.

See *piziz*, Anglied *boyst*. Hoe alabastrum, idem est.—*English Vocabulary* (15th century); *Vocabularies in Library of National Antiquities*, p. 183, col. 2. (Wright).

Brabble, *v. n.* [Dutch, *brabbelen*] Clamour; contest noisily.

Reason, in faith thou art well serv'd, that still Wouldst brabbling be with sense and love in me.—*Sir P. Sidney, Astrophel and Stella*.

This is not a place To brabble in; Calianax, join hands.—*Beaumont and Fletcher, Maid's Tragedy*.

Brabble, *s.* Clamorous contest; squabble; broil.

Here in the streets, desperate in shame and state, In private brabble did we apprehend him.—*Shakespeare, Twelfth Night*, v. 1.

If it be only some slight brabble, we think to compose it away.—*Bishop Hall, Cases of Conscience*, h. 9.

The practice being discovered by a brabble between the parties about the hiring money.—*Spelman, History of Sacrilege*, ch. i.

He asks, in temperate but courageous language: What they, by their journey to Versailles, do specially want? The twelve speakers reply, in few words inclusive of much: 'bread, and the end of these brobbles, Du pain, et la fin des affaires.' When the affairs will end, no Major Leconte, nor no mortal, can say.—*Carlyle, French Revolution*, pt. i. l. vii. ch. viii.

Brabbling, *s.* Clamorous quarrelsome noisy fellow.

We hold our time too precious to be spent With such a brabbling.—*Shakespeare, King John*, v. 2.

Brabbling, verbal *abs.* Quarrel; altercation. *Rare*.

I omit their brabbings and blasphemies.—*Sir J. Harrington, Treatise on Play*; about 1587.

Brabbling, part. *adj.* Clamouring; squabbling.

Let come their leader whom long peace hath quailed.

Raw soldiers lately pressed, and troops of gowms, Brabbling Marcelus, Cato, whom fresh reverence!—*Marlowe, Translation of Lucan*, i.

We are not so contrivations or brabbling as you would have us.—*Bishop Montague, Appeal to Caesar*, p. 393.

Brace, *v. a.* [see last extract under *Brace*, *s.*]

1. Bind; tie close with bandages.

The women of China, by bracing and binding them from their infancy, have very little feet.—*Locke*.

2. Make tense; strain up; give tone; give nerve to anything; increase its tension, tone, or vigour.

The tympanum is not capable of tension that way, in such a manner as a drum is braced.—*Hulder, Elements of Speech*.

The diminution of the force of the pressure of the external air in bracing the fibres, must create a debility in muscular motion.—*Rothsch, On the Effects of Air on Human Tissues*.

For offences much smaller than those which might probably be brought home to Lady Churchill [James II.] had sent women to the scaffold and the stake. Strong affection braced the feeble mind of the Princess. There was no tie which she would not break, no risk which she would not run, for the object of her idolatrous affection.—*Macaulay, History of England*, ch. ix.

3. Surround; encompass.

For big bills of Basen brace them about.

Spenser, Shepherds' Calendar, September

Brace, *s.* [see last extract.]

1. Cineture; bandage; that which holds anything tight.

The little bones of the ear-drum do in straining and relaxing it, as the braces of the war-drum do in that.—*Ikram, Physico-Theology*.

2. Tension; tightness.

The most frequent cause of deafness is the laxness of the tympanum, when it has lost its brace or tension.—*Hulder*.

3. Pair; couple; (applied chiefly to game).

Down from a hill the best that reigns in woods, First hunter then, pursued a gentle brace, Goodliest of all the forest, hart and hind.—*Milman, Paradise Lost*, xi. 187.

The two muskets I loaded with a brace of slugs each, and four or five smaller bullets, about the size of pistol-bullets; and the fowling-piece I loaded with near a handful of swan-shot, of the largest size.—*Defoe, Life and Adventures of Robinson Crusoe*.

He might part with the few simple of a forest extending over a hundred square miles in consideration of a tribute of a brace of hawks to be delivered annually to his falconer, or of a napkin of fine linen to be laid on the royal table at the coronation banquet.—*Macaulay, History of England*, ch. xxiii.

Used of men, &c., in contempt.

But you, my brace of lords, were I so minded, I here could pluck his greatness from upon you.—*Shakespeare, Tempest*, v. 1.

4. Line formed thus , used for enclosing words connected with a common term, and for marking triplets in verse.

Charge Venus to command her son,
Wherever else she lets him rove,
To alumn my home, and field, and grove;
Peace cannot dwell with hate or love. *Pri.*

[The different meanings of the word *brace* may all be reduced to the idea of straining, compressing, confining, binding together, from a root *brack*, which has many representative in the European languages. To *brace* is to draw together, whence a *bracing* air, one which draws up the springs of life; a pair of *braces*, the bands which hold up the trousers. A *brace* on board a ship. It *braces*, is a rope holding up a weight or resisting a strain. A *brace* is also a pair of things united together in the first instance by a physical tie, and then merely in our mode of considering them.—Wedgwood, *Dictionary of English Etymology*.]

Brace. *s.* [from Fr. *bras*—arm.] Armour for the arm.

An armour, friends! I pray you, let me see it, . . .
Keep it, my Pericles, it hath been a shield
'Twixt me and death! (and pointed to this *brace*.)
'For that it sav'd me, keep it.' *Shakespeare, Pericles*, ii. 1.

Bracelet. *s.* [N.Fr. *brassolet*.] Ornament for the wrist.

Both his hands were cut off, being known to have worn *braces* of gold about his wrists.—*Sir J. Heyward*.

A very ingenious lady used to wear, in rings and *braces*, store of those gems.—*Boyle*.

How many of you have gowns and *bracelets*, which you don't show, or which you wear trembling? Trembling, and cowering with smiles the husband by your side, who does not know the new velvet gown from the old one, or the new *bracelet* from last year's.—*Thackeray, Vanity Fair*.

Bracer. *s.* [from *brace*.] That which braces; cinchure; bandage.

When they affect the belly, they may be restrained by a *bracer*, without much trouble.—*Wicman, Surgery*.

Bracer. *s.* Same as *Brace* from Fr. *bras* = arm.

Upon his arm he bare a gain *bracer*,
And by his side a sword and a bokeler.
Chaucer, Prologue to Canterbury Tales.

Brach. *s.* [see extract.] Kind of dog, originally a poacher's. See last extract.

A squire-bug by chance sucked a *brach*, and when she was grown would miraculously hunt all manner of deer; and that as well, or rather better than an ordinary hound.—*Burton, Anatomy of Melancholy*, p. 142.

Truth's a dog that must to kennel; he must be whipped out, when Lady, the *brach*, may stand by the fire and stink. —*Shakespeare, King Lear*, i. 4.
Down lay in a nook my lady's *brach*,
And said, My foot are sore;
I cannot follow with the pack,
A-hunting of the boar. *H. Taylor, Philip van Artevelde, Part II. li. 3, song.*

[*Brach*, Properly a dog for tracking game. It *braces*: Fr. *brague*, *bracoon*, whence *braccator*, a hunter. Sp. *braca*, a pointer, also (obsolete) pointing or setting. (Neuman.) The name may then be derived from the Fr. *braguer*, to direct or bend. *Braguer en canon*, to level, bend a cannon against; *braguer en chariot*, to turn, set or bend a chariot on the right or left hand. (Ogter.) Or it may be from Dan. *brak*, flat; Sp. *braco*, flat-nosed, from the blunt square nose of a pointer or dog that hunts by scent, as compared with the sharp nose of a greyhound.—*Wedgwood, Dictionary of English Etymology*.]

Brachial. *adj.* [Lat. *brachium* = arm.] Belonging to the arm: (chiefly used in *Anatomy* to denote the artery by which that limb is supplied).

The *brachial* artery sends off an external thoracic distributed to the muscles of the fore-part of the abdomen, a subscapular branch, a circumflex artery supplying the muscles of the shoulder, and is then continued to the fore-arm, where it becomes 'radial,' sends off a recurrent branch, and divides near the wrist into a dorso-carpal and palmar-branch, which terminates in the digital arteries and the intervening web of capillaries.—*Owen, Anatomy of Vertebrates*.

Brachman. *s.* Same as *Brahmin*.

The Indians have their *brachmans*, the Turks their *mufitis*.—*Poetley, Dippers Dip*, p. 130.
In every country, my friend, the bonzes, the *brachmans*, and the priests deceive the people. All reformation begins from the laity.—*Goldsmith, Citizens of the World*, li. 11.

Brachycephalic. *adj.* [Gr. *βραχυς* = short, *κεφαλή* = head.] Term used in *Ethnology* to define a head of the Mongolian type; i.e. with the diameter from front to back

not much longer than the diameter from side to side: (the opposite to *dolichocephalic*).

One important benefit was conferred on craniology by Professor Retzius in the proposal of terms, since almost universally adopted, by which certain of the more strongly marked of the varieties of crania, I have before adverted to, are commonly designated. It is to him that we owe the terms *brachycephalic* and *dolichocephalic*, with their respective modifications of orthognathic and prognathic, and under which, in a certain sense, all the forms of human crania may be classified.—*G. Huxl, On a Systematic Mode of Craniometry*.

Brachygrapher. *s.* Shorthand writer.

He beheld himself, and sermon-writer; and did not know which most to wonder at, his own deafness, or the fellow's acuteness. At last, he asked the *brachygrapher*, whether he wrote the notes of that sermon, or something of his own conception?—*Goldsmith, Notes on Don Quixote*, i. 8.

Brachygraphy. *s.* [Gr. *βραχυς* = short, *γραφω* = write.] Art or practice of writing in a short compass.

He is to take the whole dances from the foot by *brachygraphy*, and so make a memorial, if not a map of the business.—*B. Jonson, Masques*.

To grammar may be referred the useful art of *brachygraphy*, or writing by short marks.—*Hakewell, Apology*, p. 200.

Brachylogy. *s.* [Gr. *βραχυς* = short, *λόγος* = word, term, expression.] Conciseness of expression.

This, so far as consistent with perspicuity, is a virtue and beauty of style; but if obscurity be the consequence, which is often the case, it becomes a blemish and inexcusable defect. Quintilian gives an instance of *brachylogy* from Sallust: *Mithridates corpore ingenti perinde armatus. Rex, Cyclopes*, in voce.

Bracing. *verbal abs.* Operation by which anything is braced, or takes tone and tension.

The moral sinew of the English, indeed, must have grown strong when it admitted of such stringent *bracing*.—*Froude, History of England*, ch. i.

Brack. *s.* Breach; broken part. *Oholete*.

The place was but weak, and the *bracks* fair; but the defendants, by resolution, supplied all the defects. *Sir J. Heyward*.

You may find time out in eternity,
Devoid and void in heavenly justice,
Life in the grave, and death among the blessed,
Ere stain or *brack* in her sweet reputation.

Beaumont and Fletcher, Wife for a Month.
Let them compare my work with what is taught in the schools, and if they find in theirs many *bracks* and short ends, which cannot be spun into an even piece, and in mine, a fair coherence throughout, I shall promise myself an acquiescence.—*Sir K. Digby, Operations and Nature of Man's Soul*, dedication.

Brack. *s.* [Dutch, *brakke*.] Brackish water; sen. *Rare*, perhaps *rhetorical* when used.

When the proud brow, for joy thy steps to feed,
Scorn'd that the *brack* should kiss her following keel.
Drayton, Wm. del. Poole to Queen Margaret, i. 316. (Ord MS.)

Bracken. *s.* Fern. See *Brake*.

The heath this night shall be my bed;
The *bracken* curtain for the head;
My lullaby the warbler's tread.
Sir W. Scott, Lady of the Lake.

Bracknet. *s.* [Fr. *brague* = mortise.]

1. Piece of wood fixed for the support of something.

Let your shelves be laid upon *brackets*, being about two feet wide and ridged with a small lat.—*Mortimer*.

2. In writing or printing. Same as *Brace*.

The relation of the successive steps of induction may be exhibited by means of an inductive table, in which the several facts are indicated, and tied together by a *bracket*, and the inductive inference placed on the other side of the *bracket*; and this arrangement repeated, so as to form a genealogical table of each induction, from the lowest to the highest.—*Whewell, Novum Organum renovatum*, sph. 21.

Brackish. *adj.* Salt; somewhat salt: (used particularly of the water of the sea).

A similar pond, but of *brackish* water, exists in the Braye du Valle, in Guernsey (near the Vale Church).—*Andel, The Channel Islands*, p. 213.

Spelt as if the *a* were sounded as in *brake*.

When I had gain'd the brow and top,
A lake of *brackish* waters on the ground
Was all I found. *G. Herbert*.

Brackishness. *s.* Attribute suggested by *Brackish*; saltiness in a small degree.

All the artificial strainings hitherto leave a *brack-*

ishness in salt water, that makes it unfit for animal use.—*Cheyne, Philosophical Principles of Natural Religion*.

Brack. *adj.* Same as *Brackish*. *Rare*.

What the famous flood far more than that enriches
The *brack* fountains are. *Drayton, Polyolbion*, xl.

Bract. *s.* [Lat. *bractea* = plate of metal.]

In *Botany*. Leaf on the flower-stalk of plants, bearing the same relation to the bud that the stipule does to the leaf.

That concerning their physiology is the beautiful morphological law, according to which the different appearance of the various organs arises from arrested development: the stamens, petals, corolla, calyx, and *bracts* being simply modifications or successive stages of the leaf.—*Huxley, History of Civilization in England*, vol. i. ch. xiii.

Brad. *s.* [? *broad*.] Sort of headless nail, made pretty thick towards the upper end, so that it may be driven into, and buried in the board.

Ironmongers distinguish them by six names: as joiners' *brads*, flooring *brads*, batten *brads*, bill *brads*, or quarter-heads, &c.—*Mortimer, Commercial Dictionary*.

Bradawl. *s.* Awl for piercing wood or leather in order to drive in a *brad*: (a *gimlet* being for making round holes and for nails).

Early in the day, a patriot (or some say it was a patriotess, and indeed the truth is undiscoverable), while standing on the firm deal board of Fatherland's altar, feels suddenly, with indescribable terror-shock of amazement, his footsole pricked through from below; clutches up suddenly this electrified footsole and foot; discerns next instant the point of a gimlet or *bradawl* playing up through the firm deal-board, and now hastily drawing itself back!—*Carlyle, French Revolution*, pt. ii. b. iv. ch. ix.

Brag. *v. n.* [N.Fr. *braguer*.] Boast; display ostentatiously; tell boastful stories.

Knowledge being the only thing wherof we poor old men can *brag*, we cannot make it known but by utterance.—*Sir F. Sidney*.

Thou coward! art thou *bragging* to the stars?
Telling the bushes that thou look'st for wars,
And wilt not come? *Shakespeare, Midsummer Night's Dream*, iii. 2.

The rebels were grown so strong there, that they intended then, as they already *bragged*, to come over and make this the seat of war.—*Lord Clarendon*.

I have heard you say in the pulpit, we ought not to *brag*; but indeed I can't avoid saying, if she had kept the keys herself, the poor would have wanted many a rordial which I have let them have.—*Felding, Adventures of Joseph Andrews*.

With of.

Ev'ry busy little scribbler now
Swells with the praises which he gives himself,
And taking sanctuary in the crowd,
Brags of his impudence, and scorns to mend.
Lord Roscommon.

With on.

Yet lo! in no what authors have (a *brag* on,
Reduc'd at last to hiss in my own dragon.
Pope, Dunciad.

Brag. *s.*

1. Boast; proud expression.

It was such a new thing for the Spaniards to receive so little hurt, upon dealing with the English, as Avellaneda made great *brags* of it, for no greater matter than the waiting upon the English star off.—*Bacon, War with Spain*.

Sometimes I think of a farre, but hitherto all schemes have gone off; as a little *brag* on two of an evening, expounding out of a pipe, and going off in the morning; but now I have had farwell to my 'sweet enemy,' tobacco, as you will see in my next page, I shall perhaps set nobly to work. *Haig worth, Lamb, Letter to Hazlitt*.

2. Thing boasted.

Brontë is nature's *brag*, and must be shewn
In courts, at feasts, at high solemnities,
Where most may wonder. *Milton, Comus*.

3. Game at cards so called: (the principal stake being won by him who *brags* with most confidence and address, i.e. who challenges the other gamblers to produce cards equal to his).

If they happen to rise above *brag* or whist, [they] infallibly stop short of every thing either pleasant or instructive. *Lord Chesterfield*.

Your new-fashioned game of *brag* was the greatest amusement when I was a girl; crimp succeeded to that, and basnet and hazard employed the town when I left to go to Constantinople. At my return I found them all at commerce, which gave place to quadrille, and that to whist; but the race of play has been ever the same, and will ever be so another

the idle of both sexes.—*Lady M. W. Montague, Letters*, May 27, 1764.

Brag, adj. Boasting; insolent. *Rare*.

Much hath been said in against that *bragge* prescription, to the which their confidence and hope of silence on the contrary parts moved them.—*Stapledon, Postscript of the Faith*, fol. 68: 1525.

Used adverbially.

Scout how *brag* yond bullock bears,
So smirke, so smooth, his pricked ears?

Spenser, Shepherd's Calendar, Feb.
They which otherwise vaunt and boast of nobility,
seem only honourers of virtue upon another man's
credit, and live not by their own, seeing that
they be rather base persons, bearing themselves
brag upon another man's virtue.—*Time's Store*
House, 461. (Ord. M.)

Braggadocio. s. [Ital.] Puffing, swelling,
boasting fellow; boasting; bragging.

The world abounds in terrible fanatics, in the
masque of men of honour; but these *braggadocio*
are easy to be detected.—*Sir R. L. Estlin*.

'The gods forbid' whispered Salust to Julia.
'If Vespasian were made immortal, what a specimen
of tiresome *braggadocio* would be transmitted to
posterity!'—*Sir R. L. Bulwer, Last Days of Pompeii*,
b. iv. ch. ii.

Used adjectively.

By the plot, you may guess much of the characters
of the persons; a *braggadocio* captain, a parasite,
and a lady of pleasure.—*Dryden*.

Braggardism. s. Boastfulness; vain ostentation.

Why, Valentine, what *braggardism* is this?

Shakespeare, Two Gentlemen of Verona, ii. 4.

Braggart. s. Boaster.

Who knows himself a *braggart*,
Let him fear this; for it will come to pass,
That every *braggart* shall be found an ass.

Shakespeare, All's well that ends well, iv. 3.

Braggart, adj. Boastful; vainly ostentatious.

Shall I, none's slave, of high-horn or rai'd men
Fear frowns; and my mistress, truth, betray them
To th' lulling *braggart*, just nobility? *Donne*.

Bragger. s. Boaster; ostentatious fellow.

Many yiddly witted *braggers*, which judge them
selves learned, and are nothing less.—*Bate, in*
Leland's New Year's Gift.

The loudest *braggers* of Jews or Greeks are
found guilty of spiritual ignorance.—*Hommond, Ser-*
mons, p. 627.

Such as have had opportunity to sound these
braggers thoroughly, by having sometimes endured
the patience of their selfish company, have found
them, in converse, empty and insipid.—*South*.

Braggot. s. [Welsh, *bragot*, *bragued*;
Cornish, *bragued*.] Infusion of malt; any
sweet drink. *Obsolete*.

His mouth was sweet as *bragot* or the mirth,
Or hard of apples, laid in lay or leeth.

Chapin's, Miller's Tale.

One that knows not neck-loaf from a phasant,
Nor cannot tell *bragot* from an alewife.

Brannant and Fletcher, Little Thief.

Brugging. verbal abs. Act or habit of one
who brags.

If I could win a lady at leap-frog, or by vaulting
into my saddle with my armour on my back, under
the coercion of *brugging* he it spoken, I should
quickly leap into a wife.—*Shakespeare, Henry V.*
v. 2.

In the following extract it seems to mean
indecency and boldness of movement or
posture.

Nor they never knew this new fashion of dancing
of cures, so unbecomable, and full of slinking and
brugging, and uncleanly handlings, gropings, and
kissings.—*Urride, Translation of Virce's Instruc-*
tion of a Christian Woman, sign. K. 3.

Bruggingly. adv. In a brugging manner.

So lively in his own vain humour first,
So *bruggingly* and like himself express'd,
That modern courtiers, when they saw him plaid,
Saw blusht, departed, guilty and betrayed.

Maine, On Reformation and F. Leber, (Rich.).

Bragless. adj. Without boast; without ostentation. *Rare*.

The brut is, Hector's slain, and by Achilles.—
If it be so, yet *bragless* let it be,
Great Hector was as good a man as he.

Shakespeare, Troilus and Cressida, v. 10.

Bragly. adv. Finely, so as to be brugged
about. *Rare*.

Scout not think some hawthorn stud,
How *bragly* it begins to hudy
And utter his tender head?

Spenser, Shepherd's Calendar.

brâhmin. s. [Indian, *brâhman*.]

Indian of the highest, or priestly, caste;
priest.

There we read how Lycurgus travelled into India,
and brought the Spartan laws from that country;
how the ancient *brâhmins* lived two hundred years;
how the earliest Greek philosophers foretold earth-
quakes and plagues, and put down riots by magic,
&c.—*Macaulay, Essays*, Sir W. Temple.

Alexander marched against another town, which
the Greeks describe as if it was inhabited by *Brâh-*
mins only; and these are mentioned as a different
race from the Malli who fled to them for shelter.
We cannot rely on the accuracy of these statements;
but it is certain that in this western border-land of
India the distinction of castes has never been rigidly
observed, and it is possible that, here and elsewhere,
a whole community of *Brâhmins* may have preserved
the purity of their blood, while they engaged in all
the necessary occupations which in theory properly
belonged to the lower castes. These *Brâhmins* were
not warriors, and offered the most determined re-
sistance that Alexander had hitherto encountered
in this campaign.—*Thirlwall, History of Greece*,
ch. liv.

2. Person of high caste and exclusive posi-
tion.

Hitherto the Duke of St. James had been a very
celebrated personage; but his fame had been con-
fined to the two thousand *brâhmins* who constituted
the world. His patronage of the Signora extended
his celebrity in numbers, which he had not antici-
pated; and he became also the hero of ten, or twelve,
or fifteen millions of Parisians, for whose existence
philosophers have hitherto failed to adumbrate a satis-
factory cause.—*Diarciti the younger, The young*
Duke, b. i. ch. iv.

Brâhmîni. adj. Relating to the office or
character of a Brahmin.

The poet's Mussulman princes make love in the
style of Amadis, preach about the death of Socrates,
and embellish their discourse with allusions to the
mythological stories of Thebes. The *brâhmîni* in-
terpreters is represented as an article of the
Mussulman creed, and the Mussulman sultans
burn themselves with their husbands after the
brâhmîni fashion.—*Macaulay, History of Eng-*
land, ch. xviii.

Braid. v. a. [from A.S. *bredan*, itself from
bregdan.—here, as in Brain, the *i* repre-
sents a *y*, which, again, represents a *g*;
for further remarks see Braid, *adj.*]
Plait; weave together.

She anointed herself with precious ointment, and
braided the hair of her head.—*Judith*, x. 3.

Older wands, lying loosely, may each of them be
easily dissociated from the rest; but when *braided*
into a basket, they cohere strongly.—*Boyle*.

Braid. s. [see Braid, *adj.*] Texture; knot;
complication of something woven together.

Listen where thou art sitting,
Under the glossy, cool, translucent wave,
In twisted *braids* of lilac knitting
The loose train of thy amber-dropping hair.

Milton, Comus, 860.

No longer shall thy comely tresses lovk
In flowing ringlets on thy snowy neck,
Or sit behind the head, an ample round,
In graceful *braids*, with various ribbon bound.

Prior.

Many a night I saw the Pleiads, rising thro' the
mellow shade,
Glitter like a swarm of fire-flies tangled in a silver
braid.

Tennyson, Locksley Hall.

Braid. s. [see Braid, *adj.*] Fancy; hu-
mour; freak; caprice. *Obsolete*.

Therefore you women that . . . weene to gouverner
people and nations with the *braids* of your sta-
mackes, you do about to hurle down towres afore
you, and you light upon an hard rock.—*Urride,*
Translation of Virce's Instruction of a Christian
Woman, sign. C. 4.

And if thou suffer thy *braides* to rule thee, they
will bring upon thee a great number of troubles
and miseries, which afterwards thou shalt not
lightly shake off. *Ibid.*, sign. A. 2.

Let the unkind learn now unkindly words, or
waitness, or uncomely gesture and moving of the
body, no not so much as when she is yet ignorant
what she doth, and innocent; for shee shall doe the
same, when she is grown bigger and of more dis-
cretion. . . . And oftentimes such *braides* come
upon them against their will.—*Ibid.*, sign. B. 3.

Braid. s. [see Braid, *adj.*] Start. *Obsolete*.

O, what a ruthless, steadfast eye, methought,
He fix'd upon my face, which in my death
Will never part from me! when with a *braid*,
A deep-fet sigh he gave, and therewithal
Champing his hands, to heaven he cast his sight.

Shakespeare, Tragedy of Coriolanus.

Braid. v. n. [see next entry.] Resemble;
start: (with *of* or *after*).

(For examples see extract from Wedgwood under
next entry.)

Braid. ? adj. See remarks. *Obsolete*.

My mother told me just how he would woo,
As if she sat in his heart: . . .

He had sworn to marry me,
When his wife's dead; therefore I'll lie with him,
When I am buried. Since Frenchmen are so *brâid*
Marry that will, I'll live and die a maid:
Only, in this disguise, I think 't no sin
To cozen him, that would unjustly win.

Shakespeare, All's well that ends well, iv. 2.

[Of this difficult word this is the most
difficult instance. Steevens, who knew that
one of the meanings of the substantive
was a *sudden start*, or *hasty motion*, also
knew that the Anglo-Saxon suggested
another, viz. *craft, wile, trick*. This latter
he preferred. His reference, however, to
the Anglo-Saxon by no means verifies
his interpretation. He writes as if *bredre*,
as an *adjective*, were a current and re-
cognized Anglo-Saxon word; which is
scarcely the case. Bosworth gives us no
instance of it. What he gives are the fol-
lowing *substantives* and *verbs*: *butan bredre*
= without fraud; *gebræde he hine seorne* =
he feigned himself sick; and he enters (but
without examples) the participial form
bredende = deceiving or deceitful.

The word, then, as an *adjective*, is one
which we must not take on trust; inas-
much as, though not an impossible form, it
is not one of the likeliest. The ordinary ad-
jectives to such substantives as the Anglo-
Saxon *brad* and the English *braid* are
bradly and *braily* respectively; and, until
these are found, the commentator who
makes *braid* an adjective is in the same
predicament as one who would identify *wile*,
craft, *trick*, or *haste*, with *wily*, *crafty*,
tricky, or *hasty*.

Even, however, when the adjectival
form is accounted for, the import of its
corresponding substantive has to be con-
sidered. The extract given by Steevens,
the one which is generally quoted to show
that *braid* = wile or trick, is

'Dian rose with all her maids,
Blushing thus at Love his *braids*.'
R. Greene, Star too late.

But it is clear that the sense may also be
spring, attacks, hasty movements; whilst
in Wright and Halliwell's Archaic and
Provincial Dictionary a third possible im-
port (*reproaches*—*up-braidings*) is sug-
gested. The meaning, however, of the
substantive is of less importance than the
non-adjectival character of the form. If
we can make *braid* an adjective, and read
it as if it were *braily*, it matters little
whether the substantive means *wile* or
haste or *caprice*; since it is just as easy
for an individual to be *hasty* as it is for
him to be *wily* or *capricious*, and vice
versa.

In different ways, Horne Tooke as an
early, and Mr. Wedgwood as a late, writ-
ter, connect the word with *bray*; a con-
nection which makes it a participial adjective,
and also explains the form. It is doubt-
ful, however, whether the meaning is pro-
portionably clear. Horne Tooke says that it
means simply *brayed* as in a mortar, and
that the sense is, 'if Frenchmen are so, even
when brayed as in a mortar (? to cleanse or
purify them), I will remain,' &c. An in-
terpretation which few are likely to adopt.

Mr. Wedgwood's reasoning is as fol-
lows:—

'Many kinds of loud harsh noise are represented
by the syllable *bra*, *brn*, with or without a final *d*, *g*,
k, *ch*, *y*. Fr. *braire*, to bray like an ass, *lawl*, *yell*,
or cry out loudly; *bruire*, to rumble, rattle, crash,
to sound very loud and very harshly; *bruyère* to
bellow, yell, roar, and utter a hideous noise. . . .
With a terminal *d* we have Prov. *bruidir*, *bruidir*,
to cry; Port. *bradar*, to cry out, to bawl, to roar as
the sea. OE. to *brâid*, *abraid*, *upbraid*, to cry out,
make a disturbance, to scold.

"Whereat he (Henry IV., on being told that his son had been committed by Gascoigne) a while studying, after as a man all ravished with gladness abrayed with a loud voice." (Elyot in Boucher.)

"... Then as things done on a sudden or with violence are accompanied by noise, we find the verb to *bray* or *brail* used to express any kind of sudden or violent action, to rush, to start, to snatch.

"And thini (the winds) thereat having full great disblint About their clousouris *brays* with many a noyve." (Gawain Douglas, Virgil.)

Translation of — "Magno cum murmure Cirenæ claustra fremunt."

"But when I did as out of sleep abray." (Spenser, Faerie Queen.)

"The miller is a perious man he wiede And if that he out of his slepe abride He might don us both a villany." (Chaucer.)

"The Icel. *bræpt* is explained *mutus qui libet obrepit*; at *bræpt*, instantaneously, at once, as Old English, at a *brail*.

"Icel. *angubragi*, a wink, twinkling of the eye. Then, as the notion of turning is often connected with swiftness of motion, to *brail* acquires the sense of bend, turn, twist, plait.

"Icel. *bræpla*, to braid the hair, weave nets, &c. The Icelandic *bragd* is also applied to the gestures by which an individual is characterised, and hence also to the lineaments of his countenance, explaining a very obscure application of the English *brail*. *Bread*, appearance—Halley; to *brail*, to pretend, to resemble—Halliwell. To pretend is to assume the appearance and manners of another.

"Ye *brail* of the miller's dog," you have the manners of the miller's dog. To *brail* of one's father, to have the lineaments of one's father, to resemble him. Icel. *brægr*, gestus, now; at *brægr aftræium*, to imitate or resemble one.

"On the same principle may be explained a passage of Shakespeare, which has given much trouble to commentators.

"Since Frenchmen are so *brail*, Marry who will, I'll live and die a maid."

"The meaning is simply, 'since such are the manners of Frenchmen,' &c.

The association of some of the conceptions here exhibited is natural; e.g. *sudden noise*, a *start*, a *twist* (whence *plait*), a *turn* (whence *gesture*, *lineament*, &c.) afford an intelligible sequence. More than this, however, is needed for a satisfactory derivation.

The meaning assigned in the foregoing extract to the word in Shakespeare, though it may explain *brail*, scarcely gives to *so* its true import. *So* is, apparently, an adverb expressive not so much of resemblance as of degree; and, as such, one which would be translated into Latin by *adco*, rather than by *ita*, *sic*, or *ad hunc modum*. Instead of *brail*, write *mannered*, simply meaning *with manners*; and the adverb we prefix is *thus* rather than *so*: because in *manners* in general the question of degree has no prominence; neither is there any definite comparison made with something else. It is only when we are referring manners to some standard of comparison, or measuring the amount of some quality by which they are characterized, that *so*, in accurate writing, finds place. We say *so well bred* or *so ill bred* twenty times, where we say *so bred* once.

Still, the etymological connection of *brail* with *bray* seems real; it being, etymologically, the connection of *staid* (= steady) with *stay*. The sense is less clear. It may mean *wily*, *capricious*, or *hasty*; but it may also mean anything that can be deduced from any signification of a word of very wide and loose import; and this the series of notions connected with the word *turn* has shown the term in question to be. Which of such real or possible meanings best suits the context is a matter for the special Shakespearean critic, rather than for the lexicographer, who, in the present case, with meanings in excess to choose from, has only to consider the *form* of the word, and the construction required for the grammar

of the sentence in which it occurs. From this view he can only regard it as a *participle* or *participial adjective* from *bray*, in which the notion of quick motion is sufficiently clear to allow of its being contrasted with *stay*; though the details of such an opposition are obscure.

Etymologically and grammatically, this is the only form he can recognize.

Of *brail* being an adjective in which the final *d* is radical, as in *mad*, &c., there is no evidence; whilst a derivative adjective without the derivational termination *y* or *ig*, is as unlikely as such an adjective as *wile* or *haste* = *wily* or *hasty*.

A participle, too, in which the two *d*'s have become fused into one (*braided*, *braid'd*, *brail'd*) is equally unlikely. Where we do not say *bended*, we say *bent*, not *bend*. In short, *bray* is the only word which will give what is required, viz. a participle or participial adjective in *d*. At any rate, commentators should fix their attention on the right point, which is not so much the question as to the import of the radical part of the word, as the explanation of an adjective with a substantival form.]

Braided. *part. adj.* In, or with, braids, plaits, or knots.

Close the serpent's skin,
Inshunting, wore with cordant twine
His braided train. Milton, Paradise Lost, iv. 347.
A ribband did the braided tresses bind,
The rest was loose, and wand'ring in the wind.

Since in braided gold her foot is bound,
And a long trailing mantle sweeps the ground,
Her shoe disdains the street. Gay, Trivia.
And back to childhood shall the mind with pride
Recount thy embowments in many a ride
To pond, or field, or village-fair, when thou
Heldst high thy braid'd mane and comely brow.

Bloomfield, Farmer's Boy, Winter.
He created a new sensation in the sedate circle,
Not only by his braided surtouts, jewelled fingers,
And various neck-lankerschiefs, but by calculations
Counted for everything in the world but elegant
enjoyment.—Dulford, Memoirs of C. Lamb.

Where all
The sloping of the moon-lit sward
Was damask-work, and deep inlay
Of braided blooms unshown, which crept
Adown to where the waters slept.

Tennyson, Recollections of the Arabian Nights.

Brail. *s.* [see extract.] Ropes for tying up a sail.

The mainsail, by the storm so lately rent,
In streaming pendants flying, is unrent;
With *brails* reefed, and her soon prepared
Ascending spreads along beneath the yard.

Falconer, Shipwreck, ii.
[From French *bracies*, breeches, drawers, was formed *brayele*, *braye*, the breech or part of the breeches joining the two legs. A slight modification of this was *brayent*, the feathers about the hawk's fundament, called by our falconers the *brayle* in a short-winged, and the *pumel* in a long-winged hawk.—Cotgrave. From *brayel*, or from *brail* itself, is also derived French *debrailler*, to unbrace or let down the breeches. . . . Hence English *brails*, the thongs of leather by which the pen-feathers of a hawk's wing were tied up; to *brail* up a sail, to tie it up like the wing of a hawk, to prevent its catching the wind.—Wedgwood, Dictionary of English Etymology.]

Brail. *v. a.* Tie up with a brail.

'Brail up the mizen, quick!' the master cries.
Falconer, Shipwreck, ii.

Brain. *s.* [A.S. *brægen*.] As this is one of the earliest words in a large class, it may serve as a text for some remarks; the nature of which was foreshadowed in the reference under *Braid*, *v. a.*

As a general rule, all words of immediate Anglo-Saxon origin in which a *i* is followed by *r*, and pronounced as the *a* in *father*, were, in an earlier stage, most probably diphthongal in sound as well as in spelling, the *a* being pronounced as in *father*, and the *i* as *y*. Such, indeed, is the present provincial pronunciation in many districts, where the combination is sounded in a drawing manner, as *brâh-in* or *brâ'in*. This is

really the sound of the *i* in *wine*, and the *igh* in *night*; i.e. of what we call in English the long *i*, but which is, in reality, a diphthong. In German this is shown more clearly; the *ei* being generally used to represent the same sound as our long *i*. In a few words the *ai* is employed; viz. in *waitzen* = wheat, and in *Baiera* = Bavaria; pronounced *Beiern* and *weizen*; i.e. as *Biern* and *witzen*, in English.

Earlier still this *y* was a *g*, so that words like *brain*, *rain*, *tail*, *sail*, and their congeners, were dissyllables, i.e. *brægen*, *regen*, *lægel*, *ægel*, &c. This original softening and final elimination of the *g* between two vowels, is a very common phenomenon in the languages akin to our own. In the Danish (at least of Copenhagen), though it stands in print, it is almost always elided in speech; and that between any two vowels: so that *ægel* is pronounced *seil*; *duger*, *dner*, &c.

The chief peculiarity, however, of the Anglo-Saxon is that the first sound was represented by an *a*; whereas in the allied languages it was represented by an *e*. Thus, in all probability, was a point of spelling only; the Anglo-Saxons using *a*, where others used *e* with the German, Danish, and French power. And even this was, 'probably, an apparent, rather than a real peculiarity. In the first place, the Anglo-Saxon spelling was generally with *a*, the diphthong rather than the simple vowel: in the second, there were probably two sounds; one corresponding with the open (*ouert*), the other with the close (*fermé*), of the French.

At any rate, it is safe to assume that the combination *ai*, in words straight from the Anglo-Saxon, has grown directly out of the diphthong, and indirectly out of the sound of *a + g* followed by a vowel. Hence the root of words like *brain*, *rain*, &c., is generally dissyllabic, with the first syllable ending in *g*; a *g* which must always be borne in mind when we deal in any question of comparative philology.

This rule applies even to words which came into the Anglo-Saxon from the Latin, e.g. *flail* from *flagellum*, and others; the same being the case in Danish; where *speegel*, from *speculum*, is pronounced *spvil*.

In some of the Continental reprints of Anglo-Saxon works, this *a* is written *i*, when the sound is believed to be open, i.e. the French *e ouert*; though without sufficient warrant from MSS.]

Great mass of nervous matter forming the central organ of sense and motion.

If I be served such another trick, I'll have my *brains* twen out, and buttered, and give them to a dog for a new year's gift.—Shakespeare, Merry Wives of Windsor, iii. 5.

That man proportionably hath the largest *brain*, I did, I confess, somewhat doubt, and conceived it might have failed in birds, especially such as having little bodies, have yet large crania, and seem to contain much *brain*, as snipes and woodcocks; but, upon trial, I find it very true.—Bacon, Vulgar Errors.

Part in which the understanding is placed; therefore used for the understanding, intellect, power of conception, comprehension, mental capacity, notion, &c.

Ladies that call themselves collegiates, an order between courtiers and country-madams, that live from their husbands; and give entertainment to all the wits, and braveries of the time, as they call 'em; cry down, or up, what they like or dislike in a *brain* or fashion, with most masculine or rather hermaphroditical authority.—H. Jonson, Epicure.

God will be worshipped and served according to his precept word, and not according to the *brain* of man.—Archbishop Sankey, Sermons, fol. 123 b.

My son Edgar; had he a hand to write this, a heart and brain to breed it in?—*Shakespeare, King Lear*, i. 2.

The force they are under is a real force, and that of their fate but an imaginary conceived one; the one but in their brains, the other on their shoulders.—*Hammond, On Pundamentalis*.

A man is first a geometer in his brain, before he be such in his hand.—*Sir Matthew Hale, Origin of Mankind*.

The ablest man, being most feared by his opponents, were almost invariably struck off—a process familiarly known as 'knocking the brains out of the Committee.'—*T. Erskine May, Constitutional History of England*, vol. I. ch. vi.

Brain. v. a. Dash out the brains; kill by beating out the brains.

Why, as I told thee, 'tis a custom with him I' th' afternoon to sleep; there thou may'st brain him.—*Shakespeare, Tempest*, iii. 2.

They invent a slander—that the Jews were naturally to their wives the cruellest men in the world; would poison, brain, and do I know not what if they would not divorce.—*Milton, Tetrachordon*.

Nor let grey hairs have protection given To age, just crawling on the verge of life; Snatch from its leaning hands the weak support, And with it knock 't into the grave with sport; Brain the poor cripple with his crutch, then cry, You've kindly rid him of his misery.

Oldham, Satire on the Jesuits, l. Next seiz'd two wretches more, and heading east, Brain'd on the rock, his second dire repeat.

Pope, Homer's Odyssey.

Brainish. adj. Hoththeaded; furious.

In his lawless fit,

Behind the arras bearing something stir, He whips his rapier out, and cries, a rat! And, in his brainish apprehension, kills The unseen good old man.—*Shakespeare, Hamlet*, iv. 1.

Brainless. adj. Silly; thoughtless; witless. Some brainless men have, by great travel and labour, brought to pass, that the church is now ashamed of nothing more than of saints.—*Hooker*, v. 20.

If the dull brainless Ajax come safe off, We'll dress him up in robes.

Shakespeare, Troilus and Cressida, ii. 3.

The brainless stripling, who, expell'd the town, Dismur'd the stiff college and pedantic gown, Awd by thy name, is dumb.

Pickell.

There, fitly brazen by his famed father's hand, See Gibber's brazen brainless brothers stand.

Pope, Dunciad.

Brainpan. s. Skull containing the brains.

And a certain woman cast a piece of millstone on Alimelch, and all to smite his brainpan.—*Judges*, ix. 53. (*Bible of Henry VIII.*)

With a whim wham Kilt with a trim tram Upon a brayne pan, Like an Egyptian Capped about When she goeth out Herself to show.

Skelton, Tunning of Rhynour Kunning.

You are wise.

Your honourable brain-pan full of eruditions.

Assaunt and Pickers, Gooden, v. 2.

With those huge bellows in his hands, he blows New fire into my head: my brainpan glows.

Dryden.

Brainstick. adj. Diseased in the understanding; addle-headed; crotchety; fantastic; giddy; thoughtless.

Nor once deject the courage of our minds, Because Cassandra's mind; her brainstick raptures Cannot distaste the goodness of a quirel.

Shakespeare, Troilus and Cressida, ii. 2.

They were brainstick men, who could neither endure the government of their king, nor yet humbly receive the authority of their deliverance.—*Audley, History of the Turks*.

Son and brother to a queer Brainstick brute they call a peer.

Swift.

He swaggered about, brandishing his naked sword, and crying to the crowd of spectators who had assembled to see the army march out of Tainon, 'Look at me! You have heard of me. I am Ferguson, the famous Ferguson, the Ferguson for whose head so many hundred pounds have been offered.' And this man, at once unprincipled and brainstick, had in his keeping the understanding and the conscience of the unhappy Monmouth.—*Macaulay, History of England*, ch. v.

Brainsickly. ado. In a brainsick manner. Rare.

Why, worthy thane,

You do unbend your noble strength to think So brainsickly of things. *Shakespeare, Macbeth*, ii. 2. In the question about *arabes*, M. Parvus, venturing his scrupulous mirth, 'M. Morton hath a shift to deceive his reader.' Bitterly and brainsickly too, for afterwards he was compelled to confess, that the letters set down, for his direction in the margin, were so dim, that he mistook them.—*Bishop Morton, Discharge*, p. 219.

Braise. s. [*Lat. pagrus.*] Fish so called (*Sparus Pagrus*).

There is considerable similarity in outward form between the true pagrus and the chrysophrys; but the colour of the braise and the circumstance of its possessing but two molar teeth are sufficient to distinguish it. In the North of Ireland a fish belonging to the Sparidae is taken and called the brazier, which is said to be the pagrus, but which may prove to be the common sea-bream.—*Tarrell, British Fishes*.

Braise. v. a. In Cookery. Operation so called. See extract.

To braise the inside (or small fillet, as it is called in France) of a sirloin of beef, raise the fillet clear from the joint; and with a sharp knife strip off all the skin, leaving the surface of the meat as smooth as possible. Line the bottom of a stewpan (or braising-pan, with slices of bacon, &c. Common cooks sometimes stew meat in a mixture of butter and water, and call it braizing.—*E. Acton, Modern Cookery*, p. 163.

Braising. verbal abs. (and as either an adjective or the first element in a compound.) Process in cookery, by which anything is braized.

(For example see extract under preceding entry.)

Brake. s. [see last extract.] Thicket of branches or of thorns.

'Tis but the fate of place, and the rough brake That virtue must go through.

Shakespeare, Henry VIII., i. 2.

In every bush and brake, where hap may find The serpent sleeping. *Milton, Paradise Lost*, ix. 100.

Full little thought of him the gentle knight, Who, flying death, had there consoled his flight; In brake and brambles hid, and shunning mortal sight.

Dryden, Fables.

From thy own smile I smothered the snake;

For there it coiled as in a brake.

Byron, Manfred, i. 1.

[The meanings of brake are very numerous, and the derivation is entangled with influences from different sources. A brake is: 1. A bit for horses; a wooden frame in which the feet of vicious horses are confined in shoeing; an old instrument of torture; an inclosure for cattle; a carriage for braking in horses; an instrument for checking the motion of a wheel; a mortar; a baker's kneading trough; an instrument for dressing flax or hemp; a harrow. (Halliwell.) 2. A bushy spot, a bottom overgrown with thick tangled brushwood. 3. The plant fern. The meanings included under the first head are all reducible to the notion of constraining, confining, compressing, subduing. . . . In the foregoing examples brake is used almost exactly in the sense of the Latin *subigere*, expressing any kind of action by which something is subjected to external force, brought under control, reduced to a condition in which it is servicable to our wants, or the instrument by which the action is exerted.

Inclusive brake, subigere, to subdue. In this sense must be explained the expression of breaking in horses, properly braking or subduing them. To the same head must be referred brake, a horse's bit, Italian *bracca*, a horse's twitch. A.S. *bracan*, to pound, to knead or mix up in a mortar, to rub, Latin in mortaria *subigere*. . . . The French *brayer* is also used for the dressing of flax or hemp, passing it through a brake or frame consisting of boards loosely touching in each other, by means of which the fibre is stripped from the stalk or core, and brought into a servicable condition. As there is so much of actual breaking in the operation, it is not surprising that the word has here, as in the case of horse-braking, been confounded with the verb *brak*, to fracture. We have thus Dutch *bracken*, het vlnsch, frangere limum (Bogelton). . . . It is remarkable that the term for braking flax in Lithuanian is *brakkti*, signifying to break, to crush, to strip. The Icelandic *brak* is a frame in which skins are worked backwards and forwards through a small opening, for the purpose of incorporating them with the grease employed as a dressing. . . .

In the case of the English brake, Gaelic *braca*, a harrow, Danish *brage*, to harrow (*Lat. gladius subigere, agulus subigere, aratra*), the notion of breaking down the clods again comes to perplex our derivation.

In other cases the idea of straining or exerting force is more distinctly preserved. Thus the term brake was applied to the handle of a cross-bow, the lever by which the string was drawn up, as in Spanish *bragar* el arco, to bend a bow, French *braquer* un canon, to bend or direct a canon. The same name is given to the handle of a ship's pump, the member by which the force of the machine is exerted.—*Wagwood, Dictionary of English Etymology*.]

Brake. s. [see preceding extract.] Sharp bit or snaffle for horses; machine in which horses unwilling to be shod are confined during that operation; restraint.

Who rides his rage with reason's brake.

Turberville.

Brake. s. [*Fr. braquer*, as in *braquer un canon* = level or plant a cannon.] That which moves a military engine to any particular point.

They view the iron rams, the brakes, and alluges.

Richards, Translation of Tasso.

Brake. s. [see first Brake.] Name applied to several implements, for which see extracts; see also Boon (of flux).

Hee vithin, Auglice a brake, under the heading, 'Cyperus cum suis instrumentis,' and then a little lower down the same entry under 'Fistur cum suis instrumentis.' *Pictorial Vocabulary* (15th century); *Vocabularies in Library of National Antiquities*, p. 276, col. 1. (Wright.)

Brake is used of a furrier's instrument otherwise called barnacles. The word also occurs for a baker's treading-trough. Brake in the hempen manufactory denotes a wooden toothed instrument, wherewith to urbane and break the hump of hemp, and separate it from the rind. The brake of a pump is the handle or lever by which it is managed.—*Rees, Cyclopaedia*, in vev.

The brake, krudder, or levelling harrow, is a valuable implement on strong clayey soils.—*London, Encyclopaedia of Agriculture*, p. 415.

Brake. s. Same as Bracken.

Others [leaves] are parted small, like our fern or brake.—*Terry, Voyage*, p. 105.

[The power of the -en in Bracken is uncertain. It has been treated (1) as the sign of the feminine gender, i.e. as the -en in Vixen, or the German -in; (2) as the -en in ozen, i.e. as a sign of the plural number; and (3) as the Keltic sign of the singular number in opposition to the collective form, e.g. Breton, brech = fern in general, brechyn = a single plant. As we say bracks, bracken, and brackens indifferently, it is clear that the termination, at present, has no definite import.]

Braky. adj. After the manner of a brake; thorny; prickly; rough.

Redden arts from their rough and braky seats, where they lay hid and overgrown with thorns, to a pure, open, and flowery light, where they may take the eye, and may be taken by the hand.—*B. Jonson, Discourses*.

If he had us through braky thickets and deep sloughs, know, that I know this the nearer way, though more cumbersome.—*Bishop Hall, Heures upon Earth*.

Brámble. s. [*A.S. bremel, bremel*.—the b is inorganic, i.e. no part of the word, but an insertion, on phonetic principles, between the m and l, which, from the light sound given to the e, are brought into contact; the sound of the word having been *bremel*, rather than *brem-el*, or *bre-mel*.]

1. Plant of the genus *Rubus*; blackberry; raspberry. (Used adjectively in extract.)

Content with food, which nature freely bred, On wildings and old strawberries the fool; Corns and bramble berries gave the rest, And falling acorns furnish'd out a feast.

Dryden, Translation from Ovid.

2. Any rough prickly shrub.

Hea tribulus, Anglice brame.—*English Vocabulary* (16th century); *Vocabularies in Library of National Antiquities*, p. 192, col. 1. (Wright.)

The bush my bed, the bramble was my bower, The woods can witness many a woeful story.

Spenser, Pastoral.

There is a man haunts the forest, that abuses our young plants with carving Rosalind on their bark; hangs odes upon Hawthorn, and elegies on *brambles*; all, forsooth, deifying the name of Rosalind.—*Shakespeare, As you like it*, iii. 2.

Used as an adjective, or the first element in a compound.

Thy younglings, Cuddy, are but just awake, No thrushes shrill the bramble bush forsake.

Gay, Pastoral.

Bramble-rose, faint and pale, And long purples of the slake.

Tennyson, A Dirge.

That the word originally had a wider import may be seen from the following extract.

[The word *bramble* itself was applied in a much wider sense than it is at present to any thorny growth, as A.S. *brámbe-appel*, the thorn apple or stramonium, a plant bearing a fruit covered with spiky thorns; and in Chaucer it is used of the rose.

And sweete as is the bramble flower That beareth the red hew. (Sir Topaz.) A.S. *bramas* and *bremelas*, thorns and briars. (*Gen.*

BRAMBLE-FINCH } BRAM

iii. 18.) — *Wedgwood, Dictionary of English Etymology*.

Bramble-finch. *s.* Same as Brambling.

Brambled. *part. adj.* Overgrown with brambles or briars.

Beneath yon tower's unvaulted eave,
Forlorn she sits upon the *brambled* floor.

T. Warton, *Odes*, iii.

Brambling. *s.* Bird so called (*Fringilla Montifringilla*).

The mountain fluch, *brambling*, or *bramble-fluch*, is, in this county, a winter visitor only; but in reference to the time at which it makes its appearance, as well as to the number of the birds that arrive, there is considerable variation in different years, both events probably depending upon the temperature of the country from which they have emigrated. — *Forrest, British Birds*.

Bramin. *s.* Same as Brahmin.

Take, ye man, the reward of all your pray'rs,
Where heroisms and where *bramins* meet with theirs;
Your portion is with them, — may never frown,
But, if you please, some fathoms lower down.

Croquer, *Truth*, 168.

Braminical. *adj.* Same as Brahminical.

The sacred pre-eminence of the *braminical* tribe.
— *Holth, Preface to Code of Gentoo Laws*.

Branch. *s.* [*Fr. bran.*]

1. Outer covering of corn when ground: (as opposed to the *meat*).

Per baderer est *crever*.
La fleur, c'est le fruit (*bran*) demoré.
Walter de Bibbesworth; Vocabularius in
Library of National Antiquities.
From me do back receive the flower of all,
And leave me but the *bran*.

Shakespeare, *Coriolanus*, i. 1.

The citizens were driven to great distress for want of victuals; bread they made of the coarsest *bran*, moulded in *Monks*; for otherwise it would not cleave together. — *Sir J. Heywood*.

2. Used *figuratively*. Quality; kind.

They add more particulars of the same *bran*.
— *Jeremy Taylor, Dissuaves from Hypocrisy*, ch. iii. § 3.

Brand-new. *adj.* Same as Brand-new.

Dillon-upon-Thames has been blessed by the residence of a poet who, for love or money, I do not well know which, has dignified every grave-stone, for the last few years, with *brand-new* verses, all different, and all ingenious, with the author's name at the bottom of each. — *Lamb, Letter to Wordsworth*.

Brancard. *s.* [*N.Fr. brancul* and *brancar*.] Horse-litter; anything that has arms or outthrusting side-beams, and is to be carried by or between two horses. The thing, rather than the word, *obsolete*.

The gentleman proposed, that he would either make use of a boat to New-port or by land, or a *brancard* to St. Omer's; either of which he would cause to be provided against the next morning. — *Lord Clarendon, Life*, iii. 301.

My bed was placed on a *brancard*; my servants followed in chairs, and in this equipage I set out. — *Lady M. W. Montague, Letters*, June 23, 1752.

Branch. *s.* [*Fr. branche*.]

1. Shoot from a main bough.

a. Of a tree.

Why grow the *branches* when the root is gone?
Why wither not the leaves that want their sap?
— *Shakespeare, Richard III.*, ii. 2.

b. Of a plant: (less common).

I found likewise near Huntingdon, a plant which, the last year, I observed not far from St. Neots, requiring to wait on you, which puzzles me more; it is between a grass and a caryophyllus. . . . I have sent you a little *branch* of it for your judgement about it. — *Ray, Correspondence*, p. 4.

c. From a stem or main trunk in general.

And six *branches* shall come out of the sides of it; three *branches* of the candlestick out of the one side, and three *branches* of the candlestick out of the other side. — *Exodus*, xxv. 32.

His blood, which disperseth itself by the *branches* of veins, may be resembled to waters carried by brooks. — *Sir W. Raleigh, History of the World*.

Root and branch. Totally.

He's ruined *root and branch*—ruined in goods and name. — *Sala, The Ship-Chaunter*.

2. Smaller river running into a larger. (In the following extract it seems, at first, as if arms given off from the main river, such as the mouths of the Nile and Danube, were called branches. The river, however, is followed upward; i.e. from the mouth to the head.)

If, from a main river, any *branch* be separated and

BRAN

divided, then, where that *branch* doth first bound itself with new banks, there is that part of the river where the *branch* forsaketh the main stream, called the head of the river. — *Sir W. Raleigh, History of the World*.

3. Any part of a family descending in a collateral line.

His father, a younger *branch* of the ancient stock planted in Somersetshire, took to wife the widow. — *Croce, Survey of Cornwall*.

4. Offspring; descendant.

Great Anthony! Spain's well-beseeming pride,
Thou mighty *branch* of emperours and kings!
— *Crashaw*.

5. Antler.

This group, however, is clearly distinguished by the simplicity of their horns; they being destitute of *branches* or processes at every age. — *Hamilton Smith*, iv. 139.

6. Member or part of the whole; distinct article; section or subdivision.

Your oaths are past, and now subscribe your names,
That his own hand may strike his honour down,
That violates the smallest *branch* herein.

Shakespeare, *Love's Labour's Lost*, i. 1.
The belief of this was of special importance, to confirm our hopes of another life, on which so many *branches* of christian piety do immediately depend. — *Hammond, On Pseudepistola*.

In the several *branches* of justice and charity, comprehended in those general rules, of loving our neighbour as ourselves, and of doing to others as we would have them do to us, there is nothing but what is most fit and reasonable. — *Archbishop Tillotson*.

This precept will oblige us to perform our duty, according to the nature of the various *branches* of it. — *Boyle*.

In the United States of America, the places of education are gradually forming a body of scientific professors; the study of jurisprudence and of some *branches* of politics has made great progress; the physical sciences are not neglected, and an active taste for literature pervades the whole country. — *Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. iii.

Branch. *v. n.*

1. Spread or divide.

a. Into *branches*.

They were trained together in their childhoods, and there rooted betwixt them such an affection, which caused choose but *branch* now. — *Shakespeare, Winter's Tale*, i. 1.

The cause of scattering of the boughs is the hasty breaking forth of the sap; and, therefore, those trees rise not in a body of any height, but *branch* near the ground. The cause of the remains is the keeping in of the sap, long before it *branch*, and the spreading of it when it becometh to *branch*, by equal degrees. — *Bacon, Natural and Experimental History*.

One sees her thighs transform'd, another views her arms shot out, and *branching* into boughs. — *Addison, Translation from Ovid*.

b. Into separate and distinct parts and subdivisions.

If we would weigh, and keep in our minds, what it is we are considering, that would best instruct us when we should, or should not, *branch* into further distinctions. — *Locke*.

With out: (perhaps the commoner construction).

The Alps at the one end, and the long range of Apennines that passes through the body of it, *branch* out, on all sides, into several different divisions. — *Addison, Travels in Italy*.

2. Speak diffusively, or with distinction of the parts of a discourse: (with out).

I have known a woman *branch* out into a long dissertation upon the edging of a petticoat. — *Spectator*, no. 217.

Branch. *v. a.*

1. Divide us into branches.

The spirits of things animate are all continued within themselves, and are *branched* into canals as blood is; and the spirits have not only *branches*, but certain cells or seats where the principal spirits do reside. — *Bacon, Natural and Experimental History*.

2. Adorn with needlework in a branching pattern.

In robe of lily white she was array'd,
That from her shoulder to her heel down raught,
The train wherof loose far behind her stray'd,
Branched with gold and pearl most richly wrought.
— *Spenser, Faerie Queen*.

May the moths *branch* their velvets.

Beaumont and Fletcher, *Philaster*.

Your *branch'd* cloth of bodkin. — *Ibid.*

Brancher. *s.* [from *branch*.] That which shoots out into branches.

BRAN

If their child be not such a speedy spreader and *brancher*, like the vine, yet perchance he may yield, though with a little longer expectation, as useful and more sober fruit than the other. — *Sir H. Wotton*.

Brancher. *s.* [from *Fr. branchier*.] In Falconry. Young hawk.

I enlarge my discourse to the observation of the *brancher*, and the two sorts of leathers. — *I. Walton, Complete Angler*.

Branchio. *s.* [*Lat.*] Apparatus for respiring water; gills.

Their retention in these large American newts, with the superadded persistency of the *branchio* themselves in *Membranichus*, *Siren*, and *Proteus*, are amongst the most significant evidences of the manifestation of generic characters through arrested stages of one general course of transmutational development. — *Owen, Anatomy of Vertebrates*, § 90.

Branchial. *adj.* Appertaining to branchia or gills.

Before the larva [of the frog] quits the egg, a temporary tubercle buds out in front of the *branchial* cleft, and soon shoots into a trifid appendage, each process lengthening and bifurcating after the larva is extricated. These filaments, of cylindrical shape, support each a single capillary loop, washed out from the primitive vascular arch, and are covered by ciliated epithelium, producing the currents indicated. The *branchial* cavity communicates at first, as in *Branchiostoma*, with the abdominal one, as well as with the outer surface by the *branchial* clefts. About the fourth day these simple outer gills begin to shrink; they are absorbed by the seventh day. The cutaneous arches, also beginning to shrink, become more internal by the progressive growth of the head. — *Owen, Anatomy of Vertebrates*.

Branchiness. *s.* Attribute suggested by Branchy; abundance of branches.

Sometimes the rudeness of the leaves, bark, and grain, may deserve the distinction; to which Aristotle adds *branchiness*. — *Edlyn, Sylva*, p. 500. (Ord 318.)

Branching. *part. adj.* Spreading in, or as, branches.

a. Applied to trees.

Plant it round with shade
Of laurel ever-green, and *branching* palm.
— *Milton, New-born Annotator*, 1754.
Straight as a line in boundless order stood
Of oaks mushroom a venerable wood.
Fresh was the grass beneath, and every tree
At distance planted in a due degree.
Their *branching* arms in air, with equal space,
Stretch'd to their neighbours with a long embrace.

Lady Clara Vere de Vere,
You put strange memories in my head,
Not three your *branching* lines have blown
Since I beheld young Laurence dead.
— *Tennyson, Lady Clara Vere de Vere*.

b. Applied to stags with their antlers.

The swift stag from under ground
Bore up his *branching* head.
— *Milton, Paradise Lost*, vii. 4-6.
As day awakes
The *branching* stag swept down with all his herd,
To quaff a brook which murmured like a bird.
— *Byron, Don Juan*, xiii. 36.

Branchless. *adj.*

1. Without shoots or boughs.

Quite round the pile, a row of evergreen elms,
Cheval near with that, all rugged shew,
Long lash'd by the rude winds: some rift half-bow
Their *branchless* trunks. — *Barry, The Grove*.

To be thus
Grey-haired with anguish like these blasted pines,
Wrecks of a single winter, luckless, *branchless*.
— *Byron, Manfred*, i. 1.

2. Without any valuable product; naked.

If I lose mine honour,
I lose myself; better I were not yours,
Than yours so *branchless*.
— *Shakespeare, Antony and Cleopatra*, iii. 4.

Branchy. *adj.* Full of branches; spreading.

Trees on trees o'erthroned,
Fall crackling round him, and the forests groan;
Sudden fall twenty on the plain are strow'd
And lopp'd, and lighten'd of their *branchy* load.
— *Pope*.

What carriage can bear away all the various, rude,
and unwieldy hoppings of a *branchy* tree, at once? — *Watts*.

Thus go they plunging; rustle the owl from his *branchy* nest; clump the sweet-scented forest-hedge, queen-of-the-meadows, spilling her spikenard; and frighten the ear of night. — *Carlyle, French Revolution*, pt. ii. h. iv. cii. vii.

The fat earth feed thy *branchy* root,
That under deeply strikes!
The northern morning o'er thee shoot,
High up, in silver spikes!

Tennyson, *The Talking Oak*, lxx.

Brand, v. a.

1. Mark with a hot iron.

a. As a punishment.

I was once taken upon suspicion of burglary, and was whipt through Thetoes, and branded for my pains.—*Dryden, Amphitruon*.

If they refused, we be to them. They became unruly sons of the church, and were bidden to be imprisoned, to be fined, or to be whipped, or to be branded with a hot iron, or to do penance before the whole congregation, humbling themselves, barefooted, and with their hair cut on one side, while the minister, under pretence of rebuking them, enjoyed his triumph.—*Buckle, History of Civilization in England*, vol. ii. ch. iv.

b. As a trademark.

Every cooper, &c., shall brand every cask or vessel [for the packing of butter] with his surname and christian name at length.—*Act of Parliament*, 56 Geo. 3. c. 94.

2. Stigmatize: (in general, as a note of infamy).

Have I liv'd thus long a wife, a true one,
Never yet branded with suspicion?

Shakespeare, Henry VIII. iii. 1.

The king was after branded, by Perkin's proclamation, for an execrable breaker of the rights of holy church.—*Bacon*.

Brand not their notions with so foul a name;
Pity, at least, what we are forced to blame.

Dryden.

Ha! dare not for thy life, I charge thee, dare not
To brand the spotless virtue of my prince.

Rosier.

Our Punick faith
Is infamous and branded to a proverb.

Addison, Cato.

The spreader of the parolous answered him an easier way, by branding him with heresy.—*Bishop Atterbury*.

All who failed to appear were branded as nidding or craven, and disarmed for life.—*C. H. Pearson, The early and middle Ages of England*, ch. xxv.

Brand, s. [A.S. brand, from brennan—burn.]

1. Piece of wood lighted, or fit to be lighted, in the fire.

Take it, she said, and when your needs require,
This little brand will serve to light your fire.

Dryden, Fables.

If, with double diligence, they labour to retrieve the hours they have lost, they shall be saved; though this is a service of great difficulty, and like a brand plucked out of the fire.—*Rogers*.

I told her of the knight that wore
Upon his shield a burning brand;
And that for ten long years he wooed
The Lady of the Land.

Coleridge, Love.

2. Mark made by burning a criminal with a hot iron, to note him as infamous; stigma.

Clerks convicted should be burned in the hand, both because they might bestir of some corporal punishment, and that they might carry a brand of infamy.

Bacon, History of the Reign of Henry VII.
The robes of good and evil are inverted, and a brand of infamy passes for a badge of honour.—*Sir R. L'Estrange*.

3. Any note of infamy.

Where did his wit on learning fix a brand,
And rail at arts he did not understand.

Dryden, Mac Flecknoe.

Tories and Whigs had conspired, or had affected to conspire, in paying honour to Walker and in putting a brand on Ludlow.—*Maccarty, History of England*, ch. xiv.

4. Trademark.

The system of forcing names and brands is not so frequent in France as in Germany, the punishment in the former country being very severe.—*Shaw, Wine, the Vine, and the Cellar*, p. 240.

5. Thunderbolt.

Have I caught thee?
He that parts us shall bring a brand from heaven
And fire us hence.
The sire omnipotent prepares the brand,
By Vulcan wrought, and arms his potent hand.

Grassville.

6. Sword. [perhaps from Brandon.]

They looking back, all the eastern side beheld
Of paradise, no late their happy seat!
Way'd over by that flaming brand; the gates
With dreadful faces throng'd, and fiery arms.

Milton, Paradise Lost, xii. 641.

I am so deeply smitten through the helm
That without help I cannot last till morn.
Thou therefore take my brand Esculapian,
Which was my pride.

Templeton, Morte d'Arthur.

Brand-new, adj. Quite new: (as if fresh from being branded with a trademark).

Two pair of brand-new plumpers.—*Tutler*, no. 245. (Ord. M.S.)

Brand, in all its uses, whether firebrand or brand of infamy (i.e. stigma, itself a participle of *crēdo*), or brand-new (i.e. newly burned), is merely the past participle of the verb to *brenn*; which we now write

Vol. I.

to burn.—*Horne Tooke, Dissertations of Parley*, pt. II. ch. iii.**Brandenburg, s.**

1. Frog, or tassel, such as was worn on Prussian coats.

He wore a coat, the cloth of which had once been scarlet, trimmed with *brandenburgs*, now totally deprived of their tinsel; and he had holster-caps, and housings of the same stuff and same antiquity.
Smollett, Expedition of Humphry Clinker.

2. Title of an illegitimate son of Frederic III. of Prussia.

But Pa says, on deeply considering the thing,
'I am just as well pleased it should not be the king:
As I think for my Biddy, so gentle and jolly,
Whose charms may their price in an honest way
fetch,
That a *Brandenburg* (what is a *Brandenburg*,
Dolly?)
Would be, after all, no such very great catch.'

Moor, Fudge Family in Paris, let. 10.
Oh! Pa all along knew the secret, 'tis clear;
'Twas a shopman he meant by a *Brandenburg*,
dear.

Ibid. let. 12.

Brandgoose, s. See Brent-goose.**Branding, part. adj.** Stamping as with a brand.

Inswathed sometimes in wandering mist, and twice
Black'd with thy branding thumb.

Travayson, St. Simon's Splinter.

Brandish, v. a. [N. Fr. brandir, part. brandissant.] Wave, shake, or flourish: (as a weapon).

I will make many people amazed at thee, and their
kings shall be horribly afraid for thee, when I shal
brandish my sword before thee.—*Ezekiel*, xxxii. 10.
He said, and brandishing at once his blade,
With eager pace pursued the flaming shade.

Dryden.

Let me march their leader, not their prince;
And at the head of your renown'd Cydonians,
Brandish this sword.

Smith, Phadras and Hippolytus.

Has death greiv'd
A true, and hang his sated lance on high?
'Tis brandish'd still; nor shall the present year
Be more tenacious of her human life.

Young, Night Thoughts, ix.

Having so said, both he and Adams brandish'd
their wooden weapons, and put themselves into such
a posture, that the squire and his company thought
proper to premeditate before they offered to re-
venge the cause of their four-footed allies.—*Pieling, Adventures of Joseph Andrews*.

The thousands who were disappointed of their re-
venge pursued the coach, with howls of rage, to the
gate of the Tower, brandishing cudgels, and huddling
upholders full in the prisoner's view. The wretched
man [Jeffrey's] meantime was in convulsions
of terror.—*Marsland, History of England*, ch. x.

Brandish, s. Flourish. Rare.

I am wound with a brandish, and never draw bow
for the matter.—*B. Jonson, Cynthia's Revels*.
[She] accompanied her discourse with motions of
the body, tosses of the head, and brandishes of the
fan.—*Tutler*, no. 157.

Brandishing, verbal abs. Act of one who brandishes: (applied to immaterial objects).

He who shall employ all the force of his reason
only in brandishing of syllogisms will discover very
little.—*Locke*.

Brandle, c. n. [Fr. brandiller.] Shake; wag; totter. **Obsolete.**

Princes cannot be too suspicious when their lives
are sought; and subjects cannot be too cautious when
the state *brandles*.—*Lord Northampton, Proceedings against Gurney*, sig. G. b.

If he knew the princely plant which first sprang
out of him, did but brandle or beside in his re-
ligion, he would have his breast ripped up.—*Howell, Earl of Forrester*, 65. (Ord. M.S.)

Brandling, s. [?]

1. Red worm used by anglers, and chiefly obtained from tanpits.

The dew-worm, which some call also the lo-
worm, and the *brandling* are the chief.—*J. Walton, Complete Angler*.

2. Fish so called. See extract.

I think the jar, canal, or *brandling*, common to
most of our rivers which communicate with the sea,
has a claim to be considered as a distinct species, and
I have seen this fish in the rivers of Wales and
Herefordshire, and have heard it asserted on what
appeared to me good authority that it was a mul-
let, the offspring of a trout and a salmon.—*Sir H. Dary, Salmonist*.

Brandon, s. [Italian, brandone.] Sword. **Obsolete.**

Her right hand swings a *brandon* in the air,
Which flame and terror hurleth everywhere.

Flowers of Shin, no. 35. (Ord. M.S.)

Brändreth, s. [that this is the true form is

O O

an inference from the last of the following
extracts.] Trivet to set a pot upon: (the
original meaning was probably an iron
support for the burning of wood in a fire-
place). **Obsolete.**

Green, ureclous, cuculus, tripes [*brandy*], lebes,
olla. *Metrical Vocabulary* (14th century).
*Vocabularies in Library of National Anti-
quities*, (15th cent.).

His tripes, a *brandy*.—*Pictorial Vocabulary*
(15th century); *Ibid.* p. 254, col. 2.

His tripes, Anglice *brandy*.—*English Voca-
bularies* (15th century); *Ibid.*

Brandy, s. [German, *branntwein* = burnt wine; Dutch, *brandewijn*.] Strong and ardent spirituous liquor distilled from wine and the husks of grapes.

If your master loatheth it thus, every dram of
brandy extraordinary that you drink, maketh his
character. *Swift, Instructions to Servants, The Foot-
man*.

Used adjectively, or as the first element in a compound.

That man's work is done, and his name lies
groveling upon the ground in all the taverns, brandy-
shops, and coffee-houses about the town.—*South,
Sermons*, vi. 109.

Take, betake oneself, or have recourse, to the brandy-bottle. Take to drinking.

My uncle sat reeling in himself, without speak-
ing my name, Arley had recourse to a brandy-bottle,
with which he made so free, that I imagined he had
sworn to die of drinking any three rather than
water.—*Smollett, Expedition of Humphry Clinker*.

Brandy-wine and Brandywine, s. Brandy. **Obsolete.**

Buy any brand wine, buy my brand wine.—*Brant-
wood and Fletcher, De Witt's Bush*.

It has been a common saying, A hair of the same
dog, and thought that brandy-wine is a common
relief to such.—*Wiseman, Surgery*.

Brangle, s. [see second extract.] Squabble; wrangle; litigious contest. **Rare**, except colloquially.

The payment of tythes is subject to many frauds,
brangles, and other difficulties. *See* 7.

[This word has two senses, apparently very distinct
from each other, though it is not always easy to draw
an undoubted line between them. 1st, to scold, to
quarrel, to bicker; and 2nd, as French *brandiller*,
to handle or brandish. The latter *brandillare* is
explained by Florio, to brangle, to shake, to shag, to
totter.

'The tre *brangilla*, boasting to the fall,
With top tripping, and trumous shakend all.'
(G. Douglas, *Vireil*, in Jamieson.)

In this application the word seems direct from the
French *brangler*, the spelling with *ng* (instead of the
nd in *brandille*) being an attempt to represent the
usual sound of the French *a*. In the same way the
Fr. *bravale*, a round dance, became *brangle* or
bravel in English; Italian *bravola* a French brawl
or bran le. (Florio.) From the sense of shaking
probably arose that of throwing into disorder, putting
to confusion.

'Thus was this usurper's faction *brangled*, then
bound up again, and afterward divided again by
want of worth in Ballo's head.' (Hume in
Jamieson.)

To *embraugle*, to confuse, perplex, confound.—
Webster, Dictionary of English Etymology.]

Brangling, part. adj. Wrangling; squabbling. **Rare or colloquial.**

This is 'durus sermo,' says some *brangling* pa-
rliamentary that fetches up his poor minister every
term for trilles.—*Bishop Hall, Remains*, p. 81.

When polite conversing shall be improved, com-
pany will be no longer pestered with dull story-
tellers, nor *brangling* disputers.—*Swift*.

Brangling, verbal abs. Quarrelling. **Rare or colloquial.**

She hath not set business back by unequal
branglings and find-faulting quarrels.—*Whitlock,
Memoirs of the English*, p. 347.

Brank, s. [Lat. *branca*, a Gallic term for a sort of breadcorn.—Out of an identical combination of sounds, though from a different word, with the addition of the Latin *ursinus*, Brankursine has been developed as a synonym for Bensbreech. See Buckwheat.] Buckwheat (*Polygonum Fagopyrum*).

Brank is of an intoxicating quality, as I have seen
guinea-fowls perfectly stupetified after feeding in a
field of it in wet weather, when the grain has be-
come a little fermented. It is however given freely
to pheasants.—*Miss Gurney, Glossary of Norfolk
Provincialisms*.

Brangle, v. a. Shake; confuse. *Obsolete.*
This new question becometh to *brangle* the words of type and antitype, and the manner of speaking becometh to be chancous. — *Jeremy Taylor, Real Presence*, lect. 12, § 23. (Orel MS.)

Bránlin, s. Same as Brandling the fish.
I have included a draught of our *bránlin* (the young of *Selino Sider*), which I took from the fish, &c. — *Rog. Correspondence, Letter of Dr. Johnson*, p. 183.

Brány, adj.

1. Having the appearance of bran.

It became serpiginous, and was, when I saw it, covered with white *brány* scales. — *Wissmann, Surgery*.

2. Consisting largely of bran.

Bread used to be eaten with oysters, as commonly bread which is *brány* or coarse. — *Hollet, in v. Brant*.

Bránle, s. [see Brangle.] Same as Brawl = dance; song for dance music. *Obsolete.*
Now making boys of love and lovers' pains,
Bránle ballads, virelays, and verses vain.
— *Spenser, Faerie Queen*, iii, 10, 8.

Bráser, s. Older and more correct form of Bracer from Fr. *bras* = arm.

How defensorium, hoc *bráser* lectum, Anglice a *bracer*. — *Pictorial Vocabulary* (15th century); *Vocabularius in Library of National Antiquities*, p. 2, s. vol. 2. (Wright.)

Bráser (better spelt *Braizer*, as it should be pronounced; though often sounded *bráser*, after the false analogy of *glazier*). *s.* [Fr. *brasse* = embers.] Pan for holding burning coals.

It is thought they had no chimneys, but were warmed with coals or *bráser*. — *Archeologus, Tabula of ancient China, Wealth, and Manners*.

The crash was utter, universal, overwhelming; and under ordinary circumstances a French boat and a *bráser* of charcoal about remained for Villibecque, who was equal to the occasion. — *Disraeli (the manager, Coningsby*, b. iv, ch. vii.

Brasil, s. [how little the name is taken from *Brasil* in America may be seen in the extract.] Pigment so called

To temper *brázele* good to new with; schave thy *brázele* small into a cleane vessel, and da glyce thereto, and so let it stepe lone time together, and when het is stept y-no e, boyle therewith. . . . To make *brázele* to *brázele* letters or to reule with a knyfe, and put thereto a lytle powder of alom glas-e, and let it stand so alle a day, and thame styrene the juce thereto then y-a lympne clothe, and rule booke therewith. — *Receipes in the Crafte of Lymninge of Bookes, from the Parkynp MS; Early English Miscellanea*, pp. 70, 77. (Halliwell.)

Brasil-wood (? *Brásilwood*). *s.* Wood of the *Casalpinia Brasilletto*, used in cabinet-making, but chiefly as a red dye.

It is commonly supposed that the wood yielding the red dye, *Casalpinia Brasilletto*, derived its common name of *Brasil-wood* from its being principally imported from, and produced in, Brazil. This, however, is not the fact. It has been shown that woods yielding a red dye were called *Brasil-woods* long previously to the discovery of America; and that the early voyagers gave the name of Brazil to the part of that continent to which it is still applied, from their having ascertained that it abounded in such woods. — *Bancroft, Philosophy of Colours*, quoted in *McClure's Geographical Dictionary*.

Brass, s. [A.S. *bras*.] Alloy of copper and zinc; metal in general; coin.

Brass is made of copper and calumnia. — *Bacon*.
Men's evil manners live in *brass*, their virtues
We write in water. — *Shakespeare, Henry VIII*, iv, 2.
A kind whose stones are iron, and out of whose
hills thouapest the *brass*. — *De Astronomy*, vii, 9.
Provide with gold, nor silver, nor *brass* in your
purses. — *Matthew*, x, 9.

Let others mold the running mass
Of metals, and inform the breathing *brass*. — *Dryden*.

Used adjectivally, or as the first element in a compound.

There were just four thousand *brass* half-pence. — *Dryden, Amphitryon*.

Brásey, adj. Of the nature of brass generally; hard as brass.

Enough to press a royal merchant down,
And black counterbaitment of his state
From *brásey* bosoms and rough hearts of flint.
— *Shakespeare, Merchant of Venice*, iv, 1.
The part in which they lie, is near black, with
some sparks of a *brásey* yre in it. — *Woodward*.

Brast, part. Burst; broken. *Obsolete.*

Ther creature never past,
That back returned without heavenly grace,
But dreadful furies which their chains have *brast*,
282

And damned sprights sent forth to make ill men
agast. — *Spenser, Faerie Queen*.

Brat, s. [according to Mr. Wedgwood, the original meaning of this word was *rag*, bundle of rags; the A.S. *brat*, and Welsh and Gaelic, *brat*, having that meaning. On the other hand, it may be connected with *breed*.]

1. Child; (at present, in contempt).

A bearing wife with *brats* will clog live sore,
A greater carke than children's care is none;
A barren beast will grieve thee ten times more,
No joy remains when hope of fruit is gone.
— *Turberville*.

This *brat* is none of mine;
Hence with it, and, together with the dam,
Commit them to the fire.
— *Shakespeare, Winter's Tale*, ii, 3.

I shall live to see the invisible lady, to whom I was
oblived, and whom I never beheld, since she was a
brat in lunatic-sees. — *Shelf*.
Since you, Mr. H. — I, will marry black Kats,
Accept of good wishes for that blessed state;
May you fight all the day like a dog and a cat,
And yet every year produce a new *brat*.
— *Lady M. W. Montague*.

Mankind just now seem wrapt in meditation
On constitutions and steam-lofts of vapour;
While sages write against all procreation,
Unless a man can calculate his means
Of feeding *brats* the moment his wife wanes.
— *Byron, Don Juan*, xii, 21.

2. Progeny; offspring. *Obsolete.*
O Israel, O household of the Lord,
O Abraham's *brats*, O brood of blessed seed,
O chosen sheep, that loved the Lord indeed.
— *Gawcigne, De Profundis*, (French.)

The two late conspiracies were the *brats* and off-
spring of two contrary notions. — *South*.

Brátice, s. See Bretage.

Brátting, [?] verbal abs. Quarrel; noise; tumult; uproar.

The trampling of porters, the creaking and crash-
ing of trunks, the snarling of curs, the scolding of
women, the squeaking and squalling of babies and
hantboys out of time, the booming of the Irish har-
mon overboard, and the hursting, belching, and *brat-
ting* of the French-horns in the passage, not to
mention the immonitions peal that still thunders
from the abbey steeple, succeeding one another with-
out intermission. — *Smollett, Expedition of Hun-
phry Clinker*.

Her voice that clove through all the din,
As a lute's pierce through the cymbal's crash,
Jarr'd, but not drown'd, by the loud *brátting*.
— *Byron, Sardanapalus*, iii, 1.

Bravádo, s. [Span. *bravada*.] Boast; brag.
Let me advise our men to avoid needless *bravados*,
and not content them (inhabitants) for their in-
defensible meekness. — *Mir T. Herbert, Relation of
some Years' Travels into Africa and the Great
Asia*, p. 19.

In a *bravado* to encounter death, and for a small
flash of honour to cast away himself. — *Barton, Ac-
tuary of Melancholy, To the Reader*.
No, goodman glory, 'tis not your *bravados*,
Your punctual honour.

Baumann and Fletcher, Love's Pilgrimage.
But now it seems that these were all empty *bravados*. — *Turkish Spy*, pt. iii, b. iii, lett. 5.

In the following extract the construction
is that of either an adjective, or the first
element in a compound.

It is a day of larking without an object, and im-
mature without an appetite; of hopes and fears;
confidence and dejection; *bravado* bets and secret
hedging; and, about midnight, of furious suppers of
grilled bones, brandy-and-water, and recklessness.
— *Disraeli the younger, Coningsby*, b. v, ch. v.

Brave, adj.

1. Courageous; daring; bold; generous;
highspirited.

An Egyptian soothsayer made Antonius believe,
that his genius, which otherways was *brave* and
confident, was, in the presence of Octavius Caesar,
poor and cowardly. — *Bacon*.
From armed foes to bring a royal prize,
Shows your *brave* heart victorious as your eyes.
— *Waller*.

2. Gallant; having a noble mien; lofty;
graceful.
I'll prove the prettier fellow of the two,
And wear my dagger with the *braver* grace.
— *Shakespeare, Merchant of Venice*, iii, 4.

3. Magnificent; grand.
Rings put upon his fingers,
And *brave* attendants near him when he wakes,
Would not the beggar then forget himself?
— *Shakespeare, Twelfth of the *Three*, Induction 1*.
But whome'er it was, nature design'd
First a *brave* place, and then as *brave* a mind.
— *Sir J. Denham*.

4. Excellent; noble; (an indeterminate word,
used to express the abundance of any valu-
able quality in men or things).

Let not old age disgrace my high desire,
O heavenly soul in human shape contain'd;
Oh wood inflam'd doth yield the *bravest* fire,
When younger doth in smoke his virtue spend.
— *Sir P. Sidney*.

If there be iron ore, and mills, iron is a *brave*
commodity where wood aboundeth. — *Bacon*.
If a statesman has not this science, he must be
subject to a *braver* man than himself; whose pro-
vince it is to direct all his actions to this end.
— *Sir K. Digh, Operations and Nature of Man's
Soul*, meditation.

5. Fine; showy. See Bravery, 2.
With blossoms *brave* bedecked daintily.
— *Spenser, Faerie Queen*, l, 7, 2.

6. Well in health. *Colloquial, provincial.*

Brave, s. [Fr. *brave*.] *Obsolete.*

1. Bravo.

Happy times! when *braves* and backsters, (the
only contented members of his government, were
thought the fittest and the faithfullest to defend his
person. — *Milton, Eikonoclastes*, ch. iii.
Had *braves*, like thee, may fight, but know not well
To manage this, the last great stake. — *Dryden*.
Mort's too insolent, too much a *brave*,
His courage to his envy is a slave. — *Id.*

2. Boast; challenge; defiance.
There end thy *brave*, and turn thy face in peace;
We grant thou canst outscold us.
— *Shakespeare, King John*, v, 2.
He sent me a challenge (mixed with some few
braves) which I restored, and in fine we met. — *2.
Jonson, Every Man out of his Humour*.

Brave, v. a.
1. Defy; challenge; set at defiance.
He upbraids thee, that he made him
Brave me upon the watch. — *Shakespeare, Othello*, v, 2.

The ill of love, not those of fate, I fear;
These I can *brave*, but these I cannot bear. — *Dryden*.
Like a rock unmov'd, a rock that *braves*
The raging trumpet and the rising waves. — *Id.*

Ye warriors of England,
Who guard our native seas,
Whose flag has *braved* a thousand years
The battle and the breeze.
— *Campbell*.
He had repeatedly *braved* them, and might *brave*
them still. — *Mansel, History of England*, ch. viii.
He considered himself as one who, in evil times,
had *braved* uncertainty for his political principles,
and demanded when the Whig party was triumphant,
a large compensation for what he had suf-
fered when it was militant. — *Id., Essays, Life and
Writings of Johnson*.

2. Carry a boasting appearance of.
Both particular persons and notions are apt
enough to flatter themselves, or, at least, to *brave*
that which they believe not. — *Bacon, Essays*.

3. Make one or splendid. *Obsolete.*
He (the sun) shineth to shine; for, by the book,
He should have *brav'd* the east an hour ago;
A black day will it be to sorrowful.
— *Shakespeare, Richard III*, v, 3.

Bravely, adv.

1. In a brave manner; courageously; gal-
lantly.

Martin Swart, with his Germans, performed
bravely. — *Bacon*.
No fire, nor foe, nor fate, nor night,
The Trojan hero did affright,
Who *bravely* twice renew'd the fight.
— *Sir J. Denham*.

Your valour *bravely* did the assault sustain,
And did the moles and ditches with the slain.
— *Dryden*.

Plato corrupted and spoilt the best philosophy in
the world, by selling identity to that worship, which
he had wisely and *bravely* before proved to be due
to the Creator of all things. — *Clarke, Evidences of
Natural and Revealed Religion*.

Mr. Adams was not greatly subject to fear; he
told him intrepidly, that he very much approved his
virtue, but disliked his swearing, and begged him
not to addit himself to so bad a custom, without
which, he said, he might fight as *bravely* as Achilles
did. — *Fieldding, Adventures of Joseph Andrews*.

2. Finely; splendidly.
She decked herself *bravely*, to allure the eyes of
all men that should see her. — *André, l, 2*.

Bravery, s.

1. Courage; magnanimity; generosity; gal-
lantry.

It denotes no *great* *bravery* of mind to do that
out of a desire of fame, which we could not be
prompted to do by a generous passion for the glory
of him that made us. — *Spenser, Faerie Queen*, no. 233.
Juba, to all the *bravery* of a hero,
Adds softest love, and more than female sweetness.
— *Addison, Cato*.

2. Splendour: magnificence; finery.

Where all the *bravery* that eye may see,
And all the happiness that heart desire,
Is to be found. — *Spenser, Mother Hubbard's Tittle*.
In that day the Lord will take away the *bravery*
of their tinkling ornaments. — *Isaiah, lii. 15*.
Like a stately ship . . .
With all her *bravery* on, and tackle trim,
Sails bill'd, and streamers waving.

Milton, Samson Agonistes, v. 717.

3. Show; ostentation.

Let princes choose ministers more sensible of duty
than of rising, and such as love business rather upon
conscience than upon *bravery*. — *Bacon, Essays*.

4. Bravado; boast.

Never could man, with more unmanlike *bravery*,
use his tongue to his disgrace, which lately had sung
sonnets of her perfections. — *Sir P. Sidney, Arcadia*.
For a *bravery* upon this occasion of power, they
crowded their new king in the cathedral church of
Dublin. — *Bacon*.

There are those that make it a point of *bravery*,
to bid defiance to the oracles of divine revelation. —
Sir R. L. Estlin.

Braving, verbal abs. Bravado.

She [Penelope] told his foe
It was not fair nor equal 't overerrow
The poorest guest her seat pleas'd to entertaine
In his free turn; with so proud a strain
Of threats and *bravados*.

Chapman, Odyssey, xvi. (Mich.)

Bravily, adv. In a defying or insulting manner.

Bravily, in your epistle to Sir Edward Hobbs,
you end thus: — *Sheldon, Miracles of Antichrist, p. 4*.

Bravissimo! interj. [Italian.] Superlative of Bravo!

(For example see extract under Bravo.)

Bravo! interj. [Italian.]

1. Well done!

That's right. — I'm steel. — *Bravo!* — Adamant. —
Bravissimo! — Just what you'll have me. — *Culman*
the Elder, The Jealous Wife, i. 1.

2. Used as a substantive.

Of which public entry the day-historians, diar-
ists, or journalists as they call themselves, have
preserved record enough. How Saint-Antoine, male
and female, and Paris generally, gave brotherly wel-
come, with *bravo* and hand-clapping, in crowded
streets; and all passed in the peaceable manner. —
Carlyle, French Revolution, pt. ii. b. vi. ch. v.

Bravo. s. [Italian.] Man who murders for hire.

For boldness, like the *kenos* and banditti, is seldom
employed, but upon desperate services. — *Dr. H. More, Government of the Tongue*.
No *bravos* here profess the bloody trade,
Nor is the church the murderer's refuge made.

Gay, Trivia.

Their society was like that of a den of outlaws
upon a doubtful frontier; at a low tavern for the
revellers and denizens of banditti, assassins, *bravos*,
sanguinary, and their more desperate paramours. —
Barker, Thoughts on a Republic Power, let. 1.

Bravura. s. [Italian.] Term applied to such songs as require great vocal ability in the singer.

In Italy but *bravuras* — as the home
Heart-bulldogs of green Erin or gray Highlands,
That bring Lockhart back to eyes that roam
O'er far Atlantic continents or islands.

Byron, Don Juan, xvi. 46.

Brawl, v. n. [Fr. brouiller.]

1. Quarrel noisily and discreditably.

How now, Sir John! what are you *brawling* here?
Does this become your place, your time, your busi-
ness? — *Shakespeare, Henry IV. Part II. ii. 1*.

2. In Law. Quarrel or create a disturbance in a church or churchyard.

It was enacted by 5 & 6 Edw. 6, c. 4, that if any
person shall, by words only, quarrel, chide, or *brawl*
in a church or churchyard, the ordinary shall
suspend him, if a layman, from the entrance of the
church; and, if a clerk, in orders, from the minis-
tration of his office during pleasure. — *Wharton, Law*
Lexicon, in voce.

3. Speak loudly and noisily.

His divisions, as the times do *brawl*,
Are in three heads, one power against the French,
And one against the Lowlander.

Shakespeare, Henry IV. Part II. i. 3.

4. Murmur; gurgle.

As he lay along
Under an oak, whose antique root peeps out
Upon the brook that *brawls* along this wood.

Shakespeare, As you like it, ii. 1.

Cease to wail and *brawl*!
Why inch by inch to darkness crawl?
There is one remedy for all.

Tennyson, The Two Voices.

The south-western part of Kerry is now well

known as the most beautiful tract in the British
isles. The mountains, the glens, the capes stretch-
ing far into the Atlantic, the crags on which the
eagles build, the rivulets *brawling* down rocky
passes, &c. — *Macaulay, History of England, ch. xii*.

Brawl, v. a. Drive away, or beat down, by noise.

Your deep wit . . .
Reason'd not *brawl'd* her [Truth] thence, and woud
her hither. — *Sir K. Digby, Operulous and*
Nature of Man's Soul, pref. verses.

By east and west let France and England mount
Their battering cannon, charged to the mouths;
Till their soul-bearing clamours have *brawl'd* down
The flinty ribs of this contemptuous city.

Shakespeare, King John, ii. 2.

Brawl, s. Quarrel; noise; tumult; row.

He findeth, that controversies thereby are made
but *bravels*; and therefore wisely, that, in some
lawful assembly of churches, all these strifes may be
decided. — *Hunter, Ecclesiastical Policy, Preface*.

Never since that middle summer's spring
Met we on hill, in dale, forest, or mead,
But with thy *bravels* thou hadst distract'd our sport.

Shakespeare, Measure for Measure, ii. 2.

That homin is an animal,
Made good with stout polemic *brawl*.

Baker, Hudibras.

What is the stillness of the desert, compared with
this place? what the uncommunicating muteness of
fishes? — Here the soulless regions and revels. — *Bores*,
and *Cosmas*, and *Ayestas* and *Id*, do not with their in-
terfering and more argument the *bravels* of
nor the waves of the down Baltic with their childlike
sounds — but their opposite (Silence her sacred self)
is multiplied and rendered more intense by numbers,
and by sympathy. — *Lamb, Essays of Elia, A Quaker's*
Meeting.

Even patriots were willing to excuse a headstrong
boy for visiting with immoderate vengeance an insult
offered to his father. And soon the stain left by
those amours and midnight *bravels* was effaced by
honourable exploits. — *Macaulay, History of Eng-*
land, ch. ii.

Brawl, s. [from Bransle.] Kind of dance; time for dancing to.

Thence did Venus learn to lead
The Italian *bravels*, and so to tread
As if the wind, not she, did walk.

J. Johnson, Masques.

His usual songs are certain catches and round-
dances (the nightingale) bath, much after the
manner of the French *bravels*; you would take him
verily to be a musician of Paris straight, if you
heard him his preludes; for then indeed is he set
on a merry pin. — *Partholow, Sirey, p. 139; 1638*.

My grave lord-keeper led the *bravels*:
The soul and naives danc'd before him.

Gray, Long Story, ii.

Brawler, s. One who brawls; wrangler; quarrelsome noisy fellow.

a. In Law.

An advocate may incur the censure of the court,
for being a *brawler* in court, on purpose to lengthen
out the cause. — *Ayliffe, Paterfamilias Juris canonici*.

b. In general.

We will not hold him answerable for the un-
necessary expressions of the loose *brawlers* who
composed his train. — *Macaulay, Essays, Hallam's*
Constitutional History.

But when the great statesman degenerated into
an angry *brawler*; when, irritated by disease, he
made it the sole aim of his declining years to kindle
a deadly war between the two first countries of
Europe, and declared that to this barbarous object
he would sacrifice all other questions of policy, how-
ever important they might be; — then it was that a
perception of his vast abilities began to dawn upon
the mind of the king. — *Buckle, History of Civiliza-*
tion in England, vol. i. ch. xii.

Brawling, part. adj. Noisy; riotous.

Here comes a man of comfort, whose advice
Hath often still'd my *brawling* discontent.

Shakespeare, Measure for Measure, iv. 1.

In council she gives licence to her tongue,
Loquacious, *brawling*, ever in the wrong.

Dryden, Fables.

Leave all noisy contests, all immodest clamours,
brawling language, and especially all personal scin-
dals and warrants, to the meanest part of the vulgar
world. — *Watts*.

Up among the loose disjointed cliffs,
And fractur'd mountains wild, the *brawling* brook
And cave, presag'd, send a hollow moan.

Thomson, Seasons, Winter, 63.

Whither in after life retired
From *brawling* storms,
From weary wars,
With youthful fancy reinspired,
We may hold converse with all forms
Of the many-sided mind.

Tennyson, Ode to Memory.

Brawling, verbal abs. Act of one who brawls, either by making a noise, or creating a disturbance.

Concerning prayer, who is more agernt it than

o o 2

you, which have clearly changed the right use of it
into a *brawling* in the temple and a *brawling* in the
streets, in a form species, and in the sight of men?
— *Bile, Let a Course of the Kingdom, fol. 43*.
She troubled was, thus, that it might be!
With tedious *brawlings* of her parents dear.

Sir P. Sidney.

But falling into evil ways, and having always had
a pernicious leaning towards *brawling*, *brawling*,
drinking of strong waters, and other iniquities, he
degraded into a mere ye man-of-war, horse-captain,
and, indeed, it was whisper'd, common chest and
cousen. — *Salt, The Ship-Captain*.

Brawn, s. [The following extracts show that the exact anatomical position of the muscle which was more especially named brawn was uncertain.]

En la jouberte es sure *brawen*,
Et tant en brawn est assure.
Walter de Bolehampton: *Leobard's* in *Li-*
brary of National Antiquary, (Wright)
Here muscles, Anterior *brawen*, Here *sura*,
idem est. Here *polpa*, idem est. — *English Vo-*
cabulary (3rd ed. 1790); *ibid.* p. 18, col. 1.
Here *polpa*, *Anterior brawen* of a horse. —
Pictorial Vocabulary (15th century); *ibid.* p.
267, col. 2.

It probably meant the tissues of the fasci-
ae and ligaments, rather than that of
the true fleshy part of the muscles.]

1. Fleishy, or muscular, part of the body.

The *brawn* of the arm must appear full, shadowed
on one side, then show the wrist-bone thereof. —
Pachon, Compendium Anatomie.

The *brawn* of the thigh shall appear, by drawing
small hair strokes from the hip to the knee, shadowed
again overhead. — *Ibid.*

I'll hide my silver beard in a gold *brawn*,
And in my vantage put this wither'd *brawn*.

Shakespeare, Twelfth Night, i. 3.

But must their backs on the black monarch bend,
His rising muscles and his *brawn* e' unmet;
His shingle buting ax, and many spear,
Each asking a gigantic force to rear.

Dryden, Pseudo-Man and Arrite.

In the mean time, his *brawn* *brawn* is scratched
by one of his grons. — *Saunders, Expedition of*
Hamphrey Cocker.

2. Bulk; muscular strength.

The brawniest hands are men of use, when I,
With this directing head, those hands apply;
Brawn without brain is blame. — *Dryden, Fables*.

3. Flesh of a boar, prepared in a particular manner.

The best age for the boar is from two to five years,
at which time it is best to kill him, or sell him for
brawn. — *Mortimer, Husbandry*.

Intending, as soon as it can be ready, to entertain
you with a strong collar of *brawn*. — *Sir H. Wotton*,
Reliquie Wottonianae, p. 77.

The pig growing well again, and being fattened for
brawn, it was at length killed for that purpose. —
Proceedings of Royal Society, April 5, 1667. (Ord
MS)

A hundred knights and squires left their halbs hung
with mistletoe and holly, and their boards graving
with *brawn* and pium porridge, and rode up post to
town, cursing the short days, the cold weather, the
mire roads, and the villainous Wings. — *Macaulay*,
History of England, ch. xv.

But Christmas pudding, *brawn*, and abundance of
spirituous liquors, are great preservatives against a
dangerous spontaneity of waking thought. — *Sidney*
Marcus, ch. xv.

Brawn, v. a. Render callous.

Custom and long continuance in slavery have so
hardened and *brawn'd* their shoulders, that the
yoke doth not wring them so much. — *Feller, History*
of the Holy War, p. 174.

Brawn'd, part. adj. Strong; brawny.

His rawbone arms, whose *brawn'd* *brawn'd* bows
Were wont to rise steel plates, and helms he w,
Were close consum'd.

Spenser, Faerie Queen, i. 8, 41.

Brawner, s. Boar killed for the table.

At Christmas time be careful of your fauce,
So the old tenant's table be the same;
Then if you would send up the *brawner* head,
Sweet rosemary and bays around it spread. — *King*

Brawniness, s. Attribute suggested by Brawn; strength; hardness.

Stall'd up and fed to such a *brawniness*, that
neither the understanding nor the affection were
capable of any impression. — *Hammond, Sermons, p.*
68.

This *brawniness* and insensibility of mind is the
best armour against the common evils and accidents
of life. — *Locke*.

Brawny, adj.

1. Muscular; fleshy; bulky.

The *brawny* fool, who did his vigour boast,
In that presuming confidence was lost.

Dryden, Juvenal's Satires.

Nowhere have we a race represented to us monumentally of a stronger or more muscular type than the ancient Assyrians. The great *brassy* limbs are too large for beauty; but they indicate a physical power which we may well believe to have belonged to this nation—the Romans of Asia—the resolute and sturdy people which succeeded in imposing its yoke upon all its neighbours.—*G. Rasthous, Five ancient Monarchies.*

2. Hard; tough; unfeeling. *Obsolete.*

Those who have a hard and a *brassy* conscience, which hath no feeling in it.—*Melville, Spectator of the latter Times.*

Bray, *v. a.* [*N. Fr. braire.*] Pound, or work into powder: (generally in a mortar).

I'll burst him; I will *bray*
His bones as in a mortar.

Except you would *bray* Christendom in a mortar, and mould it into a new paste, there is no possibility of a holy war.—*Bacon.*

Bray, *v. n.* [*Lat. barrio.*]

d. Make a noise as an ass.

Lauch, and they
Return it louder than an ass can *bray*.

Dryden, Juvenal's Satires.

2. Make an offensive, harsh, or disagreeable noise; proclaim noisily.

Heard ye the din of battle *bray*?

Gray, The Bard.

It has ceased or is ceasing to be dumb; it speaks through pamphlets, or at least *brays* and growls behind them, in unison,—increasing wonderfully their volume of sound.—*Carlyle, French Revolution*, pt. i, b. iv, ch. i.

With out.

Not speaking, but, as a wild bull, roaring and *braying* out words despitful and venomous.—*Sir T. R. Elford, The Gloucester*, fol. 160.

The kettle-drum and trumpet thus *bray* out
The triumph of his plode.

Shakespeare, Hamlet, i. 4.

Bray, *s.* Voice of an ass; any similar harsh sound.

Boisterous untim'd drums,
And harsh resounding trumpets' dreadful *bray*,
Shakespeare, Richard III. 3.

Bray, *s.* [?] Ground raised as a fortification; bank of earth; steep slope of a hill (Scottish, Northern English, and rhetorically, *bray*).

Order was given that bulwarks, *brays*, and walls, should be raised in his castles and strongholds on the sea-side.—*Lord Herbert of Cherbury, History of Henry VIII.* p. 28.

On that steep *bray* lord Guelpho would not then
Hazard his folk.

Fairfax, Translation of Tasso, ix. 96.

And when we came to Clovenford,
Then said my wilsome marrow,
'Whate'er betide, we'll turn aside,
And see the *Brace* of Yarrow.'

Wordsworth, Yarrow revisited.

Brayer, *s.* One who brays like an ass.

Hold! cry'd the queen; a cat-call each shall win;
Equal your worth, equal is your din!
But that this well-disputed game may end,
Sound forth my *brayers*! and the welkin rend.

Pope.

Pope has done him (Sir R. Blackmore) no more than justice in assigning him the first place among the contending *brayers* at the immortal games instituted by the goddess of the Dial.—*Craik, History of English Literature*, ii. 253.

Braygirdle, *s.* [The second and third extracts favour the notion of the first element in this word being some form of *breach*.]
Obsolete.

lustris, cuculibus, perynomasque [*braygirdle*],
collibusque. *Metrical Vocabulary* (14th century); *Vocabularies in Library of National Antiquities* (Wright).

How *brave*, And *braygirdle*.—*English Vocabulary* (15th century); *ibid.* p. 97, col. 1.

How *brave*, And *braygirdle*.—*Pictorial Vocabulary* (15th century); *ibid.* p. 259, col. 2.

Braying, *part. adj.* Making the noise of that which brays.

What! shall our feast be kept with slaughter'd men?

Still *braying* trumpets, and loud churchly drums,
Clamour of hell, be mine access to my pomp?

Shakespeare, King John, iii. 1.

Like scolding smoke her *braying* throbbed outfly:
As dew do mourn when arrow hath them galled,
So was this hind with heart-sick pains enthrall'd.
A Maiden's Dream.

Braying, *verbal abn.* Clamour; harsh noise.
In a foughten field, where trumpets blow, the

clarions sound, the guns thunder, the noise of the strokes, the clashing of armour, the clattering of harness, the *braying* of the horses, the groaning of men dying, and the gasping of the dead reacheth almost to heaven.—*Sir T. Smith, Appendix to his Life*, p. 33.

A cry, that none are frighted at their noises and loud *braying* under their noses' skins.—*B. Jonson, Discoveries.*

'And if he should hear the lion roar, he'd cudgel him into an ass, and to his primitive *braying*.—*Con- gree, Old Bachelor.*

His few National Grenadiers shuffle back with him, into the embrasure of a window: there he stands with unimpeachable passivity, amid the shouldering and the *braying*; a spectacle to men.—*Carlyle, French Revolution*, pt. ii, b. v, ch. ii.

Braze, *v. a.*

1. Solder with brass.

If the nut be not to be cast in brass, but only hath a worm *brazed* into it, this niceness is not so absolutely necessary, because that worm is first turned up, and bowed into the grooves of the spindle, and you may try that before it is *brazed* in the nut.—*Mozon.*

2. Harden to impudence. See *Braze*, *s.*

I have so often blushed to acknowledge him, that now I am *braz'd* to do it.—*Shakespeare, King Lear*, i. 1.

Peace! sit you down,
And let me write your heart: for so I shall,
If it be made of pebble-stuff;
If damned custom hath not *braz'd* it so,
That it is proof and bulwark against sense.

Id., Hamlet, iii. 4.

Braze, *s.* [probably, in its origin, rhetorical; being borrowed from the passage of Horace, i. 3.

'Ill robur et æs triplex
Circæ pectus erat, qui fragilen trudi
Commisit pulvis ratem
Primum,'

or some similar lines; or, at any rate, suggested by them.] Impudence. *Rare.*

History informs us of several successful impostors, who set out in all the *braze* of fanaticism, and ended their course in all the depth and stillness of politics.—*Bishop Warburton, Sermons*, i. 290. (Ord MS.)

Brazen, *adj.*

1. Made of brass; proceeding from brass.

Trumpeters,
With *brazen* din blast you the city's ear,
Make minge with our rattling tabourines.

Shakespeare, Antony and Cleopatra, iv. 8.

Get also a small pair of *brazen* compasses, and a fine ruler, for taking the distance.—*Peucham, Con- sideration.*

A tough his *brazen* helmet did sustain;
His heavier arms lay scatter'd on the plain.

Dryden, Virgil's Æneid.

2. Impudent.

Talbot continued to frequent the court, appeared daily with *brazen* count before the princess whose ruin he had plotted, and was installed into the lucrative post of chief pandar to her husband.—*Macaulay, History of England*, ch. vi.

Brazen, *v. a.* Meet with a bold and impudent face; confront with insolence: (generally with out).

I'm resolved to *brazen* the business out.—*Sir J. Vanbrugh, The Relapse*, iv. 4.

Here the construction is undoubtedly that of an active or transitive verb; *business* being the word governed. The *it*, however, of the following extracts (and this construction is very common) is probably used as in 'he goes it,' where the verb is scarcely active. See *Boom*, *v. n.*

When I reprehended him for his tricks, he would talk saucily, lye, and *brazen* it out, as if he had done nothing amiss.—*Arundel, History of John Bull.*

Dawson always, turned pale, and avoided the subject; Thornton, on the contrary, *brazed* it out with his usual impudence.—*Sir E. L. Baker, Pel- ham*, ch. lxxviii.

Brazenbrowed, *adj.* Shameless; impudent.

Noon-day vices, and *brazen-browed* iniquities.—*Sir T. Browne, Christian Morals*, i. 33.

Brazenface, *s.* Impudent person; boldface.

You do, if you suspect me in any dishonesty.—*Well said, brazenface*; hold it out.—*Shakespeare, Merry Wives of Windsor*, iv. 2.

Brazenfaced, *adj.* Impudent; shameless.

What a *brazen-faced* varlet art thou, to deny thou knowest me! Is it two days ago since I tript up thy heels, and beat thee before the king?—*Shakespeare, King Lear*, ii. 2.

Quick-witted, *brazen-faced*, with fluent tongues,
Patient of labour, and dissembling wrongs.

Dryden.

Brazier, *s.* One who works in brass.

There is a fellow somewhat near the door; he should be a *brazier* by his face.—*Shakespeare, Henry VIII.* v. 3.

The halfpence and farthings in England, if you should melt them to the *brazier*, you would not lose above a penny in a shilling.—*Swift, Drapier's Letters.*

Spelt with an *s.*

Braziers that turn andirons, pots, kettles, &c., have their lathe made different from the common turner's lathe. *Mozon.*

[As far as the sound goes, that of *z* is the right one; it being a rule that the sound of *s* in certain substantives becomes that of *z* when they are used as verbs: as, *use*, *use* (*use*); *grease*, *grease* (*grease*); and, *mutatis mutandis*, *cloth*, *clothe* (*cloathe*). Whether the spelling coincides with the pronunciation depends on the practice in the individual case. It does so in some cases; for instance, in *glazier*, as related to *glass*.]

Breach, *s.*

1. Act of breaking anything; state of being broken; opening in general.

A general prophecy,—that this tempest
Dashing the pavement of this peace, should
The sudden *breach* on it.

Shakespeare, Henry VIII. i. 1.

O, you and I, and he, and she, and all
Cure this great *breach* in his abused nature!

Id., King Lear, iv. 7.

But him, unhappy! whom he seizes,—him
He lays with recitation flub by limb;
Probes to the quick where'er he makes his *breach*,
And gorges like a lawyer or a leech.

Byron,Hints from Horace.

2. Gap made in a fortification by the guns of the enemy, or by springing a mine.

The wall was blown up in two places, by which *breach* the Turks seeking to have entered, made bloody fight.—*Kendall, History of the Turks.*

'Till mud with rage upon the *breach* he flung,
Slew friends and foes, and in the smoke retired.

Dryden.

'You served at Widin?'—'Yes.'—'You led the attack?'

'I did.'—'What next?'—'I really hardly know.'

'You were the first in the *breach*?'—'I was not slack at least to follow those who might be so.'

Byron, Don Juan, vii. 61.

3. Opening in a coast.

The utmost sandy *breach* they shortly fetch,
While the dread danger does behind remain.

Spenser, Faerie Queen.

4. Infraction; injury.

This *breach* upon kingly power was without precedent.—*Lord Clarendon.*

5. Violation of a law, contract, or promise.

That oath would sure contain them greatly, or the *breach* of it bring them to shorter vengeance.—*Spenser, View of the State of Ireland.*

What are those *breaches* of the law of nature and nations, which do forfeit all right in a nation to govern?—*Bacon.*

Breach of duty towards our neighbours still involves in it a *breach* of duty towards God.—*South.*

The laws of the gospel are the only standing rules of morality; and the penalties affixed by God to the *breach* of those laws, the only guards that can effectually restrain men within the true bounds of decency and virtue.—*Rogers.*

I then answered boldly if he thought I had given my promise, he affronted me, in proposing any *breach* of it.—*Melting, Adventures of Joseph Andrews.*

The publication of debates was still asserted to be a *breach* of privilege; but the offence was committed with impunity.—*T. Braksay May, Constitutional History of England*, i. 427.

6. Difference; quarrel.

It would have been long before the jealousies and *breaches* between the armies, would have been composed.—*Lord Clarendon.*

Such were some of the events which, at the end of the seventeenth century, widened the *breach* that had long existed between the interests of the nation and the interests of the clergy.—*Buckle, History of Civilization in England*, vol. i, ch. vii.

7. Mass or action of breakers.

I cast my eyes to the stranded vessel,—when the *breach* and froth of the sea was no big I could hardly see it, it lay so far off.—*De Poe, Life and Adventures of Robinson Crusoe.*

Breach, *v. a.* Make a breach.

Just the first bombardment had in no place succeeded in *breaching* the walls; and the principal result of the attack that had been made had been to show that the reduction of the place would require

more time than had originally been anticipated.—*Young, Naval History of Great Britain.*

breaching, *part. adj.* Fit, made, or used, for making breaches.

Mines were laboriously pushed forward, and breaching cannon were now for the first time employed by the Ottomans, but with little success.—*Sir R. S. Creasy, History of the Ottoman Turks*, l. 98.

Bread, *s.* [A.S. *bræd*.]

1. Food made of ground corn.

Mankind have found the means to make grain into bread, the lightest and properest aliment for human bodies.—*Arbuthnot*.

Bread, that dowsing man with strength supplies, And gen'rous wine, which thoughtful sorrow fills.

Pope.

2. Food or sustenance in general.

In the sweat of thy face shalt thou eat bread.—*Genesis*, iii. 19.

If preachers were not supported by the simplicity of the liquidative fools, the trade would not find them bread.—*Sir E. E. R. L'Etang*.

This dowsing on whom my tale I found, A simple sober life in patience led, And had but just enough to pay her bread.

Dryden.

When I submit to such indignities, Make me a citizen, a senator of Rome; To sell my country, with my voice, for bread.

A. Phillips.

But sometimes virtue starves, while vice is fed; What then? Is the reward of virtue bread? *Pope.*

I neither have been bred a scholar, a soldier, nor to any kind of business; this creates uneasiness in my mind, fearing I shall in time want bread.—*Spectator*, no. 283.

Bread and butter. Means of living.

Your quarrelling with each other upon the subject of bread and butter, is the most usual thing in the world; parliaments, courts, cities, and kingdoms, quarrel for no other cause. From hence arise all the quarrels between Whigs and Tories, between all pretenders to employment in the church, the law, and the army; even the common proverb teaches you this, when we say, 'It is none of my bread and butter.'

meaning, it is no business of mine.—*Sir J. To the Duchess of Queensberry*, Aug. 12, 1732. (Ord MS.)

Eat of anyone's bread. Receive hospitality, patronage, or maintenance.

God is pleased to try our patience by the ingratitude of those who, having eaten of our bread, have left up themselves against us.—*Leon Basilike*.

Breadbag, *s.* Bag for holding bread.

Canvas bread-bags were made in case it should be necessary suddenly to desert the vessels.—*Sandley, Life of Nelson*.

Breadchipper, *s.* Disparaging term for one employed in the breadroom.

No plume, Hal, on my honour; no plume.—Not to displease me, and call me painter, and bread-chipper, and I know not what?—*Shakespeare, Henry IV.* Part II. ii. 4.

Breadcorn, *s.* Corn of which bread is made.

There was not one drop of beer in the town; the bread, and bread-corn, suffered not for six days.—*Sir J. Hayward*.

When it is ripe, they gather it, and bruising it among bread-corn, they put it up into a vessel, and keep it as food for their slaves. *Broome, Notes on the Odyssey*.

Breaden, *adj.* Made of bread. *Obsolete*.

Antichristians, and priests of the *breaden* god.—*T. Rogers, The English Creed*, preface: 1585.

He consulted with the oracle of his *breaden* god, which, because it answered not, he cast into the fire.—*Bishop Hall, Honour of married Clergy*, iii. 8.

The idolatry of the mass, and adoration of the *breaden* god.—*Mede, Apology of the latter Times*, l.

Breadfruit, *s.* Fruit of trees of the genus *Artocarpus*, with the taste of bread.

The king of Otaheite, though a despot, was a reformer. He discovered that the eating of *breadfruit* was a barbarous custom, which would infallibly prevent his people from having a great nation.—*Dr. H. the younger, The young Duke*, b. l. ch. ii.

Breadless, *adj.* Wanting bread.

When they have flesh, yet they must stay in time ere they can have a full meal; unless they would eat their meat *breadless*, and their bread dry.—*Bishop Hall, Controversial Treatises*, v. 2. (Ord MS.)

Breadth, *s.* Abstraction suggested by *Broad*: (contrasting with *height*, *length*, and *depth*, rather than with *narrowness*, the opposite of which is *broadness*; for we can talk of the *breadth* of a narrow channel).

There is in Ticinum, a church that hath windows only from above; it is in length an hundred feet, in *breadth* twenty, and in height near fifty; having a door in the midst.—*Bacon, Natural and Experimental History*.

The river Ganges, according unto later relations, if not in length, yet in *breadth* and depth may excel it.—*Sir T. Browne, Vulgar Errors*.

Then all approach the slain with vast surprise, Admire on what a *breadth* of earth he lies. *Dryden*. In our Gothic cathedral, the narrowness of the arch makes it rise in height; the lowness opens it in *breadth*.—*Addison*.

Breadthless, *adj.* Without breadth.

The term of latitude is *breadthless* line. *Jr. H. More, Song of the Soul*, ii. 2, 2.

Break, *v. a.* [Notwithstanding the spelling, more probably connected with *Brake* than with the next entry.] Tame; train to obedience; inure to docility.

What boots it to *break* a colt, and to let him straight run loose at random?—*Spencer, Fowls of the State of Ireland*.

No sports but what belong to war they know, To *break* the stubborn colt, to bend the bow.

Dryden.

Make human nature shine, reform the soul, And *break* our fierce barbarians into men.

Addison, Cato.

Behold young Juba, the Numidian prince, With how much care he forms himself to glory, And *breaks* the fierceness of his native temper. *ibid*.

Break, *v. a.* *preterite*, *brake* the older, *broke* the newer, form; for the participle see *BROKEN*. [A.S. *breccan*.]

1. Forcibly interrupt the continuity of anything (physically or figuratively); interrupt.

When I *brake* the five leaves among five thousand, how many baskets of fragments took you up?—*Mark*, viii. 19.

Let us *break* their bands asunder, and cast away their cords from us.—*Psalm*, ii. 3.

A bruised reed shall he not *break*.—*Isaiah*, xlii. 3. *Break* their talk, mistress Quickly; my kinsman shall speak for himself.—*Shakespeare, Merry Wives of Windsor*, iii. 4.

As one condemn'd to leap a precipice, Who sees before his eyes the depth below, Stops short, and looks about for some kind shrub, To *break* his dreadful fall.

Dryden.

She held my hand, the destin'd blow to *break*, Then from her rose lips began to speak.

Id.

By a dim twinkling lamp, which feebly *broke* The gloomy vapour, he lay stretch'd along.

Id.

The poor slave shivering stands, and must not *break*

His painful silence, till the mortal speak. *Tickell*.

These are some of the capital fallacies of the author. To *break* the thread of my discourse as little as possible, I have thrown into the margin many instances, though God knows far from the whole of his inaccuracies, inconsistencies, and want of common sense.—*Burke, Observations on a late Publication intitled The present State of the Nation*, ii. 87.

For he [Windham] was too often the dupe of his own ingenuity, which made him doubt and balance, and gave an oscillatory fatal to vigour in council, as well as most prejudicial to the effects of eloquence, by *breaking* the force of his blows as they fell.—*Lord Brougham, Statesmen of the Time of George III*, Mr. Windham.

2. Crush, sink, or destroy, in respect to bodily or mental strength.

The breaking of that parliament *Broke* him, as that dishonoured victory At (Thebes, fatal to liberty, Kill'd with report that old man eloquent.

Milton, Sonnet.

3. Make bankrupt.

With art like these, rich Matho, when he speaks, Attracts all fees, and little lawyers *breaks*. *Dryden*. A command or call to be liberal, all of a sudden impoverishes the rich, *breaks* the merchant, and shuts up every private man's exchequer.—*South*.

4. Crack or open the integuments of some part of the body, so as to fetch blood.

She could have run and waddled all about, even the day before she *broke* her brow; and then my husband took up the child.—*Shakespeare, Romeo and Juliet*, l. 3.

Weak soul! and blindly to destruction led; She *break* her heart! she'll sooner *break* your head.

Dryden.

5. Violate a contract, promise, or law.

Go, *break* thy league with Bascha, king of Irael. —*1 Chronicles*, xvi. 3.

Lovers *break* not hours, Unless it be to come before their time.

Shakespeare, Two Gentlemen of Verona, v. 1. Pardon this fault, and, by my soul I swear, I never more will *break* an oath with thee.

Id. *Merchant of Venice*, v. 1.

Did not our worthless of the house, Before they *broke* the peace, *break* vows?

Butler, Hudibras.

Unhappy man! to *break* the pious laws Of nature, pleading in his children's cause. *Dryden*.

In such a sentence as the following, *break off* is the ordinary construction.

His correspondents, seeing they had made him leave the place, thought it would be no hard matter to *break* the match; and from that time to the beginning of January, which was almost four months, my lord had a letter every day, some of whole sheets of paper, filled with lies about me.—*Diary of Lady Cowper*.

6. Open something new; propound something by an overture.

When any new thing shall be propounded, no counsellor should suddenly deliver any positive opinion, but only hear it, and at the most, but to *break* it, at first, that it may be the better understood at the next meeting.—*Bacon*.

Break the back. Strain or dislocate the dorsal vertebrae with too heavy burdens; ruin.

I'd rather crack my sinews, *break* my back, Than you should such dishonour undergo, While I sit lazy by. *Shakespeare, Tempest*, iii. 1.

O' Flaherty.

Have *break* their backs with lying manners on 'em, For this great journey. *Id*, *Henry VIII*, i. 1.

Break a bank. Exhaust the resources of a bank: (generally those of a gaming-table).

Your grace has lost, and you do not seem particularly dull. You will have your revenge. Those who lose at first are always the children of fortune. I always dread a man who loses at first. All I beg is, that you will not *break* my bank. *Disraeli the younger, The young Duke*.

Break brains. Puzzle the understanding.

If any dabbler in poetry dares venture upon the experiment, he will only *break* his brains. *Pellon, Dissertation on reading the Classics*.

Break company. Part; separate.

Did not Paul and Barnabas dispute with that vehemence, that they were forced to *break* company?—*Bishop Atterbury*.

Break down. Cause to fail; crush.

This is the fabric, which, when *that* *breaketh* down, none can build up again.—*T. Burnet, Theory of the Earth*.

Break fast. Eat for the first time in the day.

I remember to have read that St. Benedict was invited to *break* his fast in a vineyard. *Jermyn Taylor, Doctor Dubitantium*, l. 461. (Ord MS.)

Break ground, or land. Open trenches; plough.

When the price of corn fell, men generally give over surplus tillage, and *break* no more ground than will serve to supply their own turn.—*Cuvier, Survey of Cornwall*.

The husbandman must first *break* the land, before it be made capable of good seed.—*Sir J. Davies, Dissertation on the State of Ireland*.

Break health. Impair the bodily constitution.

Have not some of his vices weakened his body, and *broke* his health? have not others dissipated his estate, and reduced him to want?—*Archbishop Tillotson*.

Break the heart. Destroy with grief.

Good my lord, enter here.—*Will't break* my heart!—*I'd rather break mine own*.

Shakespeare, King Lear, iii. 4. The defeat of that day was much greater than it then appeared to be; and it even *broke* the heart of his army.—*Lord Clarendon*.

Should not all relations bear a part?

It were enough to *break* a single heart. *Dryden*.

Break a hold. Loosen the grasp, tenure, or influence of anything on anything.

Into my hand he forc'd the tempting gold, While I with modest struggling *broke* his hold. *Gay*.

Break into. Force a way.

The mob took his part, and being riotous, were dispersed in the streets by the military. For three days he defended himself in his house, while the authorities were consulting as to the legality of *breaking* into it by force.—*T. Erskine May, Constitutional History of England*, l. 448.

Break a jest. Utter a jest unexpectedly.

This is the only modern way of running at tilt, with which great persons are so delighted to see men encounter one another, and *break* jests, as they did *lances* heretofore.—*Butler, Modern Politician*.

[He] *breaks* villainous jests.

At thy undoing. *Ungay, Venice preserved*. He [Lord Oxford] now and then *breaks* a jest, which moved of the Inns of Court.—*Lord Bolingbroke, Letter to W. Windham*.

'Tis pitiful To court a grin, when you should woo a soul; To *break* a jest, when pity would inspire Pathetic exhortation; and to address The skittish fancy with fictitious tales. When sent with God's commission to the heart! *Cowper The Time-piece*.

Break a lance. Enter the lists with a rival
(For examples see extracts under *Break a jest* and
Break Priscian's head.)

Break one's mind. Disclose one's thoughts.
I, who much desir'd to know
Of whence she was, yet fearful how to break
My mind, adventur'd humbly thus to speak.

Break (money). Reduce in amount by taking
away a portion.

But I am uneasy about these same four guineas: I
think you should give them back again to your
master; and yet I have broken them. I have only
three left.—*Richardson, Pamela*, let. 17.

Break the neck. Dislocate the joints of the
neck.

I had as lief thou didst break his neck, as his
finger.—*Shakespeare, As you like it*, i. 1.

Send Belshazzar to the curate, and tell him to work
it as long as he lives; and if you've a tumble-down
tail, send him to the vicar, to give him a chance of
breaking his neck.—*Colman the younger, The Two
Gentlemen*, iii. 1.

Break off. Put a sudden stop; preclude by
some obstacle suddenly interposed; dis-
solve; tear asunder.

She ended here, or vehement despair
Broke off the rest.—*Milton, Paradise Lost*, x. 1008.
Let us break off, say they, by strength of hand,
Their bonds; and cast from us, no more to wear,
Their twisted cords.—*Id., Adam*, ii. 6.

To check the starts and sallies of the soul,
And break off all its commerce with the tongue.

It is great folly, as well as injustice, to break off so
sudden a relation.—*Collier, Of Friendship*.

Break off (anything). Reform.

The French were not quite broken off it, until some
time after they became christians.—*Grew, Cosmo-
logia Sacra*.

Break open. Unclose by violence; force
open.

They're breaking open the door. Give me the key,
I command you. Mrs. Inebell, Wives as they
were and Maids as they are, iv. 3.

Break Priscian's head. Err in grammar.

Fair cousin, for thy plumes,
Instead of breaking Priscian's head
I had been breaking lances.

Priscianus was a native of Caesarea, and went to
Constantinople, where he taught with great success
about the year 525. His grammatical fame may be
justly inferred from the proverbial phrase of *break-
ing Priscian's head*, applied to a violation of gram-
mar. *Rees, Cyclopædia*, in voce.

Break no squares. Create no trouble.

Give yourself ten thousand airs,
That with me shall break no squares.—*Swift*.
This, he said one day, should break no squares;
adding, 'God forbid that I should be the means of
hindering you from acting the part of an honest
man and a dutiful brother.' By virtue of this reser-
vation, they returned peaceably together.—*Smollett,
Expédition of Humphrey Clinker*.

Break up. Dissolve; put a sudden end to;
open; lay open; separate or disband; force
open.

Who cannot rest till he good fellows find;
He breaks up house, turns out of doors his mind.

After taking the strong city of Belgrade, Solymani,
returning to Constantinople, broke up his army, and
there lay still the whole year following.—*Kudsen*.

The justy Kentshmen, logging on more friendly,
broke up the gates of the King's Bench and Mar-
shalsea.—*Hall, Chronicle*, Henry VI. fol. 78, b.

He would have wateled, and would not have
suffered his house to be broken up.—*Matthews*, xxiv.
43.

Shells being lodged amongst mineral matter, when
this comes to be broken up, it exhibits impressions of
the shells.—*Woodward*.

He threatened that the tradesmen would beat out
his teeth, if he did not retire, and break up the
meeting.—*Arncliffe, History of John Bull*.

Break way. Force a passage.

Or could we break our way
By force, and at our heels all Hell should rise.
Milton, Paradise Lost, i. 134.

Break upon the wheel. Punish by stretching
a criminal upon the wheel, and breaking
his bones.

Let Sporus tremble.—'What? that thing of silk,
Sporus, that mere white curd of asses' milk?
Nætare or sense, alas! can Sporus feel?
Who breaks a butterfly upon a wheel?'—*Pope*.

Break. v. n.

1. Part in two; burst.

(Give sorrow words, the grief that does not speak
Whispers the o'erfraught heart, and bids it break.
Shakespeare, Macbeth, iv. 3.

2. Separate or spread as waves (i.e. break-
ers), or as water generally; dash, as waves
against rocks in a storm.

At last a falling billow stops his wrath,
Breaks o'er his head, and welchus him.—*Dryden*.
The clouds are still above; and, while I speak,
A second deluge o'er our heads may break.—*Id.*

He could compare the confusion of a multitude to
that tumult in the tearful sea, dashing and breaking
among its crowd of islands.—*Pope, Essay on Homer*.
All the horrors of war were ready to break on the
devoted city, which had endured a siege of fifty-five
days.—*Milman, History of Latin Christianity*, b. iv.
ch. xi.

Break, break, break.
On thy cold gray stones, O Sea!
And I would that my tongue could utter
The thoughts that arise in me.—*Tennyson*.

3. Issue out with vehemence; force a way.
Whose wounds, yet fresh, with bloody hands he
strook.

While from his breast the dreadful accents broke.
Pope.

We lay beneath a spreading oak,
Beside a mossy seat:
And from the turf a fountain broke,
And crinkled at our feet.—*Wordsworth*.

Used figuratively. Burst forth (as the
morning or day breaks).

The day breaks not: it is my heart,
Because that I and you must part.—*Donne*.

When a man thinks of anything in the darkness
of the night, whatever deep impressions it may
make in his mind, they are apt to vanish as the day
breaks about him.—*Addison, Spectator*, no. 403.

I sleep so sound all night, mother, that I shall
never wake.
If you do not call me loud when the day begins to
break.—*Tennyson, The May Queen*.

4. Break (as a swelling); open, and discharge
matter.

Some hidden abscess in the mesentery, breaking
some few days after, was discovered to be an apo-
stome.—*Harey*.

5. Become bankrupt.

I did mean, indeed, to pay you with this; which,
if, like an ill venture, it came unluckily home, I
break, and you, my gentle creditors, lose.—*Shake-
spear, Henry IV. Part II*, epilogue.

He that puts all upon adventures, doth oftentimes
break, and come to poverty.—*Bacon, Essays*.

Enter saw tenants break, and houses fall,
For very want he could not build a wall.—*Pope*.

6. Decline in health and strength.

Yet thus, methinks, I hear them speak;
See how the dean begins to break:
Poor gentleman! he drumps away.—*Swift*.

7. Fall out as with a friend.

To break upon the score of danger or expence, is
to be mean and narrow-spirited.—*Collier, On Friend-
ship*.

Sighing, he says, we must certainly break,
And my cruel unkindness compels him to speak.—*Prior*.

With with.

There is a slave whom we have put in prison,
Reports, the Volscs, with two several powers,
Are entered in the Roman territories.—
Go see this runaway whipt. It cannot be,
The Volscs dare break with us.

Be not afraid to break
With murderers and traitors, for the saving
A life so near and necessary to you.—*B. Jonson, Catiline*.

Can there be anything of friendship in snarls,
hooks, and trepan? Whosoever breaks with his
friend upon such terms, has enough to warrant him
in so doing, both before God and man.—*South*.

Invent some apt pretence,
To break with Bertran.—*Dryden, Spanish Friar*.

Break down. Fail; go to ruin.

His (gardener's) remaining strength broke down
immediately after, and he died at Whitehall Palace
on the 16th of November.—*Froide, History of Eng-
land*, ch. xxxiii.

Break forth. Burst out; exclaim.

Or who shut up the sea within doors, when it
broke forth, as if it had issued out of the womb?
Job, xxxviii. 8.

The heart of Adam, erst so sad,
Greatly rejoic'd; and thus his joy broke forth.—*Milton, Paradise Lost*, xl. 869.

With into.

Break forth into joy; sing together, ye waste
places of Jerusalem.—*Isaiah*, lii. 9.

Break from. Go away with some vehemence.

How didst thou scorn life's meagre charms,
Thou who could'st break from Laura's arms?
Lord Roscommon.

Thus radiant from the circling crowd he broke;
And thus with manly modesty he spoke.—*Dryden*.

This custom makes bigots and scepticks; and
those that break from it are in danger of heresy.—
Locke.

Break in. Enter unexpectedly, without pro-
per preparation.

Calamities may be nearest at hand, and readiest to
break in suddenly upon us, which we, in regard of
times or circumstances, may imagine to be farthest
off.—*Hosker, Ecclesiastical Polity*, v. § 41.

This, this is he; softly awhile,
Let us not break in upon him.

The doctor is a pedant, that, with a deep voice,
and a magisterial air, breaks in upon conversation,
and drives down all before him.—*Addison, Travels
in Italy*.

At length I have acted my severest part;
I feel the woman breaking in upon me,
And melt about my heart, my tears will flow.—*Id., Cato*.

And yet, methinks, a beam of light breaks in
On my departing soul.—*Id.*

Break into.

a. Burst into; exclaim.

After the hideous storm that follow'd, was
A thing inspir'd; and, not consulting, broke
Into a general prophecy.—*Shakespeare, Henry VIII*, i. 1.

b. Enter by force.

They came up into Judah, and brake into it.—*2
Chronicles*, xxi. 17.

Almighty power, by whose most wise command,
Helpless, forlorn, uncertain here I stand;
Take this faint glimmering of thyself away,
Or break into my soul with perfect day!

Arbutnot.

Break loose. Escape into freedom; shake
off restraint.

Who would not, finding way, break loose from
hell,
And boldly venture to whatever place,
Farthest from pain? *Milton, Paradise Lost*, iv. 880.

If we deal falsely in covenant with God, and break
those from all our engagements to him, we release
God from all the promises he has made to us.—
Archbishop Tillotson.

Break off. Desist suddenly.

Do not perpetually break off, in any business, in
a fit of anger; but howsoever you show intemperance,
do not act anything that is not revocable.—*Bacon*.

Pius Quintus, at the very time when that memor-
able victory was won by the Christians at Lepanto,
being then hearing of causes in consistory, broke off
suddenly, and said to those about him, it is now
more time we should give thanks to God.—*Id.*

When you begin to consider whether you may
safely take one draught more, let that be accounted
a sign late enough to break off.—*Jeremy Taylor,
Rule and Exercise of Holy Living*.

With from.

I must from this enchanting queen break off.
Shakespeare, Antony and Cleopatra, i. 2.

Break out.

a. Discover itself in sudden effects.
Let not one spark of filthy lustful fire
Break out, that may her sacred peace molest.—*Spenser*.

Their smother and keep down the flame of the
mischiefs, so as it may not break out in their time of
government; what comes afterwards, they care not.
—*Id., View of the State of Ireland*.

As fire breaks out of thin by persuasion, so wisdom
and truth issue out by the agitation of argument.
—*Harell*.

Like a ball of fire, the further thrown,
Still with a greater blaze she shone;
And her bright soul broke out on every side.—*Dryden*.

There can be no greater labour, than to be always
dissembling; there being so many ways by which
a smothered truth is apt to blaze and break out.—
South.

A violent fever broke out in the place, which swept
away great multitudes.—*Addison, Spectator*.

How does the lustre of our father's actions,
Through the dark clouds of ills that cover him,
Break out, and burn with more triumphant blaze!

Id., Cato.

b. Have eruptions from the body (as pus-
tules or sores).

After the sores seemed to be in a fair way of heal-
ing, and my legs in a good measure cleared of
the scabs and scurf that covered them, I knew not upon
what occasion, they broke out again with more and
larger ulcers than before.—*Ray, Correspondence*, p.
445.

c. Become dissolute.

He broke not out into his great excesses, while he
was restrained by the counsels and authority of
Bonica.—*Dryden*.

Break over. Overflow.

When the channel of a river is overcharged with
water more than it can deliver, it necessarily breaks

over the banks, to make itself room.—*Sir M. Hale, Origination of Mankind.*

Break through Force a passage.

The three mighty men *break through* the host of the Philistines. — *2 Samuel*, xiii. 16.

He resolved that Balfour should use his utmost endeavour to *break through* with his whole body of horse.—*Lord Clarendon.*

Sometimes he *breaks through* all disguises, And spurs not good nor men. — *Sir J. Denham.*
Till *through* those clouds the sun of knowledge *breaks*.

And Europe from her lethargy did wake. — *Id.*
There are some who, struck with the usefulness of these charities, *break through* all the difficulties and obstructions that now lie in the way towards advancing them.—*Bishop Atterbury.*

I must pay her the last duty of friendship, where-ever she is, though I *break through* the whole plan of life which I have formed in my mind.—*Swift, Letters.*

Break up. Cease; intermit; dissolve itself; begin holidays; be dismissed from business.

It is credibly affirmed, that, upon that very day, when the river first rose, great dangers in Cairo were suddenly to *break up*. — *Bacon, Natural and Experimental History.*

These, and the like conceits, when men have cleared their understanding by the light of experience, will scatter and *break up*, like mist.—*Id.*

The speedy depredation of air upon water's moisture, and version of the same into air, appeareth in nothing more visible than the sudden discharge or vanishing of a little cloud of breath, or vapour, from glass of any polished body; for the mistiness scatters, and *breaks up* suddenly.—*Id.*

But ere he came near it, the pillar and cross of light *breaks up* and cast itself abroad, as it were, into a firmament of many stars. — *Id., New Atlantis.*

What we obtain by conversation is oftentimes lost again, as soon as the company *breaks up*, or, at least, when the day vanishes. — *Watts.*

Break upon. Discover itself suddenly.

See heav'n in its sparkling portals wide display, And *break upon* thee in a flood of day! — *Pope, Messiah.*

Break with. Come to an explanation.

But perceiving this great alteration in his friend, he thought fit to *break with* him thereof. — *Sir P. Sidney, Arcadia*, l.

Stay with me a while; I am to *break with* thee of some affairs. — *Shakespeare, Two Gentlemen of Verona*, iii. 1.

Break with them, gentle boy, About the drawing as many of their husbands Into the plot, as rain. — *B. Jonson, Catiline.*

Break. s.

1. State of being broken; opening.

They must be drawn from far, and without *breaks*, to avoid the multiplicity of lines. — *Dryden.*
The sight of it would be quite lost, did it not sometimes discover itself through the *breaks* and openings of the woods that grow about it. — *Addison.*

2. Pause; interruption.

The period is indeed very noble, but extended to an unusual length, and full of transpositions and *breaks*. — *Blackwall, Sacred Classics defended and illustrated*, ii. 80.

3. In Printing. Hiatus, noting that the sense is suspended.

All modern trash is set forth with numerous *breaks* and dashes. — *Swift.*

Break of day. Dawn; light which precedes the appearance of the sun above the horizon.

From the *break of day* until noon, the roaring of the cannon never ceased. — *Knollys, History of the Turks.*

For now, and since first *break of day*, the fiend, Mere serpent in appearance, forth was come. — *Milton, Paradise Lost*, x. 412.

Break-down. s. (Frequently pronounced break-down, i.e. as a compound rather than as two words. Break-up, however, is perhaps, as generally sounded as two words; i.e. as *break up*, or *break-up*. This is not what we expect, if we merely look to the difference of meaning between *up* and *down*; wherein there is a contrast which, at the first view, leads us to expect that the accent would be on each of these two syllables respectively, rather than on the syllable which precedes them? a *break up* being one thing, a *break down* another. Such, however, is not the case; inasmuch as in the compound the contrast disappears, and *break-up* and *break-down* mean nearly the same. The former seems to be a metaphor from something that gives way

under pressure; the latter, probably, conveys the notion of softening, like ice or snow during a thaw.) Failure; dissolution; collapse.

'Well,' said I, 'here is another *break-down*.' — *Theodore Hook, Gilbert Gurney*, vol. i. ch. i.

Break-up. s. See Break-down.

The *break-up* of the cold weather soon followed, and the harbours became free.—*Laing, Travels in Norway.*

That a *break-up* of the constitution should follow was only what was to be expected from such excesses. — *Mrs. Marsh, Emilia Windham.*

Breakage. s.

1. Act of breaking; accident by which anything is broken; loss by breaking.

Stoppages occur, and *breakages* to be repaired at Etoges. — *Curlye, French Revolution*, pt. i. li. iv. ch. v.

2. Charge for damage done by breaking anything intrusted for carriage.

And mind and be careful; for you will have to pay the *breakage* if you let it fall. — *Theodore Hook, Gilbert Gurney.*

Breaker. s.

1. One who breaks anything; one who infringes a law.

The *breaker* is come up before them; they have broken up, and have passed through the gate. — *Alcibiades*, ii. 13.

If the churches were not employed to be places to hear God's law, there would be need of them to be prisons for the *breakers* of the laws of men. — *South.*

2. Wave which breaks itself on rocks or sandbanks.

A bold Dutch seaman ventured to spring out, and, with great dexterity, swam and scrambled through *breakers*, ice, and mud, to firm ground. — *Macaulay, History of England*, ch. xvii.

No level of this; not here the stoptest boat Can through such *breakers* or such billows float. — *Cythere, The Borough.*

Breakfast. s. n. Take breakfast.

As soon as Phocas's eyes inspect us, First, sir, I read, and then I *breakfast*. — *Prior.*
He repairs to Pausanias's lodgings; but Pausanias was not at home; he was sitting at the Blue Posts, a tavern much frequented by Jacobites, the very tavern, indeed, at which Chatterbox and his gang had *breakfasted* on the day fixed for the murderous ambush of Turpin Green. — *Macaulay, History of England*, ch. xiv.

Breakfast. s.

1. First meal in the day; thing taken as the first meal.

The duke was at *breakfast*, the last of his repasts in this world. — *Sir H. Wotton.*
Hope is a good *breakfast*, but it is a bad supper. — *Bacon.*

A good piece of bread would be often the best *breakfast* for my young master. — *Locke.*

2. First meal after a long fast.

That I have seized by a hungry lion, I would have been a *breakfast* to the beast. — *Shakespeare, Two Gentlemen of Verona*, v. 4.

I lay me down to grip my latest breath; The wolves will get a *breakfast* by my death, Yet scarce enough their hunger to supply. — *Dryden.*

Breakfasting. verbal abs. Breakfast party; act of taking breakfast.

No *breakfastings* with them, which consume a great deal of time. — *Lord Chesterfield.*

Breaking. verbal abs.

1. Shattering.

He shall break it as the *breaking* of the potter's vessel, that is broken in pieces; he shall not spare. — *Isaiah*, xxi. 14.

2. Solution; explanation.

Gideon heard the telling of the dream, and the interpretation [in the margin, *breaking*] thereof. — *Judges*, vii. 15.

3. Forcing of a passage: (with forth).

God hath broken in upon mine enemies by mine hand, like the *breaking forth* of waters. — *1 Chronicles*, xiv. 11.

With in.

They came upon me as a wide *breaking in* of waters. — *Job*, xxi. 14.

Obstructing the avenues against all future *breakings in* of the great polluters. — *Hammond, Sermons*, p. 508.

Separation: (with off).

Breaking off with her whom I was engaged to marry, rejected by the object of my affection, and embroiled with this turbulent woman who governs the whole family. — *Colman and Garrick, The Constantine Marriage*, iii. 2.

With up.

I was the happiest of beings in my *breakings up* from school. — *Memoirs of Richard Cambland*, i. 53.

But it left Germany prostrate and ruined, not less by the loss of its material prosperity, than by the total *breaking up* of all those social and political relations which had hitherto held the great but heterogeneous body together. — *Academy, State Papers, &c., Historical Introduction*, p. xiii.

The *breaking up* of his constitution was a natural consequence of the suffering he had lately gone through. — *Crack, History of English Literature*, i.

5. Bankruptcy.

Thou art a merchant—what tellst thou me—of falsehood in trades, *breaking* of customers. — *Bishop Hall, Scannall's Sermon*, p. 30.

Breakneck. s. Fall in which the neck is broken; steep place endangering the neck; (figuratively) destruction.

Forsake the court; to do 't or no, is certain To me a *breakneck*. — *Shakespeare, Winter's Tale*, i. 2.

Breakneck. adj. Precipitous; likely to cause a broken neck.

This way the chamois leapt; her nimble feet Have laddered me. My gains to-day will scarce repay my *break-neck* travail. — *Byron, Manfred*, i. 2.

But above all, from the Church of St. Louis to the Church of Notre-Dame; one vast suspended bellow of life—with spray scattered even to the chimney-tops! For on chimney-tops too, as over the roofs, and up thitherwards on every lamp-iron, signpost, *breakneck* eugen of vintage, sits patriotic Courage; and every window bursts with patriotic Beauty; for the deputies are gathering at St. Louis Church; to march in procession to Notre-Dame, and hear sermon. — *Curlye, French Revolution*, pt. i. b. iv. ch. iii.

Breakpromise. s. One who has a halbit, or makes a practice, of breaking his promise.

I will think you the most pathetic *breakpromise*, as the most hollow lover. — *Shakespeare, As you like it*, iv. 1.

Breakvow. s. One who has a halbit, or makes a practice, of breaking his vows.

That daily *breakvow*, he that was of all, Of kings, of beggars, old men, young men, maids. — *Shakespeare, King John*, ii. 2.

Breakwater. s. Mole, or other device for breaking the force of the waves.

From the extremity of this headland, on which's a strong fork, the long arm of the western pier, a *breakwater* takes its origin. The distance of this point from the opposite head of the bay is about 1,500 yards, this being therefore the effective width of the natural bay. The curve is nearly semicircular, but the bottom is rocky, and at present shallow. — *Costed, The Channel Islands*, pt. i. ch. i.

Breakwind. s. Imperfect or one-sided tent which gipsies and certain savages raise on the windward side of their fires or sleeping-places.

The women, on these occasions, carry the few sticks and skins with which they frame their miserable *breakwinds*. — *Tasmanian Journal, On the Manners and Customs of the Aborigines*.

Bream. s. [L. lat. brama.] Abramis Brama, a fish of the Carp family.

A broad *bream*, to please some curious taste, While get alive in boiling water cast. — *Waller.*
The liver is generally of large proportional size; . . . in the carp, the *bream*, and the stickleback, the right lobe is longest. . . . The *bream* is the only fish in which I have found the cystic duct terminating directly in the stomach. — *Owen, Anatomy of Vertebrates*.

Breast. s. [A.S. *bræst*.]

1. Middle part of the human body, between the neck and the belly.

No, traitress, angry Love replies, She's hid somewhere about thy *breast*, A place nor God nor man deities, For Venus' dove the proper nest. — *Prior.*
My Eustace might have sat for Hercules; So muscular he spread, so broad of *breast*. — *Tennyson, Gardener's Daughter.*

2. Organ in women which secretes the milk.

They pluck the fatherless from the *breast*. — *Job*, xxiv. 9.

3. Power of singing; voice. Obsolete.

Thence for my voice, I must, no choice, Away of force, like posting horse; For sundrie men had placarded thee Such child to take. The better breast, the lesser rest, To serve the queer, now there's now here, For time so spent, I may repent, And sorrow make. — *Tasso, The Author's Life*.

Truly two degrees of men, which have the highest offices under the king in all this realm, shall greatly lacke the use of singings, preachers and lawyers, be cause they shall not withoute this, be able to rule their *breates* for every purpose.—*Aecham, Turophilus*.

An excellent song, and a sweet songster; a fine *breast* of his own.—*B. Junon*.

4. Disposition implied by the word as the name for the seat of courage, conscience, or passion.

I not by wants, or fears, or age oppress,
Stem the wild torrent with a dauntless *breast*.
Dryden.

Needless was written law, where none oppress,
The law of man was written in his *breast*.
Id., Translation from Ovid.

Margarita first possess'd,
If I remember well, my *breast*.
Cowley, The Chronicle.

Each in his *breast* the secret sorrow kept,
And thought it safe to laugh, though *Cæsar* wept.
Rome.

- Breast. v. a.** Meet or oppose in front boldly or openly

The thraden sails
Draw the huge bottoms through the furrow'd sea,
Breasting the lofty surge.
Shakespeare, Henry V. III. chorus.

Cheerful at morn, he wakes from short repose,
Breasts the keen air, and carols as he goes.
Goldsmith, Traveller.

- Breast-deep. adj.** [two words rather than a compound.] Up to the breast.

Set him *breast-deep* in earth, and banish him;
There let him stand, and rave, and cry for food.
Shakespeare, Titus Andronicus, v. 3.

- Breast-high. adj.** [two words rather than a compound.] Up to the breast.

The river itself came way into her, so that she was
straight *breast-high*.—*Sir P. Sidney*.
Lay madam Partlet basking in the sun,
Breast-high in sand. *Dryden, Fables*.

- Breast-plough. s.** Plough held at the level of the breast, and used for paring turf.

The *Breast-plough* which a man shoves before him.
Mortimer.

- Breastbone. s.** Bone to which the front ends of the ribs are attached; sternum.

The belly shall be eminent by shadowing the flank,
and under the *breastbone*.—*Peuckam, Compleat Gentleman*.

It is probable that such respiratory actions could not be performed by the animal when swimming and diving; and it is certain that such actions of the limb-muscles could not effect any motion of the *breast-bone* in the great proportion of the Cælonian order, in which the pectorin is fixed.—*Owen, Anatomy of Vertebrates*.

- Breastclout. s.** Bib for children. *Obsolete*.

Festes l'enfant une bavere [*breastclout*].
Walter de Bibbesworth; Vocabularies in Library of National Antiquities. (Wright.)
Cele luy fist une bavere [*breast-clut*]. *Id., ibid.*

- Breasted. adj.** Having a singing voice. See *Breast. Obsolete*.

Singing men well *breasted*.—*Fiddes, Life of Cardinal Wolsey*, app. p. 128.

- Breastfast. s.** See extract.

Breastfast [is] a sort of hawser . . . employed to confine a ship sideways to a wharf or key, or to some other ship.—*Rees, Cyclopædia*, in voce.

- Breasthook. s.** See extract.

Breasthooks in shipbuilding are thick pieces of timber incruited into the form of knees, and used to strengthen the forepart of the ship.—*Rees, Cyclopædia*, in voce.

- Breastknot. s.** Knot or bunch of ribands worn by women on the breast.

Our bodies have still faces, and our men hearts.
Why may we not love for the same achievements
from the influence of this *breastknot*?—*Addison, Frecholder*.

- Breastpain. s.** See extract.

Breastpain is a distemper in horses . . . the signs of which are stiff, staggerin', and weak-going with the forelegs, besides that he can hardly, if at all, bow his head to the ground.—*Rees, Cyclopædia*, in voce.

- Breastpin. s.** Pin to fasten the ends of a neckcloth, kerchief, tucker, or any similar covering over the breast.

I suppose that you think 'cause my trowsers are tarry,
And because that I ties my long hair in a tail,
While ladiesmen are flaged out as fine as Lord Harry,
With *breast-pins* and cravats as white as old silk.
Murray, Skarleygon, vol. I. ch. xx.

- Breastplate. s.** Plate forming an armour for the breast.

What stronger *breastplate* than a heart untainted?
Thrice is he arm'd that hath his quærel just.
Shakespeare, Henry VI. Part II. III. 2.

'Gainst shield, helm, *breastplate*, and, instead of those,
Five sharp smooth stones from the next brook he chose.
Chaucer.

This venerable champion will come into the field,
arm'd only with a pocket-pistol, before his old rusty *breastplate* could be secured, and his cracked head-pieces mended.—*Swift*.

Many an inlaid *breastplate*, many a Mameluke scimitar and Damascus blade, many a gemmed pistol and pearl-embroidered saddle, might there be seen, though viewed in a subdual and quiet light.—*Disraeli the younger, The young Duke*.

- Breastwork. s.**

1. In Fortification. Works thrown up as high as the breast of the defenders; parapet.

Sir John Ashby cast up *breastworks*, and made a redoubt for the defence of his men.—*Lord Clarendon*.

2. In Navigation. See extract.

Breastwork, a sea term, [is] a set of framing composed of stunnions and rails, with moulding and sometimes sculpture. It terminates the quarter-deck and poop at the foremost end and after end of the fore-castle.—*Rees, Cyclopædia*, in voce.

He had volunteered to take the command of a floating battery; which was a raft, consisting merely of a number of beams nailed together, with a floor-lug to support the guns; it was square, with a *breastwork* full of port-holes, and without masts, carrying twenty-four guns, one hundred and twenty men.—*Southey, Life of Nelson*.

- Breath. s.** (the *th* is here sounded as the *th* in *thin*, and is not followed by *e* in spelling.) [A.S. *bræð*.]

1. Air drawn into, and ejected out of, the body by living animals; breath of life; life itself.

Whither are they vanish'd?
Into the air; and what seem'd corporeal
Melted, as *breath* into the wind.
Shakespeare, Macbeth, i. 3.

No man has more contempt than I of *breath*;
But whence hast thou the pow'r to give me death?
Dryden.

2. State or power of breathing freely: (opposed to the condition in which a man is *breathless* and spent).

At other times, he casts to see the chace
Of swift wild beasts, or run on foot a race,
To enlarge his *breath*, large *breath* in arms most needful,
Or else, by wrestling, to wax strong and heedful.
Spenser, Faerie Queen.

With in.

What is your difference? speak.—I am scarce in *breath*, my lord.—*Shakespeare, King Lear, ii. 2*.

- Out of breath. Breathless.**

Our swords so wildly did the fates employ,
That they, at length, grew weary to destroy;
Behind the work we brought, not, out of *breath*,
Made sorrow and despair attend for death.
Dryden, Aurengzebe.

- In the following extract the word means *life* as well as simple *breath*; a pun or conceit being intended.

Rest, that gives all men life, gave him his death,
And too much breathing put him out of *breath*.
Milton, Epitaph on the University Carrier.

3. Breathingtime; respite; pause; relaxation.

Give me some *breath*, some little pause, dear lord,
Before I positively speak.
Shakespeare, Richard III. iv. 2.

- Take breath.** Take rest for the purpose of restoring the power of respiration impaired by previous exertion.

Spaniard, take *breath*; some respite I'll afford;
My cause is more advantage than your sword.
Dryden.

4. Breeze; moving air.

Vent all thy passion, and I'll stand its shock,
Calin and unscathed as summer sea,
When not a *breath* of wind flies o'er its surface.
Addison, Cato.

5. Exhalation; fragrance.

And because the *breath* of flowers is far sweeter in the air, where it comes and goes like the warbling of music, than in the hand; therefore nothing is more fit for that delicate than to know what be the flowers and plants that do best perfume the air.—*Becon, Excerpt*, no. 48. (Ord MS.)

6. Time of drawing a single breath; single act; instant: (often with *the same*).

You menace me and court me in a *breath*.
Your Cupid looks as dreadfully as death.
Dryden.
He answer'd her almost in the *same breath*, that she was never to be separated from them, and that she was to have any establishment in any country she liked.—*Disraeli the younger, Coningsby*, h. v. ch. vi.

- Breath. v. n.** (the *th* is here sounded as the *th* in *thin*, and is followed by *e* in spelling. With *breathe* and *breath* compare *clothe* and *cloth*. See also *Brazier*.)

1. Draw in and throw out the air to and from the lungs; inspire and expire.

It shall be said so again, while *Stephano breathes* at nostrils.—*Shakespeare, Tempest, ii. 2*.

2. Draw the breath of life: live.

Let him *breathe* between the heavens and earth,
A private man in Athens.
Shakespeare, Antony and Cleopatra, III. 10.

3. Take *breath*: rest.

He presently follow'd the victory so hot upon the Scots, that he suffered them not to *breathe*, or rather themselves together again.—*Spenser, View of the State of Ireland*.

Three times they *breath'd*, and three times did they drink,
Upon agreement, of swift Severn's flood.
Shakespeare, Henry IV. Part I. i. 2.

When France had *breath'd*, after intestine broils,
And peace and conquest crown'd her foreign toils,
Lord Rouscommon.

4. Pass, or find a way, as air.

Shall I not then be stifled in the vault,
To whose foul mouth no healthsome air *breathes* in,
And there be strangled ere my *Romeo* comes?
Shakespeare, Romeo and Juliet, iv. 3.

- Breath. v. a.** (see preceding entry.)

1. Inspire, or inhale, into one's own body, and eject, or expire, out of it.

They wish to live,
Their pains and poverty desire to bear,
To view the light of heav'n, and *breathe* the vital air.
Dryden.

They here began to *breathe* a most delicious kind of air, and saw all the fields about them covered with a kind of purple light. *Tatler*, no. 81.

2. Inject by breathing: (with *into*).

He *breathed into* us the breath of life, a vital active spirit; whose motions, he expects, should own the dignity of its original.—*Dr. H. More, Discourse of Christian Piety*.

3. Expire; eject by breathing; exhale; send out as breath.

His nitar *breathes*
Ambrosial odours, and ambrosial flowers.
Milton, Paradise Lost, ii. 214.

- With out.**

She is called, by ancient authors, the tenth muse; and, by Plutarch, is compared to Cælia, the son of Vulcan, who *breathed out* nothing but flame.—*Spectator*, no. 223.

4. Move or actuate by breath.

The artful youth proceed to form the quire;
They *breathe* the flute, or strike the vocal wire.
Prior.

5. Utter privately; give air or vent to.

I have toward heaven *breath'd* a secret vow,
To live in prayer and contemplation.
Shakespeare, Merchant of Venice, III. 4.
Oh! *breathe* not his name, let it rest in the shade,
Where cold and unwhom'd his relics are laid.
Moor, Irish Melodies.

- Breathe a vein.** [the import of the word *breathe*, in this expression, is, apparently, explained by that of the words *vent* and *spiracle*; each of which is similarly connected with some word with a meaning akin to that of *breath* (*vent* with *ventus* = wind, and *spiracle* with *spiro* = breathe), and each of which conveys the notion of relief being given by making an opening.] Let blood.

The ready cure to cool the raging pain,
Is underneath the foot to *breathe* a vein.
Dryden, Virgil's Georgics.

- Breathe one's last (i.e. breath).** Expire.

He, safe return'd, the race of glory past,
Now to his friends' embrace, had *breath'd* his last.
Pope.

- Breathed. part. adj.** (pronounced *breath'd*, not *bréth'd*; i.e. as from the verb rather than from the substantive.) Exercised; kept in breath.

My greyhounds are as swift as *breath'd* steam.
Shakespeare, Taming of the Shrew, II. Induct.

Brother. s.**1. Applied to persons.****a. One who breathes the breath of life; liver.**

She shows a body rather than a life,

A statue than a brother.

Shakespeare, Antony and Cleopatra, iii. 3.
I will chide no brother in the world but myself.—
Id., As you like it, iii. 2.

b. One who whispers anything as a secret.

My authority bears a credent bulk,

That no particular scandal once can touch,

But it confounds the brother.

Shakespeare, Measure for Measure, iv. 4.

c. Inspirer; one who animates.

The brother of all life does now expire:

His milder Father summons him away. *Norris.*

2. Applied to things. Walk, exercise, or anything that stimulates the lungs, or organs by which we breathe. Colloquial.

So here we are at last—that hill 's a brother.—

Colman the younger, The Poor Gentleman, iv. 11.

breathful. adj. Full of breath in the ordinary sense; full of breath as an exhalation. **Rare.**

And eke the breathful bellows blew amaine,

Like to the northern winds, that none could heare.

Spenser, Faerie Queen, v. 38.

Fresh costmarie, and breathful canouille.

Id., Mutipolmus, v. 195.

breathing. verbal abs. [from breathe.]**1. Aspiration; secret prayer; utterance.**

His meals are hunger; his breathings, sighs; his

linen, hair-cloth.—*Bishop Hall, Works, ii. 329.*

While to high heaven his pious breathings turn'd,

Weeping he hop'd, and secretivly murmur'd. *Prior.*

But where is he, the Pilgrim of my song?

The being who upheld it through the past?

Metaphs he cometh late and tardies long.

He is no more—these breathings are his last.

Byron, Childe Harold, iv. 164.

2. Breathingplace; vent; spiracle.

The warmth distends the clinks, and makes

New breathings, whence new nourishment she takes.

Dryden.

3. Effluvium.

One cordial honest laugh of a Tom Jones absolutely

clears the atmosphere that was reeking with the

black putrefying breathings of a hypoerite Bliff.

Lamb, Essays of Elia, On the Genius and Character

of Hogarth.

4. Exercise of the lungs.

I'll be there in my waistcoat and pumps and take

a morning's breathing with you.—*Colman the elder,*

The Jealous Wife, iv. 1.

5. In Grammar. See extract.

The sound of the letter *h* is that of a simple

breathing; and as such it is treated when by that

word we translate the Latin *ternus spiritus* and *aspi-*

ratio; though, at the same time, we may call of *low*

breathing, or one which is contrasted with the *aspi-*

rate. Thus the complications thus engendered would

be avoided by recognizing the distinction between the

aspiration as the name of the simple *breathing* and

the aspiration, the translation of the Greek *doxa*,

has been suggested by Key, and that rightly. We

should gain much by adopting the distinction.—*Dr.*

E. G. Latham, Elements of Comparative Philology.

breathing. part. adj. Endowed with breath; living; vital.

Yet tears they shed; they had their part

Of sorrow; for when time was ripe,

The still affection of the heart

Became an outward breathing type.

Tennyson, The Miller's Daughter.

breathingplace. s. In *Metre* or *Prosody*. **Pause.**

That caesura, or *breathing-place*, in the midst of the

verse, neither Italian nor Spanish have, the French

and we almost never fail of.—*Sir P. Sidney, Defence*

of Poets.

And this new diameter is but the half of this verse

divided into two; and no other than the caesura, or

breathing-place, in the midst thereof.—*Daniel, De-*

fence of Rhyme.

breathingtime. s. Pause; relaxation; time for breathing; rest.

Neither doth it a little conduce to our safety, that

since marriage, once passed, is irreversible, we may

have some *breathing-time* betwixt our promise and

accomplishment.—*Bishop Hall, Cases of Conscience.*

He does not allow the poor devoted peer a

moment's *breathing-time*.—*Dr. Warton, Essay on*

Pope, ii. 323.

breathless. adj. Without breath.**a. As one simply out of breath. Spent with labour.**

Well knew

The prince, with patience and sufferance ay,

Vol. I.

So hasty heat soon cooled to subdue;

Tho' when he *breathless* was, that battle 'gan renew.

Spenser, Faerie Queen.

I remember, when the fight was done,

When I was dry with rage and extreme toil,

Breathless and faint, leaning upon my sword,

Came there a certain lord.

Shakespeare, Henry IV. Part I. i. 3.

Breathless and tir'd, is all my fury spent?

Or does my glutted spleen at length relent?

Dryden, Virgil's Æneid.

b. As one dead.

Many so strained themselves in their race, that

they fell down *breathless* and dead.—*Sir J. Hay-*

wood.

Kneeling before this ruin of sweet life,

And breathing to his *breathless* excellence

The incense of a vow. *Shakespeare, King John, iv. 3.*

Yielding to the sentence, *breathless* thou

And pale shalt lie, as what thou buried now. *Prior.*

Till he on Hoker's corpse shall smile

Breathless on the funeral pile.

Gray, The Descent of Odin.

breathlessness. s. Attribute suggested by**Breathless; state of being out of breath.**

Thinks I hear the soldiers and busie officers

when they were rolling that other weighty stone,

(for such we probably conceive) to the mouth of the

vault with much toil and sweat, and *breathlessness*,

how they brang'd of the succours of the place.—

Bishop Hall, Works, ii. 276.

breathy. adj. Sending out as breath. **Rare.**

It (the freed whirlwind or prester) differeth from

lightning: lightning is less dany and less *breathy*;

the one having more windy spirits in it than the

other. *Swan, Speculum Mundi, p. 180: 1635.*

brede. s. See **Braid. Obsolete.**

In a curious *brede* of needlework, one colour falls

away by such just degrees, and another rises so in-

sensibly, that we see the variety without being able

to distinguish the total vanishing of the one from

the first appearance of the other.—*Dryden.*

Breech. s. [? probably from Breech =**the covering of the part in question.]****1. Lower part of the body; back part; hinder****part of anything in general.**

The storks devour snakes and other serpents;

which when they begin to creep out at their *breeches*

they will presently clap them close to a wall, to keep

them in. *Greer, Maxims.*

When the king's pardon was offered by a herald,

a lewd boy turned towards him his naked *breech*, and

used words suitable to that gesture.—*Sir J. Hay-*

wood.

2. Hinder part of a piece of ordnance.

No cannons, when they mount vast pitches,

Are tumbled back upon their *breeches*. *Anonymous.*

Breech. s. [A.S. *broc*, plural *brēc*; from Lat.**bracca: a word which, like Bard, Druid,****Basket, and a few others, is of Celtic origin;****and one which has come into the English****directly from the Latin, remotely from the****Gallie of ancient Gaul, or (changing the ex-****pression) has come from the Celtic through****the Latin.] Garment worn (generally by****men) over the lower part of the body. In****the plural, common; in the singular, ob-****solete.**

In all Holy Scripture it is not expressed by bidding

that a lay man not press *schulde* wero a *breech*, or

that he *schulde* were a cloke.—*Bishop Pecocke, Re-*

pressor, pt. i. ch. xx.

Then the eyes of them both were opened, and they

knew that they were naked, and they sewed fig-

tree leaves together, and made themselves *breeches*.

Genesis, iii. 7: old version.

There mette them a company of xxx women, beinge

at the kynges wywes and concubines; they were all

naked, sayinge that they pryve partes were covered

with *breeches* of ginspunge cotton.—*Elden, Martyr,*

Decades, leaf 23: 1555. (16th MS.)

Ah! that that father had been so resolute!

That that night still have worn the petticoat,

And ne'er had stol'n the *breech* from Laurester.

Shakespeare, Henry VI. Part III. v. 5.

Petruchio is coming in a new hat and an old

jerkin, and a pair of old *breeches*, thrice turned.

—*Id., Taming of the Shrew, iii. 2.*

Adam had soon put on all his clothes but his

breeches, which in the hurry he forgot; however,

they were pretty well supplied by the length of his

other garments.—*Fielding, Adventures of Joseph*

Andrews.

A wife is said to *wear the breeches*, when

she is master of the husband.

Children rule, old men go to school, women *wear*

the breeches.—*Burton, Anatomy of Melancholy, To*

the Reader.

The wife of Xanthus was domineering, as if her

fortune and her extraction had outlived her to the

breeches.—*Sir E. L'Estrange.*

P P

Breech. v. a. [from the preceding.]**1. Put into breeches.**

His (Wharton's) opponents were confounded by

the strength of his memory and the affability of his

deportment, and owned that it was impossible to con-

tend against a great man who called the shoemaker by

his Christian name, who was sure that the but-

cher's daughter must be growing a fine girl, and who

was anxious to know whether the blacksmith's

youngest boy was *breeched*.—*Macculay, History of*

England, ch. xx.

2. ? Sheathe.

There, the murderers,

Sleep'd in the colours of their trade, their daggers

Unnaturally *breech'd* with gore.

Shakespeare, Macbeth, ii. 3.

Breech. v. a. [see extract.] Flog.

Cry like a *breech'd* boy, not eat a bit.—*Beaumont*

and Fletcher, Hamorans Lieutenant.

[To breech, in the sense of flogging, is not originally**from striking on the breech. Provincial German****(Westwald) has *pritschen, britschen*, to lay one on a****bench and strike him with a flat board.—*Dutch******briden, de bride geven, wet de bride slaan, xylig-******en castieren.* (Hogdolan.) Platt Deutsch *britz*, an****instrument of laths for smacking on the breech: *cinco******de bride geven*, to strike one on the breech so that it****smacks (klatschet). From an imitation of the****sound. Swiss *bratschen*, to smack, to give a sharp****sound like a blow with the flat hand; *bratsch*, such****a sound, or the blow by which it is produced;*****bratscher*, an instrument for smacking, a fly-flap,****&c.—*Wedgwood, Dictionary of English Etymo-******logy.*****Breechband. s.****1. Belt by which, before the use of braces, the****breeches were kept up: (the older form was,****perhaps, *breech-belt*).**

Here lumbar, a *breech belt*.—*Nominal* (15th cen-

tury): *Vocabularies in Library of National Anti-*

quities, p. 234, col. 1. (Wright.)

2. Part of harness which passes round the**hinder part of a horse, above the hocks.**

The horses here are driven without either breast

reins or *breechbands*.—*Sir F. Head, Bubbles from*

the Brunnen of Nassau.

Breeches. s. pl. See **Breech = garment.****Breeches-pocket. s.** [two words rather**than a compound.] Pocket of breeches.**

Fifteen scynals, waiting to be discharged of their

carpoes, had been obliged to retreat from the fury

of the flames, the pldymantic skippers looking on

with their pipes in their mouths, and their hands

in their wide *breeches-pockets*. *Murray, Sharley-*

gave, vol. iii. ch. cxvii.

Specially considered as the keeping-place

for the purse; thence, the purse itself.

years, were brought up together in the same university.—*Hooker*.

Who'er thou art, whose forward cars are bent
On state affairs to guide the government;
Hear first what Scythians of old has said,
To the lov'd youth, whom he at Athens bred.

Dryden.

And left their pillars to rapine bred,
Without controul, to strip and spoil the dead. *Id.*
Ah! wretched me! by fate avers decreed
To bring thee forth with pain, with care to breed.

And I'll be sworn you never saw her out of
Shropshire. Her father kept her locked up with his
caterpillars and snails; and loved her beyond any-
thing but a blue butterfly and a petrified frog.
Hail! he! 'twas a very cheap way of breeding her.
You know he was very poor though a lord; and
very high-spirited, though a virtuous.—*Mrs. Cowley*,
The Belle's Stratagem, ii. 1

For his sake I breed

His daughter Dora: take her for your wife;
For I have wiled this marriage, night and day,
For many years. *Tenneyson, Dora*.

With up.

To breed up the son to common sense,
Is evermore the parent's least expense.

Dryden, Juvenal's Satires.

Bred up in grief, can pleasure be our theme?
Our endless anguish does not nature claim?
Reason and sorrow are to us the same. *Prior*.

His farm might not remove his children too far from
him, or the trade he breeds them up in.—*Locke*.

Breed. v. n.

1. Bring forth young; propagate a kind;
have birth; be pregnant; renew itself.

Where they most breed and haunt, I have observ'd,
The air is delicate. *Shakespeare, Macbeth*, i. 4.

But could youth last, and love still breed,
Had joys no date, and age no need;

Then these delights my mind might move
To live with thee, and be thy love. *Sir W. Raleigh*.

There is a worm that breedeth in old snow, and
dieh soon after it cometh out of the snow.—*Bacon*,
Natural and Experimental History.

It hath been the general tradition and belief, that
mice eat and flies breed in putrefied carcases.—
Bentley.

Lucina, it seems, was breeding, as she did nothing
but entertain the company with a discourse upon the
dificulty of reckoning to a day.—*Spectator*, no. 431.

2. Raise a breed.

In the choice of swine choose to breed of as
are of long large bodies. *Mortimer*.

(See also extract from Carpenter under next entry).

Breed. s.

1. Cast; kind; pedigree; family; race; off-
spring.

I bring you witnesses,

'Twice fifteen thousand hearts of England's breed.
Shakespeare, King John, ii. 1.

The horses were young and handsome, and of the
best breed in the north.—*Id., Henry VIII.* ii. 2, letter.

Walled towns, stored arsenals, and ordinance;
all this is but a sheep in a lion's skin, except the
breed and disposition of the people be stout and
warlike. *Bacon, Essays*.

Infections streams of prowling sins began,
And through the spurious breed and guilty nation
ran. *Lord Roscommon*.

Rode fair Ascanius on a fiery steed,
Queen Dido's gift, and of the Tyrian breed.

Dryden, Virgil's Eclog.

Since the adventure of Salt Hill, Mrs. Tabby seems
to be entirely changed. She has left off scolding the
servants, an exercise which was grown habitual, and
even seemed necessary to her constitution; and is
become so indifferent to Chowder, as to part with
him in a present to Lady Criskin, who proposes to
bring the breed of him into fashion.—*Smollett*, *Ex-
position of Humphry Clinker*.

His short upper lip indicat'd a good breed; and
his chestnut curls clustered over his open brow,
while his shirt-collar thrown over his shoulders was
unrestrained by handkerchief or ribbon. *Disraeli*
the younger, Coningsby, b. i. ch. i.

Amongst animals, the various breeds of domestic
cattle, of the horse, dog, &c., afford abundant evi-
dence of the modifying influence of external condi-
tions; since there is little doubt that they have re-
spectively originated from single stocks, and that
their peculiarities have been engrafted, as it were,
upon their specific characters. . . . That these do-
mesticated races, however different their external
characters, have a common origin, is indicated by
the perfect freedom with which they breed together;
and by the fact that, whenever they return to a state
of nature, the differences of breed disappear. . . .
Wright determined on breeding from this ram, and
the first year obtained only two with the same pecu-
liarities.—*Dr. Carpenter, Principles of Compara-
tive Physiology*, § 619.

In contempt.

A cousin of his last wife's was proposed; but John
would have no more of the breed.—*Arbuthnot, Li-
ttery of John Bull*.

2. Number produced at once; hatch.

She lays them in the sand, where they lie till they

are hatched; sometimes above an hundred at a
breed.—*Gray*.

Breedable. s. One who breeds quinnrels.

An honest, willing, kind fellow, as ever servant
shall come in house withal; and, I warrant you, no
tell tale, nor no breedable.—*Shakespeare, Merry Wives*
of Windsor, i. 4.

Breeder. s.

1. One who, or that which, produces any-
thing; one who brings up another.

Time is the nurse and breeder of all good.

Shakespeare, Two Gentlemen of Verona, iii. 1.

Time was when Italy and Rome have been the best
breeders and bringers up of the worstest men.—
Archais, Schoolmaster.

2. Female who is prolific.

Get thee to a nursery; why would'st thou be a
breeder of sinners?—*Shakespeare, Hamlet*, iii. 1.

Here is the babe, as lonthome as a toad,

Amongst the fairest breeders of our time.

Id., Titus Andronicus, iv. 2.

Let there be an hundred persons in London, as
many in the country, we say, that if there be sixty
of them breeders in London, there are more than
sixty in the country. *Grandin*.

Yet if a friend a night or two should need her,

He'd recommend her as a special breeder. *Pope*.

3. One who takes care to raise a breed.

The breeders of English cattle turned much to
dairy, or else kept their cattle to six or seven years
old.—*Sir W. Temple*.

Breeding. verbal abs.

1. Nurture; care to bring up from the in-
fant state; education; instruction; quali-
fications.

She had her breeding at my father's charge,
A poor physician's daughter.

Shakespeare, All's well that ends well, ii. 3.

I hope to see it a piece of none of the manner'd
breeding, to be acquainted with the laws of nature.

—*Glenville, Scipias Scientificæ*, preface.

Why was my breeding order'd and prescrib'd,

As of a person separate to God,

Design'd for great exploits?

Milton, Samson Agonistes, 30.

In our municipality, the public for the public is
now admitted too, may behold an ever-ready baiton;
further an epigrammatic slow-sure Manual; a resolu-
tion nureplant. Billaud-Varennes, of Jesuit breed-
ing; Talien able-editor; and nothing but Patriots,
beter or worse.—*Carlyle, French Revolution*, pt. ii.
h. v. ch. vii.

2. Manners; knowledge of ceremony.

As men of breeding, sometimes men of wit,

'Tis avoid great errors, must the less commit. *Pope*.

The graces from the court did next provide

Breeding, and wit, and air, and decent pride. *Swift*.

Blindness, the most cruel misfortune that can

befall the lonely student, made his books useless to

him (Congreve). He was thrown on society for all

his amusement; and in society his good breeding

and vivacity made him always welcome.—*Macaulay*,

Kennys, Comic Dramatists of the Restoration.

A-breeding. [on breeding.] State of preg-

nancy.

She had three poor small children, who were not
capable to get their own living; and if her husband
was sent to goal, they must all come to the parish;
for she was a poor weak woman, continually a breed-
ing, and had no time to work for them.—*Fielding*,
Adventures of Joseph Andrews.

Breeding. s. See extract.

Their road lay through a vast and desolate fen,

In that dreary region, covered by vast flights of wild

fowl, a half-savage population, known by the name

of Breedlings, then led an amphibious life.—*Mac-*

aulay, History of England, ch. xi.

Breeze (also Brize, Bresse, and Breeszy).

s. [A.S. *briosa*; German, *bremse*.—Though
not a common word in the literary English
of the present time, it is freely used in
speech. Whether it may not be provincial,
rather than generally used throughout the
country, is uncertain. It is current over
a large part of England; and I am unable
to say where it is not found. The pronun-
ciation is chiefly, if not universally, *breeze*,
though *brize* is the commoner form in the
older extracts. The example from Hudib-
ras, the only one which gives it as a rhyme,
favours the sound with *ee*.] Stinging-fly;
gadfly.

A brize, a scorn'd little creature,

Through his hairs hide his angry sting did threaten.

Spenser, Visions of the World's Vanity.

The brize upon her, like a cow in June,

Hoists sail, and flies. *Cleopatra*, iii. 8.

Shakespeare, Antony and Cleopatra, iii. 8.

I can hold no longer;
This brize has prick'd my patience.

B. Jonson, Poetaster, iii. 1.

The learned write, the insect breeze

Is but the mongrel prince of bees.

Butler, Hudibras.

A fierce loud buzzing breeze, their stings draw

blood.

And drive the cattle gadding through the wood.

Dryden.

Breeze. s. [Fr. *débris*.] See extract.

[The ashes and chinders sold by the London dustmen for
brickmaking are known by the name of breeze. In
other parts of England the term *briosa* or *brist* is in
use for dust, rubbish. *Briosa* and *bristosa*, sheep's
droppings; *brusa*, the dry refuse of furze broken off
(Devonshire Glossary). Piedmontese, *bressa*, or the
offal of hay and straw in feeding cattle; Spanish,
briosa, remains of leaves, bark of trees and other
rubbish; French, *briosa*, debris, rubbish; *briosa* de char-
bon, coal-dust; *bressilles*, *bressilles*, little bits of wood
(Berri); *briosa*, to break, burst, crush, brise; Bre-
ton, *brusa*, a crum, morsel; German, *brosama*, a
crum; Dutch, *briosa*, *brijelen*, to bray, to crush;
Gaelic, *briosa*, *briosa*, to break; Danish, *briosa*, to
burst, break, fail.—*Wedgwood, Dictionary of Eng-
lish Etymology*.]

Breeze. s. [Fr. *brise* = term in Provence
for a fresh wind which blows upon that coast
from nine in the morning till the evening.]

1. Gentle gale; soft wind.

We find that these hottest regions of the world,
seated under the equinoctial line, or near it, are so
refreshed with a daily gale of easterly wind, which
the Spaniards call breeze, that doth over more blow
stronger in the heat of the day.—*Sir W. Raleigh*.

From land a gentle breeze arose by night,
Scarcely shone the stars, the moon was bright,
And the sea trembled with her silver light.

Dryden.

Gradual sinks the breeze
Into a perfect calm; that not a breath
Is heard to quiver through the closing wood.

Thomson.

2. Chiding; wrangle.

The marine went forward and gave the order; and
Jenny, who expected a breeze, told his wife to le-
nace herself quietly. His advice did not, however,
appear to be listened to, as will be shown in the
sequel. 'How came you on board, woman?' cried
Vanslyperken. 'How did I come on board? why in
a boat to be sure,' replied Muggo, determined to
have a breeze. *Marryat, Sturges*, vol. i. ch. xv.

Breezeless. adj. Without a breeze.

Yet here no fiery ray inflames

The breezeless sky. *W. Richardson, Poem*.

A stagnate breezeless air becomes my soul.

Shenstone, Poem.

Breezy. adj. Fanned with gales; full of

gales; fresh.

The seer, while zephyrs curl the swelling deep,

Basks on the breezy shore, in grateful sleep,

His oozy limbs. *Pope, Homer's Odyssey*.

The breezy call of incense-breathing morn,

Gray, Elegy

But, Allee, what an hour was that,

When after roving in the woods

('Twas April then), I came and sat

Below the chestnuts, when their buds

Were glistening to the breeze blue

Temple, The Miller's Daughter.

What a master of composition Fielding was! Upon
my word, I think the Odipus Tragedy, the Al-
chemist, and Tom Jones the three most perfect
plots ever planned. And how charming, how whole-
some, Fielding always is! To take him up after
Richardson, is like emerging from a sick-room
heated by stoves, into an open lawn, on a breezy
day in May.—*Coleridge, Table Talk*.

Brehon. s. (used also adjectively, as 'brehon
law.') [Irish.] Judge among the ancient
Irish.

In the case of murder, the brehon, that is, their
judge, will compound between the murderer and
friends of the party murdered, which prosecute the
action, that the malefactor shall give unto them, or
to the child or wife of him that is slain, a recom-
pence, which they call an eric.—*Spenser, View of*
the State of Ireland.

Breme. adj. [A.S. *bremman* = be in excess.]
Excessive; sharp; severe. *Obsolete*.

Thistles thicke,

And brems brimme for to prick.

Chaucer, Remount of the Rose.

And when the shining sun laugheth once,

You deuchen the spring come at once:

Hut eat, when you count you freed from fear,

Comes the breme winter, with chamfred brows,

Full of wrinkles, and frosty furrows.

Spenser, Shepherd's Calendar.

Breme. v. n. Teem; bring forth: (chiefly
applied to swine). *Rare*.

Why do tame sows farrow often, some at one time

and others at another, and the wild but once a year

and all of them about the same time? Is it because

through plentiful feeding tame sows *breme* oftener?
—*Translation of Plutarch's Morals*, vol. iii. p. 469.

Bren. v. a. [A.S. *brennan*.] Burn. *Obsolete*.
Closely the wicked flame his bowels *brent*.

Spenser, Faerie Queene, iii. 7, 16.
What flames, quoth he, when I thee present see
In danger rather to be *brent* than drest? *Id.*

Brening. part. adj. Burning. *Obsolete*.

Her sweet reports so my heart set on fire
With *brening* love most hot and fervent,
That her to so I had great desire.
Hawes, Pastime of Pleasure, ch. ii.
ed. 1555. (Percy Soc.)

Brent. adj. [?] Steep; high. *Obsolete*.

The grapes grow on the *brent* rocks so wonderfully,
that you will marvel how men dare to climb up
to them.—*Ascham, Letter to Rases*

Brent-geese. s. [Ger. *halber ente* = half duck.
Two words rather than a compound.—The
extract from Wedgwood under Auburn is
the complement to the remarks forth-
coming. Drake and Skeldrake also
bear upon it.

The excuse for the length of the present
notice is twofold. It partly lies in the fact
of the derivation being, to some extent,
hypothetical; and partly in the fact of its
being, if true, one of what may be called
the curiosities of etymology.

For the illustrative extracts, those parts
have been selected from the account of
Yarrell which more especially bear upon
the proposed etymology.

As applied to the Brent-geese, the ex-
planation of the term goes upon the doctrine
that it is as much a duck as a goose; still
that it is a *goose* which partakes of the
nature of a duck, rather than a *duck* which
partakes of the nature of a goose. The
Brent is certainly treated by zoologists, by
poulterers, and by ornithologists, as a *goose*.

By many of such naturalists as classify by
type rather than definition, the type of the
duck kind (the word *kind* being used in the
technical sense suggested by Mr. Mill and
allowed by Dr. Whewell), the standard or
typical duck, is not the domestic bird so
called, but the shoveller. Again, the genus
Anas—duck is a wide one. Wider still the
family Anatidæ. This comprises (1) the
geese, (2) the swans, (3) the true ducks, and
(4) the mergansers or snews. All, except
the last, have been by the earliest ornitho-
logists treated as Anates: the grey-legged
or gray-lag goose, the probable original of
the domestic fowl, being the preeminent
goose, the Anas Anser. This gives us a
type in the opposite direction to that sup-
plied by the shoveller.

The bird in question is named by Pen-
nant, Montague, and Bewick, Anas Berni-
cla (which it is not) or Brent-geese; by
Fleming, Selby, and Gould (previously to
the publication of Yarrell's work), Anas
torquatus. Temminck makes it both the
Anas Bernicla and the Anser Bernicla. So
much for the zoological view of its affinities
as determined by the nomenclature.

The Skeldrake (also called sheldrake
and shieldrake), in like manner, being a
bird in a similar osculating relation with
the true ducks (though in another direc-
tion), is popularly called in some districts
the burrowing *duck*, in others the burrow-
ing *gander*. It makes its nest in rabbit-
holes; in the capacity of *duck* or *goose*, as
the case may be.

I now give the extracts which bear upon
the same view; i.e. that of the Brent's in-
termediate anatine and anserine character.

'Of the various species of geese which visit the
British islands this [the *brent* goose] is the smallest
... It is a regular winter visitor to the shores of

most of our maritime counties, and remains with
us through all the cold months of the year. It is
seldom seen on fresh water, unless wounded, but is
a truly marine species... The *brent* goose is found
during summer at the Faroe Islands, and at Jew-
land... Captain Scoresby, in his account of the
Arctic regions, reports that the *brent* goose occurs
in considerable numbers near the coast of Green-
land; but is not seen in any quantity at Spitzber-
gen.' (Yarrell, British Birds.)

Among the web-footed birds which pass the
season here (in Nova Zembla), the bean geese are
no common, at least in the southern island, that
the collecting their fallen wing-feathers is an object
of profit; according to the assertions of the walrus-
catchers, only one species of goose comes to Nova
Zembla, and we in fact got sight of no other than
the bean geese and the *brent* goose, which latter
however, does not pass for a goose among the Rus-
sians.' (Annals of Natural History, vol. iv.)

In another passage Selby tells us that
in Northumberland the bird is called the
Ware-bird; from the circumstance of
its stomach being generally found full of
ware, or sea-weed. This is noted, because
it is the nearest approach to a true Eng-
lish name; a fact necessary to confirm the
notion that *brent* is German.

The bird is, as may have been seen, a
bird of passage; and with birds of passage,
especially when they belong to a class
containing others like them, the probability
of the name being foreign is far greater
than it is with birds which pass the whole
year with us.

The chief localities for the *brent*-goose
are Danish rather than German; the Feroe
Isles, and the Danish Isles of the Baltic.
Hence, the form ought to be *hal-* rather
than *halb-*. Still, as the German and Dan-
ish languages meet in the Peninsula of
Jutland, this is by no means a serious ob-
jection.

The mixed character of the duck, snew,
and goose is shown in other words; prob-
ably in Gousander *gös ente*, and cer-
tainly in Merganser, from *mergus* = snew,
and *anser*.

The word Drake is another similar curi-
osity of etymology. The *d* represents the
t in *ant-is*, the root of *anus*, while the *rk*
is the representative of the form *-rik*, as
in *günserich* = gander: the full form being
enterich = male duck. See Drake.

I conclude with the remark that once,
and only once, I have heard a Teal called a
half bird, i.e. a term which was ex-
plained as meaning half a duck in size.
But it was used by one who was no natu-
ralist; though by one who, living where
teal were simply called *teal*, was in the
habit of occasionally visiting a famous lo-
cality (now so no longer) of the skeldrake.
If the word in this sense be commoner than
I imagine it is, it shows that the teal is, in
one sense, a *brent* bird. If not, it is in
favour of the skeldrake being one. At
any rate, it is a word which may apply
to any bird which, without being a true
duck, has duck characters.]

Migratory aquatic bird so called, much
smaller than the common wildgoose, but
with longer wings.

(For examples see extracts given above.)

Bret. s. [?] See extract.

I thank you for the account you sent me of the
bret and turbot [sic]. By what you write of the *bret*,
I perceive that what they call the *bret* in Lincol-
shire and Yorkshire, and, I believe, also in all the
east part of England, is the turbot of the west
country, where the name *bret* is not known; and I
believe the habitat of the west is the northern and
eastern part. *Ray, Correspondence*.

Brétage, or Brättice. s. See extracts.

Hoc signumale, a *brétys*.—*Nominate* (15th cen-
tury); *Vocabularius in Library of National An-
tiquities*, p. 236, col. 2. (Wright.)

Hoc propinacium (propugnaculum), Anglice a
brétage.—*Pictorial Vocabulary* (15th century);

Vocabularius in Library of National Antiquities,
p. 264, col. 1.

[A *brattice* is a fence of boards in a mine or round
dangerous machinery... A *bratie* or *bratage* is
then a parapet, in the first instance of boards, and in
a finished shape it is applied to any boarded struc-
ture of defence, a wooden tower, a parapet, a testudo
or temporary roof to cover an attack, &c... 'Duo
testudines quas Gallicè *bratiches* appellant.' (Math.
Paris, A.D. 1224.) 'Circumit civitatem castella et
turbis hienit et hertewichia.' (Hist. Pisana in Mur.
A.D. 1150.)—Wedgwood, *Dictionary of English Ety-
mology*.]

Brétful. adj. [?] Brimful. *Obsolete*.

A fere on a bench...

With a face so fat, as a full bledder

Blown *brétful* of breath. *Langland,*

Piers Plowman's Crede, sign. B. l. b.

His wallet lay before him in his lappe.

Brétful of pardons come from Rome all hote.

Chaucer, Prologue to the Canterbury Tales.

Bréthren. s. [see Brother.] Collective

form of Brother.

All these sects are *brethren* to each other in fan-
tasy, ignorance, iniquity, perverseness, pride.—*Swift*.
So far from looking on each other as *brethren* in
the Christian language, they seem scarce to regard
each other as of the same species. *Fiddling, Adven-
tures of Joseph Andrews*.

Against this confederacy Nistorius could array
only the precarious favour of the emperor, the sup-
port of some of his Syrian *brethren*, his archi-
episcopal authority, and the allegiance of some of
his clergy.—*Milman, History of Latin Christianity*,
b. iii. ch. iii.

Meanwhile the potentates who returned the mem-
bers to Parliament instead of contending among
themselves like their *brethren* in England, and join-
ing opposite parties—were generally disposed to
make terms with the ministers. *T. Rykine May, Con-
stitutional History of England*, vol. i. ch. vi.

Brevación. s. [? *prefation* = preface; ? con-
nected with *brief* = abridgement.] Exposi-
tion of details, as in a brief. *Obsolete*.

This Godfrey Goblewe went lightly
Unto dame Sapience, the secretary,
That did him make this supplication,
To the Goddesse Venus with *brevacion*.

Hawes, Pastime of Pleasure, ch. xlix.:
ed. 1555. (Percy Soc.)

Breve. s. In Music. Note equivalent in
duration to four minims.

With respect to the first forms of modern nota-
tion, which succeeded points, it is not difficult to
deduce them wholly from the black square note,
called a *breve*, the first and almost only note used in
canto fermo; which, with a foot or half to it, is a
long, and, if dimpled in breadth, a large.—*Rees, Cy-
clopedia*, voc. *Notes*.

Breve. s. [Lat. *breve* = short.] Official writ-
ing, letter of state; writ or brief in com-
mon law; short note or minute in civil law.
The *breve* rather than the bull should have larger
dispensation. *Lord Herbert of Cherbury, History
of Henry VIII.* p. 227.

Neither the popes themselves, nor those of the
court, the secretaries and dataries, which pen their
bulls and *breves*, have any use or exercise in Holy
Scripture.—*Bishop Hall, Letters*, p. 336.

Brévet. s. [L. Lat. *breveum*, from *brevis*,
nenter *breve* = short.] Military commission
conferring rank above that for which pay
is received.

Military officers were still exposed to the marks of
the king's displeasure. In 1773, Lieutenant-Colonel
Barre, and Sir Hugh Williams, both refractory
members of Parliament, were passed over in a *breve*
or promotion; and Colonel Barre, in order to mark
his sense of the injustice of this act of power, re-
signed his commission in the army.—*T. Rykine May, Con-
stitutional History of England*, l. 40.

In general the construction is that of
either an adjective or the first element in a
compound.

Brevet rank does not exist in the royal navy, and
in the army it neither descends lower than that of
captain, nor ascends above that of lieutenant-
colonel.—*Wharton, Law Lexicon*.

What is called *brevet* rank is given to officers of
all branches of the army as a reward for brilliant
and lustrous service; and when such nominal
rank has been held for a certain number of years
it is usually converted into substantial rank.—*A.
Fonblaque, Jus*, *How we are governed*, let. 11.

Breviary. s. [Fr. *bréviaire*; Lat. *brevarium*.]

1. Abridgement; epitome; compendium. *Ob-
solete*.

Some few naked *breviaries* of their wars and
leagues.—*Bishop Sprat, History of the Royal Socie-
ty*, p. 48.

Peter Comestor's *Historia Scholastica*, a sort of
291

brevari of the Old and New Testament. — *T. Watson, History of English Poetry*, ii. 108.

2. Book containing the daily service of the church of Rome: (as contradistinguished from the *missal*).

The sermon of the martyrs, which is found among the homilies of St. Augustine and Leo, and in the Roman *brevari*, is appointed to be read at the common festival days of many martyrs. — *Archbishop Usher, Answer to the Jesuit Malone*, p. 333.

If you say they were not saved, then your Roman martyrology, all your missals and *brevaries*, are manifestly false. — *Bishop Barlowe, Remains*, p. 400.

Her prayers and thanksgivings [the Church of England's], derived from the ancient *brevaries*, are very generally such that Cardinal Fisher or Cardinal Pole might have heartily joined in them. — *Macaulay, History of England*, ch. i.

Breviate. s. [L. Lat. *brevisum*, neuter of *brevisus* = anything shortened.] *Rare*.

1. Short compendium. *Obsolete*.

He shall less need the help of *breviates*, or historical rhaphsodes. — *Milton, Animadversions upon a Defence of the Humble Remonstrance*.

It is obvious to the shallowest discerner, that the whole counsel of God, as far as it is incumbent for man to know, is comprised in one *breve* of evangelical truth. — *Dr. H. More, Decay of Christian Piety*.

2. Lawyer's brief: (apparently in the following extract sounded *brevet*). *Rare*.

First he that led the cavalero
Wore a sow-gelder's flagellate,
On which he blew as strong a levot,
As well-fed lawyer on his *breve*ate.

Butler, Hudibras, ii. 2.

Breviate. v. a. Abbreviate. *Obsolete*.

Though they *breviate* the text, it is he that comments upon it. — *Henry, Funeral Sermon*, p. 12: 1658.

Brevity. s. [Fr. *brève*; Lat. *brevisitas*, -*atis* = shortness, from *brevis* - short.] Conciseness; shortness; contraction into few words.

Virgil, studying *brevity*, and having the command of his own language, could bring those words into a narrow compass, which a translator cannot render without circumlocutions. — *Dryden*.

We generally omit, for the sake of *brevity*, the intermediate step, and pass at once, in the expression of the argument, from the known, to the unknown individual. — *Whately, Elements of Rhetoric*, pt. i. ch. ii. § 7.

I omit some further provisions to the same effect for 'the sake of *brevity*.' — *Maitland, Constitutional History of England*, ch. iii.

Brew. v. a. [Ger. *bräuen*; Dutch, *brouwen*.]

1. Make liquors by fermentation; mix.

We have drinks also *brewed* with several herbs, and roots, and spices. — *Bacon*.

Take away these chollies; go, brew me a pottle of sack finely. — *Shakespeare, Merry Wives of Windsor*, iii. 5.

Used metaphorically.

Or brew fierce tempers on the watery main,
Or o'er the globe distill the kindly rain.
Pope, Rape of the Lock.

2. Controve; plot.

I found it to be the most malicious and frantick surmise, and the most contrary to his nature, that I think, had ever been *brewed* from the beginning of the world, howsoever countenanced by a libellous pamphlet of a fugitive physician, even in print. — *Sir H. Wotton*.

Brew. v. n.

1. Perform the office of a brewer.

I keep his house, and wash, wring, brew, bake, scour, dress meat, and make the beds, and do all myself. — *Shakespeare, Merry Wives of Windsor*, i. 4.

2. Be in preparation; threaten: (the metaphor being probably taken from the fermentation of the liquor, rather than from the mere process of the brewer, so that, to the full import, the notion of a sudden burst preceded by a quiet and gradual preparation is necessary).

Here's neither hush nor shrub to bear off any weather at all, and another storm *brewing*. — *Shakespeare, Tempest*, ii. 2.

The shower would quickly fall, that then was *brewing*. — *Dryden, Noah's Flood*. (Ord MS.)
I take it for granted, this whole affair will end in smoke; though there seems to be a storm *brewing* in the quarter of Mrs. Tabby. — *Smollett, Expedition of Humphry Clinker*.

Brew. s.

1. Manner of brewing; thing brewed.

Trial would be made of the like *brew* with potatoe roots, or burr roots, or the pith of artichokes, which are nourishing meats. — *Bacon, Natural and Experimental History*.

2. Preparation; ? place of preparation.

Above the northern nests of feather'd snaws,
The *brew* of thunders, and the flaming forge
That forms the crooked lightning.

Young, Night Thoughts, ix.

Browage. s. Mixed drink.

Go, brew me a pottle of sack finely. With eggs, sir? — Simple of itself: I'll no pullet-spern in my *brewage*. — *Shakespeare, Merry Wives of Windsor*, iii. 5.

After the malnsie, or some well-speed *brewage*. — *Milton, Areopagitica*.

He that hath a sleekly stomach admires at his happiness, that can feast with cheese and garlic-mustions, *brewage*, and the low-tasted spinage. — *Jeremy Taylor, Sermons*, 284. (Ord MS.)

The repast was dressed in the furnace, and was accompanied by a rich *brewage* [alluded to *beverage* in the later editions] made of the best Spanish wine, and celebrated all over the kingdom as Bristol milk. — *Macaulay, History of England*, ch. ii.

Brewer. s. One who brews.

When priests are more in word than matter;
When brewers near their malt with water.

Shakespeare, King Lear, iii. 2.

Men every day eat and drink, though I think no man can demonstrate out of Euclid or Apollonius, that his baker, or brewer, or cook, has not conveyed poison into his meat or drink. — *Archbishop Tillotson*.

And all that from the town would stroll,
Till that wild wind made work
In which the gloomy brewer's soul
Went by me, like a stork. — *Temnyon, Talking Oak*.

Brewery. s.

1. Place for brewing.

Over the bridge is a great porter-brewery. — *Pennant*.

I could not but be somewhat diverted by hearing Johnson talk in a pompous manner of his new office, and particularly of the concerns of the *brewery*, which it was at last resolved should be sold. — *Boswell, Life of Johnson*.

2. Collective body of brewers; beer trade.

They were not severe in exacting arrears, for fear that if they should bring any distress and trouble upon the London *brewery*, it would occasion the making ill drink, and drive the people to brew themselves, which would destroy the duty. — *Bauman, Essays on Trade*, l. 79. (Ord MS.)

Brewhouse. s. House appropriated to brewing.

In our *brewhouses*, bakehouses, and kitchens, are made divers drinks, breads, and meats. — *Bacon, New Atlantis*.

Brewing. verbal abs. Quantity of liquor brewed at once.

A brewing of new beer, not by old beer, maketh it work again. — *Bacon, Natural and Experimental History*.

Brewis. s. [A.S. *briv*, pl. *brivas* = sops, or slices of something eatable.] Piece of bread soaked in the liquor of boiling, or the fat of roasting meat; sop in the pan. *Obsolete*.

His garrus, Angliæ *breuett*. — *English Vocabulary* (15th century); *Vocabularies in Library of National Antiquities*, p. 200, col. 1. (Wright.)

Hoc pulmentum, *brewy*. — *Nominales* (15th century); *Vocabularies in Library of National Antiquities*, p. 241, col. 1. (Wright.)

Hoc adophilum, Angliæ a *brues*. — *Pictorial Vocabulary* (15th century); *Vocabularies in Library of National Antiquities*, p. 241, col. 1. (Wright.)

Clerks of the kitchen, yeomen of the horse, to have a soupe [sup] at their master's broth and *brewes*. — *Harwar, Translation of Beza's Sermons*, p. 334.

He, going to their stately place,
Did find in every dish
Fat beef and *brewis*, and great store
Of dainty fowl and fish.

Warner, Albion's England.

Ye eating meals,
Whose gods are beef and *brewis*.

Baumont and Fletcher, Bonduca.

In the following extract it means broth, i.e. the liquid rather than the solid.

What an ocean of *brewis* shall I swim in!

Baumont and Fletcher, Dioclesian.

Brewster. s. Strictly, female (less correctly, male) who brews.

His pandoxator, Angliæ *brewster*. [This under the heading Nomina Artificum (cap. vi.). Then a few columns later, under the heading Nomina Artificum Mulierum,] see pandoxatrix, a *brewster*. — *Nominales* (15th century); *Vocabularies in Library of National Antiquities*, p. 214, col. 1, p. 216, col. 1. (Wright.)

Brier. s. See Brier.

Bribeable. adj. Capable of being bribed.

Can any one imagine a more dangerous and more

bribeable class of electors than must have been formed by a mass of hereditary nobles, living no property but the same carried at their side! — *S. Edwards, The Polish Captivity*, ch. ix.

Bribe. s. [N. Fr. *bribe* (*de pain*) = piece (of bread), hence sop to stop the mouth.] Reward given to pervert the judgement or corrupt the conduct.

You have condemn'd and noted Lucius Pella,
For taking *bribes* here of the Sardians.

Shakespeare, Julius Caesar, iv. 3.

Nor less may Jupiter to gold ascribe,
When he had turn'd himself into a *bribe*. — *Waller*.

If a man be covetous, profits or *bribes* may put him to the test. — *Sir E. D. Rieu*.

There's joy when to wild will you laws prescribe;
When you bid fortune carry luck her *bribe*. — *Dryden*.

Bribe. v. a. Gain by bribes; give bribes, rewards, or hire, for bad purposes.

How pow'rful are clandestine vows! the wind and tide
You *brib'd* to combat on the English side. — *Dryden*.

The great, 'tis true, can still th' electing tribe,
The bard may suppliance, but cannot *bribe*.

Prologue to Goldsmith's Good-natured Man.

Perhaps there might be an escape from this dilemma. Perhaps the college might still be terrified, censored, or *bribed* into submission. — *Macaulay, History of England*, ch. viii.

Bribeless. adj. Not to be bribed.

Conscience is a most *bribeless* worker, it never knows how to make a false report of any of our ways. — *Bishop Reynolds, On the Passions*, p. 331. (Ord MS.)

From thence to heaven's *bribeless* hall,
Where no corrupted voices brawl.

Raleigh's Remains, The Pilgrimage. (Ord MS.)

Briber. s. One who pays for corrupt practices.

He was an unconscionable *briber* and abettor of unjust causes. — *Bishop Hall, Works*, ii. 327.

Affection is still a *briber* of the judgement; and it is hard for a man to admit a reason against the thing he loves, or to confess the force of an argument against an interest. — *South*.

Bribery. s. Taking or giving of rewards for bad practices.

There was a law made by the Romans, against the *bribery* and extortion of the governors of provinces: before, says Cicero, the governors did bribe and extort as much as was sufficient for themselves; but now they bribe and extort as much as may be enough not only for themselves, but for judges, jurors, and magistrates. — *Bacon*.

No *bribery* of courts, or calms of factious, or advantages of fortune, can remove him from the solid foundations of honour and fidelity. — *Dryden, Aurengzebe*, prologue.

Brick. s. [Fr. *brigue*.] Mass of clay squared

and dried for the use of builders.

For whatsoever doth soil a body, as it returns not again to that it was, may be called alteration; as coals made of wood, or *bricks* of earth.

Bacon, Natural and Experimental History.

They generally gain enough by the rubbish and *bricks*, which the present architects value much beyond those of a modern make, to defray the charges of their search. — *Addison*.

Just spread, my sons, your glory thin or thick.
On passive paper, or on solid *brick*. — *Young, Ruin*.

The streets have been almost entirely rebuilt. Slates have succeeded to thatch, and *brick* to timber.

Macaulay, History of England, ch. vi.

In the following extract the word is used either as an adjective or as the first element in a compound; and means made of the same material as a brick, i.e. of clay, as opposed to stone or slate. In general, however, *bricks* and *tiles* are contrasted, rather than compared.

The siege had scarcely been carried on a week when Sir A. Aston, being in a sort of guard-post, and the enemies' approaches, was unfortunately wounded in the head by the shivers of a *brick* tile, broken by a cannon ball, which, taking away his senses, rendered him incapable of giving directions for the places of defence. — *Carter, History of England*, ch. xxiii.

Brick. v. a. Lay, or build, with brick; place as a brick.

If I do not beat thee presently
Into a sound belief, as sense can give thee,
Brick me into that wall there for a chimney-piece.

Baumont and Fletcher, Rule a Wife.

The artificial foundations of the metropolis are, in like manner, fast vanishing. Most of them are dried up or *bricked* over. — *Laing, Essays of Elia, The Old Teachers of the Inner Temple*.

In one of the garrets were found, carefully *bricked* up, thirty saddles for troopers, as many breastplates, and sixty cavalry swords. — *Macaulay, History of England*, ch. xx.

BRIC

Brick-clay. *s.* Clay used in making bricks.
I observed it in pits wrought for tile and brick-clay.—*Woodward, On Fossils.*

Brick-earth. *s.* Earth used in making bricks.
They grow very well both on the hazelly brick-earth, and on gravel.—*Mortimer, Husbandry.*

Brickbat. *s.* Piece of brick.
Earthen bottles, filled with hot water, do provoke in bed a sweat more daintily than brickbats hot.—*Bacon, Natural and Experimental History.*

This like a parcel went you by the stages,
Some handsome present, as your hopes presage:
'Tis heavy, bulky, and bids fair to prove
An absent friend's fidelity and love,
But when unpacked your disappointment groans
To find it stuffed with brickbats, earth, and stones.
Cowper, Conversation, 310.

I got upon Kennington Common, the last review day;
but the boys threw brickbats at me, and pined crackers to my tail;
and I've been afraid to mount, your ladyship, ever since.—Do you hear the doctor?
'Threw brickbats at him and pin crackers to his plums tail!
Can these things be stood by?' *Bickerstaff, The Hypocrite, ii. 1.*

Brickbuilt. *adj.* Built with bricks.
Yet, enter'd in the brick-built town, he try'd
The tomb, and found the strait dimensions wide.
Dryden, Juvenal's Satires, x.

Brickdust. *s.* Dust made by pounding bricks.
This ingenious author, being thus sharp set, got together a convenient quantity of brickdust, and disposed of it into several papers.—*Spectator, no. 283.*

Brickkiln. *s.* Kiln for the burning of bricks.
Like the Israelites in the brick-kiln, they multiplied the more for their oppression.—*Dr. H. More, Legacy of Christian Piety.*

Bricklayer. *s.* Man whose trade it is to build with bricks; brick-mason.

The elder of them, being put to nurse,
And ignorant of his birth and parentage,
Became a bricklayer when he came to age.
Shakespeare, Henry VI. Part II. iv. 2.
If you had liv'd, sir,
Time enough to have been interpreter
To Habel's bricklayers, sure the tow'r had stood.
Donne.

Ben Jonson was a bricklayer, and then a soldier,
but the said Ben neither built houses nor reaped harvests.—*Theodore Hook, Gilbert Gurney, vol. i. ch. i.*

Brickie. *adj.* (older form of Brittle.) [from break.] Apt to break. *Obsolete.*
The altar, on the which this image stand,
Was, O great pity! built of brickie clay.
Spenser, Ruins of Time.

The brickie and variable doctrine of John Calvin in his institutions.—*Stepleton, Fortresse of the Faith, fol. 24. b. 1665.*
This man . . . of earthly matter maketh brickie vessels and graven images.—*Wisdom, ix. 13.*

Brickmaker. *s.* One whose trade it is to make bricks.

They are common in clays; but the brick-makers pick them out of the clay.—*Woodward.*
Brickmaking. *verbal abs.* Business, labour, art, or craft of one who makes bricks.

There they lay; there your appointed tale of brick-making was set before you, which you must finish, with or without straw, as it happened. The craving Dragon, the Public, like him in Bel's temple, must be fed, it expected its daily rations; and Daniel, and ourselves, to do us justice, did the best we could on this side hursting him.—*Lamb, Last Essays of Elia, Newspapers Thirty-five Years ago.*

Bricky. *adj.* Abounding in broken bricks.
Garden rue joysth in sunnie and open places, it prospereth in rough and brickie ground; and among ashes, it can in wise away with dung.—*Gervase, Herball, p. 1072: ed. 1633. (Ord MS.)*

Bridal. *s.* Nuptial festival.
The bride was tulld with men sittynge at the mete.—*Wycliffe, St. Matthew, xxii.*
I saw nuns and saints dance at a bridal.—*Ascham, Letter to Kæcen.*
Sweet day, so cool, so calm, so bright,
The bridal of the earth and sky,
The dew shall weep thy fall to-night;
For thou must die.
G. Herbert.
In death's dark bow'rs our brides will we keep,
And his cold hand
Shall draw the curtain when we go to sleep.
Dryden.

In the following extract a play on the words *bride ale*, ale drunk at a wedding, seems intended.

A man that's bid to *bride-ale*, if he ha'e cake
And drink enough, he need not fear his stake.
H. Jonson, Tale of a Tub.

BRID

Bridal. *adj.* Belonging to a wedding; nuptial; connubial.

Our wedding cheer to a sad funeral feast,
Our solemn hymns to sullen dirges change,
Our bridal flowers serve for a buried corse.
Shakespeare, Romeo and Juliet, iv. 5.

Your ill-mem'ring politician lords,
Under pretence of *bridal* friends and guests,
Appointed to await me thirty wiles.
Milton, Samson Agonistes, 1185.

When to my arms thou brought'st thy virgin love,
Fair angels around our *bridal* him above.
Dryden.

Ah, well—but sing the foolish song
I gave you, Alice, on the day
When, arm in arm, we went along,
A pensive pair, and you were gay
With *bridal* flowers—that I may seem,
As in the nights of old, to lie
Beside the mill-wheel in the stream.
While those full cheeks still whisper by.
Tennyson, The Miller's Daughter.

Bridality. *s.* Celebration of the nuptial feast. *Obsolete.*

At quintin he,
In honour of this *bridalter*,
Hath challeng'd either wide counter.
H. Jonson, Underwoods.

Bride. *s.* [A.S. *bryd.*] Woman newly married.
Help me mine own love's praises to resound,
Ne let the same of any be envied;
So Orpheus did for his own bride.
Spenser, Epithalamium.

The day approach'd, when fortune should decide
Th' important enterprise, and give the *bride*.
Dryden, Fables.

These are tributes due from pious brides,
From a chaste matron, and a virtuous wife.
Smith, Phædra and Hippolitus.

The sabbaths of Eternity,
One sabbath deep and wide—
A light upon the shining sea—
The Bridgroom with his bride!
Tennyson, St. Agnes.

Bride. *v. a.* Make a bride of; marry. *Rare.*
I knew a man
Of eighty winters, this I told them, who
A lass of fourteen bridled.
Beaumont and Fletcher, Two Noble Kinsmen.

Bridebed. *s.* [A.S. *bryd-bed.*] Marriage bed.
Now until the break of day,
Through this house each fairy stray;
To the best *bridled* will we go,
Which by us shall be bless'd.
Shakespeare, A Midsummer-Night's Dream, v. 2.

Would David's son, religious, just, and brave,
To the first *bridebed* of the world receive
A foreigner, a heathen, and a slave?
Prior.

Bridecake. *s.* Cake distributed to the guests at a wedding.

With the phantom'sies of hys-troll,
Troll about the bridal bowl,
And divide the broad *bride-cake*
Round about the *bride's* stake.
H. Jonson, Underwoods.

The writer, resolved to try his fortune, fasted all day, and, that he might be sure of dreaming upon something at night, procured a handsome slice of *bride-cake*, which he placed very conveniently under his pillow. *Spectator, no. 597.*

Bridechamber. *s.* Nuptial chamber.

Can the children of the *bride-chamber* mourn as long as this bridegroom is with them?—*Matthew, ix. 15.*

Bridegroom. *s.* [A.S. *bridguma*; the latter element one wherein there is no sound of *r*, and which is simply *man*.] New-married man.

As are those dulcet sounds in break of day,
That creep into the dreaming *bridegroom's* ear,
And summon him to marriage.
Shakespeare, Merchant of Venice, iii. 2.

Why, happy *bridegroom*?
Why dost thou staid so soon away to bed?
Dryden.

Bridemaid, or Bridesmaid. *s.* She who attends upon the bride.

In came the *bridesmaids* with a posset.
Nir John Neckling, Song on a Wedding.

The bride [among the Anglo-Saxons] was led by a matron, who was called the *bride's* woman, followed by a company of young maidens, who were called the *bride's* maids.—*Strutt, Manners and Customs of the English, i. 74.*

Nothing could be more delicious or graceful than the dress of the *bride-maid*—the three charming Miss Foresters—on this morning.—*Lamb, Essays of Elia, The Wedding.*

Brideman. *s.* One who attends the bride and bridegroom at the nuptial ceremony: (formerly called a *bride-knight* and a *bride-squire*.)

My virtuous maid, this day I'll be your *bride-man*.—*Beaumont and Fletcher, Wife for a Month.*

BRID {BRICK-CLAY BRIDLE

The friends [of persons to be married] may be understood such as the ancients called paranymphe, or *bridenmen*.—*Wheatley, Rational Illustration of the Book of Common Prayer.*

Bridestake. *s.* Post like a maypole, set in the ground for dancing round.
(For example see extract under *Bridecake*.)

Bridewell. *s.* House of correction in London, near *St. Bride's well*; hence, any house of correction not under the sheriff's charge.

He would contribute more to reformation than all the workhouses and *bridewells* in Europe.—*Spectator, no. 157.*

Bridge. *s.* [A.S. *brycg.*]

1. Viaduct raised over water, or thrown across a chasm, for the convenience of passage.

What need the *bridge* much broader than the flood?
Shakespeare, Much Ado about Nothing, i. 1.
And proud Araxes, whom no *bridge* could bind.
Dryden.

2. Anything resembling a bridge in form or use; (as the upper part of the nose, bridge of a fiddle, &c.)

The raising gently the *bridge* of the nose, doth prevent the deformity of a saddle nose.—*Bacon, Natural and Experimental History.*

Bridge. *v. a.* Erect a bridge over; join, or overarch, as by a bridge.

Xerxes, the liberty of Greece to yoke,
From Susa, his Memnonium palace high,
Came to the sea; and over Hellespont,
Bridging his way, Europe with Asia join'd.
Milton, Paradise Lost, x. 310.

Every man's work, pursued steadily, tends in this way to become an end in itself, and so to bridge over the useless chasm of life.—*Stuart Warner, ch. ii.*

Their symmetry is perfect; but the courses of rough stones which compose the most ancient have evidently owed little to the mason: their very form is probably due to the want of cranes, by which heavy weights must be raised, and skill to bridge a space.—*C. H. Pearson, The early and middle Ages of England, ch. xxx.*

Bride. *s.* [A.S. *bride.*]

1. Headstall and reins by which a horse is restrained and governed.

They seiz'd at last
His courser's *bridle*, and his feet enbr'd.
Dryden, Fables.

The people of Gloucester rose and delivered Lovelace from confinement. An irregular army soon gathered round him. Some of his horsemen had only halbers for *bridles*. Many of his infantry had only clubs for weapons.—*Macaulay, History of England, ch. ix.*

2. Restraint; curb; check.

The king resolved to put that place, which some men fancied to be a *bride* upon the rity, into the hands of such a man as he might rely upon.—*Lord Clarendon.*

A bright genius often betrays itself into many errors, without a continual *bride* on the tongue.—*Watts.*

Bride. *v. a.*

1. Put a *bride* on anything; restrain or guide by a *bride*.

I *bride* in my struggling muse with pain,
That longs to launch into a bolder strain. *Addison.*

2. In general. Restrain; govern; check.

The disposition of things is committed to them, whom law may at all times *bride*, and superior power controul.—*Hooker, Ecclesiastical Polity.*

With a strong, and yet a gentle hand,
You *bride* faction, and our hearts command. *Waller.*

Great numbers of gentlemen and yeomen quitted the open country, and retired to those towns which had been founded and incorporated for the purpose of *bridling* the native population, and which, though recently placed under the government of Roman Catholic magistrates, were still inhabited chiefly by Protestants.—*Macaulay, History of England, ch. xii.*

No one now dares to talk of *bridling* the people or of resisting their united wishes.—*Huckle, History of Civilization in England, vol. i. ch. vii.*

Bride. *v. n.* Hold the head affectedly. See *Caracul*.

I staid full in her face and burst out a-laughing; at which she turn'd upon her heel, and gave a crack with her fan like a coach-whip, and *bride'd* it out of the room with the air and complexion of an incens'd turkey-cock.—*Cibber, Careless Husband, ii. 2.*
Dick heard, and twiddling, ogling, *bridling*,
Turning short round, strutting, and sideling,
Attended glad his approbation
Of an immediate conjugation.
Cowper, Pairing Time anticipat'd.

Bridle-hand, s. Hand which holds the bridle in riding.

In the turning, one might perceive the *bridle-hand* something gently stir; but, indeed, no gently, as it did rather dild virtue than use violence.—*Sir P. Sidney, ii.*

The heat of summer put his blood into a ferment, which affected his *bridle-hand* with great pain.—*Wise man, Surgery.*

Bridle-road, s. Road adapted for travelling on horseback.

Education at our public schools and universities is travelling in a wagon for expedition, when there is a *bridle-road* will take you by a short cut to Parnassus, and the Polisher has got the key of it.—*Chamberland, Observer, no. 28. (Ord 318.)*

Bridled, part. adj. Held as by a bridle.

The queen of beauty stopp'd her *bridled* doves; Approv'd the little labour of the Loves.—*Prior.*

Bridler, s. One who directs or restrains as by a bridle.

The pretenses boast themselves the only *bridlers* of schism. *Milton, Reason of Church Government, i. l. ch. vii.*

Brief, adj. [N.Fr. *brief*; Lat. *brevia*, neut. *brevē* = short.]

1. Short; concise: (chiefly applied to speech).

A play *brief* is, my lord, some ten words long, Which is as *brief* as I have known a play; But by ten words, my lord, it is too long, Which makes it tedious.

Shakespeare, Midsummer-Night's Dream, v. 1.
I will be mild and gentle in my words.—
And *brief*, good mother, for I am in haste.

The *brief* stile is that which expresseth much in little. *B. Jonson, Discoveries.*

If I had quoted more words, I had quoted more profaneness; and therefore Mr. Congreve has reason to thank me for being *brief*.—*Collier, Short View of the Immorality and Profaneness of the English Stage.*

Applied to time.

They nothing doubt prevailing, and to make it *brief* wars.—*Shakespeare, Coriolanus, i. 3.*

When twenty years old he was for a *brief* space treated with some kindness by Peter III.—*Darwin, Translation of Schlosser's History of the Eighteenth Century, p. 371.*

2. Contracted; narrow.

Hearing us praise our loves of Italy For beauty that made barren the swill'd boast Of him that best could speak: for feature leaning The shrine of Venus, or straight piety Minerva, Postures beyond *brief* nature: for condition, A shop of all the qualities that man Loves woman for. *Shakespeare, Cymbeline, v. 5.*

Brief, s.

1. Short statement, extract, or epitome.

I doubt not but I shall make it plain, as far as a *sum* or *brief*, can make a cause plain.—*Bacon, Advertisement touching a Holy War.*

The *brief* of this transaction is, these springs that *aspire* here are impregnated with vitriol.—*Woodward, On Russia.*

With in.

But how you must begin this enterprize, I will your highness thus in *brief* advice.

Spenser, Faerie Queene.

2. Writing given to the pleaders, containing the case; written statement.

The *brief* with weighty crimes was charg'd, On which the pleader much enlarg'd. *Swift.*
The young fellow had a very good air, and seemed to hold his *brief* in his hand rather to help his action, than that he wanted notes for his further information.—*Tatler, no. 140.*

3. Short written statement of any kind.

There is a *brief*, how many sports are ripe: Make choice of which your highness will see first.

Shakespeare, Midsummer-Night's Dream, v. 1.
The apostolical letters are of a twofold kind and difference, viz. some are called *briefs*, because they are comprised in a short and compendious way of writing. *Ayliffe, Parergon Juris Canonici.*

Briety, adv.

1. Concisely; in few words.

I will speak in that manner which the subject requires; that is, probably, and moderately, and *briefly*.—*Bacon.*

The modest even a while, with downcast eyes, Ponder'd the speech; then *briefly* thus replied. *Dryden.*

2. In a short time; quickly.

Go, put on thy defenses.—*Brieffly, sir.*
Shakespeare, Antony and Cleopatra, iv. 4.

Briefness, s. Attribute suggested by Brief; conciseness; shortness.

They excel in grandly and gravity, in smoothness and propriety, in quickness and *briefness*.—*Comden.*

As Quintilian saith, there is a *briefness* of the parts sometimes that makes the whole long.—*B. Jonson, Discoveries.*

My lord, long wish'd yet for welcome 'Tis a sweet *briefness*; yet in that short word All obscurer, which I may call mine, begin: And may they long increase, before they find A second period!

Beaumont and Fletcher, Martial Maid.
Brier, s. [A.S. *brær*.] Bushes or shrubs of the genus *Rubus*.

What subtle hole is this, Whose mouth is cover'd with rude-growing *briers*? *Shakespeare, Titus Andronicus, ii. 4.*
Then three under a *briery* tree creep, Which at both ends was rooted deep, And over it three times doth leap: Her magic much availing. *Dryden, Nymphidia.*

Brig, s. [? abbreviation of Brigantine.] Square-rigged vessel with two masts.

At least he feels it, and some say he sees, Because he runs before it like a pig; Or, if that simple sentence should dispense, Say, that he scuds before it like a *brig*.

Byron, Don Juan, vii. 85.
The Spaniards had one four-decker of 130 guns, six three-deckers of 112, two eighty-fours, eighteen seventy-fours, in all twenty-seven ships of the line, with ten frigates and a *brig*.—*Southey, Life of Nelson, ii. 170.*

Brigade, s. (now always sounded Brigâde; originally, in poetry at least, often or always Brigade.) [Fr. *brigade*; Italian, *brigata* = company.] Division of forces; body of men, consisting of several squadrons of horse or battalions of foot.

Can Lesley's regiment thus wheel about The *brigade* of our clergy, put to rout Our bishops, deans, and doctors?

Bone for Canterbury, p. 7: 1641.
Thither, wing'd with speed, A numerous *brigad* hasten'd.

With rapid wheels, or fronted *brigades* form'd. *Milton, Paradise Lost, i. 674.*

Here the Bavarian duke his *brigades* leads. Gallant in arms, and gaudy to behold. *J. Phillips.*

A *Brigade*, properly disciplined and accounted, would not, I am persuaded, be afraid to charge a numerous body of the enemy, over whom they would have a manifest advantage. — *Goldsmith, Essays, ii.*

The animosity to the Dutch mingled itself both with the animosity to standing armies and with the animosity to crown grants. For a *brigade* of Dutch troops was part of the military establishment which was still kept up; and it was to Dutch favourites that William had been most liberal of the royal domains. — *Macaulay, History of England, ch. xxiv.*

Brigade-major, s. Officer whose duty it is to assist the brigadier in the management of his brigade.

When a detachment is to be made, the major-general of the day regulates with the *brigade-major* how many men and officers each brigade shall furnish. — *Rees, Cyclopædia.*

Brigadier, s. Officer who commands a brigade of horse or foot in an army, next in rank above a colonel.

The Austrians have no *brigadiers*, and the French have no major-generals. — *Lord Chesterfield.*
Then there were foreigners of much renown, Of various nations, and all volunteers; Not fighting for their country or its crown, But wishing to be one day *brigadiers*.

Byron, Don Juan, vii. 18.
The chief command was held by a veteran warrior, the Count of Rosen. Under him were Maumont, who held the rank of lieutenant-general, and a *brigadier* named Pousignan.—*Macaulay, History of England, ch. xii.*

Brigadier-general, s. Same as Brigadier. Richard had subsequently returned to his native country, had been appointed *brigadier-general* in the Irish army, and had been sworn of the Irish Privy Council. — *Macaulay, History of England, ch. xii.*

Brigand, s. [Fr.]

1. Originally, light cavalry soldier so named from the character of his armour. See Brigandine, 2.

In the time of the battle the *brigantes* of the French side took the kynix rarrage, and led it away, in which they fonde the kynix crown.—*Copgrave, Chronicle, A.D. 1415.*

2. Robber; one who belongs to a band of robbers.

There might be a rout of such barbarous thievish *brigands* in some rocks: but it was a degeneration from the nature of man, a political creature.—*Archbishop Bramhall, against Hobbes.*
Whole districts were suddenly deserted, and down

to the present day have never been repopled. These solitudes gave refuge to smugglers and *brigands*, who succeeded the industrious inhabitants formerly occupying them.—*Buckle, History of Civilization in England, ii. 45.*

Used also adjectively.

These are the three-headed brigands: an actual existing quality of persons: who, long reflected and overboarded through so many millions of heads, as in concave multiplying mirrors, become a whole *brigand* world; and, like a kind of supernatural machinery, wondrously move the epos of the revolution. The brigands are here; the brigands are there; the brigands are coming! Not otherwise sounded the clang of Phœbus Apollo's silver bow, scattering pestilence and pale terror.—*Carlyle, French Revolution, pt. 1. bk. iv. ch. ii.*

Brigandage, s. [Fr.] Theft and plunder, after the fashion of brigands.

It was not at all for the public good, to suffer peasants and mechanics to run up and down the woods and forests, armed; which not only brings them to neglect their proper trades and employments to the damage of the publick and their families, but in time inevitably draws them on to robbery and *brigandage*. *Bishop Warburton, Alliance of Church and State, p. 129.*

Many of the peasants in their districts had taken to poaching or *brigandage* in the forests.—*C. H. Pearson, The early and middle Ages of England, ch. xxvi.*

Brigantine, s. (older form of Brigantine.) [Spanish, *bergantin*.]
